#### Chapter 1171: I'm Furious (3)

##### 1171 I'm Furious (3)

"Since the Yun family locked you up here, I certainly have to ask my family first. As for letting you out..." Yun Feng chuckled. "We'll talk about it later."

"Yun Feng! How dare you fool me!" The giant red eyes widened abruptly, and the sound of someone trying to break the chains also echoed at this moment. Yun Feng stood there with a faint smile on her face and listened to the sound of the chains struggling and shaking. "I didn't fool you, but judging from what you said, you must be related to the Yun family. How can I let you go so easily? Besides..." Yun Feng glanced at the eyes in front of her. "I need to talk to someone during this period of time. Why don't I come and talk to you when I have time?"

"You..." The giant red eyes didn't know what expression to show anymore. Yun Feng chuckled and glanced at the dark scene around with her black eyes. She wanted to see what kind of thing was chained behind the darkness. The sound of the chains was quite loud.

"The Yun family... Yun Feng, you..." Obviously, this guy was enraged by Yun Feng's casual attitude, while Yun Feng frowned slightly. Since it was her inner world, she certainly had to rely on her own thoughts to go back.

Yun Feng closed her eyes slightly. She was completely immersed in a mysterious realm. Seeing that she was about to leave, the red giant was immediately anxious. "Yun Feng, where are you going? Come back. I'm not done talking. You..."

Yun Feng knew that she was about to leave this place. Even though she wasn't sure, she seemed to have already mastered the trick of entering this place anytime. She opened her black eyes with a smile. "Don't worry. I'll come and talk to you often."

The giant red eyes were stunned and it immediately roared, "What do you take me for?"

Oh? Yun Feng glanced over with her black eyes. "Hey!"

"I have a name!"

"Hey." Yun Feng didn't bother to ask anymore. Her body was already feeling light. It seemed that she was going to leave immediately. "Do you know the name 'Na Xie'?"

"Swish!" Yun Feng's body disappeared quietly in the darkness. She didn't have time to hear the answer, nor did she see the obvious shock of those huge red eyes after hearing the name "Na Xie." The huge red eyes widened for a long time and then suddenly closed. This mysterious space returned to silence again. Only the soft dragging sound of chains sounded quietly.

"Fengfeng! Fengfeng!" An anxious call seemed to come from the sky. Yun Feng only felt a bit dizzy and the scorching feeling that made her uncomfortable just then was slowly disappearing. A coolness was constantly injecting into her body to dispel the scorching heat.

“Fengfeng... Yun Feng!” There was an extremely anxious voice and a gentle hand kept wandering on her cheek. Lanyi... It was Qu Lanyi’s voice, Qu Lanyi!

She instantly opened her clear black eyes, and saw a handsome face full of anxiety and worry in front of her. Qu Lanyi put one hand on Yun Feng’s chest firmly and warm light elements kept transmitting into her body. Yun Feng reached out and was about to interrupt Qu Lanyi’s transmission of the elements, but Qu Lanyi frowned and shook his head. “You suddenly fell just then. My heart almost stopped.”

Yun Feng’s black eyes glittered and her red lips opened slightly. “Sorry for worrying you.”

Qu Lanyi suddenly lowered his handsome face, which was only a few centimeters away from Yun Feng’s. Their breaths intertwined just like that. The disappearing heat just then seemed to have returned quietly. Yun Feng felt a heat surge from the bottom of her heart.

“Yun Feng, what should I do with you? Should I lock you up completely, or tie you to me, or just put you in a place where nobody else can find you, just you and me?”

Yun Feng was a bit at a loss. There were spots of redness brewing in the depths of her charming black eyes, like a few red stars that appeared under the night sky. They were so charming and tempting... Qu Lanyi lowered his handsome face again and gently brushed the girl’s soft red lips with his thin lips.

“Or maybe... I can put you here...” He pressed his hand on Yun Feng’s chest slightly, directly pressing it against Yun Feng’s heart. Her soft chest and the man’s palm touched. Yun Feng suddenly blushed. Qu Lanyi raised the corners of his mouth and kissed the girl’s smooth forehead with a warm and misty light in his eyes.

“I was just teasing you. You’re not a woman who can be restrained. I’ve already known that.” Qu Lanyi straightened his body and took away the heat just then. Yun Feng blushed and watched him moved his hand away.

“My wife, you don’t want me to leave?” Qu Lanyi smiled mischievously. Yun Feng immediately realized what was going on and mumbled to herself. She looked around and saw Leng Mi, who seemed to be dead on the ground not far away. She immediately frowned. “He’s dead?”

Qu Lanyi smiled coldly. “Dead? He’s quite tough. He survived after being swallowed by the dark elements so crazily.” Qu Lanyi stood up and walked to Leng Mi, kicking him. “His fighting energy was sucked dry. He just fainted.”

Yun Feng also stood up from the ground. Was the scorching heat inside her body related to the guy in her body just then? However, it was the black jade pendant that was burning... Yun Feng couldn’t help but touch the black jade pendant, which was cold at this moment.

Let’s talk about these questions later. Yun Feng also walked to Leng Mi’s side and looked at Leng Mi’s sallow face at this moment. His facial features were unusually prominent and looked very ferocious. This was the price he paid for using his powerful strength. He was lucky not to be dead.

“It’s good that he’s alive. Otherwise, there’ll be trouble sooner or later.” Qu Lanyi looked at Leng Mi in disdain. Yun Feng nodded. Seeing the ring on Leng Mi’s finger, she bent down and took it off. “This should be his storage container.”

“This old man only has one ring? I think it’s more than that.” Qu Lanyi turned Leng Mi’s body over with his foot and two rings rolled out of Leng Mi’s arms. Yun Feng picked up the two rings and touched them with her finger. Qu Lanyi raised his brows. “See what’s inside. There might be some clues.”

Yun Feng closed her eyes and her mental strength quickly invaded the rings, but a clear barrier lay there and she couldn’t enter at all. The same happened to all the three rings.

##### 1172 I'm Furious (4)

“No, the rings are locked.” Yun Feng sighed. Qu Lanyi extended his finger and took one of them. He put it in his palm and slowly closed his eyes. After a while, he opened them again. There were already a few talismans and a completely black jade pendant in his palm.

Yun Feng picked up the entirely black jade pendant and looked at Qu Lanyi in the eyes. Yun Feng clenched her fists and her mental strength immediately invaded it. Then, the pure black jade pendant suddenly brightened and a voice came. “Leng Mi, have you settled the matter?”

Yun Feng’s palm was slightly hot and a layer of sweat appeared. Qu Lanyi raised his brows. Both of them knew who this voice belonged to. Even though it wasn’t the first time they fought head-on with these guys, the person who spoke obviously had a certain status. This was the first time she spoke to a senior member of this mysterious organization.

“This is not Leng Mi,” said Yun Feng. The black jade pendant buzzed, and then the voice on the other side came again. “Oh? Not Leng Mi? Hehehe.”

This voice didn’t sound like the mysterious people Yun Feng came into contact with. Almost all the people Yun Feng came into contact with sounded unpleasantly hoarse, but this voice was pleasant, as if the person on the other side was a handsome man, but old.

The black jade pendant buzzed a few more times and the voice sounded again. “It’s not difficult for me to guess who you are. Am I right, Yun Feng of the Yun family?”

Sweat appeared on Yun Feng’s hands again. Qu Lanyi couldn’t help but widen his eyes. Yun Feng sneered. “Now that you know who I am, it’s easier to talk to me.”

“Don’t you want to know why I know it’s you, a junior of the Yun family?”

“Hm, it’s very simple to know me. Since you’ve had contact with Leng Mi, you’ll certainly know the name Feng Yun. Yun Feng, Feng Yun. It shouldn’t be difficult to think of this name.”

“Hahahaha, you’re indeed interesting. Otherwise, I wouldn’t have the patience to talk to you.”

Yun Feng’s breath tightened. Qu Lanyi held Yun Feng’s other cold hand with his warm hand and wrapped it completely in his. “Who are you? What’s your purpose for the Yun family? Where did you take our ancestor, Yun Lan, to?”

“Tut-tut, Yun Feng, you’ve asked so many questions. Which one should I answer?” The black jade pendant glittered for a while again and the voice came again. “Do I have to give you an answer if you ask?”

“Whether you tell me or not, I’ll find you one day!” There was incomparable determination and viciousness in this sentence. “If you dare to lay a hand on the Yun family or the ancestor, I, Yun Feng, won’t let you have it easy!”

“Hahahaha, hahahaha!” Laughter came from the other end of the jade pendant. “Ignorant junior, I’ll remember what you said. I’ll see if you can make things so difficult for us!”

“Hahaha, hahahaha!” Yun Feng also laughed recklessly and returned the treatment fiercely. There was stubbornness surging deep in her clear black eyes and passion that never stopped boiling in her body! “Then wait for me. I’ll definitely find you and let you know the consequences of messing with the Yun family!”

The other end of the black jade pendant suddenly fell silent. Then, the mellow voice sounded again. “Alright, I’ll wait for you, Yun Feng.”

“Pa!” The black jade pendant in Yun Feng’s hand suddenly shattered. The black powder quickly dissipated in the air and disappeared without a trace in an instant. Then, the few unused talismans also burnt in an instant, turning into ashes and dissipating completely. All clues related to that organization were destroyed. Yun Feng looked at the black residue that hadn’t completely dissipated in the air and grabbed the air with her hand, clenching it fiercely!

Was this a declaration of war? Alright, very good! I, Yun Feng, accept it!

In the darkness, there were only spots of faint yellow light walking around. A person moved slightly in the darkness. He stood up and walked towards the faint yellow light. He was dragging a long black robe behind him. There were strange and mysterious patterns engraved on it, as if they were drawn with blood. They emitted a faint bloody light under the black cloth.

“Master Tu.” A respectful voice came from the dark. The person in black clothes didn’t move. Looking at the residue of the black jade pendant that he had completely crushed in his hand, the corners of his mouth curled up and he moved his feet. “Yun Lan is still locked up on the fifth level?”

“Yes, Master Tu.”

“Change him to the seventh level.”

“Yes.” The sound of footsteps leaving echoed. The man in the black robe slowly walked forward. Then, he jumped up and flew straight into a deep pit in front of him. There was darkness all around. Spots of faint light flashed in the dark. After falling for a while, the man’s body turned around and penetrated the wall like the wind. This was another area ruled by darkness. There was nothing on the platforms. There was only a human-shaped ball of light imprisoned on one of the platforms. Hearing the sound of the robe dragging on the ground, he suddenly turned around. It was the figure in the mural above the ancestral hall of the Yun family, Yun Lan!

He had short hair, a handsome face that couldn’t be corroded by time, a stubborn and unyielding temperament, and his unyielding bones!

“Yun Lan.” In the dark, the mellow voice sounded. Yun Lan, who was in the form of light in the cage, sneered. “I didn’t expect to come to the seventh level.”

“Haha, of course, because you’re worth it.”

Yun Lan suddenly frowned. “You’re gathering the power of bloodline everywhere. What exactly are you doing?”

“Hahaha, you’ll know what we’re going to do sooner or later. We’ve been wanting the summoner bloodline of the Yun family for a long time.” There was an inexplicable trace of greed in the round voice. “Not every family can continue the bloodline since it was born. Even those ancient families will become desolate over time and their bloodline is almost exhausted, but the Yun family won’t... No matter which generation it is, your summoner bloodline will awaken and appear endlessly...”

“Don’t even think about attacking the Yun family! The Yun family isn’t something you can covet!” Yun Lan glared. The light around his body suddenly increased greatly. Laughter came from a corner. “Hahaha, it’s not that we want to attack the Yun family, but the Yun family is too dazzling, so we have to pay attention. Even though we can’t touch the Yun family right now, it doesn’t mean we can’t in the future.”

Yun Lan’s face darkened. The person wearing a black robe in the dark slowly walked out. The wide black robe covered his body, making him look even more skinny and pale. His originally upright facial features gave people a sense of evilness. “Compared to you, I’m more interested in that ignorant junior of the Yun family.”

##### 1173 Yun Lan Appears (1)

Yun Lan suddenly narrowed his eyes. “Ignorant junior?”

“Yes, that ignorant junior you used to live in. Yun Feng, this name is correct, right?”

Yun Lan’s eyes widened. “What did you do?”

“Tut-tut, don’t be nervous. I didn’t do anything. I just said a few words to her. Her personality is surprisingly similar to yours. She’s also unpleasant and makes people want to destroy her.” He looked at Yun Lan with bloodshot eyes with killing intent surging in them. Yun Lan suddenly raised his head and burst into laughter after hearing that.

“Hahahaha, it’s indeed Yun Feng. As expected of a descendant of the Yun family! As expected of the bloodline of the Yun family!”

“Humph! The power of the bloodline of the Yun family will fall into our hands sooner or later!” The black robe suddenly swung as a ball of dense dark power surged into the cage and invaded Yun Lan’s body. Yun Lan bit his lips tightly. Even though he was being tortured and the indescribable pain came from the depths of his soul, he didn’t make a sound!

“Tough guy, let’s see how long you can last!” The person who spoke suddenly turned around and his body blew away like the wind. Yun Lan stood in the cage and suddenly grabbed the bars with one hand,

holding it tightly. He couldn't wait to break the bars! However, the corners of Yun Lan's mouth curled up and a proud smile bloomed!

He didn't see that kid wrong. Yun Feng, the descendant of the Yun family who stepped into the ancestral hall and woke him up. He didn't see it wrong at first glance. She was the pride of the Yun family and would be the hope of the Yun family!

"However, the fate of the Yun family will depend on that kid from now on. That's truly..." Yun Lan smiled wryly and looked at his current state. "How can I help with my current state? Kid, I'll have to trouble you..."

Leng Mi was left in the Innocent Forest by Yun Feng and Qu Lanyi. Since he wasn't dead and had only fainted, she certainly didn't have to care about him. What Yun Feng got tonight was beyond her imagination. The anger in the depths of her heart deepened again, but she suppressed it firmly. The competition of the three schools had already ended. She wanted to find out if there was any news of the Yun family in the Central Region. If there wasn't, she would enter the Inner Region!

Wei Ting's head and corpse were finally combined. Even though Yun Feng had a grudge against him, she couldn't bear to watch him dead in such a miserable way. After all, she had to leave his body intact, and she couldn't let those men in black succeed! On the way back, Yun Feng's face was cold. Qu Lanyi didn't say anything. At this moment, he could only accompany her quietly.

The championship of the three academies completely came to an end. Juxing was firmly on the first seat, while Star Cloud was second. Huafeng, the organizer, was third. This made Feng Lin very embarrassed, but he still had to greet them with a smile. The three academies had been dissatisfied with each other for a long time and they were finally ranked in a justified way. Nobody dared to say anything about Juxing and Feng Yun. Their strength was obvious.

Leng Mi didn't show up again. Star Cloud retreated at the highest speed. Feng Lin couldn't help but heave a sigh of relief. He also hoped that Juxing would leave as soon as possible. After the Fifth Elder returned to the yard, he burst into laughter. The few young people of Juxing also had a smile on their faces.

"The results of the Juxing School this time made everyone proud! Let's go back and wait for the grand celebratory feast. Hahahaha!"

The few young people all laughed. Tian Kui looked at Yun Feng. "Feng Yun is the biggest contributor. Without her, Juxing wouldn't have won the first place at all."

"That's right, that's right! Junior Sister, you deserve to be credited!" Rong Xin chuckled. Yun Feng smiled lightly. "The key is to work together. Individual ability is secondary."

"Alright, you guys! Everyone has a share of the credit! It's time to go back now. I'm really uncomfortable staying here for too long." The Fifth Elder burst into laughter and seemed to be in a good mood. The other few young people immediately nodded. Great, they were going back!

After the few of them left, Yun Feng came to the room of the Fifth Elder alone. The Fifth Elder was saying something through the Sound Badge at this moment. It seemed that he was really reporting good news. Yun Feng waited outside the door quietly. When there was no sound inside, the door was also

opened. The Fifth Elder was shocked to see Yun Feng standing outside. “Kid, why didn’t you say something while you were standing here!”

Yun Feng chuckled and entered the room. The Fifth Elder was still smiling. “Tian Kui is right. You’re the hero of Juxing this time. I told the few elders just then that you can get whatever you want after you go back, even if it’s the Golden Cauldron Tree!”

Yun Feng smiled lightly. “Master, I won’t go back with you this time.”

The Fifth Elder was stunned. “What? You’re not going back?”

Yun Feng nodded. “I don’t intend to stay in Juxing for long. I still have a lot of things to do. Please understand, Master.”

The smile on the Fifth Elder’s face was completely gone and his usually cheerful expression also became serious. “I know you’re not simple, kid, and I also know that you must have your own things to do. Since you said so, as your master, I certainly can’t force you. I said that you can come and go freely when you came under my tutelage back then.”

Yun Feng looked up and wanted to thank the Fifth Elder, but she raised her hand and stopped him. “Feng Yun, you’re not from the Central Continent. The five elders all understand this. We don’t ask you about your background. We know that Juxing can’t keep you here. No matter what you do in the future, no matter what difficulties you encounter, you must think about Juxing. Even if the other elders can’t do it, I’ll definitely be able to help.”

Hearing this, Yun Feng’s heart suddenly became warm. She met too many warm people along the way. These people were all silently encouraging and supporting her. It was all thanks to them that she could reach this point on this road.

“I’ll remember what you said.”

The Fifth Elder smiled in relief. “Alright, it’s good that you remember. You’re too stubborn. You take everything on yourself.” The Fifth Elder suddenly thought of something and searched his pocket. He took out something and handed it to Yun Feng. “Take this.”

Yun Feng took it and looked at it carefully. It looked like a pill, but its surface was smooth and it also looked very hard. It looked more like a fruit, but the color was dark brown. At the first glance, one would think that it was made of mud and dust.

“Don’t underestimate this thing. The five of us spent a lot of effort to get this thing. There’s only one for each of us.”

#### **Chapter 1174: Yun Lan Appears (2)**

##### 1174 Yun Lan Appears (2)

“Then why do you still give it to me, Master?” Yun Feng was quite surprised. Even though she didn’t know what this thing was for, it could be seen how precious it was if the five elders spent so much effort to securing them and there was only one for each of them. And yet, the Fifth Elder gave his to her?

“This thing is called the Weightless Fruit. It’s something for the Emperor Level to break through to the God Level. With it, the danger of the God Level can be reduced by about thirty percent.”

The Emperor Level to the God Level! Yun Feng was shocked. She was only at Grade 8 of the King Level right now. She was still a distance away from the Emperor Level. Why did the Fifth Elder give this to her at this moment?

“Kid, even though you’re only at Grade 8 of the King Level right now, you’ll soon enter the Emperor Level with your talent. Even the God Level... It won’t be a problem after all. The five of us aren’t young anymore. It’s very difficult for us to make progress in the Emperor Level, let alone reach the God Level. Even the First Elder, who’s the strongest, is only at Grade 7 of the Emperor Level. Compared to us of the older generation, you certainly have a better chance of reaching the God Level. This thing isn’t very useful for me anymore. It’s better to give it to you.”

“Master...” Yun Feng wanted to say something, but the Fifth Elder burst into laughter. “You don’t have to say anything. Just take it. After all, it can only reduce the difficulty by about thirty percent. You have to rely on your personal strength to reach the God Level. It doesn’t have much to do with this thing.”

Even so, it could reduce the danger by 30%. The Weightless Fruit was truly precious!

“Girl, Juxing can’t keep you here, and neither can the Central Region. However, not everyone can go to the Inner Region. Even though there’s a special way to open the passage between the Central Region and the Inner Region, girl, listen to me. Without a grade-8 Emperor’s cultivation, it’s best not to step into the Inner Region.”

Grade 8 of the God Level... Yun Feng nodded. “I’ll remember what you said, master.”

“Alright. Even though I don’t know why you left, you’ll definitely be able to take care of it with your personality. Even though I don’t know how long it will take for you to come back after you leave this time, if you come back in the future, remember to come back to Juxing to see me.”

Yun Feng’s nose inexplicably became a bit sore. She put on a smile and looked at the respected and cute Fifth Elder in front of her. “Yes, I’ll definitely come back!”

“Haha, that’s enough. Don’t worry. I’ll take care of You Yue and Gong Tianqing. However, with your reputation on Juxing, other people can’t wait to envy them!”

Yun Feng’s heart felt warm again. It would certainly be better if her brother and Tianqing were taken care of by the Fifth Elder. She had originally planned to do this too. This way, she wouldn’t have anything to worry about when she left. It would be the safest for the two of them to stay in Juxing.

“Alright, I won’t talk to you anymore. If you want to leave, set off as soon as possible. Go.” The Fifth Elder waved his hand. Yun Feng’s throat tightened and she immediately said yes. She turned around and pushed the door open. Looking at the silent yard at this moment, Yun Feng smiled gently. This wasn’t goodbye. There was no need to say goodbye. She would come back to Juxing one day.

Glancing at the door of the Fifth Elder, Yun Feng bowed deeply silently. Then, she straightened her body and soared into the sky, instantly disappearing in the vast sky. The road that belonged to her was still going on. She still had to continue moving forward without hesitation.

“Junior... Junior Sister...” A rather repressed call came from a corner. Rong Xin hid in a corner and watched Yun Feng leave. He suddenly felt suffocated. Tian Kui patted his shoulder and looked up at the sky. “Rong Xin, she can’t stay here.”

“Of course I know that, but...” Rong Xin almost frowned. Tian Kui shook his head helplessly. “What kind of expression is that? Feng Yun will come back.”

Rong Xin rolled his eyes and looked at the sky a bit sadly. At this moment, Yun Feng was already gone, but he just stared in a daze. He always felt that somewhere in his heart was empty because of her departure.

“Alright, let’s go back. It’s time for us to set off.” Tian Kui patted Rong Xin’s shoulder again and walked back with a sigh. Rong Xin stood there alone in a daze. He looked at the sky for a long time and still couldn’t come back to himself. In the end, he smiled in self-mockery and scratched his head with his hand. He put his arms behind his head and yawned loudly. “Ah... I don’t want to think about it anymore...”

After Yun Feng left the yard of the Juxing School, she didn’t run anywhere else. Instead, she rushed straight to the Innocent Forest. Qu Lanyi also came out of the Dragon Palace and accompanied her. Seeing that Yun Feng was rushing all the way to the Innocent Forest, Qu Lanyi was a bit confused.

“Fengfeng, why are you going to the Innocent Forest?”

Yun Feng smiled casually. “Of course, I’m going to find that round fatty. I’m too weak right now. I’m at Grade 8 of the King Level. If I have to fight with that black-robed man, I can’t do anything for the Yun family. I feel guilty going to the headquarters of the Yun family with such strength.”

Qu Lanyi smiled warmly. “Alright, just do as you say. The best place for cultivation is certainly the Innocent Forest. With the fatty there and the inexplicable deterrence of Er Lei, it can’t be better.”

Yun Feng looked back and smiled. “I think so too.”

The two of them rushed all the way to the Innocent Forest. When they entered the forbidden area again, the fatty immediately rolled out consciously. Seeing Yun Feng and Qu Lanyi appear again, he was almost on the verge of collapse. “Little friend, what are you doing here?” The fatty forced a smile. Yun Feng smiled. “Why? Am I not welcome?”

The fatty’s face froze. “You’re always welcome!”

“If I’m welcome, I’ll stay here for a longer time.”

The round fatty’s face twitched fiercely. “...Little friend, how long exactly are you going to stay?”

Yun Feng raised her brows. “Of course, until I think I can leave.”

A vein on the round fatty’s forehead completely popped out and kept jumping. Looking at the indifferent smile on Yun Feng’s face, he really, really wanted... “Sure, you can stay as long as you want.”

“I’m just looking for a place to cultivate quietly. I won’t stay any longer when it’s time for me to leave.”

The fatty squeezed out a few more smiles. "That's right. I wonder... Is your friend still with you?" The fatty narrowed his little eyes and looked around carefully, but didn't find Er Lei. The thoughts in his mind couldn't help but change. Yun Feng sneered. She certainly knew what he was thinking in his mind. A beam of light suddenly flew out of the Dragon Palace and Er Lei's burly body appeared. The fatty was so shocked that he almost rolled back.

##### 1175 Yun Lan Appears (3)

"M-Master, you're... You're still here... Hehe..." The fatty stabilized his body and laughed dryly. Er Lei was full of anger at this moment. He was dragged back in the end after fighting with Leng Mi, which made him extremely upset. Even though he knew that Yun Feng was doing this for his own good, he was also very upset!

"F\*ck, does it matter to you if I'm here or not?" Second Lightning glanced around fiercely and the round fatty's body suddenly trembled. "It... It does not. You can come and leave as you please. Hehe..."

"Which place is the quietest?" Yun Feng asked. The fatty immediately replied, "My place! It's absolutely quiet. It's definitely suitable for you to cultivate!"

Yun Feng chuckled. Qu Lanyi whispered sarcastically, "What a lackey."

The fatty heard that and the veins on his forehead bulged again. He squeezed out a smile. "Little friend, what do you think?"

"Of course. Thank you."

The fatty immediately shook his head. "You're too kind! Little friend, come with me. Your... Your Excellency, please..."

Er Lei strode forward with a sullen face. The fatty certainly led the way eagerly on the side, but Er Lei waved his hand unhappily. "F\*ck, get lost!" The fatty immediately rolled into the bushes on the side after being pushed. Er Lei didn't care at all as he strode forward. After a while, the fatty rolled back and immediately followed him. "If you're willing to push me, you can push me a few more times..."

Yun Feng and Qu Lanyi followed behind. Hearing the fatty's obsequious words, they both wanted to laugh. "The fatty is so scared of Er Lei even though they're both Emperor Level Magic Beasts. Is it because of the difference in strength?" Yun Feng was puzzled for a long time, but Qu Lanyi shook his head. "Not necessarily. If there's really a difference in strength, the relationship between Magic Beasts isn't like this."

"Master, he's right." Lan Yi's voice sounded in Yun Feng's head. Then, Little Fire said, "The reason why that fatty is so afraid of that idiot is probably because of his bloodline."

"Bloodline?" Yun Feng was puzzled. "The reproduction of bloodlines among Magic Beasts is very complicated. Some ancient bloodlines are respected by all Magic Beasts and the power of the bloodline is deeply rooted in the Magic Beasts. The reason why that fatty is so afraid of Er Lei is very likely that Er Lei has the power of the bloodline in his body that frightens him."

“Even though that guy is very stupid, it seems that we can’t underestimate him right now.” Little Fire’s rather unhappy voice came. Lan Yi smiled. “The Magic Beasts Master encountered aren’t simple. Other summoners should envy her for her luck.”

Yun Feng smiled gently and ended the telepathic communication of the Magic Beasts. As soon as she turned around, she saw Qu Lanyi’s indifferent smile. Yun Feng also smiled gently. Qu Lanyi reached out and held her hand. Yun Feng also held Qu Lanyi’s warm hand tightly. They were destined to hold hands on this path from the day they met until the end.

“Little friend, we’re here!” Fatty Fang Yuan shouted from the front and Yun Feng replied from the back. Er Lei slapped the fatty away unhappily again. The fatty rolled back again consciously. He was quite self-aware.

Yun Feng looked at the fatty’s place, a deep cave. The environment was extremely quiet. Such a place where nobody disturbed her was indeed a good place to cultivate. Er Lei sat cross-legged in front of the cave casually and slapped the fatty away again. “Yun Feng, go in and cultivate. I’m right here. I’ll kick whoever comes here away!”

Seeing the anger on Er Lei’s face, Yun Feng couldn’t help but smile helplessly. It was good to have him guarding outside the cave. With Er Lei’s strength and personality, he wouldn’t let anyone get close. Yun Feng walked to Er Lei’s side and patted his shoulder gently. “Thank you.”

Er Lei was stunned for a moment. Then, he waved his hand. “Go in quickly! Go in quickly! Increase your strength now. My patience is limited!”

Yun Feng smiled and walked into the cave with Qu Lanyi, sealing the space completely. She took out the Golden Cauldron Tree and sat on the ground, entering cultivation mode. The five-color aura began to linger around her, and the Golden Cauldron Tree also emitted dazzling golden light.

“Fengfeng, what’s your next step?” asked Qu Lanyi softly. Yun Feng opened her eyes. “Of course, to increase my strength to the Emperor Level. Search the Central Region for the Yun family and Mo Changge. If we don’t find anything here, I’ll enter the Inner Region!”

Qu Lanyi nodded and sat down next to Yun Feng. “Alright, as you say.”

Both of them entered the state of cultivation and the Golden Cauldron Fluid gradually scattered in the air. The cave soon became peaceful. Er Lei looked back inside and then turned around to look at the sky. Ao Jin, I fucking listened to you, but you went missing. Don’t let me see you next time!

The championship of the three academies had already ended, and the people of Feng Yun and Juxing had all left in the shortest time possible. Ever since the end of the competition, the Huafeng School had been in a gloomy atmosphere, or rather, it had lost all its face. As the organizer, it was the last place and it even lost so miserably. The disciples of Huafeng couldn’t even lift their heads. If they had a chance to meet the people of the other two schools in the future, they didn’t know how they would be mocked.

During this period of time, not only were the disciples of Huafeng very depressed, but Feng Lin was also depressed. The results of the championship had already made him speechless. And now, something that gave him a huge headache happened. Wei Ting was gone. He originally thought that Wei Ting went to the Wei family without saying goodbye. After all, Wei Ting was that type of person. However, at this

moment, the Wei family sent a message to ask Huafeng for him. Feng Lin immediately felt a headache. He wanted to search through Huafeng, but he still couldn't find Wei Ting.

In the blink of an eye, a month had passed. During this period of time, Feng Lin tried his best to find out more about Wei Ting, but he found nothing. It was as if the man had disappeared from the world. Wei Ting had completely disappeared, and the Wei family was certainly enraged. It would be fine if Wei Ting was an ordinary person, but he was the pillar of the Wei family, the best tamer on Yuelun Island! It was impossible for such a person to go missing for no reason! And he was even in the Huafeng Institute!

In the end, Feng Lin locked his gaze on the Innocent Forest. Wei Ting was very interested in the beasts created by Feng Yun back then. Could he have entered the Innocent Forest to find Magic Beasts himself? Even though the possibility of this idea was very low, Feng Lin had no choice. He had searched everywhere except that place.

#### **Chapter 1176: We Need You (1)**

##### 1176 We Need You (1)

Feng Lin immediately sent someone to explore the Innocent Forest. The area they searched wasn't very big. It was the exploration area where Yun Feng competed back then. Five days had passed. When Feng Lin thought there was no clues in this area, the message came, which made Feng Lin's expression change drastically.

Wei Ting was dead.

He was dead? Feng Lin couldn't believe it when he heard the news. He immediately rushed over. At the edge of the exploration area, a deep pit had been dug out. Lying inside was the corpse of Wei Ting, who had already split up. The corpse didn't rot and the ferocious facial features on the head could be seen clearly. That was indeed Wei Ting. It was absolutely true!

Feng Lin's face immediately turned green. He was so overwhelmed that he didn't know what to do. That man was dead. Why did he die here? Who would kill Wei Ting? Who did it? His body was even separated! Feng Lin looked at Wei Ting's head that had left his body and couldn't help but feel cold in his mind. How should he explain to the Wei family now? He was the one who invited Wei Ting here. And now, such a corpse was returned. The Wei family definitely wouldn't let it go!

The only thing he could do right now was to shift the blame! He had to push this matter away from Huafeng and blame it on someone else! He had to transfer the Wei family's anger to someone else!

"Elder, could it be someone from the other two schools?" Someone suggested a possibility. Feng Lin immediately felt that it was possible. A figure like Wei Ting certainly wasn't weak. Someone who could kill him must have some strength. Leng Mi and Xing Yao did have such strength, but between these two people and Wei Ting...

"It must be those people from Juxing. There's no grudge between Star Cloud and Lord Wei Ting at all. However, Feng Yun from Juxing already had conflicts with Lord Wei Ting back then. That elder of Juxing cares so much about protecting Feng Yun, so he certainly doesn't like Lord Wei Ting."

Feng Ling didn't say anything, even though that was indeed the truth. Feng Yun and Wei Ting did have conflicts. He had also asked Wei Ting about it back then and Wei Ting himself said that there were indeed conflicts. Coupled with Feng Yun's provocation at the championship, Wei Ting must be very angry in his mind. However, all of this still couldn't be a reason for Xing Yao to attack, because Wei Ting wouldn't take the initiative to come to her.

Feng Lin frowned tightly. The others continued, "Elder, we can't think too much right now. We should just push all the blame to Juxing. The Wei family has always had a conflict with Feng Yun. It won't be too much to push the blame to them!"

"That's right, elder! Otherwise, the Wei family will target us with their anger!"

Feng Lin pondered for a long time and finally nodded. As long as he didn't involve Huafeng, he could certainly divert the Wei family's attention and push it to Juxing. He had to do this!

The Wei family was immediately enraged after learning the news from Huafeng. The pillar of the Wei family, Wei Ting, as the top tamer of Yuelun Island, died for no reason. The anger of the Wei family could be imagined! Lord Wei, who was taught a lesson in the Outland arena back then, also stood up at this moment and exaggerated things, exacerbating the conflict between Yun Feng and Wei Ting. The entire Wei family was extremely furious. Even though Yuelun Island and the floating island were two islands, it couldn't stop the fire of anger!

The Wei family immediately sent many tamers of the family to the Juxing School on the floating island and swore that they would find Wei Ting's murderer and take revenge!

Nobody would have thought that such a huge matter would be involved after the championship of the three academies ended. The Wei family's operation shook the entire Yuelun Island. The news of Wei Ting's death also spread to every corner. The news that the Wei family was going to the Juxing School also spread instantly. People were curious about how this matter should end.

There was a huge commotion on Yuelun Island's side, but it was a completely different scene on Juxing's side. Even though everyone felt regretful for Yun Feng's absence in their minds, they also congratulated the heroes who returned with great honor this time!

The four elders were certainly delighted after learning that Juxing became the champion. However, Yun Feng's departure also made the four of them feel regretful for a while, but the Fifth Elder didn't care. He knew that Yun Feng would definitely come back. Juxing was full of joy. Every disciple's face was full of light and they stood especially straight. Every step they took was like wind. If they met people from the other two schools at this moment, the other two schools would probably be extremely jealous.

At this moment, Juxing was ranked first among the three academies. This honor also raised the cultivation atmosphere of all the disciples again. Compared to before, they were more united in Juxing and the disciples also worked harder. However, such days didn't last long before the aggressive Wei family came to them.

"Ask the leading elder of the Juxing School to come out!" The dozens of people of the Wei family came to the entrance of Juxing in a grandiose manner. Before they arrived, they had already opened their mouths and started shouting. Their voices spread into the air quickly. The five elders certainly heard this provocative voice.

“Fifth brother, did you cause any trouble?” The few elders gathered and looked at the Fifth Elder. The Fifth Elder sneered. “Of course not. I want to see who’s here to cause trouble in front of the Juxing School!”

The disciples of the outer campus and the inner campus of Juxing also heard the shout, but they couldn’t come out easily without the permission of the elders. They could only gather in the yard and discuss curiously. The five elders quickly came to the door and saw dozens of people standing in front of them with suppressed anger.

“Who’s the leader of Juxing’s team?” The person in the front said angrily. The Fifth Elder frowned. “It’s me. Who are you? Why are you shouting here?”

“It’s you?” The person who spoke looked at the Fifth Elder fiercely. The dozens of people behind him also had the same expression. “We’re only looking for him today. Juxing must hand this person over!”

The other four elders all frowned. Was this a joke? Xing Yao was the Fifth Elder. How could he be handed over so easily? The First Elder said, “You’re provoking us at the entrance of Juxing so aggressively. Is there a misunderstanding?”

“Misunderstanding? There’s no misunderstanding at all. The Wei family is here to demand him today!”

“The Wei family?” The Fifth Elder was puzzled and suddenly remembered someone. “The Wei family where Wei Ting is from?”

“Don’t mention my name, you murderer!”

“Murderer?” The Fifth Elder was completely confused, and so were the other four elders. “Guys, it seems that there must be a misunderstanding,” said the First Elder calmly. However, the members of the Wei family didn’t have the patience to listen to the explanation at all. With Huafeng’s explanation, they were all convinced that Juxing was the culprit.

#### **Chapter 1177: We Need You (2)**

1177 We Need You (2)

“That’s right! Third Uncle is dead! It was the elder leading the team from Juxing who did this! Juxing must hand this person over to the Wei family for punishment today!”

“Punishment? Hand him over to you? You came to Juxing without distinguishing between right and wrong and kept saying that Fifth Brother is the murderer. Where’s the evidence?” The Third Elder said with a cold face. He was quite angry with these inexplicable people.

“Evidence? Third Uncle has a grudge against Feng Yun of the Juxing School to begin with and this elder is someone who protects her. He’ll certainly attack Third Uncle! Is Huafeng’s explanation not evidence? Third Uncle died so miserably, which shows how vicious the murderer was!”

“What a joke!” The Fifth Elder suddenly shouted. “Why should I accept Huafeng’s slander? What does Wei Ting’s death have to do with Juxing and Feng Yun?”

“Stop quibbling! If you’re not the murderer, why are you shouting? If you’re shouting, it means that you’re in the wrong!”

The Fifth Elder’s eyes widened. The Fourth Elder immediately pulled him back, and the First Elder came out. “Members of the Wei family, what Huafeng said is hardly credible. With my fifth brother’s personality, he wouldn’t have done this at all. There must be a misunderstanding. Someone wants to frame Juxing.”

“Cut the crap! If you’re unwilling to hand him over, hand Feng Yun over! Third Uncle had a grudge against her back then. She must’ve done it!”

“Are you kidding me? If Wei Ting died in Feng Yun’s hands, he shouldn’t have the face to continue living!” The Fifth Elder replied very bluntly. What a joke! Feng Yun was his disciple. Hand her over? Even if she was here, he couldn’t hand her over!

“Is Juxing not handing over anyone?” The leader immediately looked gloomy. The five elders were all a bit enraged in their minds. Not to mention the inexplicable provocation, Huafeng also slandered them. This framing of Huafeng was truly thorough and shameless!

“Guys, Juxing has never done this, and it won’t admit it, or hand anyone over!” The First Elder was also a bit angry and said with a straight face. The members of the Wei family burst into laughter and their faces instantly became vicious. “Since Juxing isn’t willing to cooperate, we certainly don’t have to be polite!”

With a hand gesture, the dozen people of the Wei family opened the rings. Black shadows suddenly rushed into the outer campus of Juxing quickly. The disciples immediately cried out in panic. Apart from the First Elder, the four elders all ran into the campus. There were more than a dozen King Level Magic Beasts running wild in the outer campus! Countless students of the outer campus were already injured in an instant!

The four elders immediately took action and killed the Magic Beasts. The screams of the Magic Beasts intertwined with the panicked voices of the outer campus disciples. Everyone was in panic! More than a dozen King Level Magic Beasts were quickly killed, but one of them escaped with an outer campus disciple of Juxing in its mouth!

“What?” The four elders immediately caught up after seeing this. The Third Elder slashed the Magic Beast to death with a slap, but the outer campus disciples also died in the mouth of the Magic Beast!

The four elders looked gloomy, and so did the First Elder standing at the door. The leader of the Wei family smiled evilly. “This is the first time. The Wei family doesn’t lack Magic Beasts. If you don’t want your disciples to die, hand one of them over obediently! Otherwise... we’ll never let you go!”

The dozens of members of the Wei family all sat on the Magic Beasts and left. “Damn it! Feng Lin, I can’t believe you’ve become so... shameless!” The Fifth Elder said angrily. Looking at the corpse of the outer campus disciple on the ground, his heart was indescribably painful.

“The Wei family has already set their eyes on Juxing. They’ll come again sooner or later. First Elder, what should we do from now on?” The Second Elder sighed and asked. The First Elder was silent for a long

time before he finally said, “Unless we find the real murderer, we’ll have to keep taking the blame for Juxing.”

“I’ll go to Huafeng and ask Feng Lin!” The Fifth Elder immediately got up, but the Third Elder stopped him. “Why are you so impulsive? The most important thing right now is to guard against the Wei family’s sudden attack next time! It won’t be easy for the five of us to protect all the disciples!”

“That person said that the Wei family doesn’t lack Magic Beasts. It seems that the life and death of Magic Beasts don’t matter to them. There might be even more Magic Beasts next time...” The First Elder said. The others all frowned. The First Elder frowned tightly. “It’s too difficult for the five of us to protect all the disciples. It’s time for our disciples to play their parts. Juxing, prepare for battle!”

The other few elders all nodded solemnly. The Fifth Elder sighed in his mind. Kid, don’t come back at this moment.

The Innocent Forest was completely quiet, especially in the fatty’s cave in the forbidden area. At this moment, Er Lei was also sitting cross-legged outside with his eyes closed. His messy hair fluttered in the wind from time to time and his breathing was well-balanced. His body was enveloped in a layer of faint purple light and there were subtle crackling sounds in the middle. A year had already passed unknowingly. During this year, nobody dared to disturb him. Even the fatty only dared to watch from afar and leave quietly.

And today, the fatty was spinning in circles in the distance with a conflicted look. He thought he should tell Feng Yun about that news, or else... the fatty glanced at Er Lei carefully and swallowed unconsciously. And yet, this lord was standing here. He dared not to go over no matter how courageous he was!

At this moment, Er Lei suddenly opened his eyes. Two beams of purple light flashed behind the curtain of his hair. The round fatty’s body tightened and he felt like he had to pee. Er Lei opened his eyes and didn’t look at the round fatty. Instead, he turned around and glanced at the cave behind him, feeling a bit shocked in his mind.

It was just one year. Even with external help, it was a bit difficult for other people, even the Dragons, to break through to the Emperor Level in one year. However... Er Lei felt the violent energy fluctuation coming from the cave behind him. That fluctuation obviously had a familiar smell. That was the aura of a powerhouse at the Emperor Level!

Yun Feng rose from Grade 8 of the King Level to the Emperor Level in one year. She was indeed not an ordinary person. Ao Jin, I finally believe what you said. Er Lei exclaimed in his mind, but before he could finish, an even stronger energy wave came out. Er Lei’s expression suddenly changed and his pupils shrank fiercely. This was... This was...

“Who’s there? Get out here!” Er Lei suddenly shook his head and roared furiously. Then, there was a sound in the bushes and the round fatty undoubtedly came out rolling.

1178 We Need You (3)

“S-Sir...” The fatty rolled out. He lay on the ground and raised his chubby face, smiling obsequiously at Er Lei. Er Lei looked at the chubby face in front of him and subconsciously raised his foot to kick it. The fatty was immediately kicked away, but he rolled back quickly.

“If you like kicking me, let me finish talking first. About that little friend Feng Yun...” The fatty smiled until his face was covered in sweat. Er Lei frowned and glanced at him, which made the fatty’s body tremble fiercely again. “Tell me!”

The fatty got up from the ground and wiped his sweat before telling them everything about the Wei family. Er Lei became more and more impatient as he listened. In his mind, he didn’t care about the Wei family or Juxing at all!

Glancing at the cave behind him from the corner of his eye, Er Lei kicked the round fatty away again and thought about the time secretly. With Yun Feng’s speed, he wouldn’t have to wait for long. He certainly had to put the other things behind!

In the cave, Yun Feng was immersed in the complete state of cultivation. After reaching the Emperor Level, her spiritual space changed again. Yun Feng adapted to the changes and adjusted carefully at the same time. She didn’t want to stop just like that. She wanted to take this opportunity to continue climbing and breaking through! However, she didn’t know what kind of torture Juxing was going through as time passed.

In the past year, the Wei family’s hatred for Juxing hadn’t reduced at all. Magic Beasts raided from time to time, and a lot of the outer campus and inner campus disciples of Juxing were seriously injured. Even though all the members of Juxing were on guard, the Wei family didn’t seem to lack Magic Beasts. There were batches after batches, and there was no lack of powerful ones. In this year, Juxing could be said to have suffered heavy losses. A lot of the walls of the academy were damaged, and the casualties of the disciples were even more heartbreaking.

Despite the five elders and the senior disciples of the inner campus taking action, they still couldn’t prevent all the Magic Beasts from launching a sneak attack 100%. Casualties continued every day. Even though there weren’t many of them, they happened every day. All the disciples on Juxing couldn’t help but feel a kind of grief and anger in their minds, for their dead companions.

The door of the inner campus had already been completely opened. Many disciples of the outer campus had been moved to the inner campus. At this moment, the outer campus was a cruel battlefield. There were broken walls and bloodshed left behind every time the Magic Beasts came and left. The inner campus temporarily became a place for healing and hiding. Most of the injured were also put here.

“Tianqing, take these potions out quickly.” The potion elder handed a lot of potions to Gong Tianqing. Gong Tianqing immediately ran out. Seeing that the pharmaceutical department was full of injured people, Gong Tianqing couldn’t help but feel a lump in her throat. “Tianqing, why are you in a daze?” You Yue suddenly patted Gong Tianqing’s shoulder and took some potions from her arms, distributing them immediately. Gong Tianqing immediately shook her head and quickly distributed the potions to the injured personnel.

“Senior Brother, Senior Sister... When will this situation end?” asked an injured outer campus disciple, panting. The others also asked. Gong Tianqing and You Yue were speechless. “Where’s Senior Sister Feng Yun? Where is she? With her here, Juxing will definitely be fine.”

You Yue and Gong Tianqing were both stunned. The two of them immediately started comforting these seriously injured people. After comforting them, the two of them walked to a corner with a gloomy look. Gong Tianqing looked at these seriously injured disciples who were looking forward to Feng Yun’s return and couldn’t help but feel a lump in her throat.

You Yue only sighed softly. He patted Gong Tianqing’s shoulder and turned around to continue working. Gong Tianqing suddenly raised her little face and wiped her eyes fiercely with her hand. Feng Yun, I know you have your own things to do. I know you have your own road to go on, but Juxing needs you right now. Even though the elders and those closed disciples didn’t mention you, everyone knows that Juxing needs you. Feng Yun, where are you...

“Master, the Magic Beasts are here again!” Tian Kui ran in. The five elders, who hadn’t rested for long, immediately changed their expressions after hearing that. “How many of them are there? Which direction are they coming from?”

“I can’t count them. They’re all densely packed!” Rong Xin wiped the blood on his cheek messily and quickly reported. The five elders immediately flashed out after hearing that. Tian Kui and Rong Xin also followed closely behind! “Rong Xin, Tian Kui, the two of you take a few people to the inner campus to guard it. Don’t let a Magic Beast enter the inner campus!” The First Elder ordered. Tian Kui and Rong Xin immediately nodded and turned around to run towards the inner campus.

“Roar, roar, roar...” Tian Kui and Rong Xin rushed to the entrance of the inner campus. A few Magic Beasts were coming. The two of them and the few people they led immediately raised their knives and slashed, fighting with the Magic Beasts. Immediately, screams and roars resounded in the sky!

“Have the Magic Beasts come to the inner campus?” You Yue suddenly stood up. His heart couldn’t help but sink when he heard the roars nearby. Gong Tianqing couldn’t help but turn pale. If that was the case... Wouldn’t these disciples of the inner campus...

“No, they won’t come. The five elders and senior brothers and sisters blocking them.” Gong Tianqing put on a smile and glanced at You Yue. You Yue’s black eyes glittered. “That’s right. Even if they come in, I won’t let those animals hurt anyone here!”

“Poof!” Tian Kui’s longsword stabbed deeply into the abdomen of a Magic Beast. “Argh—” As Tian Kui roared, the longsword completely cut open the belly of the Magic Beast. Blood and organs immediately gushed out, splashing all over Tian Kui!

“Earth Wall! Bastards, don’t even think about getting past my defense!” Rong Xin raised his hand and a huge wall was immediately erected in front of the door of the inner campus. The Magic Beasts that were about to jump in were immediately blocked outside. The giant thorns on the back of the Rock King Turtle also shot out in an instant!

“Tian Kui, are you alright?” Rong Xin turned around and immediately helped Tian Kui up. Tian Kui’s face was completely red with blood. He smiled. “Of course I’m fine!”

“Damn it, there are endless Magic Beasts. In the past year, we’ve killed at least a few hundred! The Wei family has more! When will it end? If this goes on, we’ll be dragged to death sooner or later!”

“Watch out!” Tian Kui suddenly pulled Rong Xin and grabbed the longsword in his hand. A huge claw that slapped out abruptly was slashed by the longsword. Rong Xin quickly shouted, “Earth Arrow!”

##### 1179 We Need You (4)

“Roar...” The Magic Beast screamed as the Earth Arrow penetrated its body completely and it fell in a pool of blood.

“It would be great if Junior Sister was here. If she was here, these Magic Beasts wouldn’t be a problem at all. If she was here...” Tian Kui suddenly put his hand on Rong Xin’s shoulder. “Tian Kui, Yun Feng still has her own business. We can’t drag her down.”

“I know, but...”

Tian Kui shook his head. “The reason why the five elders didn’t contact Yun Feng is because they didn’t want Juxing to hold her back. She has to continue moving forward. Her achievements will be higher than any of us!”

“I know, I know all this!” Rong Xin suddenly roared. “I’m just saying!”

Tian Kui suddenly pressed Rong Xin’s shoulder and Rong Xin looked up. “Let’s fight. We have to protect Juxing right now! With Feng Yun here, Juxing will be safe! She’s not here right now. It’s our turn to keep Juxing safe!”

Rong Xin was startled and burst into laughter. “You’re right! Senior brothers should be protecting junior sister! This time, it’s time for us to show off!”

Tian Kui and Rong Xin looked at each other and burst into laughter. This time, they would protect the Juxing School! Feng Yun, we won’t let you down!

Time passed quickly. In the cave that was in the depths of the Innocent Forest, the eyes that had been closed trembled slightly. The five-color halo around her also darkened in an instant. Her long and curled eyelashes trembled quietly and the five-color light also gathered quietly, slowly entering the girl’s slender body.

She opened her black eyes! A beam of dazzling five-color light flashed through the girl’s eyes!

Yun Feng took a deep breath and felt that her body was getting lighter and lighter. She slowly stood up. The world seemed to have become purer and more complete in her eyes. She seemed to have seen through the entire nature. Er Lei, who was guarding outside the cave, also opened his eyes abruptly with an unbelievable glint in his eyes. Half a year. She had made such achievements in just half a year. This was a bit...

Qu Lanyi also opened his black eyes at the same time. Seeing the smile on Yun Feng’s face, he also put on a faint smile. “Fengfeng, congratulations.”

Yun Feng smiled and clenched her fists hard. She felt that the mental strength in her spiritual space became purer and purer, like sticky blood. Every drop contained infinite energy. She looked outside with her black eyes. Yun Feng couldn't help but smile when she saw that Er Lei's appearance was still messy. She walked out slowly. Before Yun Feng opened her mouth, the fatty, who had been hiding in the dark keenly, wanted to leave, but the fierceness in Yun Feng's eyes made him freeze on the spot. It was too astonishing. In just a year and a half, the cultivation speed of this human was too... too inhuman!

"Get out here!" Er Lei shouted furiously as the round fatty quickly rolled out. Seeing Yun Feng, he immediately said everything in a gibberish. Yun Feng's expression became more and more awful the more she listened and her black eyes also became gloomier. In just a year and a half, Juxing had suffered such a huge loss and she didn't know about it at all!

The fatty stole a glance at Yun Feng's expression as he spoke. When he saw this, his voice became softer and softer. In the end, he simply stopped talking. For some reason, this human made him more fearful right now, deeply fearful! Such cultivation speed was even considered unusual among the Magic Beasts!

"Go. It's just the Wei family." Qu Lanyi walked out with a slightly gloomy face and said softly. Yun Feng turned around. "I'll help you deal with these things." She showed the rings she found on Leng Mi's body. Yun Feng smiled in relief and nodded.

"Alright!" Yun Feng turned around and walked out. Er Lei stood there and shouted, "Yun Feng! You don't want me to follow you?"

Yun Feng turned around and smiled coldly at Er Lei. "Do you think you'll be left behind? I believe you could've told me this news many times in that year and a half."

"Other people's business has nothing to do with me!" said Er Lei in disdain. Yun Feng frowned and didn't say anything else. Never mind. "Let's go. Keep up!" Yun Feng turned around and said as her body instantly disappeared. Er Lei grinned and followed her with a laugh. The two of them soon disappeared.

The fatty stood there and glanced at Qu Lanyi. Qu Lanyi didn't even look at him. He turned around and walked back to the cave. The fatty looked conflicted. Damn it, she had occupied his nest for almost a year and a half. Was there no end to it? He panted a few times angrily. In the end, the fatty could only grunt and roll out again.

Yun Feng took out the Sound Transmission Jade that the Fifth Elder once gave her. She infused her mental strength into it and the Sound Transmission Jade suddenly lit up. Yun Feng held her breath and waited for the Fifth Elder's reply. What Fatty Yun said just then flashed through her mind. How would Juxing be hated by the Wei family? Wei Ting's death was clearly caused by Leng Mi of the Star Cloud School! Why would the Wei family point at Juxing? What exactly went wrong? The reason why Yun Feng didn't tell the world that Leng Mi killed Wei Ting back then was that her words weren't convincing.

She was just a disciple of the Juxing School. Even if she was a genius, so what? Her status and reputation were far inferior to that of the elder of the Star Cloud School, Leng Mi. Even if Yun Feng told the truth, nobody would necessarily believe her. Besides, she was too young in the eyes of these old people who were too sophisticated. In the Central Region, Yun Feng's words weren't very convincing, so she directly saved herself the trouble.

Yun Feng didn't expect that Juxing would be so severely damaged. The Wei family attacked with their Magic Beasts without caring about their lives. Even though she didn't see the current situation of Juxing, Yun Feng could more or less imagine it! The Magic Beasts of the Wei family must be at the King Level, or even the Emperor Level. How many disciples of the outer and inner campuses of Juxing could resist an endless number of beasts? Also, how were her brother and Tianqing? If they were injured at all... Yun Feng's black eyes couldn't help but become fiercer. The Wei family, it's time for me to clear my grudge with you this time!

"Swish —" Two figures suddenly flashed in the sky one after another. Er Lei couldn't help but roar behind Yun Feng. "Yun Feng! What's your level right now?"

Yun Feng looked back. "Er Lei, can't you see?"

Er Lei was stunned. "Of course I can, but I just want to confirm it!"

Yun Feng chuckled. "I'll let you confirm when I have the chance. The Magic Beasts of the Wei family can be used for practice. I haven't been active for a long time."

#### **Chapter 1180: I'll End You (1)**

##### 1180 I'll End You (1)

"Hahahaha!" Er Lei raised his head and laughed crazily with excitement in his eyes. "That's what I've been waiting for!"

The Sound Badge suddenly lit up at this moment. Yun Feng suddenly stopped. "Girl, what's the matter?" The Fifth Elder's voice was relaxed and there was nothing unusual at all. Yun Feng frowned. "Master, I know everything about Juxing."

The Sound Badge suddenly fell silent. Then, the Fifth Elder's serious voice came. "Since you know about the matter, there's no need for me to hide it anymore. You don't have to come back. Just do your own thing. Juxing will be fine!"

Yun Feng was startled. Er Lei mumbled, "Pretentious."

"Master! What are you talking about? I'm also a member of Juxing! How can I stand by and do nothing when Juxing is in trouble?"

"Kid, I know how you feel, but Juxing can't be a burden to you. You still have your own road to walk. Besides, this isn't a life-and-death situation..."

"Master!" Yun Feng interrupted the Fifth Elder. "You once told me that if I'm in trouble, Juxing won't stand by and do nothing. Now, I'm saying the same thing. If Juxing is in trouble, I won't stand by and do nothing! I'm a member of Juxing. I'll go back."

"Kid, you..."

"There's already a grudge between me and the Wei family. I'm partly responsible for the Wei family's attack on Juxing this time. This grudge should have been ended a long time ago!"

“Ah...” The gratified but helpless sigh of the Fifth Elder came. Yun Feng smiled. “Master, wait for me. I’ll be there soon!” After cutting off the connection with the Sound Badge, Yun Feng’s speed even increased to a new level. Her black eyes glittered and she suddenly changed her direction!

“Yun Feng, where are you going?” Er Lei couldn’t help but feel stunned when he saw Yun Feng change her direction. Yun Feng turned around and said coldly, “Of course, we’ll ask where the Wei family is and destroy their home!”

Feng Lin didn’t expect Feng Yun to come to find him. More precisely, he didn’t expect that Feng Yun would be in such a state when she came to find him a year and a half later. Shouldn’t she go back to Juxing? With the current state of Juxing, how would she still have time to come to see him? What made Feng Lin more concerned was Yun Feng’s strength. The Emperor Level... She had entered the Emperor Level!

“What’s the matter?” Feng Lin glanced at Yun Feng and Er Lei, who suddenly appeared next to him, with a hint of fear in his eyes. He also quietly prepared for battle. His fighting energy lingered in his hand quietly. If Feng Yun did anything unusual, he would immediately fight back.

“Feng Lin, why are you so nervous? Are you feeling guilty?” Yun Feng sneered. Having advanced to the Emperor Level, she didn’t have to call him Elder Feng Lin with her current cultivation. Feng Lin frowned slightly. “Feng Yun, why are you looking for me?”

“I’ve thought about it. Someone must’ve fanned the flames of hatred between the Wei family and Juxing. The person who fanned the flames should be... you, right?” Yun Feng’s sharp gaze was like an ice sword, which made Feng Lin frown even more tightly. “I’ve heard the Fifth Elder talk about you, but your current behavior is truly far from respectable.” Yun Feng’s mocking tone finally made Feng Lin furious.

“Feng Yun, it’s not your place to teach me a lesson!”

“I don’t have time for that! You added fuel to the fire and caused the current situation of the Juxing School. I’ll settle this score with you slowly. Now, tell me where the Wei family is!”

“Who do you think you are? Why should I listen to you!”

“Old bastard, are you going to tell me or not? If you don’t, I’ll destroy everything here!” Er Lei suddenly waved his hand and swung it. A powerful lightning element instantly flew out, collapsing a wall! Feng Lin’s pupils couldn’t help but shrink when he saw this. Yun Feng’s red lips curled up. “Do you remember the beasts I summoned?”

“Feng Yun, you...” Feng Lin looked at Yun Feng in disbelief. She wouldn’t do that...

“Feng Lin, there’s nothing I can’t do! Can you tell me where the Wei family is now?”

Looking at Yun Feng’s sharp, clear black eyes, Feng Lin could only sigh fiercely in his mind. He, an elder of Huafeng, was completely defeated in front of this junior. He was unwilling and humiliated in his mind! However, he knew that Yun Feng’s threat wasn’t vague at all.

In this year and a half, even though the Wei family lost the pillar of support, Wei Ting, they kept launching Magic Beast attacks on Juxing, which made everyone in the Wei family high-spirited. Juxing became the vent of the Wei family. Every time Juxing was attacked or someone was injured, the Wei

family would always be happy from the bottom of their hearts. It could be said that hatred had already completely distorted the Wei family.

“Hahahaha, have you heard? A few more people from Juxing died!”

“Really? That’s great. It would be great if more people died. It would be best if they were all dead!”

“Hahaha, don’t worry. They’ll all die sooner or later! They deserve to die if they don’t hand her over!”

In the Wei family’s house, the few young people of the Wei family didn’t participate, but they were also delighted by the news that came back. The message of the casualties of the Juxing School was like good news to them. They spoke with delight and even more vicious words.

“Who asked them to provoke the Wei family? Look at the bloodline of the Wei family! Thousands of Magic Beasts can’t kill them? Hahahaha...”

“What bloodline does the Wei family have?” A voice suddenly came. The few young people couldn’t help but shiver and look around in panic. “Who? Who is it? How dare you break into the Wei family? Come out!”

“Pa!” An invisible wind hit the face of the person who spoke. The young man was immediately slapped aside and fell on the ground, spitting out blood. His skin and flesh were torn.

A figure suddenly appeared with coldness around his body. He looked at the few young people with a gloomy face. “W-Who are you... You... You...”

“Bloodline? You’re just tamers...” Yun Feng said in a low voice as a fiery red Ring of Contract appeared. The few young people immediately widened their eyes. “S-S-Summoner...”

“Roar...” As a ball of bright fire appeared, the giant Fire Cloud Wolf stood next to Yun Feng with cruel killing intent surging in its wolf eyes. The few young people immediately stepped back in panic. Why would a summoner appear here and... why would she attack them?
