#### Chapter 1181: Ending You (2)

##### 1181 Ending You (2)

“You’ve never tasted the taste of being bitten by a Magic Beast, have you...” Yun Feng looked up and looked at the young men in front of her, who were already so frightened that their faces were as pale as a piece of paper, with a faint smile. The legs of the few young people trembled. They wanted to run, but their bodies kept moving!

“You, you, you...” The few young people crawled back with their trembling arms, but it was already too late!

The Fire Cloud Wolf jumped up and pounced crazily with an excited wolf howl and scorching temperature. Instantly, screams sounded!

“Boom—” At the same time, a loud noise came. Er Lei’s laughter resounded in the sky! Everyone in the Wei family was completely alarmed. What exactly happened?

Yun Feng walked forward step by step. She heard what those young people said just then. The thing that the Juxing School didn’t do made so many young lives die cruelly in the mouths of Magic Beasts! More died? All of them should die? Yun Feng put on a cold smile and immediately waved her arm. The other two contracted Magic Beasts appeared at the same time!

Yun Feng looked at the Wei family’s mansion with even more coldness in her black eyes. “Destroy this place. Destroy everything.”

Lan Yi and Yaoyao immediately split up. Then, loud explosions came one after another. With the power of the three contracted Magic Beasts and Er Lei’s crazy destructive power, the Wei family’s mansion had already been changed beyond recognition in an instant!

“What exactly happened outside?” The people who were still in the Wei family gathered and couldn’t help but tremble when they heard the noises outside. “Quick, contact the master and the others!” Someone immediately took out a Sound Badge and shouted at that side desperately. “Master, the Wei family is being attacked!”

“What?” The leader of the Wei family, who was planning another surprise attack, couldn’t help but shout after hearing this. Someone went to the Wei family! The leader of the Wei family looked at the Juxing School with a vicious expression. “Wei Song, go back with five people first! Kill anyone who attacks the Wei family!”

Juxing, I really didn’t expect you to have the time to take a detour to the rear and give the Wei family a surprise attack. Do you think I’ll retreat just like that? “If you don’t hand over Feng Yun and the elder in charge, I’ll turn Juxing into a sea of blood!”

Another round of Magic Beast raids began, and the loud noises on the Wei family’s side were still going on. Everyone was hiding and didn’t dare to go out. The noise outside was quite loud. They would die if they went out. Who exactly was it?

“Alright, it’s time for us to go.” Yun Feng looked down at the Wei family’s mansion that had already changed beyond recognition from the sky. Only one room was intact. The others had all turned into ruins! There was also blood and corpses mixed in the ruins. There were people in the Wei family who failed to dodge in time.

“Yun Feng, you’re leaving just like that?” Er Lei obviously hadn’t had enough. Even though it felt good to destroy things like this, it was too short a time.

“Master, we’ve made a move. The Wei family will definitely send some people back. The pressure on Juxing will also be relatively less,” said Lan Yi. Yun Feng nodded. It would be best if she could reduce some pressure on Juxing before she rushed to Juxing.

“Xiao Feng, let’s go!” Yaoyao held Yun Feng’s hand. Yun Feng smiled lightly. “Alright, let’s go back to Juxing!”

A few figures quickly disappeared from the sky above the Wei family. The members of the Wei family only dared to stick their heads out after they completely quieted down outside. When they saw the ruined mansion, their faces all turned pale. Who did this? Who did this?

They ran all the way to Juxing. If they wanted to return to Juxing, they had to go through a spatial teleportation array. The only teleportation array Yun Feng knew was at Huafeng School. On the way to Huafeng, Lan Yi looked ahead. “Master, a few people are rushing here. Their destination seems to be the Wei family.”

The Wei family? It seemed that they were some people sent by the Wei family’s master. Coincidentally, she bumped into them, so she certainly wouldn’t let them go easily. Yun Feng suddenly stopped. The few Magic Beasts stood next to her and waited for those people to get closer. Seeing that someone was blocking the way in front of them, Wei Song and the others immediately shouted, “Those in the front, get out of the way!”

As soon as he said that, the girl standing in his way suddenly raised her hand and spouted scorching fire elements. Wei Song and the others immediately understood that these people were the ones who attacked the Wei family! “You’re right on time!” Wei Song immediately shouted furiously. The few of them immediately released their Magic Beasts and removed the restraints on the necks of the Magic Beasts. A few Magic Beasts pounced on them crazily. However...

“Roar, roar, roar!” Screams came. In an instant, the few Magic Beasts were all torn into pieces!

“You... You’re...” Wei Song looked at the Magic Beasts that were instantly torn into pieces and his voices were stuck in his chest. The corners of the girl’s mouth curled up coldly and she said the name that made his heart stop instantly!

“Feng Yun.”

The Master of the Wei family was a bit panicked. Wei Song and the others had been back for a long time, but there was no message at all. The Sound Badge didn’t react at all. Did something happen on the way? “Wei Qi, take a few people back and see what’s wrong with Wei Song!”

Wei Qi immediately set off for the Wei family with a few people, but the same happened. They never returned and there was no news at all. The Wei family’s master couldn’t help but look gloomy. A total of

ten people had returned. Did none of them make it back? Even if they encountered something, they should have used the Sound Badge to contact each other! Why didn't they send any message? The Wei family's master frowned and thought as an idea flashed through his mind.

They didn't contact each other with the Sound Badge. Maybe they didn't have the chance at all...

Thinking of this, the Wei family suddenly stood up. It must be those few elders of Juxing! It must be them! "Five elders of Juxing, you're quite good. You know how to take drastic measures! The Wei family will never let you go! I'll give you one day. If you don't hand them over in one day, these Magic Beasts will level the entire Juxing!"

The five elders all looked gloomy after hearing that. This group of Magic Beasts really wasn't much of a threat to none of them, but all the disciples of Juxing had to be protected. "Master Wei! Don't slander us! Juxing has never done anything like this. Why should we hand her over? Now that the Wei family injured many disciples of Juxing, we have to settle this score with the Wei family!" The First Elder shouted with anger on his face. His voice spread throughout the entire Juxing School. The disciples recuperating in the inner campus couldn't help but feel emotional after hearing that. They hadn't done anything, but they were inexplicably blamed and attacked here. Why? Someone from the Wei family was dead. Were there no casualties in Juxing?

#### **Chapter 1182: Ending You (3)**

##### 1182 Ending You (3)

"Yes, that's right! It's time to settle the scores of the Wei family for causing casualties to the Juxing School!" A voice cut through the sky and rushed straight over, entering everyone's ears. That voice was so pleasant and exciting for everyone in the Juxing School!

"It's Feng Yun!" Gong Tianqing suddenly raised her head and smiled happily. You Yue also smiled in relief. She was back. His sister was back.

"Feng Yun, Feng Yun is back!"

"Feng Yun is finally back. How arrogant can those people of the Wei family be now?"

"That's right. With Feng Yun here, what are we afraid of?"

"Feng Yun, Feng Yun!"

The disciples recuperating in the inner campus all cheered. They all waved their arms and shouted at the person they had been looking forward to returning to, Feng Yun!

The inner disciples, who had been fighting with the Magic Beasts in the outer campus, couldn't help but heave a sigh of relief. It was great that she was back... They looked up at the sky with indescribable excitement in their minds. "Junior Sister is back. Tian Kui, Junior Sister is back! I knew she wouldn't abandon us!"

Tian Kui was also a bit speechless on the side. At this moment, it wasn't easy for Juxing to last until now. It was truly great that she could come back...

“That girl is really back.” The Fifth Elder smiled helplessly and in relief, while the other elders frowned slightly. They didn’t want to disturb this girl at first. After all, she still had her own business. They would take care of the matters of the Juxing School, but there were too many Magic Beasts... Group after group, there were more than a hundred Magic Beasts that fell in the outer campus. Even they couldn’t do anything at all. They couldn’t get the situation under control.

“Feng Yun?” The Wei family looked up at the figure speeding not far away in the sky. After seeing Yun Feng’s young appearance, they were a bit suspicious. However, when they saw the Magic Beasts following her, the Master of the Wei family’s face suddenly darkened. “Feng Yun, you’re finally willing to come out! That’s good. I don’t have to do anything. You should pay for the life of my third uncle!”

“Hahahaha!” Yun Feng burst into laughter, her deep voice spreading to every corner of Juxing. “I killed Wei Ting? Who told you that? Was it Feng Lin?”

The Wei family’s master couldn’t help but feel surprised when he heard her call Feng Lin’s name directly. After sensing carefully, the five elders all looked surprised. “Feng Yun’s strength...”

“That girl’s strength has already... broken through to the Emperor Level!” The eyes of the Fifth Elder glittered constantly. Looking at this disciple that made him extremely proud, his heart was full of emotions. The Emperor Level, this girl was truly a genius!

“She entered the Emperor Level in just one and a half years. That’s truly...” The Third Elder sighed on the side, then shook his head and sighed helplessly. “Now, she’s our peer. Fifth, you can’t let her call you Master anymore.”

“Hahahaha!” The Fifth Elder laughed happily. He was right to give the Weightless Fruit to her. He wouldn’t be able to use that thing, but this girl would surpass the Emperor Level and move towards the God Level sooner or later!

“Of course, it was Elder Feng Lin of Huafeng who told me! Wei Ting’s body was found in the Innocent Forest. Only the three participating academies are aware of that place. There’s no one else! You already had a conflict with Wei Ting. You didn’t have the strength to do it, but the elder leading the team of the Juxing School did!”

“You put the blame on Juxing with just one side of the story. Wei Ting’s death has nothing to do with Juxing at all. Everything was done by Leng Mi!”

What?

What Yun Feng said shocked the Master of the Wei family and the Fifth Elder. Leng Mi? Leng Mi had no grudge against Wei Ting. Why did he attack him and even take his life?

“Don’t talk nonsense! Leng Mi doesn’t know the Wei family at all. Why did he attack Wei Ting? Juxing can forget about escaping responsibility!”

“Whether you believe it or not is up to you. Feng Lin will tell you the answer. Whether he’s lying or not.” Yun Feng’s words were cold, which made the Master of the Wei family’s heart tremble fiercely. Perhaps... he was really wrong? Feng Lin was really lying? If that was the case, then right now...

“I’ll know if it’s true or not when I get back. If Feng Lin is telling the truth, I’ll come again. This isn’t over!” The Wei family’s master finally found an excuse for himself. He had brought twenty elites with him, but the ten he sent back were gone. Now, there were only ten of them left, and the Magic Beasts had also lost a lot under the crazy attack. The Wei family’s master secretly counted the Magic Beasts he lost during the attack on Juxing this time and couldn’t help but feel the pinch. This wasn’t a small number. If he hadn’t made such a gesture in front of the world, he wouldn’t have suffered such a huge loss. Even though Wei Ting’s death was a blow to the Wei family, the Wei family wouldn’t have suffered a devastating decline because of this!

The Master of the Wei family turned around and was about to leave, but Yun Feng shouted loudly, “Master Wei, are you leaving? The casualties of the disciples of the Juxing School haven’t been answered for yet!”

The Wei family’s master gritted his teeth. The more he thought about it, the more he felt that something was wrong. Even though he couldn’t believe everything this little girl said, she said it so calmly. Juxing never admitted it from the beginning. The Wei family’s master’s heart skipped a beat. “You can’t do anything to me!”

Yun Feng stood in the sky and looked down at the Wei family’s master from above. “There’s no need to attack you.” As soon as she said that, a loud bang came from the outer campus. Thunder suddenly sounded and twisted silver snakes fell from the sky!

The five elders immediately looked up and saw a tall and sturdy figure standing in the air with lightning around his body. The purple lightning elements in the sky were extremely dense and the thunderbolts also struck around him!

“Master, bad news!”

“What happened?”

“The Magic Beasts we brought... were all killed by lightning!”

Unable to catch his breath, the master of the Wei family coughed with a flushed face and looked at Yun Feng standing in the air with resentment in his eyes. He clenched his fists tightly. They were all dead. There were a lot of high-level Magic Beasts inside. They were all killed before he sent them out! He thought the Wei family would be able to save face this time, but he didn’t expect them to go back like this!

Not to mention that there were fewer people, there wouldn’t be any Magic Beasts left! They suffered a huge loss this time!

The Wei family’s master’s heart trembled, but he couldn’t say anything. “Let’s go!” What was a tamer without a Magic Beast? It was nothing!

**Chapter 1183: Ending You (4)**

1183 Ending You (4)

The Wei family's master took the remaining people back dejectedly. Yun Feng curled her lips and went back. There would certainly be another good show waiting for them. Standing in the sky, Yun Feng also saw the current situation of Juxing clearly. The outer campus had almost been destroyed and many disciples were injured. The five elders also looked exhausted. After all, they had been fighting for a year and a half and resisting the sneak attacks of the Magic Beasts from time to time. It wasn't easy for them to last until now.

As she came to the five elders, they all smiled in relief. The Fifth Elder patted Yun Feng's shoulder with a smile. "Don't worry. Gong Tianqing and You Yue are both safe."

Yun Feng was startled. Then, she nodded. The Fifth Elder waved his hand. "They're all in the inner campus. Go."

Yun Feng nodded and walked into the inner campus. As soon as she stepped into the inner campus, she heard cheers like a tide. Then, someone picked her up by her waist and lifted her up high!

"Feng Yun will win! Feng Yun will win! Feng Yun, Feng Yun!"

Yun Feng was lifted up by You Yue. Everyone around was cheering and shouting this name desperately. As Yun Feng watched, there was an indescribable feeling in her heart. You Yue held Yun Feng steadily and lifted her very high. He was proud in his mind. This was his sister!

"Junior Sister!" Rong Xin shouted as he rushed over. He reached out and wanted to hug Yun Feng, but You Yue dodged him. The inner disciples, who were fighting in the outer campus, also walked in. They were all in a sorry state, but they were all smiling.

You Yue put Yun Feng down and separated her from Rong Xin. Tian Kui walked over and smiled at Yun Feng lightly. "Feng Yun, thank you for coming back."

Yun Feng smiled casually. "Thank you for holding on until now."

Tian Kui laughed, and so did Yun Feng. Everyone was laughing. There was a hint of pride in their laughter. They were all members of the Juxing School, brothers and sisters through thick and thin!

The Wei family retreated from Juxing dejectedly. The people of Juxing finally took a breather. They did a preliminary count of the casualties of the disciples. The five elders and the disciples had fought desperately. With the support of the potions of the potion elder, only ten outer campus disciples were dead in total. The others were all injured to different degrees. This result was quite good for Juxing, which had been holding on for a year and a half. The fact that there were so few casualties even though such a huge number of beasts attacked showed how hard the five elders and those disciples were working.

When Juxing was in danger, everyone was united to protect this home they lived and studied together! This disaster also made the entire Juxing more united invisibly. The conflict between the civilians and the aristocrats was reduced too much and they all became friendly with each other.

Yun Feng certainly stayed in Juxing for now. There were a lot of people who were injured to different degrees. The potion elder couldn't do it alone. Even though all the disciples of the pharmaceutical branch were helping, it wasn't enough. After all, their techniques weren't very good. The effects of the

potions they made weren't obvious, but there was nothing else they could do in the current situation. However, Yun Feng's participation made the potion elder heave a sigh of relief.

Without another word, Yun Feng threw herself into making potions. She generously added the Golden Cauldron Fluid to the potions for those severely injured disciples, allowing them to recover in a short period of time. However, there were a lot of heavily injured disciples. Yun Feng spent a few days and used half a bottle of Golden Cauldron Fluid. The disciples of the Juxing School wouldn't know what Yun Feng put in their potions. Yun Feng didn't feel sorry. This was what she should do.

"Junior Sister, do you think those people from the Wei family will still come?" Rong Xin also ran over to help and distribute the potions to the injured disciples. Hearing this, Yun Feng smiled. Come back? The Wei family would probably ask Feng Lin about it immediately after they returned. If Feng Lin still dared to blame it on Juxing, don't blame her for doing what she said to him back then!

Feng Lin certainly didn't have the courage. Yun Feng's threat last time was still in his ears. When the Wei family came to find him, he denied it all. He said that he was just saying and didn't have any conclusive evidence. The Wei family's decision was their own business. The Wei family lost countless Magic Beasts and a dozen elites. He didn't have the mood to argue with Feng Lin anymore. Ever since then, the Wei family hadn't done anything. They probably had to suffer in the Wei family's completely destroyed mansion. The loss of the Magic Beasts and elites wasn't something that could be salvaged in a short time. The Wei family's master was probably regretful.

Even if he knew that the Wei family's mansion was destroyed by Yun Feng, would he still have the courage to go to the gate of Juxing? If he went there again, he would probably lose everything!

Just like that, the Wei family completely holed up and didn't come out. The people of Juxing were undoubtedly very angry after hearing the news, especially when they heard that the Wei family's mansion was completely destroyed. A group of people even burst into laughter. They deserved it!

"Junior Sister, you did this, didn't you?" Rong Xin raised his brows and asked. Yun Feng smiled but didn't answer. Tian Kui glanced at Yun Feng and shook his head with a smile. Anyone with a discerning eye would probably know who did this to the Wei family's current miserable state. Feng Yun was truly ruthless when she attacked.

What Juxing was facing right now was reconstruction. The outer campus had almost been destroyed, but with the five elders here, it certainly wouldn't be a problem. Yun Feng would help as much as she could with the potions. Seeing that You Yue and Gong Tianqing weren't injured at all, Yun Feng was very comforted in her mind.

After staying in Juxing for a month, the basic things had already stabilized. When Yun Feng was about to say goodbye, Qu Lanyi rushed back.

"I've taken out everything in these rings. Take a good look." Qu Lanyi looked very serious. There were only Qu Lanyi and Yun Feng in Yun Feng's yard back then. Seeing the things in the rings, Yun Feng couldn't help but look completely gloomy.

Yun Feng didn't care about some ores and potions. There was only one thing she cared about the most, which was a very small notebook. Yun Feng took the notebook and flipped it open to read it carefully. What was recorded in it seemed to be the secret history of many families, including the names of the

families and the family tree. Yun Feng looked at these ancient and unfamiliar surnames. Even though she had never heard of them, she knew what these families meant.

Qu Lanyi also watched on the side. His handsome face was covered in a layer of dark clouds. His black eyes were like a bottomless pool that couldn't be seen at all.

### Genius Summoner

#### **Chapter 1184: Hidden Secret (1)**

##### 1184 Hidden Secret (1)

Yun Feng flipped through the pages one by one. Some of the families recorded on them were detailed and some were simple. When Yun Feng flipped to a certain page, she suddenly clenched her fists and almost crushed the book in her hands! There were words on this page that Yun Feng was extremely familiar with. She had also seen this family mark before. In the middle was the word "Yun"!

The Yun family!

As expected, those mysterious organizations were indeed very interested in the Yun family. Yun Feng looked at this page. It was just a few words, but she could already see that the Yun family had a high status in the distant past. The summoner bloodline of the Yun family, in particular, had been passed down from generation to generation! After reading it, Yun Feng couldn't help but heave a long sigh. It was obvious how high the Yun family's status used to be because of this summoner bloodline and how much covetousness and greed the Yun family suffered because of this bloodline!

Yun Feng stood there in silence and pondered carefully. It wasn't entirely right that there was a summoner in each generation. Before she arrived in this world, there hadn't been any summoner in the Yun family since the ancestor of Yun Lan. It could be said that her arrival broke all of this and allowed the summoner bloodline of the Yun family to continue. Then, it was Yun Qingchen's turn.

Little Qingchen... Yun Feng thought of her brother and Xiaojin's son, the nephew who was also a multi-element summoner. His potential wasn't much worse than hers. In other words, ever since she came to this world, the Yun family's summoner bloodline had awakened again!

Yun Feng frowned. What did this mean? Would her arrival bring a disaster to the Yun family? She turned around slightly and looked at Qu Lanyi, who was standing next to her. Yun Feng was suddenly shocked. At this moment, there was an indescribable viciousness on Qu Lanyi's face. A faint anger lingered on his handsome face. Even though he was expressionless at this moment, she could still feel the deep anger!

"Lanyi..." Yun Feng called softly. Qu Lanyi's black eyes glittered and his expression changed instantly. The corners of his mouth curled up. "Why?"

Yun Feng looked at him a few times and finally shook her head. She looked at her notes again and flipped through a few more pages. Yun Feng was suddenly shocked. "This is..."

At this moment, the notes Yun Feng flipped through didn't have anything to do with those ancient families anymore, but described many kinds of ancient Magic Beasts!

Yun Feng flipped through it and was extremely shocked in her mind. The names and appearances of these Magic Beasts were recorded in the book and their abilities were also recorded in detail! Even

though there was a lot of information about Magic Beasts in the notebook left by her master, the two of them were obviously not of the same level. These notebooks recorded all the ancient beasts. They could be said to be powerful species that existed on this continent a long time ago!

“Yao Guang...” Yun Feng looked at one of the pages in surprise. It also recorded Senior Yao Guang! However, there were only a few words on this page. Yao Guang had a unique ability to control space and had a unique devouring ability. There was no picture on the page about Yao Guang. It seemed that Senior Yao Guang was right. Nobody who had seen his original body was alive, or this wouldn't be blank.

Yun Feng then flipped back and a thought couldn't help but flash through her mind. If that mysterious organization was so interested in Magic Beasts, then what about the Fantastical Beasts that made people yearn for and their blood boil? Would there be records here?

She flipped through a few more pages and reached the end of the notebook. Yun Feng didn't find any information about Fantastical Beasts and could only sigh helplessly. However, she believed that it was impossible for this mysterious organization not to be interested in Fantastical Beasts. It was just that they really couldn't find any information.

Thinking of Ah Jin, the wind-element Fantastical Beast she met in the Ten Thousand Beast Mountain Range, Yun Feng couldn't help but smile. She had met a Fantastical Beast. She was indeed quite lucky.

Yun Feng closed the notebook and put it away. “Lanyi, what do you think?”

“Leng Mi had such a thing. He definitely didn't do it alone. If I'm right, he didn't make a deal with those people. He was one of them!”

“You mean, the elder of the Star Cloud School was a member of that mysterious organization?”

Qu Lanyi sneered in disdain. “Leng Mi's method of killing is too cruel and ruthless. It's similar to those people's method. I think the Star Cloud School is also very evil. They probably have something to do with it!”

Yun Feng also put on a smile. “If that's the case, it's time for us to set off.”

“There's still no news of that transvestite?” asked Qu Lanyi. Yun Feng nodded. “I asked the Fifth Elder to investigate on my behalf. There's no news on the floating island or the Yuelun Island. Mo Changge must've left the Yuelun Island. The most likely place he went is the place where the Star Cloud School is located, the Remnant Flower Island.”

“Remnant Flower? That's indeed a good name. Star Cloud is only worthy of the word 'remnant'.”

Yun Feng chuckled. “I hope we can find Mo Changge and... Mu Canghai this time.”

“After we find him, we'll ask Mu Canghai to send him back to the East Continent as soon as possible. Stay in the Thousand Snow Hall from now on and don't come out to cause trouble!” Qu Lanyi lowered his handsome face and kissed Yun Feng's cheek gently. “I don't want my wife to be distracted by another man.”

A sweet smile appeared on her red lips. Qu Lanyi also smiled warmly. “I knew you were going to say goodbye to the Fifth Elder. Go. We'll set off immediately. As for people other than the Fifth Elder, we can ignore them.”

Yun Feng smiled helplessly and walked out. After the room fell silent again, Qu Lanyi sat there alone. The space around him seemed to have frozen. Even the flow of air suddenly stopped. His charming black eyes turned red the moment he raised them!

“Bang!” The table on the side instantly shattered into pieces and floated in the air. It had been shattered so completely.

Fury flashed in his scarlet eyes. “It seems that you’re quite bold to target my family!” Qu Lanyi touched the white jade pendant on his neck with his finger. The moment he touched it, the surface of the white jade pendant immediately became extremely hot.

“Why, old man? Are you unhappy being locked up here?”

The white jade pendant emitted scorching heat again, as if it was going to burn Qu Lanyi’s finger in an instant!

“I said that I won’t let you go when I come out!” The ancient hoarse voice seemed to be coming from the depths of the distance with strong hatred and endless killing intent. Qu Lanyi chuckled and looked ahead with his bloodshot eyes. “I’ll wait, but I’m the one who’s controlling you right now. Old man, you should be more polite.”

### Genius Summoner

#### **Chapter 1185: Hidden Secret (2)**

##### 1185 Hidden Secret (2)

“Human! How can you command me?”

Qu Lanyi held the white jade pendant tightly and caressed it along the patterns of the giant bird’s wings on the back of the jade pendant. There was a cruel smile in his blood-red eyes. “If I can lock you in there once, there will certainly be a second time.”

The white jade pendant was silent for a while. Qu Lanyi sneered. “Perhaps you should meet your sworn enemy.”

“What did you say? Even it...”

The blood in his eyes suddenly faded and his black eyes appeared again. “It won’t be long before you meet it again. Those guys might never have thought that Fengfeng would have it with her...”

They immediately set off for Remnant Flower Island. Yun Feng said goodbye to the Fifth Elder. The Fifth Elder accepted it gladly after learning about it. He knew that the small Juxing School couldn’t let Yun Feng stay. Yun Feng remembered everything he said in her mind. Although Qu Lanyi said that she could ignore anyone other than the Fifth Elder, this didn’t include You Yue and Gong Tianqing.

After knowing that Yun Feng was leaving again, You Yue and Gong Tianqing were both silent for a long time. Both of them didn’t know when they would meet again after this departure, but they also knew in their minds that she would leave sooner or later.

“Got it!” Gong Tianqing grinned happily. “Got it. Just go!”

You Yue also smiled gently and patted the top of Yun Feng's head. "Go. Qu Lanyi will be there for you along the way."

Yun Feng looked at the two people in front of her, who clearly didn't want her to leave, but still put on a decisive look. She couldn't help but sigh softly. Gong Tianqing couldn't help but extend her arms and hug Yun Feng tightly. Hot tears couldn't help but flow out of her eyes. "It wasn't easy for me to have a good friend here. I haven't been happy for long, but you're leaving!"

Yun Feng smiled and patted Gong Tianqing's shoulder, listening to her cry. "Go then. I know you can't stay here after all, but why is it happening so soon..."

"Tianqing, it's very normal to part ways. We'll see each other again."

Gong Tianqing suddenly sniffed and wiped the tears on her face with her hands. She said with red eyes, "You said it!"

Yun Feng nodded with a smile. "Yes, I did."

"Got it! I'll work harder. When we meet again, I'll definitely impress you!"

Yun Feng chuckled. "Yes, my friends are certainly surprising!"

Gong Tianqing burst into laughter and didn't have the sorrow of parting just then anymore. Yun Feng turned around and looked at You Yue. "Brother, take care of yourself."

You Yue nodded. In the end, he couldn't resist the emotions in his heart. He held Yun Feng gently in his arms. "We're not related by blood. Even though you're not my biological sister, you're my sister in my heart."

Hearing You Yue's deep whisper from the depths of his chest, Yun Feng closed her eyes slightly. This warm embrace... "Yes."

"Fengfeng, it's time to go." A cold voice suddenly sounded. You Yue subconsciously let go of Yun Feng quickly. Yun Feng shook her head helplessly. Qu Lanyi appeared with a sullen face and looked at You Yue angrily.

Yun Feng distanced herself from You Yue. "Tell Senior Brother Rong Xin and the other disciples of Juxing for me." Then, she smiled mysteriously at the two of them. "There's one more thing I've been hiding from you. It's just for my own consideration."

You Yue and Gong Tianqing both looked at Yun Feng in confusion. Yun Feng chuckled. "My name isn't Feng Yun, but Yun Feng."

"Yun... Feng?" You Yue and Gong Tianqing were both stunned. Yun Feng nodded gently. Qu Lanyi had already stepped forward and held Yun Feng's hand, pulling her into his arms. Yun Feng chuckled. "Brother, Tianqing, let's go."

You Yue and Gong Tianqing quickly nodded. Qu Lanyi snorted and flashed. The two of them immediately disappeared. You Yue and Gong Tianqing looked at each other and both smiled. "Yun Feng, Feng Yun. Both of the names are quite good."

You Yue nodded with a smile. "I want to meet her family. They're probably all extraordinary."

Gong Tianqing chuckled. "Of course. The Yun family that has Yun Feng must be extraordinary!"

Qu Lanyi held Yun Feng gently all the way out of the Juxing School. They walked so quietly that nobody noticed them at all. Qu Lanyi's handsome face was slightly cold along the way. It was obvious that he was upset about You Yue's hug just then. Yun Feng only pursed her lips and smiled, leaning in his arms quietly.

"My wife, I said that we can ignore anyone other than the Fifth Elder."

Yun Feng smiled. "Second Brother and Tianqing are exceptions."

Qu Lanyi lowered his head and looked at the little woman in his arms. When he saw the smile on her face, he couldn't hold back his coldness anymore and smiled dotingly. "My wife, you know that I can't be angry with you, right?"

Yun Feng raised her black eyes and looked at the man's gentle and doting handsome face in front of her. Gentleness surged from the deepest part of her heart. Yun Feng's face suddenly turned red. Qu Lanyi couldn't help but feel obsessed. Before he said anything, Yun Feng raised her head and pressed her soft red lips against the man's lips. Even though it only lasted for two to three seconds, it was enough for Qu Lanyi.

The little woman in his arms blushed like pink petals that had bloomed with indescribable shyness. Qu Lanyi had always been by Yun Feng's side. He had seen her strength and her loyalty, but he didn't see her like this often. He could only see her like this when the two of them were passionate. Yun Feng rarely took the initiative, which was extremely precious.

Qu Lanyi lowered his head and kissed Yun Feng's forehead. "As you wish, my wife."

Yun Feng rolled her eyes shyly. Qu Lanyi burst into laughter and was immediately in a good mood. He held the body in his arms even tighter and a warmth came from the man's body. Yun Feng raised her head quietly and looked at the smile on her thin lips. She also smiled.

Yun Feng's current goal was to go to Remnant Flower Island. Firstly, she wanted to find Leng Mi, and secondly, she wanted to find Mo Changge, who had been jumping around happily outside. With Mu Canghai by her side, Mo Changge would certainly be safer. Yun Feng didn't have the patience to let him stay outside. If she caught him, she would think of a way to throw him back to the East Continent no matter what. She should let the Thousand Snow Hall's Master take care of his brother!

#### **Chapter 1186: Hidden Secret (3)**

##### 1186 Hidden Secret (3)

After being taken into the Dragon Palace, Er Lei was certainly happy to be free. Yun Feng had an indescribable feeling. Er Lei didn't seem to like being with Qu Lanyi. With Er Lei's usual personality, he would prefer to be outside.

Even though Yun Feng had already reached the Emperor Level, she was still a certain distance away from contracting Er Lei. Yun Feng had also asked clearly. The Er Lei was a grade-6 Magic Beast of the Emperor

Level! And she was only at Grade 2 of the Emperor Level right now, but she had reached this level in just a year and a half. Yun Feng felt that it wasn't enough, but if other people heard this, their jaws would drop in shock.

It was already a hurdle for a King to reach the Emperor Level. Compared to the hurdle between the Emperor Level and the God Level, this hurdle was certainly nothing, but there was also a certain level of difficulty. The leap between levels was quite dangerous. However, for Yun Feng, with the help of the Golden Cauldron Fluid, the difficulty was also resolved a lot. Yun Feng didn't spend much effort to pass directly between the King Level and the Emperor Level. It was a smooth process that ordinary people couldn't imagine.

With Yun Feng's current age, she had already reached the Emperor Level in her twenties. Such a talent was definitely rare in the world.

To go to Remnant Flower Island, they certainly had to go through a spatial Teleportation Array. The two of them entered the Teleportation Array with a large number of businessmen who went to Remnant Flower Island to do business. After a stable spatial transmission, they arrived at a border town on Remnant Flower Island. Apart from some special spatial passages, the Teleportation Arrays on the three islands were all located in the border towns.

Arriving at Remnant Flower Island, they certainly arrived in the territory of the Star Cloud School. The Star Cloud School and the Juxing School both had the same status on their respective islands. In other people's territory, after the contests of the three schools, they certainly had to be careful.

It seemed that she couldn't use the name Feng Yun for the time being. Otherwise, it would inevitably cause a huge obstacle for her to do things. Yun Feng thought for a while and used her original name, Lianyi.

Qu Lanyi smiled after hearing that and said that it was a rather unique name. Yun Feng smiled indifferently and didn't say anything. It was very easy to know the location of the Star Cloud School, but it was a bit difficult to enter. It was indeed good to enter openly. If she relied on smuggling, it would indeed be a bit troublesome and would definitely alarm the elders of the Star Cloud School. Yun Feng's purpose this time was only Leng Mi and she didn't want to cause trouble.

There was also Mo Changge. There was no sign of him on the other two islands. The chance of finding him was the highest here. What could she do to not delay the search for Mo Changge while trying to enter the Star Cloud School? It would certainly be best if she could do both, or it would take a long time.

The two of them found a hotel in this border town right now. If they wanted to find out anything here, they certainly had to ask the locals. After asking the hotel owner, Yun Feng understood that there were Auction Houses in every large city and small city on Remnant Flower Island, but the Auction Houses here were a bit different from other places. Not only could people auction things here, but they could also put up a bounty on anything, including people, things, and even some information. What was more convenient was that the information inside the Auction Houses was all shared. In other words, if you put up a bounty on something, the entire Remnant Flower Island's Auction Houses would publish the information and everyone who came to any Auction Houses on Remnant Flower Island would see it.

After hearing that, Yun Feng and Qu Lanyi immediately went to an Auction House. After entering the Auction House, there were a lot of people here. Even though it was a small border town, the Auction House was always the most lively place. Yun Feng glanced at it casually. There were boards on both sides that were full of information. People came to replace them from time to time. It seemed that business at the Auction House was very good.

“Young Lady, Young Master, auction or bounty?” asked someone with a smile. Qu Lanyi replied casually, “Bounty.”

“The bounty is on the right and the auction is on the left. If you’re hasty, Young Lady, Young Master, why don’t you give us a higher price so that we can do our best for you?”

“Got it.” Yun Feng smiled lightly. The person bent down and pointed to the right, then turned around and left. Yun Feng walked to the right. It was a bit colder than the auction on the left, but there was a lot of bounties on the sign.

“There are a few levels of bounties. The highest level is in the most conspicuous place, and the lowest level is in the corner.” A staff member walked up and sized Yun Feng up secretly as he explained. Yun Feng glanced at him slightly and didn’t say anything. Seeing that Yun Feng didn’t seem to want to release a bounty, the staff member couldn’t help but turn around and leave a bit angrily.

Yun Feng ignored him. The bounty board was divided into several areas. It seemed that the information of the bounty would be put in different places according to the difference in the price. Those in a conspicuous place would certainly be seen the most. And the smaller the words, the less people would notice.

Yun Feng looked carefully at the most eye-catching part of the bounty board, only to see information that shocked her. Qu Lanyi also saw it at the same time and sneered. “That kid is indeed not obedient. It seems that he’s good at causing trouble.”

In the most conspicuous place on the bounty board, there was a bounty message among other messages. It said clearly, “Two men are wanted. They’re both in their early twenties. One of them has a gray eye and the other is covers half of his face with his hair. His behavior is frivolous.”

The corners of Yun Feng’s mouth couldn’t help but twitch a few times. It seemed that Mu Canghai had found Mo Changge. However, they were in trouble on Remnant Flower Island and couldn’t use the Teleportation Array at all, so they couldn’t contact her at all.

Yun Feng looked down. The person who signed the bounty information was Star Cloud School!

“Star Cloud School...? It’s fine if it’s Mo Changge, but is Mu Canghai also messing around with this kid?” Qu Lanyi said unhappily, but Yun Feng shook her head. “Maybe when Mu Canghai found Mo Changge, he was already be in trouble.”

“Hm, being related to Star Cloud saves us a lot of effort.” Qu Lanyi raised his brows. “That kid got into trouble here. What should I say about him... The Thousand Snow Hall’s Master is indeed good at teaching his brother.”

Yun Feng reached out and pulled off the bounty notice in front of her. Seeing that, Qu Lanyi asked, “Are you going to use this to enter Star Cloud?”

Yun Feng curled her lips. "Otherwise, which one should we use? This is a good opportunity, isn't it?"

#### **Chapter 1187: Hidden Secret (4)**

##### 1187 Hidden Secret (4)

"But you're going to Star Cloud without those two people. What if they're infuriated?"

Yun Feng smiled. "I just need to go in. As for other things, they have nothing to do with me."

The two of them took off the bounty information, which shocked the staff member. Someone had taken off the bounty notice not long after it was posted. That was too fast! When Yun Feng learned that it hadn't been posted for long, she was naturally relieved. Luckily, that was the case, or it would be difficult for those two people to hide. Now that she took off the information, this bounty would certainly be nullified for the time being.

"Since you've already taken down the bounty, it's certainly best to be 100% confident!" The staff glanced at them worriedly. Yun Feng only smiled. "Since we've taken it down, we're certainly confident."

The staff glanced at them again. "In that case, please wait for a few days. Someone from the Star Cloud School will certainly come in person."

Yun Feng and Qu Lanyi looked at each other and smiled casually. "Alright, I'll wait a few days."

In less than three days, a message came from the Auction House asking Yun Feng to go over. It was said that the Star Cloud School had already sent someone over. Yun Feng nodded and went with Qu Lanyi. Both of them were guessing in their minds who it was. It couldn't be an elder of the Star Cloud School.

As expected, in a room in the Auction House, a serious and cold young man came from Star Cloud. He looked a few years older than Yun Feng and looked young and mature. His eyes were also cold and lifeless.

"You're the ones who took the bounty?" The young man spoke coldly. Yun Feng and Qu Lanyi sat down and finally said, "Yes, we did."

"What's your name? Where did you come from? Tell me!" The young man said bluntly as he looked at Yun Feng suspiciously.

"Lianyi, from the Luoyin Village. I want to enter the Star Cloud School."

Qu Lanyi replied casually. The young man burst into laughter after hearing that. "The Luoyin Village? Humph."

Yun Feng had certainly done some research before this. The Luoyin Village was indeed a place on Remnant Flower Island, a remote small village. Yun Feng could lower her value by saying this. The young man immediately despised her as she thought. After all, it was impossible for someone from a small village to enter the Star Cloud School.

"If you've taken the bounty, where are those two people?"

Yun Feng smiled. "Did an Elder of Star Cloud put up a bounty on them? What exactly did these two people do to deserve the bounty?"

"It doesn't matter even if I tell you. These two people killed a few last disciples of the Star Cloud School and stole their precious things. The elders are very angry."

Yun Feng and Yun Feng's eyes moved. Their anger couldn't be because of the students who were dead. It should be directly related to the things that were stolen. Mo Changge was Mo Changge after all. He had caused quite a huge trouble. She really didn't know which elder he stole them from.

"Alright, tell me where they are." The young man asked again. Yun Feng looked up. "I want to tell the elders myself. Is that okay?"

"You think you can enter the door of Star Cloud?"

Yun Feng raised the corners of her mouth and didn't say anything. Qu Lanyi waited lazily on the side. Since they had taken the bounty, this young man certainly couldn't do anything to them. As expected, seeing that Yun Feng had decided not to say anything, the young man's expression couldn't help but change slightly. He immediately flipped his hand and unleashed a stream of fighting energy!

Yun Feng's black eyes turned cold as her body swayed and she instantly dodged. The young man was stunned and wanted to attack again, but his wrist had already been grabbed by someone in an instant!

"You..." The young man widened his eyes. When did she come to his side? Why didn't he notice?

Yun Feng was at the second grade of the Emperor Level. It was certainly impossible for him to notice her when she was dealing with someone at the King Level. How would he notice her?

"Why? Am I asking too much?" Yun Feng smiled indifferently as she pressed her finger gently. The young man's face suddenly turned pale and a painful cry came out just like that. The veins on his forehead also popped out faintly. It hurt, it hurt too much! She pressed one of his veins firmly. That force would make him die of pain in an instant!

"I... I'll take you there!" The young man managed to say with cold sweat. Yun Feng let go of her finger coldly and her body flashed to the side. The young man immediately covered his wrist and looked at the two people in front of him with lingering fear. Who were they? Were they really from that small village?

"We're still not going?" Yun Feng raised her brows. The young man immediately nodded. His head was covered in cold sweat and he didn't have the momentum he had just then anymore. The elder also meant to take these two people to the Star Cloud School, but he selfishly wanted to get the news and catch those two people first before taking credit. He didn't expect that these two people weren't as easy to bully as they looked, especially this woman. She looked much younger than him, but she was much more ruthless than him! And her strength... was probably above his!

The young man led the way in the front and Qu Lanyi and Yun Feng followed behind. The two of them observed the terrain closely along the way. After Mo Changge stole the item, the elders of Star Cloud definitely discovered it in the shortest time possible and came out to chase after him. However, having issued the bounty, they must've failed to find him. The best way to avoid being tracked by the enemy was to stay put!

Mo Changge and Mu Canghai might be hiding in the area near the Star Cloud School. The most dangerous place was also the safest place. With Mu Canghai's spatial power, it might not be very difficult to dodge.

Yun Feng quietly took out the Finger Spiritual Jade. The Finger Spiritual Jade had a limit on the range. It was useless if they were too far away. However, since they were already here, if these two people were really hiding nearby, the Finger Spiritual Jade would definitely show up.

Yun Feng secretly activated her mental strength and entered the Finger Spiritual Jade. She looked at the Finger Spiritual Jade attentively, but there were no light spots flashing on the Finger Spiritual Jade along the way. Yun Feng and Qu Lanyi couldn't help but frown suspiciously. Had they made a mistake? Had the two of them already left?

"After entering the campus, the two of you will follow me. You can't wander around," said the young man who led the way. Yun Feng replied indifferently and put away the Finger Spiritual Jade. She looked ahead with her black eyes. The building that could vaguely be seen out of the clouds in front of her should be the Star Cloud School.

#### **Chapter 1188: God Level Expert (1)**

##### 1188 God Level Expert (1)

It was quite unimpeded to be led into the Star Cloud School by the young man. It seemed that this young man must have a certain status. After entering the Star Cloud School, Yun Feng walked straight in. She saw a lot of disciples of the Star Cloud School, but they all looked angry. They were certainly talking about the contest of the three schools that humiliated them in a low voice. One of their names was also gritted by them.

"Don't let me see Feng Yun! If I see her, I'll definitely cut her into pieces!"

"She'd better not show up. If she does, we'll definitely teach her a lesson!"

"Humph! How dare she come here? This is our territory. If she comes, she won't be able to return!"

Hearing these people that gritted their teeth and wanted to cut her into pieces, Yun Feng chuckled in her mind. These people who spoke with resentment on their faces wouldn't know that the Feng Yun they were talking about had walked past them fair and square. Even though it was the territory of the Star Cloud School, she walked in fair and square.

Qu Lanyi sneered and didn't comment. These people were all jokes in his eyes.

After walking for a long time, they saw fewer and fewer disciples, as if they had entered a place similar to the inner campus. The strength of the disciples they saw also became greater, but none of them recognized Yun Feng. After all, those who fought with her were either dead or crippled. None of them could just walk on the ground.

"We're here. You can go in." The young man led the two of them to a room. Yun Feng glanced at him and nodded. She pushed the door open with Qu Lanyi and entered. Instantly, Qu Lanyi reached out and opened the space blockade. Yun Feng frowned. Qu Lanyi chuckled and flipped his hand. Two human skin

masks that were as thin as the wings of a cicada appeared in his hand. He put one of them on Yun Feng's face and the other on his own face, flattening the mask. Instantly, two different faces appeared.

"If the person inside is Leng Mi, don't alert him." Qu Lanyi waved his hand and removed the space blockade. Yun Feng nodded. The two of them walked in with their masks. Things were really as Qu Lanyi expected. The person waiting there was indeed the person they were looking for, Leng Mi.

"Are you the people who tore off the bounty?" Leng Mi sat there with a cold face and sized Yun Feng and Qu Lanyi up vigilantly. In his eyes, these two were obviously wild children who came from the wilderness of a mountain village. Their faces were also unremarkable. And their strength... seemed to be very low.

Yun Feng and Qu Lanyi wore the Thousand Shadows Mask on their faces. Both of them sneered in their minds. Leng Mi really didn't notice anything wrong when they kept suppressing their strength. Yun Feng didn't know what the Thousand Shadows Mask turned her into. She probably didn't look good anymore.

"Are you... an elder of the Star Cloud School?" Yun Feng walked forward and asked excitedly and timidly. Leng Mi raised his brows and said rather impatiently, "Since you've removed the bounty, tell me where those two people are quickly. Don't worry. The Star Cloud School will give you rewards."

Yun Feng chuckled. "Elder, can I ask what the rewards are?"

There was ridicule in Leng Mi's eyes. Hm! A bumpkin who had never seen the world! He could trick her by giving her some rewards. "Three ultimate ores."

Yun Feng smiled after hearing that. Ultimate ores? No matter how rich the Star Cloud School was, who could compare to Yun Feng in terms of ultimate ores? With the Ultimate Crystal Beast, she was the last person in the world who lacked ultimate ores. Just three... Yun Feng didn't care about them at all, but she was truly a vulgar bumpkin right now.

"Ultimate ores? Elder, you're truly generous!" Qu Lanyi exclaimed on the side. When they looked at Yun Feng, there was deep mockery in their eyes.

"Then tell me quickly. Where are those two people right now?" Leng Mi's patience was almost worn out and his facial features couldn't help but become ferocious. Yun Feng immediately said, "Elder, we're villagers who don't know the rules, but villagers should have a clear conscience. If those two people are guilty of a heinous crime, we certainly have to tell you. If not... we can't hurt anyone, can we?"

Leng Mi was immediately enraged. "Just tell me!"

"Elder, why are you so angry? We just want to know what they did wrong. Is it worth it for Star Cloud to mobilize so many people? The two of us also admire Star Cloud and are waiting to be its disciples one day. If those two people really do something unforgivable, we'll be the first to catch them!"

Leng Mi frowned and sized up the two people in front of him again. He kept feeling that something was wrong, but he couldn't say it. The two people in front of him looked normal no matter how he looked at them, but his heart couldn't calm down for some reason.

“Those two thieves stole something precious from Star Cloud. Star Cloud certainly has to come back!” After saying that, Yun Feng and Qu Lanyi both seemed to be enlightened. “I see. It seems that we did the right thing! We tied those two people up and didn’t give them to anyone else!”

Leng Yu’s eyes brightened after hearing that. “You caught them?”

Qu Lanyi nodded. “It’s quite a coincidence. Those two people seemed very strong, but they seemed to have fought a fierce battle before we met. Those two people were seriously injured, so the two of us took advantage of them.”

Hearing this, the doubts in Leng Qing’s mind were finally resolved. “Humph! If I hadn’t been careless, I wouldn’t have let those two escape!”

Yun Feng and Qu Lanyi’s hearts sank. What they said just then was just a lie. Judging from Leng Mi’s attitude, Mu Canghai and Mo Changge had indeed had a tough battle. They might have escaped with injuries.

“If that’s the case, elder, come with us. We’re afraid that something will happen, so we hid those two people in a secret place.” Yun Feng smiled. Leng Mi glanced at her in confusion and mumbled in his mind. Hm! What’s wrong with these two people from a small place? If there’s really a trap, you’re definitely not my match!

“Let’s go!” Leng Mi flicked his sleeve. Yun Feng and Qu Lanyi looked at each other and smiled. They pushed the door open and walked out. The young man who brought them in just then was already gone. The two of them had never been looked at along the way. Naturally, nobody recognized their changed faces.

“Elder, how can we get out of here?” Yun Feng asked a bit awkwardly. Leng Mi sneered. “Where exactly are you hiding them?”

#### **Chapter 1189: God Level Expert (2)**

##### 1189 God Level Expert (2)

“In the dense forest in the mountains not far away from the village,” replied Qu Lanyi. Leng Mi frowned. “I can’t believe that those two people escaped so far and avoided the eyes and ears of the Star Cloud School. Hm!”

“Follow me!” said Leng Mi coldly. He turned around and walked away. Yun Feng and Qu Lanyi followed him. After a while, Leng Mi asked a young man to do something. Yun Feng and Qu Lanyi glanced at him and didn’t say anything.

“Little Fire, Lan Yi, Yaoyao, after we leave the Star Cloud School, I’ll release the three of you. Lan Yi, go to the area near the Star Cloud School to search for Mo Changge and Mu Canghai. Yaoyao and Little Fire, don’t expose yourselves when you follow us.”

“Master, isn’t Leng Yi going alone?” Lan Yi’s voice came. The corners of Yun Feng’s mouth curled up coldly. “Why would the old fox go to the meeting alone? Even bumpkins can’t eliminate his suspicion, especially at this moment.”

“Why don’t I understand what Master means?” Little Fire asked in confusion. Lan Yi chuckled. “Brother Fire, it’s fine if we don’t understand. We just need Master to understand.”

Yun Feng smiled. Even though the matter of Leng Mi killing Wei Ting hadn’t been exposed yet, or perhaps it had been exposed, the Wei family could only swallow their anger with the current situation. The direct conversation Yun Feng had with the figure of the mysterious organization last time indicated that Leng Mi’s mission failed. If it weren’t for the deal, if Leng Mi was a member of the mysterious organization, what would happen to him after the mission failed and he was exposed? This bounty could be said to be adding insult to injury. The participation of Mo Changge and Mu Canghai, or rather, the thing they stole, must have made Leng Mi even more anxious. Otherwise, he wouldn’t have announced the bounty. The thing Mo Changge stole must be related to the mysterious organization!

Yun Feng pondered in her mind. Everything that seemed unrelated was inexplicably connected. The coldness in Yun Feng’s eyes couldn’t help but deepen. This time, she was going to catch a turtle in a jar!

Leng Mi led Yun Feng and Qu Lanyi out of Star Cloud. The road they were on seemed much more remote and few people passed by. Yun Feng and Qu Lanyi followed behind very quietly, which Leng Mi was very satisfied with. After leaving Star Cloud, Leng Mi wasn’t alone after all. There were three young people following him. They seemed to be his favorite disciples. They were quite strong.

The few of them stood on a Magic Beast. Yun Feng and Qu Lanyi showed their surprise at the right time, which attracted the disdainful gaze of the others. Leng Mi grunted and didn’t say anything. The few of them rode this Magic Beast to the village Yun Feng mentioned.

The Luoyin Village was remote. After spending a day and a night, she finally reached the surrounding area of the Hidden Village. It was indeed a deep forest. Yun Feng couldn’t help but heave a sigh of relief. She had to admit that she was truly lucky to be able to hit the nail on the head with a lie.

“Where are they?” The few people of the Star Cloud School along the way didn’t bother to talk to Yun Feng. They all remained silent. And now, one of them said coldly.

“They’re right there. I really can’t bear to go down.” Yun Feng chuckled. The few young men of Star Cloud all grunted. “Look at how stupid you are! It’s probably your fortune to be able to sit on a Magic Beast.”

“Alright, don’t talk too much!” Leng Mi shouted. The few young men rolled their eyes at Yun Feng and immediately nodded in agreement. The Magic Beast also landed in the dense forest from the sky. The few of them jumped off the back of the Magic Beast and looked around coldly. “You two, lead the way.”

Yun Feng and Qu Lanyi walked in the lead, while Leng Mi followed them, with the few young people following at the back. Yun Feng led the way with the corners of her mouth curled up. Little Fire and Yaoyao had already arrived and were following not far behind those young people. The auras of the two Magic Beasts were hidden very well, so Leng Mi didn’t notice them at all.

“We’re not there yet?” After walking for a long time, the few of them had already walked deeper and deeper into the forest. Leng Mi asked suspiciously. Yun Feng turned around. “Elder, we’re almost there! It’s just ahead. We hid very carefully!”

Leng Mi frowned and didn't say anything, but he already looked unhappy. At this moment, Yun Feng gave an instruction in her mind. Little Fire, Yaoyao, deal with the three behind silently!

A gentle breeze blew through the forest with an aura that made people feel comfortable. The three young people following behind had already disappeared without anyone noticing. The wind blew behind them and didn't bring any smell of blood.

Leng Mi felt that something was wrong. Wasn't it too quiet behind? He suddenly turned around and found that the three people behind him were gone! Leng Mi widened his eyes and immediately knew that something was wrong! He turned around and looked again. The two people leading the way had already stopped. Those two pairs of eyes were looking at him with a smile!

"You..." Leng Mi looked a bit panicked. "Are you..." There was something wrong with Leng Mi's tone. Yun Feng and Qu Lanyi immediately heard that Leng Mi didn't recognize them, but thought they were someone else.

A thought flashed through Yun Feng's mind. She smiled coldly and said, "Elder Leng, you didn't do your job well. What else do you have to say?"

Leng Mi's body immediately trembled after hearing that. Qu Lanyi glanced at Yun Feng with a smile in his eyes. That was good. She tricked him! Leng Mi's face completely turned pale after hearing that. His body swayed a lot and his eyes weren't as fierce as before. He looked at Yun Feng and Qu Lanyi with fear in his eyes. "That's not the case! At that time, Wei Ting's life had already been taken. But someone came halfway. She was the top student of the Juxing School! Not only did she ruin my business, but she also took Wei Ting's head back. After that, I searched everywhere for Wei Ting's body, but I couldn't find him. I had no choice but to leave!"

What an old fox. He pushed all the blame to her. How vicious!

Yun Feng sneered. "Leng Mi, did you forget to mention something?"

Leng Mi held his breath. He had lost an extremely precious ring. There was something important about the organization inside. This thing wasn't something he could have. Someone higher-up thought highly of him and gave it to him. However, it was already gone when he woke up! Did Feng Yun take that thing away? That was impossible. Even if she took it away, she couldn't open the seal of the ring at all!

That was what Leng Mi thought in his mind, but judging from what this person said just then, it was obvious that the higher-ups already knew. If that was the case, he wouldn't be able to continue living! Thinking of this, Leng Mi's heart trembled fiercely.

### [Genius Summoner](#)

#### **Chapter 1190: God Level Expert (3)**

##### 1190 God Level Expert (3)

"I didn't forget to mention anything. I don't think..."

"Leng Mi, do you think the higher-ups don't know? They've already spoken to that Feng Yun directly!" Yun Feng suddenly shouted. Leng Mi immediately turned even paler! "That's impossible! She can't open the seal of the ring. How is that possible?"

“There’s already a fact to prove whether it’s possible or not. You should think about what will become of you right now! There are a lot of things in that ring. Since she can open the seal, she must have got the things inside!”

“This... This...” Leng Mi was completely panicked. The things in the ring had been taken away. Perhaps the higher-ups could let him atone for his crimes considering his previous contributions, but if the higher-ups knew what he lost a few days ago, he would definitely die!

“What did you lose this time, huh?” Yun Feng immediately followed him. Leng Mi’s eyes widened abruptly! He took two steps back. “Give me a chance to redeem myself! I’ve done a lot of things for the higher-ups. This time, I was careless. As long as I find Feng Yun and those two men, I won’t let the news leak out!”

Yun Feng and Qu Lanyi both felt cold in their minds. Kill them? What a vicious move!

“Tell me, what did you lose this time?” Yun Feng shouted again. Leng Mi asked in confusion and panic, “The higher-ups... don’t... know?”

Yun Feng and Qu Lanyi immediately cursed in their minds. They didn’t expect this. This old fox better not notice anything. When Leng Mi was about to speak, he suddenly felt that the hair on the back of his neck stood on end. Yun Feng also felt a kind of pressure, which made her organs uncomfortable and her limbs instantly stiffened!

What... kind of aura was that? Yun Feng raised her black eyes. Nobody was around, but Qu Lanyi had already pulled Yun Feng into his arms quickly. He leaned his handsome face against Yun Feng’s ear and said anxiously, “Don’t make a sound. Don’t make a sound.”

Yun Feng raised her head and glanced at Qu Lanyi. This was the first time she heard panic in his voice. What exactly happened? Or who came?

Leng Mi turned around and ran, but Qu Lanyi sneered. His pure black eyes were instantly occupied by redness, and the dark elements that surged out of his body instantly enveloped the two of them!

Qu Lanyi, what exactly happened? Yun Feng was shocked to see the appearance of the dark elements and his bloodshot eyes, as well as Leng Mi’s panicked look of running away. She knew that the situation had changed at this moment. Qu Lanyi lowered his head and looked at Yun Feng with suppressed nervousness in his red eyes. His thin lips moved, but he didn’t say anything.

Don’t worry. I’m here.

It was a silent announcement. The man locked Yun Feng in his arms and the dark elements quickly enveloped the two of them, disappearing instantly.

Leng Mi ran out desperately and didn’t have time to think about Yun Feng and the others. At this moment, he only had one thought in his mind. He had to escape first!

“Leng Mi, do you think you can escape?” Suddenly, a voice sounded. Leng Mi’s feet were nailed to the ground! Yun Feng and Qu Lanyi, who were hiding in the dark, immediately felt a pressure that was almost overwhelming. The pressure almost shattered their hearts. Pain came from their bones and they felt like vomiting! Qu Lanyi gritted his teeth and the blood in his eyes became deeper. The two of them

finally breathed. When they looked at Leng Mi not far away, a black-robed figure was already standing in front of him!

Yun Feng's pupils shrank tightly. The black robe and the weird patterns, the evil aura that was constantly around, it was one of them!

Qu Lanyi's arms wrapped around Yun Feng firmly as his scorching breath sounded in her ears. "Yun Feng, this person isn't someone you and I can compare to. He's... a god-level expert."

Yun Feng was stunned. A God Level expert? There was a God Level expert in that organization?

Qu Lanyi frowned and stared at the black figure with his bloodshot eyes, with anger and relief surging in his eyes. Luckily, he had some ability, or he wouldn't have been able to dodge today. However, he didn't expect that there were also a God-Level expert among those guys! It seemed that... the development of these guys had already exceeded his imagination. If they were allowed to develop like this, not only the Yun family, but even his family might be schemed against by them one day!

Leng Mi's entire body was frozen on the spot. He couldn't even move a step even if he wanted to. He was an Emperor Level Expert with the identity of Elder of Star Cloud, but he was in such a sorry state right now. This was truly the first time he experienced this. If other people saw this, their jaws would probably drop.

The black-robed man appeared strangely out of nowhere. Mottled sweat had already flowed out of his cold face and fell on the ground along with his face. Everything stopped. The sound of sweat colliding on the ground seemed to be audible.

"M-Master..." Leng Mi's lips trembled as he spoke. His voice also trembled constantly. The entire body of the man in front of him was wrapped in a black robe. Only his rather round chin could be seen. Everything else was covered.

"Leng Mi, do you know why I'm here today?" The black-robed man said. The veins on Leng Mi's forehead suddenly bulged and sweat fell again. "I... I don't know..."

"You don't know? You're very good at pretending to be stupid!" The black-robed man only said a simple sentence. The muscles all over Leng Mi's body were already tight and his breathing also stopped instantly!

Yun Feng and Qu Lanyi, who were hiding on the side, couldn't help but breathe a few times more slowly when they saw the scene in front of them! Little Fire and Yaoyao were hiding further away. Yaoyao had already released the ancient power, so the two Magic Beasts weren't discovered. Yun Feng was also relieved.

Looking at the black-robed man with her clear black eyes, Yun Feng's heart was squeezed fiercely. This was the first time a God-Level powerhouse appeared in her world. The pressure of a God-Level powerhouse was so powerful that a person at the Emperor Level was frozen there. He was simply at the mercy of others! Leng Qi would probably die here this time.

"My lord, I really don't know. I don't know how Feng Yun opened the seal of the ring, and I don't know that she used the Sound Badge to contact the top! She shouldn't be capable of doing that at all!" Leng Mi looked panicked and explained desperately. The black-robed man only let out a weird laugh.

“Feng Yun? Leng Mi, how stupid are you? I’ve lost all my face to have a subordinate like you!”
