Chapter 1191: The Yun Family Badge Appears (1)

1191 The Yun Family Badge Appears (1)

“My lord, I honestly don’t know what you’re talking about!”

“Feng Yun, Yun Feng, do you still need me to teach you?”

“Feng Yun... Yun... Yun Feng...” Leng Mi suddenly raised his head with a look of realization. Yun Feng frowned in the dark. Everyone in that organization probably knew her name. “My lord, she... She’s... She’s Yun Feng!”

“Humph! It’s too late to understand now! It’s fine if you lost those rings. The things inside are not a big deal. It’s fine even if she gets them. However, the things you lost this time make me feel that it was a stupid decision to keep you alive in this world!”

“M-Master, I...” Leng Mi wanted to say something, but the black-robed man didn’t give him a chance to speak. “Leng Mi, you should feel honored that I’ve finished you off myself.” The black-robed man waved his sleeve abruptly and a dense stream of dark elements surged out of the bottom of his robe. Leng Mi’s eyes widened to the size of a toad with blood vessels inside!

“No, no, my lord, wait, wait... Argh!” With a scream, the dark elements stabbed into Leng Mi’s body like a huge hand and squeezed his heart, exerting strength!

Leng Mi opened his big eyes and his body was soft to the end. A trace of blood slowly flowed out of the corners of his mouth and the expression on his face was fixed at the last moment. How unwilling he was and how he didn’t want to die! Yun Feng’s heart trembled again when she saw this scene. He was dead. Leng Mi died just like that!

A God Level expert, this was a God Level expert!

“If it weren’t for the order from above, I wouldn’t have bothered to attack.” The black-robed man waved his sleeve fiercely again. Dark elements instantly enveloped Leng Mi’s corpse and a strong smell of blood came. Yun Feng was so disgusted that she wanted to vomit. The smell of blood seemed to have reached a high point and instantly dissipated. Looking at the place where Leng Mi’s corpse was, there was a pool of blood on the ground. Leng Mi had already evaporated in this world!

“As for those two people who are struggling at death’s door... Hm.” The black-robed man suddenly snorted. Yun Feng’s heart tightened. Was this person going to attack Mo Changge and Mu Canghai? Qu Lanyi was also shocked. If that was the case, how could those two people be this person’s match?

“Huh?” The black-robed man suddenly turned around and looked at the place where Yun Feng and Qu Lanyi were hiding. Both of them were stunned. Qu Lanyi frowned hard and a drop of sweat couldn’t help but appear on his forehead. That was impossible. He couldn’t have discovered him!

Brutality flashed in his scarlet eyes. If he was really discovered, he could only let the old guy in the jade pendant out for a while! He and Yun Feng wouldn’t be able to fight a God-Level expert even if they worked together! Qu Lanyi couldn’t help but touch the white jade pendant with his finger. Yun Feng

covered the back of Qu Lanyi's hand with her slightly cold finger. The two of them looked at each other and saw through each other's minds.

The black-robed man looked at it quietly for a while and suddenly said, "If they're really hidden there, it's impossible that I didn't notice them. Leng Mi is truly useless!" The black-robed man said in a low voice as his body twisted weirdly in an instant. A crack was forcibly torn in the space. Then, his entire body directly entered the crack and instantly disappeared.

Yun Feng and Qu Lanyi didn't show up immediately. Instead, they waited patiently for a while. After confirming that the person just then wouldn't come back, Qu Lanyi was finally relieved. The two of them showed up from their hiding place and the redness in their eyes instantly faded.

"Yaoyao, Little Fire, everything is fine now." Yun Feng sent a telepathic message. After a while, two Magic Beasts quickly rushed over from elsewhere with a solemn expression on their faces.

Yaoyao pounced into Yun Feng's arms fiercely and her body transformed into the young form of the merfolk again. Her fishtail wrapped around Yun Feng's waist tightly and her entire body snuggled into Yun Feng's arms. "Xiao Feng, who was that just then... I was so scared."

Yun Feng hugged Yaoyao and slowly stroked her blue ear fin to comfort her. Little Fire glanced at Yun Feng solemnly on the side. "Master, that person just then..."

"A God-Level powerhouse," said Yun Feng casually. Little Fire's wolf eyes widened abruptly, while Yaoyao's body shivered and squeezed even more into Yun Feng's arms.

"God... Such a person has also shown up." Little Fire couldn't help but exclaim. It was also extremely shocked in its mind. Master's enemy was so powerful. A God-Level powerhouse truly existed?

"So what if he's a god-level expert? Why should you be afraid?" Qu Lanyi smiled casually and looked at Yun Feng gently. "Sooner or later, your master will reach such a level."

Yaoyao nodded fiercely in Yun Feng's arms. Little Fire also calmed down a lot in its mind. Right, even if Master's enemy was powerful, Master would step on that height sooner or later!

Yun Feng couldn't help but smile wryly. "You flatter me. It's not easy to enter the God Level, I'm only at Grade 2 of the Emperor Level."

Qu Lanyi chuckled and didn't say anything. He was quite uneasy in his mind. He took off the Thousand Shadows Mask on his face and heaved a long sigh. Yun Feng also took off the mask on her face. "Now, we have to find Mo Changge and Mu Canghai before that person does..."

Qu Lanyi raised his brows. "Do you really think those two people are still near Star Cloud?"

Yun Feng nodded. "It's just my intuition. I hope Lan Yi will send good news."

As soon as he said that, Lan Yi had already sent a telepathic message. "Master!"

"Lan Yi, any result?"

"I didn't let you down, Master. I've already found Mo Changge and Mu Canghai. They're indeed still near Star Cloud!"

The surprised look on Yun Feng's face immediately made Qu Lanyi understand that she had always found those two people. Little Fire and Yaoyao certainly heard her clearly. The two Magic Beasts both smiled happily. It was truly great to find those two people!

After instructing Lan Yi, she ended the telepathic communication. Before Yun Feng could say anything to Qu Lanyi, the man had already picked her up with his arm. The next second, the two of them sat on Little Fire's back. Yaoyao nestled in Yun Feng's arms. Little Fire couldn't help but roll its eyes at Qu Lanyi. Yun Feng chuckled with indescribable joy in her mind. She patted Little Fire's neck. "Little Fire, let's go!"

The Fire Cloud Wolf grunted and scratched the ground fiercely with its claws in dissatisfaction. Then, its entire body jumped up from the ground agilely and went straight into the sky! It turned into a fiery red shooting star, flashing across the sky. All the way from this remote place to the area near Star Cloud, Yun Feng was extremely vigilant on the way. The God-Level powerhouse that appeared just then gave her a lot of shock. Her opponent was so strong. She definitely wouldn't let her be left too far behind!

Even though Yun Feng was very anxious in her mind, she knew that she couldn't be hasty at this moment. She couldn't be hasty at all. She had to walk forward step by step. Only by walking steadily could she walk for a longer time. She had always been like this and would be like this in the future!

Suppressing the impetuosity and anxiety in her heart, Yun Feng finally felt a trace of peace in her mind. Her originally hot mind also became much calmer. She must keep a calm mind at all times, or she would make mistakes every step.

It took two days. They had to be extra careful while Little Fire was chasing the targets. They finally entered the specific area provided by Lan Yi. It was a lush forest and wasn't too close to Star Cloud. It was indeed a good choice to hide here without enough time to escape. The reason why the two of them could escape from the pursuit of Star Cloud was probably because of Mu Canghai's ability.

"Lan Yi, we're here." Yun Feng said telepathically. Lan Yi immediately told her the exact location telepathically. Little Fire went deeper. It was quite quiet along the way, as if the Magic Beasts around had already been cleaned up.

Following Lan Yi's instruction, they had already entered the depths of the forest. The bushes around them suddenly made noises and a figure stuck his head out. Little Fire immediately spat out a ball of fire without hesitation and roared from the depths of its throat, "Who's there?"

"Brother Fire, it's me." Lan Yi came out with a wry smile. If he hadn't moved fast just then, he would definitely have been burnt by Little Fire's fire. Little Fire snorted. "You shouldn't have been so quiet!"

Lan Yi smiled wryly again. It wasn't that he didn't say anything, but he didn't have time, okay? Yun Feng got off Little Fire's back and Lan Yi walked over. Yaoyao came out of Yun Feng's arms and stood aside in human form. Qu Lanyi also jumped up from Little Fire's back. Lan Yi looked at Yun Feng happily.

"Master, I didn't let you down."

Yun Feng nodded. Lan Yi led the few of them deeper. Soon, they saw a small lake. The water inside was extremely clear. Yaoyao looked at Yun Feng with joy and desire in her heart when she saw this. Lan Yi smiled. "Master, it is fine. I've already checked this lake."

Yun Feng finally nodded. Yaoyao immediately ran into the lake with a cheer and swayed her body gently in the lake. A blue fishtail with flying water drops emitted dazzling light in the sunlight, like a diamond.

A small cave wasn't far away from the lake. There was a lot of lush plants at the entrance of the cave. Lan Yi said, "If there weren't any slight fluctuation in the space blockade, I wouldn't have noticed it. I got these plants just to be safe."

Yun Feng nodded. Lan Yi had always been meticulous. Qu Lanyi looked around lazily and didn't say anything. He followed Yun Feng and pushed away the plants at the entrance of the cave. After walking a few steps, he heard a familiar tone.

"Yun Feng, you're here? Did you miss me?" Mo Changge's soft voice came slowly. Yun Feng saw a tall figure leaning against the wall of the cave. He still had those peach-blossom eyes. There was light flowing in his peach-blossom eyes. The other side of his cheek was still covered by his hair, but the side of his face that was revealed was enough to attract the attention of women.

"You're quite relaxed." Qu Lanyi's cold voice came. "Haven't you caused enough trouble? This is the good brother that the Thousand Snow Hall's Master taught. He causes trouble everywhere!"

There was a frivolous smile at the corners of Mo Changge's mouth and he wasn't angry. Yun Feng's expression was also much colder. "Mo Changge, what exactly did you steal from Leng Mi?"

Mo Changge chuckled and waved his slender fingers in front of his eyes. "Tut-tut, beauty, you've misunderstood me. I'm not the one who caused trouble this time."

Yun Feng and Qu Lanyi both frowned. It wasn't him? Could it be Mu Canghai?

"Yes, him. If it weren't for me this time, he would have died in the Star Cloud School." Mo Changge pointed inside with his finger and raised his eyes. Yun Feng's expression immediately changed and she walked inside, seeing Mu Canghai, who was lying on the ground extremely weak at this moment.

"Yun... Yun Feng..." Mu Canghai raised his head and glanced at Yun Feng. He pulled his lips and put on an extremely ugly smile. Qu Lanyi frowned. "I didn't expect you to be such a troublemaker. I didn't expect that."

"Mu Canghai, why are you messing around like him?" Yun Feng stared at Mu Canghai's weak and pale face and was a bit angry. He was someone who had already died and resurrected. It wouldn't be so easy for him to recover from his injuries! Light elements couldn't be used and her potions weren't effective on him at all. He could only recover slowly by himself. If something went wrong in the process, wouldn't her efforts be wasted?

"Mu Canghai, you must understand whose wish it was for you to come back to life. Do you want Xiaojin to suffer the taste of losing someone again?" Yun Feng roared. Mu Canghai pursed his lips and didn't say anything. Mo Changge walked over and seemed to be a bit heartless when he saw this. "Hey, it's a bit hurtful to scold him without asking why."

“What do you mean?” Yun Feng turned around. Mo Changge pursed his lips. “Mu Canghai, take it out. The thing you had to get even if you got killed.”

Yun Feng and Qu Lanyi both looked at Mu Canghai. What exactly was the thing he swore to get? Why was he so impulsive despite his personality? Mu Canghai searched in his arms with a pale face. Deep in his hands, Yun Feng couldn't help but widen her eyes when she saw the thing. Qu Lanyi even exclaimed, “You took it from Leng Mi?”

Mu Canghai nodded and put the thing in his hand in Yun Feng's hand. He looked at her deeply with his strange eyes. Yun Feng held the thing in her hand tightly with an indescribable feeling in her mind.

Yun Feng held the thing in her hand that Mu Canghai would die to get. It was something Yun Feng couldn't be more familiar with, the Yun Family Badge! The complicated words of the Yun family were engraved on that entirely white jade pendant. This Yun Family Badge was exactly the same as the one Yun Feng got from the Yun family on the West Continent!

Why did Leng Mi have the Yun Family Badge? To be exact, this Yun Family Badge shouldn't have appeared at all, or rather, there was also the Yun family in the Central Region!

“The Yun Family Badge...” Yun Feng looked at the thing in her hand with her black eyes and was full of doubts in her mind. Mu Canghai wanted to say something, but he suddenly coughed a few times. Mo Changge couldn't help but frown. “I can tell that this thing belongs to the Yun family at a glance. However, since it appeared in such a place, the Yun family isn't as simple as I thought. Let's not talk about this for now. Along the way, I didn't hear anything about the Yun family. Mu Canghai also asked around for you along the way. We learned about the Star Cloud School by accident, because there was a contest between the three schools a while ago. I wanted to join in the fun, but the venue was in the Huafeng School and outsiders weren't allowed to enter at all, so I could only give up. You know my personality. I'm just curious. Mu Canghai and I met by chance around the Star Cloud School, and I found this thing by chance when I accidentally broke into a place.”

Chapter 1193: The Yun Family Badge Appears (3)

1193 The Yun Family Badge Appears (3)

“You entered the Star Cloud School without being discovered. Mo Changge, you're quite capable.” Qu Lanyi narrowed his eyes and looked at him. Mo Changge chuckled. “Of course. After all, this is what my big brother has been worried most about me.”

“At that time, I played with it curiously, but when I saw the words engraved on the back, I immediately knew that it must be related to you. I didn't want to take it away, but Mu Canghai insisted on taking it away. At this moment, Leng Mi came back. We unfortunately met him and fought a few times before escaping.”

Even though it was just a few words, things must've gone further than that, especially when they fought with Leng Mi. Leng Mi was a person at the level of the Emperor Level. Mo Changge wasn't injured at all when the two of them fought with the Emperor Level. Mu Canghai was just severely injured. This result was already lucky.

“Of course, it’s all thanks to his power of space. Otherwise, we really wouldn’t have been able to escape. He was also severely injured. We’ve already been hiding here for a few days. Luckily, you came.” Mo Changge chuckled at Yun Feng after saying that. Yun Feng glanced at him and looked at the Yun family badge in her hand. She was a bit confused. There was no trace of the Yun family in the Central Region. Where did they get this Yun family badge?

“We’ll talk about it after Mu Canghai recovers...” Yun Feng glanced at Mo Changge. Mo Changge shrugged. “Got it, got it. It seems that this trip to the Central Continent is coming to an end?”

“Your trip is coming to an end.” Qu Lanyi didn’t look happy. Mo Changge raised his brows, but finally smiled. “Alright. I’m tired of traveling anyway. It’s time to go back. However, how to go back is also a headache.”

“You certainly don’t have to worry about that.” Qu Lanyi sneered. “Although you didn’t cause the trouble, Mu Canghai was severely injured to protect you. You’ll certainly be the one who takes care of him.”

Mo Changge was stunned. He had to take care of him? What a joke.

Yun Feng looked cold and didn’t say anything. She took out the Golden Cauldron Fluid and helped Mu Canghai up, dripping a drop into his mouth carefully. After Mu Canghai drank it, he suddenly felt the changes inside his body and looked at Yun Feng in shock. Yun Feng looked at him solemnly. “Get better. If we want to go back, we certainly have to rely on your strength.”

Mu Canghai was stunned for a while and finally nodded fiercely. Yun Feng got up. “Mo Changge, stay here. Now that I’ve found you, it’s impossible for you to sneak out again.”

Mo Changge only sighed helplessly after hearing what Yun Feng said. “Alright, alright, I’ll certainly do whatever you say, beauty. I’ll listen to you.”

“Some people really need to be taught a lesson,” said Qu Lanyi. Yun Feng, however, held his hand. “Lanyi, come outside with me. Lan Yi, Little Fire, watch him here.” The two Magic Beasts both nodded. Their eyes stared at Mo Changge with a bit of resentment. He was the one who caused trouble everywhere. Even though the trouble he caused right now was beneficial to their master, he was still very annoying.

Seeing the two Magic Beasts staring at him covetously, Mo Changge smiled wryly and sat next to Mo Canghai. “Brother Canghai, you should get better quickly. Instead of being restrained here, I’d rather go home.”

Mu Canghai couldn’t be bothered to talk to him with his eyes closed. The inside of his body was undergoing a wonderful change because of that magical golden liquid. Mu Canghai thought about what Yun Feng said. If they wanted to go back, it would definitely depend on him. Right, if his power of space reached the point where he could tear open space, he would be able to come and go freely between the Central Continent and the East Continent. It would also be helpful for Yun Feng. And that Yun Family Badge, it must mean something.

Mu Canghai focused on cultivation and tried to recuperate his body as soon as possible. Mo Changge sat aside with a bored look. The two Magic Beasts stared at him. Yun Feng held Qu Lanyi’s hand and walked

out of the cave before she said, “The Yun Family Badge I got in the Yun Palace earlier shattered.” Yun Feng stood still and looked at Qu Lanyi. She flipped her wrist and another intact Yun Family Badge appeared, exactly the same as the one Mu Canghai got.

“Shattered?” Qu Lanyi frowned suspiciously. Yun Feng nodded. “This is Uncle Tianfan’s Yun Family Badge on the West Continent. The one I got has already shattered. Even though I activated this one, it didn’t have any effect. I guess it can only be used by the bloodline of the Yun family on the West Continent. As for this one... Where and how Leng Mi got it, it remains to be investigated.”

“Fengfeng, when did you activate your Yun Family Badge?”

“When I was at the Lord Level. Perhaps the aura of the Lord Level I infused was too strong. The Yun Family Badge couldn’t withstand it, so...”

“That’s impossible,” said Qu Lanyi firmly. Yun Feng asked him suspiciously, “How do you know it’s impossible?”

Qu Lanyi smiled. “How can the Yun family be a small family? With everything we know right now, and the appearance of the Yun family in that notebook, those families that were recorded in it are all ancient and powerful people. How bad can the Yun family be? It’s absolutely impossible that the Yun Family Badge was broken by the aura of the Lord.”

“So... the Yun Family Badge I got... was tampered with?” Yun Feng immediately looked awful. Qu Lanyi looked at the one Mu Canghai took. “I don’t know if it was tampered with, but Leng Mi has this thing in his hand. It’s very likely that he’s been to the East Continent.”

“I’ve been to the East Continent and the West Continent...” Yun Feng frowned and pondered. “I only met a dark mage in the Yun Palace...”

“Dark element...?” Qu Lanyi suddenly chuckled. “The Yun Family Badge was indeed popular. They had already targeted it at that time.”

“My Yun Family Badge can’t be fake... Nobody was here when I got it. If it was faked, it must’ve been done before I came, or even earlier...”

“We don’t know about this, but it wasn’t in vain for Mo Changge to find this thing.”

Yun Feng held the Yun Family Badge tightly and slowly closed her eyes, trying to infiltrate her mental strength into it. She obviously felt some resistance. “No, there’s a force stopping me.” Qu Lanyi took the Yun Family Badge and outlined the word “Yun” gently with his finger. His thin lips curled up into a cold smile. “It’s just a trick...”

Dark elements suddenly rose from Qu Lanyi’s hand and quickly entered the Yun Family Badge. Something seemed to be surging inside the Yun Family Badge and the color of the jade pendant became more and more turbid. Yun Feng looked carefully and saw that there were dark elements constantly rolling in the jade pendant!

Chapter 1194: The Yun Family Badge Appears (4)

1194 The Yun Family Badge Appears (4)

“They played a trick on it!”

“Humph, it’s just a trick.” Qu Lanyi snorted. The dark elements that invaded it killed the dark elements lurking in the jade pendant! When everything calmed down, the dark elements slowly retreated from the jade pendant and returned to Qu Lanyi’s body.

“Alright, try again.” Qu Lanyi gave the Yun Family Badge to Yun Feng again. Yun Feng held it in her hand and her heart raced. She didn’t know where this Yun Family Badge came from or if she could open it. She would know after giving it a try.

Yun Feng slowly closed her black eyes and her rich mental strength slowly entered the Yun Family Badge. The resistance just then was completely removed and Yun Feng was able to infuse her mental strength into the entire Yun Family Badge. The entire white jade pendant suddenly emitted a few beams of light under the stimulation of Yun Feng’s mental strength. And somewhere far away, in a dark ancestral hall, a jade pendant placed on it also emitted light all of a sudden, piercing through the darkness like the light of dawn!

A glimmer suddenly flashed in the darkness. The two guards standing outside the door suddenly turned around and looked inside attentively for a while. Then, they looked at each other. “Did you see the light?”

“I think... I saw it...”

The two of them waited for a while silently and looked inside through the crack of the door. However, there was no light at all, as if the beam of light just then was just an illusion and never appeared again. Both of them rubbed their eyes hard and waited patiently for a while. Seeing that there was indeed no light again, they couldn’t help but sigh deeply.

“We’ve been here for too long and we’re hallucinating. No wonder the elders are so anxious. The Yun family... Ah!”

The two of them looked at each other, shook their heads and sighed again. Then, they stood in their respective positions again, just like every day and night in the past, guarding this place that wasn’t big but carried all the hope of the Yun family.

“What’s wrong?” Qu Lanyi saw that Yun Feng suddenly opened her eyes. There were even tiny beads of sweat on her forehead. Yun Feng opened her eyes with sweat on her hands. “I can feel that the Yun family’s badge is connected, but my ability can’t last long.”

Qu Lanyi couldn’t help but frown. “Even a grade-2 Emperor can’t last long. This Yun Family Badge seems to be different from the one you got earlier and the one from the Yun family on the West Continent.”

Yun Feng nodded. “About the Yun Family Badge, I think it’s necessary to go back to the West Continent. It’ll be even better if we can contact the headquarters of the Yun family with the Yun Family Badge on the West Continent.”

“Fengfeng, do you have a clue about the headquarters of the Yun family?”

Yun Feng chuckled and put away the Yun Family Badge carefully. "Maybe. There's no trace of the Yun family in the Central Region. They must be in the so-called Inner Region. Those people had the Yun Family Badge in their hands, which shows that the current situation of the Yun family isn't optimistic."

"If we go back to the East Continent, we'll definitely have to open a spatial channel. With Mu Canghai's current level, it's not enough." Qu Lanyi frowned. Yun Feng smiled. "I certainly know that. I just don't know how Senior Yao Guang is doing. If possible, I can only trouble him."

"Yao Guang?" Qu Lanyi frowned. "Wasn't he severely injured because he resurrected Mu Canghai? He's recuperating right now, isn't he?"

Yun Feng chuckled as the dragon-shaped jade pendant appeared in her hand. "I'll ask Senior Yao Guang myself. It'll be great if he's willing to help us. If not, we'll find another way." Yun Feng flashed into the Dragon Palace. Since she had only refined the first and second levels, she went straight to the second level when she entered the Dragon Palace. Seeing Yun Feng come in, Er Lei immediately stood up.

"Yun Feng, why did you come in?"

Yun Feng glanced at Er Lei. "Are you doing well here? Do you want to go out?"

Er Lei burst into laughter. "I'm not going out. This place is quite nice. It's empty and I feel quite comfortable. Right, are there other Magic Beasts here?" Er Lei's gaze suddenly became sharp. Yun Feng chuckled. "Of course, Senior Yao Guang, Senior Yao Guang!" Yun Feng shouted loudly. Her beautiful voice kept echoing in the vast space. Er Lei remained silent on the side. A glint of purple light suddenly flashed through his eyes behind the curtain of hair. Yao Guang...?

"Kid, why are you calling me?" A hoarse voice suddenly came from the depths of the Dragon Palace. Then, Yao Guang's short body appeared in the sky in an instant. He had an extremely young face, but his gray eyes were emitting dignity. Yao Guang looked at Er Lei behind Yun Feng. "Were you the one who caused a commotion here a while ago?"

Er Lei didn't say anything. Yao Guang grunted and floated down to stand in front of Yun Feng. "Tell me. What's the matter? I might be able to help you when I'm in a good mood."

Yun Feng chuckled. "I wonder how Senior Yao Guang's body is recovering."

Yao Guang narrowed his eyes. "Why? Do you want to kick me out?"

"That's not it. It's just that we have to use Senior Yao Guang's spatial ability. I want to open a spatial channel."

Er Lei was stunned and glanced at Yun Feng in surprise, while Yao Guang smiled. "A spatial channel? You're quite cunning, kid. I know my abilities quite well! Unfortunately, even though I've recovered, I can't open a spatial channel. Why don't you let Mu Canghai try?"

Yun Feng smiled. "How would Senior Yao Guang not know Mu Canghai's strength? He only inherited a small part of your ability. Opening a spatial channel is too difficult for him."

"Humph!" Yao Guang snorted coldly and his body suddenly slid into the air. "I only helped you last time because we made a deal. This time, I won't help!"

Yun Feng didn't look disappointed at all. Perhaps she had already expected Yao Guang's reply. With Yao Guang's weird personality, he certainly wouldn't help easily. It was useless for her to say anything else. "In that case, I won't disturb you, Senior Yao Guang."

Yao Guang narrowed his eyes and looked at Yun Feng, as if he wanted to see something on her face. At this moment, a deep voice sounded. "Yao Guang, why do you have to make things difficult for her?"

Chapter 1195: Let's Go Home (1)

1195 Let's Go Home (1)

"It's none of your business!" replied Yao Guang unhappily. Er Lei subconsciously looked around when he heard the voice, but he didn't find anything. What exactly was Yun Feng's so-called Dragon Palace? How many people were locked inside?

Yun Feng raised her brows. She wasn't unfamiliar with this voice. When Yao Guang deliberately made things difficult for her, this voice would appear. Yun Feng had never talked to the master of this voice, so she didn't know what it looked like.

"The Ling family, which has some relationship with you, only survived because of this girl. You have to thank her for this."

"Old man, nobody will think you're mute if you don't say anything!" Fierceness appeared in Yao Guang's gray eyes and his expression instantly became ferocious. Awkwardness seemed to flash through his eyes.

"Hehehehe." The voice laughed, sounding extremely gentle and powerful. Yun Feng raised her little face. "I've heard you speak many times. I wonder what your name is!"

"My name? Haha, there's no need to mention it. Girl of the Yun family, you don't have to ask Yao Guang to open the space channel. The Dragon Palace will deal with it for you." Yao Guang snorted after hearing that. Yun Feng was overjoyed! The Dragon Palace could deal with it? Was there a Teleportation Array in the Dragon Palace?

"So, there's a Teleportation Array in the Dragon Palace?" Yun Feng asked in surprise and the voice laughed again. "Why? Didn't that person tell you anything when you inherited the Dragon Palace?"

Her master didn't tell her anything about the Dragon Palace. Until now, Yun Feng had only used the Dragon Palace as a dimension container and a cultivation place. She really didn't expect there to be a Teleportation Array in the Dragon Palace!

"The thing you have is extraordinary. Find out for yourself!" The voice sounded again. "Yao Guang, this girl is not bad. You're too harsh."

Yao Guang didn't say anything. He turned around and disappeared from this space, but the voice continued. "The Teleportation Array is on the fourth level. Whether you can open it or not depends on your ability. Yun Feng."

Yao Guang disappeared, and Er Lei finally walked over. "Yun Feng, what are Yao Guang and that voice?"

Yun Feng smiled and patted Er Lei's shoulder. "Trust me. I want to know too."

Er Lei was stunned. Yun Feng had already disappeared from the second level. Er Lei stood there in a daze. In the end, he sat cross-legged and supported his chin with his hand, mumbling, "Ao Jin, I really don't understand. Yun Feng has such a thing. What exactly do you have to worry about... Luckily, she's to my taste, or else..."

Once Yun Feng came out of the Dragon Palace, her eyes were full of joy. She told Qu Lanyi that there was a Teleportation Array in the Dragon Palace. Qu Lanyi was also very surprised. While Mu Canghai was recuperating, Yun Feng could continue refining the Dragon Palace. The fourth level... should be fine with her current ability! Once the Teleportation Array on the fourth level was activated, it would be more convenient for her to travel to various places!

Everyone was temporarily settled in this place, as if they were far away from the hustle and bustle of the world. Mo Changge was strictly watched and couldn't leave easily, which made him very frustrated. There was nothing he could do. It was impossible for him to escape from under the eyes of Qu Lanyi and Yun Feng.

Yun Feng was working hard to refine the Dragon Palace. She had refined the first and second levels at the Lord Level, so she should be able to refine the fourth level at the Emperor Level! Refining wasn't as easy as she thought. Besides, it was the Dragon Palace. Yun Feng knew that she couldn't rush it. She tried her best to suppress the anxiety in her heart and refine it carefully.

Yaoyao was the happiest person during this period of time. The small lake next to her became her paradise. Yaoyao's joyful laughter could be heard every day, which made everyone much more relaxed. Mo Changge tried to get close to Yaoyao. After all, other than Yun Feng, she was the only cute little girl left. He didn't expect Yaoyao to show her sharp teeth without hesitation. Luckily, Mo Changge dodged in time, or a piece of his flesh would have been torn off.

Ever since then, Mo Changge had completely stopped. He deeply understood that the appearance of this cute girl was just for show.

Qu Lanyi took some time to go out and find out more information. Leng Mi's death caused a huge impact in the Star Cloud School. After all, he was one of the elders of the Star Cloud School. He heard that the Star Cloud School was hunting down the two people who left with Leng Mi that day. However, after searching for a long time, they found that those two people seemed to have disappeared from the world. The God Level expert who attacked Leng Mi never appeared again.

On that day, Yun Feng and Qu Lanyi didn't attract anyone's attention along the way into Star Cloud. Many disciples of Star Cloud didn't remember what the two of them looked like when they thought about it, which saved them a lot of trouble. Time passed in a blink. Another half a year had passed. Mu Canghai's injuries finally recovered completely with the help of the Golden Cauldron Fluid and he even made progress. And Yun Feng's refinement of the Dragon Palace finally reached her original goal. The fourth level was completely refined!

There were a total of nine floors in the Dragon Palace, not counting the mysterious tenth floor. Once Yun Feng refined a floor, the sound of a huge door opening would come from her mind, as if an ancient door had been opened. Behind the door was a glittering world.

After opening the fourth level, Yun Feng originally wanted to continue refining the fifth level, but she found that she had already reached the limit. She could only refine to the fourth level at the Emperor Level. She might be able to continue refining the fifth level when she reached the God Level! However, as long as she could refine the fourth level, it was already enough for now!

After entering the fourth level, what Yun Feng saw wasn't a Teleportation Array, but three huge screens that each displayed a scene. Yun Feng looked carefully. The first screen displayed the Foggy Forest! The Foggy Forest next to Chunfeng Town on the East Continent!

The second screen displayed the scene of the Endless Ocean! The Endless Ocean... Yun Feng looked at the clear and constantly surging seawater on the surface carefully. The second place was the Endless Ocean... Then, the third place...

Yun Feng looked over. The scene displayed on the third screen was the Innocent Forest that Yun Feng had been to in the Central Region!

The Foggy Forest, the Endless Ocean and the Innocent Forest. These three places weren't random. They must mean something... Yun Feng was puzzled in her mind and couldn't find anything right now. She stepped forward tentatively. Instantly, light burst out from the bottom of the screen and a huge Teleportation Array appeared. Yun Feng's red lips curled up when she saw this. Yun Feng didn't need to rely on the spatial channel between the East Continent and the Central Continent anymore. Now that she had these three Teleportation Arrays, she could go back and forth directly! As for entering the Inner Region, she would probably have to use other means. Right now, she had to go back to the West Continent to send Mo Changge back first. Then, she would ask Uncle Tianfan something. She still had a lot of questions about the Yun Family Badge.

Chapter 1196: Let's Go Home (2)

1196 Let's Go Home (2)

Yun Feng glanced at the scene of the Foggy Forest with her black eyes. The first thing she had to do before she went to the West Continent was to go home!

The Space Teleportation Array on the fourth level was opened. Yun Feng was prepared to go back immediately. Mu Canghai's injuries had already recovered completely. There was no reason for them to stay here anymore. The Dragon Palace was no stranger to them other than Mo Changge. They must keep the matter of Dragon Palace a secret from Mo Changge. Once the Thousand Snow Hall's Master knew about this item, he would inevitably have other thoughts. Even though he was no longer a threat to Yun Feng with her current strength, she still had to consider the Yun family on the West Continent.

Before entering the Dragon Palace, Mo Changge was blindfolded. Mo Changge had no objection to this. He knew that Yun Feng didn't trust him completely. Even though he was a bit uncomfortable in his mind, it was normal for her to be worried because of his identity as the brother of the Thousand Snow Hall's Master. Mo Changge was quite cooperative. The three contracted Magic Beasts returned to their Rings of Contract. When they heard that they were going to send Mo Changge back, the three Magic Beasts agreed unanimously.

Mu Canghai, Qu Lanyi and Mo Changge, who was blindfolded, were dragged to the fourth level of the Dragon Palace by Yun Feng. After seeing the three huge scenes, Mu Canghai and Qu Lanyi couldn't help but feel extremely surprised. "It's truly... unexpected." Mu Canghai sighed. There was a Teleportation Array in the Dragon Palace!

Qu Lanyi, on the other hand, glanced at the empty spots next to the three Teleportation Arrays with his black eyes and didn't say anything. Yun Feng chuckled and stood in front of the huge scene of the Foggy Forest with them. Mo Changge asked curiously, "What can't you think of? Is there anything good?"

"Shut up," said Mu Canghai coldly in an unpleasant tone. The Teleportation Array under their feet had already lit up and the familiar spatial power appeared. Mu Canghai's pupils narrowed. Such a great spatial power... Who left this Teleportation Array here and who built it? Such spatial power was already comparable to Senior Yao Guang's ability!

"Swish..." The light of the Teleportation Array suddenly rose and swallowed the few of them completely. In an instant, the few of them had already disappeared from the spot, and the space around the dragon-shaped jade pendant also distorted at the same time. It was swallowed by the distorted space and completely disappeared.

The Teleportation Array in the Dragon Palace didn't bring any discomfort. Compared to the Teleportation Array in the Central Region, the Teleportation Array in the Dragon Palace was more powerful and stable. Especially, the distance covered by the two of them couldn't be compared at all, which showed how powerful the Dragon Palace was.

The Foggy Forest next to Chunfeng Town on the West Continent was still the same. The mercenaries who came to hunt Magic Beasts didn't stop coming, but under the governance of the Yun family, it was more organized and safer. A space in the Foggy Forest suddenly distorted slightly and a tiny vortex appeared in the space. The vortex kept deepening and expanding, causing the Magic Beasts around to panic inexplicably. When the vortex expanded to the largest size, a dragon-shaped jade pendant fell from it. Then, a beam of light suddenly shot out of the jade pendant. When a few figures appeared in the Foggy Forest, a powerful aura that couldn't be suppressed in time immediately spread!

The Magic Beasts were so frightened that they immediately ran in all directions. The old man, who had been closing his eyes deep in the Foggy Forest, suddenly opened his eyes at this moment!

"M-Master..." A figure rushed over in a hurry with indescribable panic on his face. The old man sat there and smiled kindly. He narrowed his eyes slightly. The sunlight shone through the leaves, casting mottled shadows around the old man.

"It's fine. It doesn't matter what that girl does," said the old man indifferently with a smile that couldn't be hidden on his face. The man who came to report nodded in fear. "Yes, yes, as you wish, my lord." He staggered back. This aura was so fierce. Who exactly came to the Foggy Forest?

The old man sat on the stone bench leisurely. The smile on his face became more and more obvious and his body also swayed gently a few times. "This little girl has reached such a level. She really didn't let me down. I was right about this girl back then. Haha, Ah Jin, you'll lose the bet after all."

Yun Feng and the others came out of the Dragon Palace. When they opened their eyes, they saw the familiar scene in the Foggy Forest. A leisurely and friendly feeling rose from the bottom of their hearts.

Yun Feng couldn't help but feel a bit excited in her mind. "Restrain your aura," Yun Feng whispered. The others also restrained their auras, which temporarily calmed the commotion of the Magic Beasts in the Foggy Forest.

Mo Changge's eyes were freed. He opened his eyes and looked. "The East Continent? It's been a long time."

Yun Feng glanced at Mo Changge. She really wanted to send this annoying person back to the Thousand Snow Hall's Master in her mind, but after returning to the East Continent, Yun Feng also wanted to meet her family. It had been a few years since they last met.

"I'll send him back," said Mu Canghai. Yun Feng was startled. "Don't you want to see Xiaojin?"

"Just check her out for me. It's more important to send him back first." After saying that, Mu Canghai raised his brows and glanced at Mo Changge. Mo Changge raised the corners of his mouth. "Alright, alright, I'll go back. However, Yun Feng..." Mo Changge winked at Yun Feng and said, "The Yun family has probably moved to the Thousand Snow Hall. Has our relationship improved?"

"Go back!" said Qu Lanyi coldly. There was a hint of anger in Mo Changge's eyes. "Qu Lanyi, don't think you'll occupy her forever!"

"Humph! You don't have a chance at all." Qu Lanyi chuckled with a hint of provocation in his eyes. Mo Changge's facial features couldn't help but twitch. In the end, he looked at Yun Feng deeply and left. "I'll send him to the Thousand Snow Hall's Master and come back for you."

"No need. Just wait for me in the Yun family on the West Continent."

Mu Canghai nodded. He wanted to say something, but he smiled and quickly chased after Mo Changge. Yun Feng smiled and took the initiative to hold Qu Lanyi's big hand. She said in a low voice, "No matter who it is, I'm always with you. Do you understand?"

Qu Lanyi's cold face suddenly melted because of what she said. His thin lips slowly curled up and he held Yun Feng's hand even tighter. "Of course I understand. I understand very well."

The two of them left the Foggy Forest together. Only then did the Magic Beasts that had been fleeing around dare to show up. They were all extremely shocked in their minds. Who exactly were those two people just then? Were they those hidden masters?

Chapter1197 Let's Go Home (3)

As they walked out of the Foggy Forest, Yun Feng and Qu Lanyi saw the mercenaries stationed around the outermost area of the Foggy Forest. Their enthusiasm for catching Magic Beasts didn't reduce at all, but they were much more organized than before. Yun Feng couldn't help but remember the first time she came to the Foggy Forest when she was young. At that time, she took care of a grade-5 mercenary with her own hands.

The two of them walked past at this moment. The mercenaries around couldn't help but feel curious when they saw them. Some of them wanted to go forward and ask, but for some reason, the aura around the two of them made them not dare to get close. The mercenaries could only watch the two of them leave from afar. They walked all the way to Chunfeng Town. It had been a few years since they

returned. Chunfeng Town was still the same, but with a hint of peace and tranquility, as if this would be a paradise even if there were conflicts in this world, because the Yun family was here.

After a few years, the large and small families in Chunfeng Town also changed invisibly. Apart from the Yun family and the Mei family, new families kept rising and old families kept falling. The Mei family was an old family in town, while the Yun family was an existence that all the families in Chunfeng Town admired and yearned for. It was the same no matter how many years had passed.

Yun Feng walked all the way into Chunfeng Town. Since she didn't show up in town often in the past and it had been a few years, and Yun Feng's appearance had also changed to a certain extent, nobody recognized her immediately. However, a handsome man and a beautiful woman always had eyes following them wherever they went.

Some strangers were wearing clothes with the word "Yun" engraved on them. Yun Feng recognized with a glance that the Yun Army must have absorbed fresh blood. The dozens of people who survived back then should be core members of the Yun Army now with her father.

Most of these new members of the Yun Army certainly didn't know Yun Feng. They didn't know that the beautiful girl who passed by them was the legendary figure of the Yun family, Yun Feng, the Young Lady of the Yun family whom they talked about every day.

"Ah... I've been in the Yun Army for at least three years, but I still haven't had the chance to meet Miss Yun... Ah!" A sigh sounded. Yun Feng couldn't help but smile after hearing that. Qu Lanyi looked at her dotingly. His wife was remembered and admired by countless people everywhere.

The two soldiers of the Yun Army leaned against each other lazily and talked to each other with regret on their faces. "You've been in the team for three years. I've been in the team for almost five years, but I haven't seen my Lady yet. I really envy the captains. They've seen the lady..."

"When will the Young Lady come back..."

"How would I know? I only know that my Lady is traveling. She might come back anytime..."

"Hey, hey, hey! If I had been born a few years earlier, I would have... met her no matter what!"

Hearing this, Yun Feng couldn't help but chuckle. The two soldiers of the Yun Army couldn't help but blush when they heard Yun Feng's laughter. The two of them immediately posed and were a bit embarrassed. Even though this was already an open matter, it was still very inappropriate for people to know what they were thinking.

"You joined the Yun Army a few years ago?" Yun Feng stepped forward and asked. Both of them were stunned and they replied subconsciously, "I joined four years ago and he joined three years ago."

Yun Feng nodded. "How many members of the Yun Army in Chunfeng Town are there right now?"

"There are a total of a hundred people divided into ten teams." One of them wanted to bite his tongue after answering. Why did he have to answer so quickly?

Yun Feng smiled. "Is Master Yun here or in Mu City right now?"

“Master returned to Chunfeng Town two years ago...” Yun Feng chuckled. “Got it.” Then, she turned around and left. The two warriors both bit their tongues secretly. “What’s going on? I’ll answer whatever she asks!”

“Me... Me too. I can’t help but answer...”

“You two, why aren’t you patrolling? What are you mumbling about?” A tall figure walked over and the two warriors immediately shouted, “Captain!”

The man frowned. The two warriors knew that their captain was a bit angry, so they quickly replied, “Captain! A strange woman asked us a lot of questions just then. They’re all about the Yun family and the Yun Army... She even asked us where the master is!”

The man immediately frowned after hearing that. “What does that woman look like?”

“Captain! That woman is extremely beautiful. She speaks extremely gently and when she smiles, she’s even more...” The warrior suddenly straightened his body halfway. “What I mean is that this woman is extremely beautiful and looks very friendly!”

The man frowned more and more tightly. Then, his eyes brightened and his furrowed brows instantly opened. “My Lady... It must be my Lady!” The man immediately turned around and left, while the two warriors were completely dumbfounded. “Hey, did you hear what the captain said just then?”

The other warrior nodded dumbfoundedly. “I did. The captain said...” The two of them looked at each other and shouted, “My Lady is back!”

Yun Feng walked to the door of the Yun house. It was still the same small mansion. No matter how many years had passed, it was still as simple as before. She gently pushed the door open and a familiar aura came from inside. Yun Feng closed her eyes gently, as if she had returned to her childhood. When she opened her eyes, the old butler with tears flowing down his face was already standing in front of her. “My Lady, you... You’re back...”

Yun Feng smiled with deep warmth in her eyes. “Yes, I’m back.”

The old butler wiped away all the tears in his eyes and looked at the mature girl standing in front of him with his wet eyes. More than a decade had passed in a blink. She was the little Young Lady in this small yard back then, but she had already become so gorgeous now. Everyone on the East Continent and the West Continent knew the name Yun Feng.

“My Lady, Master is in the study. He was thinking about you a few days ago. I didn’t expect you to come back.”

Yun Feng nodded with a smile. “Butler, thank you for taking care of my father these years.”

“You’re too kind... My Lady, go in quickly!”

Yun Feng nodded. Qu Lanyi chuckled. “Go. I can’t be there when you meet my father-in-law.”

“Young Master... Why don’t you walk with me?” The old butler smiled. Qu Lanyi nodded. Yun Feng looked at Qu Lanyi’s back as he left with indescribable gratitude in her mind. She found the familiar path and pushed open the door of the study. A beam of sunlight flashed through the window and shone into

the room, bringing a faint warmth. The man, who was reading at the table, raised his head. He was stunned for a moment when he saw someone push the door open and enter.

Chapter1198 Returning to Masang (1)

“Feng.” It was a faint call. Yun Feng only felt that her heart was racing after hearing it. She took a few steps inside and stood in front of the man. “Father, I’m back.”

Yun Jing put down the book in his hand and looked at his daughter in front of him carefully. His black eyes glittered. “Alright, it’s great that you’re back.”

The father and daughter looked at each other and didn’t say anything else. The air was warm and so were their hearts.

“How’s the Golden Dragon Blood in father’s body?” Yun Feng looked at her father’s younger face and asked with concern. Yun Jing frowned slightly. “The Golden Dragon Blood makes me younger. When I stand next to Sheng right now, it’s as if we’re brothers.” Yun Jing was also a bit frustrated in his mind when he said this. “Feng, where have you been all these years? Tell me.”

Yun Feng sat down with a smile. She certainly couldn’t tell him everything. There were some things that her father didn’t need to know. Yun Feng only said a few words casually about everything she encountered on the Central Continent in the few years she was away from home. Yun Jing didn’t ask anymore. He certainly knew what his daughter was thinking and didn’t want to ask for more.

“Why aren’t you with my brother and Xiaojin?” The soldier of the Yun Army just then said that Yun Jing had already returned to Chunfeng Town two years ago. He used to be in Mu City with Yun Feng and Mu Xiaojin. Yun Jing raised his eyebrows. Even though he was getting younger, his personality was getting more serious. Even though his facial features were expressionless, Yun Feng saw the pride in his eyes clearly.

“Qingchen is already old enough to study in Masang School of Magic. Your brother and Xiaojin certainly have their own things to do.”

Little Qingchen went to the Masang School of Magic? After being surprised, Yun Feng thought carefully. That’s right. Even though Little Qingchen hadn’t reached the age yet, with Little Qingchen’s potential and the identity of the Yun family’s bloodline, it was obvious that the Masang School of Magic had made an exception and accepted him.

How old should this kid be right now? He should be ten years old... Thinking of this kid, Yun Feng couldn’t help but feel happy in her mind. Yun Jing chuckled. “After you left, that kid missed you a lot. He kept pestering Xiaojin and Sheng, asking when his aunt would come back.”

Yun Feng also smiled. Even though her nephew hadn’t been with her for long, he was extremely close to her. Perhaps they were both summoners, so it was natural for them to be close by blood. Right, this kid was at this age. She wondered if he had contracted a Magic Beast... Thinking of this, Yun Feng had the urge to see Yun Qingchen. If his contracted Magic Beast wasn’t good, she would certainly prepare the best for him!

“Alright, Feng, you should go and see your brother and Xiaojin,” said Yun Jing. Yun Feng also nodded. She must go and see them. “Father, I’ll go first.”

Yun Jing nodded. He didn't ask Yun Feng if she was going to leave this time or when she would be back. Perhaps everything was in his heart. He knew that his daughter was going to make great achievements. Even though Yun Jing didn't say anything, Yun Feng knew that her father cared about her. Even though he didn't talk much every time, everything was already in her heart. Even though he was silent and taciturn, this was her father.

After walking out of the study, Qu Lanyi and the old butler were talking happily not far away. Yun Feng walked over and the old butler turned around. "My Lady, have you finished talking to the master? I'm telling the young master about your childhood."

Young master? Yun Feng chuckled secretly. He knew how to get closer to the future son-in-law of the family.

"Fengfeng, I didn't expect you to be so mischievous as a kid," teased Qu Lanyi. Yun Feng smiled helplessly. "Butler, I've already told my father that I'm going to visit my brother and Xiaojin."

The butler couldn't help but feel a bit disappointed. "My Lady, you're leaving already?"

Yun Feng nodded. "I came back for something this time. I can't stay for long. I'll probably have to set off again in a few days."

The old butler sighed. "My Lady, you're going to do great things... Don't you want to meet the soldiers of the Yun Army?"

Yun Feng smiled. "I have. The Yun Army is very well-trained right now. I'm very satisfied."

The old butler was stunned. When had the Young Lady seen them? Qu Lanyi put on a gentle smile. "Old butler, I'm here for her. No need to worry."

The old butler chuckled. "Of course. With Young Master taking care of my Lady, I'll certainly be at ease."

"Alright, you talk too much," said Yun Feng with a blush. Qu Lanyi smiled even more happily. Seeing how shy Yun Feng was, the old butler was a lot comforted in his mind. "My wife has said so. I won't say anything else." Qu Lanyi blinked twice. Yun Feng rolled her eyes at him. "Butler, I'll go to Mu City first. The next time I come back... I'll definitely stay for a few more days."

"Yes, yes!" The old butler's eyes couldn't help but become hot again. She came and went in a hurry every time. Even though the family didn't say anything, everybody hoped that the Young Lady could stop working so hard and stay in this family for a few more days.

Qu Lanyi pulled Yun Feng into his arms with a smile and held her. "We're leaving." As soon as he said that, the two of them had already soared to the sky and disappeared in an instant. The old butler raised his head and looked. He was even more amazed at Yun Feng's extraordinary ability. The husband she found must be an expert!

"Butler, butler! My Lady, where's my Lady?" The door of the Yun family's house was suddenly pushed open. A dozen elites of the Yun Army rushed in, all of them panting. The old butler glanced at them and pointed at the sky. "She just left."

“What?” The dozen people immediately collapsed after hearing that. They had rushed over with their lives and a few of them were somewhere else. They rushed back just to see Yun Feng, but who would have thought... Ah!

“Never mind, brothers. We didn’t meet her this time. We’ll definitely meet her next time.” One of them said while panting. He leaned against the door and took a deep breath. The others said regretfully, “It’s not that simple...”

The dozen people all sighed. The old butler couldn’t help but smile when he saw that. These people were all elites of the Yun Army. They were so dignified in front of those newbies, but when Yun Feng was mentioned, they were all like impetuous young men. My Lady... These people looked forward to your return from the bottom of their hearts. They missed you. You must take care of yourself.

Chapter1199 Returning to Masang (2)

It only took Yun Feng less than half a day to rush all the way to Mu City. Right now, the entire East Continent was just a day’s time for Yun Feng. The journey that was long for her in the past would only take her a day now.

Mu City was originally a second-rate city, but because Mu Xiaojin married into the Yun family, the status of the Mu City in the Fengyun Empire was completely different from before. With Mu Xiaojin’s governance and Yun Sheng’s help, Mu City had already become more and more prosperous. It had already become one of the top cities in the Fengyun Empire over the years. Even though it couldn’t compare to the prosperity of the capital, it was almost on par.

As soon as they arrived in the sky above Mu City, Yun Feng clearly felt that the original small city had been expanded a lot. Ge Yuan and the capital were just this large. Xiaojin had indeed matured a lot over the years. “She is quite smart.” Qu Lanyi was also surprised. He didn’t expect Mu Xiaojin, who had a weak personality and didn’t dare to speak loudly back then, to be able to take care of Mu City to this extent. Time was truly magical. It could make a person change so much.

“As the leader of the Mu family, Xiaojin has been in this position until now. I can see that she’s working hard.” Yun Feng was gratified. Perhaps Mu Canghai’s resurrection made up for the missing part in Mu Xiaojin’s heart, and her brother had deep feelings for her, which allowed her to achieve her current achievements.

The Mu family’s mansion was still the same as before. Mu Xiaojin hadn’t changed much, but had renovated it. Yun Feng and Qu Lanyi landed from the sky without disturbing anyone. Although the Mu family was prosperous, there weren’t many servants in the mansion, which made it quiet. Yun Feng walked all the way to the main hall. She didn’t meet anyone on the way. As soon as she arrived not far away from the main hall, a voice came from the main hall.

“Master Mu, you’ve only had Yun Qingchen after you married into the Yun family all these years. Do you think one son is enough for a family like the Yun family?” This was a very provocative voice. Yun Feng raised her brows and took a few steps forward without batting an eyelid. She saw the scene in the main hall. Mu Xiaojin was sitting upright with a cold face. A few gorgeous young women and two noble ladies were sitting on both sides.

“That’s right. The Yun family has a huge business right now, so it certainly has to have more descendants to make the family prosperous! So many famous families have wanted to marry into the Yun family over the years, but you stopped them. To put it bluntly, will you still be able to give birth in a few years? If something happens to Yun Qingchen, the Yun family’s lineage will be considered extinct.”

Yun Feng suddenly became a bit colder. Qu Lanyi whispered, “What a sharp-tongued bitch. The Yun family’s current prosperity has aroused the ambition of many foxes and wolves. They want a share.”

Yun Feng remained calm and looked at Mu Xiaojin, who was equally cold, with her black eyes. Mu Xiaojin said coldly, “Even so, it’s not your place to enter the Yun family!”

“You!” The person who was interrupted looked embarrassed. Another person suddenly smiled. “Master Mu, as the daughter-in-law of the Yun family, you certainly have to think for the Yun family. You’re too selfish right now. The Yun family only has one descendant right now, Yun Sheng. The bloodline is very thin! If you don’t think for the Yun family anymore, the Yun family will blame everything on you if anything happens to them in the future...”

Mu Xiaojin snorted. “The Yun family certainly doesn’t need anyone to care about it. The Yun family never cares about other people’s theories. Some people don’t know their place and come to our door shamelessly. Is there no one who wants those women? You want to send them to the Yun family. Do you think they deserve it just because of their look?”

“Mu Xiaojin! You...”

“You’re right. The Yun family has always advocated monogamy since ancient times. All the children of the Yun family have followed it. Everybody has only one partner. They’ll be together forever.” Yun Feng walked out and said coldly. She glanced at the few beautiful women sitting in the main hall with her black eyes. The few women couldn’t help but feel cold when Yun Feng glanced at them. They couldn’t help but sit uneasily. Coupled with Yun Feng’s appearance, they felt ashamed of their inferiority and they all lowered their heads.

“Who are you?” The two middle-aged women glanced at Yun Feng suspiciously, while Mu Xiaojin bit her lips and looked at the mature girl in front of her. Yun Feng smiled lightly. “You’re not qualified to know who I am. From now on, if anyone else is shameless enough to come to this door, don’t blame me for being rude!”

Her words were gentle, but they were full of pressure. The two women immediately turned pale and their lips trembled. There was an inexplicable fear in their hearts. They could only leave the door of the Yun family with the few women who had already lowered their heads and didn’t dare to look at her.

“Xiao Feng... You’re back.” After everyone left, Mu Xiaojin finally said with a tremor in her voice. Yun Feng walked up and held Mu Xiaojin’s slightly cold hand. “Where’s my brother? Why isn’t he with you?”

“He went out to do something. It’s alright.” Mu Xiaojin shook her head. Her face was no longer young and her eyes were also full of dignity. However, in front of Yun Feng, she became like before.

“There are still a lot of people who have designs on the Yun family. It seems that I should make an example out of them and cut off the dirty thoughts in everyone’s mind.”

Mu Xiaojin chuckled. "It's fine. These people are just wishing. Brother Yun Sheng and I won't care about them at all. However, I only gave birth to Qingchen. The bloodline of the Yun family..."

"Little Qingchen is enough. Besides, the bloodline of the Yun family will be continued by you, Xiaojin!" What Yun Feng said made Mu Xiaojin's heart warm. In Yun Feng's eyes, the Yun family didn't have to worry about the bloodline at all. The summoner bloodline of the Yun family had already awakened in Yun Qingchen. Mu Xiaojin could be considered a great contributor.

Speaking of Yun Qingchen, the two of them talked for a while longer. Mu Xiaojin's eyes were full of pride. Yun Feng couldn't help but smile when she heard Yun Qingchen's glorious deeds over the years. That kid turned out to be mischievous. He had given Xiaojin and her brother a lot of headaches over the years. Fortunately, he went to the Masang School of Magic two years ago and was quite restrained there. Xiaojin and her brother finally lived in peace for a while.

She only stayed in the Mu family for half a day. Even though Mu Xiaojin still had a lot to say to Yun Feng, she knew that Yun Feng wasn't staying for long this time and had to set off again. She was certainly a bit regretful that she didn't see Mu Canghai, but she was also deeply gratified to know that her brother was fine.

Chapter 1200 Returning to Masang (3)

Yun Feng learned something very important from Mu Xiaojin. It could be said that there was a huge change on the East Continent. The Cashya Empire had already disappeared. To be exact, the royal family of the Cashya Empire angered Shengyao and Ovey for some reason. The two countries joined forces and started a war against Cashya. Cashya was surrounded by enemies. The Fengyun Empire was quite neutral. You can fight if you want. I'm just here to watch.

One country against two countries certainly couldn't win. Under the joint attack of Ovey and Shengyao, the Cashya Empire was destroyed and the land of Cashya was quickly carved up by the two empires. The East Continent didn't have four empires anymore. Ovey, Shengyao and Fengyun stood with their heads held high. Even though Ovey and Shengyao's land area was larger than Fengyun's, the two countries didn't dare to attack Fengyun easily. They were afraid of the Yun family, or more precisely, Yun Feng.

Even though the Yun family hid in the Fengyun Empire and didn't care about anything, if they really did anything to the Fengyun Empire, the Yun family wouldn't just stand by and do nothing. Once they angered the Yun family, the Yun Army, the Red Maple Mercenary Team, even the Mercenary Union and the other powerful organizations that were inextricably linked to Yun Feng of the Yun family, certainly wouldn't be spectators. Unknowingly, Yun Feng was involved with the powerful organizations on the East Continent and these powerful organizations valued Yun Feng very much. Yun Feng already had an unshakable position on the East Continent and the Yun family was even more unshakable.

The Cashya Empire had already been destroyed. Naturally, Ovey and Shengyao had stopped. The Fengyun Empire was still the same. Even if Ovey and Shengyao joined forces, they wouldn't dare to do anything to Fengyun. The things that happened between the Karan Royal Family and the Cashya Empire's capital were still vivid in their minds. They dared not to forget Yun Feng's stingy personality.

!!

Provoking Yun Feng was no different from provoking the God of Death.

Yun Feng only smiled casually after hearing that. The Cashya Empire was destroyed after the Summoners' Convention. It was only a matter of time. The war between the three countries didn't affect the Fengyun Empire at all, which made the people of the Fengyun Empire more stable and they trusted the Yun family more. Right now, the people of the Fengyun Empire all believed that as long as the Yun family was here, as long as Yun Feng was here, they would be fine no matter what happened. Who would have thought that the declined family in the remote Chunfeng Town would become the faith and spirit of the entire Fengyun Empire today?

After leaving Mu City, Yun Feng went to the capital and stayed for about ten minutes before she left. However, ever since then, nobody dared to think about entering the Yun family anymore. All the large and small families had given up thinking about the Yun family.

"Why are you so fierce? The Shang family and the De family have been doing well these years." A figure quickly flashed in the sky, like a halo. Qu Lanyi made fun of her. Yun Feng smiled. "The reason why so many people refuse to give up is naturally because they're indulged. Do those two old foxes think I don't know what they're planning? They're thinking of using other families as a stepping stone."

Qu Lanyi raised his thin lips. "For the sake of the family, they certainly have to seek the highest interests."

"Hm, I don't care about them plotting against other people, but if they want to do anything to the Yun family, don't even think about it!"

"Isn't it great now? I don't think anyone will have such thoughts in the future."

"That'd better be the case..." Yun Feng frowned. The Shang family and the De family didn't have the courage to do anything behind her back. Seeing that Yun Feng's face was still cold, Qu Lanyi said, "You're not going to the Mercenary Union? Or the Pharmaceutical Institute?"

"No, time is tight this time. I don't want to meet everyone... I'll certainly have a chance in the future." Yun Feng looked ahead. There was only one person she wanted to see right now, that handsome nephew who had already grown up. She wondered if that kid would be as close to her as before when they met this time.

"I knew that kid would occupy your heart the moment you came back." Qu Lanyi's rather resentful voice sounded. Yun Feng was delighted. Seeing Yun Feng smile, Qu Lanyi was also a bit happier. Looking at the familiar outline of the school not far ahead, Qu Lanyi looked at the deep forest below.

"Go see that kid yourself. It's better for me not to see him. I don't want to slap that kid away when the time comes."

Yun Feng smiled and nodded. This man... was jealous of everyone. Little Qingchen was her nephew. Wasn't he also his nephew? Seriously... "Where are you going?" Yun Feng asked. Qu Lanyi pointed at the forest below. "I'll go meet my old friend."

Old friend? Yun Feng looked down suspiciously and didn't say anything. She only nodded and rushed forward, but she was suddenly grabbed and dragged into a warm embrace. "My wife, you said that the Yun family is monogamous. I'm the only one you can have in this life. Don't you feel regretful?"

Yun Feng lowered her head and smiled gently. Her hand climbed onto the back of the man's hand and held it. "Do you feel regretful? I'm the only one you can have in this life."

The man sighed softly and held her tighter. "No, I'll only have regrets if I don't meet you."

She smiled gently with her red lips and her black eyes became warm. "I'm the same."

The man's pleasant and deep voice came as he let go of her arm. "Remember to come out soon, or I'll go in and catch you."

Yun Feng watched Qu Lanyi leave and smiled helplessly, but her heart was full of sweetness. She turned around and continued rushing forward, directly passing through the restrictions set up outside by the Masang School of Magic. What she saw was the same as when she was here.

There were a lot of young, energetic faces and laughter. Yun Feng couldn't help but think of her days in the Masang School of Magic, where she met Qu Lanyi, her brother and Mu Xiaojin. The rise of the Constellation Society, Ling Xiaoyun... There were a lot of other people. It seemed that a lot of people and things started in the Masang School of Magic. This was like a starting point.

Yun Feng didn't hide herself. The students passing by her couldn't help but look at her a few more times. Luckily, Yun Feng's appearance was maintained in an extremely young state. Even though she was mature compared to these kids, she didn't seem too old. The other students might think that she had been in the school for a couple of years.

"The society ranking contest is about to begin. If everything goes well, the Constellation Society will surely remain the champion!" A few students walked past Yun Feng. Society ranking contest? Hearing the familiar words, Yun Feng couldn't help but smile. It seemed that the Constellation Society had already been the champion steadily.
