Chapter 1201 Returning to Masang (4)

“What else could it be other than the Constellation Society? Look at the senior members of the Constellation Society. Yun Sheng, Yun Feng and Mu Xiaojin are all famous figures!”

“Indeed. I can’t imagine what the Constellation Society was like when Master Yun Feng was here!”

“If we had been born a decade earlier, we might have been able to see it. I heard that there was a Fire Society that fought with Master Yun Feng back then and was destroyed!”

“Hahaha, the Fire Society is probably just a bunch of idiots!”

Yun Feng smiled and didn’t say anything after hearing that. She didn’t expect that someone would mention what happened to her back then. Since Little Qingchen had entered the Masang School of Magic, and her father and aunt were both senior members of the Constellation Society, it was natural that he should join it. The society office building was still as popular as before. The arrival of the society ranking contest made many societies take this opportunity to recruit members. Yun Feng approached the society office building with a smile. Before she entered, she had already seen a heated scene.

“You’re from the Constellation Society. Why are you bullying other people?” A little girl fell on the ground with clear finger marks on her face. A few girls surrounded her and looked at the young people who were smiling mischievously. Yun Feng frowned. Were they from the Constellation Society?

“We’re bullying you, so what?!” The young men burst into laughter arrogantly. All the girls were infuriated. “The Constellation Society’s reputation is ruined because of scum like you! If Master Yun Feng were here, she wouldn’t have spared you!”

“Hahaha! You only know how to talk! If you have the ability, do it! I’ll cripple you!” The few young people said with a vicious look and laughed arrogantly again. Yun Feng sneered. They were just a few Grade-5 mages. The kids nowadays also knew how to borrow power to intimidate others.

“You...”

“Bitch! I beat you because I think highly of you! Come to the Constellation Society if you can. Not to mention that Master Yun Feng isn’t here, even if she was here, she’d only side with her own people!”

“Apologize.” Suddenly, a voice came. The students around all looked back and saw a beautiful woman standing behind them. She looked a bit older than them. Who was she?

Yun Feng walked forward from the back with a cold face and looked at the few arrogant and condescending boys in front of her. The few young people were shocked by Yun Feng’s gaze and couldn’t help but take half a step back. Their momentum was completely gone. “W-Who are you... Why... Why should I apologize...”

Yun Feng lowered her head and helped the little girl up from the ground. The few girls all looked at Yun Feng in shock as. Her hand gently brushed past the little girl’s swollen cheek. A stream of cold water element instantly eliminated the little girl’s mark of being slapped completely.

The few girls all widened their eyes and retreated behind Yun Feng, looking at her curiously again and again. Who exactly was she?

“The Constellation Society is truly unlucky to have you here.” Although the Constellation Society wasn’t founded by Yun Feng, it was built by her brother, Yun Sheng. Even though the Constellation Society had a high status, not all of its members were good people.

“You... You’re talking about us...” The few young people immediately blushed. The momentum around Yun Feng’s body made their hearts pound constantly and they couldn’t say anything to refute her at all. After a while, the crowd dispersed again and a young man walked over with a few people behind him. “What happened? What’s wrong with you?”

Yun Feng glanced at the young man. He was quite good-looking, but he was impetuous and short-sighted.

“P-President, she... She said something bad about the Constellation Society!” The few young people immediately found someone to rely on. Yun Feng raised her brows. The young man sized Yun Feng up carefully and felt depressed in his mind. The girls behind Yun Feng said, “She didn’t say anything bad about the Constellation Society. She said that you rat shit ruined the Constellation Society’s reputation!”

“You...” The guys had to hold back their words because of Yun Feng. The leader of the Constellation Society frowned. “It’s not up to others to criticize the members of the Constellation Society.”

“I don’t have the energy to criticize other people. Let them apologize,” said Yun Feng. As the president, the young man frowned again. “Apologize?”

“P-President, those bitches spoke ill of you. We just taught them a lesson...”

The young man, as the leader, raised his eyebrows. Yun Feng smiled coldly when she saw his eyes. She had never thought that the Constellation Society would end up like the Fire Society. How did such a person become the leader?

“We’re telling the truth! De Yunzhi, you know very well how you became the leader of the Constellation Society. If it weren’t that Yun Qingchen didn’t intend to compete with you, do you really think you could sit steadily with your strength? What did you do after you became the leader? You bullied people everywhere with these dogs relying on the reputation left by Master Yun Feng. You used the Constellation Society and Master Yun Feng to make trouble at every turn. What right do you have to be the leader? If Yun Qingchen was willing to be the leader, would you still have a place?” The girls all said with righteous indignation. Yun Feng listened. De Yunzhi? The De family? Hm, the De family must’ve wanted to dominate the world in her absence.

De Yunzhi suddenly narrowed his eyes. “If Yun Qingchen wants this position, let him take it. If Yun Feng weren’t here, I wouldn’t have wanted to take the position!”

“How can you call Master Yun Feng by her name directly?”

“Why can’t I just call her that? The Yun family is impressive, Yun Feng is impressive. But no matter how impressive they are, the De family is still the one who manages the Feng Yun Empire!”

“De Yunzhi, if you talk more loudly, wind will fill your mouth through your missing tooth.” An extremely lazy voice sounded. Yun Feng smiled after hearing that. It had been a few years since she last saw this kid. He wasn’t like her brother and Xiaojin at all.

“It’s Yun Qingchen...” Immediately, the crowd discussed. Yun Feng smiled proudly and looked at the affection in the eyes of the girls and the envy and admiration in the eyes of others. With Little Qingchen’s talent, he had to be at the top of the Masang School of Magic.

A young man with a handsome look slowly walked over from the back of the crowd. He had Yun Sheng and Mu Xiaojin’s eyes. Even though his facial features were still young and his height wasn’t outstanding, it wasn’t difficult to see that he would become a charming young man in a few years. Countless girls would be fascinated by him. Many girls in the Masang School of Magic were already attracted to him.

Chapter 1202 Returning to Masang (5)

Yun Qingchen had just walked forward when he saw an extremely familiar figure. He blinked in disbelief. When he finally saw that face clearly, Yun Qingchen whispered in disbelief, “Aunt...”

Yun Feng looked at the young man, who was almost as tall as her, with a smile. She said warmly, “Little Qingchen, it’s been a few years. I almost couldn’t recognize you.”

“Are you really my aunt? Am I seeing things...” Yun Qingchen stood there in disbelief after all. After mumbling to himself, he rubbed his eyes fiercely with his hand. What Yun Feng said immediately made everyone confused. This person called Yun Qingchen so intimately. Who... Who exactly was she?

“You kid...” Yun Feng couldn’t help but smile helplessly as she watched Yun Qingchen rub his eyes. De Yunzhi looked back and forth between Yun Feng and Yun Qingchen. The more he looked at them, the more he found that the two of them looked... a bit alike.

!!

“President... President, is... Is she...” The few boys who were pretending to be strong just then said with a trembling voice. De Yunzhi immediately looked quite awful. That was impossible... Why was she here... Wasn’t she unseen on the East Continent in many years?

“Haha, you really are!” Yun Qingchen immediately laughed a few times and a big smile immediately appeared on his little face. His body also rushed forward abruptly into Yun Feng’s arms like when he was little, hugging Yun Feng tightly. “Aunt, it’s really you!”

Being suddenly hugged in his arms, Yun Feng quickly stabilized her body and held her nephew firmly. She couldn’t help but smile wryly in her mind. It was easier to hug him when he was little. The girls around saw Yun Qingchen hug Yun Feng without another word so intimately. Their hearts immediately broke. However, when they heard him call her aunt, they all widened their eyes.

“Yun... Yun... Yun... You’re Yun...” The little girl who was beaten looked at Yun Feng in shock. She couldn’t say a name no matter what. Her heart immediately jumped to her throat. Master Yun Feng, she... She was Master Yun Feng!

“You’re... You’re Master Yun Feng!” Someone suddenly shouted. De Yunzhi’s face turned pale quietly. Yun Qingchen held Yun Feng and refused to let go. Yun Feng smiled wryly. It was fine when she was young, but now... “Alright, Little Qingchen, let go.”

Yun Qingchen chuckled and quickly let go of Yun Feng. “It’s been a long time since I last saw you. I missed you so much. Did you miss me?”

Looking at those beautiful eyes, Yun Feng smiled warmly. “Of course I missed you.”

Yun Qingchen smiled happily. This childish side of him indeed surprised people. Yun Qingchen turned around and the expression of a kid just then suddenly disappeared. He looked at De Yunzhi with coldness on his facial features. “The De family is so arrogant!”

De Yunzhi’s face immediately turned so pale that it was almost transparent. “I... I didn’t mean that. Master... Master Yun Feng, the De family... The De family doesn’t have that intention...”

Yun Feng squeezed Yun Qingchen’s cheek. It was certainly good that Little Qingchen didn’t participate in these things. The Yun family had always been detached and didn’t do power struggles. Otherwise, the Yun family would’ve controlled the East Continent. Would the place be managed by the De family?

“I don’t care about anything else, but the Constellation Society is the blood and sweat of my brother, Yun Sheng. Nobody can defile him!” said Yun Feng casually as she smiled at Yun Qingchen. De Yunzhi immediately trembled. “M-Master Yun Feng, I’ll resign as the president immediately...”

Yun Qingchen frowned. “Aunt, don’t even think about throwing it to me...”

Yun Feng pinched Yun Qingchen’s cheek. “Are you going to let someone else take over your father’s hard work?”

Little Qingchen suddenly frowned. Yun Feng couldn’t help but smile when she saw that. The other young people didn’t dare to make a sound and looked at Yun Feng curiously with their eyes. This was the legendary summoner on the East Continent! They didn’t expect to see her at Masang School of Magic... Even though they knew that she was Yun Qingchen’s aunt, it seemed that they were still extremely envious right now. If only they had such an aunt...

The two of them certainly had to find a quiet place to talk. The back mountain of the Masang School of Magic was the best place to talk. Yun Feng left with Yun Qingchen. These young people watching all followed her with their eyes and mumbled, “I saw Master Yun Feng... Is it true?”

In an instant, the news of Yun Feng’s visit to the Masang School of Magic spread. The principal and teachers of the Masang School of Magic were all shocked after learning about it. After the news spread, the Masang School of Magic was in an uproar. The students all rushed to see Yun Feng, but they couldn’t find her. Even Yun Qingchen was gone.

Yun Feng was talking to Yun Qingchen in the back mountain of the Masang School of Magic. Yun Feng had already set up a spatial blockade around them, so naturally, nobody could find them. Yun Qingchen was like a kid in front of Yun Feng, talking nonstop and revealing a lot of information to Yun Feng, including old friends whom she hadn’t seen for a long time.

“Uncle Yuntian comes to see me from time to time and even brings me something fun.” Yun Qingchen took out something after saying that. Yun Feng smiled. Murong Yuntian should be very successful right now. He was still so concerned about Qingchen’s growth.

“And that grandpa... Even though I find this grandpa a bit inexplicable...” Yun Qingchen mumbled, but Yun Feng frowned. Grandpa... Could it be... Zhan Li, who insisted on taking her as his daughter back then?

“Aunt, he said he’s your foster father.” Yun Qingchen looked at Yun Feng. Yun Feng was stunned and didn’t know how to answer. Yun Feng still hadn’t figured out the identity of this easy father, Zhan Li. He was also on the West Continent. His status on the West Continent wasn’t low... He couldn’t be a simple person.

“Qingchen, let me ask you. Do you have your own contracted Magic Beast?” Yun Feng asked with a smile. Yun Qingchen’s eyes glittered and he immediately stood up. His little face was a bit red, as if he was embarrassed.

“Yes, yes...”

Yun Feng chuckled. Was he shy? “Then show me what a powerful Magic Beast it is.”

Yun Qingchen’s face turned even redder. “Aunt, you can’t laugh at me...”

Yun Feng nodded with a smile. “Alright, alright. Why would I laugh at you?”

Yun Qingchen’s face flushed even more. He looked at Yun Feng deeply a few times and finally took out his Ring of Contract under Yun Feng’s encouragement. Yun Feng glanced at the color and her eyes suddenly froze. The color of that ring was... purple! The lightning element!

Chapter 1203 Returning to Masang (6)

When Yun Qingchen’s potential was tested back then, he was clearly a three-element mage. Water, wind and earth. There had never been any lightning element... Yun Feng thought. No, Little Qingchen only showed three elements back then. It was possible that he had a fourth element. If he hadn’t taken the initiative to use it, she wouldn’t have known that Qingchen had four elements!

While Yun Feng was thinking in shock, Yun Qingchen had already summoned his contracted Magic Beast with a flushed face. A beam of purple light appeared from the Ring of Contract. When the light faded, the Magic Beast appeared from the light. Yun Qingchen completely blushed. “Aunt, don’t laugh.”

Yun Feng didn’t laugh. She stared at the lightning-element Magic Beast Little Qingchen contracted with with her black eyes. She had seen this Magic Beast before. She even laughed at this Magic Beast in the Dragon Palace. Yun Feng’s black eyes glittered and she suddenly shouted in a low voice, “Er Lei, come out!”

Er Lei, who was originally very comfortable in the Dragon Palace, was dragged out by Yun Feng forcibly. He roared angrily after coming out, “Yun Feng! Why did you drag me out?”

!!

Yun Qingchen only saw a beam of light flash past his aunt and a tall and sturdy man with messy hair appeared in front of him. Yun Qingchen took a step back slightly and the Magic Beast next to him jumped into his arms. Yun Qingchen subconsciously hugged it. Luckily, this Magic Beast was small, or Little Qingchen would have been pressed down.

“Aunt... He’s...” The aura emitted by the Er Lei made Yun Qingchen a bit breathless. The Grade 6 Emperor Level Er Lei didn’t hide it at all. If Yun Feng weren’t here, Little Qingchen would probably have vomited blood and died on the spot. Yun Feng suddenly glanced over coldly. “Retract your aura!”

Er Lei glanced at Yun Qingchen unhappily. “The bloodline of the Yun family? Yun Feng, your child?”

Yun Qingchen was a bit flustered by Er Lei’s gaze. Yun Feng pulled him to her side. “He’s the child of my brother, Yun Sheng. His name is Yun Qingchen. Qingchen, his name is Er Lei. He’s my... friend.”

Er Lei’s eyes glittered. Yun Qingchen frowned slightly. His aunt had such a friend? Why did this person look so scary? And his appearance... It was too inappropriate for him to stand next to his aunt. And this name... How exactly did he get the name?

“Er Lei, Uncle Lei...” Yun Qingchen opened his mouth. The eyes behind the curtain of Er Lei’s hair suddenly widened. Yun Feng smiled. “Little Qingchen, he’s a Magic Beast, not a human being.”

Yun Qingchen suddenly widened his eyes and looked at Er Lei in surprise. The Magic Beast in his arms also stuck its head out and looked at Er Lei with its eyes rolling. “What are you looking at? I...” Er Lei’s words suddenly froze there as he stared at the Magic Beast in Yun Qingchen’s arms. “Yun Feng! What’s going on?”

Yun Feng frowned and also looked at the Magic Beast in Yun Qingchen’s arms. “I called you out for this. What’s its... relationship with you? It looks similar to you. Is it from the same race as you?”

“Damn it! That’s impossible! I’m the only one in the world. How can there be a second one? I’m unique like Ao Jin!”

Yun Qingchen glanced at the Magic Beast in his arms. The Magic Beast also raised its head and looked at its little master. “Aunt, what are you talking about... What do you mean? Is there... anything wrong with it?”

Yun Feng shook her head and looked at Yun Qingchen solemnly. “Qingchen, where and how did you contract this Magic Beast?”

Yun Qingchen looked at Yun Feng in surprise. “I thought you knew, Aunt! That grandpa gave it to me...”

“That grandpa?” Er Lei asked. There was already a hint of unhappiness in his tone. Yun Feng was also extremely surprised in her mind. It was Zhan Li! Zhan Li gave this Magic Beast to Little Qingchen. Where exactly did this mysterious grandpa come from? Where did he get this Magic Beast? And why did he give it to Little Qingchen?

“What happened after that? Did he come later?” Yun Feng asked more carefully. Yun Qingchen shook his head. “No, I haven’t seen him since he gave it to me. He said that he had something to do and asked me to contract it soon to improve my ability. Only then could I help my aunt.”

Yun Feng was confused. When she first met Zhan Li, he was in the capital of the Cashya Empire. At that time, she was so angry that she wanted to destroy the royal family of the Cashya Empire. He appeared out of nowhere and then inexplicably insisted on taking her as his foster daughter. The badge he gave her had already been confirmed to have a high status in the Mercenary Union. After that, she went to the West Continent. She didn't expect to meet this cheap father there. His identity on the West Continent was quite honorable... Zhan Li... What kind of person was he? It seemed that she had to ask the Thousand Snow Hall's Master in person when she returned to the West Continent next.

Zhan Li was good to her and Yun Qingchen. Even though Yun Feng was grateful, she couldn't figure out this person after all.

"Aunt?" Looking at Yun Feng's furrowed brows and suddenly darkened expression, Yun Qingchen was a bit worried. He thought his aunt would laugh at the appearance of this Magic Beast, but he didn't expect it to be related to something else.

"I'm fine." Yun Feng smiled lightly and squeezed Yun Qingchen's cheek. Er Lei's gaze was fixed on the Magic Beast in Yun Qingchen's arms. After a while, he gritted his teeth and growled, "I'm definitely not from the same race as it!"

"However, judging from its appearance, there's indeed a bloodline similar to yours in its body," Yun Feng whispered. Even though she didn't know what species this Magic Beast belonged to, it certainly wasn't bad with Er Lei's ability. It wasn't bad that Little Qingchen contracted it.

"Qingchen, have you contracted the Magic Beasts of the other elements?" Yun Feng planned to let go of this matter and asked with a smile. Yun Qingchen chuckled. "About this, I have to tell you something. You'll definitely support me, right?"

Yun Feng smiled. "You have to tell me before I consider if I should support you."

Yun Qingchen chuckled. "Aunt, my strength has already risen to the Commander Level. I think... it's time for me to leave the Masang School of Magic and go out for training. I hope to meet other Magic Beasts during my training, just like you!"

Yun Feng squeezed Yun Qingchen's face. Yun Qingchen was a bit embarrassed by this move. "Aunt, I'm not a kid anymore."

Chapter 1204 The Yun Family Badge Activates (1)

"Yes, Little Qingchen has grown up. You're also a powerhouse now."

Yun Qingchen couldn't help but blush. His aunt was the person he respected the most in his heart. Even though his mother and father were also very strong, his aunt made him look forward to her even more. He had liked his aunt when he was young. It was an inexplicable feeling. Now that he had grown up, even though he was still a kid in his aunt's eyes, he would work hard to catch up with her!

"Have you discussed this with your parents?"

Yun Qingchen chuckled and shook his head. "No, my mother and father have their own things to do. I have to walk my own path." When Yun Qingchen, who wasn't even an adult yet, said this, his little face

was covered with a hint of maturity. Yun Feng couldn't help but feel touched in her mind. Back then, she was just like Little Qingchen when she trained alone. Now, this kid had indeed grown into a man!

!!

"You indeed have to walk down your path step by step. Qingchen, if you encounter difficulties and thorns ahead, will you back down?"

Yun Qingchen put on a bright smile. "If I've already taken a step, why would I stop?"

"Alright." Yun Feng nodded approvingly. Experience made people grow. She believed that Little Qingchen would definitely gain something in the future and transform! Yun Feng couldn't help but think of the person who hadn't contacted her for a long time. That person was also young and tender. Her only disciple, Xia Qing, had also embarked on a journey of training alone. The Sound Transmission Jade she was given didn't light up once. It seemed that she was going to spread her wings completely and fly high. Yun Feng wondered what would happen the next time she met this disciple.

"Aunt, you will leave soon after you come back this time, right?" Yun Qingchen said indifferently. Yun Feng nodded. Er Lei really couldn't stand the warm atmosphere between the two of them. Yun Feng could only put him back into the Dragon Palace helplessly, while the Magic Beast in Yun Qingchen's arms looked at Yun Feng very curiously and stuck its head out, as if it wanted to get closer.

"I'm leaving after seeing you." Yun Feng glanced at the Magic Beast, which had been showing that it was very curious about her. Sensing Yun Feng's gaze, the Magic Beast suddenly jumped out of Yun Qingchen's arms and directly jumped into Yun Feng's.

"Aunt!" Yun Qingchen shouted when he saw this, but Yun Feng smiled and expressed that she didn't care. She held the Magic Beast in her hand. The Magic Beast was small and wasn't much bigger than Yun Feng's hand. It flipped its body lazily in Yun Feng's hand, as if it was very comfortable.

"It likes you, aunt." Yun Qingchen smiled happily when he saw that. He liked his aunt, and so did his Magic Beast!

The Magic Beast narrowed its eyes comfortably and let out a snore. Yun Feng took this opportunity to observe carefully. After looking carefully, Yun Feng finally confirmed that this Magic Beast had nothing to do with Er Lei. The two of them looked a bit similar at first glance, but many details were different. Er Lei's original body was really... very funny, while this one was a bit better.

As Er Lei said, he and Ao Jin were unique. Er Lei must be an existence like Ao Jin in the clan, but he stubbornly thought he was a dragon.

Who exactly told Er Lei that he was a dragon and consolidated this idea so deeply in his mind? Didn't Er Lei know that the difference between his original body and a dragon was too huge...

Yun Feng's distraction made the Magic Beast in her hand unhappy. It opened its mouth and bit Yun Feng gently. Seeing that, Yun Qingchen immediately took it over and hit it. "How dare you bite your aunt!" Yun Feng smiled. It bit very gently to remind her and didn't use any strength. Besides, even if it exerted its strength, it wouldn't hurt her.

“Logically speaking, it should have advanced to the Commander Level. Why didn’t it transform into human form and speak human language?”

Yun Qingchen smiled helplessly. “I don’t know either. Ever since that grandpa handed it to me, it’s been like this.”

The Commander Level was still in such a young form. It seemed that it had to grow up with Little Qingchen. Once Little Qingchen grew to a certain extent, what would it evolve into? With it by Yun Qingchen’s side, she was relieved.

“Qingchen, since you chose to go out for training, you must keep a low profile. Your strength is only at the Commander Level right now. There are many powerhouses lurking in the world on this continent. You can’t stand out and show off.”

“Aunt, don’t worry. Qingchen certainly understands.”

Yun Feng smiled in relief. Yun Qingchen didn’t tell Xiaojin and her brother about his training outside. As the only person who knew about it, she certainly had to prepare something for her nephew. Yun Feng certainly didn’t lack storage containers and ultimate ores. She was quite generous to her nephew. Yun Qingchen wouldn’t worry about money for at least fifty years.

Yun Feng also gave a Sound Transmission Jade to Yun Qingchen and told him to call her if he encountered any trouble. She would come immediately no matter where she was. Yun Qingchen accepted the jade pendant and nodded seriously. Then, Yun Feng gave Yun Qingchen three curse talismans. Yun Feng, who was at Grade 2 of the Emperor Level, created three of her mental strength talismans. Her nephew had to have life-saving items when he went out for training. With Yun Feng’s current strength, she was a well-deserved powerhouse on the East Continent and even in the Central Region. Even if Little Qingchen encountered a strong enemy, these three curse talismans would protect him.

Yun Feng imitated what her master did on this point, even though she hadn’t used any of the three talismans her master left for her.

All preparations were done. Yun Feng was also gratified to see Yun Qingchen’s current growth. The children of the Yun family had always been unafraid of difficulties and kept moving forward. The more they suffered, the braver and stronger they became! When Yun Feng left the Masang School of Magic, she was quiet, just like when she had come here. When Yun Qingchen walked back to the Masang School of Magic from the back mountain, students immediately surrounded him and countless questions were thrown at him about Yun Feng.

Yun Qingchen smiled and didn’t say anything. He walked inside leisurely. After a while, the principal and a few teachers of the Masang School of Magic arrived. “Qingchen, where’s your aunt?”

Yun Qingchen chuckled. “Aunt is gone.”

What he said made everyone sigh. Countless students sighed with disappointment on their faces. Yun Qingchen ignored them. Passing through the disappointed crowd, Yun Qingchen kept walking forward with a smile at the corners of his mouth. He knew that his journey was about to begin!

“You saw that kid?” Yun Feng had just left the Masang School of Magic when Qu Lanyi was already waiting outside. Hearing his question, Yun Feng nodded. “Little Qingchen has grown up. He’s already entered the Commander Level.”

Chapter 1205 The Yun Family Badge Activates (2)

“That kid is not bad,” said Qu Lanyi indifferently. Yun Feng smiled. “What surprises me is that he has four elements.”

“Four elements? Didn’t you find three elements back then? When did the fourth element appear?”

Yun Feng told Qu Lanyi everything that happened just then, including the Magic Beast that was given by Zhan Li. After hearing that, Qu Lanyi frowned and didn’t say anything. “What do you think about this?” Yun Feng asked. Qu Lanyi loosened his furrowed brows and chuckled. “No matter how you look at it, that kid took advantage of your cheap father. It’s also... beneficial for the Yun family.”

“If only that was the case...” Yun Feng sighed softly. Qu Lanyi stepped forward and held her face with his warm hand. “Don’t worry. I’m here for you.”

Yun Feng’s red lips curled up. “Yes, I know. It’s time for us to go to the West Continent now. I need to ask about the Yun Family Badge as soon as possible.”

“Alright.” Qu Lanyi nodded with a smile. The two of them quickly flashed through the sky and disappeared. After they disappeared, the two people in the depths of the dense forest finally heaved a sigh of relief. “The madam is finally gone... Brother, I really didn’t expect the madam to come back after so long...”

“Phew... Luckily, the two of us did a pretty good job. The madam is quite satisfied, or we would be in trouble!”

“Brother, the madam wants us to follow that kid from the Yun family this time. Doesn’t she look down on us too much?”

“Damn! We’ll do whatever the madam asks us to do!”

“Brother, you hit me too hard! Forget it, forget it. Even though it’s a bit of a waste of talent, it’s better than staying in this godforsaken forest all day. I can finally leave...”

“Pa!” He was slapped again. “Brother! Why did you hit me?”

“Brat, we’re not going out this time for sightseeing. Look after that kid from the Yun family. If he’s injured at all, both of us will die!”

The two of them looked up at the sky with lingering fear. Qu Lanyi had already disappeared completely, but what he said before he left echoed in their ears. You can only take action when that kid’s life is in danger. If you fail, come to see me with your heads!

“Brother... That kid from the Yun family will behave himself, right...”

The other person turned around and smiled wryly. “Look at that madam of the Yun family. You should know what he’s like...” Both of them smiled wryly. They would be busy in the future.

The East Continent was changing, but the territory of the West Continent was stable. The three halls were still standing together like before, but something neither big nor small happened. The Yun family of Jushui Town moved from the Ancestral Forest Hall into the Thousand Snow Hall. This move shocked even the West Continent.

What the Yun family did made the Master of the Ancestral Forest Hall hold a grudge. Luckily, they moved out quickly. In addition, the Master of the Thousand Snow Hall sent people to protect them secretly. The few members of the Yun family finally moved into the territory of the Thousand Snow Hall without any mishaps. Once they entered the territory of the Thousand Snow Hall, the Ancestral Forest Hall certainly couldn't do anything. The Master of the Thousand Snow Hall gave the Yun family a lot of help and promotion. The Yun family quickly rose in the Thousand Snow Hall and became a first-rate family. Even though their number and scale couldn't compare to the other first-rate families, the name of the Yun family was already enough to make people awed.

Yun Feng was astonishing at the Summoners' Convention. The well-deserved first place was enough to make the Yun family an existence that others looked up to. Even though Yao Man had lost a lot and the Yao family was dissatisfied with the Yun family, Yao Man's death was directly related to the fall of the Yao family. Even if the Yao family wanted to take revenge, they didn't have the strength right now. The status of the Yun family in the Thousand Snow Hall couldn't be shaken.

However, the Yun family kept a low profile. The Thousand Snow Hall's Master had asked the younger generation of the Yun family to be his right-hand men many times, but Yun Tianfan rejected him, especially Yun Luochen. The Thousand Snow Hall's Master expressed his interest in him many times, but Yun Tianfan took him away casually. If it were anyone else, they wouldn't dare to do this at all in front of the Thousand Snow Hall's Master. However, the rejections didn't make the Thousand Snow Hall's Master unhappy at all and he still kept close to the Yun family.

Apart from Yun Luochen, the other children of the Yun family also grew up gradually. They listened to Yun Tianfan's instructions. Even though the Yun family was in the Thousand Snow Hall, they had to keep their distance with the Thousand Snow Hall at all times. The Yun family wouldn't become a vassal!

Yun Luochen had been working hard on his cultivation in the past few years. Even though his talent wasn't very outstanding, hard work could make up for his lack of talent. Yun Luochen had worked a dozen times harder than ordinary people in the past few years. He finally had a major breakthrough in his strength. He, who had just turned twenty, had already entered the mid-stage of the Monarch Level!

In the Yun family of the West Continent, he could be said to be the real pillar. At the mid-stage of the Monarch Level at the age of twenty, Yun Luochen finally stepped into the ranks of geniuses through hard work.

The Sound Transmission Jade that hadn't been lit up in a long time brought news that made the Yun family of the West Continent excited. Yun Feng was coming back! Everyone in the Yun family of the West Continent was delighted, but Yun Feng specially asked them not to leak the news. Yun Tianfan certainly knew the effect after the news was leaked, so he didn't let anyone talk about it, not even to the Thousand Snow Hall's Master. Yun Luochen was also extremely happy to know that Yun Feng was coming back. Even though his current cultivation level couldn't compare to hers, he didn't let her down!

Yun Feng arrived at the Yun family of the Thousand Snow Hall. Even though it was already night, everyone in the Yun family wasn't asleep. Yun Feng couldn't help but laugh when she saw so many people. "Uncle Tianfan, you're..."

Yun Luochen smiled heartily on the side. His height made him look handsome. "Nobody can sleep now that you're back!"

Qu Lanyi chuckled. He knew it would be like this. Yun Tianfan walked over. "Feng, you should rest for now. We'll talk tomorrow."

Seeing the sincere concern in Yun Tianfan's eyes, Yun Feng only felt warm in her heart. The Yun family on the East Continent was her home, and so was this place.

"I'm not tired. Uncle Tianfan, ask the others to rest quickly. There's something I need to tell you and Luochen." Yun Feng's serious expression immediately let Yun Tianfan and Yun Luochen know that things weren't simple. They instantly asked the other members of the Yun family to go to bed. Yun Feng, Qu Lanyi, Yun Tianfan and Yun Luochen came to the study and sat down to talk.

Yun Feng briefly told them about the Yun Family Badge and also told them her guess. Yun Luochen only found it unbelievable after hearing that. "Someone dared to rig the Yun Family Badge!"

Chapter 1206 The Yun Family Badge Activates (3)

Yun Tianfan remained silent on the side. Yun Feng took out the Yun Family Badge she got from Leng Mi and the Yun Family Badge of the Yun family on the West Continent. "Uncle Tianfan, I can't open the Yun family Badge on the West Continent. It seems that I have to rely on Luochen."

"Me?" Yun Luochen pointed at himself. Yun Feng nodded. "If you can open the Yun Family Badge at the Lord Level, you'll be able to contact the headquarters of the Yun family."

"But I... I'm just... at the mid-stage of the Monarch Level right now!" Yun Luochen originally thought he was quite strong, but now, he felt embarrassed.

"It's fine. You're not far from the Lord Level." What Yun Feng said made Yun Luochen widen his eyes. "Yun Feng, to be honest, how strong are you right now? The peak of the Lord Level? Or... above?"

Qu Lanyi couldn't help but sneer. Yun Feng smiled gently. "I'll tell you when you reach the Lord Level."

Yun Luochen's heart couldn't help but tremble. She had surpassed the Lord Level! Yun Feng had already reached such a level! She was only a few years older than him! He was even a bit complacent in the past, but now... Yun Luochen was completely shocked.

Yun Tianfan's heart also trembled a few times after hearing that. He knew that Yun Feng's current strength must be at a level they couldn't imagine. "Feng, according to what you said, the headquarters of the Yun family might be in trouble."

Yun Feng nodded solemnly. "That's what I think. I learned from somewhere that the Yun family was an ancient and powerful family a long time ago. However, it suddenly fell for some reason and declined to this point, even causing the bloodline to disperse. They left the Yun Family Badge here back then to prevent future trouble."

Yun Tianfan pondered and nodded. "The Yun Family Badge on the East Continent must've been tampered with. Even with your strength, you couldn't open it for a long time, let alone the other members of the Yun family. Right now... the only thing that can contact the headquarters of the Yun family is the one on the West Continent."

"Yes, so the hope of contacting the headquarters of the Yun family lies on Luo Chen."

"Yun Feng, it's impossible for me to reach the Lord Level in a short period of time..." The word "hope" hit Yun Luo Chen's head fiercely, making him a bit breathless. He finally knew how heavy the so-called responsibility of the Yun family was. Yun Feng had been carrying such a responsibility along the way. How exactly did she walk so far?

"Feng, Luo Chen isn't being humble. His potential isn't much higher than that of ordinary people. Even if you use means to improve it by force, it'll probably take some time, and the headquarters of the Yun family... might not have enough time."

What Yun Tianfan said made Yun Feng even more nervous. Yun Tianfan picked up the Yun Family Badge Yun Feng took from Leng Mi and observed it repeatedly. Its appearance, shape and patterns were exactly the same as the one on the West Continent. Why was this one so difficult to open... Perhaps the method used was wrong.

Yun Tianfan's eyes brightened. "Feng, have you tried to open the Yun Family Badge in other ways?"

What Yun Tianfan said stunned Yun Feng, and Qu Lanyi frowned. "You mean... with the power of the bloodline?"

"That's right!" Yun Tianfan nodded. "The Yun Family Badge is passed down from the Yun family. If ordinary methods can't get through, the power of the bloodline certainly can. This Yun Family Badge is obviously different from the one from the Yun family on the West Continent. Perhaps... this is the Yun Family Badge that can only be opened with the bloodline!"

Yun Feng's black eyes glittered as she took the Yun Family Badge from Yun Tianfan's hand. The white and transparent jade pendant glittered. The word "Yun" engraved on it was so domineering. Yun Feng held the jade pendant in her hand. "Bloodline power... The bloodline power of the Yun family is probably that of a summoner."

Yun Tianfan nodded. Qu Lanyi smiled. "In other words... Only the summoners of the Yun family can open this jade pendant. Fengfeng, it's definitely yours."

Yun Feng heaved a sigh of relief. "I hope so." The wind rose from her palm and a wound had already appeared on Yun Feng's slender and fair finger. Red blood slowly oozed out of the wound and dripped onto the Yun Family Badge.

"Pa! Pa!" The sound of blood dropping echoed and blood blossomed from the Yun Family Badge. Instantly, light rose everywhere!

"It seems that it's true!" Yun Tianfan's eyes were full of joy as he looked at the light emitted by the Yun Family Badge. Yun Feng couldn't help but feel a lot happier in her mind. She had never thought of this method. As the blood seeped into the Yun Family Badge, the light emitted by the Yun Family Badge kept increasing. Yun Luo Chen couldn't quite keep his eyes open because of the light. The arrival of the blood

gradually dyed the complicated word “Yun” red. Then, the bloody “Yun” appeared in the entire white jade pendant!

Yun Feng also felt a strange aura coming instantly, as if it had crossed an infinite distance and established a connection with somewhere far away. An indescribable feeling rose from the bottom of her heart and a kind of excitement ran wild in her mind!

“Do you see it? Do you see it?” Somewhere far away, two people, who had been guarding outside for countless years, looked at the dark ancestral hall behind them with excitement on their faces. Bright light was flashing inside!

“I see it! It’s really bright this time!”

“You... You stay here... I... I’ll report to the Great Elder!” A guard turned around and ran away in a hurry, his steps even a bit unsteady. The other one leaned against the door and looked inside through the crack. His heart kept beating crazily. It’s bright, it’s finally bright!

After a while, hurried footsteps came. The guard, who was looking inside happily through the crack of the door, didn’t notice anything at all, until a loud voice rose from the ground. “Open the door of the ancestral hall, quickly!”

The guard shivered and immediately turned around. “Great Elder! Second Elder! Third Elder!”

The three elders of the Yun family had always been impatient. He immediately pushed the guards aside with his hand and pushed the ancient door of the ancestral hall open with force. “Crack...” The door made a sound and the smell of dust surged out. Even though it was dull and oppressive, it couldn’t suppress the excitement in the hearts of the few elders!

“Brother!” The Third Elder suddenly shouted. The Great Elder immediately took a few steps forward. The Third Elder had already taken down the constantly flashing jade pendant from the ancestral hall. The Great Elder and the Second Elder immediately looked tense when they saw this. This was...

“This is the Yun Family Badge that only summoners of the Yun family can open!” The Second Elder said rather excitedly. The Great Elder held the constantly flashing Yun Family Badge in his hand and stared at it with his wise eyes that were so bottomlessly deep like the veil of night. He suddenly infused his aura and the jade pendant in his hand suddenly lit up. The two Yun Family Badges were opened at this moment!

Chapter 1207 The Yun Family Badge Activates (4)

Yun Feng only felt a warm and powerful aura coming from the other side of the Yun Family Badge. It had an astonishing momentum, but it didn’t feel oppressive at all. A warm voice suddenly sounded in her mind. “Are you a descendant of the Yun family?”

Yun Feng’s heart shrank fiercely. This voice... should be from the headquarters of the Yun family. Had she finally contacted them?

“Yes!” Yun Feng replied in her mind firmly. Then, a chuckle came from the other end, sounding extremely warm. “Kid, tell me your name.”

Yun Feng's throat tightened and she took a deep breath gently. She could hear her heart beating like a drum at this moment as she reported her name that she had always been proud of! "Yun Feng!"

!!

The Great Elder, who was holding the Yun Family Badge, suddenly smiled. The Second and Third Elders were extremely anxious, but they didn't dare to disturb him. They could only wait quietly on the side. "Yun Feng, do you know what it means to open the Yun Family Badge?"

"I certainly understand! I'll protect the Yun family with my life!"

"You kid..." A slightly helpless voice came, making Yun Feng feel very close. This must be the feeling of family. No matter how far away they were, no matter where they were, as long as they had the same blood in their bodies and the same surname, they would be able to find each other!

"Which branch of the Yun family are you from? This branch should be proud of you."

"The Yun family of Chunfeng Town on the East Continent. Our ancestor, Yun Lan, was once a summoner. Now, the leader is my father, Yun Jing."

"Chunfeng Town on the East Continent..." The warm and broad voice seemed to be murmuring. Then, he chuckled. "Yun Jing is a good father. He raised such an outstanding daughter."

...

"Senior, you flatter me!"

"Senior? Haha, you should call me Great Elder."

The Great Elder? The Great Elder of the Yun family! Yun Feng's heart suddenly pounded. The person she was talking to was the Great Elder of the Yun family, the highest level figure of the Yun family! If that was the case, the Yun family would really be in trouble as she expected!

"Great Elder, forgive me for asking. Is the Yun family..."

"Kid, you're right to be worried. The Yun family is indeed in trouble right now. It should be said that the Yun family has been related to trouble since ancient times, or we wouldn't have spread our bloodline to other areas!"

Hearing this rather painful voice, Yun Feng didn't feel good in her mind. The separation of bloodline was something any ancient and powerful family didn't want to see, but the Yun family was in such a state right now. The headquarters of the Yun family probably wouldn't have a good life either.

"I know you care about the Yun family, but kid, you must remember that if you haven't reached Grade 8 of the Emperor Level, you shouldn't come here. Even if you come, you won't be able to help. It will only drag you down."

Grade 8 of the Emperor Level... Yun Feng frowned. This was exactly the same as the rule of the Inner Region that the Fifth Elder told her about back then... So, the Yun family was in the Inner Region?

"Great Elder... Is the Yun family in the Inner Region?"

The other party was silent for a long time. Then, a very helpless voice came. "The Yun family... should be in the Inner Region. However..."

Not the Inner Region? If not the Inner Region, where could it be? Yun Feng was surprised. Was there another area between the Central Region and the Inner Region? The Yun family should be in the Inner Region... But they were already outside of the Inner Region right now!

...

"Great Elder..." Yun Feng wanted to say something, but the voice interrupted her. "You'll certainly understand the current situation of the Yun family when you reach Grade 8 of the Emperor Level."

Yun Feng was silent for a moment and slowly said, "Great Elder, you only need to tell me how much time I have."

There was silence again. A voice that had been worn out for a long time came slowly. "Two years. The Yun family can only last for two years at most."

Two years! Just two years? Yun Feng's heart suddenly ached. The Great Elder's voice came again. "Kid, the Yun Family Badge will shatter on its own once it's connected. This is to not give those people who covet the Yun family any chance. You should know this if you can open this Yun Family Badge. You can't step in here until you reach Grade 8 of the Emperor Level. This is my order!"

Yun Feng pursed her lips and didn't say anything for a long time. In the end, she said, "Yes, sir! I'll follow the Great Elder's order!"

"Alright, the fate of the Yun family can't be all put on you juniors. Even if we can't do it, we can still protect young descendants like you. The Yun family will continue."

Great Elder... Yun Feng had an indescribable feeling in her mind. "Alright, our connection has to end. Kid, the summoners of the Yun family have never been simple. I hope you're the same."

The Great Elder slowly opened his eyes. The Yun Family Badge in his hand had already shattered into two. The Second Elder and the Third Elder couldn't help but say, "Brother..."

The Great Elder chuckled. "Two years. Let us look forward to it. Even though I shouldn't place my hopes on the next generation, we have to do this in the current situation."

The Second Elder and the Third Elder were both startled. Then, their faces darkened. Two years... There were only two years...

Yun Feng wanted to ask more, but she found that the connection on the other side of the jade pendant had already been cut off. She suddenly opened her closed black eyes and the Yun Family Badge stained with blood in her hand also shattered. The other three people couldn't help but feel shocked when they saw that the Yun Family Badge shattered. "Fengfeng..." Qu Lanyi said, but Yun Feng slowly shook her head and looked at Yun Tianfan and Yun Luochen. "I didn't let you down. I've finally contacted the headquarters of the Yun family."

...

“Really!” Yun Luochen immediately shouted. He also stood up abruptly with an ecstatic look! Yun Tianfan couldn’t hide his excitement either. The headquarters of the Yun family... had really been contacted!

“Feng, thank you for your hard work,” said Yun Tianfan with a trembling voice. Yun Feng shook her head. “As a member of the Yun family, I only did what I could. Uncle Tianfan, the headquarters of the Yun family is really in trouble. The situation isn’t optimistic.”

What Yun Feng said immediately swept away Yun Tianfan and Yun Luochen’s ecstasy. Qu Lanyi frowned hard on the side. It wasn’t optimistic... How did they end up in such a situation?

“Yun Feng, what do you mean by not optimistic?” Yun Luochen asked in a daze. Yun Tianfan said anxiously, “How exactly is it not optimistic?”

Chapter 1208 The Yun Family Badge Activates (5)

“Two years,” said Yun Feng. “The Yun family only has two years left.”

Yun Tianfan and Yun Luochen were both shocked after hearing that. How could this be? Qu Lanyi frowned and looked at the side of Yun Feng’s face. Fengfeng... What are you thinking? With your personality, you’ll definitely rush to the headquarters of the Yun family in the next two years, right?

“Uncle Tianfan, Luochen, you don’t have to worry too much. There will certainly be powerhouses guarding the headquarters of the Yun family. The Yun family isn’t as bad as we thought. I’ll definitely rush to the Yun family in two years!”

Yun Tianfan looked at Yun Feng and didn’t know what to say. This kid... All the burden of the Yun family was on her. The East Continent, the West Continent, and the headquarters of the Yun family right now. She, as a kid, carried so much. He was truly ashamed!

“Uncle Tianfan, this is what I should do,” said Yun Feng. Yun Tianfan nodded. Yun Feng patted Yun Luochen’s shoulder. “Break through to the Lord Level as soon as possible. I’ll wait for you at the headquarters of the Yun family.”

Yun Luochen’s eyes glittered as pride rose in his chest. He nodded with determination in his black eyes. “Alright! It’s a deal!”

That night, when the conversation came to this point, Yun Feng was in a rather heavy mood. Qu Lanyi followed her to the courtyard of the Yun family without asking anything. Yun Feng looked up at the bright moon hanging in the sky. A beam of faint silver light shone all over her body. Yun Feng looked at the deep and boundless night sky with her black eyes and suddenly clenched her fists!

Two years. She had to reach Grade 8 of the Emperor Level from Grade 2 in two years!

It was already very difficult to cross the grades of the Emperor Level. Every grade required time, not to mention crossing from Grade 2 to Grade 8! Even if she was Yun Feng, even if she was a genius among geniuses, how would it be possible for her to reach it in two years?

Yun Feng bit her red lips tightly with determination in her black eyes. She slowly lowered her head with an unyielding attitude. Yun Feng looked at her clenched fists and listened to the strong heartbeat in her chest.

Anything was possible. This time was no exception! Grade 2 to Grade 8 of the Emperor Level in two years! There's nothing I can't achieve! Because I am not anyone else. I am Yun Feng!

It was impossible for others to rise from Grade 2 to Grade 8 of the Emperor Level in two years. Even those peerless geniuses might not be able to do it. However, Yun Feng had made up her mind this time. She really didn't have much time left. After returning to the Yun family on the West Continent and contacting the headquarters, Yun Feng directly went into seclusion to cultivate. She put everything else behind her right now and could only focus on cultivation again.

Yun Feng was about to enter the Dragon Palace. Apart from Yun Tianfan and Yun Luochen, nobody else in the Yun family of the West Continent knew the inside story. They were only told not to disturb her. Mu Canghai also rushed back the second day after Yun Feng decided to cultivate in seclusion. Mo Changge was finally sent to the Thousand Snow Hall's Master. Mu Canghai turned around and left without staying any longer.

Just like that, the three of them entered the Dragon Palace together, cutting off all interference from the outside world. The three of them entered the second level together. Mu Canghai keenly noticed that there was another person here and immediately said, "Who are you?"

Er Lei glanced at Mu Canghai and stood up lazily. "Who are you, the living dead, to ask about me?"

"Er Lei!" Yun Feng shouted furiously. Er Lei snorted and didn't say anything else. The expression on Mu Canghai's face changed slightly. Who was this guy? This guy saw through that he was once dead at first glance! Qu Lanyi smiled. "He's not a human being. He's a Magic Beast, a completely useless lightning-element Magic Beast."

"You..." Er Lei gritted his teeth and wanted to shout, but he swallowed his voice forcefully. Mu Canghai looked at Er Lei in shock. A lightning-element Magic Beast! Was this the fourth Magic Beast Yun Feng contracted? No, if it was a contracted Magic Beast, it should be in the Ring of Contract... Besides, its appearance was really sloppy.

Er Lei gritted his teeth and turned his body around. He ran to a corner and sat down, looking like he was facing the wall and reflecting on himself. F*ck, why can't I shout? Why do I have to look at your face? F*ck!

Er Lei ran to the side. Qu Lanyi chuckled. The expression on his handsome face was clearly saying, you want to fight me? Yun Feng smiled helplessly. Everything had its weakness. Er Lei, who had a bad temper and didn't care about anyone, was defeated by Qu Lanyi every time. He was his nemesis.

"Fengfeng, it'll be more beneficial if you go to the tenth level to cultivate. Mu Canghai and I will stay here." Qu Lanyi looked at Yun Feng gently and reached out to comb the hair next to her cheek behind her ear. Seeing the extremely intimate movements between the two of them, Mu Canghai couldn't help but turn his cold face aside.

"Yes." Yun Feng blushed and nodded. She didn't avoid Qu Lanyi's movement. Qu Lanyi's eyes were full of satisfaction. "Although there's a huge gap between Grade 2 and Grade 8 of the Emperor Level, my wife will definitely be fine. I believe in you."

Yun Feng looked up. She even found it very difficult. The chance of success wasn't very high. Did he believe in her so firmly?

Qu Lanyi's black eyes glittered. "No matter what happens, I believe you have the ability to do it."

A deep emotion surged from the bottom of her heart. It was rare for someone to believe in her unconditionally. The man in front of her believed in her so firmly, so she wouldn't let him down! "Alright!" Yun Feng only said one word, but her heart was already full of infinite power! Then, Yun Feng entered the tenth level alone, while Mu Canghai and Qu Lanyi stayed on the second level with Er Lei, who was still "reflecting on his mistakes" on the side.

"What exactly happened while I was gone?" Mu Canghai glanced at Er Lei worriedly. He always felt that this Magic Beast's personality was too weird. It must not have any intention of hurting Yun Feng!

Qu Lanyi smiled and sat on the ground. "Rather than knowing that, why don't you improve your strength? You should help her."

Mu Canghai was stunned. Seeing that Qu Lanyi had already closed his eyes and entered cultivation mode, he didn't ask anymore. He also sat on the ground. Mu Canghai closed his eyes and said, "I've always wanted to ask you who you are... Your eyes that can change color aren't something ordinary people can have."

Chapter 1209 Rising to Grade-8 Emperor Level (1)

The second level of the Dragon Palace instantly fell silent. Er Lei, who was in a corner, suddenly pricked up his ears and wanted to hear more carefully. He also wanted to know who this human was! Why did he lose involuntarily every time he met him?

Qu Lanyi suddenly smiled. "Why? Are you afraid that I'll hurt Fengfeng?"

Mu Canghai didn't say anything. Qu Lanyi's voice suddenly became cold. "Put away your thoughts. In terms of heart, nobody can compare to me! I've already chosen her at first glance!"

Mu Canghai clenched his fists a bit tighter. "I hope that you'll remember you said today no matter what!"

The two of them didn't say anything else. Er Lei, who was sitting in the corner and eavesdropping, was very depressed. F*ck, these humans were so boring. All that they could talk about love. He didn't care who Yun Feng was with at all. They didn't talk about anything important. F*ck!

The second level of the Dragon Palace completely quieted down. Mu Canghai and Qu Lanyi both entered cultivation mode, while Yun Feng reached the tenth level. Even though the elemental density here couldn't have any obvious effect on her right now, it was still ten times faster than the outside world. Her cultivation here would definitely be easier.

Sitting on the ground, Yun Feng took out the Golden Cauldron Trees and looked at the small bottles connected to the roots of the Golden Cauldron Trees. There was a thin layer of golden solution inside. Yun Feng took a deep breath. Even though the Golden Cauldron Fluid could help her cultivation speed, she might not be able to reach Grade 8 of the Emperor Level in two years even with the help of the Golden Cauldron Fluid. The Yun family...

Yun Feng's heart tightened. No matter what, she would do her best! Even if she couldn't reach Grade 8 of the Emperor Level in two years, she didn't care about that! She closed her clear black eyes and hid the thousands of colors inside. Five-color halos gradually surrounded Yun Feng and kept spinning around her. Unlike in the King Level, the five colors had already been clearly divided after reaching the Emperor Level. They were like five-color wheels, sticking closely to each other and spinning slowly yet constantly. At the same time, the Golden Cauldron Trees emitted a brilliant light. A drop of faint golden liquid dripped from the roots and then spread into the air.

The Golden Cauldron Fluid instantly evaporated into the air on the tenth level of the Dragon Palace. Yun Feng, who was practicing with her eyes closed, obviously felt a strong change in the concentration of elements around her. The concentration of elements in the air instantly increased by almost ten times!

The five-color wheel spun even more happily in such air and the concentration of the five elements also became brighter. The sudden increase in the concentration of the elements surprised the three Magic Beasts that cultivated with Yun Feng in their Rings of Contract!

"Master, why did the elemental density increase to such a level in an instant?" Little Fire's voice entered Yun Feng's mind. Yun Feng was also puzzled in her mind. The sudden increase in the elemental density would undoubtedly increase her cultivation speed even more. It could be said that a bright path had been opened when she was in the most difficult and dark times!

"Maybe it's the result of the combination of the Golden Cauldron Fluid and the elements here in the Dragon Palace..." Lan Yi's deep voice sounded. Yun Feng's mind also brightened. Indeed, the concentration of elements only increased instantly after the Golden Cauldron Fluid evaporated in this space. If that was the case, the Dragon Palace was too magical! It was like a magical treasure vault that released more potential under the stimulation of external things!

"Master, you can try to make more Golden Cauldron Fluid evaporate!" What Lan Yi said reminded Yun Feng. Just one drop could increase the elemental concentration by ten times. If more Golden Cauldron Fluid evaporated, how would the elemental concentration increase?

Yun Feng immediately took out all the remaining Golden Cauldron Trees and the five-color wheel opened again. The ten Golden Cauldron Trees emitted dazzling light at the same time and faint golden liquid also oozed out slowly, instantly evaporating into the air. The elemental density on the tenth level of the Dragon Palace suddenly increased by a hundred times!

Yun Feng felt that the elemental density around her was very strong and even a bit sticky. Steady energy kept surging into her body and her cultivation speed also increased by almost a hundred times in an instant! Where could she find a place that could increase her cultivation speed by a hundred times except the Dragon Palace?

"Xiao Feng, you'll definitely succeed in two years!" Yaoyao's delighted voice came. Yun Feng was also extremely excited in her mind. If she continued cultivating like this, she might be able to reach Grade 8 of the Emperor Level in two years!

"Master, even though I know you're desperate, you shouldn't be too hasty..." said Lan Yi. Yun Feng said telepathically, "Don't worry. I certainly know that we have to move forward steadily no matter how anxious we are!"

“Haha, Master, you’ll be fine!” Little Fire’s hearty voice sounded. Yun Feng chuckled. She still had a lot of doubts before, but she could confidently wait for two years! No, she might be able to enter the Grade 8 of the Emperor Level in less than two years!

Time passed just like that. In the blink of an eye, a year and a half had already passed. Even though the members of the Yun family on the West Continent knew that Yun Feng was still here in this year, they didn’t see her at all. Nobody knew that Yun Feng was cultivating a hundred times faster than ordinary people. If other people knew that her cultivation speed was like this, they would definitely not be able to withstand it. Even those powerhouses in the Central Region would be the same.

A hundred times faster cultivation speed was indeed not bad and it made people envious and jealous, but at the same time, she had to bear all the effects of moving forward rapidly. Her cultivation speed was forcibly increased and this also went against Yun Feng’s cultivation philosophy. She had been making solid progress step by step in the past, but now, she had to run forward quickly!

It was difficult to achieve a perfect balance between speed and quality.

Many people were immersed in the wonderful feeling of the rapid increase in their strength and ignored the solidity of their foundation. Although their strength had increased, their foundation was weak. Yun Feng had to improve rapidly and constantly stabilize her foundation. In this year, her cultivation could be said to be extremely difficult. Anyone else wouldn’t be able to last for a year.

However, Yun Feng still had to persist. She hadn’t entered Grade 8 of the Emperor Level yet. She still needed to continue working hard!

Chapter 1210 Rising to Grade-8 Emperor Level (2)

Yun Feng was persistent and hardworking on the road of cultivation. There were people outside the Dragon Palace who were like her. In the past year and a half, people kept visiting the Yun family and wanted to see Yun Feng, but Yun Tianfan stopped them. But one person was stubborn. He came from time to time and wouldn’t stop until he saw Yun Feng.

“Father, Mo Changge is here again...” Yun Luochen pushed the door open and walked into the study with a bitter face. He looked at Yun Tianfan, who was also smiling wryly, helplessly. Yun Tianfan stood up. “It’s been a year and a half. Mo Changge and his brother are getting braver and braver.”

“Father, you don’t know this, but these two brothers have been running to the Yun family for no reason in the past year and a half. They’ve already made the Yun family a thorn in the eyes of those first-rate families!”

Yun Tianfan frowned when he heard this. In the past year and a half, the Thousand Snow Hall’s Master and Mo Changge had come to the Yun family whenever they had time. They wanted to meet Yun Feng. Especially the Thousand Snow Hall’s Master. As the leader of a hall, he had come several times and was rejected every time. It didn’t matter if he did this once or twice, but it was the same for a year and a half. In the eyes of others, it certainly wasn’t simple. Especially for the first-rate families of the Thousand Snow Hall, the Yun family was an outsider. It was acceptable for them to be recognized by the Thousand Snow Hall because of Yun Feng, but the news of Yun Feng’s return this time was kept a secret. These first-rate families certainly didn’t know, but the Thousand Snow Hall’s Master knew very well. His visits already pushed the Yun family to the cusp of the storm.

The Yun family had always wanted to get out of things and not participate in anything in the Thousand Snow Hall. However, the intentional intimacy between the Thousand Snow Hall's Master and Mo Changge made it impossible for the Yun family to keep a distance from them. There was nothing Yun Tianfan could do about this. The Thousand Snow Hall's Master and Mo Changge were both very polite and they weren't unhappy at all when they were sent away. Yun Feng was the only one who could get rid of the thought in the Thousand Snow Hall's Master's mind. However, Yun Feng was cultivating in seclusion right now and nothing could disturb her.

"I'll send him away." Yun Tianfan sighed and walked out. Yun Luochen couldn't help but smile wryly. "Father, at this rate, there's probably no place for the Yun family to stand here anymore."

Yun Tianfan was silent for a while. "Luochen, can't you see what the Thousand Snow Hall's Master means? He's forcing us to let him meet Yun Feng. However, how can we disturb Yun Feng with such a small matter at this moment?"

Yun Luochen immediately became serious. "Of course not!"

Yun Tianfan nodded. "That's right. Even if there's no place for us to stand here, we have to protect Yun Feng for two years so that she can focus on her cultivation."

"Father, I understand!" Yun Luochen nodded fiercely. Yun Tianfan chuckled. "If you know, come with me!"

The father and son looked at each other and walked out side by side with a smile. Even though they couldn't do anything for the headquarters of the Yun family, they were very confident in creating an absolutely quiet environment for Yun Feng for two years. This was all the Yun family on the West Continent could do for her.

"Young Master Mo." Yun Tianfan and Yun Luochen walked into the main hall and saw Mo Changge waiting there. Mo Changge stood up and smiled gently. "Master Yun, I'm here to disturb you again. I was supposed to come with my brother this time, but my brother really had something to do. I had to come alone."

Yun Tianfan sat in the main seat and smiled. "Young Master Mo, you're too kind. Your brother is the leader of a hall. Of course he'll be busy."

Mo Changge smiled. Even though he was smiling on the surface, he was indeed a bit depressed in his mind. It had already been a year and a half. When Mu Canghai sent him here back then, he thought he could see her again. He didn't expect that she would completely disappear in a year and a half. She was still here, but Yun Tianfan and Yun Luochen stood in his way every time. What exactly were they hiding? Both his brother and himself received the same avoidance. If it weren't for the Yun family's usual indifferent personality, he would have thought that the Yun family was pretending.

Yun Feng, what exactly are you doing? If you're still in the Thousand Snow Hall, why is it so difficult to meet you? Even though he came here with his brother's intention, Mo Changge personally hoped to see Yun Feng in his mind. That strange woman left an extremely deep impression on him when he saw her on the East Continent. Even though he hadn't had much contact with her and could even be said to be just an acquaintance, Yun Feng had a different status in Mo Changge's heart.

There was no lack of good women in the Thousand Snow Hall, but in Mo Changge's eyes, no one seemed to be comparable to her in his heart.

At first, he wanted his brother to pressure the Yun family so that Yun Feng could look at him in the eyes. He had never thought that she wouldn't show up even once after such a long time.

Yun Tianfan and Mo Changge chatted for a while. At this moment, a warrior of the Yun Army walked in and glanced at Mo Changge with an awful expression. Then, he turned to Yun Tianfan. "Master, a lot of people from the first-rate families are here. There are also many powerful experts."

Yun Tianfan and Yun Luochen were both stunned. Even though they were mentally prepared for such a situation, they didn't expect it to happen so soon. Mo Changge only raised his eyebrows after hearing that. How would these first-rate families be willing to accept such a close attitude between him and his brother in the past year and a half? Besides, the Yun family was an outsider. It was only a matter of time before they came to find them.

"Invite them in," said Yun Tianfan casually. Now that they had come, it was impossible to avoid them. How could these people cause trouble in the Yun family? The soldier of the Yun Army nodded. Before he left, he glared at Mo Changge fiercely. It was because of you and your brother that the Yun family of the West Continent fell into such a situation. Hm! You're not worthy of my Young Lady!

Mo Changge looked at the angry eyes of the soldier of the Yun Army before he left and couldn't help but smile helplessly. Yun Feng, Yun Feng, the soldiers of the Yun Army all treat you like a goddess. I've never seen such a loyal guard. How exactly did you train them?

Not long after the soldier of the Yun Army went out, a large group of footsteps walked towards the main hall. Yun Tianfan and Yun Luochen both got up to welcome them. Mo Changge was still sitting there without even looking up. Soon, more than twenty people approached the main hall. Mo Changge glanced around with his black eyes. Most of the members of the first-rate families were here. Each family brought two powerhouses. When Mo Changge glanced at the Yao family, the corners of his mouth curled up in disdain. They were truly cockroaches that couldn't be beaten to death or driven away.
