

## Summoner 121

### Chapter 121: Killed in a Second (2)

“Sizzle...” The giant blue python opened its mouth wide and suddenly shot out a terrifying chill, straight towards the level-6 warrior. The level-6 warrior didn’t even have the chance to mobilize his fighting energy. He only saw an enormous blue mouth with sharp teeth coming right at him. “Argh!” Following a scream, the level-6 warrior was swallowed alive by the giant blue python.

“Bang!” The snake that was a few meters long immediately disappeared, like a magnificent firework. The level-6 warrior, who was being devoured, fell on the ground like a piece of ice, with a pale face as white as a sheet.

The judge was a bit dumbfounded as he looked at the scene in front of his eyes. Everyone was breathless after seeing this. The body of the level-6 warrior lay there stiffly and weirdly, and it still wasn’t moving after a long time.

One of the other members of the Sandstorm Mercenary Group walked to the edge of the ring and poked the body with his finger gently. Suddenly, his expression changed drastically and he retracted his hand, looking extremely pale.

“Crack! Crack!” A crisp sound came out of the stiff body of the level-6 warrior and his arms, thighs, waist and wrists seemed to be cut off by someone, separating and scattering on the ground piece by piece without any blood at all.

The red blood vessels and body tissues in each body part were extremely clear. There was a thin layer of ice crystals covering the pieces, shining with light blue luster.

“Ugh!” The few members of the Sandstorm Mercenary Group couldn’t stand it anymore. They immediately threw up. People watching were also a bit overwhelmed, but there were even more people, who were courageous and felt excited about this bloody scene!

“Third round, the Red Maple Mercenary Team wins!”

Cheers came like a tide, a raging wave that stirred up thousands of splashes of water on the shore! Everyone was in awe with the Red Maple Mercenary Team and had deep respect for them! Yun Feng showed an attitude with her attack, which killed the level-6 warrior in a second, an attitude that didn’t allow anyone to bully the Red Maple Mercenary Team again! The three Commanders of the Evil Wolf Mercenary Group in the four-star area looked completely sullen at this moment. They almost crushed their teeth as they sat there. Yun Feng’s attack gave the three of them a fierce slap!

Zheng Ran watched this scene with a smile and felt delighted. This kid wasn’t usually a big deal, but once she made a move, she was indeed astonishing. No one had died in the level assessment for hundreds of years. This kid set a precedent again.

Kasa looked at Yun Feng with excitement in her eyes. Although she was just eighteen years old this year, she had already become half an adult under the influence of the royal family. This little girl in front of her eyes was definitely under 12. A level-6 mage under 12... with such a growing speed...

Kasa clenched her fists gently. The Karan Royal Family must get this talent, at all cost!

The battle between the Sandstorm Mercenary Group and the Red Maple Mercenary Team ended with three wins for the Red Maple Mercenary Team. The master from the Evil Wolf Mercenary Group also couldn't go back. A level-6 warrior, this was a loss for a four-star group as well.

After the Red Maple Mercenary Team fought, the competitions on the first day seemed to have lost all attractiveness. The competitions between other mercenary groups couldn't arouse the enthusiasm that the crowd had during the Red Maple Mercenary Team's battle anymore. The feeling of passion rising in their bones had completely vanished ever since Yun Feng got off the ring!

Fitch, Murong Yuntian and Kasa certainly got the same feeling. The impact of the battle of the Red Maple Mercenary Team was too strong. People were even stunned, especially when that mage made a move. Under such a shock, the name of the Red Maple Mercenary Team was imprinted deeply in everyone's minds again and couldn't be removed.

After the first day of competition, everyone was talking about one name, the Red Maple Mercenary Team! The mercenaries had even stronger anticipation for the second day. The three-star to five-star challenges would be held on the second day and the Red Maple would fight again!

What surprises would the Red Maple Mercenary Team bring them the second day? This was something all mercenaries looked forward to in their minds. The level assessment this time made one name popular, the Red Maple Mercenary Team.

Fitch and the others certainly stayed for one more day. Although Kasa wasn't really willing to stay, she agreed reluctantly, thinking about the competitions the next day.

The sun on the horizon gradually set, but the Mercenary Union was still extremely lively. People were all talking about the battle of the Red Maple Mercenary Team, the mysterious and powerful magic, and that extremely talented genius mage. In the four-star area, one of the mercenary groups among the others was completely dispirited. Some mercenaries couldn't help but lower their heads and laugh when they walked past.

The Evil Wolf Mercenary Group still hadn't started competing, but they already had a feeling of being stepped on and tortured harshly. The three Commanders sat together with a long face. Thinking about the situation during today's competition, they all felt that they made a mistake.

"If we lose tomorrow, we'll be downgraded to the three-star level and we won't even be qualified to challenge a five-star group!" Greedy Wolf said fiercely as he hit the back of the chair. His facial features were almost distorted and his scar became even more ferocious.

"Let's do it! We can't wait anymore!" The Commander yelled coldly. A ferocious look flashed through the faces of the three of them. It seemed that tonight was destined to be a sleepless night.

The Red Maple Mercenary Team won the first battle and their popularity in the Mercenary Union could be said to have reached another level. There wasn't any other mercenary group that all one-star groups to five-star groups had heard about, even deeply remembered. However, the Red Maple Mercenary Team did that!

This night, the Red Maple Mercenary Team was stirred. Everyone was happy and their main hall was extraordinarily lively. All of their faces were red and they talked to each other loudly, but Yun Feng

didn't join them. In a room on the second floor, Yun Feng was sitting on the bed quietly with a touch of seriousness on her face.

"Kid, have you not heard anything from Little Fire yet?" The ancestor's voice sounded in Yun Feng's mind. Yun Feng frowned slightly and shook her head.

A contracted Magic Beast and its summoner had a kind of special connection. Such a connection could cross the barrier of distance. With just a thought, Yun Feng and Little Fire would be able to contact each other. Yun Feng still hadn't heard any news from Little Fire until this moment, so she was a bit anxious.

"The Evil Wolf Mercenary Group will definitely make a move tonight. If they give it all this time, I'm afraid Little Fire won't be able to resist them alone..." Yun Feng mumbled with an impulse to rush back. The elemental force around also became slightly fretful because of Yun Feng's mood. The five kinds of elements gradually appeared, jumping up and down around Yun Feng's body.

### **Chapter 122: Killed in a Second (3)**

Ever since Yun Feng reached level 7, her fire magic element had also risen to the standard of level 7 because of her contracted Magic Beast. In comparison, the other four elements that were relatively weaker than the fire element seemed to have broken through some kind of barrier. Their level soared suddenly all the way to level 6!

Yun Feng had now mastered the magic of five elements. The fire element was at level 7, while the water element, wind element, earth element and thunder element were at level 6. If other people knew about this, even the principal of the Masang School of Magic wouldn't be able to sit tight.

Yun Feng suddenly stood up from the bed and opened the windows with both of her hands, looking outside with her black eyes. "What brings you two here?"

A tall, handsome young man and a beautiful young girl with a similar age were standing in front of the door of the Red Maple Mercenary Team in Yun Feng's sight. Yun Feng narrowed her eyes lightly. That young girl was a level-5 mage, while the young man's strength was above hers. He was a level-8 warrior and was kind of a genius.

"Little girl, can we talk for a second?" Kasa lifted her head and looked at the little girl at the window on the second floor. She gave a friendly smile, making her seem like she was easy-going.

Yun Feng raised her eyebrows. Was this girl treating her like a child? Haha, interesting... She hopped outside gently with her small body and slowly landed on the ground without making any sound.

After seeing this, Kasa was even more delighted in her mind. She wanted to step forward and grab Yun Feng's little hands, but Yun Feng avoided her slightly. "Who are you? Why did you come to see me?"

Her indifferent tone made Kasa a little shocked. Kasa thought Yun Feng was just a kid and she didn't expect such a deep feeling. It looked like she had underestimated Yun Feng. Thinking of this, Kasa also became serious and started talking in an adult-to-adult manner.

"Hi, mage. I'm the princess of the Karan Empire, Kasa, and he's Murong Yuntian from Genius Academy under the Karan Empire's School of God of War."

The corners of Yun Feng's mouth slowly lifted as she glanced at the handsome young man, who was standing silently on the side, with her black eyes. That cold, iceberg-like handsome face seemed to be slightly uncomfortable when Yun Feng gazed over.

Yun Feng looked at Murong Yuntian a few times. Murong Yuntian, the man from the Murong family whom she had that ridiculous engagement with... He was quite powerful, but... she was still not interested.

"Ahem! I still haven't known your name?" When Kasa saw that Yun Feng was always looking at Murong Yuntian, she couldn't help feeling upset, so she coughed on purpose.

Yun Feng looked away slowly. "My name is Yun Feng."

Murong Yuntian's lips moved slightly, as if he was repeating this name and trying to remember it. Yun Feng also understood when she saw his unmoved look. It seemed that the Murong family treated the engagement with the Yun family as their biggest humiliation. The person involved was even this elite of the Murong family, Murong Yuntian. So, they certainly chose to hide it completely.

"Yun Feng? You're from the Yun family, that Yun family?" Kasa's eyes brightened and glittered when she looked at Yun Feng after she heard Yun Feng's name. Yun Feng then nodded calmly.

"That's great! Then, you don't have a reason to reject me!" Kasa gave a bright smile and seemed to be relieved. There was a relaxed look on her face, as if she didn't have to worry about anything anymore.

"What exactly do you want?" Yun Feng asked again patiently. To be honest, she didn't have any good impression on the Karan Royal Family. The time when the summoner of the Yun family was born was certainly glorious and the Karan Royal Family also respected them back then. And yet, the moment the Yun family declined, the respect they got from the Karan Royal Family at the beginning immediately turned into disdain. In these years after the Yun family moved from the Imperial Capital, had the Karan Royal Family asked about them once? Did the Karan Royal Family lend the Yun family a helping hand during their most difficult times?

The summoner of the Yun family fulfilled his responsibilities for the Karan Empire and contributed to the growth of the empire. The Yun family also treated the empire wholeheartedly, but what did they get in exchange? When they had no use anymore, the Karan Empire just abandoned them and threw them aside!

"You're a member of the Yun family, so you should know the relationship between the Yun family and the Karan Royal Family. You also have the obligation to become the power of the Karan Royal Family!" Kasa stood there with pride and arrogance on her face, as if this was a great honor for Yun Feng and Yun Feng should accept it quickly, taking the initiative to risk her life and work hard to give everything to the Karan Royal Family!

A sneer appeared on Yun Feng's little face. "Nobody can boss the Yun family around."

When Kasa heard this, she couldn't help but look furious. After knowing that Yun Feng was from the Yun family, Kasa treated Yun Feng as the type of person who should do anything for the Karan Royal Family. She had never thought she would hear such a reply, which aroused anger in her mind.

"Yun Feng, do you know the identity of the Yun family?"

“Oh? What identity? Please enlighten me.”

“Enlighten you? Didn’t your father tell you that the Yun family is the lackey of the Karan Royal Family?”

This completely made Yun Feng’s face darken. Murong Yuntian’s expression changed and he immediately pulled Kasa behind him. Kasa didn’t know why, but the next second, she sensed the chaos of the elemental forces around her.

Kasa’s expression changed. “How dare you attack me?!”

Yun Feng didn’t say anything, but her actions proved everything. I’m going to beat you up!

Yun Feng narrowed her eyes slightly and looked at Murong Yuntian, who suddenly appeared in front of Kasa and blocked her completely. At this moment, a layer of thin white fog rose gradually on Murong Yuntian’s body. That was his fighting energy, his level-8 fighting energy!

“Yun Feng, Kasa is the princess.” Murong Yuntian looked at this little girl in front of him with his black eyes. Under the power of his level-8 fighting energy, her expression didn’t change at all, which made Murong Yuntian a bit shocked secretly. Although Kasa behind him did say something that was a bit too much, Murong Yuntian must stand in front of her because of her identity.

“Yun Feng! This is the Karan Empire!” Kasa yelled as the anger in her mind only increased. Even though this little girl before her was quite powerful and was a talent, she was wrong if she thought this could make the Karan Royal Family yield! The Karan Royal Family had only yielded to one person, which was the summoner of the Yun family!

Yun Feng’s face darkened even more and her little face with perfect facial features seemed a bit terrifying. She didn’t say anything else. The chaotic elements around had already revealed Yun Feng’s psychological state at this moment. They treated the Yun family as their lackeys. The Karan Royal Family really overrated themselves!

### **Chapter 123: Fight Against the Evil Wolf Mercenary Group (1)**

Yun Feng’s powerful mental strength surged out wildly and formed an invisible whip. The whip flashed forward, as if the air was broken, going around Murong Yuntian’s body straight to Kasa behind him fiercely.

“Fire Shield!” Kasa yelled in panic and the red fire element gathered immediately to form a fire shield in front of her. Yun Feng watched her resist coldly as the whip lashed mercilessly. What was a level-5 fire shield before Yun Feng? It was nothing!

Yun Feng’s mental strength attacked so quickly that made Murong Yuntian’s expression change completely. His level-8 fighting energy immediately gushed out and formed a transparent barrier in the air, tightly enveloping Kasa in it, while Yun Feng’s whip lashed against it hard!

“Boom!” A muffled sound burst in the air. Yun Feng’s body shook slightly and she retracted her mental strength. Murong Yuntian opposite her also looked bad. After taking the attack from Yun Feng’s whip, he clutched his chest with his hand and frowned slightly.

“You...” Murong Yuntian wanted to say something, but he shut his mouth and stopped talking when Yun Feng gazed at him. Kasa’s fire shield also disappeared while shaking. Even though she wasn’t physically

attacked just then, the feeling that came quickly like an electric current made her face turn extremely pale.

“Yuntian, are you okay?” Kasa asked with a concerned tone when she saw Murong Yuntian clutch his chest. Murong Yuntian glanced at her and shook his head with a reproaching look. “I’m fine.”

Yun Feng crossed her arms in front of her chest with an amused smile. The attack just now made Yun Feng feel the standard of a level-8 warrior completely. Murong Yuntian was indeed a talent. With his level-8 fighting energy and her mental strength, the two of them could tie.

This would only happen when Yun Feng was still under the identity of a mage. Yun Feng still hadn’t shown her powerful body strength and her identity as a summoner. However, Murong Yuntian had never thought that there would be such a huge gap between him and his “ex-fiancée” in front of his eyes, even though he was also a talent.

Level 7, she was a level-7 mage. Murong Yuntian had already known that in his mind. The wand Yun Feng took out in the ring during the day made everyone think that she was a level-6 mage, but she didn’t hold back at all when they fought just now. She did this on purpose to crack the whip in front of Kasa and certainly to let Murong Yuntian figure out her strength as well.

“Yun Feng, don’t be too arrogant!” Kasa gritted her teeth and was angry with Yun Feng. Yun Feng didn’t only attack her, but also despised the Karan Royal Family! The members of the Yun family were really insolent as usual!

The corners of Yun Feng’s mouth curled up with coldness. “Let me give advice to the Karan Royal Family. Don’t interfere with the matters of the Yun family! Also, I don’t care how many lackeys the Karan Royal Family have. The Yun family won’t be a part of it anymore!”

What Yun Feng said completely angered Kasa. She was the princess of the Karan Empire. And now, she was showing Yun Feng kindness on behalf of the Karan Royal Family, hoping that Yun Feng would join them. She was a member of the Yun family. How could she say something so disrespectful?

“Aren’t you afraid that the Karan Royal Family would banish the Yun family?” Kasa shouted furiously, but Yun Feng smiled like she didn’t care. “Banish? Sure, just give it a try!”

“Great, great, great! The Yun family! Just wait and see. I’ll definitely tell my father!” Kasa pointed at Yun Feng’s little face and said as she gnashed her teeth. Seeing that Yun Feng wasn’t afraid at all, Kasa felt stripped of all her dignity again and she immediately turned around to leave.

Murong Yuntian didn’t go anywhere. He stood right in front of Yun Feng and looked at her intently with his black eyes. “Your princess is gone.” Yun Feng glanced at Murong Yuntian. He still wasn’t moving. After a while, he said, “Don’t mess with the royal family. It’s dangerous for you.”

Yun Feng was startled. Then, a layer of coldness covered her beautiful face. Should she be moved to tears for the advice given by her “ex-fiancé?”

“Thank you for your advice. The Karan Royal Family isn’t as dumb as this princess.” Yun Feng said and ignored Murong Yuntian. She jumped gently and hopped through the window on the second floor. “Bang!” The window was immediately closed.

“Yuntian, let’s go!” Kasa noticed that Murong Yuntian wasn’t keeping up after going far away. She turned around and had a look. He was still standing there. She couldn’t help but feel a bit angry, so she shouted loudly. Murong Yuntian lifted his head and looked at the window on the second floor before turning around and leaving.

After going back into the house, Yun Feng sat on the bed. “Ancestor, did you hear how the Karan Royal Family see the Yun family?” Yun Feng moved her mind. When she saw the ancestor’s sullen handsome face at this moment, she indeed couldn’t bear it.

You were sincere and loyal, but in the eyes of the Karan Royal Family, you were probably just a lackey, so you should sacrifice everything for them!

The ancestor didn’t say a word, with his face sullen for quite a while. In the end, a touch of exhaustion and sorrow flashed through his face. “Ah...” He heaved a long sigh slowly, but still couldn’t express how much the Yun family had done for the Karan Empire in the last thousand years.

Yun Feng also remained silent. The Karan Royal Family certainly wasn’t wrong doing this, using those who were useful and abandoning those who weren’t. It was completely reasonable logically, but it was too inhuman in a sense.

“Kid, the Yun family takes root in the Karan Empire after all...” The ancestor said with a strong feeling in his words. Right, their root was here. Even if the ruler of this homeland wasn’t quite humane, the Yun family wouldn’t be able to leave this place easily.

“Kid, what were you thinking?” The ancestor asked calmly as Yun Feng smiled.

“Don’t worry, ancestor. The root of the Yun family is here and my root is also here, but it’s already impossible if the Karan Royal Family still wants the Yun family to work for them,” Yun Feng said as a glint of viciousness flashed in her black eyes. The Yun family would never be anyone’s lackeys! She wouldn’t serve the Karan Empire as a summoner. She would only serve herself and the Yun family!

Yun Feng wasn’t afraid at all of what Kasa said just now. She was with the Mercenary Union right now. Wouldn’t the Karan Royal Family be worried about going against the Mercenary Union if they did anything to her?

Kasa certainly understood this. As she went back furiously along the way, she thought about what she said just then. Kasa was only trying to scare Yun Feng verbally. What could be the reason for banishing the Yun family? The Yun family contributed a lot in the history of the Karan Empire. That legendary summoner was born from the Yun family! Since then, there hadn’t been a summoner in the Karan Empire. Although they didn’t care about the Yun family anymore, the contribution of the Yun family was still there.

## **Chapter 124: Fight Against the Evil Wolf Mercenary Group (2)**

Besides, Yun Feng from the Yun family had a relationship with the Mercenary Union right now and their Vice President spoke highly of her. If the Karan Empire did anything to the Yun family, the Mercenary Union might make a fuss about it. By then...

Kasa bit her lips. So, were they just going to let the Mercenary Union have a level-6 mage? She couldn’t resign herself to that. If her father knew about this, he wouldn’t accept this as well!

Not to mention everything else, Yun Feng was indeed a genius and she was on the road of magic... She was even from the Yun family as well. Would she be able to become... a summoner?

Thinking of this, Kasa's heart suddenly felt warm with excitement. She thought she could take Yun Feng down with the superior status of the Karan Royal Family. She had never thought it would end like this. Hm, if she couldn't do it by force, she would take a soft line with her! She didn't believe that there would be anyone who wouldn't yield in front of a great amount of wealth and power!

Kasa quickly took out a Sound Transmission Jade from the pocket of her clothes after thinking about this. Such Sound Transmission Jades were unique and rare. They were made with special materials. Once the other party infused their fighting energy or mental strength inside, the jades would remember it and the person could directly talk to the other party. Since they were expensive, only powerful people in the upper-class society and the members of the royal family in the four empires could have them.

Kasa put her mental strength inside as the Sound Transmission Jade slightly released a layer of luster. "Uncle Kai, Uncle Kai!" Kasa lowered her voice as much as she could and whispered gently. After a while, a deep, rough male voice came from the Sound Transmission Jade.

"Kasa, how's the level assessment?"

"Uncle Kai, are you free? Come to the Mercenary Union tomorrow. I have something to tell you, something very important!" Kasa wasn't dumb. If she talked about poaching the mage of the Mercenary Union in their base camp, wouldn't she be digging her own grave?

Murong Yuntian listened on the side and only frowned slightly without saying anything.

"Tomorrow? I have a lot of things to do tomorrow. Your father sent me..."

"Uncle Kai! If you don't come, the Karan Royal Family will regret it!" Kasa interrupted Kai and said anxiously.

"Regret? How exactly can the Mercenary Union make the Karan Royal Family regret? You little girl, did you..."

"Uncle Kai! There's a mage in the Mercenary Union, a level-6 mage!" What Kasa said made Kai completely speechless. After a while, Kai's voice came again, but he sounded much more serious.

"Kasa, are you serious?"

"Sure as a gun! I saw her attack using level 6 magic simulation today!"

"Aren't mages all in the Masang School of Magic? Why is she in the Mercenary Union?"

"I'm not sure either. This mage might not have reached the age of admission..."

"Kasa! Are you telling me that a kid under 12 is a level-6 mage?" Kai seemed to be a bit enraged. Apparently, he dared not believe, and couldn't believe, what Kasa said!

"I know it's hard to believe, but it's true! Uncle Kai, she's already become a level-6 mage before the age of 12. How astonishing will she be when she grows up? The Karan Royal Family can't miss this kid!"

"Kasa, did you tell her your identity?"

Kasa couldn't help blushing after hearing that. She had certainly told Yun Feng her identity, but she was almost beaten up. Thinking of this, the anger in Kasa's mind was suppressed by her.

"Yes, but maybe my status isn't high enough..."

"Haha, this should be the case if what you said is true. Alright, I'll go there tomorrow!" Kai's voice stopped coming and Kasa also put away the jade with a complacent smile on her gorgeous face. Uncle Kai was a Prince. He could certainly represent the royal family when he came here and he could probably offer quite a lot of conditions.

Hm, Yun Feng, how would you be able to stand firm under the temptation of the royal family at your age? When you start working for the royal family, I'll definitely settle this score!

The next morning, the Level Assessment Convention in full swing was about to begin again. The atmosphere today was obviously even more fiery than yesterday's. The most important point of today's competition was the challenge by the Red Maple Mercenary Team!

Early in the morning, the Mercenary Union welcomed another heavy hitter. Prince Kai of the Karan Royal Family came in person. Zheng Ran greeted him with a smile. Seeing Prince Kai rush here in a hurry, which made him look weary, Zheng Ran certainly knew what the Karan Royal Family was planning.

"Welcome your Highness. I apologize for not greeting you outside." Zheng Ran bowed slightly. Kai immediately helped Zheng Ran up. "No, no, how can Mr. Zheng Ran bow like this? I'm just here to join in the fun."

The laugh lines at the corners of Zheng Ran's mouth were very obvious. When Kasa saw Kai arrive, she couldn't help feeling a lot happier. There was a hint of arrogance in her gaze when she looked at Zheng Ran. The Prince is here now. Will the Mercenary Union still refuse to let the mage go?

Zheng Ran certainly saw Kasa's gaze and he couldn't help but shake his head and sigh. There was no need for him to argue with such a kid. People with such an identity like him wouldn't mind this kind of naive behavior at all.

Although Kasa was somewhat precocious, she didn't know what the Mercenary Union meant to the Karan Empire. The Mercenary Union was an enormous creature. Even though this piece of land belonged to the Karan Empire, the Karan Royal Family would have to get out of here sooner or later if the Mercenary Union was to make a move. Kasa thought Kai would be able to make Yun Feng leave the Mercenary Union. To be honest, this was an unrealistic expectation.

Kai certainly understood this as well, so he didn't act too tough when he came here. If he still showed the superiority and temperament of the royal family in the Mercenary Union, he would just be looking for trouble for himself. This wasn't the way to deal with the Mercenary Union. So, Kai had been humble since he arrived and he seemed approachable when he talked to Zheng Ran. This made Kasa very frustrated. She thought her uncle would come to ask for the mage arrogantly and she didn't expect to see such a scene.

Zheng Ran and Kai were chatting. Even though the two of them talked about a lot of things along the way, they both knew well in their minds what they were after. Zheng Ran chatted casually to Kai with a

smile. None of them mentioned the mage. That kid was registered at the Mercenary Union and the royal family wanted to steal her away after seeing such a benefit. Don't even think about it!

### **Chapter 125: Fighting Against the Evil Wolf Mercenary Group (3)**

"Kasa said that a mage joined the Mercenary Union?" Kai said on the platform and casually looked down. The crowd of mercenaries were making a clamor of voices.

"Yes, the Mercenary Union is quite lucky." Zheng Ran crossed his arms as he sat in the chair leisurely with a smile.

"Mages are no big deal. How many do you want, Mr. Zheng Ran? You can just tell me." Kai said. He was quite arrogant. Zheng Ran looked below without turning his head or replying.

"Now that the Mercenary Union has a mage, you don't have to worry about us, your Highness."

Kai's face twitched. He was truly given a cold shoulder. "The mercenaries of the Mercenary Union are all warriors, and suddenly, there's a mage. It's a bit inappropriate. Don't you think, Mr. Zheng Ran?"

When Zheng Ran heard this, he was still smiling. "Your Highness, do you mean the Mercenary Union shouldn't accept mages?"

"I didn't mean that, but this mage should stay somewhere she belongs."

"Oh? And where is that?"

Kai smiled. "Of course, a place where this mage wants to go."

When Zheng Ran heard this, he slowly turned his head to the side. "If that's the case, why don't you go to ask the mage directly, your Highness?"

Kai was waiting for Zheng Ran to say this. He just wanted to poach the mage fair and square. If the mage agreed, Zheng Ran wouldn't be able to stop him!

"Haha, Mr. Zheng Ran, if you say so, I better accept it than reject you."

Zheng Ran turned around and slowly got up. "Please enjoy today's competitions, your Highness."

Kasa also heard them on the side and she couldn't help feeling delighted. She was worried that the Mercenary Union wouldn't give Uncle Kai a chance to meet the mage directly, but now, it was great. The Mercenary Union made this suggestion themselves! With Uncle Kai up this time, how would there be any problem?

"Mercenaries, yesterday was an enthusiastic day. I'm sure you must be thrilled as well!" Zheng Ran stood on the platform and said slowly. His voice echoed around the square clearly as cheers burst out of all the mercenaries, proving their excitement.

"Today will be the most exciting day of the level assessment and the battles will be the most intense. Three-star to five-star challenges will be held today. I hope all the mercenary groups can obtain the best result in the challenges. The convention now begins!"

Following Zheng Ran's announcement, there was another burst of cheers in the square. The judges next to each ring were all announcing the names of the challenger and the challenged. The mercenary groups hopped on the ring one by one, starting their intense competition.

According to the level rules, the challenges from the three-star groups started first. This was also the reason why people had already been so excited once the convention began. Fitch, Murong Yuntian and Kasa on the stand were all staring at the rings firmly with slight anticipation on their faces.

"Fitch, it seems that you have a favorite team?" Kai sat next to Fitch and saw that this middle-aged man, who had always been serious, surprisingly had a trace of anticipation and excitement on his face right now, so he couldn't help but feel curious. Looking carefully, Murong Yuntian was also like this, and so was his niece!

Fitch burst into laughter and didn't hide his emotions at all. "Kai, you're a day late. Yesterday's battles were wonderful." Kai frowned and also understood what Fitch was talking about.

"Are you talking about that level-6 mage?"

Fitch nodded. "Just watch. You'll soon see her in the three-star challenge."

Kai felt a bit shocked after hearing that. The level-6 mage was in a three-star mercenary group? He couldn't help but gaze at those rings on the square. That mage was really interesting.

"The Red Maple Mercenary Team is challenging the Evil Wolf Mercenary Group!" A judge yelled with an excited look and he was also extremely thrilled in his mind. To be honest, he had been looking forward to this battle for a long time and he couldn't wait for the competitions of other groups to finish immediately. This was the highlight!

The judge's voice was immediately flooded by the tide of cheers. Some mercenaries stood up, waved their hands and shouted out one name. "Red Maple! Red Maple! Red Maple!"

"Is the Red Maple Mercenary Team this popular?" Kai was slightly startled when he saw this scene. The mercenaries in the venue were all yelling this name. Wasn't this a bit too much? Wasn't the Red Maple Mercenary Team just a three-star mercenary group?

"Kai, the Red Maple Mercenary Team is the three-star mercenary group that the mage joined! They had a brilliant performance yesterday!" Fitch explained on the side as his body leaned forward uncontrollably, hoping to see clearer.

"I see..." Kai's eyes also moved to that ring as everyone's gaze gathered there, as if it was the only ring on the square!

"Teams of the two mercenary groups, get ready for the battle!" The judge also shouted with more enthusiasm after hearing the cheers. He lengthened his neck and yelled with his eyes turned slightly red as well.

In all the loud shouts, nobody noticed the atmosphere of the Evil Wolf Mercenary Group. A small thundercloud floated in the clear sky. The three Commanders sat there with a long face, but they still repressed their emotions secretly. Looking at the ring, there was one thought in the minds of the three Commanders. The mage? The mage would be absent today!

The five warriors of the Evil Wolf Mercenary Group walked to the ring with a dirty look. The audience around the square seemed to have ignored them directly and kept shouting the name of the Red Maple Mercenary Team. The five masters of the Evil Wolf Mercenary Group were all at level 6 or above. Yun Feng was right. The one with the highest level among them was at level 7. If the Evil Wolf Mercenary Group knew what the Red Maple Mercenary Team would do to them next, the three Commanders would probably have gotten on the ring themselves.

Rather than the five-star group, the biggest enemy of the Evil Wolf Mercenary Group was the Red Maple Mercenary Team!

“Fuck, we’ll let you scream and let you shout! When the mage of the Red Maple Mercenary Team doesn’t show up, I’ll see if you’d still yell!” The level-7 warrior mumbled. What he said made the few others chuckle and they all looked at the front with evil intentions. The members of the Red Maple Mercenary Team still hadn’t arrived, but they believed that even when they did, there wouldn’t be five of them! Without that mage, how would the Red Maple Mercenary Team still defeat them with those dregs?!

#### **Chapter 126: Fighting Against the Evil Wolf Mercenary Group (4)**

“The Red Maple Mercenary Team!” The judge saw that the side of the Red Maple Mercenary Team was empty and he couldn’t help feeling scared in his mind. They wouldn’t come at last moment like they did yesterday, would they? His heart...

“We’re here!” A voice sounded as Zhao Mingqi walked out with a smile. Behind him was the lineup which the Red Maple Mercenary Team had yesterday. The judge couldn’t help taking a deep breath after seeing this. He glanced over the team slightly and found that Yun Feng wasn’t there.

“There are only four of you...” The judge kindly reminded them. Zhao Mingqi smiled and remained silent, while the five warriors of the Evil Wolf Mercenary Group opposite them burst into laughter like there was no one else here. Zhao Yan behind Zhao Mingqi rolled his eyes when he saw the faces of the five members of the Evil Wolf Mercenary Group. “They’re really a group of idiots.”

The audience around also booed. Where was the mage? Why wasn’t that amazing mage on the square? When the three Commanders of the Evil Wolf Mercenary Group saw this scene, they all showed a ferocious smile. That mage indeed wasn’t here. It looked like their operation last night was successful. Hahaha, the Red Maple Mercenary Team, you’re going down this time!

The three Commanders couldn’t laugh for long. They just felt that a black shadow flashed in front of them. After looking carefully, the expressions of the three of them abruptly changed. Greedy Wolf immediately wanted to attack, but the Commanders stopped him.

“Are you delighted to see that I’m not here?” Yun Feng stood in front of the three Commanders. A mature smile appeared on her innocent face. Facing the three Commanders of the Evil Wolf Mercenary Group, Yun Feng was like a powerhouse looking at everything from above. These three were just ants.

The Commanders of the Evil Wolf Mercenary Group sat there, looking at Yun Feng in front of them, as blue veins appeared on their necks. How was that possible? She shouldn’t be here. Did she not care about her father’s life?

“C-Commander!” A mercenary of the Evil Wolf Mercenary Group ran over, but when he saw the sight in front of him, he stuttered!

“What’s wrong?” The Commander of the Evil Wolf Mercenary Group shouted and the mercenary quickly ran over. He glanced at Yun Feng and immediately looked away, whispering softly in the ears of the three Commanders, “D-Dead...”

The three Commanders of the Evil Wolf Mercenary Group instantly seemed relieved after hearing that. One of them gave a smile with profound meaning. “Great, well done.”

The mercenary’s body then trembled when he heard that. He spoke again softly, “C-Commander, it’s our men. Our men are... are dead...”

What! The three of them widened their eyes furiously. The Evil Wolf Mercenary Group sent out their level-7 masters! They were dead? How was that possible? According to the investigation, Yun Jing was just a level-5 warrior. Their level-7 masters couldn’t kill a level-5 warrior, and were killed instead. Perhaps the Yun family had a card up their sleeve?

They were heartbroken about the loss of three level-7 warriors. The Evil Wolf Mercenary Group truly faced a double whammy this time. “I’ve underestimated you, Yun Feng.” A Commander of the Evil Wolf Mercenary Group said evilly with viciousness appearing in his black eyes. Yun Feng laughed and gave the three of them a cunning smile.

“I’ll give you a chance.” Yun Feng said as her body flashed suddenly and dashed towards the ring like a beam of light, standing there steadily. Zhao Mingqi smiled gently, “My Lady, what do we do?”

Yun Feng glanced over the five dumbfounded warriors on the opposite side and said softly, “Beat them up as hard as you like. It’s time for the Red Maple Mercenary Team to settle the scores.”

The minds of the other four warriors shook after hearing this. When the audience saw Yun Feng show up, they even shouted with their lives. Under the fanatical gaze of hundreds of pairs of eyes, the judge raised both of his hands and yelled with a flushed face, “The battle between the Red Maple Mercenary Team and the Evil Wolf Mercenary Group begins!”

“Red Maple! Red Maple! Red Maple!” As the judge announced the start of the battle, everyone in the venue couldn’t sit anymore. They all got up from their seats and waved their hands. These extremely fearless mercenaries let go of everything and shouted with their utmost strength at this moment.

“My Lady, I’m going up.” Wang Ming smiled humbly at Yun Feng and a big smile appeared on his rough face. Zhao Yan burst into laughter. “Uncle Wang, make a good start!”

Wang Ming laughed. “Alright!” The others also gazed at Wang Ming with a smile. Wang Ming jumped and landed on the ring steadily. Yun Feng looked at Wang Ming’s broad body on the side. The Red Maple Mercenary Team originally planned to lose the first two fights, but judging by the current situation... The corners of Yun Feng’s mouth curled up slightly. Even if they wanted to lose, it wouldn’t be easy.

“Red Maple, don’t you think you can be arrogant because you have a mage here! I’ll open your eyes today!” A level-6 warrior hopped on the ring. Wang Ming was still looking upright. The body of the warrior of the Evil Wolf Mercenary Group who came up was indeed comparable to that of Wang Ming.

Wang Ming burst into laughter. “What tricks do you have? Show me!”

The level-6 warrior of the Evil Wolf Mercenary Group laughed loudly. He knew that Wang Ming on the opposite side was as strong as he was. If the two of them fought only with their strength, nobody would be able to win, but no... Hm!

“Alright! I’ll show you!” The level-6 warrior laughed wildly as he suddenly took out a giant hammer. The surface of the black body of the hammer was glowing with a black luster and there were four Magic Beast Crystals on one side of the giant hammer!

“Huh... That’s... a weapon with four holes and four crystals!” People around the square all gasped. They were surprised by the weapon this warrior took out. A weapon with four holes and four crystals, how much did it cost to make it? The Evil Wolf Mercenary Group truly spent heavily this time!

Kai’s expression changed slightly when he saw this. Fitch and the others couldn’t help feeling nervous as well. This weapon with four holes and four crystals would be a very powerful boost when it was in the hands of a level-6 warrior. He would even be able to fight with a warrior at the peak of level 6! Wang Ming had just reached level 6 not long ago, so a gap between the strength of the two of them immediately appeared when the Evil Wolf Mercenary Group took out the weapon.

“Mr. Zheng Ran, do you think Wang Ming will win?” Kai turned his face slightly to the side and looked at Zheng Ran, who had been smiling calmly since the beginning. Zheng Ran chuckled. “You’ll see, your Highness.”

When Kai heard this, he almost rolled his eyes. He sat down again and couldn’t help mumbling in his mind, “Leaving me in suspense.”

“Hahaha! Even if you have a mage, so what? Even if she’s at level 6, so what? Do you see that? It’s a weapon with four holes and four crystals! Does the Red Maple Mercenary Team have any Magic Beast Crystals? Wang Ming, just surrender!” The level-6 warrior of the Evil Wolf Mercenary Group shouted into the air, while the other four warriors also laughed loudly. As for the members of the Red Maple Mercenary Team, they all gazed at the Evil Wolf Mercenary Group like they were looking at a bunch of fools.

### **Chapter 127: All in Seconds (1)**

“Uncle Wang! Show them what we’ve got. They’re just a group of clowns!” Zhao Yan shouted down the ring, which made the expressions of the five warriors of the Evil Wolf Mercenary Group on the other side change slightly.

“If that’s the case...” Wang Ming mumbled as he rolled his wrist and a long sword suddenly appeared in Wang Ming’s hand. Wang Ming slightly infused his fighting energy into it and the blade of the sword let out a soft buzzing sound. The level-6 warrior of the Evil Wolf Mercenary Group opposite him had already looked right where he was and his eyes widened so much that they couldn’t get bigger!

“Six holes... Six crystals!” The level-6 warrior shouted. Everyone went silent for a few seconds at this moment and they all widened their eyes to look at the weapon in Wang Ming’s hand. Six Magic Beast Crystals were inserted on one side of the blade of that long sword!

“Red Maple!” Enthusiastic cheers burst out again in the crowd. Six holes and six crystals, only the four Commanders of the five-star groups had weapons with six Magic Beast Crystals. And now, such a weapon appeared in the hands of a level-6 warrior! How could this not make people crazy?

“They’re indeed generous...” Seeing this scene, Kai’s expression changed. His heart felt a bit warm with excitement when he looked at that weapon with six holes and six crystals. The powerful secondary profession of mages, Inserter... This ability that made countless people heartbroken and crazy... A weapon with six crystals appearing in the hand of a warrior from a three-star group showed the direct effect of the mage!

Kai’s brain spun quickly. If this mage could join the army of the royal family, if each soldier in the Royal Army could have such a weapon, the strength of the army would leap more than just a level!

What was more overwhelming was that the potential of this mage was so enormous that it gave people goosebumps! Kai imagined the bright future of the Karan Royal Family and the enthusiasm in his heart was ignited quietly. He looked at that little girl down by the ring with scorching heat in his eyes. He must get this girl. The Karan Royal Family must get this girl!

“Boo! The Red Maple Mercenary Team really got a great advantage!” The four Commanders of the five-star groups mumbled. Looking at the weapon in Wang Ming’s hand, they all felt furious... A sky-high price was required to make a six-crystals weapon. How would such an expensive weapon appear in the hands of a mercenary of a three-star group? That was even a level-6 warrior. How would the four of them not be jealous?

“That’s really like pennies from heaven! When I find ultimate ores in that mineral vein, don’t you try to take them from me. That little baby is mine!” Tuoba Gang said fiercely. The other three Commanders immediately looked sullen after hearing that. Apparently, the three of them had the same thought in their minds as well.

“Tuoba, the four of us are now at the same starting line. We can only rely on ourselves.” Leng Siao se snickered. Facing Tuoba Gang’s grumpy temper, he wasn’t afraid at all.

Leng Siao se stared at Yun Feng firmly. If he really found the ultimate ores, he would be able to offer what the Red Maple Mercenary Team could. By then, how would he still have to worry about Yun Feng rejecting him?

The level-6 warrior of the Evil Wolf Mercenary Group on the ring was completely dumbfounded. He looked at the weapon in Wang Ming’s hand foolishly, while Wang Ming burst into laughter and made an honest and irritating remark. “I’m really sorry. I have two more crystals than you do.”

The audience watching the scene almost spurted out blood. How irritating! It was so irritating that someone could be killed! He said that with such an attitude, such a relaxed and calm tone!

“You... Hm! Even if you have six crystals, so what? Your Magic Beast Crystals are probably junk! How can they compare to my four level-3 crystals?”

Everyone was shocked again when they heard what the level-6 warrior of the Evil Wolf Mercenary Group said. Four level-3 crystals? They truly spent... a sky-high price! The level-3 Magic Beast Crystals

circulating in the market were already regarded as high-quality products. Normal people wouldn't be able to afford their price, but he had four of them. This, this, this...

Wang Ming looked a little strange after hearing that. Seeing Wang Ming's expression, the warrior of the Evil Wolf Mercenary Group on the opposite side was more certain about the thought in his mind. Even if the Red Maple Mercenary Team had a mage to help them insert crystals, so what? Even if they inserted six Magic Beast Crystals into the weapon, it wouldn't be powerful with six level-1 junk!

Thinking of this, the four crystals on the giant hammer of the level-6 warrior suddenly shone and light burst out. Fighting energy was slowly infused into the weapon, and the level-6 warrior swung his arm and raised the giant hammer, creating the sound of wind!

"The Red Maple Mercenary Team ends here!"

The giant hammer broke the air and went straight towards Wang Ming. The long sword in Wang Ming's hand then buzzed all of a sudden. The infusion of fighting energy made the blade shake violently, while the six crystals let out dazzling light!

"What..." The brightness of the six crystals hurt the eyes of the warrior of the Evil Wolf Mercenary Group. He only felt an energy spreading from the surface of the long sword in Wang Ming's hand abruptly, which even... suppressed the power of his giant hammer!

"Clang!" The giant hammer and the long sword clashed against each other. The two weapons infused with level-6 fighting energy made a loud noise. The six crystals on Wang Ming's long sword were extremely dazzling and the brightness completely covered the luster of the giant hammer of the level-6 warrior from the Evil Wolf Mercenary Group!

The warrior of the Evil Wolf Mercenary Group was terrified when he saw the scene in front of his eyes! Six level-1 junk? How would those be junk... Those... Those were crystals that had a higher level than the ones he had!

"Hah!" Wang Ming shouted as he stomped his foot hard. His long sword suddenly lifted using the power of the clash of the two weapons. He wanted to make another attack at first, but that level-6 warrior was already knocked away!

"Argh!" The level-6 warrior screamed. His body crashed into the ground outside the ring like a meteorite and rubbles splashed everywhere. The other warriors of the Evil Wolf Mercenary Group couldn't help but dodge quickly.

"He..." The warrior of the Evil Wolf Mercenary Group fell on the ground as his giant hammer rolled to the side. He wanted to say something, but his vital energy and blood surged and he immediately passed out.

The judge looked at the scene in front of his eyes and was slightly stunned. After a few seconds, he immediately raised his arms. "First round, the Red Maple Mercenary Team wins!"

One attack, Wang Ming took down his opponent with one attack? It was even a level-6 warrior with a weapon that had four crystals!

There was a burst of enthusiastic cheers from the audience again and their voices shook the sky! The Red Maple Mercenary Team, a mercenary group full of miracles that made people excited. Many things that people found hard to believe happened one after another!

### **Chapter 128: All in Seconds (2)**

“Why can’t he stand my attack...” Wang Ming looked at his opponent, who was knocked down and passed out after one attack, and said in confusion. This almost made the audience crazy!

This was provocation, absolute provocation!

“He defeated his opponent with one attack...” Murong Yuntian saw this scene on the platform and was indeed a bit stunned. The weapon in the hands of that warrior of the Red Maple played an important role. Those six inserted crystals were definitely not level-1 junk... They should be level-4 crystals.

“The gap is really huge.” Kasa made this comment indifferently on the side, “Don’t you think, Yuntian?” She turned her head over with a slightly flattering look and gave a sweet smile at Murong Yuntian.

Murong Yuntian glanced at Kasa coldly. “No, the difference between the strength of the two of them isn’t really large. Ignoring other factors, they can tie.”

Fitch nodded after hearing that. “Your Highness, a weapon can change the result of a battle.”

Kai lifted the corners of his mouth in embarrassment as he watched the weird first round. “Mr. Zheng Ran, the Mercenary Union is really generous...”

Zheng Ran smiled with a hint of satisfaction in his eyes. “I’m flattered, your Highness. The weapons and equipment are all prepared by the mercenary groups themselves. The Mercenary Union doesn’t help them with these things.”

Six level-4 Magic Beast Crystals, kid, you’re quite generous.

Wang Ming jumped off the ring as Zhao Mingqi nodded with a smile. “My Lady, I didn’t embarrass you, did I?” Wang Ming gave a silly smile. The corners of Yun Feng’s lips lifted. Embarrass her? He couldn’t possibly embarrass her. Not only that, he even gave her honor!

“Haha, Uncle Wang, did you see the expressions of those people on that side? Tut-tut... It’s really amazing!” Zhao Yan smiled in disdain at the opposite side and there was a trace of excitement on his young face. The Red Maple Mercenary Team indeed started well this round, really well!

“Uncle Zhao, you’re up.” Yun Feng smiled and said. Zhao Mingqi nodded as he hopped on the ring. His opponent from the Evil Wolf Mercenary Group, a level-6 warrior, also jumped on and stared at Zhao Mingqi in front of him firmly as resentment rose all of a sudden.

Zhao Mingqi stood there with a friendly smile without a hint of hostility. He was like a gentle breeze that blew slowly and did no harm.

“Why are you so arrogant? I don’t believe that you each have a weapon with six holes and six crystals!” The second level-6 warrior shouted fiercely with vicious eyes. A spear then appeared in his hand and there were also four Magic Beast Crystals inserted in the body of the spear!

“Fuck! The Evil Wolf Mercenary Group doesn’t want to live anymore. Another weapon with four holes and four weapons!” The audience didn’t know what noise to make anymore. They only shouted with their utmost strength. This battle was truly amazing! Two weapons with four holes and four crystals appeared in a row. Would the Red Maple Mercenary Team have another six-crystal weapon as well?

“Red Maple! Take out another six-crystal weapon! I have confidence in you!” A mercenary yelled. This cracked many people up. Even the few heavy hitters on the platform couldn’t help laughing. Yun Feng shook her head speechlessly.

“Right, I have faith in you too! You can’t lose! Show the Evil Wolf Mercenary Group your momentum! Beat them up!” Another mercenary shouted. This resonated with a lot of people. The Evil Wolf Mercenary Group had always had a bad reputation. Almost nobody in the Mercenary Union had a close relationship with them. This mercenary spoke everyone’s mind. After he yelled, a thousand people immediately followed. In a blink, the burst of shouts resounded all over the sky.

“That’s right! You can’t lose! Knock them down on the ground!” Shouts soared into the sky one by one. This time, the mercenaries didn’t say the name of the Red Maple Mercenary Team anymore, but they pushed the atmosphere to the next level.

The three Commanders of the Evil Wolf Mercenary Group sat there silently with a sullen face as dark as charcoal. Their black eyes were full of viciousness and thirst for blood. The Red Maple Mercenary Team really gave them quite a huge blow!

“We must take revenge. We must take revenge!” The Commanders of the Evil Wolf Mercenary Group gritted their teeth and tasted blood. They stared at Yun Feng firmly with gloominess in their black eyes. This kid could never stay!

“Shut up, you all!” The level-6 warrior up on the ring suddenly shouted, “Red Maple, take out another six-crystal weapon if you have the guts, or you’ll just be a bunch of fucking cowards!”

The members of the Red Maple chuckled. The smile at the corners of Zhao Mingqi’s mouth even carried a hint of pity. This made the heart of the warrior, who talked so arrogantly, tremble and he felt something wrong.

“I’m so sorry. I have to let you down...” Zhao Mingqi said as he rolled his wrist and held his swords in both of his hands tight. There were six Magic Beast Crystals on the blade of one of the swords!

“Fuck! The Red Maple Mercenary Team spent even more than the Evil Wolf Mercenary Group! Another six-crystal weapon. Holy shit! I’m going to work for the Red Maple Mercenary Team from now on. Hahahaha!”

The heads and chests of the mercenaries became hot out of excitement and there was only one thought in their minds. They would have great resources if they followed the Red Maple Mercenary Team! The six-crystal weapons that only the four Commanders of the five-star groups had were now as common as cabbages. The members of the Red Maple Mercenary Team had one each. How could people not be mad?

“Fuck, did I see it correctly? Another six-crystal weapon! Did the Red Maple Mercenary Team pour their money away?” Tuoba Gang yelled and suddenly realized that the six-crystal weapon, which he had

always regarded as a treasure, suddenly became worthless and wasn't good enough to be presented in front of the others. The other three Commanders also had the same thought and they all looked a bit embarrassed. Six-crystal weapons used to be something that only they had, but there were as many of them as cabbages in the hands of the Red Maple Mercenary Team.

"It's the mage. It's all that mage..." Leng Siao se murmured and couldn't resign himself to accept this. Such an increase in their strength, such weapons and equipment, he was jealous. He was so jealous that his heart had already turned green!

They didn't know that the Red Maple Mercenary Team didn't buy these Magic Beast Crystals. Even if the Red Maple Mercenary Team had tons of mid-level ores, it wouldn't be enough for them to buy level-4 Magic Beast Crystals. The Red Maple Mercenary Team didn't spend any money on these Magic Beast Crystals. They picked a time when nobody was around in the first morning of the level assessment and searched around the Shiny Plains completely.

With Yun Feng there, those Magic Beasts certainly had no ability to fight back at all. After searching for level-4 Magic Beast Crystals, the Red Maple Mercenary Team then rushed back in a hurry, which was the reason why they were a bit messy and were almost late the first day.

### **Chapter 129: All in Seconds (3)**

"That's not real. That's not real!" The warrior with the four-crystal spear shouted as his level-6 fighting energy burst out. When Zhao Mingqi saw this, he shook his head again and there was more pity at the corners of his mouth. Nothing could be faked in front of real strength!

"You'll know if they're fake after trying it!" Zhao Mingqi held both swords in his hands and infused his fighting energy into them. The swords were covered with shiny luster like polar lights.

The warrior with the spear also shouted abruptly as his body moved backward slightly. He then dashed towards Zhao Mingqi like an arrow released from the bow and the spear in his hand also shot out at a high speed like a sharp arrow!

"Hah!" Zhao Mingqi also rushed forward swiftly. The swords in his hands created a silver white trace, clashing against the spear that was flashing as fast as an arrow!

"Swish, swish, swish!" The sound of wind passed through. Zhao Mingqi rolled his wrists several times. The two beams of light in his hands also twined up the body of the spear and the light spread immediately like cracks!

"Argh!" The body of the warrior with the spear arched backwards. Zhao Mingqi had already come in front of him and those two beams of light had already gone up to his chest! Such a creepy, unpredictable speed!

"Clang! Clang!" The warrior of the Evil Wolf Mercenary Group looked at the spear in his hand in shock. That majestic spear split piece by piece and dropped on the ground in front of everyone's eyes.

A weapon with four holes and four crystals was destroyed just like that!

"Plop!" Following the dropping pieces of the destroyed weapon, the level-6 warrior also felt his knees like jelly, tottering and kneeling on the ground. Blood had already oozed out of his mouth and he didn't

have the power to fight back anymore! On the other hand, Zhao Mingqi was still looking gentle and wasn't injured at all!

The battle between the two of them ended with Zhao Mingqi's absolute advantage!

"Second round, the Red Maple Mercenary Team wins!" The judge yelled loudly. The audience was stirred again. The atmosphere was like water that never stopped boiling and never cooled down!

"They won both battles in seconds..." Kai looked at the Red Maple Mercenary Team that won the second round and mumbled. He could see clearly that the two warriors, who fought for the Red Maple Mercenary Team, weren't much stronger than their opponents. The reason why they could end the battles in seconds was because of the weapons in their hands, their absolutely suppressing weapons!

This showed how much help a mage could bring to a team. With a mage, the overall strength of the team would increase by one level!

Zheng Ran sat in his seat with a smile. Even though he was a bit surprised when he watched the first two rounds of competition, he cared more about the third round. It was Yun Feng's turn to fight in the third battle!

It should be her turn... Murong Yuntian on the platform thought. A trace of heat rose in his black eyes. Looking at that small body, he knew that the power inside was endless!

Zhao Mingqi came down from the ring as Yun Feng nodded in satisfaction. Even though Zhao Mingqi was the Commander of the Red Maple Mercenary Team, the real Commander in his mind was Yun Feng, the Young Lady that brought miracles to the Red Maple Mercenary Team again and again!

Yun Feng didn't say anything. She just hopped onto the ring. Her appearance brought the competition today to the climax once again. Even the heart of the judge became hot in excitement. Looking at this petite girl, the enthusiasm in his bones also surged silently.

The expressions of the few warriors of the Evil Wolf Mercenary Group on the opposite side had completely changed. The first two rounds ended in seconds with their opponents' victory. They were completely demoralized without a trace of morale left. The level-7 warrior took a step forward slightly. The two other warriors of the Evil Wolf Mercenary Group glanced at him. They didn't have much hope in him.

A level-6 mage and a wand with six holes and six crystals. How could they win this time? However, if they lose, the competition would also end!

The level-7 warrior hopped on the ring and looked at Yun Feng with a sullen look. He had never thought they would lose so miserably in this competition and he didn't expect the weapons of the Red Maple Mercenary Team to have reached such an overwhelming level!

The level-7 warrior clenched his fists fiercely as his level-7 fighting energy gushed out and covered the surface of his body. "Red Maple, you won't be able to win so easily this time!"

After seeing this, Yun Feng put a cold smile on her face. The short and powerful wand appeared again in her hand. Yun Feng didn't even bother to speak this time. She directly closed her eyes and focused, as

the blue water element appeared around the wand gradually, moving slowly like a clear stream but also exuding a terrifying coldness.

Being despised completely by Yun Feng, the level-7 warrior couldn't repress his anger anymore. "Red Maple, don't you... Argh!" Before he finished talking, Yun Feng had already made an attack!

The clear blue stream suddenly became extremely fierce. It turned into a long chain and twined around the body of the level-7 warrior, catching him completely off guard.

"This is..." The body of the level-7 warrior was entangled in the blue water stream from head to toe and he couldn't move at all. Yun Feng stood there with an indifferent smile, watching the level-7 fighting energy struggle in vain.

"If you struggle more, the chain of water will cut your body into many pieces." Yun Feng said indifferently. The expression of the level-7 warrior had already changed drastically!

The water element, which had always been known for its gentleness in the magic world, was the most brutal killing weapon in Yun Feng's hands! Kasa was so shocked by Yun Feng's attack that she didn't know how to react. "The water element can be used to make such an attack... Oh God..."

The body of the level-7 warrior struggled. He just felt that the fighting energy on the surface of his body had already stopped quickly and couldn't provide him with any protection anymore. The blue water stream that seemed gentle exuded a chilly air, intruding into his body directly!

Thinking of the level-6 warrior who died miserably yesterday, whose entire body was cut into pieces, the expression of the level-7 warrior changed. How would he alone be able to affect the final result of the Evil Wolf Mercenary Group? His life was more important!

"I surrender. I surrender!" The level-7 warrior yelled, which stirred the audience again. The Evil Wolf Mercenary Group totally embarrassed themselves this time. It would probably be difficult for them to keep their heads up in the Mercenary Union again!

"Third round, the Red Maple Mercenary Team wins!" The judge felt a little sad in his mind. After all, Yun Feng had just made one attack. He expected the battle to be a bit more exciting at first. He had never thought the level-7 warrior would be so weak!

### **Chapter 130: All in Seconds (4)**

The entire audience seemed like they hadn't had enough and they all had a look of dissatisfaction on their faces. "Fuck, what happened to the Evil Wolf Mercenary Group? They're too weak!"

The three Commanders of the Evil Wolf Mercenary Group sat there with a stiff body and their facial features were about to squeeze together. Their group was downgraded to the three-star level from the four-star level. Not only that, they were even reviled and despised by other mercenaries!

Yun Feng retracted her mental strength slowly and the chain of water also disappeared silently. The level-7 warrior heaved a sigh immediately, jumping down the ring. He didn't care about people despising him for surrendering voluntarily. Nothing was more important than his life!

"The challenge between the Red Maple Mercenary Team and the Evil Wolf Mercenary Group, the Red Maple Mercenary Team wins and advances to the four-star level! The competition..."

“Wait.” Yun Feng spoke gently. The judge was apparently startled. Then, the heat that had just been suppressed quietly revived.

“Mr. Zheng Ran!” Yun Feng turned her body slightly, facing Zheng Ran who had been smiling on the platform. Zheng Ran stood up. Kid, what’s your next surprise?

“Yes?” Zheng Ran asked. The corners of Yun Feng’s mouth curled up gently and she pointed at the three Commanders of the Evil Wolf Mercenary Group as her red lips opened. “Can you change the rules of this competition?”

Zheng Ran looked up as he smiled wider. Murong Yuntian couldn’t help but feel a little nervous when he heard this. He seemed to know what Yun Feng was going to do and his handsome face was full of seriousness. Kai was also a cunning person. He immediately tried to stop Zheng Ran.

“Zheng Ran, this isn’t a game! If this mage is injured…” That would be the loss of the Karan Royal Family!

Zheng Ran didn’t hear what Kai said at all. When Zheng Ran, this old fox, encountered Yun Feng, this little fox, the two of them certainly understood what each other meant. Zheng Ran chuckled. “Rules are set by people. Of course they can be changed.”

Zheng Ran’s reply made the excited mercenaries quiet down. Thousands of pairs of eyes gazed at Yun Feng. They only felt like the Mercenary Level Assessment Convention this year was truly something they experienced once in a blue moon! Nothing like this had happened before and it wouldn’t happen again in the future!

A mage, which had never showed up in the Mercenary Union, came and these centuries-old rules would also be changed today! How would they be changed? What changes would happen? This truly aroused people’s anticipation.

“Mr. Zheng Ran, about the competition between the Red Maple Mercenary Team and the Evil Wolf Mercenary Group, the difference in the strength of the two groups is actually not that big. I believe that the three Commanders of the Evil Wolf Mercenary Group can’t resign themselves to accept the result either. I have a suggestion.”

Zheng Ran stood on the platform with a smile. “What suggestion? Tell me.”

Yun Feng gently lifted the corners of her mouth, then took a breath slowly and shouted loudly, “The three Commanders of the Evil Wolf Mercenary Group must be dissatisfied in their minds. If the Red Maple Mercenary Team has to win, we certainly have to convince everyone and make everyone accept the result. My suggestion is to let the three Commanders come up here for a battle!”

The minds of all the mercenaries here were heated with astonishment. The three Commanders of the Evil Wolf Mercenary Group were quite something in the Mercenary Union. How weak could the Commanders of a four-star group be? The three of them were all pretty powerful. Two of them were at mid-level 7, while the other one had entered level 8!

What Yun Feng said shocked everyone in the venue. Even if you’re a level-6 mage, even if you’re impressive, you won’t be able to beat two level-7 warriors and one level-8 warrior!

“Hahahaha!” A loud laugh cut through the stagnant air around the square. The three Commanders of the Evil Wolf Mercenary Group, who looked sullen like pieces of charcoal, had already stood up with viciousness flowing on their faces. This suggestion was great. This suggestion was wonderful!

“Zheng Ran, you can’t agree with that! Kids are inevitably arrogant and they act on impulse!” Kai stood next to Zheng Ran and said with a serious look. There was even some pressure from the royal family in his tone.

Zheng Ran raised his eyebrows slightly. He was also a bit worried in his mind, but judging by the kid’s expression, she was apparently well-prepared. She must still have something that could astonish him... However, the lineup of two level-7 warriors and one level-8 warrior was indeed slightly powerful.

Kasa was also a little anxious on the side. She scolded Yun Feng for this suggestion thousands of times in her mind. Although the kid was powerful and talented, she was too insolent and arrogant! How dare she challenge level-7 and level-8 warriors at level 6? Wasn’t she digging her own grave?

“Mr. Zheng Ran! She’s already made the suggestion. A word spoken is past recalling. She can’t take it back anymore! It’ll be disrespectful for us to reject her kindness and refuse to fight, don’t you think?” The Commander of the Evil Wolf Mercenary Group yelled at the two Deputy Commanders. The three of them laughed wildly as their bodies moved and three black lines flashed from the audience stand to the ring. A powerful viciousness then surged out slowly.

“My Lady!” Zhao Mingqi yelled a bit worriedly. Yun Feng’s move also caught them off guard. They originally thought the competition would end here, but their Young Lady made such a suggestion. How could she do that?

“Father, stop her quickly!” Zhao Yan was anxious. Zhao Mingqi frowned and was extremely unsettled in his mind as well. If something happened to their Young Lady, what could they do? Where could they find another Young Lady like this?

“Commander Zhao, since my Lady has already made the decision, we should just follow along! She won’t let the Evil Wolf Mercenary Group take advantage of us voluntarily. Hahaha, if we’re really going to fight with them, count me in!” Wang Ming burst into laughter at this moment. What he said made Zhao Mingqi and Zhao Yan realize something. Right, if Yun Feng had already got an idea in her mind, they should just follow her lead. Their Young Lady wasn’t someone reckless. She certainly had her reason when she did something.

“Alright! I’ll go with you this time!” Zhao Mingqi threw away the idea of stopping Yun Feng. He had already started thinking about the possibility of winning this battle in his mind.

“Yun Feng, do you really want to do this?” Zheng Ran asked with some contradictions in his mind. He didn’t want Yun Feng to get hurt, but it would be unfair for him to help her on such an occasion and he also wanted to see Yun Feng’s performance. Zheng Ran was indeed a bit torn.

“Mr. Zheng Ran, I have my own plan. I’m not a reckless person!” Yun Feng stood upright there with huge confidence on her face. That confidence seemed to have conquered everyone. Zheng Ran nodded.

“Alright, I approve of this battle!”

What Zheng Ran said caused a great furor in the quiet square again. Even the body of the judge trembled slightly and his head became hot. He was too excited. This was truly awesome!
