Chapter 1211 Rising to Grade-8 Emperor Level (3)

When these people came in, they were originally full of anger as they arrogantly came to find trouble. However, when they saw that Mo Changge was also here, they couldn't help but feel extremely surprised. "Young Master Mo, why are you here?"

Mo Changge looked up lazily. "Is it strange for me to be here?"

Immediately, the members of the first-rate families who came fell silent. That's right. Hadn't Mo Changge and the Thousand Snow Hall's Master had the same attitude in the past year and a half? It wasn't strange to see him here at all! It was just that the timing of his appearance here wasn't good...

"Masters, please have a seat." Yun Tianfan greeted them. The masters of the first-rate families all snorted and sat down one by one, looking very disdainful. There were two powerhouses standing behind each of them. Yun Luo Chen observed secretly and his heart couldn't help but tighten. The weakest of the powerhouses these masters brought here today was at the mid-stage of the Commander Level, and the strongest was probably at the peak of the Commander Level. Why did they come to the Yun family with such fanfare? Did they want to attack?

The leader of the Yao family glanced at Mo Changge and was a bit frustrated in his mind. Ever since Yao Man died, the Yao family had lost a lot of power and the engagement with the brother of the Thousand Snow Hall's Master. Even though they weren't removed from the first-rate families, they didn't have a good life. They were even ostracized by the other first-rate families from time to time. The Yao family's ruthlessness towards Yun Feng and the Yun family could be said to be engraved in their hearts. They always wanted to instigate something. This was the right opportunity. He was the one who instigated so many people to come to the Yun family this time.

"Master Yao, you've worked hard," said Mo Changge with a faint smile. Master Yao's face darkened a bit and he chuckled reluctantly. "Young Master Mo, what are you talking about... I don't understand."

Mo Changge couldn't be bothered to talk to him anymore. The other masters who came couldn't hold back anymore and said first, "We're here to admire the Yun family this time."

Yun Tianfan chuckled. "Masters, you must be joking. The Yun family can't stand it."

"You can't stand it? I think the Yun family is enjoying it! The Thousand Snow Hall's Master and Young Master Mo have been visiting you frequently in the past year and a half. It seems that the Yun family is going to rise above us!"

Mo Changge raised his brows and didn't say anything. Yun Tianfan smiled lightly. "You must be kidding. The reputation and background of the first-rate families in the Thousand Snow Hall are incomparable to that of the Yun family."

Yun Tianfan's humble attitude surprised these masters, and they were much less angry. Seeing that, the master of the Yao family immediately jumped out. "You seem humble on the surface, but you're actually very arrogant! You don't take the first-rate families seriously at all!"

Yun Luochen had already known that this old guy was instigating trouble. He was about to flare up, but Yun Tianfan stopped him. "Master Yao, what do you mean?"

"What do I mean? The Yun family is an outsider to begin with. You only settled down in the Thousand Snow Hall because of Yun Feng's name. Why? Does the Yun family want to climb to a high branch with your own strength and step on all these first-rate families? You disdain the kindness of the Thousand Snow Hall's Master and Young Master Mo so much. You don't want what we can't ask for, do you?"

These words immediately made the other masters furious in their minds. What an ignorant and arrogant family!

"The Yun family doesn't have such an intention. I'm afraid you're thinking too much, Master Yao!" Yun Tianfan's voice also became a bit colder. The Master of the Yao family sneered. "Why? Can you get rid of Young Master Mo here? You can ask Young Master Mo if the Thousand Snow Hall is interested in the Yun family."

Mo Changge chuckled and touched his cheek with his finger. "Master Yao, you've finally said something right. Brother and I do intend to marry into the Yun family. Don't be dissatisfied when you hear that, especially Yao Man from the Yao family. Look at yourself."

"Mo Changge, you..." Yun Luochen was enraged. Wasn't he pushing the Yun family into a trap? Did he think these people weren't angry enough?

The Master of the Yao family's face alternated between red and pale. The faces of the other Masters also became uglier and uglier. How would they dare to be angry with Mo Changge? No, the Yun family was the only family that could make them vent their anger! Even if there was Yun Feng, so what? Yun Feng hadn't appeared for countless years. Would they, as first-rate families, be afraid of someone who might not appear again?

"Yun Tianfan, I want to see how good Yun Feng is!"

"That's right. Let Yun Feng out today. If it's really as Young Master Mo said, we'll just let her go. If it's not, don't blame us for being rude!"

The Master of the Yao family raised his brows and sneered. "Yun Tianfan, since all the masters say so, call Yun Feng out quickly. No matter how capable she is, she must understand that this is the Thousand Snow Hall, not the Yun family's territory!"

Yun Luochen clenched his fists and gritted his teeth so hard that they made creaking sounds. He wanted to attack, but there were eight or nine people who were stronger than him standing here. If he attacked, he would only bring trouble to the Yun family. The soldiers of the Yun Army weren't these people's match either. These people wouldn't just let it go!

Mo Changge sat aside leisurely, as if he was watching a good show. Yun Feng, the situation has already reached an uncontrollable level. Are you still not coming out? Do you have to wait for them to attack before you show up? If that's the case, I might as well cheer you on.

"Master Yun, you've been rejecting me and my brother every time in the past year and a half. This time, don't reject us anymore." Mo Changge said again. Yun Tianfan's face darkened. How was it possible for him to disturb Yun Feng's cultivation because of such a thing?

"I'm sorry, Young Master Mo and the masters. Feng isn't in the mansion. I'm afraid you'll be disappointed."

"That's not right, Master Yun. I came back with Yun Feng this time. Why did you lie to the masters?"

Yun Tianfan's face couldn't be darker. Yun Luochen stood up. "Father said that Yun Feng isn't in the mansion. She's already left to train alone."

"Young Master Mo said she's here. Do you think we'll believe what you said? The Yun family is truly arrogant to the point of being lawless. We came to your door, but you dare to spout nonsense! Go in and search! Find Yun Feng!" The few family masters were worried that they couldn't find an excuse to make trouble. This was a good opportunity. The ten powerhouses they brought were about to flash inside. Yun Luochen shouted angrily, "How dare you! This is the Yun family!"

Chapter 1212 Rising to Grade-8 Emperor Level (4)

"Humph! I think you're the ones who're presumptuous." The Yao family's master snorted coldly. The other masters were even more furious in their minds. "Go in and find her. If we can't find Yun Feng, it's fine. But if we find her... Humph!"

"If you take a step forward, I'll kill you without mercy!" In an instant, dozens of warriors of the Yun Army showed up. They all held Commander Level weapons and glared at the ten powerhouses, blocking their way firmly. The masters sneered. How could these people stop them? How ridiculous!

The atmosphere instantly became hostile and they were ready to fight. After a while, Mo Changge asked slowly, "Master Yun, are you still not going to invite Yun Feng out?" Mo Changge certainly wouldn't let the matter escalate to an uncontrollable level. He only wanted to force Yun Feng out. If these people really wanted to attack, he would certainly stop them.

Yun Tianfan sneered. "Young Master Mo, it's useless even if you or the Thousand Snow Hall's Master see Feng."

Mo Changge suddenly narrowed his eyes with obvious unhappiness flashing on his face. The Yao family's master even seized this opportunity. "Yun Tianfan, you dare to be so disdainful and contemptuous even to Young Master Mo. I'm sure you don't take the Thousand Snow Hall's Master seriously. Is this the Yun family's attitude towards accepting their benefactor?"

Yun Luochen was about to explode with anger. Take them in? A benefactor? Bullshit! If the Thousand Snow Hall hadn't begged them, they wouldn't have come, okay? The Yun family could settle down anywhere. The Yun family could take root anywhere. They didn't care about the Thousand Snow Hall at all!

"Search!" The masters shouted coldly. The ten experts immediately advanced. The Yun Army and Yun Luochen certainly wouldn't let them go any further. They immediately started fighting! The scene instantly fell into chaos. The master of the Yao family only sneered when he saw this. "In that case, I think we have to go there ourselves."

Mo Changge's face darkened when he heard this. Apart from that old thing from the Yao family, the other four of these five people were all at the Lord Level. If Yun Feng wasn't here and these few people did something, it would be his fault.

“Alright, we’ll search for her ourselves. I don’t think we won’t be able to find her!” The other family masters all looked furious. The anger that had been accumulating had completely burst out now. Mo Changge immediately got up when he saw this. However, at this moment, an energy wave that was so strong that it made people dizzy came from the backyard of the Yun family, like a huge wave. Everyone here was wrapped in it and pressed down fiercely!

“Argh!” Screams came out of the mouths of the ten experts. They, who were fighting with the Yun Army, all felt their hearts and lungs crack and their bodies fell on the ground in pain. However, the Yun Army was fine. The soldiers of the Yun Army looked at each other and felt extremely oppressed in their minds. What exactly was that fluctuation just then?

“Poof...” Blood spurted out of their mouths. The few first-rate families’ masters looked at the blood they couldn’t control in shock. The energy fluctuation just then was obviously not big, but it made them panic and they vomited blood!

The few of them looked up in surprise at the same time. There were masters in the backyard of the Yun family! There were masters guarding it!

No wonder the Yun family was so fearless. No wonder they could be fearless in such a situation. Was it because there was such a master here?

Yun Tianfan and Yun Luochen’s eyes immediately brightened when they felt the fluctuation. The father and son were both a bit excited. It seemed that Yun Feng was probably coming out of seclusion!

Mo Changge, who was sitting on the side, was obviously shocked. After seeing the excitement on Yun Tianfan and Yun Luochen’s faces, his heart pounded fiercely! Could it be that the strong fluctuation just then... was caused by you, Yun Feng? Such a fluctuation made someone at the Lord Level immediately vomit blood. Yun Feng, what level have you reached? King? Emperor? Or... God?!

Yun Feng had been sitting with her eyes closed on the tenth level of the Dragon Palace for a long time and hadn’t opened her black eyes for a year and a half. The five-color wheel kept spinning around her. The light of the five elements shone on each other. Suddenly, the five-color wheel spun faster and the five colors also darkened in an instant!

Yun Feng, on the other hand, was immersed in a mysterious realm. She knew that the height she had been looking forward to was right in front of her! In a year and a half, she had crossed the threshold level after level. The resistance would increase exponentially as she passed each threshold. The difficulty of her cultivation would also increase exponentially! In a year and a half, she had been moving on this increasingly difficult road. Even if she could only take an extremely small step every time, it was a kind of improvement for Yun Feng!

After working hard for a year and a half and constantly moving forward, she finally touched the final threshold at this moment. Grade 8 of the Emperor Level!

“Master, go for it!” The three contracted Magic Beasts felt the same way. They had accompanied Yun Feng in her hard work in the past year and a half. Yun Feng had worked hard to reach Grade 8 of the Emperor Level in just one and a half years. The three contracted Magic Beasts were also excited at this moment. Just like every time she advanced, Yun Feng would definitely pass successfully!

The five-color wheel spun more and more fiercely. The high concentration of elements in the air kept entering Yun Feng's spiritual space through the five-color wheel. The purer and stronger mental strength absorbed all these elements and refined them carefully. In the end, the remaining impurities spread out through the five-color wheel. Even though it wasn't as difficult and dangerous as advancing to the God Level, she still had to put in a lot of effort. Yun Feng certainly wouldn't waste the efforts of the past year and a half at this moment. Tiny beads of sweat appeared on her fair forehead. She had already touched the threshold. As long as she crossed it, she would succeed!

"Buzz..." The entire space on the tenth level of the Dragon Palace suddenly shook and the five-color wheel instantly shone brightly! Powerful and violent energy waves were released from Yun Feng's body and kept spreading out like waves!

"This girl... is truly impressive!" The constantly spreading energy waves alarmed a corner of the Dragon Palace. The old voice sounded with unconcealable surprise. "It's only been a year and a half and she's already reached such a height. The Yun family is indeed..."

"Humph!" Yao Guang's hoarse voice sounded. "Haven't you always thought highly of her? You should know that she will have such results."

"Yao Guang, aren't you surprised?"

There was silence. Then, Yao Guang's hoarse voice appeared again. "Surprised? I'm not surprised at anything that happened to that girl anymore."

Chapter 1213 Rising to Grade-8 Emperor Level (5)

"Haha, you're quite right."

Qu Lanyi and Mu Canghai, who were on the second level of the Dragon Palace, opened their eyes at the same time and felt this astonishing energy fluctuation. Mu Canghai whispered, "In a year and a half, Yun Feng..." Qu Lanyi didn't say anything, but his black eyes were full of pride and praise. His wife certainly wouldn't disappoint him.

Er Lei, who had been silent in the corner, suddenly stood up. Purple light flashed excitedly in his eyes that were covered by the curtain of his hair. Er Lei suddenly raised his head and laughed crazily.

"Hahahaha, hahahahahahaha!"

Mu Canghai turned around and looked at Er Lei, who was laughing crazily, in shock. Qu Lanyi didn't even look at him. The laughter resounded throughout the Dragon Palace, but didn't reach the tenth level. The powerful energy ripples finally eased and the black eyes that had been closed instantly opened!

!!

Five-color dazzling light flashed through Yun Feng's black eyes and her momentum also rose to a new height in an instant. The surprised voices of the three contracted Magic Beasts came in her mind.

"Master, congratulations on your successful advancement!"

Yun Feng's red lips curled up slightly as she slowly took a deep breath. She squeezed her hand gently and slowly let go. In a year and a half, she had successfully entered Grade 8 of the Emperor Level! She finally lived up to other people's expectations! Yun Feng put away the Golden Cauldron Tree that had

already stopped yielding. She also felt something in her mind. If she didn't get the Golden Cauldron Tree by chance, she wouldn't have her current achievement at all. In a year and a half, she would only be at Grade 4 of the Emperor Level at most even if she exerted her full strength.

She had already completed her advancement in two years. She should tell Uncle Tianfan this news immediately! She immediately flashed out of the Dragon Palace. Yun Feng, who had already reached Grade 8 of the Emperor Level, immediately felt that a group of uninvited guests had come to the Yun family. After looking around, Yun Feng's mind was already clear.

Four Lords and a dozen Commander Level experts. It seemed that it wasn't just the headquarters of the Yun family. In just this year and a half, the Yun family of the West Continent had caused a lot of trouble, and now, they even dared to intrude! "Swish..." The sound of wind sounded and Yun Feng's body had already disappeared from the spot. When she came to the main hall, she couldn't help but sneer when she saw the chaotic scene in the main hall.

"My... My Lady..." The Yun Army was all excited to see the person who suddenly appeared in the main hall. Yun Tianfan and Yun Luochen were the same when they saw Yun Feng. Mo Changge, who had been sitting on the side, finally moved. He stood up and stared at the girl he hadn't seen for a year and a half.

Yun Feng stood there. Just standing there made people feel a bit breathless. Even though the few masters who came to cause trouble were the leaders of the first-rate families, they didn't have the courage to speak in front of this girl at all! They all looked at her in shock. Yun Feng, she was Yun Feng!

"Yun Feng, you've finally shown up." Mo Changge's frivolous voice came. Yun Feng looked over coldly and Mo Changge's heart couldn't help but tighten. He didn't feel this way when he saw her back then. Why did it make him want to step back unconsciously now?

"Mo Changge, did you bring them here?" Yun Feng said coldly. The others didn't dare to breathe loudly, especially the Master of the Yao family. He had never thought that Yun Feng would really be here! Otherwise, he wouldn't have dared to cause trouble at this moment even if he were a hundred times more brave! The Master of the Yao family was just short of finding a hole to hide in right now and running as far as he could!

"Of course not. It's him. You know him. He's from the Yao family." Mo Changge turned his finger. The Master of the Yao family, who was retreating quietly, immediately stiffened and held his breath. Cold sweat appeared all over his body! Yun Feng smiled coldly. If she hadn't come out of seclusion at this moment, she believed that Uncle Tianfan and Luochen wouldn't have disturbed her. And these people obviously wouldn't let the Yun family have an easy time with their strength, and the instigator behind this was the Yao family, which had always been dissatisfied with her back then.

"You won't give up until I get rid of you completely."

The body of the Yao family's master trembled fiercely. The hearts of the other family's masters also trembled for a moment. Get rid of him completely! Yun Feng was truly ruthless!

If she kept the Yao family alive, the Yun family would certainly have endless trouble in the future when she left! This was also an opportunity to warn the others! The Yun family had always been aloof from worldly affairs, but these families took the initiative to make things difficult for her. Yun Feng certainly had to let these people see everything clearly!

She clenched her fist fiercely and the space instantly distorted and deformed. The Yao family's master's body was instantly twisted and minced by the space! He didn't even have time to scream, leaving only a pool of blood and a set of broken limbs!

This bloody scene immediately froze the air for a few seconds. The few family masters watched this scene as their hearts pounded crazily! This was Yun Feng of the Yun family. She was the one who stood aloof from worldly affairs and someone who could also be ruthless!

The leader of the Yao family died in the Yun family. The leaders of the other first-rate families were all shocked and didn't know what to do. Mo Changge couldn't help but frown when he saw this bloody scene. Was it a bit inappropriate for Yun Feng to do this in the Thousand Snow Hall?

"Yun Feng..." Mo Changge wanted to say something, but Yun Feng glanced at him coldly. Mo Changge only felt pain in his heart. "Mo Changge, don't think I don't know why these people came to find me today."

Mo Changge's facial features tightened. The other few masters were so shocked by Yun Feng's aura at this moment that they couldn't say anything at all. The person in front of them was just a twenty-year-old kid! However, these famous figures of the Thousand Snow Hall were so scared! Thinking of this, the few masters felt suffocated in their minds and they even despised the death of the Yao family's master a bit more. They were instigated to this point because they listened to this old thing. It was just right for the Yun family to vent their anger on him!

"Yun Feng, brother and I aren't..." Mo Changge wanted to explain, but Yun Feng smiled coldly.

"We've only been back from the Central Continent for a year and a half and the Thousand Snow Hall's Master already can't hold back any longer. Isn't he too anxious?"

The Central Continent?! Everyone present was stunned. The expressions of the few masters even changed drastically. Yun Feng of the Yun family had been to the Central Continent! She had been to such a place! She could even return!

Mo Changge's expression changed. He pursed his thin lips and couldn't say anything. The coldness in Yun Feng's eyes became even colder. "I had my doubts when you appeared on the East Continent. Why did a person from the West Continent like you come to the East Continent for no reason? You even appeared somewhere related to the Yun family!"

Chapter 1214 To the Yun Family's Headquarters (1)

Mo Changge's black eyes glittered and he didn't say anything. Yun Feng continued, "After you left, I didn't have time to think about such questions. I didn't figure everything out until you appeared again. I only figured it out after knowing that you're the brother of the Thousand Snow Hall's Master. Why? Are you so interested in the Yun family?"

Yun Tianfan and Yun Luo Chen couldn't help but gasp. Mo Changge's face suddenly darkened. "The Thousand Snow Hall's Master allowed you to wander around, so he certainly has his own thoughts. I'm sure the Thousand Snow Hall's Master was thrilled on the trip to the Central Continent. And you, Mo Changge, told your brother some information that you shouldn't know. Am I right?"

Yun Feng's voice was like a cold sword that stabbed straight into Mo Changge's heart. He stood there with a sullen face and remained silent. Perhaps he didn't know what to say.

The other masters couldn't understand at all after hearing this. What Yun Feng said made them confused, but even if they were confused, they knew very well what Yun Feng was trying to say. The Thousand Snow Hall's Master must have plotted against the Yun family for a long time!

"Do you really think the Yun family has to rely on the Thousand Snow Hall? Do you really think you can attack the Yun family under my watch?" Yun Feng suddenly shouted coldly. Mo Changge suddenly laughed forlornly and raised his head. "Yun Feng, am I really so unworthy in your heart?"

She looked straight at Mo Changge with her clear black eyes. Mo Changge thought that he saw a clear sky in her eyes. Yun Feng was probably the only woman in this world who had such clear eyes.

"Mo Changge, the ambition of the Thousand Snow Hall's Master means that we can't be friends."

The corners of Mo Changge's mouth curled up wryly. "I see..."

"Tell your brother to put away the stupid thoughts in his mind as soon as possible. Unless the Yun family is willing, nobody will get any benefits from the Yun family and nobody can take advantage of the Yun family! If he still doesn't give up, the Thousand Snow Hall will become the second Karan Empire!"

Mo Changge chuckled. "After hearing that, my brother should understand something..." Mo Changge looked at her deeply, as if he wanted to see through Yun Feng's heart. "Leaving aside identities, the Thousand Snow Hall, and everything else, will you still reject me like this?"

Yun Feng was stunned. She lowered her head slightly and didn't answer immediately. Mo Changge waited quietly, as if he was waiting for the judgment. This judgment might save his heart, or push him into the bottomless abyss.

Yun Feng turned around slightly. "Putting aside everything, I wouldn't have met you."

Mo Changge was stunned. An even more bitter smile oozed out of the corners of his mouth. They wouldn't have met... and they wouldn't have any interaction. Yun Feng, is there no one else who can enter your heart except that man? Mo Changge shook his head gently and stood up to walk out. "Don't worry. I'll tell Brother everything you said. Also, you don't have to do anything. My brother will deal with everything."

Yun Feng remained silent with a cold face as she watched Mo Changge leave in silence. Seeing that Mo Changge had already left, the other masters immediately ran away. The farce ended. Even though the soldiers of the Yun Army wanted to stay with their Young Lady for a while longer, they could see that Yun Feng, Yun Tianfan and Yun Luochen had a lot to talk about. The soldiers of the Yun Army packed up the broken bodies of the Yao family's master and all left.

Silence returned to the main hall. After thinking about it, Yun Tianfan said in shock, "Feng, do you mean that the Thousand Snow Hall's Master has been targeting the Yun family for a long time, and it's the Yun family of the East Continent?"

Yun Luochen was also shocked to hear what Yun Feng said just then. Yun Feng nodded. "I met Mo Changge at the gods' relics on the East Continent. The gods' relics actually belong to the Yun family. They're called the Yun Palace!"

Yun Tianfan and Yun Luochen were surprised again, especially Yun Tianfan. Even though he knew that the Yun family was extraordinary, he didn't expect the Yun family to have such a thing!

"I got my Yun Family Badge that was tampered with in the Yun Palace. I didn't think too much back then, but now that I've connected everything, the Thousand Snow Hall's Master has already set his sights on the Yun family. He must have spent a lot of effort to find out the information and confirmed that the Yun family isn't simple. Especially on this trip to the Central Continent, Mo Changge left on purpose to get rid of me. I still don't know what he searched for."

"Will Mo Changge really tell the Thousand Snow Hall's Master everything?" Yun Luochen couldn't help but ask. Yun Feng didn't answer. After a long time, she finally said, "It doesn't matter if he tells or not. I really didn't expect the Thousand Snow Hall's Master to be so ambitious. He wants to enter the Central Continent. Moreover, he wants to use the power of the Yun family to reach his own goal!"

"Shameless!" Yun Luochen gritted his teeth and roared. Yun Tianfan frowned. "It seems that the Yun family can't stay in the Thousand Snow Hall anymore."

"No." Yun Feng looked at Yun Tianfan. "Uncle Tianfan, no matter where the Yun family is, we can't get rid of the fate of being pried on and used. The Yun family has always been like this. Compared to the other two halls, it's the best choice. After hearing what I said just then, the Thousand Snow Hall's Master certainly knows what to do. He should also understand that he's not my match at all right now."

"But if this goes on..."

Yun Feng chuckled. "Uncle Tianfan, the members of the Yun family certainly have to go home. The Thousand Snow Hall won't be the root of the Yun family. When the matter of the Yun family's headquarters is resolved, I believe the Yun family on the East Continent and the West Continent will return to their root!"

Yun Tianfan's black eyes glittered. All these years, there hadn't been a day when he didn't look forward to returning to his root. The Yun family would go home sooner or later, to where their roots belonged!

"We don't know the situation of the headquarters of the Yun family yet. We can only stay in the Thousand Snow Hall for now. Perhaps..." Yun Feng frowned slightly and thought for a while. "Uncle Tianfan, why don't you go to the East Continent?"

Yun Tianfan and Yun Luochen were both stunned. In the end, Yun Tianfan chuckled and shook his head. "Feng, I know you mean well, but we can't leave this place."

Yun Feng sighed and didn't say anything else. If it were her sullen father, he would probably have the same answer. No matter how bad it was, this was the place where the Yun family was born and raised. They certainly had deep feelings for this land.

Chapter 1215 To the Yun Family's Headquarters (2)

“Alright! The Thousand Snow Hall’s Master will think about it after today. The Yun family should try to stay away from them.”

“Don’t worry, Yun Feng! My father and I can’t wait to stay far away from them!”

Yun Feng nodded with a smile. She had warned the Thousand Snow Hall’s Master. If he didn’t take her warning to heart, he shouldn’t blame her for being ruthless. However, with the Thousand Snow Hall’s Master’s personality, he should know what he should and shouldn’t do. It was fine what happened in the past. After all, it didn’t affect the Yun family at all. If he still didn’t give up on the Yun family in the future, she wouldn’t let him go!

Ever since that day, the Thousand Snow Hall’s Master and Mo Changge had never visited the Yun family again. They could be said to have kept a distance with the Yun family in an instant. However, this distance couldn’t change the impression of the Yun family in the minds of the large and small families anymore. In particular, the Yao family had been completely uprooted and disappeared. The leaders of the few first-rate families who experienced that day even had lingering fears. They all told their families strictly not to deal with the members of the Yun family for no reason. If possible, they should try their best to avoid them, let alone say anything bad about Yun Feng and the Yun family.

The Yun family returned to the initial peace. Even though this peace carried a hint of fear, the members of the Yun family didn’t care at all. They were born like this and didn’t like to fight with others. They only wanted their own side to be quiet and live a peaceful life.

Yun Feng didn’t leave immediately. In Yun Feng’s opinion, it was impossible for the Thousand Snow Hall’s Master to give up completely. After planning for so long and spending such a huge amount of effort, how would he be able to give up easily with a few words? Yun Feng wasn’t in a hurry. Before she left the West Continent, she would definitely give the Thousand Snow Hall’s Master an unforgettable goodbye. Before that, Yun Feng had to deal with another person who gave her a headache, Er Lei.

Having reached Grade 8 of the Emperor Level, Yun Feng certainly had the strength to contract with the Grade 6 Emperor Level Er Lei. On the day Yun Feng broke through, he laughed crazily in the Dragon Palace with a hint of madness. Yun Feng ignored it back then in order to deal with the matter of the Yun family. After it was dealt with, the contract with Er Lei was imminent.

“Yun Feng, I thought I had to wait a while longer, but you’ve changed my impression of you.” In the sky, Er Lei and Yun Feng looked at each other face to face. Even though Er Lei’s words were arrogant, they were full of admiration for Yun Feng.

Yun Feng smiled. Purple light flashed in the eyes behind the curtain of Er Lei’s hair. “Yun Feng, do you think you can contract with me easily after reaching Grade 8 of the Emperor Level?”

Yun Feng burst into laughter. “Of course I don’t think so.”

“Hahahahaha, good! Fight with me fair and square. If you win, I’ll be willing to be contracted by you!”

Yun Feng chuckled and raised her red lips. “Very good. Sure.”

Er Lei suddenly raised his head and the messy hair that had been covering the bridge of his nose suddenly rose. The golden mole at the corners of his eyes appeared in front of Yun Feng for the first time. Yun Feng saw it. A golden mole? Er Lei had a golden mark?

“Yun Feng, don’t think you can beat me after reaching Grade 8 of the Emperor Level!”

Yun Feng laughed loudly and flicked her wrist gently, holding the wand inherited from her master in her hand! “I’ve never underestimated any opponent!”

“I like what you said!” Er Lei shouted loudly as his body had already rushed towards Yun Feng like lightning. The dense purple lightning energy instantly spread and the tiny silver snakes danced crazily in all directions with the sound of lightning!

What a strong lightning element! Yun Feng narrowed her black eyes and the wand in her hand suddenly spun. “Earth Shield!” Earth elements quickly gathered in front of Yun Feng, forming a thick defensive shield wall. Er Lei burst into laughter and suddenly extended his hand, clenching his fist!

“This can’t stop me at all!” His fist was completely enveloped by the lightning element and he smashed the Earth Shield fiercely with countless silver snakes. With a loud bang, the Grade 8 Emperor Level Earth Shield was broken by Er Lei!

At this moment, Yun Feng had already jumped to the side and looked at the collapsed Earth Shield as her mind raced. Er Lei, a level-6 Emperor, could break the Earth Shield that was two grades higher than him, which showed how magnificent his explosive power was! However... since it was explosive power, it was destined not to last long!

Her body turned into a black shadow and kept moving in the space. Er Lei couldn’t help but frown when he saw Yun Feng’s body moving quickly. The silver snakes on his body that kept shouting were also dissatisfied. “Yun Feng, it’s useless to delay!” He suddenly extended his arms to the sides and a few silver snakes wrapped around his body flew around with faint thunder sounds!

He was indeed reckless. Such an attack method was too crude. Yun Feng chuckled secretly, but she didn’t dare to underestimate the silver snakes that were flying around. Every snake that was distorted with the sound of thunder was gathering fiercely concentrated power!

Yun Feng’s body flashed through the countless silver snakes even faster. Er Lei stood there and looked at Yun Feng’s body that kept dodging as he raised his head and laughed crazily! “Hahahahahahaha! Yun Feng, I still haven’t used my trump card!”

“How arrogant!” Little Fire’s gritted teeth suddenly sounded in Yun Feng’s mind. “Xiao Feng, blast him with elemental fusion!” Yaoyao’s angry voice also came. Even though Lan Yi didn’t say anything, he was also extremely dissatisfied with Er Lei’s arrogant look.

Elemental fusion? Yun Feng smiled wryly. If she really used that, Er Lei might be seriously injured. She just had to beat him. There was no need to be so heavy-handed.

“Master, we should teach him a lesson!” said Lan Yi. In the minds of the three Magic Beasts, Yun Feng wasn’t an ordinary existence. They were willing to sacrifice their lives for Yun Feng. No one else in their minds could compare to Yun Feng. However, Er Lei was so arrogant again and again, which certainly made the three contracted Magic Beasts unhappy. How could he look down on the master they were so proud of?

“A Magic Beast with such a unique original form should be arrogant.” Yun Feng’s smiling voice came. Thinking of Er Lei’s original body, she couldn’t help but laugh. How was that a dragon... He even swore that he was a dragon.

Yun Feng glanced at Er Lei, who was very excited on the opposite side, with her black eyes. She felt his rising fighting spirit. If she wanted him to be convinced of her, she certainly had to beat him until he had no power to fight back at all. As for his arrogant attitude, she would slowly train him in the future.

The purple light in Er Lei’s eyes became more and more obvious and the silver snakes dancing on his body also became more and more intense. The sound of thunder gradually rose and dense purple elements kept oozing out of his body, dancing crazily around Er Lei’s body!

1216 To the Yun Family’s Headquarters (3)

Yun Feng felt the density of the lightning elements and chuckled. She turned the wand in her hand and whispered with a smile, “Lightning elements, simulation!”

Er Lei was obviously startled when he heard this. He saw that dense lightning elements that weren’t inferior to his suddenly appeared around Yun Feng’s wand and instantly gathered behind her. Then, a huge dragon head appeared from the purple lightning fog. Those purple eyes were full of dazzling light and those sharp claws were also full of purple light!

“That’s...” When Er Lei saw Yun Feng’s elemental simulation of the lightning-element Magic Beast, he couldn’t help but feel stunned. He looked at the huge dragon head behind Yun Feng foolishly with his eyes and his heart suddenly pounded a few times fiercely. Yun Feng couldn’t help but smile when she saw Er Lei’s expression. As expected, this idiot had successfully been diverted.

The purple lightning dragon suddenly opened its mouth and a distant dragon roar sounded. Er Lei was inexplicably excited after hearing that. How long had it been since he last heard this voice? How long had it been since he last saw a dragon? When he was attracted by the purple lightning dragon, Yun Feng had already pointed the wand in her hand at him and her red lips curled up gently. “Array of Contract, open!”

!!

“Buzz...”

A huge five-color Array of Contract appeared under Er Lei’s feet. He finally realized what was going on, but it was already too late!

“Yun Feng, you tricked me!” Er Lei looked at the five-color Array of Contract under his feet and was about to fly out immediately, but Yun Feng burst into laughter and jumped into the air abruptly. “Er Lei, all is fair in war! Lightning Contract, appear!”

The other four elements of the five-color Array of Contract were all gone, leaving only the purple lightning element. Instantly, the huge Array of Contract was filled with strong purple color and there were crackling sounds of lightning!

“F*ck, I don’t accept this!” Er Lei stood in the center of the Array of Contract and suddenly roared. Yun Feng’s body suddenly landed. Er Lei only had time to hear the sound of the wind. When he opened his

eyes, Yun Feng was already in front of him! Er Lei's messy hair was completely blown up, revealing his eyes that had been hidden behind his hair. Faint purple light flashed in the depths of his eyes. Her black eyes and the eyes with faint purple light looked at each other. Er Lei suddenly fell silent, because Yun Feng's wand was pressed against his chest and heart!

"The winner has been decided." Yun Feng curled her lips and said indifferently. Er Lei swallowed inexplicably. Yun Feng would take his life in an instant if she activated any kind of elemental power! Even though he might not die, he lost!

Destructive purple light flashed in Yun Feng's black eyes. Er Lei's eyes glittered and he only heard a clear voice in his ears!

"I've made a contract. From now on, you'll be my beast. Contract!"

The purple Array of Contract shot out a huge purple light, enveloping Yun Feng and Er Lei completely. A wonderful connection appeared in their minds. Yun Feng seemed to see a huge purple dragon appear on Er Lei's body, but it instantly disappeared.

Thick purple light came out of Er Lei's chest and slowly wrapped around Yun Feng's finger. Then, it instantly tightened! Condensed! The lightning Ring of Contract appeared!

The Array of Contract under Er Lei's feet slowly disappeared. As Yun Feng's contracted Magic Beast, he was a bit dazed at this moment. He looked at Yun Feng with a very strange gaze. He couldn't say the word "Master" no matter what. Yun Feng chuckled when she saw that. "It's fine. It's just a title. You can call me by my name."

Er Lei heaved a sigh of relief. At this moment, he heard the voices of the other three contracted Magic Beasts. "That's too easy on him!"

"That's right, Xiao Feng. He should call you Master!"

Er Lei suddenly roared after hearing that. "F*ck, I'll just call her Yun Feng! Are the three of you tired of living? Come out and fight me if you can!"

"I've always disliked you!" Little Fire's irritable voice immediately sounded. Yaoyao also joined in, not to be outdone. "I don't like you either. Xiao Feng shouldn't have contracted you!"

"Er Lei, if you want to fight, I'll certainly accompany you." Lan Yi's cold voice sounded. Yun Feng couldn't help but smile wryly as she listened to the four of them argue. It seemed that her life in the future wouldn't be boring.

"F*ck, Yun Feng! Let the three of them out!"

Yun Feng smiled. A beam of purple light flashed and pulled Er Lei into the purple Ring of Contract. Yun Feng looked at the purple ring on her finger with an inexplicable feeling in her mind. She had already contracted four elements right now. There was only the earth element left right now. What kind of earth-element Magic Beast would she have?

The four contracted Magic Beasts in her mind were arguing. Yun Feng smiled and directly blocked the voices of these few Magic Beasts. After completing the contract of the Er Lei, she undoubtedly got a boost. Yun Feng was at Grade 8 of the Emperor Level. Together with four Grade 8 Emperor Level Magic

Beasts, it could be said that five Grade 8 Emperors were moving together. Unless they met powerhouses of the God Level, they could go anywhere.

Yun Feng had just returned to the ground from the sky when Qu Lanyi and Mu Canghai were already waiting there with a smile. "It's good to contract that idiot. If anything happens, take him out." Qu Lanyi snorted. Yun Feng smiled helplessly.

"Yun Feng, what's your plan next?" Mu Canghai asked. Yun Feng chuckled. "There's nothing else on the West Continent. We certainly have to go to the headquarters of the Yun family!"

Qu Lanyi chuckled. "But before that, there's someone we need to meet."

Yun Feng and Qu Lanyi looked at each other and smiled. Both of them understood what the other was thinking. If they didn't meet this person specifically, he probably wouldn't give up.

"Who are we going to meet?" Mu Canghai was a bit confused. Yun Feng and Qu Lanyi turned around and looked at him, saying at the same time, "Of course, the people who still haven't given up on the Yun family."

The full moon hung in the night sky. At this moment, the Thousand Snow Hall's Master still hadn't rested. What Mo Changge said that day touched him very deeply. Yun Feng could think so far ahead and see through the thoughts in his mind. There was a hint of gloom on the young and handsome face of the Thousand Snow Hall's Master.

Even if his thoughts were known, how could he be willing to let go just like that? He had to enter the Central Continent, the Central Region, and even the Inner Region no matter what! He didn't want to stay at the Lord Level forever. He didn't want to stay here forever. As the leader of the Thousand Snow Hall, he wanted to go to a higher place and look down on more people!

The full moon hung in the night sky. At this moment, the Thousand Snow Hall's Master still hadn't rested. What Mo Changge said that day touched him very deeply. Yun Feng could think so far ahead and see through the thoughts in his mind. There was a hint of gloom on the young and handsome face of the Thousand Snow Hall's Master.

Even if his thoughts were known, how could he be willing to let go just like that? He had to enter the Central Continent, the Central Region, and even the Inner Region no matter what! He didn't want to stay at the Lord Level forever. He didn't want to stay here forever. As the leader of the Thousand Snow Hall, he wanted to go to a higher place and look down on more people!

Chapter 1217 To the Yun Family's Headquarters (4)

He couldn't count on Mo Changge anymore. After his brother came back this time, he had completely cut ties with him and wouldn't do anything else for him. This was also the reason why the Thousand

Snow Hall's Master had been frustrated these few days. If Mo Changge didn't do it, who would? Such a thing certainly couldn't be spread out. Who else was the best candidate other than Mo Changge? Thinking of the situation on the Central Continent that Mo Changge mentioned, the fire in the Thousand Snow Hall's Master's heart couldn't be extinguished. It was burning fiercely! His desire for power, status and identity made him unwilling to spend the rest of his life here!

He had time and ability, so he certainly had to go to a bigger place!

"Thousand Snow Hall's Master, how have you been?" A voice suddenly sounded in the silent night. The passionate thought in the heart of the Thousand Snow Hall's Master suddenly cooled down. His body tightened and he looked outside. He had already set up a space blockade. It was impossible for anyone to break in!

As soon as he thought this, a gust of wind had already blown over. Then, a soft figure was already standing in front of him. There was a layer of coldness on her perfectly proportioned facial features and those black eyes were staring at him with a faint smile!

"Yun... Yun Feng..." The Thousand Snow Hall's Master looked at the girl in front of him. His originally good-looking facial features couldn't help but twitch. He managed a smile. "You had the time to visit me?" Why was she still here? Shouldn't she have left?

"I'm here to thank you for taking care of the Yun family during this period of time." Yun Feng smiled. The Thousand Snow Hall's Master chuckled. "This is what I should do."

Yun Feng looked at the tight body of the Thousand Snow Hall's Master and couldn't help but sneer in her mind. The first time she saw the three Hall Masters, he didn't have such an attitude in front of her. And now... this was the suppression of strength!

"You've done your best for the Yun family, Hall Master Thousand Snow. I certainly have to repay you." Yun Feng looked around. "This house is a bit old. Why don't you let me destroy it for you? Then you can build a new one."

"Yun Feng, what's the meaning of this?" The Thousand Snow Hall's Master's face suddenly darkened. Yun Feng sneered. "Mo Changge should have already delivered my message to you."

The facial features of the Thousand Snow Hall's Master froze. He was a bit angry that his thoughts were exposed, but he couldn't say anything. "If you have any thoughts about the Yun family again, I'll completely exterminate this place!"

The Thousand Snow Hall's Master suddenly looked tense. He pursed his lips and didn't say anything. Yun Feng knew that this guy still hadn't given up. In that case...

The aura of the Emperor Level suddenly burst out of Yun Feng's body. The Thousand Snow Hall's Master turned pale and couldn't stand it at all. He immediately spat out a mouthful of blood and looked at Yun Feng in shock. He looked at the woman in front of him who was only in her twenties. Her strength, her strength had already...

"You think Mo Changge knows everything?" The corners of Yun Feng's mouth curled up with coldness. The aura of the Emperor Level came again. The Thousand Snow Hall's Master spat out another mouthful

of blood. He held his chest with his hand as cold sweat appeared. If it came again, he would definitely not be able to stand it!

“Master of the Thousand Snow Hall, don’t you yearn for the levels above the Lord Level?” Yun Feng glanced over coldly. “Above the Lord Level is the King Level, above the King Level is the Emperor Level, and above the Emperor Level... is the God Level!”

The Thousand Snow Hall’s Master’s pupils shrank fiercely! King, Emperor and God! Then, what level was Yun Feng... an Emperor? Or... a God?

“I only kept you alive to avoid trouble for the Yun family right now. How dare you think about using the Yun family at the Lord Level? Don’t you think too highly of yourself?”

The body of the Thousand Snow Hall’s Master trembled fiercely. The scorching thought in his heart was splashed with a bucket of cold water. No matter how much he yearned for it, he didn’t dare to have any improper thoughts about the Yun family anymore right now. He was like an ant in front of Yun Feng of the Yun family. She could crush him easily if she wanted!

The heart of the Thousand Snow Hall’s Master trembled. A few years ago, he was still the high and mighty Thousand Snow Hall’s Master, but today, Yun Feng, who was countless years younger, was already far ahead of him!

It had only been a few years. Yun Feng was such a genius. The Yun family... was indeed unpredictable!

“That’s all I have to say today. The next time I meet you, I’ll be talking to your corpse.” Yun Feng turned around and jumped away. The Thousand Snow Hall’s Master sat there in a daze with cold sweat all over his body and couldn’t come back to himself for a long time.

Yun Feng returned to the Yun family all the way. She was going to leave the West Continent today. Before she left, she had visited the Thousand Snow Hall’s Master and get rid of the Yun family’s future trouble. Obviously, it had a deterrent effect this time. The Thousand Snow Hall’s Master probably wouldn’t think about it anymore.

“Uncle Tianfan, don’t worry.” Yun Feng smiled. Yun Tianfan nodded. Yun Luochen said, “Yun Feng, be careful on the way to the headquarters of the Yun family!”

Yun Feng nodded. Yun Tianfan looked at Yun Feng, who was still a kid, in front of him and his heart ached. “Feng, the heavy burden of the Yun family is on your shoulders. We’re really...”

Yun Feng shook her head. “As a member of the Yun family, this is what I should do. Anyone else would do the same.”

Yun Tianfan and Yun Luochen’s hearts trembled after hearing that. Even though they had never experienced the heavy burden Yun Feng carried along the way, they were also touched in their minds. Everything of the Yun family was on her skinny but powerful shoulders!

Yun Feng, Qu Lanyi and Mu Canghai entered the Dragon Palace together. The three of them directly came to the three Teleportation Arrays on the fourth level. Yun Feng looked at the third Teleportation Array, which showed the scene of the Innocent Forest. She took a deep breath. “The Yun family isn’t in

the Inner Region. There should be an unknown area between the Central Region and the Inner Region. Let's go to the Central Region for a discussion first!"

Qu Lanyi and Mu Canghai both nodded. The three of them stepped in and the Teleportation Array immediately emitted light. The three of them instantly disappeared, and the dragon-shaped jade pendant also disappeared in the distorted space. Yun Tianfan and Yun Luo Chen both heaved a sigh of relief when they saw that the dragon-shaped jade pendant completely disappeared.

"Father, will the headquarters of the Yun family really be fine..." Yun Luo Chen asked slowly. Yun Tianfan chuckled and patted Yun Luo Chen's shoulder. "With Feng here, it'll definitely be fine."

Yun Luo Chen also nodded. That's right. With Yun Feng here, it would definitely be fine! No matter what happened, she would definitely get through it safely!

When Yun Feng opened her eyes again, the familiar scene of the Innocent Forest came into her sight. Before she said anything, a figure had already rolled over. The moment he saw Yun Feng, he immediately grinned. "M-Master Feng, why are you here?"

Chapter 1218 To the Yun Family's Headquarters (5)

Master? Yun Feng raised her brows and looked at the round fatty in front of her in amusement. He was quite adaptable to the situation. He changed the way he addressed her quickly. Even though Er Lei wasn't here, he was still so respectful. Yun Feng curled her lips. "Fatty, can't I come here?"

Fat... Fatty? The corners of the fatty's mouth twitched a few times. "Of course! Master Feng can come anytime! As long as you're happy!" The fatty said obsequiously, but he was drenched in cold sweat in his mind. It had only been a few years, but Feng Yun's aura had become much stronger and her strength was already much higher than his! Thinking of this, the fatty felt guilty in his mind. Perhaps humans nowadays were even more powerful than Magic Beasts?

Seeing the fatty's flattering attitude, Qu Lanyi curled his lips in disdain. Mu Canghai was cold and expressionless on the side, as if he ignored everything else.

"Master Feng, why are you here this time? It'll be great if I can help!" Fatty Yun was almost smiling like a flower. Yun Feng looked at his unusually bright smile and thought for a moment. Magic Beasts certainly knew more than humans. Perhaps Fatty Yun would know what she wanted to know.

"Let me ask you. Is there another area between the Central Region and the Inner Region?"

What Yun Feng said obviously stunned the fatty. "Master... Master Feng, why... Why are you asking about this?"

The fatty stammered? Yun Feng's black eyes darkened. He indeed knew the inside story. This was much easier. "Tell me everything you know."

The fatty was stunned. He blinked a few times. "If you want to know, Master Feng, I'll certainly tell you everything I know. However, Master Feng, you don't want to... go there, do you?"

Yun Feng's expression turned cold, and the fatty immediately smiled again. "I'm just asking. Master Feng, you can go if you want, but you don't have to!"

At this moment, Qu Lanyi had already walked to the fatty and flicked his head. The fatty almost jumped in shock. He was about to say something, when Qu Lanyi narrowed his eyes. "Cut the crap. Our patience is limited."

The fatty suddenly broke out in cold sweat and took a few steps back, far away from Qu Lanyi. For some reason, he was a bit afraid of this human... the fatty glanced at Qu Lanyi with lingering fear and finally spoke.

"There's indeed an area between the Central Region and the Inner Region. To be exact, this area used to belong to the Inner Region. However, as time passed and some things happened, the Inner Region changed, so this area was inexplicably isolated."

"Tell me in detail," said Yun Feng. The round fatty's face twitched a few times. "Master Feng, I don't know much. I've told you everything I know. I heard that the Inner Region used to be quite vast. There were also many powerful humans and Magic Beasts living in the Inner Region. Master Feng, you know that Magic Beasts have never fought with humans for territory. Ahem, let me continue. Some powerful human families gradually gathered and formed a so-called circle of power. Only the human families in this circle have the right to speak in the Inner Region. Humans are so competitive. Unlike us Magic Beasts, who have strict rules of territory."

The fatty looked up and saw Yun Feng's cold eyes. He immediately said, "As the world changes, families in the circle of power go in and out. It's also called survival of the fittest. The families in the circle of power become stronger and stronger, while the families outside the circle of power become weaker and weaker. Gradually, the area outside the circle of power becomes an independent area, while the area inside the circle of power is the so-called Inner Region right now."

"There must be a huge difference in strength inside and outside the circle." Yun Feng whispered. The round fatty chuckled. "Of course. In the words of us Magic Beasts, those who are eliminated don't have the right to survive anymore."

"Shut up!" Qu Lanyi suddenly shouted angrily. The round fatty was so shocked that his body trembled. Yun Feng shook her head. "It's fine. He's right. However, humans don't have the final say about the elimination!"

"Master Feng, you're truly insightful!" Fatty Yun smiled obsequiously again. Yun Feng glanced at him coldly. "Continue."

The fatty's smile froze for a moment. "I heard that most families outside of the power circle are ostracized. However, there are certainly strong and weak families, as well as high and low families. The ultimate goal is to return to the power circle. Master Feng, that's all I know. After all, I'm a Magic Beast. It's already not bad for me to know so much about humans."

Yun Feng nodded. Even though the fatty only gave her a rough idea, Yun Feng understood the Yun family's current situation after recalling what the Great Elder of the Yun family said. They should be in the Inner Region... It seemed that the Yun family had already left the circle of power. It wouldn't be easy to live in an area outside of the circle of power right now!

What she needed to do was to let the Yun family return to the circle of power as soon as possible. With the Yun family's summoner bloodline and background, it was impossible for them to be kicked out of

the circle of power so easily. What the Great Elder said flashed through Yun Feng's mind. The Yun family had always had a relationship with trouble since ancient times! Right, the Yun family's summoner bloodline was so unique. They must be suppressed by the other families! Rather than letting such a family be strong and dominate others, they should be completely pushed out of the circle of power and couldn't rise again!

Yun was among the names of ancient families in that notebook! The Yun family had been such a powerful and family since ancient times. The existence of the Yun Palace, the continuation of the summoner bloodline, and the Yun Family Badge! However, all of this was suppressed to this point. The bloodline was divided and the family was pushed out of the circle of power. They were even coveted and plundered by someone!

The anger in Yun Feng's heart ignited again. Everything that happened to the Yun family had nothing to do with them! Someone must be behind it!

"Fengfeng..." Seeing Yun Feng's increasingly tense and gloomy face, Qu Lanyi couldn't help but say. Yun Feng suddenly raised her head and stared at the fatty with her black eyes. The anger in her eyes made the fatty's heart in his throat. Did he say something wrong just then?

"Do you know how to get to places outside of the circle of power?"

The fatty swallowed hard. "Y-Yes! It's... It's in the Innocent Forest..."

Yun Feng stood up as a glint of darkness flashed through her black eyes. "Now, take me there!"

Chapter 1219 To the Yun Family's Headquarters (6)

Qu Lanyi walked to Yun Feng. Before he could say anything, Yun Feng had already said, "I'm going to let the Yun family enter the circle of power again. I'm going to let those who once coveted the Yun family and defamed it know! No matter how down and out the Yun family is right now, as long as the summoner bloodline of the Yun family exists and this bloodline awakens, the Yun family will rise again!"

The fatty moved forward carefully along the way. Yun Feng followed behind with a slightly gloomy face. She didn't hide the aura of a Grade 8 Emperor Level expert at all along the way. The Innocent Forest was silent. The fatty felt the powerful pressure behind him and cold sweat kept appearing all over his body. Oh my god, do you have to be so angry?

Qu Lanyi and Mu Canghai walked behind Yun Feng. The two men both looked at Yun Feng's back with a solemn expression. "I've been thinking if she's carrying too much. It'll be good if I can share some of the burden for her."

Mu Canghai's indifferent words made Qu Lanyi turn around slightly and glance at him, before he looked back. "What you can do for her is not to drag her down."

Mu Canghai's already cold face suddenly froze. Then, he nodded. "You're right. What I can do is not to drag her down."

Qu Lanyi looked at the stubborn figure in front of him and chuckled. "No matter what, I'll be behind her."

Mu Canghai's strange eyes glittered and he didn't say anything else. The three of them walked all the way to the depths of the Innocent Forest. The fatty stuck his head out and looked around. He pointed ahead. "Master... Master Feng, that's it."

Yun Feng looked over with her black eyes. In front of her was a place filled with weeds and rocks. She walked over and looked at the ground. In the middle of the weeds and rocks was an inconspicuous Teleportation Array. The patterns had already become blurry over time. Yun Feng couldn't help but frown. Seeing that, the fatty immediately said, "This... This is indeed a Teleportation Array. However, it hasn't been used for a long time. It's hard to say if it's dangerous or if it can succeed..."

"Why don't you try going in first?" Qu Lanyi walked over and kicked the fatty. The fatty rolled towards the Teleportation Array with a grunt. While he was exclaiming, his body had already entered the range of the Teleportation Array. Instantly, the blurry Teleportation Array suddenly emitted a trace of light. The fatty was so scared that he immediately rolled down from the Teleportation Array, fearing that he would be teleported away just like that. He was only at Grade 2 of the Emperor Level. If he was teleported in, he would die!

"It can't be a trap, right?" Mu Canghai walked over and looked at the fatty coldly. Magic Beasts were cunning by nature and didn't have a good attitude towards humans. This Magic Beast might be lying to them.

The fatty immediately shook his head. "How would I dare to deceive Master Feng? I... It's not that I think I've lived too long..."

Yun Feng glanced at the round fatty. Under this fierce gaze, the round fatty suddenly swallowed. "Master Feng, I'm telling the truth. I wouldn't dare to lie to you. This Teleportation Array was already here before I came here. I don't know if it was left by a human or a Magic Beast, but it's never been activated. However, it's been said since ancient times, this Teleportation Array has led to the area you mentioned."

Yun Feng narrowed her eyes and the round fatty's body tightened! "Master... Master Feng, I'm indeed telling the truth! Even though we Magic Beasts are a bit cunning, we'll never lie in front of a powerhouse!"

Yun Feng believed what he said. Even though Magic Beasts were cunning by nature, they were far inferior to the cunning minds of humans. Under the suppression of absolute strength, Magic Beasts would definitely not lie. This was much better than humans.

"He indeed doesn't seem to be lying. The Teleportation Array just then also emitted light, which proves that it can still be activated." Yun Feng glanced at the Teleportation Array and said. Qu Lanyi sneered and stared at the fatty with his black eyes. "If you're wrong, we'll certainly be able to come back with our ability. Until then, take care of your skin and flesh!"

The round fatty's face suddenly twitched a few times as he looked at the three people in front of him with a pale face. Damn it, these three were all too strong. If he couldn't afford to offend them, he could just hide! Besides, he heard what he knew from others. If he was really wrong, wouldn't he die too unjustly?

“Let’s go,” said Yun Feng. She was already standing on the Teleportation Array. Qu Lanyi and Mu Canghai also walked over and stood inside. The Teleportation Array suddenly emitted fierce light after the three of them stood still. Then, a terrifying spatial power was instantly activated. Mu Canghai couldn’t help but exclaim, “The space is about to tear!”

Yun Feng and Qu Lanyi immediately released their mental strength to protect themselves. Then, a pair of invisible hands tore a deep crack in the space in front of the three of them fiercely. A terrifying suction force instantly sucked the three of them in. Then, the spatial crack that was torn open returned to normal the next second!

“Phew...” The round fatty had already been blown aside by the power of space just then and was lying on the ground. Rocks and weeds flew everywhere. When everything calmed down, he finally took a deep breath and wiped the sweat on his round face. “She’s finally gone...”

Yun Feng and the others were instantly absorbed into the spatial crack. This wasn’t traditional spatial teleportation. Space teleportation was based on a spatial channel and had a lot of safety and stability. However, they were moving forward in the spatial crack this time. The danger inside could be imagined. Luckily, Yun Feng was already at Grade 8 of the Emperor Level right now, or she would be instantly torn apart by the distorted and expanding power of space.

“Yun Feng, are you alright?” Mu Canghai gritted his teeth and shouted. Right now, the three of them were flying quickly in the crack. There was an inexplicable buzzing sound in their ears and the scene around them was also extremely distorted.

“I’m fine!” Yun Feng replied loudly. She gritted her teeth and extended her hand, holding Qu Lanyi with one hand and holding Mu Canghai’s hand firmly with the other. Qu Lanyi’s black eyes glittered and he didn’t say anything. Mu Canghai, on the other hand, looked at Yun Feng in shock.

“Hold on tight! We can’t split up this time!” Yun Feng shouted desperately and held their hands even tighter. Qu Lanyi held Yun Feng’s warm and soft hand tightly. Mu Canghai felt the warmth in his palm. His heart moved and he exerted strength with his cold fingers, clenching them tightly!

“Got it!” Qu Lanyi and Mu Canghai both replied with a warm smile in their eyes. Yun Feng’s red lips curled up. The three of them walked side by side and kept moving forward in the distorted and endless spatial crack. Mu Canghai looked at the scene around and couldn’t help but frown deeply. Yun Feng said, “Mu Canghai! Can you see the end of the spatial crack?”

Chapter 1220 Learning About the Yun Family (1)

Mu Canghai’s thick eyebrows tightened. “Not yet! This space crack extends too far. It seems that a powerhouse opened that Teleportation Array himself! Even though the power of space in this space crack is distorted, fortunately, the three of us are quite strong. It’s not dangerous to pass through it.”

“Someone established this personally? Who else can open up such a thing alone other than Yao Guang?” Qu Lanyi said. Yun Feng and Mu Canghai were both stunned. Mu Canghai’s eyes darkened. “In terms of control of space, Senior Yao Guang is many times better than this person. He definitely didn’t do it.”

“Humph, whoever it is, since that person opened this passage, he must have the same destination as us. If he isn’t dead, we can meet him.” Qu Lanyi chuckled with a hint of ridicule in his voice. The passage had existed before the round fatty came here. If this person wasn’t dead, he must be a very old guy.

“No matter who it is, we’ll be grateful if we find them.” Yun Feng smiled. At this moment, Mu Canghai suddenly shouted, “Get ready. The spatial crack seems to be coming to the end!”

!!

Yun Feng suddenly looked up. The space in front of her had already been distorted to the extreme. The three of them calmed their minds and gritted their teeth secretly. They exerted their full strength and rushed forward!

“Ugh!” The power of distortion and expansion worked around Yun Feng and the others. The three of them felt like their bodies were falling apart and they were no longer controlled by their brains. A distorted pain came from the space around them, constantly squeezing their bodies and minds. Yun Feng only felt that the oxygen in her chest was about to be squeezed out completely! If she met the person who created the space crack, it was already hard to say if she should thank him or punch him first!

An even more powerful mental strength surged out. Yun Feng only felt that her body was like a butterfly that came out of a cocoon. She jumped from the road full of thorns to a vast world. The terrifying and disgusting power of space instantly disappeared and what greeted her was comfort and heartiness!

“It seems that we’re already here.” Qu Lanyi’s voice came. Yun Feng calmed herself down and glanced around with her black eyes. This was a wilderness in the suburbs. It could be said that not a blade of grass was growing. The ground was dry and cracked. Worms crawled through the cracks on the ground from time to time. This was the same scene everywhere she looked.

The spatial crack behind them instantly closed after the three of them were spat out, leaving no traces at all. Mu Canghai looked at the desolate and barren scene in front of his eyes in shock. “This is... the so-called Inner Region?”

“No, this isn’t the Inner Region. According to that round fatty, this should be the area outside of the power circle.” Yun Feng looked around and took a deep breath. She had never thought that the area outside of the power circle would look like this.

“There doesn’t seem to be anyone in this place. This should be the outermost area outside the power circle,” said Qu Lanyi with a deep voice. Yun Feng’s black eyes darkened. There were also levels and strength divisions outside the power circle. People without strength would certainly be ostracized to an even crueller place.

“Let’s go and find out if there’s a village, a town or something.” After saying that, Yun Feng jumped into the sky and was already standing in the sky, taking in the desolate panorama in front of her.

“You’re right. Let’s find someone to ask first.” Qu Lanyi and Mu Canghai both flew to the sky. The three of them flew in the sky and looked at the scenery they passed below. Without exception, they saw the same scenery. It was the same desolate place. They walked for a few hours. There was still no new scenery.

“This area seems to be larger than the Central Region?” Qu Lanyi frowned. They hadn’t left the area after walking so far. Yun Feng looked down carefully with her black eyes and didn’t miss any details. She was quite emotional in her mind. “This world is already vast. It’s not surprising that the Inner Region is like this.”

“There seems to be someone there?” Mu Canghai suddenly noticed something. Qu Lanyi and Yun Feng both looked over. There were indeed two people in a corner of the desolate land, and a town seemed to be revealed not far away from them.

They finally met someone. Yun Feng was relieved in her mind. The three of them immediately fell from the sky and went straight to the two figures. When they got closer, they saw that it was an old man and a young girl. The old man with gray hair at the temples was bringing the little girl who looked like she was only a few years old. The two of them looked like they were drenched in sweat. They kept digging the cracks on the ground, as if they were looking for something.

“Senior.” Yun Feng walked over and called softly. The little girl immediately hid behind the old man with obvious vigilance and fear after hearing that. The old man turned around and couldn’t help but feel puzzled when he saw the three young people in front of him. “You are...”

“We lost our direction when we passed by this place. I hope you can give us some guidance.” Yun Feng asked politely. The old man sized her up and pointed. “You’ll reach Twilight Village in a day. You can rest there first. There’s a coachman in Twilight Village. You can ask the coachman to take you to the place you want.”

“Thank you, old man.” Yun Feng cupped her hand in the other. The old man waved his hand and turned around to continue doing his business. Qu Lanyi walked up and looked at the things the old man and the little girl were holding in their hands. He raised his brows. “Are you digging ores?”

The old man glanced at Qu Lanyi vigilantly. Seeing his gaze, Qu Lanyi couldn’t help but smile. “Don’t think too much. I was just asking. Look, does it look like we lack ores?”

The old man sneered. “You three rich kids certainly won’t understand us. Now that you’ve found the way, just go!”

The little girl behind the old man stuck her head out and glanced at Yun Feng. She felt that this sister looked very good and she didn’t have the fear she had earlier. Yun Feng looked at the little girl’s unusually clean and clear eyes and smiled slightly. She flicked her wrist and a high-level ore appeared in her hand. She walked forward and wanted to give it to the little girl, but the old man stopped her.

“What are you doing?”

“Senior, it’s a token of my appreciation that you showed us the way.” Yun Feng stuffed the high-level ore into the little girl’s hand. The little girl looked at the glittering ore in her hand and couldn’t help but hold it in front of the old man happily. “Grandpa, look! Look!”
