

## Summoner 1231

### Chapter 1231 Yun Xiang Appears (4)

There was a possibility of fighting for the four neutral families, but the existence of the Bai family was a huge obstacle. If the Yun family rose, would the Bai family fall out with them or even interfere? The main goal right now was to figure out what the Bai family was thinking. It was fine if it was good, but if not... Yun family certainly couldn't let them have any chance to touch the Yun family!

She left again. This time, Yun Feng wasn't going anywhere else, but Bai City, the place that was closest to Yun City!

Bai City was the most prosperous city among the ten cities and the only comparable city to Jiang City. Yun Feng saw the huge city gate of Bai City from afar. It was even a bit larger than Jiang City, but it wasn't as ostentatious as the Jiang family's. The city gate looked extremely ancient.

The pass of Jiang City definitely wouldn't work here. Yun Feng casually threw the pass away. She wouldn't go to Jiang City again anyway, so it was useless to keep it. The three of them walked to the area outside the city gate. There was a rather tall board outside the city gate that said the specific conditions for getting a pass. This pass could allow them to enter and leave Bai City and Yun City.

Glancing at the conditions, Yun Feng certainly chose to hand over the ores. Thirty high-level ores for one, at the same price as in Jiang City. Yun Feng took out ninety high-level ores and successfully exchanged for three passes. Along the way, Yun Feng exchanged for some ores. She had plenty of ultimate ores, but there weren't many high-level ores. Yun Feng specially exchanged ten ultimate ores in a neutral city in case she needed high-level ores on her future trip. She took out the ultimate ore in Jiang City to attract the attention of the Jiang family, but in Bai City, she didn't want to attract the attention of any member of the Bai family. She wanted to observe in the dark.

After entering Bai City successfully, the three of them looked ordinary and nobody noticed them. This was what Yun Feng had hoped. There were a lot of people in Bai City. Even though it was very difficult to enter the city, there were still people who wanted to come in, because the city had better living conditions. If they lived in other small places, they had to hand over ores every once in a while, but the people in the city didn't.

They stayed in a hotel in the city. Yun Feng paid attention along the way. The people in the city seemed to be more at ease than in Jiang City and there were more smiles on their faces. They didn't seem to have to worry about life. The way the Bai family governed should be different.

She walked on the street and saw a lot of people passing by. Yun Feng slowed down and saw a group of people with noble status walking towards her. In the front was a girl with a pretty face, and behind her was a man who looked handsome but seemed a bit frivolous.

The pretty girl strode in the front, while the man behind her chased after her obsequiously with a smile. The man seemed to have said something. The pretty girl turned around with a cold face and walked past a clothes store. Then, the man came after her with a smile, followed by the servants behind him. Yun Feng narrowed her eyes slightly. If she was right, that man was wearing an obvious pendant with a word "Bai" engraved on it!

“Let’s go take a look.” Qu Lanyi smiled lightly and held Yun Feng’s hand as they walked forward. Mu Canghai said coldly, “That’s a member of the Bai family.”

“Did you see that?” Yun Feng raised her brows. Both of them nodded. With their current strength, it shouldn’t be a problem for them to see it clearly. Yun Feng, however, frowned. Qu Lanyi lowered his head with a smile. “What’s wrong?”

“That man is from the Bai family. But I was thinking... Who is that girl?”

The three of them had already walked to the door of the clothes store. Qu Lanyi pushed the door open and entered with Yun Feng. “You’ll know when we meet her.”

“Guests, I’m really sorry. We have a few distinguished guests here today. This is truly...” The boss immediately walked over when he saw Yun Feng and the others come in. He rubbed his hands and smiled with a helpless look. A lot of sweat appeared on his forehead, as if he was in a difficult position.

“It’s fine. Didn’t they go to the second floor? We’ll just take a look on the first floor.” Qu Lanyi glanced at him and smiled at the boss. This smile more or less carried a hint of a “you have to accept” attitude. The boss was stunned for a moment and sweat appeared on his forehead again. “B-But...”

“We won’t disturb you. We’re just looking around.” Yun Feng smiled lightly and then moved to the clothes. The boss wanted to say something, but shook his head in the end. It was good to be able to make a deal. The members of the Bai family were truly...

Yun Feng and the others were very quiet on the first floor. Even if someone planned to push the door open and enter, the boss would directly block them. In the end, the boss directly hung a sign saying that the store was closed. The second floor was also very quiet. However, a male voice suddenly came out. “Xiao Xiang, this shirt suits you very well. Why don’t you want it? I’ll buy it for you, okay?”

Yun Feng and the others all raised their brows and continued listening quietly without batting an eyelid.

“Bai Qingfeng, as I said, I don’t want anything from you.” An extremely calm and emotionless voice came. Yun Feng couldn’t help but find it hard to imagine that the pretty girl said that.

“Xiao Xiang, can you not reject me anymore? Since your family has already agreed, we’re no longer outsiders. I’m buying you a shirt and you still want to reject me?”

No one replied. Yun Feng only heard the sound of footsteps going downstairs. The sounds showed the dissatisfaction in the heart of the girl. A figure came down from the second floor and stirred up a gust of wind as she passed Yun Feng. Then, the man chased after her from the second floor in panic.

“Xiao Xiang! Xiao Xiang! Wait! I really like you, Xiao Xiang!” The man chased after her, but Yun Feng seemed to be blocking his way. The man immediately reached out and pushed her away. “Get out of my way, Xiao Xiang!”

Yun Feng had already dodged before the man’s hand arrived, but it still looked like the man pushed her away fiercely on the surface. The man was about to rush forward when he found that the girl, who was about to go out, walked back again. He immediately smiled happily. “Xiao Xiang, listen to me...”

“Are you alright?” The pretty girl walked to Yun Feng and asked in a low voice. Yun Feng looked up and met her face-to-face. The moment their eyes met, they were both in a daze, as if something in the

bottom of their hearts was triggered. An inexplicable feeling slowly rose from a corner in the bottom of their hearts.

#### Chapter 1232 Yun Xiang Appears (5)

“Xiao Xiang...” The man wanted to push Yun Feng away again. Seeing that, Qu Lanyi’s eyes turned cold. Before he did anything, someone had already pushed the man’s hand away. “What are you doing?” The pretty girl finally spoke with obvious anger.

“She’s standing in my way!” The man stared at Yun Feng and shouted coldly, “Leave as soon as possible. Don’t disturb me!”

Yun Feng raised her brows and stood there without moving at all. A smile flashed through the eyes of the pretty girl when she saw this. “Bai Qingfeng, I want to stay alone for a while.”

“Xiao Xiang!” The man immediately glared at Yun Feng fiercely after hearing that. Yun Feng glanced at the man suspiciously. Was he in the girl’s position? He looked like a jealous woman. This gaze... was truly hateful.

“Bai Qingfeng, I won’t say it again.”

The man’s facial features were immediately covered with coldness. He glared at Yun Feng a few times fiercely before he said, “Alright, sure! I’ll wait for you at the Bai family. Xiao Xiang, don’t forget what you promised!” After saying that, the man immediately turned around and left angrily. The people behind him also left noisily. When the man left, he slammed the door fiercely. Just like that, the door was completely broken. The boss was dumbfounded and smiled wryly. The pretty girl nodded at Yun Feng and walked over.

“Boss, I’ll compensate you for this door.”

The corners of the boss’s mouth twitched after hearing that. “Miss, I’ll be grateful enough if you don’t come here again!”

The pretty-looking girl was startled for a moment. In the end, the corners of her mouth curled up wryly. “Alright, got it.” Then, she nodded at Yun Feng and turned around to leave. Yun Feng subconsciously followed her and couldn’t help but say, “Wait!”

Qu Lanyi and Mu Canghai were both stunned. Yun Feng turned around and looked at the two of them. Qu Lanyi certainly understood what Yun Feng meant and nodded. Yun Feng finally chased after her. The pretty girl stopped and looked at Yun Feng, who was chasing after her, in confusion. “Anything else?”

Yun Feng walked over and smiled lightly. “I’m suddenly bored. Why don’t I walk with you?”

The girl with a pretty look glanced at Yun Feng and then curled her lips gently. “Sure, let’s walk together.”

The two of them walked side by side just like that. Both of them walked very slowly and neither of them knew where they were going. They just walked like this. Even though this was the first time they met and they hadn’t said much to each other yet, an inexplicable feeling of intimacy filled their hearts.

“Was that man from the Bai family?” Yun Feng broke the silence. Seeing the personality of the girl next to her, if she didn’t take the initiative to speak, the two of them would forever remain silent even if they had to go to the ends of the world.

“Yes, he’s the third son of the Bai family, Bai Qingfeng.” Her facial features were very pretty and even carried the handsomeness of a boy. When she said this, her face darkened for a moment.

“He seems to like you a lot?” Yun Feng teased and observed her expression secretly. The girl’s expression froze and she didn’t say anything. Yun Feng chuckled. “I was just kidding. I can see that he likes you, but you’ve never taken him seriously at all.”

The girl turned around and glanced at Yun Feng, then turned her head back. “Am I very obvious?”

Yun Feng smiled. “Isn’t it obvious? Otherwise, how would I be able to tell as an outsider?”

The girl frowned tightly, looking very frustrated. “Why? If I don’t like someone, so be it. Why do I have to force myself?”

The girl looked ahead, looking a bit distant. “There are a lot of things in this world that you can’t control. Sometimes, you have to abandon all your personal feelings.” After saying that, she stopped. “I seem to have said too much to an outsider like you.”

Yun Feng curled her lips. “Do you really think I’m an outsider?”

The girl frowned and the two of them looked at each other again. Yun Feng finally saw that she also had a pair of very clear black eyes that were very beautiful.

“No, even though I’m not sure, I think I knew you the first time I saw you.” The girl looked at Yun Feng’s eyes with an inexplicable sense of familiarity. She didn’t like to talk to people, especially people she had just met. She didn’t say much to people she was familiar with. What was going on today?

“I’m going back.” The girl frowned and didn’t intend to investigate further. There were still a lot of headaches in front of her right now. The matter of the Bai family and her family... She didn’t have much time left. She didn’t have time to waste on a stranger she seemed familiar with.

“How about we be friends?” Yun Feng extended a hand and looked at the person in front of her with a smile in her black eyes. “I’m Feng Yun. What about you?”

“Feng Yun?” The girl suddenly smiled when she heard this name. “Feng Yun, Feng Yun... This name is a bit similar to mine...”

In reverse... Similar? Yun Feng’s black eyes glittered fiercely. She had thought that she would meet someone from her family. She had thought that she would feel like they were old friends at first sight, but she had never thought that she would meet them here. It was such a coincidence. Should she say that it was because of the strangeness of fate or the attraction of her bloodline?

There was a faint smile on the other girl’s face and her equally clear eyes were full of smiles. “My name is Yun Xiang.”

“Pa!” The two of them clasped their hands together and an inexplicable feeling instantly flowed through their hands. The two of them felt a kind of shock, as if time stopped at this second and the scene froze here!

What a wonderful thing. The members of the Yun family, who were thousands of miles away and even from different spaces, clasped their hands just like that. The two different branches of the Yun family, which belonged to the same bloodline, met at this moment!

Yun Feng’s black eyes glittered as she looked into Yun Xiang’s eyes. Then, her red lips curled up. This girl’s aura was above hers, but she wasn’t a God. She was certainly a level-9 warrior of the Emperor Level! The Yun family had a level-9 warrior of the Emperor Level! And she was among the younger generation! Yun Feng’s heart couldn’t help but tremble a few times! Even though her family had declined, it still had power!

Yun Xiang’s black eyes also glittered slightly and a faint smile appeared on her handsome facial features. A Grade 8 Emperor Level... mage?

The two of them clasped their hands and instantly knew each other’s strength level. A kind of appreciation couldn’t help but rise. Yun Xiang let go first. “It’s nice to meet you, Feng Yun. However, I have something to do, so I can only go first.”

Chapter 1233 Yun Xiang Appears (6)

Yun Feng nodded. Yun Xiang smiled and left without saying anything else. Perhaps she believed that the two of them would meet again.

Yun Feng stood there and watched Yun Xiang leave silently. Her emotions couldn’t help but surge. Right, since the Bai family was on good terms with the Yun family, it wasn’t surprising that the Yun family came to Bai City. She just didn’t consider this. However, it was truly... wonderful to meet the Yun family here!

Yun Feng turned around and saw Qu Lanyi and Mo Canghai not far away. When she walked over, the smile on her face didn’t diminish at all. Qu Lanyi chuckled and held Yun Feng’s hand firmly. “Are you so happy?”

Yun Feng nodded. She was happy. Why shouldn’t she be happy?

!!

“Yun Feng, is that person...” Mu Canghai frowned on the side and said a bit uncertainly. Yun Feng chuckled and nodded hard as she looked at the high sky in front of her with her black eyes. “Her name is... Yun Xiang.”

The smile in Qu Lanyi’s eyes became deeper. Mu Canghai was still a bit shocked. Yun Xiang, so that girl was a member of the Yun family!

“This name is very gender-neutral, but it suits her very well.” Qu Lanyi smiled. The smile on Yun Feng’s face didn’t diminish. After the shock, Mu Canghai was also happy for Yun Feng. After all, she was thinking about the headquarters of the Yun family all the time. Now that she could see the members of her family here, she would definitely be delighted.

The three of them returned to the hotel. Yun Feng also woke up from her joyful state. Even though she was very happy to meet her family, there was another thing in front of her eyes. What exactly was the relationship between Yun Xiang and Bai Qingfeng? What did she agree to? On behalf of the Yun family? If that was the case, wouldn't the Bai family be taking advantage of the Yun family secretly?

Thinking of this, Yun Feng couldn't help but look gloomy. After setting up the space blockade, Qu Lanyi sat aside and said, "You didn't tell her your real name?"

Yun Feng shook her head. "No. I told her my name is Feng Yun."

Qu Lanyi nodded. "It won't be too late to tell her when we reach the headquarters of the Yun family. We're wearing masks right now. It's not a lie. It seems that the Bai family and the Yun family are only close on the surface. Otherwise, her attitude wouldn't be so bad."

Yun Feng nodded in agreement. "Indeed. Even though Yun Xiang is a bit cold, she's quite gentle with people. If the Bai family is really on good terms with the Yun family, she should be more polite to Bai Qingfeng and not ignore him."

"If Bai Qingfeng likes her, will the Bai family..." Mu Canghai stopped talking. Qu Lanyi and Yun Feng immediately frowned. If the Bai family and the Yun family were engaged, and the people engaged were Yun Xiang and Bai Qingfeng, wouldn't the Bai family benefit? How would Bai Qingfeng be worthy of Yun Xiang, who was at Grade 9 of the Emperor Level?

"It can't be the elders of the Yun family's idea!" Yun Feng immediately said. Even though she had only said a few words to the Great Elder through the Yun Family Badge, Yun Feng felt caring and concern from those words. How would the senior members of the Yun family use their bloodline to please other families? Absolutely not! The Yun family valued their bloodline so much. How would they let other families be greedy?

"If it wasn't the Yun family's idea, she might have done it herself. Perhaps... the Bai family forced her to accept it..." Qu Lanyi frowned and pondered. The more he thought about it, the more he felt that things were tricky.

"It seems that I must go to the Bai family to investigate today!" Yun Feng's black eyes glittered. She would know the truth of the matter when she arrived at the Bai family!

At dusk, Bai City was still lively. The Bai family's mansion was located in the deepest part of Bai City. Because it was located very far away from the center, it was very quiet. Even though it was quiet, there were also a lot of people from the Bai family going in and out. It could be seen that it was a rather large family. This house could accommodate a thousand people.

"Miss Yun, you're back." The person who opened the door of the Bai family immediately smiled when he saw Yun Xiang. Yun Xiang nodded and walked in without saying anything. A speck of dust in the air leaned over quietly and gently stuck to her body as it followed her into the Bai family's house.

"Miss Yun, since you're back, please meet the Master and the Third Young Master. They've been waiting for you for a long time." A butler walked over and said. Yun Xiang frowned slightly, but didn't say anything. The butler walked forward and led Yun Xiang to a place. "Miss Yun, go in."

Yun Xiang pushed the door open and entered. Once he entered, Bai Qingfeng's eyes suddenly brightened. "Xiao Xiang, you're finally back. If you don't come back, I'm going to the Yun family to find you!"

Yun Xiang's face suddenly darkened. She looked at the high-ranking leader of the Bai family without saying a word. "What can I do for you?"

Bai Qingfeng wanted to say something, but Master Bai glared at him and stopped him. Master Bai first glanced at Yun Xiang in disdain. "Qingfeng insisted on taking a woman who's like a man. There are so many outstanding girls in the Yun family. I really don't understand. Isn't Yun Xiaoxiao a good person? Why does he like you..."

"Father!" Bai Qingfeng shouted. The Bai family's master finally didn't say anything else. Yun Xiang stood there with her head lowered and her face was cold. "Master Bai, since I'm the one who stepped into the Bai family this time, you shouldn't think about the others anymore."

The head of the Bai family immediately widened his eyes angrily after hearing this. "Even if you're a talented descendant of the Yun family, you're just a warrior after all! The Yun family is proud of the bloodline of the summoner. What have you contributed to the Yun family? You're lucky to be able to marry into the Bai family!"

Bai Qingfeng looked awful and wanted to say something, but he didn't have the courage to interrupt. He could only wait anxiously on the side. Yun Xiang sneered and suddenly raised his head. "Bai Zhiyu, don't think I don't know what you're planning. I heard everything you said to the Great Elder last time. Why? Are you angry because you can't get the summoner bloodline of the Yun family?"

"You..." The Bai family's master was truly enraged after hearing this. "Humph! The Bai family is on good terms with the Yun family. Aren't you afraid that this will ruin the relationship between the Yun family and the Bai family?"

"Good terms? You're only pretending to be friendly to get the summoner bloodline of the Yun family! If you're putting pressure on the Yun family and threatening the Yun family with the matter of the selection convention, do you think that's what good terms mean?"

#### Chapter 1234 Yun Xiang Appears (7)

The Master of the Bai family looked a bit ferocious. Perhaps he didn't care anymore after being exposed. Bai Qingfeng looked gloomy and didn't say anything. He only cared about whether he could get Yun Xiang. He didn't care about anything else!

"You know very well. It seems that I have to get rid of one more person of the Yun family! Haha, even though I didn't get it this time, I'll get it sooner or later!"

Yun Xiang looked at him coldly and raised his brows. "You think I'm here on the Great Elder's order? Hm, Bai Zhiyu, you're wrong. I'm here alone this time, and Bai Qingfeng has already given me what I want."

"What?" The Bai family's master was stunned. "Qingfeng, how can you be so stupid?"

!!

Bai Qingfeng got up. "Father, I only like Yun Xiang. Can't I marry her? She's also a descendant of the Yun family and she's what you want!"

"Ridiculous! She's just a warrior. What do I need her for? I want a summoner, I want the bloodline of a summoner!" The Bai family's master roared and then laughed ferociously. "Haha, do you think what Qingfeng gave you counts? I'm in charge of the Bai family! Since you came to me, I certainly have to break you, a thorn in my side!"

"Father!" Bai Qingfeng immediately got up and stood in front of Yun Xiang. The Bai family's master's aura surged. He was at the God Level! "Qingfeng, if you don't get out of my way, I'll kill you too!"

"Father!" Bai Qingfeng stood in front of Yun Xiang stubbornly. Yun Xiang glanced at him and waved her hand. "Get out of my way. I don't need your protection."

Bai Qingfeng was pushed aside. The Bai family's master saw the opportunity and was about to attack, while Yun Xiang secretly mobilized her fighting energy and planned to fight back with her life. He heard a voice outside suddenly. "Master, Master! The Yun family is here!"

What? Bai Qingfeng was shocked. He quickly stopped attacking and looked at Yun Xiang in front of him fiercely. Unfortunately, if he couldn't eliminate her this time, she would definitely say something when she went back. Hm... However, nobody would believe what she said! The Bai family had been acting for so many years. How would they give up at this moment?

Yun Xiang also woke up in his mind. Even though she was a level-9 Emperor Level expert, she was only 10% confident that she could defeat a God! However, why would someone from the Yun family come here? She didn't alert anyone when she left. Perhaps she was still discovered?

"Humph!" The Bai family's master snorted and sat back down. "Invite him in quickly!"

Bai Qingfeng, who was pushed down on the side, also quickly got up and was relieved in his mind. As long as Yun Xiang was fine... The moment the door was pushed open, the vicious look of the Bai family's master immediately became like a spring breeze, as if he had seen an old friend. However, when he saw the person who came in, he couldn't help but feel stunned...

"You are..."

Yun Xiang couldn't help but look back. She wanted to know who her family sent out to find her, but she was immediately a bit confused after seeing them. Who were they? They had never existed in the Yun family. What exactly was going on?

The people who walked in were Yun Feng, Qu Lanyi and Mu Canghai. However, the three of them had already taken off their human skin masks and revealed their original faces. Even though this was the first time Yun Feng showed up, her facial features had inherited the outstanding genes of the Yun family. They were a bit similar to Yun Xiang's. The Bai family's master was a bit doubtful after looking carefully.

Yun Feng glanced at Yun Xiang. When their eyes met, Yun Xiang immediately knew that it was her! It was Feng Yun she met during the day! She had disguised herself at that time... However, why did she appear here and even say that she was a member of the Yun family?

Yun Feng saw the confusion in Yun Xiang's eyes. She smiled gently and looked up at the Bai family's master without explaining. "Master Bai, I'm here to bring Yun Xiang back on the Great Elder's order. She sneaked out and made the three elders extremely worried."

Yun Xiang was stunned. Three elders? How did she know the situation of the Yun family?

"Since you're here on the Great Elder's order, do you have a token? You must know that the Bai family is on good terms with the Yun family. If anything happens to the members of the Yun family, the Bai family won't allow it!"

The Bai family's master glared at Yun Feng, who looked back at him without fear at all. "If you don't believe me, I'll invite the Great Elder here in person, okay?"

The Master of the Bai family frowned. Yun Xiang walked over at this moment. "I'm really surprised that the Great Elder sent you here. You rarely show up at home. Are you feeling better?" What Yun Xiang said made Yun Feng very satisfied. This girl from her family was quite smart.

"Yes, I'm already recovered. Otherwise, they wouldn't have asked me to come out for a breather and take you back." Yun Feng smiled. The two of them didn't feel distant to begin with. They looked like a family. The Master of the Bai family chuckled with a glint in his eyes. "In that case, I understand. Yun Xiang is just here to relax. I hope you don't blame her. The Yun family should visit the Bai family more often when you have time."

Yun Feng smiled and held Yun Xiang's hand as they walked out. Before they left, she turned around and looked up with her black eyes. "Master Bai, as for that matter, the Great Elder thinks that the juniors of the Yun family are still young. Let's talk about it in a few decades. What do you think?"

The Bai family's master was stunned. The corners of his mouth twitched a few times and he couldn't say anything. Yun Feng curled her lips. "Sorry for disturbing you, Master Bai. Goodbye."

The few of them soon left the Bai family. The Bai family's master was puzzled no matter how hard he thought about it. When did such a little girl appear in the Yun family? How dare she talk to him like this! "Someone!" The Bai family's master suddenly shouted. "Go and investigate! Find out who else in the Yun family I don't know. Don't miss a single one!"

Yun Feng held Yun Xiang's hand all the way out of the Bai family. The few of them were extremely fast. They should leave as soon as possible to avoid any trouble. Yun Xiang didn't say anything along the way and just let Yun Feng take her forward. She sized Yun Feng up secretly with her eyes and was extremely puzzled in his mind. Was she from the Yun family? If so, why had she never seen her before? If not... then why did she know the exact situation of the Yun family so well?

After they were a distance away from the Bai family, Yun Feng finally let go of Yun Xiang's hand. Yun Xiang wanted to ask something, but Yun Feng shook her head. "Let's talk after we get out of Bai City."

Yun Xiang nodded. The few of them had a smooth journey out of Bai City. It seemed that the Bai family's master didn't want to fall out with them at all at this moment. He might have the confidence to continue being hypocritical with the Yun family without being discovered. After all, Yun Xiang was a junior. How credible could she be?

Chapter 1235 High-profile, Starting From This Moment (1)

They left Bai City and walked all the way forward. Yun Feng didn't stop until they were very far away from Bai City. She turned around and looked at Yun Xiang with a smile, while Yun Xiang frowned and said, "Who exactly are you?"

Qu Lanyi couldn't help but shake his head helplessly. Yun Xiang was sometimes smart and sometimes stupid. Perhaps the impact of the truth was too great for her to accept for a moment. He gave Mu Canghai a look and the two men walked aside, giving Yun Feng and Yun Xiang some privacy.

"Who do you think I am?" Yun Feng looked at Yun Xiang with a smile. Even though Yun Xiang's handsome facial features were puzzled, Yun Feng believed that she already had an answer in her mind. "You told me your name is Feng Yun... Feng Yun, Feng Yun... Should I really say it backwards?"

Meeting Yun Xiang's black eyes, Yun Feng chuckled. "Feng Yun is me, and Yun Feng is also me."

"Yun... Yun Feng?" Yun Xiang was stunned. The names of everyone in the Yun family quickly flashed through her mind, but she didn't find this name. Yun Feng? There was no such person in the Yun family... What exactly... was going on?

Looking at Yun Xiang's shocked expression, Yun Feng concluded that only the senior members of the Yun family knew that the branches of the Yun family were scattered, and these young people probably didn't know about it. They wouldn't have thought that the bloodline of the Yun family existed in the distant East Continent at all!

Since they didn't know, there was a reason why they didn't know. The three elders had their own considerations if they didn't say it out loud. There was no need for her to reveal too much... "My surname is indeed Yun. I also have the bloodline of the Yun family in my body like you!"

Yun Feng looked at Yun Xiang firmly with her black eyes. Yun Xiang had an inexplicable sense of familiarity with Yun Feng to begin with. Now that she said this, there was a reasonable explanation. If they weren't of the same bloodline, how would she be able to become friends with a stranger and even take the initiative to talk to her? This didn't seem like her style of doing things at all!

"Alright, I believe you." Yun Xiang finally nodded. The familiarity of her bloodline couldn't be faked. Yun Xiang believed in her intuition and also believed in Yun Feng, who was also from the Yun family, in front of her!

Yun Feng smiled. She knew Yun Xiang would believe her!

"The timing of your appearance just then was too coincidental. Bai Zhiyu wanted to attack me just then, but you interrupted him." Yun Xiang's expression couldn't help but become much colder when he said this. Yun Feng was the same. She thought that if she didn't follow her today, if she was a step too late, Yun Xiang would be stomped to death in the hands of that old guy, Bai Zhiyu, of the Bai family!

"The Bai family spent so many years just to put on an act. They're quite patient." Yun Feng sneered. She heard what the Bai family's master said clearly and didn't miss a word. It was indeed the worst situation as she thought. There was such a sinister villain behind the Yun family!

"If I hadn't happened to hear what he and the Great Elder said, I would still be kept in the dark." Yun Xiang looked at Yun Feng. "Many young people of the Yun family, even the older generation with slightly

more experience, believe in the Bai family and think that the Bai family is the most loyal partner of the Yun family!”

Yun Feng frowned. The internal situation of the Yun family was like this! No wonder that old guy was so fearless. Even if he let go Yun Xiang back, how could her words shake the illusion of trust that had been accumulated for a long time? Yun Xiang might become the target of everyone because of what she said and the culprit who sowed discord in the relationship between the Yun and Bai families!

“However, the three elders should know that old bastard’s ambition. Otherwise... he wouldn’t have said such blatant words and you wouldn’t have heard him,” said Yun Feng. Yun Xiang nodded. “Indeed. Even though Bai Zhiyu wasn’t as explicit as he said at that time, he couldn’t hide his wolfish ambition! The Great Elder was very determined. He had already rejected him back then, but that old bastard used the selection convention this time as a threat... How shameful!”

The selection convention as a threat? Was it the qualification to participate in the competition?

“What’s the capital of the Bai family?” asked Yun Feng. Yun Xiang only smiled helplessly after hearing that. “I don’t know about this. I’m afraid I’ll have to ask the elders. However, the selection this time made the three elders a lot frustrated. I don’t know the details, but those elders all looked miserable.”

Yun Feng pondered carefully. If they were really controlled by the Bai family because of the ultimate ores, it wouldn’t be a problem at all with her here right now! But she was afraid that the problem wouldn’t come from this segment... “How’s the situation of the Yun family right now? How many summoners... are there?”

What Yun Feng said made Yun Xiang frown and look at Yun Feng deeply. “As a member of the Yun family, you should know the unique power of the Yun family’s bloodline. Even though the power of the bloodline exists, not many people have awakened it. There are only... two summoners.”

Two? Yun Feng was a bit dumbfounded. It was so difficult to awaken the power of the bloodline? The headquarters of the Yun family only had two summoners?

“Then... how strong are they?” This was what Yun Feng was most concerned about. If the Yun family didn’t have an advantage in the selection this time, they would suffer a huge loss!

Yun Xiang couldn’t help but sigh when he said this. “Xiaoxiao has just entered the Emperor Level, while Yun Ling is only at the second grade of the Emperor Level.”

Yun Feng immediately frowned. One had just entered the Emperor Level and the other was at the second grade of the Emperor Level... Even though they were not weak summoners, the selection convention was imminent. It would be useless if they participated in the convention with such strength!

“Compared to summoners, the warriors and mages of the Yun family should be stronger, right?” Yun Feng looked at Yun Xiang, who chuckled. “The three elders of the Yun family are all at the level of Gods. They’re the pillars of the Yun family! The other elders are also quite strong. I’m one of the younger generation. There’s another level-9 warrior of the Emperor Level. Three more are around Grade 8 of the Emperor Level.”

Yun Feng had already felt the strength of the Yun family after hearing that. Compared to the other families in this area, the Yun family could be said to be the strongest in terms of strength! Perhaps it was

this strength that allowed the Yun family to stand here. Even though it was suppressed by the other cities, they didn't dare to make a move easily! The other cities also knew that the consequences of making a move on the Yun family wouldn't be good! Yun Feng could also find a reason for the Bai family's act. If they weren't afraid of the strength of the Yun family, why would they have to be so hypocritical for so long and put in so much effort? They could just use force directly.

Chapter 1236 High-profile, Starting From This Moment (2)

"What about the others?" Yun Feng asked. Yun Xiang sighed helplessly. "Logically speaking, the talent of the younger generation isn't too bad, but for some reason, the growth of their strength is extremely slow. This worries the three elders a lot."

Once there was a gap in the strength of the family, it would be the most terrifying thing. If the younger generation couldn't reproduce the power of the bloodline of the Yun family, then the future of the Yun family would be impossible!

Speaking of this, Yun Feng had already remembered the general situation of the Yun family in her mind. The slow increase in strength Yun Xiang mentioned just then, and the incident with the Bai family's master, raised questions in Yun Feng's mind. The Bai family had been scheming to please the Yun family and get close to the Yun family for so many years, for the bloodline of the Yun family's summoner. Once they got the bloodline of the summoner, what would the Bai family do... Thinking of this, Yun Feng's face immediately darkened. There was no need to think at all. Bai Zhiyu would definitely find an opportunity to take the entire Yun family for himself! And the fastest way was to make the overall strength of the Yun family fall constantly and even stagnate without them knowing!

Yun Feng remembered what she did to the Jiang family. If the Bai family used the same method to deal with the Yun family...

!!

Yun Feng held Yun Xiang's hand and closed her black eyes tightly. Yun Xiang only felt a powerful and rapid mental strength rushing directly into her body through her hand. Yun Xiang didn't resist at all and let Yun Feng's mental strength wander around his body. Yun Feng opened her eyes. No, there wasn't anything corroding fighting energy in Yun Xiang's body. Besides, the Qi meridians in her body were quite healthy and weren't damaged at all.

Perhaps... the Bai family was targeting specific people? Yun Xiang was a genius. It would be too obvious if they attacked her, so the Bai family picked someone else? Thinking of this, Yun Feng couldn't help but frown even more tightly.

"Yun... Yun Feng, what's wrong?" Yun Xiang seemed a bit embarrassed when she called Yun Feng's name. Yun Feng looked up and finally suppressed all the thoughts in her mind. She smiled lightly. "I'm fine. It seems that I'm thinking too much."

Yun Xiang raised her brows in confusion. Yun Feng chuckled and let go of her hand. "I think I should introduce myself again. I'm Yun Feng, from the Yun family of Chunfeng Town on the East Continent."

“East... East Continent!” Yun Xiang was shocked. Yun Feng nodded with a smile. “That’s right. The leader of the Yun family in Chunfeng Town on the East Continent, Yun Jing, is my father. I have two brothers, Yun Sheng and Yun Qi. Yun Sheng is already married.”

“God... God...” Yun Xiang couldn’t help but feel so shocked that she couldn’t say anything. If someone told her that there was a member of the Yun family on the distant East Continent, she wouldn’t believe it at all. However, it was a real member of the Yun family standing in front of her!

“Come home with me quickly!” Yun Xiang suddenly held Yun Feng’s hand. “If the three elders know, they’ll definitely be delighted!” Yun Xiang looked excited and there was a smile on her handsome facial features. “The East Continent... I really can’t believe there’s a member of the Yun family on the East Continent. What does the East Continent look like? Is it the same as here? What about the West Continent?”

Yun Feng smiled and looked at Yun Xiang’s excited face. “I will go home, but there’s one more thing I need to do before I go back.”

Yun Xiang’s excitement was disrupted. “What else do you want to do? Nothing else is more important than you going home right now!”

Yun Feng chuckled. “You can go back first. I’ll certainly go home after doing this. Also... about the Bai family, the Yun family must cut off all contact with them!”

Yun Xiang’s face suddenly darkened after hearing this. “Do you want to do this alone? This matter isn’t as simple as you think at all. The hypocrisy of the Bai family over the years has already blinded many members of the Yun family. Even though the three elders know clearly in their minds, they know that even if they say it, their clansmen will definitely argue. There’s even... someone in the clan who wants to get close to the Bai family. If this matter isn’t dealt with well, the Yun family will be torn apart!”

“I certainly know that. It’s not time to unveil the Bai family yet. Just let them continue being hypocritical. However, leaving aside the Bai family, the Yun family still has to fight for the other families. This way, we’ll have the upper hand when we break off with the Bai family!”

“You mean... those four neutral families?” Yun Xiang widened her eyes in shock. Yun Feng, what exactly is in your brain that you can think in such a long term?

“Neutral families can’t be trusted, but we can befriend them and fight for them. The Bai family thinks that the Yun family will be alone without them. I’m going to slap them hard on this point!”

“Even if you want to fight for them, what should you do? Those neutral families have been neutral for so long. They certainly won’t be shaken even if they’re tempted. How can you convince those four families alone? You should come home with me first. We’ll discuss this with the three elders!” Yun Xiang was worried that Yun Feng was too reckless, but Yun Feng chuckled with complete confidence in her eyes!

“What if I say that the Yun family will definitely win the selection this time and enter the Inner Region? What if I say... this is an invitation from a Grade 8 Emperor Level multi-element summoner?”

Looking at the pair of glittering black eyes in front of her, Yun Xiang only felt her heart tremble fiercely! “Yun Feng, you’re...”

Yun Feng's red lips curled up. "Yun Xiang, trust me."

Needless to say, there was only trust in Yun Xiang's mind! An inexplicable trust filled her heart, making her believe it! The person in front of her would take the Yun family to an unprecedented height! A Grade 8 Emperor Level multi-element summoner! How delighted and crazy would the three elders be if they knew about this?

"I believe you!" Yun Xiang nodded. Even though it was just three words, it was enough for Yun Feng! What she needed was the trust of her family!

"I'm not alone this time. With the two of them by my side, I'll certainly be fine. Besides, even if I don't succeed, I won't force myself." After saying that, Yun Xiang reached out and patted Yun Feng's shoulder. "I'll go home first. I'll tell the three elders about you... I'm at the Yun family, waiting for you to come back!"

Yun Feng burst into laughter and patted her shoulder like Yun Xiang did to her. "Alright, wait for me to go home!"

Chapter 1237 High-profile, Starting From This Moment (3)

That night, Yun Xiang left for the Yun family. Before she left, she gave Yun Feng a pass to Yun City. After Yun Xiang left, Yun Feng calculated the time carefully. There were still five months until the start of the selection convention. The four neutral families didn't have to be fought over. If she couldn't rope them in, it was fine. She only needed to let the four neutral families understand that they shouldn't stand on the same side as the Bai family!

The Bai family and the Yun family would definitely fall out. By then, these four neutral families would be the key. She definitely couldn't let the Bai family get them!

Qu Lanyi was a bit surprised that Yun Feng didn't go back with Yun Xiang. He thought they were going back together this time, but Yun Feng asked Yun Xiang to leave first. "Fengfeng, what are you planning?"

Qu Lanyi walked over with a smile. There was a charming smile on his handsome face, which looked even more attractive under the moonlight. Yun Feng curled her lips. "Let's go to the four neutral cities and... change my old habits."

!!

Qu Lanyi raised her brows. To the four neutral cities? To change her habit?

Yun Feng chuckled as she flipped her wrist and four Rings of Contract of different colors appeared in her hand. Yun Feng put them on her fingers one by one. Qu Lanyi narrowed his eyes and watched her move. Mu Canghai was also extremely shocked. What was wrong with Yun Feng? She had always been very low-profile. She didn't even like to wear the Rings of Contract on her hand!

Yun Feng put on all the Rings of Contract and clenched her fists fiercely. Her fierce mental strength instantly surged out. "Come out!" As she shouted, four lights rose and landed next to Yun Feng with a dazzling halo! The four colors of light faded and all the four-element contracted Magic Beasts appeared!

"Master, you called us all out?" Lan Yi looked at Yaoyao, Little Fire and Er Lei. Usually, Yun Feng would only summon one or two of them and had never called out all four of them. When Yun Feng only

contracted the three of them, the three of them rarely appeared at the same time. Did something happen this time?

“Xiao Feng, did someone bully you?” Yaoyao jumped into Yun Feng’s arms and looked at Yun Feng with worry on her little face, fearing that Xiao Feng, whom she liked, would be bullied. Yun Feng held Yaoyao firmly and touched her little face.

“Nobody bullied me. We’re going to bully someone else right now.”

“Yun Feng, what are you doing?” asked Er Lei with a frown. The curtain of hair was still covering the bridge of his nose. Yun Feng had asked him to clean it up many times, but Er Lei refused. In the end, Yun Feng threatened that she would do it herself. Er Lei refused her with the excuse that it affected his original form. Yun Feng was almost amused in her mind at that time. His original form? With Er Lei’s original appearance, he would be the same with or without the hair.

“Master, what are we waiting for? Let’s go!” Little Fire said excitedly. The Fire Cloud Wolf raised its head and howled excitedly. It was good to bully others! This was what it liked the most!

“Yun Feng, what are you doing?” Mu Canghai looked at the four-element Magic Beasts in front of him in shock. She summoned all four elements at once. What was she doing? Was she going to knock down the four cities directly?

Yun Feng laughed loudly and jumped onto Little Fire’s back with Yaoyao in her arms. Little Fire roared excitedly again and instantly soared into the sky on flames. Yaoyao’s ice blue eyes were full of excitement. Lan Yi only smiled gently when he saw this and spread his wings to fly up as well. Er Lei grunted and the muscles all over its body tightened. Silver snakes with dense purple colors lingered around its body and also flew into the sky!

“Let’s go, Mu Canghai!” Qu Lanyi said to Mu Canghai as he jumped and stood next to Yun Feng. Yun Feng looked at him sideways and the two of them looked at each other with a smile. Even though Mu Canghai didn’t quite understand what Yun Feng was thinking, he also flew up. Fine, so what if he didn’t understand? He only needed to stay by her side!

“Let’s go. This time, we don’t have to suppress ourselves anymore!” Yun Feng patted Little Fire’s neck and Little Fire roared excitedly. Its wolf body rushed forward with bright fire. After hearing this, Er Lei suddenly burst into laughter. “Hahahaha, we don’t have to suppress ourselves? I like this!”

The wings on Lan Yi’s back suddenly flapped, creating a strong whirlwind. Yaoyao also instantly transformed into the form of a Magic Beast. Half of her fishtail appeared and her demonic little face looked even more charming. Her dark blue eyes suddenly turned into vertical lines with a hint of coldness.

The pressure of the four-element Magic Beasts and Yun Feng that was not suppressed at all burst out at the same time! Instantly, the space around shook slightly. Mu Canghai was shocked in his mind on the side. She could change the space with her aura alone. She was too impressive!

This night, the powerful and fierce aura and pressure swept across the sky, stepping on every inch of the land they passed! How many people looked up in shock? But they couldn’t even catch traces. How many powerhouses were terrified?

Yun Feng, who was sitting on Little Fire's back, looked at the endless and vast area ahead of her with her black eyes and her red lips curled up coldly. She had always told herself to lay low, but now, she was going to change. Be high-profile, starting from this moment! She wanted the families in this area, large or small, to look at the Yun family again! She wanted everyone in this hell to look at the Yun family squarely again!

The Yun family wasn't weak. They weren't lowly and couldn't be bullied!

Because she, Yun Feng, was back!

A few beams of dazzling light suddenly flashed in the sky above Yan City, one of the four neutral cities, as an astonishing pressure approached. All the powerhouses in Yan City inexplicably shivered! Which big shot had arrived? It was such a huge commotion. This pressure was too astonishing!

The pressure of five Grade 8 Emperor Level experts combined could compete with the pressure of the God Level!

The Yan family was also completely in chaos. Everyone was like a bird that was frightened by the twang of a bow. They had already been neutral for a long time and everything was fine. This was also the benefit of a neutral city, which wasn't affected by either side. However, what was going on this time? Which party came here? Was it the Jiang family's side, the Bai family or the Yun family?

Chapter 1238 High-profile, Starting From This Moment (4)

The Yan City's lord was also completely dumbfounded right now, but he quickly flew into the sky to welcome this big shot who came from afar! The City Lord shouted loudly from the sky, "I wonder who's visiting our small Yan City! Yan City has always been neutral. You don't have to do this, my lord!"

As soon as the Master of the Yan family finished speaking, he saw a few very dazzling five-color beams of light coming from not far away. They were like shooting stars that flashed across the sky with extraordinary momentum! The Master of the Yan family barely stabilized his body and waited. When they approached, he was completely dumbfounded!

A beautiful girl was sitting on a huge red Fire Cloud Wolf, and she was holding a... mermaid who looked like a half-human and half-fish in her arms! There was also the man with wings on his back, and the stalwart man with purple energy and electric sounds all over his body!

Who... What kind of person was this? Why was there such a lineup? Beads of sweat appeared on the forehead of the Master of the Yan family. Cold sweat couldn't help but appear all over his body. This was tricky. The person who came today was extremely tricky!

"This..." The Master of the Yan family pulled his face and showed a very reluctant smile. Yun Feng jumped off Little Fire's back and let go of Yaoyao in her arms. The Master of the Yan family saw the four-color rings on Yun Feng's fingers with his sharp eyes and his legs immediately softened!

A summoner! This person was a summoner... And a four-element summoner!

The Master of the Yan family swallowed hard. "I... I don't know... What brings you here?"

Yun Feng chuckled as she looked at the cautious middle-aged man in front of her, who feared that he would anger her. Coldness flashed through her black eyes. "Are you the leader of Yan City and the Yan family?"

"Yes, yes, yes, I am!" The leader of the Yan family immediately replied as his body also bent down. He didn't even have the courage to look at her right now. His heart kept pounding. Which family exactly was this big shot from? A summoner, a summoner... Could it be the Yun family?

Thinking of this, the Master of the Yan family immediately denied it. That was impossible. If she was really from the Yun family, why would she be in such a dilapidated state right now? Absolutely impossible!

"My purpose today is very simple. The Yan family has been neutral for a long time. It's time for you to make a choice."

After Yun Feng said that, the Master of the Yan family's heart immediately tightened and there was another layer of cold sweat all over his body. "This, this, this... How should I address you?" As a neutral city, he had certainly experienced a lot of threats and bribery, but this was the first time a summoner came, especially a multi-element summoner. This made the Master of the Yan family's heart pound. He couldn't offend a summoner, especially the one in front of him! He should figure out her side first. If he answered wrongly, it would be bad.

"Humph!" Yun Feng suddenly snorted. The Master of the Yan family trembled slightly. "I'm a summoner. Do you still not know which family I'm from?"

Master Yan's throat became dry. "I... I... do not know."

Yun Feng sneered. The aura of the four-element Magic Beasts standing next to her was extraordinary. Even the Master of the Yan family didn't dare to look up right now. In terms of age, the two of them could be said to be worlds apart, but the Master of the Yan family was so afraid right now. This was the deterrence of strength!

"My name is Yun Feng!"

Yun, Yun, Yun, Yun Feng! The Master of the Yan family only felt that his head was pounding. Yun Feng, the Yun family, it was really that Yun family! Beads of sweat fell abruptly. "M-Master Yun..." When did the Yun family have such a person? The Yun family indeed had the bloodline of a summoner, but he had never heard of such a fierce person! However, it was indeed the Yun family. The bloodline of a summoner was indeed powerful! It was indeed something that people yearned for!

Yun Feng's cold voice came. The Master of the Yan family only felt his heart shrink and tremble fiercely after hearing that!

"I'm here to ask you. Do you want to stand on the side of the Yun family, or do you want to make an enemy of the Yun family?"

Master Yan's body trembled again and the clothes on his body were almost drenched in sweat. How should he answer so that this monster could leave? If he didn't, this little madam in front of him would destroy Yan City in anger!

“Master... Master Yun, what... What are you talking about...” The Master of the Yan family was drenched in cold sweat. He looked up at Yun Feng. When he glanced at the four-element Magic Beasts next to her, he immediately trembled and lowered his head again. A four-element summoner, he might have to die here today! If he was dead, there certainly wouldn't be anyone who would do anything for the Yan family. This was also the bad thing about the neutral families. They didn't stand on any side and didn't have any support. Nobody might be able to help when a disaster was about to happen.

Yun Feng looked at the Master of the Yan family coldly and knew that the sudden arrival this time would definitely scare him out of his wits. She had achieved her goal. It was certainly impossible for a family that had been neutral for so long to choose a side at the last moment. It didn't matter if the Yan family stood on the Yun family's side, as long as he could stay neutral!

“Master Yan, it's fine if you don't want to stand on the Yun family's side.” What Yun Feng said made Master Yan heave a sigh of relief and his body also became much more relaxed. “As long as you can keep your neutral identity firmly, I'll admire you!”

The Master of the Yan family's face twitched. He immediately understood what Yun Feng meant. It was fine if they didn't stand on the Yun family's side, but don't stand on anyone else's side either! Otherwise... if he changed his mind at the last minute in the future, this little madam in front of him would probably be the first person who couldn't let him go!

“Yes, yes, yes! Master Yun, don't worry. The Yan family has been neutral for a long time. It's impossible for us to change it at the last minute. Master Yun, don't worry about that!”

Yun Feng sneered. “If you say so, Master Yan, I'll remember it in my mind. I hope you won't let me down in the future.”

“Yes, yes, yes...” The Master of the Yan family wouldn't say anything else except to nod and bow. The pressure of a Grade 8 Emperor Level expert suddenly pounced on him. The Master of the Yan family only felt like a mountain was pressing on his heart and he almost couldn't breathe. Yun Feng laughed loudly. “Master Yan, goodbye!”

As she smiled brightly, a few beams of colorful light left Yan City with Yun Feng, just like when they came. When they left, they also emitted an aura that made people feel oppressed in their minds. After the few dazzling beams of light completely disappeared, the Master of the Yan family finally dared to look up. He looked in the direction where Yun Feng left and his heart couldn't help but tremble a few times.

#### Chapter 1239 I'm Back, The Yun Family (1)

It seemed that the Yun family was going to stand up behind the Bai family. They came here to intimidate him and ask him to stay in the neutral position... The Master of the Yan family pondered carefully and laughed. “Hm, the Bai family thinks they can hold the Yun family firmly in their hands. I think... they're just daydreaming! The Yun family has such a person. How can they let someone else break their wings... An eagle will fly sooner or later.”

In one night, Yun Feng visited the four neutral cities one by one. That astonishing momentum and the fact that she was a four-element summoner made the neutral City Lords dumbfounded. Especially when they knew the name Yun Feng, they were even more shocked! In front of such a person, in front of the

four-element summoner, the four neutral cities all confirmed their neutral identity. Even if they didn't remain neutral one day, they would still obey for the Yun family!

At the same time, the name Yun Feng also spread throughout the entire area. Everyone in the ten cities knew her. Yun Feng, a four-element summoner!

"What did you say? A four-element summoner!" In the Jiang family in Jiang City, the City Lord was extremely shocked when he heard the news. The few young people of the Jiang family participating in the selection this time also had the same thought. A four-element summoner. The Yun family had a four-element summoner!

!!

"Master, this... This might not be true..." Jiang Jianping said with a tremor in his voice. He couldn't believe this fact. A four-element summoner. How... How was that possible?

"Could it be... Could it be a tamer in disguise..."

The eyes of the Master of the Jiang family suddenly darkened and his face was covered with a dark cloud. "Tamer? Do you think the masters of the four neutral cities are blind? How can they not tell the difference with the Ring of Contract? I heard that Yun Feng had four-element Magic Beasts with her when she arrived. They all saw it with their own eyes! Besides... all the four-element contracted Magic Beasts are extraordinary!"

"If she's really from the Yun family... How would the Yun family be so down and out these years?"

The Master of the Jiang family couldn't help but look vicious. "That's unknown. The summoner bloodline of the Yun family can't be underestimated. All these years, I thought the power of this bloodline had more or less been exhausted, but now, it seems... even more astonishing!"

"The Yun family is quite patient..." Jiang Jianping gritted his teeth fiercely, but the Master of the Jiang family smiled coldly. "The most ridiculous family right now should be the Bai family... With such a person in the Yun family, they definitely won't be under the Bai family. It depends on what the Bai family is thinking."

When the name Yun Feng spread throughout the entire area overnight, the leader of the Bai family only felt that his heart was about to jump out after hearing that. A four-element summoner! A four-element summoner appeared in the Yun family! Why didn't he know about Yun Feng before? Perhaps the Yun family was hiding! He spent so many years but still couldn't figure out the Yun family. Those few old things of the Yun family were really good at hiding!

"Someone!" The Bai family's master suddenly shouted. Someone immediately came. "Master, what can I do for you?"

The Bai family's master's eyes glittered with excitement. He thought carefully for a while and finally said, "Send a letter to the Great Elder of the Yun family. I must congratulate the Yun family for having such a person!"

"Yes!" The person came down very quickly. The leader of the Bai family stood up with greed flashing in his eyes. His wait was right. The Bai family's efforts over the years were indeed right! He must get the

summoner bloodline of the Yun family! This four-element summoner appeared at the right time. He had to bring this four-element summoner to the Bai family no matter what. He had to integrate this summoner bloodline into the bodies of the Bai family no matter what!

Everyone in the ten cities heard the news. Yun Xiang, who had just returned to the Yun family, immediately smiled after hearing the news. Yun Feng, Yun Feng, you're indeed good! The members of the Yun family had never seen Yun Xiang, who had always been cold, laugh so crazily. They couldn't help but feel dumbfounded. Yun Xiang immediately went to find the Third Elder of the Yun family. She wanted to tell the Third Elder about Yun Feng immediately, but she didn't know that the three elders had already known this name.

"Hehehe, it's that girl." When the news spread to the Yun family, the Great Elder of the Yun family chuckled. The eyes of the Second Elder and the Third Elder both brightened. They were quite unfamiliar with the name Yun Feng. There wasn't such a person in the Yun family. Since the Great Elder knew about it, it must be the girl who used the Yun Family Badge!

"Brother, is it really that girl?" asked the Third Elder. The Great Elder nodded with a smile. The Second Elder immediately smiled after hearing that. "Yun Feng, a four-element summoner. That girl's ability is truly astonishing!"

"Haha, don't you know which family she's from?" The Third Elder burst into laughter with indescribable joy on his face. The Great Elder and the Second Elder were also delighted. This girl's return at this moment was truly timely!

"Elder! Great Elder, Second Elder, Third Elder!" Yun Xiang ran in, panting. The three elders looked at this person, who had always been calm, with a smile on their faces.

"Yun Xiang, why are you running?" The Third Elder said with a smile. Yun Xiang took a deep breath and suddenly looked up to see the three elders smiling. "Elders, have you heard the news?"

The Great Elder raised his brows with a smile in his eyes. "Are you talking about that four-element summoner, Yun Feng?"

Yun Xiang immediately nodded. "Yes! I came back this time to tell you about Yun Feng. She's..."

The Second Elder waved his hand gently. Yun Xiang was stunned. The Second Elder smiled lightly. "There's no need to say anything. We already know who she is."

"Huh?" Yun Xiang was a bit dumbfounded. The three elders smiled and didn't say anything. The Great Elder said with a smile, "You, on the other hand, ran over in such a hurry to speak up for her. Have you already seen her?"

Seeing that the three elders were obviously keeping it a secret, Yun Xiang nodded unconsciously. "Yes, I met her in Bai City..."

"Bai City? Why did you go there?" The Third Elder immediately frowned and became unhappy. Yun Xiang cursed in his mind and then told them what happened. The joy on the faces of the three elders disappeared after hearing that. The Third Elder said hatefully, "Brother, Bai Zhiyu has gone too far! It hasn't been a day or two since he coveted the bloodline of the Yun family. The three of us know what he's planning. Why don't we just fall out with him?"

## Chapter 1240 I'm Back, The Yun Family (2)

The Second Elder also said, "The Bai family has been spying on the Yun family for so many years. Recently, they finally couldn't hold back anymore. They've asked for marriage many times, but it didn't work, so they probably couldn't hold back anymore."

Yun Xiang's face darkened as she listened on the side. This time, she thought that she could avoid the Yun family's disaster by sacrificing herself to marry into the Bai family. It seemed that she was too naive after all. Bai Zhiyu was so greedy. He would definitely not be satisfied until he got the summoner bloodline of the Yun family! Even if she married into the Bai family this time, it wouldn't be useful at all and would only cause more trouble! Luckily, Yun Feng was here, or else...

The Great Elder listened to the Second and Third Elders with a smile. The smile on his face was unfathomable. "The time isn't right yet. Why are you in such a hurry? The Bai family can't bear to break the illusion that the Bai family and the Yun family are on good terms. Why should we be angry? If he wants to continue befriending us, so be it. However, I won't let him have any chance to succeed. There's no need to think about such a thing at all right now. Since that girl is back, we must welcome her well."

The Third Elder burst into laughter. "Even though she's a four-element mage, Second Brother and I can welcome her. You don't need to go, do you..."

!!

The Great Elder chuckled. "Third Brother, that girl is a Grade 8 Emperor Level four-element summoner. It's only right for me to welcome her."

"What?! That little girl has already reached Grade 8 of the Emperor Level!" The Third Elder exclaimed. The Great Elder nodded with a smile. Yun Xiang only felt that the Great Elder was unfathomable as she listened on the side. How did he know that Yun Feng was at Grade 8 of the Emperor Level?

The Great Elder smiled and didn't say anything. Back then, he told that girl not to come to the Yun family until she reached Grade 8 of the Emperor Level. Now that she was here, the threshold of Grade 8 of the Emperor Level should have already been passed. In just a year and a half, she had already broken through to Grade 8 of the Emperor Level. This little girl's potential... Even he would be a bit surprised.

"A Grade 8 Emperor Level four-element summoner..." The Second Elder had a smile on his face. The Yun family had such a summoner back at the right time!

"It's been hard on that girl. She's already worrying about the Yun family before she comes home." The Great Elder chuckled. The Third Elder couldn't help but praise, "This girl is quite capable. When she comes back, I'll see what kind of girl she is..."

"Third brother, don't scare that girl." The Second Elder chuckled. The Third Elder burst into laughter. The Great Elder looked at Yun Xiang. "Yun Feng should have already seen the signs of the Bai family's betrayal, or she wouldn't have come here. We'll hold back the matter of the Bai family for now."

Yun Xiang nodded. "That's what Yun Feng said. She looks younger than me, but she's much more thoughtful and... very far-sighted."

The Great Elder chuckled. He wanted to say something, but someone reported outside. "Great Elder, Second Elder, Third Elder! There's a message from the Bai family that the Bai family is here to visit!"

Yun Xiang's face immediately darkened after hearing that. Why did that old thing come to the Yun family? He still had the face to come?!

"Hm, Bai Zhiyu is quite fast. Isn't he afraid that he'll show his fox tail if he's too anxious?" The Second Elder sneered. The Third Elder gritted his teeth. "Perhaps that old thing has designs on Yun Feng?"

After hearing this, everyone's heart sank. A four-element summoner, from the Yun family. Everyone... probably wanted such a person, especially the Bai family, which had been coveting the Yun family's summoner bloodline for many years!

"No matter what Bai Zhiyu is planning, he'll return empty-handed this time." The Great Elder said coldly. Nobody was allowed to touch the descendants of the Yun family! Nobody could covet the bloodline of the Yun family!

"Yun Xiang, don't tell anyone about the Bai family. The Yun family's current situation... isn't suitable yet." The Second Elder said. Yun Xiang immediately nodded. Seeing that the three elders still had something important to say, Yun Xiang immediately left. After walking for a while, a voice stopped her.

"Yun Xiang!"

Yun Xiang turned around and saw one of the two summoners of the Yun family, Yun Ling. He was tall and slim, and his skin was a bit pale, so he didn't look very healthy. Summoners were physically weak to begin with. They weren't as tough as warriors at all. There was always a hint of arrogance on his handsome face. After all, as a summoner, his identity was indeed higher than others, but he was much more approachable in front of Yun Xiang, who was at Grade 9 of the Emperor Level.

"I haven't seen you in the past few days. Where have you been? Xiaoxiao has been looking for you a few times." Yun Ling walked over and said indifferently. Yun Xiang chuckled. "I went to the Bai family in Bai City to visit them."

"I see. Why didn't you tell me? I'll go with you! How's Uncle Bai?"

Yun Xiang managed a smile. "Pretty good." This was the younger generation of the Yun family. How many people were kept in the dark? How many people called Bai Zhiyu uncle respectfully?

"The Bai family has been on good terms with the Yun family for so many years. It's time for us to hang out more. If you go there again next time, you must call me. Right, why were the three elders looking for you? For the contest?" Yun Ling couldn't help but feel a bit uneasy when he asked this. Yun Xiang's eyes darkened. "You know about the contest. The Yun family might not be able to take out the hundred ultimate ores for the qualification."

Yun Ling heaved a sigh of relief after hearing this. "What are you afraid of? Uncle Bai will definitely help us by then. It won't be a problem."

Yun Xiang's heart sank again. Right, it was these hundred ultimate ores that made that old thing, Bai Zhiyu, shamelessly say those things to the Great Elder. The Great Elder had already rejected him. The Yun family probably wouldn't have the chance to participate in the selection this time.

“Well... Did the three elders say who will be sent to the selection convention?” Yun Ling asked carefully with a hint of joy in his eyes. Yun Xiang suddenly glanced at him. “They didn’t say that. Yun Ling, do you want to participate in the selection convention this time?”

A blush suddenly appeared on Yun Ling’s pale face. “If there’s a chance... I still want to...” There were only two summoners in the Yun family. Yun Xiaoxiao had just entered the Emperor Level. He was a Grade-2 Emperor Level expert. He would certainly go. There was no other candidate at all!

Yun Xiang narrowed her eyes slightly and suddenly found that Yun Ling in front of him seemed to be a lot more arrogant. Did he think that a Grade-2 Emperor Level summoner was already impressive? “Yun Ling, have you heard of Yun Feng?”
