

Summoner 1241

Chapter 1241 I'm Back, The Yun Family (3)

Yun Ling was startled and immediately raised his head. "I've heard a bit about that... However, there's no such person in the Yun family at all. The four-element summoner is just a lie, right? A four-element summoner... Two elements are already special. Four elements?!" Yun Ling was quite disdainful when he said this. Yun Xiang chuckled. "Yun Ling, just because you don't believe it doesn't mean there won't be one. Just because you've never seen a four-element summoner doesn't mean it doesn't exist."

Yun Ling glanced at Yun Xiang. "What do you mean?"

The corners of Yun Xiang's mouth curled up slightly. "Nothing. As for this four-element summoner you don't believe in, you'll see her with your own eyes one day." After saying that, Yun Xiang turned around and left. She couldn't help but feel a bit disappointed in Yun Ling in his mind. It was time for someone to defeat Yun Ling right now and let him know that there was always someone better!

Yun Ling stood there and watched Yun Xiang leave. He thought carefully about what she said just then and his heart couldn't help but pound. Was Yun Feng really a member of the Yun family? Could she really be a four-element summoner? Yun Ling couldn't help but clench his fists slowly. The suppressed discomfort in his heart became clearer and clearer. His identity as a Grade-2 summoner of the Emperor Level had always been valued in the Yun family. He also thought that he was the best candidate in the selection this time. If Yun Feng came back, wouldn't everything change?

No, that couldn't be! So what if she was a four-element summoner? She might not be stronger than him even if she was a four-element summoner. He was a Grade-2 Emperor Level expert! Yun Feng was at most at the King Level!

Yun Feng visited the four neutral cities as quickly as lightning and with an unstoppable momentum. The four cities all expressed that they would defend their neutrality to the death in fear and trepidation. Yun Feng's goal was achieved more easily than expected. She originally thought she had to use some means. She didn't expect that the four family masters were all cautious people. They probably didn't dare to afford any accidents.

They had already visited the four cities one by one. Yun Feng's name also spread throughout the streets and alleys like the wind. Qu Lanyi looked at Yun Feng with a smile. "Fengfeng, what's your next move?"

Yun Feng chuckled. She sat on Little Fire's body and caressed the soft fur on the neck of the Fire Cloud Wolf gently with her hand. There was a cold smile in her black eyes. "The bait has already been laid. I don't believe that old thing Bai Zhiyu won't take the bait."

Mu Canghai followed her and frowned. "Yun Feng, are you planning to lead Bai Zhiyu to the Bai family?"

Yun Feng nodded. Qu Lanyi chuckled. "Mu Canghai, when can you think faster?"

Mu Canghai glanced at Qu Lanyi coldly and didn't say anything. He was indeed not as smart as him. It would be fine if he didn't say anything! Qu Lanyi suddenly approached Yun Feng and jumped onto Little Fire's back. Little Fire immediately roared in dissatisfaction. Yun Feng patted it a few times comfortingly, and Little Fire snorted before it calmed down. Qu Lanyi chuckled and held Yun Feng in his arms. "My

wife, shouldn't we make this official? There's no time to lose. How about we do it after we return to the Yun family this time?"

Little Fire couldn't help but roll its eyes after hearing that. Lan Yi and Er Lei also had the same expression. Only Yaoyao asked innocently on the side, "Xiao Feng, what does official mean?"

Yun Feng smiled awkwardly, not knowing what to do with this man. Qu Lanyi burst into laughter. "I was just kidding. There's no rush. I'll get what I want this time. I know my wife is thinking about the Yun family. Then let's wait until the Yun family's business is done. I'll wait."

The man's slightly hot breath blew to her ear. Yun Feng couldn't help but blush. Qu Lanyi laughed heartily and held Yun Feng even more tightly in his arms. He looked at the blushing side of the woman's face in his arms with his black eyes. I'll wait. I'll always wait for you.

"Yun Feng, where are we going now?" asked Er Lei in boredom. Lan Yi chuckled. "Do you still need to ask this question?"

Er Lei rolled his eyes at Lan Yi. Little Fire roared excitedly and the fiery red body of the Fire Cloud Wolf suddenly jumped forward. "Idiot, do you need to ask where we're going?"

Yun Feng chuckled and looked ahead with a smile in her black eyes. She took a deep breath. "Of course, to go home!"

Right, after such a long distance and such a long time, she finally found the bloodline root of the Yun family. She had waited and searched for so long and finally found it. This time, she was finally going home!

The four dazzling lights in the sky flashed through the sky like shooting stars, rushing forward with dizzying bright halos, towards Yun City!

The citizens around Yun City couldn't help but exclaim in shock when they saw the dazzling light in the sky. "Grandpa, grandpa! Look! There are shooting stars in the sky. Many, many shooting stars!" The children shouted excitedly. The elders looked up and didn't believe that there would be shooting stars in broad daylight, but the moment they looked up, they really saw a few bright colors flashing in the sky, like shooting stars!

"How strange. Why would there be a shooting star in broad daylight..."

The guards at the city gate of Yun City were doing their best checking the people who entered the city with passes. Suddenly, they felt a commotion in the crowd outside the city gate and heard someone shout, "Look at the sky. What's that?"

The guard immediately looked up and was shocked. "Someone! Someone broke into the city!" The guard immediately flew up. "The person who broke into Yun City ahead, stop!"

A few guards immediately rushed over. Before they could shout again, they heard a clear voice coming from ahead with a hint of a smile and a friendly feeling. "I'm not an invader. I'm Yun Feng! My pass is here!"

The few guards only saw something flying over in front of them abruptly and it was indeed the pass of Yun City in their hands. They were immediately relieved in their minds. It was good that she didn't break

in by force, or it wouldn't be easy to deal with. Then, they thought carefully. "Wait, wait! What did she say her name was just then?"

"Yun... Yun Feng!"

"Yun Feng?! She's that four-element summoner... Yun Feng!"

The few of them immediately looked ahead and could only vaguely see a few dazzling tails. Their hearts tightened! "That's true! I thought the news was made up. How can there be a four-element summoner..."

Chapter 1242 I'm Back, The Yun Family (4)

"Seeing is believing... Even though I haven't seen her clearly, she's a four-element summoner. Damn it, she's a member of the Yun family!"

"Hahaha, you're right! The summoners of the Yun family are so awesome!"

Yun Feng moved forward. An inexplicable sense of familiarity rose when she entered Yun City. She didn't need any guidance. Yun Feng gently closed her eyes and felt this wonderful moment. Little Fire and Yun Feng's minds were connected. They stepped on the fire and moved forward. The deeper they went into Yun City, the stronger Yun Feng felt the familiarity in the bottom of her heart. When she opened her eyes again, the Yun family's mansion was already in front of her eyes!

Yun Feng narrowed her black eyes. The four contracted Magic Beasts all felt her excitement at this moment. They looked at the simple but impressive building in front of them with their black eyes, at the bricks and tiles. Even though she had never seen it before, even though she had never been here, she was no stranger!

The Yun family, she was back!

The Great Elder, who was in the main hall, looked at the uninvited Bai Zhiyu in front of him and suppressed the frustration and disgust in his mind to talk to him. Suddenly, a strange fluctuation came from the space with a particularly familiar feeling. He had come into contact with this aura before. It was through that distant Yun Family Badge!

A smile suddenly appeared on the Great Elder's calm face. The Second and Third Elders immediately understood something after seeing this. Bai Zhiyu glanced at the three elders of the Yun family suspiciously. "Great Elder, you..."

The Great Elder ignored him and stood up, and so did the Second and Third Elders. "Brother, could it be..."

The Great Elder nodded with a smile and walked out briskly. The Second Elder and the Third Elder immediately followed him. Bai Zhiyu wasn't used to being suddenly left aside. Then, he saw the three elders of the Yun family walking out quickly. What exactly happened?

Bai Zhiyu immediately followed them. The three elders of the Yun family didn't bother to talk to Bai Zhiyu at all. The Great Elder walked all the way out with a comforting smile in his eyes and heart. "That girl is finally back."

Hearing what the Great Elder said, the Second Elder and the Third Elder of the Yun family couldn't contain the joy on their faces. The three of them walked towards the door of the Yun family with light steps and Bai Zhiyu followed them closely behind. Many people of the Yun family were puzzled when they saw this scene. It had to be known that the three elders of the Yun family were rarely so happy, and the three of them were so happy at the same time!

"What exactly happened that made the three elders so happy?"

"Have you heard about Yun Feng?"

"However, even though I've heard that someone from the Yun family called Yun Feng is a four-element summoner... This sounds a bit too surreal..."

"Who cares? Let's follow them and take a look. Something that can make the three elders so happy must be a good thing for the Yun family!"

The unusual joy of the three elders spread throughout the Yun family along the way. The members of the Yun family all guessed that something good had happened and were anxious to follow them. Yun Xiang was about to go back when she saw the three elders rushing towards the door. "Great Elder! Second Elder! Third Elder!"

The Great Elder nodded at Yun Xiang with a smile. Yun Xiang immediately understood something. The three elders were so happy. Yun Feng must be back! Yun Xiang immediately followed them with endless joy on his face!

In a short period of time, the entire Yun family was in an uproar. They didn't know what happened, but everyone knew that the three elders were extremely happy. Even Yun Xiang, who rarely had emotions, was the same! What exactly happened or who came?

Yun Ling walked back a bit angrily. Thinking of what Yun Xiang said to him just then, he always felt that there was a deeper meaning. He didn't notice his surroundings at first and just walked back with his head lowered. Suddenly, he bumped into someone, almost knocking that person to the ground.

"Yun Ling, what are you doing? You're so distracted that you bumped into Xiaoxiao."

Yun Ling looked up and saw that the person he bumped into was Yun Xiaoxiao. He immediately asked her condition with concern. There was always a smile on Yun Xiaoxiao's beautiful facial features as she shook her head. "It's alright, Brother Ling."

"Where are you going in a hurry?" Yun Ling glanced at Yun Xiaoxiao suspiciously. Summoners were already weak, especially those with the bloodline of the Yun family. Their bodies were even weaker than ordinary young people of the same age. Xiaoxiao was even weaker, so the two of them looked a bit thinner.

Yun Xiaoxiao burst into laughter. "Brother Ling, you don't know? The three elders of the Yun family are all walking towards the door with joy on their faces. Even Sister Xiang looks excited. Uncle Bai is also following behind. It's obvious that someone important is coming to the Yun family. We're going to see who exactly can make the three elders so happy!"

Yun Ling was shocked after hearing that. Who exactly came? The three elders greeted them in person! "I'll go with you!" Yun Ling smiled and held Yun Xiaoxiao's hand as they walked forward. Yun Xiaoxiao nodded with a smile, but Yun Ling felt a bit depressed in his mind. Could the person who came be... that Yun Feng?

"Brother Ling, why are you frowning? Are you worried about the selection convention?" Yun Xiaoxiao smiled. Her beautiful facial features were filled with a moving luster. Even though she had a weak temperament, she didn't lack energy and liveliness.

"No." Yun Ling smiled. Yun Xiaoxiao chuckled. "Brother Yun Ling will definitely be the candidate for the contest this time!"

Yun Ling didn't say anything. He only raised the corners of his mouth and walked forward with Yun Xiaoxiao. If the person who came this time was really Yun Feng... He probably wouldn't be the candidate. Even if it wasn't him, he would check her with his own eyes this time!

Most of the members of the Yun family rushed to the door from the front and back. The three elders also knew about this lineup and didn't say anything. Yun Feng should be welcomed like this when she came back. That little girl had already gone through all kinds of hardships along the way here. If the Yun family didn't greet her respectfully, it would be their fault.

Bai Zhiyu became more and more suspicious in his mind as he followed behind. Was the person who came that Yun Feng? Whether or not she was Yun Feng, he would definitely know the result if he followed them!

Chapter 1243 Infinitely Shameless (1)

Yun Feng also rushed all the way to the door of the Yun family. Very soon, Little Fire came to the sky above the Yun family's mansion. As Yun Feng jumped, the four contracted Magic Beasts also fell from the sky with her. Mu Canghai and Qu Lanyi both stood at the back with a smile. Yun Feng should be the only one who could enjoy such a warm scene.

Yun Feng landed on the ground and looked up at the magnificent word "Yun" on the door with indescribable excitement in her mind. She was back. She was finally home this time!

"Kid, you're back." The Great Elder's gentle voice suddenly came. Yun Feng raised her black eyes and met the Great Elder's eyes that were full of smiles. Yun Feng's heart tightened. She had heard this voice before. Even though she had never seen him from the Yun Family Badge, there was an indescribable sense of familiarity in this voice. Her red lips opened slightly and her voice was a bit dry. "Great Elder, sorry for coming late."

The Great Elder's black eyes glittered and excitement surged in his heart. The Yun family's dispersed bloodlines. This was the first time such a bloodline could come home. She came from the East Continent. They didn't know how many difficulties she overcame and how many obstacles she encountered during the journey!

"Girl, thank you for your hard work along the way." The Great Elder said with relief and a gentle smile on his face. Yun Feng's heart immediately warmed. This was family. They could understand each other even without asking!

“Yun Feng, come in quickly!” The Second Elder said with a smile. Yun Feng glanced at him with her black eyes and then looked at the Third Elder. Judging from the age of the two of them, she could tell who was the oldest. “Second Elder.” Yun Feng called out to him with a smile. The Second Elder nodded happily, while the Third Elder burst into laughter. “You’ve made quite a fuss, kid. You left the four-element Magic Beasts outside just like that. Some people are quite interested!”

The Third Elder glanced over Yun Feng’s four-element Magic Beasts one by one. Every one of this girl’s Magic Beasts had an extraordinary background. It seemed that this girl had had pretty good encounters along the way. The Third Elder’s sizing up made the four-element Magic Beasts inexplicably nervous. Magic Beasts had the sharpest perception. The moment the Third Elder sized them up, the four-element Magic Beasts all had the same thought. The three elders of the Yun family had already reached the God Level!

“The Yun family is indeed impressive. I’ve finally seen it.” Er Lei said telepathically. The Grade 8 Emperor Level Magic Beast couldn’t be domineering in front of a God-Level powerhouse. Even Er Lei, who had always been arrogant, restrained himself a lot.

“Of course. The three elders of the Yun family have already reached the God Level. Only such a family is worthy of the Inner Region.” Lan Yi’s calm voice came. Little Fire also became serious for the first time. “The Yun family is indeed not an ordinary family.”

“Xiao Feng’s family is so impressive.” Yaoyao’s voice was the most lively, which made the other three contracted Magic Beasts feel relieved in their minds, but they also stood there carefully and didn’t dare to make a sound. After sizing her Magic Beasts up, the three elders looked at Yun Feng with a smile. “Kid, well done!”

There was a smile at the corners of Yun Feng’s eyes and eyebrows, but she wasn’t complacent about such praise. She knew that she had to continue working hard. This road was far from enough. She had to become stronger!

“Yun Feng!” Yun Xiang ran over from behind and called out happily when he saw Yun Feng. Yun Feng was also happy to see Yun Xiang. “Yun Xiang, I’m back!”

“I thought you still needed some time. I didn’t expect to see you so soon! However, there’s really been a lot of news these few days.”

What Yun Xiang said made Yun Feng chuckle. The members of the Yun family, who arrived later, all heard the conversation between the two of them and were shocked. Yun Feng? That four-element summoner, Yun Feng? It was really her! Bai Zhiyu was stunned the moment he rushed over and saw Yun Feng. Wasn’t this the person who picked Yun Xiang up that day? She was Yun Feng! If he had known that she was Yun Feng, he would have asked her to stay back then, but it wasn’t too late now.

Bai Zhiyu put on what he thought was the most humble smile and walked out. “Elders, is this Yun Feng, who has become famous recently?”

Yun Feng glanced around with her black eyes and wasn’t surprised to see Bai Zhiyu here. She had already known that this old guy wouldn’t be able to hold back when he heard the news of the four-element summoner, but she didn’t expect him to be so thick-skinned. Looking at that fake and disgusting smile, Yun Feng curled her lips. “Master Bai.”

Unhappiness flashed through the eyes of the three elders of the Yun family. Bai Zhiyu obviously had designs on Yun Feng. That was truly wishful thinking! They wouldn't let him have any other members of the Yun family, let alone Yun Feng, who had returned right now! He called her so intimately. He really knew how to get closer to her.

"The Bai family and the Yun family have always been on good terms. If you call me Master Bai, it'll be too distant. Just call me Uncle Bai. Young people of the Yun family all call me that." Bai Zhiyu smiled gently. If she didn't know the truth, she would really think that he was such an amiable elder. Yun Feng sneered in her mind, but she smiled warmly on her face. "Yun Feng is a junior. How can I not know the rules? Master Bai, I should be more respectful."

Bai Zhiyu chuckled. "Call me whatever you want, kid."

Yun Xiang glanced at Bai Zhiyu coldly and looked at the three elders of the Yun family. "Great Elder, Second Elder, Third Elder! Yun Feng must be exhausted after coming back this time. Let her rest first!"

The Great Elder nodded with a smile. The Second Elder and the Third Elder also asked Yun Feng to go in and rest quickly. Bai Zhiyu was a bit depressed in his mind after hearing that. He originally wanted to appear more intimate. "If Yun Feng is tired, you should go and rest quickly. If you're exhausted, not just the elders of the Yun family, but Uncle Bai will also feel sorry for you."

Yun Feng chuckled and suddenly clenched her fist. The four-element Magic Beasts standing next to her all turned into four beams of dazzling light and entered the Rings of Contract. The members of the Yun family looked at Yun Feng's move and the four-color rings on her finger with envy in their eyes. She was truly a four-element summoner! However, the Yun family had never had such a person. Where exactly did she come from?

"Elders, allow me to introduce these two people." Mu Canghai and Qu Lanyi walked forward. At first, the three elders of the Yun family didn't notice that these two outstanding men were following Yun Feng. Now that they saw them, they really felt that they were not bad. Those two men were both top-notch people in terms of appearance, strength and calmness!

Chapter 1244 Infinitely Shameless (2)

The three old men smiled in satisfaction. "This is Mu Canghai, my best friend."

Mu Canghai walked forward. His strange eyes made the three elders surprised. The other members of the Yun family were all discussing behind. Some young girls even looked at Mu Canghai and Qu Lanyi with concern.

"Hello, Elders. I'm Mu Canghai." Mu Canghai's voice was cold and his tone was cold. He spoke crisply and without hesitation. His attitude was neither humble nor arrogant. The three elders chuckled and nodded.

Next was Qu Lanyi. Feeling Qu Lanyi's scorching gaze, Yun Feng knew that he was waiting for the so-called "official." It might not be appropriate to mention this at this moment, but she should express something. She was certain that he cared about her in her mind.

Yun Feng took a deep breath quietly. In front of the three elders and other people of the Yun family, Yun Feng looked at Qu Lanyi firmly with her slightly red cheeks and black eyes. "This is Qu Lanyi, my... love."

A glint of light suddenly flashed through Qu Lanyi's eyes. The three elders of the Yun family were indeed shocked to hear that. The many members of the Yun family who were watching were also shocked. Yun Feng was... admitting it in front of so many people? She was a girl!

Qu Lanyi smiled warmly and walked to Yun Feng. "Elders, I'm Qu Lanyi. I've already acknowledged Yun Feng as my wife in this life. I hope you can..."

"Wait!" The person who shouted to stop wasn't anyone else, but Bai Zhiyu! Qu Lanyi glanced over with his black eyes and was quite unhappy. The three elders of the Yun family also frowned. They hadn't said anything yet. What did Bai Zhiyu say?

Yun Feng looked at Bai Zhiyu coldly. This old thing really had designs on her. He couldn't stand it anymore? If he was in such a hurry, he would show his fox tail, especially in front of so many members of the Yun family!

Bai Zhiyu regretted it as soon as he said that. The three elders of the Yun family didn't say anything. He shouldn't have said anything, but how could Yun Feng have someone she liked? And it was this unknown kid whose name he had never even heard of. If she married someone else, what would happen to the Bai family? When did the Yun family have a four-element summoner? This was the first or perhaps the only one! If such a special and precious bloodline fell into the hands of someone else, wouldn't the efforts of the Bai family, which had waited for so many years, be in vain?

"Master Bai, what do you want to say?" asked the Great Elder. The members of the Yun family also looked at Bai Zhiyu a bit suspiciously. Bai Zhiyu raised the corners of his mouth and managed a smile. "Yun Feng has just come back. Besides, the selection is about to begin. If they're to hold a wedding, it shouldn't be at this moment. Besides... Yun Feng is still so young. There's no need to be in a hurry. Don't you think, Great Elder? If you marry this girl off so early, you must open your eyes and pick the right person. Don't let some shady people get away with it. The bloodline of the Yun family is extremely unique. You must think twice."

A glint of red light suddenly flashed through Qu Lanyi's black eyes and quickly disappeared. He put on a smile and looked at the three elders of the Yun family. "I was reckless in this matter. I can wait. Yun Feng's heart belongs to me. Nobody can take it away! Elders, I know that the Yun family is busy. This matter can be postponed."

The Great Elder nodded in relief. Yun Xiang said on the side, "Uncle Bai, you've wanted to marry with the Yun family several times. Weren't you interested in Xiaoxiao at first? And now, it's Yun Feng?"

"Kid, what are you talking about? Xiaoxiao was so young. I was just joking back then." Bai Zhiyu smiled a bit awkwardly. The Great Elder waved his hand. "Girl, go have a good rest first." Yun Feng nodded. The Second Elder and the Third Elder looked at Mu Canghai and Qu Lanyi. "Since you're her friends, the Yun family certainly welcomes you. Come in."

Yun Feng and the others entered the door of the Yun family. Yun Xiang led Yun Feng all the way in. Many members of the Yun family looked at Yun Feng curiously and wanted to find out who Yun Feng was. They finally knew that the Yun family had such a powerful summoner!

Many members of the Yun family followed Yun Feng inside quietly. The three elders of the Yun family and Bai Zhiyu stood at the door. Bai Zhiyu really wanted to go back, but he couldn't find an excuse and

could only stand outside the door awkwardly. The Great Elder chuckled. "Brother Bai, we still have a lot of things to deal with. I'm afraid we can't come to accompany you."

Bai Zhiyu chuckled with a hint of viciousness in his eyes. "Then I'll go back right now and not disturb the three of you anymore. However, Great Elder, you might as well consider the suggestion I made. Whether the Yun family can participate in the selection this time depends on your decision."

The Great Elder curled his lips and looked at him with burning black eyes. "Brother Bai, goodbye." He flicked his sleeve and the three elders entered the Yun family without looking back. With a bang, the door of the Yun family closed fiercely in front of Bai Zhiyu! Bai Zhiyu only sneered. "This time, I don't believe that you dare to bet the future of the Yun family with me! I'd like to see who wins this time!"

"Brother Ling, she's really a four-element summoner. That Yun Feng is too awesome! Why didn't I know that the Yun family had such a person? No wonder the three elders were so happy. Don't you think, Brother Ling?"

Yun Xiaoxiao, who was full of excitement, talked to herself with admiration and joy for Yun Feng. It was everyone's fortune to have such a summoner in the Yun family! She completely understood why the three elders were so happy. If it were her, she would definitely be ecstatic!

"Brother Ling, Brother Ling?" Yun Xiaoxiao talked for a long time and found that Yun Ling didn't respond. She couldn't help but stop and turn around, but she saw Yun Ling's slightly gloomy face. "Brother Ling, what's wrong?" Yun Xiaoxiao walked up with concern and pulled Yun Ling's sleeve. Yun Ling was silent for a while before he raised his head. "Xiaoxiao, she appeared out of nowhere. She said she's Yun Feng. Is she really a member of the Yun family?"

"Brother Ling, what do you mean? Can she fake it?" Yun Xiaoxiao asked in shock. Yun Ling only felt that his mind was in a mess right now. Yun Feng's appearance caught him off guard. A Grade-2 Emperor Level summoner wasn't worth mentioning at all in front of Yun Feng as a four-element summoner! Besides... Yun Feng's strength was far above his. He wanted to test her strength secretly in the chaos just then, but the moment his mental strength came into contact with hers, he understood that Yun Feng's strength was far above his!

Chapter 1245 Infinitely Shameless (3)

If such a summoner returned to the Yun family, the Yun family would probably forget him, a Grade-2 Emperor Level summoner, and Yun Xiaoxiao completely. All their hopes would be transferred to someone else. Even the three elders thought so highly of her! Even Yun Xiang, the leader of the younger generation, was on good terms with her!

Everything was stolen by Yun Feng, who came out of nowhere! Thinking of this, Yun Ling couldn't help but clench his fists and his expression became more and more tense and gloomy. Yun Xiaoxiao couldn't help but feel frightened when she saw this. "Brother Ling, what exactly happened to you?"

Yun Ling reached out and held Yun Xiaoxiao's hand with a bit too much strength. Yun Xiaoxiao frowned, but didn't dodge. "Brother Ling, why did you..."

"Xiaoxiao, there are only two summoners in the Yun family. Yun Feng appeared out of nowhere at this moment. Aren't you afraid... Aren't you afraid that the Yun family will forget about us?" Yun Ling said a

bit anxiously. His tone was also very hasty. His young eyes were full of panic and anger that Yun Xiaoxiao couldn't understand. Yun Ling held Yun Xiaoxiao's hand tightly. The two of them looked at each other silently and Yun Ling's breathing was already messy.

!!

"Xiaoxiao, Yun Ling, you're here. That's great." Yun Xiang's voice suddenly sounded. Yun Ling let go of Yun Xiaoxiao's hand and saw her panicked expression just then. Yun Ling and Yun Xiaoxiao looked up and saw Yun Xiang walking over with a pretty look. Behind her was Yun Feng, the center of the Yun family's discussion.

"Sister Xiang." Yun Xiaoxiao called out. Yun Xiang nodded with a smile and glanced at Yun Ling with his black eyes. Yun Ling, on the other hand, turned his head slightly. "Sister Xiang, is this... Yun Feng?" Yun Xiaoxiao looked at Yun Feng with curiosity in her big eyes. She also glanced at Yun Feng's fingers subconsciously, but she didn't see the four-color Rings of Contract just then. "Why aren't you wearing the Ring of Contract?" Yun Xiaoxiao asked in confusion. Yun Xiang chuckled. This was the first time she had seen a summoner who didn't like to wear the Ring of Contract.

Yun Feng looked at the skinny but innocent and cute girl in front of her. She looked like she was eighteen or nineteen, but her face was young and a bit baby-like. "That thing is too heavy. I just put it away." After Yun Feng said that, Yun Ling's face couldn't help but darken and he clenched his fists a lot more unconsciously. Yun Feng saw his movements and remained calm.

"Let me introduce you. She's Yun Feng. She's a real member of the Yun family. She's a four-element summoner. As for her current strength..." What Yun Xiang said made Yun Feng chuckle. "Alright, let's not talk about my strength for now. It's very kind to meet the two summoners of my family."

"Yun Feng... I've never heard of this name. Did the elders hide you?" What Yun Xiaoxiao said made Yun Xiang smile. As the taller one, she knocked Yun Xiaoxiao's head. "Why do you have so many questions?"

Yun Xiaoxiao stuck out her tongue and smiled at Yun Feng a bit embarrassedly. Seeing that Yun Ling had been silent on the side, Yun Xiang couldn't help but feel a bit worried. "Yun Ling, why aren't you saying anything?"

Yun Ling gritted his teeth secretly and finally raised his head to look at Yun Feng. Then, he quickly turned his head away. "I'm Yun Ling."

Yun Xiang couldn't help but frown when he saw Yun Ling's attitude, but Yun Feng pulled her arm secretly, so Yun Xiang didn't say anything. Yun Feng chuckled. "As the summoners of the Yun family, we all side with the Yun family. Even though I appeared rather suddenly and unfamiliarly, my heart for the Yun family is the same as yours."

What Yun Feng said might be a kind of small talk in the eyes of outsiders, but those who knew that she had been searching hard for the headquarters of the Yun family along the way all knew the sadness and difficulty in those words. Other people couldn't understand the weight of her words at all!

"You two should go back first. Yun Feng and I still have something to do with the three elders," said Yun Xiang. Yun Xiaoxiao replied regretfully, while Yun Ling turned around and left without looking back. He was more or less a bit angry. Yun Xiaoxiao chased after him all the way and the two of them left.

“Yun Ling wasn’t like this at first. There were only two summoners in the Yun family, so they were certainly valued very much. Yun Ling is a bit stronger. As time passes, he’s naturally certain about something.” Yun Xiang said a bit helplessly as she looked at Yun Feng. “It’s nothing personal. He might not be used to it...”

“I know.” Yun Feng smiled and looked at Yun Ling and Yun Xiaoxiao’s backs as they left. “Someone suddenly appeared, which made him a bit confused. He felt that he would be completely ignored. I understand that.”

“What do you plan to do? Yun Ling is a bit arrogant. If that old bastard, Bai Zhiyu, takes the opportunity to say something to him, he’ll easily cause trouble in the Yun family... He trusts that bastard very much.” Yun Xiang frowned tightly, fearing that Yun Ling would be used by Bai Zhiyu accidentally.

“Bai Zhiyu won’t have this opportunity! I won’t create this opportunity for him! The Yun family has always been united. Only by uniting can we tide over the difficulties. I won’t let the Yun family have any possibility of division. Bai Zhiyu, don’t even think about it!”

Yun Xiang heaved a sigh of relief. She had never thought Yun Feng would be so open-minded. She thought she would have to spend some effort to persuade Yun Feng, but Yun Ling seemed much more childish in comparison. Yun Xiang patted Yun Feng’s shoulder. “Yun Ling doesn’t admit defeat. You must make him admit defeat wholeheartedly.”

Yun Feng curled up her lips and smiled gently. “I know what I’m doing. Don’t worry.”

Yun Xiang nodded and continued walking forward with Yun Feng. He couldn’t help but think about the selection this time. “The Yun family gave Bai Zhiyu a chance to threaten us this time because of those hundred ultimate ores. Fortunately, the three elders know clearly in their minds, or it would truly be unimaginable. If we reject the Bai family, the Yun family will miss the opportunity to participate in the selection this time. If we miss this opportunity, I wonder when the Yun family will have another chance.”

Yun Feng smiled. “The Yun family will definitely participate in the selection this time.”

Yun Xiang was stunned. “Yun Feng! You can’t joke with yourself! That bastard Bai Zhiyu is obviously up to no good. Don’t jump into the fire pit yourself like I did back then! If you dare to have such a thought, I’ll report it to the three elders immediately!”

Seeing how nervous Yun Xiang was, Yun Feng burst into laughter and patted Yun Xiang’s shoulder. “Yun Xiang, it’s just a hundred ultimate ores. I can afford a thousand or ten thousand of them!”

Chapter 1246 Infinitely Shameless (4)

Yun Xiang’s eyes widened. “You... You have a hundred ultimate ores!”

Yun Feng laughed loudly again. With the Ultimate Crystal Beast, she was the last person who would lack ultimate ores in this world! “Without the excuse of these hundred ultimate ores, I’ll see how that bastard Bai Zhiyu shamelessly threatens the Yun family!”

A hundred ultimate ores weren’t a big deal for Yun Feng, but in other people’s eyes, it was impossible for a family to give away a hundred ultimate ores easily, not to mention for a young junior like Yun Feng. When Yun Feng gave a hundred ultimate ores to the three elders of the Yun family, the three elders of

the Yun family couldn't help but feel quite shocked. Yun Xiang was completely dumbfounded. Yun Feng really had a hundred ultimate ores! With these hundred ultimate ores, the Yun family could participate in the selection this time successfully and wouldn't have to be threatened by that bastard for nothing!

What was surprising was that when Yun Feng took out the Golden Cauldron Tree, the three elders of the Yun family didn't know what to say anymore. She had Golden Cauldron Trees too! And there was more than one! Yun Feng didn't tell them how to produce the Golden Cauldron Fluid. Before dealing with the internal problems of the Yun family, she couldn't tell them important information, or the bastard Bai family would find out! Yun Feng handed most of the Golden Cauldron Fluid to the three elders. The three elders certainly knew how precious it was. They didn't want to accept it at first, but Yun Feng insisted, so they could only accept it.

!!

With the help of the Golden Cauldron Fluid, the Yun family's strength would definitely take a leap in less than half a year! They would be more confident in participating in the selection convention! Yun Xiang saw Yun Feng take out precious things one after another and completely treated Yun Feng as a treasure vault. How could she have so many magical things? She even had the Golden Cauldron Tree! It was truly unbelievable!

Yun Feng and the three elders then discussed the current situation of the Yun family earnestly. Even though Yun Feng wasn't as old and experienced as the three elders, her far-reaching mind and broad horizons made the three elders exclaim. The few of them had the same thought. Before the selection convention officially began, the Yun family wouldn't fall out with the Bai family. If they wanted to fall out, they would have to catch the Bai family off guard at the last moment! As for whether the Bai family could hold back or not, it depended on their own ability.

The most important thing right now was to reverse the attitude of the Yun family towards the Bai family. After a few generations, the Bai family's efforts, whether it was on the outside or on the inside, could be said to be watertight. If Bai Zhiyu hadn't been too hasty during this period of time, this fox tail would definitely have been hidden very well and wouldn't be discovered. Yun Feng originally thought that the Bai family was just getting close to the Yun family. After hearing what the three elders said, she understood the fundamental reason why the Yun family trusted the Bai family so much.

Among the ten cities outside of the circle of power, only the Yun family was ostracized from the Inner Region. Previously, there was also a family that was ostracized from the Inner Region, but it was quickly suppressed to the point of disappearing. The Yun family was ostracized from the Inner Region and was in a very bad situation. At that time, the Bai family extended a helping hand and even made enemies with the other cities to protect the Yun family. The icing on the cake wasn't as important as giving help in time of need. People remembered it in their minds, especially the Yun family who returned the favor!

The entire Yun family was extremely grateful to the Bai family. Since then, the friendship between the Bai family and the Yun family had begun. The Yun family's background was just a bit empty after coming out of the Inner Region. After they stabilized this area, they didn't need much help from the Bai family. However, the Bai family was still extremely close to the Yun family as usual. Just like that, after a few generations, the entire Yun family could be said to trust the Bai family extremely.

Yun Feng only felt shocked after hearing that. This summoner bloodline was so coveted. The Bai family's mind was too vicious! Ever since they sent charcoal in the snow at the beginning! The suppression of the Yun family might have been started by the Bai family! The Bai family had such dirty thoughts!

If it weren't for Bai Zhiyu's impatience, the Bai family would have been able to lurk around the Yun family for a longer time. Perhaps all the blood and sweat of the Bai family over the years would have been ruined in the hands of that old bastard, Bai Zhiyu. Yun Feng frowned. It was difficult, very difficult, to shake the trust built on such a relationship! If she wasn't careful, it might cause the internal division of the Yun family and give the Bai family an opportunity! And Yun Ling, he would be easily used by Bai Zhiyu. If that was the case... the Yun family would be in danger.

"Kid, it's very difficult to deal with the relationship between the Yun family and the Bai family. Otherwise, the three of us wouldn't have taken action so late. If we want to take action, we must take action completely." The Great Elder sighed. What Yun Feng was worried about just then was exactly what the three of them were concerned about. The Yun family couldn't be divided. If they wanted to get rid of the Bai family, they must completely overthrow the Bai family from the hearts of the Yun family!

Yun Feng nodded. It wasn't that she didn't know the difficulties of the three elders, or she wouldn't have continued to feign civility with Bai Zhiyu. Fortunately, the Yun family could participate in the selection this time. She must eliminate the Bai family from the minds of the Yun family before the selection, or the Bai family would become a disaster for the Yun family sooner or later!

"There's only five months right now. It's not easy to overthrow the Bai family at the root, but there's definitely a way." Yun Feng said. The three elders sighed. "It's not that we haven't thought of a way, but Bai Zhiyu is extremely cunning and does things flawlessly. We don't know where to start at all."

Yun Feng sneered. "This time, he doesn't have a choice anymore."

The three elders looked at Yun Feng. Yun Xiang was still a bit worried. "Yun Feng, you..."

"Don't worry." Yun Feng looked at the three elders and Yun Xiang. "I'll dig a pit and let him jump down. He won't be able to climb up even if he wants to!"

It had already been a month since Yun Feng returned to the Yun family. During this month, she didn't wander around the Yun family. Apart from Yun Xiang, Yun Feng didn't meet or talk to many members of the Yun family either. She really cultivated quietly in her yard. Mu Canghai and Qu Lanyi were the same. Yun Xiang came every few days and told Yun Feng about the Bai family's movements. Bai Zhiyu was indeed an old fox. He didn't do anything in this month. Yun Feng wasn't in a hurry. The trap had already been prepared. This old fox would jump into it sooner or later.

"Yun Feng!" Yun Xiang came in from outside. Qu Lanyi and Mu Canghai both glanced at her and didn't say anything. Yun Xiang ignored them. She didn't feel friendly to these two men at all. She really didn't expect Yun Feng to like that person called Qu Lanyi... Even though he was quite good-looking and strong, he looked a bit weird.

Chapter 1247 It's Time to Drop the Disguise (1)

"Yun Xiang, you're here." Yun Feng walked out. Yun Xiang nodded happily today. "Let me tell you, Bai Zhiyu can't hold it in anymore."

“Really?” Yun Feng raised her brows. Yun Xiang burst into laughter. “One month. That old bastard’s patience is only so short right now. I heard that he’ll be coming to the Yun family again in a few days. I wonder what he’s up to this time.”

“Does he know about the hundred ultimate ores?” Yun Feng asked with a smile. Yun Xiang nodded. “The three elders have already told him about this. It might be related to this that he can’t hold back.”

Yun Feng’s red lips curled up. “Just wait. I’ll let him dig his own grave this time!”

“On the other hand, Yun Ling... He’s not in a good state of mind right now. If Bai Zhiyu really wants to use him, then Yun Ling...” Yun Xiang frowned and Yun Feng sighed helplessly. “The Bai family is more tricky than I thought. Right now, I can only wake the members of the Yun family up by letting Bai Zhiyu expose himself. As for Yun Ling... He wouldn’t know what kind of wolf his Uncle Bai is until he’s used once. He has a problem with me, but when the family is in trouble, he definitely won’t stand by and do nothing. I believe in him.”

Yun Xiang chuckled after hearing that and a handsome smile appeared on her handsome facial features. If it weren’t for the fact that she was a girl, Yun Xiang would definitely be able to charm thousands of girls. “After the Yun family and the Bai family were cut off, that Bai Qingfeng...” Yun Feng glanced at Yun Xiang’s expression. Yun Xiang’s face suddenly froze and she finally said coldly, “Whatever. He has anything to do with me.”

Yun Feng didn’t continue. “What’s the attitude of the other members of the Yun family towards me? Do they all think I’m an extremely arrogant person?”

Yun Xiang shook his head. “No, they’re just curious about you, especially the young people of the Yun family. They all want to meet the only four-element summoner.”

Yun Feng smiled gently. Yun Ling didn’t take this opportunity to rope in others or criticize her in secret. This kid was truly not evil. “Just wait. When that old guy, Bai Zhiyu, comes, this show will begin.”

In less than five days, Bai Zhiyu visited the Yun family in a hurry. Bai Zhiyu couldn’t suppress his anger this time. The Yun family had a hundred ultimate ores! After hearing that, Bai Zhiyu almost destroyed his mansion. Where exactly did the Yun family get them? Was someone helping them secretly? Was the Yun family on good terms with some families in secret? Bai Zhiyu had been investigating this matter these few days, but he found nothing.

It was either provided by other families or the Yun family’s own things. Bai Zhiyu had never thought that the Yun family could take out a hundred ultimate ores! If that was the case, wouldn’t his proposal to the Yun family become a joke? In order to confirm if it was true, Bai Zhiyu immediately rushed to the Yun family. He couldn’t make any mistakes during this period of time!

The arrival of the Master of the Bai family wasn’t strange. The members of the Yun family couldn’t help but feel a lot happier after hearing that, especially Yun Ling. He had been very frustrated these days and couldn’t vent his anger in his mind. He was even more so when he heard other people talk about Yun Feng. Even though other people treated him as usual, he just felt that something had changed. When he heard that Bai Zhiyu was visiting the Yun family again, Yun Ling immediately wanted to meet this Uncle Bai and get some encouragement to ease the frustration in his mind.

Bai Zhiyu wasn't happy about this visit. He still had to protect his relationship with the Yun family, but the way he could blackmail them was blocked. It seemed that he had to spend a lot of effort to think about it at length. However, if the Yun family participated in the selection this time, it wasn't impossible for them to be elected with their background. Once they entered the Inner Region, he wouldn't even have to think about plotting!

No, he definitely couldn't let the Yun family participate in the selection this time. The root of whether or not they could participate was these hundred ultimate ores. If the Yun family had the ability to gather a hundred ultimate ores, he didn't believe that they could gather another hundred! Bai Zhiyu came out of the hall of the three elders as viciousness flashed through his mind. How should he get rid of these hundred ultimate ores...

"Uncle Bai, you're here!" A passionate call pulled back Bai Zhiyu's emotions. Yun Ling stood there with a smile. A glint of darkness flashed through Bai Zhiyu's eyes as he walked over kindly and gently. Wasn't this an opportunity?

"Bai Zhiyu is indeed going to make use of Yun Ling." Yun Feng, Qu Lanyi and Mu Canghai stood far away and looked into the distance. Bai Zhiyu said a few words to Yun Ling. Yun Ling followed Bai Zhiyu somewhere else happily. It seemed that Bai Zhiyu wanted to say more than a few words of encouragement.

"Never mind. If you want to wake him up, you must be loud clear. You don't know the danger at all unless you're involved. You're right to do this," said Qu Lanyi in a low voice. Yun Feng sighed helplessly. "I only hope that when the truth is revealed, the Yun family can completely understand the ambition of the Bai family."

In the blink of an eye, another four months had passed. There was almost one month before the selection convention. No matter how many tricks Bai Zhiyu did behind her back in these four months, Yun Feng knew in her mind. She didn't ask or interfere, letting that old bastard Bai Zhiyu think that he did it flawlessly. Yun Feng continued cultivating. In just four months, she had already made obvious improvements, or maybe it was because her mind had changed after returning to the headquarters. Yun Feng's cultivation was unusually smooth. After four months, she had already vaguely touched the threshold of Grade 9 of the Emperor Level! The three elders were also amazed at such a speed. Yun Xiang couldn't stop smiling and exclaimed that Yun Feng should definitely fight with her after reaching Grade 9 of the Emperor Level. At this moment, the families had to hand over the ores to qualify for the selection competition. At this critical moment, shocking news came from the Yun family that the hundred ultimate ores were gone.

Everyone in the Yun family was shocked. How could a hundred ultimate ores disappear for no reason? It didn't matter if they lost other ores, but these hundred ultimate ores were related to the qualification of this selection! Everyone in the Yun family was stirred and a kind of anger rose in their hearts. The ores wouldn't disappear for no reason at all. Someone took them away on purpose!

Who could take the ores out of the Yun family without being discovered by the Yun family? Who could it be?

When the news spread, a tense atmosphere immediately filled the entire Yun family. Speculations kept spreading. The members of the Yun family really didn't want to believe that their own people did it.

Gradually, they pointed their heads at Yun Feng, who had just returned! Only Yun Feng had just arrived. They had never heard of this name. She should be the first person they suspected!

Chapter 1248 It's Time to Drop the Disguise (2)

Someone reported this suspicion to the three elders of the Yun family. The three elders of the Yun family didn't say anything. Nobody knew that the hundred ultimate ores were generously and selflessly provided by the suspect in their eyes. Yun Feng, who had been practicing in peace, certainly heard such an accusation. She only smiled lightly. She had already expected such a result back then and was mentally prepared enough. She could be said to have let such a situation develop on purpose. Only by arousing the passionate feelings of the Yun family could she completely eliminate the mark of the Bai family when the truth was revealed! Even if she suffered some grievances in the process, so what?

Bai Zhiyu saw the current situation of the Yun family in his eyes and there was indescribable pride in his mind. He was the one who caused the current situation. He was waiting. When the four-element summoner was suspected by everyone in the Yun family, it would be even better if she could be kicked out of the family by the three elders of the Yun family. By then, Yun Feng would definitely be moved to tears when he appeared in time. By then, the bloodline would be in his hands!

"Father." Bai Qingfeng walked in and saw the complacent and vicious smile on his father's face. His eyes couldn't help but darken. Bai Zhiyu looked at his son and temporarily suppressed the joy in his heart. "How's it going with the Yun family? Will Yun Feng become the target of everyone?"

Bai Qingfeng nodded. "Everyone in the Yun family is targeting her right now."

"Hahaha, very good, very good! I believe that I'll be able to capture Yun Feng in a few days! By then... the Bai family will rise to the top in a single step!" Bai Zhiyu burst into laughter. Bai Qingfeng frowned and looked at his father. His eyes glittered. He turned around and walked out without saying anything.

As the selection convention approached, the restlessness in the Yun family became deeper and deeper. As everyone's target, Yun Feng certainly became the center of attention. Suspicion surged. Yun Feng didn't say anything after hearing this. Qu Lanyi suppressed his anger patiently. Since this was the situation Fengfeng wanted, he certainly couldn't interfere. However, these members of the Yun family were truly...

"Yun Feng, come out!" Someone shouted loudly outside the courtyard. Yun Feng stood up with a smile. Qu Lanyi couldn't suppress the anger in his heart anymore. Mu Canghai's face was like thousand-year-old ice, but neither of them said anything under Yun Feng's instruction.

Yun Feng twisted her wrist gently and an entirely white Sound Badge appeared in her hand. The Sound Badge immediately glittered when she infused her mental strength into it. Yun Feng said, "Are you ready?"

The Sound Badge flashed and a voice came. "Everything is fine. Don't forget what you promised me."

Yun Feng chuckled. "Of course." Holding the Sound Badge in her hand, Yun Feng walked out with a smile. Seeing her expression, Qu Lanyi couldn't help but feel relieved. "Fengfeng, it seems that we'll end everything today?"

Yun Feng looked back. "Yes. The most sobering moment is when the emotions are aroused to the highest point. It's time for the Bai family's face to be completely revealed."

When Yun Feng pushed the door open, she saw a group of people standing outside. Almost everyone from the Yun family was standing outside. Their faces were full of confusion, anger and heartache. Yun Feng smiled lightly. "What's wrong?"

"Yun Feng!" Someone walked forward. It was Yun Jiang, a Grade 8 warrior of the Emperor Level who was comparable to Yun Xiang among the younger generation of the Yun family. He had thick eyebrows, big eyes and a square face that was full of righteousness. "Yun Feng, do you know that the Yun family lost a hundred ultimate ores?"

Yun Feng nodded. "I do."

"Alright! If you say you know, why don't you seem anxious at all? Even though we didn't know you in the past, your surname is Yun. Aren't you angry because of this?" After saying that, Yun Jiang stared at Yun Feng with his black eyes. Yun Feng looked back calmly. "How do you know that I'm not anxious and I'm not angry?"

"Then why didn't you come out at all? Such a huge thing happened. Since you're a summoner of the Yun family, you should share the worries of the three elders!"

"That's right. All of us are extremely angry. You're the only one who can still speak so casually right now. I really doubt, I really doubt..."

Yun Feng chuckled. Even though they were all pointing at her, even though they were suspecting her, she was still happy in her mind. The members of the Yun family were united after all. When the family was in danger, it was reasonable for them to point at her, who suddenly returned.

"Yun Feng... You wouldn't do such a thing, would you?" Yun Xiaoxiao looked at Yun Feng with her big eyes. Even though she had only spoken to her once, how would someone who got along so well with Sister Xiang betray the Yun family and set the Yun family up? Wasn't her surname also Yun?

"Xiaoxiao, don't you know that there's no knowing the inside of a person's heart? Even Uncle Bai is worried about this, but she can still smile. Don't you understand what's going on?" Yun Ling glanced at Yun Feng coldly. Yun Feng curled her lips and smiled, but didn't explain anything. The other members of the Yun family were even more furious when they saw Yun Feng's attitude.

"Don't think you can do whatever you want to the Yun family just because you're a four-element summoner! If you really did such a thing, we won't let you go!"

"Yes, that's right!"

Yun Xiaoxiao looked at Yun Feng with heartache. She still didn't want to believe it. She asked Sister Xiang and the three elders, but they couldn't tell her clearly. Yun Ling looked at Yun Feng coldly. She could still smile right now. She was truly bold.

The Sound Badge in her hand suddenly flashed a few times. Yun Feng's black eyes glittered and she said loudly, "You're targeting me. You can doubt me! However, give me a chance to explain."

“Alright, I’ll give you a chance to explain!” Yun Jiang said. Even though he hadn’t had much contact with Yun Feng, such a straightforward and bright girl really didn’t seem like someone who would do such a thing, especially with her identity as a four-element summoner... She had no reason to hurt the Yun family!

After Yun Jiang said that, the other members of the Yun family naturally quieted down. Yun Feng suddenly raised her arm and raised a Sound Badge that was constantly glittering. The members of the Yun family looked at the Sound Badge and didn’t know what Yun Feng meant. Yun Feng chuckled. “The answer you want is right here.”

She waved her slender hand abruptly. The voices on this side had already been completely blocked. Yun Feng’s voice wouldn’t reach the Sound Badge, but the voice of the Sound Badge came extremely clearly. “How’s the situation on the Yun family’s side recently?” A voice came extremely clearly. Yun Ling immediately shouted after hearing that, “This is Uncle Bai!”

Chapter 1249 It’s Time to Drop the Disguise (3)

Yun Jiang frowned. Yun Feng, what exactly do you mean?

Yun Feng raised the jade pendant and glanced at everyone’s face with her black eyes. She didn’t say anything. The Sound Badge glittered a few more times and a voice came. “Master, the Yun family has already targeted Yun Feng completely. As Master expected, you’ll probably be able to achieve your wish soon.”

“Is that so... Hahaha, the Bai family’s years of efforts weren’t in vain. I’m finally going to get the bloodline of the four-element summoner of the Yun family!”

“What?” The faces of the members of the Yun family present all turned pale and their eyes were full of shock and confusion! Especially Yun Ling. After hearing Bai Zhiyu’s voice, he was first delighted, then a destructive feeling came. What Uncle Bai said just then? This couldn’t be true. This couldn’t be true!

There was silence at the scene. There were shocked faces and pairs of black eyes full of disbelief. Yun Feng sighed leisurely in her mind and the Sound Badge in her hand glittered again. “Master, you’ve really made a good plan this time. The Bai family didn’t do anything in the last few generations. We really missed a lot of opportunities. If the Yun family participates in the selection this time, we won’t have a chance to do anything again!”

“Humph! The selection convention? I’ve already taken away the hundred ultimate ores of the Yun family. How can they participate in the selection convention?”

“It’s him... It’s the Bai family...” Yun Ling mumbled dumbfoundedly. Yun Xiaoxiao was dumbfounded. How could it be Uncle Bai? How could it be...

“Master, it’s certainly good if the Yun family can fight among themselves. If not... what should we do?”

“What should we do? The Yun family doesn’t have the capital to participate in the selection this time at all. If they don’t participate this time, we’ll certainly have a lot of time to use. I don’t believe we can’t get the summoner bloodline of the Yun family! The Bai family has planned for so long. It’s time to get something!”

“You’re right, Master. Then... we’ll just stand by and do nothing about the Yun family this time?”

“We must act well, especially on the surface. Didn’t you see that the younger generation of the Yun family are coaxed by me like a spinning top? They’re extremely friendly to me.”

All the faces of the young people of the Yun family present darkened and they unconsciously clenched their fists. The truth was put in front of them. Only then did they know that the so-called Uncle Bai they had always respected was such a detestable scum!

“Master, you mean...”

“We still have to help them, but it’s all superficial. Just pay lip services. However, convey my intention to the Great Elder. If the Yun family really wants those hundred ultimate ores, they must send a summoner to marry into the Bai family!”

“Bastard!” Yun Jiang suddenly cursed. The veins on his arms popped out in anger. “What does Bai Zhiyu take the Yun family for? What does he take our trust over the years for? Does he think the Yun family is something the Bai family can play with?”

Bai Zhiyu’s voice continued to come out of the Sound Badge, but Yun Feng believed that everyone present couldn’t stand it anymore. She cut off the communication with the Sound Badge. Yun Feng was silent. Yun Ling said with a pale face in a daze, “Yun Feng, you... You didn’t set Uncle Bai up on purpose, did you...?”

“Yun Ling! Are you stupid?” Yun Jiang couldn’t stand it anymore and shouted. Yun Feng looked at Yun Ling deeply. He was the one who trusted and respected Bai Zhiyu the most among the younger generation. He must understand that Bai Zhiyu used him to take away the hundred ultimate ores of the Yun family this time.

“Brother Ling...” Yun Xiaoxiao glanced at Yun Ling worriedly. Yun Feng looked at the members of the Yun family, who were all gloomy at this moment, and said, “Bai Zhiyu has been coveting the bloodline of the Yun family for a long time. The Bai family has been putting on an act since the moment they approached the Yun family.”

“Damn it! Did the three elders know about this?” Yun Jiang suddenly raised his head and asked. At this moment, the Great Elder’s voice came from the back of the crowd. “We already knew.”

“Great Elder!” Everyone in the Yun family was shocked. The crowd made way for the three elders of the Yun family and Yun Xiang. The three elders of the Yun family walked over and looked at Yun Feng with relief. Yun Xiang walked to Yun Feng and patted her shoulder. “Thank you.”

Yun Feng chuckled. “It’s my duty.”

Yun Xiang glanced at everyone with her black eyes and said loudly with a deep look on her handsome facial features, “Do you know how the Yun family gathered the hundred ultimate ores?”

Everyone in the Yun family shook their heads. They were only happy about this result and had never thought about where these hundred ultimate ores came from at all. Yun Xiang took a deep breath. “Those hundred ultimate ores were provided by Yun Feng. All of them!”

“What?” The members of the Yun family all exclaimed. It was obvious that they couldn’t believe it. Yun Xiang said loudly again, “Do you know where she came from?”

Realizing that nobody said anything, Yun Xiang continued, “Yun Feng came from the East Continent! Have you ever known what happened to her along the way from the East Continent to the Central Continent? Have you ever imagined how difficult her journey home was?”

Silence. Yun Feng’s heart moved fiercely. For going home, for returning to her roots, for this surname and bloodline she was so proud of, everything she suffered was worth it!

Yun Feng stood there with her black eyes slightly lowered. After Yun Xiang said that, all the members of the Yun family present were silent. Nobody said anything and just looked at Yun Feng. Yun Xiaoxiao said dumbfoundedly, “East Continent... Yun Feng, you’re from the East Continent...”

Qu Lanyi and Mu Canghai both stood aside with a gloomy face. Qu Lanyi, in particular, had accompanied Yun Feng through countless hardships and life-and-death situations along the way! The hardships along the way weren’t something these Young Ladies and Young Masters, who had been pampered in the Yun family, could understand at all!

Yun Feng looked up with a smile at the corners of her mouth. “Where did I come from? It’s not important. What’s important is that we all have the same bloodline in our bodies. We’re all family under the same surname!” Yun Feng glanced at everyone with her black eyes. “You’ve heard the ambition of the Bai family very clearly. All the help and intimacy they’ve offered for so many years are fake! The Yun family isn’t a family he can toy with!”

“You’re right!” Yun Jiang was the first to shout. His bright eyes were full of anger! “The Yun family isn’t a family to be bullied. If the Bai family treats us like this, why should we be polite? Don’t you think?”

Chapter 1250 Bai Zhiyu, You Miscalculated (1)

At this moment, the emotions of everyone in the Yun family were aroused to the peak. The trust they had for many years was completely destroyed at this moment. What was left was a raging anger that kept burning in their minds!

“That’s right! Cut off all ties with the Bai family! The Yun family won’t have any contact with the Bai family anymore!”

“Not only that! We can’t let go of a villain like the Bai family at all!”

Everyone in the Yun family shouted with righteous indignation. Apart from anger, they were also humiliated by being deceived in their minds. The person whom they believed in was such a dirty person! The younger generation of the Yun family all spat out when they thought of how they once called Uncle Bai kindly.

!!

“Uncle Bai? I was truly blind in the past!”

“Bai Zhiyu, that bastard! I’ll skin the Bai family alive!”

Amidst the anger, Yun Ling stood there silently and his face became gloomier and gloomier. Yun Xiaoxiao pulled Yun Ling's arm. "Brother Ling, are you alright? Bai Zhiyu doesn't deserve you to do this for him at all. He doesn't deserve us to call him uncle at all! Brother Ling, I know you're very sad, but..."

Yun Xiaoxiao was halfway through her sentence when Yun Ling suddenly raised his head with a determined look on his face. He looked at Yun Feng with bright black eyes and blinked a few times. Then, he suddenly stepped forward. Yun Xiaoxiao was stunned. "Brother Ling, what are you doing?"

Yun Ling ignored Yun Xiaoxiao and walked out of the crowd to Yun Feng. The members of the Yun family all fell silent when they saw him walk out. Yun Ling took a deep breath, then turned around and lowered his head, shouting loudly, "I'm responsible for the loss of the hundred ultimate ores of the Yun family. It was me! I was the one who told Bai Zhiyu where the ultimate ores were stored! I was the one who told him when the guards of the Yun family changed shifts! I believed everything he said. The last time he came to the Yun family, he blamed everything on Yun Feng, and I believed him!" Yun Ling suddenly raised his head and regret flashed on his young face, but there was more persistence. He insisted on admitting his mistake and didn't deny or find an excuse for himself in front of everyone!

"This has nothing to do with Yun Feng. The Yun family lost those hundred ultimate ores because of me!" Yun Ling turned around and faced the three elders. "Elders, this is all because of me. I won't complain no matter what the punishment is!"

"Brother Ling..." Yun Xiaoxiao really couldn't imagine that everything was related to Yun Ling. The members of the Yun family didn't say anything and only looked at Yun Ling in extreme shock. The three elders showed a gratified smile at this moment. Yun Ling didn't let them down after all.

Yun Xiang burst into laughter and patted Yun Ling's shoulder. "Good kid. You didn't let us down."

"W-What do you mean?" Yun Ling looked at the three elders and Yun Xiang in shock. Shouldn't they be enraged and extremely disappointed in him? He was the reason why the Yun family lost a hundred ultimate ores and the qualification to participate in the selection this time! He was the person who let a wolf into his house! Why... Why didn't they blame him at all?

Seeing the shock on Yun Ling's face, Yun Feng chuckled. "Yun Ling, you're not the only one who misjudged. Most people in the Yun family were kept in the dark. It's not your fault that you were used by Bai Zhiyu. There's nothing wrong with trusting someone. The mistake is letting down someone you trust. If you're really wrong, none of the members of the Yun family can escape this responsibility, can they?"

Yun Ling's black eyes glittered. "Yun Feng, I've always been hostile to you. Why are you standing up for me now?"

Yun Feng smiled again. "I can understand that you're hostile to me. We're family after all."

The corners of Yun Ling's mouth moved a few times. Yun Xiang patted his shoulder again. "If it weren't for you this time, that old bastard wouldn't have shown his tail so quickly. The three elders spent a lot of effort to remove the hypocritical mask of the Bai family. Yun Ling, you've helped a lot this time!"

"So, Brother Ling is the hero!" Yun Xiaoxiao shouted happily. Yun Xiang nodded with a smile and Yun Feng also nodded. "That's right. Yun Ling can be said to be the hero this time."

The three elders of the Yun family also smiled in relief. The young people of the Yun family also surrounded him and played with Yun Ling's hair. "Kid, you've made up for your mistake! You've done a great service this time!"

Yun Ling's heart was completely in chaos. He was originally a heinous sinner of the Yun family, but now, he had become a contributor... Complicated feelings kept rushing in his heart. Feeling the understanding and tolerance of everyone in the Yun family, Yun Ling looked up and looked at Yun Feng silently, conveying his gratitude. Yun Feng looked at Yun Ling's sincere eyes and knew that the grudge in his heart had been completely removed.

"Even though the hundred ultimate ores exposed the Bai family this time, what should we do about the selection this time?" After the knot in everyone's heart was resolved, they couldn't help but worry about this problem again. Yun Ling also looked at the three elders nervously. Even if he made amends this time, if the Yun family lost their qualification to participate this time because of him, he would definitely have to feel guilty for the rest of his life!

The three elders chuckled and didn't say anything. Yun Xiang, on the other hand, said to everyone mysteriously, "Don't worry. The Yun family will participate in the selection this time."

"But those hundred ultimate ores..." How could they gather them? That was the question in the minds of the members of the Yun family. Yun Feng smiled. "A hundred ultimate ores aren't a problem. Even though we know the real face of the Bai family right now, it's not the best time to fall out with him. We'll wait until we get the qualification of the selection convention."

"That's what we think too. There's still a month to go until the selection convention. We won't give the Bai family any opportunity during this period of time." The Great Elder of the Yun family said. Everyone in the Yun family nodded. In order to prevent the Bai family from being desperate, it was better to hide it this month.

After completely tearing off the hypocritical mask of the Bai family, everyone in the Yun family was united. Their attitude towards Yun Feng directly changed from their original curiosity to respect. Even though they didn't know how difficult Yun Feng's journey was, everything she did for the Yun family was enough to prove that she was sincere to the Yun family. That wasn't an act. She was truly thinking for the Yun family and everyone else!

Now, everyone in the Yun family understood why the three elders thought so highly of Yun Feng. Even Yun Xiang was on good terms with her. It was all because of Yun Feng's charisma!
