

Summoner 1251

Chapter 1251 Bai Zhiyu, You Miscalculated (2)

The Yun family's situation was great right now. Everyone was united and completely turned against the Bai family, working even harder to prepare for the selection convention. The Yun family would definitely win this time and return to the Inner Region!

Yun Ling completely resolved the knot in his heart and admired Yun Feng from the bottom of his heart. He often came to ask Yun Feng for guidance with Yun Xiaoxiao. The three of them were both summoners and Yun Feng was a four-element mage. Her strength was also far above theirs, so they certainly could use her help. Yun Feng also told the two of them her experience happily. The younger generation of the Yun family needed constant growth. It couldn't be better if she could help them on this.

Under Yun Feng's guidance, Yun Ling and Yun Xiaoxiao both realized something and were delighted. Yun Feng also observed the potential of all the members of the Yun family in secret. She still remembered what Yun Xiang said back then. For some reason, the overall strength of the Yun family was suppressed. Logically speaking, such an outstanding bloodline of the Yun family shouldn't be like this. After investigating carefully, Yun Feng indeed found something fishy. There was something in the bodies of most people of the Yun family. This thing was different from the potions of Yun Feng used on the Jiang family. Compared to the potions, it hid deeper and was less noticeable. As time passed and their strength increased, the hindrance became greater and greater. It was this thing that restricted most people of the Yun family from advancing in strength.

The Golden Cauldron Fluid was working quietly, but Yun Feng found that despite the help of the Golden Cauldron Fluid, the hindrance was still very obvious. After coming to this conclusion, Yun Feng was very sure that it wasn't the Bai family. With the Bai family's background, they didn't have such an ability at all. Before they were ostracized and left the Inner Region, the Yun family seemed to be like this. The three elders of the Yun family didn't seem to think about the Yun family's situation carefully and only thought that it was because the bloodline power of the Yun family was exhausted.

Yun Feng didn't tell the three elders of the Yun family after finding out about this inexplicable thing. She still needed to confirm and study it. Since this method wasn't used by the Bai family, it was most likely... someone in the Inner Region!

The Inner Region... Yun Feng frowned tightly with her black eyes. It made sense if it was from someone in the Inner Region. Otherwise, the Yun family wouldn't have been pushed out of the Inner Region! Some people in the Inner Region must hate the Yun family to the bone, which was why they used such a vicious method!

"Fengfeng, it seems that as long as the summoner bloodline can still be awakened, the Yun family will be a thorn in other people's side no matter where they are. They can't wait to get rid of it." After learning the truth, Qu Lanyi also frowned. The Yun family had suffered more than he thought. How many pairs of eyes were staring at the Yun family?

“They probably couldn’t eliminate it, so they used such a method. The Yun family is a large family after all.” Yun Feng sneered. “Besides, the Yun family will definitely be the first in the selection this time. When the Yun family returns to the Inner Region, some people will be dumbfounded.”

“The situation in the Inner Region might be more complicated and dangerous. It’s not a good thing for the Yun family to return to the Inner Region,” said Qu Lanyi. What he said made sense. The Yun family had already established itself in this area. The mask of the Bai family had already been torn. With Yun Feng here, who should invade the Yun family easily? If the Bai family was truly desperate, they wouldn’t end up well. Here, the Yun family could indeed live a stable life.

“Even though what you said makes sense, the Yun family can’t just stop moving forward. Not only those people in the Inner Region, but also the Mysterious Organization. They’re still watching the Yun family! If the Yun family stops moving forward, we can only be slaughtered!”

“I was too worried. Fengfeng, you’re right. The higher you stand, the fewer people will dare to attack you even if they want to. On the contrary, they’ll be at your mercy.” Qu Lanyi walked to Yun Feng and looked at her deeply. “I’m just worried that you’ll be too tired.”

Yun Feng’s red lips curled up. “Didn’t you say that you’ll be with me anytime?”

Qu Lanyi was stunned for a moment. Then, a gentle smile appeared on his handsome face. He slowly lowered his handsome face and pressed his forehead against Yun Feng’s. “That’s right. I’ll be with you.” Yun Feng’s red lips curled up even more. She raised her arms and hugged the man with a sweet smile, with warmth in her black eyes. “What you said is enough.”

Qu Lanyi smiled and held Yun Feng in his arms tightly. Yun Feng snuggled into the man’s wide and warm arms with a smile at the corners of her mouth. The two of them only leaned against each other quietly. They knew that their hearts were together no matter what.

In the past month, Bai Zhiyu had been waiting in the Bai family, but he still hadn’t heard any more shocking news from the Yun family. He couldn’t help but feel a bit anxious. What was going on? Wasn’t everyone in the Yun family targeting Yun Feng? According to his guess, the Yun family should kick Yun Feng out of the Yun family soon and he would be able to reap the benefits. However, why hadn’t there been any news these few days? Did something happen to the Yun family again?

Bai Zhiyu was waiting anxiously in the Bai family. Finally, he couldn’t sit still anymore. No, he had to go to the Yun family to take a look in person! When Bai Zhiyu was about to get up and leave, Bai Qingfeng pushed the door open and entered. Seeing that his father was about to leave, Bai Qingfeng quickly shouted, “Father, someone from the Inner Region is here!”

“Someone from the Inner Region!” Bai Zhiyu was stunned for a moment. He finally remembered that today was the day to hand over a hundred ultimate ores. The people from the Inner Region should be here to collect these ultimate ores. “Got it. Go to the Yun family and find out how Yun Feng is doing!”

Bai Qingfeng immediately lowered his head and said “yes sir” as he walked out. Bai Zhiyu stood there and pondered for a while. Since the people of the Inner Region were here, he certainly couldn’t neglect them. He should put other things aside first. This time, the Jiang family was the only family other than the Bai family that could afford these hundred ultimate ores.

Bai Zhiyu rushed to the place designated by the envoy of the Inner Region every time he came. The Master of the Jiang family had already been waiting there. Seeing Bai Zhiyu, he sneered, but Bai Zhiyu chuckled and walked up. "As expected of the Master of the Jiang family. Our families can be considered opponents in the selection this time."

The Master of the Jiang family looked at Bai Zhiyu's fake smile and snorted in disdain. "Master Bai, you're so casual. Didn't something happen to the Yun family? As a good friend of the Yun family, why don't you be generous?"

Bai Zhiyu chuckled. "A hundred ultimate ores isn't a small number. The Bai family has helped them as much as we can."

"Humph! The Bai family is so close to the Yun family. Why don't you give up the spot this time? Wouldn't that show your friendliness, Master Bai?" After saying that, the Master of the Jiang family burst into laughter. Bai Zhiyu's expression froze there. In the end, he could only raise the corners of his mouth and stop talking.

Chapter 1252 Bai Zhiyu, You Miscalculated (3)

The two of them waited outside. It wasn't time yet, so they certainly couldn't go in. The two of them didn't talk anymore and the atmosphere seemed a bit cold. At this moment, the Jiang family's master saw a figure from afar and couldn't help but glance at Bai Zhiyu. "Master Bai, I didn't expect the Bai family to be so good to the Yun family. They can even afford a hundred ultimate ores!"

"What... do you mean..." Bai Zhiyu didn't quite understand what the Master of the Jiang family said, but when he turned around and looked, he saw that the person who slowly came over was the Second Elder of the Yun family! Bai Zhiyu's entire body froze there. What was the Second Elder of the Yun family doing here?

The Second Elder of the Yun family approached and the Master of the Jiang family snorted coldly. "The Yun family is quite lucky."

The Second Elder smiled lightly and didn't say anything. He looked at Bai Zhiyu with his black eyes. Bai Zhiyu was completely dumbfounded right now, but fortunately, he thought quickly. "Second Elder, why are you here?" Bai Zhiyu put on a stiff smile. The Second Elder chuckled. The Master of the Jiang family said coldly, "Master Bai, your question is a bit stupid. They're here to participate in the selection convention, right?"

Bai Zhiyu couldn't help but sweat. The Yun family came here to participate in the selection convention, but where did they get a hundred ultimate ores? And they got them in such a short time!

"People outside, come in!" A melodious voice came from inside. The Master of the Jiang family pushed the door open and entered first, followed by the Second Elder of the Yun family. Bai Zhiyu also walked in with a gloomy face. After the three of them walked in, the door automatically closed.

"Oh, I didn't expect to see the Yun family this time." The person sitting there said lazily as he glanced at the Second Elder of the Yun family. The Second Elder only smiled and didn't say anything. He stood there with his body straight, looking arrogant.

“Alright, since you’ve come in, the hundred ultimate ores must be ready.” The person said again. The Master of the Jiang family flipped his wrist and took out a ring, handing it over. Bai Zhiyu did the same. The Second Elder of the Yun family also took out a ring. Bai Zhiyu’s eyes widened. They really had the ultimate ores! W-What exactly was going on?

After the three families handed over the ultimate ores, the person examined them one by one and smiled in satisfaction. “Not bad. Precisely a hundred ultimate ores. All three of you have been given the chance to participate in the selection this time. The selection will be held in twenty days. By then, you must perform well, or you’ll be ostracized again very soon even if you go to the Inner Region. Second Elder of the Yun family, it won’t be good if you try too hard.”

Coldness flashed through the eyes of the Second Elder of the Yun family as he said the first sentence, “You don’t have to worry about that. Just do what you should do.”

The person immediately looked gloomy. The Master of the Jiang family and Bai Zhiyu were also shocked in their minds after hearing that. In this place, only the three elders of the Yun family had the courage to scold someone from the Inner Region. They wouldn’t have the courage to do so even if they were given the chance!

“Humph! I’ll see what the Yun family will do this time! Alright, let’s get out!” The person sneered. He didn’t use the identity of the Inner Region to suppress the Second Elder of the Yun family. He probably didn’t dare to. The three family masters walked out. The Jiang family’s master immediately went back without looking back. The Second Elder of the Yun family was about to leave, when Bai Zhiyu stopped him. “Second Elder!”

“Master Bai, what’s the matter?” The Second Elder of the Yun family asked casually. Bai Zhiyu glanced at him suspiciously. “Didn’t the hundred ultimate ores of the Yun family disappear? You...”

The Second Elder of the Yun family sneered. “We certainly have our ways. Anything else?”

Bai Zhiyu gritted his teeth secretly. The Second Elder of the Yun family turned around and left. Looking at his back, Bai Zhiyu gritted his teeth. How exactly did the Yun family gather another hundred ultimate ores? He took out all of them. Did something go wrong? Or did a master help the Yun family secretly? If there was really a master, it was impossible that he couldn’t find out. It was impossible that he didn’t know what was going on! Without the threat of these hundred ultimate ores, Bai Zhiyu could be said to have taken a huge step wrong. The Yun family participated in the selection this time. If they really returned to the Inner Region, how would the Bai family do anything?

The Master of the Bai family returned home in anger. He just didn’t know what went wrong. Everything should have gone according to his plan, but why did the Yun family... “Father!” Bai Qingfeng pushed the door open and entered. He saw that the Master of the Bai family looked gloomy. His black eyes couldn’t help but glitter as he lowered his head and said in a muffled voice, “The Yun family is still the same as before. Yun Feng is still the target of everyone.”

“No!” Master Bai suddenly shouted. Bai Qingfeng’s body couldn’t help but tremble. Master Bai looked at Bai Qingfeng with anger in his eyes. “Something must have happened to the Yun family!”

Bai Qingfeng stood there and didn't say anything. The Bai family's master paced back and forth anxiously and kept mumbling, "What went wrong? Everything was supposed to be under control. What went wrong?"

"Father, what exactly happened?"

"I wonder who gave the Yun family another hundred ultimate ores. The Yun family will be qualified to participate in the selection this time!" Blue veins appeared on Bai Zhiyu's forehead when he said this with a hateful look. Bai Qingfeng couldn't help but feel startled. "The Yun family might not be able to enter the Inner Region even if they participate in the selection..."

"How can the Yun family not enter the Inner Region with their qualifications?" Bai Zhiyu was stunned for a moment, then burst into laughter. "I forgot that the selection this time doesn't only rely on strength, but also on many other aspects. Even if the Yun family has that four-element summoner, so what? There's a potion competition in the selection this time. Hahaha! Alright!"

Bai Qingfeng remained silent. Bai Zhiyu finally looked better. "You must keep an eye on the Yun family. Report to me as soon as you hear anything!"

Bai Qingfeng nodded and pushed the door open. He walked to an empty corner and took out a Sound Badge. The Sound Badge flashed a few times and was picked up. Bai Qingfeng said in a low voice, "Father will send someone else to keep an eye on the Yun family."

The Sound Badge flashed a few times. A clear voice came. "Got it."

Bai Qingfeng was silent for a while and finally asked, "Are you really confident about what you said?"

The Sound Badge flashed and a low laugh came. "Bai Qingfeng, you should have some confidence in yourself."

Bai Qingfeng's expression eased, and then became much more serious. "I don't care about other people. I only care about Xiao Xiang."

Chapter 1253 Bai Zhiyu, You Miscalculated (4)

The Sound Badge then flashed a few times. "Got it."

Bai Qingfeng cut off the connection with the Sound Badge. He put away the Sound Badge and looked up at the sky with his handsome face. The surroundings were silent. There were occasional traces of birds flying in the sky. Yun Xiang's pretty face appeared in front of Bai Qingfeng's eyes and he couldn't help but smile.

Xiao Xiang, Xiao Xiang, Xiao Xiang...

In the yard where Yun Feng was at the headquarters of the Yun family, Yun Feng was sitting alone in the yard and looking at the Sound Badge in her hand with a smile in her black eyes. "Yun Feng!" A shout came. Yun Feng looked up and saw that it was Yun Xiang. She put away the Sound Badge in her hand and watched this very handsome woman walk over with a smile.

“Why? Why are you smiling at me?” Yun Xiang couldn’t help but look at herself and didn’t find anything wrong. He sat opposite Yun Feng rather straightforwardly. “What are you doing? Did Yun Ling and Xiaoxiao not bother you today?”

Yun Feng chuckled. “Not today.”

Yun Xiang stuck her head in. “Where’s your sweetheart? Isn’t he with you?” Yun Feng chuckled. “Let’s not talk about that for now. Yun Xiang, don’t you have a sweetheart?”

Yun Xiang was startled. A face suddenly flashed through her mind. Then, her face darkened and she quickly erased that face. “No, I don’t have anyone I like.”

Yun Feng chuckled in her mind. The Yun family was truly emotionally immature. Lanyi must’ve put in a lot of effort to enlighten her back then. Poor Bai Qingfeng. It was even more difficult for him as he carried the identity of a member of the Bai family. Coupled with Yun Xiang’s emotional inertness, Yun Feng couldn’t help but mourn for Bai Qingfeng in her mind.

“Let’s not talk about that. We’re facing a huge problem right now.” Yun Xiang couldn’t help but look frustrated. Yun Feng was startled and also became serious. “Why? Did something happen again?”

“Well, there are three segments in the selection this time. The arena fighting and the Magic Beast competition will certainly be fine, but about making medicine...” Yun Xiang’s brows had already furrowed tightly when she said this. “The Bai family has a genius in the field of making medicine. I heard that he can already make three-star master potions right now! And the pharmacists of the Jiang family, I’m afraid there won’t be any problem for them to make three-star master potions. However, the Yun family...” Yun Xiang was a bit embarrassed when she said this. “The Yun family hasn’t done much in the field of making medicine... I came to ask you if you know any powerful pharmacists... It’s an emergency...”

Yun Feng smiled. It turned out that she was struggling with this problem. There was already one pharmacist in front of her. Why should she ask for external help? It wasn’t that she had never succeeded in getting a three-star master potion. If Meatball woke up... a grandmaster-level potion wouldn’t be a problem for her!

Seeing that Yun Feng didn’t say anything for a long time, Yun Xiang was a bit dejected. “Ah... If we don’t have a candidate in that field, the Yun family will never go back to the Inner Region... Damn it! If only I had learned how to make potions back then!”

Yun Feng burst into laughter when she saw Yun Xiang’s extremely frustrated look. “The convention doesn’t forbid candidates from taking part in two segments, does it?”

What Yun Feng said made Yun Xiang look up abruptly. “That’s true... Yun Feng, did you, you, you...” Yun Xiang looked at Yun Feng excitedly. Yun Feng chuckled. “Just leave it to me.”

“I really doubt if you’re the reincarnation of some old guy... Why do you know everything? I’ll tell the three elders immediately!” Yun Xiang patted Yun Feng’s shoulder fiercely and quickly turned around to leave with joy on his face. Yun Feng watched her leave with a smile in her eyes and her black eyes glittered.

The Yun family must win the contest this time and return to the Inner Region with a lofty attitude!

The selection convention could be said to be a big event in areas outside of the circle of power. This time, only the Yun, Jiang and Bai families among the ten cities got the qualification to participate in the selection convention. The Yun family's participation would cause criticism in the past, but now that Yun Feng had returned in a high-profile manner, everyone knew that the Yun family had a four-element summoner. They had a four-element summoner, so those hundred ultimate ores were even less of a problem. It seemed that the Yun family was a family that had a high chance of entering the Inner Region this time.

The selection convention was held in Yan City, one of the four neutral cities. The existence of the neutral city saved a lot of trouble. Not only would families of all sizes gather in Yan City, but even those ordinary folks also wanted to see the grand selection convention. After all, this wasn't something that happened often. It had been a long time. If they missed it this time, it might be a few centuries later.

As the selection convention approached, Yan City became more and more lively. People kept flooding into Yan City every day. Yan City wasn't small, but as more and more people flooded in, it gradually became saturated. Public safety immediately became chaotic, which gave the City Lord a headache, but there was nothing he could do. The envoys of the Inner Region had already spoken. How would he have the courage to say anything? He didn't have the courage to say no at all.

Soon, there were less than ten days until the contest. The three families participating in the contest all made the final preparations. There were a total of three rounds of the contest this time. Strength, potions and Magic Beasts. As for the details of the first two contests, there was no need to elaborate. However, the three families participating in the contest for Magic Beasts still hadn't received any concrete information. To be safe, the three families would send summoners to fight.

However, it was worth mentioning that the Jiang family was not bad. There was a summoner in the family, but the Bai family didn't have any. This also explained why Bai Zhiyu was so passionate about the summoner bloodline of the Yun family and wanted to get it at all costs. It was precisely because he had never had one.

The lineup of the Yun family was also decided after the discussion of the three elders. Yun Xiang and Yun Feng. After knowing that Yun Feng was a pharmacist, the members of the Yun family were certainly shocked and their admiration for Yun Feng in their minds deepened a lot. Right now, other than the three elders of the Yun family, there were Yun Xiang and Yun Feng. Even though Yun Feng had just returned to the headquarters of the Yun family, she established high prestige in the shortest time possible and became a pillar of support in the minds of the members of the Yun family.

Seeing that Yun Feng was valued so much, Yun Xiang was also happy from the bottom of his heart, let alone Yun Ling and Yun Xiaoxiao. Ever since Yun Ling got rid of the knot in his heart, he could even see the highlights of Yun Feng's personality and charm. He admired Yun Feng in his mind and saw Yun Feng as a goal to fight for! Knowing that Yun Feng was going to represent the Yun family in the selection convention, Yun Ling and Yun Xiaoxiao were also extremely happy.

Chapter 1254 Grade-9 Emperor Level (1)

In the minds of the Yun family, as long as Yun Feng was here, the Yun family would definitely return to the Inner Region!

The yard Yun Feng was in had always been the quietest corner of the Yun family. The members of the Yun family knew that Yun Feng didn't like to be disturbed. Apart from Yun Xiang, Yun Ling and Yun Xiaoxiao, basically nobody disturbed Yun Feng anymore. As the selection convention approached, Yun Ling and Yun Xiaoxiao didn't come either, fearing that they would delay Yun Feng's preparation during this period of time. Today, the three elders of the Yun family and Yun Xiang walked over with a smile. When they arrived at the entrance of the yard, Qu Lanyi flashed out and blocked them.

"Elders, please wait."

The three elders of the Yun family stopped as he said. After sensing carefully, they all showed delighted smiles. It seemed that that girl was breaking through Grade 9 of the Emperor Level! Even though the energy waves weren't very obvious, it was indeed Grade 9 of the Emperor Level. Yun Feng was going to break through Grade 9 of the Emperor Level in a short period of time!

Yun Xiang's eyes also brightened after thinking for a while. "You mean..."

Qu Lanyi chuckled. Yun Feng had already touched the level-9 of the Emperor Level a few days ago. She wanted to go to the next level before the selection convention, so she had to seize these few days to break through to the level-9 of the Emperor Level. He would stay outside to prevent anyone from disturbing her, while Mu Canghai guarded inside.

"Alright, we'll wait outside. We won't disturb her." The Great Elder chuckled. The three elders all stood outside with relief in their eyes. It was truly the Yun family's fortune to have such a descendant! Yun Xiang was also delighted on the side. "If Yun Feng really breaks through to Grade 9 of the Emperor Level, we'll be more confident in the selection this time!"

The three elders nodded with a smile. Ever since this girl came back, she had first torn off the hypocritical mask of the treacherous Bai family, making the members of the Yun family even more united. Then, she took out a hundred ultimate ores to help the Yun family get the qualification to participate. Then, there was this girl's identity as a pharmacist, which truly surprised the three of them! And now, she was going to break through Grade 9 of the Emperor Level. This girl... was truly the lucky star of the Yun family!

Qu Lanyi didn't have many emotions. He knew better than anyone else how much Yun Feng had sacrificed along the way with Yun Feng. Seeing that Qu Lanyi's expression was a bit cold, Yun Xiang couldn't help but mutter in her mind. The personality of Yun Feng's sweetheart was truly weird...

The three elders of the Yun family also looked at Qu Lanyi. "Kid, when did you meet Yun Feng?" asked the Great Elder with a smile. Qu Lanyi curled his lips slightly. "Fengfeng and I met at the Masang School of Magic on the East Continent when we were 12."

"Fengfeng..." Yun Xiang only felt goosebumps all over her body. Bai Qingfeng called her Xiao Xiang. She already couldn't stand it anymore. She had never thought that this man would be even more embarrassing than Bai Qingfeng!

The three elders were also stunned when they heard Qu Lanyi call her that. They couldn't help but look a bit embarrassed. "Ahem, so you're from the East Continent?" The Second Elder quickly asked. Qu Lanyi chuckled and lowered his black eyes slightly. "Elder, if you think so."

The three elders of the Yun family were all stunned. They glanced at Qu Lanyi with deep meaning in their eyes and didn't say anything else. Yun Xiang didn't notice that, and she was still thinking about the title that made her uncomfortable in her mind. She didn't understand how Yun Feng survived along the way.

"Qu Lanyi!" Mu Canghai's anxious voice came. Then, Mu Canghai appeared in a flash. An anxious look appeared on his usually cold face. Qu Lanyi's face immediately darkened. Mu Canghai whispered, "Go in and take a look. Yun Feng... Something is wrong."

"Got it." After saying that, Qu Lanyi had already rushed in. The three elders were certainly very worried when they saw this scene. "What's wrong with Yun Feng? Did something happen?" The three elders looked inside anxiously. If something really happened, the three of them, as God Level experts, would definitely be able to help that girl. However, Mu Canghai shook his head with a cold face. "Thank you for your concern, elders, but... it's useless. Only he can help."

The three elders of the Yun family immediately frowned. Only that young man could help? What kind of explanation was that? Yun Xiang rushed over anxiously. "The three elders of the Yun family are at the God Level! If something happens to Yun Feng, how can they not help?"

Mu Canghai stood there with a cold face and didn't say anything. Yun Xiang was immediately anxious. "Get out of my way!" Her level-9 Emperor Level fighting energy immediately burst out and she only wanted Mu Canghai to make way. Mu Canghai's gray eyes suddenly glittered and the space around him suddenly distorted. Yun Xiang and the three elders immediately changed their expressions. The power to control space!

Mu Canghai knew that he lost his cool. He was very anxious in his mind. No matter how anxious he was, he couldn't fight with the Yun family! The space instantly calmed down and Mu Canghai said, "Elders, do you have a solution for the dark elements?"

The three elders of the Yun family were all stunned. Dark elements? Perhaps Yun Feng...

"Dark... Dark elements? How is Yun Feng related to the dark elements when she's reaching Grade 9 of the Emperor Level?" Yun Xiang was confused. The Great Elder pondered for a while and said, "I understand. The three of us indeed can't help much on this. We'll certainly be relieved if that kid can help Yun Feng."

"Great... Great Elder... What does he mean? What dark elements?" Yun Xiang's heart suddenly pounded violently. What exactly happened to Yun Feng? Why would dark elements appear when she was level-9? Was she alright?

"Alright, Yun Xiang, calm down. That Qu Lanyi isn't a simple person. With him here, Yun Feng will definitely be fine," said the Third Elder. Yun Xiang finally calmed down a bit. The few of them stood outside quietly. Even though they didn't know what was going on inside, the anxiety and worry in their minds rose for the same person.

"Yun Feng!" Qu Lanyi rushed all the way in. Before he reached Yun Feng's room, he felt that an oppressive aura was trying to break free from somewhere. Qu Lanyi quickly pushed the door open with a gloomy face and entered. In front of him was Yun Feng, who had a pale face and a forehead full of

sweat. She was at the critical moment of breaking into Grade 9 of the Emperor Level, but the black jade pendant on her neck was emitting extraordinary dark elements at this moment!

The dark elements tried their best to enter Yun Feng's body, but they didn't succeed because of the five elements. As the five-element wheel spun, more and more dark elements surged out of the black jade pendant. Qu Lanyi looked at the scene in front of his eyes and was extremely anxious in his mind. Fengfeng was at the critical moment of her breakthrough. It was impossible for her to stop at this moment! However, as the five-element wheel spun, the dark elements would be stimulated even more...

Chapter 1255 Grade-9 Emperor Level (2)

Qu Lanyi immediately bent forward and took out the black jade pendant that Yun Feng hung around her neck. What exactly went wrong? He had already injected a lot of light elements. Why did the dark elements appear again? Could it be that... his light elements couldn't suppress them anymore?

"I won't let you touch my woman!" He took off the white jade pendant on his neck with his slender and beautiful fingers. Qu Lanyi looked at the giant bird tattoo on the back of the white jade pendant and sneered. "Old man, your sworn enemy can't wait to come out to see you!"

As soon as he said that, the patterns on the black and white jade pendant collided fiercely. The giant bird and the skeleton dragon head collided abruptly!

"Roar..." The low roar of the Magic Beast came from an ancient time. The expressions of the three elders of the Yun family changed and they subconsciously looked inside. That sound just then...

!!

Thick black dark elements oozed out of the black jade pendant crazily, while Qu Lanyi's white jade pendant emitted dazzling light. When enemies met, their eyes were extremely red! The two colors of black and white intertwined tightly, biting and swearing to fight!

"Ugh!" Yun Feng grunted as her consciousness suddenly woke up from the chaos just then. The anxious shout of her contracted Magic Beasts also sounded in her ears. "Master! Master!" Little Fire's anxious voice came. Yun Feng didn't know what happened to her just then. Something seemed to have happened the moment she reached Grade 9 of the Emperor Level... What she meant just then didn't seem to be under her control anymore.

"Little Fire..." Yun Feng sent a telepathic message. The few contracted Magic Beasts immediately heaved a sigh of relief after hearing that. "Master, hold your breath and focus!" Lan Yi's calm voice came. "Xiao Feng, go for it!" Yaoyao's worried voice. "F*ck, Yun Feng! Work harder!" Er Lei was as stupid as usual. Yun Feng couldn't help but want to laugh when she heard these voices. She held her breath and focused. She swore to break through the ninth level of the Emperor Level!

Her mind was calm. Although Yun Feng didn't know what happened just then, she had to take this opportunity to break through in one go! The five-color wheel spun crazily around her body and the tide of mental strength surged out of her body. Qu Lanyi raised his thin lips. Very good. Fengfeng seemed to have returned to normal. Next...

Her pure black eyes that were as black as the night suddenly overflowed with blood redness. Dark elements surged out of Qu Lanyi's hand and slowly enveloped the black jade pendant. "If you want to come out so much, I don't mind giving you a hand. How about you enter my body?"

Redness flashed in his red eyes. Something in the black jade pendant suddenly roared. Qu Lanyi slowly frowned, and the redness in his eyes became deeper and deeper. The black jade pendant was wrapped in layers of dark elements and had already turned into a black cocoon. He stared at the black cocoon with his red eyes. Qu Lanyi's thin lips curled up coldly. "I didn't expect your bones to be so hard!"

"Roar..." A furious roar came out of the black cocoon, but Qu Lanyi sneered and continued to deepen the dark elements. The black cocoon became larger and larger, and the dark elements reached the limit. Qu Lanyi narrowed his eyes—

"Boom!"

The dark elements surrounding the black jade pendant were all shattered! Qu Lanyi's black eyes instantly turned red and the five-element wheel around Yun Feng instantly stopped! Her closed black eyes suddenly opened and dazzling light flashed deep in them. A fierce aura burst out abruptly. Grade-9 Emperor Level!

"She broke through!" Yun Xiang shouted excitedly. "Haha, she broke through. Grade 9 of the Emperor Level!"

Mu Canghai was suddenly relieved in his mind. Luckily... Luckily, Qu Lanyi was here... Otherwise, what could he do if she encountered such a situation?

Joy also flashed through the eyes of the three elders of the Yun family. The Third Elder chuckled. "That girl really didn't let us down. Grade 9 of the Emperor Level..."

The Great Elder of the Yun family chuckled in satisfaction. Right, a level-9 Emperor Level four-element summoner! Even those bigshot families in the Inner Region couldn't have such a summoner! Yun Feng was the Yun family's real pride!

As soon as Yun Feng opened her eyes, she saw Qu Lanyi looking at her with a smile. She was a bit surprised to see him here. "Lanyi, why are you..." Qu Lanyi smiled gently and touched Yun Feng's forehead. Yun Feng then found that she was sweating!

"What happened to me just then?" Something must've happened to Qu Lanyi here just then. Yun Feng glanced around and saw the two jade pendants in his hands. At this moment, the black and white jade pendants were lying there quietly and didn't move at all. Yun Feng suddenly narrowed her black eyes. Perhaps dark elements surged out of the black jade pendant again?

Qu Lanyi wiped the sweat off Yun Feng's forehead and returned the black jade pendant to her. "Fengfeng, don't carry this black jade pendant with you anymore."

"The dark elements inside are out of control again?" Yun Feng ran her finger over the pattern on the back of the black jade pendant. The head of the skeleton dragon seemed to have moved slightly? Yun Feng was startled. Move? How could the patterns move? She looked carefully again. Perhaps she was seeing things...

"I should say that the old guy locked inside is a bit beyond my expectation. In order to prevent it from doing anything else in the future, don't wear it on you anymore. The Array of Life on this black jade pendant has already started to lose its effect." Qu Lanyi looked serious. Yun Feng also nodded and put away the black jade pendant.

"The three elders of the Yun family and Yun Xiang are all outside. They must be looking for you," said Qu Lanyi. Yun Feng nodded. She had already successfully reached Grade 9 of the Emperor Level. This news should be good for them! The two of them walked out of the courtyard. Mu Canghai was completely relieved to see that Yun Feng was fine. Seeing Yun Feng come out, Yun Xiang immediately ran over. "Yun Feng! Grade 9 of the Emperor Level. Not bad!"

Yun Feng chuckled and looked at the three elders. The three elders chuckled and nodded in satisfaction. "Girl, thank you for your hard work for the selection." The three elders all understood the reason why Yun Feng was working so hard in their minds. Yun Feng smiled lightly. "It's nothing. It's what I should do."

As a member of the Yun family, she should indeed do something for the Yun family, but what Yun Feng did had already gone far beyond the word "should".

"I'm here to tell you that we're going to Yan City tomorrow." Yun Xiang said with a smile. Yun Feng nodded. "What did the Bai family say?"

Chapter 1256 Grade-9 Emperor Level (3)

Speaking of this, Yun Xiang sneered. The Third Elder chuckled. "The Bai family certainly won't let go of the opportunity to travel with the Yun family. For many reasons, the Great Elder has already agreed. This time, you and Yun Xiang will go to Yan City. The Great Elder will go with you. These two can go with you. As for the Yun family, the Third Elder and I will stay to watch over it, in case someone suddenly attacks."

"Travel together? Bai Zhiyu is unusually thin-skinned. Do you know which three people the Bai family sent out this time?" Qu Lanyi asked lazily with mockery in his eyes.

The three elders nodded. Yun Xiang sneered. "The Bai family doesn't have a summoner. They're probably going to send a tamer for the Magic Beast contest. As for the potion, it's naturally Bai Qingfeng. Bai Zhuo should be the strongest one in terms of fighting. He's also at Grade 9 of the Emperor Level."

"Bai Qingfeng is a pharmacist?" Qu Lanyi was surprised. Yun Feng smiled gently. She had already known that. Bai Zhiyu had never thought that the Bai family would lose miserably this time. Speaking of Bai Qingfeng, he had really done a lot for Yun Xiang. She just didn't know when Yun Xiang would understand his kindness.

The next morning, everyone in the Yun family gathered to send Yun Feng and Yun Xiang off. Their eyes were full of anticipation and trust. Yun Feng watched and felt the warmth in her heart. Yun Ling and Yun Xiaoxiao walked over. "Yun Feng! I believe in you!" Yun Ling looked at Yun Feng with determination in his eyes. He believed in her. Under her lead, the Yun family would definitely win the championship this time!

Yun Feng chuckled and nodded. "Alright, leave it to me!"

At this warm moment, a very insensible person came. "Master Bai!" The elder of the Yun family's call made everyone of the Yun family look over at the same time. Bai Zhiyu originally walked in with a smile on his face, looking as friendly as usual. However, the gaze of the Yun family almost made his body stiffen. "Ahem." Yun Xiang coughed unconsciously. Many young people of the Yun family finally looked away and cursed fiercely in their minds, "Bai Zhiyu, you f*cking bastard! You still have the face to come!"

The abnormal coldness from the young people of the Yun family made Bai Zhiyu feel very embarrassed. He chuckled. Bai Qingfeng, who came in behind him, couldn't help but shout when he saw Yun Xiang. Yun Xiang only glanced at him and looked away. However, this glance made Bai Qingfeng extremely happy.

"Yun Ling, Xiaoxiao, it's been a long time." Bai Zhiyu glanced at Yun Ling and Yun Xiaoxiao and immediately walked over with a friendly look. Yun Xiaoxiao took half a step back without batting an eyelid. Yun Ling, on the other hand, was quite calm. He even raised his head and smiled at Bai Zhiyu.

Bai Zhiyu chuckled. "Yun Ling, Uncle Bai thought you would be the one to participate in the selection this time. After all, you're also a genius of the Yun family. It's natural for Yun Feng to participate too. The Yun family is more confident with her around, right? It's just that Uncle Bai feels sorry for you."

Yun Feng sneered as she listened on the side. Bai Zhiyu, you old bastard, you came to sow discord before you left. You're truly very vicious! However, any sowing discord was already useless. Bai Zhiyu still didn't know that his mask had already been seen through very clearly by the Yun family and his dirty thoughts were also obvious at a glance.

Yun Ling smiled. "It's normal that I don't participate. Yun Feng is the pillar of the Yun family. She'll definitely participate in the selection this time. I have no complaints."

Bai Zhiyu chuckled and didn't give up until he achieved his goal. "But in Uncle Bai's mind, you're the most outstanding one."

Yun Ling chuckled. "I'm still young. I'm certainly not in a hurry to go on the road in the future. As for strength, I have to take it slow."

Bai Zhiyu was stunned and felt that something was wrong. Yun Ling smiled again. "Uncle Bai, instead of caring about me, you should care more about when the Bai family can have a summoner."

Bai Zhiyu's face suddenly twitched. What he said undoubtedly gave him a tight slap. If the Bai family had a summoner, he wouldn't have had any designs on the Yun family. Bai Zhiyu put on an awkward smile and turned around to leave. He said to the Great Elder of the Yun family, "It's getting late. We should go."

After saying this, Bai Zhiyu strode out of the door of the Yun family with a sullen face. Bai Qingfeng and the other two young people of the Bai family followed him in a hurry. The Great Elder of the Yun family chuckled and walked out with a delighted look. Yun Xiang gave Yun Ling a thumbs-up. Yun Ling chuckled and Yun Feng also gave him a thumbs-up. What he said just then was truly wonderful.

Yun Ling blushed. Looking at the back of Yun Xiang and Yun Feng, who were about to leave, he shouted, "Yun Feng, Yun Xiang! Go for it!"

Yun Xiang and Yun Feng both turned around and put on a smile. They looked at each other and said at the same time, "Don't worry. Leave it to me!"

The hearts of the members of the Yun family all felt warm and tears welled up in their eyes. Looking at the backs of these two young people who walked out of the door of the Yun family, their hearts trembled fiercely. The selection this time would determine the future of the Yun family, and the future of the Yun family would be on the shoulders of these two people!

Yun Feng, Yun Xiang, Qu Lanyi and Mu Canghai walked out of the door and saw Bai Zhiyu, who had already calmed down, waiting on the side. Seeing them come out, Bai Zhiyu immediately chuckled. "The road to Yan City is far and not close. Let the tamers of the Bai family send you there."

"I don't think you need to worry about that, Master Bai," said Qu Lanyi lazily. Green light flashed out of the Ring of Contract and a huge griffin appeared. Naturally, the appearance of the griffin was eye-catching. Yun Xiang couldn't help but exclaim when he saw that. What a huge and beautiful griffin! He just didn't know if it was a species with more than two wings!

The Great Elder of the Yun family smiled casually. "Master Bai, you really don't have to worry about it." He had already jumped onto Lan Yi's back, and so did Qu Lanyi and Mu Canghai. Yun Xiang jumped on excitedly. Yun Feng looked at Bai Zhiyu's almost sullen face and chuckled. "Master Bai, follow me closely."

Bai Zhiyu's temples throbbed a few times, but Yun Feng still jumped onto Lan Yi's back. The griffin's huge wings flapped abruptly, creating a strong wind that blew Bai Zhiyu's hair around. Bai Zhiyu looked at the griffin in the sky and sneered. "Just two contestants. Let's see how capable the Yun family is to get the first place this time! If you have the ability, go back to the Inner Region in one go. Otherwise... I won't bother to pretend with you this time! Let's go!"

Chapter 1257 Grade-9 Emperor Level (4)

After saying that viciously, Bai Zhiyu suddenly waved his hand. The tamer of the Bai family immediately released a Magic Beast, but it was indeed inferior to a griffin. Bai Zhiyu stepped on it with a sullen face. The members of the Bai family also took off and flew to the sky, following Yun Feng's griffin.

"That old bastard probably doesn't have much patience left." Yun Xiang looked back and frowned. Yun Feng nodded. "After the selection this time, if the Yun family can't return to the Inner Region, Bai Zhiyu will probably make a move. With Bai Zhiyu's brain, he certainly can't come alone. If he's more shameless, he can join forces with the Jiang family."

"He's indeed shameless!" Yun Xiang cursed hatefully. Yun Feng smiled on the side. The Great Elder of the Yun family stood in the front and listened to the laughter behind with a smile. He looked at the vast sky ahead with his wise eyes. It was indeed a bit difficult for these two juniors to bear the burden this time. Luckily, Yun Feng came back in time. If the Yun family could return to the Inner Region this time... A fierce light suddenly flashed through the eyes of the Great Elder of the Yun family. The trouble of the Yun family might really begin!

Due to the selection convention, Yan City was unusually lively. Apart from the constant stream of people, the entrance of the three families participating in the selection convention this time made Yan City even hotter. The entrance of the Yun family, the Bai family and the Jiang family gave the City Lord a headache. Even though a large area had already been opened for the three families to rest, the enthusiasm in Yan City soared. Yun Feng felt this when she arrived in Yan City.

She had come here once before, but the atmosphere at that time couldn't be compared to the current one at all. Also, so many people surged in at once. This was truly a headache for the Master of the Yan family. The arrival of the Yun family caused quite a huge wave. The huge and beautiful body of the griffin appeared in the sky above Yan City and immediately attracted everyone's attention. When they learned that the person standing on the griffin's back was a member of the Yun family, everyone was even more surprised.

It must be the contracted Magic Beast of that four-element summoner, Yun Feng. Otherwise, who else in the Yun family would have such a huge Magic Beast? It was so awesome and dazzling! The Bai family, which was usually the leader, became the Yun family's follower this time. Nobody noticed the few flying Magic Beasts of the Bai family under Lan Yi's brilliance at all. Bai Zhiyu couldn't help but feel a bit suffocated in his mind. The Bai family used to be the boss of the Yun family, and the Yun family was the Bai family's lackey. Now, the Yun family's limelight far exceeded that of the Bai family!

Bai Zhiyu was full of anger as he followed behind, but he could only smile on the surface, which made him very angry. After arriving in Yan City, Bai Zhiyu quickly found an excuse and hid in the yard of the Bai family. The Yun family only smiled and didn't say anything.

The courtyards of the Yun family, the Bai family and the Jiang family were all together, but they were a bit far from each other. This was also because of City Lord Yan's careful consideration. After the three families settled down, City Lord Yan sent someone here to tell him the exact process of the selection this time.

The person sent a list with the exact process written on it. Yun Feng glanced at it. The envoy of the Inner Region would certainly supervise the selection this time. Yun Feng was very curious about what the envoy of the Inner Region looked like, his identity and strength, and his relationship with the Yun family.

There were a total of three segments. The potions and the arena of strength were obvious at a glance. However, the Magic Beast Arena didn't have the details clearly on this list. The confidentiality could be said to be top-notch. "What exactly is this Magic Beast Arena?" Yun Xiang asked. The Great Elder of the Yun family also frowned. Yun Feng's heart was also full of question marks. The Magic Beast Arena was either a battle with a Magic Beast or a battle between her Magic Beast and the other party's Magic Beast. Was there any other meaning other than these two ways?

"You'll know when the time comes. The Magic Beast Arena is arranged at the end. You have to win at least one of the first two contests to not be eliminated," said the Great Elder of the Yun family. Yun Feng nodded. The rule this time was that the families that won two of the three contests would enter the Inner Region. In other words, leaving aside the third Magic Beast Arena, they had to be the champion in potions or strength. It would be even better if the Yun family could get two firsts.

"The first arena is the strength arena. Yun Xiang, it depends on you." Yun Feng smiled. Yun Xiang chuckled with confidence on her handsome facial features. The Great Elder of the Yun family also

smiled. Yun Xiang's strength and personality among the younger generation of the Yun family were top-notch. She should have no problem fighting in the strength arena.

"The second arena is the potion arena. Girl, I'll leave it to you." The Great Elder of the Yun family chuckled. Yun Feng nodded. As for the third arena... it would certainly be hers. The Magic Beast arena was exclusive for Yun Feng, the four-element summoner.

The selection convention soon began. Yan City was in an uproar. The three arena battles were fought in turn. The arena of strength was the first. The arena was set on the most empty square in Yan City. The dawn of the first day of the selection convention had just appeared and the people in Yan City were already stirred. The crowd kept gathering around the arena. The number of guards in Yan City also increased drastically during the selection convention to control these people who surged into Yan City crazily just to see what the convention was like.

"I really didn't expect the Yun family to be qualified to participate in the election this time. I heard that the qualification was obtained with a hundred ultimate ores!"

"What's so surprising about that? The Yun family even has a four-element summoner. A hundred ultimate ores are nothing!"

"You don't say. A four-element summoner! The Yun family is truly too damn lucky to have such a person!"

"Hahaha, why? Are you jealous? The Yun family isn't an ordinary family. Have you never heard of the summoner bloodline of the Yun family?"

"I've certainly heard of it. It's not surprising that the Yun family had a summoner in the past, but this time, she's a four-element summoner! A four-element summoner! She's the only one in the world! The Bai family, who's on good terms with the Yun family, might be able to get some benefits from it. If I had known..."

"Are you stupid? Think about it. How can the Yun family share such a precious bloodline with others? Even if the Bai family and the Yun family are on good terms, they can only watch this time!"

"Right, right, speaking of the convention this time, do you think the Yun family can get the first place and rush into the Inner Region? After all, there's a four-element summoner here..."

Chapter 1258 Yun Feng's Fury (1)

"That's hard to say. According to the latest news, there are only two contestants from the Yun family this time!"

"What? Only two? They automatically forfeited one of the contests? Is the Yun family crazy?"

"Ah, right. The Yun family and the Bai family both have a similar weakness. The Bai family doesn't have a summoner, but the Yun family... doesn't have a top pharmacist. The potions the Yun family needed in the past were provided by the Bai family. This time, there's an inexplicable potion arena. The Yun family will suffer a loss this time!"

“That’s right. Even if there aren’t any summoners, tamers can still hold up the Magic Beast Ring, but not everyone can hold up the potion arena... Eh? Someone in the Inner Region did this on purpose, didn’t they...”

“Alright, alright! You’d better keep that to yourself. Don’t let anyone hear you!”

“Hahaha, I know, I know. Let’s go there quickly. It’s about to begin. There are so many people here this time. I wonder if we can squeeze in!”

The tide of discussion immediately drowned the discussion of the two of them. Similar discussions would appear in different places. People would have this question mark in their minds and they were also guessing if the Yun family would return to the Inner Region this time. Of course, there were also a lot of supporters of the Bai family and the Jiang family, but they might not necessarily win.

The first day was the arena of strength. The area around the largest square in Yan City could accommodate more than a hundred thousand people. Even such a capacity couldn’t satisfy the needs. Many people still couldn’t squeeze in. Standing outside the arena, they could still feel the lively atmosphere at the scene clearly.

As soon as Yun Feng entered the arena, she felt a towering heat wave coming at her. She looked at the crowd of people sitting around the arena and was a bit shocked. Yun Feng had experienced countless competitions of all sizes, but this time, she had the most number of audience. There were countless heads, an indescribable heat wave, and a heated discussion that couldn’t be blocked no matter what. Yun Xiang patted Yun Feng’s shoulder. “You must cheer for me when I go on stage later.”

Yun Feng chuckled. “Of course. Not only will I have to cheer for you, but I also have to give you this.”

Yun Feng flipped her wrist and a bottle of potion had already appeared in Yun Feng’s hand. Yun Xiang was stunned. “When did you make this?”

Yun Feng stuffed the potion into Yun Xiang’s hand and said casually, “I’ve been preparing it since a few days ago. It can forcibly increase your strength level to the level of a god in half an hour.”

“The... The God Level!” Yun Xiang couldn’t help but tighten her grip on the potion. Yun Feng smiled. “It didn’t have such a powerful effect originally. It’s just that it’s different with the Golden Cauldron Fluid.”

“Half an hour... If possible, I don’t want to use this.” Yun Xiang put away the potion carefully. The Great Elder of the Yun family, Qu Lanyi and Mu Canghai had already sat on the high spectator stand, with the contestants below. Yun Feng looked at the tall arena in front of her and said coldly, “The Bai family and the Jiang family will certainly use the potion. Perhaps they see through the weakness of the Yun family and will take the potion to suppress you!”

“If that’s the case, they’re going to misjudge us this time!” The corners of Yun Xiang’s mouth curled up, and so was Yun Feng’s. At this moment, the contestants of the Bai family and the Jiang family also came down. They were all young people and were much more arrogant, especially in such an occasion.

“Xiao Xiang...” Bai Qingfeng couldn’t help but walk over when he saw Yun Xiang, but the other two young men of the Bai family suddenly stopped him. Bai Qingfeng finally realized something and stopped walking. He just looked at her with his eyes. Yun Xiang saw that Bai Qingfeng’s expression froze and he quickly looked elsewhere. There were three contestants from the Bai family and the Jiang family, but

there were two from the Yun family. It certainly had to let these people who didn't know the truth laugh at them.

"Hey, the Yun family's qualification for the convention this time shocked a lot of people. I didn't expect that only two people would participate. How shabby!" A person walked out slowly. Yun Feng looked up. She wasn't unfamiliar with this person. It was the transvestite of the Jiang family, Jiang Jianping.

Yun Feng raised her brows. Jiang Jianping was a tamer. It seemed that the summoner wouldn't be able to come this time when the Jiang family sent him here. A smile flashed through her black eyes as she started to examine the strength of the three members of the Jiang family without batting an eyelid. Yun Feng retracted her mental strength and smiled in satisfaction. She had reaped quite a good harvest from the fruits she planted half a year ago. The strength of the three members of the Jiang family had already dropped by one grade compared to three years ago. Even though the three of them didn't show anything on their faces, they were probably already anxious in their minds.

"Who is he? Is he a man or a woman?" Yun Xiang raised his brows and glanced at Jiang Jianping. Jiang Jianping was enraged by this question. When he was about to speak, Yun Feng chuckled. "Jiang Jianping, the tamer of the Jiang family. As for his gender... It's up to you."

"You..." Jiang Jianping immediately curled his finger. The members of the Bai family all sneered when they saw Jiang Jianping's sexless look. The other two members of the Jiang family couldn't stand it anymore. "Jiang Jianping, can you not embarrass yourself?" Jiang Cheng, who looked like a block of wood, said. Jiang Jianping glanced at Yun Feng furiously and stepped back angrily.

Jiang Jianping walked back, but Jiang Cheng walked out and stared at Yun Feng firmly. "You must be Yun Feng, the four-element summoner of the Yun family. You really kept a low profile. You know the Jiang family very well."

Yun Feng chuckled. "I'm just curious. I just didn't expect the Jiang family to send a tamer."

Jiang Cheng continued expressionlessly, "You don't have to worry about that. There are only two members of the Yun family participating. It seems that you're confident that you can get the first place."

"You don't have to worry about that at all." Yun Xiang walked out with a layer of coldness on his handsome facial features. His aura of the level-9 Emperor Level burst out. Jiang Cheng raised the corners of his mouth and retreated without saying anything.

"Alright, why are you arguing at this moment? If anyone is dissatisfied, you can compete on the ring. Don't you think, Yun Xiang?" A young man of the Bai family said and smiled at Yun Xiang, but Yun Xiang ignored him and pretended that she didn't hear anything.

"That's right, Xiao Xiang. Why are you angry with those people? It's not worth it." Bai Qingfeng couldn't help but feel a bit confused when he saw Yun Xiang's gloomy face. Yun Xiang glared at Bai Qingfeng fiercely with her black eyes and pulled Yun Feng somewhere else. Bai Qingfeng was truly smart after being glared at fiercely. He was still very worried as he looked at Yun Xiang's back. The young man who spoke just then suddenly looked gloomy and he glanced at Bai Qingfeng with extreme anger in his black eyes. He liked Yun Xiang too, but she just didn't look at him. She cared about what Bai Qingfeng said. Did he mean nothing to her?

Chapter 1259 Yun Feng's Fury (2)

"That's enough, Qingfeng. I don't think such a woman is worth liking. I think she hates you to the extreme. You should forget about it."

Bai Qingfeng's black eyes glittered and he didn't say anything. He just pursed his lips tightly and looked at Yun Xiang not far away with determination flashing in his eyes. He wouldn't give up on Xiao Xiang. It had been so many years. She was the only person he cared about. There couldn't be anyone else.

Yun Feng was pulled aside by Yun Xiang. Yun Xiang's face was still a bit gloomy. Yun Feng smiled in her mind when she saw this. She clearly cared about Bai Qingfeng, but she just didn't know. Yun Feng coughed gently. "Yun Xiang, are you looking so gloomy for what the Jiang family said, or for someone else?"

Yun Xiang was stunned. "Yun Feng, what are you talking about?"

!!

Yun Feng chuckled. "Don't you understand what I'm talking about?"

"Don't talk nonsense!" Yun Xiang couldn't help but feel a bit embarrassed. Seeing her feminine expression, Yun Feng was even more certain that Bai Qingfeng wasn't unrequited. Even if Yun Xiang was a block of wood, it was time for his work after so many years to blossom. Bai Qingfeng was sincere to her, or he wouldn't have been her spy to set his father up. Perhaps Bai Qingfeng still had a bit of conscience. Yun Xiang liked Bai Qingfeng for this after all.

"Alright, just pretend that I didn't say anything. However, think about it. After the selection this time, whether the Yun family enters the Inner Region or not, our relationship with the Bai family will be completely cut off. By then, what will he do?"

Yun Xiang remained silent and her handsome eyebrows were tied into a tight knot. This was also a problem that she had been frustrated about. That idiot, Bai Qingfeng, was a member of the Bai family, and even Bai Zhiyu's son! With the dirty thoughts of the Bai family, the Yun family and the Bai family would definitely be irreconcilable. Bai Qingfeng would never be accepted by the Yun family at all...

"Yun Xiang, you like him." This wasn't a question, but a statement. Yun Xiang immediately blushed. "W-What nonsense are you talking about?"

Yun Feng chuckled and tapped Yun Xiang's chest gently with her finger. "Yun Xiang, it's true that you like him."

Yun Xiang's flushed cheeks became even redder. She roared in embarrassment, "So what? There won't be a result between us at all! He can't be accepted at all!"

The corners of Yun Feng's mouth curled up into a smile. She finally admitted it. That dumb kid, Bai Qingfeng, finally saw the light. Her promise to him could finally be fulfilled. "If that's all your concerns, I'll help you deal with them."

Yun Xiang suddenly raised his head. "Deal with them? How are you going to do that? He's Bai Zhiyu's son after all!"

Yun Feng smiled and didn't say anything. She pushed Yun Xiang with both hands. "Go. The first round of the arena is about to begin. Get the first place!"

Yun Xiang was a bit confused by the sudden change of topic. She turned around and glanced at the enormous arena. As expected, the first round of the competition was about to begin. Her frustrated look just then immediately disappeared. A glint of light flashed through Yun Xiang's beautiful eyes as she chuckled. "Leave it to me!"

Yun Feng nodded with a smile. Looking at Yun Xiang's confident and carefree back, she liked this handsome girl from the bottom of her heart. She glanced at the Bai family and the Jiang family. Jiang Wu quickly drank a bottle of potion. Yun Feng sneered at the corners of her mouth. As expected, he had to rely on potions to maintain his strength. The young man from the Bai family who spoke just then jumped onto the ring. The contestants of the three families had already got on the ring. Immediately, the atmosphere around exploded to a climax!

"Silence." A voice suddenly pierced through the air and reached everyone's ears. This voice was very light and didn't sound strong, but it carried a hint of majesty. The crowd that was still bustling just then suddenly quieted down at an extremely high speed.

Yun Feng raised her black eyes and looked at the man who spoke. This must be the so-called envoy of the Inner Region. He looked like he was only about forty years old. Even though he looked average, he had an extraordinary temperament. As for his strength... he must be at the level of a God. As for which grade of the God Level, it was hard to guess.

After the envoy of the Inner Region said that, the venue was silent. He slowly stood up from his seat and a powerful pressure spread out from his body. While many people looked nervous, there was a person sitting lazily on the spectator stand with a disdainful look on his face.

Mu Canghai couldn't help but look at Qu Lanyi, who was wearing such an expression, in surprise. He said in a low voice, "That person is at the God Level. Why are you looking like this?"

Qu Lanyi snorted and moved his body slightly. "He's just a Grade-2 God. He can only show off here. Am I right, Great Elder?" Qu Lanyi raised his brows and looked at the Great Elder of the Yun family, who was expressionless. The Great Elder chuckled and glanced at Qu Lanyi with deep meaning in his eyes. "You're right, kid."

Mu Canghai widened his black eyes. Qu Lanyi could detect that person's strength! Grade 2 of the God Level... Had he already reached above Grade 2 of the God Level?

Qu Lanyi shook his head helplessly. "Mu Canghai, I'm not as amazing as you think. I'm just a bit special like you."

Mu Canghai raised his brows. Special? The Great Elder of the Yun family chuckled and glanced at the ring. He slowly said, "Kid, have you seen my strength limit?"

Qu Lanyi chuckled with a faint smile in his black eyes. "The Bai family and the Jiang family only each have one God Level expert, while the Yun family has three elders. It's fine for me to find out about others, but it's truly inappropriate to find out about those on my side."

The Great Elder of the Yun family chuckled with a smile in his eyes and didn't say anything else. Qu Lanyi didn't say anything either and looked at the ring. Mu Canghai was very shocked in his mind as he listened to the conversation between the two of them. It was impossible to find out the strength of someone whose level was higher. What kind of background did Qu Lanyi have with such an ability? Where did he come from...

The envoy of the Inner Region explained the rules of the strength arena. The three of them would participate and fight in turns. The Yun family against the Bai family, the Bai family against the Jiang family, and the Jiang family against the Yun family. In this way, each family would fight twice. The family that won both times would win the first place. If none of the families won both battles, they would fight again until a family that won twice appeared.

After the rules were explained, they arranged the order. The result of the arrangement was that the Jiang family and the Yun family would fight first, then the Yun family and the Bai family, and then the Bai family and the Jiang family in the end. If the Yun family wanted to win, they must defeat the Jiang family and the Bai family completely. It was the same for the other two families.

Chapter 1260 Yun Feng's Fury (3)

Jiang Wu fought with Yun Xiang first. Jiang Wu's face was a bit stiff. Even though he had the support of the potion, his strength had declined in the past six months. The few contestants of the Jiang family were the same. This made the Master of the Jiang family anxious. He had tried countless ways, but they didn't work. As time passed, their strength was regressing bit by bit. This time, they had to brace themselves and come. The Jiang family wouldn't let go of any chance to enter the Inner Region. They didn't know the inside story. They knew that they would be left behind even if they participated, but they still had to try. Jiang Wu was anxious in his mind. Even though taking the potion could temporarily restore his original strength, his opponent was Yun Xiang of the Yun family, a level-9 warrior of the Emperor Level! He had only reached Grade 8 of the Emperor Level after taking the potion. How could he fight? Jiang Wu's eyes darkened. It was good as long as he didn't lose too badly!

The battle between Yun Xiang and Jiang Wu began. Yun Xiang twisted her wrist gently and showed her weapon. It was a longsword that was about the length of a person's arm. The body of the sword was completely uniform and the quality was very good. There was a calligraphic word "Yun" engraved on the end of the longsword, which added a bit of majesty. The longsword let out a buzzing sound. It was a weapon at the Emperor Level!

Some sweat appeared on Jiang Wu's forehead. He also took out his weapon, which was also a longsword at the Emperor Level. Even though it was also a weapon at the Emperor Level, it wasn't as exquisite as the one in Yun Xiang's hand. Jiang Wu glanced at Yun Xiang guiltily. The potion wouldn't last long at all. If this dragged on, he would lose quite miserably!

Jiang Wu took a deep breath. The Grade 8 fighting energy of the Emperor Level that he forcibly increased with potions surged out of his body and went straight to the sword. The longsword suddenly let out a cry under the stimulation of the fighting energy. Yun Xiang frowned. Using a big move right after going on stage was too reckless!

!!

“Heaven Destroying Sword!” Jiang Wu roared as the veins on his neck bulged. The Grade 8 Emperor Level fighting energy gathered in the longsword in his hand suddenly released a strong air current, breaking out of Jiang Wu’s hand and flying towards Yun Xiang with the momentum of tearing space!

There was a smile on Yun Xiang’s handsome face. She suddenly turned the longsword in her hand and her level-9 Emperor Level fighting energy of the Emperor Level burst out, gathering on the longsword. She flipped her wrist and the longsword drew a fierce sword light in the air. Yun Xiang rose into the sky and held the longsword tightly in her hand, slashing down fiercely!

“Ha!”

The level-9 Emperor Level fighting energy burst out of the tip of the longsword abruptly, like a dragon swimming out to sea! It instantly broke through Jiang Wu’s combat technique attack and went straight to Jiang Wu! Jiang Wu suddenly jumped back in panic, but the fighting energy followed him forward like a dragon. Jiang Wu’s strength was inferior to Yun Xiang’s, so it was certainly impossible for him to dodge this attack. He could only put his hands in front of his chest and get into a defensive posture.

“Bang!” With a dull sound, Jiang Wu’s body was instantly sent flying and he landed heavily outside of the ring. Jiang Wu fell on the ground in a sorry state and spat out a mouthful of blood. Everyone watching the battle couldn’t help but exclaim in shock. The contestant of the Jiang family was too weak! He got off the stage in one attack?

The Master of the Jiang family sat on the platform with a pale face. He knew that someone had done something to the Jiang family, but he couldn’t find out who it was. Also, how did they do it? The Master of the Jiang family was mentally prepared for Jiang Wu’s defeat, but it was truly embarrassing to be knocked off the stage with one attack.

“Master Jiang, you’re so calm.” Bai Zhiyu chuckled on the side. Master Jiang’s face was pale and he didn’t say anything. The Great Elder of the Yun family didn’t say anything. Master Jiang said, “Master Bai might be the pot calling the kettle black!”

Bai Zhiyu’s face froze, and then he said, “Humph! That’s much better than the Master of the Jiang family. At least my man won’t be so embarrassing!”

Jiang Wu, who had fallen off the stage, had already been taken away by the members of the Jiang family quickly. Yun Xiang stood on the stage in a daze. She clearly felt that her opponent’s strength was weak from that attack just then. Why would the Jiang family send such a person to the arena... What exactly was going on...

“Yun Xiang, I’m your opponent!” A voice came from the sky. Yun Xiang suddenly turned around. The young man who spoke just then had already appeared. Yun Xiang frowned and held the longsword in her hand tightly. “Hm, bring it on.”

The young man of the Bai family’s eyes glittered and he looked at Yun Xiang’s expression in fascination. Yun Xiang’s body flashed with the tip of her foot and she had already approached her opponent quickly. The young man of the Bai family chuckled and suddenly reached his wrist forward, as if he was going to grab Yun Xiang’s arm. Yun Xiang passed him. The moment the two of them crossed paths, the young man of the Bai family said, “Yun Xiang, do you know my name?”

Yun Xiang was stunned. The young man burst into laughter and moved away from Yun Xiang. There was a hundred meters between the two of them. The young man stood there and didn't do anything else. Yun Xiang was the same.

"My name is Bai Qingyan. This isn't the first time we've met, but you might only remember the name Bai Qingfeng." A hint of viciousness unconsciously flashed through Bai Qingyan's face as he said reluctantly, "You never looked at me no matter what I said. However, what Bai Qingfeng, who only knows how to fiddle with potions, said caught your attention. Yun Xiang, will you remember me if I defeat you? Perhaps even if I defeat you, you won't look at me in the eyes?"

Yun Xiang stood there with a cold face and didn't say anything. After saying that, Bai Qingyan smiled. "What's so good about Bai Qingfeng? He's a fool who only knows how to fiddle with potions! I'm the only one who's worthy of you! Which grade of the Emperor Level is he at? I'm a level-9 Emperor Level expert!"

Yun Xiang's expression became even colder, and Bai Qingyan's expression became even more vicious. "You're upset because I said a few words about him? You're really protecting him!"

"Cut the crap!" Yun Xiang suddenly said. It wasn't up to others to decide who she liked!

"Hahaha, good!" Bai Qingyan suddenly shouted as she took out the potion and drank it. "Argh..." Another roar came. The muscles all over Bai Qingyan's body immediately tightened and blue veins were clearly visible. The strength of Grade 9 of the Emperor Level just then had already been forcibly raised to the God Level at this moment!

Seeing this, Yun Xiang understood that she had to drink the potion! She twisted her wrist and took out the potion Yun Feng gave her. Yun Xiang drank it. After the potion entered her body, crazy power surged out of her body. Yun Xiang didn't feel uncomfortable at all. She only felt that this power filled every part of her body and her mind and vision were completely opened in an instant!

Potion versus potion, God versus God!

The envoy of the Inner Region, who had been watching from a high place, moved after Yun Xiang drank the potion and released her aura. Did he feel wrong just then? The aura of the Golden Cauldron Fluid emitted from this contestant of the Yun family, but how could the Yun family have the Golden Cauldron Fluid... The envoy of the Inner Region checked again with an awful expression and didn't feel any fluctuation of the Golden Cauldron Fluid again, but he was still extremely suspicious in his mind. He didn't know that Yun Feng had only put one drop of the Golden Cauldron Fluid into the potion.
