

## Summoner 1261

### Chapter 1261 Yun Feng's Fury (4)

"Ha!" Yun Xiang shouted as the word "Yun" engraved on the longsword in her hand also glowed. Bai Qingyan burst into laughter and showed that his weapon was a heavy hammer! The battle began in a blink. The two of them took potions at the same time and reached the God Level. They competed in strength and technique, and the length of time the potions could last!

The audience watching the battle were dumbfounded. The two people on the ring were so fast that they had already turned into black shadows. In the eyes of ordinary people, the two black shadows kept colliding, parting, and colliding again! Their speed was so fast that it almost made people dizzy!

"Yun Xiang, do you really only have eyes for Bai Qingfeng?" The moment the heavy hammer collided with the longsword, sparks flew. Bai Qingyan looked at Yun Xiang with slightly red eyes. Yun Xiang sneered. "That's none of your business!" The longsword stabbed out. Bai Qingyan quickly dodged and swung the heavy hammer in his hand mercilessly. Yun Xiang tapped his toes and suddenly jumped to the side. "Bang!" A deep pit was created on the ground by the heavy hammer!

The two of them fought very quickly. Countless stone plates had already been destroyed on the surface of the ring, which showed the power of the battle. As time passed by, Bai Qingyan had already felt that the effect of the potion in her body was already on the verge of collapse, while Yun Xiang didn't show any signs of fading at all.

!!

"Yun Xiang! Let me ask something. If it weren't for Bai Qingfeng, would you have been interested in me?"

Yun Xiang's black eyes glittered and her red lips opened slightly. "If it weren't for Bai Qingfeng, I wouldn't have known who you are."

"Hahaha, alright! If you say so, don't blame me for being ruthless. I didn't want to treat you like this, but..." Bai Qingyan suddenly retreated as a hint of viciousness flashed through his eyes. The fighting energy all over his body immediately gathered on the heavy hammer and he suddenly raised his arm to throw the heavy hammer into the air!

"Divine Punishment!"

"Xiao Xiang, dodge!" Bai Qingfeng roared desperately. Yun Xiang was stunned. He saw countless black shadows smashing down from the sky. They were countless heavy hammers!

"Damn it!" Yun Xiang cursed in his mind as his body immediately dodged left and right. The densely packed heavy hammers in the sky smashed on the ground fiercely like raindrops. They weren't shadows. Every time they smashed on the ground, a pit a few meters deep appeared! Those heavy hammers were all formed by Bai Qingyan's fighting energy!

Yun Xiang's body flashed through the densely packed hammers like the wind. Bai Qingyan stood outside and watched Yun Xiang dodge. The corners of his mouth curled up slightly. He then looked at Bai Qingfeng's anxious expression outside the ring and viciousness appeared in his eyes again!

Yun Xiang, you forced me to do this!

Bai Qingyan flipped his hand and a talisman appeared. When Yun Feng saw Bai Qingyan's talisman, her heart immediately sank. Oh no! At this moment, Yun Xiang's body also rushed out of the densely packed heavy hammer rain in a sorry state. Before she could catch her breath, she saw Bai Qingyan rushing over with a vicious smile on her face and there was a talisman in her hand!

What? Yun Xiang's black eyes widened. Seeing the viciousness in Bai Qingyan's eyes and the talisman in his hand, she immediately knew what it was. She didn't have time to dodge. Yun Xiang suddenly mobilized all the fighting energy in his body to envelop his body. Bai Qingyan burst into laughter and activated the talisman in his hand. A fierce force shot out of the talisman and hit Yun Xiang's chest! The power of a Grade-2 God!

The Great Elder of the Yun family suddenly stood up as a glint of darkness flashed through his black eyes. Bai Zhiyu, on the other hand, secretly raised the corners of his mouth and didn't say anything. The Master of the Jiang family quickly glanced at the Master of the Bai family and thought to himself that this person was so cunning!

"Ugh!" A strong force attacked. Yun Xiang only felt a heavy force in her chest that almost made her breathless. Her body was completely sent flying. The strong sunlight made Yun Xiang narrow her eyes and her body was falling rapidly!

"Xiao Xiang!" Bai Qingfeng roared and was about to rush over, but the other member of the Bai family held him back firmly. Luckily, another figure rushed over and caught Yun Xiang's falling body firmly. Bai Qingfeng finally took a breath and looked at Bai Qingyan on the ring with bloodshot eyes.

Yun Feng rushed over and caught Yun Xiang's falling body steadily. She quickly checked the extent of her injuries with her mental strength and heaved a sigh of relief in her mind. Luckily, the power of the potion had been maintained. Yun Xiang, who had been forcibly raised to the God Level, used her fighting energy to protect her entire body just then. Even though she was severely injured, she was still very far from death.

Yun Feng immediately fed Yun Xiang the Life Potion. She held Yun Xiang's heavily injured chest firmly as blue water elements surged into Yun Xiang's body crazily. However, the Grade-2 attack of a God was real. Yun Xiang suddenly spat out a mouthful of blood! Yun Feng's black eyes couldn't help but darken and a strong hatred for the Bai family rose in his mind!

"Xiao Feng, let me do it!" Yaoyao's voice flashed through her mind. Yun Feng quickly let Yaoyao out without thinking. The blue light gradually faded and Yaoyao's mature body figure made everybody exclaim. Even the envoy of the Inner Region couldn't help but feel his heart pound. That... That was the merfolk!

The blue water element quickly enveloped Yun Xiang's entire body tightly. Yaoyao's charming face and alluring body attracted countless gazes. Yun Feng looked at Yun Xiang, who was enveloped by the water element, and couldn't help but heave a sigh of relief. Yaoyao's ancient power would definitely ensure her safety. There was also the Life Potion. Yun Xiang should be fine.

Bai Qingyan couldn't help but grit his teeth secretly when she saw this scene on the stage. She flipped her wrist and another talisman appeared. Yun Feng immediately raised her arm and her fierce mental

strength immediately turned into a long whip, hitting Bai Qingyan! Bai Qingyan widened his black eyes. He was hit fiercely by Yun Feng's mental strength before she could dodge! A swollen red mark immediately appeared on her wrist and the talisman in her hand also fell on the ground.

"If you dare to move again, I'll take your life!" Yun Feng stood below the ring with a gloomy look in her black eyes. Such a fierce gaze made Bai Qingyan take half a step back. Looking at his wrist that was immediately red and swollen, cold sweat appeared on Bai Qingyan's forehead. Grade 9 of the Emperor Level... A level-9 summoner of the Emperor Level!

"Yun Xiang has already lost. Why? Master Bai, are you still chasing after him?" The Great Elder of the Yun family said with a cold voice. Bai Zhiyu smiled proudly in his mind, but pretended to be anxious. "What are you talking about? I didn't expect Qingyan to use this move. Check Yun Xiang's injuries quickly. Don't let her get hurt."

The Great Elder of the Yun family glanced at Bai Zhiyu coldly and slowly sat down. "With Yun Feng here, don't worry about anything happening to Yun Xiang."

Chapter 1262 Yun Feng's Fury (5)

Bai Zhiyu's old face couldn't help but twitch. "Haha, you're right. With Yun Feng here, what can happen? Great Elder, you can rest assured."

Qu Lanyi narrowed his eyes and looked at the envoy of the Inner Region sitting in the middle. A glint of darkness flashed through his black eyes and he lowered his eyes slightly. Mu Canghai couldn't help but feel a bit worried when he saw the shock of everyone present. "There's something wrong with the gaze of that envoy of the Inner Region."

Qu Lanyi sneered. "He doesn't have the ability to do anything."

The envoy of the Inner Region sitting in the middle stared at the plump and enchanting sea demon below the ring with scorching eyes. That was the merfolk. It was absolutely true! That was the merfolk of the Endless Ocean. Even if that person of the Yun family had it, she wouldn't be able to control it! In that case, why not...

!!

Yun Feng suddenly raised her head and met the eyes of the envoy of the Inner Region. Yun Feng saw the greed and passion in them! Yun Feng sneered with her red lips. The envoy of the Inner Region was stunned for a moment and then narrowed his eyes slightly. She had the courage to look at him?

"Xiao Feng, she's already fine, but the injuries in her body still need to be healed slowly." Yaoyao put the water element into her body and she also transformed into a little girl. Yun Feng reached out and touched Yaoyao's head. "Thank you."

Yaoyao raised her little face. "It's not hard at all! As long as I can make Xiao Feng feel at ease, I'll do anything!"

Yun Feng put Yaoyao into the Ring of Contract with a warm smile. Seeing that Yun Xiang's face was no longer as pale as snow, she was completely relieved. She turned around and looked at Bai Qingyan on

the ring. The corners of Yun Feng's mouth curled up and Bai Qingyan inexplicably broke out in cold sweat again. W-What was she doing?

Yun Feng rolled her black eyes and reached out to carry Yun Xiang back steadily. Bai Qingyan stood on the stage in a daze and didn't know what to do. He was the one who won. The Yun family lost. Why did he feel defeated... Why did he feel a bit uneasy in his mind?

If Yun Xiang lost, the Yun family wouldn't win this round, so the members of the Yun family retreated first. The Great Elder of the Yun family looked at Yun Xiang's face that had regained color and sighed. "Kid, thank you for your hard work. If it weren't for you, Yun Xiang would probably have died this time."

"This is what I should do. I'll return what Bai Zhiyu did to him double sooner or later!" Yun Feng looked at Yun Xiang, who was sleeping with her eyes closed, and clenched her fists! Bai Zhiyu, when the Yun family returned to the Inner Region, the good life of the Bai family would be over!

The first round of the contest ended. The Jiang family was kicked out with an obvious weakness. The members of the Jiang family had a good tolerance for this. Yun Xiang of the Yun family was accidentally injured in the contest, which surprised even more people. The Bai family took this opportunity to take the first place of the strength arena. The Bai family could be said to be gloating right now.

Yun Xiang's injuries were very obvious, but under the protection of Yaoyao and Yun Feng's Life Potion, she was finally fine. There was nothing serious with her body, but it didn't mean that her body was normal on the surface. The Grade-2 God-Level attack hit Yun Xiang's chest directly. Her chest had already deformed slightly, looking very heartbreaking. Every time Yun Feng looked at her, the anger in her heart would fill up again. Yun Xiang hadn't woken up yet and needed some time to recuperate. Fortunately, there were still a few days until the second round. Yun Feng and the Great Elder could take care of Yun Xiang.

The night before the potion arena began, a special guest was welcomed in the courtyard of the Yun family. Bai Qingfeng rushed over in the middle of the night, panting. Yun Feng and the Great Elder of the Yun family didn't say anything when they saw him and didn't stop him from approaching Yun Xiang. Bai Qingfeng was very grateful in his mind. He immediately ran to Yun Xiang's bed. Seeing Yun Xiang's deformed chest and slightly pale cheeks, his eyes couldn't help but turn red.

"Xiao Xiang..." Bai Qingfeng mumbled as he knelt and called Yun Xiang's name softly, but Yun Xiang closed her eyes and was very quiet. Yun Feng sighed softly on the side. "She still needs a while to wake up. She's fine."

"Thank you," said Bai Qingfeng in a low voice. Yun Feng, however, sneered. "Thank you? Yun Xiang is a member of the Yun family. It's only right that I protect her. You don't have to thank me."

Bai Qingfeng stood up and the Great Elder of the Yun family looked at him deeply. Bai Qingfeng nodded at the Great Elder of the Yun family and walked out. "Great Elder, I'll go out." Yun Feng said in a low voice as the Great Elder nodded gently. Yun Feng pushed the door open and walked out. Bai Qingfeng stood there stiffly and only spoke after a long time.

"I snuck out this time. I know what you're trying to say."

Yun Feng sneered. "Now that you know what I want to say, I don't have to waste my breath anymore. Bai Qingfeng, I'm only asking your stance."

Bai Qingfeng's slim body was shrouded in the moonlight and he didn't say anything for a long time. Yun Feng looked at his back and couldn't help but sigh in her mind. "Yun Xiang was so severely injured. The Yun family will never have any relationship with the Bai family again. I'll return the ruthless moves that old bastard Bai Zhiyu used! I'll ruin the good life that Bai Zhiyu thinks he has!"

Bai Zhiyu turned around and glanced at Yun Feng, still not saying anything. Yun Feng's black eyes darkened. "You can only choose Yun Xiang or your family."

Bai Qingfeng suddenly chuckled, which sounded extremely bitter. Yun Feng also knew that this was a very difficult choice. Bai Qingfeng raised his head. "I've already seen through the indifference of large families. If it weren't for my pharmaceutical skills, my father wouldn't have looked at me at all. Xiao Xiang is the only person who's truly good to me in this world."

Yun Feng didn't say anything, but she was glad that she had the surname Yun in her mind again.

"I didn't have the ability to make medicine since I was young. After I was born, my strength wasn't outstanding and my talent was also mediocre. Even though I was my father's son, my father never looked at me at all. As the son of the family, I was despised, treated coldly and even scolded by the members of the family! I'd always been living in the shadows and being reviled by others. Nobody would look at me at all, let alone treat me well!" Bai Qingfeng said excitedly. The longing for the family in the depths of his heart had already been completely obliterated when he was young.

"Only Xiao Xiang is willing to be close to me. Only Xiao Xiang will protect me!" Bai Qingfeng suddenly clenched his fists. "My current pharmaceutical skills are because of her. Everything I have right now is for her, not for anyone in the Bai family!"

Chapter 1263 Meatball Wakes Up (1)

"It seems that you've already made up your mind."

Bai Qingfeng suddenly turned around with viciousness flashing through his black eyes. "I won't let anyone who hurt Xiao Xiang go!"

"Even if that person is your father, Bai Zhiyu?" Yun Feng raised her brows. Bai Qingfeng burst into laughter. "Father? Bai Zhiyu has never been my father for a day. I don't have a father at all!"

Yun Feng nodded. "It's good that you've made a decision in your mind. Bai Qingfeng, have you ever thought of breaking away from the Bai family? After all, you have to be with Yun Xiang. Your identity will indeed be annoying."

Bai Qingfeng raised the corners of his mouth. "I didn't intend to be with Xiao Xiang at all. I knew that the Yun family wouldn't accept me, because I have the blood of the Bai family on me! If I insist on being with her, the Yun family will criticize Xiao Xiang!"

Yun Feng chuckled. "You've underestimated the tolerance of the Yun family. The Yun family is more generous than you think, because we're upright people."

Bai Qingfeng glanced at Yun Feng. "You mean..."

Yun Feng nodded. "What you did for me is the capital for the Yun family to accept you in the future. As I said back then, I'll give you what you want."

Bai Qingfeng's black eyes widened. He didn't think so far back then. He only thought about how to help the Yun family, because Yun Xiang wouldn't feel good when something happened to the Yun family. After all, Bai Qingfeng only helped Yun Feng for Yun Xiang.

"Go back now. Don't let Bai Zhiyu find out that you snuck out this time."

Bai Qingfeng nodded. He had been out for a long time. It was time for him to go back. Before he left, he took out a bottle of potion. "I know you don't need this, but... This is for Xiao Xiang." Bai Qingfeng shook his wrist and the potion flew over. Yun Feng caught it steadily. It was a bottle of Life Potion. It was a three-star potion.

"Don't worry. I'll tell her when Yun Xiang wakes up."

"Yes." Bai Qingfeng nodded. "As for the potion arena tomorrow..."

Yun Feng chuckled. "Just do whatever you want. Even if you don't go easy on purpose, I don't think I'll lose to you."

The corners of Bai Qingfeng's mouth curled up slightly as he jumped and disappeared into the night. Yun Feng looked at the bottle of potion in her hand. This should be a successful product that Bai Qingfeng made many times. With his pharmaceutical level, it was still very difficult for him to succeed in one try as a three-star master. Yun Xiang... He's really good to you.

Yun Feng was very gratified that Yun Xiang had such a man who adored her. With Yun Xiang's innocent and sincere personality, there should be such a person who treated her wholeheartedly. Even though Bai Qingfeng's identity was a bit awkward, it wouldn't be a big problem for him to marry into the Yun family in the future.

As for the potion ring tomorrow... Yun Feng couldn't help but frown as she stood in the night. Even though the strength of the pharmacist of the Jiang family, Jiang Cheng, had indeed declined, his strength didn't affect his pharmaceutical skills. After all, pharmaceuticals weren't directly related to strength according to traditional methods. They relied on their accumulated experience and technique over many years and their familiarity with the herbs. Jiang Cheng's pharmaceutical level should be at the three-star Master Level half a year ago. Even though he didn't succeed with the difficult three-star formula of the Master Level, he might succeed after half a year.

Bai Qingfeng was nothing to worry about. However, if she wanted to win the first place of the potion ring in one go, she had to make potions that were enough to shock everyone. Without Meatball's help, she could only rely on traditional methods. Three-star master level was her limit. It seemed that she had to make potions with high difficulty formulas to win.

Fortunately, she had the notes left by her master. Her master was also extraordinary in the field of pharmaceuticals. After all, he even had a grandmaster-level formula. It could be seen that her master's pharmaceutical skills were first-rate. He also left a lot of precious herbs behind to solve Yun Feng's problem.

Yun Feng took out her master's notes and read them carefully. There were a lot of formulas recorded on them, and they were all different in value. Yun Feng read them and decided to choose the difficult but not very rare potions to make. She didn't forget that the envoy of the Inner Region wasn't friendly to the Yun family this time. If any precious potions appeared on the potion ring, the Yun family might face trouble after entering the Inner Region.

Besides, the potion arena was about the difficulty of the potions. Perhaps the rarity was included, but it wasn't in Yun Feng's consideration. After choosing which potion to make, Yun Feng read the formula carefully and remembered it firmly in her mind. Then, she took out the ingredients she needed from the precious herbs left by her master. Everything was ready.

When Yun Feng put the notebook back into the storage space, something that had been sleeping quietly in a corner caught her attention. It was Meatball, which hadn't woken up for a long time. Ever since the old man who appeared with the Fantastical Beast, Ah Jin, left, Meatball had inexplicably fallen asleep. It was indeed sleeping soundly, but it had been asleep for far longer than Yun Feng imagined.

Looking at its body that was curled up like a white fur ball, the sound of even and steady breathing came slowly. If it weren't for the steady breathing and the saliva on the ultimate ore that Meatball was holding tightly in its arms, Yun Feng would really be anxious whether it was fine. It wasn't that she had never tried to wake it up, but Meatball was sleeping too soundly. Yun Feng couldn't wake up no matter what. Its little claws held the ultimate ore tightly and refused to let go.

Yun Feng smiled speechlessly. Meatball, how much longer are you going to sleep? Do you know that I really need you right now... How great would it be if you woke up...

Yun Feng shook her head gently and retracted her consciousness with a helpless look as she looked at the deep and boundless night sky. Fine... She couldn't rely on too many external forces. Even though she wasn't completely confident, she had to try.

After Yun Feng's consciousness left the storage space, the fluffy body that had been in the corner for many years moved gently.

The next day, the pharmaceutical ring started the selection convention again in full swing. The Bai family won the first place in the strength ring, which made a lot of exclamations surge out of Yan City. The Bai family was praised in an instant. Countless guesses surfaced. They were all guessing if the Bai family would win this time.

The ring that had been damaged in the strength round had already been repaired and restored. The potion ring this time was still held here. Compared to the strength competition in the first round, the potion ring this time attracted more people. If the Bai family won this round, they would be able to enter the Inner Region safely. If not, there would be more variables.

#### Chapter 1264 Meatball Wakes Up (2)

Everybody was seated just like the first round, The members of the Yun, Bai and Jiang families were still sitting on the high platform, but their expressions had obviously changed. Bai Zhiyu was beaming with joy and was very proud. The Great Elder of the Yun family was still as indifferent as usual, while the Master of the Jiang family had half of his face darkened.

“Great Elder, did the Yun family hire external help this time?” Bai Zhiyu seemed to be asking kindly. The Great Elder of the Yun family chuckled and didn’t answer. Bai Zhiyu was even more proud in his mind when he saw this. “Speaking of this, I feel sorry for the Yun family. There are only two people participating in the competition this time and the Yun family doesn’t have a good pharmacist. Ah, what a pity. If you give up one thing for no reason, there’s no hope for you to enter the Inner Region.”

When Bai Zhiyu said this, he had been observing the Great Elder’s expression secretly. The Great Elder didn’t even raise his eyebrows. Bai Zhiyu couldn’t help but feel a bit angry. He opened his mouth and wanted to say something, but Qu Lanyi said lazily, “The Great Elder isn’t in a hurry. Why are you in a hurry, Master Bai?”

Bai Zhiyu’s face darkened. “Hm! Young people nowadays really don’t hold back when they talk. Do you think you’re so impressive?”

“Master Bai, why do you have to argue with a junior?” The Great Elder of the Yun family said indifferently. Bai Zhiyu immediately frowned. “I’m just thinking for the Yun family. Giving up for no reason is really...”

“Who said the Yun family is giving up?” Qu Lanyi raised his brows and smiled at Bai Zhiyu. Bai Zhiyu sneered. “Why, kid? Are you going to do it? Look at your identity!”

Qu Lanyi chuckled and stroked his chin with his slender fingers. “You don’t need to know my identity, but your worries this time are unnecessary, Master Bai.”

Bai Zhiyu suddenly raised his brows. There were only two members of the Yun family this time. Yun Xiang had already been severely injured. Besides, she didn’t know how to make medicine at all. The only one left was Yun Feng, the four-element summoner. She would definitely participate in the Magic Beast Ring. It was precisely because of this that he wanted to win strength and medicine. This way, even if he suffered a loss in the Magic Beast Ring, Bai Qingfeng would definitely beat the members of the Jiang family with his ability and the Bai family could enter the Inner Region safely!

Yun Xiang was severely injured, but the Yun family wouldn’t forfeit. Perhaps Yun Feng would go!

Bai Zhiyu’s eyes widened abruptly. She was a pharmacist?!

Seeing Bai Zhiyu’s shocked expression, Qu Lanyi chuckled. “Master Bai, do you have to be so surprised?”

Bai Zhiyu’s black eyes glittered. He had never considered the possibility that Yun Feng was a pharmacist! The identity of a four-element summoner was already astonishing enough. Who would think that she was a pharmacist? What would he think? Bai Zhiyu sighed at his carelessness in his mind and kept comforting himself at the same time. Even if she was a pharmacist, so what? The cultivation of a four-element summoner was already enough for her to be busy. How would she have the time to practice making medicine? Even if she was a pharmacist, her strength level couldn’t possibly be higher than Bai Qingfeng’s! The Bai family would still get the first place this time!

Bai Zhiyu’s expression instantly calmed down and he even showed a hint of confidence. Seeing that, Qu Lanyi sneered in his mind. Be proud. Bai Zhiyu, if you lose, don’t make your jaw drop!

The contestants of the three families went on stage. When the audience saw Yun Feng, they couldn’t help but exclaim, “Why did the Yun family send a summoner?”

“Is she a four-element summoner and a pharmacist?”

“Are you kidding me? How would she still have the energy to practice making medicine?”

“I heard that the Yun family relies on the Bai family for making potions and there’s no potion maker in the Yun family. Now that I look at it, it’s true.”

“It’s hard on the Yun family. They probably let the four-element summoner go there to save face.”

“It seems that the Bai family is going to win again this time. Bai Qingfeng’s pharmaceutical skills are quite high. The Bai family will undoubtedly be the one to enter the Inner Region this time!”

“That’s hard to say. The Jiang family might be extremely lucky. That’s hard to say.”

Three pharmaceutical tables had already been set up on the high ring with all the tools of traditional pharmaceuticals on them. The three contestants went on stage and stood in front of their pharmaceutical tables. Jiang Cheng couldn’t help but feel shocked when he saw that Yun Feng was the one from the Yun family who got on the stage. He expected the Yun family to forfeit, but he didn’t expect them to really send her out.

Jiang Cheng smiled in disdain and then glanced at Bai Qingfeng. This time, his enemy was him. As long as he could beat him, the Jiang family would be able to get the first place.

The three of them stood in front of their respective pharmaceutical tables. The envoy of the Inner Region looked at Yun Feng with endless mockery in his eyes. Yun Feng smiled back when she saw this. The envoy of the Inner Region was stunned and his expression turned cold. He said, “The rules of the potion ring this time are very simple. The three of you make the highest potion you can. Whoever makes the highest level and the best quality potion will be the top.”

This rule was quite simple. The three of them were free to play. After the rule was announced, the competition of the Potion Ring officially began! Jiang Cheng immediately showed a smile after hearing that. It seemed that he was already prepared. Bai Qingfeng didn’t have any expression and had already started preparing, while Yun Feng knew this rule in her mind. They were indeed free to play. This wasn’t bad.

Recalling the formula she remembered last night in her mind, Yun Feng took out the herbs she prepared. Bai Qingfeng and Jiang Cheng couldn’t help but look over. They were both shocked when they saw the herbs Yun Feng took out. She had such high-level herbs, and there were a lot of them!

Yun Feng put the herbs on the table. There were a total of three sets of herbs. The herbs her master left behind were very precious and there weren’t many of them. It wasn’t easy for her to gather three sets. She only had three chances. Yun Feng took a deep breath and slowly closed her black eyes. When Bai Qingfeng and Jiang Cheng started preparing to grind, she stood there without moving at all.

Bai Qingfeng couldn’t help but feel shocked in his mind. What was she doing? Wasn’t she ready to begin? Jiang Cheng only sneered when he saw this and he didn’t think highly of Yun Feng in his mind. He targeted Bai Qingfeng and wanted to beat him wholeheartedly.

“What’s she doing? Why is she closing her eyes?”

“Who knows? Is she taking deep breaths because she’s nervous?”

“Maybe... After all, it’s just for show...”

The crowd discussed one after another. Bai Zhiyu, who was on the stage, smiled when he saw this scene. “Great Elder, Yun Feng is very interesting. Does she think she can make potions like this? Does she really know how to make potions? The Bai family has so many pharmacists. You could’ve borrowed one.”

Chapter 1265 Meatball Wakes Up (3)

The Great Elder didn’t say anything. He looked at Yun Feng with his eyes. Even though he was puzzled in his mind, he believed in this girl. Qu Lanyi glanced around. “Master Bai, just watch the competition.”

Mu Canghai, who had been silent, said, “I really can’t have a moment of peace.”

Bai Zhiyu gritted his teeth fiercely. At such a moment, he would seem petty if he made trouble. Even though he didn’t say anything, he cursed in his mind. I’ll see how long the Yun family can hold on! After this battle, the Bai family will enter the Inner Region. By then... Hm!

Yun Feng couldn’t hear any discussion on the stage. She was immersed in her own world and felt the subtle elemental force of the herbs wholeheartedly. After a while, Yun Feng opened her eyes. No, without Meatball, she couldn’t clearly feel the elemental force of these herbs. It was too blurry and she couldn’t catch it at all!

!!

Yun Feng gave up her method and looked at the three piles of herbs in front of her. It seemed that she could only try using the traditional method. Her mind quickly calmed down and Yun Feng also started working on the preparation. Bai Qingfeng couldn’t help but heave a sigh of relief in his mind when he saw Yun Feng’s movements. Right now, the three of them were using the traditional method to enter the pharmaceutical process. Seeing Yun Feng’s movements, another round of discussion came from the spectator area.

“It seems that the summoner of the Yun family is quite good at making medicine.”

“Yes, she doesn’t look awkward and she’s very familiar with her movements. Perhaps we’re wrong.”

“I wonder what level of potions she can make. It should be very difficult for her to surpass Bai Qingfeng of the Bai family...”

Bai Zhiyu’s heart couldn’t help but sink as he sat there and watched Yun Feng’s movements. It turned out that she was also very familiar with the way to make potions. It seemed that she also knew a lot about potions. Hm! So what? Bai Qingfeng had the strength of a three-star master. Even if she, Yun Feng, was a four-element summoner, she couldn’t compare to Bai Qingfeng in terms of making potions!

The three people on the stage were making their potions nervously and seriously. They were all people with relatively high strength in the field of potions. Their grinding, distribution and fusion were so exquisite every step. However, no matter how proficient they were, they couldn’t escape the possibility of failure.

“Poof!” A ball of black smoke quickly rose. People looked over quickly. It turned out that Jiang Cheng’s potion had failed. Looking at the billowing black smoke from the potion bottle in front of him, Jiang Cheng couldn’t help but feel a bit frustrated. He chose a three-star potion that was quite difficult for a

master. It was certainly impossible for him to succeed in one go. Looking at the remaining two sets of herbs on the table, Jiang Cheng gritted his teeth secretly. There were still two chances. He must succeed!

Jiang Cheng's failure made the Master of the Jiang family even more sullen. There was a smile in Bai Zhiyu's eyes, while the Great Elder of the Yun family had been looking at Yun Feng and didn't have time to look at the other two. Jiang Cheng's failure also meant that he lost an opportunity. The level of the potions he made with the intention of getting the first place was high and the level of the herbs he needed was also high. Being able to make three portions was the limit of the Jiang family. Every time he lost an opportunity, he was further away from victory.

"Poof!" Another sound came. This time, it was from Yun Feng's side. The audience couldn't help but feel sorry for her. Bai Zhiyu couldn't help but feel delighted in his mind when he saw this. The Jiang family and the Yun family had both lost an opportunity, but Bai Qingfeng was still fine. Who else could win if not the Bai family this time?

While Bai Zhiyu was feeling extremely proud in his mind, another "poof" came. Bai Zhiyu's expression froze. This sound came from in front of Bai Qingfeng and there was also surging black smoke.

"Master Bai, just wait and see," said the Master of the Jiang family on the side. There was only provocation in his words. Bai Zhiyu was so angry that he couldn't say anything. He only looked at Bai Qingfeng in the arena with disappointment. What a loser!

The three of them failed in the first round, which made the scene more and more interesting. They all lost an opportunity and returned to the starting point. Jiang Cheng started the second round of making potions anxiously with slightly trembling hands, while Bai Qingfeng poured out the useless potions unhurriedly and glanced at Yun Feng. Yun Feng was the same. The rhythm of the two of them was methodical and unhurried.

Jiang Cheng was indeed anxious. He was anxious not only to succeed, but also to have an advantage in time. If the potions they made were of the same quality, whoever made them first would certainly win! Jiang Cheng couldn't help but become even more anxious under such a mentality. When he was going through the last important step of fusion, Jiang Cheng's hand suddenly shook. "Poof!" Another ball of black smoke rose. The second batch of potions failed!

Jiang Cheng's face couldn't help but turn pale. His wooden face, which had been expressionless, frowned fiercely at this moment. He only had one last chance... He couldn't help but glance at Bai Qingfeng and Yun Feng. The two of them were still in the second round of the pharmaceutical process. Jiang Cheng's heart couldn't help but sink when he saw this. He finally found some calmness. Looking at the last batch of herbs on the table, Jiang Cheng took a deep breath and the initial calmness returned to his eyes as he started the last round of the pharmaceutical process.

The two failures of the Jiang family caused another round of discussion. Looking at Yun Feng again, she had already reached the last step of the fusion. Yun Feng didn't look relaxed. She even looked a bit serious. She started later than others in traditional pharmaceuticals. If she didn't have strong comprehension ability, she would never have achieved her current strength. The potions she chose were very difficult. This time... she might not succeed.

“Poof!” As expected, black smoke rose in front of Yun Feng again. Looking at the ruined medicine at the last step, Yun Feng’s black eyes darkened and she poured out the destroyed medicine. Yun Feng looked at the last batch of herbs on the table. This was her last chance.

Bai Qingfeng looked over and saw that Yun Feng failed the second time. His eyes glittered and he shook his finger gently. As expected, a layer of black smoke came out of the potion bottle in his hand, which made the audience exclaim again. The second time, all the three families failed again!

Bai Zhiyu gritted his teeth in hatred. What was wrong with Bai Qingfeng? Did he screw up at the critical moment? He failed twice. Even though the Jiang family and the Yun family were the same, the Bai family shouldn’t be like this! Bai Zhiyu gritted his teeth in hatred on the ring, but there was nothing he could do. Bai Qingyan, who had been standing next to the ring and paying attention, narrowed his eyes. He clearly saw some movements that Bai Qingfeng shouldn’t have done just then. A thought flashed through Bai Qingyan’s mind. Did Bai Qingfeng do this on purpose?

The second time the three families all failed, it raised the atmosphere at the scene to the peak. Even the envoy of the Inner Region couldn’t help but move. Everyone’s eyes were firmly fixed on the three people on the ring as they returned to the starting point again. This time, they only had one last chance. Failure meant disqualification! Who would be the first to succeed?

Time passed minute by minute. Their widened eyes never left. People were wondering in their minds who would be the first to succeed in making potions. Would it be the Bai family? Or the Jiang family? Or the Yun family?

Jiang Cheng, who was the first to start making medicine for the third time, stared at the potion bottle in front of him firmly. The facial features on his wooden face were almost twisted together. He didn’t dare to blink as he looked at the boiling potion bottle. Finally, extremely tiny explosions appeared in the potion bottle. Joy flashed through Jiang Cheng’s eyes and he quickly took the potion bottle down. The liquid inside was a bit crystal clear. Jiang Cheng looked at the potion in front of him with an ecstatic look and suddenly raised his arms, shouting loudly, “I did it!”

This furious shout immediately attracted everyone’s attention. “It worked! The Jiang family was the first to succeed!”

!!

The Master of the Jiang family, who was sitting in the high seat, burst into laughter and nodded in relief. He glanced at Bai Zhiyu on the side provocatively. Bai Qingfeng’s eyes couldn’t help but darken when he glanced over. He had made a high-level three-star master potion! Bai Qingfeng looked at Yun Feng. Yun Feng didn’t notice Jiang Cheng. She just stood there and didn’t do anything. Bai Qingfeng couldn’t help but worry in his mind. Yun Feng could only beat Jiang Wu by making a perfect three-star master potion. Could she... do it?

Bai Qingfeng started making potions for the third time. The Jiang family had already succeeded. He couldn’t delay any longer, or it would arouse suspicion. Jiang Cheng had already succeeded. Bai Qingfeng started making potions for the third time. Only Yun Feng stood there without moving.

“What’s wrong with the summoner of the Yun family? Why is she standing there?”

“Did the news of the Jiang family’s success hit her too hard? After all, someone succeeded first. If she fails...”

“If she doesn’t get the first place this time, the Yun family won’t have a chance to enter the Inner Region.”

“That’s right. Even if they win the Magic Beast Ring, so what...”

Bai Zhiyu sneered in his mind. Even if the Jiang family won, he wasn’t afraid. He just needed to kick the Yun family out. Then, the Yun family, which lost the first two rounds, certainly wouldn’t be qualified to participate in the third round. By then, only the Jiang family would be left on the Magic Beast Ring. Tamer versus tamer, the Bai family would win no matter what!

They only needed to remove the Yun family, this thorn in their side, from the selection this time!

Bai Qingfeng soon reached the last step of the fusion. The subtle movement appeared again and the potion also succeeded, but the level was a bit unsatisfactory. Seeing that Bai Qingfeng also succeeded, the audience couldn’t help but talk even louder. Now that both families had succeeded, only the Yun family was left!

Bai Qingyan, who was standing aside, stared at Bai Qingfeng’s movements with his black eyes. As expected, Bai Qingfeng’s movements in the last step just then were deliberately off! Bai Qingyan smiled viciously. Bai Qingfeng, if I don’t kill you this time, my surname won’t be Bai anymore!

Yun Feng was the only one on the ring. The herbs were lying there quietly. Everyone was looking at Yun Feng anxiously. Bai Qingfeng and Jiang Cheng, who had successfully made the potion, were the same. Yun Feng suddenly raised her head and saw the Great Elder, who had been watching her on the platform. The two of them looked at each other. The Great Elder chuckled and gave a gentle smile. Yun Feng’s heart immediately warmed. She understood the meaning of that smile. Yun Feng lowered her head and took a deep breath. Come on, this is my last chance!

Taking a deep breath, Yun Feng closed her black eyes and the mental strength in her body began to surge out slowly, enveloping the herbs on the table heavily. Outsiders couldn’t sense Yun Feng’s movement at all. They could only see her standing there with her eyes closed, not knowing what she was doing.

“What exactly is she doing?”

“Is the summoner of the Yun family planning to forfeit?”

Seeing Yun Feng’s movement, Bai Qingfeng also frowned. Yun Feng, what exactly are you doing? Disdain flashed through the eyes of the envoy on the platform. Bai Zhiyu chuckled when he saw that. “It seems that Yun Feng is going to forfeit.”

The Great Elder of the Yun family chuckled. “It doesn’t matter even if she forfeits.”

The surging mental strength kept enveloping the herbs. Some hazy light also lit up in the dark world where Yun Feng closed her eyes. No, she was still too weak! The light was too hazy and intermittent. Yun Feng couldn’t catch it at all, let alone reassemble the elemental force! Her black eyes frowned

slightly. No, she couldn't give up this time! Her mental strength surged out crazily from her body far away and enveloped the herbs. A drop of sweat couldn't help but drop from Yun Feng's forehead. The hazy light was still intermittent and she was at a loss!

Was she really going to fail this time? No, even if she knew it was a long shot, she still had to keep trying!

The mental space inside Yun Feng's body spun crazily. The mental strength in Yun Feng's body flowed around her body like surging blood and kept running out of her body, spreading out, even causing a slight fluctuation in the surrounding space! Bai Qingfeng looked at Yun Feng with his eyes closed in shock. He clearly felt the abnormality in the surrounding space just then. Yun Feng, what exactly are you doing?

As her mental strength kept moving and flowing crazily, the sweat on Yun Feng's forehead also increased. Continuously adding mental strength was also an extremely great burden on her body. If her mental strength wasn't extraordinary, Yun Feng would have already fainted because of exhaustion.

Sweat dripped from Yun Feng's face drop by drop. The others were all confused and puzzled. However, in a certain dark space, mental strength slowly entered from the outside world forcefully with a faint five-color light. The originally dark space was mixed with light by the mental strength. The mental strength with five-color light slowly floated to a corner like a piece of silk and something that had been curled up there suddenly moved!

"Swish..." An extremely soft sound came from the ball of fur. It suddenly raised its fluffy white tail and reached into the air, touching the mental strength that was glittering with faint light. Then, its little ears moved a few times and it threw away the ultimate ore in its arms with its little claws. It raised its head, which had been buried in the soft fur, and its huge eyes that were as bright as grapes suddenly opened with dazzling light flashing in them!

Chapter 1267 Meatball Wakes Up (5)

"Fengfeng!"

A soft and powerful voice suddenly flashed through Yun Feng's mind. The moment this voice sounded, the blurry light spots in front of Yun Feng's eyes instantly became clear! Different colors of elemental light spots moved in front of Yun Feng's eyes. Yun Feng's heart suddenly shrank. Such a situation happened. Could that voice just then be...

"Nana, Fengfeng, na, na!" The soft voice sounded again. Yun Feng heard it clearly. Which other creature in this world could use na as a language? However, this time, she heard her name clearly! Meatball!

A dazzling light suddenly appeared next to Yun Feng. The sudden light made everyone exclaim. Bai Qingfeng widened his eyes in shock. What... What was going on? The light was so dazzling that he couldn't open his eyes. When the light finally faded, there was already something like a round white ball on Yun Feng's shoulder!

Meatball stood on Yun Feng's shoulder and looked at Yun Feng's closed black eyes excitedly with its big eyes. It flashed a few times and then its chubby body suddenly pounced over. Its chubby body full of

fluff kept rubbing against Yun Feng's face and its fluffy tail kept sweeping Yun Feng's cheeks, looking very excited and intimate. "Fengfeng, na, na, Fengfeng."

"W-What's this..." Bai Qingfeng was dumbfounded. What was this thing that was as fat as a ball? Where did it come from? Was it Yun Feng's contracted Magic Beast?

Meatball's appearance immediately dumbfounded everyone at the scene. However, Qu Lanyi, who was on the platform, frowned unhappily. That thing woke up? A glint of light flashed through his dark eyes. It seemed that he would have to put in more effort to get close to Fengfeng in the future. However, this thing could speak?

"What's that?" Bai Zhiyu was also stunned. The Great Elder of the Yun family was also extremely surprised. This girl had this type of Magic Beast? That was truly... unexpected!

Yun Feng certainly heard Meatball's call. Hearing that it could call her name, Yun Feng was extremely happy in her mind, but even though she was happy, she had more important things to do right now! "Meatball, did you hear what I said?" Yun Feng tried to send a telepathic message. Meatball, which kept hitting Yun Feng's face, suddenly stopped and closed its big eyes.

"Fengfeng, na, na!"

Yun Feng was delighted. She could communicate with Meatball telepathically!

"Meatball, I need your help this time." Yun Feng's voice came, followed by Meatball's joyful cry. "Nana, na!"

A wonderful connection was immediately established between the human and the beast. Even though a long time had passed, even though this was the first time the two of them communicated after Meatball woke up, everything was no stranger. Yun Feng felt this wonderful atmosphere and looked at the various elements that were jumping clearly in front of her eyes. A three-star potion of the master level was nothing. With Meatball here, she was going to reach the grandmaster level this time!

Yun Feng's red lips slowly curled up and she put on a confident smile with her black eyes closed. This smile made everyone suddenly quiet down! Yun Feng, who had been standing there for a long time, suddenly flipped her hand and a ball of bright flames appeared in her hand!

Everyone watched with their eyes wide open and couldn't take their eyes off it!

She threw all the herbs in with her bare hands. Under everyone's shocked and stunned gaze, the potion making began!

At this moment, whether it was on the ring or at the auditorium, they were all silent. There was only one person in everyone's eyes, Yun Feng, who was closing her eyes and holding fire in her hand on the ring!

"Is she crazy? How can she make medicine in such a way?"

"I think the summoner of the Yun family is crazy. And that ball that suddenly appeared on her shoulder. What's that? Is it her contracted Magic Beast?"

Some people couldn't help but mutter. They watched in shock and their hearts were racing. This was the first time they had seen such a rare and weird way of making medicine! Bai Qingfeng and Jiang Cheng

were both speechless. Jiang Cheng's jaw dropped in shock. He watched Yun Feng throw all the herbs into the fire and his jaw dropped even more. "She, she, she..."

Bai Qingfeng finally calmed down after the initial shock. Yun Feng couldn't be deduced with common sense to begin with. What happened to her couldn't be explained with common sense! She was such a young four-element summoner. The few Magic Beasts she contracted, her identity as a pharmacist, the way she refined medicine, and that fluffy white thing on her shoulder. Everything couldn't be judged with common sense. Anything was possible as long as it happened to her!

The envoy of the Inner Region narrowed his eyes and looked at this unbelievable scene in front of his eyes. This was the first time he had seen such a way of making medicine, but could she really make potions like this?

Everyone held their breath and waited quietly. After the initial silence, as time passed continuously, the commotion and doubts in their minds gradually became angry. Yun Feng had already stood there with her eyes closed for almost three hours. Apart from the fire that kept jumping in her hand and the faint figures of the herbs inside, nothing else had changed!

The commotion in their minds became greater and greater. Their attitude towards Yun Feng also changed from the initial shock to strong doubts. Such a way of making medicine had never been heard of before, let alone whether or not it would succeed. Was this summoner of the Yun family just pretending to make a gimmick?

"It's been three hours. Why is she still like this? What exactly is she doing with her eyes closed?"

"That's right. That fire isn't over yet. Was the potion roasted by this fire?"

"I think the summoner of the Yun family wanted to use an unusual method to win, but she didn't expect to be embarrassed right now."

"In that case, how long will we have to wait?"

"Take your time. If she fails, the Yun family will lose face."

"She's just a summoner! The Bai family and the Jiang family should be the winners of the potion ring this time."

"It's truly a pity for the Yun family. It's impossible without outstanding pharmaceutical talents. If the Bai family enters the Inner Region, nobody will provide potions for the Yun family anymore!"

There were buzzing discussions again, but this time, most of them were mocking the Yun family. The envoy of the Inner Region looked for a long time and still couldn't find anything. He also sneered and sat back down. He had truly overestimated the Yun family.

Chapter 1268 Shocking the Audience (1)

Seeing that Yun Feng didn't do anything else, Bai Zhiyu couldn't help but laugh crazily in his mind. He turned around and looked at the Great Elder of the Yun family on the side. "Great Elder, what exactly does Yun Feng mean? Is she stalling time?"

The Great Elder of the Yun family frowned slightly and rolled his eyes. "Master Bai, it seems that victory is in your hands. You're so rude."

Bai Zhiyu froze for a second and then sneered. He didn't have to pretend at all right now. The Yun family would definitely be kicked out this time. The Bai family was the candidate who could enter the Inner Region this time. The Yun family would belong to the Bai family sooner or later!

"It's enough to have dealt with the Yun family for so many years," said Bai Zhiyu coldly. The eyes of the Master of the Jiang family darkened after hearing that. As expected, Bai Zhiyu had other intentions for befriending the Yun family.

!!

Qu Lanyi snorted coldly. "You've been wearing a mask for too long. It's time to take it off, Old Bai."

"Kid! Aren't you afraid that I'll kill you with one hand?" Brutality flashed through Bai Zhiyu's eyes. This kid who appeared inexplicably in the Yun family provoked him time and time again. He was a God-Level powerhouse. This kid was even weaker than him. Wasn't he afraid that he would kill him with one hand?

Qu Lanyi looked up. "You've shown your nature. I don't have to be polite to you."

Mu Canghai looked at Yun Feng in the arena with his strange eyes. There was no change of expression on his cold face, but he turned around and glanced at Bai Zhiyu. "The competition isn't over yet. It's hard to say who'll have the last laugh."

Bai Zhiyu's face twitched a few times. "Humph! You're an arrow at the end of its flight after all! What a waste of effort!"

The Great Elder of the Yun family chuckled after hearing this. He glanced at Bai Zhiyu with pressure in his black eyes. "Who's wasting their time? We all know."

Bai Zhiyu's pupils shrank slightly. Even though he was also a God-Level powerhouse, his strength wasn't as good as the Great Elder of the Yun family. He didn't dare to be too presumptuous in front of the Great Elder of the Yun family. If it weren't that the Bai family would definitely enter the Inner Region, he wouldn't have torn off his hypocritical mask at this moment.

Qu Lanyi stared at the beauty in the arena with his black eyes. Looking at the corners of her mouth and her confident expression, a gentle glint of affection flashed through his eyes. Since that thing had woken up, Fengfeng would definitely not stop at the three-star master level this time. It was very likely... the grandmaster level!

There was an essential difference between the master level and the grandmaster level. Not only did it test the pharmacists' superb technique and proficiency in making potions, but it also tested their control of all kinds of herbs, especially in the traditional way of making potions. If they were slightly careless, a small deviation would lead to a series of failures! If they wanted to break through to the grandmaster level, apart from hard work, even though their talent also played a part, they needed time to train and accumulate. Without time to train, it was impossible for them to reach the grandmaster level in one step!

This was also the desire of many three-star master pharmacists. Once they stepped into the Grandmaster Level, they would have a glorious future! However, this threshold was truly high. Many pharmacists were stopped outside. For the Central Continent, there were only a single digit of grandmaster-level pharmacists!

Even though Yun Feng's way was unique and it was a way that she developed herself, it didn't include the process of taking tricks. Instead, it was the process of traditional potion making in another form. What Yun Feng needed to do was to fuse the different elements of many herbs together. Not only did she have to succeed, but she also had to reach the perfect level!

This was something that was very difficult even for Yun Feng right now. With Meatball's help, she could see all the elemental forces clearly, but she still had to rely on her own strength to fuse the elements! Yun Feng could do it at the three-star master level, but the grandmaster level was completely on a different level. It was also very difficult for Yun Feng to come into contact with it for the first time.

Even though the elemental force produced by high-level herbs could be distinguished clearly, it consumed a huge amount of mental strength to combine these elemental forces! Yun Feng only found out after trying to combine them that the mental strength consumed was even greater than she thought!

As expected of a grandmaster-level potion. If she could really make it so easily, it would truly be a bit humiliating for this level. Yun Feng mocked herself in her mind as her spiritual space quickly spun and another fierce mental strength surged out. Luckily, her mental strength was different from that of ordinary people, or she would have already lost it right now.

Those spots of elemental force that seemed to be very light suddenly turned into small heavy rocks the moment Yun Feng's mental strength came into contact with them. Yun Feng only felt strenuous! She gritted her teeth hard. Beads of sweat appeared on Yun Feng's forehead. Even so, her mental strength still pounced forward as usual and started to push these huge elemental light spots.

Move, fuse!

"Fengfeng, nana!" Meatball's loud voice came into Yun Feng's mind. Yun Feng knew that Meatball was cheering her on. She couldn't help but chuckle and said telepathically, "Alright, I'll definitely do my best!"

"Nana, nana!" Meatball's joyful voice gave Yun Feng an inexplicable motivation. The push of the elemental force also became more and more convenient. She felt extremely heavy just then, but she had already adapted slowly now. She gathered all the light spots of the elemental force in front of her. Yun Feng knew that the next most important step was the perfect arrangement and fusion of the elemental force!

Putting these elemental light spots that were as heavy as giant rocks into a perfect arrangement and fusing them together was a new challenge for Yun Feng! The grandmaster level was indeed extraordinary and the difficulty was greatly increased. However, no matter how difficult it was, she definitely wouldn't back down. She could only get something if she was willing to try and take risks!

Nobody in the outside world knew Yun Feng's current situation. They only saw that another hour had already passed when she stood still. It had been four hours. Everyone waited with her without moving for four hours. No matter how patient they were, they were about to be worn out.

Bai Qingfeng was anxious in his mind. If this continued, the envoy of the Inner Region would definitely be impatient. There was no time limit for the potion arena, but it couldn't be extended indefinitely. If the envoy of the Inner Region opened his mouth and said that the competition was over, wouldn't the Yun family be eliminated?

Yun Feng, what exactly are you doing? Bai Qingfeng could only stare and feel anxious. On the other hand, a disdainful smile flashed through Jiang Cheng's black eyes. Four hours had already passed. The summoner of the Yun family was indeed useless. She could make potions just by standing there with her eyes closed? What a joke!

#### Chapter 1269 Shocking the Audience (2)

Jiang Cheng turned around and looked at the crowd that was gradually becoming dissatisfied. He smiled in his mind. Soon, everyone's patience would be exhausted if they waited any longer. The potion ring was about to end.

Another hour passed. More and more sweat appeared on Yun Feng's forehead, and the flames on her palm became bigger and bigger. Heat waves surged out of the flames, but her black eyes were still closed. Bai Zhiyu, who was sitting on the platform, suddenly got up. "That's enough! Five hours have passed. Are we just going to watch her stand there and not move like a statue?"

This shout made the audience, who had been waiting for a long time, respond. The envoy of the Inner Region moved and didn't say anything. Bai Zhiyu looked down at the Master of the Jiang family. "Master Jiang, what do you think? It's time to end this potion ring, right?"

The Master of the Jiang family chuckled. He certainly agreed to end it. There would only be benefits and no harm in kicking out the Yun family. He certainly had to give it a push. "Master Bai, you're right. Even though there's no fixed time for this competition, we can't just waste time like this. Otherwise, who knows how long it will take? Don't you agree, Master Yun?"

!!

The Great Elder of the Yun family didn't say anything, but frowned slightly. He didn't believe what these two old things said. Yun Feng definitely wasn't just standing there, or doing nothing! Qu Lanyi's black eyes glittered. He couldn't stand up and say anything in such an occasion. He could only rely on Fengfeng herself.

Bai Zhiyu turned around and looked in the direction of the envoy of the Inner Region. He cupped his hand in the other and said loudly, "Lord Envoy! Even though there's no fixed time for the potion arena this time, two of the three families have already come to a conclusion. As for the remaining Yun family... It's obvious that we don't know what they're doing. If we wait like this meaninglessly, I suggest we end the arena competition right now!"

What he said made the audience agree. They had waited for five hours! No matter how slow she was, there should be a result! The key was that they had seen Yun Feng standing there in these five hours

without even moving. They shouldn't look at the sculpture anymore! Rather than that, they should end it as soon as possible!

The crowd immediately replied. Bai Qingfeng's heart couldn't help but sink after hearing that. Oh no! If this continued, Yun Feng would undoubtedly be eliminated!

Jiang Cheng chuckled in his mind after hearing that. The potions Bai Qingfeng made this time definitely weren't as advanced as his. It seemed that the Jiang family would definitely get the first place this time!

The envoy of the Inner Region raised his brows slightly after hearing that. He slowly stood up and glanced down, showing a smile as he looked at the Great Elder of the Yun family. "Great Elder of the Yun family, what do you think? Should we continue waiting or announce the end?"

The Great Elder of the Yun family's eyebrows twitched fiercely. He certainly didn't want it to end just like that, but in the current situation, it was useless no matter what he said, unless that girl opened her eyes! Qu Lanyi was about to say something, when the Great Elder of the Yun family waved his hand and asked him not to say anything. He looked up. "Of course, I'll listen to most people."

Qu Lanyi was stunned. The Great Elder of the Yun family sat there with his chin tightened and nothing could be seen from his expression. The envoy of the Inner Region smiled in satisfaction after hearing that. He glanced at Yun Feng below and said, "It's been so long. The pharmacist of the Yun family hasn't done anything. In my opinion..."

"Wait!" Qu Lanyi suddenly stood up and narrowed his eyes to feel the subtle fluctuations in the space. Shock and joy flashed through his black eyes!

"You..." The envoy looked at Qu Lanyi unhappily, but Qu Lanyi burst into laughter and put on a smile. "It's not over. The potion arena isn't over yet!"

"Whoosh—" There was the sound of flames roaring. The flames that kept jumping in Yun Feng's hand suddenly jumped dozens of meters high and shot out astonishing heat. Strong energy waves surged out of the depths of the flames at this moment. They were so pure!

"What?" Bai Zhiyu and the Master of the Jiang family were both shocked. They couldn't wait to stick their bodies out. The envoy of the Inner Region couldn't help but look startled when he felt the energy waves that kept surging out. Such energy waves... The envoy of the Inner Region suddenly stuck his head out and stared at Yun Feng below with his black eyes. How was that possible? How was she possible?

"Yun Feng, you..." Bai Qingfeng was the first to feel the fluctuation inside Yun Feng's fire. His black eyes had already widened to the extreme. Such an energy fluctuation. Perhaps... Perhaps she created...

"That's impossible! She can't have made it!" Jiang Cheng roared. He wanted to rush over, but Bai Qingfeng stopped him. Jiang Cheng stared at the fire that rose from Yun Feng's hand firmly as his heart raced. Impossible, how was that possible?

"What exactly happened?" The crowd were all confused, but judging from the summoner of the Yun family, something extraordinary seemed to be about to happen!

"It seems that those powerhouses are all very excited! Did the summoner of the Yun family succeed?"

"Succeed? Can you really make potions with that method?"

“Who knows? But seeing how excited those powerhouses are, something shocking might happen!”

Everyone’s emotions rose again. Everyone focused their eyes on Yun Feng again and saw that the fire rose higher and higher. The heat waves came one after another, as if they were in magma, and the various herbs that were originally rolling in the fire were already gone! The energy that kept emitting from the inside of the fire changed from small to big, from weak to strong, spreading step by step!

Finally, those closed black eyes opened at this moment!

“Swish!” The rising and roaring fire instantly disappeared. The audience couldn’t adapt to it and couldn’t help but widen their eyes. What exactly was in the fire? Yun Feng quickly took the potion bottle on the side with her fair hand and looked at the red liquid that appeared in the fire with a smile in her black eyes. This liquid was like a fairy born from fire. The liquid seemed to have some kind of spirituality and emitted vigorous energy waves. Yun Feng picked up the bottle and put it on. The energy waves were also instantly cut off!

Meatball on Yun Feng’s shoulder also opened its eyes and looked at the bottle in Yun Feng’s hand with its big eyes. “Fengfeng, na!”

Yun Feng chuckled and touched Meatball’s fluffy body gently with her finger. Meatball consciously moved its body closer, looking like it was enjoying it very much. Bai Qingfeng was suddenly relieved. At the same time, his heart was pounding crazily. He looked at the potion in Yun Feng’s hand with glittering black eyes. If he was right, the level of that bottle of potion...

Chapter 1270 Shocking the Audience (3)

Yun Feng raised her head and looked at the Great Elder of the Yun family on the platform. The Great Elder of the Yun family chuckled and Yun Feng also smiled. She turned the bottle in her hand a few times and the fiery red liquid inside spun a few times happily. Its color and texture were all unusually transparent. Just looking at it made people unable to look away!

Jiang Cheng was already dumbfounded. He looked at Yun Feng in disbelief. He opened his mouth and couldn’t say a word. There was only one word in his mind, impossible. However, no matter how impossible it was, he couldn’t overturn the fact that it already happened!

“I think the potion arena can end now,” said the Great Elder of the Yun family casually. Bai Zhiyu and the Master of the Jiang family stood there and didn’t know what to say. The two of them didn’t know much about potions. Even though Yun Feng succeeded, in their minds, the level of the potion shouldn’t be high.

“Hm, it’s good to end it. What kind of brilliant potion can she make with that method?” Bai Zhiyu snorted and sat back down. The Master of the Jiang family also sat back down with the same mentality. Qu Lanyi sneered and didn’t say anything. Mu Canghai asked in a low voice with a tremor in his voice, “Qu Lanyi, could the level of the potion Yun Feng made be...”

!!

Qu Lanyi chuckled with pride in his black eyes. “The grandmaster level. Absolutely!”

Mu Canghai suddenly widened his eyes. Grandmaster Level! Yun Feng, you can make a Grandmaster Level potion!

The envoy of the Inner Region, who had been calm and even disdainful on the platform, suddenly jumped off the platform, creating a strong wind. He stood in front of Yun Feng and looked at her deeply. Yun Feng chuckled. Meatball on her shoulder suddenly opened its little mouth and bared its sharp teeth, even letting out a very unfriendly growl. The envoy of the Inner Region suddenly frowned.

“Lord Envoy, please judge.” Yun Feng smiled lightly. The eyes of the envoy of the Inner Region glittered as he turned around and walked to Jiang Cheng. Jiang Cheng was a bit soulless at this moment. He was still in shock. Even the envoy of the Inner Region didn’t react when he came in front of him.

The venue was also silent. Everyone was waiting for the envoy of the Inner Region to announce the level of the potions. Which of these three families would get the first place? Also, what level of potions did the three of them make? The bottle in Yun Feng’s hand was the thing they were most concerned about!

“Three-star master, three-star difficulty, high-level quality.” The envoy of the Inner Region glanced at Jiang Cheng’s potion and said indifferently. The Master of the Jiang family couldn’t help but heave a sigh of relief. Then, the envoy of the Inner Region walked to Bai Qingfeng. Bai Qingfeng took out his potion. Bai Zhiyu’s heart was almost in his throat on the platform. Whether the Bai family could enter the Inner Region depended on this!

Looking at Bai Zhiyu’s nervous and expectant expression, Qu Lanyi sneered in his mind. Bai Zhiyu, your dream is destined to be shattered this time!

“Three-star master. Two-star difficulty. Quality... low.” The envoy raised his brows and glanced at Bai Qingfeng. Bai Qingfeng smiled lightly and didn’t say anything. Bai Zhiyu almost fainted after hearing this result. The veins on the back of his hands and neck bulged. The difficulty was two-star and the quality was low! What exactly was going on?

The Master of the Jiang family chuckled and glanced at the Master of the Bai family gloatingly. He was so angry that his hands trembled. Bai Qingfeng’s strength was definitely not like this! How could he have dropped the ball at the critical moment? How could he embarrass the Bai family at this moment?

The envoy of the Inner Region then walked in front of Yun Feng. The audience immediately held their breath. “The Bai family has been defeated. If Yun Feng wants to win, she must surpass them in quality or have a grandmaster-level potion!”

“Grandmaster Level? Can you stop joking? How old is she?! I guess even people in the Inner Region might not be able to reach the Grandmaster Level!”

The envoy of the Inner Region walked in front of Yun Feng and stared at the potion without saying anything. It was so quiet that even a needle could be heard on the ground. Bai Zhiyu immediately forgot his anger and stared at Yun Feng firmly. The Master of the Jiang family was also a bit nervous and uneasy. Whether the Jiang family could get the first place depended on Yun Feng!

The heart of the Great Elder of the Yun family couldn’t help but pound a few times. Even if this girl failed, she had already done her best. This girl had already done enough for the Yun family! He believed

that even if the Yun family didn't enter the Inner Region this time, nobody in the Yun family would blame her. On the contrary, they would be deeply grateful!

The black eyes of the envoy of the Inner Region glittered. Yun Feng stood there and didn't say anything. Finally, the envoy of the Inner Region said slowly, "One-star grandmaster, one-star difficulty, quality... perfect."

Everyone was shocked! The Grandmaster Level, it was really a Grandmaster Level potion! Even though the difficulty was one-star, it was of perfect quality!

"Crack!" Jiang Cheng crushed the potion bottle in his hand into pieces. He didn't seem to feel the dark red blood flowing out of his hand. Grandmaster Level... Yun Feng made a grandmaster-level potion in that unbelievable way!

Bai Qingfeng's heart also pounded hard. He had expected her to be at the grandmaster level, but she was at the perfect level! Yun Feng was truly... successful and reached the perfect level on the first try! If it were him, he would have to work hard for another hundred years! He originally thought she was a genius in strength and talent. He didn't expect her to be so talented in potions!

"What?" Bai Zhiyu sat there and his body trembled fiercely. The Grandmaster Level! Yun Feng made a potion of the Grandmaster Level! Bai Zhiyu suddenly turned around and looked at the Great Elder of the Yun family with a faint smile on his face with waves of hatred in his eyes. No wonder the Yun family was fearless. No wonder he was so calm just then. No wonder he didn't care what the Bai family did. He, this old fox, had already known that all of this was just to fool others!

"Grandmaster Level! Yun Feng, are you human?" Someone in the audience suddenly shouted. Then, cheers came like a tide. People were shocked by this result, deeply shocked!

"Grandmaster Level, as expected of the Yun family!"

"They're indeed a large family! Hahaha, I can't believe we have such a powerful pharmacist here other than the Inner Region!"

"Yun Feng, you're too f\*cking inhumane!"

Yun Feng didn't know whether to laugh or cry when she heard this roar. Meatball roared in dissatisfaction and Yun Feng quickly touched it to comfort it. The envoy of the Inner Region glanced at Meatball on Yun Feng's shoulder and suddenly chuckled. "It's truly surprising that the Yun family has someone like you."
