

Summoner 1271

Chapter 1271 Shocking the Audience (4)

Yun Feng chuckled. "There are many people in the Yun family who are more outstanding than me."

The envoy of the Inner Region chuckled. "It seems that the Yun family is going back to the Inner Region this time."

Yun Feng looked up. "The Inner Region is where the Yun family belongs."

The envoy of the Inner Region raised the corners of his mouth. "With such a descendant in the Yun family, the three elders of the Yun family will have a lot less worries. Then, I might as well look forward to the performance of the Yun family in the third round."

!!

Yun Feng smiled and looked into the eyes of the envoy of the Inner Region without flinching. "Then let's wait and see, envoy."

"Nana, na!" Meatball shouted unhappily. The envoy of the Inner Region frowned and walked to the front. "The Yun family wins this time!"

Cheers burst out at the venue. The Yun family stood out in the second round of potions. The grandmaster-level potion shocked the audience, while the Bai family, who won in the first round, was the last. The Jiang family got the second place. In this way, the three families weren't eliminated and were all qualified to enter the third round.

The Jiang family had no hope of entering the Inner Region anymore. It didn't matter if they could participate in the third round or not. However, it was very embarrassing to forfeit voluntarily. Even if they knew that they were just a sidekick, the Jiang family had to brace themselves. Only the Bai family or the Yun family could qualify to return to the Inner Region.

There were ten days between the Magic Beast Arena and the Potion Arena. As for the details, they were still not revealed. It seemed that the Magic Beast Arena was a bit different. The Jiang family and the Bai family were both participating in the contest with tamers, while the Yun family was participating in the contest with a real summoner! In comparison, the Yun family became the popular candidate for the winner. The tamers weren't worth mentioning in front of the summoners at all! Besides, Yun Feng of the Yun family was a four-element summoner! The Magic Beasts she contracted were all so fierce. She would only win no matter what!

Everyone in Yan City kept talking about the Yun family, especially Yun Feng's performance on the potion ring. Yun Xiang woke up after careful tending. Apart from her body being a bit weak, she was already fine. Hearing that Yun Feng had made a grandmaster-level potion, Yun Xiang almost choked in her throat. "Grandmaster-level! Yun Feng, you... You're too amazing!" Her originally pale face was also unusually excited because of the news. Yun Feng chuckled and was also relieved to see that Yun Xiang was fine.

She had already given the grandmaster-level potion to the Great Elder. The Great Elder wanted her to keep it for herself. After all, it wasn't easy to make it and its level was so high. However, Yun Feng shook

her head and insisted on leaving it for the Yun family. The Great Elder could only accept it in relief and sigh that the Yun family was truly lucky to have such a descendant.

For Yun Feng, she would have grandmaster-level potions again. It was just a piece of cake for her. Besides, she should give them to her family.

After exclaiming, Yun Xiang looked at Meatball on Yun Feng's shoulder curiously. Ever since Meatball woke up, it had been occupying Yun Feng's shoulder firmly as usual. Qu Lanyi was smart enough not to get close to Yun Feng. Meatball had just woken up, so it certainly had an almost persistent sense of possession towards Yun Feng.

Sensing Yun Xiang's gaze, Meatball twisted its body unhappily and showed its butt. Yun Xiang couldn't help but laugh heartily when he saw this round butt. "Haha, hahaha! Yun Feng, is this your Magic Beast? It's too interesting!"

Yun Feng turned around and saw Meatball's little butt. She couldn't help but smile helplessly. It still hadn't changed its habit of not letting anyone else get close to her. It didn't like letting other people look at her anymore right now. Yun Feng couldn't help but flick this chubby little butt with her finger. Meatball immediately turned its head around and its big eyes glittered a few times in grievance. Its fluffy tail immediately covered its little butt. Yun Feng was also amused by Meatball's expression.

"Is it your ornamental pet? Where exactly did you buy it? I want to buy one too. It's truly interesting, really interesting!" Yun Xiang was amused again. She couldn't help but reach out and touch her tears of laughter. She also wanted to have such an interesting little thing. Her life in the future would definitely be endless fun.

Meatball suddenly growled unhappily after hearing what Yun Xiang said. Its fluffy body turned around and its originally cute little face immediately became ferocious. Yun Xiang was shocked by this sudden change of expression! "Nana, na!" Meatball cried a few times unhappily. Yun Xiang was stunned and looked at Yun Feng quite nervously. "What... What's wrong with it?"

Yun Xiang lifted Meatball up. Meatball waved its little claws unhappily. Yun Feng frowned as she carried it like this. "Have you gained weight?" The ferocious expression on Meatball's face quickly disappeared and it blinked its big black eyes.

"What you said about the ornamental pet just then made it a bit upset. Even though it looks like this, when it's fierce..." Yun Feng stopped talking. When Meatball was fierce, it could even ignore the defense of a Golden Dragon. Thinking back, Uncle Flirtatious was also extremely afraid of its sharp teeth and its disregard for space...

Even though Yun Feng didn't explain in detail, Yun Xiang had already felt something from Meatball's sudden change of expression just then. Yun Xiang chuckled. "Ahem, you should be the one to deal with such a Magic Beast..."

"Fengfeng, na, Fengfeng!" Meatball cried, as if it wanted to get close to Yun Feng, but Yun Feng was up to no good. She just held Meatball's body and swayed it gently so that it couldn't reach her. Meatball looked at Yun Feng in dissatisfaction, but it let her do this. However, Yun Xiang couldn't bear to see its pitiful look.

“Yun Feng, it seems to want to get close to you. Stop teasing it.”

Yun Feng burst into laughter. Life was indeed much more fun with Meatball around. She held Meatball’s body with both hands and Meatball put its two front claws on the back of Yun Feng’s hand. Its body was dragged in the air by her hand and its fluffy tail swayed in the air again and again.

“Yeah, it’s not close to anyone except me.”

Yun Xiang smiled and said mockingly, “That won’t do. How can Qu Lanyi get close to you?”

Yun Feng blushed and glared at Yun Xiang. “What nonsense are you talking about?”

“Haha, I’m not talking nonsense. With this little thing here, Qu Lanyi has been staying far away from you these few days. In that case... he might be complaining in his mind. Aren’t you afraid that he’ll be seduced by a gorgeous woman?”

Chapter 1272 Shocking the Audience (5)

Yun Feng blushed even more and smiled sweetly. “No, I believe in him.”

Yun Xiang smiled when she saw her expression. Neither of them noticed that Meatball’s little ears had already pricked up completely and it listened to the conversation between the two of them very carefully. Seeing the blush on Yun Feng’s cheeks with its big eyes, Meatball suddenly realized something. Its body also became restless in Yun Feng’s hands. It scratched the back of Yun Feng’s hand with its two little claws gently and finally caught Yun Feng’s attention.

“What’s wrong?” Yun Feng shook Meatball’s body and asked with a smile. “Are you hungry?”

Meatball extended its little claws a few times and its chubby body wanted to move forward. Yun Feng raised her brows and didn’t know what it was going to do. It looked at Yun Feng anxiously with its grape-like big eyes. “Fengfeng, I like you. Nana, Fengfeng, Nana!”

Yun Feng was stunned, and so was Yun Xiang. Meatball’s chubby body struggled in Yun Feng’s hand and finally came out. It suddenly jumped on Yun Feng’s shoulder and leaned over. “Nana, Fengfeng, I like you. Nana!”

“Hahaha! Haha, Yun Feng! This little thing likes you!” Yun Xiang laughed crazily as tears flowed out of her eyes again. Yun Feng was also speechless. Meatball was still talking in its own language very persistently. Apart from that, there was also another thing, it likes Fengfeng.

Very good. Meatball could finally say the third word. However, why was it so awkward when these three words were combined?

Meatball looked at Yun Feng with its big eyes. Yun Feng was also very helpless. She reached out and picked it up again, holding it in the air. “I like you too.”

Meatball was startled. Then, it suddenly shook its little head again and again. “Nana, I like Fengfeng, na!”

Yun Feng sighed. “Alright, I know you like me, so I said I like you too.”

Meatball was stunned. Then, its little head suddenly lowered in frustration. Yun Feng touched its fluffy little body and took out an ultimate ore, giving it to Meatball. Meatball was holding its favorite ultimate ore with its little claws, but it wasn't interested at all. As if it wanted to vent its anger, it suddenly opened its mouth and stuffed the ultimate ore inside!

Yun Xiang was dumbfounded, especially after hearing the cracking sounds of the ores. She couldn't believe that this little thing ate ores, and ultimate ores at that!

Meatball soon finished all the ultimate ore and jumped back to Yun Feng's shoulder again. It turned around and its butt appeared again, lying on Yun Feng's body quietly and not making a sound. Yun Feng didn't know why Meatball was throwing a tantrum, so she let it be. She was good that it woke up.

Yun Xiang smiled helplessly. The Magic Beasts around Yun Feng weren't simple at all. She had many fortuitous encounters along the way to have such a harvest, so she certainly encountered a lot of dangers.

"Bai Qingfeng gave this to you." Yun Feng took out Bai Qingfeng's potion. Yun Xiang's face immediately darkened and she took the potion without saying anything. Yun Feng said, "Bai Qingfeng didn't let the Bai family win this time. It seems that the Master of the Bai family won't let him get away with it."

Yun Xiang's face darkened even more and she couldn't help but tighten her grip on the potion. "We don't have to worry about that at all. That's the Bai family's business."

Yun Feng couldn't help but sigh when she saw how depressed Yun Xiang was. Yun Xiang was also worried at this moment, but this girl was too stubborn. Fine, she would know Bai Qingfeng's good intentions after the selection this time. By then, the two of them would be together as they wished.

"Right, they still haven't told us the details of the Magic Beast Ring?" Yun Xiang asked worriedly. Yun Feng nodded. "There's no news at all. I wonder what the Inner Region is up to this time. The Magic Beast Ring... Humph!"

"I keep feeling that there's something wrong with the Magic Beast Ring. Yun Feng, be careful!"

Yun Feng chuckled. "Don't worry. I know what I'm doing. Even if the envoy of the Inner Region wants to touch me, he has to think carefully."

Yun Xiang was relieved to hear that. Not everyone dared to provoke a level-9 four-element summoner! In order not to disturb Yun Xiang's rest, Yun Feng got up and left. After Yun Feng left, Yun Xiang lay on the bed and took out Bai Qingfeng's potion bottle. Her eyes turned red as she stared. She held the potion bottle tightly in her hand and pressed it against her chest where her heart was beating. Yun Xiang closed her eyes and whispered with trembling lips, "What a fool, a fool..."

Yun Feng glanced at Yun Xiang's closed door with a smile in her eyes. Bai Qingfeng might not know that he had already walked into Yun Xiang's heart a long time ago... Yun Feng's black eyes turned around and her expression was cold. The details of the Magic Beast Ring were still not announced. Had the Inner Region been coming for the Yun family to catch them off guard?

Her red lips curled up. Since they were here for the Yun family, she certainly had to accept the challenge generously. The news that she made a grandmaster-level potion must have already spread to the Inner

Region. Some people were going to be enraged. Yun Feng smiled, but there was a hint of coldness in her eyes. This time, nobody could stop the Yun family from returning to the Inner Region!

The first and second rounds of the contest had already passed. Even though the two rounds had already passed, the final winner was still unclear. Even though the three families had all entered the third round, the Jiang family was equivalent to being eliminated. It depended on the performance of the Bai family and the Yun family in the third round. Since the secrecy of the Magic Beast Ring in the third round was very good, nobody dared to say who would win. Some supported the Yun family and some supported the Bai family.

During this period of time, apart from the grandmaster-level potion made by Yun Feng in the second round of the Yun family, everyone was talking about the Magic Beast Ring. There were all kinds of guesses. It could be said that there were all kinds of speculations. It was precisely because they didn't know anything that it was more expected and challenging. At the same time, there were also more variables. In such a heated atmosphere, the third round of the Magic Beast Ring finally began slowly.

Yun Xiang's injuries were already fine after a few days of recuperation. When the third round of the Magic Beast Arena began, Yun Xiang had already returned to normal, except that her aura was a bit weak. The day of the third round of the Magic Beast Arena was still hot like a tide and there were as many people as a sea. The selection convention would also end on this day. It would be revealed today which family could enter the Inner Region!

The contestants of the three families had already arrived. Yun Feng from the Yun family, a tamer from the Bai family, and Jiang Jianping from the Jiang family, who was also a tamer. As a contestant of the Yun family, Yun Xiang stayed below the ring with Yun Feng. When she saw that Bai Qingyan was the only one from the Bai family standing there, Yun Xiang's face darkened. "Yun Feng, Bai Qingfeng isn't here."

Chapter 1273 The Yun Family Will Be the Winner (1)

Yun Feng glanced over with her black eyes and saw that Bai Qingfeng was indeed gone. Only Bai Qingyan was standing there alone. Yun Feng couldn't help but frown. Bai Qingyan noticed that the two of them were looking at him too, but there was an inexplicable meaning in his eyes. Yun Feng's heart couldn't help but jump. Had Bai Qingfeng been seen through or something happened? Thinking of this, Yun Feng couldn't help but feel anxious. Speaking of which, she hadn't seen Bai Qingfeng in the past few days. With his worries about Yun Xiang, he certainly couldn't stay hidden. Since Meatball woke up, Yun Feng was a bit too happy and didn't notice this. Now that Yun Feng thought about it carefully, she felt that something was wrong.

Bai Qingyan walked over with a smile and looked at Yun Xiang. "Yun Xiang, are you looking for that traitor, Bai Qingfeng?"

Yun Feng's black eyes darkened. Bai Qingfeng had been discovered! Yun Xiang was stunned. "What do you mean? What traitor?"

Bai Qingyan sneered. "That traitor played a trick on the potion ring on purpose. Even though he can't compare to you, Yun Feng... the Bai family shouldn't have fallen to the last place!" Bai Qingyan's words couldn't help but become fierce. Yun Xiang immediately looked awful. With Bai Zhiyu's vicious mind, Bai Qingfeng was probably...

Bai Qingyan chuckled. "Yun Xiang, what's so good about that thing that betrayed the family? If he can betray the Bai family, he can certainly betray you! You won't have a chance to see him again in the future!" After saying that, Bai Qingyan glanced at Yun Feng coldly and turned around to leave. Yun Xiang's body trembled slightly and she clenched her fists tightly.

"Yun Xiang, he'll be fine." Yun Feng immediately reached out and held Yun Xiang's cold fist. Feeling her slight tremble and the rare panic in her eyes, she knew that Yun Xiang must be in chaos right now.

"What betrayal? Why don't I understand... How is it possible for that idiot, Bai Qingfeng... How would that old bastard, Bai Zhiyu, let him go? He's his son. Bai Zhiyu cannot be so ruthless!" Yun Xiang suddenly raised her head with anxiety flashing in her eyes. "Yun Feng, I'm going to find him!"

"Go." Yun Feng shook Yun Xiang's hand hard. "But you must promise me that you won't do anything reckless!"

Yun Xiang nodded as she turned around and ran over quickly. Seeing that, Bai Qingyan also turned around and disappeared. Seeing that Bai Qingyan left, Yun Feng looked up at the platform. Qu Lanyi was looking at her with his black eyes. Their eyes met and Yun Feng's red lips opened gently, Bai Qingfeng.

Qu Lanyi's black eyes glittered and he nodded without batting an eyelid. Yun Feng was relieved in her mind. She certainly couldn't leave. Yun Xiang had just recovered and was alone. With Qu Lanyi here, she would certainly be fine. Even if Bai Qingyan did anything bad, she didn't have to worry.

Qu Lanyi withdrew his gaze and scratched his chin with his slender fingers. He stood up. Seeing that, Mu Canghai asked in confusion, "Qu Lanyi, where are you going?"

Qu Lanyi raised his thin lips. "Do you want to go to the toilet together?"

Mu Canghai was stunned and a bit speechless. Qu Lanyi nodded at the Great Elder of the Yun family and got up to leave. Bai Zhiyu and the Master of the Jiang family only grunted when they saw that. It was good that this arrogant kid left. It would be quiet!

Mu Canghai looked at Qu Lanyi's back as he left and was a bit confused. Toilet? What kind of weird reason was that?

Yun Xiang, Bai Qingyan and Qu Lanyi's secret departure didn't attract anyone's attention, because the main characters today were the three contestants who were about to go on stage. Meatball sat on Yun Feng's shoulder and glanced at the ring lazily with its big eyes. It opened its mouth and yawned loudly. It swung its fluffy tail behind its butt and looked at Yun Feng's neck. It then found that it was smooth and she wasn't wearing anything.

Meatball immediately stood up and pried open Yun Feng's collar with its little claws. It even stuck its little claws in and scratched gently. After confirming that there was nothing, it suddenly narrowed its big eyes. "Nana, Fengfeng, nana!"

Feeling Meatball's little claws scratching her neck gently, Yun Feng quickly pushed its claws away. She turned around and saw the confusion in its black grape-like eyes. She knew that Meatball should be asking about that black jade pendant.

“A lot of things happened while you were sleeping. This black jade pendant... I took it off for some reason. I’ll tell you when I have time after the selection convention.”

Meatball finally nodded and sat back down. It blinked its big eyes a few times, thinking about something. Yun Feng touched Meatball’s body gently with her finger and glanced at the platform where the envoy of the Inner Region was. He was the one who announced the rules. What were the rules of the Magic Beast Ring?

The heated discussion around the ring finally stopped after the envoy of the Inner Region made a move. The envoy of the Inner Region landed from the platform and stood in the center of the ring. “All three contestants, come up.” His indifferent words raised the atmosphere of the venue to the highest point. The most mysterious and exciting Magic Beast Ring had begun!

Yun Feng jumped onto the stage, and so did Jiang Jianping and the tamer of the Bai family. The envoy of the Inner Region glanced at them and chuckled. He fixed his gaze on Jiang Jianping. “It doesn’t matter if the Jiang family participates in the Magic Beast Ring or not, but it’s good that they’re here.”

Jiang Jianping’s face suddenly flushed. The Jiang family was already eliminated at this moment, but he had to brace himself for their face. However, he more or less felt humiliated in his mind. The envoy of the Inner Region continued, “Since the Jiang family has already been eliminated, it’s the Bai family and the Yun family this time. I’ll give the Jiang family a chance right now. Which side are you on, the Bai family and the Yun family?”

After hearing this, not only the three people on the ring, but also the three elders on the platform were stunned!

“Does the envoy of the Inner Region mean two against one?”

“F*ck, that’s too... Even though Jiang Jianping is a tamer, it’s not fair to fight two against one!”

“It depends on which side the Jiang family is on. The side he’s on has more chances of winning!”

“It seems that the Jiang family is here to work for someone else and be a green leaf!”

“Hahaha, you’re right. Let’s see how the Jiang family chooses.”

The Master of the Jiang family sat there with a flushed and pale face. If he had known this would happen, he wouldn’t have participated in the third round. It was better to lose face than to contribute to these two families for no reason! Jiang Jianping was also dumbfounded standing on the stage. Whose side was he on? Even if the Jiang family was eliminated, he shouldn’t have been insulted like this!

Chapter 1274 The Yun Family Will Be the Winner (2)

However, this was what the envoy of the Inner Region said. No matter how humiliated the Jiang family was, there was nothing they could do. The Jiang family’s master had lost his face. In the end, he even became the help of another family. How could he stand this?

After the initial shock, Bai Zhiyu quickly thought about it. “Master Jiang, if you can stand on the Bai family’s side, the Bai family will certainly reward the Jiang family after entering the Inner Region.”

The Great Elder of the Yun family sat on the side steadily and didn't say a word. Mu Canghai raised his brows in disgust on the side. The Bai family had spent so much time building a good relationship with the Yun family before. Once their masks were torn, they would really change their attitude quickly. Wasn't they afraid that everyone would laugh at them if word got out? For Bai Zhiyu right now, it didn't matter what mockery he would endure! As long as the Bai family could enter the Inner Region in one go, who would dare to say anything bad about the Bai family? By then, the Yun family would just be at his disposal!

The Master of the Jiang family raised his brows. "Master Bai, aren't you on good terms with the Yun family? Why are you here to rope me in now?"

!!

Bai Zhiyu chuckled. "Master Jiang, you're wrong. The Bai family and the Yun family were on good terms in the past. There's only one person who can enter the Inner Region. Even brothers will inevitably fall out with each other in front of the spot."

The Master of the Jiang family raised the corners of his mouth. "Great Elder of the Yun family, don't you want to talk to me?"

The Great Elder of the Yun family glanced at him indifferently. This extremely calm gaze made the Master of the Jiang family furious in his mind. Why was the Yun family so arrogant? They thought they were invincible with a four-element summoner! The two tamers together might be as powerful as a summoner!

"Alright! I'll help the Bai family this time! Don't forget this favor when you get to the Inner Region."

Bai Zhiyu burst into laughter after hearing that. "Master Jiang, you're indeed a smart person. Don't worry. The Bai family will generously reward the Jiang family when we enter the Inner Region!"

The Great Elder of the Yun family didn't even bother to talk to them. His gaze was fixed on Yun Feng on the ring. On the one hand, he believed in Yun Feng's ability, and on the other hand, even if the Bai family and the Jiang family joined forces, so what? If they lost, so be it. If they won, so be it!

The Master of the Jiang family stood up and said loudly, "The Jiang family is on the Bai family's side!"

The entire venue was in an uproar!

"The Bai family has always been on good terms with the Yun family. It seems that they might turn against each other right now!"

"At this moment of interest, who cares about friendship?"

"That's true. This is a chance to enter the Inner Region. There's only one chance. It doesn't make sense if they don't fight to the death!"

"That's right. Even brothers can kill each other for property and power, let alone the Yun family and the Bai family!"

Jiang Jianping wasn't very unhappy to hear that. If it was up to him, he would also stand on the Bai family's side. It was impossible for him to stand on the Yun family's side at all! He didn't forget how Yun

Feng talked about him in front of so many contestants back then! What did she mean by he could be both a man and a woman?

“Humph! That’s exactly my plan.” Jiang Jianping sneered and stood next to the tamer of the Bai family. He twisted his body a few times. The envoy of the Inner Region didn’t seem surprised at all, as if he had already expected this. He glanced at Yun Feng, who chuckled. “That’s good. We can save ourselves a lot of trouble.”

The envoy of the Inner Region raised his brows and glanced at them with a faint smile. Jiang Jianping and the tamer of the Bai family both looked gloomy. Even though the two of them were both tamers, tamers weren’t a profession that people should underestimate! The power of the two tamers working together was also extremely huge! Yun Feng was a bit too arrogant!

“The Jiang family and the Bai family are considered one team. The rule is very simple. There’s no limit to the number and species of Magic Beasts. Whoever can eliminate all the other party will be the winner!”

Eliminate!

Yun Feng’s black eyes glittered. It wasn’t enough to defeat them, but they had to be eliminated! Did she have to kill the people too? That depended on her own judgment. After saying that, the envoy of the Inner Region slowly curled up the corners of his mouth. “I look forward to your performance. Whoever can enter the Inner Region in the end will depend on this battle.” After saying that, he jumped back to the platform and sat down leisurely, looking down with a faint smile in his black eyes.

The atmosphere in the venue immediately became heated. The three contestants on the ring all looked at each other. Kill, kill all of them! This rule was truly ruthless!

“Yun Feng, what will happen if a summoner loses her contracted Magic Beasts? It’s fine for us tamers to lose some Magic Beasts, but it’ll be different if you lose them!” Jiang Jianping’s sissy voice came. He put his finger to his mouth and chuckled. Even though those few contracted Magic Beasts weren’t easy to deal with, tamers had never lacked Magic Beasts.

Yun Feng sneered. This rule was indeed against the Yun family and her! She had already expected this. You want to kill my contracted Magic Beasts? In your dream!

“Cut the crap. The important thing is to finish it as soon as possible!” The tamer of the Bai family was very upset that Jiang Jianping was talking nonsense. He waved his hand and a few beams of light flashed out of the ring on his hand. They landed on the ground and turned into five huge and ferocious Magic Beasts. Three of them had already reached Grade 9 of the Emperor Level and the remaining two were already Grade 8 of the Emperor Level!

Seeing that the tamer of the Bai family had already shown his Magic Beasts, Jiang Jianping didn’t want to be outdone. He suddenly raised his hand and a gust of wind rose. In the blink of an eye, five Magic Beasts appeared! Even though their overall strength wasn’t as strong as that of the Bai family’s, one of them had reached Grade 9 of the Emperor Level and the other four were all at Grade 8 of the Emperor Level!

Ten Magic Beasts went on stage! Everyone was shocked! Five plus five meant ten! How could there be so many Magic Beasts at the beginning? It seemed that the Bai family and the Jiang family were joining

forces. They wanted to finish the battle quickly! Even a four-element summoner would have to think twice before facing ten Magic Beasts!

Bai Zhiyu and the Master of the Jiang family on the platform both smiled proudly. The Great Elder of the Yun family frowned slightly. Ten Magic Beasts. The number of Magic Beasts fighting this time was ten!

Yun Feng glanced at the ten enormous Magic Beasts that were panting heavily in front of her with her black eyes. Each of them had an iron ring on their necks. Yun Feng wasn't unfamiliar with them from the arena in the Outland. The Magic Beasts controlled by the Wei family also had such an iron ring on their necks. The tamers of the Central Continent and the East Continent were on two different levels. The tamers of the East Continent and the West Continent only stopped at the basics of taming Magic Beasts as mounts, while the tamers of the Central Continent took the profession of taming to a new height and erased all the original rationality of the Magic Beasts, leaving only their brutal nature. They even forgot about the elemental attacks they had and became empty shells that were completely dominated by anger!

Chapter 1275 The Yun Family Will Be the Winner (3)

Yun Feng was no stranger to such Magic Beasts in the arena. They had forgotten everything except their original power, but the ten Magic Beasts in front of her were obviously different. Even though they lost their rationality, they still kept the basic attributes of the elements, such as the attack power of the fire-element Magic Beasts, the speed of the wind-element Magic Beasts, and so on. It could be seen that the two tamers of the Bai family and the Jiang family were even better.

Even though tamers couldn't control Magic Beasts to fight as they pleased like summoners, when they developed to a certain level, they could completely stimulate the anger of the Magic Beasts to attack someone. It was fine as long as they knew how to attack! Just like the ten beasts in front of Yun Feng, their ferocious eyes all locked onto Yun Feng with cruel killing intent surging in them!

Ten Magic Beasts, four level-9 Emperor Level and six Grade 8 Emperor Level. Although they were tricky for Yun Feng, they wouldn't have the upper hand. Her contracted Magic Beasts weren't easy to deal with either! The appearance of the four Rings of Contract shocked everyone!

"Here it goes. The contracted Magic Beasts of a four-element summoner is about to appear!"

!!

The audience all shouted excitedly. They were all waiting for the moment when the four-element Magic Beasts appeared together. Four-element light flashed out of the Rings of Contract and faded. The four-element Magic Beasts stood next to Yun Feng and people screamed!

"What are these humans shouting about? My eardrums are about to burst!" As soon as Er Lei came out, he heard the screams around him and said unhappily. White silver snakes also appeared on his thick hands. It seemed that if he got more upset, he would very likely throw them out and hit the crowd.

"Master, this is..." Lanyi and Little Fire looked at the ten restrained Magic Beasts in front of them and their hearts couldn't help but tremble. Yaoyao stared at the ten Magic Beasts in front of her with her big blue eyes and couldn't bear to see them. Er Lei immediately clenched his fists tightly when he saw this. "Yun Feng, what's going on?"

“She’s indeed a four-element summoner...” The tamer of the Bai family mumbled. Jiang Jianping couldn’t help but break out in cold sweat when he saw that all four of Yun Feng’s Magic Beasts had appeared. He only knew that it was a different feeling when he really saw them. Four level-9 Emperor Level contracted Magic Beasts had appeared and their species and potential were all top-notch. What kind of good luck did Yun Feng have? Did she have all the good luck in the world?

Thinking of this, Jiang Jianping couldn’t help but feel extremely jealous in his mind. Why could she become a summoner, and a four-element one at that? Why were all her Magic Beasts so powerful? Why could he only become a tamer?

Jiang Jianping didn’t know that if it were him, he might have already been eliminated during Yun Feng’s early journey. Not everyone could seize good luck. Luck didn’t come entirely by accident. If you didn’t work hard yourself, you would only be jealous of people who were stronger than you. You could only be someone who looked up to others!

“Clap, clap, clap!” The sound of several iron rings breaking sounded one after another. The iron rings on the necks of the ten Magic Beasts all shattered with a bang. Beast roars that had been suppressed for a long time burst out of the bodies of the Magic Beasts. They had lost their rationality and only had the instinct to kill!

“I’ll leave the four level-9 Emperor Level beasts to you. I’ll deal with the other few myself!”

“Master, where are those two people?” asked Lan Yi. Yun Feng’s red lips curled up slightly. “There’s no rush. Let’s finish off these Magic Beasts first!” Yun Feng paused and sent a telepathic message.

“Remember the rule this time. Kill them!”

After the word “kill” appeared in the minds of the four contracted Magic Beasts, their pupils shrank slightly. “Roar...” Little Fire had already let out a wolf howl and rushed over with flames on its four feet. Lan Yi instantly spread the wings on his back and rushed into the battle at an extremely high speed, creating a green tornado. Yaoyao was also wrapped in water elements and showed a mature and enchanting body. As for Er Lei, it roared at the sky and thunderbolts struck in the sky!

The battle between the Magic Beasts began!

The roars and collision sounds of the Magic Beasts on the ring were endless. Every time the Magic Beasts’ giant hands hit the ring, a deep pit would appear. Rocks and soil flew everywhere on the ground. Some even exploded into the crowd, causing panic!

The envoy of the Inner Region, who was sitting high up in the sky, immediately clenched his fist in the air when he saw this. The surroundings of the ring immediately entered a state of space blockade. Any attacks inside were restricted to a fixed area. The audience around finally heaved a sigh of relief. This was a battle of Magic Beasts. If they weren’t careful, they might lose their lives!

The rationality of the four level-9 Emperor Level Magic Beasts was worn away, leaving only slaughter and cruelty, as well as madness that didn’t know how to retreat at all. The strength of the four Magic Beasts that retained the basic attributes of the elements was the same as Yun Feng’s four contracted Magic Beasts, but in terms of potential and bloodline, they weren’t comparable to Yun Feng’s four Magic Beasts at all. However, because of this fearless madness, the instantaneous power that burst out made the four contracted Magic Beasts feel extremely tricky.

It was impossible to kill them with one strike in a short period of time. What the four contracted Magic Beasts could do for Yun Feng was to hold the four level-9 Emperor Level Magic Beasts firmly. Er Lei even took out his hand to deal with a Grade 8 Emperor Level Magic Beast for Yun Feng. He sent the lightning element into the Magic Beast's body. The Grade 8 Emperor Level Magic Beast died on the spot!

Jiang Jianping and the tamers of the Bai family automatically stepped back a hundred meters when they saw the scene of the battle between the Magic Beasts. The two of them were also on guard against Yun Feng's sudden approach at all times. Four level-9 Emperor Level beasts were entangled. One Grade 8 Emperor Level beast was dead and there were still five Grade 8 Emperor Level beasts! They didn't believe that Yun Feng could deal with five Grade 8 Emperor Level beasts alone!

The chaotic battle of the Magic Beasts in front of them made people terrified and dazzled. They only saw a figure rush forward like the wind and directly forced into the battlefield of the Magic Beasts! The five Grade 8 Emperor Level Magic Beasts instantly discovered Yun Feng's whereabouts and roared as they rushed over quickly. Yun Feng sneered. She tapped the ground with the tip of her foot and jumped into the sky to avoid the sharp claws of the Magic Beasts that attacked from behind!

"Bang!" A deep pit instantly appeared when the sharp claws hit the ground. In the sky, Yun Feng twisted her wrist and the wand her master gave her appeared in her hand!

"Roar, roar, roar..." The five Grade 8 Emperor Level beasts didn't know what fear and danger were at all at this moment! Yun Feng was the only target in their red eyes. They wanted to tear this human apart!

"Fire Arrow!" With a loud shout, the huge arrow formed by the fire element broke through the air and went straight into the belly of a Magic Beast! The scorching temperature of the fire immediately made the Magic Beast roar in pain. Yun Feng couldn't bear to see it. She waved her wand again. The entire body of the Magic Beast was instantly swallowed by the fire!

Chapter 1276 The Yun Family Will Be the Winner (4)

The other four Magic Beasts smelled the strong smell of blood and became even more crazy. Yun Feng leaned down from the sky with the wand in her hand and looked at the almost red eyes of the four Magic Beasts. She waved the wand again. "Water Chains, gather!" Cold water elements quickly condensed into blue ice chains around the wand. Yun Feng held one end in her hand and swung it fiercely! The other part of the ice chains wrapped around the neck of another Magic Beast firmly!

"Wind Blade!" Yun Feng waved her wand again and a green wind blade swept to the side, directly cutting the Magic Beast that was about to attack in half!

In an instant, the two Magic Beasts had already been killed by Yun Feng! Apart from the one with a chain around its neck in her hand, there were only two of the five Grade 8 Emperor Level Magic Beasts left in an instant!

"Roar..." The two Magic Beasts roared crazily and pounced fiercely. Yun Feng's black eyes darkened as she twisted her wrist. The huge body of the other Magic Beast dragged by the ice chain in her hand was suddenly thrown up. It directly hit one of them with a roar!

!!

Yun Feng clenched her fist in the air! “Earth Shield!” A shield formed by earth elements immediately appeared in the sky. This time, it wasn’t for defense, but for killing! Another one was smashed to the ground, while the other one was still lunging at Yun Feng without caring about its life. The Earth Shield instantly trapped this Magic Beast from all directions. The Earth Shield, which was known for its defense, turned into a cage of death at this moment!

Yun Feng tightened her fingers and the four Earth Shields quickly closed in the middle! “Boom—” The four Earth Shields instantly closed, leaving no gap in the middle! The moment they collided, scarlet blood and pieces of organs were left in the tiny gaps of the Earth Shields. Then, there was a loud noise as the earth element exploded, leaving only blood!

Yun Feng exerted strength on her wrist that was holding the ice chain. The Magic Beast whose neck was locked by the ice chain was immediately dragged over. The Magic Beast that was suddenly pressed to the ground moved its limbs in a sorry state. When it was about to get up, a thunderbolt struck fiercely above its head and it instantly turned into a piece of burnt charcoal!

Yun Feng’s eyes turned cold as she clenched the hand that was holding the ice chain tightly. Crazy water elements quickly spread from her hand like an electric current. Countless cracking sounds came and the ice chain was covered with ice again. An astonishing coldness spread out from the ice chain and the Magic Beast whose neck was locked by the other part of the ice chain turned into an ice sculpture at this moment!

The battle wasn’t over yet. The screams of the Magic Beasts were endless. Lan Yi’s hand suddenly turned into the sharp claws of a griffin, grabbing and tearing the Magic Beast he was fighting with apart fiercely! Yaoyao’s fishtail wrapped around a Magic Beast’s body firmly. Instantly, ice thorns appeared under the blue scales and the Magic Beast’s entire body was penetrated by the ice thorns!

“Roar...” The roar of the Fire Cloud Wolf sounded. A scorching fire burnt the Magic Beast that was fighting with Little Fire into charcoal, and Er Lei’s side was even more astonishing! Silver snakes danced crazily around Er Lei’s body. Lightning elements burst out of his hand. While they shot through the Magic Beast’s body, they also almost shattered the space blockade of the envoy of the Inner Region!

The envoy of the Inner Region watched the battle on the ring from a high place as disbelief flashed through his eyes and he couldn’t help but clench his fists tightly. It could be said that in an instant... Yun Feng killed all these ten Magic Beasts in an instant, leaving none alive!

The battle of the Magic Beasts on the ring ended in such a short time. The audience watching the battle were all silent, leaving only the strong smell of blood that made people want to vomit. Some people couldn’t stand it anymore and vomited on the spot. The Magic Beast Ring was too bloody and shocking!

The four contracted Magic Beasts gathered around Yun Feng with the smell of blood, while Yun Feng killed five Grade 8 Emperor Level experts in such a short time just then. Such strength made the hearts of the tamers of the Bai family and Jiang Jianping tremble fiercely!

Both of them staggered back a few steps. Yun Feng stood there and looked at the broken corpses and blood on the ring. She smiled coldly, which made the two people on the opposite side feel even more terrifying! Ten Magic Beasts, that was ten Magic Beasts! They were killed by her in such a short time. She... She wasn’t human! She wasn’t human at all!

Bai Zhiyu and the Master of the Jiang family were also dumbfounded. They originally thought that the ten Magic Beasts would be able to win. They had never thought that they would all be dead in such a short period of time!

“Don’t think that ten Magic Beasts are enough!” The tamer of the Bai family gritted his teeth and tasted some blood. He waved his hand and a few more rings appeared on his finger!

Yun Feng’s heart sank. This was the biggest difference between a tamer and a summoner. A summoner could only contract with one Magic Beast per element, while a tamer had no restriction on the number and type of Magic Beasts at all! If the two of them had a hundred Magic Beasts here, Yun Feng would be the one who would suffer in the end! Even Yun Feng would be exhausted if they fought endlessly!

“Nana!” A loud voice cut through the sky. Meatball, who had been sitting steadily on Yun Feng’s shoulder, suddenly got up and turned into a white line, rushing towards the tamer of the Bai family and Jiang Jianping. The two of them quickly retreated. “What’s this?”

“Meatball?!” Yun Feng cried out in shock when she saw Meatball’s sudden move. Meatball was much faster than before. In just a few seconds, it returned to Yun Feng’s body again, but its big black eyes were full of smiles.

“Bang! Bang! Bang!”

A crisp cracking sound then sounded. The tamers of the Bai family and Jiang Jianping looked at the storage containers on their fingers in shock. None of them was left and they all exploded!

“How... How... How is this possible...” The two of them looked at their storage containers that had been forcibly destroyed and didn’t know what to say. There were still remaining Magic Beasts inside. How could the storage containers be scrapped and broken? Perhaps... Perhaps...

The two of them looked up in shock. Meatball suddenly opened its mouth and showed its sharp teeth, looking ferocious! The tamers of the Bai family and Jiang Jianping immediately turned pale!

Meatball bit the storage container into pieces! Yun Feng was also extremely shocked in her mind. The other four contracted Magic Beasts also looked at Meatball in shock. They had never heard of a storage container being bitten into pieces! What exactly were Meatball’s teeth made of?

Without their Magic Beasts, the tamers were like commanders without an army. The tamers of the Bai family and Jiang Jianping knew that their strength was limited and they weren’t Yun Feng’s match at all. The two of them looked at each other. Even though they were unwilling, they could only do this. All the dimension containers had been destroyed and they weren’t qualified to continue fighting!

Chapter 1277 The Yun Family Will Be the Winner (5)

Yun Feng raised her head and looked at the envoy of the Inner Region sitting on the high ground with her black eyes. “Envoy of the Inner Region, is the result out?”

The envoy of the Inner Region burst into laughter and stood up. “As I said, kill them all, including the two of them.”

“What?” Bai Zhiyu and the Master of the Jiang family both roared. Even if they lost, why did she have to be so ruthless? Yun Feng’s face darkened as she looked at the smiling eyes of the envoy of the Inner Region. “Do you have to do this?”

Jiang Jianping and the tamer of the Bai family were drenched in cold sweat. The targets to be killed in this round didn’t mean the Magic Beasts, but also the two of them! What exactly did the envoy of the Inner Region want?

!!

The envoy of the Inner Region raised his brows and seemed to think for a long time before he said, “It’s fine not to kill them, unless the Yun family voluntarily gives up this opportunity and never enters the Inner Region.”

Everyone was in an uproar! The eyes of the Great Elder of the Yun family darkened. Mu Canghai sat there and narrowed his eyes. Everything was targeted at the Yun family! There were people in the Inner Region who were upset with the Yun family! They thought of such a way to restrain the Yun family and make it unable to go back forever!

“Great Elder of the Yun family! The Bai family has always been on good terms with the Yun family. You can’t kill a member of the Bai family! Don’t ruin the friendship between our families that has lasted for many years!”

The Great Elder of the Yun family didn’t even look at Bai Zhiyu. Mu Canghai stood aside with a cold face and felt disgusted in his mind. The Master of the Jiang family wasn’t in a position to say anything at all. He was already on the opposite side of the Yun family. Even if Jiang Jianping died in the hands of the Yun family, there was nothing he could do. Fortunately, the Jiang family still had a summoner. It was much better than the heartless Bai family!

Yun Feng stood there and looked at the envoy of the Inner Region. He had put in so much effort to stop the Yun family from returning to the Inner Region. This Magic Beast Ring had probably been planned for a long time. Were they going to use the Yun family’s upright mentality? Unfortunately, those guys in the Inner Region were going to make the wrong bet this time, because she, Yun Feng, was standing on the ring!

“Bai Zhiyu!” Yun Feng looked away and suddenly looked at the platform on the other side. Bai Zhiyu was stunned for a moment and immediately understood. Perhaps the life and death of the tamer of the Bai family wasn’t up to the Great Elder of the Yun family at all, but Yun Feng!

“Yun Feng, you...” Bai Zhiyu looked at the smile at the corners of Yun Feng’s mouth and immediately understood what she wanted to do. She couldn’t. Weren’t the members of the Yun family all upright? Not to mention taking someone else’s life with their own hands. The Yun family wouldn’t do that, let alone her...

“Bai Zhiyu, Master Jiang, the Yun family is an upright and loyal family. They won’t take someone’s life casually, but I’m not!” As soon as Yun Feng said that, she waved her arm fiercely and her mental strength turned into a sharp blade, rushing towards Jiang Jianping and the tamer of the Bai family. With two “plop” sounds, the two of them staggered and knelt on the ground. Their bodies tilted and they were dead!

“Yun Feng, you...” Bai Zhiyu’s eyes widened with blood vessels. He couldn’t wait to slap her to death! However, under such an occasion, he didn’t dare to do so at all with the Great Elder of the Yun family here!

The Master of the Jiang family’s face darkened, but he didn’t say anything. It was just losing a tamer. Even though the summoner of the Jiang family was a bit useless, it was better than nothing. Even though it was his son who died, the Master of the Jiang family’s face only twitched.

“Whoever touches the Yun family will be punished a hundred times more harshly! Bai Zhiyu, this is just the beginning.” Yun Feng raised her little face and a hint of viciousness flashed through it. Bai Zhiyu’s expression froze and he immediately understood something. He immediately flicked his sleeve and left without saying anything. The Great Elder of the Yun family looked at Yun Feng with a bit of sympathy. She took someone’s life with her own hands at such a young age. It was truly... a bit cruel.

However, the Great Elder didn’t know that Yun Feng had already had something to do with blood along the way. She wasn’t a good person. Whoever touched the reverse scale in her heart wouldn’t be spared easily!

The envoy of the Inner Region raised the corners of his mouth in satisfaction when he saw Yun Feng kill those two people with her own hands. He stood up and announced loudly, “The final winner of the contest this time is the Yun family. The Yun family has obtained the qualification to enter the Inner Region!”

The venue was silent. Not a single member of the audience said anything. Even their breathing was so soft that it couldn’t be heard. Everyone widened their eyes and looked at the summoner called Yun Feng who was surrounded by blood on the ring. The Yun family’s qualification to enter the Inner Region this time certainly made people admire them in their minds, but at the same time, they were also a bit more fearful.

It turned out that the Yun family wasn’t all good-tempered. It turned out that the members of the Yun family were like this when they were ruthless!

The four contracted Magic Beasts returned to the Rings of Contract. Meatball’s body brushed past Yun Feng’s cheek gently. Yun Feng turned around and glanced at the corpses of Jiang Jianping and the tamer of the Bai family on the ring. She had no intention of taking the lives of these two people, but she also had no intention of giving these two people a chance to stop the Yun family from returning to the Inner Region! The Bai family and the Yun family had completely cut off their hypocritical relationship over the years in front of everyone. Bai Zhiyu, that old bastard, would definitely be desperate and plan to fight with his life.

As for some people in the Inner Region... Yun Feng looked up and glanced at the platform. The envoy of the Inner Region had already left. Yun Feng sneered in her mind. When the Yun family returned to the Inner Region, she would meet those guys who wanted to target the Yun family sooner or later.

The selection convention ended under a strong shock. Nobody dared to say no to the Yun family’s qualification to return to the Inner Region. The Yun family deserved it! However, Yun Feng’s strength, ruthlessness, and determination couldn’t be shaken off in the minds of many people.

“Thank you.” The Great Elder of the Yun family looked at Yun Feng with heartache. Yun Feng shook her head gently and thought of something. “Great Elder, about Bai Qingfeng...”

The Great Elder chuckled. “I know what you’re worried about. We’ll go back now.”

Yun Feng nodded. She wondered how Bai Qingfeng was doing. Had Yun Xiang found him? And Bai Qingyan, who was in the way... However, with Lanyi here, he should be fine. She quickly returned to the yard where the Yun family was located. Yun Xiang and Qu Lanyi had already returned, and the person lying in Yun Xiang’s room was Bai Qingfeng!

Yun Xiang stared at Bai Qingfeng with bloodshot eyes. Yun Feng couldn’t help but feel cold in her heart. How could Bai Zhiyu be so ruthless to his own son? Qu Lanyi said, “Bai Qingyan is already dead. We should take Bai Qingfeng back to the Yun family as soon as possible. Bai Zhiyu, that old guy, must have already planned how to fight back against the Yun family!”

Yun Feng nodded. Then, she thought of the meaningful smile of the envoy of the Inner Region and immediately understood something. He wanted the Yun family to suffer a huge blow because of the Bai family’s desperate struggle before they returned to the Inner Region. Then, they wouldn’t be able to rise even if they returned to the Inner Region. They might even be ostracized again! Yun Feng clenched her fists fiercely. Old guys of the Inner Region, save your thoughts!

Chapter 1278 Desperation, Reversal (1)

The Yun family won the contest. One of the member of the Jiang family and one of the Bai family was dead. The two families quickly left Yan City without saying anything. They looked very gloomy, especially Bai Zhiyu. The envoy of the Inner Region sent someone to deliver a qualification order for the Inner Region. He said that the Inner Region would send someone to take the Yun family into the Inner Region in person in a while. After receiving the qualification order, the Yun family returned to the headquarters of the Yun family as quickly as possible. After such a commotion, Yan City finally calmed down. However, everyone who participated in the contest this time couldn’t calm down for a long time.

Yun Feng’s thunderous killing on the Magic Beast Ring shocked the audience. People only reacted a long time after the incident. That wasn’t right! Wasn’t that person from the Yun family a four-element summoner? Why... Why did she use five-element magic?

At such a shocking and bloody moment at that time, everyone’s brain seemed to have short-circuited. They could only watch Yun Feng’s gorgeous and ruthless attacks dumbfoundedly and didn’t think about how many elements she used at all. Now that the selection ended, everyone suddenly realized something. Thinking of the detailed scene on the Magic Beast Ring that day, they were immediately shocked!

Earth element. Right, right, right. The four-element summoner of the Yun family used the earth element. In that case... she would have five elements!

Yun Feng was a five-element summoner! This news spread crazily in this area during the selection convention. Everyone was extremely shocked in their minds! A five-element summoner, God! Five elements! Looking at history, such a genius wouldn’t have appeared even in the ancient times! Yun Feng from the Yun family was so talented!

As a result, the summoner bloodline of the Yun family was discussed by people again. That mysterious and powerful summoner bloodline brought crazy effects again. The Yun family was indeed not an ordinary family! Otherwise, there wouldn't be a five-element summoner!

After this area was completely stirred by the news, someone looked gloomy because of the news. The envoy of the Inner Region, who had just returned to the Inner Region, immediately took out his Sound Badge with a gloomy face. After a while, the Sound Badge glittered.

"Things have probably changed. This change... is a bit unexpected."

The Sound Badge flashed again and a slightly old voice came. "What changed?"

The eyes of the envoy of the Inner Region darkened and his tone became several times deeper. "Yun Feng of the Yun family isn't a four-element summoner... She's a five-element summoner!"

The Sound Badge suddenly stopped moving and then flashed a few times. "Come back quickly and let's talk."

The envoy of the Inner Region replied and then cut off the connection with the Sound Badge. The Yun family, it seemed that they had to put in more effort to completely take them down. A five-element summoner... was truly surprising! They probably had to change their strategy in the future. Even they would be tempted by such a summoner bloodline.

The envoy of the Inner Region chuckled as viciousness flashed through his eyes. He just didn't know how badly the Bai family's last attack would injure them. If you're riddled with holes, hahahahaha! That couldn't be better! The body of the envoy of the Inner Region immediately turned into a black line and quickly melted into the air, disappearing.

Bai Qingfeng, who was on his last breath, was taken back to the headquarters of the Yun family. Even though the members of the Yun family were extremely surprised in their minds, they didn't want to kick him out. Later, under Yun Feng's explanation, the Yun family also accepted this fool from the Bai family and helped Bai Qingfeng, who was deeply in love with Yun Xiang.

Bai Qingfeng was now in Yun Xiang's care. Yun Xiang, who didn't care about Bai Qingfeng at all in the past, had been taking care of him for a few days and nights. Her eyes had always been red, which was a world of difference from her usual cheerful and strong appearance. If Bai Qingfeng could wake up at this moment and see Yun Xiang like this, he would definitely be thrilled.

However, Bai Qingfeng was already on the verge of death when he was brought back. Bai Zhiyu had indeed tried to kill his son. When Yun Xiang and Qu Lanyi arrived, Bai Qingfeng was already on the verge of death. If it weren't for Qu Lanyi's timely light elements, his soul would have already died.

At that time, Bai Qingyan and Yun Xiang had a fierce battle. Qu Lanyi finally saved Bai Qingfeng's life. Yun Xiang was weak and wasn't Bai Qingyan's match. When Bai Qingyan injured Yun Xiang, he pounced on Qu Lanyi, but he didn't know that he would die the next second.

Yun Feng only asked Qu Lanyi to follow her because she was afraid that something would happen to Yun Xiang. She didn't expect him to be willing to save Bai Qingfeng. Yun Xiang kept thanking Qu Lanyi, who only shook his head. Yun Feng thanked him after learning everything. Qu Lanyi only smiled and said to Yun Feng. He only helped because Bai Qingfeng was a bit similar to him.

Yun Feng was startled. He was talking about Bai Qingfeng's feelings for Yun Xiang. He was so persistent and passionate and had never given up at all, just like how Qu Lanyi felt for her.

Meatball only yawned lazily after hearing that. It turned around and pointed its butt at Qu Lanyi. Qu Lanyi curled his thin lips and quickly pressed his handsome face down to kiss Yun Feng. Meatball suddenly felt something. Its fur all over its body stood on end and it immediately turned around. It opened its mouth and was about to pounce on Qu Lanyi. Qu Lanyi burst into laughter as red light flashed through his black eyes. Meatball was stunned.

"I'll go and check the space blockade around with Mu Canghai, in case Bai Zhiyu attacks." Qu Lanyi smiled gently. Yun Feng nodded. The Yun family had already entered a state of vigilance. Everyone was on guard, just in case the Bai family attacked.

After Qu Lanyi left, Meatball sat on Yun Feng's shoulder and seemed to be thinking about something. It lowered its head and rolled its big eyes a few times. Its fluffy tail swung in the air a few times. A trace of disdain flashed through its eyes as it sat down and yawned again.

Yun Feng smiled helplessly and walked to Yun Xiang's room. As soon as she entered, she saw that Yun Xiang was still by the bed. Yun Feng sighed slightly and walked over to pat Yun Xiang's shoulder. "Don't worry. The Golden Cauldron Fluid was infused into the Life Potion. He's fine. He just needs time."

Yun Xiang nodded. "Yun Feng, thank you very much. If it weren't for you and Qu Lanyi... This fool would've..."

"I haven't delivered my promise to him yet. How can he die just like that?" Yun Feng patted Yun Xiang's shoulder with a smile and looked at Bai Qingfeng, who was pale and still breathing weakly on the bed. "How exactly did he get discovered? His father should've done it flawlessly..."

Chapter 1279 Desperation, Reversal (2)

"It's Bai Qingyan!" Yun Xiang suddenly clenched her fists. "Bai Qingyan discovered what this idiot did on the potion ring and told Bai Zhiyu later. Bai Zhiyu was already angry and blamed everything on this idiot. I really didn't expect him to be so cruel to his own son!"

"He said that he's just a tool that can be used in Bai Zhiyu's eyes. If it weren't for his pharmaceutical skills, he would have already been abandoned."

Yun Xiang didn't say anything. She just looked at Bai Qingfeng with her eyes. "Yun Feng, should we abandon useless people? Are bloodlines worthless in the eyes of these people?"

Yun Feng didn't say anything. The Yun family was a special family. Even if your strength wasn't outstanding, nobody would be biased against you. They were all family members with the same bloodline. They had to live and die together whether in happiness or disaster. Such a sense of belonging was irreplaceable.

The sorrow of some large families was also the sorrow of this world. The strong preyed on the weak. Gradually, the warmth in the hearts of humans also turned cold. This was the rule of survival.

"Buzz..."

Yun Feng's black eyes glittered. It was the sound of space shaking! Yun Xiang raised her head, and the two of them heard rapid footsteps outside. Yun Xiang stood up, but Yun Feng stopped her. "Stay here and take care of him. I don't want him to get killed after Qu Lanyi saved him."

Yun Xiang nodded. When Yun Feng pushed the door open and walked out, she heard a cold shout breaking through the air!

"Yun family! Today, the Bai family will make you pay with your blood!"

Yun Feng's red lips curled up as she closed the door behind her gently. Bai Zhiyu, you're finally here!

In the sky above the door of the Yun family, there were dozens of people led by Bai Zhiyu! And there were even powerhouses of the God Level among them! There were about ten of them! After shouting coldly, Bai Zhiyu stood in the sky and looked down at the Yun family's mansion from above. The anger that had been suppressed for a long time rose in his heart!

The anger of greed! The anger of years of planning being ruined!

"Swish, swish, swish, swish..." Three air-piercing sounds came. The three elders of the Yun family showed up and frowned when they saw the dozens of people behind Bai Zhiyu. This Bai Zhiyu could invite some hidden masters! There were ten people above the God Level!

"Bai Zhiyu, when has the Yun family ever owed the Bai family a blood debt? On the other hand, don't you know how much the Bai family owes the Yun family in your mind?" The Third Elder of the Yun family grunted coldly. They already knew everything about the selection convention, especially the last Magic Beast Ring. Yun Feng's choice was the Yun family's choice. It wasn't wrong at all!

Bai Zhiyu burst into laughter with monstrous hatred in his eyes and heart. The Bai family's plan for many years was ruined for no reason. If it weren't for Bai Qingfeng, if it weren't for that bastard, the Bai family wouldn't have failed at all! This bastard didn't die and was even saved by the Yun family, but Bai Qingyan died!

"Other people have seen the friendship between our families for many years! However, you killed a member of the Bai family so mercilessly on the Magic Beast Ring. How can the Yun family let the Bai family down?"

"Bai Zhiyu, would you have given up the chance to enter the Inner Region forever?" The Second Elder of the Yun family said coldly. Someone behind Bai Zhiyu grunted coldly. "I've always heard how upright the Yun family is. But it seems that they're just so-so!"

"That's right. The Bai family has been on good terms with the Yun family for so many years. You killed the descendant of the Bai family for your own interests. This is the style of the Yun family."

The faces of the three elders of the Yun family darkened. How would these outsiders know the truth? Even if they did, they would only stand on Bai Zhiyu's side and slander the Yun family! Bai Zhiyu became more and more complacent in his mind as he listened to the words of the few people behind him and suddenly shouted loudly!

“When the Yun family was in trouble, the Bai family extended a helping hand. And now, the Yun family has repaid kindness with ingratitude. The Bai family must have been blind! Now, you’re giving Yun Feng to the Bai family!”

“What?” The Third Elder of the Yun family immediately widened his eyes. The face of the Great Elder of the Yun family immediately darkened. What a pretentious reason. What a shameless Bai Zhiyu!

“Don’t even think that the Yun family will hand anyone over to you! Bai Zhiyu, everyone knows about your dirty thoughts. Save it!” The Second Elder of the Yun family shouted coldly, but Bai Zhiyu burst into laughter. “Hahahaha, good! If the Yun family doesn’t hand her over today, don’t blame me for not caring about old time’s sake. I’ll slaughter this place today!”

The hearts of the three elders of the Yun family sank. Even though the Yun family had already been prepared, they didn’t know that Bai Zhiyu could hire ten Gods! Even though the Yun family had three Gods, what chance did they have of winning against ten? Was the Yun family really going to die here this time? Even so, they couldn’t hand Yun Feng over. It seemed that the juniors of the Yun family had to be evacuated immediately right now! It didn’t matter if the three of them died. What was important was that the young people who continued the will and inheritance of the Yun family had to be fine!

“If you don’t hand Yun Feng over, none of the Yun family will be able to escape today!” Bai Zhiyu shouted loudly in the air, waiting for the three elders of the Yun family to yield. He didn’t believe that Yun Feng alone could be equal to the lives of everyone in the Yun family. However, he didn’t know that if it were someone else from the Yun family today, the three elders of the Yun family would also make the same decision! They wouldn’t give up on any of the bloodlines of the Yun family!

“Master Bai, it’s useless for you to tell them this. I think it’s better to just attack directly!” Someone behind him chuckled so weirdly that it made people’s teeth tremble. The Master of the Bai family didn’t say anything with a cold face. The reason why he invited these people was naturally because of the summoner bloodline of the Yun family. To be honest, these people were here to share it with him! If he really attacked, wouldn’t his benefits be taken by others? If they could hand Yun Feng over to the Bai family, all the benefits would belong to the Bai family alone!

“Master Bai! Why aren’t you doing anything right now? We’re not here just to show off!”

Some powerhouses were already dissatisfied. How could they not know what the Bai family’s master was thinking? They certainly couldn’t let him get all of this good stuff! They just didn’t have a reason and the strength to provoke the Yun family. Now that they had this opportunity to go together, they certainly couldn’t miss it. After all, they were a group of people with evil intentions.

Chapter 1280 Desperation, Reversal (3)

Bai Zhiyu stood in the sky and knew that he couldn’t delay any longer. When he was about to carry out the ultimatum, a figure appeared out of thin air and a bright but pressurizing voice rushed into his ears! “Bai Zhiyu, you’re so bold!”

“Girl, why are you here?” The hearts of the three elders of the Yun family immediately tightened when they saw that it was Yun Feng. Bai Zhiyu wanted her this time. Why did she come out? Yun Feng chuckled and asked the three elders not to be nervous. She glanced at Bai Zhiyu and the ten

powerhouses standing behind him with her black eyes. Yun Feng raised her brows. He had invited God-level helpers. Bai Zhiyu was quite capable.

“That’s Yun Feng?” The few people behind Bai Zhiyu sized Yun Feng up respectively. The five-element summoner was that little girl? She looked quite imposing, but could she really be a five-element summoner? And she was at Grade 9 of the Emperor Level. How old was she?

“Guys, she’s indeed Yun Feng, a five-element summoner!” A glint of heat suddenly flashed through Bai Zhiyu’s eyes when he saw Yun Feng come out. He must get the five-element summoner bloodline of the Yun family this time! Plus, he was a God-Level powerhouse. Couldn’t he take down Yun Feng, who was just a small girl? After taking her down, there would be hope for the Bai family to have a summoner! By then... Bai Zhiyu could already imagine the glorious scene of the Bai family in the future. As for these powerhouses, the Yun family still had two more summoners. If they wanted them, they would take those two!

!!

Yun Feng looked at the enthusiasm in Bai Zhiyu’s eyes coldly. She couldn’t be clearer about his thoughts. The three elders of the Yun family immediately stood in front of Yun Feng. Even if they had to die today, they couldn’t let this girl be injured at all, let alone let Bai Zhiyu use her!

“Bai Zhiyu, other people don’t know how vicious the Bai family is, but the Yun family surely does! No matter how indignant and dignified you are today, you can forget about touching the Yun family !”

Bai Zhiyu burst into laughter after hearing that. “Hahahaha! If that’s the case, we don’t have to hold back anymore!” Bai Zhiyu suddenly raised his arm. “Guys, the Yun family’s summoner bloodline is right in front of your eyes. Take as much as you want!”

The ten God Level experts behind Bai Zhiyu immediately burst into laughter. The aura of God Level experts shot out fiercely. The three elders of the Yun family all looked gloomy. “Girl, go quickly! You’re not their match!”

“You want to leave? Don’t even think about it!” Bai Zhiyu shouted furiously as his body suddenly flew over quickly. The ten powerhouses behind him immediately surged forward when they saw Bai Zhiyu move. The three elders of the Yun family immediately flipped their hands when they saw this and three fierce fighting energy waves shot out!

“Argh!” A Grade-2 God was hit by the three streams of fighting energy and his body flew out in panic, disappearing without a trace!

“Humph! As expected of the veterans!” Bai Zhiyu turned his body to the side and dodged the attacks of the three elders. His body dodged agilely and his arm reached forward to grab Yun Feng behind him!

Yun Feng’s black eyes glittered as she waved the wand in her hand fiercely. A stream of wind element hit Bai Zhiyu’s arm quickly. Bai Zhiyu sneered as fighting energy surged out of his body and instantly destroyed Yun Feng’s wind element!

“You’re just a level-9 Emperor Level expert. Yun Feng, do you think your attack will cause any damage to me, who’s a Grade-3 God Level expert?” Bai Zhiyu laughed viciously as his ten fingers grabbed forward fiercely, wanting to capture Yun Feng in one go. A beam of white light suddenly flashed in front of his

eyes and a bone-piercing pain came from Bai Zhiyu's arm, making him have no choice but to retract his arm quickly. When he looked at it, he was shocked!

A piece of flesh was torn off his arm!

The white light flashed again. Meatball's body floated in the sky and it spat out the flesh in its mouth with a disgusted look. Bai Zhiyu's face turned pale! The Magic Beast on Yun Feng's shoulder tore a piece of his flesh off! How was it possible for such a Magic Beast to not look aggressive at all...

Meatball's cute little face instantly became ferocious as it gnashed its sharp teeth at Bai Zhiyu. "Nana! Fengfeng, nana!" A series of roars came from inside Meatball's body. Even though Bai Zhiyu didn't understand what it was saying, he understood what it meant. He sneered. "Humph! The Magic Beast next to you is indeed something."

"Master Bai, it seems that you can't deal with Yun Feng alone!" Swoosh, swoosh, swoosh! Five figures came to Bai Zhiyu's side one after another. Yun Feng's heart sank and she looked into the distance. The three elders of the Yun family were holding back five God-Level powerhouses. This was already the limit! And the remaining God-Level powerhouses Bai Zhiyu brought had already rushed into the Yun family's mansion!

The situation didn't allow Yun Feng to delay any longer. This battle must be ended quickly!

The four Rings of Contract appeared and four beams of light flashed out at the same time. The five God Level experts and Bai Zhiyu became fanatical when they saw this beautiful light. After the four contracted Magic Beasts appeared, their expressions became even more distorted!

"Six God Level experts!" Lan Yi sounded extremely surprised. Er Lei glanced at the six of them one by one. "And all of them seem to be around Grade 2 of the God Level..."

"This is getting tricky!" Little Fire's anxious voice came. It wasn't that they had never encountered powerful enemies, but there were six Gods! The four of them together were equivalent to one Grade-2 God! The difference in strength was too huge!

"Split up in groups of two and hold two of them back!" Yun Feng quickly gave an order through telepathy, but the four contracted Magic Beasts shouted at the same time, "No!"

"Master! It's not a problem for us to hold them back, but you can't face four gods alone!" Lan Yi's voice was full of anxiety and uneasiness. Yaoyao was the same. "Xiao Feng can't be in danger. I want to stay with Xiao Feng!"

"That's right, Master. Four Gods. Even if you're a five-element mage, you're only at Grade 9 of the Emperor Level. No!" Little Fire's voice was full of strong uneasiness and opposition.

"Yun Feng, think carefully! Who do you think you are? You can fight against four gods alone?! Even Ao Jin can't say that!"

"Shut up, the four of you! Do as I say!" Yun Feng was rarely enraged. The current situation didn't allow her to think too much at all!

"Master!"

“What the four of you can do for me is to help me stall two of them! The remaining four gods can’t do anything to me. I still have trump cards that I haven’t shown!” Yun Feng’s voice was arrogant, confident and domineering!
