

Summoner 1281

Chapter 1281 Desperation, Reversal (4)

The four contracted Magic Beasts were all stunned. Then, they thought of something. Er Lei clenched his fists fiercely. Instantly, silver snakes danced crazily! "Alright, Yun Feng! I'll listen to you this time!"

The four contracted Magic Beasts suddenly burst out with power. Disdain appeared in the eyes of the six Gods when they saw this. They were just level-9 of the Emperor Level. Even if they were level-9 of the Emperor Level, they were still worlds apart from the Gods! They were nothing to be afraid of at all!

The four contracted Magic Beasts changed into their unique forms. They rushed towards two of the God-Level experts in two groups and started fighting. The other four looked at Yun Feng with a faint smile. Bai Zhiyu burst into laughter. "Yun Feng, you're not even my match by yourself, let alone the four of us! Come with me obediently. I'll certainly show mercy to the Yun family!"

Yun Feng's red lips curled up. Meatball on her shoulder swung its tail and suddenly jumped up. Bai Zhiyu was a bit afraid in his mind as he shouted, "Be careful of that white ball. Its sharp teeth can break through our defense. Don't let it get close!"

!!

Before the other three people figured out what was going on, Meatball had already moved its body in an instant. Its round body flashed through the space at an extremely weird speed. It was so fast that the four people at the God Level couldn't catch it at all!

"Argh!" One of them was hit and a huge piece of flesh was torn off like Bai Zhiyu, bleeding profusely! The others couldn't help but sweat slightly when they saw that. What exactly was that? They were at the God Level, and their bodies were like iron walls! Even weapons at the Emperor Level couldn't do anything to them, but their skin and flesh were torn by this inexplicable thing! Did their defense not exist in the eyes of this thing?

Bai Zhiyu's eyes turned fierce and he immediately launched a fighting energy attack at the place where Meatball was standing. Meatball's black eyes glittered and its body moved quickly, dodging the attack easily! Bai Zhiyu couldn't help but widen his black eyes! It dodged it! What kind of speed was that? What exactly was that Magic Beast?

"Attack it! Otherwise, it'll bite us to death sooner or later!"

The four God-Level experts ignored Yun Feng for the time being and started to attack Meatball together. However, Meatball moved very quickly and the attacks all missed. They couldn't knock Meatball down at all!

"Damn it, what exactly is that thing?" The four people who failed to kill it were all extremely frustrated in their minds. Bai Zhiyu gritted his teeth fiercely and glanced at Yun Feng on the side from the corner of his eye. "Ignore this thing for now. It can't bite anyone to death. Take Yun Feng down first!"

The four of them immediately changed the direction of their attacks. "Yun Feng! Surrender obediently. I don't want to hurt you!" Bai Zhiyu said fiercely, but Yun Feng burst into laughter. Meatball jumped back to Yun Feng's shoulder and its sharp teeth glittered with red light with blood in its mouth.

“Bai Zhiyu, you don’t want to hurt me, but I want your life!”

The five elements suddenly jumped on Yun Feng’s hand. Bai Zhiyu burst into laughter when he saw that. “Yun Feng, what can you do to me when you’re at Grade 9 of the Emperor Level?”

The other three God Level experts also sneered. In their eyes, no attack from Yun Feng would cause them any harm at all. She was just a level-9 Emperor Level expert. They were at the God Level! However, everything was beyond their expectations!

The five elements in her fair hand were squeezed together fiercely by Yun Feng! In an instant, the energy of the five elements was squeezed and fused crazily and energy pressure slowly spread!

“This... This...” They were dumbfounded. The ball of elemental energy that kept tearing and struggling in Yun Feng’s hand emitted faint destructive power!

“She forcibly fused the five elements... Is she crazy?”

“Isn’t she afraid of self-destruction?”

Yun Feng’s black eyes glittered with a glint of madness and recklessness! Elemental fusion, fusion of five elements!

The ball of energy in her hand surged crazily and tore at each other. Yun Feng had only fused three elements last time, but this time, she directly skipped four elements to the highest limit of five elements! An almost destructive energy impulse appeared in her spiritual space. Yun Feng only felt that her hand was about to be torn apart by the raging elemental energy!

Clang!

She gritted her teeth fiercely. Her skin and flesh had already been torn and blood kept flowing out of her hand as she squeezed the crazy elements firmly in the middle. The more she squeezed, the stronger and more terrifying the energy fluctuation released by the fused elements! The pain Yun Feng felt was even deeper!

Her skin had already left and her red blood also entered the raging elemental energy. Even her bones were almost crushed! Yun Feng looked at the energy ball that was getting smaller and smaller in her hand and felt the stronger and stronger energy waves coming from inside. Feeling the deeper and deeper pain, a boiling heat surged in Yun Feng’s heart!

“Pa!” Yun Feng’s bloody hands finally clasped together. When her hands slowly separated again, there was an exquisite little ball that was full of five colors! At the same time, a destructive energy spread out!

Only one word flashed through the minds of the few God-Level experts invited by Bai Zhiyu. Crazy! Yun Feng was too crazy! She forcibly fused the five elements together. Did she want to die? If this thing exploded, even they, as God-Level experts, would die!

“Master Bai, goodbye!”

The so-called helpers he invited all ran away in an instant. The five people who were fighting with the three elders of the Yun family also felt this pressure and they flashed and retreated just like that! Bai

Zhiyu, who had the upper hand just then, was already dumbfounded at this moment. These people left just like that!

“What God Level experts? They’re all cowards after all!” Bai Zhiyu said fiercely as he watched those people run away. However, he was also terrified in his mind. Yun Feng was indeed crazy. Only she would do such a crazy thing!

Bai Zhiyu’s helpers all ran away. The three elders of the Yun family looked at Yun Feng’s swaying body and pale face in the sky. “Is that girl holding...” The pupils of the Third Elder of the Yun family shrank in disbelief. The Great Elder of the Yun family nodded. “That should be the fusion of five elements...”

Chapter 1282 Desperation, Reversal (5)

“This girl should be worried that she’ll self-destruct!” The Second Elder of the Yun family said worriedly. Yun Feng, who was fusing the five elements in the sky, had exhausted all her mental energy. Her spiritual space was empty. Yun Feng felt her body weaken and could only smile helplessly. The fusion of the five elements was indeed a bit reckless... However, if it weren’t for the fusion of the five elements, the Yun family probably wouldn’t be able to escape this disaster...

“Master!” The four contracted Magic Beasts were very worried about Yun Feng’s situation. Yun Feng chuckled and glanced at Bai Zhiyu with her black eyes. Bai Zhiyu’s body turned cold under her gaze. He immediately turned around and started running desperately! If he was hit by that thing, he would definitely die! Everything was fine as long as he was alive!

Bai Zhiyu ran back crazily, but Yun Feng chuckled. “Bai Zhiyu, do you think you can run away?” She suddenly loosened her hand and the elemental ball with five colors of light circulating in her hand shot out abruptly, chasing after Bai Zhiyu!

When Bai Zhiyu turned around and saw this, his heart immediately shrank fiercely and he even ran like crazy. He couldn’t die. He couldn’t die. He didn’t want to die!

“Explode.” Yun Feng looked at Bai Zhiyu’s figure that was running crazily with coldness in her eyes. A glint of blood thirst flashed through her red lips. The five-color elemental ball suddenly sped up. Bai Zhiyu only felt that the powerful force behind him quickly pressed against his back and then rushed into his body fiercely!

“No...” An unwilling roar resounded in the sky and the clouds. There was a muffled sound, and then a five-color halo blew away the clouds in the sky like the ripples of a wave. The space shook fiercely!

“Boom!” All the five-color halos exploded. Bai Zhiyu’s body immediately turned into pieces and scattered to an unknown corner. After he died, his body wasn’t intact!

“Whoosh...” A strong wind blew. Luckily, the explosion was in the sky. If it was underground, the entire Yun family would have been razed to the ground in an instant!

“Fengfeng!” Qu Lanyi’s anxious voice sounded. Yun Feng raised her black eyes and saw Qu Lanyi, who came out of the Yun family’s house in a hurry. Seeing Yun Feng’s pale face and empty body, Qu Lanyi suddenly frowned. Yun Feng smiled weakly when she saw him. He would definitely blame her for messing around again. She asked him to protect the other descendants of the Yun family. Yun Feng

knew that Qu Lanyi would definitely be worried about her. However, the three elders and she were in front. If there weren't any powerhouses behind, the bloodline of the Yun family would be in danger.

With Yun Xiang's strength that hadn't fully recovered, it was certainly inappropriate.

Mu Canghai and Qu Lanyi were responsible for this. However, the moment the elements exploded just then, Qu Lanyi rushed out angrily. Descendants of the Yun family? If it weren't for Yun Feng, he wouldn't have cared about the Yun family at all. She was messing around again! As expected, after seeing Yun Feng's weak state, Qu Lanyi really didn't know what to do. Should he scold her or hold her gently in his arms?

The disaster of the Yun family was completely resolved under the power of Yun Feng's fusion of five elements. Everyone was relieved. The four contracted Magic Beasts were also helpless. Their master was indeed a bit reckless, but this recklessness also resolved the crisis of the Yun family.

The three elders of the Yun family were all shocked in their minds. Yun Feng had done too much for the Yun family! If it weren't for her today, how would the three of them be able to resist the ten Gods? If it weren't for her today, the Yun family would suffer a disaster!

Qu Lanyi jumped and was about to pull this reckless little woman into his arms. The three elders of the Yun family also came over with sympathy. However, at this moment, everything changed unexpectedly!

"Crack!" A black crack suddenly appeared in the space next to Yun Feng. Qu Lanyi's pupils shrank. "Fengfeng, dodge!"

"Swish—" Everything happened in an instant. An extremely dense dark element flashed out of the spatial crack and directly wrapped around Yun Feng's neck firmly! Then, it quickly wrapped around Yun Feng's shoulder like a thread spat out by a spider!

"Master!" The four contracted Magic Beasts immediately ran over crazily when they saw this, but a fierce force suddenly slashed out of the spatial crack and the four contracted Magic Beasts were instantly sent flying!

"Nana!" Meatball jumped and opened its mouth to bite the black thread fiercely, but the black thread didn't change at all wherever Meatball's sharp teeth went! "Pa!" A black thread quickly popped out of the crack and Meatball's body was instantly hit. Luckily, Meatball was fast enough to flip in the air and stabilize its body. However, Yun Feng was quickly dragged over by the black thread!

"Let go of the descendant of the Yun family!" The three elders of the Yun family attacked at the same time when they saw that! Their fighting energy quickly swept towards the black crack, but they only heard creepy laughter from the crack. "Hehehe! You can't do anything to me."

"Don't... Don't come close..." Yun Feng glanced at Qu Lanyi with her throat strangled. Meatball wanted to pounce forward again, but Qu Lanyi grabbed its tail firmly and pulled it back. Meatball turned around and glared at Qu Lanyi. Meatball quickly understood something.

"Whoosh, whoosh..." The sound of the tail of the clothes dragging on the cold ground was like the sound of a snake crawling on the ground. Yun Feng looked at the black crack with her black eyes. Extremely dense dark elements were constantly surging out of it. Then, a piece of black robe stuck out from inside. When Yun Feng saw the patterns embroidered on it, her pupils shrank fiercely! It was them!

A tall and slim figure slowly stepped out of the spatial crack wrapped in a black robe. He was still holding the black thread that tied Yun Feng up in his hand. Looking carefully at the black thread, they realized that it wasn't a thread, but something condensed from dark elements! A face that was as dry as tree bark stuck out of the crack with a weird smile. There was an extremely greedy gaze in his eyes. Looking at Yun Feng who was restrained, the light in his eyes glittered again!

"I didn't care about the news at first and I didn't want to come here in person, but I changed my mind halfway. I originally wanted to do something else, but I didn't expect to have a surprise this time."

"Let her go!" Qu Lanyi's cold voice swept over and his black eyes also turned as red as blood at this moment!

"Roar, roar..." Meatball floated in the sky and bared its sharp teeth. It faced the black-robed man with a ferocious face and roared!

Chapter 1283 Desperation, Reversal (6)

"Oh? Blood eyes?" The face that was as dry as tree bark sized up Qu Lanyi with interest. "Hehe, even though I'm also very interested in you, she's the one we need the most right now."

Yun Feng's black eyes darkened and she suddenly smiled. Seeing that Yun Feng could still smile at this moment, the black-robed man couldn't help but raise his slender eyebrows. "A five-element summoner is indeed different. Kid, your name is Yun Feng, right? You hid yourself well."

"Master!" The voices of the four contracted Magic Beasts sounded in Yun Feng's mind. With a thought, four beams of light returned to Yun Feng's Rings of Contract. The black-robed man smiled weirdly when he saw that and the black thread in his hand tightened a bit. Yun Feng's neck was suddenly tightened and she clenched her fists tightly without making a sound.

"Who exactly are you?" The three elders of the Yun family all looked gloomy. The black-robed man in front of them was disgusted just by looking at him. Besides, he had caught Yun Feng! How could they watch that girl be taken away just like that? The three elders secretly prepared the next wave of attacks. They had to save this girl from this person no matter what!

"The Yun family..." The black-robed man stuck out his tongue and licked his dry lips as disdain flashed in his eyes. "As I said, the three of you aren't my match at all. If the Yun family was still at its peak, I would have considered it carefully. But now... Hehehe! I don't have any scruples at all!"

The three elders of the Yun family immediately understood the meaning in this person's words. "Who exactly are you? You know about the Yun family!" The Great Elder of the Yun family immediately shouted coldly and furiously. The black-robed man laughed crazily. "I don't need to talk nonsense with you!"

"You don't have any scruples at all?" Qu Lanyi suddenly chuckled. The black-robed man turned around and pointed his bark-like face at Qu Lanyi. He couldn't help but narrow his eyes. This kid... seemed a bit strange.

"Old man, I'll say it one last time. Let go."

The black-robed man clenched his fists after hearing that. "Kid, who are you to be so arrogant in front of me?"

Qu Lanyi raised his thin lips and his blood-red eyes glittered. He pulled off the white jade pendant on his neck and dark elements surged out of his hand!

"Oh? Kid, you're a dark-element mage?" The black-robed old man looked at the pure dark elements in Qu Lanyi's hand and his eyes glittered with interest. The three elders of the Yun family couldn't help but feel shocked when they saw Qu Lanyi use the dark elements!

There was a smile on his thin lips and blood flashed in his eyes. The black jade pendant in Qu Lanyi's hand slowly seeped into the white jade pendant. The white jade pendant let out a faint beast roar in his hand! The black-robed old man's face suddenly darkened when he heard the subtle beast roar. The black thread in his hand suddenly tightened. Yun Feng's throat was tightened again. Yun Feng turned pale and looked at Qu Lanyi with her black eyes that were full of blood.

"Lan... Lanyi..."

Hearing Yun Feng's call, the anger in Qu Lanyi's heart rose again! He knew that Fengfeng was worried that it would be a problem if he overused the dark elements, but he would never tolerate anyone touching his woman!

"Humph! I'm not afraid of you!" The black-robed old man snorted. The dark elements in his hand immediately surged out and hit Yun Feng along the black thread! Yun Feng only felt a coldness envelop her entire body. An endless coldness seemed to freeze her soul instantly!

"Old man, are you tired of living?" Qu Lanyi shouted as he clenched the jade pendant. A drop of blood was squeezed out and quickly entered the white jade pendant. Instantly, an ancient roar seemed to come from the sky, as if it wanted to tear the entire space apart!

The white jade pendant in Qu Lanyi's hand suddenly emitted huge light, as if another sun had risen. The light made people unable to open their eyes at all! There was a huge and vague figure in the huge light, showing that an ancient giant beast was lingering inside!

The black-robed old man narrowed his eyes when he saw this and his heart suddenly pounded! This was the light element! Such powerful light elements were caused by the dark elements. What exactly was coming out of this white jade pendant...

"Kill him." Qu Lanyi's thin lips were bloodthirsty and full of cold killing intent. The huge body that was released from the white jade pendant suddenly turned into a beam of light, flashing towards the black-robed old man fiercely!

The black-robed old man clenched his fists and his body immediately flashed. The body wrapped in the huge light suddenly missed and Yun Feng, who was restrained by the black-robed old man, was also thrown up in an instant!

"Let's go!" The Great Elder of the Yun family suddenly shouted. The three elders rushed forward and wanted to snatch Yun Feng away. Seeing that, the black-robed old man suddenly burst into laughter. "Hehehe, you think you can do that?!" The weird black robe suddenly fluttered and a huge amount of mental strength rushed out of the black robe. The three elders of the Yun family narrowly dodged it. Yun

Feng's black eyes suddenly tightened! This black-robed man was extraordinarily strong! He was even stronger than the three elders of the Yun family!

Qu Lanyi also became anxious. "Grade 6 of the God Level... I've underestimated you!"

The huge light instantly changed its direction and its huge body approached again like lightning. The black-robed old man burst into laughter and dodged back and forth. It seemed that the light beast gave him a lot of pressure. The three elders of the Yun family joined the battle again. Even though they couldn't cause any substantial damage to him, they could more or less distract him!

"Master, let us out!" The voices of the four contracted Magic Beasts kept echoing in Yun Feng's mind, but Yun Feng didn't respond. "Yun Feng! Let me out quickly. Do you hear me?"

"Xiao Feng, Xiao Feng! Yaoyao doesn't want anything to happen to you. Let us out, okay?"

"Master, Master!"

Hearing the worries and anxiety of the four Magic Beasts in her mind, Yun Feng made up her mind and completely cut off the telepathic communication with them. She looked at the black-robed old man's withered face that was like tree bark with her black eyes. He was a level-6 God! It wouldn't help even if the four contracted Magic Beasts came out, not to mention that her mental strength was almost exhausted!

"Hehehe, you can't do anything to me! Kid, you're indeed quite capable, but you're just so-so in my eyes!" The black-robed old man grabbed the black thread that wrapped around Yun Feng with one hand. His body was as strange as a ghost. Red tides kept surging deep in Qu Lanyi's blood eyes and more and more blood seeped out of his hand into the white jade pendant. It took a lot of effort to control the old guy in the white jade pendant. Grade 6 of the God Level... He was still a bit tricky right now.

Chapter 1284 Master's Power (1)

"Even so, I can't let you take her away!" He clenched his fists fiercely. The giant beast shrouded in light seemed to be looking up and letting out a roar that made people's souls tremble! This roar reached the depths of their souls, making their souls tremble endlessly!

"Whoosh!" A crack was suddenly torn in the white light. A huge horn stuck out, followed by a pair of huge eyes full of dazzling light! The pupils of the black-robed old man shrank abruptly when he saw this. Yun Feng's heart also trembled when she saw this. This giant beast... This giant beast... What was it?

There was an indescribable majesty in the huge glittering eyes. Yun Feng only felt that her heart instantly shrank and a powerful pressure came right at her! The black robe on the old man's body instantly fluttered even though there was no wind. The dark elements that surged out of the black robe also splashed crazily like a bottle of ink!

With a roar, a dazzling pillar of light flashed out of the huge light and rushed out! The black-robed old man gritted his teeth hard as the black robe on his body rolled up crazily. The dark elements rushed towards the pillar of light that was flying straight towards him like thick ink and the black and white collided fiercely!

!!

A crazy air current suddenly spread from the place where the black and white collided. The bodies of the three elders of the Yun family were instantly sent flying. Even half of the Yun family's mansion was destroyed in an instant! Luckily, every one of the Yun family had been evacuated safely, or they would have suffered heavy losses!

"What exactly is that..." The three elders of the Yun family finally stabilized themselves, but they were more or less injured to different degrees by the power just then. The three of them held their chests and looked at the fierce black and white air currents in the sky in shock, like two dragons intertwining tightly and fighting to the death!

"Dark elements and light elements have always been enemies... However, that kid..." The Great Elder of the Yun family glanced at Qu Lanyi's handsome body and didn't say anything for a long time. The other two elders of the Yun family also realized something, but they were extremely anxious in their minds when they saw Yun Feng, who was still restrained.

"How can we save her? Even though this attack can temporarily stun that black-robed man, he's still young and it shouldn't last long. We can't just watch Yun Feng be taken away!"

"I think... the three of us should be prepared to give up our lives." The Second Elder of the Yun family chuckled, but there was a smile on his face when he talked about death. "For that little girl, it's worth it even if the three of us die."

The Great Elder of the Yun family chuckled and nodded. "That's right. As long as that girl is here, the Yun family will still be the same without us."

The Third Elder of the Yun family burst into laughter and straightened his back. "Brother, you're right. I didn't have much hope for the person who opened the Yun Family Badge back then, but this girl came. With Yun Xiang and her here, we're finally at ease."

The three elders of the Yun family all chuckled with determination in their eyes. If their deaths could be exchanged for Yun Feng's safety, the three of them would die a worthy death! As long as Yun Feng was here, the Yun family wouldn't fall and would rise!

The three elders of the Yun family rushed forward fiercely again. Seeing that, Qu Lanyi knew what the three of them were going to do. He couldn't help but feel respectful in his mind. He suddenly staggered and blood flowed out of the corners of his mouth. Looking at the long horns and giant eyes that appeared in the light, Qu Lanyi couldn't help but mock himself. He had overestimated himself. He had never thought that he would be like this after releasing a small part of the power!

"Qu Lanyi!" Mu Canghai's shout sounded. Then, a figure quickly came to his side. Seeing the blood at the corners of his mouth, he was shocked. Seeing Yun Feng's condition in the sky, Mu Canghai's pupils shrank fiercely. "It's them!"

"You came at the right time!" Qu Lanyi spat out the blood in his mouth and tasted the strong smell of blood. "Can you use the power of space to cut off the dark elements?"

Mu Canghai was stunned. "I don't know, but I can try!" His silver pupils suddenly widened. Mu Canghai pressed his finger on his strange eyes fiercely and the space where the black threads that tied Yun Feng up suddenly distorted!

The space distorted. Mu Canghai was here! Yun Feng turned her black eyes and saw Mu Canghai next to Qu Lanyi. Then, she saw Qu Lanyi's weak face and the corners of his mouth that were covered in blood! Lanyi! Yun Feng's heart ached. He must have spent a lot of effort to control the Magic Beast in the white jade pendant, but this black-robed old man was too strong! It wasn't easy for him to be hindered!

Three elders! Yun Feng turned around and saw the three elders of the Yun family rushing over without caring about anything. Perhaps because their bloodlines and minds were connected, Yun Feng immediately understood the intentions of the three elders. They wanted to sacrifice themselves to protect her!

A heat suddenly rose to the bottom of Yun Feng's heart. They were risking their lives for her! She couldn't let these people, who protected her in her heart, be hurt at all!

Nothing could happen to the three elders, Lanyi, Mu Canghai or the Yun family! These thoughts flashed through Yun Feng's mind one after another as a powerful thought rose in her mind. She couldn't wait for death. She couldn't surrender!

A beam of light suddenly lit up Yun Feng's world. Yun Feng's black eyes brightened! Right! She still had a trump card that she hadn't used for a long time!

"No! Even though we can distort that space, the dark elements can't be cut off by distorting the space!" Mu Canghai looked at the distorted small space with some sweat on his forehead. Qu Lanyi also frowned hard. What should he do?

"Ugh!" Another stream of blood gushed out. Qu Lanyi couldn't help but stagger. Mu Canghai suddenly reached out and held him. "You can't use the dark elements anymore! Even though I don't know what kind of Magic Beast is inside this white jade pendant, you've already paid too much to control it. If you continue forcibly, you'll be drained sooner or later! Yun Feng won't let you do this!"

Qu Lanyi gritted his teeth and stared at the black-robed old man, who was fighting with the giant light beast in the sky, with his blood-red eyes. All he could do was stall for time. A level-6 God... How could he get out of his current situation?

"Meatball!" A shout suddenly cut through the sky. Qu Lanyi and Mu Canghai were both startled. Both of them looked up at Yun Feng. Meatball, who had been anxious, shivered when it heard this call. Its white fur body flew up quickly as if it was on steroids!

Chapter 1285 Master's Power (2)

"Fengfeng!"

Meatball arrived in front of Yun Feng at an unimaginable speed in a blink. Meatball, who was about to pounce on her, was glared at by Yun Feng. Yun Feng looked back at the elders who were rushing over not far away and smiled warmly. "Elders! I'll be fine!"

The three elders of the Yun family suddenly realized something after hearing this. They immediately stopped. "Brother, is what that girl said true?"

The Great Elder of the Yun family stared at her carefully for a while. In the end, he suddenly chuckled with relief in his eyes. "That girl must have thought of something."

“Nana!” Meatball shouted. Yun Feng curled her red lips and looked at the distorted space where the black threads were located. The smile in her eyes became deeper. “Meatball, smash it!”

After Yun Feng gave the order, Meatball’s body suddenly rolled and its big eyes glittered. Without another word, it hit the distorted space fiercely!

“Crack!”

A crisp cracking sound echoed. Mu Canghai was stunned. “The distorted space has been cracked!” Qu Lanyi narrowed his blood-red eyes slightly and his thin lips slowly curled up. Fengfeng didn’t let him down. His woman could still think of such a move at this moment!

“Pa!” Because of the violent collision of the distorted space, the black thread that tied Yun Feng up was forcibly torn off! Yun Feng’s body fell like a kite with a broken string. Seeing that, Qu Lanyi immediately flew up. The three elders of the Yun family also flew over and caught Yun Feng’s falling body steadily.

“Kid, are you alright?” The Great Elder of the Yun family caught Yun Feng steadily and heaved a sigh of relief in his mind when he saw her pale face. The second and Third Elders of the Yun family also felt like a huge rock had been lifted from their hearts and they were indescribably relieved. Qu Lanyi flew over and his blood-red eyes suddenly faded, returning to pure black. Looking at the black threads still on Yun Feng’s body, white light burst out of his hand!

“Let me!” The powerful and warm light elements removed all the unowned dark elements on Yun Feng’s body. Yun Feng looked at Qu Lanyi’s pale face with an indescribable heartache. Qu Lanyi smiled with emotions that only the two of them could understand in his eyes. The moment the blood eyes disappeared, the giant light beast that was fighting with the black-robed old man in the sky also disappeared!

“You can break my dark elements?” The black-robed old man looked at the broken dark elements in his hand and narrowed his eyes fiercely. His dry, bark-like face suddenly twisted and unusually dense dark elements surged out of his black robe!

“Hehehe, I should’ve taken all of your lives first! Then, I wouldn’t have to worry so much!”

Everyone understood that the black-robed old man was going to make the final attack! Grade 6 of the God Level. They wouldn’t be able to withstand such a final attack at all! The three elders of the Yun family protected Yun Feng behind them with a solemn expression. Qu Lanyi and Mu Canghai also stood in front of Yun Feng. Even Meatball stood in front of Yun Feng valiantly and spiritedly. Everyone protected Yun Feng firmly behind them!

Yun Feng looked at these backs and her eyes were a bit sore. In the moment of life and death, nobody abandoned her and nobody left!

Suppressing the bitterness, her body, which had already regained its freedom, moved slightly. She twisted her wrist gently and an ancient talisman appeared in Yun Feng’s hand! This was the last thing her master gave her in the Dragon Palace. Three power talismans! What was sealed inside should be her master’s power!

“Tsk, tsk, tsk! Give me your life!” Accompanied by this crazy laughter that made people tremble, dark elements surged in all directions, mixed with strong mental strength! Everyone looked solemn. They wouldn’t leave at the last moment even if they had to die!

“I, Yun Feng, said that whoever lays a hand on the Yun family will be punished a hundred times more harshly!” A cold shout was followed by a figure jumping up!

“Yun Feng!” “Fengfeng!” “Fengfeng!”

Even though nobody expected Yun Feng to still have the strength to jump, they saw the determined look on her face. Qu Lanyi was a bit flustered and wanted to pull her down, but he keenly saw an ancient talisman in her hand!

That was...

“Hehe! Yun Feng! I’ll definitely take you back this time!”

Yun Feng sneered and clenched the talisman in her hand! “Take me back? Let’s talk about it when you’re dead!”

“What did you say?” The black-robed old man suddenly narrowed his eyes with disdain in his mind. This little girl didn’t know how to beg for mercy when she was about to die! Alright, if she didn’t want to live, he might as well take a dead body back! They certainly had a way to make her useful even if she died!

“Then give me your life too!” The black robe on the old man’s body rose crazily again. Looking at the dark elements that filled the sky, Yun Feng smiled coldly with her red lips. The spiritual space in her body began to circulate crazily. Her mental strength had already been exhausted when she fused the five elements. At this moment, there wasn’t much mental strength left in her spiritual space. Even though she might be in danger of being exhausted if she continued to activate it, she had no choice but to do this. In order to protect these people who were dear to her and could sacrifice their lives to protect her!

“Let me help you!” Qu Lanyi’s warm voice sounded in Yun Feng’s ears. Then, a pair of warm hands covered her. Yun Feng nodded. The two of them looked at each other and smiled. They clasped their hands tightly. Two powerful mental strength suddenly gathered and surged into the talisman in Yun Feng’s hand!

“Buzz...” A powerful tremor came from Yun Feng’s hand. Yun Feng’s black eyes glittered. The talisman had been activated! However, her mental strength wasn’t enough! Qu Lanyi gritted his teeth. What kind of energy was sealed in the talisman? He and Fengfeng hadn’t activated it completely with their mental strength, but judging from the tremor just then, this power couldn’t be underestimated!

“Buzz, buzz, buzz...” As the mental strength of the two of them kept surging in fiercely, the buzzing sound of the talisman in Yun Feng’s hand became more and more intense and obvious, and faint waves of power slowly oozed out from inside!

The three elders of the Yun family couldn’t help but widen their eyes in shock when they felt the faint energy fluctuation. Even though this energy fluctuation was small, the energy inside was indeed extremely huge! Meatball’s big eyes also rolled a few times with beams of light flashing deep in its black eyes! Because Mu Canghai had the special power of space, he could feel the subtleties of this power

even more. He was also shocked in his mind right now. Where did Yun Feng get the talisman in her hand?

Chapter 1286 Master's Power (3)

"What's this? A talisman?" The black-robed old man also keenly noticed the energy fluctuation that kept spreading out, but this energy fluctuation wasn't scary at all for him! He was a level-6 God! The few people on the opposite side together weren't half his match, let alone this small talisman? What a joke!

The black-robed old man burst into laughter. He also jumped and attacked Yun Feng with the dark elements that burst out! "Yun Feng, I'll take your life!"

Yun Feng and Qu Lanyi narrowed their eyes and infused their mental strength into it again. The talisman shook violently in Yun Feng's hand. "Buzz..." A huge buzzing sound came. The talisman had already left Yun Feng's hand and was spinning rapidly in the air!

Powerful energy waves spread out of the talisman constantly. The black-robed old man was startled and his heart trembled fiercely. This energy... This energy level couldn't be...

An aggressive mental energy that was like a raging storm shot out of the talisman, as if the surging waves were about to drown everything! Yun Feng and Qu Lanyi couldn't help but narrow their eyes and feel the powerful mental strength that made their hearts tremble. Yun Feng was shocked, and so was Qu Lanyi!

"This is... This is... Impossible, impossible!" The black-robed old man's hoarse roar and the dark elements that filled the sky were directly drowned by this wave-like mental strength! The dark elements were scattered in all directions like scattered sand and instantly collapsed!

"I don't believe it!" The hoarse roar of the black-robed old man came from afar, followed by a hoarse roar! Everyone was shocked by this sudden scene!

Such powerful mental energy was enough to destroy the world! A level-6 God was destroyed by this energy!

Yun Feng's heart was shaking. Master, this was Master's power! She defeated this black-robed old man easily with just a talisman! No wonder Master could have the Dragon Palace. No wonder Master could become the first summoner to contract with a dragon! Only such a master could possibly challenge the so-called Fantastical Beast!

The dark elements in the place where the black-robed old man was located were destroyed. The unusually fierce mental strength also dissipated quickly after the attack. After everything ended, the black-robed old man was already gone!

Mu Canghai narrowed his eyes and stared at a certain spot in the space. "Unfortunately, he ran away. He forcibly tore open the space and escaped. I didn't expect them to have a certain understanding of the power of space."

Qu Lanyi snorted in disdain. It was a pity that he didn't die, but he was lucky to be able to escape. Under the fierce attack just then, he could only escape!

“Ugh!” Yun Feng only felt a bit dizzy. Her eyes darkened and her body went limp, falling completely into Qu Lanyi’s arms!

“Fengfeng!” Qu Lanyi was anxious. He immediately examined her injuries. When he found that the spiritual space in Yun Feng’s body had been completely exhausted, he immediately looked awful! “Elders, Fengfeng’s condition is a bit urgent. We’ll go back immediately!”

The three elders of the Yun family immediately nodded. Everyone landed from the sky. Qu Lanyi held Yun Feng tightly in his arms. Meatball also put aside its grudge and stood on Qu Lanyi’s shoulder worriedly, looking at the unconscious Yun Feng with its big eyes. Even though half of the Yun family’s mansion was destroyed in the fierce battle just then, none of the members of the Yun family was injured.

“Yun Feng!” Yun Xiang was the first to run out. It wasn’t that she didn’t sense the fierce battle just then. Mu Canghai and Qu Lanyi had already gone over to help. Even though she was extremely anxious about Yun Feng in her mind, Yun Xiang knew that she couldn’t help much. She could only help Yun Feng by protecting the remaining members of the Yun family.

“Yun Feng, what’s wrong?” Yun Xiang’s breath tightened when she saw Yun Feng’s pale face. Qu Lanyi didn’t have time to answer her question. He just carried Yun Feng inside in a hurry. He needed a quiet place to heal Fengfeng.

“Great Elder!” The members of the Yun family all walked out one after another. Seeing Yun Feng’s pale and weak appearance, their expressions immediately changed. “Great Elder! Yun Feng will be fine, right?”

“Great Elder, what exactly happened to Yun Feng?”

The members of the Yun family all asked anxiously. Mu Canghai followed Qu Lanyi in a hurry, while the three elders stayed here to comfort everyone. “Yun Feng is fine. Don’t worry.”

“She just worked too hard and overused her mental strength. It won’t be a problem for her to recover.” The Great Elder’s comfort finally made the members of the Yun family relieved, but they didn’t look relaxed. “Yun Feng was working so hard because she wants to protect us!”

“That’s right! If we weren’t so useless, how would Yun Feng carry so many things alone? We’re the ones who harmed her!”

Everyone in the Yun family blamed themselves one after another. The three elders watched with relief. Yun Feng would definitely feel gratified after hearing this. The people she protected didn’t let her down. Yun Xiang was tense and dark on the side. She was very depressed in her mind. As the most outstanding member of the younger generation of the Yun family, she didn’t help at all and she was very ashamed in her mind.

The Second Elder of the Yun family patted Yun Xiang’s shoulder. “Don’t think too much. The biggest victory is that the Yun family survived such a disaster and everyone is unscathed.”

“That’s right! Whoever wants to hurt the Yun family is dreaming!”

“Yes! That’s right!”

The frustration in Yun Xiang's heart was swept away. Now wasn't the time to be frustrated. The Yun family had suffered such a disaster today. There would definitely be even more trouble in the future. The road of the Yun family in the future wouldn't be smooth! "Great Elder, from today onwards, everyone in the Yun family will work harder to improve their strength and protect the Yun family as soon as possible!"

Everyone agreed with what Yun Xiang said. The three elders of the Yun family nodded with a smile. "The Yun family will go to the Inner Region soon. We'll recuperate during this period of time. As for the others, they won't dare to cause trouble for the Yun family easily! Alright, you can go back first!"

What the Great Elder said gave everyone confidence. After the members of the Yun family dispersed, the three elders of the Yun family stood there silently. The three of them looked at each other and thought of the talisman Yun Feng took out just then. "The level of mental strength released by that talisman..."

Chapter 1287 Master's Power (4)

The Great Elder of the Yun family nodded. "To be able to defeat a level-6 God, the power must be above that!"

After the fierce collision between the Yun family and the Bai family, Yun City regained its usual peace. On that day, because the Yun family's mansion was located in the deepest part of Yun City and because of Mu Canghai's spatial blockade, Yun City wasn't damaged much. Even though almost half of the Yun family's mansion was destroyed, the members of the Yun family didn't complain at all. Soon, the Yun family would return to the Inner Region!

The Bai family, on the other hand, had completely declined. The leader of the Bai family, Bai Zhiyu, died in the Yun family. The pharmacist, Bai Qingfeng, left the Yun family. The outstanding member of the younger generation, Bai Qingyan, was also dead. The Bai family could be said to have collapsed in an instant. Their status as one of the ten cities would probably not be stable anymore in the future. They would be in danger of being ostracized sooner or later. However, no matter how much the Bai family hated the Yun family, there was nothing they could do. The leader was already dead. The remaining people wouldn't dare to cause trouble at the Yun family's door even if they had a hundred guts. Besides, the status and position of the Yun family would be very different if they returned to the Inner Region decisively.

The changes in the ten cities could be said to be the biggest and most obvious this time. The Jiang family had the most complicated emotions. Even though they didn't get the qualification to enter the Inner Region, the Yun family was leaving and the Bai family declined. The Jiang family was the king in the world outside of the circle of power. They more or less got some pretty good gains.

!!

The other cities naturally learned about the battle between the Yun family and the Bai family soon after. They only sighed at Bai Zhiyu's boldness and ruthlessness. The friendship between the two families for so many years was ruined in one day. It was truly a bit unbelievable. The Yun family didn't do anything. The Bai family really shot themselves in the foot. The discussion was all in secret. The identity of the Yun family was different from before. The other cities were more or less a bit more fearful.

The Yun family had been recuperating during this period of time. The ordinary houses that had been destroyed were simply repaired. It was fine as long as they could accommodate people. The atmosphere of cultivation in the Yun family was unprecedentedly high. It was to accept the challenge after entering the Inner Region and not let anyone bully the Yun family!

They were united and worked hard to improve. Such an atmosphere made the elders of the Yun family feel gratified and proud! It also made the three elders of the Yun family heave a long sigh of relief. After all, Yun Feng was the reason why the Yun family could be so energetic today.

Bai Qingfeng, who was on his last breath, gradually got better during this period of time. He was already awake, but his body was still very weak. He stayed in Yun Xiang's yard. Even though Bai Qingfeng was using the surname Bai, everyone knew what he did for the Yun family. The members of the Yun family also acknowledged this live-in son-in-law in their minds. And Yun Xiang still took on the responsibility of taking care of Bai Qingfeng after he woke up. Even though she was very awkward, Bai Qingfeng smiled happily every day.

"Silly, it's time for your medicine!" Yun Xiang pushed the door open and came in. She saw Bai Qingfeng leaning against the bed and smiling foolishly alone. Yun Xiang shook her head helplessly. She really didn't know what he was smiling about. What exactly was there to smile for?

Bai Qingfeng raised his head with warmth in his eyes. "Xiao Xiang."

Yun Xiang's entire body went numb because of Yun Feng's gaze and tone. She couldn't help but blush. "Why are you shouting? Drink the medicine!" She stuffed the medicine bowl in her hand into Bai Qingfeng's own hand. Bai Qingfeng chuckled and glanced at Yun Feng with an extremely warm gaze as he drank the medicine in his hand in one gulp.

Bai Qingfeng didn't have any psychological burden anymore right now. He was almost killed by his biological father. He had completely given up on the Bai family and Bai Zhiyu in his mind. Besides, his pharmaceutical ability had made a lot of contributions to the Bai family over the years. After all, he didn't owe the Bai family anything. If it weren't for Yun Xiang and the Yun family, he would have lost his life in the Bai family.

"It's great to see you," said Bai Qingfeng in a low voice. Yun Xiang was startled and grabbed the medicine bowl a bit rudely. "What nonsense are you talking about? I won't let anything happen to you."

Bai Qingfeng chuckled and nodded. "Yes, I know you care about me."

Yun Xiang suddenly blushed and glared at Bai Qingfeng furiously. This fool was much bolder. He would never say such things in the past. Who taught him to say such things?

"Brother Qingfeng, are you feeling better?" The door was pushed open again and a little head stuck in. When she saw that Yun Xiang was also here, she stuck out her tongue abruptly. "Sister Xiao Xiang, you're here too..."

Yun Xiang looked at Yun Xiaoxiao, who seemed to have done something wrong, and her face suddenly darkened. "Xiaoxiao, it seems that you visit this idiot quite often."

Yun Xiaoxiao stuck out her tongue and walked in, closing the door. Bai Qingfeng chuckled on the bed. Yun Xiang immediately understood something and narrowed his eyes. "Xiaoxiao, did you teach this fool to say that, huh?"

Seeing that Yun Xiang was about to burst into fury, Yun Xiaoxiao raised her head in embarrassment. "Sister Xiao Xiang, I just asked Brother Qingfeng to be straightforward... We know everything about you two..."

"You!" Yun Xiang blushed and scolded with a smile. Bai Qingfeng said, "Xiao Xiang, I have to thank Xiaoxiao. Without her guidance, I wouldn't understand your feelings."

"My feelings? Don't listen to other people's nonsense, you idiot!" Yun Xiang's face became even redder. Bai Qingfeng only felt that the person in front of him was very cute when he saw this. If it weren't that his body was weak, he would have hugged her and held her in his arms.

Yun Xiaoxiao also smiled when she saw how shy Yun Xiang was. However, she thought of something and her face immediately darkened. "If Sister Xiao Feng can wake up and see Sister Xiao Xiang and Brother Qingfeng like this, she'll definitely be happy."

"Yun Feng?" Bai Qingfeng raised his brows. "She's still not awake?"

Yun Xiaoxiao nodded. "I just came from Sister Feng's place. She's still not awake." She looked much more lonely. Yun Xiang's face also darkened after hearing that. Ever since Yun Feng fell unconscious because of the exhaustion of her mental strength, she hadn't opened her eyes and had been unconscious.

"It's been almost half a year. The idiot has already woken up. How can she not wake up?" Yun Xiang was about to walk out anxiously, when Yun Xiaoxiao immediately stopped her. "Sister Xiao Xiang! Let Sister Xiao Feng rest in peace. With Qu Lanyi here, Sister Xiao Feng should be fine! I heard from the Great Elder that Qu Lanyi is a light-element mage!"

Yun Xiang and Bai Qingfeng weren't surprised. Bai Qingfeng's life was saved thanks to Qu Lanyi. That's right. With him here, how would anything happen to Yun Feng?

Chapter 1288 Naxi Lanyi (1)

"Don't worry too much. Yun Feng has always been lucky. This time will certainly be no exception." Bai Qingfeng said and then chuckled. "Don't forget her pharmaceutical skills. With the Life Potion and light elements, she can force a dead person back to life. She just exhausted her mental strength. She's probably very tired. Half a year of rest is still not enough."

Yun Xiang was completely relieved after hearing what Bai Qingfeng said. It was fine as long as Yun Feng's life wasn't in danger.

Yun Feng's life was indeed not in danger. The exhaustion of mental strength was fatal for mages and summoners in battle, but it would be fine if she wasn't in a fighting state. She just needed to recover her mental strength well. When her spiritual space was full again, she would be back to normal.

Yun Feng hadn't woken up in half a year, which made Qu Lanyi, who had been staying close to her for the past six months, a bit panicked. Yun Feng's spiritual space had already been full a month ago. He thought she would open her eyes, but she was still unconscious after a month!

!!

"What exactly went wrong..." Qu Lanyi sat by the bed and stared at the beauty on the bed who had been unconscious with her eyes closed. The light elements entered her body tentatively again. Her spiritual space was intact! Everything was intact!

"Nana, Fengfengna, na!" Meatball sat on Yun Feng's cheek and patted Yun Feng's cheek again and again with its fluffy tail, as if it wanted to wake her up, but Yun Feng was sound asleep. "Nana, Fengfengna!" Meatball extended its little claws and scratched Yun Feng's cheek gently a few times, then pushed her again. Yun Feng still didn't move. Meatball lowered its little head in frustration, but suddenly raised its head and shouted at Qu Lanyi fiercely, "Nana, nana, Fengfengna!"

A hint of anger immediately appeared in Qu Lanyi's black eyes. "Do you think I'm not anxious about Fengfeng?"

Meatball's cute little face immediately became even more ferocious. Its little body completely arched and its white soft fur all stood on end. "Nana, na!"

Qu Lanyi sneered. "You're not qualified to teach me a lesson!"

"Qu Lanyi!" Mu Canghai's body flashed in. Seeing that the man and the beast in the room were ready to fight, he couldn't help but stop talking. Seeing that Mu Canghai came in, Meatball turned around and lay next to Yun Feng's cheek without moving. Qu Lanyi turned around and looked at Mu Canghai with his black eyes. "What's wrong?"

Mu Canghai glanced at the quiet Meatball and finally said, "Someone from the Inner Region came and asked to see Yun Feng."

Hearing that, Qu Lanyi raised his eyebrows and finally smiled in disdain. "Does she have to meet them just because they said so? What do the three elders of the Yun family say?"

"The three elders of the Yun family declined them, which made the people from the Inner Region a bit unhappy."

Qu Lanyi frowned. "The guy from the Inner Region cannot have a simple purpose for coming here at this moment and asking to meet Fengfeng."

Mu Canghai nodded. "I think so too. Is the appearance of that black-robed old man related to someone in the Inner Region?"

Qu Lanyi sneered. "I know they must be involved. Stay here. I'll go ahead and take a look."

Mu Canghai nodded. Meatball turned its head and glared at Qu Lanyi. Qu Lanyi curled his lips. "Meatball, you should be able to protect Fengfeng with your ability, right?"

Meatball grunted and swept its tail in the air. Qu Lanyi chuckled and turned around to walk forward. Mu Canghai shook his head helplessly and glanced at Yun Feng's face, which was still sleeping peacefully. If

he didn't know that she had gone through that battle, he would really think that she was sleeping soundly.

"Yun Feng, it's time for you to wake up..." Mu Canghai heaved a long sigh and sat on a chair not far away. Meatball also turned around and looked at Yun Feng with tears in its big eyes with indescribable anxiety and uneasiness.

The room fell into silence again. Only the shallow breath of the sleeping beauty on the bed sounded in the air. At this moment, Yun Feng couldn't hear Qu Lanyi and Mu Canghai's words or Meatball calling her. Her consciousness had already fallen into darkness involuntarily and came to the depths of her heart that she had once been in, the world that belonged to her alone.

Yun Feng's body transformed all the way forward in the darkness. Her heart was extremely calm as she looked at the darkness that flashed past her body around her. Yun Feng looked ahead with her black eyes and the sound of chains dragging on the ground sounded again. Suddenly, her constantly sliding body stopped abruptly. Yun Feng's breath had just stabilized when a voice rushed out of the darkness!

"Yun Feng?"

Yun Feng narrowed her black eyes. "It's me."

"Hahaha, I didn't expect you to be so reckless even though you look mature and steady. The fusion of five elements... Weren't you afraid that you would accidentally kill yourself?"

Yun Feng's red lips curled up slightly. There was still darkness in front of her eyes. She couldn't see anything and could only talk to the voice through the darkness. "The situation was urgent back then. I could only be reckless."

"Humph! I can only say that you're lucky!"

Yun Feng chuckled. The voice sounded a bit impatient. "Why exactly are you looking for me this time?"

Yun Feng's body tightened and her voice became a bit deep. "Senior... Do you know anything about that mysterious organization? Even just a few words!"

The other party in the darkness suddenly fell silent for a long time. "Why are you asking this? Why? Do you think you can face them right now? You're overestimating yourself!"

"I know my own strength! I won't take risks! It's just that that mysterious organization seems to have been targeting the Yun family for a long time, not for you."

"Hahahahaha!" Crazy laughter suddenly came from the other side of the darkness. Then, a huge blood-red eye suddenly tore through the darkness and appeared in front of Yun Feng! "Yun Feng, do you know that they're not doing this for the me in your body?"

The giant blood-red eyes were emitting beams of red light. In front of Yun Feng, Yun Feng could even feel the shock and heat in those eyes! "It's very simple." Yun Feng chuckled, which made the giant blood-red eyes slightly startled. "If they're doing this for you, they should capture everyone in the Yun family to test them one by one, not capture individual summoners."

Chapter 1289 Naxi Lanyi (2)

The giant blood-red eyes slowly narrowed with viciousness in them. Yun Feng's smile became deeper. "You lied to me so that I'll let you out. Don't think about that for now."

"Haha!" The sound of chains suddenly echoed, as if some huge creature was moving back and forth in frustration! "Even so, do you know what they want?"

"Yes! They want the summoner bloodline of the Yun family, and the purest and most strange bloodline power!" After shouting, Yun Feng's expression suddenly turned vicious and she clenched her fists in an instant. "My brother's soul appeared on the Central Continent for no reason. Our ancestor, Yun Lan's soul, was taken away and everything that happened to the Yun family is related to them! I have an irreconcilable grudge with them! So..." Yun Feng raised her black eyes and looked at the ferocious giant eyes in front of her. "If you know, please tell me."

"Hahaha, this is the best joke I've ever heard!" The giant blood-red eyes emitted a hint of viciousness. "Do I have to tell you if I know?"

Yun Feng's lips curled up. "Do you want to come out?"

The giant red eye was stunned. "You're willing to let me out?! Kid, don't joke around!"

Yun Feng shook her head. "Why don't we make a deal?"

"A deal?" The sound of chains dragging on the ground sounded frequently. Yun Feng waited patiently. The sound of the chains continued for a long time, making the usually quiet space unusually noisy. Finally, the sound of the chains stopped abruptly!

"Yun Feng, are you serious? If you lied to me, believe me, you'll definitely not have a good time!"

A loud laugh spread throughout the entire space. Yun Feng looked at the huge blood-red eyes that were even taller than her in front of her and a glint of light flashed through her black eyes. "A deal certainly has to be based on fairness and honesty. If you don't trust me, forget that I said anything."

The blood-red eyes narrowed slightly as they sized Yun Feng up from head to toe. "Hm! It doesn't matter if I believe you once. If you change your mind, you'll suffer in the end!"

Yun Feng nodded. "Since you've agreed, you should understand the conditions of the deal. Tell me everything you know about that mysterious organization, and I... promise to set you free when I have the ability!"

"When you have the ability?" There were traces of confusion in the blood-red eyes. Yun Feng chuckled. "You know very well that I don't have the ability to let you out at all right now. I can't even see your real appearance clearly."

"Humph! Got it!" The blood-red eyes closed and the corners of Yun Feng's mouth curled up in satisfaction. If the Yun family really sealed this giant beast into their bloodline, it seemed that it wasn't a coincidence that it entered her body.

"I don't know if the mysterious organization you're talking about is the same as what I know. If it's not the same, the deal between us can't be nullified!"

Yun Feng pondered for a while. "Most of them use dark elements. The black robe they're wearing has mysterious and complicated patterns. Of course, if you want to confirm, you can." She flipped her wrist and a small bottle appeared. Yun Feng opened the bottle and something hazy and translucent immediately floated out, trying to escape. Yun Feng reached out and grabbed the milky white soul fiercely.

"Yun Feng! Let me go!" The soul of the hooded man struggled crazily in Yun Feng's hand. Yun Feng sneered and looked at the blood-red eyes in front of her. "Do you see it clearly?" She lifted the soul in her hand in front of the blood-red eyes. The soul of the hooded man suddenly calmed down and turned around slightly. He immediately struggled crazily again.

"Yun Feng! Let me go back! Let me go back quickly!" The man in the hood was stared at by the huge red eyes and his words were trembling with fear. He tried his best to get back into the bottle from Yun Feng's hand. The huge red eyes glanced at her. "Haha, I didn't expect you to catch one?"

Yun Feng stuffed the soul into the bottle. This time, the man in the hood didn't want to escape at all. He stayed in the bottle very obediently. Yun Feng closed the bottle and put it back. "Is it the same as what you know?"

"More or less. Only those above the God Level can keep their souls after they die, but the one you caught also kept its soul at a very low level."

"They keep souls above the God Level?" Yun Feng was stunned. A glint of light flashed through her huge red eyes. "Why? Have you never heard of the saying that those above the God Level are immortal?"

Yun Feng was a bit shocked. Above the God Level were the immortals... In other words... Bai Zhiyu wasn't dead! At least, his body was destroyed, but his soul body might have escaped! "You're lucky. When your five-element fusion burst out, even his soul would be destroyed. Otherwise, why do you think those Gods were running for their lives?"

Yun Feng heaved a sigh of relief in her mind. She didn't want to leave such a root of trouble behind. She wouldn't give him a chance to recuperate before letting him make a comeback! She must eliminate the source of the problem!

"It seems that what you know should be the same thing as what I want to know." Yun Feng smiled lightly as darkness flashed in the blood-red eyes. "If you want to know, it doesn't matter if I tell you! You must remember the deal between us clearly. I'll wait for the day you fulfill your promise!"

Yun Feng smiled. "Alright, deal!"

Half of the Yun family's mansion had been destroyed, but the main hall was still intact. After a few months of intense repairing, the damaged parts had already been cleaned and rebuilt. Many members of the Yun family were focused on cultivation. There was a faint golden color in the air in the courtyard behind the Yun family. It was the Golden Cauldron Fluid that had already fused into the air! With the help of the Golden Cauldron Fluid, even if the younger generation of the Yun family had been tampered with, they would still make a lot of progress.

Today, the Yun family welcomed a few very special people. Visitors from the Inner Region came again. This time, they were going to take the Yun family to the Inner Region officially. However, before going to the Inner Region, they certainly had to make things difficult for the Yun family.

“Congratulations to the Yun family for getting the opportunity to enter the Inner Region. You must seize it this time.” Three people came to the Inner Region this time. They were all at the God Level. The three elders of the Yun family and Yun Xiang were receiving them in the main hall. The three of them looked at each other. “Why don’t I see Yun Feng? Why? Are the three of us not worthy for her to welcome us in person?”

Chapter 1290 Naxi Lanyi (3)

“Seniors, Yun Feng...” Yun Xiang wanted to say something, but the three of them didn’t give her a chance to finish at all. “Young people nowadays think they don’t care about anyone just because they have some ability. They think they’re the heavens.”

“A five-element summoner is indeed a bit impressive, but if she keeps being so arrogant, she’ll have no great achievements in the future.”

Being interrupted, Yun Xiang could only grit her teeth and stand there, listening to these three people make sarcastic remarks constantly. The Third Elder of the Yun family was a bit angry. How could he let the outstanding descendant of his family be insulted like this? And it was far from the truth!

The Second Elder of the Yun family pulled the Third Elder and winked at him. The Yun family was no stranger to the three people who came today. They were from the Baili family, which didn’t like the Yun family when they were in the Inner Region. Someone must’ve asked them to mock and ridicule them on purpose. Then, they wouldn’t have to stoop to their level.

The Great Elder of the Yun family chuckled and wasn’t angry about anything. He only spoke after the three of them finished their show. “Are you done? Since you’re done, let me ask you, when are we leaving?”

The three members of the Baili family were a bit frustrated to see that they weren’t angry at all. “Why are you in such a hurry? We haven’t even seen Yun Feng. How can we set off?”

“Why? We’ve been here for so long. Isn’t Yun Feng coming out?”

“She’s just a junior. She’s too arrogant! The Yun family is already so arrogant before they enter the Inner Region?”

The Great Elder of the Yun family’s face darkened slightly. The three members of the Baili family were secretly delighted when they saw this and their tone also became more arrogant. “Great Elder, the Yun family is already so arrogant before they enter the Inner Region. Won’t they become the target of everyone after they enter the Inner Region?”

“Haven’t you learned your lesson? Do you want to be squeezed out again like before?”

“Hm, it’s time for the Yun family to get used to squeezing around. This is the most comfortable place to stay.”

“You people from the Inner Region have surprisingly smelly mouths. Elders, aren’t you uncomfortable?” This half-lazy and half-powerful voice came out. The faces of the three members of the Baili family immediately turned pale as they looked at the handsome man who walked into the main hall. “What did you say?”

The three elders of the Yun family were stunned. Qu Lanyi? Why did he come out? Had Yun Feng woken up? Qu Lanyi smiled casually and glanced at the three clowns in front of him. “Which family are you from in the Inner Region? Tell me. Let me see if I’ve heard it.”

The three elders of the Yun family were shocked again. Yun Xiang couldn’t help but look at Qu Lanyi in confusion. How did he know about the families in the Inner Region? Was he also from one of the families in the Inner Region?

“Kid, you’re not qualified to know which family we’re from! If you disrespect us again, we won’t let you go even if we have to bully the weak!”

“I think the Yun family really wants to be squeezed out of the Inner Region again!” The three members of the Baili family all looked at the three elders of the Yun family with viciousness in their eyes. The hearts of the three elders of the Yun family all sank. The Yun family had probably already been a thorn in the side of many people before they entered the Inner Region... Even though they expected that the Yun family would face trouble, it wouldn’t be difficult for the families of the Inner Region to join forces and squeeze the Yun family out again!

This time, they might have miscalculated and failed to stop the Yun family from entering the Inner Region, but if they pushed the Yun family out again, they would be even more meticulous. If the Yun family was squeezed out of the Inner Region again this time, they would really be doomed!

Although Qu Lanyi dampened the arrogance of these three people, he also brought some hidden dangers to the Yun family. The three elders of the Yun family certainly understood this, but they didn’t scold him. He was only protecting the Yun family.

“Hahahaha! Bullying the weak and ostracizing the Yun family?” Qu Lanyi burst into laughter as his black eyes glittered. “You three aren’t qualified to let the Yun family welcome you! Go back and tell those old bastards in the Inner Region that I, Naxi Lanyi, am the son-in-law of the Yun family. I’ll see who dares to have designs on the Yun family again!”

Yun Xiang was stunned. Naxi? Wasn’t his name Qu Lanyi? Why was he called Naxi Lanyi... However, the surname Naxi sounded like it had another meaning...

The three elders of the Yun family widened their black eyes after hearing that. The heart of the Great Elder of the Yun family trembled fiercely! Naxi... This kid... was a member of the Naxi family! However, why did he expose his identity at this moment? If he didn’t, they certainly had a solution... The Great Elder of the Yun family looked at Qu Lanyi deeply.

The three members of the Baili family were only confused after hearing that. Naxi? What Naxi? However, the young man in front of them gave them a kind of pressure, which made the three of them turn around and leave dejectedly. Even though they were unwilling in their minds, there was nothing they could do. How would these three people know what the ancient surname, Naxi, represented? In the distant ancient times, there was a famous surname among the few ancient families, Naxi!

“Naxi? Are you sure he said Naxi and not some other name? Did you hear him clearly?!” Such a furious shout came from the main hall of the Baili family in the Inner Region. The three people, who had just returned from outside the circle of power, were all frightened by the master’s excited expression.

“Ma... Master... It’s Naxi. It’s indeed the Naxi family.” The three people who came back to report were all confused. They replied carefully. What kind of family was Naxi? Master was so excited? There was no such family in the Inner Region. Why was Master so excited?

“The Naxi family... It’s really the Naxi family!” The leader of the Baili family suddenly collapsed and leaned against the back of the wide chair. He looked a bit dazed, but his heart was like a raging storm! The Naxi family was one of the ancient clans that lived in seclusion, but their strength was extraordinary and powerful. Besides, there seemed to be many secrets hidden in the Naxi family. However, the Naxi family had quit this continent a long time ago and was hiding somewhere. Until now, a member of the Naxi family had appeared on the Central Continent and even the Yun family!
