

## Summoner 1291

### Chapter 1291 Just to Protect You (1)

However, he didn't expect the Naxi family to be related to the Yun family. Bai Zhiyu was also dead, the Bai family was completely desolate, but the Yun family wasn't injured at all! Hm! After all, Bai Zhiyu was still a loser! The Baili family's master sneered coldly in his mind and pondered again. Why did the Naxi family have to be related to the Yun family? He didn't have the ability to deal with the Naxi family and didn't have the courage at all! That was one of the ancient families!

Even though the Yun family was also one of the ancient families, they had declined too much, but the Naxi family was different!

The Master of the Baili family's expression was unpredictable, which made the three people standing below anxious in their minds. Was the Naxi family something impressive? Otherwise, why would the Master look so conflicted?

"Ma... Master..." The three of them called out softly, but the leader of the Baili family didn't seem to hear them. The three of them couldn't help but look at each other and heave a sigh of relief in their minds. Luckily, they didn't have any conflict with that kid. Otherwise... if they really offended some family, they would suffer!

"You three, inform the masters of the Wu family and the Ai family to come for a chat immediately. Tell them that there's something very important. If they can't come because of something, report the name of Naxi to them, understand?"

The three people standing below immediately straightened their bodies. "Yes, Master!"

The leader of the Baili family sat there and looked at the high sky outside through the tall door frame with his black eyes. The Naxi family had appeared... He suddenly clenched his fists on the back of the chair. It seemed that the world was about to change.

After the three members of the Baili family left in a hurry, honored guests of the Yun family came to visit again after a few days. However, this time, it wasn't some small fry anymore, but the three masters of the Yun family came in person. The three elders of the Yun family were also quite surprised, but they knew very well in their minds that the name of the Naxi family must be the reason why these three people came in person.

"Elders, congratulations." The leaders of the Baili family, the Ai family and the Wu family came in person with a smile on their faces. The three elders of the Yun family sneered in their minds. When the Yun family was still in the Inner Region, these three families were the sworn enemies of the Yun family. The three families had also contributed a lot when the Yun family was forcibly squeezed out of the Inner Region. They had never thought that they would be so polite and even greet them with a smile when they met again.

"You're welcome. How have you been?" said the Second Elder of the Yun family. The leader of the Baili family chuckled and glanced at them. "The Yun family must've had the help of an expert to return to the Inner Region this time. Even though the five-element summoner of the Yun family is a rare talent, I heard from the servants that there seems to be someone from the Naxi family..."

The Great Elder of the Yun family's black eyes glittered. "Master Baili, you rushed here in such a hurry to see the people of the Naxi clan?"

Although the three leaders of the Baili family, the Ai family and the Wu family were prepared in their minds after hearing that, their hearts still skipped a beat. The people of the Naxi clan were really here!

The Third Elder of the Yun family chuckled. "Is that why you rushed here in such a hurry? What if I tell you that that person has already left?"

The faces of the three masters all darkened. Did the Yun family trick them this time? If that was the case, the Yun family would suffer when they entered the Inner Region! Seeing the expressions of the three masters, the Third Elder of the Yun family smiled in disdain. He had never thought about that young man's identity as a member of the Naxi family. These three old things were too much of a pug!

"Great Elder of the Yun family, isn't this supposed to be a joke? Am I right?" The leader of the Baili family said with a cold face. The Great Elder of the Yun family smiled casually. "The Yun family never jokes."

"Then I'll have to trouble the Great Elder of the Yun family to invite them!" The Master of the Wu family said with a cold face. The three of them came here to confirm if there was really a member of the Naxi clan. If there was really one, they would have to stop what they were doing to the Yun family. They certainly had to consider carefully if they wanted to get involved with the Naxi clan.

"Do you want to see me?" A lazy voice came. Then, a tall person walked into the main hall with a lazy smile on his handsome and flawless face. Even though he was a man, his facial features more or less carried the charm of a woman, especially his eyes.

The leader of the Baili family glanced over and couldn't help but feel startled when he saw such a handsome young man. Then, he sized him up with suspicion. This was a member of the Naxi family? The leader of the Wu family and the leader of the Ai family were also a bit skeptical. In their understanding, if a member of the Naxi family had appeared in the world, it wouldn't be such a young man!

Qu Lanyi nodded at the three elders of the Yun family. Then, he glanced at the three middle-aged men in front of him with a hint of disdain in his eyes. The three masters were immediately a bit upset by such an impudent gaze, but they couldn't flare up easily because they didn't know his identity.

"Are you from the Naxi family?" The leader of the Baili family said as he glared at Qu Lanyi with deep suspicion. Qu Lanyi sneered. He had already expected that these people would do this. In order to confirm his identity, the few of them came in person. They were truly paranoid.

"I knew you would be very suspicious," said Qu Lanyi casually. The three masters all looked extremely embarrassed. Qu Lanyi twisted his wrist gently and a small jade pendant appeared in his hand. The three elders of the Yun family were shocked again when they saw this. That was the family token unique to the Naxi clan!

The expressions of the three leaders changed drastically when they saw that. Looking at the small token in Qu Lanyi's hand, they couldn't say anything for a long time. Their hearts suddenly pounded crazily. It was really the Naxi family! He was really a member of the Naxi family!

Seeing the expressions of the three of them, Qu Lanyi put away the token. "Did you see it clearly?"

The Masters of the Wu family and the Ai family were both a bit sweaty. Even though they were from the Inner Region, they weren't on the same level as those ancient families at all after all! Even the Baili family couldn't compare to those ancient families! Back then, when these ancient families dominated, these families might not have been born yet! The majesty and background of the ancient families were something these rising young families couldn't surpass at all!

Even if they were in the limelight and extremely powerful, their hearts would still tremble when they heard the name of an ancient family!

Chapter 1292 Just to Protect You (2)

"The Naxi family has come out..." The leader of the Baili family looked at the handsome young man in front of him and said in a low voice. Then, he smiled lightly. After all, his family was also a large family in the Inner Region. Even though the Naxi family was an ancient family, his status wasn't low!

"I wonder who you are to the Naxi family. It seems that the Naxi family is quite close to the Yun family."

Qu Lanyi chuckled. "And you are..."

The leader of the Baili family looked embarrassed. "I'm the leader of the Baili family. These two are the leaders of the Wu family and the Ai family."

Qu Lanyi smiled. "The relationship between the Naxi family and the Yun family can be traced back to a long time ago. I'm afraid the master of the Baili family won't know about it. If the Yun family needs help, the Naxi family won't just stand by and do nothing. Besides, I'm the son-in-law of the Yun family right now. The Yun family's business is my business and the Naxi family's business."

The leader of the Baili family was shocked. If the Yun family was tied to the Naxi family, how would they deal with it? The Yun family was different from before. It was connected to the Naxi family!

"Oh? The Yun family's business is the Naxi family's business. I wonder who you are in the Naxi family. You're quite bold." The Master of the Wu family sneered. The Master of the Ai family also smiled. "Young friend, do you think you can represent the Naxi family? You should be careful."

Qu Lanyi burst into laughter after hearing that. "You're not qualified to know my identity in the Naxi family. If you're willing to listen, let me give you a piece of advice. Forget what you did in the past. If anyone touches the Yun family in the future, they'll die without knowing how."

The bodies of the three masters suddenly tightened. This kid was too arrogant! The three of them were all reputable families. Even though their families couldn't compare to the Naxi family, it was beneath them to be taught a lesson by a kid like this!

"Humph! You don't have to worry about that!" The leader of the Baili family glanced around. "Elders, the Yun family must be prepared to enter the Inner Region in three days. In the future... we'll have to meet more often."

The three elders of the Yun family all chuckled. The Great Elder of the Yun family said indifferently, "Master Baili, don't worry. The Yun family is all prepared."

"If that's the case, we'll take our leave!" The three leaders turned around and left. It could be seen that they were all angry in their minds. As soon as they walked out of the door of the Yun family, the leader

of the Ai family and the leader of the Wu family were already enraged. "Brother Baili, we've been mocked by a junior this time. When the Yun family enters the Inner Region, we'll definitely take revenge!"

"That's right, Brother Baili. With our identities, how dare that kid speak so rudely? How can we not teach him a lesson?"

The Master of the Baili family looked cold and didn't say anything for a long time. The Master of the Ai family and the Master of the Wu family were a bit confused when they saw that the Master of the Baili family didn't say anything. "Brother Baili, are you afraid?"

"Brother Baili, you're cowering because of a kid from the Naxi family? Even though the Naxi family is very strong, that kid might just be a nobody. Brother Baili, if you're so cowardly, people will laugh their heads off!"

The leader of the Baili family's face twitched fiercely. "That kid's status in the Naxi family will definitely not be low."

The other two family masters didn't believe what he said. The Baili family's master cursed them for being a group of idiots in his mind, but he had to explain, "Even though the Naxi family has been hiding, there were still a lot of records left before they went into hiding. I don't know much, but I know a bit about the family token of the Naxi family. The token that kid is holding... is something only people with a certain status can have."

"So, that kid has quite a high status in the Naxi clan?"

The leader of the Baili family nodded with a solemn tone. "We must listen to what that kid says."

"Brother Baili, don't you think you're too cowardly?" The Master of the Wu family couldn't help but look down on him. The Master of the Ai family also thought so. The Master of the Baili family cursed the two idiots in his mind and said, "Cowardly? Do you know how terrifyingly powerful the Naxi clan is?"

"How scary can it be? After all, those ancient families only left some reputation. I've never seen them do anything. Besides, isn't the Yun family one of them? They're so down and out right now. These ancient families aren't as strong as you think!"

The leader of the Baili family sneered. "Do you know that the Naxi family once subdued a Fantastical Beast?"

"A... Fantastical Beast!" Both the Master of the Ai family and the Master of the Wu family were stunned. The Master of the Baili family sneered again. "The Yun family, which has the bloodline of a summoner among the ancient families, has never had one, but the Naxi family succeeded! What does this mean?"

The other two leaders didn't say anything. The face of the leader of the Baili family couldn't help but darken. "Besides, there's still a rumor that we don't know if it's true or not. The Fantastical Beast that was subdued is still in the hands of the Naxi clan."

The faces of the two family masters darkened. The Naxi family could subdue a Fantastical Beast! And it was still under control! If they angered this family... they really wouldn't know how they died!

“Brother Baili, according to what you said, if the Naxi clan has a Fantastical Beast, wouldn’t they be able to dominate this continent?”

The leader of the Baili family didn’t say anything for a long time, but his face became darker and darker. “Most ancient families are hidden families. If they really come out... Do you think we still have a place to stand?”

The other two family masters were both stunned and didn’t say anything else. The Yun family of the ancient families was an exception. It was indeed a bit unbelievable that they were in such a down-and-out state right now. As for the ability of the other ancient families, nobody knew where they were hiding. However, now that the members of the Naxi family had appeared, they would definitely bring a storm.

After the master of the Baili family and the others left, Qu Lanyi looked slightly cold and said to the three elders of the Yun family, “Elders, there shouldn’t be any problem after the Yun family enters the Inner Region. With the witness of those three old guys, it’s confirmed that the Yun family has a connection with the Naxi family. Nobody will touch the Yun family recklessly.”

The Great Elder of the Yun family smiled casually. “Kid, you’ve put in a lot of effort for the Yun family and even used your identity as a member of the Naxi family. You shouldn’t have exposed yourself. The Naxi family has always been indifferent. Now that they’re involved for the Yun family, it’s truly...”

Chapter 1293 Just to Protect You (3)

Qu Lanyi shook his head and chuckled. “Great Elder, you’re treating me like an outsider. It’s absolutely true that I’m the son-in-law of the Yun family. Besides... the Yun family helped me a long time ago. The Naxi family will remember this favor in our minds.”

“However, the Naxi clan has already returned the favor. If it weren’t for the help of the Naxi clan, the Yun family would probably...” The Great Elder of the Yun family couldn’t help but feel a bit sad when he said this. Qu Lanyi chuckled. “No matter what, my feelings for Fengfeng are there. As the son-in-law of the Yun family, the Yun family’s business is certainly my business.”

The Second Elder of the Yun family nodded in relief. “Yun Feng is lucky to be favored by such a man.”

“No, you’re wrong, Second Elder. It’s my fortune to be able to win Fengfeng’s heart.”

!!

The Third Elder of the Yun family frowned. “You exposed your identity as a member of the Naxi family at this moment and resolved the future crisis of the Yun family. Are you leaving?”

Qu Lanyi’s face suddenly darkened. After a long time of silence, he said, “Yes, I’m planning to leave for now. Some things are beyond my expectation. I’m going home to explain the situation. Also... I’m not strong enough to protect Fengfeng right now. As I said, I’ll protect her for the rest of my life.”

The three elders of the Yun family were all silent. This young man had such deep feelings for Yun Feng! What a man who valued friendship and loyalty!

“Are you not waiting for that girl to wake up?” asked the Second Elder of the Yun family, but Qu Lanyi shook his head. “The situation is a bit urgent. A level-6 God has already appeared. Even if the Naxi family

doesn't do anything, there will definitely be a storm of blood on this continent in the end. The Naxi family can't stay out of it."

"You're right. That weird black-robed man is a level-6 God and... he seems to be quite concerned about the Yun family." The three elders of the Yun family were all shrouded in a layer of dark clouds. The summoner bloodline of the Yun family had been coveted by people for a long time. This time, the person who coveted it was definitely not an ordinary person.

"That's not all they want." Qu Lanyi smiled coldly. If they really wanted the summoner's bloodline, why did they want the special abilities of the other families including the Wei family and the Ling family? They wanted much more!

"It's good to go back as soon as possible. The Naxi clan will be warned." The Great Elder of the Yun family nodded. Qu Lanyi nodded. "There's no time to lose. I'll set off for home right now... I'll try to come back as soon as possible!"

The three elders of the Yun family all nodded. "Go."

Qu Lanyi smiled casually and glanced in the direction of the courtyard where Yun Feng was. He slowly raised his thin lips and took out the Naxi family's token. Qu Lanyi clenched his fists and a beam of light suddenly flew out of the token. Qu Lanyi's body instantly melted in the light and disappeared!

"The power of the Naxi family... is indeed unique." The Third Elder of the Yun family couldn't help but sigh softly. The Great Elder of the Yun family chuckled. "He specially waited for the three members of the Baili family to come before he left. If those three old guys don't see the members of the Naxi family with their own eyes, the trouble of the Yun family won't end."

"His feelings for Yun Feng... Ah!" The Second Elder of the Yun family sighed softly and then chuckled. "Those who are worthy of that girl must be extraordinary."

The Great Elder of the Yun family chuckled and looked into the distance with his deep black eyes. "That girl understands this kid's efforts. The two of them will definitely grow up when they meet again. Even though the Yun family won't be in trouble for the time being after entering the Inner Region, the road in the future won't be smooth."

The other two elders all chuckled. There was a smile in the Great Elder's black eyes. Even though the road of the Yun family wasn't smooth, the bloodline of the Yun family was full of talents. With their existence, the Yun family would definitely rise again!

In a quiet area, the air seemed to be filled with a faint lazy aura. Time seemed to have slowed down. Suddenly, a strong distortion appeared in the space. A crack was forcefully opened in the smooth space and a slender figure stepped out. The moment he stepped out, a powerful aura spread out from inside his body!

"It's Young Master. Young Master is back!"

"Swish, swish, swish, swish..." A dozen figures quickly flew over from all directions. When the tall figure stepped out of the spatial crack, they knelt on both sides respectfully. "Welcome back, Young Master!"

Qu Lanyi glanced at the dozen people in front of him with his black eyes and nodded indifferently. The space crack behind him instantly closed without a trace. "Where's father?"

"Young Master, the master is in the Nirvana Tower."

Qu Lanyi pondered for a while and nodded. He was about to step forward when one of the people who was kneeling said, "Young Master, Miss Yu Lian is here right now. Young Master, do you want to..."

His black eyes instantly turned red. Everyone kneeling on the ground tightened their bodies and didn't dare to breathe!

"Ask her to get lost. I don't have time for her!" As soon as he said that, a gust of wind suddenly blew over the faces of the dozen people kneeling on the ground, bringing a slight pain. The person who spoke just then had already stopped moving. After Qu Lanyi left, these people finally took a deep breath. "Why did you mention her for no reason? Don't you know why Young Master left home back then?"

"I... I was thinking that Young Master could calm down after so many years... But I didn't expect..."

"Ah, forget it, forget it. That Miss Yu Lian can be considered a weirdo of the Naxi clan. Young Master's life is truly miserable. Being stuck to by such a person... If it were me, I would also want to hide far away as soon as possible."

"You're right. It's been so many years. If Young Master still stays in the family, he might have gone crazy. It's good to leave home. Didn't you see that Master turned a blind eye?"

"Alright, I wonder why Young Master came back this time. Coincidentally, Miss Yu Lian is still here. There might be some trouble..."

The dozen or so people all stood up from the ground and jumped up, turning into black shadows that hit the front, leaving only gusts of wind on the ground. The area returned to the peace just then. Qu Lanyi ran all the way forward until he saw a majestic and tall tower. There was a faint smile in his blood-red eyes. It seemed that his father's strength would improve again after entering the Nirvana Tower!

Chapter 1294 Just to Protect You (4)

His tall figure directly entered the tower. The eyes of the middle-aged man, who was cultivating with his eyes closed somewhere in the tower, moved slightly. "That kid is back?" The middle-aged man stood up and flashed out of his tower, going all the way down. He saw a tall figure on the platform in the tower, which was very similar to when he was young.

"Father." Qu Lanyi looked at the middle-aged man who walked out and immediately called him respectfully. The middle-aged man glanced over and frowned when he saw his bloodshot eyes. "You used the power of the jade pendant?"

"Yes."

The middle-aged man's face couldn't help but darken. "I told you not to use that jade pendant unless you have no choice. Every time you use it, the dark elements in your body will become stronger. Do you think you have the ability to balance the light and darkness elements?"

!!

“I’ll remember what you said, father. I was too reckless this time.” Qu Lanyi lowered his head. The middle-aged man frowned. “Take out the jade pendant.”

Qu Lanyi took out the white jade pendant. The middle-aged man’s expression changed drastically when he glanced over! His body flashed like the wind and he had already put his hand on Qu Lanyi’s wrist the next second. Strong mental strength instantly surged into Qu Lanyi’s body. Qu Lanyi stood there quietly, while the middle-aged man’s face became even gloomier.

“Did you come back this time to tell me that you don’t have long to live?”

Qu Lanyi chuckled and put on a lazy smile. “Of course not. I don’t want to die young. I still have a lot of time to spend with the woman I love.”

“The woman you love?” The middle-aged man suddenly raised his brows. Seeing that his son was still in the mood of joking, he was also relieved in his mind. Even though darkness had corroded most of his body, there were light elements after all. It wasn’t the worst yet.

Qu Lanyi nodded with an extremely serious look. “Yes, the woman I love. I came back this time to ask for your help.”

The middle-aged man’s face turned cold. “No!”

Qu Lanyi was still smiling. “Father, you know me. I’ll never look back on what I’ve decided.”

The middle-aged man frowned and stood there in silence. Qu Lanyi waited quietly. His personality was exactly the same as his father’s. His father must know what he was thinking very well. In the end, the middle-aged man sighed. “Kid, you must think carefully.”

Qu Lanyi smiled. “I already have. If I hadn’t realized this, I wouldn’t have come back here.”

The middle-aged man frowned even more tightly. “If there’s any deviation, the light and darkness elements in your body will explode. By then, even I won’t be able to save you.”

Qu Lanyi burst into laughter with a determined look. “It doesn’t matter even if I die.”

The middle-aged man sighed helplessly again. “Fine, fine. I want to know which family’s girl makes you so concerned.”

Qu Lanyi smiled warmly. “I’ll bring her back myself.”

The middle-aged man nodded. “Go up. Once the Nirvana Road opens, you can’t look back.”

Qu Lanyi nodded. “One more thing. The organization that father has been paying attention to has already had a level-6 God. I’m afraid their strength is beyond our original estimate.”

The middle-aged man’s face darkened. “Alright, got it.”

Qu Lanyi turned around and stepped on the stairs to the top of the tower. The middle-aged man looked at the young and stubborn back and couldn’t help but shake his head and sigh. He walked to the top of the tower and looked at the patterns of the Teleportation Array in front of him. Qu Lanyi took a deep breath and stepped in without hesitation. Yun Feng, I’ll protect you for the rest of my life. I won’t go back on my promise!

When Yun Feng woke up, it was already three days after Qu Lanyi left. The eyelashes of the beauty, who had been sleeping on the bed with her eyes closed, finally trembled a bit. Meatball, who had been lying next to Yun Feng's cheek, sat up immediately and scratched Yun Feng's face with its little claws. Its big eyes rolled around. After confirming that Yun Feng's eyelashes were trembling, it shouted loudly, "Fengfeng!"

"Yun Feng!" Mu Canghai, who was guarding on the side, immediately looked delighted when he heard Meatball's cry. He got up and quickly walked to Yun Feng's bed. Looking at her constantly trembling eyelashes, he knew that she was about to wake up.

"Fengfeng, nana." Meatball called softly and scratched gently with its little claws from time to time. Yun Feng's eyelashes trembled violently and her bright black eyes, which had been closed, also opened instantly!

"Fengfeng!" Meatball pounced forward and its chubby body stuck to Yun Feng's face. Its soft face made Yun Feng's cheeks itch. She couldn't help but reach out and pick up Meatball, which was lying on her face. Yun Feng looked at Meatball with glittering eyes in front of her and smiled helplessly. "Meatball, you're making me itch too much."

"Nana!" Meatball cried happily. Seeing that Yun Feng woke up, it also wiggled its little body a few times and its fluffy tail also brushed the back of Yun Feng's hand gently. Yun Feng chuckled. She raised her upper body and saw Mu Canghai, who was also smiling.

"Yun Feng, you're finally awake," said Mu Canghai softly. Yun Feng smiled gently. "Thank you for your hard work during this period of time." She glanced to the side with her black eyes. She didn't see Qu Lanyi? Yun Feng felt a bit empty in her mind when she didn't see him immediately.

Seeing Yun Feng's gaze, Mu Canghai knew that she was looking for Qu Lanyi. "Are you looking for Qu Lanyi?"

Yun Feng nodded and put Meatball aside. She stretched her arms and got off the bed. She stretched and felt that her entire body was smooth. "It's a bit strange that I don't see him. Where did he go?"

Mu Canghai was stunned. He looked at Yun Feng's back in the warm light and his strange eyes darkened. "Qu Lanyi... left."

Yun Feng's body tightened. "He's gone? You said he left the Yun family?"

Mu Canghai nodded. Meatball jumped up and sat on Yun Feng's shoulder directly, listening to the two of them talk quietly. Its big black eyes rolled a few times and it was very obedient at this moment.

"What do you mean?" Yun Feng turned around with a cold expression. Qu Lanyi wouldn't leave for no reason, unless he wanted to leave! Mu Canghai chuckled. "Don't misunderstand. Something happened during the six months you were unconscious. Qu Lanyi did a lot for the Yun family. He left this time... for you."

Chapter 1295 Returning to the Inner Region (1)

"For me?" Yun Feng frowned. Mu Canghai told her everything that happened in the past six months, including Qu Lanyi's identity as a member of the Naxi family and the visit of the three masters of the

Inner Region. Yun Feng's face became more and more gloomy. When Mu Canghai finished talking, Yun Feng's face was already covered with a dark cloud.

Mu Canghai couldn't help but feel startled when he saw Yun Feng's expression. Was she blaming Qu Lanyi for leaving without saying goodbye or was she angry with the three masters of the Inner Region?

Meatball couldn't help but nuzzle its round body when it saw Yun Feng's expression. Yun Feng's black eyes glittered. "I slept for half a year this time... It seems that I have to use elemental fusion carefully in the future, especially multi-element..."

Mu Canghai didn't say anything. After saying that, Yun Feng stood up and walked out of the door. Seeing that she didn't mention Qu Lanyi, Mu Canghai couldn't help but feel a bit worried in his mind. "Yun Feng, Qu Lanyi..."

!!

Yun Feng stopped. "What's wrong with Qu Lanyi?"

"Qu Lanyi... put in a lot of effort." Mu Canghai clenched his fists. Qu Lanyi cared about Yun Feng more than he thought. That man's feelings were like a bottomless pool. When he thought this was his limit, it was actually far from it.

With a chuckle, Yun Feng turned her head slightly. The warm sun shone in from outside, covering her delicate face with a layer of hazy golden color. Her expression was warm and her words were gentle. "I certainly know his kindness. He's done too much for me."

Mu Canghai held his breath. Yun Feng understood. She had always understood. Was that why she could accept Qu Lanyi's departure so calmly?

"I understand that he chose to leave. Of course, I can't let him down!" Her tone was firm as a glint of light flashed through his eyes. "For the sake of the person you love, you must make yourself stronger. Only then can you protect your loved ones! If he's like this, so am I!"

Mu Canghai's body trembled. Right, how would Yun Feng not understand what Qu Lanyi was thinking? Hadn't she always been doing this? In order to protect those she cared about, she kept making herself stronger!

"Got it." Mu Canghai raised the corners of his mouth gently and gave a faint smile. He stood up and walked to Yun Feng's side. Yun Feng chuckled and pushed the door open. The warm sun instantly shone in her eyes. Lanyi, you won't let me down the next time we meet. I'll be the same.

After Yun Feng woke up, she immediately went to meet the three elders. The three elders were naturally extremely happy to see her wake up. The Yun family was preparing to enter the Inner Region today. It couldn't be better if Yun Feng could wake up. "Kid, you've slept for a long time. How's your body? Are you alright?" The caring greetings of the three elders of the Yun family made Yun Feng's heart warm. She chuckled. "My body is fine. Don't worry, elders."

The Great Elder of the Yun family nodded with a smile. "Kid, do you know about your sweetheart?"

Yun Feng nodded with a smile. "I know everything."

The three elders couldn't help but heave a sigh of relief in their minds when they saw Yun Feng's smile. It was good that this girl could understand his painstaking efforts. "With the relationship with the Naxi family, the Yun family will be fine after entering the Inner Region for the time being."

Yun Feng nodded. "The Yun family indeed needs some time to recuperate. There's something I don't know if you know."

The three elders of the Yun family all glanced over. Yun Feng took a deep breath. "Someone did something to the younger generation of the Yun family, suppressing the cultivation speed of the younger generation of the Yun family!"

"What?" The three elders of the Yun family were all shocked. Yun Feng's heart sank when she saw that. As expected, the three elders of the Yun family didn't know! "Kid, you mean that the general weakness of the younger generation of the Yun family isn't caused by their own talent, but by someone else?" The Third Elder of the Yun family asked anxiously. Yun Feng nodded. "I checked carefully when I first came back. There's a faint resistance in most of the bodies of the younger generation of the Yun family. The person who played the trick is an expert and it's very hidden. It won't work immediately, but will be constantly activated as time passes and the level of cultivation increases!"

"Most of them?" The Great Elder of the Yun family frowned. Yun Feng said, "Yun Xiang and the few people at Grade 8 of the Emperor Level don't have any restraints."

"The person who rigged this considered the big picture. They played the trick and didn't want us to notice. If he played the trick on everyone, we would have definitely investigated thoroughly." The Second Elder of the Yun family sneered. "They're trying so hard to deal with the Yun family. It's truly hard on them!"

"Which bastard did this?" The Third Elder of the Yun family roared angrily. The Great Elder of the Yun family frowned and didn't say anything. He looked around. "Kid, what do you think?"

Yun Feng looked a bit serious. "I thought Bai Zhiyu did it at first, but that's not the case. The person who did it must be quite strong. I guess... he's from the Inner Region."

"It seems that the Yun family has already been set up by someone before we came out of the Inner Region last time." The eyes of the Third Elder of the Yun family were burning with anger. "Do those bastards in the Inner Region really think the Yun family is easy to bully? They're using such a despicable method!"

The Great Elder of the Yun family asked, "Can we get rid of this?"

Yun Feng frowned even more tightly. "I'm afraid we can't for now, but fortunately, there's the Golden Cauldron Fluid. The two of them will neutralize each other."

"They thought they had tricked the Yun family, but they didn't expect the Yun family to have the Golden Cauldron Fluid." The Second Elder of the Yun family raised the corners of his mouth and looked at the Great Elder. "Brother, it seems that we have to be more careful after entering the Inner Region this time."

The Great Elder of the Yun family nodded and looked at Yun Feng with a gratified look. "Luckily, you're here, or the three of us wouldn't have noticed."

Yun Feng shook her head. "This is what I should do. Also..." Yun Feng was about to say something when someone shouted outside, "Elders! Someone has already come from the Inner Region. He asked you to get ready. He's taking the Yun family to the Inner Region today!"

The three elders of the Yun family looked at each other. The Great Elder replied and turned around to look at Yun Feng with a smile. "I know you have a lot to say to us. Similarly, the three of us have something to say to you, but we'll talk about it in detail after we enter the Inner Region."

Yun Feng nodded with a smile. The three elders of the Yun family looked at each other and smiled. There was a hint of excitement hidden in their hearts. After so many years, the Yun family had returned to the Inner Region again!

#### Chapter 1296 Returning to the Inner Region (2)

"Yun Feng! You're awake!" Everyone from the Yun family gathered at the door of the Yun family. Seeing Yun Feng and the three elders of the Yun family come together, the members of the Yun family all cheered! Yun Xiang rushed over and hit Yun Feng's shoulder. Yun Feng accepted it with a smile. Looking at Yun Xiang's red cheeks, she was already fine.

"I'm awake. If I don't wake up, my back will hurt." Yun Feng joked, but Yun Xiang felt that her eyes were a bit sore. She punched Yun Feng's shoulder gently. "You slept for half a year. You're too good at sleeping!"

Yun Feng chuckled and looked at Bai Qingfeng, who was standing not far away. "It seems that some people are finally a couple now."

Yun Xiang blushed. Yun Feng smiled even more happily when she saw that. Meatball on her shoulder only found the conversation between the two of them boring. It simply turned its little body around, showing its round butt. Yun Xiang looked at Yun Feng with a red face. "Why are you messing with me too?"

!!

Bai Qingfeng walked over and stood next to Yun Xiang, looking at Yun Feng deeply. "Thank you."

Yun Feng smiled gently. "No need. You earned it."

Bai Qingfeng chuckled and didn't say anything else. Yun Feng looked at him. "If you treat Yun Xiang badly at all, I won't let you go easily."

Bai Qingfeng nodded and held Yun Xiang's hand firmly. "Don't worry. I, Bai Qingfeng, will always be there for Yun Xiang, only her."

Yun Xiang blushed again inexplicably, showing the cuteness of a girl. Bai Qingfeng chuckled with fascinated eyes. "It seems that the first thing the Yun family does after returning to the Inner Region will be a happy wedding."

"Yun Feng, what nonsense are you talking about?" Yun Xiang was anxious. Yun Feng burst into laughter. "Bai Qingfeng has stayed in the Yun family for so long. It's time for you to give him an official title."

Bai Qingfeng smiled warmly, while Yun Xiang's cheeks were even redder. Yun Feng also smiled happily. At this moment, a few people had already walked over from afar. Yun Xiang glanced over with a cold expression. "It's those people from the Inner Region."

Yun Feng looked back. A few people, who seemed a bit arrogant, walked over and were talking to the three elders. "Yun Xiang, I'll go take a look first." Yun Xiang nodded. Yun Feng turned around and walked over. Bai Qingfeng looked at Yun Feng's back and couldn't help but sigh. "Xiao Xiang, what will you do if I leave without saying goodbye one day?"

Yun Xiang was startled. Then, she held Bai Qingfeng's hand even tighter. "Nothing will happen. I'll continue doing what I need to do."

Bai Qingfeng chuckled. "While waiting for me to come back."

Yun Xiang's cheeks heated up again as he fixed his gaze on Yun Feng's slim back. It was really hard for her to imagine how she would feel right now if she were Yun Feng. However, she definitely couldn't be as calm as her. Her tenacity was far inferior to hers.

"Oh? You're the famous five-element summoner of the Yun family?" Seeing Yun Feng walk over, the few people from the Inner Region raised their brows and exclaimed. The three elders of the Yun family all chuckled. Yun Feng walked forward neither humbly nor arrogantly. "I'm Yun Feng. Are you here to take the Yun family to the Inner Region?"

The few of them couldn't help but feel a bit surprised when they saw Yun Feng's attitude. "That's right, but we have to leave in batches. After all, the Teleportation Array can't accommodate so many people."

In batches? Yun Feng glanced at everyone in the Yun family. There were only a hundred people in the Yun family right now. How could the Teleportation Array to the Inner Region not accommodate a hundred people? That was a bit ridiculous. Yun Feng raised the corners of her mouth. "How do you want to take them away in batches?"

"That depends on yourselves. There can't be more than twenty people in each batch. However, you must go first, elders. You should know the rules of the Inner Region."

The faces of the three elders darkened. If the three of them left first, what if something happened halfway to the remaining members of the Yun family in batches? Apart from the three of them, the Yun family didn't have any other Emperor Level experts! Even Yun Feng and Yun Xiang could only protect two batches!

"Send the members of the Yun family to the Inner Region first. As for the rest, just wait."

Those people all sneered after hearing that. "Elders, do you want the Yun family to be an exception? It seems that with the support of the Naxi family, you're much more confident."

"It's fine. You can leave with them first." Yun Feng smiled gently. The hearts of the few people in the Inner Region sank after hearing that. The three elders of the Yun family were startled. Yun Feng nodded. "Leave the rest to me. I definitely won't let anyone of the Yun family get hurt!"

The three elders of the Yun family all chuckled and nodded. The people of the Inner Region grunted. "If that's the case, three elders, let's go first." The people of the Inner Region then took out a jade pendant

each and crushed it instantly. The power of the jade pendants gathered and a huge Teleportation Array appeared on the ground. The people of the Inner Region and the three elders of the Yun family stood in the Teleportation Array. The Teleportation Array shone in all directions and the few of them disappeared.

“Yun Feng, are we really going to leave in batches?” Yun Xiang walked over with a slightly cold expression. “They’re obviously trying to trick us again at the last moment. Some people in the Inner Region still haven’t given up!”

Yun Feng curled up her lips and sneered. “They can’t do anything on the surface, so they certainly have to do it in secret. However, they’ll be completely disappointed this time!”

“If we don’t leave in batches, what should we do? If everyone stands in the Teleportation Array and exceeds the limit, the consequences will be unimaginable.” Yun Xiang was very worried. It was obvious that there was a trap if they left in batches. They couldn’t leave in batches! They were in a complete dilemma right now.

Yun Feng chuckled as she twisted her wrist gently and the dragon-shaped jade pendant appeared!

“This is... a storage container? Are you going to put everyone here?” Yun Xiang was surprised. Yun Feng smiled. “That’s right. If we can’t leave in batches, we certainly have to leave here together!”

“But I’ve never heard of storage containers that can fit people inside, not to mention a hundred...” Yun Xiang was still a bit confused, but Yun Feng used her actions to prove how magical this “storage container” was. The members of the Yun family were all amazed after entering the second level of the Dragon Palace!

After putting the hundred or so members of the Yun family into the Dragon Palace, Yun Feng and Mu Canghai stood in the Teleportation Array. The Teleportation Array shone brightly and the two of them instantly appeared. After a burst of light, this area was completely quiet. The Yun family, who had lived here for a long time, finally set off again and returned to the area where they first took root.

Chapter 1297 Returning to the Inner Region (3)

In the space channel, Yun Feng and Mu Canghai both looked cold and solemn. Feeling the tiny power of space around them, the two of them didn’t say anything. After an unknown period of time, they seemed to have reached the end of the space channel. Mu Canghai suddenly pressed his finger on his silver eyes with a gloomy expression!

“As you expected, the front was rigged and the space distorted. People below Grade 9 of the Emperor Level will all be executed after passing through!”

Yun Feng snorted. As expected, this move was truly sinister! Apparently, some old things in the Inner Region didn’t expect her to have such a move and own the treasure, the Dragon Palace!

Mu Canghai clenched his fist in the space fiercely and the distorted space in front of him calmed down a bit. Yun Feng sneered. “Don’t worry about it. Just let the space channel be like this. Don’t let them down so quickly. It’ll be boring.”

!!

Mu Canghai nodded. This spatial distortion couldn't do anything to the two of them. Yun Feng's mental strength surged out of her body fiercely and quickly enveloped the space around the two of them. "Swish..." The spatial distortion was completely blocked by her mental strength. After the light instantly disappeared, the two of them were already standing on the ground.

"Guys, are you here to lead the way?" Yun Feng glanced at the few people around the Teleportation Array with her black eyes. There was a smile at the corners of her mouth, but her eyes were cold. These few people were obviously stunned. Only two people came out? Then, they were secretly delighted in their minds. Perhaps the others were all killed inside? If that was the case, that would be great!

Yun Feng looked at the joy in their eyes coldly. Mu Canghai said coldly on the side, "If you're leading the way, why aren't we going?"

"Take them there first," said one of them. Someone immediately walked to Yun Feng. "Guys, let's go this way."

Yun Feng and Mu Canghai both sneered in their minds. Just wait. Even if they waited until the end of time, they wouldn't be able to see the third person come out. You want to hurt the Yun family? In your dream! "Right, which family are you from? Thank you." Yun Feng asked casually. The person who led the way replied softly, "The Baili family."

Yun Feng's black eyes darkened. The Baili family again. It seemed that it was time to end the grudges of the Yun family from many years ago. The Baili family was the first to be attacked! Her mental strength suddenly surged out of her body and turned into a sharp blade, flying towards the guide in front of her quickly. Just one attack! The body of the guide in front of her had already gone soft and fell on the ground. Mu Canghai's strange eyes glittered. He turned around and clenched his fists in the air fiercely. Those few people who were still guarding the Teleportation Array also fell on the ground silently.

Looking at the dead body in front of her, fury flashed through Yun Feng's eyes. "If we're going home, we certainly don't need outsiders to lead the way."

Two figures suddenly jumped from the ground and hit the sky. Yun Feng stood in the air and looked down at the extremely vast area of the Inner Region. She lowered her black eyes slightly and looked up again. A beam of light flashed through her eyes! Five-color magic elements suddenly burst out of her hand. Five giant dragons flew out of Yun Feng's hand fiercely and soared into the sky! The sky turned into a five-color world!

In a large family in the Inner Region, someone in the chamber immediately felt this strong fluctuation of five elements of magic and couldn't help but look shocked. "Is this the five-element summoner of the Yun family?"

The others all looked at each other. The person in the main seat smiled in a deep voice. "A five-element summoner... The Yun family is indeed unpredictable. Someone who can turn the tide always appears in times of crisis. It seems that the advancement this time is full of variables."

The Inner Region inside the circle of power should be relatively small, but in fact, the area of the Inner Region was even wider. The few large families in the Inner Region stood in different areas of the Inner Region and ruled their own areas. This time, the Yun family's return meant an adjustment of territories in the Inner Region.

The Yun family returned to the Inner Region this time and returned to the same place as before. The old house of the Yun family was still intact. There were a total of seven large families in the Inner Region. Every time a family was ostracized, a new family would enter the Inner Region. However, the Yun family was an exception this time. After the Yun family was ostracized last time, none of the families outside of the circle of power entered the Inner Region, so the old house of the Yun family still existed and basically didn't change its appearance. There were six large families in the Inner Region.

The three elders of the Yun family all smiled in relief when they saw the old house. The few people who led the way in the Inner Region all said with a fake smile, "Congratulations to the Yun family. I can't believe your old house can still be preserved until now."

"The members of the Yun family should be here soon. The Baili family sent someone to pick them up."

The faces of the three elders of the Yun family darkened and they were all a bit worried. The Baili family used to be a family that stood opposite to the Yun family. Now, because of the relationship with the Naxi family, they didn't dare to attack the Yun family openly. After entering the Inner Region, they couldn't attack easily either. Of course, they had to make good use of this opportunity!

They didn't know how Yun Feng escaped this crisis with everyone in the Yun family...

"Elders!" A clear voice came from the sky. Yun Feng and Mu Canghai came from afar. The people of the Inner Region were all startled. Just two people?

The three elders of the Yun family were also puzzled, but Yun Feng had a smile on her face. Seeing her smile, the three elders were extremely relieved in their minds. This girl would definitely keep her promise!

"Why... are there only two of you?" The people of the Inner Region couldn't help but feel puzzled when they saw this. Yun Feng glanced at them. "Don't worry. The Yun family will be here soon. If you have anything to do, you can leave first." It was obvious that the guests wouldn't be sensible if they didn't leave. The people of the Inner Region immediately left, but they were extremely puzzled in their minds. After they left, Yun Feng finally said, "Elders, don't worry. Everyone from the Yun family has already arrived safely." Yun Feng closed her eyes and the hundred or so members of the Yun family in the Dragon Palace immediately left the Dragon Palace.

"This is..." The members of the Yun family came out of the Dragon Palace and looked up to see a familiar scene. The older generation of the Yun family, in particular, were extremely excited! This was... this was the place where the Yun family used to live. It hadn't changed at all!

The three elders of the Yun family smiled from the bottom of their hearts when they saw what Yun Feng did. They turned around and looked at the old mansion in front of them. Yun Feng also looked up. Even though a long time had passed, this mansion still carried a sense of dignity and majesty! Even though the walls were already a bit mottled and the calligraphic word "Yun" was already a bit blurry, it didn't stop this old mansion from standing here for so long! It was like a member of the Yun family!

Chapter 1298 Returning to the Inner Region (4)

"Let's go home." The Great Elder of the Yun family sighed softly. Everyone in the Yun family felt their hearts ache. Home. After a long time, they finally went home today!

Even though it was the old mansion, the members of the Yun family were all extremely happy. The three elders directly walked inside with Yun Feng. As they walked, the Great Elder of the Yun family whispered softly, "Kid, the Yun family has been born since ancient times and carries the bloodline of a summoner. This also made the Yun family one of the ancient families."

Yun Feng listened quietly. For some reason, she had a feeling that the three elders were going to tell her something impressive next. It might be related to the question in her mind!

"The Yun family once had an all-element summoner. Did you know?" The Great Elder of the Yun family looked at Yun Feng with a smile. Yun Feng's pupils shrank! An all-element summoner! A seven-element summoner... was once born in the Yun family!

!!

"Unfortunately, God is jealous of talented people." The Second Elder of the Yun family heaved a long sigh and looked at Yun Feng. "The birth of an all-element summoner also represented the beginning of the decline of the Yun family."

Yun Feng's heart tightened. She could already imagine the scene at that time. As an ancient family, the Yun family inherited such a unique bloodline and even gave birth to an all-element summoner! There was almost no match for them in this world! However, power couldn't be monopolized. It needed balance! If one family dominated, it could only lead to one result in the end, collapse!

"Did the Naxi family target the Yun family back then?" Yun Feng asked a bit repressedly. The Great Elder of the Yun family chuckled. "The Naxi family doesn't like conflicts. They've always stayed out of it. However, they helped the Yun family in the most difficult time out of some kind of kindness."

"Really..." Yun Feng heaved a sigh of relief unconsciously.

"It was also since then that the summoner bloodline of the Yun family began to decline. Gradually, it wasn't awakened easily anymore." The Great Elder of the Yun family couldn't help but look gloomy. At this moment, they had already walked to the depths of the Yun house. In front of an unusually ancient house that was covered in dust and spider webs, the Great Elder of the Yun family chuckled and gently pushed the door open. An ancient aura came slowly from inside the door. Yun Feng instantly felt that she was extremely small and her heart couldn't help but tremble.

"Girl, go in." The Second and Third Elders of the Yun family both said with a smile with a hint of anticipation in their eyes. The Great Elder of the Yun family had already walked in. Yun Feng's heart suddenly raced. There seemed to be something waiting for her inside the door!

Yun Feng didn't know how many secrets the Yun family had, but everything revealed so far let Yun Feng know that the Yun family wasn't simple. The ancient family and the summoner bloodline. Even though the Yun family was down and out right now, these two titles still let the Yun family keep a status that others couldn't surpass.

Walking into this ancient house, the door behind her closed quietly. The inside of the house was unusually empty and there wasn't much decoration. It was more like an abandoned warehouse than a house. The slightly long robe on the Great Elder's body dragged on the ground with slight friction sounds. Yun Feng followed behind quietly and observed the Great Elder's movements.

A Yun Family Badge with a unique shape appeared in the Great Elder's hand. Then, a wound also appeared on the Great Elder's hand. Blood slowly seeped into the Yun Family Badge with a unique shape. Then, the Yun Family Badge shot out endless light in the dark room and a small Teleportation Array instantly appeared on the ground.

Teleportation Array? Yun Feng looked at the Teleportation Array that appeared on the ground in surprise. The Great Elder of the Yun family chuckled. "Kid, follow me." Yun Feng immediately followed him and stood in the Teleportation Array with the Great Elder. A warm light instantly filled Yun Feng's body and was extremely smooth. A few seconds later, Yun Feng found that she was already in an extremely small inner room. As soon as she entered the originally dark inner room, it was immediately lit up. What Yun Feng saw was an exquisite platform with a small and exquisite box on it.

Yun Feng looked around. Apart from the platform, there was nothing else. It seemed that the item in the box on the platform was extremely precious. The Great Elder of the Yun family approached the box and gently put the Yun Family Badge, which was stained with blood, on it. Yun Feng only heard a clear "Kata" sound as the box opened.

"Without the Yun Family Badge, we can't open the Teleportation Array. Even if we open it by chance, we won't be able to open the box. If we get close recklessly, we'll get ourselves killed." The Great Elder of the Yun family reached out and took out the thing in the box. Yun Feng clicked her tongue in her mind after hearing that. What exactly was inside the box that made the Yun family protect it so heavily? Would many people fight for this thing?

The Great Elder of the Yun family turned around and the things in the box also appeared in front of Yun Feng. Yun Feng glanced over and immediately focused her gaze! She wasn't unfamiliar with this thing. To be exact, she also had one of them! The thing lying quietly in the Great Elder's hand was the map fragment Yun Feng found in the place where Yaoyao inherited the ancient power of the Endless Ocean!

"Great Elder, this map piece..." Yun Feng was stunned. How did the Yun family have this thing? The piece she got obviously had the marks of the ancient races of the Endless Ocean. How did the Yun family have it?

The Great Elder looked serious. "This map is one of the pieces of the Endless Map and the root cause of the series of disasters that the Yun family suffered."

Yun Feng's black eyes shrank fiercely! "So... the Yun family's strength was just an excuse. Someone wants this!"

The Great Elder of the Yun family heaved a long sigh. "There were many secrets hidden in the Endless Ocean in the ancient times. It's said that there are many relics left by ancient races. Not only are the races in the sea looking for them, but even humans are also greedy! The Yun family didn't intend to go with the flow, but we got one of the fragments by chance, which caused endless trouble."

"The ancient families are probably thirsting for this fragment."

The Great Elder nodded and looked at the small piece in his hand. "It's not just the ancient families. Everyone, regardless of their strength, has a desire for power, especially the power from the even more mysterious and vast Endless Ocean! This map is said to be the only clue left by the humans who found the treasure. Only by relying on this map can we find the treasure hidden in the Endless Ocean."

## Chapter 1299 Fragment of the Map (1)

“But wasn’t this treasure left by the ancient races in the sea? What does it have to do with humans?”

Facing Yun Feng’s confusion, the Great Elder smiled wryly. “Girl, there’s no limit to greed.”

Yun Feng was also silent after hearing this. “This thing brought a lot of trouble to the Yun family. Why don’t we just throw it to someone else to stop this trouble?”

The Great Elder of the Yun family smiled wryly again. “Even if we hand over the fragment of the map, we won’t be able to stop the disaster of the Yun family.”

!!

Yun Feng was silent. That was indeed the case. In this era that was full of power, in this world where the strong were respected, the slightest submission would put them in eternal damnation! So what if the Yun family handed it over? Trouble would come endlessly. They might as well take this fragment for themselves!

“There are a total of twelve pieces of this map. Four of them are said to be in the Endless Ocean, four have been taken to the human world, and the other four are missing. The ancient four families are the ones in the human world who have the four pieces of the map in the human world.”

“So, the Naxi clan also has a map piece.”

The Great Elder nodded. “These four pieces of the map can be considered the symbol of an ancient family. Back then, one of the four families coveted the map and wanted to attack the Yun family, but it didn’t work out. The map wasn’t taken away, but the Yun family was also severely injured. At that time, the Naxi family reached out and helped the Yun family.”

“Which family wanted to steal the map piece of the Yun family?” Yun Feng’s voice couldn’t help but become cold. The Great Elder of the Yun family shook his head. “The fates of the four ancient families changed over time. Some are secluded, some declined, and some are completely divided.”

“It’s just an illusion that this world is so peaceful. Once the news of the map fragment is released, there will probably be another bloodshed.”

The Great Elder sighed. “Indeed. In the distant past, the four families dominated, but it’s different now. Many stars are rising. People’s desire for power is even more urgent. As far as I know, there are many people in the Inner Region who know about this map.”

“So, the Yun family has been ostracized and kicked out of the Inner Region because of this map?”

“This is just a guess. However, even if they want to find this map, it’ll be a waste of effort.” The Great Elder of the Yun family chuckled, but Yun Feng looked serious. “Great Elder, what exactly is this map about? Is it really the relics of the ancient races?”

“Kid, it’s hard to tell whether a rumor is true or not. It’s up to your judgment. However, the Endless Ocean is indeed mysterious. So far, humans have only stepped into a small part of it. The Endless Ocean is so vast. It’s unknown what else is there.”

Yun Feng nodded. That was indeed the case. She had only been to the territory of the merfolk when she visited the Endless Ocean, and the merfolk lived on the edge of the Endless Ocean! The deeper part of the Endless Ocean was an even wider world!

“When your strength reaches a certain peak one day, you can take a walk in the Endless Ocean. You’ll definitely get a lot.” The Great Elder of the Yun family smiled in relief and handed the map fragment to Yun Feng. Yun Feng was startled and immediately wanted to refuse. “Great Elder, how can you give me such an important thing?”

The Great Elder of the Yun family chuckled. “This thing is already useless to us old guys. If it’s really about something good, I’ll certainly give it to the younger generation.” He stuffed the map into Yun Feng’s hand. “Kid, I’ll leave this thing for you to keep.”

Yun Feng was startled and didn’t say anything. She accepted the map fragment solemnly. “Yes, I’ll remember your teachings.”

The Great Elder nodded in relief. “The Yun family has always been led by three elders. If anything big happens, I’ll be the one to step up. There’s never been a so-called leader. Kid, now that you’re back, you can take this position.”

Yun Feng immediately shook her head after hearing that. “In terms of qualification, experience and strength, I don’t deserve this position!”

The Great Elder chuckled. “You can’t do it now, but you will one day.”

Yun Feng curled up her lips and smiled. “If there’s really a day when I can do it, I’ll definitely not shun my responsibility!”

The Great Elder nodded in satisfaction. “What you wanted to tell me should be about that black-robed man, right?”

“That’s right. They’ve already appeared frequently on the East Continent and the West Continent. They plunder the bloodlines of families with special abilities. I don’t know what they’re doing. Besides... a wisp of the soul of the summoner ancestor of the East Continent, Yun Lan, was taken.”

“His soul was taken away?” The Great Elder’s expression suddenly turned cold. Yun Feng felt heartbroken every time she talked about her ancestor. Back then, she was powerless and could only watch the ancestor’s soul be taken away by force. She could only watch the black-robed man disappear in front of her eyes!

“If they really want the power of the bloodline, they shouldn’t have taken the soul at all...” The Great Elder of the Yun family frowned. “It’s very likely that they’re trying to take the power of the bloodline while doing something in the dark.”

Yun Feng looked at the fragment in her hand. “Maybe they’re also looking for this thing.”

The Great Elder of the Yun family looked serious. “That’s still unknown. We still don’t know their real purpose right now, but that level-6 God last time has already noticed you. I’m afraid that the mysterious organization will also target you.”

Yun Feng smiled. "They only have the courage to look at me. If they dare to attack again, aren't they afraid of being annihilated?"

The Great Elder was startled and suddenly thought of something. "Haha, that's true. The strength of the power talisman you took out last time has already exceeded the God Level. Which expert gave it to you? I really want to meet this expert!"

Yun Feng smiled lightly. "Master left it for me."

The Great Elder was startled. "Master?" Yun Feng nodded and didn't say anything else. She didn't want to tell the Yun family about her master yet. After all, this was her own business. Only if she went to save him herself could she deserve this mysterious master who had always given her a lot of help even though she had only met him a few times.

Seeing that Yun Feng didn't say anything, the Great Elder didn't ask anymore. "If you have a chance in the future, bring that powerhouse to the Yun family."

Chapter 1300 Fragment of the Map (2)

Yun Feng nodded. "Of course!"

The Great Elder smiled lightly. "There might be more secrets hidden in the Endless Ocean than we thought. Humans can't explore this world completely. Perhaps you'll have a fortuitous encounter there."

"We have to go to the Endless Ocean. Something strange happened when I was with the merfolk earlier. Now that I think about it, there are a lot of doubts. Perhaps it's related to something. However, this is all in the future. The most important thing right now is the Inner Region."

The Great Elder nodded. "You're quite meticulous, kid. I was right to give you this most important thing. It's not completely safe to leave it here. The important things should be kept by appropriate people. Alright, let's go up."

Yun Feng followed the Great Elder back to the old room again, but she pondered in her mind for a while about the Yun family and the mysterious sea full of secrets.

The moment the Yun family stepped into the Inner Region, it attracted the attention of all the large and small families in the Inner Region. This time, the Yun family's return to the Inner Region seemed so high-profile. One of the reasons was Yun Feng's astonishing performance at the selection convention, and the other was the sudden intimacy between the Yun family and the Naxi family.

The Yun family's mansion was renovated. It didn't take long for the mansion to look brand new. During the period of time after they returned to the Inner Region, no family had come to disturb them. Perhaps they knew that the Yun family would be busy during this period of time. As expected, someone came to visit the second day after the renovation of the Yun family's mansion was completed.

"Elders, it's been a long time." The master of the Ji family certainly had to come to visit. The three elders of the Yun family greeted them with a smile. Yun Feng also showed a faint smile on the side. The master of the Ji family looked a bit younger. He looked like he was in his early forties. If it weren't for the tiny wrinkles on his face and the vicissitudes of life that came from his eyes from time to time, Yun Feng

would have found it difficult to imagine that he was the master of a family in the Inner Region at such a young age.

“This is the five-element summoner, Yun Feng?” The Ji family’s master glanced at Yun Feng in admiration. Yun Feng nodded. “You flatter me, Master Ji.”

“Haha, you’re quite humble. You can remain calm. You’re much better than the few people in our family.”

“You do flatter her, Master Ji. Please come in.” The Great Elder chuckled and welcomed the Master of the Ji family into the main hall. “Kid, come with me.”

The master of the Ji family pondered in his mind after hearing that. It seemed that Yun Feng’s status in the Yun family were so important to the three elders. How old was she? And yet she was already able to have a meeting with the three elders? The master of the Ji family couldn’t help but glance at Yun Feng again. Yun Feng only replied and followed them in quietly.

Yun Feng had an extraordinary status in the Yun family right now. Even though she hadn’t been back to the headquarters of the Yun family for long, she had gained the recognition of all the members of the Yun family in the shortest time possible. Yun Xiang was more suitable than her in terms of age, but Yun Feng’s status was higher than Yun Xiang’s right now. The members of the Yun family accepted this phenomenon very calmly. Even Yun Xiang was very happy. Everyone in the Yun family felt that as long as Yun Feng was here, they would keep moving forward and never retreat! In fact, that was indeed the case. Wasn’t the return of the Yun family to the Inner Region the best proof?

The Master of the Ji family and the three elders of the Yun family sat down in the main hall, while Yun Feng stood next to the Great Elder. No matter what, she was still a junior in this occasion, so she certainly couldn’t sit down together. The Great Elder of the Yun family waved his hand gently and the space outside the main hall shook slightly. The Great Elder finally said, “Master Ji, why are you here this time?”

The Ji family’s master chuckled. “Can’t I come to the Yun family for no reason?”

The three elders of the Yun family smiled and didn’t say anything. The relationship between the Ji family and the Yun family was very tricky. The Ji family could be said to be neutral, but now... This attitude changed subtly. After laughing, the master of the Ji family said, “With the Yun family’s previous friendship with us in the Inner Region, I must come this time. Of course, I brought important news to the Yun family this time.”

Important news? Yun Feng stood there and pondered in her mind. The master of the Ji family glanced at Yun Feng and the elder of the Yun family said, “Just tell me.”

“The Yun family came back at the right time this time. The new advancement of the forces in the Inner Region is about to begin.”

The expressions of the three elders of the Yun family changed slightly. “The new advancement of forces. I have to say that we came back at the right time.” The Third Elder of the Yun family sneered. The Second Elder of the Yun family also smiled with a lot of coldness. The Great Elder of the Yun family sat in the main seat and didn’t say anything. The master of the Ji family also remained silent.

Yun Feng's heart suddenly pounded as she stood there. The advancement of forces... The three elders had just told her the details of the Inner Region a few days ago. The advancement of forces was the most important part and also a critical turning point. She didn't expect it to come so soon. It was good that the Yun family returned to the Inner Region at this moment, or they would miss this opportunity.

The Inner Region was vast and there were also an unusually large number of families of all sizes. However, only seven families were influential. All the changes were caused by these seven families. These seven families weren't on an equal footing. The most stable, strict and cruel rules applied everywhere in this world. There were levels everywhere. The Inner Region was certainly the same.

The seven families were divided into three levels. Even though the seven families all had the power to speak in the Inner Region, their voices were greatly different because of the level division. There were four third-rank families. They were at most just sidekicks in the Inner Region, while there were two second-rank families. They were the speakers second only to the first-rank family. The first-rank family stood at the highest position and had the absolute power to speak in the Inner Region, and they were also the only one!

There were layers of strict hierarchy in the Inner Region, making the power all the more tempting. Being able to reach the position of a first-rate family, it could be said that they could do whatever they wanted in the Inner Region! Naturally, it wasn't easy to become a first-rate family. You had to convince everyone with your strength and background! This was the meaning of the advancement of forces.

There was an advancement of forces every 3,000 years, and the strength of the Inner Region changed every 3,000 years. The last family in the advancement every time would be kicked out of the Inner Region completely! The Inner Region would spend the next 3,000 years in peace under the leadership of the first family, waiting for the changes in the next 3,000 years. So, the Yun family could be said to be luckily in time for the advancement of the forces this time!
