

Summoner 1301

Chapter 1301 Fragment of the Map (3)

“There’s still five years until the advancement of forces this time. The Yun family must prepare well.” The master of the Ji family smiled lightly. The three elders of the Yun family all nodded. The Second Elder of the Yun family said, “Thank you for coming to tell us in person this time, Master Ji. Otherwise, the Yun family will waste these five years.”

“No, no. That’s all I wanted to say. I still have something to do in the family. I’ll take my leave first.” The master of the Ji family got up, nodded, and turned around to leave. He didn’t stay for long. After he left, the three elders of the Yun family sat in the main hall with a slightly excited look.

“I didn’t expect that we wouldn’t miss the advancement of forces this time. I thought we might have already missed it.” The Second Elder of the Yun family sighed and his expression also relaxed. Yun Feng finally knew that the advancement of forces had always been a burden among the three elders.

“If we didn’t miss it, it means that God favors the Yun family and gives us this opportunity to make a comeback!” The Third Elder of the Yun family clapped his hands hard, making a loud noise. He could even hear the sound of bones creaking.

“Five years... It’s not easy at all.” The Second Elder of the Yun family heaved a long sigh. “However, the master of the Ji family came to tell us in person for a very obvious purpose. Is the Ji family trying to be friendly this time?”

The Great Elder of the Yun family shook his head. “The Ji family has never taken sides in the past. Rather than expressing goodwill to the Yun family this time, it’s better to say...”

“They asked the Yun family to owe them a favor,” said Yun Feng. The Great Elder of the Yun family nodded. “The Yun family must accept this favor. If the Ji family goes against the Yun family in terms of the advancement of forces, what will the Yun family do?”

“The Ji family has planned far enough,” said the Third Elder of the Yun family furiously. The Great Elder of the Yun family chuckled. “It’s fine. Master Ji, you should know that you can’t get the position of the first-rate family with these small tricks. Strength is everything.”

“The Baili family has also calmed down a bit. That’s fine.” The Second Elder of the Yun family glanced at Yun Feng after saying that. “What you did after entering the Inner Region embarrassed the Baili family a lot. They’re probably enraged right now, but there’s nothing they can do.”

The other two elders of the Yun family also smiled delightedly. Yun Feng smiled lightly. “Elders, you can talk about business first. I won’t disturb you here.”

The three elders of the Yun family also nodded. Yun Feng pushed the door open and walked out. Looking at the house of the Yun family in front of her eyes, thoughts kept rolling in her mind. There was no level restriction for the advancement of forces, which meant that all families could challenge the first-rate family. If the Yun family returned to the Inner Region, they would certainly be classified as a third-rate family. It was up to them to choose whether to advance to a second-rate or first-rate family. The Yun family would definitely strive for the first-rate family this time!

Besides, the Yun family was on the throne of the first-rate family during the advancement three thousand years ago! Thinking of this, Yun Feng couldn't help but feel proud in her mind! The Yun family had a glorious past. This past had always been engraved in everyone's heart. Even though they were dejected right now, the thought in their minds had never changed! The headquarters of the Yun family was like this, so was the Yun family on the East Continent and the West Continent! This was a kind of pride in the bones of the Yun family, a kind of persistence!

The Yun family had once risen to the position of the first-rate family. This time, they certainly had to take it back again!

Thinking of the family that was in the first-rate position right now, Yun Feng couldn't help but frown tightly. Three thousand years ago, this family was the one who cut down the Yun family. The three elders also said that even though the Baili family was targeting the Yun family, the mastermind behind the Baili family was this first-rate family!

The first-rate family controlled one of the second-rate families, Baili, while Baili held two third-rate families, the Wu family and the Ai family, in his hands. These few families had already formed a close and united network. It could be said that they had already had quite a lot of power in the Inner Region. This was very disadvantageous for the Yun family, which had just returned to the Inner Region. It could be said that if it weren't for the relationship with the Naxi family, the Yun family would probably be attacked by these few families right now.

The enmity between them had never been resolved. Yun Feng was 100% certain that the restriction on the younger generation of the Yun family must be caused by one of the families! Or perhaps, it was done by that first-rate family! Yun Feng didn't know the details of the advancement of forces three thousand years ago, but she could guess how miserable the Yun family was at that time from the looks of it right now. Sitting in the first-rate position, they had to withstand the prying eyes from all directions and would also be challenged by many families during the advancement. The Yun family fell into traps, or they wouldn't have been squeezed out of the Inner Region in such a sorry state!

Thinking of this, the anger in Yun Feng's heart couldn't help but rise a bit more. No matter how useless the Yun family was, they shouldn't have directly slid out of the Inner Region from the first rate. No matter what, they should still be second-rate! She didn't know anything in the past and had no way of knowing it, but it was different this time. This time, if anyone dared to do anything to the Yun family, Yun Feng would be the first to not let them go! Even the superior first-rate family was no exception!

"Yun Feng, what are you thinking about? Why do you look so serious?" Yun Xiang's cheerful voice sounded. Yun Feng raised her black eyes and her thoughts were also interrupted. She smiled lightly. "I'm thinking about how much my strength can improve in five years."

Yun Xiang was stunned for a moment. Then, she burst into laughter. "How about we make a bet? I bet that you'll enter the God Level!"

The smile in Yun Feng's black eyes became deeper. "Entering the God Level in five years. Yun Xiang, aren't you overestimating me? Don't you know how difficult it is to reach the God Level? How many powerhouses have been stuck at Grade 9 of the Emperor Level their entire life? Can I possibly break through in five years?"

Yun Xiang patted Yun Feng's shoulder. "There shouldn't be anything you can't do. The most impossible things in the world are already possible for you."

Meatball, who had been squatting on Yun Feng's shoulder quietly, glanced at Yun Xiang with its big eyes and then nodded in agreement. "Don't belittle yourself. You're a five-element summoner!" Yun Xiang winked teasingly. Yun Feng chuckled. "Right, when are you planning to marry Bai Qingfeng?"

Yun Xiang blushed hard. "I think these few days will be great. The Yun family has already been renovated and renewed. This joyous event shouldn't be postponed anymore, or Bai Qingfeng will be too pitiful." Yun Feng said with a smile. Seeing that Yun Xiang's face was even redder, her heart felt warm.

Chapter 1302 Fragment of the Map (4)

After her cheeks turned red, Yun Xiang gradually returned to normal and the shyness on her face also turned serious. "Alright. We can take this opportunity to invite the seven families of the Inner Region to gather."

Yun Feng nodded. "Sorry for troubling you. It is supposed to be a simple joyous occasion, but now, there's another purpose. I wonder if anything will go wrong on that day."

Yun Xiang smiled heartily. "It's better to be chaotic, so that I won't be nervous."

Yun Feng smiled lightly. "I wonder if the other families are willing to honor us."

!!

"Haha, how dare the other families ignore the invitation of a five-element summoner? Even the first-rate family have to think carefully."

Yun Feng raised the corners of her mouth. She really wanted to take this opportunity to see how the other families treated the Yun family, especially the family sitting in the position of the first-rate family right now!

The return of the Yun family to the Inner Region stirred up a whirlwind. Soon after they returned to the Inner Region, the Yun family stirred up another wind. This wind was a joyous occasion. Yun Xiang, the most outstanding member of the younger generation of the Yun family and the pillar of the Yun family, was about to get married.

After a period of silence, the Yun family became lively again. The renovated mansion was full of joy and peace. The members of the Yun family were extremely delighted in their minds. Yun Xiang's marriage could be said to be a great event of the Yun family. The preparations they made were quite grand and meticulous. As the bride-to-be, Yun Xiang also felt that the Yun family attached special importance to her marriage and was also delighted in her mind.

The wedding invitations of the Yun family were distributed widely. There was also a heated discussion about this marriage in the Inner Region. The son-in-law-to-be of the Yun family was a member of the Bai family, Bai Qingfeng. Everyone knew about the grudge between the Bai family and the Yun family before this. They really didn't expect the Yun family to be so generous as to bring a member of the Bai family to their house. This was truly surprising.

There were certainly a lot of gossip, but they didn't dare to say it openly. Amidst such quiet discussions, Yun Xiang and Bai Qingfeng's wedding soon approached. On the day of the wedding, the Yun family was filled with firecrackers. Yun Xiang was different from her usual bold and cheerful self. After putting on the bride's gown, she always looked shy and panicked like a little girl.

"Yun Feng, I'm nervous. What should I do?" Yun Xiang sat there in her red bride outfit, feeling very uneasy. She kept pulling the weird clothes on her body with her hands. She couldn't get used to her makeup when she looked at herself in the mirror.

"The bride-to-be, stop moving! Otherwise, all our efforts will be in vain!" The few young girls around Yun Xiang couldn't help but scold her. Yun Xiang immediately blushed and stopped moving. These girls burst into laughter.

"Yun Xiang, who has always been as energetic as a boy. I didn't expect you to have such a feminine side!" The teasing of the girls made Yun Xiang even more embarrassed. She sat there and kept blushing as she looked at Yun Feng for help, but Yun Feng only chuckled on the side.

"Sister Xiao Xiang!" Yun Xiaoxiao rushed in like a tiger. Seeing Yun Xiang, she immediately opened her mouth wide. "Sister Xiao Xiang... You're so beautiful! Brother Qingfeng will be delighted if he sees you!"

What Yun Xiaoxiao said caused another round of laughter. Yun Xiang glared at Yun Xiaoxiao angrily. "You little girl, can you stop talking?"

Yun Xiaoxiao stuck out her tongue mischievously. "Sister Xiao Xiang has always been beautiful... I've always thought of you as a handsome guy. Ah! Sister Xiao Xiang is getting married too..."

Seeing Yun Xiaoxiao's regretful look, Yun Feng couldn't help but step forward and flick Yun Xiaoxiao's forehead. Yun Xiaoxiao chuckled. "You must move faster. Brother Qingfeng can't wait any longer!"

"Got it, got it!" The girls who helped Yun Xiang dress up immediately replied. Yun Xiaoxiao chuckled again. "Sister Xiao Feng, come with me to the front. There are a lot of people up ahead. I think the three elders are a bit too busy."

Yun Feng nodded. Even if the masters of the other families didn't come in person today, they would probably send a few people. It should be a bit chaotic today. The three elders were indeed a bit busy. She should go to the front to help.

"Then go quickly!" Yun Xiang said. Yun Feng nodded as Yun Xiaoxiao pulled her away happily along the way. Yun Xiang looked at Yun Feng's back and sighed softly. The few girls who were dressed up on the side finally recovered. "You can't sigh when you're a bride. Yun Xiang, you must smile!"

The few girls left with a chuckle, leaving Yun Xiang sitting there in her splendid clothes. Thinking that today was her wedding day, Yun Xiang's heart started pounding again. She didn't know what that fool's expression was... Yun Xiang was thinking about something when she heard a voice as gentle as water. "Xiao Xiang."

Yun Xiang raised her head abruptly. Bai Qingfeng, who was wearing a red gown, was standing in front of her. The red color of the two of them shone on each other, forming beautiful halos under the sunlight. Bai Qingfeng's weak body was slightly covered up and he didn't look like he was a bag of bones

anymore. His originally handsome face put on a gentle smile at this moment, which made people look a bit intoxicated.

Yun Xiang's heart trembled hard. "Idiot, why are you here? You shouldn't have come..." Yun Xiang sat there and was a bit at a loss. According to custom, Bai Qingfeng shouldn't meet her at this moment. Why did this idiot come here? Wasn't he afraid that others would laugh at him?

The smile at the corners of Bai Qingfeng's mouth became even gentler. Looking at the panicked and shy beauty in front of him, his heart was extremely soft. He only felt that warm spring water kept hitting him, causing a faint commotion inside his body. Bai Qingfeng strode forward and walked directly to Yun Xiang. "W-What are you doing..." Yun Xiang was so shocked that she wanted to step back, but the clothes on her body were too complicated and she wasn't used to it. Bai Qingfeng looked at the shy and timid girl and his heart suddenly became hot. He opened his arms and pulled the person in front of him into his arms.

"Xiao Xiang..." Bai Qingfeng called softly. He was gratified that he had finally fulfilled his long-cherished wish after a long time. He thought that such a day wouldn't come. He thought that he could only watch her from afar for the rest of his life. He had never thought that he would have such a day. She was his wife.

Chapter 1303 Identity of the Self-Proclaimed Father (1)

Yun Xiang blushed as Bai Qingfeng held her in his arms. She could smell a faint fragrance at the tip of her nose. The freshness made Yun Xiang's restless heart calm down slightly. She let Bai Qingfeng hold her quietly. After a while, Yun Xiang couldn't help but feel a bit angry when she saw that Bai Qingfeng still wasn't letting go. "Silly, why aren't you letting go? Do you want to suffocate me?"

The corners of Bai Qingfeng's mouth curled up. He loosened his arm slightly and looked at his wife, who seemed to be angry and ashamed in his arms. The hidden commotion in his heart was about to explode. Thinking that she would be his wife after today, Bai Qingfeng suddenly lowered his head and gently raised Yun Xiang's sharp chin with his finger. Yun Xiang was stunned. "W-What are you doing... Hm!"

Her soft lips, which were painted with beautiful colors, had already been swallowed by another pair of thin lips. Her sweet breath was swallowed completely. A trace of anger flashed through Yun Xiang's black eyes, but there was even more shyness. Bai Qingfeng kissed her gently, so carefully and reluctantly, as if all his love was invested in this kiss. The two of them lingered with each other and finally merged into one. No matter how noisy the surroundings were, there was only the heartbeat of the two of them in this world.

The rear was full of affection, but the front was full of toasts and undercurrents. Yun Feng was dragged all the way to the front hall by Yun Xiaoxiao. There were already many tables in the huge main hall. Yun Feng felt a heat wave coming close and there was a faint clamor.

!!

Yun Feng glanced over slightly. The three elders of the Yun family were exchanging pleasantries with the others, and a few people had already sat at the table at the front of the main hall. Yun Feng looked over with her black eyes and was a bit shocked. She didn't expect the other families to give the Yun family some face. Five of the six families had already come. The leader of the Ji family and the three members

of the Baili family, the Wu family and the Ai family, whom she had met a few days ago, were all here. And one of the unfamiliar figures should be another member of a third-rate family.

The third-rate families and second-rate families were all here. As expected, she didn't see anyone from that first-rate family. Yun Feng sneered. She didn't think that the leader of the first-rate family would come in person today. He had the intention to target the Yun family, so it certainly wouldn't be good for him to give the Yun family face at this moment. However, he should more or less send someone to show respect. That first-rate family was unwilling to even do this.

"Sister Xiao Feng, the three elders asked me to find you," said Yun Xiaoxiao softly. "Those people look so fierce. I won't go there. Sister Xiao Feng, go there yourself." Yun Xiaoxiao stuck out her tongue and ran away. Yun Feng shook her head helplessly. Looking at the people at the table, she had a thought in her mind and walked over.

"Yun Feng, my young friend." The Ji family's master was the first to notice Yun Feng. He immediately stood up and greeted her warmly. Yun Feng said with a smile, "You're too kind, Master Ji. How can I be on an equal footing with you?"

The few people at this table were all famous figures in the Inner Region. Of course, their seats were far away from others. This was also the center of attention at the scene. After all, this was the first time that the masters of the families were all gathered here. This showed how capable the Yun family was.

The others all watched secretly, but nobody dared to get close. Even those who were pouring tea and serving water tried their best to keep a distance. Those few people just sat there with a faint pressure, which made the others not dare to approach at all. When a young and beautiful girl walked over, she had already attracted the attention of everyone present, especially when the Ji family's master stood up to welcome her, which made everyone watching in the dark drop their jaws. However, after the Ji family's master spoke, everyone was relieved.

Yun Feng, that five-element summoner! No wonder she walked over so calmly. No wonder these people looked like that. Everything made sense now that it was Yun Feng. Yun Feng's appearance also made the gazes of everyone in the venue quietly move away from these few family masters. Everyone's hidden focus turned to Yun Feng and they all sized her up curiously. After all, they had only heard about the five-element summoner. This was the first time they saw one with their own eyes, but the age of the five-element summoner was beyond everyone's expectation.

There were also murmurs around. Everyone couldn't help but wonder if Yun Feng was a five-element summoner. After all, she was so young. They heard that the five-element summoner was even at Grade 9 of the Emperor Level. If it was true, the young people in the Inner Region, who called themselves geniuses, would probably be too ashamed to show their faces.

"Yun Feng, you're too polite. What's wrong with being on an equal footing with us with your strength and talent? Don't you agree?" The leader of the Baili family chuckled and looked at the Ai family and the Wu family. The leaders of the two families immediately nodded in agreement. The leader of the Baili family smiled again. "If you don't mind, Yun Feng, can you sit with us for a while?"

Yun Feng smiled. It seemed that Old Baili insisted on lifting her to a position and didn't let her come down. If that was the case, she didn't have to come down. You gave me such a high position, so I certainly have to sit steadily!

"Of course." Yun Feng sat down gracefully with a natural expression. The leader of the Baili family couldn't help but feel startled. In the end, he grunted and didn't say anything else.

"Yun Feng, this is the leader of the Fang family."

Yun Feng looked over with her black eyes. This was a black-faced man. His cold expression was like a piece of ice that hadn't melted in a thousand years. This expression was a bit similar to that of her black-faced father, but it was even darker than that of her black-faced father. The Fang family, despite being a third-rate family, could be said to be firm in their stance and had their own confidence. Yun Feng couldn't help but feel impressed.

"Master Fang." Yun Feng greeted him kindly. The Master of the Fang family rolled his eyes and glanced at Yun Feng. He only nodded and didn't say anything else.

"The leader of the Fang family is always like this," said the leader of the Ji family softly on the side. At this moment, the leader of the Baili family suddenly said, "Master Ji, you haven't been on good terms with anyone all these years, but you're so friendly to a junior of the Yun family right now."

"Master Ji, you have better foresight than others," said Master Wu. Then, Master Ai chuckled. "Master Ji, are you going to start looking for allies?"

The master of the Ji family chuckled. "Masters, you've overestimated me. I just admire Yun Feng. After all, such an outstanding person is rare. You should feel the same."

Chapter 1304 Identity of the Self-Proclaimed Father (2)

The leader of the Baili family glanced at him coldly and didn't say anything else. The leader of the Ji family looked timid, but Yun Feng saw the disgust deep in his eyes. There were only two second-rate families, the Ji family and the Baili family. The Baili family was on good terms with the Wu family and the Ai family. At the same time, they were related to the first-rate family. The Ji family seemed a bit awkward. They weren't willing to be used by others, and they weren't willing to be in an oppressed position. They didn't want to be a thorn in other people's side either. The way of survival of the Ji family was very difficult. Compared to the Fang family, which had always been uninvolved among the third-rate families, the Ji family's life was probably much more difficult.

The few of them suddenly fell silent. Yun Feng was about to say something to ease the tension, but there was a commotion outside. The three elders of the Yun family seemed to have heard something and all looked shocked.

"Tut-tut, it seems that I'm not too late." A voice came from outside with an indescribable arrogance, but the faint pressure in it couldn't be ignored and people subconsciously thought that the person who spoke had the right to be arrogant. The few people at Yun Feng's table couldn't help but feel stunned after hearing that.

“He came in person?” The master of the Ji family mumbled in shock. A thought flashed through Yun Feng’s mind. She turned around and looked outside with her black eyes. Looking at the figure that was slowly approaching, she couldn’t help but narrow her eyes. That was a member of the first-rate family?

!!

He was wearing a light-colored robe and didn’t have any other complicated decorations, but there was a deep sense of extraordinariness. He looked a bit old, but there wasn’t a trace of oldness on his body, especially his eyes. The fierceness they emitted from time to time was obvious.

“Masters, congratulations.” The arrival of the person immediately caused a huge commotion. The three elders of the Yun family looked at each other and greeted him. The Great Elder of the Yun family chuckled. “I can’t believe Master Shentu would come to this wedding in person.”

The old man who approached chuckled. “We’re old friends. If I don’t come, it’ll seem a bit unreasonable.”

The Great Elder of the Yun family chuckled and didn’t say anything. At this moment, the leader of the Baili family immediately came over. “Lord Shentu, you’ve come in person. The Yun family is quite lucky.”

The three elders of the Yun family stood aside and only smiled, while Yun Feng snorted in her mind. Wasn’t Old Baili too talkative? Did the Yun family need him to express gratitude? However, the person who came was the leader of the first-rate family, the Shentu family. This was a bit beyond Yun Feng’s expectation. She thought he would send someone to represent him, but the leader came in person.

The fact that the Shentu family’s master could come in person proved that he was calm and cunning.

“Master Shentu.” Master Ji greeted him with a smile. Master Fang, who had been wearing a cold face, also greeted him. The Master of the Shentu family seemed to be very satisfied with everyone’s compliment. He glanced around and saw Yun Feng. “This should be the famous five-element summoner of the Yun family?”

The Great Elder of the Yun family nodded. “Yes.”

Seeing that the Shentu family’s master was staring at her, Yun Feng finally got up slowly. The two of them looked at each other, and Yun Feng didn’t give in at all! “Master Shentu.”

Yun Feng’s fierce gaze made the expression of the leader of the Shentu family glitter slightly. Then, he put on a meaningful smile. “You’re indeed a young genius. The Yun family is indeed different.”

“Master Shentu, you’re too kind. I believe there should be a lot of talented young people in the Shentu family.” Yun Feng smiled lightly. What she said made the Master of the Shentu family very happy. “The younger generation of the Shentu family is certainly remarkable too.”

The smile at the corners of Yun Feng’s mouth became deeper. “In that case, I should ask the younger generation of the Shentu family for guidance.”

The Master of the Shentu family chuckled as a glint of viciousness flashed through his eyes. At this moment, the Master of the Ji family said, “I heard that an impressive figure has returned to the Shentu family recently. Why haven’t I heard the Master of the Shentu family mention it? Perhaps it’s the Shentu family’s trump card this time?”

After hearing this, the Shentu family's master's expression changed abruptly. His facial features froze at that moment. The Ji family's master was full of smiles in his mind when he saw this. "Master Shentu, am I right?"

"How can you ask around about the Shentu family?" The Baili family's master said coldly. However, he was also curious in his mind. He had never heard Lord Shentu mention this matter. Their families were already so close. Was there still something he wanted to hide?

"I didn't ask around about the matter. It's just that the news somehow spread out. Didn't the leader of the Baili family hear about it?" The leader of the Ji family asked indifferently. The leader of the Baili family was stunned. What a cunning Old Ji. Why don't you tell us the source of the information?

"The Yun family has also heard about it. Now that the Shentu family's master is here, why don't you introduce this impressive person to us?" The Third Elder of the Yun family said on the side. The Shentu family's master's expression became even stiffer. Yun Feng stood aside and watched the Shentu family's master's expression change drastically. She couldn't quite guess the mystery behind it. This seemed to be true. The Shentu family must have welcomed an impressive person back. However, there might be some problems with this person, which made the Shentu family's master's expression so stiff.

The members of the Yun family came up and whispered a few words in the ears of the three elders of the Yun family. There was a hint of joy on the faces of the three of them. "Everyone, the bride and groom are ready. The wedding is about to begin. Let's talk about this later." What the elder of the Yun family said made the expression of the leader of the Shentu family instantly ease.

The few family masters also nodded and sat down one after another. They were here to attend the Yun family's wedding today. If there was anything else, they would certainly talk about it later.

The important figures in the Inner Region all sat down and the others naturally quieted down. Yun Xiang and Bai Qingfeng, the couple, also walked out separately. The woman was beautiful and the man was handsome. Cheers immediately came from the venue. Yun Xiang and Bai Qingfeng couldn't help but feel a bit awkward standing in front.

"One bow to heaven and earth!" As the couple shouted loudly, the wedding ceremony began. The members of the Yun family at the scene couldn't help but feel extremely excited in their minds. They were certainly emotional to see Yun Xiang find such a reliable husband.

"One bow to the parents!" Yun Xiang and Bai Qingfeng knelt deeply in front of the three elders of the Yun family. The three elders of the Yun family were gratified.

Chapter 1305 Identity of the Self-Proclaimed Father (3)

"One bow to each other!" Yun Xiang and Bai Qingfeng turned around and faced each other. Yun Xiang, who was wearing a red veil, was a bit nervous. She even bent her back a bit stiffly. Yun Feng wanted to laugh as she watched from below. This was truly hard on Yun Xiang.

At this moment, when the couple was bowing to each other, a gust of wind suddenly blew from outside and opened the closed door of the main hall wide! Yun Feng's black eyes darkened and her mental strength immediately surged out. Did someone dare to come to the Yun family to cause trouble at this moment?

The three elders of the Yun family also got up quickly with a solemn look. Bai Qingfeng quickly pulled Yun Xiang behind him. Yun Xiang, who was wearing a red veil, was a bit dizzy. The atmosphere in the main hall became very serious and even extremely nervous!

The few family masters also looked at each other. While everyone was tense, a rough and bold voice came from outside. "My daughter, why didn't you wait for me for such a joyous occasion?"

!!

Daughter?! The three elders of the Yun family were stunned. Bai Qingfeng turned around in shock. Yun Xiang had already pulled the red veil off her face. What father? Her father was already gone! Where did this father come from?

"Who's there?" The three elders of the Yun family immediately shouted coldly and furiously. Yun Feng's body turned into a black shadow and she had already flashed out of the door. Mu Canghai on the side followed her quickly. He couldn't let Yun Feng go out and take the risk alone!

The expressions of the three elders of the Yun family changed when they saw Yun Feng rush out. Yun Xiang was also anxious when she saw this. She immediately lifted her dress and chased after her. Seeing Yun Xiang run out, Bai Qingfeng certainly wanted to follow her. The scene immediately became chaotic.

"Hm, someone really came to cause trouble for the joyous occasion of the Yun family." The leader of the Baili family said coldly on the side, while the two leaders of the Wu family and the Ai family smiled. "It's just that it's really interesting that someone would call her daughter."

The Master of the Shentu family sat there with a tense expression. The Master of the Ji family glanced at him secretly. Was he really from the Shentu family? Did the Master of the Shentu family want to fight at the Yun family's wedding?

Yun Feng, who rushed out first, was a bit frustrated. Nobody knew how she was feeling at this moment. She was very familiar with that voice just then! Even though she hadn't heard it for a long time, only her self-proclaimed father, Zhan Li, dared to call her daughter and call himself her father!

As soon as Yun Feng rushed out of the main hall, she saw a tall and sturdy figure flashing over in the sky with a bright smile. "My daughter, am I late? I didn't miss your wedding, did I?"

Hearing this laughter and this really awkward title, the corners of Yun Feng's mouth twitched fiercely. She saw him on the East Continent, she saw him on the West Continent, and now, they met again in the Inner Region. Who exactly was this self-proclaimed father?

After Yun Feng, Mu Canghai rushed out. Yun Xiang and Bai Qingfeng rushed out, followed by the three elders of the Yun family, the masters, and a lot of onlookers. Zhan Li smiled boldly in the air and landed steadily on the ground. "My daughter, did you miss me?"

Yun Feng didn't know how to answer and could only chuckle. Zhan Li, on the other hand, rubbed Yun Feng's head without hesitation. Even though Yun Feng had grown a lot taller and didn't look like she used to be when the two of them first met, Zhan Li was quite tall. Even Yun Feng, who had grown up, only reached his chest.

"I knew you missed me. I came to see you! However, I must tell you something. Why didn't you tell me about your marriage? If I hadn't received the news, I would've missed it!" Zhan Li said to himself. Yun Feng listened quietly, but the others who heard the conversation between the two of them were all dumbfounded.

Mu Canghai looked at Yun Feng in shock. Daughter? Father? Wasn't Yun Feng's father Uncle Yun Jing? When did the second one appear?

Yun Xiang was also a bit shocked after hearing that. Was this Yun Feng's father? Why did he look... like this? The three elders of the Yun family also sized up Zhan Li in surprise. This was Yun Feng's father? However, his appearance was a bit different from that of the Yun family...

Yun Feng waved her big hand gently and said indifferently, "You're mistaken. Yun Xiang of the Yun family is getting married today, not me."

"Yun... Yun Xiang? Who's Yun Xiang?" Zhan Li asked in confusion. Yun Xiang stuck her head out from behind. "Yun Feng's father, I'm Yun Xiang!"

Zhan Li cracked a smile. He was very satisfied with this title! The corners of Yun Feng's mouth couldn't help but twitch. It was her fault for not explaining clearly. Yun Feng turned around helplessly. "Yun Xiang, this isn't my father. My father's name is Yun Jing and he's on the Central Continent right now."

Yun Xiang was stunned. "He's not your father? If he's not your father, why did he call you daughter? Yun Feng, what's going on?"

Zhan Li burst into laughter and rubbed Yun Feng's head again with his big hand. "She's my daughter!"

Yun Feng couldn't help but roll her eyes. Yun Xiang and the three elders of the Yun family were confused at this moment, but one of them walked out with a sullen look and looked at Zhan Li, who suddenly arrived, with coldness in his eyes. Zhan Li also raised his head when he sensed that gaze. When he saw that person, a fierce glint flashed through his black eyes. Yun Feng couldn't help but feel shocked when she looked back!

"You didn't forget to come back?" A questioning voice suddenly came. Everyone was startled and couldn't help but look over. The person who spoke was the Shentu family's master!

Zhan Li sneered. He touched Yun Feng's little head with his hand and then retracted it. "What does it have to do with you whether I come back or not? I'm Zhan Li. I have nothing to do with the Shentu family at all. Master Shentu, you're interfering too much!"

Zhan Li's tone shocked everyone in their minds. The few family masters glanced over. What exactly was Zhan Li's relationship with the Shentu family? Even though the Shentu family master's tone was nasty, there was an inexplicable intimacy in his words!

Yun Feng looked at Zhan Li's gloomy face without batting an eyelid. She had always assumed that her self-proclaimed father was a senior member of the Mercenary Union on the East Continent, but it seemed that this hypothesis was far from enough for her self-proclaimed father's identity! A member of the Shentu family, the first-rate family in the Inner Region... If that was the case, her self-proclaimed father must know the grudge between the Yun family and the Shentu family. Why did he still acknowledge her as his daughter? Why did he have to be related to her? Thinking of this, Yun Feng's

heart couldn't help but sink. She had never seen through this self-proclaimed father of hers, and she might not be able to see through him now.

Chapter 1306 Rob You (1)

Zhan Li's words and attitude were confusing but also sobering. Even though he was related to the Shentu family, it seemed that the relationship had already been broken now. Otherwise, Zhan Li wouldn't have left the Inner Region and the Shentu family!

The Shentu family's master's face, which was already gloomy, became even more gloomy after hearing what Zhan Li said. "You unfilial son! How can you say such disrespectful words?" The Shentu family's master's furious shout made the hearts of the others tremble fiercely!

The eyes of the three elders of the Yun family darkened. Unfilial son? This middle-aged man who called himself Yun Feng's father was the son of the Shentu family's master?

Zhan Li sneered as he looked at the Shentu family's master with his black eyes that were as cold as frost. "As I said many years ago, I've already left the Shentu family. Unfilial son? Master Shentu, save it! If I didn't think it was my daughter's wedding today, I wouldn't have stepped here at all, let alone meeting you!"

"You..." The Shentu family's master's face suddenly flushed with anger. The Baili family, the Wu family and the Ai family were already dumbfounded. No wonder the Shentu family's master had such a weird expression just then. The person who came back was a traitor, and the Shentu family's master's son!

Zhan Li looked at the onlookers around and couldn't help but feel a bit frustrated. "My daughter, it seems that I made a mistake today. Father doesn't want to meet some people. I'll go first. I'll come back to see you later." After saying that, Zhan Li glanced at the Shentu family's master. The Shentu family's master widened his eyes in anger and didn't know what to say anymore. He regretted what he said just then. If he had known earlier, he would have treated this kid as a complete stranger!

Zhan Li was about to leave, when Yun Feng realized that there were a lot of things she needed to ask him! "Wait!" Yun Feng turned around and looked at the main character of the day, Yun Xiang. "Yun Xiang, I'm sorry. There's still some trouble at the wedding today because of me."

Yun Xiang immediately shook her head. She looked at Zhan Li and then at Yun Feng. She believed that the others were the same as her. They couldn't guess the relationship between the two of them. The Shentu family recognized Yun Feng as their daughter. This relationship... was truly extraordinary.

"Nothing! If you have anything to ask, just... Hm, just ask him. My wedding is already over." Yun Xiang laughed loudly. Yun Feng nodded and glanced at Bai Qingfeng apologetically. Bai Qingfeng also looked acceptable. Yun Feng then looked at the three elders. "Elders, I'll go first!"

The three elders of the Yun family all nodded. Hearing that Yun Feng was going to leave with him, Zhan Li couldn't help but laugh heartily. "I knew my daughter would miss me. That's true!" Zhan Li lifted Yun Feng up high in delight. This unusually intimate move shocked the others again. Yun Feng roared in embarrassment, "Put me down!"

Zhan Li laughed heartily and put Yun Feng down. A hint of gentleness couldn't help but flash through his eyes. That was the look of a father doting on his daughter! It was absolutely true! Zhan Li and Yun Feng

left together, leaving everyone completely dumbfounded. After Zhan Li left, everyone looked at the Shentu family's master. The Shentu family's master clenched his fists fiercely and several veins on his neck suddenly bulged!

"Elders of the Yun family, I'll go first!"

The Great Elder of the Yun family chuckled. "Take care, Master Shentu."

The Shentu family's master quickly left with a gloomy face. He didn't stay for a moment longer. Seeing that the Shentu family's master had left, the other three families, led by the Baili family, certainly had to follow him. The three elders of the Yun family didn't have any intention of asking them to stay. The marriage ceremony had basically been completed. Many audiences didn't have the mood to continue watching the drama anymore. They all got up and said goodbye. The three elders of the Yun family smiled. Before the Ji family left, he said meaningfully.

"I can't believe the Shentu family has such a connection with the Yun family. The Yun family... is smarter than I thought."

The three elders of the Yun family were stunned. The Third Elder of the Yun family sneered. "Master Ji, you're thinking too much. Compared to the Ji family, what the Yun family did was nothing."

The master of the Ji family chuckled, got up, and left. The originally lively wedding ended like this, which was a bit unbelievable, but Yun Xiang and Bai Qingfeng didn't care at all. The couple went away happily. The three elders of the Yun family came to a room. The three of them looked very serious.

"If I'm right, that man called Zhan Li should be the famous Shentu Yuanli of the Shentu family." The Second Elder of the Yun family heaved a long sigh. "I can't believe Shentu Yuanli left the Shentu family. No wonder the leader of the Shentu family looked like that. The departure of such a talent is a huge blow to the Shentu family."

"Why did Shentu Yuanli break away from the Shentu family?" The Third Elder of the Yun family was very puzzled. They had heard of this junior before, because Shentu Yuanli was quite capable and had an important position in the Shentu family. He was highly valued. If nothing happened, he would most likely be the successor to the family master, but why would such a person take the initiative to break away from the Shentu family?

"This happened after we left the Inner Region. The Shentu family's master knows best what exactly happened," said the Great Elder of the Yun family indifferently. The brows of the Second and Third Elders furrowed again. "Shentu Yuanli acknowledged Yun Feng as his daughter. On this point... Did he do it on purpose?"

The three elders of the Yun family were all silent. They didn't know what Shentu Yuanli's attitude was. Did Shentu Yuanli acknowledge Yun Feng as his daughter purely for another purpose? "But judging from his attitude towards the girl, he doesn't seem to be lying. Otherwise, he wouldn't have rushed back in such a hurry. According to him, he wouldn't have come here at all if it weren't for Yun Feng."

The Third Elder of the Yun family nodded. "That's right. Even though I don't know how sincere Shentu Yuanli is, his feelings for the girl are real."

The Great Elder of the Yun family chuckled. "In that case, I'm relieved. Speaking of which, that girl is truly something. Shentu Yuanli accidentally acknowledged her as his daughter."

The other two elders chuckled. Who wouldn't agree? Fate was truly wonderful.

Yun Feng walked with Zhan Li all the way. Ever since Zhan Li said goodbye to the Shentu family's master, he seemed to be in a pretty good mood. Yun Feng followed him and didn't say anything. The two of them stopped in the wilderness that was rarely visited. Zhan Li stretched and turned around to look at Yun Feng. "My daughter, if you have any questions in your mind, just ask."

Chapter 1307 Rob You (2)

Yun Feng's black eyes glittered. "Will you answer all my questions?"

Zhan Li was stunned for a moment. Then, he burst into laughter and rubbed Yun Feng's head. "Of course. I'll tell you everything. You're my daughter!"

With this, Yun Feng was more or less relieved. Since Zhan Li could say that, it meant that he indeed had nothing to hide. Yun Feng smiled lightly. "In that case, I won't hold back. Did you give Little Qingchen's the lightning-element Magic Beast?"

Zhan Li was startled. He originally thought that Yun Feng would ask about the relationship between him and the Shentu family first, but he didn't expect Yun Qingchen to be the one she wanted to ask about.

!!

"Haha, of course! No matter what, Yun Qingchen is your nephew and my grandnephew. It won't make sense if I don't give him something good."

Yun Feng couldn't help but frown. "That Magic Beast... What species exactly is it?"

Zhan Li burst into laughter and looked very happy. "My daughter, can't you recognize the species? It seems that what I took randomly this time is indeed a treasure!"

He took it randomly? Yun Feng frowned completely. What did that mean? Did her father steal the lightning-element Magic Beast for Qingchen? "My daughter, I'm not such a person! Don't think too much!" Zhan Li reached out and touched Yun Feng's head, stretching his body. "I found that Magic Beast randomly from the Shentu family's Treasure Mirror."

W-What? Yun Feng was stunned. He found it in the Shentu family's Treasure Mirror? So, Qingchen's Magic Beast belonged to the Shentu family? He really stole it?

Zhan Li burst into laughter again when he saw Yun Feng's expression. "What kind of expression is that? The Shentu family owes me too much. What's the big deal if I take something?"

"Master Shentu, does he know?" Yun Feng asked in a deep voice. This self-proclaimed father's personality... was too reckless.

"Of course he doesn't. I didn't even care about this Magic Beast when I found it back then. After all, it looks too funny, but it's a lightning-element Magic Beast. Besides, it's certainly not an ordinary thing in the Shentu family's Treasure Mirror. Now that you're asking me this question, that Magic Beast must be

of an extraordinary species.” Zhan Li nodded in satisfaction. “It seems that I’ll have to find a few more things this time.”

The corners of Yun Feng’s mouth twitched. Perhaps the Master of the Shentu family didn’t know that this unfilial son of his had visited the Shentu family more than once and he took more than one thing. Sooner or later, the Treasure Mirror of the Shentu family would be emptied by her self-proclaimed father.

“My daughter, I’ll find you something great this time!” Zhan Li burst into laughter, but Yun Feng shook her head helplessly. “Let’s not talk about that for now. Did you really come back this time only because you mistook it for my wedding?”

Zhan Li frowned. “Why? I came all the way here and you’re questioning my sincerity?”

Yun Feng smiled. “That’s not it. It’s just...”

“I know what you’re going to say. The grudge between the Yun family and the Shentu family has nothing to do with me! I don’t have any other thoughts about taking you as my daughter. I liked you when I saw you on the East Continent.” Zhan Li was sitting on a piece of grass. His tall and sturdy body cast a heavy shadow like a small mountain. Yun Feng also sat on the ground next to Zhan Li.

“I know. If you really had any purpose for me, you would have done it a long time ago.”

Zhan Li turned around and touched Yun Feng’s head with his hand, messing up her hair again before he finally moved his hand away. “I’m Zhan Li right now. I’m not a member of the Shentu family. If the Yun family needs help, I’ll definitely stand on your side.”

Yun Feng looked up at Zhan Li’s deep eyes. There were emotions in them that she couldn’t understand, but she knew that her self-proclaimed father was truly good to her. “Yes, I know.” Yun Feng nodded with a smile. Zhan Li grinned in relief. “Master Shentu should know that once the Yun family returns to the Inner Region, the Shentu family will be doomed.”

Yun Feng sat aside in silence, but Zhan Li seemed to be a chatterbox that had been opened. “Back when I was a member of the Shentu family, I had already seen the future fate of the Shentu family. The Shentu family didn’t have the strength and background of the first-rate family to begin with, but they wanted to fight for this position. I can only say that human greed is truly endless.”

There was more or less a hint of loneliness in what Zhan Li said. Yun Feng looked around the entire wasteland. “This is the darkness of human nature. What you can’t get is what you want the most.”

Zhan Li sighed. “So what if you get it? If you don’t have the ability to keep it, you’ll lose it in the end and lose everything.”

“Very few people understand this. They like to fight for it.” Yun Feng smiled. Zhan Li nodded. “Yes, it’s so simple but nobody understands it... And even though I understand it, I can’t change anything. If I had known the result would be like that, I would have left earlier.”

Zhan Li’s face suddenly darkened. Yun Feng looked at him and remained silent. Something must’ve happened when a member of the Shentu family of the Inner Region appeared on the East Continent.

Otherwise, why would a member of the Inner Region leave for the East Continent? Just like Ling Xiaoyun, Zhan Li certainly had unbearable memories in his mind.

Zhan Li's tall and sturdy body was extremely tense at this moment. Yun Feng sighed softly and didn't know what to say. How much pain was buried in the heart of this man who had experienced countless vicissitudes of life?

"My daughter, do you know how the Shentu family became the first-rate family and pulled the Yun family down?"

Yun Feng frowned. According to what her self-proclaimed father said just then, the Shentu family didn't have the strength and background to sit in this position. There must be something wrong with their sudden outburst of strength! Zhan Li looked back and stared at Yun Feng firmly with his black eyes. "The Shentu family betrayed themselves. Not only their soul, but also their dignity!"

Yun Feng was stunned. "Soul... dignity?"

Zhan Li sneered. "The Shentu family sold everything they had, including their dignity that they couldn't lose! They accepted other people's favor and groveled, willing to be other people's pawns! Just for the position of that first-rate family!"

"Pawns..." Yun Feng thought to herself. She originally thought that the Shentu family was the leader of the Inner Region, but she didn't expect the Shentu family to be a pawn in someone else's hand?

Chapter 1308 Rob You (3)

"After the Shentu family betrayed everything and became someone else's lackey, I left in anger. From then on, I removed the surname Shentu and only became Zhan Li." After saying that, the gloominess on Zhan Li's face eased a bit. "However, I didn't expect Shentu to fall to this point. They framed and even attacked the Yun family, which once helped them!"

"So, the Shentu family is indeed behind the current situation of the younger generation of the Yun family!"

Zhan Li nodded. "There's no doubt about that. The Shentu family has already become someone else's pawn. Naturally, they'll do as they're told."

"If the Shentu family did something, the Shentu family will certainly be able to undo it, right?"

Zhan Li shook his head. "You're thinking too simply. Shentu was the one who did this. But the real mastermind was their controller!"

Yun Feng frowned again. Would the person who controlled the Shentu family be the mysterious organization, or someone other than the mysterious organization? If that was the case, there would be more than one force targeting the Yun family! If the Yun family couldn't rise powerfully, they would be food for others sooner or later!

The problem of the younger generation of the Yun family had to be resolved, and in the shortest time possible! Yun Feng felt that there was no time to delay anymore. She couldn't move forward slowly anymore!

“My daughter, I’ll help you with the Yun family’s business. I’ve been looking for a solution to the Yun family’s problem, but unfortunately, I didn’t find anything in the end. The person who secretly controlled the Shentu family is very capable. I’ve searched so long, but I didn’t catch him at all!”

“To be able to make the Shentu family rise instantly and take the position of the first-rate family, and then tamper with the Yun family silently... I think you should know such a person or force.” Yun Feng whispered softly with coldness all over her face. They were targeting the Yun family everywhere. If it weren’t that mysterious organization, they would be one of the so-called four ancient families! Who else would know all the secrets of the Yun family, other than the four ancient families?

The grudges between the ancient families... Yun Feng pondered secretly. They wanted that map fragment? Even if they got the Yun family’s fragment, there would only be four pieces in the human world at most. Even if they collected all of them, there were still eight more!

Thinking of this, Yun Feng’s face suddenly darkened. No, perhaps the other few pieces had already landed in that party’s hand!

“My daughter, do you know who they are?” Yun Feng said after Zhan Li asked. “I’m not sure. This is just my guess.”

Zhan Li sighed. “I’ve been searching for so long and there’s still no information at all, which shows how deep that person is hiding. The Shentu family’s master has never really seen him. He only instructed the Shentu family through someone else.”

Yun Feng curled her lips. He was hiding so deeply because he was afraid that someone would find him. He was so afraid of being discovered because he definitely didn’t want anyone to know what he was doing.

“My daughter, I’ll take you to a good place!” Zhan Li stood up and pulled Yun Feng up with both hands. “Where are we going?”

Zhan Li burst into laughter. “Rather than letting me find it, it’s better to take you inside and pick something you like! You must know that the person who controls the Shentu family isn’t stingy. The things in the Treasure Mirror should be pretty good.”

Yun Feng was stunned. Was her self-proclaimed father taking her to the Treasure Mirror?

“The Shentu family shouldn’t have these things to begin with. It’s only right... to take them away.” Zhan Li’s face darkened. After thinking carefully, Yun Feng also showed a smile. Right, since the person who controlled the Shentu family was targeting the Yun family, she didn’t have to be polite at all. She could even empty the Treasure Mirror this time! Since it was good stuff, she would take it all for the Yun family!

“Alright, if that’s the case, I won’t hold back.” Yun Feng smiled. Zhan Li was quite happy after hearing that. “That’s more like my daughter. Let’s be more generous this time and take as many as we can!”

Yun Feng snickered in her mind. With the Dragon Palace in hand, the Shentu family’s Treasure Mirror would be looted completely this time!

Zhan Li was a man of action. He left right after he spoke. Yun Feng was willing to cooperate. She had already decided to loot the Shentu family's Treasure Mirror! Under Zhan Li's lead, she came to the vicinity of the Shentu family. Just in case, Meatball entered Yun Feng's bracelet obediently. When she approached the area near the Shentu family, Yun Feng had already felt a few very powerful auras. They were all at the God Level!

There were so many God Level masters in the Shentu family. They must be a bit guilty after ascending to the throne of the first-rate family. Besides, they were afraid that someone would break in because of the existence of the Treasure Mirror. Yun Feng sensed carefully. The divine aura of these few God Level guards spread out. They guarded every inch of the Shentu family closely. Whether it was from the sky or from any angle, it was very difficult for them to sneak into the Shentu family without being stronger than these people!

Zhan Li sneered and took out a small bottle. Yun Feng looked at it curiously. The liquid in the bottle was completely transparent and almost merged with the bottle. Zhan Li opened the bottle and shook the small bottle in his hand at Yun Feng. "I got this from the Treasure Mirror too. We only need a few drops. Nobody will be able to find us."

Zhan Li dripped a few drops of the liquid on his palm and the liquid quickly penetrated Zhan Li's skin. A shocking scene appeared in front of Yun Feng. Zhan Li's body gradually became transparent, leaving only a tiny outline in the end. Zhan Li's aura was completely gone! If Yun Feng hadn't seen him in front of her eyes with her own eyes, she wouldn't have been able to detect any of Zhan Li's aura at all!

Zhan Li chuckled. "Come, give me your hand!"

Yun Feng extended her hand and Zhan Li dripped a few drops on Yun Feng's palm. Yun Feng only saw that the transparent liquid quickly penetrated her skin and entered her body. A clear coldness came and instantly enveloped her entire body, almost dispelling all the heat inside her body! Yun Feng raised her hand and was shocked to see that her body had already become almost transparent and she was no longer breathing!

"The effect of this liquid is limited. Let's go faster." After saying that, Zhan Li grabbed Yun Feng's wrist and led her inside. Yun Feng followed Zhan Li quietly along the way. When they were about to enter the Shentu family's territory, the aura of a God came from the sky! Yun Feng's heart couldn't help but tighten. The aura of the God didn't stop when it passed through her body. Apparently, they didn't notice it. Yun Feng was relieved in her mind and she also exclaimed how magical this potion was.

Chapter 1309 Rob You (4)

The two of them entered the Shentu family without any obstruction. Many auras of masters kept sweeping over the two of them, but they didn't notice anything. There was a complacent smile at the corners of Zhan Li's mouth along the way. Yun Feng then realized that her self-proclaimed father was really straightforward.

If they wanted to go to the Shentu family's Treasure Mirror, they had to enter the Shentu family's master's personal courtyard, because the entrance of the Treasure Mirror was in the Shentu family's master's own room, which showed how much the Shentu family's master cared about the Treasure Mirror. The two of them came all the way to the Shentu family's master's room, but the Shentu family's

master didn't come back. Zhan Li took Yun Feng into the inner room and turned something on the bookshelf. The ground instantly changed and a Teleportation Array quickly formed!

Zhan Li cut his hand and quickly smeared the blood on his wrist, taking her into the Teleportation Array. "This Teleportation Array only recognizes the bloodline aura of the Shentu family. I hope my move works." The Teleportation Array shone brightly. It didn't reject Yun Feng, but there was obvious resistance. Zhan Li and Yun Feng didn't go through the Teleportation Array. When the light dissipated, the two of them were still standing in the Shentu family's master's room!

"What's going on? I could still get in the last time I came." Zhan Li frowned. At this moment, the sound of a door opening came from outside. Yun Feng quickly pulled Zhan Li out of the Teleportation Array. Zhan Li also quickly restored everything. The two of them had just done everything when the door of the room was pushed open!

!!

The Master of the Shentu family walked in and glanced at Yun Feng and Zhan Li very fiercely. Zhan Li protected Yun Feng by his side. His tall and sturdy body completely blocked her. A huge amount of godly energy came out of the Master of the Shentu family's body and scanned the room. Yun Feng held her breath. The Master of the Shentu family didn't notice the two of them. He walked in with a gloomy face and sat on the chair.

"Master Shentu." A voice came slowly. Yun Feng and Zhan Li, who were standing in the corner, both saw a person wearing a mask appear here for no reason. After seeing this person, the Master of the Shentu family immediately got up and walked over respectfully. "Lord Envoy."

Zhan Li frowned and his body was extremely tense. Yun Feng also held her breath. Was this the person who secretly contacted the Shentu family's master? He was wearing a mask... Did he not dare to show his true face? The person wearing a mask walked straight in and sat down, while the Shentu family's master stood aside. "What can I do for you, Lord Envoy?"

"Master Shentu, I heard... that Shentu Yuanli, who once defected, showed up?"

The Shentu family's master's face darkened and he finally nodded. "Yes, that unfilial son is back."

"Unfilial son? The Shentu family's master is truly concerned about old times. Shentu Yuanli put down his bold words to break away from the Shentu family, but you still call him unfilial son? Tut-tut, the family affection of the Shentu family's master is truly touching."

The Shentu family's master stood there with a gloomy face and didn't say a word. The masked man then said coldly, "I'm only here to remind the Shentu family's master that the advancement of forces is imminent. It's already your mistake to let the Yun family return to the Inner Region. You can't make a second mistake! If Shentu Yuanli shows any intention of stopping you, you must think carefully, Shentu family's master."

The Master of the Shentu family stood there. "Don't worry, envoy. If Zhan Li stands in my way, I won't show mercy. I'll definitely get rid of any future trouble!"

"If you say so, Master Shentu, I'm relieved. The Shentu family must keep its position as the first-rate family during the advancement this time! Also, we must kick the Yun family out of the Inner Region

completely and make sure they never come back! There are quite a lot of good stuff in the Treasure Mirror since we started supporting the Shentu family. The Shentu family must not let us down this time.”

The Master of the Shentu family immediately nodded. “Don’t worry, envoy. This time, the Shentu family will do everything we can to completely destroy the Yun family!”

The man in the mask smiled in satisfaction. He turned around and looked at the Teleportation Array. “Master Shentu, you must protect the things in the Treasure Mirror, or you’ll lose more than you gain.”

“Don’t worry, envoy. The Teleportation Array can’t be opened without my aura.”

The masked envoy nodded in satisfaction and got up to walk out. The Shentu family’s master certainly got up to walk him away. After the two of them walked out, Zhan Li said coldly, “So, that old guy added another defense.”

Yun Feng sneered as she flipped her hand and the Finger Spiritual Jade appeared in her hand. The aura of the Shentu family’s master had already been preserved inside just then!

You want to destroy the Yun family completely? Yun Feng’s red lips curled up slightly. I’ll empty your Treasure Mirror first and make you lose everything!

After the Shentu family’s master and the masked envoy walked out, Zhan Li quickly activated the Teleportation Array again. Looking at the Teleportation Array under his feet, Zhan Li frowned. “Are we going to steal an aura?” Yun Feng chuckled on the side and took out the Finger Spiritual Jade. The Shentu family’s master’s aura shot out from inside and directly entered the Teleportation Array. The Teleportation Array immediately spun quickly, as if it had been activated. Zhan Li’s eyes brightened. “My daughter, you’re truly something! Come in quickly!”

Yun Feng quickly stepped into the Teleportation Array. Zhan Li’s blood dripped on her wrist again. The light of the Teleportation Array enveloped the two of them again, but the obvious barrier just then had already disappeared! Yun Feng was delighted in her mind. It seemed that she was going to enter the Treasure Mirror this time!

“Swish—” The Teleportation Array suddenly emitted light and the two of them completely merged with the light, disappearing in an instant! At this moment, the Shentu family’s master pushed the door open and entered. The Teleportation Array had already returned to its original appearance. The Shentu family’s master walked over a bit suspiciously and examined it carefully. He mumbled in his mind, “Why do I feel that something is wrong?” He examined it again worriedly. The Shentu family’s master laughed at himself. How many people dared to swagger here? The Shentu family had experts guarding them. It was indeed a bit difficult to pass through the God Level guards outside. Besides... the Teleportation Array of the Treasure Mirror couldn’t be entered without his aura! Even if outsiders invaded, they wouldn’t be able to do anything!

Thinking of this, the Master of the Shentu family couldn’t help but feel relieved. Thinking of Zhan Li’s sudden appearance, his heart couldn’t help but feel suffocated. Hm, he only hoped that that kid wouldn’t cause trouble for him. Otherwise... he wouldn’t be merciful either. So what if he was his own son?

The Master of the Shentu family walked out again with a gloomy face. He didn't expect that Yun Feng and Zhan Li had already entered the Treasure Mirror successfully and started looting under his watch.

Chapter 1310 Great Harvest (1)

After the Teleportation Array disappeared, Yun Feng found that she was already in a different space. This space was vast. There were no lights, but it was unusually bright. She could see everything at a glance. After the two of them came out of the Teleportation Array, they burst into laughter. "My daughter, we're here! The first level of the Treasure Mirror!"

The first level? Yun Feng raised her brows. That should be the case after thinking about it carefully. In order for the Shentu family to sit firmly in the position of the first-rate family, the person behind the scenes must have put in a lot of effort. The things he gave the Shentu family should be quite a lot after so many years. Yun Feng raised her black eyes and saw the scene on the first level.

There were many boxes of different sizes and colors floating in the space. The boxes floated slowly in the air lazily. Yun Feng and Zhan Li were like fish at the bottom of a spring. These boxes were like fish swimming and playing in the water.

Zhan Li looked at the boxes and raised the corners of his mouth. "The things on the first level are just some weapons. I've opened these boxes before. They're just some weapons at the Emperor Level."

Compared to Zhan Li's disdain, Yun Feng smiled. She didn't need weapons, but the members of the Yun family did! Even though the weapons of the Yun family were also at the Emperor Level, except for the weapons of Yun Xiang and a few others, which were very good, the weapons of the others were only average. Looking at the countless slowly floating boxes in front of her eyes, Yun Feng put on a smile at the corners of her mouth. If they were weapons, they could really solve her urgent problem! If the Yun family showed these weapons in front of the Shentu family's master five years later, she wondered what expression he would have.

Yun Feng jumped and took a long box. After opening it, she saw a short sword that was of superior quality. Yun Feng picked up the short sword and swung it a few times. The short sword was quite strong in terms of strength. She grabbed another box casually. Yun Feng grabbed three or four boxes randomly and found that they were indeed weapons like Zhan Li said. They were only weapons at the Emperor Level, but their quality was quite good.

"If my daughter likes them, just take them all!" Zhan Li said generously. Yun Feng chuckled. "Then I won't stand on ceremony!"

After distributing these weapons to the Yun family, there would be some left. The rest would certainly be given to the warriors of the Yun Army and the Red Maple Mercenary Team! Master Shentu, your family can't afford so many weapons. Why don't I take them for you? Yun Feng's mental strength suddenly surged out and the dragon-shaped jade pendant appeared in her hand. Her mental strength immediately divided into countless tiny threads that wrapped around every box in the sky. If this mental strength could be seen, this space would be covered with dense tiny threads, like an inescapable net!

"Gather." Yun Feng shouted softly as she pulled hard with the threads formed by her mental strength. The boxes flew towards Yun Feng from all directions. Yun Feng held the dragon-shaped jade pendant tightly. The dragon-shaped jade pendant flashed with light and instantly absorbed the boxes!

Yun Feng watched as the boxes in front of her were put into the Dragon Palace and the smile at the corners of her mouth kept expanding. That's right. There were at least dozens of boxes. They were definitely enough. By then, she might be able to keep some as favors for others.

After putting away the boxes on the first level, the first level seemed unusually empty. Zhan Li looked at the clean first level and burst into laughter. "Alright, let's go to the second level!"

Yun Feng and Zhan Li stepped on the Teleportation Array on the side. Another wave of light surrounded the two of them and they came to the second level of the Treasure Mirror. As soon as they entered the second level, Yun Feng saw rows of cabinets. There were a total of nine rows of cabinets. Six of them were placed in the outermost area, two were placed behind them, while the last row was in the innermost area.

The cabinets on the ninth floor were arranged in a fan shape. If she didn't observe carefully, the six cabinets outside would be enough to block everything. Yun Feng turned around slightly and saw three rows of cabinets hidden behind the six ones outside. She walked inside and sized them up. The cabinets weren't high. There were only four compartments in them. The space between the compartments was very large. The further she went inside, the larger the gap between them. The fewer things there were in the cabinets, the more precious they were.

Yun Feng glanced over briefly. The nine rows of cabinets were all filled with potions. The placement of these cabinets was also based on the level of the potions. The outermost six cabinets were for master-level three-stars. Some of the space in the two cabinets inside was for perfect master-level three-stars and some was for grandmaster-level potions!

There was only one thing on the innermost cabinet, the Golden Cauldron Fluid!

Yun Feng stood in the innermost layer and looked at the only bottle of golden potion on the cabinet. She was quite familiar with the liquid inside, but she didn't expect to see it elsewhere, especially in the Shentu family. It seemed that the person behind the Shentu family wasn't simple. He could even afford the Golden Cauldron Fluid.

Zhan Li also walked over. "My daughter, I heard that you're a pharmacist. This bottle is Golden Cauldron Fluid. Take it. It'll be quite beneficial for you!"

Yun Feng chuckled and nodded. She immediately hooked down the small bottle containing the Golden Cauldron Fluid with her mental strength. There wasn't a lot of Golden Cauldron Fluid in this bottle, but the bottle was one third full. The person behind the scenes was quite generous to give away so much Golden Cauldron Fluid.

After putting the Golden Cauldron Fluid in her pocket, Yun Feng glanced at the other cabinets. Even though most potions weren't difficult for her, since they were ready-made, why didn't she take them? She didn't want to waste her energy making them. Besides, there were a lot of kinds of potions here. Yun Feng wanted to study them carefully.

Just like on the first level, all the potions on the second level were swept away, leaving only the bare cabinets. Yun Feng put away all the potions carefully. Zhan Li messed up her hair again. "My daughter, you've gained a lot this time."

Yun Feng nodded with a smile. "The Golden Cauldron Fluid doubles the effect on potions. Do you have the potions you need here?"

Zhan Li burst into laughter. "I'll ask you for it when I need it."

"Alright." Yun Feng nodded. She had to thank her self-proclaimed father for giving her such a generous harvest this time. It was natural for her to give her self-proclaimed father some good stuff. If her self-proclaimed father needed her in the future, Yun Feng would definitely do it. The Yun family was always grateful.

"There's nothing else on the second level except these potions. Let's continue walking up." Zhan Li was about to walk towards the Teleportation Array with Yun Feng, when Yun Feng frowned. "Wait!"
