Chapter 1331 I Like You (3)

Juxing fell into battle again. Many core disciples of Huafeng died, and the disciples of the Juxing also suffered heavy casualties. This made the eyes of the elders of both parties turn red. The Great Elder of the Juxing originally wanted to control them, but when the disciples of Juxing kept dying miserably at the hands of Huafeng, the Great Elder couldn't remain calm at all!

The battle began!

Blood slowly soaked the land where Juxing was located. The disciples of Juxing didn't know why they were provoked and slandered by others again and again! The friends and family they spent all day with died miserably in the hands of others just like that! They didn't hurt anyone. Why did someone not let them go?

Some people were fighting, and some died in the battle. The shadow of anger and death kept spreading in the sky of Juxing. All the students who knew how to make potions moved. Gong Tianqing was extremely busy. More and more injured people were sent here. She was a bit overwhelmed despite the double effects of potions and magic!

!!

"Why are the people of Huafeng biting us like rabid dogs?" The injured person shouted angrily with tears in his eyes. "Why do we have to do this? Why?"

Everyone at the scene was silent. Nobody knew why. Gong Tianqing pursed her lips and distributed the potions in her hand busily. Her strength in making potions had increased. She could finally help a bit, but the potions weren't enough, because there were too many injured people.

"Tianqing, do you have any more potions?" You Yue walked over and asked with sweat all over his forehead. Gong Tianqing shook her head. "No, I'll go back and take a look. There should be something new."

You Yue nodded. The two of them looked around at the injured people around and couldn't help but sigh in their minds. "Someone come quickly! Senior Brother Tian Kui is injured!" This shout shocked everyone. Gong Tianqing and You Yue immediately ran over. Tian Kui was also injured!

"Pfft—" Tian Kui suddenly spat out a mouthful of blood and his aura was much weaker. Gong Tianqing and You Yue couldn't help but feel a pain in their hearts when they saw Tian Kui's appearance. Tian Kui was injured and the combat power of Juxing was much lower. "I'll go back and let the potion elder take a look!" Gong Tianqing was about to run back after saying that when You Yue nodded. "Alright, go." He twisted his wrist and a longsword appeared in his hand. You Yue held the longsword tightly and strode out.

"What are you doing?" Gong Tianqing quickly grabbed You Yue and pulled him back, but You Yue shook off Gong Tianqing's hand gently. "Tianqing, look at the injured people here. No matter how strong they are, they're all fighting hard for Juxing! And me? I'm a warrior. I don't know anything about potions, but I'm hiding here. I can't do this anymore."

“No!” Gong Tianqing grabbed You Yue’s sleeve tightly. “The five elders personally asked you to stay here. You should understand their intention!”

“Do you think I can hide behind forever just because of my relationship with Yun Feng? How can I, You Yue, be a coward?”

“But...” Gong Tianqing was speechless for a moment, but she still held her hand tightly. “If anything happens to you, what do you want Yun Feng to do? You’re her second brother, her family!”

You Yue’s black eyes glittered. At this moment, the same determination and persistence as that of the members of the Yun family flashed through his face that was exactly the same as Yun Qi’s! “Just because I’m Yun Feng’s second brother, just because I’m her family, at this moment, I shouldn’t be here!”

A scorching light shot out of You Yue’s eyes that were as black as a deep pool. Gong Tianqing suddenly felt that nothing she said could stop him from moving forward. She slowly let go of You Yue’s sleeve. You Yue chuckled and put his hand on Gong Tianqing’s head. “I believe that if Feng is here, she’ll support my decision.”

Gong Tianqing lowered her head slightly and grunted softly. However, she thought of something and suddenly raised her head. “Wait! I’ll get a few bottles of potions for you!”

“There’s no need!” You Yue stopped Gong Tianqing and smiled lightly. “I don’t need these. Leave the potions for the others. They need them more than I do.”

“But...” Gong Tianqing looked at You Yue worriedly, but what if you were injured...?

“Don’t worry about me. If I’m injured and sent back here, you’ll certainly take care of me, right?”

Gong Tianqing nodded fiercely. You Yue smiled warmly and looked up at the dusty sky with his black eyes. When he lowered his eyes again, there was a hint of gentleness in them. “Tianqing.”

Gong Tianqing was stunned. Her heart raced for no reason. “Hm?”

“Tianqing, have I said this to you?” You Yue’s smile was so warm that Gong Tianqing seemed to have forgotten everything that happened in Juxing. There was only this gentle man in front of her.

“What is it?”

You Yue smiled in a deep voice and lowered his handsome face to Gong Tianqing’s ear, breathing in the fighting and smoke. Everything around suddenly stopped. Gong Tianqing only heard her pounding heart and her slightly rapid breathing. In the end, they all turned into three words and disappeared in her ears.

I love you.

Yun Feng dragged Lan Yan and Jian Ping all the way. The two of them became quieter and quieter in the end. Lan Yan, who couldn’t stop crying, also fell silent, as if she was listless. Yun Feng moved quickly along the way. The two people who were dragged could be said to be in excruciating pain. Yun Feng didn’t care about their feelings at all. There were always bumps along the way. The two of them were tortured until their faces were swollen and they looked extremely miserable. Yun Feng’s speed could be said to be getting faster and faster, especially after arriving at the floating island where Juxing was

located. Because she was so anxious that she couldn't wait to reach Juxing immediately, she forgot to send a telepathic message. Yun Feng didn't notice that the four contracted Magic Beasts didn't send a telepathic message to her to tell her about the situation on Juxing.

The closer they got to Juxing, the more gloomy Yun Feng's face became. The two people who rushed down also felt uneasy in their minds. If something really happened to Juxing, they wouldn't be able to keep their lives! After stepping into the sky above Juxing, the smell of blood assailed their nostrils. Yun Feng's heart sank and her body rushed forward crazily. She didn't hear the sound of fighting. Yun Feng also understood that it seemed that this battle had already ended.

The battle between Huafeng and Juxing immediately stopped after the arrival of Yun Feng's four contracted Magic Beasts and Zhan Li. The three elders of Huafeng were immediately dumbfounded when they saw the appearance of Yun Feng's contracted Magic Beasts, especially Feng Lin. He even broke out in cold sweat constantly! Feng Yun's contracted Magic Beasts were here, which meant that Feng Yun had never left this place! Even though they didn't know where Feng Yun was right now, she would come sooner or later with her contracted Magic Beasts here!

Chapter 1332 After Tonight, There Will Be No Huafeng (1)

The expressions of the three elders of Huafeng immediately changed drastically. The reason why they dared to come to Juxing so arrogantly was because Feng Yun wouldn't appear. They only dared to come to Juxing after waiting patiently for a while and determined that Feng Yun wouldn't know about this. They didn't expect that they would completely miscalculate!

The three elders of Huafeng were all regretful and didn't have the intention to fight anymore. Feng Lin suddenly remembered Feng Yun's threat last time and was immediately drenched in cold sweat! Did she take a detour and attack Huafeng first? If that was the case, they would suffer a heavy loss this time!

The three elders of Huafeng all wanted to retreat. What the fatty said gave them a way out. When they fought with Juxing, there were also casualties on Huafeng's side. Besides, it was a fact that Feng Yun killed Huafeng's disciple. Even if Zhan Li and the four contracted Magic Beasts were witnesses, and those people only had themselves to blame at that time, the three elders of Huafeng didn't let go. The elders of Juxing also wanted to stop fighting. Juxing had suffered heavy casualties. If they continued fighting, the situation would only be worse. However, the grudge between Juxing and Huafeng would be resolved sooner or later.

Because Feng Lin was worried that Huafeng would be completely destroyed by Feng Yun, Huafeng's group quickly found an excuse to go back. Yun Feng came back just after Huafeng and the others left. The battle had already ended. The sky of Juxing was filled with thick blood and anger.

!!

Yun Feng felt the strange atmosphere in Juxing and the faint anger in her heart grew. Her body flashed and she quickly entered the interior of Juxing. She saw the five elders of Juxing from afar and her contracted Magic Beasts were also here. Yun Feng's body quickly descended and she casually threw the two restrained people in her hand on the ground, making a dull sound.

The four contracted Magic Beasts all looked up at Yun Feng with an abnormal expression. Yun Feng frowned suspiciously. Lan Yi looked at Yun Feng and wanted to say something, but Little Fire suddenly coughed on the side. Yaoyao also pulled Lan Yi's arm, asking him to stop talking.

"What's going on?" Yun Feng walked over and saw that her four contracted Magic Beasts were so abnormal and seemed a bit wrong. Meatball, who was sitting on Little Fire's head, also remained silent. It looked at Yun Feng with its big eyes with a hint of comfort in them.

"What exactly happened?" Yun Feng asked fiercely. The feeling of losing someone important suddenly attacked her heart, which made her a bit angry and anxious. Such a harsh and anxious tone made the four contracted Magic Beasts even more silent.

"Feng Yun, you're back." The five elders of Juxing walked over. Yun Feng raised her black eyes and glanced around at the Fifth Elder. "Master, you're hiding something from me."

The Fifth Elder raised the corners of his mouth. "Kid, we... let you down."

Let you down? Yun Feng frowned hard. "The casualties on Juxing are so heavy. I have some Life Potions here. They should be able to help!"

The hearts of the five elders of Juxing all ached. This girl was so considerate for Juxing, but they... They let her down. The Great Elder of Juxing sighed. "There's something... We..."

"Yun Feng!" A sobbing shout appeared. Yun Feng was stunned. She turned around and saw Gong Tianqing running out, but her eyes were bloodshot and she was crying at this moment. "Tianqing, you..." Before Yun Feng could ask the question, Gong Tianqing suddenly ran over and threw herself into Yun Feng's arms. She held Yun Feng's body tightly and burst into tears.

Hot tears mixed together and Gong Tianqing's body twitched as she cried. Yun Feng's heart also rose and fell. "Tianqing, what exactly happened..." Yun Feng wanted to ask clearly, but Gong Tianqing cried endlessly. Her cries made everyone's faces darken. Yun Feng suddenly exerted strength in her hands and pulled Gong Tianqing out of her arms. Gong Tianqing's eyes were red and swollen from crying. Yun Feng asked, "Tianqing, what exactly happened?"

Gong Tianqing looked up as two streams of tears flowed down her face. "Yun Feng, Yun Feng... You Yue, You Yue..."

Yun Feng's heart was pulled fiercely. "What's wrong with my brother?"

Gong Tianqing's eyes were blurred with tears and her voice was hoarse. She said with trembling lips, "You Yue... He's dead, he's dead..." Gong Tianqing closed her eyes, as if she didn't want to remember that heart-wrenching scene. Her tears dripped on the back of Yun Feng's hand again. The temperature almost penetrated her hand and reached her blood!

Yun Feng's heart ached fiercely! He was dead? You Yue was dead? Impossible, impossible!

"Where is he?" Yun Feng looked at Gong Tianqing. Gong Tianqing was crying and couldn't say anything. Yun Feng suddenly shouted, "Where is he?"

"Feng Yun, You Yue... was put in the Pharmaceutical Institute," said the Great Elder of Juxing softly. Yun Feng's body flashed and she immediately ran towards the Pharmaceutical Institute. Gong Tianqing cried

and chased after her. The four contracted Magic Beasts and Meatball followed closely behind. They felt the pain and sorrow in Yun Feng's heart.

The five elders of Juxing looked at Yun Feng's back and heaved a long sigh. They had never thought that You Yue would be on the front line too. They didn't know who killed him in the chaotic battle... In the end... "We let that girl down." The Fifth Elder of Juxing heaved a long sigh. "That girl did so much for Juxing, but we didn't even protect the person she handed over back then."

The Great Elder of the Yun family sighed leisurely. "Maybe this is the fate."

Yun Feng ran all the way to the Pharmaceutical Institute and saw a lot of students along the way. These students all had sympathy in their eyes when they saw her. Everyone in Juxing knew about the relationship between You Yue and Yun Feng. Everyone knew that Yun Feng cared about You Yue. The news of You Yue's death right now was a huge blow to Yun Feng.

Yun Feng's heart was very painful. Dead. Her brother was dead. How was this possible... How was this possible? Yun Feng bit her lips hard and suddenly rushed into the Pharmaceutical Institute. There was a group of people gathered in the square in front of the Pharmaceutical Institute. The elders were also here. The moment Yun Feng appeared, the students around automatically dispersed. When Yun Feng saw the person lying on the ground, her pupils shrank fiercely!

"Second... Brother..." Yun Feng called softly, feeling a bit dizzy. Seeing Yun Feng's expression, the elder wanted to say something, but in the end, he only sighed and waved his hand. Everyone in the Pharmaceutical Institute walked out. Only Gong Tianqing stood next to Yun Feng with the four contracted Magic Beasts standing far away.

Chapter 1333 After Tonight, There Will Be No Huafeng (2)

The potion elder glanced and could only shake his head helplessly in the end. Yun Feng stood there on the square and slowly squatted down, looking at the person on the ground who was sleeping peacefully with his eyes closed. He seemed to be sleeping very peacefully without a trace of pain. His handsome face was still the same as Yun Qi's.

Yun Feng flipped her hand and water elements surged out quickly. Yun Feng gritted her teeth and pressed her hand against the hole in You Yue's chest. Seeing Yun Feng's move, Gong Tianqing shed tears again. "Yun Feng... Yun Feng, don't be like this..."

Yun Feng didn't say anything. The water element entered You Yue's body endlessly, but she didn't find any signs of life. Yun Feng didn't believe it. She continued to infuse the water element with all her might. The wound on You Yue's chest slowly healed, but his eyes were still closed and he never opened them again.

"He said that he's your brother. He's your family. He should do this..." Gong Tianqing sobbed. "He said that if it were you, you would support his decision..."

Hearing what Gong Tianqing said, Yun Feng only felt that her heart was in pain. Her family had died in front of her eyes again, but there was nothing she could do! Why? Why did this happen? A person was forcibly extracted from her heart! She wouldn't allow it! Even though You Yue was dead, he still had his soul and he could come back to life!

“Brother won’t die. I won’t let him die!” After saying this, Yun Feng retracted her hand. Gong Tianqing looked at her with tears all over her face. “But... Is that possible...”

“That’s possible! I won’t let him die. Absolutely not!” The dragon-shaped jade pendant appeared in her hand. Yun Feng clenched her fists and closed her eyes. “Senior Yao Guang! Senior Yao Guang!” Yun Feng’s call echoed in the Dragon Palace, but there was no response. “Senior Yao Guang! I need your help this time, Senior Yao Guang!”

“Why are you so noisy...” Yao Guang’s hoarse voice sounded leisurely. Yun Feng was delighted. The moment she opened her black eyes, Yao Guang had already flown out of the Dragon Palace. He was wearing a black robe and had a young face and a pair of gray eyes that were full of vicissitudes of life.

“He... He’s...” Gong Tianqing was stunned to see Yao Guang suddenly appear. Yao Guang glanced at You Yue on the ground and narrowed his eyes. This was... “Senior Yao Guang, please tell me how to resurrect him!” Yun Feng said. Yao Guang was silent for a while. “Is the person you want to resurrect the one on the ground?”

Yun Feng nodded. “No matter how difficult it is, Senior Yao Guang, please tell me. I...”

“Don’t think about it.” What Yao Guang said casually stunned Yun Feng. “Senior Yao Guang, you mean...”

Yao Guang rolled his gray eyes and glanced at You Yue, who was lying on the ground. “You can’t resurrect the one on the ground. Even I don’t have this ability. Of course, it’s even more impossible for a dark mage. The most basic principle of resurrection is the integrity of the soul. The one on the ground... His soul is incomplete to begin with. It’s impossible to resurrect him.”

“How can this be...” Gong Tianqing sat on the ground as tears flowed again. “How can this be... How can this be...”

“That’s impossible!” Yun Feng looked at Yao Guang. “That’s impossible! You asked me before if I wanted to resurrect Mu Canghai or my family. Back then, you asked me to choose. Didn’t you want me to choose between Mu Canghai and Yun Qi back then? You Yue has my brother’s remnant soul in his body. If my brother can be resurrected, why can’t You Yue?”

Yao Guang narrowed his eyes slightly and snorted coldly in the end. “Because your brother’s remnant soul has already been consolidated by a God-Level powerhouse. It can be said that it hasn’t dissipated. If we find the remaining parts, it can certainly be considered intact, and the one on the ground...”

“A God Level expert... So, I can solidify his soul. I can...”

“It’s too late.” Yao Guang said indifferently, interrupting Yun Feng. “The consolidation of the soul has to be done in a short period of time after death. It’s too late to do so now.”

Yun Feng was stunned. Too late... Was she still a step too late... Too late...

“Kid, you can take back part of your brother’s soul now.” Yao Guang glanced at Yun Feng. Yun Feng’s black eyes darkened. Yao Guang burst into laughter. “Why? You don’t want to? If you don’t do anything, that part of your brother’s soul will also dissipate. It’ll be impossible for you to resurrect your family.”

What? Yun Feng was stunned. Yao Guang added slowly, “If that’s the case, this kid’s soul can be considered destroyed. He won’t exist in the world anymore.”

“Ugh!” Gong Tianqing suddenly covered her mouth, feeling heartbroken. How could this be... How could this be... Yun Feng was silent. She looked at You Yue, whose eyes were closed on the ground, with her black eyes. Yao Guang’s body floated in the air. “Kid, after all, he only resembles your family because of this part of his soul in his body. Why are you conflicted?”

“You don’t understand!” Yun Feng suddenly clenched her fists. “You don’t understand...”

Yao Guang floated in the air and glanced at Yun Feng, before he looked at Gong Tianqing. “Hey, you’re the only one who has the ability to split her soul. Aren’t you going to do anything? If you don’t do anything, the part of her family’s soul will probably dissipate completely.”

Gong Tianqing was stunned. Yun Feng still didn’t say anything at this moment and didn’t make any decision. Gong Tianqing turned around and looked at You Yue, who was lying on the ground. She glanced at his handsome face, which was sleeping peacefully, and slowly touched his already cold face with her hand. “You Yue, did I say anything to you?”

The person lying on the ground didn’t answer. Gong Tianqing raised the corners of her mouth gently and salty tears slid into her mouth, looking extremely bitter. “You Yue, I love you too. So, I know what to do.” After saying that, Gong Tianqing flipped her hand and a Dead Fire appeared!

“Tianqing!” Yun Feng’s heart immediately tightened when she saw Gong Tianqing’s movement. Gong Tianqing smiled. “Yun Feng, I know this choice is very difficult for you and you can’t make it at all, so let me do it. I believe You Yue will make the same choice as me.”

“No...”

“He will!” A glint of determination flashed through Gong Tianqing’s eyes as she looked at Yun Feng. “He definitely will, because he said that he won’t regret this life no matter what he experiences in the future, because he has you, his sister, who can protect him with her life! So, he’ll treat you the same. He’s willing to do anything for you.”

Chapter 1334 After Tonight, There Will Be No Huafeng (3)

Tears welled up in Yun Feng’s eyes. Her heart was in a lot of pain, like a knife that slashed her heart again and again! Gong Tianqing looked at You Yue, who had his eyes closed peacefully, deeply. The Dead Fire in her hand immediately entered You Yue’s body. Tears flowed crazily in Gong Tianqing’s eyes. You Yue, I know how you feel, so I’ll do it for you. I definitely will.

You Yue’s soul was pulled out of her body by Gong Tianqing’s Dead Fire. A part of his soul was obviously of a different color. Yun Feng knew that it was the remnant soul of her brother, Yun Qi. Yao Guang’s eyes glittered. “Do it!”

Gong Tianqing bit her lips hard. Her lips were instantly bitten open and the taste of blood rushed into her mouth. Gong Tianqing gritted her teeth and used the Dead Fire to start separating the soul. Yun Feng saw everything in front of her eyes with her black eyes and couldn’t tell what she was feeling in her mind anymore.

The obviously different part of You Yue’s soul had already been carefully separated by the Dead Fire. Yao Guang suddenly swung his black robe and a stream of air enveloped the soul. Slowly, the soul turned into a small crystal, glittering with faint light. Yao Guang swung his black robe again and flicked

the small crystal towards Yun Feng. The moment Yun Feng reached out to catch it, she felt an unbelievable warmth from the crystal.

“Kid, you must keep this thing well. If you lose it, you’ll regret it.” Yao Guang’s hoarse voice came, and then he slowly disappeared. Yun Feng stood there and held the small piece of ice tightly. She looked up at the remaining soul with her black eyes. The remaining soul was slowly dissipating, as if it was going with the wind.

Gong Tianqing smiled with tears in her eyes. The Dead Fire in her hand warmed the remaining soul with an almost gentle temperature. Seeing that the remaining soul was getting fainter and fainter, Yun Feng suddenly waved her hand and her mental strength quickly wrapped around the soul that was about to disappear completely, but it all missed.

“Yun Feng, just let him go...” Gong Tianqing whispered softly. Yun Feng’s black eyes glittered and she lowered her head. “Alright.”

The soul dissipated in the air and disappeared without a trace. Gong Tianqing slowly sat down and looked at You Yue, who was lying on the ground, without saying anything else. Yun Feng looked up at the sky above her head and her memories suddenly returned to the time when she first met him. In the arena where they lived and died together, he had the same face as her brother, Yun Qi, which made her jump down impulsively. Perhaps from that moment, she had treated him as her real family.

There were very few stars at night. After this cruel battle, Juxing was finally peaceful and quiet. On a towering tree not far away from the Juxing School, a figure was sitting on a tree trunk. The cold wind at night slowly blew through her shoulder-length black hair. The side of her face looked hazy and beautiful under the moonlight. Her black eyes were as endless as this deep night.

Yun Feng sat there silently. Nobody disturbed her. It was silent around. She slowly opened her hand and looked at the fragment of Yun Qi’s remnant soul. Yun Feng only felt heartache. This vast and unfamiliar world had changed because of her arrival, and so had You Yue... Did she meet him to take his life... Thinking of this, Yun Feng’s heart ached again. She twisted her wrist and a black jade pendant appeared in her hand. A beam of warmth flowed out of the jade pendant. It was the light element left by Qu Lanyi.

Yun Feng didn’t cry when she saw You Yue die. She didn’t cry when she saw You Yue’s soul dissipate. However, in the silent night at this moment, Yun Feng’s eyes were wet. She didn’t make any sound. She only held the fragment and the jade pendant in her hand. After a long time, a tear fell from her face and entered her palm.

The tear was cold and extremely hot.

The pain in her black eyes slowly dissipated in the cold wind, replaced by raging anger that couldn’t be extinguished! Yun Feng slowly stood up. There was a hint of evilness on her face in the night. Yun Feng sneered. If anyone touched a member of the Yun family, she would fight back fiercely until she died! Feng Lin, I should fulfill what I said last time!

“You guys stay here. Meatball, stay too. I’ll go alone.” Yun Feng said indifferently. The four contracted Magic Beasts hiding on the side all nodded. Meatball sat on Little Fire’s head obediently. At this moment, they all knew the emotions in Yun Feng’s heart.

In the dark, a black shadow set off from Juxing and ran in the direction of Huafeng. This time, Huafeng didn't only welcome anger, but also destruction.

"How can Feng Yun appear?" The Great Elder of Huafeng roared furiously. The three elders of Huafeng had already returned to Huafeng. When they found that Huafeng was only missing two people and wasn't seriously injured, they couldn't help but heave a sigh of relief. After they heaved a sigh of relief, they were enraged. Feng Lin was the one who determined everything. Naturally, their anger was directed at him.

"I couldn't imagine it at all! Logically speaking, Feng Yun wouldn't have appeared at all! Didn't we wait so long to verify this? However... no matter how careful we are, there's still an accident." Feng Lin didn't look good either. How would he know why Feng Yun appeared? He wasn't a worm that could read Feng Yun's mind. If the two of them didn't advocate going to Juxing, he wouldn't have made such a guess at all. Great, everything was pushed to him now.

"That's enough. Third Brother's prediction was actually right, but it's really hard to predict where Feng Yun was. We're lucky that Huafeng is fine. Juxing suffered heavy casualties this time. We didn't suffer a loss."

"Humph! There were heavy casualties on Juxing. Do you think few people in Huafeng died?" said the Great Elder angrily. Everyone in Huafeng was excited, and they were forced into a corner. Of course, they couldn't rule out the frustration in their minds. Otherwise, they wouldn't have rushed to Juxing just like that.

"In comparison, Huafeng is much better. The Juxing Group has suffered a huge blow this time. We've finally taken revenge in our minds," said the Second Elder of Huafeng. The Great Elder of Huafeng chuckled. "You're right. It's not bad to vent our anger."

Feng Lin stood aside and didn't say anything. He had a feeling that things wouldn't end just like that. "Won't Feng Yun come for revenge?" Feng Lin finally asked after worrying for a long time. In the end, the other two elders all mocked him. "Revenge? She was in the wrong to begin with. Juxing suffered such heavy casualties and she still wants to take revenge. Unless she has the ability to slap everyone in Huafeng to death here in one go! Otherwise, the one who'll be slapped to death will be Juxing!"

Chapter 1335 After Tonight, There Will Be No Huafeng (4)

As soon as he said that, a loud explosion came abruptly! The three elders of Huafeng were all shocked. Feng Lin's heart trembled. Could it be... Feng Yun? The three elders of Huafeng immediately moved out. As soon as they jumped into the air, they were almost enraged! The entire front yard of Huafeng was destroyed! The main gate of Huafeng and some disciples who were weak were all in the front yard! And now, the front yard had been completely blown up! Only an extremely deep black hole was left!

The three elders of Huafeng were dumbfounded. All the students of Huafeng ran crazily. Countless people died in that attack just then!

"Elders, it's Feng Yun!" Some core disciples recognized Yun Feng at a glance and shouted loudly. The expressions of the three elders changed drastically. She was really here! "Quick! Move the remaining disciples to the back of the inner hall!" After instructing them, the three elders looked into the distance

with a gloomy look. After a while, a slender figure flew over with a cold expression and a bloodthirsty smile!

“It’s useless to move them. They all have to die,” said Yun Feng coldly. The Second Elder of Huafeng suddenly shouted, “Who do you think you are? How arrogant! Let us fight you, an ignorant junior!”

Yun Feng curled her lips coldly. The expressions of the three elders of Huafeng tightened. Even though the person in front of them was such a young junior, they knew in their minds that Yun Feng was a genius. They would definitely not hold back, or they would be the ones who lost! The first move of the three elders of Huafeng was to attack together! The three of them had the same thought in their minds. With the strength of the three Emperor Level experts gathered together, Yun Feng wouldn’t be able to resist at all, unless she was a God-Level powerhouse!

It was impossible for her to be a God Level expert. No matter how talented she was, she couldn’t possibly reach the God Level in just a few years! Thinking back, Yun Feng was only at the King Level when she participated in the championship of the three academies!

“Boom!”

The joint attack was instantly destroyed. The confident expressions of the three elders of Huafeng were completely frozen on their faces! How was that possible? That was the joint attack of the aura of the three Emperors, but she shattered it easily!

“Watch out!” Feng Lin shouted. Great Elder Huafeng’s body dodged to the side keenly, but the Second Elder of Huafeng was a step slower. A powerful mental strength broke through the remaining power and rushed forward. Its speed and power shocked the three elders!

“Argh!” The Second Elder of Huafeng was hit fiercely. His body shook and he raised his head, spitting out a mouthful of blood. Then, a few more streams of mental strength smashed over in an instant, smashing into the Second Elder of Huafeng’s body fiercely like a hammer, one after another! His flesh shattered! His bones shattered! His body shattered!

The Second Elder of Huafeng was instantly dead. His body fell from the sky like a rag and fell on the ground fiercely! Feng Lin and the Great Elder of Huafeng were dumbfounded and their hearts raced! She had reached the level of a God! A God!

A beam of moonlight shone on her body and the corners of Yun Feng’s mouth curled up slightly. “After tonight, there will be no more Huafeng in the world.”

The Great Elder of Huafeng’s face darkened. Feng Lin’s heart immediately tightened when he saw Yun Feng’s bloodthirsty expression on the side. What Yun Feng said last time was still in his mind. She would fulfill it today! “Retreat to the inner hall quickly, Feng Lin!” The Great Elder of Huafeng shouted as his body suddenly turned around and ran inside at an extremely high speed! Feng Lin swallowed and didn’t dare to delay any longer. Feng Yun’s strength had probably reached the level of a God right now. They couldn’t resist at all!

The two elders ran crazily. All the surviving disciples of Huafeng ran desperately to the innermost area of Huafeng School. Yun Feng raised her brows and looked in the direction where the crowd was running

crazily with a cold smile. The pressure of a God suddenly descended from the sky and a dozen disciples of Huafeng instantly fell on the ground. Their bodies were almost crushed into meat patties!

This night, Huafeng was filled with cries and wails everywhere! Yun Feng's arrival didn't only make Huafeng feel fear of powerhouses, but also experience the moment of life and death!

"Come in quickly, all of you!" The Great Elder of Huafeng and Feng Lin rushed to the inner hall as quickly as possible. There were already more than twenty disciples in the inner hall, and the others were rushing over one after another. Great Elder Huafeng and Feng Lin looked around and clearly felt that Yun Feng's aura was getting closer and closer! They didn't have time to wait for the others anymore!

"Close the door!" The Great Elder of Huafeng suddenly shouted. Feng Lin's eyes darkened and he was about to close the door. The disciples of Huafeng, who had already hidden inside, all shouted after hearing that. "Great Elder, Third Elder, there are still so many disciples outside. How can you close the door now?"

Great Elder Huafeng said in a deep voice, "We don't have time! Feng Lin, close the door!"

Feng Lin exerted strength with his hands and the door of the inner hall suddenly closed, making a deep sound. While the disciples of Huafeng were puzzled, the Great Elder of Huafeng and Feng Lin released fierce fighting energy and a Teleportation Array suddenly appeared under everyone's feet!

"This is..." The disciples of Huafeng were all shocked. The Great Elder of Huafeng and Feng Lin looked at each other with a deep gaze. The two of them nodded at the same time. The Teleportation Array emitted dazzling light and enveloped everyone in the Teleportation Array. Instantly, everyone disappeared!

Yun Feng chased them all the way. There was no one left along the way! Under the pressure of the God, these disciples of Huafeng couldn't resist at all. They didn't even have the ability to resist! They all fell in a pool of blood! 80 to 90% of the disciples of Huafeng School died this night. There were corpses all over the ground and their eyes were full of blood! However, this wasn't enough to offset the hatred and anger in Yun Feng's mind!

A dozen or so disciples finally ran to the inner hall, but they didn't find anyone when they pushed the door open and entered. Their expressions couldn't help but change drastically. "The Great Elder and the Third Elder abandoned us..." A core disciple mumbled. He was very hurt in his mind. How could the two elders abandon them? They didn't care about their lives!

"Senior Brother, it's impossible! The Great Elder and the Third Elder won't abandon us!" The other disciples didn't believe it. After entering the room, they found that there was no one. Their hearts couldn't help but turn cold. Yun Feng had already come to the entrance of the inner hall at this moment. Looking at the empty room and this group of injured young disciples, her lips curled up coldly. "You're abandoned and you still haven't given up?"

The remaining dozen people immediately gathered together nervously and looked at Yun Feng furiously. "Feng Yun, you killed so many disciples of Huafeng. The two elders won't let you go! The entire island won't let you go either!"

Chapter 1336 Destruction (1)

Yun Feng sneered. "When Huafeng wreaked havoc on Juxing, did you ever think of letting it go? You'll certainly have to pay double for those young people who died on Juxing!"

The dozen people immediately looked awful. "Feng Yun, isn't it enough that you killed so many people? Why do you have to kill them all? You were the one who killed Huafeng's disciple first. You..."

"I don't need to say anything else about what happened. Today, everyone in Huafeng will be buried with them!" Yun Feng's black eyes darkened as she waved her hand abruptly. A ball of raging fire suddenly spouted out of her hand and flew towards these dozen people with a terrifying high temperature!

"Roar..." The fire turned into an extremely huge wolf head. The giant wolf opened its mouth and the red color wanted to swallow everything in front of it!

These dozen people were instantly swallowed by the fire, leaving nothing behind! The entire empty room in the inner hall also disappeared in the fire and turned into ashes! Yun Feng looked at the burnt ground in front of her and sized it up carefully with her black eyes. Feng Lin and the others had indeed escaped this way. These people must have a purpose for entering this room. Feng Lin and the others must have abandoned the others and were hiding somewhere with the surviving disciples of Huafeng. Where exactly were they hiding?

She searched the bare ground carefully with her black eyes. Yun Feng's aura also spread fiercely in an instant, covering every inch of the campus! They would be discovered instantly if there was the slightest movement!

Under the burnt ground caused by Yun Feng, there was a rather empty space hidden. This space was underground. One side was completely transparent and could see everything outside. The dozen or so people who were lucky enough to escape just then died miserably under Yun Feng's fire. The survivors saw it with their own eyes. The remaining disciples of Huafeng all looked sad. Watching their fellow disciples die in front of their eyes didn't feel good.

"Great Elder, Third Elder, why don't we kill our way out? Feng Yun killed so many of us. We must take revenge!"

The disciples of Huafeng were all excited and couldn't wait to kill Yun Feng here. However, the Great Elder of Huafeng and Feng Lin looked gloomy. Kill their way out? These seedlings that had been saved with great difficulty would be instantly hanged by the aura of the God outside! Besides, even if Feng Lin and the Great Elder of Huafeng joined forces, they wouldn't have any chance of winning! How could they go out? How would they dare to?

"Great Elder, Third Elder! It's just Feng Yun. Can't you two kill her with your strength?"

The corners of the mouths of the two elders twitched. These young people certainly didn't know how terrifying Yun Feng's strength had reached, but Feng Lin and the Great Elder of Huafeng couldn't be clearer! The Second Elder of Huafeng died in a few attacks. Such power...

"Shut up!" Feng Lin suddenly roared. The twenty young people immediately stopped talking. Feng Lin said coldly with a gloomy face, "Feng Yun? Feng Yun is already a God-Level powerhouse! Get out? Get out and get yourself killed!"

All the young people fell silent. Feng Yun, a God-Level powerhouse!

“Feng Yun was only at the King Level last time... God, she’s already a God-Level powerhouse!”

All the young people’s faces immediately darkened. Feng Yun was at the God Level. No wonder the two elders didn’t come out. Even if they went out, they would only get themselves killed!

“It wasn’t easy for us to keep you alive. Even if we wanted to protect the other disciples, we couldn’t.” The Great Elder of Huafeng sighed leisurely. “Great Elder, are we safe here? Feng Yun has never left. She really wants to kill everyone in Huafeng!”

Everyone looked at the transparent wall in front of them. They could see Yun Feng’s gloomy face and the anger surging deep in her black eyes clearly! Feng Lin was also a bit worried. Feng Yun’s godly aura had already spread out. She indeed wanted to kill everyone here. She hadn’t found them yet. If this stalemate continued, she might be able to find them!

“Don’t worry. This is the refuge for Huafeng in danger. Even God Level experts won’t notice it! We just have to wait in peace.” Great Elder Huafeng couldn’t help but heave a sigh of relief in his mind when he said this. He didn’t expect this Teleportation Array to be effective right now. Luckily, it could resist the aura of a God Level expert. Otherwise... it was impossible for anyone in Huafeng to survive!

After fifteen days of stalemate, Yun Feng’s aura had already searched all the corners of the Huafeng School. All the disciples of the Huafeng School outside had died, except for Feng Lin and the others, who had escaped in some way. Even though Yun Feng didn’t know where they were hiding, she knew clearly that they were still in the Huafeng School! Looking at Yun Qi’s soul fragment in her hand, You Yue’s death was a permanent trauma in Yun Feng’s heart. Huafeng was the one who set Juxing up twice! This time, Yun Feng wouldn’t let anyone here go!

“Great Elder, it’s already been fifteen days. Why hasn’t Feng Yun given up?” The young people, who had been trapped here for fifteen days, couldn’t stand it anymore. If Yun Feng didn’t leave, they couldn’t get out. Were they going to be trapped here forever?

Feng Lin and the Great Elder of Huafeng also frowned. The longer they waited, the more disadvantageous it would be. Yun Feng might discover where they were the next second. By then, it would be bad. However, there was no other way for them to go at this moment except to stay here. Unless... some people could distract Yun Feng’s attention first, then the remaining people would have a chance to escape.

Once this thought appeared, Feng Lin and the Great Elder of Huafeng looked at each other. This method was fine, but the person who distracted Yun Feng’s attention would definitely not live. Who should go? They or some of these young people?

Feng Lin and the Great Elder of Huafeng glanced at the remaining twenty or so people. Not all of them were core disciples. Seven or eight of them were people whose strength wasn’t outstanding. Feng Lin and Great Elder Huafeng’s faces darkened. The two of them certainly couldn’t die, and the core disciples certainly couldn’t die either. They were all important seedlings of Huafeng.

The Great Elder of Huafeng stood up and said, “Everyone knows the current situation. Feng Yun wants to fight a long battle, but we can’t afford it! If we’re discovered here, none of us will have a chance of survival!”

Chapter 1337 Destruction (2)

“Great Elder, what should we do?”

Great Elder Huafeng’s eyes glittered. “There’s a way, but you must understand that some people have to make sacrifices. You’re all disciples of Huafeng, but the current situation is special. The Third Elder and I certainly have to keep the most outstanding people here.”

The faces of the seven or eight ordinary disciples immediately turned pale. Great Elder Huafeng continued, “We only have two choices right now. One is to wait for death here, and the other is to let some people distract Yun Feng’s attention and let the others escape.”

“That’s simple. Let them go out first!” Someone among the core disciples immediately shouted, pointing at the disciples with average strength. “What’s the meaning of this? In terms of strength, isn’t it better for you to go out?”

“We’re all core disciples! How can you compare to us?” The core disciples looked down on these ordinary disciples. They were lucky to be alive. If they ran away, they wouldn’t be able to escape at all. It was better to create an opportunity for the others.

“They’re right. Your strength is average. If you run, you won’t be able to escape.” Feng Lin glanced at these people. Those seven or eight people all turned pale and felt a pain in their hearts. Was this how the Huafeng School treated them? They were pushed out to be distractions in a life-and-death situation?

“Great Elder, Third Elder, you...” The seven or eight disciples all knew their fate. The emotions in their minds were surging up and down. They really didn’t expect Huafeng to treat them like this! Thinking that Feng Yun came here for Juxing, a hint of sorrow couldn’t help but flash through their hearts.

“Humph! You’ll die a worthy death. There’s nothing to feel wrong about.” Another core disciple said. Feng Lin immediately interrupted, “Alright, if you can escape successfully this time, you’ll be the heroes.”

The few people who were pushed out to die all sneered. Heroes? Heroes should die?

“You guys go out first. You must lure Yun Feng away from here, okay?” The Great Elder of Huafeng looked at the few people in front of him solemnly. The seven or eight young people in front of him all nodded. Their hearts were already dead at this moment. The Great Elder of Huafeng couldn’t help but sigh softly. “I had no choice. You...”

“Great Elder, you don’t have to say anything.” One of the seven or eight people said with an extremely cold voice. “We admit that we’re unlucky.”

Feng Lin’s eyebrows shrank and he didn’t say anything else. The core disciples were certainly upset in their minds after hearing what they said, but they didn’t say anything because these few people would immediately die. The Great Elder of Huafeng looked gloomy as he waved his hand. “You guys, think about your family carefully.”

After hearing that, the seven or eight disciples who were going to die were immediately enraged. The Great Elder of Huafeng suddenly clasped his hands together and a beam of strong light rose. These few people were all dragged out. "Great Elder, will they change sides?"

Great Elder Huafeng sneered. "That depends on how sensitive they are."

"Judging from Yun Feng's fierceness, she won't let them go," said someone among the core disciples. "Perhaps the moment Yun Feng kills them will be the moment we escape?"

Feng Lin and the Great Elder of Huafeng's eyes brightened. Indeed, the moment Yun Feng attacked was their chance to escape! A beam of white light suddenly appeared from the ground and seven or eight young people appeared on the ground. They were all pale. The moment they appeared, Yun Feng's aura of a God had already sensed them and a figure quickly came.

"It's Feng Yun!" The few of them all turned pale and bit their lips. "We may die, but we can't implicate our families... We were blind to come to the Huafeng School back then! Let's go!" After this furious roar, the seven or eight young people immediately scattered and ran to different places. Yun Feng sensed the direction where they escaped and certainly heard what they said just then. A meaningful smile appeared on her red lips.

After waiting for a while in the space on the ground, they found that Yun Feng still didn't show up. Feng Lin and Great Elder Huafeng were both delighted in their minds. The core disciples were already fighting to get out. Great Elder Huafeng waited patiently for a while longer. "Great Elder, if we wait any longer, Feng Yun will be back!"

"That's right, brother. If we don't leave now, when will we?" Feng Lin also urged. Great Elder Huafeng finally nodded and clasped his hands abruptly. Another beam of strong light pulled everyone out of the space and onto the ground. "Let's go!" The Great Elder of Huafeng shouted and ran in the front. Feng Lin and the remaining dozen core disciples followed closely behind. The most important thing right now was to escape from here and return to the island! Yun Feng wouldn't dare to come to the island even if she had the courage!

"I've waited for so long. You're finally out." A clear voice sounded, but it came from hell in these people's ears! It was Feng Yun!

"Quick!" The Great Elder of Huafeng suddenly sped up and wanted to escape before Yun Feng caught up with him. However, he forgot that Yun Feng was a God-Level powerhouse. How could he escape from the space blockade of a God-Level powerhouse?

Yun Feng slowly walked out of the hidden space and looked at the people who were fleeing quickly in the sky coldly. She squeezed her hand fiercely and the entire space shook violently! "Ahhhhhh!" Screams sounded! Red color exploded in the sky, like a rain of blood! Blood and pieces of flesh fell, all landing on the ground with a terrifying sound!

Feng Lin watched everything in front of his eyes dumbfoundedly. The Great Elder of Huafeng was also dumbfounded. All the core disciples they saved were crushed by Yun Feng with one hand!

"Feng Yun, you..." The Great Elder of Huafeng was dumbfounded. The seedlings were all dead, so the Huafeng Academy was certainly gone! Even if the two of them were here, what did it mean? Without

the continuation of the younger generation, it wouldn't exist at all! Huafeng's foundation over the years, the fruits of Huafeng's hard work over the years, all turned into bubbles at that moment just then!

Feng Lin's heart was shaking fiercely. If they had known this would happen, they wouldn't have rashly gone to Juxing and provoked this God of Plague! If they had known this would happen, they wouldn't have hurt any of the disciples of Juxing! If they had known this would happen...

Feng Lin clenched his fists hard. It was gone. Just as she said, there would be no Huafeng in this world after tonight!

Chapter 1338 Destruction (3)

"You destroyed Huafeng's foundation. Do you think the families on the entire island will let you go? Feng Yun, you killed these disciples, and you aroused the anger of the entire island towards you! Can you protect Juxing for the rest of your life?" After being enraged, the Great Elder of Huafeng looked at Yun Feng with bloodshot eyes. Yun Feng smiled coldly as a few people walked out from behind her. They were the few people who were pushed out by Huafeng to die just then!

"You..." Feng Lin and the Great Elder of Huafeng were shocked to see these disciples. These few people were fine. They were fine! Feng Yun didn't attack them!

At this moment, these young people were all looking at the two people in the sky with anger and hatred. Yun Feng said coldly, "In a life-and-death situation, pushing someone out as a shield is what Huafeng does! Huafeng doesn't deserve to be on an equal footing with Juxing at all!"

Feng Lin and the Great Elder of Huafeng both held their breath. Yun Feng looked at the two of them in the sky with her black eyes. "If I infuriate this island, they may come at me. If you dare to touch Juxing again, I'll make sure there's no Yuelun Island in this world anymore!"

!!

Yun Feng wasn't a kind person. She wouldn't offend anyone who didn't offend her!

Feng Lin and the Great Elder of Huafeng's hearts trembled. Right, a God Level summoner had appeared in the world. Who would dare to touch Juxing again? What Feng Yun said wasn't false. With her identity as a God Level summoner, nobody in the Central Region was her match at all! A God Level summoner, and a multi-element one at that! It was possible for her to destroy an island!

"For the sake of my friendship with Xing Yao, Feng Yun, let's end this matter here! Destroying Huafeng won't do you any good at all. Even if you want to vent your anger, these dead disciples are enough." Feng Lin tried his luck. Since Feng Yun didn't kill those people, did it mean that her anger had already subsided?

Yun Feng laughed loudly as she held the soul fragment in her hand. Her heart ached endlessly! "The relationship between Master and you has already ended! Master asked me to tell you something. Feng Lin, you reap what you sow!"

Feng Lin's pupils shrank. The next second, the incomparable pressure of a God-Level powerhouse pounced over. "Feng Lin!" The Great Elder of the Huafeng slashed with his fighting energy and forcibly

halved Yun Feng's pressure. Feng Lin, who was standing in the air, was hit by Yun Feng's pressure that was halved. His body staggered and a trace of blood oozed out of the corners of his mouth.

"Feng Yun! You're not qualified to teach Feng Lin a lesson! How old are you? Do you know how much effort it took us to build Huafeng?" Veins bulged on the forehead of the Great Elder of Huafeng and his eyes were bloodshot. Yun Feng only curled up her lips and smiled when she saw that. "Huafeng and Juxing are the same! Huafeng only has yourselves to blame!"

"We only have ourselves to blame..." Feng Lin mumbled with blood at the corners of his mouth. If Huafeng hadn't thrown the blame to Juxing back then, if they had been more rational, if they had been more magnanimous, if they hadn't attacked Juxing... Huafeng wouldn't have welcomed this day at all!

"What a joke! You can say whatever you want!" The Great Elder of Huafeng flipped his hand abruptly and a Grade 8 fighting energy of the Emperor Level came towards Yun Feng. Yun Feng smiled gently and jumped into the air. She slowly opened her fair hand and looked at the Great Elder of Huafeng and Feng Lin with viciousness flashing in her black eyes! She clenched her fist fiercely at the empty space! The space was distorted!

"Argh!" The Great Elder of Huafeng's unwilling shout came from behind that space, while Feng Lin looked at Yun Feng with his eyes. In the end, he sighed softly. The two of them were completely twisted in the space and the sound of flesh being torn apart exploded!

"Poof!" After the space calmed down, there were no longer two people. The few young people on the ground looked up at everything in the sky with deep fear in their eyes. Feng Yun was about the same age as them, but she was already a God-Level powerhouse right now. The entire Huafeng was destroyed in her hands!

After tonight, there would be no more Huafeng in the world!

The news of the complete destruction of the Huafeng School immediately spread to the three islands of the Central Region. The people on Yuelun Island were extremely shocked. Then, another piece of shocking news came. Feng Yun of the Juxing Continent was a God-Level powerhouse! A God-Level powerhouse! After the news spread, the three islands were shocked!

Feng Yun hadn't appeared for a long time, but after she appeared, she had already shown up as a God-Level powerhouse. This made people unadapted for a while. The news of Huafeng's complete destruction was also completely suppressed by Yun Feng's identity as a God-Level powerhouse. Everyone in the Central Region knew about the matter of Juxing and Huafeng. Everyone knew in their minds who killed Huafeng. The furious families on Yuelun Island originally wanted to talk to the floating island about it, but Yun Feng's identity as a God-Level powerhouse immediately quieted them down.

Yun Feng stayed on Juxing for a while longer. One of the reasons was to intimidate the others. The appearance of a God-Level expert in the Central Region was certainly enough to suppress them. She believed that nobody would dare to provoke them again easily. Juxing had suffered a huge loss of strength this time. Eagerly increasing their strength had already become the priority. The repeated blows made the morale of the entire Juxing a bit low. The death of many of their fellow disciples also stung the hearts of the young people of Juxing deeply.

The Golden Cauldron Trees had never been useful. Yun Feng stayed this time to tell the five elders about another way of producing the Golden Cauldron Fluid. After hearing that, the five elders only felt extremely magical. It turned out that the Golden Cauldron Trees needed such a special way to produce the Golden Cauldron Fluid! No wonder they couldn't do it even after using so many methods. Many of the conditions were extremely harsh. The five elders of Juxing finally found five suitable candidates after thousands of selections. Yun Feng was more or less relieved in her mind. With the help of the Golden Cauldron Fluid, the overall strength of Juxing would rise to another level!

Gong Tianqing seemed to have recovered a lot during this period of time. Nothing was left of You Yue's death, except for the soul fragment that was separated from his soul. That was a part of Yun Qi's soul. Yun Feng put the soul fragment of her brother on a rope and put it on her neck, letting the soul fragment stick to her skin. Yun Feng didn't know if this fragment also carried You Yue's memories, but whether it did or not, You Yue and Yun Qi were already the same person in Yun Feng's mind. Her brother's remnant soul had been in You Yue's body for so many years. How could she tell who was who?

There were less than two years until the advancement of forces. Yun Feng didn't intend to go back to the headquarters of the Yun family at this moment, but she had already told the three elders of the Yun family through the Sound Transmission Jade the second way of producing the Golden Cauldron Fluid. She believed that there would be a drastic change in the Yun family after she returned, and she... Yun Feng clenched her fists. She certainly couldn't slack off during this period of time! She had just entered the level of a God. This was far from enough!

Chapter 1339 Destruction (4)

At this moment, Yun Feng was sitting in the wilderness outside of Juxing. The four contracted Magic Beasts were all sitting around her quietly. Meatball was eating ultimate ores silently on the side. Apparently, it had been hungry for a long time and swallowed one after another. Its appetite had obviously increased greatly. It had already swallowed almost twenty ultimate ores in a short period of time! Little Fire was a bit shocked as it watched on the side. Er Lei also blinked. Wasn't that ball afraid that it would explode after eating so many ultimate ores?

"Control yourself!" Little Fire couldn't help but shake its head. Meatball sat on the side and glared at Little Fire with its big eyes, but it also grunted. It took the last ultimate ore with its little claws and stuffed it into its mouth, not eating anymore. However, its big eyes were still staring at the ultimate ore, looking like it hadn't eaten enough.

"What's Xiao Feng thinking?" asked Yaoyao softly. Little Fire looked at Yun Feng and shook its head. Lan Yi sighed slowly and only touched Yaoyao's little head. Er Lei put his arms behind his head and the developed muscles on his arms bulged. "She can think whatever she wants."

Yaoyao pursed her lips and wanted to walk over, but Lan Yi pulled her back and shook his head at her. Ever since You Yue died, Yun Feng had been inexplicably much quieter. The few contracted Magic Beasts could feel the complicated emotions in her heart, but they didn't know how to comfort her. Yun Feng was looking at Yun Qi's soul fragment at this moment. There was an inexplicable warmth in this fragment, as if it could heal the trauma at the bottom of Yun Feng's heart. Yun Feng's black eyes became deeper as she looked. Yao Guang's words kept echoing in her mind. She couldn't resurrect You Yue, but her brother, Yun Qi, had hope! Because her brother's soul had been consolidated by a god. Even though

she only had a small piece right now, if she could find the remaining pieces, her brother would be able to come back to life!

Yun Feng clenched her fists and suddenly stood up. A cold wind blew. The four contracted Magic Beasts looked at their master's back, which became stronger and straighter. Yun Feng looked ahead with her black eyes. "I'm going to the You family to ask them."

A few figures set off from the Juxing School. Yun Feng said goodbye to Juxing. She was going to the You family to ask them about You Yue. She didn't believe that You Yue was born by the You family with such a unique soul and an appearance that was so different from that of the You family! The five elders of Juxing all sighed when they learned that Yun Feng had left. That girl left so quickly this time that she didn't even say goodbye. The Fifth Elder of Juxing chuckled and suddenly thought of something. "I remember that Gong Tianqing seemed to call that girl... Yun Feng?"

The other elders all pondered carefully. The Third Elder of Juxing was shocked. "That's right. It's indeed Yun Feng, the Yun family!"

"No wonder she's a summoner. No wonder her strength increased so beautifully. It turns out she's a member of the Yun family. This makes sense." The Third Elder of Juxing said with admiration in his words. The Great Elder of Juxing smiled lightly. "We can only look up to her future achievements."

Yun Feng went all the way to the You family. Back then, You Bai was expelled and You Yue cut ties with the You family. The You family had never been able to recover since then, but they didn't leave Yue City either. They all relied on the relationship between You Yue and Yun Feng. However, they had already fallen very far from their original position that was only second to the Gong family. It was impossible for them to rise again.

She glanced at the You family's small yard right now. There were only a few houses. Yun Feng fell from the sky and went straight to the main house. When the master of the You family saw Yun Feng, his eyes were about to pop out. He had never thought that Yun Feng would come to find him again.

Yun Feng looked at this man, who looked dozens of years older than before. The corners of her mouth curled up. "Master You, it's been a long time."

"You, you, you... What are you doing here?" The You family's master looked at Yun Feng and retreated carefully. The news that Yun Feng was a God-Level powerhouse had already spread throughout the three islands. When the You family's master found out, he was also extremely shocked. His original resentment immediately disappeared and he could only blame himself for being unlucky. Now that she suddenly appeared here, what was she doing to the You family?

"I won't do anything to the You family. I'm here to verify something with you. I hope to hear the truth." Yun Feng's black eyes emitted invisible pressure. The master of the You family immediately nodded. When he met her back then, he only thought that she was a talented descendant, but now, she was looking down at him from above!

"You Yue is really from the You family?"

The black eyes of the You family's master suddenly glittered. "Yes, he is certainly the bloodline of the You family, or he wouldn't have the surname You."

“Master You, as I said just then, what I want to hear is the truth!” Yun Feng’s black eyes darkened. There was an endless deep pool with undercurrents surging in it! Master You’s body tightened. “I... I’m talking about...”

“Aren’t you going to tell the truth?” Yun Feng glanced around with her black eyes and looked at the other places of the You family. Master You’s expression immediately changed. “You Yue is indeed not from the You family!”

As expected! Yun Feng turned around and stared at Master You with her black eyes. “Did someone give You Yue to you, or did you pick him up somewhere?”

“Someone gave him to me and asked me to take care of him for a while, but that person is gone!”

“What did that person look like? Did he have any obvious characteristics?”

The You family’s master was startled. Then, he shook his head. “It was winter when that person came. He was wearing a thick layer of clothes. His face was completely covered and I couldn’t see what he looked like at all. I only know that his body is very tall and strong and he speaks with confidence.”

It was as if Master You didn’t say anything. The only thing he was sure of was that the person who sent You Yue here was a man, a tall and sturdy man. She didn’t know if this man was kind or evil. She didn’t know if he did anything to the soul of her second brother in You Yue’s body!

“What did that person say back then?”

Master You was silent, as if he was recalling carefully. “I didn’t want to interfere with this matter, but that person said that there was definitely no harm in me accepting You Yue... He certainly gave me some benefits.”

“Do you still have the thing he gave you back then?” Yun Feng raised her brows. The You family’s master raised the corners of his mouth awkwardly. “No... Nothing... Ah! Right, there’s something else! I’ve never known what this is!” The You family’s master immediately searched his clothes agilely. Yun Feng watched him move and put the thing that person left behind so closely to him. It seemed that it must be a treasure, but this You family’s master just couldn’t do anything about it.

Chapter 1340 Destruction (5)

“This is it.” Master You took it out carefully. It was an inconspicuous scale-like object. Yun Feng took this thing over and her mental strength slowly invaded it. Her pupils shrank slightly. This thing contained the aura of a God!

“I’ll take this with me.” Yun Feng put the scale-like object in her hand. Master You looked at it a few times reluctantly. He was obviously unwilling, but how would he have the courage to not give it to Yun Feng? “If Lord Feng wants it, I’ll certainly give it to you.”

Yun Feng sneered and turned around to walk out of the door. She jumped into the air and soon disappeared. Master You gritted his teeth and looked up. What a shame. That thing must be good stuff. Back then, that person left behind ores and weapons. Even though he asked him to give them to You Yue, Master You certainly couldn’t mistreat his family. However, he had never figured out what it was. Now that Feng Yun took it away, she must have seen the mystery.

Yun Feng came to a very remote mountain in Yue City. She took out the scale and touched it carefully with her finger. There was indeed the aura of a God inside. If she was right, the attack of a God was sealed in this scale.

Yun Feng took out the Finger Spiritual Jade. The Finger Spiritual Jade recorded the aura of everyone Yun Feng met. The auras of all the God-Level powerhouses Yun Feng met were recorded. Yun Feng compared them one by one and finally concluded that the aura of this person didn't belong to any God-Level powerhouse she met.

"Master, is it related to that mysterious organization?" Lan Yi's voice sounded. Yun Feng shook her head. "Most people of the mysterious organization use dark elements and their auras are more or less mixed. However, this aura is very pure and isn't on the same side as theirs at all."

"So, the owner of this aura is a good person?" Yaoyao said as Er Lei's voice came. "He might also be the person who cut apart Yun Feng's second brother's soul."

Yun Feng's expression darkened. Er Lei was right. If You Yue didn't come from the You family, where did he come from? Who exactly put Yun Qi's remnant soul in his body? Was it done by the master of the God Level aura? And... where did the other parts of her brother's soul go?

The key to everything was who the owner of the God Level aura was. If it was found, then everything back then would have an answer! Yun Feng held the scale-like object tightly with her hand and felt a trace of pain. Yun Feng's black eyes glittered. No matter where you are, I'll find you. I'll find the truth back then!

"Master, how are you going to find it?" Little Fire's confusion came. The only clue right now was the aura of the God Level Expert. There were no more clues. The world was vast. Even though there weren't many God Level Experts, they were quite scattered. Where could Yun Feng start?

Yun Feng smiled gently. "This aura belongs to humans. Among humans, those who have reached the God Level are already considered absolute powerhouses. Most of the God Level powerhouses are gathered in the Inner Region. I've met all the large and small families in the Inner Region before, so I can completely eliminate them. The owner of this aura isn't in the Inner Region. It's obvious that he's a hidden powerhouse. Since he's a hidden powerhouse, there were times when he was all-powerful. Nobody knows that better than the Magic Beasts in the Ten Thousand Beast Mountain Range."

"Those old guys in the Ten Thousand Beast Mountain Range might really know." Lan Yi's voice came. Yun Feng chuckled. An old man appeared in her mind. She had only met him twice, but what the old man revealed was extraordinary. He seemed to be quite close to Ah Jin, the Fantastical Beast that had appeared before. The old man's identity couldn't be simple.

"I also thought of an old guy," Little Fire mumbled. "I had an inexplicable fear of him when I was still in the Foggy Forest."

Yun Feng's black eyes brightened. Was she talking about the same person as Little Fire? No matter what, she had to make a trip to the Ten Thousand Beast Mountain Range. It would be best if she could meet that old man, but if she couldn't... Those old guys deep in the Ten Thousand Beast Mountain Range should provide her with something. She definitely wouldn't return empty-handed!

Yun Feng stood up and looked far ahead with her black eyes. The dragon-shaped jade pendant appeared in her hand. Yun Feng came to the fourth level of the Dragon Palace. She certainly had to choose the Foggy Forest to go to the Ten Thousand Beast Mountain Range! The warm light of the Teleportation Array enveloped Yun Feng's body and the dragon-shaped jade pendant also disappeared instantly in a spatial movement.

This time, she went deep into the Ten Thousand Beast Mountain Range!

The Foggy Forest was as peaceful as before. The Magic Beasts in the strictly divided areas didn't dare to trespass easily. They lived a stable life in their territory. However, the arrival of an aura made the Foggy Forest panic in an instant. The space shook slightly and a figure had already appeared from it. As soon as Yun Feng landed on her feet, she clearly felt a strong aura quickly coming here. Meatball on her shoulder stood up with a very satisfied look.

"Ma'am, Master invites you over." The aura soon came to Yun Feng's side. It was a skinny man. Yun Feng sized him up with her black eyes and looked at the man's ordinary facial features and the vertical black lines in his eyes. She chuckled softly. "Please lead the way."

Meatball glanced at the man in front of it with a hint of disdain in its big black eyes. The skinny man nodded respectfully and his body quickly flashed forward. Yun Feng's body also flashed and followed him. The auras of the two of them quickly entered the outermost area of the Foggy Forest and went deeper and deeper. Stronger auras appeared one after another. However, Yun Feng was a God-Level powerhouse right now. Even though these auras were powerful, they had to be wary of her.

The skinny man quickly led the way in front of them. The two of them had already arrived very deep in the Foggy Forest. Yun Feng followed them quietly along the way and looked at the surrounding scenery with her black eyes along the way. There were indeed a lot of old guys living deep in the Foggy Forest. She still remembered what her ancestor reminded her when she entered the Foggy Forest. She couldn't get close to the depths of the Foggy Forest easily. Now that she came as a God-Level powerhouse, she still felt a bit pressure. It was obvious how dangerous the Foggy Forest was.

"Ma'am, Master is ahead." The skinny man suddenly stopped in front and pointed ahead for Yun Feng very respectfully. Then, his body flashed to the side and disappeared. There was a dense bush in front of her, covering the road ahead. Meatball on her shoulder suddenly straightened its body and let out a deep roar. The expression on its little face also became more and more ferocious. Yun Feng couldn't help but become vigilant.
