### Chapter 1351 Swearing to Clear His Name of Betrayal (5)

"If he colluded with an outsider, he's unforgivable!" The young griffin stood up angrily. "If he really had something to do with my father's death back then, I'll definitely make him pay with his blood!"

Yun Feng looked at the young man's expression at this moment and chuckled. "If we want to know if he's colluding with an outsider, I won't be able to find any evidence on him at all. I want to take a look elsewhere in the Eyrie."

The young man was startled. "If you wander around the Eyrie as a human, you'll definitely arouse the anger of the other races."

Yun Feng chuckled secretly. "I'll have to rely on you for that."

"Me?" The young man was puzzled. Yun Feng pointed. "I need your feathers."

"Why do you want my feathers?" The young man's face immediately flushed, as if Yun Feng had said something that embarrassed him. Seeing the young man like this, Meatball grunted in disdain. The young man's face became even redder. Yun Feng turned her hand and the Transformation Potion appeared in her palm!

It was impossible for the Griffins to tell the other races that a human was here. If the other races in the Eyrie knew that the griffins were the ones who welcomed a human, a God-Level powerhouse, they would definitely attract public anger. However, Yun Feng had to stay in the Eyrie for a while right now. Because it would be easier for her to move in the future, she could only use the Transformation Potion.

Fortunately, there was the Golden Cauldron Fluid, or the Transformation Potion would indeed give Yun Feng a headache. The young man stared at the bottle of potion in Yun Feng's hand. Yun Feng said, "It'll be more convenient for me to move as a member of the Griffins. What do you think?"

The young man looked at it in a daze. In the end, he finally showed his wings. With a flushed face, he plucked a few feathers from them and gave them to Yun Feng. Yun Feng took the white and smooth feathers and threw them into the potion. The potion suddenly changed. The young man stood there with a flushed face and watched Yun Feng fiddle with the potion before she swallowed it in the end.

"Done?" The young man glanced at Yun Feng suspiciously. Her human aura was slowly fading and the aura of the griffins slowly appeared. Then, Yun Feng closed her black eyes slightly and a pair of white wings suddenly appeared on her back!

The young man was dumbfounded. Yun Feng opened her black eyes and smiled at the young man lightly. "It seems that we can take action now."

The Eyrie was the gathering place of all the races that belonged to the eagle bloodline among the flying Magic Beasts. There were many different branches of the eagle bloodline. The Griffins could be considered a very special kind of eagle bloodline. The Flower Eagle that Xia Qing contracted with also belonged to this category, but they weren't as noble as the Griffins. After coming out of the territory of the Griffins, the young griffin became very cautious and introduced the Eyrie to Yun Feng one after another.

There were more than a hundred kinds of eagle bloodlines living in the Eyrrie. The large and small groups all had their own territory in the vast Eyrrie. The various groups rarely interacted with each other. The eagle-type Magic Beasts were very indifferent and didn't like to interact with outsiders, let alone humans. Among these more than a hundred bloodlines, only two special bloodlines could compare to the griffins. The Fiend Eagles and the Red Eagles.

Griffins were known for their wings and speed, but not these two races. The Fiend Eagles had the skill that could be said to be rare even among Magic Beasts. They could instantly hide themselves when they were moving at high speeds! This was completely different from the spatial blockade. The spatial blockade could hide one's body on the basis of one's familiarity with the Law of Space. This hiding was only for people below one's strength. However, the Fiend Eagles had completely surpassed this rule. Once they hid their bodies, no matter how strong their opponent was, they wouldn't be discovered at all unless their opponent had a special method!

What made people envious about the Red Eagles was the uniqueness of the mutation of their bloodline. There was a red feather between the eyebrows of the Red Eagles on the elemental foundation of the wind element, and these feathers contained the fire element! Every individual of the Red Eagles contained the existence of the fire element. The bloodline of the Red Eagles was the mutated bloodline!

The mutation of a bloodline was even rarer than the mutation of a single individual! So, apart from the griffins, these two races also had an important position among the eagle bloodlines! The Eyrrie was extraordinary. After hearing the description of the young griffin, Yun Feng had a preliminary understanding. Even though it was only the preliminary stage, she felt that the power of the Magic Beasts was far beyond her imagination!

"Little griffin, what's your name?" The two of them spread their wings and flew in the sky. Yun Feng turned around and asked with a smile. The young griffin blushed again. "You look the same age as me. How old are you? Don't talk like my seniors!"

Yun Feng chuckled softly. She was already thirty right now. Even though she still looked like she was in her teens, she was already much older in her mind. It wasn't strange for her to call him little griffin. "I'm traveling with you. It'll be unreasonable if I don't even know your name."

The young griffin followed behind with a red face. Looking at the huge wings on Yun Feng's back, his blue eyes glittered. "Fei Yun."

Yun Feng was stunned. "Fei Yun?"

The young griffin blushed and nodded, as if he didn't like people calling him that. Yun Feng chuckled. "Fei Yun, what a good name."

Hearing this, Fei Yun couldn't help but smile. "My father gave it to me."

Yun Feng smiled gently. They were already completely far away from the territory of the griffins. What greeted her eyes was the scene Yun Feng saw when she first came in. Yun Feng couldn't help but stop. She couldn't tell the direction at all in this endless mountain range full of clouds. Fei Yun smiled and flew to her side, pointing in the direction. "If you don't want to get lost, you have to rely on your vision. The griffins have an extremely strong vision. These clouds can be penetrated, but what you changed after drinking that bottle of potion is only your appearance."

Yun Feng raised the corners of her mouth. The Transformation Potion could only change one's appearance. It was absolutely impossible for it to even change one's inside. She was only close to the griffins in appearance and aura, but she still didn't have the characteristics of the Magic Beast. Her vision was still within the range of humans.

"Let's go. I'll lead you." Fei Yun chuckled as he spread his wings and flew in front. His body immediately disappeared into the clouds. Yun Feng smiled helplessly and could only follow closely behind. If she wanted to find out the secret of what happened back then, she certainly had to start with the two races, the Fiend Eagles and the Red Eagles. If the current Griffin King really did it, he could only join forces with these two races without making any mistakes.

#### Chapter 1352 Attack (1)

However, the Red Eagles and the Fiend Eagles couldn't go in and out casually. Yun Feng had to take a huge risk to enter and it was very likely that she would alert the enemy. It wasn't a bad idea not to get information directly and beat around the bush. Right now, Yun Feng and Fei Yun were going to the Flower Eagles, which were also very special among the eagle bloodlines.

What surprised Yun Feng was that Fei Yun had a relationship with the Flower Eagles. Outside of the territory of the Flower Eagles, Fei Yun blushed and let out a gentle cry. Yun Feng waited quietly on the side and knew that it should be some kind of secret signal. Meatball sat on her shoulder and stared at Fei Yun with its big eyes, as if it was extremely interested in such a secret signal. Fei Yun let out three sounds in a row and turned around to look at Yun Feng with a flushed face. "Let's wait a while."

Yun Feng nodded with a smile. After a while, rapid panting and footsteps came from the tunnel in front of her. Yun Feng couldn't help but become vigilant. She didn't notice that Fei Yun's face was getting redder and redder. A person quickly rushed out of the tunnel. The moment she saw Fei Yun, she shouted in surprise, "Brother Fei Yun!"

Yun Feng raised her brows. Seeing that Fei Yun's fair face was completely red, a teenage girl pounced on him enthusiastically and hugged him directly. Yun Feng's red lips curled up slightly. It turned out that this relationship was completely different from what she thought.

Fei Yun blushed and pushed the girl's arm away, looking a bit panicked and helpless. The teenage girl turned around and saw Yun Feng on the side. She couldn't help but feel startled. "Brother Fei Yun, who is she?"

Fei Yun blushed and didn't know how to introduce her. Yun Feng smiled lightly. "I'm a friend of his race."

"A friend?" The girl sized Yun Feng up and then approached her. Meatball suddenly arched its body and let out a few extremely upset growls at the girl. The girl shivered slightly. Yun Feng looked at the girl's young and lively facial features and those eyes that didn't have any impurities. She didn't have any evil intention towards her at all. She was just curious.

"Why do you have Brother Fei Yun's feather?" The girl suddenly noticed something and immediately frowned. Then, she turned around and looked at Fei Yun in shock with tears in her eyes. "Brother Fei Yun, you gave your feather to her?"

Fei Yun stood aside with a red face. "It's not like that. It's not what you think!"

Yun Feng was dumbfounded. She indeed asked for Fei Yun's feather, but why did this girl react so strongly? Perhaps... there was another meaning behind giving the feather? Thinking of this, Yun Feng couldn't help but look shocked. "Fei Yun, what does giving a feather to the opposite sex mean?"

Fei Yun blushed and looked at Yun Feng. His eyes were a bit evasive. He took a deep breath and said everything. "When a male gives his feathers to a female, it means... It means that he wants that female bear his children!"

What? Yun Feng's face darkened. Bear children?! That meant...?! Meatball on her shoulder was also stunned. In the end, it finally digested what he meant. It suddenly turned its little body around and trembled a few times. It could be seen that Meatball was laughing very happily.

Yun Feng stood there with a sullen face. What was the meaning of giving feathers? The girl of the Flower Eagles looked sad. Fei Yun blushed and didn't know how to explain. "Brother Fei Yun, you chose someone else... Is her bloodline better than mine?"

"It's not like that..." Fei Yun was completely panicked. At this moment, Yun Feng walked over and said with a sullen face, "I asked for the feather from Fei Yun back then for a reason."

The girl of the Flower Eagles' mouth formed an O shape. It turned out that a female could take the initiative to ask for feathers? It turned out she was so bold! Seeing the girl's expression, Yun Feng knew that she had misunderstood. Her face couldn't help but darken. Fei Yun blushed and wanted to explain, but Yun Feng said, "Let me explain."

Yun Feng directly told her the cause and effect of the matter and didn't hide her human identity. The Flower Eagle girl in front of her was the key to moving the investigation forward. If she wanted her help, she had to cut ties with Fei Yun completely. Yun Feng had a headache. If she had known earlier, she would have asked for Fei Yun's hair. She didn't think too much back then. Who would have thought that giving feathers meant giving birth? It seemed that she couldn't ask for anything from a Magic Beast easily. Humans wouldn't understand the meaning behind this.

Fei Yun stood aside with a red face. The Flower Eagle girl finally understood after hearing that. She smiled at Yun Feng in embarrassment. "I'm sorry. I misunderstood you and Brother Fei Yun." Yun Feng smiled gently. Fei Yun was also relieved on the side. The Flower Eagle girl sized Yun Feng up curiously. "However, this is the first time I've seen a human being here!"

Yun Feng pulled the girl of the Flower Eagles to her side and whispered a few words. Yun Feng suddenly looked at the tunnel with her black eyes and stepped forward, protecting the two of them behind her. "Come out." Yun Feng shouted coldly. The Flower Eagle girl and Yun Feng were both startled. Yun Feng pulled the Flower Eagle girl behind her and looked around vigilantly.

"Tut-tut, I was wondering where Sister Xiao Ming went. It turns out she came out to meet her lover privately." A rather evil voice sounded. A person slowly walked out of the tunnel. He had a tall and slender body and ordinary facial features, but there was a fierceness in his eagle eyes. What made Yun Feng more concerned was the red mark between his eyebrows!

She clearly felt the fluctuation of the fire element in the red mark between his eyebrows. The young man in front of her was from the Red Eagle Clan! The young man looked at Fei Yun behind Yun Feng with a cold face and finally sneered. "I thought her lover was someone better."

Fei Yun's blue eyes shrank. He looked at the young man in front of him and then at the sad-looking Flower Eagle girl behind him. "Mingming, what's going on?"

"Mingming? Tut-tut, it's a bit inappropriate to call her that in front of her fiancé." The young man smiled evilly and shouted loudly, "Xiao Ming, you're still not coming over?"

The eagle girl held Fei Yun's hand tightly. Her palm was full of sweat. "I don't want it... I like Brother Fei Yun!"

The Red Eagles were planning to marry the Flower Eagles? The status of the Red Eagles in the Eagle Valley was already very high. Shouldn't they marry the Fiend Eagles or the Griffins? Such a strong alliance was better than linking to the Flower Eagles, which were one level weaker. Were the Red Eagles trying to rope in the Flower Eagles through the marriage?

Chapter 1353 Attack (2)

"This is a marriage arranged by the leaders of the two races. It's not up to you to refuse!" The young man shouted fiercely. "Or do you want me to kill this kid here with my own hands before you give up completely?"

"No!" The Flower Eagle girl suddenly turned pale and grabbed Fei Yun's hand tightly. The young man's eyes were cold. "Then come here!"

The Flower Eagle bit her lips hard and finally let go of Fei Yun's hand. Fei Yun was stunned. Without thinking, he grabbed the Flower Eagle's wrist. "Mingming!"

"Let go!" The young man suddenly shouted coldly when he saw what Fei Yun did. A stream of fighting energy roared over. Yun Feng's black eyes darkened as she extended her hand forward. Her fierce mental strength collided fiercely with this stream of fighting energy. The young man's eyes instantly darkened. A God-Level powerhouse?

!!

Yun Feng's heart also sank. Even though he was at Grade 9 of the Emperor Level, his strength had already reached the peak. Together with his Magic Beast physique, he was comparable to her! This was the territory of the Flower Eagles. This young man must be an important figure among the Red Eagles. He might have the same identity as Fei Yun. Since it was a marriage arranged by the leaders of the two clans, neither of them would let Fei Yun go if he messed things up. Thinking of this, Yun Feng said, "Fei Yun, let go."

Fei Yun was stunned. Unwillingness surged in his blue eyes. He held the girl's wrist tightly and didn't want to let go. The girl also didn't want to leave. Yun Feng shouted coldly, "Let go!"

Fei Yun held his breath and finally let go of his hand slowly. The young man sneered. "Xiao Ming, come here!"

The Flower Eagle girl suddenly sniffed and looked at Fei Yun deeply with her eyes. In the end, she slowly walked over. The young man grabbed the girl's wrist with one hand and the corners of his mouth curled up. "If she didn't protect you, you would have died today! Kid, you're not even fit to carry my shoes with your strength!"

Fei Yun's blue eyes darkened. The young man burst into laughter and walked back with the girl. Fei Yun stood there stiffly and didn't say anything for a long time. He clenched his fists tightly. Yun Feng sighed helplessly. Fei Yun was only at the Commander Level right now, but the young man was already at Grade 9 of the Emperor Level!

Fei Yun stood for a while and slowly opened his hand. There was a feather with a purple color lying inside. Fei Yun's blue eyes gradually changed from the original clear blue to an ink blue like the deep sea. The waves inside surged wave after wave.

Yun Feng glanced at the feather in Fei Yun's hand and said casually, "Only with great power can you protect the person in your heart."

Fei Yun held his breath and grasped the feather in his hand tightly. "You're right. Let's go."

Yun Feng watched Fei Yun leave and her red lips couldn't help but curl up. It seemed that this young man finally realized something. It was time to change the world of the griffins. It was better to return it to the hands of the original owner.

The Flower Eagles and the Red Eagles were about to be connected by marriage, and the Fiend Eagles seemed to be contacting the second-rate races in the Eagle Valley secretly. These small tricks were all done in the dark, as if a storm was about to come. The current Griffin King seemed to be getting more and more irritable. Because of Lan Yi, he almost couldn't sleep and eat in peace. Because Yun Feng's intervention changed the minds of the four elders and their attitude towards Lan Yi. Just in case, the four elders watched over Lanyi in person, which seemed to make the current Griffin King even more anxious.

Everyone in the Griffin Clan was waiting for Yun Feng's result. Once the result was out, one of them would definitely disappear from the Griffin Clan completely!

What was suspicious about what happened back then was that the Griffin King was killed silently without anyone noticing. Even he didn't notice it. Also, why did Lan Yi appear there at the right time? The person who discovered that the Griffin King was killed back then was the current leader. He was also the one who testified that Lan Yi was the culprit. Usually, the first person to testify was the most suspicious. The reason why the Griffin King was killed silently back then was either because of the Fiend Eagles or someone he knew.

Apart from Lan Yi, the current leader of the griffins was the only one who could make the former king of the griffins let down his guard. After all, they were his only blood relatives. Yun Feng learned that Fei Yun's father attached great importance to his blood relatives. And from Lan Yi, Yun Feng also learned that Lan Yi wasn't at the scene back then. He was sent there by the current king of the griffins for some reason. When Lan Yi rushed over, Fei Yun's father was already dead. Lan Yi was shocked on the spot. And at this moment, the current king of the griffins appeared and blamed it on Lan Yi.

Obviously, this was a carefully planned trap. At this moment, Yun Feng was already 100% certain that the current Griffin King was the murderer back then. Since the incident back then had been carefully planned, he certainly wouldn't leave a tail. The most reliable way was to make him tell the truth himself.

As the time of Yun Feng's investigation was almost over, discussions among the griffins also rose on the ground. There were a few days until the deadline of Yun Feng's investigation, but Yun Feng still didn't say anything obviously. It seemed that she hadn't found anything yet.

"There's still no result from that human?" The Griffin King came to Lan Yi's room. The four elders were watching outside. Seeing the Griffin King, they nodded. "There's still no result. It's not easy to investigate what happened back then."

The Griffin King chuckled in his mind after hearing that. "There are still a few days. Let that human investigate as much as she wants!" After saying that, he turned around and left. It was obvious that he was in an extremely good mood. The four elders looked at his back deeply and all shook their heads and sighed.

The night before the end of Yun Feng's investigation, Yun Feng still didn't have any results. This meant that Lan Yi would be executed on the spot as a traitor the next day! This time, even Yun Feng couldn't stop it! There were some inexplicable emotions in the griffins tonight, like a smell that was about to ferment slowly floating in every corner of the griffins.

The four elders that watched over Lan Yi had already left and were replaced by the guards of the griffins. In the dead of night here, a figure quickly approached and then flashed into the place where Lan Yi was watching. It was so fast that nobody could discover it!

Lan Yi's hands were restrained by the chains in the darkness. He sat on the cold wall quietly. The moment a black shadow merged into the room, Lan Yi slowly opened his blue eyes that were as clear as the sea and looked at somewhere in the darkness with a cold smile. "Why? Can't wait any longer?"

The faint moonlight projected on the ground created a shadow. In this shadow, a person suddenly walked out slowly. That rather handsome face was already completely distorted at this moment with resentment, pride and madness, as he was about to achieve his wish! It was the current Griffin King!

### Chapter 1354 Attack (3)

"Do you think you can escape from me with that human? As I said, you can't escape a second time!"

Lan Yi sneered. "You couldn't wait to kill me, so you truly did it back then."

The Griffin King was silent for a while and suddenly chuckled. "I did it. So what? You're the same as him. You can't escape from me after all! I should have got rid of you first before I dealt with him!"

"That's your brother!" Pain flashed through Lan Yi's dark blue eyes. "That's your bloodline!"

!!

"Bloodline? Haha! He didn't take me seriously at all! We were both six-winged griffins. Why should he sit on the throne? Why should he sit on the throne that belongs to me just because he had an heir?"

"The continuation of the bloodline is the responsibility of the family. If you had a descendant, the throne would still belong to you! He had no intention of fighting with you for this at all!"

"Nonsense! I'll never forget his smile when he ascended to the throne. He was so sarcastic! He was mocking me!" The Griffin King sneered. "I let that kid live to let all my clansmen know that a son doesn't

represent anything at all! That kid doesn't have the bloodline of a six-winged griffin at all! The throne he schemed to take is still mine in the end!"

"Fei Yun's six wings just haven't awakened."

"Hahaha, not awakened? Every griffin is born with a fixed number of wings. That kid doesn't have this bloodline at all. He knows himself well. Otherwise, I wouldn't have let that kid live at all!"

"Lan Yi, I'm a six-winger like him. I'm not inferior to him at all. None of you agreed with me. That old guy even gave him the position of the king. Hahahaha! This is mine. I deserve everything right now!"

Lan Yi sneered. "Aren't you afraid that others will know now that you've confessed?"

"Hahaha! Who would believe you? The mark of the traitor will follow you for the rest of your life. You'll take the blame for me until you die!"

"It's the top crime of the griffins to kill the bloodline of their own kind."

"Haha, so I'll kill you with my own hands tomorrow!" The current Griffin King sneered. "I want to end my nightmare of many years with my own hands. Nobody can save you. Nobody can save you! I'll kill that human with my own hands!"

After the Griffin King left, Lan Yi slowly put on a meaningful smile in the dark.

The last day of Yun Feng's investigation came. All the members of the Griffins gathered together again. Just like last time, Lan Yi was tied up in the center. The four elders and the current Griffin King were all sitting behind. Yun Feng stood next to Lan Yi. The master and the Magical Beast looked at each other and smiled.

"Human, the last day is up. What's your conclusion?" The Griffin King said loudly. Yun Feng looked at the Griffin King with her black eyes. "My conclusion is... no conclusion."

"No conclusion?" The Griffin King raised his brows and then burst into laughter. "Did you hear that? This human's conclusion is no conclusion!" The Griffin King suddenly looked vicious. "Human, you'll know the price of teasing the Griffins!"

The faces of the four elders also darkened. Fei Yun stood far away and couldn't help but feel a bit anxious when he looked at Yun Feng. Her answer would obviously anger the griffins. Why did she still say that? Yun Feng only smiled lightly in the face of the viciousness of the Griffin King. The Griffin King's pupils shrank slightly as he walked to Lan Yi's side. "All members, listen up. This human didn't find out what happened back then, which shows that Lan Yi's betrayal is true! According to the rules of the griffin race, he'll be killed on the spot! If anyone dares to stop me again, I won't hold back!"

The Griffin King glanced at Yun Feng. The threat in his eyes was strong. The four elders didn't have any objection. The Griffin King's claws suddenly turned into sharp. His heart was beating crazily and he was laughing crazily in his mind! This time, his nightmare was finally over!

The claws pounced on Lan Yi's chest with a cold wind. This time, nobody could stop him!

"I did it. So what? You're the same as him. You can't escape from me in the end!" A voice suddenly sounded. The expressions of all the griffin clansmen changed drastically. The black eyes of the four elders glittered. The Griffin King's claws stopped in front of Lan Yi's chest! This voice...

"Bloodline? Haha! He didn't take me seriously at all! We were both six-winged griffins. Why should he sit on the throne? Why should he sit on the throne that belongs to me just because he had an heir?"

"Hahaha! Who would believe you? The mark of the traitor will follow you for the rest of your life. You'll take the blame for me until you die!"

The Griffin King's facial features were completely twisted. The voice was his! Yun Feng slowly took out a shiny jade pendant and raised it slowly. The Griffin King's voice kept coming out, resounding in the entire sky! All the griffin clansmen were shocked. Fei Yun suddenly stood up. It was really him!

Brutality flashed in the eyes of the Griffin King. His claws were about to pierce into Lan Yi's chest. Seeing that, Yun Feng's mental strength turned into a whip and lashed out. The auras of the four elders burst out at the same time. The Griffin King retreated in panic. Yun Feng's mental strength cut off the chains on Lan Yi's body. She looked at the Griffin King with a complicated expression coldly. "What else do you have to say?"

The four elders looked at the Griffin King gloomily. "Were you really responsible for what happened back then?"

"Your Majesty, you've disappointed us too much! You've disappointed our clansmen too much! You're bloodthirsty!"

The Griffin King turned around and saw the furious gazes of all the Griffins. His heart trembled fiercely and then he burst into laughter. "Disappointed? You disappointed me too! The throne belongs to me!"

"But you're bloodthirsty to your own kind!" roared the four elders furiously. The Griffin King was stunned for a moment. Then, viciousness appeared on his face again. "So what? I'll take back whoever takes my things! Nobody can stop me!"

"That's your brother!" Fei Yun roared. All the griffin clansmen couldn't help but look at Fei Yun. Fei Yun's body was stiff and his young face was suppressing the anger in his heart at this moment. He clenched his fists tightly with red eyes!

#### Chapter 1355 Attack (4)

"So, you're the traitor. You betrayed the Griffins!" Lan Yi walked forward and looked at the Griffin King coldly with his blue eyes. "This time, you should be branded with the mark of betrayal!"

"Don't even think about it!" Wings suddenly appeared on the back of the Griffin King. A beam of green light jumped into the sky and pressed down with a powerful pressure! Lan Yi's blue eyes were cold and huge Griffin wings spread out on his back. He suddenly jumped into the sky and chased after him!

"Lan Yi!" Yun Feng looked at Lan Yi worriedly. Although he had also reached the God Level, the Griffin King was stronger than him. Wasn't it a bit too much to just chase after him? "Master, let him go!" Little Fire's voice sounded in her mind, followed by Er Lei. "This is his own business. Even if he's not strong enough, he should finish it himself."

“Haha, you’re right.” Yun Feng smiled lightly. The four elders looked up at the sky and sighed helplessly. However, at this moment, the guards of the griffins ran in in panic. “Elders! We’re already surrounded!”

“What?” The expressions of the four elders immediately changed drastically. Yun Feng’s face also darkened. They were surrounded at this moment! “Which groups are surrounding this place?” Yun Feng suddenly asked loudly. The guards of the griffins immediately replied, “It’s the Red Eagles and the Fiend Eagles! There’s also the Flower Eagles and other groups!”

“At this moment, and there are so many of them...” The four elders said gloomily as their hearts trembled. All the griffin clansmen were a bit chaotic at this moment. They were surrounded outside. What exactly would happen?

“Hahaha, hahahaha!” Wild laughter sounded in the sky. “You came at the right time!”

“Fei Ling! Did you do all this?!” The four elders were enraged. The wild voice in the sky sounded again. “Four old guys, ever since you protected Lan Yi, I knew that you and I weren’t on the same side. If we’re not on the same side, what’s the use of keeping you alive?”

“Fei Ling, you...”

“Now isn’t the time to be angry. The four elders should go out and suppress the situation first!” Yun Feng suddenly shouted. Lan Yi in the sky also raised his head angrily and let out a loud cry. His body turned into a beam of green light and hit Fei Ling in the sky fiercely.

“You’re right. We can’t panic!” The four elders immediately agreed. “We’ll go out and take a look immediately! Yun Feng, we’ll give the clan to you first.”

Yun Feng nodded. The four elders immediately rushed out. The members of the Griffins were a bit chaotic. At this moment, Fei Yun stepped up. “Don’t panic. With the four elders here, the Griffins will be fine!”

Yun Feng nodded approvingly as she looked up at the two people fighting fiercely in the sky. Lan Yi wasn’t Fei Ling’s match. His attacks almost didn’t injure Fei Ling at all. Fei Ling suppressed Lan Yi firmly in terms of strength level!

“You can’t do anything to me! I’ll take your life first!” Fei Ling laughed crazily in the air and another pair of wings suddenly appeared on his back! Fei Ling was a six-winged griffin. He only had four wings right now, but his strength was already very astonishing!

“Swish!” Lan Yi’s blue eyes darkened and a pair of wings spread out on his back. One of them was as white as snow, while the other was slightly green. Fei Ling couldn’t help but narrow his eyes when he saw this pair of strange wings, but he didn’t care at all in his mind. “Give me your life!” A beam of green light flashed in the sky. Lan Yi’s body suddenly swayed and the four wings on his back spread out to avoid Fei Ling’s attack. The wind element turned into countless light spots and appeared in the wings!

Countless light spots filled Lan Yi’s wings, like stars in the sky. At this moment, the stars in the sky were about to fall together!

Countless light spots turned into shooting stars that flew out of Lan Yi’s wings. That seemed to be an endless small universe. The wind element that was forcibly squeezed dragged its long tail and blasted

towards Fei Ling. Lights echoed in the sky and the spectacular scene of shooting stars flashing across the sky shocked the griffin clansmen!

"This is Uncle Yi's power..." Fei Yun looked at the strange scene in the sky and mumbled.

The shooting stars that filled the sky flashed past fiercely and exploded when they landed at the same point. Strong elemental energy waves kept spreading from the same place! Lan Yi looked down from the sky. After all the energy dissipated steadily, a few pairs of wings suddenly spread out and Fei Ling stood there with a cold smile and no injuries!

"Six-winged..." Yun Feng looked at the six wings on Fei Ling's back. The six wings provided a complete protective barrier and Lan Yi's attack just then was blocked outside!

"Master, the bird man can't beat the six-winged guy!" Little Fire shouted anxiously. Yun Feng also thought so. Even though this was Lan Yi's own business, even though this was the griffin clan's business and she shouldn't interfere, she certainly wouldn't stand by and do nothing if Fei Ling dared to hurt her friend!

"Swish, swish, swish..." Three dazzling beams of light flew out of Yun Feng's Rings of Contract. Little Fire, Yaoyao and Er Lei appeared at the same time! Yun Feng wasn't careless at all when facing the six-winged griffin and didn't underestimate it at all!

"I'll finish you off too!" Seeing Yun Feng appear, Fei Ling burst into laughter. The six wings on his back suddenly unfolded and a huge griffin pattern appeared on the wings, emitting strong light! "Master!" Lan Yi immediately flew to Yun Feng's side. At this moment, Fei Ling's wings suddenly moved and the wind element shot out of the six wings like pillars of light!

"Master, be careful!" Lan Yi grabbed Yun Feng's wrist quickly and led her to dodge the pillars of light. Yaoyao's body suddenly changed. The mature and durable mermaid slapped her huge fishtail fiercely and two or three pillars of light were intercepted! Little Fire suddenly let out a furious roar as its wolf body flashed back and forth among the green pillars of light. Er Lei didn't dodge at all. The tiny silver snakes all over his body with thick purple lightning elements collided with Fei Ling's attack!

"Boom! Boom! Boom! Boom!" A series of loud noises came from the sky and the space and the ground shook fiercely!

"You're indeed quite capable." Fei Ling looked at Yun Feng's three contracted Magic Beasts and glared at Lan Yi and Yun Feng fiercely. "But even if you're capable, you're still not my match! I'm a six-winged griffin!"

Suddenly, a loud cry! Fei Ling's body changed. An extremely huge griffin appeared with a strong green light! It had sharp claws, three pairs of huge wings and a ferocious head. Fei Ling let out a loud cry again. His wings shook abruptly and the wind element swept over like a vortex!

Chapter 1356 Attack (5)

Lan Yi pulled Yun Feng behind him and green light also burst out! After a loud cry, Lan Yi's griffin body also appeared at this moment! The two huge griffins in the sky revealed their original bodies at the same time, making the battle look even more magnificent! Claws against claws, four wings against six wings!

The wind vortexes flowed everywhere in the sky. Fei Ling and Lan Yi were both fighting with their original bodies. Their elemental energy was also activated to the maximum. The three Magic Beasts carefully avoided the wind vortexes that could be seen everywhere. These wind vortexes were spinning so quickly that they could shatter anything in an instant!

“Master, how can we help that bird man?” The three contracted Magic Beasts couldn’t interfere with the battle of the two griffins at all. Even Yun Feng didn’t know where to start. She couldn’t get close due to her speed, strength and the wind-element vortexes that covered the space at all!

“Wait for an opportunity! Kill him with one strike!” Yun Feng narrowed her black eyes and looked at the six-winged wings on Fei Ling’s back. She wanted an opportunity, an opportunity to kill him with one strike!

“The bird man is in danger!” Little Fire suddenly roared. At this moment, Lan Yi’s body was completely suppressed. Fei Ling was above him and his sharp claws were about to pierce into Lan Yi’s heart! Right now! Yun Feng’s black eyes brightened. “Little Fire!” Yun Feng shouted as Little Fire jumped. Yun Feng had already jumped onto the back of the Fire Cloud Wolf. A beam of red light flashed in the air. Yun Feng put the tip of her foot on the Fire Cloud Wolf’s back and jumped fiercely. She rolled agilely in the air and had already jumped onto Fei Ling’s back!

“What an extremely despicable human being!” Fei Ling felt that the moment Yun Feng stepped on him, which was a huge insult to him! Anger flashed through his eyes and his claws quickly wanted to stab into Lan Yi’s body. He wanted to deal with Lan Yi first before dealing with Yun Feng!

At this moment, three elements were released from behind and tied up Fei Ling’s three wings like ribbons. The three contracted Magic Beasts exerted their strength and Fei Ling’s body was instantly dragged back! “Damn it!” Fei Ling turned around and saw the three contracted Magic Beasts. He extended the wings on his back fiercely and the three waves of elemental energy instantly shattered!

However, this moment was already enough for Yun Feng!

The light ball formed by the three elements had already jumped in her palm. Yun Feng stood on Fei Ling’s back and suddenly slapped her hand down! However, Fei Ling’s body defense was much more sturdy than Yun Feng thought. It didn’t penetrate his body!

Fei Ling noticed Yun Feng’s intention and suddenly extended his six wings. His feathers instantly turned into sharp blades. Then, his wings flapped and the sharp blades pointed in Yun Feng’s direction!

“Master!”

“Xiao Feng!”

“Master!” Lan Yi’s heart immediately shrank when he saw this scene. He wanted to fly to Yun Feng’s side without thinking, but Fei Ling swung his sharp claws and a deep wound appeared on Lan Yi’s chest. Lan Yi’s body also staggered!

“Die, human!” Instantly, sharp blades shot out and beams of cold light flew towards Yun Feng!

Yun Feng gritted her teeth. She still had time. She still had time. She just needed an instant!

“Meatball!”

“Nana!” Its round body jumped down from Yun Feng’s shoulder. Meatball widened its mouth and bit Fei Ling’s back fiercely with its sharp teeth glittering! “Poof!” Meatball’s sharp teeth sank into it. The next second, it tore a wound and the fused elements in Yun Feng’s hand slapped in fiercely in an instant!

“Argh...” Fei Ling screamed in pain. His skin and flesh were torn. How was that possible? And what did this human put in his body?

Yun Feng grabbed Meatball and jumped. At this moment, Lan Yi had already left Fei Ling’s control and quickly flew under Yun Feng. Yun Feng landed on Lan Yi’s back steadily. Her black eyes were extremely cold and her red lips opened gently. “Explode!”

“Boom...” The three-color elements instantly exploded in Fei Ling’s body. Accompanied by his painful roar, it spread throughout the sky of the griffins!

“Is he dead?” Yaoyao asked in confusion as she looked at the scene of the many elements exploding one after another in the sky. Lan Yi put Yun Feng down with hazy gloominess in his blue eyes. “He won’t die. A six-winged griffin at the God Level can’t possibly lose its life so easily!”

As soon as Lan Yi said that, the elemental energy waves in the sky suddenly shook violently and a figure shot out! Yun Feng narrowed her black eyes slightly. As expected, dying so easily would truly be a disgrace to his reputation as a six-winged griffin!

“Poof!” A mouthful of blood spurted out of Fei Ling’s mouth, forming a faint blood mist in the sky. The original form of the griffin had already disappeared. The human being looked extremely messy. A hole was torn in his back by Meatball and the fused elements Yun Feng pushed in probably caused a lot of injuries in his body, but he didn’t die. Blood kept falling from the sky along the wound on his back. His pale face and almost red eyes made his originally handsome facial features look ferocious at this moment.

“Human, it seems that I’ve underestimated you and the few beasts next to you!” Fei Ling glanced at Yun Feng and the few beasts next to her fiercely in the air, especially Meatball on Yun Feng’s shoulder. Brutality flashed through its red eyes and the six wings covered in blood on its back suddenly spread again!

“Swish...” A beam of green light flashed, faster than lightning!

“He’s running away!” Little Fire suddenly roared. Lan Yi’s body rushed out in an instant and the Fire Cloud Wolf’s body also rushed out in an instant. Two beams of light, one red and one green, followed Fei Ling closely!

“You can’t catch up with me!” Fei Ling smiled ferociously. The speed of the six-winged griffin was indeed incomparable. Even though it was severely injured and its strength was damaged, its speed was incomparable! Even though Little Fire and Lan Yi were chasing after it, they still let Fei Ling fly out of the territory of the griffins in the end!

“Damn it!” Little Fire watched Fei Ling leave quickly and could only roar furiously. Lan Yi also stopped. They wouldn’t be able to catch up with him outside of the territory of the Griffins at all!

Yun Feng stood right where she was. The reason why Fei Ling escaped was probably because his strength was injured. He knew that if he continued to delay, it would only be disadvantageous to him.

His speed was too extraordinary. Griffins were indeed the strongest in terms of speed, let alone the six-winged ones!

Lan Yi and Little Fire returned to Yun Feng's side. Lan Yi looked a bit gloomy. The other griffin clansmen also had a complicated expression. If he escaped, he would definitely come back. By then... Yun Feng looked outside with her black eyes. There were a lot of enemies surrounding the territory of the griffins. She wondered how the four elders would deal with them.

#### Chapter 1357 Transformation (1)

"Uncle Yi." Fei Yun walked over. Lan Yi looked at the young man in front of him with his blue eyes and couldn't help but smile in relief. "You've grown up."

Fei Yun blushed. "No, my strength is nothing in front of Uncle Yi."

At this moment, the four elders finally came back from outside. The griffins all shouted, "The four elders are back!"

The four elders came in in a hurry from outside. They all looked bad. "Elders, did something happen outside?" asked Lan Yi worriedly. The four elders all sighed. "Nothing happened outside. The Red Eagles and the Fiend Eagles didn't intend to attack the Griffins this time, but those two races didn't come with good intentions. They're finally gone now."

!!

All the griffin clansmen were greatly relieved. The crisis this time was finally resolved temporarily. The four elders looked at him. "Where's that traitor, Fei Ling?"

Lan Yi frowned. "He escaped."

The four elders widened their eyes after hearing that. Escaped? Fei Yun walked over. "Yun Feng and Uncle Yi have already done everything they can to stop him, but he... is a six-winged griffin after all."

The four elders all shook their heads and sighed as they looked at Yun Feng. "Yun Feng, thank you very much this time. Otherwise, we don't know how long we'll be deceived."

Yun Feng smiled casually. "You don't have to thank me. Fei Ling won't do anything for the time being after he escapes with injuries, but once he recovers, the griffins will definitely be in trouble."

The four elders looked gloomy. "The most important thing for the Griffins right now is to have a new leader, or those two races will take advantage of us!" The four elders subconsciously looked at Lan Yi after saying that. Yun Feng's heart couldn't help but tighten when she saw what the four elders meant. She didn't come to the Griffins to let Lan Yi sit on the throne!

Lan Yi chuckled. "I'm not of the royal bloodline. Don't look at me, elders. There's a more suitable candidate here." Lan Yi patted Fei Yun's shoulder from behind. Fei Yun was stunned, and so were the four elders!

"Uncle Yi, I can't!" Fei Yun immediately refused. He was only at the Commander Level! Besides... he wasn't a six-winged griffin!

The four elders also had a complicated look in their eyes. Even though Fei Yun was of the royal bloodline, he wasn't a six-winged griffin. This was quite unbelievable. Logically speaking, this shouldn't be the case. And Fei Yun was only at the Commander Level with his strength. If he ascended the throne like this, wouldn't the other races laugh at the griffins?

"You can!" Lan Yi looked at Fei Yun with trust in his clear blue eyes. "I can't stay with the griffins. I'll leave sooner or later." Lan Yi turned around and glanced at Yun Feng. Yun Feng's black eyes were full of smiles. He was thinking the same as her.

The four elders looked at Yun Feng with different expressions after hearing this. Yun Feng knew how much the Griffins needed someone like Lan Yi after losing the Griffin King. However, she couldn't say goodbye to Lan Yi just like that. She came to the Griffins to take him away, not to encourage him to stay here!

"Yun Feng, we can't lose Lan Yi in the Griffins right now. Can you... choose another wind-element Magic Beast?"

"What do you mean? My master just helped you, but you want to take the bird man away!" Little Fire roared unhappily, and so did Meatball on Yun Feng's shoulder. The four elders all smiled wryly. "We had no choice..."

Yun Feng didn't say anything. She was awake right now. It was indeed inappropriate for her to take Lan Yi away, but it was impossible for her to let go just like that!

"Xiao Feng won't give up on Brother Lan Yi!" Yaoyao said on the side as she looked at Lan Yi with her blue eyes. "Brother Lan Yi won't leave Xiao Feng either, right?"

Er Lei said indifferently on the side, "It's not bad to change this bird man. I think it'll be better to choose one between the Red Eagles and the Fiend Eagles!"

Little Fire and Yaoyao both looked at Er Lei angrily. Er Lei grunted and didn't say anything else. Yun Feng chuckled. "The four elders should know the purpose of my trip. I won't give up on Lan Yi, but I won't take him away right now. Even if he has to leave, I'll wait for the griffins to get through this crisis."

Lan Yi looked at Yun Feng gratefully. Master knew exactly what he was thinking in his mind! They knew each other so well even without telepathic communication!

"Master is right. I was expelled from the Griffins a long time ago as a traitor."

"Uncle Yi..." Fei Yun only felt bad in his mind after hearing what Lan Yi said, but Lan Yi smiled. "Fei Yun is qualified to become the leader of the griffins. He has the pure bloodline of the six-winged griffin."

"But Fei Yun..." The four elders were still worried. Lan Yi raised the corners of his mouth. "The traitor tattoo on my face was left by Fei Ling. Only the six-winged griffin can eliminate it. If the four elders insist on pushing me to this position, won't the other races laugh at the griffins?"

The expressions of the four elders changed after hearing that. That's right. The traitor tattoo on Lan Yi's face hadn't been removed yet. Even though the members of the griffin race knew the whole story, the dignity of the griffin race would immediately be swept away when the other races in the Eyrice saw this!

Fei Yun still wanted to say something, but Lan Yi shook his head. "Don't doubt your ability. You indeed have the bloodline of the six-winged griffin. You don't have six wings only because you haven't awakened them yet."

"Awakened?" Fei Yun was stunned. This was the first time he heard this. The four elders were also skeptical. Lan Yi chuckled. "That's right."

"Is there any way to help him awaken?" Yun Feng looked at Lan Yi, who nodded. "There's a place called the Wailing Valley in the Eyrie."

"You plan to take Fei Yun there?" The four elders widened their eyes. "No! Fei Yun is now the only member of the six-winged bloodline among the griffins. Nothing can go wrong!"

"If Fei Yun doesn't stimulate his bloodline, even if he ascends to the throne..."

"He still has the four of us!" The four elders all shouted. Bloodlines were too important to the Magic Beasts. The six-winged bloodline of the Griffins was royal. Right now, there was only Fei Yun. If anything happened to him, the Griffins would completely collapse! They couldn't let this remaining bloodline take this risk again!

#### Chapter 1358 Transformation (2)

"Even with you, Fei Yun can't become the real leader of the griffins and can't unite the hearts of all the griffins!" Yun Feng said coldly. The four elders all frowned and didn't say anything else. Fei Yun was silent for a long time on the side and finally said, "I'll go."

"Fei Yun..." The four elders wanted to stop Fei Yun, but Fei Yun shook his head with a determined look. "Uncle Yi and Yun Feng are right. I don't want to be a decoration, a leader with an empty title! If I want to sit on this throne, I must have the ability to protect the Griffins! I must have the strength to gather my people!"

The eyes of the four elders glittered and they didn't say anything else. In the end, they could only sigh helplessly. Seeing this, Yun Feng said, "This time, my contracted Magic Beasts and I will accompany him. The four elders can be more or less relieved."

When the four elders heard that Yun Feng was going with them, their originally worried hearts immediately calmed down a bit. With Yun Feng here, he would have a strong guarantee! In that case, they agreed that Fei Yun would go to Tear Valley. After all, the real awakening of the power of the bloodline was the most important!

"If that's the case, we won't stop you anymore." The four elders finally agreed. Fei Yun also smiled relaxedly. The young man smiled again and made up his mind in his mind at the same time. No matter how dangerous it was this time, he must achieve something!

The three of them immediately set off. Every minute and second was very precious to the griffins. The sooner Fei Yun stimulated his bloodline, the better. The danger of the griffins would also be greatly reduced. The three of them walked in the passage that connected the outside of the griffins. Yun Feng walked in the front, while Lan Yi and Fei Yun walked behind. Fei Yun had been a bit nervous. He had no idea what would happen on this trip at all. Lan Yi patted his shoulder with a smile and Fei Yun only managed a smile.

“Nana!” Meatball cried. It turned its little head around and glanced at Lan Yi. Its tail gently brushed Yun Feng’s cheek. Yun Feng looked back. “What’s wrong?”

“Fengfeng, na!” Meatball pointed at Lan Yi with its little claws. Lan Yi also glanced over when he heard Meatball’s calling. Fei Yun frowned. “Uncle Yi, what exactly is this thing on Yun Feng’s shoulder? Why don’t I understand what it says?”

Lan Yi smiled lightly. He didn’t understand either. Apart from Brother Fire, there was probably no one else who could understand what Meatball was talking about. Yun Feng caressed Meatball’s little body with her hand. Even though she didn’t understand what Meatball meant exactly, she suddenly understood what it was trying to say in her mind. Her red lips slowly curled up and Yun Feng walked in the front silently.

“Nana, Fengfeng, nana!” Meatball cried a few more times when it saw that Yun Feng ignored it. Lan Yi walked behind and asked, “Master, what exactly is it talking about?”

A smile flashed through Yun Feng’s black eyes. She stopped and slowly turned around. She raised her brows and looked at Lan Yi. “The contract has already been terminated. Are you still calling me Master?”

Lan Yi was startled. Fei Yun glanced at him and didn’t say anything. He was very quiet. “Master is Master, whether or not the contract exists.”

“Fengfeng!” Meatball raised its little head and called softly. Yun Feng chuckled. “Lan Yi, I’m very gratified to hear that.”

There was a hint of gentleness in Lan Yi’s blue eyes as a faint smile appeared on his handsome face. “I thought Master wouldn’t mention this again. I thought... Master planned to find another wind-element Magic Beast.”

Yun Feng shook her head helplessly. “Did I say I would give up on you? I went through a lot of trouble to win your approval in the Dragon Palace back then. Of course, I can’t let you slip away so easily!”

The smile on Lan Yi’s handsome face became wider and wider. He suddenly knelt on one knee. “Then, Master, please contract with me again!”

Fei Yun looked at it in shock and his black eyes kept flashing. Uncle Yi took the initiative to ask for a contract? He was a four-winged griffin!

Yun Feng smiled warmly. “I thought I wouldn’t hear that again.” She closed her black eyes. When she opened them again, the Array of Contract under her feet had already appeared clearly! Fei Yun was dumbfounded on the side. This was the first time he saw how to contract and the first time he saw a summoner’s Array of Contract!

The Array of Contract of five colors appeared. The five colors of the Array of Contract resonated with each other. Lan Yi walked into the Array of Contract with a smile and the five colors changed. The green light completely covered the Array of Contract! Fei Yun widened his eyes. It was so beautiful! The Array of Contract looked like this!

“I’ve made a contract. From now on, you’ll be my beast. Contract!” After saying that, Yun Feng looked at Lan Yi, who was also smiling, with her black eyes. The contract being forcibly terminated couldn’t end

the relationship between them that had gone through life and death. He had been her contracted Magic Beast since the Dragon Palace and he would be hers in the future.

A wisp of green wind element slowly floated out of Lan Yi's body and gently wrapped around Yun Feng's finger. Yun Feng put the Wind Ring of Contract on her finger again and the Array of Contract slowly disappeared. Yun Feng said softly with a smile, "Lan Yi, welcome back."

Fei Yun couldn't say anything on the side. He was inexplicably a bit touched by the scene in front of his eyes. Magic Beasts weren't willing to be contracted by humans and become human tools, but Uncle Yi was so proactive. Fei Yun also inexplicably felt that if it were him, he wouldn't give up such a master. If it were him... he would also be proud of this master!

"Haha, bird man, you're finally back!" Little Fire's happy voice came. Lan Yi smiled. After contracting with Yun Feng, he could communicate with the other three telepathically again.

"Brother Lan Yi, welcome back!" Yaoyao's happy words came. Lan Yi listened quietly. "It's good to have you back. How troublesome." Er Lei's voice came. Lan Yi chuckled. Yun Feng also listened quietly with a smile. This moment was very warm.

Fei Yun didn't say anything. Even though he didn't know the meaning of the smile at the corners of Yun Feng and Lan Yi's mouths, he could understand that the expressions on their faces at this moment were so warm. "Alright, let's go." Yun Feng interrupted the conversation of the few contracted Magic Beasts. Lan Yi also nodded and patted Fei Yun's shoulder with his big hand. "Fei Yun, let's go."

Fei Yun nodded and looked at Lan Yi's expression at this moment. Uncle Yi's expression was much brighter... Was it because of that human called Yun Feng?

The three of them came out of the passage. Yun Feng immediately took the Transformation Potion. Her identity as a human being had to be kept a secret. She didn't want anything to happen on this trip to the Wailing Valley. After taking the Transformation Potion, a pair of huge white wings suddenly appeared on Yun Feng's back. Lan Yi couldn't help but feel shocked when he saw that. "Master, this is..."

### Chapter 1359 Transformation (3)

"Transformation Potion. I have to hide my identity as a human being." Yun Feng smiled lightly. Fei Yun blushed again on the side. Lan Yi didn't think much at first, but when he saw Fei Yun's flushed face on the side, he suddenly realized something. "Master, what did you ask Fei Yun for?"

Yun Feng was startled. Seeing Fei Yun's red cheeks, she smiled helplessly. This griffin was truly shy. "Feather, I asked for his feather, but if I knew what this meant, I would rather have something else."

Lan Yi was stunned. Fei Yun's flushed face darkened even more. "Uncle Yi, I didn't take the initiative to give it to her."

Lan Yi raised the corners of his mouth awkwardly, but in the end, he chuckled and rubbed Fei Yun's head. "Of course I know that. However... I'm worried about the expression of a certain someone when he finds out about this."

!!

"A certain someone?"

Lan Yi nodded. "If that man knew the meaning of this feather, he would probably be so angry that he stomped his feet."

Fei Yun was stunned for a moment and then realized. "She has a spouse!"

Lan Yi's expression suddenly froze. Spouse? Qu Lanyi was precisely the person Master loved. As for the spouse relationship... it had obviously not been reached yet. "Not really." After saying that, Fei Yun was stunned again. If he wasn't a spouse, what was he?

"I'd like to see that person's expression." There was suddenly a hint of evilness on Lan Yi's expression. Fei Yun's heart couldn't help but tremble when he saw this. Uncle Yi's personality seemed to have changed in the years he was gone. Uncle Yi had become bad...

The three of them flew all the way to the Wailing Valley. Lan Yi led the way in the front, while Yun Feng and Fei Yun followed behind. The journey was quite peaceful. Yun Feng looked at the faint clouds around her. The area of the Eyrie was wider than she thought. After flying for so long, Lan Yi didn't show any signs of stopping. Instead, he kept flying forward.

Along the way, Lan Yi conveyed some of his thoughts to Yun Feng telepathically. Fei Yun's six-winged griffin bloodline couldn't be fake, but why hadn't the six-winged griffin appeared yet? This was an unbelievable question. Lan Yi's opinion was that after Fei Ling killed Fei Yun's father back then, he also attacked Fei Yun and sealed the six-winged bloodline in his body. Once Fei Yun's bloodline was awakened, there would be a second six-winged griffin among the griffins. When Fei Yun grew up, he would certainly threaten Fei Ling's position.

Yun Feng agreed with Lan Yi. Fei Yun's strength was considered low among the griffins. This didn't match his bloodline at all. It was precisely because of this huge difference that the four elders completely gave up on him. Otherwise, when Fei Yun's father died back then, the four elders wouldn't have let Fei Yun rise immediately and not consider the possibility of Fei Ling.

Fei Ling probably wanted to kill Fei Yun too, but Fei Yun quickly got away from these dangers and put himself in a corner where nobody would notice him. Fei Ling didn't take any further action. He thought that Fei Yun wouldn't become his obstacle at all.

"What's in the Wailing Valley that can stimulate the awakening of Fei Yun's bloodline?" Yun Feng sent a telepathic message. Lan Yi replied telepathically in the front, "There's a strange person in the Wailing Valley. I'm looking for him. He must have a way to break the suppression on Fei Yun."

"A strange person? So, this strange person has a very strange personality?" Yun Feng had met a lot of strange people with very strange tempers. Yao Guang back then was a typical example.

"I don't know about that. I've never seen him before and I don't know his personality."

Yun Feng frowned and glanced at Fei Yun next to her. She only hoped that this strange person wasn't too strange.

Under Lan Yi's lead, they finally arrived at the so-called Wailing Valley. The three of them landed and passed through the layers of clouds. What they saw was a paradise. Unlike the scenery in the Eyrie, which was full of mountains, there were hills, rivers, flowers and grass. It was like a sacred place in a peach garden. The smell of grass and flowers drifted in the air. It was very pleasant.

Yun Feng glanced around with her black eyes. She could see that the person living here should be someone with a calm and lofty mind. He shouldn't be anything strange... "I only know that he's in the Wailing Valley. I don't know where he is exactly."

Yun Feng frowned. They didn't know the exact location. It was better not to break in randomly. The Wailing Valley wasn't very big. This extraordinary person should be able to hear her if she shouted. Eagles had extraordinary eyesight and hearing.

"The griffins have come to visit. We wish to meet you!" Yun Feng said as her clear voice drifted into the Waning Valley along the wind, causing tremors and echoes. The three of them waited patiently for a while, but there was no response inside.

"The griffins are here to visit. We wish to meet you! We didn't mean to disturb you. It's really an emergency!" Lan Yi shouted loudly again. His voice echoed and floated in, but nobody replied.

"Uncle Yi, has he already left?" asked Fei Yun in a low voice. Lan Yi frowned. "I learned the information before I left the griffins. It's been so long. Perhaps he really left."

Yun Feng glanced at the flowers and plants on the ground with her black eyes. The corners of her mouth curled up and she had already stepped in!

"Master!" "Yun Feng!"

Lan Yi and Fei Yun were both shocked when they saw this. Why did she walk in so boldly? Lan Yi and Fei Yun followed closely behind. However, Yun Feng had just taken a few steps when a shout suddenly came from inside. "A human stepped in here! How bold!"

Lan Yi's face darkened and he quickly stood in front of Yun Feng, while Fei Yun stood on the other side. The two of them observed their surroundings to prevent any accidents. Yun Feng was also shocked in her mind. How did he see through her human identity? He was indeed an extraordinary person. Since he saw through her, it was meaningless for her to continue pretending.

"Senior, I'm indeed a human being, but I bear no even intentions. I..."

"Human, get out!" Another furious shout came! Yun Feng stood right there and chuckled softly. "If you're willing to come out and meet me, I'll certainly leave."

"How dare a human bargain with me!" The voice roared with anger. At the same time, an unknown huge object splashed out of the deep pool not far away. It had a thick, blue, translucent body and those ice blue eyes that could freeze people with one look!

Chapter 1360 Transformation (4)

"Roar..." The ice blue beast opened its mouth. Yun Feng pulled Fei Yun behind her. At this moment, Lan Yi spread his wings and flew straight up! The loud cry of a griffin echoed in the sky. His hands turned into huge palms and tore at the blue beast fiercely, but they sank the moment the claws touched it!

It was water! This Magic Beast didn't have a physical body!

Lan Yi sensed this and immediately retreated. Yun Feng sneered. Was it all water? Wouldn't it be fine if she burnt it up?

Her slim figure jumped and flipped her hand. A ball of bright fire had already appeared. Yun Feng looked at the ice blue giant beast with a cold smile as she flipped her other hand and the same ice blue water element appeared in her palm! "Water Field!" Yun Feng jumped down and the water element also pounced over in an instant. The Water Field instantly formed and trapped the ice blue giant beast firmly!

"Ice!" It was an innovative attack method of the elemental barrier. Yun Feng coldly attacked. The temperature in the Water Field suddenly dropped and kept dropping! Until the movements of the ice blue giant beast inside became stiff and even its appearance had already frozen!

"This is..." Fei Yun was dumbfounded. Such a huge thing was trapped in an instant and now, it had completely become meat on the chopping board for people to slaughter!

Yun Feng stood on the frozen Water Field. An opening was created in the Water Field and a gust of cold air came right at her! Yun Feng put on a smile with her red lips and the constantly surging fire in her other hand hit the opening. The fire elements were quickly poured in through the opening!

"Water and fire are incompatible to begin with..." Fei Yun said in disbelief. Lan Yi chuckled. Water and fire were indeed opposites, but it was possible for Yun Feng to fuse the two of them! The fire element entered the Ice Water Field and emitted weak light like stars, but the next second, flames surged!

"Boom!" Fire elements suddenly burst out of the Water Field! Red and blue intertwined, and the giant beast that was directly trapped in the Water Field let out a painful cry! Fire snakes jumped onto its body and swallowed the frozen water element abruptly. After a painful roar, the ice blue giant beast fell on the ground with a bang. Its body completely turned into a pool of water and returned to the lake, but with a bit of scorching temperature.

"Human, how dare you destroy my things without permission!" The same voice roared again. She looked at the pool that had calmed down and glanced at the flowers and grass on the side with her black eyes. The fire element spread and burnt the flowers and grass!

"Senior, if you don't mind if I burn this place to the ground, just keep hiding." Yun Feng shouted loudly as her voice echoed in the valley. Lan Yi and Fei Yun both chuckled secretly. Wasn't this a bit shameless?

"How bold! I'll teach you a lesson right now!" After the furious voice, a ferocious aura suddenly came from the valley. It was so fast that Yun Feng frowned and quickly retreated! Lan Yi stood next to Yun Feng with a sullen face. Fei Yun watched nervously. This aura was making him unable to breathe!

A figure suddenly flashed out of the depths of the valley and stood in front of Yun Feng and the others. He glanced at the three of them with his unusually sharp eyes and sneered. "You're quite bold to threaten me."

Yun Feng looked at the old man in front of her. He had gray hair and a lot of wrinkles on his face, but he didn't look old. He was very tall and slim, looking like a hidden expert. Those eyes didn't match the overall calm and gentle temperament, showing the sharpness that only the eagles had. Yun Feng observed carefully and found that those eyes were exactly the eyes of the eagles! After he transformed into human form, he still had the most primitive eagle eyes of the eagles!

After the old man spoke, a powerful aura suddenly burst out of his body and pounced towards Yun Feng and the others. Yun Feng's black eyes darkened and her mental strength immediately surged out like the old man's aura, colliding fiercely! "Hm!" The old man's aura was a bit stronger. Yun Feng only resisted for a while before her mental strength was completely broken and the aura hit her body fiercely!

"Master!" Lan Yi shouted with concern, but Yun Feng shook her head and held her chest. "I'm fine."

The old man raised his white eyebrows slightly. "I didn't expect a human like you to be so capable."

"If you didn't attack first, I wouldn't have offended you," said Yun Feng neither humbly nor arrogantly. The old man raised his brows. He was a bit surprised that Yun Feng wasn't afraid of him! "Humans shouldn't have appeared here. The griffins are quite bold. Leave as soon as possible!" The old man waved his hand impatiently and turned around to leave. Yun Feng saw that neither carrot nor stick worked for this old man.

"Wait!" Fei Yun suddenly shouted. The old man sneered. "Kid, who do you think you are? You think you can command me?"

"Senior, the griffins are in trouble. Please help us!" said Lan Yi. The old man snorted in disdain. "What does the griffins have to do with me?"

"If there's chaos among the griffins, there will definitely be chaos in the Eyrie. Senior, you don't want the peace in the Wailing Valley to be broken!" What Yun Feng said finally made the old man stop. The old man turned around and looked at Yun Feng with his eagle eyes. "Nobody has the courage to fight here."

Yun Feng was secretly enraged. What a stubborn old man! It was just a piece of cake for him. Why did he make so many excuses? If there weren't any other way, they wouldn't have come here to disturb him! He didn't listen to soft or hard words. This old man was truly difficult to deal with!

Yun Feng looked at the old man's back coldly with a hint of cunningness and darkness in her eyes. She turned around and walked out. "Master, you..." Lan Yi couldn't help but feel stunned when he saw that Yun Feng was about to leave. This wasn't like her personality. Why did she leave just like that?

"Yun Feng, where are you going?" Fei Yun couldn't help but ask. Yun Feng yawned lazily. "Let's go back. This old man is useless to us. We'll find another expert."
