

## Summoner 1361

### Chapter 1361 Transformation (5)

Yun Feng turned around and winked at Lan Yi and Fei Yun. "What hidden genius? I think he's just a coward who hides here."

Lan Yi and Fei Yun immediately understood what Yun Feng meant. The three of them smiled in unison and Lan Yi also turned around. "Maybe I heard it wrong back then. We should find someone else. There might still be a chance."

Fei Yun held back his laughter and said loudly, "Is that so? I thought there was something impressive about him. I see. Then, we should leave as soon as possible and not waste time here."

Yun Feng chuckled in her mind. From the corner of her eye, she saw the back of that old man who had stopped moving at some point. Judging from the hardness of his body, she knew that the old man wasn't the calm type. She didn't believe that he wouldn't fall for her provocation!

Yun Feng sighed and said loudly, "Lan Yi, you should find more reliable information next time. Isn't this a waste of our time?"

"Yes, Master is right," replied Lan Yi with a muffled laugh. The three of them walked out. After walking a few steps, a tornado came from behind and blocked their way. There was only anger of provocation in the man's eagle eyes. The old man gritted his teeth and said, "What did you three say about me?"

Yun Feng laughed in her mind, but she looked disdainful on the surface. "We're leaving. I don't want to waste time on you. I doubt the rumor about this place. Senior, you're quite strong, but is it really as rumored? I don't think so."

"What did you say?" The old man immediately widened his eyes and the veins on his neck bulged. Yun Feng raised her brows and continued adding fuel to the fire. "Why? What did I say wrong?"

"Master, let's go. Don't waste time. Let's start finding another expert." Lan Yi added at the right time. The old man was so angry that he almost stomped his feet. Yun Feng suppressed the smile in her heart and walked out, but the old man suddenly shouted furiously, "Stop right there!"

Yun Feng and the others stood there obediently. The furious old man gritted his teeth and said, "Tell me! Why exactly are you here?"

Yun Feng raised her brows. "Actually, it doesn't matter if we tell you or not. Are you capable of dealing with it?" Her distrustful gaze made the old man's central nervous system jump. "Tell me! If I can't deal with it, I'll leave this place!"

Lan Yi and Fei Yun's eyes brightened! He really took the bait!

"Senior, since you took the initiative to make a promise, I can only satisfy you." Yun Feng held back her laughter. She only felt that the old man in front of her, who was so enraged that he flew into a rage, was quite interesting. He was truly different from before. "The bloodline of the six-winged griffin in Fei Yun's body is sealed. We're here to find a way to undo the seal."

The old man immediately locked his eagle eyes on Fei Yun after hearing that. The inexplicable pressure made Fei Yun a bit nervous. His body stiffened as he let the old man size him up. The old man frowned after glancing at him a few times. "It's really sealed. And the person who sealed him used an extraordinary technique."

Was that really the case? Yun Feng's black eyes glittered. It seemed that Lan Yi's guess was right. As long as she removed the seal, Fei Yun's bloodline of the six-winged griffin would be able to awaken successfully!

"Senior, do you have a way to solve it?" Yun Feng asked. The old man grunted. "Of course there is, but..."

"What's the condition?" Yun Feng asked. The old man snorted coldly. After calming down, he certainly knew that he had been tricked. He couldn't help but feel a bit frustrated in his mind, especially for Yun Feng. If this human wasn't cunning, he wouldn't have jumped into this trap at all! Brutality flashed in the old man's eyes. He suddenly attacked and sent an aura towards Yun Feng, directly entering her body!

Lan Yi and Fei Yun were stunned. The old man quickly restrained Fei Yun and jumped into the sky. "Human, if you can hold on until this kid comes out, I'll let you back! If you can't, he'll die here too!" After saying that, the old man's body flashed and disappeared into the depths with Fei Yun!

"Fei Yun!" Lan Yi wanted to chase after him, but he instantly lost track of the old man. His face couldn't help but darken. Would Fei Yun be in danger?

"Ugh!" A grunt came from behind. Lan Yi turned around and finally saw Yun Feng's pale face at this moment. "Master!" Lan Yi immediately ran over and Meatball also jumped down directly, running around Yun Feng anxiously.

Yun Feng's face turned pale and she sat down a bit unsteadily. At this moment, her spiritual space was in chaos and there was an aura wandering crazily inside her body! "He inserted the aura of a Magic Beast into Master's body!" Lan Yi suddenly exclaimed after noticing that. How could a human body withstand the aura of a Magic Beast? She would explode from the aura sooner or later! Besides, that old man was stronger than Master. If she didn't eliminate his aura immediately, it would be even more dangerous!

"Master, get it out quickly!" Lan Yi shouted anxiously, but Yun Feng could only smile wryly. She also knew that if she let this aura mess around in her body, her body would explode sooner or later. However, she had tried. This aura was too brutal and refused to leave at all!

"Master, let us help you!" Lan Yi called anxiously. Yun Feng could only nod. Enduring the extremely uncomfortable feeling inside her body, she released the three contracted Magic Beasts. Once the three contracted Magic Beasts appeared, they immediately sat around Yun Feng without saying a word. The four of them all understood what kind of danger Yun Feng was facing! If they couldn't help her eliminate this powerful aura, Yun Feng could only explode!

"That damn old man, I'll tear him apart!" Little Fire roared furiously. Yaoyao was very worried when she saw Yun Feng's pale face. "Xiao Feng, you'll be fine! We won't let anything happen to you!"

"Cut the crap! Hurry up!" Er Lei roared. The four contracted Magic Beasts immediately held their breath and focused. Four elements of different colors shot out of their bodies and directly fused into Yun Feng's

body. There was a hint of determination in the eyes of the four contracted Magic Beasts. They couldn't let anything happen to Yun Feng!

The wind gently drifted across the sky of the Wailing Valley and couldn't blow away the layers of clouds in the sky. In the silence between the sky and the earth, a transformation was quietly beginning!

There was silence in the Wailing Valley. Apart from the occasional sound of the wind and the roars of a few Magic Beasts that seemed to be floating in the distance, there was nothing else. A figure was sitting on the green grass with her eyes closed. Her slender body didn't look thin, but was full of a calming power.

#### Chapter 1362 Blessing in Disaster (1)

It had been a long time since that old man forced the aura of a Magic Beast into Yun Feng's body. Yun Feng's extremely pale face because of the Magic Beast's aura back then gradually wasn't pale anymore and she returned to normal. However, her eyebrows were still slightly furrowed. Yun Feng still hadn't successfully resolved the aura of the Magic Beast in her body. She could only suppress it for the time being.

The four contracted Magic Beasts sat next to Yun Feng. Four elements of different colors connected to Yun Feng's body from their bodies. The four contracted Magic Beasts didn't relax at all, because they all knew what kind of torture Yun Feng was undergoing in her body right now. "That old guy's aura still hasn't been eliminated!" Little Fire sat on the side in the form of a boy and looked at Yun Feng with his black eyes, sounding very irritable.

"This aura is too powerful. It's already not bad to be able to suppress it for a while!" Er Lei roared with his rough facial features twisted together. "Yun Feng, work hard for me!"

"Xiao Feng will definitely be fine!" Yaoyao said loudly as she looked at Yun Feng with her big blue eyes. She suddenly thought of something. "I can transfer the ancient power I absorbed into Xiao Feng's body. In that case..."

"Do you want her to explode and die right now? It wasn't easy for us to control that old guy's aura, but you still want to add fuel to the fire!" Er Lei roared at Yaoyao. A layer of mist immediately surged out of Yaoyao's blue eyes. "Then what should we do? Xiao Feng can't keep doing this. We have to expel that aura!"

"Idiot, be more polite!" Little Fire was a bit upset to see Er Lei shout at Yaoyao. At this moment, Lan Yi suddenly roared, "Stop arguing!"

The three contracted Magic Beasts all glanced at Lan Yi and didn't say anything else. "Master will definitely be fine. The most important thing right now is to stabilize the aura in her body!"

"What happens after that? Do you want her to stay here like this forever?" Er Lei sneered. Lan Yi's face suddenly darkened. "I believe Master will have a solution! You don't know what Master is capable of. You'd better be more polite!"

Er Lei was startled and didn't say anything. Perhaps it was the first time he saw Lan Yi, who had always been gentle, speak so gloomily. Yaoyao and Little Fire were also a bit shocked. At this moment, Lan Yi's handsome face was completely covered with a layer of dark clouds. He couldn't help but worry about

Yun Feng's situation. He was also worried about Fei Yun, who was taken away by that old guy! Would Fei Yun be in danger? Would that old guy really not do anything with his personality? Thinking of the danger Fei Yun might encounter, Lan Yi felt panicked in his heart.

The four contracted Magic Beasts fell silent again. Yun Feng still needed their help at this moment. She needed their strength and also needed her own hard work to tide over this crisis. At this moment, Yun Feng, who had her eyes closed, looked indifferent. At this moment, her entire mind had already observed the situation inside her body from the perspective of a third party. The mental space, which was shaking constantly because of that aura, finally calmed down. That aura was driven to a fixed position in her mental control with the help of the four contracted Magic Beasts. At this moment, that aura was wrapped by Yun Feng's mental strength and spun slowly in the mental space like a ball. There was a kind of power that kept evaporating from inside, but it was wrapped by Yun Feng's mental strength and wouldn't run around anymore.

Yun Feng's heart was quite heavy. Even though this aura was suppressed, it couldn't always stay in such a state. If she didn't eliminate it completely, she wouldn't be able to do anything else at all. She couldn't be trapped in the Wailing Valley forever! However, what should she do right now? Controlling it was the best solution right now. It took her and the four contracted Magic Beasts a lot of effort to drive this aura here. It was impossible to eliminate it right now. Once Yun Feng's mental strength moved, this aura would become an uncontrollable wild horse running around again. By then, it would be extremely difficult for Yun Feng to control it again.

What should she do... Yun Feng looked at the aura wrapped in mental strength in her spiritual space and her black eyes darkened. It wasn't that she hadn't had other thoughts, such as absorbing it. However, it was impossible for a human body to absorb the aura of a Magic Beast. Even if Yun Feng's body had been transformed by the light element, she was still a human being after all. Humans couldn't accept the aura of a Magic Beast at all. Yun Feng had also tried. After countless failures, she had to give up the idea.

She couldn't absorb it or eliminate it. The situation was completely in a stalemate.

As time passed, Yun Feng knew that she couldn't continue the stalemate anymore. If she wanted a new situation, she must take this step. No matter if she could succeed, she had to take this risk!

"Little Fire." Yun Feng's voice came. The four contracted Magic Beasts all heard her. Little Fire's black eyes glittered. "Master, are you feeling better?"

"That aura is finally under control. However, this situation can't last forever."

The four contracted Magic Beasts had the same thought in their minds. Er Lei raised his brows. "What are you planning to do?"

Yun Feng took a deep breath. "Instead of being in a stalemate, it's better to take a bold step. I'm wondering if the dark elements will be useful."

"Dark elements?" A beam of purple light flashed through Er Lei's eyes. Lan Yi and Yaoyao were enlightened. Little Fire frowned and immediately said, "No! Even though I have dark elements, this is elemental energy that belongs to Magic Beasts. Just like the aura of Magic Beasts, humans can't absorb it!"

“He’s right. If his dark elements are poured into your body, are you trying to self-destruct?” Er Lei’s voice was a bit angry. Lan Yi and Yaoyao also stopped her. This was too risky!

“Nana, Fengfeng, nana!” Meatball ran around Yun Feng excitedly and its little head kept shaking. It looked at Yun Feng anxiously with its big eyes and its little claws were also scratching the ground. It could be seen that it also strongly opposed to the idea.

“There’s no other way!” Yun Feng’s voice made the four contracted Magic Beasts quiet down again. “I can’t stay here forever! I still have my own things to do. I have to go back to the Yun family! If I don’t take this step, I’ll only be trapped here!”

“But Master...” Little Fire was about to say something else when Yun Feng’s voice came again. “I know this is very risky. It’s very likely that my body will explode the moment the dark elements enter, but... this is my choice.”

### Chapter 1363 Blessing in Disaster (2)

“Nana!” Meatball shouted loudly as it shook its little head like a rattle and walked around in frustration. The four contracted Magic Beasts remained silent. This decision was almost 100% dangerous! What should they do? Should they listen? Send Yun Feng to the road of explosion in person?

Little Fire sat there with a conflicted look. He, who was the only one with dark elements here, was the key. He was also the earliest contracted Magic Beast that accompanied Yun Feng. He had been with Yun Feng since the moment they contracted in the Foggy Forest. He had experienced the most things with Yun Feng and his feelings for her were also the deepest.

The boy’s facial features were twisted and he clenched his fists tightly. He couldn’t say anything for a long time. The other three contracted Magic Beasts all looked at Little Fire. At this moment, a voice suddenly sounded in everyone’s mind! “You’re making it sound like you’re going to die. Is it so serious?”

“Who is it?” The four contracted Magic Beasts were shocked. Meatball also shivered and stood straight from the ground. Apart from them, Yun Feng didn’t have any other contracted Magic Beasts at all. Where did this voice come from?

!!

This voice... Yun Feng was shocked. Her consciousness was instantly pulled into darkness. When her consciousness opened again, those huge red eyes appeared in front of Yun Feng! “Did you drag me here by force?”

The giant red eyes narrowed slightly and the sound of chains came from the dark. It sounded like a huge body moved slightly. “Sort of. I don’t want this body where I live to be damaged by your reckless behavior.”

Yun Feng chuckled after hearing this. “Do you care about this shell a lot?”

“Of course I do! I’m quite satisfied with this body so far. As for you...” There was a hint of viciousness in the huge scarlet eyes. “It just makes me a bit frustrated. The deal between us is still there. I don’t want my freedom to be destroyed because of your death.”

Yun Feng raised the corners of her mouth. “You have a solution?”

A weird laugh came from the dark. "Hehe, just because you can't absorb that Magic Beast aura doesn't mean I can't."

Yun Feng's black eyes glittered. "Don't forget that you're locked in this space in my body. That Magic Beast aura can't reach here at all."

"So, humans are stupid. If you can't reach here, can't you send it in?"

Yun Feng's black eyes turned cold as she suddenly approached the giant red eyes in front of her. Sensing her movement, the giant red eyes couldn't help but show a trace of shock. It didn't expect her to take the initiative to approach. Yun Feng suddenly stood a few centimeters away from the giant eyes. The sound of chains sounded in the dark and she slowly narrowed her clear and slightly cold black eyes. "In your mind, humans are stupid. However, humans locked you up here and I, as a human being, can give you freedom."

The giant red eyes flashed in panic. Yun Feng slowly curled her red lips and stepped back. "That Magic Beast's aura is restrained by my mental strength. If I want to send it here, I must unlock it and move with my consciousness. I'm not confident that I can control it firmly again."

"Hm, you were quite arrogant just then! Didn't you want to introduce the dark elements of Magic Beasts into your body just then?"

Yun Feng raised her brows as an evil smile flashed through the huge red eyes. "If you can restrain it with your mental strength, you can use another temporary restraint, but it's unknown how long you can last. It's more difficult to control the elemental energy of a Magic Beast than the aura of a Magic Beast. Fortunately, it's your contracted Magic Beast. This can buy you some time."

Use the dark elements to replace mental strength to restrain that aura? Yun Feng pondered secretly. This was indeed a feasible solution. She originally planned to use the dark elements to corrode that aura, but it seemed that she would very likely explode and disappear before the aura was completely corroded.

It would be a good idea if she could give the aura to the one in front of her to deal with it. At least, she wouldn't be hurt. Yun Feng thought about the feasibility. The voice chuckled again secretly. "What are you waiting for? That aura is very powerful and its level is higher than yours. It'll be very beneficial for you if I absorb that aura."

"What benefits do I have?" Yun Feng raised her brows. What the guy in front of her said was very confusing and provocative. She had to think carefully and wouldn't believe him easily.

"I'm in your body. You'll automatically absorb the energy transformed from this aura. Do you still not understand?"

Yun Feng was enlightened. So, the existence of this Magic Beast was like a filter. That Magic Beast aura wasn't dangerous to it at all. After this process, she would absorb pure energy that could help her cultivation!

The smile at the corners of Yun Feng's mouth widened. "Sure, deal."

After her consciousness returned to her spiritual space, Yun Feng was already a bit more confident in her mind. It was indeed good to have this guy's help, but it still had to be based on the fact that she could successfully send that aura to him. And the premise of all this was that she must pour Little Fire's dark elements into her body and try to restrain this aura in the shortest time possible!

The key was how long she could last!

"Little Fire, pour your dark elements into my body!" Yun Feng's voice came. Little Fire was startled. "That's an order!"

The expressions of the four contracted Magic Beasts all darkened. They certainly knew how risky Yun Feng was doing this. If she was careless, Yun Feng would explode! Little Fire gritted its teeth. As a contracted Magic Beast, it couldn't disobey its master's order. This was also the first time Yun Feng said the word "order".

Pure black wings appeared on its back. The pure black color of the wings was extremely dazzling. Little Fire gritted its teeth fiercely. The next second, wisps of black elements had already mixed into its fire elements and flowed into Yun Feng's body!

"Master, I can't input too much!" Little Fire frowned and looked at Yun Feng nervously. Yun Feng's voice came. "Don't worry. I'll be careful."

Meatball watched nervously, fearing that something would happen to Yun Feng. The fur all over its body pricked up and its big eyes were full of worry. The other three contracted Magic Beasts all looked at the red and black elemental energy between Little Fire and Yun Feng. Dark elements slowly entered Yun Feng's body. Little Fire was also restraining itself carefully. It couldn't inject too much. It couldn't inject too much!

### Chapter 1364 Blessing in Disaster (3)

The dark elements that belonged to Magic Beasts slowly flowed into her body. Yun Feng's spiritual space suddenly rolled the moment the dark elements flowed in, like a hungry storm in the sea. The calmness was instantly gone! Quiet down! Yun Feng tried her best to control her mental energy and suppress the energy that was about to erupt and roar. She carefully enveloped the aura of the Magic Beast. She couldn't make any mistakes. If she made any mistakes, she would lose everything!

The moment the dark elements entered Yun Feng's body, it was like a wild horse that had run out of control. However, before it ran crazily, Yun Feng's mental strength had already rushed over and put a firm rein on it, pulling it all the way to the spiritual space in Yun Feng's body. Tiny dark elements finally arrived in the spiritual space under the guidance of Yun Feng's powerful mental strength. At this moment, Yun Feng's mental strength suddenly roared, as if she had encountered an enemy who wanted to steal her territory!

Sweat had already appeared on Yun Feng's forehead. Her cheeks, which were already a bit red, became pale again. The three contracted Magic Beasts were all shocked when they saw this. Little Fire's dark elements were still being transmitted. Seeing Yun Feng like this, Little Fire was a bit anxious. "Master..."

“Don’t stop!” Yun Feng’s fierce voice came. Little Fire gritted its teeth and continued to transmit the dark elements. Yun Feng’s sweat dripped down her face. Meatball leaned against Yun Feng’s knee and looked up at Yun Feng worriedly.

!!

At this moment, Yun Feng’s spiritual space was already boiling. As the dark elements kept surging in, her powerful mental strength seemed to be provoked and kept shouting. Even though Yun Feng tried her best to suppress it, her spiritual space was still shaken quite a bit. The aura of the Magic Beast that enveloped her almost flowed out several times!

Controlling was a rather difficult thing, especially in such a special place in her body. It was even more difficult to control her mental strength, which was already powerful. What Yun Feng had to do must be done carefully and she couldn’t make any mistakes! Time was stretched infinitely at this moment, as if every second would be permanent.

“Little Fire, stop!” As Yun Feng shouted, Little Fire suddenly heaved a sigh of relief and immediately stopped the invasion of its dark elements, retracting them firmly. The other few Magic Beasts were also relieved in their minds. However, this was just the beginning. Every step Yun Feng was going to do next had the possibility of suicide!

The few contracted Magic Beasts were all worried for Yun Feng, including Yun Feng herself! The dark elements fluttered slowly in Yun Feng’s spiritual space like a weird ribbon. Yun Feng looked at the black ribbon and felt the violent energy coming from it. Luckily, Little Fire was her contracted Magic Beast, or she might have ended her life because of this fragile human body the moment the dark elements entered.

Since the dark elements had already entered her spiritual space successfully, the first thing Yun Feng had to do was to release her mental strength and then use the dark elements to completely envelop the aura of the Magic Beast! Yun Feng took a deep breath. The moment she released her mental strength, the aura of the Magic Beast would definitely run around. She had to envelop it with the dark elements as quickly as possible! If Yun Feng was a second slower in the process, the aura of the Magic Beast would spread to all parts of her body again. This time, Yun Feng would inevitably face the fate of death!

Phew... Taking a deep breath, Yun Feng’s black eyes darkened. Begin!

The mental strength that enveloped the aura of the Magic Beast slowly spread out under Yun Feng’s control. It was being unlocked slowly right now, layer by layer. As the number of layers decreased, the wildness of the Magic Beast increased! As the mental strength of each layer retreated, Yun Feng’s brain became more and more tense. Soon, the last lid of the box would be lifted! The last layer of mental strength was completely removed and the Magic Beast aura, which had regained its freedom, immediately rampaged and roared, wanting to rush out of her spiritual space!

“Ugh!” Yun Feng grunted. The pain inside her body became worse because of the chaotic aura. Her face was completely pale. The turmoil in her spiritual space directly affected her body. Yun Feng only felt that her entire mind was a bit blurry, but she knew that she had to do something at this moment!

She bit the tip of her tongue hard with her teeth and directly swallowed a mouthful of blood, waking up her mind that was starting to become blurry. Under the guidance of her mental strength, the dark

elements enveloped that unbridled aura. The Magic Beast aura seemed to feel that it was about to be restrained again and wanted to rush out of the spiritual space crazily, causing an even more violent shock. Yun Feng's sweat flowed down her face frequently and a dense fog gradually formed on the grass. The few contracted Magic Beasts all watched nervously and dared not to do anything easily, fearing that they would cause unnecessary trouble for Yun Feng. At this point, they could only watch from the sidelines. Everything depended on Yun Feng herself!

Ah—I don't believe I can't restrain you! Yun Feng shouted in her mind as the dark elements approached the Magic Beast's aura, but the Magic Beast's aura was like a wild horse that had run away. The moment the dark elements approached, it had already escaped somewhere else!

The discomfort in her body became more and more obvious. Yun Feng had already felt an invisible pressure rushing out of her veins like an air current. The veins were slowly expanding and so was her entire body! That was a sign that her body was about to explode!

I can't die here. I can't explode because of this aura! I have too many things to do. There are many people I have to protect with my life. I can't die!

The mental strength in her spiritual space suddenly changed and slowly pounced towards the aura of the Magic Beast again. Shock flashed through the huge red eyes that were waiting for Yun Feng somewhere. What was she doing? Did she really want to die doing this?

The constantly raging aura of the Magic Beast was slowly suppressed by Yun Feng's mental strength, as if it had encountered walls that were constantly shrinking around it. Its range of activity was constantly shrinking! The dark elements that belonged to Little Fire were also pulled into this constantly shrinking space at the same time. Yun Feng only felt intense pain in her mind. At this moment, her mental strength had to drive away the aura of the Magic Beast and also attract Little Fire's dark elements. It had already exceeded Yun Feng's capacity! It was truly unbelievable that she could last until now!

"Master!" The few contracted Magic Beasts all shouted worriedly when they saw Yun Feng's worsening expression. Meatball jumped to Yun Feng's cheek and rolled its big eyes. It glanced at Yun Feng's face with its long tail, not knowing what to do.

Chapter 1365 Blessing in Disaster (4)

"What should we do?" Little Fire roared anxiously. Er Lei said, "We can't do anything!"

"But Xiao Feng..."

"He's right. We can't do anything right now." Lan Yi said calmly on the side. "How many times has Master been in such a dangerous moment? She's always safe and sound, and it'll be the same this time!"

"Humph! I hope she'll be as lucky as you say this time!" Er Lei frowned and stared at Yun Feng firmly. He knew she would mess around, but he didn't know she could mess around to this extent! Ao Jin, is this the mature and reliable girl you talked about? What the hell?

!!

In her spiritual space, Yun Feng was making one last effort. The skin all over her body had already been stretched to the point where blood vessels could be seen. Even the densely packed capillaries could be seen extremely clearly! Yun Feng could only hold on for a short period of time. If she still couldn't succeed during this period of time, she would only explode and die!

Get in there! Yun Feng let out a furious roar and exerted her mental strength, tying up the aura of the Magic Beast again. The dark elements were like a chain at the same time, slowly tying up the aura of the Magic Beast! After the wild aura touched the dark elements, it suddenly struggled and almost broke through the barrier of Yun Feng's mental strength again. Yun Feng gritted her teeth. Just a little longer, just a little longer!

That old man's aura was unusually stubborn. Even though Yun Feng suppressed it like this, it didn't give up struggling. The dark elements couldn't restrain it firmly after several times. Yun Feng could already feel that she couldn't hold on for long. The feeling of her body being pushed open became more and more obvious. Thirty seconds. She could only hold on for thirty seconds at most!

The dark elements and the aura were still playing tug-of-war. The blockage of her mental strength was also slowly weakening. Yun Feng was about to reach the limit! "Poof!" The soft sound of her skin being stretched sounded in Yun Feng's ears. She knew that her body couldn't hold on anymore. Yun Feng was kind of an amazing person to be able to hold on until now with her weak human body!

Ten seconds... The last ten seconds!

Her mental strength was still shrinking, but it was obviously shaking. The dark elements kept trying to trap the aura. Eight seconds, failure! Seven seconds, failure! Six seconds, failure! The clock ticked in Yun Feng's mind. Five seconds, four seconds, three seconds!

"Pa!" The dark elements wrapped around the aura tightly!

Before she could take a breather, Yun Feng's consciousness brought the aura of the Magic Beast bound by the dark elements to the unknown space inside her body. The huge red eyes waiting there looked at Yun Feng. "You were playing with your life."

Yun Feng smiled weakly. "Maybe. I'll leave the rest to you."

She sent the aura forward and only heard the loud sound of chains dragging. Then, a gust of wind rose. Yun Feng couldn't feel the existence of the aura anymore. A glint of light flashed through her red eyes. "Next, you just have to wait. Yun Feng, you're about to get more than you think."

Yun Feng chuckled with deep black eyes. "I hope so."

Yun Feng's aura gradually stabilized. The few contracted Magic Beasts immediately heaved a sigh of relief when they felt that. Since Yun Feng's aura was stable, it meant that everything was under control and she was already far away from all danger. Er Lei took a deep breath. "I've never been so nervous!"

Little Fire burst into laughter and looked at Yun Feng proudly. It knew that its master would be fine!

"Xiao Feng, that's great." A smile also appeared on Yaoyao's little face. Meatball sat on the ground with its round body and also took a deep breath. Lan Yi said in relief, "It's great that Master is fine, but we can't let down our guard. That aura is still in Master's body and hasn't been expelled!"

The other few nodded solemnly. Since it wasn't expelled, it meant that there was still danger. They certainly couldn't let down their guard!

Time continued to pass slowly. Yun Feng's aura became more and more stable and long. Nothing unusual happened again, but the few contracted Magic Beasts were still very careful, in case anything happened. Fei Yun had been taken into the valley by that old man and hadn't appeared again. Yun Feng sat on the ground with her eyes closed. Her little face wasn't pale anymore and the spiritual space inside her body had completely stabilized. It was indeed a good choice to give that aura to that red-eyed guy. Yun Feng wasn't affected at all right now, but she clearly felt that the spiritual space inside her body was changing slightly.

As time passed, this change slowly became more and more obvious. She also vaguely realized that she might really get more than she thought. That red-eyed guy was right, and she needed this opportunity!

The aura of the Magic Beast was secretly digested. Yun Feng felt an unfamiliar energy in her body, like a butterfly that was about to break out of its cocoon. She knew that the aura of the Magic Beast had almost been absorbed. That red-eyed guy said that the energy would be absorbed by her. It seemed that this unfamiliar energy was it.

Yun Feng wanted to seize this opportunity and take a step forward with her strength. She had just entered the level of the God right now. Even though her strength had been consolidated quite well at the level of the Lord God, she always needed opportunities to reach the Grade 2 of the God Level. And now was an opportunity! If she grabbed it, she would be able to take this step steadily! After entering the level of the God, Yun Feng felt that the amount of energy needed to accumulate for every grade was astonishing. Every grade needed time! If it was difficult to level up below the God Level, then it was as difficult as ascending to the sky above it! The effort needed to take every step was far beyond people's imagination!

Yun Feng wanted to use this opportunity to directly reach Grade 2 of the God Level! It was impossible to reach Grade 3 of the God Level. Grade 2 was already the limit this time, but it was enough! Even if the six-winged Fei Ling of the Griffins completely recovered, Yun Feng was confident that she could kill him if she could reach Grade 2 of the God Level! She would be powerful enough to return to the Yun family as a Grade 2 Lord. Her strength would definitely be astonishing when she advanced!

Yun Feng waited for the moment of harvest to come quietly. Finally, the butterfly that wanted to break out of the cocoon finally moved. The time was ripe! This was the moment to gain power!

The unfamiliar energy that came out of the cocoon lingered in Yun Feng's body. Yun Feng's spiritual space was like a black hole, absorbing all the energy inside like a greedy mouth, not letting go of any food that passed by!

#### Chapter 1366 Blessing in Disaster (5)

An unfamiliar powerful energy surged into Yun Feng's spiritual space. Feeling the surging power, Yun Feng couldn't help but put on a smile. Her aura also changed abruptly at this moment!

"Master's energy fluctuation has changed!" The few contracted Magic Beasts all felt Yun Feng's change immediately. The change in the energy fluctuation became more and more obvious, showing a gradual

rise. The few contracted Magic Beasts all had a tacit understanding in their minds that Yun Feng was about to break through!

As expected, when the aura rose to the peak, it suddenly froze there. The few contracted Magic Beasts also focused their minds and felt the energy fluctuation coming from Yun Feng's body, feeling the joy of being about to jump to the next level!

"Pa!" The sound of something breaking sounded. Yun Feng felt that she had passed through some barrier and her body immediately became extremely relaxed. A deep force jumped from somewhere in her spiritual space and directly covered her entire body! Yun Feng felt an unprecedented smoothness. Her black eyes suddenly opened at this moment and a dazzling light flashed through them!

Grade 2 of the God Level!

Even though it was just a one-grade breakthrough, Yun Feng felt an essential change. The moment she opened her eyes, the few contracted Magic Beasts also opened their eyes and looked at each other with a smile. They had all reached grade 2 of the God Level without exception!

Yun Feng raised her arm. Even though she had closed her eyes just then, she knew that her body had injuries. However, her skin was extremely smooth right now and she couldn't see any wounds, as if she had been reborn. Yun Feng looked at her fair skin and remained silent. Meatball jumped onto Yun Feng's shoulder and rubbed its fluffy body against Yun Feng's face happily.

Yun Feng chuckled and touched its fluffy body with her hand. Even though this body had been modified, it was still too weak. If what happened before happened a few more times, her body would be crippled sooner or later. Thinking of this, Yun Feng's eyes darkened. It was time to change this body again, but in a different way.

"Congratulations, Master." The few contracted Magic Beasts all said. Yun Feng chuckled and stood up from the ground to stretch her back. "How long has it been? Did that old man and Fei Yun show up?"

"It's been almost a year since Fei Yun disappeared."

Yun Feng couldn't help but feel secretly surprised. Almost a year? It took so long! In her consciousness, only a few days had passed. She didn't expect it to be a year! And Fei Yun didn't show up even once after that old man took him in. Yun Feng's black eyes darkened slightly. "Let's go in."

Lan Yi was stunned. Yun Feng chuckled. "Rather than waiting outside, let's go in and take a look ourselves." After saying that, Yun Feng glanced at the depths of the Wailing Valley with her black eyes. "If that old man doesn't have any ability, he'll probably die this time."

Lan Yi looked at Yun Feng gratefully. Yun Feng didn't say anything else and had already jumped into the depths of the Wailing Valley. The few contracted Magic Beasts followed closely behind. They entered the Wailing Valley forcefully. After walking for a while, Yun Feng saw a place that looked like a residence. There was also a rapid waterfall next to the residence that was in a very bad condition. The sound of water kept coming. The few of them had just arrived at the residence when a figure blew over like the wind.

"You broke in without permission! Human, my aura didn't kill you. It's beyond my expectation." The old man stared at Yun Feng with his eyes and was very confused. He expected Yun Feng to either lose half of

her life or die completely at this moment. She shouldn't be standing in front of him like nothing happened. Besides... her aura was obviously much stronger than last time! What was going on?

Yun Feng chuckled. "It's a blessing in disguise for me. It's all thanks to you this time."

The old man narrowed his eyes. Lan Yi looked around. "Where's Fei Yun?"

The old man snorted. "What if I said that he died in my hands a long time ago? After all, you fooled me back then. I didn't want to help you at all!"

"If he dies, you'll die with him!" Lan Yi roared fiercely. The old man only sneered in disdain after seeing that. "Die with him? You think you can do that?"

Yun Feng sneered. "Senior, he's not joking. Please consider carefully before you say anything."

The old man raised his brows. "Do you want to get more of my auras?"

Yun Feng laughed loudly with light in her black eyes that the old man couldn't understand. "If that's the case, I can't wait!" Even though it was very dangerous to have a few more auras, it was also a kind of gift from another perspective. If it weren't for the old man's aura, Yun Feng wouldn't have been able to enter grade 2 of the God Level.

The old man suddenly frowned. When he tested Yun Feng just then, he had already found that the aura had already disappeared in Yun Feng's body! "You expelled that aura!" The old man shouted in shock. This human could expel his aura out of her body. What method did she use?

"It's not discharged." Yun Feng chuckled as a glint of darkness flashed through her black eyes. "It's completely absorbed."

What? The old man's expression changed abruptly. He stared at Yun Feng firmly with his eagle eyes. "How can a human like you completely absorb the aura of a Magic Beast?" The old man was completely dumbfounded, but the truth was right in front of his eyes. Yun Feng was the evidence. She was standing here unscathed!

"Not only that, but my strength improved by one grade thanks to you, Senior."

The old man's face changed again and his facial features were completely twisted. After the extreme shock in his mind, he was enraged. Great, his aura didn't hurt her at all, but became her help! Nobody would believe this at all and he would be mocked to death by some people! He wanted her to die, but he gave her a hand. What kind of logic was that?

"What a freak." The old man gritted his teeth and said. Yun Feng only smiled lightly. "Senior, if you send a few more auras, welcome."

The old man grunted in disdain. He would be a fool to send her a few more auras to let her advance faster. How would it be so good? Don't even think about it!

"Senior, one year has already passed. Where exactly is Fei Yun? There's no trace of him nearby." Yun Feng's eyes turned cold. The old man did bring Fei Yun in, but there was no trace of Fei Yun here, which proved that he wasn't here!

“Where exactly is he?” Lan Yi was also anxious. Thinking that something had happened to Fei Yun, he was worried in his mind. The old man put on a cold smile. “Since you came to me to find a solution, you should have thought of everything.”

#### Chapter 1367 Blessing in Disaster (6)

Yun Feng and Lan Yi’s expressions changed. What he said was right, but when she thought of what would happen to Fei Yun, Yun Feng didn’t feel good in her mind. It was indeed very risky to undo the seal and awaken the bloodline, but Yun Feng still couldn’t bear to see that young griffin lose his life because of this.

“Even if he’s dead, I’ll bring his body back!” Lan Yi roared furiously with viciousness on his handsome face. The old man raised his brows and didn’t say anything. At this moment, a voice came. “Senior, why do you have to make things so difficult for Uncle Yi?”

“Fei Yun!” Lan Yi’s blue eyes immediately brightened when he heard this voice. Yun Feng also glanced at the source of the voice with her black eyes. It was where the waterfall was!

A figure slowly walked out from behind the waterfall. Water flowed down from the top of his head, but didn’t drip on Fei Yun’s head at all. Looking carefully, it turned out that a beam of light green light enveloped his entire body and completely isolated all the water. Yun Feng looked at the young griffin who walked out from behind the waterfall. He still had the same appearance, but his temperament had changed completely!

Lan Yi also noticed the change in Fei Yun. “Fei Yun, has your seal been removed?”

Fei Yun walked over and nodded with a smile. “Thanks to Senior He Wei. My seal is finally undone.”

The old man grunted. Yun Feng chuckled. “Thank you for your help, Senior.”

“Hm, I didn’t do anything. I just threw that kid in. Whether he can come out or not depends on his luck. However, it seems that he does have some skills. Since the seal has been removed, leave this place quickly. Don’t disturb my peace!”

Yun Feng chuckled after hearing that and looked at Fei Yun and Lan Yi. “Since my bloodline has awakened, I think it’s time for me to go back and make those races give up completely!”

A year wasn’t a long time, but it wasn’t short either. A year could give the griffins a breather and let some people make a comeback!

Ever since Yun Feng, Lan Yi and Fei Yun left the Griffins, the four elders of the Griffins had been hoping that they could come back sooner. The Red Eagles and the Fiend Eagles last time had only temporarily retreated. If these two races completely understood the true situation of the Griffins, they would definitely attack again! Also, Fei Ling, who escaped, could recover 70 to 80% of his injuries in a year. He would definitely come back.

The four elders were a bit anxious facing these two big problems. Only Fei Yun, who awakened the six-winged bloodline, could resolve the crisis forever. Otherwise, the Griffins wouldn’t have their original status in the Eyrie! This was something all the members of the Griffins couldn’t accept!

“Fei Yun isn’t back yet.” Another day passed. The griffins passed through safely. The four elders couldn’t help but heave a sigh of relief. Every day when Yun Feng, Lan Yi and Fei Yun weren’t back, they had to be highly vigilant and guard against unknown dangers.

“Maybe we shouldn’t have let Fei Yun leave back then.” One of the elders sighed softly. The other three also remained silent.

“However, it’s impossible for Fei Yun to awaken his bloodline without leaving. If the Griffins don’t have a six-winged king, what would it be like?”

“I’m afraid the Fiend Eagles and the Red Eagles will take advantage of the situation. By then, we’ll lose everything.”

“However, so much time has passed. The longer we delay, the more dangerous the situation will be. What we’re facing right now isn’t just the Red Eagles and the Fiend Eagles. Don’t forget that there’s also the traitor, Fei Ling!”

“You’re right. The longer it takes, the more likely he’ll recover. Since we didn’t kill him, it means that he might make a comeback!”

“It doesn’t matter if Fei Ling kills the four of us, but what about the other members of the Griffins?”

The four elders were all silent. Fei Ling was a six-winged griffin at the God Level. If his strength returned to the original state, it would be a bit difficult for the four of them to resist him together. They should find the place of Fei Ling as soon as possible, but Fei Ling seemed to have evaporated and they couldn’t find any traces.

“Fei Ling... The Red Eagles and the Fiend Eagles. The griffins are in trouble.”

“Fei Yun, if you don’t come back soon, I think when the disaster comes, it will be the doom of the griffin race.” The four elders looked at each other solemnly. At this moment, the panicked voice of the griffin guard came from outside. “Four elders, bad news! The Red eagles and the Fiend Eagles have surrounded the outside again. This time, there are many other races!”

The faces of the four elders darkened. The worst situation was this! The Red Eagles and the Fiend Eagles had come. They obviously came prepared. It wasn’t possible for them to mobilize so many races overnight! They had planned for a long time!

“I didn’t expect it to happen so quickly...” The four elders smiled wryly. They were still discussing what happened just then and they were caught off guard. They were truly caught off guard!

“No matter what, we must protect the Griffins, even if we have to risk our lives!”

The four elders walked out and came to the ground. The four of them took a deep breath and then suddenly let out a loud cry, spreading throughout the territory of the griffins! This was the cry of battle! The entire griffin race was preparing for battle!

Yun Feng, Lan Yi and Fei Yun left the Wailing Valley and passed through the layers of clouds. Fei Yun talked about the weird old man in the Wailing Valley with a hint of relaxation in his tone. Yun Feng and Lan Yi were also relieved. It seemed that the old man was indeed good to Fei Yun. At least he didn’t kill him ruthlessly. It seemed that the old man vented all his anger on Yun Feng.

The three of them quickly flew towards the territory of the griffins. However, Yun Feng smelled something unusual along the way. The Eyrie was quiet. There was only the sound of the breeze and the lazy clouds. Nothing else.

“Do you feel that something is wrong?” Yun Feng stopped and looked at the mountains around with her black eyes. Lan Yi and Fei Yun also looked around carefully. Suddenly, their expressions changed! “Where are the eagle cries? Why is it so quiet?” Fei Yun said. Lan Yi frowned hard. “There’s no cry... Where did they go?”

A thought flashed through the minds of the three of them and their expressions tightened!

“Damn it!” Lan Yi cursed in a low voice and immediately turned into a beam of green light, rushing forward. Fei Yun immediately followed him. He was even faster than Lan Yi! “Master, Fei Yun and I will go back first!” Lan Yi’s voice flashed through Yun Feng’s mind. Yun Feng replied. She couldn’t keep up with the four-winged and six-winged griffins running at full speed.

#### Chapter 1368 Eating the Soul (1)

The two beams of green light quickly disappeared in front of her eyes. Yun Feng also rushed forward with all her might. Suddenly, she thought of something and stopped chasing.

“Master, what’s wrong?” The few contracted Magic Beasts were all puzzled when they noticed that Yun Feng stopped. Meatball yawned indifferently and rubbed its little head against Yun Feng’s cheek. In its eyes, Yun Feng was the only one related to him. It didn’t need to care about anything else.

“If I’m right, the Red Eagles and the Fiend Eagles should be doing something again this time. However, I’m thinking...” Yun Feng’s black eyes darkened. “How much can a severely injured six-winged griffin recover in a year?”

“Even though we didn’t kill that guy last time, your elemental fusion must’ve injured him a lot, or he wouldn’t have run away in such a sorry state.” Er Lei’s voice came. “Although I don’t know much about griffins, the six-winged griffins should be kings. For Magic Beasts that can climb to the throne, their recovery ability is astonishing.”

!!

“No matter how astonishing it is, it’s impossible for him to recover completely,” said Little Fire. Er Lei snorted. “Of course. In a year, if it’s me... 70% of my strength will be restored.”

Fei Ling was a six-winged griffin. The bloodline of the Er Lei wasn’t simple either. It was possible for the Er Lei to recover 70% of its strength. It wasn’t difficult to kill a six-winged griffin that had regained 70% of his strength. However, after reaching the God Level, even if its body died, its soul would still exist! If Fei Ling’s soul couldn’t be destroyed together, it would still be a huge problem!

If only Tianqing was here... Yun Feng couldn’t help but think of the Dead Fire Gong Tianqing had. That was a fire that could cause direct damage to a soul. With the Dead Fire here, it was useless even if Fei Ling had a few lives. He would definitely die! However, Gong Tianqing couldn’t be here right now. Yun Feng would still be in trouble if she wanted to completely destroy Fei Ling’s soul.

Destroying the soul and destroying the body were two completely different concepts. The body truly existed, but the soul was completely different. In order to destroy the soul, an even stronger power was needed. Fei Ling must be completely eliminated. This was a good thing for the griffins and Fei Yun. Otherwise... the griffins would be in constant trouble and Lan Yi wouldn't be able to leave.

Yun Feng calculated the time. Unknowingly, more than four and a half years had passed. She didn't have time to waste here. The matter of the griffins must be dealt with as soon as possible and very thoroughly! She had to rush back to the Inner Region and the Yun family!

Yun Feng slowly closed her black eyes. Her consciousness suddenly sank in an instant, as if it had left her body and was landing quickly, until she fell into darkness. Yun Feng opened her eyes and slid forward quickly, stopping somewhere. Yun Feng waited quietly. Finally, a pair of huge blood-red eyes slowly opened in front of her, accompanied by the sound of iron chains sliding gently on the ground.

"You've absorbed it well. It's just an aura, but it raised you to grade 2 of the God Level."

Yun Feng smiled lightly and her black eyes darkened. "I'm here to confirm something."

"What is it?"

"You can absorb the aura of a Magic Beast. I want to know... what about the soul of a Magic Beast?"

The giant red eye was startled. In the end, it let out an extremely ferocious laugh! "Hehehe! Delicious soul!"

Yun Feng narrowed her eyes. "So, you can?"

"Hehehe!" A weird laugh spread throughout the empty space, followed by the loud sound of chains! It was as if a huge object was trying to break free! "Of course I can!"

Yun Feng chuckled. The bloody eyes approached her. "Yun Feng, is there anything else you want to ask?"

"This answer is enough for me." Yun Feng looked at the giant eyes with a smile in her black eyes. "Don't play tricks. I'm the only one who can give you freedom. You won't get anything if you piss me off."

Brutality flashed in the giant red eyes. Yun Feng's consciousness had already left this dark space. When she opened her eyes again, they were full of confidence that everything was under control. Fei Ling, if you appear this time, I'll make you disappear from this world completely!

There were conflicts in the Eyrie for territory and other resources. They were of different sizes between many races. However, the operation of the Red Eagles and the Fiend Eagles was different. This time, the group surrounding the griffin race expanded a lot. Many races in the Eyrie were here and they all looked at the griffins.

The four elders and the capable people of the griffins all stood outside and looked at the heavy army in front of them. The griffins were already fully armed and ready to fight at any time. Facing so many opponents, the griffins were already prepared to fight to death.

"What exactly do the Red Eagles and the Fiend Eagles want?" The four elders said coldly. Looking at the large and small groups around with anger on their faces, the hearts of the four elders sank. The number

of people and groups surrounding them this time was multiple of last time! They were really facing a huge problem this time!

“Elders, we should ask the griffins the same question. The griffins took humans to the Eyrrie without permission and even hid them for such a long time. What do you want?” Someone from the other races shouted indignantly on the side. The eyes of the four elders darkened. How did they know Yun Feng’s human identity? Only the members of the griffins knew about this!

“The griffins must give an explanation!” The other races shouted furiously, causing a clamor. The leaders of the Red Eagles and the Fiend Eagles all watched coldly, obviously enjoying the embarrassing situation of the griffins.

“We’re not hiding humans!” One of the elders shouted loudly. “There are no humans among the griffins!”

“You’re lying!”

“We’re not lying!” The four elders were calm. Yun Feng wasn’t in the clan right now. If these people used this as an excuse, they would definitely let them return empty-handed this time!

“Tut-tut, the four elders are quite confident when they say that.” The Red Eagle King finally said. His fierce eyes carried a pressure that made people tremble. The hearts of the four elders sank. “As far as I know, something is wrong with the Griffins right now, isn’t it?”

The four elders became anxious. The Fiend Eagle King chuckled. “The Griffins know how to keep secrets. If it weren’t for him, we wouldn’t have known.”

#### Chapter 1369 Eating the Soul (2)

Him? The four elders were all puzzled. A figure slowly walked out from behind the two kings. The four elders widened their eyes! It was Fei Ling, who escaped with serious injuries that day! Fei Ling smiled deeply. “Old guys, it’s been a long time.”

“The griffins haven’t forgotten the rule of the Eyrrie, have they?” said the Red Eagle King coldly. “If any race in the Eyrrie lets humans in without permission, that race will be the enemy of all of us.”

Once he said this, the people of the other races all looked at the griffins furiously. In their eyes, the griffins were undoubtedly traitors to the Eyrrie! They led humans into the nest without permission and even hid them for so long!

“The Griffins aren’t hiding humans,” said the four elders coldly, but the Red Eagle sneered. “We’ll know if you’re hiding or not when we get in.”

!!

The four elders blocked the entrance of the Griffins. The powerful people of the Griffins also looked at the surrounding groups furiously. “Without the permission of the Griffin King, nobody can enter the territory of the Griffins!”

“He’s already told us everything. The Griffins don’t have a leader at all right now. There’s no need for a race that doesn’t have a leader to exist,” said the Fiend Eagle King coldly as he looked at the four elders. “What do you think?”

The four elders looked at Fei Ling angrily, while Fei Ling smiled viciously. A traitor who colluded with outsiders! He had completely betrayed the Griffins! The hearts of the four elders turned cold. Such a traitor had once ascended to the position of the Divine King because of their mistake! This traitor insulted the throne of the Griffins!

“Fei Ling, you traitor!” One of the elders finally cursed in a low voice. Fei Ling burst into laughter after hearing that. “Old guys, you’ll all die at the hands of the traitor today. All of you! I’m the king of the griffins! It’s me!”

“Don’t even think about insulting the griffins again!”

“Hahahaha!” Fei Ling burst into laughter and the viciousness on his face became much deeper. “My Kings, you should make a move as soon as possible, or there will be more trouble.”

The Red Eagle King and the Fiend Eagle King looked at each other. They had already been dissatisfied with the Griffins. It would certainly be good if they had a chance to eliminate them, but they had to stand justified. Fei Ling gave them a chance, or there wouldn’t be so many races gathered. The Griffins wouldn’t be able to clear their names even if they jumped into the Yellow River!

“A race without a leader will be destroyed in the end. Let us help you,” shouted the Red Eagle and the Fiend Eagle Kings. The four elders smiled coldly as their auras of the God Level burst out abruptly. The other races were also eager to punish the Griffins. A battle was about to begin!

The four elders were all determined to die. It was impossible for them to stop everyone with their strength, but they would try their best to stall for time and fight for the evacuation of the griffins!

“Who said there’s no king among the griffins?” A furious shout came from the sky, followed by two beams of dazzling green light that tore through the air! Everyone present raised their heads and looked at the sky. Two beams of green light flew over from afar, like two dazzling shooting stars under the sunlight!

“That’s...” The hearts of the four elders couldn’t help but tremble when they saw that! Fei Ling narrowed his eyes fiercely below. Was it that bastard, Fei Yun?

“Swish...” The two figures stopped in the sky and spread their wings. Lan Yi’s four wings appeared, and Fei Yun’s six wings were glittering! The Red Eagle and the Fiend Eagle Kings were both stunned. A six-winged griffin! Both of them glanced at Fei Ling with a complicated gaze, while Fei Ling’s black eyes kept glittering. Six-winged... That kid unlocked the seal! How was that possible? I’m the only six-winged griffin!

“That’s a six-winged griffin!” The people of the other races couldn’t help but exclaim when they saw that. The leaders of the griffins were all six-winged griffins, but not everyone could see the six wings appearing at the same time. So, at this moment, the people of the other races were all shocked speechless by the six wings of Fei Yun. Fei Yun and Lan Yi slowly descended from the sky. The wings on their backs were all dazzling. Everyone could see clearly that they were really six wings!

“Fei Yun!” The eyes of the four elders were full of surprise and excitement. Six-winged! Fei Yun finally awakened his bloodline!

“Elders, I’m glad that I didn’t come back too late.” Fei Yun landed from the sky. His temperament had changed significantly from before. Lan Yi looked at Fei Yun’s current appearance with relief and a sense of pride rose in his heart.

“I can’t believe there’s another six-winged member besides him among the griffins.” The Red Eagle King and the Fiend Eagle King looked at Fei Yun and weren’t afraid of him in their minds. After all, Fei Yun was too young. In their eyes, he was just a little griffin that was still wet behind the ears.

“What’s the meaning of this?” asked Fei Yun casually. The Red Eagle and the Fiend Eagle Kings raised their brows. “The griffins have committed a huge crime. Shouldn’t you give us an explanation?”

“Explanation?” Fei Yun raised his brows. The other two kings sneered. “Either the griffins give up their original status, or hand over that human and execute her on the spot!”

“Hahahaha!” A loud laugh came from the sky. Everyone looked up at the sky again. This time, it was a slim figure. The Transformation Potion on Yun Feng’s body had already lost its effect. This time, she didn’t have to hide her human identity! The Red Eagles and the Fiend Eagles were provoking on purpose. They would always find an excuse!

“A human being!” The faces of the Red Eagle and the Fiend Eagle Kings darkened. After checking her slightly, their expressions changed drastically. “A God-Level powerhouse!”

Fei Ling narrowed his eyes fiercely. His eyes were full of deep hatred and viciousness that he wanted to kill Yun Feng with his own hands. Yun Feng glanced at them indifferently. This lineup was truly not small. It seemed that more than half of the races in the Eyrie were here. The Red Eagles and the Fiend Eagles really put in a lot of effort.

Yun Feng landed on the ground from the sky and glanced at the two kings of the Red Eagles and the Fiend Eagles. “I didn’t come to the Eyrie at the Griffin’s invitation, yet you have to blame it on them. How thoughtful.”

“Humph! Human, you’re not welcome in the Eyrie.” The tone of the Red Eagle King and the Fiend Eagle King was inexplicably much more polite. They wanted to execute Yun Feng just then, but they were much less arrogant now. As Magic Beasts, they felt the pressure from Yun Feng. This human was a God-Level powerhouse. It was best not to provoke her easily.

### Chapter 1370 Eating the Soul (3)

“I’ll leave after I’m done with my business. However, do you know that Fei Ling is a traitor of the Griffins? You trust the traitor and you’re even working with him. What exactly are the Red Eagles and the Fiend Eagles doing? Getting rid of the Griffins?”

What Yun Feng said made the atmosphere at the scene freeze abruptly. The other races were all shocked. They only came here for this human and didn’t know that they had such thoughts! The leaders of the Red Eagles and the Fiend Eagles immediately smiled awkwardly. “Of course not. How can we believe what a traitor says?”

“The two kings led so many races here for me.” Yun Feng glanced around with her black eyes. The other races all felt the pressure Yun Feng emitted and looked different. Fei Yun and Lan Yi stood aside and didn’t say anything. Yun Feng’s aura made even the kings of the Red Eagles and the Fiend Eagles nervous.

“Human, your words are useless. Everyone can see that you’re on good terms with the griffins!” The other races shouted and immediately got the echoes. Yun Feng sneered and glanced over with her black eyes. “My contracted Magic Beast is a griffin. Am I wrong to be on good terms with the griffins?”

“You’re a summoner!” All the eagle Magic Beasts looked at Yun Feng in fear. The expressions of the leaders of the Red Eagles and the Fiend Eagles changed again. A summoner, this human was a summoner! “Summoner, you won’t get anything in the Eyrie!” The leader of the Fiend Eagles roared as he gritted his teeth. Yun Feng smiled coldly. “I’ve already got what I want. I’m not interested in the Fiend Eagles.”

“If you weren’t a summoner, you could have gotten out safely. If you’re a summoner, you must leave your life here!” The Red Eagle King roared. Magic Beasts were already angry with summoners. Such a profession would make the Magic Beasts lose their freedom completely and make them become tools for summoners! The natural dignity of Magic Beasts didn’t allow this! They hated summoners!

The low roar of the Red Eagle King aroused the anger of all the eagle Magic Beasts. Some of their clansmen were contracted and were just tools in the hands of summoners, who abandoned them if they were worthless! However, they didn’t know what kind of summoner Yun Feng was!

Fei Ling smiled viciously. Yun Feng, let’s see how you escape from the Eyrie! You severely injured me last time. This time, I’ll kill you in the Eyrie!

Lan Yi flashed in front of Yun Feng and Fei Yun also stood up at this moment. The four elders sighed helplessly. The griffins had taken such a huge favor from Yun Feng. They couldn’t just stand by and do nothing at this moment. Besides, Fei Yun had already expressed his stance. The griffins had no reason to back down.

“The griffins and the human summoner are colluding with each other!” A furious roar sounded. The anger of all the eagle Magic Beasts was aroused. Their furious roars resounded in the Eyrie and in the sky. There was no way out for the griffins and Yun Feng. They could only fight! However, could they really resist the attack of half of the Eyrie? The leaders of the Red Eagles and the Fiend Eagles were at the God Level. There were also a dozen other God Level experts and Fei Ling, who was preparing to attack. Even if Yun Feng had three heads and six arms, this battle was full of danger!

This battle was inevitable. They couldn’t escape!

“What are you arguing about?” Another voice followed. All the heads raised again. Who was it this time? Fei Yun couldn’t help but feel delighted when he heard this voice. “It’s that Senior!”

Yun Feng’s black eyes darkened. Why did that old man leave the Wailing Valley? Why was he here?

A slender figure landed from the sky. His white hair fluttered gently in the wind and his clear eyes were filled with incomparable pressure. The leaders of the Red Eagle and the Fiend Eagle were immediately shocked to see the old man. “Senior, why are you here?”

The expressions of the people of the other races also changed. The arrival of the old man was beyond everyone's expectation. Fei Ling looked at the old man in a daze and couldn't help but take a few steps back. The old man glanced at the leaders of the Red Eagles and the Fiend Eagles with his sharp eyes. "Why are you arguing? You're all making noises. How can I enjoy my peace?"

The leaders of the Red Eagles and the Fiend Eagles both looked a bit embarrassed. The four elders looked at the old man in front of them carefully. Was this the big shot in the Wailing Valley Lan Yi mentioned? Judging from the respectful attitude of the leaders of the Red Eagles and the Fiend Eagles, it was obvious!

"Why are so many people gathered here?" The old man raised his brows and looked around, seeing Yun Feng. "Why are you still here?"

Yun Feng chuckled. "I can't leave until I'm done."

The old man's eyes darkened. "What do you need to do, human?"

Yun Feng chuckled. "Of course, it's about the survival of the griffins."

The old man slowly looked back and glanced at the leaders of the Red Eagles and the Fiend Eagles. "You two are quite bold. You want to eliminate the Griffins? Do you think you can dominate the Eyrie like this?"

The leaders of the Red Eagles and the Fiend Eagles didn't say anything. They were like children being scolded in front of the old man and didn't dare to breathe loudly. The old man glanced at the other races. "I brought this human into the Eyrie."

The leaders of the Red Eagles and the Fiend Eagles were both stunned! The members of the other races also took a deep breath! The old man raised his brows. "What's wrong?"

Fei Yun and Lan Yi couldn't help but feel surprised. Yun Feng couldn't suppress the surprise in her mind either. This old man said he brought her in himself. He was obviously helping the Griffins. What exactly did this old man mean? Perhaps he had a relationship with the Griffins in the past?

"Senior, this..." The leaders of the Red Eagles and the Fiend Eagles were dumbfounded. They had never thought that things would develop like this. This person in the Wailing Valley had appeared and even admitted that he was the one who brought her in. He was the one who brought her in. They wouldn't dare to pursue the matter even if she was a human being!

"If you want to pursue the matter, come to me." After the old man said this, the bodies of the leaders of the Red Eagles and the Fiend Eagles shook. They didn't dare to demand his explanation even if they had the courage! The other races didn't dare to breathe loudly. Nobody dared to refute what the old man said!

"Let's go!" The leaders of the Red Eagles and the Fiend Eagles glanced at the members of the Griffins hatefully. Their action was in vain today. They had never thought that the person from the Wailing Valley would come out to mess things up! The members of the Red Eagles and the Fiend Eagles all left one after another. The other races also retreated quickly. After a while, all the races that surrounded the Griffins retreated. The old man glanced at Fei Yun and the four elders silently with a glint of darkness in his eyes and then jumped.
