

Summoner 1371

Chapter 1371 Eating the Soul (4)

“Human, the griffins will be in trouble as long as you’re here.”

Yun Feng nodded. “Senior, I’ll take what you said to heart and leave immediately. Thank you for helping the griffins this time!”

The old man smiled in disdain. “It’s not your place to thank me. Don’t cause trouble for me again!” After saying that, the old man had already drifted behind the clouds and disappeared. The four elders all whispered, “He’s that big shot in the Wailing Valley, right?”

“Why did he take the initiative to help the Griffins?”

Fei Yun looked at the old man’s back as he left and lowered his head with a faint smile. “Who knows? That senior has a very weird temper.”

The four elders shook their heads helplessly and their expressions suddenly changed. “Right, that traitor, Fei Ling!”

Yun Feng sneered. “He can’t get away!” She flipped her hand and the Finger Spiritual Jade appeared. The glittering light spot on the jade pendant was escaping at a very high speed. “I’ll go with you!” said Fei Yun. The four elders were all a bit worried. Fei Yun smiled gently. “I must end him!”

After a moment of silence, Lan Yi said, “Let him go.”

The four elders finally nodded helplessly. Yun Feng, Lan Yi and Fei Yun immediately moved and chased after the light spot on the Finger Spiritual Jade! Yun Feng looked at the light spot on the jade pendant that kept increasing its speed and smiled coldly. “Fei Ling isn’t stupid. He knows to run for his life.”

“He can’t escape this time!” Fei Yun clenched his fists. Thinking of his father’s miserable death when he was young and his sealed six-winged bloodline, the anger in his heart burnt fiercely! Yun Feng and Lan Yi’s hearts both sank. The light spot on the Finger Spiritual Jade slowly slowed down. Fei Ling didn’t expect Yun Feng and the others to know where he was, so he also slowed down at ease. Yun Feng sneered. Fei Ling, I won’t let you have a chance to escape this time!

“Whoosh, whoosh...” Fei Ling panted and stopped. The wings on his back flapped slowly and he was extremely terrified in his mind. The gaze that the old man looked at him with just then instantly made him terrified. If he stayed a second longer, he would feel that he wasn’t far from death. He knew that the old man wouldn’t attack, but he had an inexplicable fear and told himself to leave quickly! So, when the many races retreated, he also retreated carefully and then started running at a high speed. Hm! He really didn’t expect that the guy of the Wailing Valley would step up and help him. Otherwise, Fei Yun, Yun Feng and Lan Yi’s lives would all be in his hands today!

He would have a chance next time! He had only recovered 70% of his strength right now. When he recovered completely, his chance of success would be even higher! Thinking of this, Fei Ling smiled evilly. It was useless even if that kid, Fei Yun, awakened his bloodline! As long as he killed him, he would still be the leader of the griffins. He would be the only six-winged griffin!

“Hahaha, hahahahaha!” Fei Ling burst into laughter crazily. His face was also completely distorted because of excitement and the veins on his forehead bulged. His eyes were also slightly red because of the thought in his mind.

“Fei Ling, you’re smiling very happily.”

The laughter stopped abruptly. Fei Ling slowly turned around and looked at the three figures in front of him. “You found me?”

Yun Feng put away the Finger Spiritual Jade. Fei Yun and Lan Yi stood on both sides of her. The two of them looked at Fei Ling with a deep gaze. Fei Ling burst into laughter. “The few of you can’t kill me at all!”

“Then let’s see.” The four wings on Lan Yi’s back opened completely and turned into a beam of green light, flying towards Fei Ling. Six wings also appeared on Fei Yun’s back and a huge green light emitted from the six wings, accompanied by a powerful energy fluctuation. Yun Feng found that the six-winged griffin was indeed different!

“Hahaha, I won’t let you down if you’re in a hurry to die!” Fei Ling smiled ferociously as the six wings on his back also spread out. Yun Feng stood aside quietly. This was a battle she couldn’t fight. This was a grudge between the Griffins. Everything must be resolved by Fei Yun and Lan Yi themselves.

Three beams of green light intertwined in the air and the furious eagle cries intertwined with each other. Massive energy collided, causing the space to tremble! Powerful wind-element energy was vividly rising from the griffin’s body. Yun Feng carefully dodged the wind element that flew out. The wind element was unusually fierce. If it touched her body, a part of it would be instantly cut off!

The three griffins fought fiercely in the sky. Yun Feng watched with her black eyes. This was a battle that couldn’t be estimated at all. Even though Fei Ling hadn’t recovered his original strength, even though he only had 70% of it, his strength was still outstanding with his abundant battle experience! Lan Yi’s four wings and the immature power of the six-winged wings that Fei Yun had just awakened, they were only 50% confident in facing Fei Ling!

Fifty-fifty. Anyone could win and anyone could lose!

Suddenly, three huge green lights exploded in the space and the original forms of the griffins appeared! They mauled each other with sharp claws, sharp teeth, and huge wings! Yun Feng’s body suddenly retreated hundreds of meters. It was extremely dangerous to stay close to the fighting griffins, but showing their original bodies meant that they had released all their energy for the final battle!

Fei Yun suddenly raised his head and spread the six wings on his back. The wind element with an especially strong color flowed out of the wings and slowly covered his entire body. Lan Yi also unfolded his wings at this moment. The huge beautiful pattern of the griffin emitted charming light. The two of them, one in front of the other, trapped Fei Ling firmly!

“You two can’t kill me! I’m the Griffin King!” Fei Ling’s furious roar came. Even though he was attacked by both parties, he was still fighting. It could be seen that his strength wasn’t negligible. Putting everything aside, the power of the six wings of Fei Ling was very fierce!

“Uncle Yi, help me block his way out!” Fei Yun suddenly shouted in the air. Lan Yi narrowed his blue eyes. “Fei Yun, you can’t...”

“I can!” A hint of determination flashed through Fei Yun’s eagle eyes. “I’ll kill him with my own hands!”

Lan Yi was silent for a moment and finally nodded. Fei Ling burst into laughter. “Kid, you can’t kill me! You can’t kill me at all!”

“Fei Ling, I’ll kill you with my own hands to comfort my father’s soul that hasn’t rested yet!” There was viciousness in Fei Yun’s eyes as the six wings behind him spread out completely in the air. Wind elements shot out of the wings like pillars of light that filled the sky. At the same time, Lan Yi also emitted wind-element pillars of light. The two of them came one after another. Countless pillars of light were like an inescapable net, trapping Fei Ling’s body firmly!

Chapter 1372 Eating the Soul (5)

“Hahaha, I won’t die!” The six wings of Fei Ling suddenly shook and its body was about to rush out quickly. However, at this moment, a stream of dense fire came down from above its head. Fei Ling’s eyes were full of shock. Above its head was the huge body of the Fire Cloud Wolf that was full of fire!

That human interfered! Fei Ling looked at Yun Feng in shock. Yun Feng only stood far away with a smile. She didn’t mind helping at the last moment.

“Boom! Boom! Boom! Boom!” Countless wind-element pillars of light shot out of the sky. The space in front of Fei Ling was immediately slightly distorted by the fierce wind element. The huge body of the six-winged Fei Ling was firmly sealed because of Little Fire’s obstruction. Under the collision of the pillars of light, it was already shattered into pieces!

Broken wings and feathers mixed with thick blood fell from the sky. A strong smell of blood burst out in the sky. Fei Yun and Lan Yi both looked a bit heavy. The moment Fei Ling’s body shattered, a beam of dark light left his body. It was Fei Ling’s soul that wasn’t dead!

He found that Lan Yi and Fei Yun didn’t notice him. There was a smile at the corners of Fei Ling’s mouth. Just wait. When he reconstructed his body and regained his peak strength, he would definitely kill these two completely, including their souls!

The soul body ran around quickly in the air. Since its body was unusually transparent and light, Fei Yun and Lan Yi didn’t notice it. Fei Ling’s soul body quickly escaped from the space just then and ran in one direction crazily. He had to leave and reconstruct his body in the shortest time possible!

“Where do you want to go?” However, a cold voice then came, followed by a powerful mental strength flying over quickly!

“No...” Fei Ling’s soul dodged crazily, but he couldn’t avoid Yun Feng’s mental strength after all. Her mental strength tied up the soul body firmly and it had already brought the soul in front of Yun Feng with force!

Fei Ling’s soul looked at Yun Feng in shock. How did this human notice him? Even Fei Yun and Lan Yi didn’t notice him. How did she notice him? Yun Feng looked at the soul that was still struggling crazily in front of her and sneered. “You can’t escape.”

“You can’t destroy my soul with your grade-2 God-Level strength! Don’t let me escape, or... I won’t let you go!” Fei Ling roared as he stared at Yun Feng with his eyes, but Yun Feng chuckled softly. “Destroy it? No, I won’t destroy it.”

Fei Ling was stunned. Yun Feng tightened her mental strength slightly and Fei Ling was restrained even more tightly. The tip of Yun Feng’s tongue gently touched her lips and she looked at Fei Ling’s soul with excitement in her black eyes, as if she saw a delicious meal.

“W-What are you doing?” Fei Ling was frightened by Yun Feng’s gaze. The excitement in this human’s eyes made his hair stand on end!

Yun Feng chuckled and her mental strength suddenly shrank back into her body. Even Fei Ling’s soul was about to be pulled into Yun Feng’s body. Fei Ling noticed Yun Feng’s intention and immediately panicked. “Human, what are you doing? Aren’t you afraid that you’ll explode and die if you pull my soul into your body?”

A glint of darkness flashed through her black eyes and the corners of Yun Feng’s mouth slowly curled up. This faint smile carried a hint of evilness, which made Fei Ling’s soul tremble when he saw this!

Was she thinking... Was she thinking... This was impossible. This was absolutely impossible!

Yun Feng pulled fiercely with her mental strength and Fei Ling’s soul instantly entered Yun Feng’s body. A huge pressure exploded from Fei Ling’s soul. Yun Feng slowly closed her black eyes and her consciousness instantly sank quickly with the soul. A greedy sigh suddenly came from the darkness and a pair of huge blood-red eyes suddenly opened!

What kind of power would she get this time?

“Is it a soul this time?” The voice in the darkness carried endless greed. Yun Feng could even feel a scorching aura coming right at her face. Those huge red eyes were full of impatience that couldn’t be suppressed. Fei Ling, the soul body brought in by Yun Feng’s consciousness, had already been petrified and dumbfounded.

Why was there such a weird space inside a human body? Was there a Magic Beast locked in her body? These huge red eyes couldn’t belong to a human being, but how could there be a Magic Beast locked in a human body? This was against the rules! Who exactly was Yun Feng? Perhaps she wasn’t human at all!

Yun Feng casually threw Fei Ling’s soul forward. The translucent soul flew forward quickly, as if it was sucked in by an invisible mouth. “Ah...” Fei Ling’s soul instantly disappeared into the darkness. His last scream kept echoing in this space and there was a hint of satisfaction in the huge red eyes. Yun Feng chuckled secretly. It seemed that the soul of a Magic Beast was his favorite. What was imprisoned in her body?

Yun Feng didn’t think for a long time. She didn’t have time to think. After the unknown thing in her body swallowed Fei Yun’s soul, an inexplicable power suddenly surged out of her body, like volcanic lava that was about to erupt!

The power that burst out after absorbing the soul of a Magic Beast was far beyond her imagination, especially the soul of the six-winged griffin, which was quite strong. Yun Feng felt that her body was about to explode after absorbing the huge energy. She couldn’t store too much at all! It was like a

container that would soon be filled. Unless the container itself changed, the container would explode from the things inside!

Her body, which had just entered Grade 2 of the God Level, instantly tightened. Yun Feng only felt that the muscles all over her body were twisted together fiercely, making her feel painful! However, the power in her body didn't show any signs of decreasing at all. Instead, it became stronger and stronger. Yun Feng couldn't help but roar. The few contracted Magic Beasts were all shocked when they felt the changes in Yun Feng's body. This energy was so powerful!

"What's wrong with Yun Feng?" Fei Yun looked at Yun Feng standing in the sky with her black eyes closed and her expression was very bad. Her body was also a bit strange, as if she was trying her best to suppress something. Fei Yun could even see her exposed skin jumping constantly!

"A huge energy has appeared in Master's body. She's absorbing it..." Lan Yi flew to Yun Feng's side and frowned tightly. Yun Feng's aura was changing slightly. As the energy kept surging in her body, Yun Feng's aura also changed more and more obviously!

"She's..." Fei Yun felt Yun Feng's fluctuating aura in shock. This was obviously a sign that her strength was about to rise! She had just reached Grade 2 of the God Level. Was she going to advance again so soon?

Chapter 1373 Returning to the Yun Family Headquarters (1)

"Master is going to level up!" There was no joy on Lan Yi's face when he spoke, but worry. He and the other contracted Magic Beasts all knew clearly that this time, it wasn't a normal increase in strength, but a forced increase without any accumulation in order to accommodate this powerful force! Such an increase was very dangerous. It could be said that if she was careless, Yun Feng's efforts would be in vain!

"So fast..." Fei Yun was dumbfounded. This was the first time he saw such a speed of advancement. How could a person at the God Level advance so quickly? However, such a speed wasn't what Yun Feng expected or wanted!

"Argh—" Yun Feng's aura suddenly rushed out of her body. Accompanied by her suppressed roar, it was like a volcano that had been silent for a long time had finally erupted! Her aura was like boiling lava with scorching power that made people's minds sink! Lan Yi quickly protected Fei Yun behind him. Fei Yun narrowed his eyes and looked at the center of the energy explosion. It was astonishing, truly astonishing!

"Oh no!" Lan Yi felt the energy that surged out of Yun Feng's body wave after wave. The weak human body didn't seem to be able to hold on anymore. Yun Feng's clothes were almost soaked in blood! Meatball was on Yun Feng's shoulder and was so anxious that it didn't know what to do. The other three contracted Magic Beasts felt the violent power in Yun Feng's body and were all shocked. What should they do? What should they do?

"Light element, light element..." Lan Yi's mind glittered. He immediately sent a telepathic message. "Master's black jade pendant! There's Qu Lanyi's light element inside. It can definitely help Master!"

As soon as Lan Yi said that, Meatball's eyes brightened on Yun Feng's shoulder. Its chubby body jumped and instantly disappeared from the space, directly entering Yun Feng's bracelet space! Meatball saw the black jade pendant lying there quietly at a glance. It rushed over with its little body and grabbed it firmly with its claws, jumping out of the bracelet space directly. "Fengfeng, na!" Meatball shouted as it grabbed the black jade pendant with its little claws and pounced on Yun Feng's neck. The moment the black jade pendant touched Yun Feng's neck, a warm and gentle elemental energy slowly flowed out of the black jade pendant and entered Yun Feng's body!

The warm light elements were like Qu Lanyi's warm hand, slowly scratching every inch of Yun Feng's burnt skin. They were like warm water that brushed over Yun Feng's entire body, bringing with it the extremely hot energy just then. Yun Feng's aura slowly calmed down in the extreme chaos. The graceful light-element energy that was like a stream flowed around Yun Feng's body, healing her injuries and the pain of her energy being forcibly increased.

Sensing that Yun Feng had already calmed down, the few contracted Magic Beasts heaved a sigh of relief. Meatball's little claws were still pressing on the black jade pendant and its little head also heaved a sigh of relief. It looked at Yun Feng with its big eyes worriedly. At this moment, Yun Feng's entire body was covered in blood, as if she had been reborn.

The light elements in the black jade pendant slowly flowed out. The black jade pendant itself was emitting faint light. Seeing the light, Meatball narrowed its big eyes and immediately took the black jade pendant away with its little claws. Its body disappeared again and it put the black jade pendant back into Yun Feng's bracelet.

"Xiao Feng, Xiao Feng!" "Master!"

The few contracted Magic Beasts were all calling Yun Feng. In the extremely chaotic aura just then, Yun Feng's entire body seemed to be out of control. "Fengfeng..." Meatball came out and mumbled when it saw that Yun Feng still didn't open her eyes. Its fluffy tail brushed Yun Feng's cheek gently and its little claws also scratched Yun Feng's cheek. Lan Yi came with Fei Yun. Fei Yun was extremely shocked to see Yun Feng's appearance at this moment. There were blood stains everywhere on Yun Feng's cheek. Even though there were no wounds on her skin, the blood stains were astonishing, as if she had walked out of a blood pool.

"Phew..." Yun Feng slowly took a deep breath. Her breath had already completely stabilized. She slowly opened her black eyes and saw Lan Yi's worried blue eyes and Fei Yun's surprised expression. Meatball moved forward and rubbed its little body against Yun Feng when it saw that she woke up. Yun Feng looked at her messy appearance with her black eyes and was a bit scared in her mind.

The energy produced after the soul of a Magic Beast was absorbed was so huge that her strength was forcibly improved by one grade. This was something that had never happened before! Yun Feng looked at her body with her black eyes. The thoughts she had a while ago were even reinforced in her mind. This body had to be modified again!

"I'm fine." Yun Feng felt the energy in her body that had forcibly risen to grade 3 of the God Level. Even though it was forcibly increased, there didn't seem to be any side effects at the moment. Since Yun Feng's foundation had always been very solid, she wouldn't feel exhausted at all even if she forcibly increased it. This was also thanks to Yun Feng's steady persistence in the early stage.

"It's great that you're fine." Lan Yi chuckled. Fei Yun swallowed. "Let's go back to the clan first. Yun Feng, you look a bit..."

Yun Feng chuckled and nodded. She glanced at the broken limbs of Fei Ling on the ground with her black eyes. It was better not to tell anyone about her absorbing Fei Ling's soul. Fei Yun thought that Fei Ling was dead, which was enough. The three of them immediately returned to the griffins. Yun Feng's bloody appearance inevitably surprised all the griffins. The four elders keenly noticed the change in Yun Feng's aura. Even though they were shocked in their minds, they didn't say anything. Fei Ling was already dead. The hidden danger of the griffins was completely eliminated. With the appearance of that old man from the Wailing Valley, the Red Eagles and the Fiend Eagles would be quiet for a while. It could be said that the griffins wouldn't be in big trouble for a long time. And Fei Yun naturally took over the throne and became the new Griffin King.

After becoming the new leader of the griffins, the first thing Fei Yun did was to go to the Flower Eagles and marry the Flower Eagle he liked. He also canceled the engagement of the Red Eagles forcefully. The engagement between the Flower Eagles and the Red Eagles wasn't as the young man of the Red Eagles said back then. It was not personally arranged by the leaders of the two races, and the Red Eagles threatened the Flower Eagles to reach an agreement. Now that Fei Yun came to propose as the leader of the griffins, the Flower Eagles were certainly willing to ally with the griffins. After all, the one in the Wailing Valley stood up for the griffins.

There was nothing else the Red Eagles could do. They could only hold back their anger at the bottom of their hearts. The young Red Eagle who provoked Fei Yun back then was so angry that his face turned green, but he couldn't say anything. After all, Fei Yun's identity was worlds apart from before. The six-winged griffin wasn't something he, a Red Eagle, could compare to.

Chapter 1374 Returning to the Yun Family Headquarters (2)

The four elders also agreed that Fei Yun should get married and have children as soon as possible. After all, the continuation of the bloodline was very important. Even though Fei Yun tried his best to invite Yun Feng to stay for his wedding, Yun Feng didn't have time to stay here anymore. She had to rush back to the Yun family as soon as possible. Five years were almost up.

The traitorous tattoo on Lan Yi's cheek had also been removed by Fei Yun. Without that tattoo, Lan Yi looked even more handsome, but Yun Feng always felt that something was missing. In the end, she felt that the tattoo was quite good as an ornament.

Lan Yi also left with Yun Feng. Fei Yun was helpless. He knew that Yun Feng had other important things to do. Before Yun Feng left, Fei Yun left a promise that if Yun Feng needed anything in the future, the griffins would definitely help her with everything they had. Yun Feng smiled warmly when she got this promise. The griffins were a great help. They would definitely help the Yun family in the future.

Yun Feng and Lan Yi then left the Eyrie. Sitting on Lan Yi's back, Yun Feng looked at the mountains and the thin clouds in the Eyrie as her red lips curled up slightly. She got a promise from the griffin race and also won an ally for the Yun family. And she... Although her strength of Grade 3 of the God Level was a bit unexpected, it wasn't bad.

“Master, we’re going out!” Lan Yi’s wings suddenly shook and he moved forward quickly. There was a smile at the corners of Yun Feng’s mouth as she felt the sudden tremor in the space around her. She had already left the Eyrie and saw the sky on the plateau! Unlike the refreshing wind in the Eyrie, Yun Feng took a deep breath. Five years had already passed. It was time for her to return to the headquarters of the Yun family.

Yun Feng flipped her hand and the Sound Badge appeared. She infused her aura into the Sound Badge and it glittered. “Elders, I’ll go home now.”

The Sound Badge glittered again and the Great Elder of the Yun family said in relief, “Kid, we’ll wait for you to come back.”

Yun Feng put away the Sound Badge and the dragon-shaped jade pendant appeared again. “Lan Yi, we’re going to enter the Dragon Palace and set off for the Innocent Forest!”

Lan Yi flapped its wings and its body rose to the sky at a high speed. The moment the eagle let out a cry, a beam of light enveloped the griffin’s huge body and it instantly disappeared from the sky. Then, a dragon-shaped jade pendant slowly wriggled in the space and completely disappeared.

In the Inner Region, the five years had been full of undercurrents. As the day of the advancement of forces approached, every family was inexplicably much more nervous. They were vigilant against the other families. The third-rate Yun family was the subject of discussion for all the families in the Inner Region. It was unknown if the Yun family could soar this time, because Yun Feng’s whereabouts were uncertain. Whether this key figure of the Yun family could appear when the forces advanced was the key to the success of the Yun family.

The rise in the overall strength of the Yun family in the last five years was also something that surprised the other families, especially the Baili family, the Wu family and the Ai family, which had always been targeting the Yun family. They gritted their teeth at the speed of the rise of the overall strength of the Yun family, but there was nothing they could do. They wanted to find out the secret of the Yun family’s rapid rise, but they didn’t know where to start. The Shentu family had never done anything big. Ever since Yun Feng disappeared, the Shentu family seemed to have been silent and didn’t care about the obvious changes of the Yun family. This was also the center of discussion among the families in the Inner Region. What was wrong with the Shentu family?

On the surface, the Shentu family wasn’t in a hurry, but the Shentu family’s master had been getting more and more angry day by day in the past five years. He saw every change in the Yun family. The Shentu family’s master was so angry that his face turned green. Why was their speed of improvement so fast? It was all because of the Golden Cauldron Tree Yun Feng stole! And the way to make the Golden Cauldron Fluid! The Shentu family’s master looked gloomy every day. The Treasure Mirror that had been robbed was clearly a symbol of failure that he could see every day. He couldn’t take it off even if he wanted to!

The Shentu family’s master had never given up the idea of killing Yun Feng and Zhan Li in the Treasure Mirror. However, after such a long time, Yun Feng and Zhan Li were still nowhere to be seen. The Shentu family’s master gave up and could only hold back his anger in his mind. The Treasure Mirror had been plundered, and the things that were taken away naturally fell into the hands of the Yun family! The Shentu family had truly suffered a huge loss this time!

Five years passed in a blink. The Shentu family's strength should have improved further with the help of the Treasure Mirror, not the tiny improvement it had right now. The Shentu family's master hated Yun Feng and Zhan Li to the extreme. As long as he saw these two people, he would deal with them with his own hands no matter what!

In the blink of an eye, there was only less than a month left until the date of the advancement of forces. The specific plan for the advancement was announced and all the families were informed. The overall rule didn't change. The families that wanted to advance only needed to challenge existing families. If they succeeded in challenging them and advanced, the families that were challenged would be demoted. If they failed, there would be consequences.

If the third-rank families failed the challenge, their level wouldn't drop. They would wait for the other third-rank families that also failed the challenge, to challenge them again. The party that failed in the end would face the fate of being sent out of the Inner Region.

The families that didn't issue a challenge weren't absolutely safe. As long as they were challenged, they would participate in the battle. If nobody challenged them and they didn't challenge the other families, their tier wouldn't change.

The overall rule was like this, but the specific content of the challenge was even more detailed. The competition between forces in the Inner Region didn't just rely on strength. Since the advancement of forces was to test the entire family, there were many aspects and stages. Young people weren't the only ones who fought in the advancement of forces. The older generation also had to fight and prepare for battle.

The advancement of forces was divided into five parts. The first part was a battle between the leaders of the two families. The leaders of the families represented the peak of their family's strength and were the most notable figures in their family. They were also individuals that embodied the glory of a family.

In the second part, the contest of strength, the two families would choose the strongest person to fight. This was also the evidence of the power.

The third part was a competition of the strength of the younger generation. The fundamental factor that determined how far a family could go was the strength of the younger generation. If the younger generation of a family was weak, this family wouldn't have a glorious tomorrow.

The first three parts were competitions on different levels of a family's strength, but the battle of strength couldn't decide everything. There were still two other important parts.

The fourth part was about the individual strength of the family. It wasn't enough for a family to have only pure strength. They also had to have a variety of talents. Only then could the family remain glorious for a long time. Most of the competition of special talents was focused on potions. After all, potions occupied a very important position in increasing their level.

Chapter 1375 Returning to the Yun Family Headquarters (3)

The fifth part was about the foundation of the family. If a family wanted to have a strong position, the foundation of the family was indispensable. If they didn't have a foundation, this family wouldn't be qualified to sit on a high position and they wouldn't let the others accept it wholeheartedly.

In the five parts of the advancement, the challenging families would face many difficulties, and so would the challenged families. It was a best-of-five game. There was also an obvious rule that the people sent out could only participate in one of the parts without any repetition, but external help was fine as long as they could be related to this family. This was also the only unfair part of the advancement of forces. Many families would probably make the best use of this.

Once the rule of the advancement of forces was announced, the few large families in the Inner Region were all discussing spiritedly. Only seven families were qualified to challenge others. The other families were all watching the drama. There were a lot of highlights of the advancement of forces this time. The grudge between the Shentu family and the Yun family would probably be resolved in the advancement of forces this time.

In less than a month, Yun Feng had already returned to the Inner Region quietly. The first thing she did after returning to the Yun family was to meet the three elders. The three elders of the Yun family were also extremely gratified to see Yun Feng return safely, especially when they noticed Yun Feng's explosive increase in strength!

"Kid, you've reached Grade 3 of the God Level in five years!" The Third Elder of the Yun family looked at Yun Feng with surprise in his eyes. The Second Elder of the Yun family nodded with a smile on the side. "Grade 3 of the God Level... That's truly astonishing. Kid, you must've had a lot of fortuitous encounters in these five years!"

Yun Feng chuckled. "I did have many fortuitous encounters in the last five years."

The Great Elder of the Yun family chuckled and glanced at Yun Feng up and down. He finally put down the huge rock in his heart when he found that she wasn't wounded at all. They had been worried about this girl a lot in the past five years. Even though they knew that she was extremely strong, they couldn't be at ease.

Yun Feng didn't talk much about herself. She was very concerned about the advancement of forces. The three elders of the Yun family told her the details. After hearing them carefully, Yun Feng had a rough idea in her mind. Most of the members of the Yun family had the advantage in these five parts. The leader of the family would definitely be the Great Elder. The second echelons wouldn't be a problem. The younger generation had Yun Xiang and she could go to the potion competition. Logically speaking, the Yun family should have a guaranteed victory, but the special allowance of external help made the competition very unpredictable.

"The few families in cahoots have benefited from the external help rule. They can share the resources," said Yun Feng coldly. "There are also rules that don't allow people to participate repeatedly. This also restricts the performance of those with strength."

The three elders of the Yun family all nodded. With Yun Feng's strength of Grade 3 of the God Level, she had no match for anyone in the younger generation at all! Even if she fought the leaders of the various families, Yun Feng wouldn't have a problem with most of them! She couldn't participate in the competition twice, which made Yun Feng give up the competition of the younger generation. She specialized in potions, so no one was her match in the field of potions.

“If I’m right, one of the Wu family and the Ai family should be challenging the Ji family. The Fang family should be challenging the Baili family. The Baili family and the Ji family probably won’t challenge the Shentu family, but they’ll inevitably be involved. The Yun family is the only one who’s challenging the Shentu family.”

The three elders of the Yun family nodded. Their thoughts were the same as Yun Feng’s. Nobody would be uninvolved in the advancement of forces this time. They would all be involved. The Wu family, the Ai family and the Baili family would definitely help the Shentu family eliminate their opponents and kick any of the Yun family, the Ji family and the Fang family out of the Inner Region again. However, with the mind of the Shentu family’s master, he would definitely kick the Yun family out.

“Master Shentu was quite angry during the five years you weren’t here.” The Third Elder of the Yun family chuckled. “So many good things were lost. Master Shentu couldn’t eat or sleep just thinking about it.”

Yun Feng pursed her lips and smiled. She took out all kinds of weapons and potions she took away from the Shentu family back then. The three elders of the Yun family were shocked when they saw so many things. It seemed that Yun Feng really took everything out.

“We can distribute these weapons and potions. It’ll be a waste if we don’t use the things of the Shentu family.” Yun Feng smiled evilly. The three elders of the Yun family nodded. “There shouldn’t be any problem with the Golden Cauldron Tree, right?”

“Haha, the method you told me is indeed feasible. Otherwise, the strength of the Yun family wouldn’t have made such a breakthrough in five years.” The Second Elder of the Yun family chuckled softly. Yun Feng nodded. It was good that it was useful. At this rate, the overall strength of the Yun family would definitely improve even more in the future!

“Has Yun Xiang broken through?” When Yun Feng arrived at the Yun family, Yun Xiang was already a Grade 9 warrior of the Emperor Level. After five years, with the help from the Golden Cauldron Fluid, she should have broken through. Even if she didn’t break through, she should be at the peak of Grade 9 of the Emperor Level and was on the verge of a breakthrough!

“Xiao Xiang has reached the peak of Grade 9 of the Emperor Level. She seems to have touched the threshold of the God Level during this period of time.” The Great Elder of the Yun family chuckled with a hint of pride in his words. If Yun Xiang could break through to the God Level, it would be great for the Yun family!

The peak of Grade 9 of the Emperor Level... It would certainly be great if she could make a breakthrough. Yun Xiang needed help to advance at this moment! Yun Feng chuckled in her mind. Luckily, she was back. She could more or less help her.

Yun Feng chatted with the three elders of the Yun family for a while more and briefly talked about her experiences in the past five years. The promise she got from the Griffins surprised the three elders of the Yun family. They had never thought Yun Feng would go to the territory of the Griffins. They had never been to that Eyrrie.

After talking to the three elders for a while, Yun Feng got up and said goodbye. When she walked out of the main hall, a tall figure had already been waiting there. Mu Canghai’s cold handsome face seemed to

be a bit tight. He looked at Yun Feng with his strange eyes and Yun Feng also looked at him with a faint smile. Mu Canghai had helped the Yun family a lot in the past five years and she still hadn't thanked him.

"Yun Feng, you're back." Mu Canghai said with a hint of depression in his voice. He clenched his fists tightly, as if he was suppressing the inexplicable emotions that were rolling in his heart. Yun Feng walked over with a faint smile. "Thank you for your work in the last five years."

Mu Canghai's strange eyes glittered. "Nothing. This is what I should do."

Yun Feng chuckled. "I still have to thank you."

Mu Canghai sized up the person in front of him from head to toe with his strange eyes. There was a hint of surprise in his eyes. "Your aura is different from before. Your strength has increased again?"

Chapter 1376 Returning to the Yun Family Headquarters (4)

Yun Feng nodded with a smile. "Yes, I had some fortuitous encounters in the past five years. Thanks to them, I'm already at Grade 3 of the God Level."

Light flashed through Mu Canghai's eyes. Grade 3 of the God Level! She had reached Grade 3 of the God Level in just five years! Yun Feng's cultivation speed was too astonishing!

"How have you been these five years?" Yun Feng looked at Mu Canghai with a faint smile. Every time she came back, someone would ask her how she was. She kind of ignored the experiences of others in the past few years. Mu Canghai raised the corners of his mouth a bit stiffly and his cold heart pounded. "I've been doing very well these five years."

Yun Feng lowered her head with a faint smile at the corners of her mouth. "I'm glad you're doing well."

Yun Feng walked all the way forward. Mu Canghai followed Yun Feng quietly next to her and looked at the girl's beautiful side profile quietly, as well as the faint smile at the corners of her mouth. Mu Canghai suddenly stopped. Yun Feng took a few steps forward and turned around in confusion. A glint of light flashed through Mu Canghai's strange eyes. "Yun Feng, there's something I need to tell you."

Yun Feng raised her brows. Mu Canghai was silent for a few seconds and his thin lips opened slightly. "I've heard something. Someone with a special identity will come to the Inner Region for the advancement of forces this time."

Yun Feng chuckled. "Special people?"

Mu Canghai nodded. "Yes, special people, the Naxi clan."

The Naxi clan.

These four words hit Yun Feng's heart hard and caused waves of ripples. The expression on her pretty face also changed slowly. Mu Canghai continued, "I don't know if Qu Lanyi will come or not. I can't be sure how accurate this news is. Perhaps it's a bit inappropriate for me to tell you right now. After all..."

"It's fine," Yun Feng whispered. Her racing heart slowly calmed down and she smiled lightly. "Whether this news is true or not, I'm glad you told me. Thank you."

Mu Canghai pursed his lips and didn't say anything else. He only glanced at Yun Feng with a complicated gaze. Yun Feng chuckled and turned around to walk forward, but her slightly trembling hands curled up at this moment. Lanyi, will it be you?

The three elders of the Yun family didn't announce the news of Yun Feng's return to the public, and Yun Feng didn't stay in the headquarters of the Yun family for long. To be exact, she would leave soon after arriving at the headquarters of the Yun family. She had to help Yun Xiang's advancement. Even though Yun Xiang's possibility of failure would be reduced by about thirty percent with the help of the Weightless Fruit, there was still 70% danger of breaking through to the God Level. She had experienced it, so she knew clearly that it wasn't enough for Yun Xiang to rely on the Weightless Fruit.

Yun Feng checked the potion manual left by her master. Among the potions recorded in it, there was a kind of potion called the Weightless Liquid. It had the same effect as the Weightless Fruit, but it was twenty percent more effective than the Weightless Fruit. The danger of the Weightless Liquid could be reduced by about fifty percent! If the Weightless Liquid was combined with the Weightless Fruit, the danger of Yun Xiang reaching the level of a God would be reduced to about thirty percent. This could be said to be a guaranteed victory for Yun Xiang's breakthrough.

The Weightless Fluid was a grandmaster-level potion. It wasn't difficult for Yun Feng. However, the main ingredient of the Weightless Fluid was the Weightless Fruit. It wasn't difficult to find other supplementary herbs, but the Weightless Fruit was a bit difficult. There were a total of five Weightless Fruits in the Yun family. Each of them had a miraculous effect on leveling up. Naturally, she couldn't use them recklessly. The Weightless Fruit was also extremely precious. It wasn't easy for the Yun family to have five of them. Yun Feng didn't intend to use the Yun family's Weightless Fruits. If she couldn't use them, she certainly had to think of a way outside. Even though it was a bit difficult to find the Weightless Fruit in the Inner Region, there was still a way.

Yun Feng soon left the Yun family for a rather famous area in the Inner Region, called Peace Town. Peace Town was located in a very central place in the Inner Region. Most people in this town were businessmen. It could be said that all trades and transactions in the Inner Region were carried out here. The Auction House in the Inner Region was also in Peace Town. If Yun Feng wanted to find the Weightless Fruit in the shortest time possible, she certainly had to come to Peace Town.

Yun Feng immediately moved. She wanted to make the Weightless Liquid in a month to help Yun Xiang reach the God Level, so Yun Feng didn't meet anyone from the Yun family and directly left. Mu Canghai would definitely follow her this time and go to Peace Town with Yun Feng.

Putting on the Thousand Shadows Mask again, Yun Feng completely covered her appearance. There would definitely be a lot of people from the other families in Peace Town. Once the Shentu family saw her, the master of the Shentu family would definitely do something to her. Yun Feng didn't want to make a move before the advancement of forces, so it was extremely important to hide herself so that she wouldn't cause trouble.

There was no need for Mu Canghai to hide. In the past five years, he had escorted the members of the Yun family to some places. It wouldn't be suspicious if a member of the Yun family were with him. This member might not be Yun Feng. The two of them rushed to Peace Town at the highest speed. From afar, Yun Feng heard some sounds coming from the town. Among them were the shouts of vendors and other

noises, all of which carried a sense of relaxation. Peace Town was indeed as its name suggested. She only felt peaceful here.

Yun Feng and Mu Canghai walked in the town. There were a lot of people coming and going. After all, this was the place where all the trade in the Inner Region was gathered. Yun Feng could see people from the few large families from time to time. As the advancement of forces approached, the chances of being visited by the few large families here were also very high. Naturally, some strange things appeared during this period of time.

Yun Feng was looking for the Weightless Fruit, so it certainly wouldn't appear in ordinary stores. The only place where it might appear was the Auction House. The Auction House was located in the center of Peace Town. There were a lot of people going in and out of the Auction House. It could be seen that business was booming every day.

Yun Feng walked in and heard noises. She glanced around with her black eyes and found that there were also people from the few major families. Yun Feng and Mu Canghai directly walked to the reception area. The receptionist asked with a smile, "Are you buying or selling things?"

"Buying something," said Mu Canghai coldly. The receptionist smiled lightly and handed Yun Feng a small notebook. "In order to save your time, all the items auctioned today and the corresponding time of the auction are written on it. The auction today has already been going on for a while. The two of you should seize the time to look for them."

Yun Feng took the notebook and looked at the items that were being auctioned today densely on it. There were truly all kinds of strange things. Yun Feng glanced over every item carefully with her black eyes and her eyes finally brightened. There were really Weightless Fruits!

Chapter 1377 You've Always Been in My Heart (1)

There were indeed Weightless Fruits in the notebook, but there were only two of them. Yun Feng looked at the time marked at the back and glanced at the clock in the hall with her black eyes. Very good. They came at the right time.

"I'm going to the auction now." Yun Feng handed the book over and the auctioneer nodded. "Please pay the entrance fee. The price is different depending on the location. The ordinary seats are..."

"I want an independent room, the best one." Yun Feng interrupted the auctioneer. The auctioneer was startled for a moment and finally nodded. "Ten ultimate ores."

Yun Feng flipped her hand and ten ultimate ores were already on the table. The price was indeed a bit too expensive, but Yun Feng didn't want to bargain because of the time. The eyes of the auctioneer brightened and he quickly took out two badges for Yun Feng. "Turn left. Someone will take you to your room."

!!

Yun Feng took the badge, turned around and quickly went upstairs with Mu Canghai, while the auctioneer put away the ten ultimate ores. "Tut-tut, you're truly generous."

Under the guidance of someone, Yun Feng and Mu Canghai came to a noble and luxurious room. The privacy was quite good. Just like the Auction House Yun Feng went to, one of the walls was transparent. Others couldn't see this place from the outside, but she could see the situation outside clearly from the inside.

Yun Feng glanced around the venue with her black eyes. It seemed that the auction today had attracted a lot of people. She didn't know why. However, even though the competition for the Weightless Fruit was very fierce, Yun Feng still seemed determined to win.

One of the exhibits on the auction stage was taken off the stage. The staff brought over a small box. The auctioneer carefully put the small box on the stage and gently opened the lid of the small box. There were two Weightless Fruits lying inside.

"I'm sure everyone here knows the meaning of two Weightless Fruits. Reducing the danger of leveling up by about thirty percent is something indispensable for a powerhouse of the Emperor Level who wants to level up! The Weightless Fruits are very precious and not everyone can get them. The value of the Weightless Fruits isn't like this either. Have you heard of the Weightless Liquid?"

Yun Feng narrowed her black eyes. The auctioneer knew about the Weightless Liquid? It seemed that the Auction House in Peace Town knew a lot of things. The auctioneer smiled lightly. "The core material of the Weightless Liquid is the Weightless Fruit! Its effect is the same as the Weightless Fruit, but the effect is astonishing! It can reduce the danger of leveling up by half!"

As soon as he said that, there was immediately a commotion at the scene. The auctioneer continued with a smile, "Everyone, can you imagine how much damage can be reduced with the help of the Weightless Liquid and the Weightless Fruit? There are two Weightless Fruits right now. One of them can be used to make the Weightless Liquid. With the two of them used together, it will be easy to reach the God Level!"

Everyone's heart couldn't help but warm up. The auctioneer glanced at the scene and then looked up at the ceiling. Yun Feng curled her lips. This auctioneer wasn't stupid. Those who needed the Weightless Fruit certainly couldn't be ordinary people. The people sitting in the hall certainly wouldn't be able to buy two Weightless Fruits at the same time.

"Name your price!" Someone in the hall shouted loudly, causing a commotion. Yun Feng leaned there lazily. This Weightless Fruit couldn't be measured with money at all. Perhaps even ultimate ores couldn't do it. It should be bartered.

The auctioneer stood on the stage with a smile and didn't say anything. Someone in the hall had already shouted, "Name your price! How much? Or how many ores?"

"Humph! The Weightless Fruit is so precious that it'll be wasted even if it's given to you." A cold voice came. The person who spoke in the hall suddenly stood up. "Damn it, who said that?"

"You're just an Emperor with your strength. What's the use of having the Weightless Fruit? Besides, only grandmaster-level pharmacists can make the Weightless Liquid. Do you have the ability?" The voice sounded again. The person who stood up immediately blushed and the voice sounded again. "How can the Weightless Fruit be measured by ores? Even if you use ores, how many ultimate ores can you afford?"

The hall was completely silent. This voice was very arrogant, but it was also right. The people sitting in the hall had a certain level of strength, but they couldn't afford the Weightless Fruit. The man who stood up sat down angrily and didn't say anything else. At this moment, the auctioneer said with a smile, "You're right, customer. The Weightless Fruit isn't priced with money or ores today. It's exchanged with potions!"

Potions? The audience was in an uproar. In terms of potions, these people in the hall didn't have the capital at all. Yun Feng, who was sitting in the room, raised her brows. Potions for the Weightless Fruit? She looked aside through the transparent wall with her black eyes. It seemed that there were indeed a lot of people who came for the Weightless Fruit this time.

"Master three-star Life Potion." A deep voice appeared out of thin air. Everyone in the hall was silent. They also knew that the people bidding next weren't on the same level as them. Yun Feng curled her lips and smiled. A master three-star potion right away. The starting point was truly high.

Then, a few more voices made a bid. They were all master-level three-star potions, but the types of potions were different. There were high and low ones among the master-level three-star potions. The auctioneer waited with a smile. In his opinion, two Weightless Fruits were worth a higher price. As expected...

"Grandmaster one-star Bone Refining Potion." The cold voice that appeared first sounded again. The audience was in an uproar. A grandmaster-level potion had appeared? The smile on the auctioneer's face widened a bit. Yun Feng raised her brows. Grandmaster one-star?

Mu Canghai frowned slightly on the side. "Grandmaster one-star should be the highest. Yun Feng, you..."

Yun Feng chuckled and pressed the button gently with her slender finger. Her red lips opened slightly. "Grandmaster two-star potion."

"Grandmaster two-star potion!" Everyone was shocked. Even the auctioneer was shocked. The grandmaster one-star Bone Refining Potion that was offered just then had a lot of limitations and was only useful for warriors. He was originally waiting for other grandmaster one-star potions, but he didn't expect a grandmaster two-star potion to appear! The auctioneer looked at Yun Feng in surprise and said with a beaming smile, "Grandmaster two-star potion, first time!"

Yun Feng smiled lazily. Nobody should be able to afford a grandmaster two-star potion. If it weren't for helping Yun Xiang, she wouldn't have used a grandmaster two-star potion to exchange for this Weightless Fruit. Even though the Weightless Fruit was precious, the grandmaster two-star potion was much more valuable than it.

Chapter 1378 You've Always Been in My Heart (2)

"Grandmaster two-star potion, second time!" The auctioneer shouted very hard. The result of the grandmaster two-star potion was already good enough, far beyond his expectations! He believed that the seller would be quite satisfied!

"Grandmaster two-star potion..." The auctioneer was about to shout the third time when the cold voice appeared again. "Wait!"

Yun Feng raised her brows. She knew that someone would interfere at the last moment. The auctioneer stood on the stage and smiled awkwardly. "Guest, are you offering a higher price?"

"If you want to use potions as a deal, you must take out the potions first, or everyone can just make offers."

!!

Everyone agreed with this voice. Yun Feng raised the corners of her mouth indifferently. She knew that there would be such a request. Fortunately, she was prepared. When she had nothing to do, she would study her master's notes of potions. There were still grandmaster two-star potions at hand.

"If someone wants to confirm the authenticity, it's fine," said Yun Feng lazily. The auctioneer was relieved. "Then, please take out the potions you bid with. Someone will get them."

Soon, someone came to Yun Feng's room. Yun Feng handed over the potions. After a while, the two bottles of potions appeared in front of everyone. Countless greedy gazes shot at the two bottles of potions. This was the grandmaster level! Even if they couldn't use them, they could sold them at a good price!

"Please wait a moment. We'll ask the pharmacists to appraise them." The auctioneer said with a smile. Very soon, a pharmacist appeared for the test. Seeing the two bottles of potions, this pharmacist was also amazed. After confirming again and again, he said with certainty that these two bottles of potions were real. They were indeed grandmaster one-star and two-star potions.

As soon as this was said, there was another round of discussion at the scene. The cold voice just then didn't appear again. Yun Feng smiled lightly. It seemed that the two Weightless Fruits would definitely fall into her pocket. The price of the two Weightless Fruits was Yun Feng's grandmaster two-star potion. The auctioneer was beaming. Yun Feng wasn't interested in the things to be auctioned next. Soon, someone brought Yun Feng this small box. Yun Feng lifted the lid and took a look. The two Weightless Fruits were lying there quietly. Yun Feng smiled gently and put away the small box, getting up to leave.

The moment the door opened, Yun Feng met a group of people. That group of people also pushed the door open and walked out coincidentally. They were only a distance away from Yun Feng. The two parties looked at each other. Yun Feng looked away and walked forward with Mu Canghai, planning to go past this group of people and go downstairs. However, she was blocked by one of them.

"Get out of my way." Mu Canghai said coldly with a cold face. The person who stopped him didn't intend to give way at all. Brutality flashed through Mu Canghai's strange eyes as he clenched his big hand in the air fiercely. A twenty-seven or twenty-eight-year-old woman walked over. Yun Feng asked Mu Canghai not to attack first.

"You're the one who's competing with me for the Weightless Fruit?" The woman looked at Yun Feng rather angrily. The woman in front of her was at Grade 9 of the Emperor Level. Her strength should be similar to Yun Xiang's and she was also in the stage of breaking through, or she wouldn't be in urgent need of the Weightless Fruit.

Yun Feng smiled. "You need it, and so do I. The highest bidder wins."

The woman was even more furious. "Do you know who you stole it from?"

“This is an auction house. I said the highest bidder wins.” Yun Feng raised her black eyes slightly and glanced at the woman in front of her. The woman clenched her fists and gritted her teeth as she growled, “Do you know who you’re talking to? I’m a member of the Shentu family! A first-rate family in the Inner Region! How dare you steal something from me!”

Yun Feng sneered. The Shentu family? Enemies were bound to meet on a narrow road. It seemed that she had made the right choice. Otherwise, there might be a God-Level powerhouse among the younger generation of the Shentu family. It was good to stop this. “It’s just the Shentu family,” said Yun Feng casually. The woman’s eyes turned fierce. She didn’t take the Shentu family seriously!

“Which family are you from?” asked the woman coldly. Yun Feng curled her lips. “Get out of my way.”

The woman raised her brows. “I’m asking you, which family are you from?”

“Get out of my way!” Mu Canghai shouted coldly as he clenched his fist in the air fiercely. The space immediately distorted violently. Yun Feng’s black eyes brightened when she saw this. It seemed that Mu Canghai’s strength had improved a lot in the past five years and his ability to control space had also improved a lot.

The space was twisted and the woman was suddenly shocked. Her body subconsciously released the pressure of Grade 9 of the Emperor Level, but it didn’t affect Yun Feng and Mu Canghai at all. While the woman retreated in panic, Yun Feng and Mu Canghai walked past her indifferently and didn’t even look at her. The woman stood there with an embarrassed look. She then remembered Mu Canghai’s strange eyes and realized something! The Yun family!

Yun Feng and Mu Canghai walked out of the Auction House. They had already got the Weightless Fruits and they had to start making the Weightless Liquid next. It was better to make it quickly in case of trouble. Yun Feng planned to go back to the headquarters of the Yun family immediately. When she was about to leave, she glanced at a figure in the crowd with her black eyes. Yun Feng narrowed her black eyes slightly and that figure also stared at her. Their eyes met in the air and Yun Feng clearly felt the disdain and ridicule in the stranger’s eyes.

An old friend? Yun Feng searched her memories and didn’t have any impression of this person, but this person obviously seemed to know her and the inexplicable meaning conveyed through the eyes just then made Yun Feng confused. “What’s wrong, Yun Feng?” Mu Canghai asked when he saw that Yun Feng didn’t do anything after a long time. He looked in a certain direction in a daze.

“It seems that an uninvited guest is here,” Yun Feng mumbled. Mu Canghai frowned slightly. An uninvited guest? What did that mean? Yun Feng raised her black eyes again. The person standing just then had already disappeared. Yun Feng’s heart sank. She quickly looked around with her black eyes and found traces of that person again.

“Wait for me here. I’ll come later.” After saying that, Yun Feng’s body quickly flashed and disappeared in the crowd. Mu Canghai stood there dumbfoundedly. She left too quickly.

Yun Feng walked all the way through the streets of Peace Town. The crowd couldn’t block her vision. That figure seemed to be leading Yun Feng on purpose. The distance between the two of them didn’t shorten or increase at all. Under the guidance of this figure, Yun Feng came to an unusually remote

corner of Peace Town. When Yun Feng chased after the stranger, there was a dead end in front of her, but that person was nowhere to be seen.

Chapter 1379 You've Always Been in My Heart (3)

Whoosh!

After a soft sound came, Yun Feng turned around. The person who led her here was right in front of her. She was about the same height as her. Her voluptuous and graceful body was extremely mature. The facial features on her face were smeared with maturity. She looked at Yun Feng coldly with indescribable ridicule in her charming eyes at this moment.

"You know me?" Yun Feng raised her brows. The woman opposite her sneered and sized Yun Feng up from head to toe. She said in disdain, "You're Yun Feng?"

Yun Feng's black eyes darkened. Was she confirming her identity? Who exactly was she? "I'm Yun Feng." Yun Feng said as the woman sneered again. "I thought you would be special, but I didn't expect you to be... so unworthy."

Unworthy? Yun Feng was also enraged. A woman appeared out of nowhere and called her unworthy. Where exactly did this woman come from? Yun Feng looked cold. The woman raised her brows. "You're only at Grade 3 of the God Level. How can you be worthy of him?"

Him? Yun Feng raised her brows. If she understood him correctly... he should be... "Do you know Qu Lanyi?"

"Qu Lanyi?" The woman frowned. Then, there was obvious disgust in her eyes. "Qu Lanyi... He changed his surname!"

Yun Feng's heart brightened. She was 100% sure that this strange woman in front of her knew Qu Lanyi and seemed to have a deep relationship with Qu Lanyi, or she wouldn't have mocked her as if she had stolen her man.

"Humph! No wonder. You don't know anything at all. You don't know his noble identity and ancient surname!"

Yun Feng's anger immediately disappeared. "In terms of history, the surname Yun should be on par with Naxi."

The woman's expression changed slightly. Then, she said in disdain, "So what? The Yun family isn't worthy of being compared to the Naxi family right now."

Yun Feng sneered. "I'm not interested in knowing who you are. The Yun family isn't something you can talk about."

The woman was startled, and then said coldly, "I'm here to warn you this time. Stay away from Brother Lanyi. You're not worthy of him at all!"

Yun Feng laughed loudly and looked at the woman in front of her mockingly with her black eyes. "It's none of your business what happens between him and me."

“I’m his fiancée. I certainly have the right to ask!” The woman screamed with resentment on her face. Yun Feng laughed loudly after hearing that. “Fiancée? Remember to call me when you get married. I’ll give you a wedding gift.”

The woman was so angry that her cheeks turned red. Then, she sneered. “I’m not going to argue with you. You’re not qualified to enter the Naxi family. You’re a Grade 3 God. You’re already an ant in front of me, let alone Brother Lanyi!” As soon as the woman said that, she made up her mind and a stream of powerful fighting energy instantly flew out. The space around her twisted violently because of the appearance of the fighting energy and even became a bit distorted! Yun Feng looked at the space that was instantly distorted. This woman... was indeed quite strong.

“Nana!” Meatball on Yun Feng’s shoulder arched its body. The fur all over its body stood up at this moment and its sharp teeth were faintly discernible. The woman slowly lowered her hand and looked at the crack in the space that was forcibly torn out. She sneered. “Yun Feng, you’re not worthy of him. The Naxi Clan won’t acknowledge you at all.”

Yun Feng curled her lips. “As I said, this is between him and me.”

The woman couldn’t help but feel a bit angry when she saw that Yun Feng didn’t change her attitude at all. Her threats were useless. This woman was truly difficult to deal with! “I didn’t kill you because it’s beneath my dignity.”

Yun Feng sneered and straightened her back. She stared at the woman in front of her with her black eyes. The scorching light that burst out of her black eyes made the woman slightly shocked. Yun Feng smiled lightly and stepped forward without saying anything. The woman stood there and narrowed her eyes fiercely. What a troublesome Yun family!

“Yun Feng!” Mu Canghai immediately walked over when he saw Yun Feng appear again. Yun Feng raised her head and smiled lightly. “Let’s go back to the Yun family.” Mu Canghai glanced at Yun Feng suspiciously. He felt that she was a bit different. He glanced at Meatball on his shoulder and found that Meatball’s expression was also a bit wrong. However, Yun Feng didn’t say anything. He better not ask anything.

The two of them immediately left Peace Town. Yun Feng ran in front along the way and Mu Canghai followed her quietly. He looked at Yun Feng’s back with his strange eyes worriedly. Yun Feng clenched her fists tightly and looked straight ahead with her black eyes. What that woman said just then kept echoing in her mind. She couldn’t help but clench her fists even tighter. Suddenly, Qu Lanyi’s handsome face flashed in her mind, those gentle black eyes and his deep and magnetic whisper. Yun Feng slowly closed her black eyes, as if she could feel his breath next to her. His warm arms still hadn’t left her.

Lanyi, you’ve never given up on me. You’ve given me your heart, so I certainly won’t be swayed by what others say. I’ve said that I won’t let you down. No matter how many thorns and suffering there are ahead of me, I’ll continue walking forward like before, because of you.

Yun Feng took a deep breath. The moment she opened her black eyes, a glint of light flashed through and her red lips slowly curled up. Everything the two of them experienced along the way was still vivid in her mind. Yun Feng pressed her hand against the place where her heart was beating and felt the strong

beat under her palm. Lanyi, I've never been alone since I met you. You've never left. You've always been in my heart.

After Yun Feng returned to the headquarters of the Yun family from Peace Town, she entered her room expressionlessly and started making the Weightless Liquid. Mu Canghai tacitly didn't ask Yun Feng a word. He just stayed outside silently. Since Yun Feng moved extremely quickly this time, nobody knew that she had returned to the Yun family yet. The refinement of the Weightless Liquid needed a quiet environment. A full ten days had passed. Mu Canghai stood outside Yun Feng's room like a pine tree and maintained the same expression on his cold handsome face. Finally, the door of the room was gently pushed open and Yun Feng walked out. Mu Canghai immediately went up to her when he saw her. He was a bit worried because Yun Feng's face was slightly pale.

"It's fine. It's indeed a bit exhausting to make a grandmaster two-star potion. But it's bearable for me." Yun Feng put on a faint smile. Meatball on her shoulder yawned. Even though Yun Feng had Meatball's help and her strength had also advanced to Grade 3 of the God Level, she still had a long way to go in the field of potions, especially grandmaster-level potions. She believed that the success rate of making grandmaster potions was very low. Even though Yun Feng could succeed in making the potions in her own way, it would consume a huge amount of mental strength. Every time she made a grandmaster potion, it would consume mental strength. Yun Feng's mental strength was powerful, but she still had to be careful and hold back.

Chapter 1380 Unexpected Change (1)

The Weightless Liquid was a two-star grandmaster liquid, which was still within Yun Feng's acceptable range. This made Yun Feng a lot more relieved. Otherwise, she would really have to think hard about how to make the Weightless Liquid in the shortest time possible.

"Does the Yun family know that I'm back?"

Mu Canghai shook his head. "Not yet. The three elders didn't tell anyone. They probably have to be careful. The Shentu family has been keeping an eye on the Yun family these years."

The corners of Yun Feng's mouth curled up coldly. "There are twenty days until the advancement of forces. The Shentu family is probably already extremely busy. It's useless for them to keep an eye on me." Yun Feng took out the weightless potion she had just made. "Luckily, it didn't take too long to make the potion. Yun Xiang still has time."

!!

Mu Canghai nodded and glanced at Yun Feng with his strange eyes. Yun Feng felt Mu Canghai's gaze. "What's wrong?" She raised her brows and asked, but Mu Canghai shook his head gently. "Nothing."

Yun Feng chuckled. "I haven't seen Yun Xiang in years. I wonder how she and Bai Qingfeng are doing. Xiaoxiao and Yun Ling should have improved a lot with the help of the Golden Cauldron Fluid. The power of the Yun family's summoner bloodline should be even stronger than before."

There was finally a smile on Mu Canghai's face. "Yun Xiaoxiao and Yun Ling have already reached Grade 4 of the Emperor Level."

Yun Feng nodded in satisfaction. "They indeed have potential. I'll go see Yun Xiang."

The two of them soared into the sky and ran straight to Yun Xiang's residence. After Yun Xiang and Bai Qingfeng got married, Bai Qingfeng, as the son-in-law who married into the family, had been living in Yun Xiang's yard. Bai Qingfeng himself didn't care about this. When Yun Feng arrived, she saw Bai Qingfeng, who seemed to be busy with something in the yard. Bai Qingfeng suddenly raised his head and looked delighted when he saw Mu Canghai and Yun Feng next to him!

"Yun Feng, you're back! You came at the right time!"

What Bai Qingfeng said made Yun Feng frown slightly. What he said seemed to have a deeper meaning. The two of them landed from the sky and Bai Qingfeng quickly came over. "Luckily, you're back now. Otherwise, I really wouldn't have been able to persuade Xiao Xiang. Great!"

"What exactly happened?" Yun Feng asked in a low voice. Did something happen to Yun Xiang?

Bai Qingfeng chuckled and was about to say something, when Yun Xiang walked out of the room. "Silly, why have you been out for so long... Yun Feng!" Her call was full of surprise and eagerness. Yun Feng slowly turned around and saw the unconcealable excitement on Yun Xiang's handsome face. Her red lips curled up slightly. "Yun Xiang."

Yun Xiang rushed over and pulled Yun Feng over fiercely with her arms. Yun Feng put on a smile at the corners of her mouth and also hugged Yun Xiang's body. The two of them could feel the affection in the bottom of their hearts when they hugged each other. "It's been five years. You've been gone for five years. You're finally back today!" Yun Xiang hugged her a bit harder. Yun Feng smiled gently and patted her shoulder with her hand. Yun Xiang pushed her body away slightly and glanced Yun Feng up and down with her black eyes, bursting with joy!

"Your aura is much stronger than before... Have you already broken through to the God Level?" Yun Xiang put her hands on Yun Feng's shoulders with surprise in his eyes. Yun Feng smiled and nodded. "I've indeed reached the God Level. You're not bad. It's only been five years and you've already touched the threshold of the God Level."

Yun Xiang immediately smiled in embarrassment. "I can't compare to you at all. You've already walked ahead of me in a blink. Yun Feng, you're truly awesome!"

Yun Feng looked at Yun Xiang's pretty smile and felt warm in her heart. She patted Yun Xiang's shoulder with her hand. "It's quite dangerous to become a God. Are you prepared?"

Yun Xiang immediately became serious. "Don't worry. The three elders have already given me the Weightless Fruit. It can reduce thirty percent of the danger."

Yun Feng chuckled and took out the Weightless Fluid. Bai Qingfeng's eyes couldn't help but light up when he saw that! Weightless Fluid! Yun Feng could even make this! Yun Feng handed the potion to Yun Xiang. Yun Xiang flipped it in her hand curiously. "What's this?"

"This is the Weightless Fluid. It has the same effect as the Weightless Fruit. It can help you a lot when you're breaking through to the God Level," said Yun Feng casually. Yun Xiang certainly knew that the Weightless Fluid was very useful. She couldn't help but look at Yun Feng gratefully, but Yun Feng shook her head. "There's no need to thank me. You being able to enter the God Level successfully is too important to the Yun family."

Yun Xiang didn't pretend. She put away the Weightless Liquid and smiled heartily. "Of course! I'll definitely seize this opportunity and beat them up fiercely in the advancement of forces!"

Yun Feng smiled happily. She was truly delighted to be with Yun Xiang. The two of them smiled happily as Bai Qingfeng, who had been silent for a long time, walked over and looked at the two of them solemnly. He said extremely seriously, "Yun Xiang, you can't participate in the advancement of forces this time."

"Silly, what did you say?" Yun Xiang was immediately enraged after hearing that. "If you dare to stop me, I'll throw you out of the Yun family!"

Yun Feng looked at Bai Qingfeng in confusion. He seemed to have something to say since just then, but the very first thing he said was to stop her? What exactly did Bai Qingfeng mean? Bai Qingfeng's face darkened, but he still said firmly, "No matter what you say, you can't participate this time!"

"Fool, you..." Yun Xiang widened her black eyes and looked at Bai Qingfeng furiously. Yun Feng said, "If you don't want Yun Xiang to participate, you must give me a reason."

"That's right! Let's see what reason you have to stop me!"

Bai Qingfeng sighed helplessly and then shook his head. "Yun Xiang, you're pregnant."

There was silence. Yun Xiang stood there dumbfoundedly, as if she still hadn't digested the meaning of this sentence. Yun Feng, on the other hand, looked at Yun Xiang's belly after being stunned for a while. Mu Canghai was still cold and expressionless on the side. Yun Xiang, who was completely dumbfounded, finally came back to herself. "Silly, what did you say just then?"

Bai Qingfeng walked over with a gentle look and pulled Yun Xiang into his arms. He covered her belly with his hand and touched it slowly. "I said, you're pregnant. You're carrying our child here."

Yun Xiang blinked a few times and glanced at Yun Feng with his black eyes. Her body immediately went weak and she fainted just like that! Yun Feng and Bai Qingfeng were both terrified. Bai Qingfeng picked Yun Xiang up horizontally in a panic and rushed into the house. Yun Feng followed him in nervously. Her heart was already racing. Yun Xiang was pregnant? So, a little life was about to be born in the Yun family!
