

## Summoner 1391

### Chapter 1391 The Red Eyes Attack (1)

"I won't let this matter go!" The leader of the Shentu family said in a low voice as he turned around and left with a gloomy face. Meatball sat on Yun Feng's hand and its fluffy body moved a few times. Yun Feng caressed Meatball's body with her finger. She knew that it wasn't to blame for this. If that man didn't reach out, he wouldn't have died at all.

The result of the competition in the pharmaceutical segment was obvious. The three-star potion made by Bai Qingfeng was of perfect quality, while the potion made by the pharmacist of the Shentu family was only a two-star potion. The Yun family deserved to be the first in the pharmaceutical segment!

However, the death of the Shentu family's external help also caused a huge wave in the Inner Region. The conflict between the Shentu family and the Yun family was further intensified and the leader of the Shentu family said that he wouldn't let it go. It was believed that the Inner Region wouldn't be peaceful after the advancement of forces. A greater wave was about to begin!

Bai Qingfeng was delighted that the Yun family won the first place for the Yun family. Yun Xiang was proud of him, but Bai Qingfeng didn't take credit for it himself. He knew that without the secret push of that last power, it was impossible for the three-star potion to succeed, let alone reach perfect quality! Yun Feng's Magic Beast must be credited for this!

Meatball naturally became the top contributor, but the contributor caused quite a huge trouble. The Yun family certainly knew the severity of the death of the Shentu family's external help. The Shentu family wouldn't let it go, but nobody scolded Meatball or blamed Yun Feng, which made Yun Feng feel gratified.

Yun Feng chuckled as Meatball on her shoulder rubbed against Yun Feng's cheek. "Meatball caused the trouble. Of course, I'll deal with the aftermath for it."

"That won't do! You're facing the leader of the Shentu family. It's very likely that the power behind the Shentu family will be enraged because of this. After all, the person who died is a master-level pharmacist!" The three elders of the Yun family didn't agree with Yun Feng's decision to take on the responsibility alone. They were also a bit angry with her personality of taking everything on herself. Yun Feng's heart felt warm. Yun Xiang quickly said on the side, "If someone wants to attack the Yun family, just let them!"

Bai Qingfeng glanced at Yun Xiang in amusement and said solemnly, "If the power behind the Shentu family wants to attack the Yun family, the Yun family will have to face more than one problem."

"It seems that the Yun family isn't just facing a dark cloud. It's about to face a storm." The three elders of the Yun family all looked much more serious, but they were still relieved. Luckily, they had the help of the Golden Cauldron Fluid in these five years. The overall power of the Yun family had risen a lot. Even if the power behind the Shentu family made a move, the Yun family would still have some power to resist. They wouldn't have to be beaten up passively like before.

“It’s still unknown if the power behind the Shentu family will take action. The Shentu family’s master is probably sitting on pins and needles right now. If the Shentu family can’t sit firmly in the position of the first-rate family this time, the Shentu family will be in as much trouble as the Yun family.”

Everyone smiled after hearing this. The competition of the younger generation was coming up next. The Yun family would send out Yun Feng. The fourth round would completely be Yun Feng’s world!

“You won’t lose the fourth round!” Yun Xiang smiled at Yun Feng happily. The three elders of the Yun family also chuckled softly. Among the younger generation, who was stronger than Yun Feng? So, there would be no suspense at all in the fourth round. The Yun family would definitely win!

After the third round of potions ended, the competition of the younger generation followed. The unexpected event of the potion competition was still talked about by many people. Everyone was guessing what the Shentu family would do after the advancement of forces. The fourth round of competition began in such emotions. Even though the Yun family won, if anything happened in the fourth round, the Yun family would still fail.

The fourth round was also very important for the other families. Just like the Yun family, the Fang family had to win this time, while the Ji family had an easier time. The Ji family had already won twice in a row. If they won this round, the crisis would be completely resolved and one of the Ai family and the Wu family would face the danger of being kicked out of the Inner Region.

The fourth round of the competition was about to begin. The first to go on stage were the Fang family and the Baili family. The weapon in the hands of the young people of the Fang family was the God Level weapon that had appeared in the second round. Of course, with the help of the power of the weapon, the Baili family would be defeated no matter what. After all, the God Level weapons of the Shentu family had already been taken away. The leader of the Shentu family certainly couldn’t give away his weapon. The Fang family won the second round after a narrow escape, so they would be on an equal footing with the Baili family. Then, there was the Ji family, which also had a God Level weapon. Even the Wu family and the Ai family combined weren’t their match, let alone in a one-on-one battle. The two families were also defeated. This way, the Ji family won three rounds in a row and became the first family to defeat the challenger in the advancement of forces. The ranking of the Wu family and the Ai family was even lower. As long as the results of the Fang family, the Baili family, the Shentu family and the Yun family came out, there should be a demotion.

The situation facing the Wu family and the Ai family also made things a bit difficult for the Shentu family. Even though they were just lackeys, it would have less control if it lost them. And yet, the Shentu family couldn’t even protect themselves right now.

The competition between the Ji family, the Wu family and the Ai family was over. Next was the competition between the Shentu family and the Yun family. The audience on the arena all cheered and their clamoring sounded like an ocean. In the sound waves, Yun Feng smiled lightly. Very good, it was her turn to fight!

Her slim body jumped and stood on the platform. Seeing Yun Feng of the Yun family appear, the voices rose again. Everyone wanted to see how strong this summoner of the Yun family was and how powerful the ability of a multi-element summoner was! Everyone was waiting for Yun Feng to attack. This moment had finally arrived!

Yun Feng looked up at the leader of the Shentu family, who was standing high up. The leader of the Shentu family was smiling at this moment with a meaningful smile at the corners of his mouth. Yun Feng frowned slightly as a figure suddenly flew up from somewhere and jumped directly to the highest platform. Yun Feng keenly felt a fighting energy approaching her quickly. Yun Feng's mental strength suddenly jumped out of her body and rushed forward. The two hidden dragons collided fiercely at this moment. Instantly, Yun Feng's black eyes darkened!

Chapter 1392 The Red Eyes Attack (2)

Grade 3 of the God Level!

An undercurrent surged the moment the two of them collided. A gust of wind suddenly stirred up a lot of dust. Yun Feng looked at the figure standing opposite her through the thin dust fog. She was very sure that this person couldn't be the descendant of the Shentu family!

Yun Feng narrowed her black eyes slightly. It seemed that the power behind the Shentu family had also exerted themselves. They had offered external help in such a segment. They must be trying to let the Shentu family sit firmly in the position of the first-rate family.

When the dust dissipated, a slim and tall figure appeared in front of everyone's eyes. His thin cheeks made his facial features even more prominent. There was always a superior smile at the corners of his mouth and his black eyes also carried a faint provocative gaze. "Yun Feng?" The young man said as he raised his black eyes slightly and glanced at Yun Feng opposite him. The moment their strength came into contact, he already knew that Yun Feng of the Yun family was as strong as him!

"That's not someone from the Shentu family!" The expressions of the three elders of the Yun family changed and they looked a bit nervous. They had never thought that the Shentu family would also borrow someone in this segment, apart from potions!

"Damn it!" Yun Xiang gritted his teeth and said hatefully. Bai Qingfeng quickly patted her back. "Calm down. Don't scare the child in your belly. With Yun Feng's strength, she won't suffer any loss. Even if that person is very strong, Yun Feng is a multi-element summoner."

The members of the Yun family were also slightly relieved in their minds. However, Yun Feng didn't have a high chance of winning this battle. It depended on what the man was capable of.

"You're from the force behind the Shentu family." Yun Feng glanced over coldly. The smile at the corners of the young man's mouth became deeper. He finally looked at Yun Feng in the eyes and chuckled. "How can the Shentu family have a genius like me? You're quite smart."

Yun Feng chuckled softly as her black eyes became colder. The young man opposite her clenched his fists and exerted a little strength, making crisp sounds of his bones. He turned his neck gently and said indifferently, "Let's begin. I don't want to waste a lot of time here."

Yun Feng raised her red lips. "I had the same thought."

The young man's face darkened. He flipped his wrist and took out the weapon. As Yun Feng expected, it was a God-Level weapon, similar to the ones in the Shentu family's Treasure Mirror. Yun Feng also flipped her wrist and held the wand her master gave her in her hand.

“The things in the Shentu family’s Treasure Mirror don’t belong to the Shentu family. You took them away and gave them to someone else without permission. I’ll get back at you for this!”

Yun Feng flipped her finger and put all four Rings of Contract on. She couldn’t hold back at all in front of such an opponent. She believed that the other party had the same thought! Four beams of light suddenly appeared from the Rings of Contract and Yun Feng’s four contracted Magic Beasts all appeared! It made everyone exclaim! Even Yu Lian couldn’t help but tremble in her mind. A four-element summoner and the Magic Beasts she contracted were all extraordinary! Yun Feng was quite capable!

The Master of the Shentu family narrowed his eyes fiercely and looked at Yun Feng’s four contracted Magic Beasts. This was the first time he had seen them and he was also shocked in his mind. Each of Yun Feng’s four contracted Magic Beasts had a very strange bloodline. The Master of the Shentu family couldn’t help but feel itchy in the bottom of his heart. The summoners of the Shentu family had never had any such Magic Beasts. If they could contract with such a Magic Beast, the summoners of the Shentu family would definitely be stronger and show the might of the Shentu family more!

He slowly licked his dry lips with his tongue and looked at the four Magic Beasts with glittering eyes. He had already discussed with that person. Not only did he have to defeat Yun Feng today, but more importantly, he had to plunder her contracted Magic Beasts!

Seeing Yun Feng’s four contracted Magic Beasts appear, the young man burst into laughter and joy gradually appeared in his eyes. “Very good. This way, I won’t be too bored when I fight.” He glanced at the Shentu family’s master on the platform. This old man had good taste and knew how to scheme.

“You’ll definitely not be bored.” Yun Feng whispered softly. The momentum of the four contracted Magic Beasts burst out at the same time and the four beams of light had already jumped over! The young man laughed loudly. His skinny body was full of muscles and the power inside couldn’t be underestimated. His body rushed over with a weapon in his hand with a gust of cold wind. He flipped his hand and a few beams of light jumped out, standing next to the young man quickly!

Yun Feng looked at those few figures with her black eyes and couldn’t help but feel shocked. The young man waved his arm fiercely and those few figures flew towards the four contracted Magic Beasts like beams of light. The attacks of the four contracted Magic Beasts were instantly dispersed and they were entangled by four figures forcefully. These four figures were four living people!

“A multi-element summoner is more or less a bit tricky, but apart from your contracted Magic Beasts, there’s nothing to be afraid of.” The young man licked his dry lips with the tip of his tongue and the excitement in his black eyes increased. “I really want to know how weak a summoner without a contracted Magic Beast is. Will she be killed by me in one attack or two? Hahahaha!”

“Master, these aren’t living people. They don’t seem to feel any pain!” The voices of the four contracted Magic Beasts came in her mind one after another. Yun Feng immediately understood what those figures were. Puppets! Living human puppets!

“They’re too powerful. I can’t get rid of them at all!”

“F\*ck, I’ll just blast him to death!”

“Xiao Feng, they’re like sticky flies that you can’t get rid of!”

There was helplessness and anger in the voices of the four contracted Magic Beasts. The four of them were entangled by the four puppets and couldn’t spare any energy to help Yun Feng at all. These puppets didn’t know how to retreat at all. They were fierce and ruthless. This fierceness made it difficult for the four contracted Magic Beasts to resist. They were completely trapped for a moment and Yun Feng was alone and helpless.

Everyone in the world knew how terrifying summoners were when they contracted with Magic Beasts. Summoners who lost their contracted Magic Beasts were equivalent to ferocious beasts that lost their sharp claws and fangs. If they fought with a warrior, they would die! That weak body of a summoner could be shattered with a punch!

The members of the Yun family were all anxious when they saw this scene. Yun Xiang held Bai Qingfeng’s hand tightly and looked at Yun Feng’s current situation. “I should’ve gone up. I should’ve gone up”

Chapter 1393 The Red Eyes Attack (3)

“Xiao Xiang, calm down!”

“How can I not be excited? Yun Feng’s contracted Magic Beasts are already entangled. Even if she’s very strong, how can she face a warrior who’s as strong as her? The body of a summoner is so weak. If it were me, I could more or less resist him, but what about Yun Feng?”

Bai Qingfeng also frowned. “Even so, Yun Feng isn’t so weak. As a master-level pharmacist, she certainly has the corresponding potions. She might be able to strengthen her physical fitness for a while and not make herself so vulnerable.”

“But” Yun Xiang was still very worried. If something really happened to Yun Feng, she would be responsible for everything! If she weren’t pregnant, how would Yun Feng give up the potion segment and replace her?

“She’s not an ordinary person!” Mu Canghai said coldly as he stared at Yun Feng, who was still calm even in such a situation, with his strange eyes. “She’s not an ordinary summoner. She’s Yun Feng!”

“I can shatter your body without a weapon!” This arrogant voice suddenly flashed in the sky. Meatball on Yun Feng’s shoulder was about to rush forward angrily and bite the warrior fiercely, but Yun Feng burst into laughter and told Meatball not to do anything. Her black eyes were filled with endless coldness as she waved the wand in her hand fiercely and a huge Ice Chain appeared in Yun Feng’s hand!

“Swish, swish, swish” The Ice Chain pounced towards the warrior fiercely, but the warrior burst into laughter. He infused fighting energy into the weapon in his hand and a powerful force instantly shattered the Ice Chain completely! The pieces of broken ice immediately turned into faint water elements that scattered in the air. In the clash just then, Yun Feng felt the strength of the other party clearly. With the enhancement of the God Level weapon, his strength was fully carried out.

This time, it was truly tricky.

“Your magic elements may be a bit threatening to other warriors, but for warriors whose bodies have been refined like me, they’re nothing to be afraid of at all!” The young man shouted loudly as the weapon in his hand made a buzzing sound. Even though his body turned into a black shadow, he rushed towards Yun Feng quickly at a rather astonishing speed!

Yun Feng turned the wand again and with the support of the wind element, the tip of Yun Feng’s foot bounced off the ground fiercely and she instantly moved away like a bullet. However, the warrior’s body was like a shadow that followed Yun Feng closely and kept shortening the distance between them!

Yun Feng knew that she couldn’t keep running, but her physique couldn’t compare to that of a warrior of the same level at all. Even though he couldn’t shatter her with a punch, it would cause great damage to her body, not to mention the God Level weapon in his hand! Yun Feng, who kept changing her trajectory to dodge, was unusually calm at this moment. All kinds of situations kept changing in her mind. Thinking of what the young man said just then, his body that had been refined must have been strengthened in some special way like hers. His strength, speed and defense should be better! In this case, she couldn’t face him or fight him in close combat!

How could she keep her distance and regain her advantage?

“Nana, Fengfeng, na!” Meatball called in Yun Feng’s ear. Yun Feng frowned. “Although your teeth are sharp, his body has been strengthened. Even if you can bite through it, you won’t be able to kill him with one attack.”

“You can’t escape. Die!” A roar and an astonishing fighting energy came from the sky!

Yun Feng gritted her teeth and waved her wand. “Earth Shield!” The shield formed by the earth element covered Yun Feng’s body firmly, but the fierce fighting energy instantly penetrated the defense of the Earth Shield and went straight for Yun Feng’s chest!

“One Line Sky!” The young man suddenly shouted as the power of his fighting energy suddenly increased. It came from afar like a sharp arrow with destructive power, pressing towards Yun Feng! Meatball’s body had already arched up, but Yun Feng grabbed it with one hand. Meatball jumped up and down anxiously, but Yun Feng grabbed it tightly. “Bang!” A muffled sound sounded as the fighting energy smashed towards Yun Feng’s body fiercely like an awl, determined to penetrate Yun Feng’s body in one go!

The smile of the Shentu family’s master became wider and wider. As he watched Yun Feng fly backwards, his smile became deeper. The warrior, on the other hand, burst into laughter. He also jumped into the sky. It seemed that he didn’t intend to let Yun Feng go and chased after her!

“Ugh!” Yun Feng only felt that she was sent flying. The exclamations of the four contracted Magic Beasts shook her mind. Meatball wanted to get out of Yun Feng’s hand desperately and was very anxious. Yun Feng suddenly loosened her fingers and Meatball’s body jumped out with a start. It opened its little mouth and bit Yun Feng’s shoulder gently. Its chubby body exerted strength and stopped Yun Feng’s body that was flying out quickly. Yun Feng chuckled softly and looked down with her black eyes. She was sent flying out of that area just like that!

“Swish” A figure followed closely behind. The young man couldn’t help but raise his brows when he saw that Yun Feng’s body was still intact despite a bit pale. “You’re alive?”

Meatball wanted to scream, but it didn't dare to let go easily. It looked at the young man in front of it with its big eyes angrily. Yun Feng stabilized her body and asked Meatball to let go. Meatball finally let go of its teeth and gnashed its teeth at the young man. The young man raised his brows. "Is this your other Magic Beast? I can't tell what it's capable of."

"I'm alive. I'm sorry to disappoint you." Yun Feng chuckled. The two of them were both in the sky, a long distance away from the competition area. Neither of them had any intention of going back. The result of the battle would be decided here!

"It doesn't matter. You're lucky that you didn't die in that attack just then, but you might not be lucky enough to take my second attack!" The young man smiled viciously and clenched his fist abruptly. Fighting energy gathered on the surface of his fists from his body, emitting a very strong light. His fighting energy was also moving slowly like air currents and the power it emitted was even deeper.

Yun Feng's eyes were cold. Her body could withstand the first attack, but it was impossible for her to withstand the second. If she was punched again, her weak body would probably really shatter. Her body, her weak body! Yun Feng gritted her teeth fiercely. She swore to find a way to reforge her body after dealing with the Shentu family!

#### Chapter 1394 The Red Eyes Attack (4)

And now, the only thing that could guarantee her victory was the power talismans left by her master. Yun Feng had already used one of the three talismans. She didn't want to use the remaining two, at least not at such a moment! At this moment, Yun Feng felt that the road ahead of her was still long. Even though she had advanced to the third grade of the God Level, she didn't have enough advantage! She wanted an advantage, an absolute advantage that could suppress the enemy! So, she still had a long way to go. She still had a lot to work on!

"Humph!" A cold snort suddenly sounded in Yun Feng's mind. Yun Feng was shocked! "Yun Feng, you finally realize how weak you are? Especially your body that can be torn apart at any time!"

"It's you!" Yun Feng heard the mocking voice in her mind. It came from those huge red eyes that were locked deep inside her body!

"You're already in such a sorry state facing such a piece of trash. How are you going to face the people of that organization?"

Yun Feng's heart raced. "Are you just here to make sarcastic remarks at this moment?"

"I have to make sarcastic remarks, but for myself, I'll make an exception and help you this time!"

Yun Feng curled her lips coldly. Meatball on her shoulder nuzzled Yun Feng's body and found that something was wrong with her. "Thank you for your help then. I won't be grateful this time."

"Humph! You don't have to dodge this trash. Just go forward. I'll finish him off for you!"

"Swish" Yun Feng rushed forward like the wind. Seeing that she was moving forward, the young man suddenly burst into laughter. "You want to die so badly? I'll grant you your wish!"

A heavy punch came. The sharp thorns formed by his fighting energy glittered. The young man smashed Yun Feng's chest with a smile at the corners of his mouth. "Bang" A muffled sound came. The young

man's smile was completely frozen at the corners of his mouth. He looked at Yun Feng in shock with his black eyes. "W-What's this"

The fighting energy on the surface of the young man's fist was still very strong and the sharpness of the barbs was still there. However, his fist stopped a few inches away from Yun Feng's chest. No matter how hard he tried, he couldn't move forward by half an inch, because his fist was blocked by an even larger Magic Beast's claw, including all his fighting energy attacks! And this claw that suddenly appeared directly rushed out of Yun Feng's chest and appeared instantly!

"W-What's this?" The young man was dumbfounded and his expression was completely stiff. He couldn't believe it when he saw the giant claw of a Magic Beast that suddenly extended out of Yun Feng's chest. Meatball on Yun Feng's shoulder suddenly narrowed its big eyes and a cold smile appeared at the corners of Yun Feng's mouth. She also knew how the guy in her body was going to help her right now. This method more or less looked a bit terrifying. After all, the giant claw of a Magic Beast suddenly jumped out of a human's body. This was too unbelievable.

The young man looked at the sneer at the corners of Yun Feng's mouth and his heart suddenly pounded. Who exactly was this Yun Feng? Was she a human being? How could the claw of a Magic Beast extend out of the body of a human being? Was she a Magic Beast herself? The young man's thoughts were completely chaotic at this moment. The reality in front of him confused his understanding. He was confused, but the giant claw of a Magic Beast weren't idle!

"Argh" The young man's confused and stiff expression suddenly changed and he let out a miserable scream. Yun Feng lowered her black eyes slightly and clenched the giant claw that extended out of her chest abruptly. She only heard the clear sound of bones breaking. Yun Feng was shocked in her mind. In just one moment, the wrist of this Grade 3 God-Level warrior was crushed! What kind of power was this? The mocking tone of this guy in her body just then seemed to be justified.

The young man's scream cut through the sky. He wanted to retreat quickly and escape from Yun Feng's side, but this extended giant claw didn't intend to let him go just like that! "Crack!" Another sound of bones breaking came. The young man's face immediately turned extremely pale. He looked at Yun Feng with his black eyes in fear. His wrist was about to be twisted off forcibly! He was a Grade 3 God-Level warrior and his body had been refined. What exactly was this giant claw? Why did it break his wrist so easily like a tree branch?

"Let go of me!" The young man shouted with fear in his eyes, but the giant claw that extended from Yun Feng's chest didn't relax at all. The smile at the corners of Yun Feng's mouth became even colder. The young man's body suddenly trembled. If he didn't leave, he would be killed by this giant claw even if he was a Grade 3 God! What was one hand less? As long as his life was still here!

The young man gritted his teeth and gathered all the strength in his body on his legs. He suddenly stepped back and the bones on his wrist instantly shattered, tearing off a huge part of his skin and flesh! "Poof!" He forcibly pulled his hand off his arm. The young man's face was pale. His fighting energy quickly covered his wrist that had already lost his hand and the blood finally stopped gushing out.

"Who are you? Yun Feng, who exactly are you?" The young man looked at his torn hand and his bare and bloody wrist as he roared crazily. Yun Feng smiled coldly as the Magic Beast's giant claw on her

chest casually threw the torn hand away. The young man's temples throbbed fiercely a few times and he didn't dare to approach Yun Feng anymore!

"I'm Yun Feng." Yun Feng raised her black eyes and raised her red lips at the young man. The pupils in the young man's eyes shrank fiercely. He immediately unleashed all his fighting energy and turned around to run! Running was the only thing he could do and wanted to do right now! He already lost one hand. He didn't want to lose anything else!

The young man ran so quickly at the highest speed, but the giant claw that extended from Yun Feng's chest was even faster. The giant claw suddenly extended forward. It was so fast that Yun Feng didn't have time to react at all. The young man's body had already been firmly squeezed in the palm of the giant claw after running a few steps!

"Poof!" The sound of his body exploding mixed with flesh and blood sounded in the air. The Grade 3 God-Level warrior couldn't resist the giant claw at all. It should be said that his ability wasn't enough to compete with the giant claw at all! He was crushed so easily that there wasn't even any residue left!

The rain of blood fell from the sky with pieces of flesh and organs. Yun Feng looked at the small ball of blood and was extremely shocked. The Magic Beast suddenly loosened its giant claw and the young man's broken body fell. The giant claw slowly retracted. When it arrived in front of Yun Feng, the young man's terrified eyeball was in the giant claw!

#### Chapter 1395 Change of the Ring (1)

Meatball sniffed abruptly and turned its little head in dissatisfaction. Yun Feng looked at the eyeball in her hand gloomily as a voice came to her mind. "It's for you. Take it back and show them how this piece of garbage died. Hehehe!"

"What exactly are you?" Yun Feng asked in a deep voice as the voice in her mind came again. "You'll know sooner or later, when I come out."

Her heart suddenly sank. A Grade 3 God-Level warrior was completely crushed under one of this guy's claws. What level had its strength reached? If such a guy was really released, what would she face at that time?

Meatball's fluffy tail brushed Yun Feng's cheek. Yun Feng glanced at Meatball, and Meatball blinked its big eyes. Yun Feng chuckled. "Na Xie, what exactly does your original body look like? I really want to see it."

A glint of light suddenly flashed deep in Meatball's eyes. It extended its claws and scratched Yun Feng's cheek gently, nuzzling its body affectionately. Yun Feng chuckled. There was no rush. She would find out sooner or later. Looking at the remaining eyeball in her hand, Yun Feng's expression turned cold. It was time to go back and give this gift to the Shentu family's master.

Yun Feng and the young man suddenly left the arena. Everyone was extremely anxious. The members of the Yun family couldn't sit still, fearing that something would happen to Yun Feng. Nobody knew what would happen in the places they couldn't see. They just had to wait for these two people to come back. The result would probably be decided.

The Shentu family's master wasn't in a hurry at all. Instead, he waited with a faint smile. He had already known the result in his mind and was waiting for the good news to come. After a while, there seemed to be movement in the sky. The scene suddenly became chaotic. Someone raised his arm and pointed at the sky. "Look! Someone's back!"

Who came back?

Members of the Yun family looked at the sky nervously. The curiosity of the audience was completely aroused, while the leader of the Shentu family raised his head lazily. A black shadow rushed over quickly and soon entered everyone's sight!

"It's Yun Feng!" A shout burst out of the mouths of the audience. Everyone couldn't help but feel shocked when they saw that slim figure. Wasn't she thrown out in a sorry state? Why was she the first to come back?

The members of the Yun family were certainly relieved when they saw Yun Feng return safely. Yun Xiang heaved a sigh of relief and her body immediately went limp. Luckily, Bai Qingfeng supported her, while Mu Canghai heaved a sigh of relief in his mind and shook his head helplessly. Her battles were so thrilling every time, without any exception.

"How is that possible?" The Shentu family's master's originally complacent and lazy expression suddenly froze. He stared at Yun Feng firmly and his fingers almost dug a hole in his palm. How could she be the first to come back? According to his prediction, the one who came back should be from his side!

"Master!" The four contracted Magic Beasts immediately rushed to Yun Feng's side. Yun Feng looked at the four puppets on the ground. When the person controlling the puppets died, these puppets would naturally lose their effect. The four contracted Magic Beasts wanted to find Yun Feng when they got rid of the puppets, but Yun Feng had already returned safely.

Yun Feng put away the four contracted Magic Beasts and looked at the Shentu family's master coldly. The more the Shentu family's master looked at Yun Feng's facial features, the more frightened he became! "Yun Feng, let me ask you. Where is he?" The Shentu family's master almost shouted. Thinking of the possible consequences and everything the Shentu family might face, the Shentu family's master's eyebrows suddenly jumped a few times!

"He's here." Yun Feng suddenly waved her hand as something quickly slid out of her hand. The Shentu family's master raised his hand and took the thing in his palm. He only felt a chill and it was a huge ice block. The Shentu family's master was about to scold her, but he suddenly fell silent. There was an eyeball in the ice block, and this eyeball belonged to that Grade 3 God!

The Shentu family's master's face twitched hard! He suddenly squeezed the ice in his hand tightly with incomparable anger in his eyes! A Grade 3 God-Level warrior only had one eyeball left. How could he explain to that person?

Yu Lian also saw what Yun Feng threw over on the side. When she saw the eyeball inside, Yu Lian's face darkened and she looked at Yun Feng with her eyes. This woman was so ruthless?

"Yun Feng, how dare you" The leader of the Shentu family gritted his teeth and swallowed his words halfway! Yun Feng sneered. "Master Shentu, are you satisfied with this gift?"

The face of the Shentu family's master suddenly flushed and the veins on his neck bulged. Yun Feng turned around indifferently and her red lips opened gently. "There's one last round. You must be careful, Shentu family's master. If the Shentu family is removed from the position of the first-rate family, I, Yun Feng, swear to return everything that the Yun family suffered back then to the Shentu family a hundred times, a thousand times!"

Yun Feng's body flew far away, while the Master of the Shentu family was a bit shocked by what she said. At this moment, he also realized what kind of fate the Shentu family was about to face!

The fourth round ended with the death of the Shentu family's external help again. The Yun family undoubtedly won again. However, everyone was puzzled about how Yun Feng killed that external help. After all, that external help was a Grade 3 God-Level expert. Even though Yun Feng's power wasn't bad, it was unpredictable that he would die.

The two external helpers died one after another. The Shentu family was already like an ant on a hot pan at this moment. Yu Lian watched coldly from the sidelines. She knew in her mind that the two external helpers of the Shentu family weren't simple. The power behind the Shentu family wasn't simple either. This power even wanted to get close to her. Yu Lian only sneered. She was a member of the Naxi clan. It was truly wishful thinking for such a power to want to get close to the Naxi clan.

#### Chapter 1396 Change of the Ring (2)

The Yun family won two rounds beautifully. This made everyone suspect even more deeply about the Yun family's voluntary forfeitures. They felt more and more that the Yun family was mocking the Shentu family on purpose, making the Shentu family feel complacent. And now, they gave them a fierce blow. This move of the Yun family was extremely risky but also very clever. If they didn't have the courage and preparation to win, nobody would dare to do this.

The Ji family stabilized their position as a second-rate family, so the Ji family's master would certainly be beaming with joy. If it weren't for the Yun family's help this time, the Ji family's fate could be imagined. After the fourth round of competition, the master of the Ji family came to thank them and returned the God Level weapon. It was impossible for him not to be greedy and occupy this weapon. However, the master of the Ji family was a rational person. He wouldn't ruin the friendship he had just established with the Yun family because of such a small benefit. It could be said that the master of the Ji family was calm and far-sighted.

Even though the leader of the Fang family wasn't as calm as the leader of the Ji family, even though it was the Yun family who took the initiative to help back then, the leader of the Fang family knew how much of the help the Yun family gave this time. The Fang family and the Yun family were the same right now. They were both 2:2, waiting for the results of the fifth round. The leader of the Fang family didn't say much about thanking them. After all, the Fang family didn't take the initiative to ask for help. He only said a few simple words very sincerely and also returned the God Level weapon.

The attitude of the two leaders indicated that the power of the Yun family after it rose to the top was gradually taking shape. After the fourth round, the Shentu family lost all their advantages. Even though outsiders couldn't see anything, the leader of the Shentu family was already enraged. He couldn't wait to finish Yun Feng off with his own hands immediately. It was because of her that something happened

to those two external helpers! The leader of the Shentu family also exerted himself. He definitely couldn't lose the fifth round. He wanted to nail the Yun family to the ground completely!

Only four families participated in the fifth round. The Fang family versus the Baili family, the Shentu family versus the Yun family. The fourth round had just ended and the fifth round was about to begin. The audience were still immersed in all kinds of discussions in the fourth round. The most important fifth round was about to begin.

What Yun Feng cared about the most was who would decide the content of the competition. The Shentu family? The Shentu family was the number one family right now, so they certainly had the right. They wouldn't dare to favor themselves completely in public. It was possible that they could target the weakness of the Yun family. However, the Shentu family's master had never thought that Yun Feng would have treasures that he couldn't think about.

After discussing for a long time, Yun Feng and the three elders weren't sure about the strategy of the Shentu family. They would only know when the fifth round truly began. However, everyone in the Yun family knew that the Shentu family would definitely use all their strength in the fifth round and the Yun family would certainly do their best as well!

The fifth round of the competition was about the foundation of the family. The foundation of the family covered a wide range of areas, including the number of talents of the family, rare treasures and the level of strength. There were also other aspects. How to compete in the foundation of the family was also the topic that everyone was most concerned about.

Before the fifth round, the Shentu family's master stood on the platform and announced the content of the competition. After the Shentu family's master said that, it caused a clamor at the scene. The family foundation of the fifth round had to be carried out through a special method, which was treasure hunting.

The so-called treasure hunt was to specify a place and find the most precious thing from there. After taking them out and comparing them, what they found would naturally belong to their family and could also be considered a part of the family's foundation. If they just took things out of the family, it wouldn't be possible to compare at all.

Treasure-hunting not only tested the power and courage of the treasure-seekers, but also depended on the eyesight of the treasure-seekers and the definition of precious items. People who had never seen the world would certainly suffer a huge loss in this round.

The content aroused the curiosity of the audience. The location of the competition was the most eye-catching. The Shentu family's master chuckled and slowly told them a place, which shocked everyone again!

"The Sunken Moon Forest?!" The expressions of the three elders of the Yun family changed abruptly when they heard this name. Yun Feng didn't know where the Sunken Moon Forest was, but seeing the expressions of the three elders, she knew that it was a dangerous place. The leader of the Shentu family spoke again. The people to be sent out in the fifth round could be repeated. After all, the fifth round was very special. Everything could be special.

The four families had three days to prepare. The fifth round of the competition would begin in the Sunken Moon Forest. After saying that, the Shentu family's master looked at Yun Feng with a deep meaning in his eyes. The smile at the corners of his mouth was full of viciousness and killing intent.

"Kid, you shouldn't go to the fifth round. The Yun family can send someone else." After returning to the headquarters of the Yun family, the three elders of the Yun family all looked solemn. They didn't want Yun Feng's participation in the fifth round. Yun Feng stood there silently and finally said, "Where exactly is the Sunken Moon Forest? Why are the three elders so serious?"

The three elders of the Yun family all frowned. The Third Elder of the Yun family clapped his hands hard. "What a leader of the Shentu family! It's the Sunken Moon Forest!"

The Great Elder of the Yun family looked at Yun Feng with an extremely serious expression. "The Sunken Moon Forest is a very special area in the Inner Region. This area is similar to the Endless Ocean. Even though there are human activities in the Inner Region, the Sunken Moon Forest is a unique area, an area that humans rarely step into!"

Similar to the Endless Ocean? Yun Feng raised her brows. She didn't expect there to be such a place in the Inner Region where humans lived. In fact, humans and Magic Beasts always lived next to each other. They just didn't interfere with each other's territory. For example, the Ten Thousand Beast Mountain Range that divided this continent bordered almost all human lands, but it wasn't as strict as the Endless Ocean. Yun Feng was also very curious that there was a place very similar to the Endless Ocean in the Inner Region.

"The Sunken Moon Forest can also be regarded as a forbidden area in the Inner Region. It's not that no human powerhouses have stepped in, but they've never come out after entering. Ever since then, humans have been paying less attention to that area. Even though they were curious in their minds, nobody stepped in there again. As time passed, the Sunken Moon Forest became a unique existence in the Inner Region. People are constantly guessing what's inside."

### Chapter 1397 Change of the Ring (3)

After hearing what the Second Elder of the Yun family said, Yun Feng was silent. The existence of the Sunken Moon Forest was indeed very similar to that of the Endless Ocean. Humans were all very interested in it, but they also paid the price of their lives for it. Perhaps there were also groups of Magic Beasts living in the Sunken Moon Forest, or how would human powerhouses die here so easily?

"Master Shentu is openly provoking the Sunken Moon Forest. Isn't he afraid that he'll cause trouble?" The Third Elder of the Yun family roared. The Second Elder of the Yun family sneered. "He's being forced into a corner! He doesn't just want the victory of the fifth round. He wants the girl's life too!"

Yun Feng looked up and the faces of the three elders of the Yun family all darkened. "He knew that we wouldn't give up the fifth round and would definitely send our girl to fight, so he made such a decision. Unfortunately"

The Great Elder of the Yun family looked cold. "Unfortunately, he was wrong. We won't let you take the risk."

Even though Yun Feng was touched by the love and care of the three elders, she knew the importance of the fifth round for the Yun family very well. She couldn't let all her efforts go to waste in this round! "Elders, allow me to say something." Yun Feng walked forward. "I know how much you love me, but this ring is very important to the Yun family. There can't be any mistakes."

"Kid, we can't let anything happen to you either." The three elders of the Yun family said. Yun Feng chuckled. "The Shentu family's master has already hated me to a certain extent. Even if the Yun family sends someone else, he'll still cause trouble and won't stop! If that's the case, I have no reason to run. Just let him come at me. Don't implicate the other members of the Yun family."

"But"

"It's impossible for the Shentu family's master to do it himself. It's very likely that the Shentu family has another external helper, or maybe he gave his trump card to someone from the Shentu family. There probably won't be any more external help. The Shentu family's master won't be thick-skinned enough to ask for more. Only the Shentu family's master will appear. The Shentu family's master will give something to this person and let him finish me off."

The three elders of the Yun family frowned. Yun Feng continued, "He wanted to kill me, but he didn't want anyone to find out. That's why the Shentu family's master chose the Sunken Moon Forest. If anything happened to the contestants inside, he could deny it completely."

"That's why we won't let you go."

Yun Feng shook her head and chuckled. "Do you want someone else of the Yun family to go in for me? The three elders know the consequences of going into the Sunken Moon Forest. Even if I avoid the Shentu family's scheme, what if they anger something in the Sunken Moon Forest? If I'm right, some races of Magic Beasts exist in the Sunken Moon Forest. Who's better at dealing with Magic Beasts than me?"

The other members of the Yun family would die if they went in, but Yun Feng still had a chance of survival if she went in.

"But girl"

Yun Feng shook her head. "I'm just an ordinary person in the Yun family. I'm nothing special, but like all the members of the Yun family. If I'm destined to be sacrificed, I'm willing to bear this risk."

The three elders of the Yun family were speechless. They all knew what would happen in this trip. They didn't want this girl to take the risk, so they had to let someone in the Yun family bear everything. Looking at the smile at the corners of Yun Feng's mouth, the three elders of the Yun family had extremely complicated feelings in their minds.

"Elders, do you still not believe in my strength?"

The three elders of the Yun family were all startled. In the end, they all shook their heads helplessly. Once Yun Feng insisted on something, nobody could change it easily. The three elders of the Yun family could only smile helplessly and hope that she could come back safely in the end.

Three days had passed and the last round officially began. The members of the four families came to the outermost area of the Sunken Moon Forest one after another. The audience set up camps far away. Treasure-hunting couldn't be done overnight. They had to stay here for a while.

The representatives of the four families were all here. The Fang family, the Baili family and the Shentu family all sent out their senior members. Only the Yun family sent out Yun Feng, who looked like she was around twenty years old. Yun Feng was young. Compared to these people, people inevitably felt that she didn't have enough knowledge and experience. Discussions rose again. Many of the audience thought that even though Yun Feng was powerful, she would probably be short-sighted.

These people didn't know what Yun Feng had been through along the way. The places Yun Feng went to and the things she saw weren't things these people could imagine.

The Master of the Shentu family stared at Yun Feng with a smile. There was a deep meaning in his plan. Yun Feng replied with a faint smile as the Master of the Shentu family's face twitched. The treasure hunt would last for three months. If they couldn't come out of the Sunken Moon Forest after three months, it would be considered an automatic failure. They had to come out in three months. Then, they would compete on the level of the treasures they found.

Three months was quite a long time. Yun Feng turned around and looked at the area in the distance. Her black eyes darkened slightly. After the time limit was announced, the members of the Baili family and the Shentu family were the first to move. The members of the Fang family also followed closely. The three elders of the Yun family reminded her again and Yun Feng was finally ready to go. After walking for a while, a voice called out to her.

"Yun Feng!"

Yun Feng slowly turned around and a figure came out of the shadows on the side. It was Yu Lian. Yun Feng raised her brows. "What's the matter?"

Yu Lian sneered. "I don't have time to play such boring games with you."

"It's good that you're gone," said Yun Feng casually. She ignored her and turned around to walk forward. Yu Lian blushed and couldn't help but shout, "You really think too highly of yourself! If that's the case, come to the Naxi Clan if you can! By then, I'll show you the difference between us and let you know how unworthy you are of him!"

Yu Lian gritted her teeth. "I'll wait for you." After saying that, she jumped and stood in the sky. "Don't embarrass yourself by then. Hm!" After saying that, Yu Lian's body flashed and she had already disappeared completely. Yun Feng raised the corners of her mouth indifferently and continued moving forward. The members of the other three families had already disappeared. Yun Feng took out the Finger Spiritual Jade and looked at the three light spots that were moving forward crazily. Her red lips curled up. Some people couldn't get out of the Sunken Moon Forest after coming in!

The Sunken Moon Forest's mask was quite wide. There was a layer of faint mist around the area. People couldn't see inside through the mist with the naked eye. The mist covered every corner of the Sunken Moon Forest. Yun Feng looked at the sky and saw the same situation, which filled the Sunken Moon Forest with more mysteries. Yun Feng looked at the Finger Spiritual Jade in her hand. The two members

of the Shentu family and the Baili family were obviously moving together. The two of them had already gone deep into the Sunken Moon Forest, but the member of the Fang family were still.

#### Chapter 1398 Mysterious Pool (1)

Yun Feng frowned suspiciously. Why was the member of the Fang family standing still? Had he found something good as soon as he entered the Sunken Moon Forest? Yun Feng followed him into the Sunken Moon Forest. As soon as her feet stepped into the mist, she didn't feel anything different. The faint mist didn't seem to be reacting. Yun Feng's entire body disappeared into the faint mist. Meatball on her shoulder twisted its body a bit uncomfortably and a new vision soon appeared in front of Yun Feng.

In front of her was a lush forest of towering trees, casting a thick shadow above her head. Yun Feng glanced around with her black eyes and wasn't in a hurry to move. Good things depended on carefulness and eyesight. If she was too anxious, she might miss them. Meatball on her shoulder straightened its chubby body and glanced at the situation around curiously with its big eyes. Yun Feng glanced at the Finger Spiritual Jade in her hand and found that the Fang family's representative finally moved, but he was moving in her direction?

Yun Feng narrowed her black eyes. The light spot on the Finger Spiritual Jade was moving towards her quickly. Had the Fang family already known her whereabouts? Yun Feng frowned slightly. It was extremely easy to verify this. Her body immediately flashed and Yun Feng continued moving forward. She looked at the light spot on the Finger Spiritual Jade with her black eyes and changed several directions. As expected, the Fang family's member targeted her and changed his direction every time!

"Yun Feng." The member of the Fang family said indifferently. Yun Feng nodded with a cold face. Seeing that Yun Feng was in a bad mood, the member of the Fang family chuckled. "Yun Feng, don't misunderstand. I only know your whereabouts because something was attached to you. I don't mean any harm."

Yun Feng raised her brows. Meatball on her shoulder quickly searched Yun Feng's body with its big eyes and suddenly jumped up. It swung its tail fiercely and a small thing at the corner of Yun Feng's clothes was sent flying by Meatball. The Fang family's member smiled again he saw that. "That thing was just to help me find you."

"What's the matter?" Yun Feng asked casually. It seemed that she was the first person to use the Finger Spiritual Jade to lock onto someone's whereabouts. It was the most useful and the most hidden way.

"Master asked me to go with you in the Sunken Moon Forest so that we can help you."

Yun Feng raised her brows again. The member of the Fang family chuckled. "Nobody can deny your strength, Yun Feng. However, it's a bit too much to talk about experience and knowledge. I'm afraid the three elders of the Yun family haven't thought it through. I've made some achievements in this area. Why don't"

Yun Feng chuckled. She knew that the Fang family meant well, and she appreciated their kindness. "I appreciate Master Fang's kindness. But even though I'm still young, I know everything I need to know. I'm not a juvenile person."

The Fang family was stunned. "If you say so, Yun Feng It seems that Master was worrying too much."

Yun Feng smiled. "I appreciate it."

The Fang family's member smiled deeply. "In that case, I'll go first."

Yun Feng nodded. The member of the Fang family didn't beat around the bush and left quickly. Yun Feng took out the Finger Spiritual Jade and watched the light spot of the member of the Fang family get further and further away from her. She couldn't help but smile helplessly. These people might not have experienced what she experienced. Even if she didn't know enough, she had all kinds of precious records left by her master. At worst, the guy locked in her body would give her a satisfactory answer.

Yun Feng restrained her aura and restricted it to a very small range before she started moving. This area was different from other places. In order to avoid trouble, Yun Feng decided to be careful. Meatball on her shoulder also didn't make a sound. It just looked around with its big eyes flashing. It was obvious that it was very curious about this place.

The Baili family and the Shentu family moved together, while the Fang family went deeper and deeper in another direction. Yun Feng looked at the two light spots of the Baili family and the Shentu family and sneered. She didn't care about these two people for now. They would bump into each other sooner or later. She exerted strength under her feet and her body turned into a black shadow, disappearing completely into the trees and forest.

A breeze blew across the Sunken Moon Forest, creating some sounds. It blew from the periphery into a certain place deep in the Sunken Moon Forest. A few sounds came from the bushes and extremely hoarse and unpleasant voices. "Hm? The smell of humans!"

"That's right. It's indeed the smell of humans! A human broke in!"

"Hehehe, since you've broken in, don't even think about getting out!"

The two blurry figures conversed in the bushes. The bushes shook and the two black shadows left like streaks of light. They were extremely fast and disappeared in the blink of an eye! A storm gradually spread throughout the Sunken Moon Forest with this breeze!

Yun Feng walked through the Sunken Moon Forest carefully and tried her best to control her aura to the smallest extent. She didn't leave any traces and tried her best to walk from a high place. She walked more than a hundred miles along the way and didn't find anything. She thought that the treasure couldn't be by the roadside. She should go deeper.

"Nana." Meatball suddenly cried softly on Yun Feng's shoulder. Its little body suddenly turned around and bared its sharp teeth in a certain direction. Meatball's sudden vigilance made Yun Feng instantly on guard. She began to observe the movements around closely with her black eyes and didn't find anything unusual.

"Nana, nana." Meatball's defensive posture was still there and it became more and more nervous. Yun Feng held her breath and focused, but she still didn't find anything unusual. What exactly was going on? What did Meatball sense?

"Master, something seems to be approaching us." Little Fire's voice came into Yun Feng's mind. Yun Feng was startled, but she still didn't find anything after looking around.

“That thing seems to be using some kind of secret technique. Humans can’t detect its aura.” Lan Yi sounded quite serious. “Master, let Little Fire out. Its perception is the most sensitive, comparable to Meatball’s.”

## Chapter 1399 Mysterious Pool (2)

Thank you readers!

A beam of fiery red light flashed through Yun Feng’s finger. The body of the Fire Cloud Wolf flew out with the unique scorching heat of fire, as if the air had melted because of this scorching heat. Little Fire’s black wings shook slightly. In just a blink, the body of the Fire Cloud Wolf had already jumped out of Yun Feng’s sight.

“Little Fire, what exactly happened?” Yun Feng sent a telepathic message. Little Fire suddenly soared into the sky with Yun Feng on its back and looked down with its pure black wolf eyes narrowed. “I haven’t gone far when I sensed the aura of a Magic Beast constantly approaching. It seems that they’re already here.”

Yun Feng suddenly looked down with her black eyes and saw two black shadows suddenly approaching where she was just then. Little Fire stood in the sky with raging fire on its four wolf claws, but the two on the ground didn’t find any traces.

“Wasn’t there a human here just then?”

“That’s right. There’s indeed a human here. She was standing here. Why did she suddenly disappear?”

“Did she notice anything?”

“That’s impossible! How can humans detect our aura?”

“How strange. I wanted to hunt her from behind and bring her back, but unfortunately”

“What’s unfortunate? She can’t have gone far. We’ll just keep tracking her.”

The two black shadows talked under the tree. This unusually hoarse and unpleasant voice entered Yun Feng’s ears. Yun Feng raised her brows. It seemed that their intrusion alarmed some races in this area. The two shadows who spoke obviously had a special way to avoid the probing of humans completely, but they didn’t expect Yun Feng’s identity as a summoner.

“Master, should we finish them off?” Little Fire’s eager voice came. Yun Feng chuckled softly, but this time, she didn’t send a telepathic message. Instead, she directly laughed in the air. The two black shadows on the ground, who hadn’t gone far, were suddenly startled and looked up!

“Human!”

Yun Feng rode on the Fire Cloud Wolf with four legs stepping on fire. A glint of killing intent flashed through Little Fire’s pure black wolf eyes. When the two black shadows were stunned, it let out an excited wolf roar. “You two pieces of trash want to hurt my master? Die!”

“Master?!”

The two black shadows were extremely shocked. The huge body of the Fire Cloud Wolf in the sky rushed down from the sky with scorching heat. The temperature in the entire space suddenly rose and the grass on the ground suddenly burnt under this high temperature!

Yun Feng's black eyes glittered and there was a smile at the corners of her mouth. The two black shadows on the ground widened their eyes desperately and the fiery claws of the Fire Cloud Wolf had already smashed down!

A summoner. The person in front of them was a summoner!

"Whoosh" The gorgeous fire bloomed like fireworks. After it disappeared, there were only two burnt corpses on the ground. Little Fire looked at the two corpses and sneered. "I accidentally burnt them. I should torture them slowly."

Yun Feng reached out and squeezed Little Fire's ear. Even though it was always irritable, when did it become so bad-tempered? "What kind of Magic Beasts are these two? Why do they look so strange?" Yun Feng glanced at the two burnt corpses and Little Fire also sized them up with its wolf eyes. Even though the two corpses were burnt, she could still tell what they looked like. When Little Fire attacked just then and these two Magic Beasts stood in the shadows, Yun Feng didn't see them clearly. She finally had the time to look carefully now.

They had long and strong legs, and front limbs that were extremely short but still strong compared to their legs. Their skin was extremely rough and looked very disgusting. The bones all over their bodies looked deformed even if they transformed into humans. Yun Feng narrowed her black eyes. There was a thin layer of transparent substance between their fingers and toes, like webbing.

Was it an obvious degeneration? Yun Feng frowned. With the obvious characteristics of the Sea Clan, they must be from the Sea Clan. However, their strange short front limbs looked more powerful. This should be the trace of degeneration of the Sea Clan when they moved from the sea to land. In order to be more suitable for living on land, these Sea Clan members changed their bodies and obtained the right to live on land. However where did these degenerated Sea Clan come from? The Sea Clans must be from the Endless Ocean. How did they get here from the Endless Ocean?

Question marks flashed through Yun Feng's mind one after another. What she cared about the most was how the Sea Clan came to the Inner Region from the Endless Ocean.

"Master, let's go." Little Fire glanced at the two corpses in disdain. Yun Feng nodded after a while in silence. She couldn't think of anything with these two corpses. After all, this race had nothing to do with her. She didn't want to cause trouble in the Sunken Moon Forest, of course, under the premise that no one provoked her.

Yun Feng and Little Fire quickly left, leaving the two charred bodies that were slowly dried and completely forgotten. Yun Feng was even more careful as she rode on Little Fire's back. She was surrounded by Little Fire's Magic Beast aura to prevent the Sea Clan from following her again. It seemed that the Sea Clan, which had been alarmed in the Sunken Moon Forest, was going to find the few humans who entered this area. Yun Feng took out the Finger Spiritual Jade. The other three people didn't seem unusual. They probably hadn't met the members of the Sea Clan yet. It was only a matter of time before they met.

Under such a chase, who would still be in the mood to focus on searching for treasures? Yun Feng sneered. Let the others fight. She had a lot of time to find the treasures in the Sunken Moon Forest.

“Brother Shentu, why do I feel like someone is following us from behind?” The member of the Baili family turned around and looked back suspiciously as they moved forward. It seemed to be instinct since just then. It made him feel that someone or something was following them from behind and was already very close.

“Brother Baili, why are you so timid? Nobody is following you at all. You’re thinking too much!” The member of the Shentu family looked up and smiled, saying rather sarcastically. The member of the Baili family couldn’t help but feel a bit embarrassed, but the feeling of being followed came again. He suddenly turned around, but there was nothing behind him.

### Chapter 1400 Mysterious Pool (3)

“Brother Baili! Even if something is following us, how can it be our match? Let’s go!” The Shentu family’s member sneered in his mind, while the Baili family frowned and looked behind with lingering fear. He felt that something was wrong. The two of them rushed forward. After walking for a while, a few sounds came from the bushes behind them. Three or four black shadows darted out and followed them closely.

Thank you readers!

A fiery red line flashed through the sky above the dense forest in the Sunken Moon Forest. Yun Feng sat on Little Fire’s back and paid close attention to the situation on the Finger Spiritual Jade. The Baili family and the Shentu family had been going deeper and deeper, and the member of the Fang family didn’t seem to be in any danger. He had already stopped somewhere. He must have discovered something.

The deeper they went, the more Yun Feng found that there were always rare and precious herbs. Compared to the soil outside, the soil inside seemed to be even more magical and nourished a lot of novel species, but in terms of treasures, they weren’t qualified. Since some races lived here, there must be precious treasures. Yun Feng patted Little Fire’s neck. Little Fire jumped up and rushed forward at an even faster speed. After running for a distance at such a high speed, Yun Feng suddenly found that the soil around was unusually moist and there were even more strange flowers and plants growing. Yun Feng smiled with her black eyes. Perhaps the treasure she was looking for wasn’t far ahead.

The body of the Fire Cloud Wolf moved forward quickly, crossing a large area of lush thorns. Little Fire’s body jumped out of the thorns and what came right at her face was an unusually clear and cool air. This cool air seemed to have penetrated Yun Feng’s body from the inside out in an instant. Her body and mind were completely transparent at this moment! Yun Feng took a deep breath. This breath entered her body through her nose and made her feel even more relaxed.

“Master, look!” Little Fire roared excitedly as its body jumped up. Yun Feng looked up and saw a clear blue lake in front of her eyes. It was so clear, like the sky at this moment. The two clear blue colors reflected each other. Just standing here, Yun Feng felt that the heat in her body instantly disappeared.

!!

Yun Feng got off Little Fire’s back and gently touched the water in the pool. The temperature was just right. There seemed to be a trace of coldness left when the water slid through her hand. The water in

her hand was completely clear and there were no impurities at all. Yun Feng looked at the pure blue water in the pool. If it weren't for the accumulation of colors, she should be able to see the scene in the pool at a glance.

"This pool of water makes me feel very comfortable and clear in my mind and body." Yun Feng exclaimed. This was the first time she had seen such water. The first time she felt so comfortable and relaxed just because of something emitted by the water. This pool of water must have a powerful background.

The other three contracted Magic Beasts all came out. Yaoyao couldn't wait to jump into the water and let out a happy laugh. Yun Feng looked at Yaoyao's figure rolling in the water and her colorful fishtail under the sunlight and water drops, like a small rainbow.

Er Lei stood by the pool and pondered, while Lan Yi and Yun Feng looked at Yaoyao with a smile. Little Fire stood a distance away from the pool and lay there in boredom. Fire Magic Beasts still couldn't be friendly with the water element.

Meatball on Yun Feng's shoulder was also restless. In the end, it jumped up and directly jumped into the pool. Its little head emerged from the water and the fur all over its body was wet, making it look unusually cute. Yun Feng couldn't help but smile when she saw Meatball's body suddenly shrink. Its fur shrank and the fat all over Meatball's body could be seen clearly.

"Hahaha!" Yun Feng let out a loud laugh. Lan Yi and Yaoyao also laughed when they saw Meatball like this. The corners of Er Lei's mouth twitched. Obviously, Meatball's form caught itself off guard. Meatball seemed to be a bit shy on its little face. In the end, it bared its sharp teeth and shouted, but everyone laughed even louder.

"Master, a large number of auras are moving here!" Little Fire suddenly stood up and looked in a certain direction with its wolf eyes. Er Lei also looked over and sneered. "They're just a group of trash. I thought they were something."

"No, there's more!" Lan Yi was startled. The few Magic Beasts all sensed carefully. Yun Feng's black eyes darkened and she immediately took out the Finger Spiritual Jade as her eyes glittered! The two light spots of the Shentu family and the Baili family were rushing over quickly. Seeing the speed of the light spots, the two of them were in trouble, or they wouldn't have fled in panic! The place where the two of them escaped happened to be here. Was it a coincidence, or did the two of them follow her?

"Master, there's a large number of Magic Beasts rushing here!" Lan Yi's voice came. Yun Feng was stunned. A large number of Magic Beasts?! Were these the Magic Beasts that made those two people run crazily? "I didn't look carefully. It turns out there are a few God-Level Magic Beasts in this group." Er Lei turned around. "Yun Feng, hide quickly. These Magic Beasts aren't something we can deal with!"

Yun Feng couldn't feel any Magic Beast aura, just like back then. Since the few contracted Magic Beasts looked so serious, she shouldn't hesitate at all! The three beams of light quickly returned to Yun Feng's Ring of Contract and Yun Feng jumped into the water. Yaoyao quickly approached and wrapped her fishtail around Yun Feng's waist and arms around Yun Feng's upper body. The Magic Beast aura that belonged to Yaoyao instantly covered Yun Feng's entire body. Yaoyao leaned into Yun Feng's arms in satisfaction and a smile appeared on her gorgeous little face.

Meatball was also held obediently in Yun Feng's hand. The human and two beasts were hiding quietly in the water. The waves on the surface of the water had already calmed down completely. Yun Feng looked outside through the clear water. After a while, two rather hasty figures had already rushed out of the heavy thorns.

"What are chasing after us?" The member of the Baili family shouted while panting. Both of them were drenched in sweat. When the member of the Shentu family saw the pool of water in front of them, they immediately ran over. When Yun Feng saw this, her body flashed quietly in the water. At the same time, the faces of the member of the Shentu family suddenly stuck in at this moment and they drank a few mouthfuls. The member of the Baili family did the same. The two of them drank a few mouthfuls of water and their breathing finally calmed down.
