

## Summoner 1401

### Chapter 1401 Mysterious Pool (4)

“Brother Shentu, this is...” The Baili family’s member glanced at it curiously. The Shentu family’s member sneered. “Do you know why I’m here?”

Thank you readers!

The Baili family’s member shook his head, and the Shentu family’s member sneered again. “Someone led the way here, of course.” He looked down at the thing in his hands. “This Finger Spiritual Jade is indeed good stuff. No matter how you hide yourself, you can’t escape. Yun Feng, I know you’re here!”

Yun Feng’s black eyes glittered in the water. The Shentu family also had a Finger Spiritual Jade? The member of the Baili family was immediately startled after hearing that. Yun Feng was here? There was no one here at all! “Brother Shentu, how can Yun Feng...”

“Shut up!” The member of the Shentu family shouted with a completely gloomy expression. “Yun Feng! I know you’re hiding here. I know you’re here even if you don’t say anything! Your aura on this Finger Spiritual Jade won’t lie! If you don’t come out and help us deal with the things behind us, I won’t let you have it easy!”

“Xiao Feng, this person is truly a bastard,” said Yaoyao in a low voice with disdain on her little face. Yun Feng looked up with her black eyes. The members of the Shentu family were quite smart. There were groups of people chasing them, including experts at the God Level. They couldn’t escape at all and they couldn’t beat the chasers even if they wanted to, so they thought of threatening her. After all, she was a multi-element summoner. However, it was too wishful to let her be free help!

Seeing that Yun Feng still didn’t show herself, the member of the Shentu family couldn’t help but feel a bit panicked. Yun Feng was here! The Finger Spiritual Jade wouldn’t lie! Looking at the flashing light spot on the Finger Spiritual Jade, the heart of the member of the Shentu family pounded. If Yun Feng didn’t come out, they would only die facing those things! With her here, they might be able to survive!

“Yun Feng! If you don’t come out, we won’t let you live in peace even if we die. We’ll let the thing that’s chasing us continue to chase after you!” The member of the Shentu family shouted. There was only silence in reply. The Shentu family’s master gritted his teeth. At this moment, a few figures had already jumped out! Yun Feng saw clearly that those people belonged to the same race as the one she killed.

“Get out of here.” A hoarse and unpleasant voice sounded. The member of the Shentu family suddenly burst into laughter. The member of the Baili family was already a bit panicked. There were unknown species that definitely had the advantage in numbers in front of them. They all looked fierce and the unusually bulging muscles on their bodies made the member of the Baili family’s scalp tingle when he saw them.

After the Shentu family’s member laughed crazily, he suddenly glanced at the pool of water behind them and his eyes brightened. Yun Feng must be hiding in this pool!

The Shentu family’s master carefully leaned towards the water behind him. Yun Feng’s heart couldn’t help but sink when she saw his movement in the water. Was he going to jump in here too? As expected,

after the Shentu family's member's heel touched the rippling water, his body suddenly jumped in with a plop!

"Damn humans, kill them!" The members of the race in front of him were completely enraged. Their bodies all rushed over quickly with strong killing intent. Seeing this lineup, the member of the Baili family immediately didn't dare to think about anything and jumped into the lake behind him. The members of the strange race were even more enraged when they saw this and they all jumped in one after another!

Yun Feng, who was underwater, saw this scene and her heart sank fiercely. Yaoyao quickly swam deeper with Yun Feng, but the member of the Shentu family had already discovered Yun Feng's traces. "Yun Feng! You can't escape!"

Hearing the shouts behind her, killing intent flashed through Yun Feng's heart. As long as these two people were alive, they would pester her and cause her endless trouble!

The two followers behind her must be eliminated. Yun Feng only felt a bit of a headache when she heard the countless sounds of water behind her. Even though the strangers were the degenerated Sea Clan, their ability at the bottom of the water wasn't weak. Besides, there were so many people chasing her in the water, including a few God-Level powerhouses! Even though she wasn't on the same side as these two people, these degenerated Sea Clan didn't care so much. In their eyes, humans were all on the same side! If these Sea Clans discovered her, she wouldn't be able to escape trouble! She definitely couldn't meet these Sea Clans face to face!

"Damn it!" Yun Feng looked at Shentu and Baili, who were chasing after her relentlessly, and the killing intent in her heart flashed again. She couldn't wait to finish off these two people right now, but the current situation didn't allow her to do anything. She could only keep diving into the deep pool. If she could get rid of the group of degenerated Sea Clan behind her, she would definitely end the lives of these two followers first!

Yaoyao kept swimming down with Yun Feng. Yun Feng suddenly found that they had already dived for less than half an hour, but they still hadn't reached the bottom! Yun Feng looked at the deep blue color at the bottom of the deep pool and knew that there must be something wrong in the pool. Otherwise, those degenerated Sea Clan members wouldn't be so nervous and angry after the Shentu family's and the Baili family's members jumped into the deep pool!

"Xiao Feng, look!" There was a hint of surprise in Yaoyao's voice. Yun Feng looked over and saw a faint light in the deepening blue. Yaoyao immediately swung her fishtail and swam quickly with Yun Feng, speeding up a lot!

"Brother Shentu, Yun Feng has sped up!" The member of the Baili family roared when he saw Yun Feng speed up. The member of the Shentu family gritted his teeth fiercely. "Let's chase after her and keep up with her! We'll definitely not die if we follow her!"

"But Brother Shentu, what about the group behind us?" The member of the Baili family glanced behind. A black shadow came, making half of the member of the Baili family's face turn pale immediately. He couldn't help but speed up a lot. The member of the Shentu family sneered. "We just need to follow Yun Feng! She'll definitely show us a way out!"

The members of the Baili family and the Shentu family sped up again and chased after Yun Feng's back. The ferocious members of the Sea Clan behind them were persistent. They all looked furious and wanted to kill the humans quickly!

Chapter 1402 Secret in the Sea (1)

"Xiao Feng!" Yaoyao also felt this terrifying suction force. Her fishtail wrapped around Yun Feng's body desperately and she wanted to swim out quickly with her, but the suction force was too fierce. Yaoyao couldn't resist it at all!

Thank you readers!

Yun Feng was restrained tightly by the suction force. Her entire body seemed to be tied up firmly by a rope. She was quickly taken off inside. Meatball was held in Yun Feng's hand and its little body was also wrapped in the suction force. It struggled for a long time but couldn't escape. Seeing that it couldn't turn back anymore, Yaoyao could only grit her teeth and hug Yun Feng tightly. The pupils in her blue clear eyes suddenly shrank into a vertical line. The ancient power instantly burst out and her colorful fishtail wrapped around Yun Feng's waist. The Magic Beast aura that belonged to Yaoyao carefully enveloped Yun Feng's entire body. "Swish..." A beam of blue light suddenly lit up at the bottom of the pool and it was peace. Yun Feng was already gone.

"She disappeared!" The member of the Shentu family suddenly stopped and looked at the Finger Spiritual Jade in his hand in shock. The light spot that belonged to Yun Feng had darkened just then and completely disappeared from the Finger Spiritual Jade. This meant that Yun Feng was dead! However, could Yun Feng die? The member of the Shentu family was completely dumbfounded. Yun Feng couldn't be dead. Could the Finger Spiritual Jade be wrong?

"Brother Shentu, what are you thinking? Why aren't you chasing Yun Feng? The group behind will catch up very soon. What should we do then?" The member of the Baili family shouted anxiously. He didn't understand why he suddenly stopped. The member of the Shentu family stood rooted to the ground stiffly. He couldn't find Yun Feng even with the Finger Spiritual Jade. How could he find her? Yun Feng couldn't completely obliterate her aura no matter what, unless she died!

"Brother Shentu, did you lose her?" As soon as the member of the Baili family spoke, the member of the Shentu family was immediately enraged. "I don't know what she did. Her aura is gone from the Finger Spiritual Jade!"

"Completely gone? She's dead?"

"Idiot! How can Yun Feng die inexplicably? Her aura suddenly disappeared just then. Something must be wrong!"

"Did she use some special method?"

The member of the Shentu family frowned tightly and looked at the area he was in. "No means can fool the Finger Spiritual Jade. It's impossible for her to die suddenly. There's only one explanation! She disappeared from this place to another area, leaving the search area of the Finger Spiritual Jade!"

The member of the Baili family was shocked. After the Shentu family's member said that, his mind immediately became clear. Right, that's right! She wasn't dead, but she used some special means to leave this place! If she could leave, so could they!

"Look around here! She disappeared here. There must be some clues!"

Even though the member of the Baili family didn't really understand, he wanted to leave quickly if Yun Feng could leave at such a life-and-death moment. If they fell into the hands of that group of people behind, they would definitely not survive! The two of them quickly searched this area, not letting go of any inch of seawater. In a corner, the obscure light that swallowed Yun Feng, Yaoyao and Meatball was finally discovered by the two of them.

"Brother Shentu, there's light here!" The Baili family's member looked at the hazy glimmer not far away and immediately called the Shentu family's member over. The Shentu family's member looked up. How could there be light at the bottom of the pool? "Yun Feng most likely passed this."

"Just this beam of light? Brother Shentu, are you kidding me?"

The member of the Shentu family glanced at the member of the Baili family coldly. "It's up to you to believe it or not. If you want to be caught by the group behind, don't follow me!" After saying that, the member of the Shentu family jumped forward. A situation like Yun Feng's appeared. After he entered a part of the light, the terrifying suction force appeared again and the member of the Shentu family was instantly swallowed!

"Brother Shentu!" The member of the Baili family was dumbfounded. The angry voice of the degenerated Sea Clan behind them was getting closer and closer. The member of the Baili family gritted his teeth and rushed forward fiercely. His entire body was swallowed into the glimmer. After the member of the Baili family was swallowed, the glimmer suddenly disappeared, as if it had never existed. The members of the Sea Clan, who followed closely behind, found that the human aura had already completely disappeared from the pool. They let out furious roars that resounded in the deep pool.

After the terrifyingly powerful suction force suddenly disappeared, the member of the Shentu family was thrown to the ground fiercely. The fall was so hard that he almost saw stars. Then, the member of the Baili family was also thrown in. Just as they got up from the ground and before they could say anything, a gust of wind suddenly came. The member of the Shentu family immediately dodged to the side silently. From the corner of his eye, he saw that the space next to him was slightly distorted. The body of the member of the Baili family, who had just stood up, fell softly again and his breath and life were instantly taken away!

The head of the Shentu family, which was still dizzy, immediately cleared up. His black eyes were a bit shocked. He suddenly looked up and saw a slender figure standing not far away from him with a bone-piercing cold smile on her face. As soon as she retracted her hand, the pupils of the Shentu family's member shrank fiercely. "Yun Feng, you did it!"

Yun Feng chuckled. "I should've taken action a long time ago, or you wouldn't have caused trouble!"

The face of the Shentu family's member darkened and he immediately became vigilant. "We're on the same boat right now. I don't know what risks this place will have. Even you might not be able to escape unscathed. Why don't we turn enemies into friends? We'll talk after we get out. How about that?"

The member of the Shentu family immediately knew that Yun Feng was full of killing intent after hearing that. "If that's the case, I don't have to stand on ceremony! Even though you're at Grade 3 of the God Level, you... Argh!" Before he could finish, Yun Feng's mental strength had already attacked from the sky and swept towards the chest of the member of the Shentu family like a whip. The member of the Shentu family stepped back in panic and didn't make it in time. His chest was immediately lacerated. "You..." He was about to say something when a scorching heat suddenly came from his back. The member of the Shentu family suddenly shivered and his body quickly turned around. A heat wave flashed dangerously past him.

"My fire missed," said Little Fire in disdain. Before the member of the Shentu family could catch his breath, a strong wind swept over. He dodged in panic and only felt like he was a toy that was being teased by Yun Feng's contracted Magic Beasts one after another!

#### Chapter 1403 Secret in the Sea (2)

Thank you readers!

Lan Yi had a refined smile on his handsome face, but his wind element slashed at the Shentu family's member mercilessly. The Shentu family's member dodged left and right, wanting to reach inside and take something out. However, the speed of the wind element's attack was too fast. He didn't have a chance. He didn't notice that he was slowly approaching an area, where Er Lei had been waiting for him.

"Er Lei, I'll leave him to you." Lan Yi chuckled and the wind element instantly disappeared. The Shentu family's member's tense heart relaxed and he burst into laughter. He quickly reached into his pocket. It should be the killing move the Shentu family's master gave them. "Hahaha! I'd like to see Argh!"

Halfway through his sentence, it turned into a pure scream again. A thunderbolt suddenly struck and the lightning elements wreaked havoc in his body from head to toe like an electric current. The skin and flesh on the surface of the Shentu family's member's body immediately split open and the fragrance of burnt meat floated over faintly. Er Lei slowly lowered his raised arm. Silver snakes flowed quickly on his wrist, making explosive sounds. "Bastard, don't you know that you'll die if you step into my territory?"

The body of the member of the Shentu family was charred on the outside and tender on the inside after being struck by lightning. He fell there in a miserable state. He was still holding something that had already been burnt in his hand. A weak soul suddenly jumped out of his body. This person was quite cunning. He didn't escape when he died and wanted to sneak away a while after he died.

"Don't even think about running." Yun Feng raised her red lips and clenched her fists in the air fiercely. A roar seemed to come from afar. In an instant, traces of white smoke appeared in the distorted space and finally disappeared completely.

The member of the Baili family was instantly killed by Yun Feng. The soul and body of a Grade 9 Emperor Level expert died together, and the soul of the member of the Shentu family didn't escape either. They were both killed by Yun Feng! Yun Feng looked at the two corpses on the ground. Kill them to avoid any future trouble!

After dealing with these two people, Yun Feng gently closed her black eyes and a glint of light suddenly appeared. Mu Canghai's body appeared. Before participating in the fifth round of the competition, Yun Feng had already put Mu Canghai in the Dragon Palace. Mu Canghai came out and glanced at the two

corpses on the ground. Then, he looked up with his strange eyes. When he saw the scene around him, even he couldn't help but feel shocked.

"Yun Feng, where are we?" Mu Canghai asked dumbfoundedly. Yun Feng's black eyes darkened as she slowly extended her hand in front of her. What she held wasn't air, but flowing seawater! "If I'm right, this should be somewhere in the Endless Ocean."

What Yun Feng said made Mu Canghai widen his eyes. Somewhere in the Endless Ocean! They were in the Sunken Moon Forest in the Inner Region just then, but they were in the Endless Ocean right now! Mu Canghai looked around in shock again. It should be a remote corner! Where exactly were they teleported to in the Endless Ocean?

"Yaoyao, is my guess wrong?" Yun Feng looked at Yaoyao on the side. At this moment, Yaoyao looked serious. "Xiao Feng is right. This is indeed the Endless Ocean, but it's very different from the place where the merfolk live. I don't know where we are exactly."

"Master, I think it's better to let Brother Fire return to the Ring of Contract first." Lan Yi glanced at Little Fire. Little Fire didn't look good at this moment. Yun Feng nodded and Little Fire immediately went back impatiently. The Endless Ocean was a nightmare for fire-element Magic Beasts.

"This place is so desolate. Is the Endless Ocean like this?" Er Lei mumbled on the side. At this moment, the place everyone was in was indeed extremely desolate. There were messy stones and seaweed around. It was unusually quiet and they couldn't hear any sound at all. Such silence seemed a bit strange.

Yun Feng looked at the gravel on the ground and picked up one of the stones to observe carefully. This stone wasn't ordinary gravel, as if it had fallen from somewhere, because there were obvious patterns on the stone. Yun Feng glanced at this area with her black eyes and felt that it was a bit unusual.

"Master, do you want to investigate?" asked Lan Yi. Yun Feng nodded. "We must find the way back. Be careful when we investigate."

"Maybe, maybe not. It's very likely that the degenerated Sea Clan came to the Sunken Moon Forest from this passage. Since I came here from the deep pool, I certainly have a way back."

Mu Canghai looked around carefully. Meatball on Yun Feng's shoulder suddenly jumped up and started searching around. It looked at the stones with its big eyes. Suddenly, a glint of darkness flashed through Meatball's eyes and its little body suddenly pounced in one direction. Its chubby body pounced on a stone and its big eyes glittered. Yun Feng felt that Meatball's expression was very familiar, as if it was looking at an ultimate ore.

As soon as Yun Feng had this thought, Meatball had already opened its sharp teeth and emitted a beam of dark light, biting the stone in front of it fiercely!

"Meatball!" Yun Feng shouted anxiously. That wasn't an ultimate ore. She was afraid that Meatball would be hurt after eating it. She rushed over to grab Meatball's body, but Meatball bit the stone tightly and wouldn't let go no matter how Yun Feng pulled.

Meatball's sharp teeth seemed to want to bite this stone off. Yun Feng didn't know why it was so obsessed with this stone and even made such a gaze. In the end, she gave up the idea of making Meatball let go and let this little guy keep biting. It seemed that it wouldn't stop until it got the stone.

The three contracted Magic Beasts didn't find anything unusual when they came back. They came to a conclusion. There were no traces of the activity of any races nearby, as if they were isolated from the world. They were the only ones here. There weren't any other creatures. After the three contracted Magic Beasts reported, they also found Meatball's strange movements. Why did it have to go against a stone? Why did it have to bite it and not let go?

"Xiao Feng, what's it doing?" Yaoyao glanced at it curiously. "Is that stone very delicious?"

Yun Feng didn't know whether to laugh or cry. Lan Yi smiled helplessly on the side and touched Yaoyao's little head with his big hand. "It's very difficult to understand Meatball's likes and thoughts."

Er Lei was watching with relish on the side. Meatball didn't care about the gazes of others and showed extremely high enthusiasm for the stone in front of it. Seeing that it didn't give up, Yun Feng let it be. The most important thing right now was to find a way back. Even though three months was more than enough, even though there was a Teleportation Array in the Dragon Palace to leave this place, she had to come out of the Sunken Moon Forest, or all the efforts of the Yun family would be in vain.

#### Chapter 1404 Secret in the Sea (3)

She didn't expect to come to the Endless Ocean again by accident. Yun Feng smiled gently. The merfolk's bounty on her was probably still there, but this shouldn't be the periphery, but a corner of the central region that she hadn't explored yet. She didn't know where this corner was for the time being. Yun Feng didn't intend to leave this place and walk around. She still remembered what her master said. The depths of the Endless Ocean were full of danger. She couldn't barge in without enough confidence. She wasn't confident enough at Grade 3 of the God Level.

Thank you readers!

They couldn't find a way back for the time being and they couldn't leave this place either. Yun Feng and the others could only stay here and think about it at length, while Meatball had been struggling on that stone. Yun Feng suddenly found it strange when she saw Meatball biting hard. With the strength of Meatball's teeth, there was probably nothing it couldn't bite off, but this stone was still intact?!

A glint of light suddenly flashed through Yun Feng's black eyes. What exactly was inside this stone that hadn't been broken through by Meatball after such a long time?

Another few days passed, but Meatball's obsession with that stone still didn't reduce. Not only Yun Feng, but everyone also noticed that this stone was unusual. The few contracted Magic Beasts surrounded Meatball curiously and watched it for a few days. The stone was still standing firmly under its sharp teeth. What exactly was wrong with this stone?

"Master, this stone seems to be loosening!" Little Fire's excited voice came. Yun Feng immediately came over after hearing it. A layer of the surface of the strange stone under Meatball's mouth had almost fallen off because of the sharp teeth. Yun Feng looked carefully and knew that this wasn't a stone. After the color on the surface fell, what was revealed was a bone white color with a hint of round luster.

Yun Feng put on a smile. Meatball was indeed targeting something extraordinary. When Meatball saw that it had fallen off, its big colorful eyes glittered and it gritted its teeth even harder. Its little body even twisted. The few contracted Magic Beasts all looked at it curiously. "Crack!" A small sound came. Everyone's mood jumped. They knew that Meatball had finally bitten this thing off. Meatball exerted strength with its sharp teeth and the bone-white thing was completely bitten off. Meatball's body couldn't hold on and it fell on the ground.

Yun Feng picked up Meatball's body with her hand and turned the little thing to face her. She saw the bone-white thing in Meatball's mouth. At this moment, this thing had completely lost its original color. It was completely white and round, looking extremely heartwarming. Meatball glanced at Yun Feng nervously with its big eyes and didn't really want to spit out the thing in its mouth.

"Meatball, what's this?" Yun Feng asked softly. Meatball blinked its big eyes a few times and refused to let go. Its fluffy tail patted the back of Yun Feng's hand gently. Yun Feng chuckled and put Meatball's body on the ground. Meatball finally spat out the thing in its mouth and held it carefully with its little claws. "Nana!"

All eyes turned to Little Fire. Little Fire was shocked after hearing that and looked at Yun Feng in a daze. "Master, Meatball said... this is its favorite food."

Everyone was stunned, and so was Yun Feng! Favorite food? Didn't Meatball value ores? Were ultimate ores not its favorite? This thing was obviously not an ore, but Meatball said it liked to eat it the most. Meatball even ate things other than ultimate ores?

"This thing is a bit strange." Mu Canghai glanced at the thing on Meatball's little claws. Meatball hid it rather nervously and showed its sharp teeth unhappily. Yun Feng glanced around and seemed to have found something. Her black eyes glittered. There seemed to be some other colors on that thing...

"Let me see." Yun Feng put her hand in front of Meatball. Meatball shook its little head decisively after hearing that. Yun Feng smiled with her black eyes. "Be good and let me see. I definitely won't steal your favorite food."

Meatball blinked its big eyes a few times and finally handed the thing it hid to Yun Feng carefully with its little claws. It looked at it with its big eyes very reluctantly. Yun Feng couldn't help but poke its chubby little body with her finger with a smile when she saw Meatball's expression. She brought the thing in her hand in front of her eyes. She was right. This thing's surface was full of bone whiteness, round and transparent. If she didn't look carefully, she wouldn't notice that there were tiny red spots mixed in the bone whiteness.

What was this red color? Yun Feng looked more carefully. The tiny red color was like a thin strip and the color was a bit dark, like... blood.

After she returned the stone in her hand to Meatball, Meatball immediately opened its mouth and swallowed the entire stone. Then, there were creaking sounds. Meatball narrowed its big eyes in satisfaction. It could be seen that it was eating very comfortably.

Yun Feng looked at the surrounding area with her black eyes and found that even though there weren't many of them, there was more than one of the stones. Looking carefully, it showed a fixed pattern, as if

it was born from something. Yun Feng's black eyes glittered with darkness and the enthusiasm in her heart was boiling. Perhaps there was something underground that nourished this thing?

Yun Feng squatted down and put her hand on the ground. Her mental strength slowly penetrated the ground, but it was completely blocked, as if a wall were firmly standing in front of Yun Feng. The smile at the corners of Yun Feng's mouth became wider and wider. If it were on the ground, her mental strength would certainly be able to penetrate, but here... it blocked her mental strength completely.

Yun Feng got up with a smile. Mu Canghai looked at her smile and looked at the ground. "Did you find anything?"

Yun Feng nodded. "It seems that there's something hidden underground."

Mu Canghai's strange eyes glittered after hearing that. "Should we dig it out and take a look?"

Mu Canghai nodded. "I'll try using the power of space." Yun Feng and the others all jumped to the ground. Mu Canghai stood in the sky and clenched his fists fiercely at where the ground was. A powerful vortex appeared and the seawater around was stirred by this vortex. Water patterns came out from here and slowly spread out.

"There's indeed something under the ground." Mu Canghai exerted more strength in his hand. The vortex became larger and larger. The power of space had already reached a certain limit. The gravel and soil on the ground were all lifted under the pull of this power of space!

The mixed colors of the seawater spread in front of Yun Feng. It was a mess in front of her and she couldn't see the situation around at all. The pull of the power of space continued and more and more stones and soil were completely sent flying. The vortex mixed with the soil and gravel kept rolling. The vortex became bigger and bigger, rolling up more and more stones and soil. Finally, at a certain moment, Mu Canghai loosened his hand and the huge vortex stopped abruptly. The soil and gravel slowly sank from the water. The mess in front of Yun Feng's eyes also disappeared slowly. After the mess disappeared, everything on the ground just then had already been sent flying, revealing their original appearance.

#### Chapter 1405 Secret in the Sea (4)

Yun Feng stood in the sky and looked down with her black eyes. She could see the ground clearly. The four contracted Magic Beasts stood next to her and were extremely shocked when they saw what was shown in front of them. "This is..." The four contracted Magic Beasts looked shocked, and so did Yun Feng. After Mu Canghai saw the situation in front of him clearly, he was also very surprised. "Yun Feng, this is..."

Thank you readers!

Yun Feng's heart was also racing. Looking at the scene in front of her eyes, the Endless Ocean was indeed extremely mysterious. There were probably more secrets than she thought!

What appeared in front of Yun Feng's black eyes wasn't the ground anymore, but an ancient sea creature that was hiding here and waiting to attack! However, what was left here wasn't a living creature, but an extremely huge and lifelike skeleton!

“It seems to have died here in such a posture...” Yaoyao watched in fascination with blurry colors in her blue eyes. “It seems to have fallen asleep here and never woke up again.”

The few contracted Magic Beasts were all dumbfounded. This skeleton was huge and lifelike! Even though there was only the skeleton here, it was as if its soul hadn't dissipated and it could still move after the soul was put into this skeleton! Yun Feng could see the shape of the skeleton clearly from a high place. The skeleton was huge and slender from the beginning to the end. Only half of the skull was left and the original shape couldn't be seen. Two huge front claws were inserted deep into the soil. The bones next were in the shape of a thin thread. The lower half of the body should have the obvious characteristics of the Sea Clan.

“It didn't experience much pain when it died,” said Yun Feng softly. She lowered her body and stood in front of the huge half of the skull. She caressed it with her finger and mumbled, “It must've been waiting for its death here quietly.”

The few contracted Magic Beasts all glanced at Yun Feng in shock. “Master, how did you know?”

Yun Feng chuckled. “It's just an inexplicable feeling.” Sensing that Meatball on her shoulder moved, Yun Feng chuckled helplessly. “Meatball, don't eat this.” Meatball snorted after hearing that. “Nana!”

Little Fire's voice came out of the Ring of Contract. “It said... it doesn't care for this skeleton.”

Yun Feng raised her brows. Meatball rolled its little head and jumped forward to the middle of the skeleton, as if it was looking for something. Yun Feng looked carefully. Meatball was looking for the bone-white thing it gnawed just then. Meatball didn't care about this skeleton, but it cared about this bone-white thing. Yun Feng frowned. The bone-white thing was spread around the skeleton. It should be nourished by something in the skeleton. Perhaps Meatball was eating these things? Those things that looked like blood in the bone-white thing?

“Master, this skeleton looks so huge. It's still intact after such a long time at the bottom of the sea and its aura hasn't decreased at all. It can be seen that this is an ancient member of the Sea Clan.” Lan Yi came to Yun Feng's side and said solemnly. Yaoyao also came to Yun Feng's side and nodded. “Brother Lan Yi is right. I feel an inexplicable sense of familiarity with this skeleton. It should be because of the ancient power in my body.”

Yun Feng saw that it had lost half of the skull and the suspicion in her mind became deeper. “Maybe there were other life forms around it when it died. This half of the skull obviously wasn't naturally weathered.” Yun Feng narrowed her black eyes and looked at the unusually neat marks on the skull. Her black eyes glittered. “It seems that something took this half of the skull away.”

“Half of the skull was taken away by force?” Lan Yi frowned. Er Lei also rushed over. Hearing what Yun Feng said, the few contracted Magic Beasts all frowned. Er Lei pondered for a long time before he said, “I've heard a bit about the ancient races from Ao Jin. I wonder if the land is different from the sea.”

“Tell me.”

Er Lei glanced at the remaining half of the skull and said, “Ao Jin once said that the abilities of the ancient races wouldn't disappear after they died. They would still remain inside the bodies. Even though most of them were lost, a lot of them kept circulating inside the bodies and finally gathered in the

bones. This way, the bodies would die over time, but the abilities would still be preserved. The next generation of clansmen would benefit from this pile of bones and the abilities of the ancient races wouldn't be completely lost."

Er Lei frowned. "The dragons are like this. The ancient races on land are almost the same. The ones in the sea... should be similar."

"It seems so. Otherwise, why would they take half of the skull? Was it just for decoration?" Yun Feng chuckled softly. Er Lei walked closer to the skeleton and glanced at it. He suddenly burst into laughter. "Hahaha, the guy who took the skull away worked hard for nothing!"

Lan Yi also approached as his blue eyes glittered. "It seems that it's true... Master, look. This skeleton doesn't have any luster at all. If it contains ancient energy, it certainly wouldn't be so rough. The person who took away the half of the skull also noticed this and gave up the idea, or the entire skeleton wouldn't be so intact."

Yun Feng approached and took a look. As expected, there were cracks on the skeleton and its surface was extremely rough. "If it's as Er Lei said, the ancient ability has been preserved. Even though the passage of time can reduce this ability, it can't completely disappear. There's nothing in the skeleton... This means that this ability has been transferred to somewhere else." After saying that, Yun Feng's eyes brightened! The eyes of the other few contracted Magic Beasts all brightened. Mu Canghai had been silent on the side. After hearing this, a thought flashed through his mind. Meatball!

All eyes were focused on Meatball, which was fighting with a certain bone-white thing again. Meatball didn't care about their gazes. It was focused on biting this thing off. The ancient energy wasn't in the skeleton. If it was lost somewhere else, it definitely wouldn't leave this area. The most likely possibility was the bone-white thing that appeared around the skeleton. It was transparent and had a round surface. There was also the blood-red thread in the middle. The ancient energy was very likely fused in this thing!

"Crack!" Another piece was broken through by Meatball's sharp teeth. With the success of the first piece, the second piece was much faster. Surprise appeared in Meatball's big eyes as it swallowed the thing in one bite and chewed in satisfaction. Yun Feng looked at Meatball thoughtfully. Mu Canghai was extremely shocked on the side. "So... Meatball ate... ancient energy?!"

#### Chapter 1406 Rebirth (1)

The few contracted Magic Beasts were also very surprised. Even though Yaoyao inherited the ancient power, that was a kind of luck, while Meatball swallowed this thing like food. It was unbelievable just thinking about it. Which Magic Beast used the ancient power as food? Meatball was equivalent to treating the ancient races as delicious food!

Thank you readers!

"Master, what exactly is Meatball?"

The few contracted Magic Beasts all asked this question. Yun Feng also asked herself in her mind, "What exactly is Meatball?"

“Crack, crack!” There were continuous cracking sounds and Meatball’s teeth were sharper and sharper. Compared to the difficulty of the first piece, it was getting smoother and the time it took was shorter. When it finally realized that everyone was paying attention to it, its chubby little body turned around and its big eyes rolled a few times. Then, it turned around and grabbed a few pieces carefully with its little claws. It jumped in front of Yun Feng and then called softly, “Fengfeng!”

Yun Feng was startled. She looked at Meatball floating in front of her in amusement and smiled lightly. “Meatball, you...”

Something unexpected happened. The moment Yun Feng spoke, a glint of light flashed through Meatball’s big eyes. It extended its little claws forward and the few bone-white things it grabbed all entered Yun Feng’s mouth!

“What are you doing?” Lan Yi roared when he saw that. “Master, spit it out!”

“Xiao Feng, spit it out quickly!” Yaoyao’s voice was sobbing. Er Lei immediately raised his hand and a thunderbolt struck fiercely. Meatball’s body only swayed slightly and it dodged Er Lei’s attack!

After being stunned for a second, Mu Canghai immediately came to Yun Feng with a gloomy face. “Yun Feng, spit that thing out quickly!” If that thing really contained ancient power, for a human being, swallowing this thing was undoubtedly equivalent to suicide! Even if she was a God-Level powerhouse right now, her weak body would explode in an instant!

Meatball’s little body floated in the air and it looked at Yun Feng with its big eyes. Yun Feng also looked at Meatball with her black eyes. When the bone-white thing entered her mouth, it instantly turned into water drops and flowed into Yun Feng’s body. Even if Yun Feng wanted to vomit, it was too late. Meatball, why...

“Argh!” Yun Feng screamed in pain. When the bone-white thing turned into liquid and flowed in, a terrifying force exploded in Yun Feng’s body. Yun Feng felt that her body was like a balloon that was about to explode at this moment. Her spiritual space began to operate crazily at this moment. Yun Feng was shocked to find that the brutal force in her body completely controlled her mental strength!

Beads of sweat fell from Yun Feng’s forehead and her body also trembled violently. Her fair skin instantly became as thin as the wings of a cicada and blood vessels protruded. There were tiny red lines all over Yun Feng’s body. Those were the blood vessels under her skin with crazily surging blood inside!

Yun Feng looked very terrifying at this moment. She was blood-red from afar. Her skin was quickly covered in blood, but her lips were extremely pale. The few contracted Magic Beasts were all terrified when they saw Yun Feng’s appearance. “Xiao Feng! Xiao Feng!” Yaoyao immediately held Yun Feng’s hand and wanted to infuse her water element. Lan Yi quickly stopped her. “No!”

“Brother Lan Yi, what should we do?” Clear tears flowed across Yaoyao’s face. Lan Yi frowned hard and suddenly raised his head. “Why?” He was asking Meatball, which was floating in the air. “Haven’t you been following Master? You know you can’t give it to Master. Why?”

Mu Canghai’s strange eyes flickered. He had been reminding himself to stay calm, but the panic in his mind made him unable to control himself at all. He held Yun Feng’s body steadily with trembling hands.

Looking at Yun Feng's terrifying appearance at this moment, Mu Canghai was completely panicked. Yun Feng, how should I help you? What should I do? Qu Lanyi, if only you were here. Why aren't you here?

"I'll cut you into meat sauce!" Er Lei roared furiously as lightning bolts fell. Meatball's body dodged left and right in the lightning bolts that filled the sky, looking like it was at ease. Er Lei was even more furious when he saw this and wanted to kill the culprit.

"Aren't you the closest to Xiao Feng? Why are you doing this?" Yaoyao suddenly stood up and her pupils shrank into vertical lines. She looked at Meatball angrily. She didn't understand why it wanted to hurt Xiao Feng!

Meatball didn't say anything. Its little white body jumped in front of Yun Feng. The three contracted Magic Beasts couldn't help but feel shocked in their minds when they saw this. Did it want to do something to Yun Feng?

Meatball rushed to Yun Feng and looked at Mu Canghai's strange eyes. It suddenly bared its sharp teeth, as if it was threatening Mu Canghai to let go. However, Mu Canghai sneered. "Even if you bite me to death, I won't let go!"

Meatball's big eyes glittered. In the end, it retracted its sharp teeth and looked at Mu Canghai deeply. Mu Canghai was startled and didn't quite understand the message expressed in its eyes. The three contracted Magic Beasts were all extremely nervous. They certainly knew Meatball's speed and strength. Even Lan Yi couldn't be faster than Meatball. Once Meatball did anything, they couldn't stop it at all.

Meatball looked at Yun Feng's blood-red cheeks and those closed black eyes. It slowly closed its big eyes and a faint glimmer emitted from Meatball's body, gradually expanding more and more. Meatball's originally white face, coupled with this glimmer, was like a huge gem glittering with light. A beam of pale white light extended out of Meatball's body, approached Yun Feng's chest and slowly merged into Yun Feng's body. In an instant, Yun Feng's body was also covered in faint light.

"This is..." Mu Canghai looked at Yun Feng, who was glowing in his arms. Meatball floated in the air and closed its black eyes tightly. Yun Feng was the same. Both of them were emitting the same kind of glimmer. In the middle was the slowly floating white light. A wonderful connection was established in their bodies. The few contracted Magic Beasts also felt it for some reason and their anger from before gradually eased.

"It doesn't seem to want to hurt Xiao Feng," mumbled Yaoyao. Lan Yi said in a low voice on the side, "Even so, we have to deal with it carefully."

## Chapter 1407 Rebirth (2)

"I'll wait and see the result. If it hurts Yun Feng..." Er Lei was still very irritable. His purple eyes, which were covered by the curtain of hair, stared at Meatball. The three contracted Magic Beasts were nervous, and so was Mu Canghai. It seemed to be helping Yun Feng, but it was the culprit too. What was Meatball's fundamental purpose?

Thank you readers!

While everyone held their breath nervously, Yun Feng and Meatball both closed their eyes quietly and entered a wonderful connection under the faint light.

Where am I? Yun Feng opened her eyes, but there was only darkness. Yun Feng looked around slightly and calmed down. This wasn't the real world, because she didn't feel any pain at this moment and it wasn't the space in her body. Who exactly took her here?

"Yun Feng." A call seemed to come from afar with some echoes. Yun Feng looked somewhere with her black eyes. "Who are you?"

There was silence. Then, this voice sounded again. "Yun Feng, I'm Na Xie."

Na Xie! Yun Feng was shocked. She subconsciously reached her hand forward. As if seeing what she was doing at this moment, that voice let out a muffled laugh. "I'm right next to you."

Yun Feng closed her eyes. There seemed to be a faint warmth around her. "I know you have questions. I'm not trying to hurt you."

"I know," said Yun Feng casually. "Even though I don't know your original form or ability, I've believed in you since the moment we first met."

A laugh came. "The reason why I want to do this is to help you. It's precisely because I swallowed this ancient power that I have a chance to help you."

"There seems to be an echo in your voice. Na Xie, are you very far away from me? Why can't I see you?" Yun Feng looked at the darkness around her and reached her hands around, but she still couldn't find anything. Was it really next to her? Yun Feng still yearned to see Na Xie's original body in her mind.

"I can't show my original form yet. I'm only talking to you like this because of the help of the ancient power."

Yun Feng couldn't help but feel a bit disappointed in her mind after hearing that. She smiled lightly. Fine, she would be able to see Meatball's true appearance one day. Thinking of that time, a smile couldn't help but appear at the corners of Yun Feng's mouth. "What do you want to help me with?"

"I'm going to help you reconstruct your body."

Yun Feng was stunned. She indeed wanted this body to be modified again. Meatball knew what she was thinking? Yun Feng chuckled. "Na Xie knows me best."

"That's all I can help you with right now. No matter how much a human body is modified, it's still weak after all. I'll let the ancient power enter your body and I'll help you guide it. In the end, your body will fuse with this power and you'll undoubtedly have the physique of a Magic Beast."

Yun Feng was startled. She couldn't control the ancient power at all with her own strength, but it seemed that there was no problem with Na Xie right now. Once she absorbed this ancient power, her entire body would be reborn and her genes would be modified again. She would undoubtedly have the physique of a Magic Beast... Yun Feng smiled gently. It seemed that there would be the aura of a Magic Beast left in her body after this time.

“Na Xie, thank you for being with me. I really want to see your original form. Your usual cute appearance doesn’t match your voice.” Yun Feng smiled. The voice she heard was very mellow, dignified and imposing. It didn’t match Meatball’s cute and chubby appearance at all.

“You’ll see my original form one day.”

Yun Feng nodded and extended her hand forward again. There seemed to be a faint warmth flashing in her palm. Yun Feng raised her red lips. One day... Everything fell into silence and darkness again, as if everything had returned to the beginning. Time was passing slowly. She was waiting for the moment when she broke out of the cocoon.

“It’s been two months. Why isn’t Master awake yet?” Lan Yi looked at Yun Feng, who was still awake, anxiously. At this moment, the connection between her and Meatball was still there. This faint glimmer had already lasted for two months and hadn’t faded at all. The terrifying red color around Yun Feng’s body had already completely faded. This was the only change that delighted everyone.

“Did you notice that Yun Feng’s aura seems to have changed?” Er Lei frowned. Hearing this, Lan Yi and Yaoyao immediately sensed carefully. “It’s indeed different.” Lan Yi opened his blue eyes with shock flashing through them, while Yaoyao said a bit excitedly, “Xiao Feng’s aura has changed! There’s a familiar aura!”

“There’s a familiar aura? Perhaps...” Er Lei was stunned. “How is that possible? How can a human fuse with the energy of a Magic Beast, not to mention such a magnificent ancient power?”

“Nothing is impossible with Yun Feng.” Mu Canghai said indifferently. The three contracted Magic Beasts felt the same. How many miracles had happened to Yun Feng along the way?

“It seems that we just have to wait.” Lan Yi finally smiled. Yaoyao also nodded with a smile.

It had already been more than two and a half months since the fifth round of the advancement of forces in the Inner Region. Among the four families that entered the Sunken Moon Forest, only the member of the Fang family came out. Even though the things he found weren’t very eye-catching, it wasn’t obvious that they would lose at the moment. After all, the members of the other three families didn’t show any signs of coming out. The reason why the member of the Fang family came out so early was certainly because he met the degenerated Sea Clan living in the Sunken Moon Forest. He finally fought his way out and came out quickly.

The member of the Fang family came out of the Sunken Moon Forest covered in blood. This scene shocked everyone. The member of the Fang family told them the situation. Only then did everyone know that such a situation had happened in the Sunken Moon Forest. However, the time of this round wasn’t over yet. The members of the few families couldn’t go in even if they wanted to. They could only hope that the members of their families came out sooner.

The Shentu family’s master didn’t look good. He wasn’t worried about whether or not the member of the Shentu family would survive. He was worried about whether or not he could successfully kill Yun Feng in the Sunken Moon Forest. The Shentu family’s master was thrilled in his mind when he heard what happened in the Sunken Moon Forest. He certainly knew that there was something unusual in the Sunken Moon Forest. He didn’t expect that he would really get what he wanted this time. They had

indeed angered these races. The Shentu family's master thought in his mind that if Yun Feng could fall for it and he could kill her with someone else, it would save him a lot of effort.

### Chapter 1408 Rebirth (3)

They learned from the Fang family that these races were extremely dangerous and very strong. Otherwise, the member of the Fang family wouldn't be in such a sorry state that he was covered in blood. As the deadline approached, everyone's heart was hanging high.

Thank you readers!

Even though the members of the Yun family were also worried in their minds, they had absolute trust in Yun Feng. They wouldn't give up easily until the last moment. With Yun Feng's ability, how would she let anything happen to her? If anything happened, it would be someone from another family, not Yun Feng!

Even though they thought so, the three elders of the Yun family were still quite worried. They had secretly contacted her with the Sound Transmission Jade, but it was useless.

There were only less than ten days until the three-month deadline. People outside the Sunken Moon Forest craned their necks and waited. Right now, they weren't waiting for precious treasures, but for their clansmen who would return safely.

Somewhere in the Sunken Moon Forest, outside of the deep pool, the Sea Clan heavily guarded the area. Even though a long time had passed, they swore to kill the humans who entered the deep pool, leaving none alive! And somewhere at the bottom of the Endless Ocean, the black eyes that had been closed trembled slightly and opened with dazzling light!

!!

When Yun Feng opened her eyes, Meatball also opened its big eyes. The light around the two of them instantly faded. "Xiao Feng!" Seeing Yun Feng open her eyes, Yaoyao immediately pounced over with her little body. Yun Feng, who had just sat up, immediately caught her.

"Master, you're awake!" Lan Yi looked at Yun Feng with concern in his blue eyes. Mu Canghai was also relieved to see that the beauty had woken up safely. It was great that she was awake. It was great that she was fine.

Er Lei felt Yun Feng's aura carefully and noticed something. He said in shock, "Your aura..."

Meatball blinked its big eyes and jumped onto Yun Feng's shoulder directly. Yun Feng smiled with her black eyes. "It's all thanks to Meatball's help... My body can be considered reborn again."

"I like Xiao Feng's aura so much!" Yaoyao smiled happily and held Yun Feng even tighter with her little body. Yun Feng touched Yaoyao's soft hair. She had fused with the ancient power of the Sea Clan, so Yaoyao certainly liked it.

"Master, what exactly happened?" asked Lan Yi in confusion. Mu Canghai frowned and looked at Yun Feng. Apart from her aura becoming a bit stronger, Yun Feng didn't change at all and he couldn't tell at all.

Yun Feng gently pushed Yaoyao away and stood up. "It's certainly not enough to just talk." She suddenly clenched her fists and closed her black eyes. Suddenly, a powerful Magic Beast aura burst out of her body. When she opened her eyes again, Yun Feng's pupils had already turned into a thin black line! Her slender arms were covered in strange scales and her fingers immediately turned into sharp claws!

Her instant transformation made everyone dumbfounded! The few contracted Magic Beasts were surprised that the aura of the Magic Beast in Yun Feng's body was so pure, while Mu Canghai was surprised that Yun Feng had partially transformed! It was unbelievable. How could the aura of a Magic Beast be so obedient in a human body, as if it had been purified and brainwashed?

Yun Feng looked at the surprised people with a smile in her black eyes. If this happened to anyone else, she would certainly be surprised too. "This is unbelievable." Lan Yi mumbled. "Master didn't fuse with it, but preserved the aura of this Magic Beast in her body. She can use it freely!"

Er Lei looked at Yun Feng in shock. How many more miracles could happen to her? If Ao Jin knew, he might be shocked!

Meatball on Yun Feng's shoulder raised its little head proudly. Yun Feng chuckled and looked at her completely transformed arm. She had never tried the power after transformation... A trace of enthusiasm suddenly surged in her heart. How powerful was the ancient power in her body?

Yun Feng suddenly slapped the ground fiercely with her sharp claws. With a loud bang, the entire ground shook!

Surprise flashed through her black eyes. Looking at the sand and stones that instantly shook, Yun Feng smiled. This power was indeed great. As expected of the ancient Sea Clan! And Yun Feng didn't know that what she shook just then wasn't just this land, but the entire area that extended for thousands of miles outside of this area!

"What was that tremor just then?" A dignified voice sounded somewhere with strong doubts and uneasiness. "Your Majesty, I'm not sure."

"Where did this tremor come from?"

"What?" With a furious shout, someone suddenly crushed the thing in his hand with one big hand. Then, his body passed through like the wind and his towering anger burned in his beast eyes. Who exactly broke in there?

Yun Feng completely suppressed the aura of the Magic Beast and returned to her original appearance. At this moment, there were two auras inside Yun Feng's body. With Meatball's help, this ancient aura that belonged to the Sea Clan stayed in Yun Feng's body proudly and obediently. If Yun Feng needed it, she could switch between them and transform. However, after a long time of tempering, there wasn't much ancient power left. Yun Feng could only transform partially, but this aura was still very helpful.

Yun Feng would definitely come to the Endless Ocean to explore in the future. There were still three pieces of the map left in the Endless Ocean. Her master had also asked her to come to the Endless Ocean to train when she had the chance. She would definitely get a good harvest. She would certainly have to explore the depths of the Endless Ocean in the future. This aura saved Yun Feng a lot of trouble. The bounty order of the merfolk was still there. With this aura, the merfolk might not be able to

discover her even if she entered the Endless Ocean. It would be extremely convenient for her future operations and she would avoid a lot of unnecessary trouble.

“Master, there’s light here. It seems to be the passage we came from!” Lan Yi looked at a certain place and made a surprised sound. Yun Feng was stunned for a moment, then smiled. She didn’t expect that she would accidentally open the passage back just then! Counting the time, three months were almost up. It was time for her to go back!

“What a coincidence. Let’s go back!”

The few contracted Magic Beasts returned to their Rings of Contract. Yun Feng glanced at the corpses of the members of the Shentu family and the Baili family on the ground. After this period of time, the member of the Baili family was already showing signs of decay, but the member of the Shentu family was intact. Coldness flashed through her black eyes as Yun Feng put away the corpse.

Chapter 1409 Desperation (1)

“Master, why did you bring this corpse?”

Thank you readers!

Yun Feng curled her lips. “The member of the Shentu family is already dead. No matter what I take out, the Yun family will be the winner. It’s best to let the Shentu family’s master see it with his own eyes in case things change. This will convince him that his plan is ruined!”

After putting away the corpse, Yun Feng and Mu Canghai entered the light. Just like when they came, a powerful suction force directly dragged Yun Feng and Mu Canghai in. After the two of them were completely swallowed, this area returned to its original silence. After a while, a figure broke through the air and came. When he saw everything in front of him, he clenched his fists tightly! Someone had indeed broken in!

When he saw the corpse of the Baili family on the ground, he was even more furious! It was a human! A human had entered this place!

“Boom...” An aura smashed over and the corpse of the Baili family immediately turned into powder! There wasn’t even any residue left!

“Who exactly was it? Who exactly dared to break in here?” A furious roar resounded throughout the entire seabed, but Yun Feng and the others had already left safely. Yun Feng had never thought that the place she arrived at this time would cause a series of waves in the future.

Compared to when they came, Yun Feng and Mu Canghai were very calm. In just a dozen seconds, they had already returned to the deep pool in the Sunken Moon Forest. Yun Feng looked around. The exit was obviously not the same place as the entrance.

“Master, let’s get out of here quickly! This place has already been surrounded heavily.” The few contracted Magic Beasts’ anxious voices appeared in her mind. Yun Feng’s black eyes darkened slightly. She knew that the degenerated Sea Clan wouldn’t let go of the matter now that she was awake. There would probably be a huge army waiting for her on the lake. There might be a lot of God-Level powerhouses!

She couldn't fight them head-on. She could only speed up and run out first!

Mu Canghai understood what Yun Feng was thinking in her mind. He nodded gently and the wind element immediately enveloped the two of them. At the same time, something immediately happened in the deep pool! Yun Feng knew that the Sea Clan had already discovered them!

The two of them immediately rushed to the surface of the water. A bright green color flashed through the deep pool like a beautiful ribbon. The members of the degenerated Sea Clan were already completely stirred. "It's a human! A human is coming out of the pool!"

The members that surrounded the deep pool immediately became vigilant. "Kill the humans who came out! We can't let them run out of the Sunken Moon Forest!"

As soon as he said that, bright green color broke out of the water! The Magic Beasts outside had been waiting for this moment. They swarmed forward! Yun Feng and Mu Canghai broke out of the water. The two of them had already expected the situation outside. They immediately raised their hands and threw out their powerful mental strength. Mu Canghai's power of space suddenly burst out, opening a passage in the layers of black shadows!

Yun Feng and Mu Canghai were prepared. The two of them were also very strong. They instantly killed all the Emperor Level experts who pounced on them. Screams and flesh sounded in the sky, which further infuriated these races that were already enraged. Yun Feng and Mu Canghai couldn't stay for a moment at all. Once they stopped, they would face countless attacks and would be exhausted to death sooner or later

The green light rushed out of the Sunken Moon Forest quickly. The enraged and completely crazy members chased after them desperately. Luckily, they were the degenerated Sea Clan and their speed on land wasn't very outstanding. With the support of the wind element, Yun Feng and the others were a bit faster than these races. They could keep a distance, but it was only a distance.

"A God Level expert is catching up." Mu Canghai looked serious as he stared ahead with his strange eyes. Yun Feng also looked serious. She had already felt the aura of at least five God Level experts joining in. It seemed that this race couldn't be underestimated. There should be more than five God Level experts. It would be very difficult for them to fight even if they joined hands!

"We can only run for our lives." Yun Feng mumbled. The wind element around her surged again and enveloped the two of them heavily. Mu Canghai sneered. "If we really can't make it out, I wouldn't let them hurt you at all."

Yun Feng raised the corners of her mouth gently. "Thank you very much."

The two of them looked at each other and smiled, moving even faster. The aura of the God Level expert behind them was already getting closer and closer. Yun Feng and Mu Canghai's hearts sank. It seemed that the strength of the guy who caught up was above theirs!

"Humans! You can't escape!" A roar suddenly came from behind. Mu Canghai frowned. "They caught up so quickly."

"Mu Canghai, look ahead. Don't care about what I do. Just run forward!"

Mu Canghai was startled, but he immediately nodded. At this critical moment, he would do whatever Yun Feng said. "We'll reach the edge of the Sunken Moon Forest soon." Mu Canghai looked ahead. The power of space completely cleared the obstacles in front of him. Yun Feng chuckled. "That's the best, Lan Yi!"

Green light came out of the green Ring of Contract. There were wings on the back of the handsome man. The moment he came out, he held Yun Feng with his long arms and flew forward quickly without slowing down at all. "Lan Yi, transform into your original form. Take me forward."

Lan Yi nodded. The next second, the griffin appeared in its original form. Its huge wings directly pushed down the dense trees on both sides. The griffin grabbed Yun Feng's shoulder firmly with its sharp claws and flapped its wings abruptly, flying forward quickly. Yun Feng faced the trees and flowers behind her with a smile on her red lips. Three elements suddenly jumped out of her fair palm. Looking at the figure that was getting closer and closer behind her, Yun Feng suddenly clasped her hands! A faint elemental energy suddenly spread!

Lan Yi noticed that and suddenly flapped its wings. It seemed that its master was going to use the fusion of elements to block the pursuit behind. If they held on for a while longer, they would leave the Sunken Moon Forest and everything would be safe. Mu Canghai clenched his fists in the air in front of him fiercely and the entire rows of trees fell. Some Magic Beasts with slightly lower levels of forces were so frightened that they ran in all directions. He looked ahead with his strange eyes and the corners of Mu Canghai's mouth pursed slightly. He would definitely take her out of here safely!

#### Chapter 1410 Desperation (2)

"Don't even think about leaving this place!" The God-Level powerhouse who was chasing after them crazily had already arrived. Yun Feng looked at that extremely angry and distorted face and laughed loudly. She slowly separated her clasped hands. The elemental ball of three colors that was perfectly fused was spinning slowly in front of Yun Feng. Yun Feng suddenly pushed her hand forward and the elemental ball of three elements flew straight back. Under the shocked gaze of the Sea Clan member that was chasing after her, Yun Feng opened her red lips gently. "Explode!"

Thank you readers!

"Boom—" The three elements completely exploded behind him. Elemental energy waves exploded at a certain point and the trees around all collapsed. A gust of wind suddenly surged out of this point!

The green light suddenly ran forward amidst this loud sound, and the army that was chasing closely behind was completely stopped by this sudden explosion!

"What's with this rumbling sound?" The leader of the Baili family stared at the Sunken Moon Forest nervously. The loud sound that happened inside just then came out. There must have been a huge conflict inside to make such a sound!

The Shentu family's master frowned. He felt that the development of the matter was a bit different from what he thought. According to his estimation, the Shentu family's member should have already eliminated Yun Feng and come out successfully... The explosion just then was very likely a chaotic battle inside!

The three elders of the Yun family looked a bit solemn and their heartbeats were a bit chaotic. The three months were almost up. Yun Feng still hadn't come out. Did something really happen inside? Compared to Yun Feng, the victory or defeat of the Yun family wasn't important!

"What's that?" The Master of the Ji family suddenly raised his head and saw a beam of green light rush out of the mist in the sky above the Sunken Moon Forest. The green light was so dense that it was impossible to ignore it. The members of the other three families all raised their heads. The eyes of the three elders of the Yun family immediately brightened when they saw this! The pupils of the Master of the Shentu family shrank fiercely. Could that green light be...

"Swish..." After the green light rushed out of the mist, it turned around in the air and flew towards the place where the few family masters were. The audience on the periphery all stood up excitedly and came out. When the three-month period was almost over, someone came out of the Sunken Moon Forest!

"Yun Feng!" The Master of the Ji family shouted in surprise as he watched the figure get closer and closer, while the Master of the Baili family was a bit flustered. "Yun Feng?! How can it be Yun Feng who came out? She..."

The Shentu family's master looked very awful, as if there was a layer of soy sauce on his face. The green light approached and Lan Yi directly entered Yun Feng's Ring of Contract. Yun Feng landed steadily on the ground. The three elders of the Yun family immediately greeted her with excitement. "Kid, you're back!"

Yun Feng chuckled. "Elders, I'm late."

"What do you mean by late? It's good that you're back!" The Third Elder of the Yun family quickly said. Yun Feng chuckled and looked at the Sunken Moon Forest with her black eyes. Those races indeed didn't chase after her. They didn't even take half a step out of the Sunken Moon Forest.

"It's good that you're back. I'm afraid some people will be anxious," said the Ji family's master on the side. The faces of the Shentu family's master and the Baili family's master darkened. "Master Ji, the three-month deadline hasn't passed yet. What do you mean?" The Baili family's master said angrily. The Shentu family's master looked at Yun Feng with a sullen face. "That's right. Nobody knows the result until the deadline." It was truly a pity that they didn't kill her here!

Yun Feng met the gaze of the Shentu family's master and certainly knew what this old thing was thinking in his mind. The viciousness in his eyes was too obvious. "Shentu family's master, I think you said that too early," said Yun Feng indifferently. The Shentu family's master sneered. "Too early? I don't think the Yun family should be happy too early. Being out first doesn't mean anything."

Yun Feng curled her lips. "I want to show you something this time. It should make you understand what I just said."

The Shentu family's master's face darkened even more as a bad feeling flashed through his heart. Yun Feng flipped her hand and a corpse directly appeared on the ground. When the Shentu family's master saw who the corpse was, his eyes widened abruptly!

“How bold of you. Yun Feng, how dare you kill a member of the Shentu family!” The Baili family’s master immediately shouted. The Shentu family’s master’s temples throbbed fiercely. He was dead... Dead!

“Life and death in a competition depends on oneself. Master Baili, aren’t you being too selfish? Even if he died, it has nothing to do with the Yun family. It’s just that this person... wasn’t strong enough. Master Shentu certainly knows what’s in the Sunken Moon Forest.” The Great Elder of the Yun family said deeply as he stared at the Master of the Shentu family with his black eyes. If he dared to pin this crime on Yun Feng, the Yun family would definitely not let it go!

“You...” The Baili family’s master was suddenly stopped. He could only look at the Shentu family’s master for help, while the Shentu family stood there with an awful expression and looked at the corpse on the ground. It didn’t matter who killed him, but this person’s death meant one result. The Shentu family would definitely lose in the fifth round! And the Yun family... would rise to the throne of the first-rate family!

“Congratulations to the Yun family.” The Master of the Ji family walked over and said with a smile. The Master of the Baili family turned pale after hearing that. He finally knew the current situation. The Shentu family’s member was dead. The Yun family certainly won! No matter what the Yun family took out, they would win. After all, the Shentu family was dead!

Yun Feng curled her lips. Old thing, I knew you wouldn’t be satisfied. She twisted her wrist and a crystal clear plant appeared in her hand. Yun Feng casually took out one of the herbs her master left behind. No one knew if this thing came from the Sunken Moon Forest anyway.

“These are extremely precious and high-level herbs. Master Shentu, are you satisfied?” Yun Feng raised her brows. The Master of the Shentu family sneered. “Don’t be too complacent.” He bent down and searched the dead person. After examining him a few times, the Master of the Shentu family’s eyes darkened. “Yun Feng, you...”

There was a smile in her black eyes and her red lips curled up. “Master Shentu, what about me?” Yun Feng smiled innocently. She had already looted the dead member of the Shentu family and taken everything away. The Master of the Shentu family would certainly be enraged.

This girl really didn’t miss anything when she did things. The Ji family’s master burst into laughter. “Master Shentu, I wonder what treasure this dead person found for the Shentu family? Why don’t you take it out and take a look?”
