

Summoner 1411

Chapter 1411 Desperation (3)

Thank you readers!

The Shentu family's master was extremely embarrassed. Everything he gave this person earlier had been taken away by Yun Feng! What else could he take out? If he said that he gave it to the man, wouldn't it be obvious that the Shentu family cheated?

The things were taken away, so the Shentu family's master could only suffer in silence. He gritted his teeth and said, "No."

"No?" The Ji family's master raised his brows and chuckled with a mocking expression. "If not, it's not too early for me to congratulate her, don't you think?"

The Master of the Shentu family looked gloomy. Thinking of the future of the Shentu family, the Master of the Shentu family was constantly enraged in his mind. He couldn't wait to tear Yun Feng into pieces with his own hands! It was all her fault. If it weren't for her, the Yun family wouldn't have been able to return to the Inner Region. If it weren't for her, the Yun family wouldn't have been able to win at all! If it weren't for her, the Shentu family wouldn't have fallen from the position of the first-rate family!

It was all because of her, Yun Feng!

The three elders of the Yun family immediately stepped forward when they saw the killing intent surging in the eyes of the Shentu family's master. "Put away your thoughts! We won't let you touch Yun Feng!"

The Shentu family's master smiled viciously. He picked up the corpse on the ground and jumped, disappearing without a trace, leaving the Baili family's master standing there awkwardly. The member of the Shentu family was dead. No matter who did it, how good could the Baili family, which was moving with the Shentu family, be? The result was naturally obvious. The final winner of the fifth round was the Fang family and the Yun family, and after the advancement of forces this time, all the forces in the Inner Region were reshuffled. The change was so huge that it made the audience exclaim.

The Yun family successfully pulled the Shentu family down and rose to the position of the first-rate family. The Ji family kept the original position as a second-rate family, while the Fang family successfully rose. The three third-rate families made people's jaws drop. The Wu family, the Ai family, Baili family and Shentu. The four families that used to collude were all in the third-rate families right now. The advancement of forces wasn't over yet. The last one would face the ending of being kicked out of the Inner Region.

Which family would be kicked out? The four families all considered in their minds. Even though the Shentu family had lost the position of the first-rate family, the other three families couldn't compare to them in terms of strength. If anyone was kicked out, it certainly wouldn't be the Shentu family, but one of the other three families. However, this time, the Yun family wouldn't let the Shentu family stay under their watch. Yun Feng said that she would return what the Yun family suffered back then to the Shentu family a hundred times, a thousand times!

The Shentu family's master was sitting in the main seat at this moment with a terrifying expression. He wasn't just thinking about the advancement of forces in his mind right now. How should he explain to

the people behind supporting the Shentu family along the way? The Shentu family would definitely be abandoned!

Thinking of this, the Shentu family's master couldn't help but feel enraged. Without the support of the power behind him, how would the Shentu family be able to come back if they were kicked out of the Inner Region this time? The Shentu family couldn't compare to the Yun family. The Shentu family didn't have much strength to begin with. If they lost the support, they would certainly never have a chance with the Inner Region.

"The Yun family will definitely use means to deal with the Shentu family when they rise. What else can we do? The Inner Region all listens to what the Yun family says right now!"

"If Shentu is kicked out this time, it'll be very difficult for us to come back!"

"Don't forget the relationship between Shentu Yuanli and Yun Feng! Even if Shentu Yuanli has left the Shentu family, he's still a descendant of the Shentu family after all! Whether he's willing to admit it or not, he's still a member of the Shentu family!"

"Yes, that's right! With this relationship, Yun Feng can't be so ruthless, right"

"That's right, that's right. Perhaps we can go to the Yun family to find Yun Feng and ask her to give Shentu Yuanli face. More or less"

"That's enough!" The Shentu family's master suddenly roared as he glared at the few people who kept talking in front of him. "Shentu Yuanli doesn't exist in the Shentu family! Do you still have face? Even if the members of the Shentu family are all dead, we won't bow down to the Yun family!" The Shentu family's master had a stubborn personality. The others lowered their heads and didn't say anything else about Shentu Yuanli after hearing that.

"Master, what should we do now?"

Shentu Yuanli's face darkened. "What should we do? The Shentu family won't be able to escape this time. The Yun family definitely won't hold back. In that case we'll bite them hard even if we have to leave!"

"Yes, that's right! The Yun family forced us to a dead end. We certainly won't let them have an easy time!"

"Yes, that's right. We can't let the Yun family have an easy time. Before we leave the Inner Region, we must teach the Yun family a lesson!"

The members of the Shentu family were immediately excited. If it weren't for the Yun family, the Shentu family wouldn't have ended here! They wouldn't have been so down and out that they were about to be kicked out of the Inner Region! The members of the Shentu family were indignant, but they didn't know that they only had themselves to blame.

After the advancement of forces ended, the Yun family returned to the position of the first-rate family. Everyone in the Yun family was delighted. All the members of the Yun family heaved a sigh of relief in their minds. The Yun family had finally made a comeback after so many years. And all the glory right now was because of the arrival of one person, Yun Feng!

With Yun Feng's current status in the Yun family, nobody would say anything even if she took over as the leader of the Yun family. Even though she was still young, everything Yun Feng did convinced the members of the Yun family wholeheartedly. Yun Feng had become a power at the bottom of the hearts of the members of the Yun family. As long as Yun Feng was here, the members of the Yun family felt that there was nothing they couldn't defeat in their minds!

After learning the exciting result of the last round, Yun Xiang couldn't stop smiling. Bai Qingfeng could only take care of Yun Xiang carefully, but being in a better mood was also beneficial for the baby. The Yun family was the top family in the Inner Region. Because of the commotion Yun Feng caused along the way, nobody in the Inner Region questioned the Yun family, while the second-rate families were the Ji family and the Fang family. Naturally, they had a good relationship with the Yun family. The Yun family was even better than the Shentu family this time. Those third-rate families couldn't cause any trouble.

The Yun family's situation had already been decided. The three elders all asked Yun Feng to bring the members of the Yun family of the East Continent and the West Continent to the headquarters of the Yun family. Even though Yun Feng's father, Yun Jing, didn't mention this much, Yun Feng knew how eager her father was to return to the roots and the original land.

Chapter 1412 Desperation (4)

However, Yun Feng didn't let down her guard yet. Yun Feng had some thoughts about the Shentu family and the forces behind them that supported the Shentu family along the way. The Shentu family certainly wouldn't let it go just like that. The forces behind them would definitely abandon the Shentu family. The two external helpers died miserably during the advancement of forces and the Shentu family definitely had to pay a price.

Thank you readers!

To put it bluntly, the Shentu family was like a rabid dog right now. Before they were driven away, they would definitely pounce on the Yun family with all their strength and wouldn't stop until they bit off a piece of meat. Yun Feng told the three elders what she thought. The entire Yun family immediately became vigilant, in case the Shentu family counterattacked. Among the four families of the third-rate forces, the Wu family, the Ai family and the Baili family were all rotten fish and shrimp, but the Yun family showed good intentions and didn't argue with them anymore. These three families were certainly flattered and the Shentu family also fell into complete isolation.

The three families that used to be on good terms with Shentu changed sides at the last minute. These three families were smart enough to know that the Yun family's only target was Shentu. They immediately cut ties with Shentu. Under the ostracization of the three families, the Shentu family would definitely be kicked out of the Inner Region.

A dark cloud had been hanging over the Shentu family for a long time and it was getting stronger. The Shentu family was about to leave the Inner Region. This was completely unacceptable for the Shentu family, who were used to enjoying a high status, and the Shentu family's master couldn't stand it anymore. The Shentu family was united and decided to take revenge on the Yun family tonight. The Shentu family's master said that they would kill as many as they could. The Shentu family would rather die than leave the Inner Region. Even if they had to die, they would die in the Inner Region with a few members of the Yun family!

The entire Yun family had been on guard to prevent the Shentu family from doing anything. The Shentu family's master couldn't help but sneer when he saw the Yun family's guard. He waved his big hand fiercely and a fierce fighting energy directly hit it. The space around the Yun family suddenly shook. The faces of the three elders of the Yun family darkened. Yun Feng, who was on the side, also felt the space shake and her red lips curled up coldly. Shentu family's master, you're here after all.

The three elders of the Yun family looked at each other and immediately went out. Yun Feng followed closely behind. The other members of the Yun family all came out. The Shentu family's master stood in the sky and the anger in his chest suddenly surged when he saw Yun Feng! Yun Feng, it's all because of you! I'll take your life tonight no matter what!

The three elders of the Yun family looked at the Shentu family's master in the sky. The Shentu family's master was at Grade 4 of the God Level. Even though the space blockade could block his attack, there was still a crowd of people behind the Shentu family's master. With the power from them, the space blockade would be broken. The Shentu family was like an arrow at the end of its flight right now. The Yun family didn't expect to kill them all. After all, this didn't match the personality of the Yun family.

The three elders of the Yun family didn't want a battle to break out in the Yun family either. Yun Xiang was pregnant. If anything hurt her, the gains wouldn't make up for the losses. "Master Shentu, why did you mobilize so many people to come to the Yun family?" The Great Elder of the Yun family said. After hearing that, the Master of the Shentu family burst into laughter and extended his arm forward. "Why do you have to ask? The Shentu family and the Yun family have been irreconcilable since the beginning. It's either you or me!"

The Third Elder of the Yun family frowned. "The Yun family only asked you to quit the Inner Region. We're already much more merciful than you were. Are you still not satisfied?"

"Mercy? The Shentu family doesn't need the Yun family's pity!" The Shentu family's master shouted as he stared at the three elders of the Yun family with bloodshot eyes. "If it weren't for the Yun family, the Shentu family wouldn't have fallen to such a state!"

The faces of the three elders of the Yun family darkened. The Shentu family was truly obstinate. He didn't want to live at all, and the Yun family wouldn't be benevolent! They had already done everything they could for the Shentu family and the Yun family. Those people were cutting off their own way out!

"If that's the case, there's no need to talk too much!" said the Third Elder of the Yun family. Which member of the Yun family didn't hate the Shentu family? In the spirit of the tradition of the Yun family, they had offered their enemy a way out, but the Shentu family wanted too much.

"Hahahaha! Do you really think this space blockade can stop me?!" The Shentu family's master burst into laughter. Yun Feng, who was standing below, narrowed her black eyes and looked at the Shentu family's master. This old guy must have a trump card, or he wouldn't have dared to face the three God-Level elders of the Yun family alone!

Thinking of this, Yun Feng gave Mu Canghai a look. Mu Canghai immediately understood. His gray eyes emitted a faint light. The power of space around the Yun family changed subtly. After laughing crazily in the sky, the fighting energy around the Shentu family's master suddenly increased greatly. The large number of Shentu family members behind him were the same. They all had bloodthirsty expressions.

“I’ll open an opening and you’ll rush in. Kill as many as you can. Do you hear me? Even if you die, you must drag the Yun family down with you!”

The anger of the Shentu family quickly reached the extreme after hearing this. They all shouted, “Don’t even think about hurting a single person of the Yun family!” The three elders of the Yun family all shouted furiously. The Shentu family’s master laughed crazily again. He gathered all his fighting energy on his fist and the fighting energy was very strong!

The concentration of fighting energy... They had indeed taken potions... So, everyone who came here tonight had taken potions. The Shentu family was indeed going all out. They would risk their lives to bite a piece of the Yun family!

Tricky!

“Break!” The Shentu family’s master’s fist had already landed. His fighting energy hit the space blockade like a sharp blade and a huge pressure rushed over. The three elders of the Yun family immediately shouted. They thought the space blockade would shatter instantly, but they didn’t expect it to completely withstand this attack!

“Humph! If you can take this one, what about another one?!” The Shentu family’s master’s other fist then landed. The two attacks stacked together and the sound of the space blockade cracking could be heard. Mu Canghai’s hand trembled fiercely as he pressed his finger against his gray eyes hard and gritted his teeth. However, his arm still hung down in the end. Beads of sweat appeared on Mu Canghai’s forehead. He looked at the Shentu family’s master in the sky. Yun Feng, I can only hold on until now.

“Hahahaha! Kill them as you wish!” The Shentu family’s master’s face was full of madness. The three elders of the Yun family had already come forward. The Shentu family’s master twisted his wrist and held a big knife in his hand. He slashed across the sky and a stream of fighting energy surged out fiercely!

Chapter 1413 It Has Just Begun (1)

“He’s taken potions. His strength has increased a lot right now. Deal with him carefully.” The three elders of the Yun family looked at each other and already had an idea in their minds. The three of them split up. The Shentu family’s master burst into laughter and waved the long knife in his hand agilely. For a moment, he tied with the three elders of the Yun family!

Thank you readers!

The sounds of fighting and killing inside the Yun family filled the air. Everyone in the Yun family welcomed the battle with determination and courage on their faces. The younger generation of the Yun family fought bravely. Their young faces became more and more mature and reliable because of this battle. People grew up in battle and trained in battle!

All the contracted Magic Beasts went into battle. Almost all the members of the Shentu family were mobilized. They had a huge advantage in numbers and they all took fierce potions. It was a huge burden for the Yun family. The summoner bloodline played a huge role at this moment. The summoners of the Yun family all released their Magic Beasts and joined this battle!

Yun Feng's four contracted Magic Beasts turned into four beams of light and joined the battle. The four colors were very strong, relieving a lot of burden for the Yun family. Yun Feng killed all the enemies along the way and corpses fell at her feet. Her brain was spinning at this moment. Everyone in the Shentu family had taken potions, and they were all the kind with fierce medicinal effects. Where did the Shentu family get so many potions? Everything in the Treasure Mirror had been emptied by Yun Feng!

There was only one reason why the emptied Shentu family could still have so many potions. The secret force behind them! Her black eyes turned cold. It seemed that this secret force had given the Shentu family one last help. Shentu was already abandoned. There was only one reason for them to help the Shentu family again. They wanted to use this abandoned child to give the Yun family a final blow!

Yun Xiang! Yun Feng's expression tightened and she immediately rushed to where Yun Xiang was. Yun Xiang was pregnant, so she certainly couldn't participate in the battle. Bai Qingfeng had already stayed behind with her. If this hidden force risked their lives to attack the Yun family, Yun Xiang was undoubtedly the Yun family's greatest weakness at this moment!

The black shadow rushed behind like the wind. Yun Feng's heart pounded even more violently and a faint uneasiness formed in her heart. Yun Xiang, nothing must happen to you!

The Shentu family's master, who was fighting with the three elders of the Yun family in the sky, glanced at Yun Feng's anxious back from the corner of his eye and smiled viciously. Yun Feng, what you care about is what I want to destroy! He swept his long knife horizontally and slashed crazily. The bodies of the three elders of the Yun family flashed. Taking advantage of this opportunity, the Shentu family's master shook his sleeve and a black object suddenly shot out, rushing towards the back of the Yun family's mansion!

"That's..." The three elders of the Yun family didn't even have a chance to stop it. The black object was extremely fast and flashed past them in the blink of an eye!

"Hahahahahaha!" The Shentu family's master burst into laughter. His muscles quickly expanded at this moment, as if they were inflated. His aura also rose to a new height in an instant! The faces of the three elders of the Yun family became gloomier and gloomier when they saw this. They wanted to split up and chase after the black object, but they were firmly restrained by the Shentu family's master and didn't have time to care about it!

"Swish..." Yun Feng only heard a trace of wind next to her. A black shadow quickly flashed past her and ran towards the back of the Yun family. Yun Feng's heart suddenly pounded. "Meatball!" Meatball on her shoulder immediately turned into a beam of white light and chased after the black object quickly. Yun Feng sped up again, hoping to see Yun Xiang as soon as possible to ensure her safety!

"Xiao Xiang!" Bai Qingfeng's roar broke through the air with incomparable anxiety. Yun Feng's heart suddenly pounded. Yun Xiang!

Her body was like the wind. Sweat splashed in the air from Yun Feng's forehead. Her feet rubbed against the ground fiercely and her body stood firmly on the spot. Yun Feng's world was silent. There was only her heart that was already racing and Bai Qingfeng, who was lying in a pool of blood.

Yun Feng's pupils shrank fiercely. Yun Xiang was already gone. Only the pool of blood around Bai Qingfeng was unusually dazzling. "Go after her... Go quickly..." Bai Qingfeng raised his head and glanced

at Yun Feng. Yun Feng's eyes darkened. She stepped forward and poured a bottle of Life Potion into Bai Qingfeng's mouth. Bai Qingfeng's hand drew a blood ring on Yun Feng's wrist. "Let her... be safe..."

"Leave it to me," said Yun Feng in a low voice. Bai Qingfeng was already fine. Hearing Yun Feng's reply, he heaved a sigh of relief and fainted. Yun Feng stood up and looked into the distance with her black eyes. After a while, Meatball's loud cry came from somewhere. "Nana!"

Yun Feng's body turned into a black shadow and she suddenly chased in one direction crazily. She clenched her fists tightly as dark light flashed in her black eyes with viciousness. At this moment, Yun Feng was full of killing intent. If anything happened to Yun Xiang, she wouldn't let anyone from the Shentu family go!

Meatball's voice guided Yun Feng along the way. Yun Feng had already left the Yun family's mansion. Yun Xiang had been taken so far in such a short period of time. What exactly was that black thing? If it weren't for Meatball, Yun Feng would probably have lost track of that thing.

"Nana, Fengfengna!" Meatball's voice came again. Yun Feng sped up and kept closing the distance as she chased desperately. There was a dense forest ahead. Yun Feng took a deep breath and rushed in. After a few steps, Meatball jumped out to Yun Feng's shoulder. Yun Feng stopped in an instant.

Yun Feng thought she was in a dense forest, but the outermost forest was just a decoration. There seemed to be an empty space in the middle. On the other side, Yun Xiang's body was tied to a huge tree. Seeing Yun Feng chase after her, Yun Xiang said, "Yun Feng!"

Yun Feng saw Yun Xiang at a glance. She was about to go over, but Meatball bit Yun Feng's clothes and moved back. Yun Xiang immediately shook her head. "Don't come over!"

"Hehehe, Yun Feng, you're here as expected."

Yun Feng looked at the conflicted man in front of her and didn't have a good impression of him at all in her mind. "Who are you? You're not a member of the Shentu family."

"Who am I? How would you not know?" The man smiled weirdly. Yun Feng frowned. Could it be a Blood Soul? However, the Blood Souls would all wear black robes. They were most famous for dark elements. The person in front of her was wearing normal clothes. He wasn't a mage and shouldn't have anything to do with the Blood Souls. She knew that he wasn't a Blood Soul. Perhaps...

Chapter 1414 It Has Just Begun (2)

"You're from the power behind the Shentu family."

Thank you readers!

The man burst into laughter and looked quite happy, as if he was extremely interested in Yun Feng. Yun Feng saw that he didn't mean any harm to Yun Xiang. His purpose seemed to be to lure her here. Did he really just want to meet her?

"You've indeed surprised me." The man caressed his chin with his finger. "Even in my clan, it's very difficult to find a descendant like you. What a pity. You're a member of the Yun family."

Yun Feng's face darkened. "If I had a choice, I would still choose the surname Yun."

The man raised his brows and looked a bit vicious. "You're quite rude, junior."

Yun Xiang was tied up and listened to what Yun Feng said. She was touched in her mind. She didn't know how Yun Feng used to live. Most of the young people living in the headquarters of the Yun family didn't have Yun Feng's feelings for the Yun family. Her feelings were so deep and mellow.

"Yun Feng, well said!" Yun Xiang said with tears in her eyes. The man's expression suddenly changed. "If you dare to touch Yun Xiang, I won't let you get away unscathed!" The scorching light in Yun Feng's eyes made the man smile. "Do you really think you're qualified to be my opponent?"

Yun Feng smiled coldly. "Even though I can't beat you, I'll try my best to make you lose something."

The man burst into laughter and was a bit crazy. "Hahahaha! Lose what? Yun Feng, you're quite bold!"

Yun Feng curled her lips. "I'm your only target. Let Yun Xiang go."

"Let her go? If you can keep your life after I attack, I'll let her go."

Yun Feng's heart sank slightly. The strength of the man in front of her was obviously above hers. Even if the four contracted Magic Beasts all appeared, it would at most be a tie. She couldn't get tie. If she wanted to take Yun Xiang away safely, she had to win! At least, she had to have the upper hand at some point!

"Sure," said Yun Feng casually. Yun Xiang widened her eyes in shock. "Yun Feng, you..."

Yun Feng looked at Yun Xiang. She wouldn't let anything happen to Yun Xiang no matter what. She wouldn't let the bloodline of the Yun family in her body be harmed at all! She had to protect the members of the Yun family and the bloodline of the Yun family!

"You can't take back what you said. Alright!" The man said in satisfaction with excitement in his eyes. "To be honest, I'm very satisfied with you, but unfortunately, your surname is Yun and you can't be used by me after all. You can only blame your surname!"

Yun Feng burst into laughter. Her black eyes were like glittering gems under the moonlight. "The Yun family will be an existence that everyone looks up to one day!"

"If you die, the Yun family will collapse. What kind of existence is that? It's only worthy of being trampled on!"

Fury flashed through Yun Feng's black eyes. Nobody could insult the Yun family wantonly! She twisted her wrist and the wand appeared. Four beams of colorful light glittered from the Rings of Contract, reflecting four different kinds of destructive light in the night!

The man looked at the four contracted Magic Beasts next to Yun Feng in surprise. "As expected of a four-element summoner. You're indeed different. The more surprising you are, the more I want to kill you here!" The man waved his hand and a longsword appeared in his hand. Powerful fighting energy spread on the longsword and the longsword also let out a subtle buzzing sound.

Yun Feng's mental strength also spread slowly. The four contracted Magic Beasts sensed that the other party was powerful and certainly understood that this was a tough battle! "Ha!" The man jumped into the sky with his sword and slashed fiercely in the air with the longsword wrapped in fighting energy in

his hand. The fighting energy spread out of the sword like a tide, forming a huge shock wave that pounced at Yun Feng!

“Master, this man is too strong. His speed and strength are not reduced under the attack of the four of us!” Lan Yi’s voice came in Yun Feng’s mind. Yun Feng sneered. “The four of you can’t restrain him, but I haven’t joined yet.”

Yun Feng joined them. The four contracted Magic Beasts completely sealed every corner of the man. The man looked at Yun Feng. “Yun Feng, you’re indeed very strong, but you’re still weak in front of me.”

“Strength isn’t easy to define.” A dazzling light flashed through Yun Feng’s pupils. Moonlight shone on her slender body and her originally pure black pupils suddenly turned into a long, thin line. Her delicate skin was also instantly covered with strange scales. Her fingers instantly turned into sharp claws and a deep and powerful aura of a Magic Beast suddenly emitted from Yun Feng’s body! The man’s breath tightened. This aura belonged to a Magic Beast. How could Yun Feng have it?

“There seems to be a lot of tricks in your body.” The man’s expression became serious as he stared at Yun Feng firmly. Yun Feng’s demonic pupils flashed with dark light as she clenched her sharp claws fiercely. Her body turned into a beam of light and rushed out abruptly. The four contracted Magic Beasts also rushed towards the man in an instant. Their fighting energy and mental strength collided fiercely and the entire space shook violently. Yun Xiang, who was tied up below, looked up at the sky nervously. Yun Feng, please be fine!

“Clang...” The longsword in the man’s hand slashed down from the sky and his fighting energy slashed towards Yun Feng’s face like a blade. Yun Feng’s sharp claws met the attack in the air and blocked the man’s longsword a few inches in front of her. However, the fighting energy suddenly jumped out of the sword like tiny tentacles, rushing towards Yun Feng! Yun Feng’s pupils shrank and her sharp claws bounced the longsword away fiercely. The two of them suddenly separated in the air and stood on opposite sides of the sky.

“The aura of a Magic Beast in your body isn’t ordinary. How exactly did you do it? You kept the aura of a Magic Beast in a human body!”

“Why should I tell you?” Yun Feng raised her brows. The four contracted Magic Beasts stood on both sides and attacked the man again. The man sneered. “I’m going to change my mind now. Rather than killing you, it’s better to spare your life so that I can study the secrets in this body.”

“Don’t even think about it!” The four contracted Magic Beasts all roared. Four streams of elemental energy shot out of the bodies of the four contracted Magic Beasts. The four pillars of light hit the same point and completely drowned the man’s body!

Light exploded in the night sky. Yun Xiang couldn’t help but widen her eyes when she saw the commotion in the sky. Suddenly, a furious shout broke through the night sky!

Chapter 1415 It Has Just Begun (3)

“I’ll take you!”

The longsword in the man’s hand emitted scorching light and forcibly tore a corner of the night sky open. Battle energy soared out of the sword and a long dragon swam in the night sky, attacking Yun

Feng! Yun Feng's body suddenly retreated, but the long dragon was even faster and fiercer, approaching her!

A huge pressure came with the fighting energy and pressed down like a small mountain. Yun Feng gritted her teeth fiercely and the aura of the Magic Beasts in her body subconsciously started operating all over her body. The muscles all over her body were almost twisted together. The four contracted Magic Beasts turned into beams of light and wanted to rush to Yun Feng, but it was already too late!

Yun Feng clenched her sharp claws and looked at the fighting energy dragon that was rushing fiercely in front of her. She roared and turned into a beam of light, rushing forward! She didn't retreat, but went forward and faced it directly!

"Master!" The hearts of the four contracted Magic Beasts all tightened when they saw this. Yun Feng's body was like light, turning into a dazzling shooting star in the night sky, falling towards the long dragon!

"Hahahaha, hahahahaha!" The man burst into laughter crazily when he saw Yun Feng face him so fearlessly. His eyes were full of madness and his body began to tremble crazily!

The light collided and the two crazy forces collided. The light suddenly swallowed Yun Feng's entire body. Her eyes were full of dazzling light. Yun Feng raised her arm and opened her sharp claws, slashing at the body of the long dragon!

A gap was created on the body of the dragon formed by fighting energy!

The man's laughter suddenly stopped and his eyes widened in shock. How was that possible? How was that possible?

The body of the long dragon twisted and trembled. A gap was opened, followed by a second and a third! The sharp claws quickly swung down and the body of the long dragon was completely torn into pieces by Yun Feng!

"Whoosh!" The fighting energy collapsed and completely dissipated, leaving Yun Feng standing in the sky alone. Dark light flashed through her sharp claws and she looked at the man with her charming eyes. The aura of a Magic Beast kept surging out of her body. The man's pupils shrank abruptly. She broke his fighting energy!

"Yun Feng... You're indeed extraordinary."

Yun Feng's eyes were extremely cold. Even though she couldn't suppress the man with her strength, she wouldn't let this man take advantage of her. This man would definitely return empty-handed today. The two of them looked at each other in the sky. The man knew that he wouldn't get much advantage today, but he surprisingly got something from Yun Feng.

"Never mind. The Yun family is destined not to be peaceful for long in the future. The Shentu family is useless. We spent a lot of effort supporting them all the way to the top, but the Yun family still took advantage of them."

Yun Feng frowned. "What exactly does the Yun family have against you? Why are you targeting the Yun family like this? Who... exactly are you?"

The man burst into laughter. "Who else can target the Yun family? Yun Feng, we'll meet again." The man's body flashed and he turned into a ball of blackness, escaping quickly. The four contracted Magic Beasts were about to chase after him, but Yun Feng stopped them and changed the aura in her body. Yun Feng landed from the sky and put Yun Xiang down carefully. "Bai Qingfeng is fine. Don't worry."

Yun Xiang heaved a sigh of relief and put her hands on Yun Feng's arms. "What about you?"

Yun Feng chuckled. "I'm standing in front of you, right?"

Yun Xiang raised the corners of her mouth. "Is your baby alright?" Yun Feng glanced at Yun Xiang's stomach and Yun Xiang smiled. "Very good. This kid is very tenacious."

"That's good. I'll go back to the Yun family first. Lan Yi will take you back later." Yun Feng said as she turned around and left. Lan Yi stayed to escort Yun Xiang. The other three contracted Magic Beasts all left behind Yun Feng.

On the way back, Yun Feng's face was quite gloomy. What the man said just then kept echoing in her mind. The Yun family was destined not to be peaceful for long. Yun Feng frowned even more tightly. An invisible vortex was pulling everything in crazily, and now, this vortex was also going to drag the Yun family in!

Who else could target the Yun family? What he said made Yun Feng's black eyes light up. The four families! Apart from the four families that had been targeting the Yun family since the beginning, who else could target the Yun family like this? Thinking of this, a huge rock pressed down in Yun Feng's heart. What they wanted was that map fragment and the summoner bloodline of the Yun family. The existence of the Yun family was a threat to any ancient family, because of this unique summoner bloodline!

When Yun Feng returned to the Yun family, the battle had already ended, leaving only blood on the ground. It seemed that the Shentu family had suffered heavy casualties. The Yun family didn't lose much because they were already prepared. The Shentu family's master was already dead. His corpse lay on the ground alone, looking very miserable.

Yun Feng found the three elders of the Yun family and first told them about Yun Xiang's situation. The three elders of the Yun family were finally relieved. "There are only a few members of the Shentu family left. The leader of the Shentu family is already dead. The remaining people are all weak. They can't cause any trouble."

Yun Feng nodded. The Shentu family had completely collapsed tonight. The Shentu family's master was dead and everyone in the Shentu family with strength died in the chaotic battle tonight. Even if a few of them survived, they were people with insufficient strength. It was impossible for the Shentu family to rise again.

The chaotic battle between the Yun family and the Shentu family quickly spread throughout the Inner Region the next day. The Shentu family's desperate counterattack in the end shocked all the families in the Inner Region. After all, they had fallen from the position of the top family and were immediately kicked out of the Inner Region. The difference was a bit huge. However, many years ago, the Yun family faced the same situation. The difference between the two families was obvious.

The Shentu family was almost completely destroyed overnight, while the Yun family endured the humiliation and welcomed today's glory.

From then on, the Yun family was the leader of the Inner Region. On the surface, the Yun family had only returned to its original position, but in fact, the Yun family controlled almost all the key families in the Inner Region. The position of the top family was justified. Everything seemed to be settled, but in Yun Feng's eyes, everything had just begun.

Somewhere in the tower of the Naxi clan, a tall figure slowly stood up. An aura surged around faintly. He didn't move, but he gave people an almost oppressive impression. A glint of darkness flashed through his black eyes and the aura that was still surging just then suddenly shot out in all directions!

Chapter 1416 It Has Just Begun (4)

The leader of the Naxi family widened his eyes in shock and mumbled in disbelief, "That kid succeeded... And in such a short period of time!"

The Yun family had obtained an absolute position in the Inner Region. The threat of the Shentu family was already eliminated. As for the power behind the Shentu family, it wouldn't appear for the time being. It could be said that the Yun family would welcome a short period of peace. However, everyone in the Yun family knew that everything was only temporary. The Yun family would have to face even more enemies when they returned to the position of the first-rate family. They certainly couldn't let down the name of the ancient family. The members of the Yun family were proud of the Yun family from the bottom of their hearts. The glorious past of the Yun family was also the dream of the members of the Yun family.

Everything was set for now. Yun Feng originally planned to bring her family to the headquarters of the Yun family. Yun Jing had already been brought to the headquarters of the Yun family. Mu Xiaojin and Yun Sheng couldn't leave for the time being. After all, Mu City needed Mu Xiaojin's management. Yun Sheng couldn't come back alone. Yun Qingchen was training outside alone. Yun Jing was the only one from the Yun family on the East Continent, while everyone from the West Continent was here. After all, the Yun family's stance was a bit awkward after the incident with the Thousand Snow Hall on the West Continent. No place on the West Continent was suitable for the Yun family to stay, and the Yun family didn't care about anything on the West Continent, so the entire family was here.

The arrival of the members of the Yun family from the two families from outside the Inner Region surprised the people of the headquarters of the Yun family. As Yun Feng's father, Yun Jing was highly valued the moment he came to the headquarters of the Yun family. The members of the Yun family were all surprised that Yun Jing looked so young. Such attention made Yun Jing, who had always been low-profile, very uncomfortable.

The family on the West Continent was also welcomed. When they saw the overall strength of the headquarters of the Yun family, they could only describe their feelings with their mouths agape. There was a large number of Emperor Level experts and the existence of some God Level experts, which made Yun Luo Chen feel ashamed. He originally thought that the Lord Level was already very impressive, but it was truly an eye-opener here and made him realize that this road was still very, very long.

!!

Everyone was very happy to welcome the members the Yun family, and so were the three elders of the Yun family. They were also quite surprised to see Yun Jing's young appearance. Yun Jing could only smile. He had the blood of the Golden Dragon in his body. There was nothing he could do about his appearance.

Yun Jing was arranged to stay next to Yun Feng's yard. The father and daughter talked about the situation on the East Continent. Yun Jing was the only one in Chunfeng Town. The other members of the Yun family didn't leave and stayed in the old house of the Yun family. The warriors of the Yun Army were still guarding Chunfeng Town, while the few warriors who protected Yun Jing went to Mu City to protect Yun Sheng and Mu Xiaojin. The Red Maple Mercenary Team had already become a giant of the Mercenary Union. Even though the Red Maple Mercenary Team was the dominant force in the Mercenary Union, they didn't have any bad behavior. Zhao Mingqi stuck to the basic principles of the Red Maple Mercenary Team and insisted on being on the same level as the Yun family. The number of mercenaries of the Red Maple Mercenary Team kept increasing, but they were all good men. This was also the most strange phenomenon since the establishment of the Mercenary Union.

Yun Feng smiled in relief after knowing this. Uncle Zhao and Uncle Wang led the Red Maple Mercenary Team very well. They should be credited for the development of the Red Maple Mercenary Team.

"It's just that these people miss you. They come to Chunfeng Town to take a look from time to time." Yun Jing said indifferently. Yun Feng chuckled. Thinking of those courageous men of the Red Maple Mercenary Team, there was a sense of pride in her heart. "Father, how's the Golden Dragon Blood in your body?"

Yun Jing sighed softly. "The Golden Dragon Blood is not bad, but as time passes, there's already a trace of dragon breath in my aura. I've been suppressing it carefully, fearing that I'll be discovered. I can be relieved here."

Yun Feng nodded. "Father, you don't have to suppress yourself in the headquarters of the Yun family. The dragon breath shouldn't be too strong."

Yun Jing frowned. "I've never asked you. How is the Dragon who gave me blood back then?"

Uncle Flirtatious? Yun Feng raised her brows. "I haven't heard from him in a long time. I haven't contacted him since that time. He's the Young Master of the Dragons. He probably has a lot of things to deal with."

Yun Jing nodded after hearing that. "You must remember this favor in your mind. If you have the chance, you must repay it."

Yun Feng smiled gently and suddenly realized that she hadn't heard anything from Ao Jin for a long time. Ao Jin, who turned into an uncle back then, was still delightful when Yun Feng thought about him right now. She met the Young Master of the Golden Dragons when she first entered this hazy world. She should say that she was truly lucky.

"What do you plan to do next?" Yun Jing asked. He already knew his daughter's personality. After taking him back, she would definitely go somewhere else.

Yun Feng smiled. Her father really knew her well. "The matter of the Inner Region has been settled for the time being. The Yun family shouldn't be in any trouble for a long time. I plan to go to the Endless Ocean at this time. I want to find an answer to some things."

Yun Jing was shocked. "The Endless Ocean? It's extremely dangerous there. Are you sure?"

Yun Feng nodded. She would definitely go to the Endless Ocean again. What was hidden behind the map fragment in the Yun family's possession? Three map fragments were still in the Endless Ocean. Yun Feng had to find them. Many things happened because of this map. Perhaps she could only end everything by piecing the map together and finding what it was hiding.

"Although the Endless Ocean is dangerous, I have a way to resolve it. Father, you don't have to worry."

"He has his own business to deal with. He'll come to me after he's done," said Yun Feng. Yun Jing looked at his daughter deeply. "Feng, have you really decided on him?"

Yun Feng smiled warmly. "Yes, perhaps I've already picked him from the beginning." Just like him, they knew they were meant for each other the moment they met.

Yun Jing shook his head helplessly. Fine, fine. Even though that kid looked a bit weird, it was fine as long as his daughter acknowledged him. "Right, do you remember that kid called Ze Ran back then?"

What Yun Jing said brought back Yun Feng's distant memories. Back at the Martial Arts Institute in Chunfeng Town, a young and tender figure kept standing in front of her. Ze Ran, her first friend after coming to this world.

Chapter 1417 Set Off Again

"How is Ze Ran? It's been so many years. With his talent, he should have very high achievements."

Yun Jing chuckled. "That kid went missing after he came out of the School of God of War to train alone, which made the Martial Arts Institute sigh for a long time. There's been no news of him all these years. He hasn't even returned to Chunfeng Town. However, before we left here this time, we heard from him."

"How's Ze Ran?" Yun Feng asked with anticipation. It had been so many years since they last met. She wondered how Ze Ran was doing.

"Even though there's news, this kid only showed up. However, his appearance shocked the East Continent. He's the first human to walk out of the depths of the Ten Thousand Beast Mountain Range alive."

The Ten Thousand Beast Mountain Range! Yun Feng's pupils shrank. The place where Ze Ran trained was in the Ten Thousand Beast Mountain Range! And it was deep inside! Yun Feng was shocked. She couldn't imagine how Ze Ran trained. To be able to walk out of the Ten Thousand Beast Mountain Range alive, Ze Ran's current strength should be obvious!

"The Ten Thousand Beast Mountain Range... He's truly bold." Yun Feng smiled helplessly. If she had the chance to see him in the future, she might have to say a few words to him. He had just come out of the School of God of War when he went straight to the Ten Thousand Beast Mountain Range. He was too reckless, but it was good that he was safe.

“That kid is indeed surprising.” Yun Jing chuckled with a lot of admiration in his words. Yun Feng looked at her sullen father’s rare smile. Even though she was very happy that her father was smiling, this smile was because of Ze Ran, which made Yun Feng feel weird.

Yun Feng stayed in the Yun family for a few days and then immediately prepared to set off for the Endless Ocean. Mu Canghai certainly came with her. Yun Feng told her sullen father about the possibility of her brother, Yun Qi, being resurrected. Yun Jing couldn’t hide his excitement after hearing that. His voice trembled in disbelief. Could Yun Qi, who was already dead, really be resurrected?

Yun Feng gave a positive answer. She remembered everything Yao Guang said back then firmly in her mind. She kept her brother’s soul fragment close to her. She had to find a way to resurrect him on this trip to the Endless Ocean. If nobody on land could do it, there should be nothing that couldn’t be done in that endless mysterious sea.

Even though Yun Jing was extremely delighted about the possibility of Yun Qi’s resurrection, he also understood that this invisibly put a lot of burden on Yun Feng. Facing his daughter, Yun Jing regretted giving this burden to her. After all, he should do this as a father, not rely on Yun Feng for everything.

Yun Feng, on the other hand, told her sullen father that she was willing to sacrifice everything for the people she loved.

Yun Jing couldn’t say anything. He could only praise himself for having such a good daughter in his mind. Yun Feng was about to set off. She was going to find the map fragment and a way to resurrect her on this trip to the Endless Ocean. Neither of these things were simple and easy to do. Everything depended on Yun Feng’s luck.

The three elders of the Yun family also reminded Yun Feng a lot. The Endless Ocean was a rather dangerous sea. The deeper she went, the more dangerous it was. Even though Yun Feng was at Grade 3 of the God Level, she shouldn’t go deeper easily. Yun Feng accepted their advice. She certainly had to be careful in the Endless Ocean.

If she wanted to go to the Endless Ocean, she could directly go through the Teleportation Array on the fourth level of the Dragon Palace. However, the exit of this Teleportation Array was the place where Yun Feng entered the Endless Ocean back then. In other words, Yun Feng had to cross the territory of the merfolk to reach the depths of the Endless Ocean. The bounty order of the merfolk was still there. Yun Feng had to be more careful this time.

Luckily, she had absorbed the ancient power of the Sea Clan. The aura of the Magic Beast in Yun Feng’s body was enough to deceive everything. As long as she changed her appearance, it shouldn’t be difficult for her to pass through the territory of the merfolk. Without the power of the ancient Sea Clan, Yun Feng would have to take a huge risk with the Transformation Potion alone.

That Magic Beast aura could also provide a barrier when Yun Feng went deeper into the Endless Ocean. The deeper she went into the Endless Ocean, the more dangerous it would be. At the same time, the foreign races would be more vigilant. Even the Transformation Potion would be useless, but Yun Feng didn’t have to worry at all right now.

Arriving at the fourth level of the Dragon Palace, Yun Feng looked at the Teleportation Array in front of her. The waves of the Endless Ocean were faintly discernible. What would she encounter in that deep and mysterious sea this time?

The Endless Ocean was the same as usual. The black seawater rose and fell from a high place. A clear boundary separated the entire sea into two areas strictly like an ink belt. Just like the boundary between the Sea Clan and humans, it was clear and serious.

There were many secrets hidden under the constantly surging waves, like a deep treasure vault waiting to be opened. At the edge of the border of the Endless Ocean, two figures suddenly appeared in the deep sea. The vortex shook the sea gently a few times and then returned to normal. Yun Feng and Mu Canghai stood at the bottom of the sea. Yun Feng looked at the empty area around her and was quite emotional in her mind.

It had been more than a decade since she first came to the Endless Ocean, and she had returned here again this time to enter the deeper area of the Endless Ocean. The aura of the Magic Beast inside her body had already been completely transformed and she was wearing the Thousand Shadows Mask. Yun Feng looked like a human being right now and her aura was already completely the same as that of the Sea Clan, while Mu Canghai didn't show any aura at all and looked unfathomable.

The four contracted Magic Beasts stayed in Yun Feng's Rings of Contract, especially Yaoyao. Yun Feng really wanted to let her out. Yaoyao would be like returning home after coming to the Endless Ocean. However, the appearance of Yaoyao would cause a series of trouble. Fortunately, Yaoyao supported Yun Feng's decision. She would do whatever Xiao Feng asked her to do.

Everything was ready. Yun Feng and Mu Canghai quickly moved forward. They stepped into the territory of the merfolk. After traveling in the territory of the merfolk for a while, nothing unusual happened. Yun Feng was truly relieved. It seemed that she could move freely in the Endless Ocean in the future.

Chapter 1418 Another Change in the Merfolk's Region (1)

Yun Feng and Mu Canghai didn't stop along the way. She didn't want to stay any longer at the merfolk's territory. If she stayed longer, there would inevitably be trouble. It was better to pass through as quickly as possible. As they rushed, Yun Feng and Mu Canghai crossed a large area of the merfolk's territory in a very short period of time. They were safe along the way. Soon, Yun Feng arrived at the border of the merfolk's territory. As long as they crossed this place, Yun Feng and Mu Canghai would be equivalent to crossing the merfolk's territory.

Yun Feng originally wanted to pass quietly, but the situation of the border was much more tricky than she thought. Yun Feng had a feeling that most of the merfolk's troops were deployed on the border and had been guarding against something tightly. If Yun Feng broke in, it would definitely cause trouble. Yun Feng thought for a moment. There would be endless trouble if she broke in. It was better to walk out normally.

There were a few small cities on the border of the merfolk. These few small cities formed the border of the territory of the merfolk. Yun Feng came to one of the cities called Luojie. When she entered the city gate, she felt a serious atmosphere. The merfolk were very strict and meticulous when they examined

every one of them. Yun Feng was glad that she had the aura of a Magic Beast inside her body, or she wouldn't have been able to pass it with the Transformation Potion.

Mu Canghai was a bit troublesome. Yun Feng originally thought that he could pass easily without any aura, but under the current tight inspection, in order to avoid any accidents, Yun Feng put Mu Canghai into the Dragon Palace. Meatball on her shoulder also entered the bracelet space reluctantly and removed everything with Yun Feng's obvious characteristics. Only then did Yun Feng enter Luojie successfully.

Luojie was one of the few cities on the border. Due to its geographical location, this city was full of members of the Sea Clan who came and went. Most of them were merfolk. Of course, a very small number of them were members of other Sea Clans. After Yun Feng entered Luojie, she attracted a lot of attention, because she looked undoubtedly like a human being except for her eyes. The merfolk didn't transform into complete humans. Without a fishtail, Yun Feng certainly attracted a lot of attention in this city.

Very soon, merfolk soldiers came up to investigate strictly. Yun Feng didn't have any flaws at all. After the merfolk soldiers left, Yun Feng went straight out of the city gate, wanting to leave this place in the shortest time possible. However, she was surprised to find that there were even more troops stationed at the exit of the city! Such an arrangement of troops obviously didn't make sense. Something seemed to have happened to the merfolk, or they wouldn't be so heavily guarded. Yun Feng also caught a detail. Every member of the Sea Clan who left the city would show something to the guards, so that they could pass safely.

Yun Feng quietly withdrew from the line. It seemed that it wasn't enough for her to have this Magic Beast aura. She still needed something important, or she wouldn't be able to leave the city at all.

In a resting place that looked like an inn in Luojie, Yun Feng sat in a corner. The commotion caused by her arrival had already dissipated. The merfolk in the hall continued to talk loudly and didn't pay much attention to Yun Feng.

"The guards have been really strict during this period of time. I'm a bit breathless."

"Why are you breathless? It's the ones who have to leave the city that should be breathless!"

"I heard that a few of the people who left the city were detained because they lacked a compass. They're even being interrogated strictly!"

Yun Feng raised her brows. A compass? If she wanted to leave the city, she had to get a compass first. She glanced at the few people who were talking with her black eyes and continued to listen quietly.

"Why are they so strict? They make me panic."

"You don't know about that? Do you remember the human who broke in here many years ago and the king issued a bounty?"

"Yes! Of course! It's a human called Yun Feng. The king's bounty order is still here. Why are you talking about this?"

"You still don't understand? There must be a connection!"

“So, did another human break in?”

“Ah, who knows? In my opinion, do those humans have nothing better to do? Why did they run to the Endless Ocean for no reason? Don’t they know that they’re not welcome here? They’re all here to die.”

“Hahaha, you’ll have to ask the humans! I’m a bit enlightened by what you said. Perhaps a human really broke in again. Yun Feng still hasn’t been found. If the human who broke in this time escapes again, the king and those elders will probably lose face.”

“You should stop there!”

Si Wen was fine, but the two elders with red and white fins were a different story.

Yun Feng didn’t want to meddle in other people’s business. She should take care of her own business first. Since that human could break in, they certainly had the ability to escape. What she needed to do right now was to get this thing called the compass. Without it, she wouldn’t be able to get out of the city.

“Master Tu, you’re here!” After the greeting, the few merfolk who were talking just then all looked back. Yun Feng also looked over and saw a very fat merfolk walking in. The scales on the lower half of his fishtail were shiny. His entire body felt like it was being propped up and there was a hint of exhaustion on his face.

“Damn it, I’ve been exhausted these days.” Master Tu swung his fishtail and sat on one of the chairs as soon as he came in, saying unhappily. The others only raised the corners of their mouths when they heard that. Yun Feng’s black eyes glittered. Master Tu must be a key figure in Luojie City.

“Master Tu, you’ve worked hard. I wonder how long this vigilance will last?”

Master Tu said in frustration, “Who knows what the higher-ups are doing? They sent so many troops here for no reason. I’m panicking.”

Chapter 1419 Another Change in the Merfolk’s Region (2)

“Has that Yun Feng appeared?”

Yun Feng’s black eyes glittered secretly. Master Tu waved his hand. “It’s not that Yun Feng. She’s really quite capable. How exactly did she escape from the King and the two elders back then? She even kidnapped the King’s child!”

The other merfolk couldn’t help but discuss. Yun Feng could only smile helplessly after hearing that. Master Tu complained. After that, the frustration in his heart might have eased a bit. He swung his fishtail fiercely and got up to leave, but something rolled off his body.

“Master Tu, you dropped the compass!” A merfolk immediately picked it up and handed it over. Master Tu took the thing and raised the corners of his mouth. “There weren’t so many rules when we left the city in the past. I really... have to go!” Master Tu stuffed the compass in casually and left with his fishtail twisted. The few merfolk who were talking just then continued to talk, but a corner was empty and Yun Feng was nowhere to be seen.

Yun Feng followed Master Tu carefully along the way. Master Tu swayed his fishtail in front of her and didn't notice her. Soon, they came to a rather large yard. Yun Feng stopped and observed carefully. The guards here were also vigilant. It would take a lot of effort and a huge risk to get the compass from Master Tu directly. Rather than this, it was better to find an opportunity to sneak into the house and steal it.

As soon as this thought flashed through Yun Feng's mind, a black shadow flashed out from somewhere else. After flashing a few times, it directly entered Master Tu's yard. Yun Feng's narrow pupils glittered slightly and her face darkened. The mantis stalks the cicada, unaware of the oriole behind. It seemed that she wasn't the only one who wanted to catch Master Tu.

Yun Feng was patient. She hadn't moved for a long time after the black shadow followed him in. The guards around Master Tu's yard were so vigilant that she might not be able to do anything even if she went in right now. It was still daytime in the world of the Endless Ocean. If there was any abnormality, it was very likely that she would be discovered. The black shadow was probably hiding somewhere and waiting for an opportunity to move.

When night fell in the world of the Endless Ocean, the guards around Master Tu's yard still didn't reduce. However, a day had already passed and the guards were more or less tired. Yun Feng's red lips curled up and she jumped. Her body turned into a black line, directly arriving in the sky above the yard. She waved her hand fiercely in the air. The space around Yun Feng shook slightly. The space blockade had already been formed, completely covering Yun Feng's body. The guards around didn't notice it at all. Yun Feng looked down from the sky and had already understood the distribution of the troops in Master Tu's yard. She didn't stop anymore. Her body flashed and she went deep into Master Tu's yard.

The air trembled slightly. The guards in Master Tu's yard noticed something unusual, but they didn't find anything in the end and didn't investigate. She came all the way to a big house deep in the yard. Yun Feng's black eyes glittered slightly as she flashed in and entered the house. She saw a huge table and a rather gorgeous screen with the merfolk picture on it.

Apart from these things, there was nothing else in the room. Yun Feng observed carefully again and confirmed that there were only these two things. Did Master Tu carry the compass with him? It would be a bit difficult to steal it if he carried it. If not... There were the most guards here. It seemed that that thing should be somewhere here.

Yun Feng looked at the beautiful and magnificent merfolk screen in front of her. The more she looked at it, the more she found it a bit strange. The moment she bent forward and approached the screen, a gust of dark wind suddenly came from the side and back of Yun Feng's body. Yun Feng slapped her hand back fiercely and the dark wind immediately slid down her hand to Yun Feng's cheek. She turned around and waved her hand. Her mental strength turned into a whip in her hand and surged out. A black shadow quickly flashed in front of Yun Feng. It was so fast that even Yun Feng didn't see what it was!

"Don't move." A deep but slightly childish voice sounded behind Yun Feng. The cold touch came from Yun Feng's waist with a kind of sharp feeling. Yun Feng didn't do anything else. She just stood there quietly. The voice behind her came again and got a bit closer to Yun Feng. "I know what you're looking for, because I'm looking for that thing too."

Yun Feng raised her brows. "What do you mean?"

“Since we’re both looking for the same thing, one of us must return empty-handed.”

Yun Feng chuckled. “If you’re confident that you can find it, why don’t you finish me off right now?”

The guy held his breath behind her back and her smile became even wider. Obviously, the person behind her couldn’t find anything after searching for a long time, or he would have already left.

“Humph! Are you confident?”

Yun Feng smiled again. “I won’t come in unless I’m confident.”

There was silence behind him. “If you’re really confident, I can consider letting you live. Find that thing quickly!”

Yun Feng turned around slightly with a cold look on her face. “Let me live? Why should I find that thing for you?”

“I can help you find it, but if that’s the case, don’t even think about it.”

Yun Feng said. There was silence behind her again, but she knew that she would get a satisfactory answer in this matter. As expected, after a moment of silence, a voice came from behind. “Sure. If you dare to play tricks, I’ll definitely take your life!”

The cold thing at her waist had already left slowly, but Yun Feng knew that the vigilance behind her was still there. A black shadow flashed in front of Yun Feng. Yun Feng focused and saw that the person standing in front of her was a young boy of fifteen or sixteen years old. His face and expression were very young. He looked at Yun Feng with his black eyes full of vigilance, sealing all her movements. He pursed his lips tightly and slightly showed the sharp teeth in his mouth.

Yun Feng raised her brows. The person who threatened her was such a young kid? However, things weren’t as simple as they seemed on the surface. Appearance didn’t mean everything. It was very likely that the young man in front of her was already an old man. Yun Feng’s appearance and actual age were also much different. She couldn’t really understand anything through appearance.

Chapter 1420 Unexpected Discovery

Most importantly, the lower half of this young man’s body was that of a human being. He wasn’t a member of the merfolk.

“You’re not from the merfolk?” Yun Feng asked in a deep voice. The young man sneered. “You too. Find that thing quickly!”

Yun Feng curled her lips. “You certainly can’t be hasty if you want me to find it.”

“I spent a lot of effort to lure Master Tu away from here. There’s only a few minutes. Hurry up!” The young man roared anxiously. Yun Feng chuckled softly when she saw this. This young man should really be in his teens, or he wouldn’t be so impetuous and arrogant.

!!

Yun Feng ignored the young man’s urging and looked at the screen. There were four vivid mermaids on the screen. Their graceful bodies seemed to be dancing. Yun Feng glanced at the four mermaids one by

one. The young man on the side had already lost his patience. "It seems that you don't know at all. Why should I spare your life?"

Yun Feng burst into laughter. "Do you see what's so special about this mermaid painting?"

The young man was a bit stunned by this question. Then, he roared angrily, "This has nothing to do with that thing. Don't get distracted! What a cunning personality! Do you know where it is or not?"

Yun Feng curled her lips and said unhurriedly, "If you want to find that thing, this screen is the key, or rather..."

"Or what?" The young man replied impatiently. He was already itching to attack Yun Feng. Yun Feng suddenly turned around and the young man narrowed his black eyes. "Do you know or not? I'm not as patient as you think!"

Yun Feng's black eyes glittered. "Of course I know, but what if there's only one of these things?"

The young man burst into laughter. "Of course, give it to me!"

Yun Feng's black eyes glittered again. "Why should I give it to you? I need this thing too."

The young man was extremely impatient and a hint of viciousness flashed through his face. "You can try if you want! If you can beat me, you can have it!"

Yun Feng's red lips curled up. The young man's expression was already vigilant. He chuckled and Yun Feng turned around. "Never mind. It's good to give this to you. I can't compare to you."

The young man sneered. "It's good that you have such a thought. Otherwise..."

"The four merfolk on this merfolk screen are the same everywhere, but there's only one huge difference, which is the color of their eyes. The four merfolk's eyes have four different colors. What does this mean?" Yun Feng's voice came softly. The young man's eyes directly landed on the huge table in front of the screen.

"Four different eye colors..." The young man mumbled as he approached the long table and looked at it carefully. Suddenly, his black eyes brightened and he looked at a few spots on the long table. "I see..." Yun Feng saw the expression on the young man's face from the corner of her eye. The young man wasn't slow. He thought it through quickly with her clue. The young man suddenly raised his head and met Yun Feng's gaze. His lips curled up. "You do it!"

Yun Feng raised her brows. This kid wasn't stupid. He knew that it was safest to let someone else explore the way. Yun Feng didn't say anything. She came to the long table and touched a few places gently with her finger. The young man watched on the side nervously. A few seconds later, he only heard a "Kat" and a secret compartment on the long table bulged.

"Open it!" The young man urged. Yun Feng opened the box without saying anything. She glanced at the young man's scorching gaze from the corner of her eye and a cunning smile flashed through her black eyes. Her slender fingers suddenly lifted the lid of the box. Yun Feng's body suddenly turned to the side. The young man behind her was stunned and an aura pounced out of the box. Since Yun Feng dodged sensitively, the aura directly hit the young man.

“You did it on purpose!” The young man roared furiously as he looked at his body with a conflicted expression. This aura instantly disappeared, as if some kind of mark had been planted. He couldn’t get rid of it no matter how hard he tried! Then, the noisy footsteps outside all rushed over. “A member of the Sea Clan broke in! Go inform Master Tu!”

“Very good. Don’t let me see you again!” The young man said fiercely as he glanced at Yun Feng furiously. In the end, he turned around and left quickly and helplessly. A black shadow left in front of Yun Feng in exasperation, taking away a large number of people who were rushing here. “There! Don’t let him escape!”

The footsteps and noises outside were getting further and further away. Yun Feng knew how messy that young man must be. When silence returned to the outside world, Yun Feng quickly walked to the side of the long table and tapped the surface of the long table gently with her finger again. Another sound came. Behind the protruding box just then, another box protruded. Yun Feng opened the box carefully. Why did Master Tu hide the so-called compass in such a place? The compass should be a pass to leave the city. It was just a pass. Why did he have to go through so much trouble?

When the box was opened, shock and surprise flashed through Yun Feng’s black eyes. She looked at the thing in the box. That wasn’t the so-called compass Yun Feng had seen before at all. Yun Feng carefully took out the thing inside and looked at it carefully in front of her eyes. She narrowed her black eyes slightly. Suddenly, the thing in her hand moved abruptly. Yun Feng was shocked. Was it still alive?

Yun Feng looked at the moving little thing in her hand in shock and couldn’t help but grab it even tighter. However, there seemed to be a layer of mucus on the surface of this thing. It was very slippery and it was difficult for Yun Feng to grab it. The hurried footsteps outside just then turned back. Yun Feng raised her brows. It seemed that the kid had some tricks up his sleeve. He escaped from so many merfolk in just a few minutes. It seemed that she should leave this place as soon as possible, but Yun Feng didn’t find the compass today. She didn’t want to return in vain.

“You idiots! You let someone break in here!” Master Tu’s exasperated voice came from outside. Yun Feng raised her red lips. She was worried that she would probably return empty-handed this time, but Master Tu came to her door.
