

Summoner 1431

Chapter 1431 Endless Journey (3)

Yun Feng didn't say anything. The girl walked out with a faint smile. Yun Feng had indeed seen one before. The guy with this mole was still in her Ring of Contract right now! An ancient demon dragon. The mole at the corners of Er Lei's eyes was the symbol of an ancient demon dragon! The ancient demon dragon was also a dragon, but Er Lei's original body couldn't be related to a dragon at all... Yun Feng frowned and thought for a long time. Er Lei was very likely to have the bloodline of an ancient demon dragon, but it wasn't pure, or his original body wouldn't be like that. Mutated? Or did he have other bloodlines?

Even though she still didn't have a definite answer, she finally had some clues about Er Lei's background. There was indeed the bloodline of the Dragons in his body, or he wouldn't have believed so firmly that he was a member of the Dragons. However, this bloodline belonged to an ancient demon dragon and wasn't on the same side as the current Dragons.

Yun Feng's human identity didn't spread. The king of the Chiwen Tribe more or less believed what the prophet said. Yun Feng was the key, so he certainly couldn't attack Yun Feng. Yun Feng and Luo Teng stayed in the place where the girl was for a few days. Luo Teng couldn't stand it anymore. There were many times when he asked Yun Feng to hand over the thing so that he could leave, but Yun Feng really didn't have anything to give him. She explained to him that there was only one young You Yan in the box, but Luo Teng obviously didn't believe her. In the end, Yun Feng didn't bother to explain.

Even though Luo Teng was frustrated, he still wanted to follow Yun Feng, as if he wouldn't stop until she gave it to him. Yun Feng wasn't bored these few days. She usually played with that young You Yan. Little You Yan wasn't afraid of Yun Feng at all. It liked to run back and forth around her finger the most. That almost transparent little whisker also liked to run around Yun Feng's finger. It was countless times cuter than the shameless one Yun Feng met back then.

Luo Teng watched angrily on the side. He couldn't believe that there was such a thing in the box after all. Yun Feng asked Luo Teng what he wanted to find, but he kept quiet.

!!

"You two, come with us! The king wants to see you!" The few guards roared gruffly and pointed at Yun Feng and Luo Teng. Little You Yan hid in Yun Feng's palm in fear and only its two whiskers swayed gently. Yun Feng put Little You Yan away and got up to walk over. Luo Teng followed her reluctantly.

The two of them were taken to an extremely luxurious hall. From afar, they could see the king of the Chiwen Tribe sitting upright on it, and there was a row of people sitting on both sides. They were all old members of the Chiwen Tribe. The prophet stood in the middle. When Yun Feng and Luo Teng walked in, everyone immediately glanced at them like dozens of radars scanning Yun Feng. Luo Teng seemed very uncomfortable, but Yun Feng walked in without changing her expression.

Seeing how calm Yun Feng was, the king of the Chiwen Tribe couldn't help but glance at her a few more times, but he still had killing intent towards Yun Feng. Yun Feng stood behind Luo Teng and a voice immediately sounded on both sides. "Is this the key the prophet mentioned?"

The girl nodded. "My lords, it's her."

"How can such an... outsider be our key?"

"Is she a spy sent by the Chiyuan Tribe? Is she going to put on a show?"

The girl said, "My lords, do you even doubt what I said?"

"That's not what we meant, but... her identity as an outsider is indeed a bit suspicious.

There was immediately a heated discussion at the scene. Yun Feng stood there and didn't pay attention. The girl also looked indifferent. The last person to come to a conclusion was the high and mighty king. When the discussion finally ended, someone next to her stood up. "Your Majesty, even though we can't doubt what the prophet said, we should more or less be careful."

The king of the Chiwen Tribe, who was sitting in the main seat, looked at Yun Feng deeply. It was obvious that none of the elders of the Chiwen Tribe present could tell that she was a human. The king of the Chiwen Tribe couldn't help but frown. This human was quite capable. He waved his hand and everyone quieted down.

"There's no doubt about what the prophet said, but you also make good sense. In that case..." The king of the Chiwen Tribe clapped his hand and a figure appeared behind him from an unknown direction, standing tall and straight. His extremely ordinary face was expressionless, giving people a dull and oppressive feeling.

"Jiao Yun, go with them. Remember your duty. Protect the prophet. Nothing can go wrong."

"Yes!" He glanced at Yun Feng expressionlessly. Yun Feng felt inexplicable hostility. The girl couldn't help but frown when she saw Jiao Yun next to the king. The expressions of the people on both sides were also a bit strange when they saw Jiao Yun. Yun Feng didn't know Jiao Yun's identity, but she knew that even if she left this place, she might not be able to move freely.

The prophet had just returned to the territory of the Chiwen Tribe not long ago and was about to set off again. This time, Yun Feng and the others' destination was outside of the South Sea. Jiao Yun's following gave them a better guarantee of strength. Yun Feng couldn't find out his bottom line, so his strength was above hers. That was good. If anything really happened, she would leave everything to him.

This time, everyone left in secret. Apart from Jiao Yun, there were also a limited number of guards. There were only three of them. If the Chiwen Tribe made a big move, it would inevitably attract the attention of the Chiyuan Tribe. The prophet of the Chiyuan Tribe was far less powerful than the girl, so they certainly had to pay attention to the movements of the Chiwen Tribe at all times.

Yun Feng and Luo Teng remained silent along the way, and so did Jiao Yun and the few guards. The prophet was carefully guarded in the middle by them, while Yun Feng and Luo Teng followed behind, but Jiao Yun would still pay close attention to the two of them.

"How f*cking frustrating!" Luo Teng cursed secretly, but Yun Feng didn't care. She still had to slip away when she found an opportunity. If she really had go with them along the way, it would be inconvenient for her to do a lot of things and she wouldn't be able to do them. Seeing that Yun Feng didn't respond, Luo Teng turned around. "Don't you want to punch that guy?"

Yun Feng glanced at Luo Teng. "I advise you to be quiet."

Luo Teng was stunned and immediately felt a fierce gaze sweeping over. Jiao Yun's gloomy gaze fixed on the two of them. Luo Teng was immediately enraged and cursed. Jiao Yun immediately looked extremely awful. He waved his hand and everyone stopped.

Chapter 1432 Endless Journey (4)

"Kid, if you say that again, I'll cut off your tongue." Jiao Yun's vicious look made Luo Teng a bit scared. Yun Feng glanced at Jiao Yun, who immediately looked at her. "Why? Do you have a problem with that?"

Yun Feng raised her brows. The prophet quickly said, "Jiao Yun, don't forget how important she is to us!"

Jiao Yun's expression froze and he glanced at Yun Feng unwillingly. "Let's go!" The group set off again, but Jiao Yun's attitude was slightly changed. He wasn't as aggressive as before, as if he realized the importance of Yun Feng to them. Whether they could get anything depended on her.

The team moved forward quickly and tried to get out of the South Sea as quickly as possible. They had to leave the South Sea as soon as possible to completely get rid of the entanglement of the Chiyuan Tribe. Even though it was dangerous in unfamiliar seas, it was better than being on guard against others.

"The border of the South Sea is ahead," said Luo Teng in a low voice. Yun Feng looked up and looked into the distance. There seemed to be a transparent barrier in the sea in front of her. The extremely lush seaweed on the ground formed a colorful border. As long as they crossed this border, even if the Chiyuan Tribe chased after them, they wouldn't be able to cause trouble in the other seas casually.

!!

"Do you think the Chiyuan Tribe can catch up?" Luo Teng smiled gloatingly. Yun Feng glanced at him. "We left in secret. Even though the Chiyuan Tribe is watching them closely, it's very difficult to find us, unless... the message leaks out."

Luo Teng chuckled as a glint of light flashed through his black eyes. "Just treat it as a gift from me to them."

Yun Feng chuckled secretly. This kid was thinking the same as her. How could she get rid of Jiao Yun? She certainly had to cause trouble, and it had to be a tricky matter, which would certainly be the relentless pursuit of the Chiyuan Tribe. If the Chiyuan Tribe had already laid an ambush here, even Jiao Yun would be too busy to care about anyone else.

Luo Teng winked at Yun Feng. The two of them slowed down and distanced themselves. When they arrived at a place, Luo Teng's body flashed to the side and Yun Feng also flashed. The two of them directly hid in a wide pit where they could see the situation ahead.

"Guys, where are you going in such a hurry?" A leisurely voice suddenly came out of the bushes in front of them. Seeing the person, Jiao Yun's face immediately darkened. "Protect the prophet!" The few guards immediately surrounded the girl, while the girl looked back in panic with a worried expression, only to find that Yun Feng and Luo Teng were already gone.

“Jiao Yun, you’re indeed the one they sent. It seems that I made the right choice to come.” The person who spoke was a fierce general of the Chiyuan Tribe. He was very valued by the king of the Chiyuan Tribe. In terms of personal grudges, he had accumulated a lot with Jiao Yun. When enemies met, their eyes were certainly bloodshot. A few more figures flashed out of the bushes. Jiao Yun frowned. “You’ve been lying in ambush here!”

“Hahaha, you’re right. I’ve been waiting for you for a long time. My muscles and bones are almost rusty. How about it? How about practicing with me?”

Jiao Yun’s face darkened. He turned around and his pupils shrank. Those two people were gone! A thought immediately flashed through his mind. Did those two people deliberately release their information and route... Otherwise, how could the people of the Chiyuan Tribe ambush them so precisely?

“You’re still in the mood to look elsewhere?” The general of the Chiyuan Tribe had already moved and attacked. Jiao Yun’s face darkened. He didn’t have time to care about anything else right now. He had to beat this tricky person back first! Damn it, the border was right in front of him!

The general of the Chiyuan Tribe made a move, and the others certainly attacked too. “Protect the prophet!” The three guards of the Chiwen Tribe immediately fought and pushed the girl to the back, so that she wouldn’t be affected.

The people of the Chiwen and the Chiyuan started a fierce battle very close to the border. The Chiwen Tribe didn’t bring too many people this time. Including Jiao Yun, there were only four of them, but there were seven or eight people on the side of the Chiyuan. They had a huge advantage in numbers and had the initiative to ambush. The Chiwen family gradually fell into a disadvantage. Jiao Yun was fine, but the other three guards were obviously already overwhelmed.

Luo Teng watched with relish from the back, but Yun Feng frowned and fixed her gaze on the three guards of the Chiwen Tribe. “Why? Do you want to help?” Luo Teng turned his head and asked. Yun Feng’s black eyes darkened. “I need the prophet.”

Luo Teng was startled. Seeing Yun Feng who was about to get up, he asked, “Hey! What are you doing?”

She flipped her wrist and a tiny bottle appeared in Yun Feng’s hand. She raised her head and drank it all. Luo Teng was dumbfounded. After taking the potion, Yun Feng’s red lips curled up slightly and her body suddenly flashed, turning into a black shadow that disappeared in front of Luo Teng’s eyes!

Luo Teng immediately rubbed his eyes hard. Seeing Yun Feng’s black shadow going towards the prophet, obviously trying to leave, he immediately got up. You want to get rid of me? No way!

The prophet was protected behind and kept retreating. She couldn’t help but look a bit panicked. Once the Chiwen Tribe was defeated, she would only die! “Argh!” The girl suddenly screamed, because someone had already approached her in an instant. Her waist was held firmly by a slender arm! Yun Feng picked the girl up and moved towards the shoreline quickly without stopping!

“It’s you!” The girl saw that it was Yun Feng and shouted again. Yun Feng couldn’t help but frown. The girl immediately said angrily, “You told the people of the Chiyuan Tribe where we were!”

The girl opened her mouth in shock. Yun Feng didn't say anything else and led her to the border at full speed. Jiao Yun certainly noticed Yun Feng's movement. "Damn it!" Jiao Yun roared and suddenly burst out with power, knocking the general of the Chiyuan Tribe back a distance. Then, he rushed towards Yun Feng like a rainbow!

Yun Feng turned around and saw Jiao Yun chasing after her quickly. "He's indeed a follower. It'll take some effort to get rid of him."

"Put down the prophet!" Jiao Yun roared from behind and sped up again. Yun Feng looked at the border not far ahead and sneered. She held the girl's body and sped forward quickly, increasing her speed too!

Chapter 1433 Endless Journey (5)

"Don't even think about getting rid of me!" A voice suddenly came from behind. Yun Feng saw Luo Teng chasing after her. How could this kid be so fast? Yun Feng looked at Luo Teng, who was chasing after her, in shock. She had taken potions to have such a fast effect. It seemed that speed was Luo Teng's greatest advantage. He was much faster than Jiao Yun!

Seeing that Luo Teng was catching up, Jiao Yun's face immediately turned red and his speed increased again, closing the gap between him and Yun Feng. Yun Feng looked at Jiao Yun, who was constantly shortening the distance behind her, and knew that she would be caught up eventually. She glanced at Luo Teng, who was already on par with her, with her black eyes. "Can you be faster?"

"If you want to get rid of me, you'll have to be faster than me!"

Yun Feng already had an idea in her mind. She suddenly threw the girl in her arms forward. The girl screamed. Jiao Yun, who was following behind, widened his eyes when he saw this. How dare she... How dare she do this?

Luo Teng was also confused, but Yun Feng said, "If you can't catch her, don't even think about getting that thing."

!!

Luo Teng's eyes widened after hearing that! He roared, "You indeed have it! Damn it!" Yun Feng quickly pointed forward. Luo Teng rushed forward without another word. It wouldn't be a problem for him to catch the prophet at all with his speed. After catching her, they should have directly crossed the border, and what she needed to do was to shake off this follower!

The aura of the ancient Sea Clan immediately surged fiercely in Yun Feng's body. Her slender arms were immediately covered with layers of strange scales and her fingers instantly turned into sharp claws. The vertical line in Yun Feng's eyes emitted a demonic light and she looked a bit evil. She turned around and looked at the pupils of Jiao Yun with her demonic eyes. The anger in Jiao Yun's eyes burned fiercely. The corners of Yun Feng's mouth curled up slightly and she raised her sharp claws in front of her from right to left, slashing fiercely!

"Buzz..."

Invisible violent tremors spread out from the place where Yun Feng passed. The entire space shook fiercely a few times and a vortex quickly formed between Yun Feng and Jiao Yun. Where Yun Feng's

sharp claws passed, the seawater around kept spinning! Yun Feng seized the opportunity and rushed forward again. She looked at the border in front of her with a smile on her red lips. It seemed that she had completely shaken off the shadow this time!

Jiao Yun suddenly rushed into the vortex and spent a lot of effort to rush out of the vortex in exasperation. Looking at the empty border, his body trembled slightly in anger. He wanted to increase his speed and catch up with her without hesitation, but the members of the Chiyuan Tribe behind him had also arrived. "Jiao Yun, where are you going?"

The fierce power came from behind. Jiao Yun could only turn around and fight. This battle made him know that he wouldn't be able to catch up even if he wanted to! Jiao Yun's attacks increased rapidly and his strength was much fiercer. All his anger was vented, making it immediately difficult for the members of the Chiyuan Tribe to resist!

"I won't let you go!" A roar came out of Jiao Yun's mouth with strong unwillingness and anger. It kept spreading and dissipating in the waves of the water.

Yun Feng didn't stop after crossing the border. She rushed forward quickly without changing her speed. Her arm returned to normal, but Yun Feng's palm was red and her entire hand was numb. She gathered all the aura and energy inside her body in her hand just then, which made her hand a bit unbearable. Fortunately, it was worth it because she stopped that follower.

She followed the marks left by Luo Teng and kept moving forward. The route was a bit twisted. After traveling for a while, she finally found Luo Teng and the girl. After Yun Feng arrived, the frustrated Luo Teng immediately walked over. "Give me the thing! I've already done what you said!"

Yun Feng said, "I never said that thing was with me."

"You..." Luo Teng was so angry that his face flushed, but there was nothing he could do about Yun Feng. Yun Feng raised her brows. "You helped me this time. I don't have that thing, but I can help you find it."

Luo Teng glanced at Yun Feng angrily and only felt that she was too cunning. Yun Feng wasn't lying at all. It was just that Luo Teng didn't believe her. He had been vigilant against Yun Feng since the beginning. Yun Feng shrugged. If he didn't believe her, so be it.

Yun Feng walked to the girl and chuckled. "Don't worry. The purpose this time remains the same. It's just the three of us."

The girl thought for a while. That woman was a human being after all. Jiao Yun certainly didn't know this. Besides, she didn't like Jiao Yun following her either. Nobody would like a suffocating pressure around all the time. This was good. Feng Yun's ability wasn't bad. If they were careful, they would certainly be fine.

"Got it, but Jiao Yun will also come here. By then..."

Luo Teng scratched his head in frustration. "When exactly will you give that thing to me?"

Yun Feng raised her brows. It seemed that she couldn't communicate with this kid normally anymore. Yun Feng ignored Luo Teng. "Which sea is this?"

The girl looked around. "This is the border of the four seas. Let's see which sea you're going to."

The North Sea, the West Sea and the East Sea. Which sea should we go to first? "Which sea do you think we should go to?" The prophet was like the treasure vault of knowledge of the Endless Ocean. With her here, there shouldn't be anything that she didn't know.

The girl was silent for a while. "Let's go to the West Sea. The Sea Clan living in the North Sea is too aggressive. The East Sea isn't peaceful either. Let's go to the West Sea and find out more about the situation first."

Yun Feng agreed. After all, she didn't know much about the Endless Ocean at all. With a prophet here, she could save a lot of trouble. "Just call me Qi Luo in the other seas," said the girl. "I haven't used this name for a long time. I'm really afraid I'll forget it."

Yun Feng smiled gently. "I'll remember that, Qi Luo. Let's go."

Qi Luo nodded and walked forward with Yun Feng. Luo Teng could only follow them. The three of them soon disappeared from the border, entering into the West Sea. A beam of sunlight penetrated the sea and shone on the deep seabed, bringing with it spots of light. The wide sea rippled slightly, creating waves like merfolk swimming. Their graceful lines kept extending from the sea. Seawater surged from the sea and hit the bottom of a cliff, causing waves. A slender figure stood in the wind, his sleeves fluttering in the wind and the short hair on his head dancing wantonly.

Chapter 1434 Endless Journey (6)

He looked at the surface of the Endless Ocean with a glint of darkness in his black eyes.

Life in the four seas of the Endless Ocean was different. Even though they were all in the same deep sea, there was a huge difference. Apart from the slightly domineering members of the Chiyuan Tribe and the Chiwen Tribe, the other members of the Sea Clan in the South Sea were all gentle. Most of the members of the Sea Clan living in the North Sea had fiery personalities and temperaments. They liked to solve problems by force the most. Most of the members of the Sea Clan living in the East Sea were scheming. If you weren't careful, you would be led into a trap and you wouldn't know that you were being used. The West Sea was much more stable. Everything here was about fairness. If you violated fairness, you wouldn't have a good ending.

After Qi Luo explained the situation in general, Yun Feng had a rough understanding of the four seas. At the moment, they were in the West Sea. She didn't have to consider anything else, but she must do what she said, or there would be countless troubles in the West Sea.

This time, they were here to find the map fragment. The bigshots in the West Sea must be searching anxiously and their movements definitely wouldn't be ostentatious. It was extremely difficult to get some information. The members of the Sea Clan that had a high status in the South Sea were the Clam Phoenix Tribe. Unlike in the South Sea, the Clam Phoenix Tribe had absolute say in the West Sea and had the only supreme position. If they wanted to get information about the map fragment, they could only find out when they went deep into the place of the Clam Phoenix Tribe.

Yun Feng and the others immediately continued to go deeper into the West Sea. Even though the three of them came from other seas, the Sea Clan in the west didn't show much hostility. They only looked at the strangers a few more times. Yun Feng took out the Finger Spiritual Jade when they kept going deeper. Looking at the glittering light spots on it, she couldn't help but frown. Jiao Yun was much faster

than she thought. He had already entered the West Sea. She put away the Finger Spiritual Jade carefully and raised her red lips. No matter how fast Jiao Yun was, he wouldn't be able to catch up.

!!

The territory of the Clam Phoenix Tribe was extremely vast and occupied a large part of the West Sea. It could be said that they had the largest number of races in the West Sea. They had a strong advantage in terms of numbers and strength. When Yun Feng and the others arrived at the border area of the Clam Phoenix Tribe, Qi Luo said in a low voice, "Although the Clam Phoenix Tribe don't reject the foreigners, they're extremely vigilant against the Sea Clan from outside. It won't be convenient for us to move when we enter their territory."

Luo Teng looked ahead. "In other words, we'll be monitored again? By all the Clam Phoenix Tribe?"

Qi Luo nodded. "You can say that. They'll see everything we do. If anything goes wrong, the Clam Phoenix Tribe will immediately pay special attention to us."

Yun Feng frowned. In that case, their movements would be restrained and it would be difficult for them to act at all. Even if they wanted to do ordinary things, they would receive special attention, let alone ask about the map fragment. If they did anything unusual, their trip here would be in vain.

"We're already here. Do you think we can go back the way we came? It's impossible for us to become members of the Clam Phoenix Tribe. That way, we'll be able to save a lot of time." Luo Teng put his arms behind his head and said, but what he said made a thought appear in Yun Feng's mind. If she could become a member of the Clam Phoenix Tribe, she would be very free to do things and have nothing to worry about! However, Yun Feng couldn't guarantee if the Transformation Potion was effective on the Sea Clan. Besides, the aura of the Sea Clan was circulating in her body right now. The Transformation Potion was effective on humans, but was it still effective on her right now?

She had to try no matter what. It would certainly be best if she succeeded! If she couldn't succeed, she could only think of another way.

"I have a way to eliminate the surveillance of the Clam Phoenix Tribe," said Yun Feng. Luo Teng raised his brows. "What way? Unless you can become a member of the Clam Phoenix Tribe!"

Yun Feng chuckled. "It's not impossible to become a member of the Clam Phoenix Tribe, but we need something from the Clam Phoenix Tribe."

Qi Luo rolled her silver eyes. "Are you talking about... the Transformation Potion?"

"Transformation Potion?" Luo Teng was surprised. There was such a potion?

Yun Feng curled her lips. She knew the Transformation Potion? "That's right. It's the Transformation Potion, but I'm not sure if it's effective on the Sea Clan."

"It should be effective. The Transformation Potion is widely applicable. I heard that it's been used among humans, but it's rarely used and appeared in the Sea Clan." Qi Luo looked at Yun Feng with surprise in her eyes. "So... you have the Transformation Potion?"

"In other words, if we use this Transformation Potion, we'll be able to become members of the Clam Phoenix Tribe?" Luo Teng looked at Yun Feng with widened eyes. There was such a magical potion!

“It’s just for a short period of time. There will be changes in our appearance and aura. We won’t be able to maintain it for long. It’s true that I have the Transformation Potion, but I still need to add something from the Clam Phoenix Tribe to make us become members of the Clam Phoenix Tribe.”

“That’s easy! I’ll get it!” After saying that, Luo Teng had already flashed away at an extremely high speed. Yun Feng chuckled. It would save her some trouble with this kid by her side. Qi Luo looked at Yun Feng and asked tentatively, “Are you... a pharmacist?”

Yun Feng told a small lie. Her information couldn’t be completely exposed. The Sea Clan was also very passionate about potions like humans. Even though her identity as a grandmaster-level pharmacist was useful in the Endless Ocean, it was also troublesome.

“You said it’s only for a short period of time just then. Then, do you have a lot of Transformation Potions? Can we hold on until we find out more information and leave this place?” asked Qi Luo tentatively. Yun Feng chuckled softly. “There aren’t many of them, but they should be able to last until we leave, as long as we’re fast.”

Qi Luo was obviously relieved. “I only hope that the investigation this time will go smoothly.”

“Master, will she be suspicious if we expose the Transformation Potion?” Lan Yi’s voice appeared in Yun Feng’s mind, followed by Yaoyao’s. “If they know Xiao Feng’s identity as a pharmacist, they’ll definitely detain Xiao Feng and ask her to make potions for them!”

Chapter 1435 Dragon Breath (1)

“If they dare to detain Master, I’ll burn them to death!”

“Haha, your fire isn’t enough here. Let me do it. I’ll electrocute them!”

Yun Feng smiled. She turned around and focused on talking to the few contracted Magic Beasts with her back facing Qi Luo. “It shouldn’t be a problem. After all, the identity of a pharmacist can’t be found out. Even if she’s a prophet, there will be a limit to her prophecy. Even though she knows that I’m a human being, she can’t see that I’m a summoner, can she?”

“In the current situation, we can only do this,” said Lan Yi. “Master, will Luo Teng be a problem?”

Yun Feng frowned slightly. Luo Teng had been chasing after the thing he didn’t get, which indeed made Yun Feng very frustrated, but there would be occasions where she needed Luo Teng along the way. Besides, she had already said that there were none. It was just that Luo Teng didn’t believe her and insisted on following her. Yun Feng wasn’t responsible at all.

!!

“If he wants to follow me, just let him.”

“Is the map fragment Xiao Feng is looking for somewhere underground like last time? Is there a similar ancient stone statue?” Yaoyao’s voice came. Yun Feng pondered carefully after hearing that. That was possible, but it was also possible that only the merfolk were like this. If it was really underground, the area she had to search would be too large.

“That’s unknown. Let’s enter the territory of the Clam Phoenix Tribe and find out more first.” Yun Feng had just finished transmitting her thoughts when Luo Teng’s voice came from afar. “Is this alright?” Luo Teng flashed over like the wind. After arriving in front of Yun Feng, he opened his hand with a lot of hair in his palm.

Yun Feng looked up and glanced at Luo Teng. A few hairs were enough, but he had grabbed a handful. The guy he grabbed was truly unlucky. “Sure, these are enough.” Yun Feng took the hair and took out three small bottles of Transformation Potion, putting the hair in them one by one. “The Transformation Potion only lasts for three days. It’s better for us to move together.”

Qi Luo and Luo Teng both took it. The three of them drank the Transformation Potion and their bodies underwent wonderful changes. Their original characteristics of the Sea Clan slowly molted. A circle of scales that looked like shells grew between their necks and collarbones, covering them layer by layer with bright colors. The other parts didn’t change much.

Yun Feng reached out and touched the ring on her neck. It felt like a shell. This was very likely the symbol of the Clam Phoenix Tribe. Qi Luo and Luo Teng also touched it curiously. The aura of the Sea Clan of the three of them changed obviously. The aura of the Clam Phoenix Tribe enveloped the three of them and completely erased their original aura.

“Alright, we can go in now.” Yun Feng nodded in satisfaction. The three of them entered the territory of the Clam Phoenix Tribe together and went all the way to the central city of the Clam Phoenix Tribe. That was the place where the royal bloodline of the Clam Phoenix Tribe was located. If news of the map spread, the royal family of the Clam Phoenix Tribe would certainly do something and they would know when they got there.

The journey was smooth. Yun Feng and the others didn’t attract any attention. Apparently, the Transformation Potion had the best effect. Yun Feng took out the Finger Spiritual Jade halfway and saw that Jiao Yun’s little light spot wasn’t on the jade pendant anymore. Knowing that the distance between them had already become too long, Yun Feng was relieved.

The guards in the royal city of the Clam Phoenix Tribe were even stricter than in other places. Even the members of the Clam Phoenix Tribe had to go through strict inspections when they went in and out of the royal city, let alone the outsiders. It was too troublesome to enter the royal city. The members of the Clam Phoenix Tribe and the outsiders entered the royal city through different passages. When Yun Feng was being examined, she looked up and glanced at the passage of the outsiders next to her. Every outsider who entered the royal city had two guards with them. They didn’t have any freedom in the royal city.

The royal family of the Clam Phoenix Tribe was so vigilant. Yun Feng couldn’t help but exclaim when she saw the scene of the outsiders entering the city. Luckily, there was the Transformation Potion, or they would have come in vain. The three of them entered the capital successfully. The capital was extremely vast and the towering royal palace in the distance was even more magnificent. The Clam Phoenix Tribe were indeed the leaders of the West Sea. They were even more imposing than the Chiwen Tribe!

“Let’s find a place to settle down first.” Yun Feng glanced around. The streets in capital were very neat. The shops were on one street and the inns were on another street. There was no other businesses on the street. It was very convenient to manage. The three of them walked to the street for

accommodation. Many inns stood on the street. Outsiders weren't allowed to live alone. They would all be arranged in one place after entering the capital, so Yun Feng didn't see any outsiders here.

The three of them found a place to stay and planned to go out to find out more information tomorrow. They couldn't rush this matter. If they were too hasty, they would definitely give themselves away. Besides, the map fragment was very important. The royal family of the Clam Phoenix Tribe might block the news. It was still unknown if the news of the map fragment could flow out of the royal palace. If the blockade was tight, they would have to think of a way to contact the royal family of the Clam Phoenix Tribe.

The next day, the three of them searched for information about the map fragment in the capital very carefully. They went to the Auction House and many lively places, but they found nothing. There was no information about the map fragment at all. Yun Feng had the same thought as yesterday. It was impossible that there wasn't any map fragment. It seemed that the members of the royal family of the Clam Phoenix Tribe blocked the news. After a day of searching, the three of them learned that the royal family of the clam had been doing a lot of things recently, but their purpose was unknown.

"It seems that the members of the Clam Phoenix Tribe are also searching for the map fragment," said Qi Luo. "If they find it first, it'll be extremely difficult to get it again."

Luo Teng looked like it had nothing to do with him. Yun Feng wasn't in a hurry. She also wanted the map fragment, but it definitely wouldn't be for the Chiwen Tribe. "Since the royal family of the Clam Phoenix Tribe is doing something, it can more or less prove that they know some information about the map fragment."

Qi Luo and Yun Feng looked at each other. If they wanted to establish a relationship with the royal family, they certainly had to have some ability, but they also had to take a huge risk. If they weren't careful, their identity would be exposed. "I'm a prophet. My identity can't be exposed... Because there's only one prophet in every tribe."

Chapter 1436 Dragon Breath (2)

Yun Feng raised her brows. That was not wrong. Qi Luo wasn't strong enough either. Her only ability was to predict things, and she knew a lot of stuff. However, this didn't matter to the members of the royal family at all. The Clam Phoenix Tribe certainly had a prophet. If Qi Luo exposed the power of the prophet, her identity as an outsider would immediately be exposed.

"Members of the Clam Phoenix Tribe value promises the most. You just have to think of a way to get a promise," said Qi Luo. Luo Teng raised his brows and mocked, "You want to push someone out when you encounter trouble. Why don't you get a promise yourself?"

Qi Luo blushed. Yun Feng glanced at Luo Teng. "If we want to be safe in the other seas, Qi Luo is indispensable."

Luo Teng grunted in disdain and turned around without saying anything else. Qi Luo glanced at Yun Feng gratefully. Yun Feng chuckled. "I'll take care of this. I'll contact you as soon as I make any progress. Don't wander around while I'm gone. The effect of the Transformation Potion is limited. If you're discovered, there'll be endless trouble in the future." Yun Feng put a few bottles of Transformation Potion on the table. Luo Teng was quite surprised. "Where did you get so many Transformation Potions?"

Qi Luo was also very surprised. Yun Feng said at first that there weren't many Transformation Potions, but along the way, they had taken more than a dozen bottles of Transformation Potions! She could still take more out. How many more did she have?

!!

Yun Feng smiled gently and didn't explain further. "There aren't many potions left. Use them sparingly. These few bottles should be enough to satisfy your needs."

After preparing everything, Yun Feng left the place where she lived. She still had a lot of Transformation Potions. Even if she didn't have them, she could make them on the spot. She only gave Qi Luo and Luo Teng few bottles to restrict their movements. Qi Luo was fine, but Luo Teng... probably wouldn't stay there obediently. Yun Feng smiled. If that kid was smart, he should know how terrible it was to get into trouble here.

Yun Feng went all the way to the Auction House. A few days ago, she paid special attention to it. There was only one difference between the Auction Houses of the Sea Clan and those in the human world. There was a column that was dedicated to providing information to the powerful members of the Sea Clan. There were bounties announced from time to time. Many members of the Sea Clan paid a lot of attention to this area column, because the bounty missions were challenging but rewarding.

Yun Feng directly locked her eyes on this column after entering the Auction House. There were a lot of people of the Sea Clan who checked the news on this column. Most of them shook their heads and sighed after reading it. Yun Feng stood at the back and there was a small crowd of members of the Sea Clan in the front. A few members of the Sea Clan walked out from the front and they were all dejected. "Grandmaster-level pharmacists. This price is too high."

"Yes, grandmaster-level potions are fine, but pharmacists..."

"Although the reward is very good, which is a promise from the royal family, the grandmaster level... We should retreat."

Hearing these whispers, Yun Feng's black eyes couldn't help but light up. She stepped forward and took a look. There was a line of big words at the top of the column. The request was very simple. They only needed a grandmaster-level pharmacist. They didn't say anything about what they wanted to do, and the reward was a promise from the royal family of the Clam Phoenix Tribe.

What Yun Feng wanted was also a promise of the royal family of the Clam Phoenix Tribe. She was also a grandmaster-level pharmacist. Such a bounty was simply tailor-made for her. However, Yun Feng also understood that even though grandmaster-level pharmacists were rare, they could be found in the Endless Ocean. Besides, a promise covered a wide area. You could certainly ask for anything. The reward had to be said to be very generous. It would certainly attract a lot of people, and she might not be the only grandmaster-level pharmacist who came to them.

As Yun Feng expected, after she found the person designated by the Auction House according to the information on it, she was taken into a room. She pushed the door open and entered, only to see two people already waiting inside. The three of them looked at each other with unfathomable eyes. Compared to the other two candidates, Yun Feng should be considered young.

"It's truly rare to see such a young grandmaster pharmacist." The two old men sized Yun Feng up with their eyes and more or less didn't believe her. Yun Feng smiled lightly and didn't say anything. One of the old men said, "You're very unfamiliar. Did you suddenly appear?"

Yun Feng looked up. "I need something this time, or I wouldn't have been in the limelight."

The expressions of the two old men changed slightly. They had doubts about Yun Feng's identity as a grandmaster. She was just such a young girl. How could she compare to them, who had been through hundreds of battles? Their experience in pharmaceuticals wasn't something she could compare to!

Seeing the expressions of the two of them, Yun Feng only lowered her eyes. After a while, the door was pushed open and a tall young man walked in. Seeing the two old men, he smiled slightly. When he saw Yun Feng, he was obviously stunned. "You're also... a grandmaster-level pharmacist?"

"That's why I'm here," whispered Yun Feng. The young man glanced at Yun Feng suspiciously and didn't say anything else. "Only the three of you accepted the mission in the column. Please come to the King's Palace with me."

"May I ask why we're going to the King's Palace?" The two old men were a bit vigilant. If the royal family took this opportunity to detain them there, they would suffer a huge loss.

The two old men were stunned by the young man's indifferent mockery and certainly couldn't keep their expressions. Yun Feng walked to the young man's side calmly. The young man glanced at her. "You'll know what you need to do after entering the King's Palace. As for the rest, I can't say anything. Please."

Yun Feng and the other two pharmacists of the Sea Clan followed the tall young man into the King's Palace without any obstruction. Yun Feng was careful. Before she entered the Auction House, she had already put on the Thousand Shadows Mask and changed her face. If anything really happened, she would have a way out.

The royal palace was very large. The security along the way was extremely vigilant and there were layers of hidden guards. Even the smallest thing would be discovered if it ran in, unless it could be completely invisible. They were brought all the way to the entrance of a gorgeous palace. The tall young man waved his hand. "You can go in. You'll know what you need to do when you go in."

Yun Feng raised her brows. Why was he so mysterious? The other two were also puzzled in their minds. They pushed the door open and entered. A strange fragrance assailed their nostrils. Yun Feng immediately held her breath. The fragrance was a bit choking. The other two had already coughed.

Chapter 1437 Dragon Breath (3)

"Grandmaster-level pharmacists, welcome." A figure slowly walked out of the inner room. Yun Feng saw a hazy red color faintly discernible. A very slim man walked out. He was tall, but his body was too skinny. He wasn't too muscular, and he had the gentleness of a woman. The color of the shell on his neck was pink. The pink color contrasted with his exposed fair skin and his very feminine facial features. If this man didn't show his chest, Yun Feng would definitely think that he was a female.

She couldn't help but think of Qu Lanyi when she met him for the first time. At that time, he was disguised as a woman. Even women weren't as feminine as the one in front of her. Perhaps because he was from the Sea Clan, he carried a hint of charm.

The man walked out and saw Yun Feng. Surprise flashed through his eyes, but he didn't say anything. "Since you're grandmaster-level pharmacists, it should be easy for you to make grandmaster-level potions."

Yun Feng didn't say anything. The other two old men said, "Of course. There are differences between grandmaster-level potions. The difficulty is different and the chances of success are also different."

The man nodded. "I still want to verify your identity as grandmasters."

!!

"Of course. Your Highness, do you want us to make grandmaster potions on the spot? However... we need some equipment."

The man chuckled and gently brushed the circle of shells on his neck with his hand. His eyebrows moved slightly. "The equipment certainly won't be a problem. I just hope that the three of you won't let my hope go to waste again." The man raised his arm gently and a thin sand curtain immediately rose. A pharmaceutical workbench appeared with all the tools on it. "Guys, you can begin."

Yun Feng lowered her eyes. She certainly wouldn't take the first place. The other two old men looked at each other. One of them walked forward and started making medicine. The man watched the old man's movements with glittering eyes. Yun Feng looked up. These two old men were quite strong. The Sea Clan seemed to be much faster at making medicine than humans. The first one succeeded. The man smiled in satisfaction. The second old man went up and also succeeded. The man's smile became even wider. Only Yun Feng was left.

"It's your turn." The man looked at Yun Feng. Yun Feng glanced at the workbench. "I need an isolated environment."

The man raised his brows. The other two pharmacists were the same. This little girl had a lot of requests!

"It's fine. Sure, as long as you succeed." The man waved his hand. Yun Feng walked to the workbench and the man swept his finger. A heavy curtain fell just like that. The other two pharmacists curled their lips disapprovingly when they saw this. Young people were so arrogant and impatient.

Unlike the first two pharmacists, Yun Feng was very quiet when she made potions. The first two people made the sound of bottles colliding from time to time, but Yun Feng didn't do anything at all. The man and the two pharmacists were both puzzled. The man tapped his fingers gently on his hands and looked at the heavy curtain with his eyes, as if he wanted to see through it to see what was going on inside. She was so young. Was she really a grandmaster-level pharmacist?

The three of them waited patiently with a doubtful look. After a while, the heavy curtain was lifted by Yun Feng. Yun Feng walked out with the bottle in her hand that contained extremely pure liquid. The eyes of the two old men glittered when they saw that. She really succeeded?

The man raised his brows when he saw that. It was obvious that he was quite surprised that Yun Feng could succeed. "You're indeed real grandmaster-level pharmacists. I'm very satisfied with this. What you're going to do next is very simple."

The man walked out. Yun Feng and the two old men followed him. They zigzagged all the way to a hidden place. The guards here were even more strict. Even with the man leading the way, they could tell that the guards were suspicious and vigilant. The man pushed the door open and entered. Yun Feng noticed an extremely strong smell of potions, mixed with the smell of many plants. The faces of the two old men also darkened when they smelled this smell. They more or less had some guesses in their minds.

The room was surrounded by incense and the smell of herbs was also spreading in the incense. The bed inside was covered by a curtain. Yun Feng couldn't see the situation inside clearly, but she knew that there was someone lying inside. The man walked to the curtain and didn't lift it. "Cure him. If any of you can cure him, you can get any promise!"

"Can I take a look first?" The two old men seemed to be eager to try. The man nodded and stood in front of the bed curtain without leaving. The two old men stepped forward and lifted the curtain, their expressions changing a bit. Yun Feng couldn't see clearly. She only knew that the two old men shook their heads after putting down the curtain. "This... I'm afraid it's not something that potions can solve."

The man pursed his lips tightly and disappointment and anger appeared in his eyes, but he suppressed them in the end. He glanced at Yun Feng. "What about you? Do you want to come and take a look?"

The two old men left with a helpless look. If they couldn't do anything, what could such a young girl do? However, Yun Feng was the only hope in the man's eyes right now. Yun Feng saw the glitters in the man's eyes. She lowered her eyes and lifted the bed curtain, seeing the scene on the bed.

The body that was so skinny that only bones were left. Yun Feng only needed one look to know how the bones of the Clam Phoenix Tribe were distributed, because the patterns of the bones on the bed were already unusually clear. There was only a trace of breath on that dark face, or it would be a corpse. Even the Life Potion couldn't save this... corpse that was about to die.

Dragon breath? Yun Feng was shocked. If there was dragon breath in the body, it would already be good enough for him to last until now. How domineering was the dragon breath? How could this guy tolerate the breath of the Dragons? However... why did the breath of the Dragons appear in the Endless Ocean? Perhaps... Uncle Flirtatious was here!

"This way, I won't be able to investigate clearly. Let me out!"

Yun Feng looked up and met the man's gaze. "Give me an independent space."

"Are you confident?" The man's tone was a bit shaky. Yun Feng said, "I'm not completely confident. This is your only chance. If you delay any longer, he'll die sooner or later."

Chapter 1438 Dragon Breath (4)

The man gritted his teeth so hard that they made creaking sounds. In the end, he had to compromise. "Alright! If you cure him, everything will be fine, but if he's injured because of your mistake, I won't let

you go!" The man turned around and left after saying that. The two old men were also taken out, but the surprise on their faces was already indescribable.

After everyone retreated, Yun Feng waited patiently for a while. After confirming that the man had indeed left, the purple light of the Ring of Contract flashed and Er Lei appeared from the Ring of Contract. As soon as he appeared, Er Lei said firmly, "That's right. It's indeed a dragon breath."

"Is it Uncle Flirtatious?" Yun Feng asked, but Er Lei shook his head. "If it were Ao Jin's Golden Dragon aura, he would have died on the spot. How would he have survived until now?"

Perhaps someone from the Dragons came to the Endless Ocean? Yun Feng frowned. Why did the Dragons come to the Endless Ocean? Did Uncle Flirtatious ask them to come, or did the Red Dragons and the Black Dragons? Yun Feng pondered secretly. Er Lei also frowned. "This dragon breath is different from ordinary dragon breath..."

Yun Feng's black eyes brightened. Er Lei had the bloodline of the ancient demon dragon in his body! The dragon breath he sensed might not be the dragon breath of the current Dragons, but the dragon breath of the ancient demon dragon! Thinking of this, Yun Feng glanced at the member of the Clam Phoenix Tribe on the bed. What exactly was his status in the Clam Phoenix Tribe? The king? Or someone else? There was dragon breath in his body. The members of the Clam Phoenix Tribe didn't know about it, so it was certainly impossible for them to know where this man had been. It was very likely to be from the area where the ancient demon dragon had been!

!!

"Er Lei, is his aura similar to yours?" Yun Feng asked. Er Lei frowned and sensed carefully. "It's indeed a bit similar. The aura in his body is actually very weak. I can even suck it out."

The smile at the corners of Yun Feng's mouth widened. Very good. She had a very important bargaining chip. This dragon breath contained a lot of things. It seemed that the members of the Clam Phoenix Tribe indeed had extremely important information about the map fragment. If she cured him and asked for the information, she would very likely become a thorn in the side of the Clam Phoenix Tribe. Her black eyes darkened slightly. She could only be petty now. She could get what she wanted from this man.

"Can you wake him up by absorbing some of the dragon breath first?"

Er Lei nodded. "The Clam Phoenix Tribe is too weak. Such weak dragon breath tortured him to this state!"

Yun Feng smiled helplessly. Who could be as fierce as Er Lei? He had the bloodline of the ancient Fiend Dragon in his body. He was probably as rare as Uncle Flirtatious. Golden Dragons and ancient Fiend Dragons were all extraordinary. Er Lei raised his hand and directly summoned a ball of lightning elements. The body of the member of the Clam Phoenix Tribe was immediately covered in lightning elements. Looking at these silver snakes that were twisting crazily, Yun Feng was a bit worried that Er Lei might accidentally roast this man.

After the silver snakes covered the body, Er Lei clenched his fist and purple lightning elements directly covered the man's entire body along his palm, then pulled fiercely! Yun Feng saw an unusually

aggressive purple-black aura slowly ooze out of the man's body. When it reached Er Lei's palm, it was directly sucked into his body.

"Will you be alright after absorbing this aura?" Yun Feng was a bit worried, but Er Lei burst into laughter. "Don't worry. How can anything happen to me?"

The breath was long. Er Lei absorbed it for a while and suddenly stopped. There was still a part left in this man's body. The clansman on the bed, who was about to die, slowly woke up at this moment. When he opened his eyes, his vision was very blurry and he couldn't see who was in front of him at all.

"Did you get anything?" Yun Feng lowered her voice and asked. The man lying on the bed slowly said, "I... I found something."

There was a smile in Yun Feng's black eyes as she cleverly interrogated the man. After hearing the man's intermittent words, Yun Feng stood up in satisfaction. "Suck out all the dragon breath in his body. How long will he be unconscious?"

Er Lei sneered. "With his weak body, it won't make sense if he doesn't remain unconscious for a few months."

That was perfect! A few months was enough for her to find the place this man was talking about! "Absorb all the aura in his body." As soon as Yun Feng said that, Er Lei squeezed his hand fiercely and pulled hard with the lightning element. The purple-black aura inside the man's body was all pulled out and entered Er Lei's body!

The body of the man on the bed immediately twitched, but his dark face was much better. Without the dragon breath in his body, this man could be said to have survived. Er Lei returned to the Ring of Contract. Yun Feng patted the clothes on her body slightly and wasn't in a hurry to go out. Instead, she stayed in the room for a long time before she got up and slowly pushed the door open.

"Do you have a solution?" The man immediately came up to Yun Feng when he saw her. Yun Feng said solemnly, "His injuries are indeed very serious. Normal potions don't work on him. I've tried many times, but fortunately, I know a potion formula that can ease his current symptoms. I gave him a bottle and it was indeed effective."

The man immediately rushed in and rushed out again after a while. "Is there only one bottle of potion? Can you... give me that formula? Of course, you won't suffer a loss!"

The man nodded. "I wonder what promise you want?"

Yun Feng pondered for a long time. The man waited patiently. Yun Feng chuckled. "I want too many things. I don't know which one to choose."

The man couldn't help but heave a sigh of relief after hearing this. "If you haven't thought about it, think carefully. This promise will always be valid."

Yun Feng nodded. "That's good. If I think of it, I'll certainly propose it. I wonder... Who should I ask for it from?"

The man chuckled and put on a smile on his feminine facial features. "Just say that you need to talk to the Crown Prince. They'll certainly bring you in."

Chapter 1439 Dragon Breath (5)

Yun Feng's black eyes brightened and she immediately bowed. "So, it's you, Your Highness. I'm truly rude." Yun Feng raised her brows. The royal member of the Clam Phoenix Tribe, Crown Prince. There should be more than one group of people chasing after this map fragment.

Yun Feng soon left the King's Palace. If she stayed there any longer, she would cause trouble. The person she saved today should be someone sent by the Crown Prince to find the map fragment. The Crown Prince was so anxious to get the information from that person. The other princes must be competing fiercely too. The princes of the Clam Phoenix Tribe were fighting for the map fragment so fiercely. It must be the idea of the king of the Clam Phoenix Tribe.

Yun Feng pursed her lips. It seemed that she should speed up a bit more. It had already been a few days since she left. She didn't know how Qi Luo and Luo Teng were doing. Yun Feng took off the Thousand Shadows Mask and went straight to the place where she lived before. As soon as she pushed the door open, she saw Qi Luo. Qi Luo was very surprised to see Yun Feng back. "Is there any news?"

Yun Feng nodded. She looked around, but didn't see Luo Teng. "Where's that kid?"

"Here!" Luo Teng slowly stepped in from outside the door. Qi Luo glanced at Luo Teng complainingly. Luo Teng raised his brows. "You got a promise from the royal family of the Clam Phoenix Tribe in such a short time?"

!!

Yun Feng chuckled. "We'll get more than we thought. We should set off, and the sooner the better!"

Yun Feng, Qi Luo and Luo Teng soon set off and left the capital of the Clam Phoenix Tribe. The journey was quite smooth. As soon as they left the capital, Yun Feng took out the Finger Spiritual Jade and looked at it carefully again. She saw that the light spot that hadn't appeared for a long time finally glittered again. That was the aura mark that belonged to Jiao Yun. Looking at the light spot flashing in the capital, Yun Feng curled her lips. Jiao Yun was quite smart. He could chase her all the way here. As expected of one of the best experts of the Chiwen Tribe. No wonder the king of the Chiwen Tribe asked him to follow her.

However, the king of the Chiwen Tribe didn't expect so many changes to happen, and he certainly didn't expect them to run to the capital so deep in the West Sea! Thinking of the vigilance of the Clam Phoenix Tribe towards the outsiders, especially the control on outsiders, she believed that Jiao Yun wouldn't be able to come out for a while. Jiao Yun didn't have the Transformation Potion, so he certainly couldn't change his body and sneak into the capital. As an outsider, it was certainly inconvenient for him to move there and he would be restrained a lot. He would also be delayed for a while, which was a good opportunity for Yun Feng.

At this moment, he was in the city. Yun Feng and the others had already left the city. It would probably be a while before Jiao Yun left the city. Yun Feng put away the Finger Spiritual Jade with a smile on her face. Luo Teng couldn't help but frown when he saw that. "What exactly are you laughing at? You seemed to be looking at something just then?"

Yun Feng curled her lips and glanced at Luo Teng with her black eyes. "You ask a lot of questions."

Qi Luo nodded secretly on the side. Luo Teng looked embarrassed. Yun Feng looked ahead and roughly identified the direction. "Since we've already left the city, we should leave this place as soon as possible, in case the people patrolling nearby think we're suspicious."

"Where are you taking us? Do you have a route in your mind?" asked Luo Teng. Qi Luo rolled her eyes at him. "Can't you see that? Feng Yun already has a rough idea in her mind. We just have to follow her."

Yun Feng smiled lightly. "Luo Teng, don't ask too many questions along the way. Be careful not to make your stomach uncomfortable." After saying that, Yun Feng had already turned around and walked forward. Qi Luo covered her mouth and smiled, following her. Only Luo Teng stood there alone with a confused look. "What uncomfortable stomach... When have I ever had stomach discomfort..." Luo Teng, who was having a belly full of doubts, also followed her, but he couldn't understand what Yun Feng meant.

The three of them went all the way to the north of the West Sea. Luo Teng was still thinking about what Yun Feng said, but he was much quieter. Yun Feng immediately felt that it was much quieter and comfortable. Qi Luo followed her silently on the side and finally couldn't help but say, "Where are we going? Why don't you tell me? I know more about the Endless Ocean than you do. If there's any danger, we can avoid it in advance, right?"

Yun Feng raised her brows and glanced at Qi Luo. "I didn't mean to hide it. I was going to ask you."

There was a smile in Qi Luo's eyes. Without Jiao Yun by her side, she seemed much weaker. Originally, Yun Feng accompanied her to find the map fragment for the Chiwen Tribe, but it seemed that Yun Feng had already dominated everything now. She had become an accessory instead. Without Yun Feng, she couldn't find any information about the map fragment at all, which made Qi Luo understand that she could only rely on Yun Feng. Since she had to rely on Yun Feng, she certainly had to put down her dignity and get along with Yun Feng more harmoniously.

Qi Luo was afraid that Yun Feng would leave halfway. In that case, she would probably not be able to go back to the Chiwen Tribe.

"Sanglong Canyon. Do you know where this is?" Yun Feng asked. Qi Luo was obviously stunned. "Is the map fragment hidden in Sanglong Canyon?"

Yun Feng didn't answer when she saw the obvious shock on Qi Luo's face. After the shock, Qi Luo finally calmed down. "The Sanglong Canyon is a forbidden land of death for the Endless Ocean! Very few members of the Sea Clan step foot there. Anyone who gets close to it will die quickly for no reason! Nothing can save their life! That place is too terrifying! The Sea Clan can't get close at all!"

"Did those dead members of the Sea Clan have no muscles on their faces and only bones left before they died? Did their entire bodies seem to have been sucked dry?"

Her black eyes glittered. As expected, the symptoms of the person from the Clam Phoenix Tribe were exactly the same. The Sea Clan was helpless, but it was simply negligible for Yun Feng. With Er Lei here, those weak dragon breaths were too simple for him! With Er Lei leading the way, it wouldn't be a problem for her to enter Sanglong Canyon at all! However, those weak dragon breaths were fatal to the Sea Clan, or rather, any Magic Beast with dragon breath in their bodies was fatal!

The dragon breath was too domineering. Its aura could torture most Magic Beasts to death. No wonder the Dragons had an extremely high status among the Magic Beasts.

Chapter 1440 Dragon Breath (6)

"It's similar in the human world... It's just a bit different from here." Yun Feng casually said. Qi Luo was skeptical after hearing that. Luo Teng obviously didn't intend to talk. He only put his arms behind his head and swayed leisurely.

"Is the human world so complicated and dangerous too..." Qi Luo mumbled. Yun Feng held back her laughter and almost exposed herself. She really believed what Yun Feng said casually. It was good that she believed it. "Hm, so no race of the Sea Clan can get close to Sanglong Canyon?"

Qi Luo nodded and said, "I think the experts of the Sea Clan should be able to enter, because some of them successfully entered the Sanglong Canyon, but they couldn't last long. There must be something in the canyon that restrains the Sea Clan."

Yun Feng agreed. If she was right, there should be extremely weak dragon breath all around Sanglong Canyon. The powerhouses of the Sea Clan could temporarily suppress the dragon breath with their strength and it wouldn't be life-threatening, but the other members of the Sea Clan probably wouldn't be so lucky. Those who were slightly weaker would be taken away by the weak dragon breath.

"I got the information of the map fragment from a member of the Clam Phoenix Tribe. The royal family of the Clam Phoenix Tribe already knows the exact location of the map fragment. It's in the Sanglong Canyon." After saying that, Qi Luo turned pale. "If that's the case, then we..." Qi Luo looked at Yun Feng. "If you can enter the Sanglong Canyon..."

Yun Feng raised her brows. "You don't think I'll work for the Chiwen Tribe, do you?"

Qi Luo was startled and her face turned a bit red. She was the one who found Feng Yun first and made a deal with her back then. She was also the one who brought Feng Yun back to the capital of the Chiwen Tribe. If it weren't for her decision, Feng Yun wouldn't have had any contact with her. However, she was indeed the key to finding the map fragment. Qi Luo wouldn't let her go.

"That's not what I meant. I mean... can you take me in too?" said Qi Luo. Yun Feng was a bit surprised. Those strong and powerful members of the Sea Clan, who were far stronger than her, couldn't escape the torture of the dragon breath. If she went in, she could only stay by Yun Feng's side. Thinking of this, Yun Feng couldn't help but frown. She didn't want to be restrained when doing things.

"If I take you in, you'll die," said Yun Feng. Qi Luo was stunned. Die? If she went in without Feng Yun's protection, she would definitely die... However, if she didn't go in, how would she explain to the king of the Chiwen Tribe... Qi Luo bit her lips gently. It would be great if Jiao Yun was here at this moment. With his strength, it shouldn't be a problem.

Seeing that Qi Luo didn't say anything else, Yun Feng didn't say anything else. Bringing Qi Luo in was already a problem for her, not to mention taking care of her life along the way. She and Qi Luo weren't friends to begin with. Besides, she had the same goal as the Chiwen Tribe. In the end, they would certainly have to stand on the opposite sides and fight for this map fragment. By then, their relationship wouldn't be as harmonious as it was right now.

They didn't say anything else along the way. Yun Feng had already done her best to tell Qi Luo about the map fragment. Qi Luo knew in her mind that her request was a bit too much, so she never mentioned it again. Luo Teng followed behind with an indifferent look. He didn't care about the map fragment. What he cared about was the thing he insisted that Yun Feng took away

They went all the way to Sanglong Canyon. Yun Feng only got a rough idea of the exact location of Sanglong Canyon and knew that Sanglong Canyon was located very north of the West Sea, almost near the northern border. However, the northern border was so long and the area was so vast. It would take some effort to find the exact location. Even Qi Luo didn't know the exact location of Sanglong Canyon.

After spending more than ten days, Yun Feng and the others finally arrived at the so-called general area. Looking at the vast sea that stretched out in front of them, Yun Feng only felt a headache. However, she could only get so much information back then. There didn't seem to be any traces of a living creature nearby. She didn't even have a Sea Clan member she could ask. How exactly should she find the exact location of Sanglong Canyon?

"There's movement!" Luo Teng suddenly said in a low voice. "It seems that some voices are coming in our direction!"

After saying that, Yun Feng's face darkened. She pulled Qi Luo and hid in an extremely hidden corner at an extremely high speed with Luo Teng. Qi Luo wanted to say something, but Yun Feng simply covered her mouth. Her soft fingers vaguely touched the sharp teeth in Qi Luo's mouth. Even if she was a prophet, the teeth of the Sea Clan member were still very sharp.

They waited quietly. There was no movement as Luo Teng said, but Luo Teng's expression became more and more nervous and gloomy. Finally, his black eyes glittered. Luo Teng lowered his body and Yun Feng also pressed down on Qi Luo's back. She also lowered her waist and looked ahead through the dense seaweed. A few black shadows flashed in front of her with extremely tiny sounds. If she didn't listen carefully, she wouldn't have heard any movement at all, but there were indeed figures going over!

Luo Teng didn't move at all in front of her, and Yun Feng didn't dare to do anything either. Qi Luo looked around with her eyes wide open, but she didn't dare to make a sound. A few figures passed for a long time, and then a few more. They still landed on the ground silently. If she didn't see it with her own eyes, she would really think that there was no one.

After waiting quietly for a while, Luo Teng finally moved. He first raised his head slightly, then his body. Then, he put his arms on the ground and half of his body stood upright. It could be seen that there were beads of sweat on his forehead. The few people who passed by just then made Luo Teng extremely nervous.

"Who are those people?" Qi Luo said with lingering fear. She got up from the ground with limp limbs and a panicked expression. Luo Teng glanced in the direction where the figure left with a solemn expression and slowly said, "They're all people who make me feel pressured."

"Let's go." Yun Feng suddenly said after a short silence. Luo Teng and Qi Luo couldn't help but feel surprised after hearing that. Go? Where should they go? Wouldn't they meet those people if they continued forward? "Can't we wait? The few people who went past just then might not have gone far!"

Luo Teng widened his eyes and roared. Yun Feng turned around. "If someone is leading the way, why aren't we following them?"
