### Chapter 1441 Dragon Breath (7)

“You’re saying that those people are going to Sanglong Canyon too?” Qi Luo looked at Yun Feng. Yun Feng nodded. “Those people are very strong. Where else can they be going except Sanglong Canyon? Besides, they’re all members of the Clam Phoenix Tribe.”

“How do you know?” Luo Teng continued to widen his eyes. Yun Feng chuckled and pointed at her brain. “Luo Teng, don’t you need to think with your brain?”

Luo Teng’s face inexplicably flushed. Qi Luo lowered her head and frowned. “That’s right. Apart from the Clam Phoenix Tribe, there’s no one else who’s most likely to come to this place. If it’s them, it proves that their goal is Sanglong Canyon.”

“Let’s follow them. If we lose them, we’ll have to put in a lot of effort to find Sanglong Canyon.” After saying that, Yun Feng ran forward first. Qi Luo quickly followed her closely. Luo Teng cursed in his mind behind and followed them anxiously. Who wouldn’t want someone to lead the way for free?

Yun Feng and the others followed those sneaky figures carefully. They tried their best to keep the longest distance and followed behind quietly. Once they attracted the attention of the two groups in front, trouble would come. Luckily, the two groups in front didn’t notice anything. They walked and stopped, as if they were thinking about something repeatedly. They didn’t have the energy to care if there was anyone tracking behind them.

!!

They kept going deeper as they led the way in front. Yun Feng felt that the route had already deviated from the original plan. They seemed to be taking a roundabout route. They were originally going north, but now, they turned a corner and continued south. They even wanted to continue south. Yun Feng suspected that she had followed the wrong person.

“Hey! Are you sure you didn’t follow the wrong person?” Luo Teng came close and asked in a low voice. Yun Feng frowned. Qi Luo chuckled on the side. “If we followed the wrong person, we can just go back the way we came.”

Luo Teng raised his eyebrows. “Look back yourself. How are we going back?”

Qi Luo turned around and her little face suddenly turned pale. Yun Feng looked back curiously and found that it was gone! The route she took when she came was completely gone just then! To be exact, the route she took along the way had already changed completely! It was impossible for her to go back the way she came!

“We can’t go back...” Qi Luo mumbled. Looking at the completely different scene behind her from a second ago, she didn’t know what to say. Yun Feng looked ahead. “If we can’t go back, we can only continue moving forward. There’s no other choice.”

Luo Teng looked at Qi Luo’s gloomy face and smiled happily with a hint of gloating. Qi Luo ignored him at all and followed Yun Feng forward in frustration. The three of them had no way out at this moment

and could only keep moving forward. At most, they would be discovered by the two groups in front and have a fierce battle!

The two groups of people in front kept walking and stopping. The route kept extending south. Yun Feng didn't think much at first, but the more she followed, the more she found that even though it kept extending south, she didn't go back. The terrain in front of her became lower and lower. It was like going down a slope. It was a spiral route that kept going deeper and deeper into the ground.

"Where are they going? Are they going to the bottom of the sea if they keep going?" Luo Teng mumbled behind her, but Yun Feng knew that no matter where they were going, the three of them had to follow them.

The two groups in front had been walking for so long, but they didn't notice that they were being followed behind. They continued moving forward and finally stopped slowly in front. Yun Feng approached carefully with Qi Luo, but Luo Teng was a bit eager to find out what was going on. Before Yun Feng said anything, Luo Teng had already run out.

"Will he be alright?" Qi Luo glanced at Luo Teng's back. Yun Feng pulled her to a rather hidden spot on the side. "It's good that he goes to investigate. We'll know what's going on."

Luo Teng came back after a while and ran over with an awful look. "The Sanglong Canyon should be ahead. A group of people is already there. It seems that they're camping. I didn't get too close, but I clearly felt uncomfortable, as if something wants to enter my body desperately!" There was a hint of fear on Luo Teng's face when he said that. Yun Feng understood that this should be the Sanglong Canyon. The thing that was trying to enter the bodies of the Sea Clan should be those weak dragon breaths!

"There's movement again!" Luo Teng's expression changed slightly and his body immediately flashed. Yun Feng quickly hid herself with Qi Luo. After a while, a few figures walked over and happened to walk in front of Yun Feng. Yun Feng quickly covered Qi Luo's mouth and her breathing also dropped a lot. Luo Teng was the same and looked at these figures nervously.

The weeds in front of her blocked Yun Feng's vision, so she couldn't see who it was, but she soon knew.

"It's ahead?" A gentle and slow voice sounded, followed by an extremely respectful voice. "Your Highness, it should be ahead. The people of the Second Prince and the Third Prince are all following this route."

"Humph! They thought I would miss this opportunity, but they were wrong after all. Let's go!" A few figures immediately walked forward. Yun Feng's black eyes darkened. The Crown Prince of the Clam Phoenix Tribe caught up with her so quickly, which was beyond her expectation. From what she said just then, it seemed that the second and Third Princes of the Clam Phoenix Tribe were also here.

"That's hard to say." Qi Luo glanced at Luo Teng. "There are fatal factors around Sanglong Canyon that can kill the Sea Clan. You clearly felt uncomfortable just by getting close just then. Even if the members of the royal family of the Clams are strong, it's extremely difficult to go deeper, but Feng Yun is different."

Luo Teng snorted. "How can it be different?"

Luo Teng didn't know Yun Feng's human identity, so he certainly didn't know that she had Er Lei, her protective magic treasure. Even though Qi Luo didn't know much, she was certain that Yun Feng would be fine. "Those fatal factors might not be effective on Feng Yun."

#### Chapter 1442 Dragon Breath (8)

What Qi Luo said made Luo Teng smile in obvious disbelief. In his eyes, Yun Feng was also a member of the Sea Clan. Why would the fatal factors not work on her? She was indeed very strong, but she shouldn't be so special!

"Let's go forward. We'll see what they do clearly." Yun Feng got up and walked out after saying that. Qi Luo certainly followed her. Luo Teng was a bit hesitant behind with a conflicted look. Thinking of the extremely uncomfortable feeling just then, he didn't want to go forward again, but he gritted his teeth and followed her in the end.

The three of them lay dormant on a high slope. At the bottom of the slope was the place where Luo Teng said they would set up camp. They could see the situation below clearly from the high stance. Yun Feng glanced around briefly. There were only a dozen members of the Clam Phoenix Tribe here. The three princes only brought a few with them, but they were all top-notch experts. It seemed that the elites of the Clam Phoenix Tribe were all gathered here.

The high stance had a good view. Even though she was far away, she could hear the commotion below very clearly. The conversation between the three princes could be heard clearly by Yun Feng and the others.

"I didn't expect Brother to come here. It's truly not easy!"

"As far as I know, the people Brother sent out to investigate were seriously injured and almost died."

"Tut-tut, that's truly a pity. You lost a general, but you can't get any information. You really suffered a double loss."

There was inevitably ridicule in the tone of the Second Prince and the Third Prince of the Clam Phoenix Tribe. Yun Feng curled her lips. She had already expected that the royal family of the Clam Phoenix Tribe definitely couldn't be harmonious, especially this time. In order to fight for the map fragment, the scene of brothers killing each other might happen.

"I'm afraid I'll have to disappoint you. Even though my general was injured, he's already completely recovered."

The other two princes of the Clams couldn't help but feel shocked after hearing that. It seemed that they also knew how fatal the Sanglong Canyon was to the Sea Clan. "Big brother is truly lucky. That man can even be saved when he's about to die!"

"With the help of an expert, he'll certainly be fine. We all know what's on our minds. Let me be clear. Do you have what it takes to enter Sanglong Canyon?"

The Second Prince and the Third Prince of the Clam Phoenix Tribe narrowed their eyes fiercely after hearing that. The Crown Prince of the Clam Phoenix Tribe burst into laughter. "The reason why you're lingering here and not going in is because you can't enter, right?"

Yun Feng, who was high up, clearly saw the Second Prince and the Third Prince of the Clam Phoenix Tribe gnashing their teeth. They had obviously been here for a while. The reason why they were still wandering outside was definitely because they didn't dare to go in. After all, the dragon breath was extremely fatal. If they didn't deal with it well, they could lose their lives inside at any time. Looking at the confident expression of the Crown Prince, Yun Feng raised her brows. Had the Crown Prince found a solution and knew that the thing that made the Sea Clan fatal was the dragon breath?

"Brother, you're quite confident. It seems that you're not afraid of getting yourself killed?"

The Crown Prince burst into laughter after hearing this. "It's all up to your capabilities. If it's you, you'll definitely die." The Crown Prince flipped his wrist and a small bottle of potion appeared in his hand. Yun Feng, who was high up, widened her black eyes when she saw this. Wasn't that the potion formula she casually gave

The eyes of the Second Prince and the Third Prince of the Clams immediately brightened when they saw this. "Are you going in with potions?"

The corners of the Crown Prince's mouth curled up and there was a hint of arrogance on his originally charming facial features. "You can only watch me go in." After saying that, he was about to raise his head and drink it, but two gusts of dark wind suddenly came. The Crown Prince keenly retreated. It was the Second Prince and the Third Prince who attacked at the same time.

"Since Brother has this item, we certainly can't wait!"

The Crown Prince sneered and instantly put away the potion. "You want to attack? I've been waiting for you for a long time."

In an instant, a battle broke out. Sand and stones were flying below. The three princes of the Clams should be like fire and water. The three of them fought together, and their own people were also fighting chaotically. The sound of fighting soared to the sky, which was very lively.

"Qi Luo, I can't take you in." Yun Feng looked at Qi Luo next to her and said. Qi Luo bit her lips gently and didn't say anything. Luo Teng raised his brows and glanced at Yun Feng. "Are you going in? You'll die if you go in!"

"Don't worry about that." Yun Feng patted her body and stood up. She looked down at the chaotic battle below from above. The more chaotic it was, the more she liked it! Luo Teng also stood up quickly. "Don't even think about getting rid of me!"

Yun Feng curled her lips. "If you have the courage, just come with me."

Luo Teng was startled and looked ahead with lingering fear. That feeling that made him extremely afraid still lingered. He didn't want to get close at all, not even a bit! However, if he didn't follow her in, what if Yun Feng didn't come out or abandon him? Wouldn't this journey be in vain?

Luo Teng gritted his teeth fiercely, but Yun Feng ignored him. She sincerely hoped that he wouldn't follow her. After all, Luo Teng was a real member of the Sea Clan. The dragon breath was also fatal to him. "Let me give you a piece of advice. Don't follow me." After saying that, Yun Feng jumped down and directly turned into a black line, disappearing in the chaotic battle. Qi Luo looked at Luo Teng with glittering eyes. "What she said makes sense. You..."

“Cut the crap!” Luo Teng’s body flashed and he directly jumped down, disappearing into the chaotic battle at an extremely high speed. Qi Luo stood on the high slope alone and looked down hesitantly. Should she wait here or follow them in... If she followed them in, her life might be in danger...

“I’ve finally caught up with you! I, Jiao Yun, won’t let you go. Stop!” A loud voice suddenly came, tearing apart the smoke of the battle that filled the sky, which stunned everyone in the chaotic battle. The sudden voice also shocked Yun Feng and Luo Teng. It was Jiao Yun! How did he come all the way here?

#### Chapter 1443 Dragon Breath (9)

The chaotic battle suddenly stopped in an instant, because Jiao Yun, an outsider, barged in. All the members of the Clam Phoenix Tribe stopped fighting, and Yun Feng, who was about to enter Sanglong Canyon, and Luo Teng, who was chasing after her, were instantly discovered!

“Stop right there!” The Crown Prince of the Clam Phoenix Tribe immediately caught sight of Yun Feng. Seeing that she and Luo Teng were about to rush into the canyon, he immediately shouted and rushed over. Seeing that the Crown Prince was chasing after her, Yun Feng didn’t dare to delay any longer. Her body immediately sped up. The closer she got to the entrance of the canyon, the more she felt a pressure-filled aura coming at her, and this aura seemed to be trying to enter her body desperately!

“There’s dragon breath all around. Let me out quickly, Yun Feng!” Er Lei’s voice suddenly sounded in Yun Feng’s mind. Yun Feng, who was desperately resisting the aura, was a bit breathless from the pressure. A beam of purple light suddenly appeared somewhere in her body. Instantly, the pressure around her disappeared!

“Thank you, Er Lei.” Yun Feng took a deep breath and her body immediately felt relaxed, but Er Lei’s expression was very ugly. “The further we go, the thicker the dragon breath. Is there a dragon hidden here?” Yun Feng was stunned! The dragon breath became thicker and thicker. Was it really as Er Lei said?

“Who are you?” The roars of the Clam Phoenix Tribe came from the hall behind. Yun Feng sneered. Er Lei’s appearance absorbed most of the dragon breath, which gave these Clam Phoenix Tribe a lot of advantage. Thinking of the sound of Jiao Yun just then, Yun Feng immediately took out the Finger Spiritual Jade. The light spots of Jiao Yun kept flashing! Yun Feng frowned. It seemed that he had also come in. Perhaps Qi Luo was also brought in...

“Feng Yun, who is he? Where did he come from?” Luo Teng’s surprised voice sounded near Yun Feng. Yun Feng turned around and looked. He was following her! This kid was really chasing her closely!

“Kid, you talk too much!” Er Lei suddenly turned around. His messy hair rose and his purple eyes were revealed. The fierceness in them made Luo Teng almost choke. He didn’t dare to say anything else.

Yun Feng looked at the deep canyon in front of her and thought about her current situation. She could only keep going deeper! “Er Lei, let’s go!” Yun Feng shouted as she rushed forward. Er Lei followed closely behind. He twisted his wrists and silver snakes shot out, opening a path for Yun Feng with a faint purple color. Luo Teng, who was following closely behind, obviously felt a huge difference. He couldn’t feel the aura that was trying to enter his body at all with Yun Feng. Once he was a bit further away from her, those auras would surge over crazily. Luo Teng looked at Er Lei’s tall and sturdy back and thought of

the purple eyes he saw just then. He was extremely surprised in his mind. Who exactly did he appear? What was his identity?

Under Er Lei's protection, they rushed all the way into the Sanglong Canyon. After rushing past the small area at the entrance of the canyon, Yun Feng's vision suddenly widened and the very suppressive aura also weakened a lot. Er Lei was finally relieved. "I thought there was really a dragon. Luckily..."

Yun Feng looked at everything in front of her eyes that was extremely wide. There was nothing special in the canyon. The only special thing was that there was still that kind of dragon breath in the air, but it was much lighter than the dragon breath in the entrance, which was very similar to the dragon breath floating outside the canyon. Er Lei stood next to Yun Feng and absorbed the dragon breath around her into his body. It wasn't a big deal for Er Lei to absorb the dragon breath around Yun Feng.

Luo Teng stood behind Yun Feng's body very smartly. He finally knew that he would definitely be fine next to Yun Feng.

"Swish..." A figure came from behind and stopped in front of Yun Feng. It was the Crown Prince of the Clam Phoenix Tribe. Then, two more figures arrived as expected. They were the second and Third Princes of the Clam Phoenix Tribe. Yun Feng waited patiently. As expected, a figure pounced in not long after. It was Jiao Yun, who had chased her here. He brought Qi Luo in as expected!

Qi Luo's arm was held tightly by Jiao Yun. She looked like she was panting and looked very awful. Yun Feng glanced over. Apart from Luo Teng, these members of the Sea Clan had more or less inhaled some dragon breath. They all looked very bad, especially Qi Luo. Her physique and strength were the worst here. Her face was already a bit pale right now.

The situation was very complicated. The three princes of the Clam Phoenix Tribe, who were originally like fire and water, instantly became united when they saw these few outsiders who appeared out of nowhere. This was the territory of the Clam Phoenix Tribe and this was a sensitive area. Did these outsiders know about the map fragment when they came here?

The three princes of the Clam Phoenix Tribe looked at each other. The three of them had reached a consensus. The map fragment couldn't be taken away by outsiders! Jiao Yun, who was holding Qi Luo, looked at Yun Feng and Luo Teng extremely angrily. His anger made him unable to notice Qi Luo's condition in time. He just gritted his teeth. It was these two brats that made his journey so messy! He really wanted to finish these two brats off on the spot!

"How dare some outsiders come here so blatantly!" The Crown Prince of the Clam Phoenix Tribe said as he looked at Yun Feng viciously. "If you leave now, we can let you go. Get out of the West Sea immediately!"

Yun Feng sneered. "The West Sea isn't the territory of the Clam Phoenix Tribe."

The faces of the three members of the Clam Phoenix Tribe completely darkened after hearing that. "Outsiders, We're giving you a way out."

Yun Feng glanced at Qi Luo with a cold face. She looked even worse at this moment. If they let the dragon breath corrode her anymore, her life would be in danger. "Jiao Yun, I advise you to put down your grudge and give Qi Luo to me."

“What did you say?” Jiao Yun frowned and was immediately shocked when he glanced at Qi Luo!  
“Madam Prophet, what’s wrong?”

#### Chapter 1444 Dragon Breath (10)

“Idiot! Hurry up and bring her here!” Luo Teng shouted from afar. Jiao Yun glanced at Yun Feng and Luo Teng fiercely. Fine! He needed their help right now, so he had to yield. Nothing was as important as the life of a prophet!

“We’re not done yet!” said Jiao Yun fiercely as he rushed to Yun Feng’s side with Qi Luo. Er Lei glanced at Jiao Yun fiercely as a warning. Jiao Yun looked at Er Lei thoughtfully for a while and couldn’t help but heave a sigh of relief in his mind. After arriving next to Yun Feng, he clearly felt relieved. The faint pressure just then was gone. Looking at Qi Luo’s expression again, she didn’t look better at all. She was already unconscious right now! Yun Feng was shocked. The corrosion of the dragon breath was faster than she thought!

“What should we do now?” Jiao Yun looked at the sick Qi Luo and was at a loss. He could only ask Yun Feng for help. Yun Feng took Qi Luo and glanced at Er Lei. Er Lei let a few small snakes go reluctantly. Jiao Yun immediately shouted when the silver snakes appeared, “What are you doing?”

Er Lei rolled his eyes. “It’s none of your business what I do! If you want to keep her alive, be quiet!”

Jiao Yun’s face flushed, but he didn’t do anything. What else could he do right now? He had to let the prophet recover first. If she didn’t, he wouldn’t let them go! The three members of the Clam Phoenix Tribe originally wanted to attack, but Jiao Yun was obviously on Yun Feng’s side right now. There were only three members of the Clam Phoenix Tribe, while there were four on Yun Feng’s side. The three members of the Clam Phoenix Tribe looked at each other. They were the only three people who came to the canyon. If more powerhouses came in, those outsiders would die without a burial place!

!!

Under Er Lei’s action, the dragon breath in the body of Qi Luo was quickly resolved. The aura of Qi Luo was also much stronger. Even though she was still unconscious, her life wasn’t in danger anymore. Yun Feng didn’t want Jiao Yun to stand on her opposite side at this moment. Facing the Clam Phoenix Tribe, it was more comfortable to let Jiao Yun temporarily become an ally.

Yun Feng returned Qi Luo to Jiao Yun and looked at the three members of the Clam Phoenix Tribe opposite her. There was already dragon breath in their bodies. Even though they tried their best to suppress it, there were some clues on their faces. As long as they waited long enough, they would be dragged to death here sooner or later!

“We all know what’s in Sanglong Canyon,” said Yun Feng loudly. Jiao Yun’s eyes immediately brightened. Was the map fragment in this canyon?

The three members of the Clam Phoenix Tribe looked gloomy. “Outsiders, don’t even think about taking anything that belongs to the Clam Phoenix Tribe! You don’t have the ability or the life to take that thing out of the West Sea!”

“Even if you can get it, do you really think you’ll leave the West Sea with it? The Clam Phoenix Tribe is the royal family of the West Sea! Don’t even think about it! I advise you to let go obediently!”

Yun Feng smiled lightly. "Let's not talk about anything else. Do you think you can leave Sanglong Canyon alive?"

The three members of the Clam Phoenix Tribe curled their lips coldly. "What do you think..." The expressions of the three princes of the Clam Phoenix Tribe immediately changed. They looked at Yun Feng dumbfoundedly with an extremely awful expression. Yun Feng curled her lips. The dragon breath in their bodies had already begun to operate, so they certainly had to feel extremely uncomfortable.

"Why are you fine?" The Crown Prince of the Clam Phoenix Tribe said angrily. Yun Feng chuckled. "How about we make a deal? I'll keep the three of you alive. How about we cooperate for the time being?" Yun Feng smiled, but everyone else was puzzled, especially the three members of the Clam Phoenix Tribe. The indifferent smile in front of them was like a devil's. Once they agreed, there would be no turning back.

"What are you planning?" Jiao Yun questioned Yun Feng in a low voice with a sullen face. "It's obvious that their target is the map fragment. And yet, you still want to move with them!" The anger in Jiao Yun's eyes rose again. Yun Feng glanced at him and ignored him. She didn't need to explain to him what she was doing.

Seeing that Yun Feng ignored him, Jiao Yun said fiercely, "If you want to cooperate with them, don't blame me for turning against you!"

Luo Teng raised his brows. "Haven't you seen your position clearly yet? Can you survive here without Yun Feng? If anything happens to the delicate prophet, will you still be alive after you go back to the Chiwen Tribe?"

Jiao Yun's expression froze. That was indeed the current situation. He only felt much better when he stood next to Yun Feng. Qi Luo's condition was much better because of her. If he was standing opposite Yun Feng at this moment, and the strange canyon was still full of an inexplicably oppressive aura, he would really die if anything happened to the prophet. Jiao Yun held his breath. He only dared to say that. If they were really enemies, he was alone. How could he fight with Yun Feng? Jiao Yun glanced at Er Lei with fear and didn't say anything else.

"What Jiao Yun said makes sense. Those three people aren't idiots. Feng Yun, you..." Luo Teng didn't understand Yun Feng's intention either. Yun Feng didn't explain. She just looked at the three princes of the Clam Phoenix Tribe. "How is it? Have you considered it?"

"Outsider, do you really think you can scare us with a few words?" The Third Prince of the Clams looked at Yun Feng viciously, as if he wanted to hold on for a while longer. However, the dragon breath operating in their bodies already made them feel even worse and their expressions became even worse.

Yun Feng curled her lips. "It's not bad that the three of you aren't afraid of death. Then, just wait for death here." Yun Feng turned around and was about to leave after saying that, when the eldest son of the Clam Phoenix Tribe shouted, "Wait!" The other two members of the Clam Phoenix Tribe both looked at him in shock. The eldest son of the Clam Phoenix Tribe said in a low voice, "This outsider is right. There's something fatal to the Sea Clan in the Sanglong Canyon. We have to stay alive to find the map fragment!"

“It’ll be even better if you’re not afraid of death. It’ll save me a lot of energy!” The Crown Prince of the Clam Phoenix Tribe smiled sinisterly. The other two princes became anxious. How would they give up the opportunity of the map fragment? They wouldn’t let him take advantage of them! If he wanted to live, they would all stay alive together!

#### Chapter 1445 It’s You (1)

“Outsiders, we’ll believe you this time!” The three members of the Clam Phoenix Tribe finally expressed their stance. Yun Feng slowly turned around. It was not bad for the three of them to finally yield. She might have another life-saving talisman when she explored the Sanglong Canyon.

The three groups of forces, which were at each other’s throats, finally formed a temporary alliance because of mutual interests. They advanced deeper into Sanglong Canyon together. Even though they all knew that the map fragment was here, they still had to find the exact location. The Sanglong Canyon wasn’t small. Coupled with the dragon breath floating around, if Yun Feng’s Er Lei wasn’t here, none of the Sea Clan would probably be able to survive.

Er Lei kept absorbing the dragon breath into his body next to Yun Feng. Luo Teng, Jiao Yun and the still unconscious Qi Luo all followed Yun Feng, while the three members of the Clams led the way in the front. Er Lei also absorbed the dragon breath around them, ensuring that they wouldn’t die immediately.

The three princes of the royal family of the Clam Phoenix Tribe were the vanguards in the front, which made the three of them feel terrible in their minds. The three of them walked in the front. If they encountered danger, they would be the ones who died, but there was nothing they could do. They didn’t have the right to ask Yun Feng to be fair at all. They agreed to Yun Feng’s condition. If Yun Feng protected them from death, they could only listen to her arrangements. However, protecting them from death was only temporary. After all, there was already dragon breath in their bodies. They would die sooner or later.

The group kept going deeper carefully. Along the way, Yun Feng observed the terrain around. The area of Sanglong Canyon was quite large, but there were basically no signs of life other than plants. This was like a dead valley. They were the only living creatures here. However, where exactly did the dragon breath come from? It could spread to all parts of the canyon. Even though it was weak, the amount was huge and it even overflowed through the canyon to the area outside, like a natural barrier that blocked the approach of the Sea Clan.

Yun Feng became more and more determined about her original idea. Perhaps an unknown dragon was really buried in Sanglong Canyon. Even after its death, the breath of a powerful dragon couldn’t be dispersed. It still existed after so many years. Even though it was much weaker, it was still fatal to the Sea Clan.

However, why did the Dragon die in the Endless Ocean? Didn’t the Dragons live in the Dragon Valley? Yun Feng frowned. Perhaps the race had changed after a long time of tempering. Not just their appearance, but their living place and habits would also change obviously. Just like the Sea Clan that she met on the shore in the Sunken Moon Forest, hadn’t they changed fundamentally? Besides, the Dragons were so ancient. Perhaps humans hadn’t been born when they were active! The place where they

originally lived might really be at the bottom of the Endless Ocean. However, something changed later. They left the Endless Ocean, but there were some traces of them in the Endless Ocean.

For example, the faint dragon breath spreading in the Sanglong Canyon, the inexplicable reverence the Sea Clan of the Endless Ocean had for the Dragons, and the attitude of the Chiwen and the Chiyuan Tribes, who were proud of their Dragon bloodline! All of this meant that the Dragons had indeed lived in the Endless Ocean a long time ago!

Since the Dragons had most likely lived in the Endless Ocean, they should more or less know about the map fragment. Since there was a map fragment here, the most likely place where the map fragment appeared was the source of the dragon breath!

If a dragon was really buried here, where would it be buried?

Yun Feng looked at the terrain in the canyon below with her black eyes. It definitely wouldn't be on the ground, but as deep as possible!

"There's a cave ahead!" The three members of the Clam Phoenix Tribe, who were walking in the front, immediately said as they stepped back. "Go forward!" Jiao Yun shouted fiercely from behind. The three members of the Clam Phoenix Tribe turned around with a gloomy face. "If we go forward, we'll die. Why don't you go?"

Jiao Yu's expression changed drastically. Er Lei said to Yun Feng telepathically, "The density of the dragon breath in front has increased by more than a hundred times. It's difficult for me to get there. Yun Feng, you should think of another way to get in. You can't break in by force."

Yun Feng nodded. She also vaguely felt that the aura in front of her was very oppressive. Even if her body could transform, she still relied on the aura of the Sea Clan. Her body also couldn't withstand the corrosion of such a strong dragon breath. It was impossible to break through by force at all.

"I told you to move forward. Didn't you hear me?" Jiao Yun shouted again and looked at the three members of the Clam Phoenix Tribe furiously. The three princes stood there with a cold expression. "Outsider, if it weren't for the special situation right now, you wouldn't be qualified to talk to us at all, let alone order us around!"

"Humph! You're just a prisoner!" Jiao Yun snorted coldly. Yun Feng glanced at Jiao Yun. He was too arrogant. The man who mocked and belittled the Clams would cause trouble for them sooner or later. This was the West Sea. They weren't in his territory. Shouldn't he keep a low profile? Yun Feng didn't say anything. If Jiao Yun wanted to cause trouble, let him.

"What should we do now? Retreat the same way?" said Luo Teng. Jiao Yun said, "Of course not! The aura ahead is unusually strong. There must be something wrong. Perhaps... the map fragment is inside! We have to go in no matter what!"

The three members of the Clam Phoenix Tribe were also unwilling to give up, but they were just saying. None of them dared to break in. The aura was too strong. Once they got close, their bodies would probably be instantly corroded by the aura.

"You're the only one who has a solution right now." Jiao Yun looked at Yun Feng. "Take us in!"

Yun Feng raised her brows. Why should she take them in? Jiao Yu's commanding tone made Yun Feng unhappy. What right did Jiao Yu have to command others? How did he think he could cause trouble in other people's territory? "Take us in quickly!" Jiao Yu shouted loudly. Since they had already found the map fragment, there was certainly no need to keep this key!

The situation instantly changed. The three members of the Clam Phoenix Tribe and Jiao Yun gradually joined the same battlefield. The thing was right in front of their eyes. They couldn't just watch! Whoever had a solution must take them in!

#### Chapter 1446 It's You (2)

Luo Teng was secretly shocked when he saw the sudden change in the situation. He didn't care, but he still had to rely on Yun Feng to leave this place. He wasn't interested in the so-called map fragment at all. "Jiao Yun, what's with your attitude? Feng Yun saved your life!" Luo Teng said. Jiao Yun only sneered. "We're just taking what we need. Now that we've found the map fragment, her only use right now is to take us in! Otherwise... the three members of the Clams, you have the same thought, right?"

The three princes of the Clam Phoenix Tribe all sighed at Jiao Yun's viciousness in their minds, but they indeed had the same thought. "Of course. I advise you to open the way in front obediently, or..." The members of the Clam Phoenix Tribe and Jiao Yun all smiled viciously. Yun Feng only curled the corners of her mouth. Jiao Yun, you're truly shameless.

"I can take you in, but only one person." Yun Feng said with a smile at the corners of her mouth. The few of them were stunned. "Take me in!" Jiao Yun said loudly without thinking. Luo Teng whispered, "What about the prophet? Do you want to put her outside?"

Jiao Yun glanced at Qi Luo, who was holding him. "The most important thing is to find the map fragment. The king can understand."

"You're not qualified to step in here at all! Outsider, this belongs to the Clams!" The eyes of the three princes of the Clams immediately turned red. They were still on the same side as Jiao Yun just then, but now, they had all turned the tables. The argument between the two parties became more and more intense. In the end, the three members of the Clams couldn't help but start fighting. Jiao Yun was soon at a disadvantage against the three of them and could only defend passively. Yun Feng watched with a faint smile and didn't intend to interfere at all. Luo Teng also smiled gloatingly.

Jiao Yun knew that Yun Feng wouldn't interfere, so he vented his anger. He could only rely on himself. Luckily, the three members of the Clams were stirred up by the dragon breath. Jiao Yun barely tied with them. "Ha!" Jiao Yun shouted furiously. As expected of a fierce general of the Chiwen Tribe. His strength burst out in an instant and he sent the Third Prince of the Clams flying with a force!

"What?" The other two members of the Clam Phoenix Tribe couldn't help but feel shocked when they saw this. The direction where the Third Prince of the Clam Phoenix Tribe was sent flying wasn't anywhere else, but the entrance of the cave where the dragon breath was extremely dense!

"Argh!" A miserable voice came. The moment the Third Prince's body approached the entrance of the cave, the dragon breath around him crawled in desperately. He didn't even have a chance to resist. As if he was eaten alive by a ferocious beast, his body quickly shrank until a pile of bones and flesh fell on the ground.

“How disgusting.” Luo Teng couldn’t help but whisper as he turned around with a disgusted expression. Yun Feng looked at the Third Prince, who was instantly destroyed, with a bit of fear in her mind. That dragon breath was so powerful! The miserable state of the Third Prince, who was instantly killed, also shocked the few people who were fighting. Jiao Yun couldn’t help but feel a bit terrified in his mind when he saw this. The two people of the Clams had even more complicated feelings.

“What exactly is the aura spreading here...” The Crown Prince of the Clam Phoenix Tribe mumbled. Even though he really wanted these two brothers to die, he felt a bit uncomfortable in his mind when one of them really died, especially in such a miserable way.

“Buzz...” A tremor suddenly came from the air, making their eardrums hurt. Everyone looked around vigilantly. “What happened?” Jiao Yun roared. Luo Teng’s black eyes darkened and he quickly looked around, feeling very uneasy.

“Buzz...” An even stronger tremor came!

“Buzz! Boom...” This time, the entire Sanglong Canyon was shaking! Something seemed to be stirring underground and breaking through the air!

“Oh no!” Luo Teng shouted as his body retreated quickly. He turned around and ran out of the canyon with all his might. He was extremely fast. Before the others could react, he had already run a long distance!

“The dense dragon breath at the entrance of the cave seems to be about to explode.” Er Lei’s voice flashed through Yun Feng’s mind as he quickly looked at the entrance of the cave with his black eyes. The originally colorless and invisible dragon breath was so thick that its shape could be seen. It slowly gathered like mist, as if it was about to rush out of the cave and spread!

If such a strong and dense dragon breath burst out, the consequences could be imagined!

The two princes of the Clam Phoenix Tribe frowned hard and looked at the hole that was about to explode unwillingly. In the end, they could only grit their teeth and run away! The map fragment wouldn’t run away on its own. They might be able to enter after the aura spread out. They had to run out first!

The two members of the Clams turned around and retreated. Jiao Yun gritted his teeth and held Qi Luo in his hand. He glanced at Yun Feng, who was still standing there without moving. “You’re still not leaving?”

Yun Feng turned around and glanced at Jiao Yun. “Yes, but we’ll have to wait a while longer.”

Jiao Yu’s eyelids twitched hard. He always felt that Yun Feng had a way to protect herself. Otherwise, why didn’t she run for her life? Jiao Yun wanted to stay too, but thinking of the grudge between him and Yun Feng, it was impossible for her to protect him even if she had a way to protect herself... Jiao Yun’s eyes glittered a few times. In the end, he gritted his teeth fiercely. There was nothing he could do! No matter how unwilling he was, he should escape first!

Everyone escaped, except Yun Feng, who was still standing there. She looked at the deep hole in front of her with her black eyes and felt the dragon breath that was getting closer and closer to the eruption

point. Er Lei turned into a beam of purple light and entered the Ring of Contract. Yun Feng smiled with her red lips. At this moment!

“Boom!”

Its aura was like a dragon, its body was like a dragon and its roar was like a dragon!

Thin white mist instantly burst out of the entrance of the cave, breaking the sky like a long dragon going out to sea! A huge dragon breath exploded at a point and instantly swallowed Yun Feng, as well as her smiling eyes!

“Swish...” A subtle sound came. Yun Feng’s body had already disappeared before the dragon breath arrived!

The few people who were running out heard the huge noise behind them and knew that something was wrong. If they couldn’t escape before that thing arrived, they would all die here! Luo Teng was the first to escape from the canyon, followed by the Crown Prince of the Clam Phoenix Tribe. Both of them were panting heavily after escaping. They were extremely scared when they thought of the earth-shattering sound.

Chapter 1447 It’s You (3)

Jiao Yun’s black eyes were deep. Carrying Qi Luo, he had already increased his speed to the maximum, but he was still not as fast as the dragon breath that had already exploded behind him! Jiao Yu looked at Qi Luo in his hand with a fierce glint in his eyes. If he left her behind, he would be able to escape. If he didn’t leave her behind, he would lose his life! There would be another prophet of the Chiwen Tribe, but his life... he had to keep it for himself!

Jiao Yun loosened his fingers, and Qi Luo’s body fell from the sky. Jiao Yun glanced at her from the sky and sped up without hesitation. Qi Luo, who was unconscious, slowly opened her eyes at this moment and saw Jiao Yun’s back that abandoned her. In an instant, the dragon breath had already arrived and swallowed Qi Luo’s body!

“You’re quite ruthless. You abandoned a prophet.” The sarcastic voice of the Second Prince of the Clams sounded from the side. Jiao Yun glanced at him with a sullen face. Nothing was more important than his life! Besides, the map fragment had already been found. He could push the death of the prophet to anyone. With the map fragment, the King wouldn’t mind!

“Boom...” The surging and roaring aura behind was like a dragon’s roar. The expressions of Jiao Yun and the Second Prince of the Clam Clan froze!

“I’m indeed ruthless.” Jiao Yun smiled viciously. “I need some extra help!”

The Second Prince of the Clam Phoenix Tribe was shocked. Jiao Yun burst into laughter and arrived next to the Second Prince of the Clam Phoenix Tribe in a flash. He quickly stepped on him and rushed forward fiercely!

“Argh!” The Second Prince, who was used as a stepping stone, fell back with a scream and was quickly swallowed by the dragon breath that was chasing after him. A vicious glint flashed through Jiao Yun’s eyes. It wasn’t easy for him to deal with the three of them together, but they weren’t his match

individually! Looking at the exit in front of him, Jiao Yun's face darkened. Then, he finally rushed out with the force of the step just then!

"Boom—" All the dragon breath hit the four walls of the canyon, but it didn't seep out of the exit. Jiao Yun rushed out of the exit in a sorry state. Before he could take a breath, countless forces hit him from all directions. He staggered and immediately knelt on the ground, spitting out blood.

The Crown Prince of the Clam Phoenix Tribe stood there with a cold face. There were masters of the Clam Phoenix Tribe all around. Jiao Yun glanced over and saw that Luo Teng was already gone. The Crown Prince of the Clam Phoenix Tribe looked at Jiao Yun. "Aren't you very arrogant, outsider?"

Jiao Yun's eyes glittered. The Crown Prince of the Clam Phoenix Tribe said, "Where are the others? And the prophet you mentioned?"

Jiao Yu raised his head with blood at the corners of his mouth. "Feng Yun killed your other brother. The prophet... too."

The Crown Prince of the Clam Phoenix Tribe suddenly narrowed his eyes. He certainly knew whether Jiao Yun was telling the truth or not. He only exclaimed that this outsider was so ruthless and even pushed the blame so quickly. However, that was good. It didn't matter who took the blame. It was fine as long as he wasn't the one who took the blame. Now that the two of them were dead, he wouldn't suffer a loss.

"Press him down and take him away!" The Crown Prince of the Clam Phoenix Tribe shouted as Jiao Yun was taken away. Before he left, he looked at Sanglong Canyon unwillingly. The Crown Prince also looked at Sanglong Canyon unwillingly. There was no way to go in at all right now. If he went in, he would die. It seemed that he had to think of another way. He should find that grandmaster-level pharmacist and by then, he should be able to solve the problem.

The Clam Phoenix Tribe quickly left with Jiao Yun. Soon, there was no one. Luo Teng stuck his head out of the high slope carefully and stared at the entrance of the cave. Feng Yun didn't come out? His expression changed. After the members of the Clam Phoenix Tribe left, Luo Teng jumped down and looked at the entrance with a complicated expression. Did she not escape?

Luo Teng didn't believe that Yun Feng would die. If she died, where could he get that thing? Did he have to go in and search? If he stayed in the valley for a long time, he would die. Luo Teng pulled his hair in frustration and sat on the ground with his legs crossed. "I'll wait! I don't believe that you really won't come out! I don't believe that you'll die inside!"

How could Yun Feng possibly die? At this moment, she was already in the Dragon Palace. Mu Canghai, who was in the Dragon Palace, was originally very worried, but there was nothing he could do if Yun Feng didn't let him out. However, he was also relieved to see that she was safe and sound. At this moment, the Dragon Palace had already cleverly turned into a speck of dust and sneaked into the deep hole, moving forward constantly.

"Is a dragon really buried in Sanglong Canyon?" Mu Canghai was puzzled. He wasn't sure about Yun Feng's bold guess. Yun Feng frowned. "Perhaps, this is all unknown. If a dragon is really buried, it should be different from the current Dragons."

Mu Canghai nodded. "Won't it be dangerous if we keep going deeper like this?"

Yun Feng was still frowning. "I don't know, but I'm sure the map fragment is here. There should be no doubt!"

The speck of dust floated forward in the deep hole. Its surface emitted a faint glimmer. The hole was very long. After moving for a few days, she still couldn't find the end. Besides, it was completely dark along the way. The passage was narrow and there was nothing else except darkness. The only thing that made Yun Feng gratified was that the deeper she went, the thicker and purer the dragon breath!

After waiting patiently for a few more days, Er Lei's voice suddenly sounded in Yun Feng's mind. "It's just ahead! I can feel that the source of the aura is ahead!" Yun Feng was immediately a bit delighted. They had finally reached the source after so many days! Was there a dragon buried here? If not, what was emitting such strong dragon breath? And the map fragment! Could it be here?

Yun Feng turned her wrist. She originally wanted to check if there were any detailed records of the dragon breath in her master's notes, but she accidentally saw the Finger Spiritual Jade. A light spot on the Finger Spiritual Jade kept flashing intermittently. Yun Feng couldn't help but widen her black eyes when she saw this! How was that possible?

Yun Feng immediately took out the Finger Spiritual Jade and held it very tightly in her hand. Yun Feng looked at the flashing mark on the jade pendant. That familiar aura had already left her for a long time. She had never thought that they would meet again in such a place! "What's wrong?" Mu Canghai couldn't help but ask in confusion when he saw Yun Feng's rather excited expression. Yun Feng chuckled and turned around indifferently. "I really didn't expect to meet him on this endless trip."

Chapter 1448 It's You (4)

Him? Mu Canghai raised his brows in confusion. Was it Qu Lanyi? Or someone else?

"We're here!" Er Lei's voice sounded. Yun Feng also clearly felt that the Dragon Palace was traveling in a vast area, leaving the narrow dark passage. Looking at the light spot on the Finger Spiritual Jade, Yun Feng had a smile in her eyes. How long had it been? She wondered how he was.

"I'll go out first. You should stay here." Yun Feng was worried about Mu Canghai. Mu Canghai could only nod. Since there were people Yun Feng knew nearby, he could be at ease. Seeing how happy Yun Feng was, he should be a very good friend. However, which friend would appear here?

"I'm going out," said Yun Feng. Mu Canghai nodded. "Be careful."

Yun Feng nodded and her body instantly flashed out of the Dragon Palace. A beam of purple light also appeared. The moment the Er Lei appeared, the silver snakes danced crazily. They thought there would be a strong dragon breath, but the two of them obviously couldn't feel that aura. In its place was another familiar aura!

"F\*ck, how long am I going to be locked up here? I want to get out!" A furious roar came from the depths. The smile at the corners of Yun Feng's mouth became bigger. Er Lei's eyes glittered. Then, his body suddenly darted forward and he roared, "F\*ck you! I've finally seen you!"

Er Lei ran deeper as he cursed. Even though his words were rough, he couldn't hide the excitement in them. Yun Feng also followed him with a smile in her eyes. Thinking of that familiar figure, she couldn't help but think back to many years ago. How long had it been... She didn't expect to meet him here.

"Ao Jin! F\*ck you, get out here right now!" Er Lei's earth-shattering roar resounded throughout the entire cave. The wall shook slightly. After a few seconds of silence, a voice burst out. "Lei! Why are you here?"

The smile in Yun Feng's eyes became deeper. The familiar voice and the familiar aura. Everything seemed to have returned to the time when she met Ao Jin. At that time, she accidentally broke into a place in the Great Crack and met Ao Jin, who was trapped inside. The scene today was so similar. Yun Feng sped up a lot. How was Uncle Flirtatious right now? What would he become? Yun Feng was especially excited to reunite with her old friend. Yun Feng sped up and rushed deeper. She saw a hazy light at the end. Yun Feng sped up even more and the light became bigger and bigger. Yun Feng jumped in and saw Ao Jin... an extremely familiar figure.

The messy uncle image appeared again. He was really the same as Er Lei... sloppy. Yun Feng thought of Ao Jin's originally handsome appearance and then looked at the figures of the two men in front of her. She really couldn't tell what kind of awkward feeling she was in her mind. In the end, she smiled.

Ao Jin, who looked like a messy uncle, hadn't had time to catch up with Er Lei when he suddenly heard a voice that he hadn't heard for a long time. He turned around and saw Yun Feng, who was standing not far away with a smile and had already grown up. Ao Jin still couldn't accept it. After all, Yun Feng was just a half-grown child when he met Yun Feng, but now... she was a beautiful woman.

Those golden eyes narrowed. Ao Jin immediately ignored Er Lei and rushed over in big steps. His speed was so fast that Yun Feng was picked up by a pair of strong arms before she could react! "Kid! It's you!"

"Put me down! Put me down!" Yun Feng's face completely flushed. She wasn't little anymore. But Uncle Flirtatious raised her so high like he was holding a child! Looking at Yun Feng's flushed face, Ao Jin was a bit dazed. How many years had it been? He hadn't seen her again since they separated in the Yun family that time. He originally wanted to find the girl, but he didn't expect things to turn out this way. They met here!

Ao Jin held Yun Feng up and immersed himself in his own thoughts. He looked at Yun Feng foolishly with his golden eyes. Yun Feng blushed and roared, "Uncle Flirtatious! If you don't put me down, I'm going to attack!"

"What? Kid, what did you say?" Ao Jin was still in a daze. Yun Feng blushed and immediately extended her finger. A beam of white light suddenly flew out of Yun Feng's bracelet and two rows of sharp teeth bit Ao Jin's arm fiercely!

"Argh!" Ao Jin suddenly cried out in pain and quickly put Yun Feng on the ground, trying to save his injured arm. The sharp teeth retreated the moment Yun Feng was released and the white light returned to Yun Feng's shoulder like lightning. Meatball looked straight at Ao Jin with the same provocation and threat in its big eyes. Its little body also arched completely, as if it wanted to say, "I dare you to touch Yun Feng again."

Ao Jin finally came back to himself. He looked at the bleeding wound on his arm and smiled wryly. "Its teeth are still so powerful. I can see blood after just one attack."

Er Lei walked over and looked at Ao Jin unhappily. "You deserve it! You forget your friends when you see a woman!"

Ao Jin was stunned for a moment. Then, he smiled a bit embarrassedly and looked at Yun Feng with his golden eyes. "Kid, it's been so long. Did you miss me?"

Yun Feng was a bit embarrassed. Was Ao Jin still calling her a kid? Even though she looked very young, she was really almost thirty years old and her mental age was much older than thirty! Er Lei glanced at Ao Jin weirdly on the side with a conflicted look. "What's wrong with you? Why are you talking like this? I'm so freaked out!"

Yun Feng chuckled. "It's been so long. Uncle Flirtatious is still the same as before."

Ao Jin was stunned again. After thinking about his current image, his expression suddenly changed and golden light immediately surged out of his entire body. When he appeared again, he had already returned to his original handsome appearance. His soft and elegant golden hair and facial features that were like sculptures, as well as his eyes that were glittering with faint golden light. The change from his messy uncle appearance just then to his current handsome man was extraordinary.

"F\*ck! You said back then that you and I would look like this after transforming!" Er Lei roared in dissatisfaction. Ao Jin glanced at him with his golden eyes. "If you're dissatisfied, you should return to your original appearance." Er Lei's purple eyes immediately widened. "I don't want it!"

#### Chapter 1449 Ao Jin Appears (1)

Yun Feng listened to the two of them talk and looked at Er Lei thoughtfully. "Did you agree on such a sloppy image back then?"

Ao Jin smiled awkwardly and was about to explain, when Er Lei said unhappily, "Ao Jin specially chose it. He told me that he'd considered for a long time and believed this image represented our personality the most."

Yun Feng looked at Ao Jin suspiciously. Ao Jin stood there awkwardly and didn't know what to say. Yun Feng suddenly smiled. With Uncle Flirtatious's taste, that was indeed possible... "What does Er Lei look like?" Yun Feng asked after laughing. Ao Jin was about to say something when Er Lei became a bit angry. "If you tell her, I'll cut ties with you in the future!"

Yun Feng raised her brows. "I've seen your original form. What's wrong with looking at your original transformation?" Didn't Little Fire have the same attitude back then? In the end, wasn't it just a little boy when it transformed? According to Uncle Flirtatious' original form, perhaps Er Lei was also a handsome man who hid himself well?

"You've seen his original body? Did you...?" Ao Jin looked at Yun Feng and Er Lei in surprise. Yun Feng nodded, while Er Lei directly rolled his eyes. "Didn't you leave a message for me? Luckily, she didn't let me down. Not bad."

Yun Feng was speechless. Not bad. That was Er Lei's evaluation of her. There was a smile on Ao Jin's face as he patted Er Lei's shoulder. "You were right to listen to me. She won't let you down."

Yun Feng looked at Ao Jin in front of her. His handsome face was still the same as before. Time didn't leave any traces on it. After reuniting and catching up, what Yun Feng wanted to know the most was why Ao Jin appeared in this place.

"Uncle Flirtatious, why are you here?" asked Yun Feng. Ao Jin smiled wryly. "It's a long story. What about you? Why did you come to this godforsaken place?"

"It's a long story. Do you want to talk first, or do you want me to talk first?" Er Lei said. Ao Jin burst into laughter. At this moment, his handsome face didn't match his words and actions. Yun Feng thought that the uncle's image was indeed more suitable.

"It doesn't matter who talks first!" Ao Jin sat down and looked much more relaxed. He had never thought that he would meet Er Lei and Yun Feng here, especially Yun Feng. Ao Jin looked at her again and again and found that he couldn't get enough of her.

"Nana!" Meatball sat on Yun Feng's shoulder and roared threateningly. Ao Jin chuckled and finally looked away. "Where's that woman called Qu Lanyi? Why isn't she with you? Isn't she very close to you?"

"That woman?" Er Lei frowned and looked at Ao Jin suspiciously. Yun Feng immediately remembered that Uncle Flirtatious still didn't know Lanyi's real gender. "Qu Lanyi is currently busy with family business!" Yun Feng smiled lightly and changed the topic. She wasn't sure how Uncle Flirtatious would react after knowing that Lanyi was actually a man.

"Oh, makes sense." Ao Jin nodded after hearing that and didn't ask anything else. After all, Ao Jin's mind was still pure. He believed whatever Yun Feng said and had never doubted her. The three of them sat down and put the map fragment and the source of the dragon breath behind them. Right now, the most important thing was to find out what they had experienced over the years.

"I haven't been able to contact you for so many years. Did something happen to the Dragons?" Er Lei asked in a deep voice. Yun Feng was also a bit worried. "The last time I said goodbye to you, you said that you would go back to Dragon Valley to deal with something and you'd contact me after you're done, but I haven't heard from you since."

Ao Jin sighed softly as a trace of vicissitudes of life flashed through his handsome facial features. This was an expression that would only appear after experiencing a lot of things. "When I returned to the Dragon Valley back then, most of the things in the clan were just small matters. I didn't take them seriously. After all, the Black Dragons helped me deal with them. I thought I could leave soon, but I didn't expect them to come to the Dragon Valley."

A trace of anger suddenly flashed through Ao Jin's golden eyes. The killing intent instantly made his handsome facial features look ferocious. Er Lei and Yun Feng both narrowed their eyes. Were they... referring to Blood Souls?

"A group of humans broke into the Dragon Valley. I don't even need to think to know who did this!"

“Were they wearing a black robe with unique blood patterns and weird dark elements?” Yun Feng asked. Ao Jin looked at Yun Feng in shock. “Kid, how did you know?”

Er Lei said solemnly on the side, “Because Yun Feng has fought with them more than once along the way.”

Ao Jin looked gloomy. “How dare they come to you!”

“Those bastards of the Red Dragons, I’ll pull out all their tendons sooner or later!”

“What’s the purpose of the Blood Souls going to the Dragon Valley? Are they interested in the Golden Dragon Bloodline?” Ao Jin frowned after Yun Feng asked. “Bloodline? If they dare to have designs on my Golden Dragon Bloodline, I’ll make them wish they were dead!”

“If it’s not a bloodline, what is it? The few times the Blood Souls confronted Yun Feng, they were collecting bloodlines.”

“They wanted something from me. It had nothing to do with bloodline. Even if they get the bloodline of the Dragons, they won’t be able to absorb it. They’ll all explode and die sooner or later!” Ao Jin sneered. Er Lei was quite impatient on the side. “Get to the point! I don’t care what you want!”

“A map fragment. They came to the Dragons to ask me to hand over the map fragment.”

As expected, the Dragons knew about the map. The Dragons might also keep a piece of the map! “Did you give it to them?” Er Lei frowned. Ao Jin replied fiercely, “Of course not! Who do they think I am? They’re not qualified to ask me for anything!”

Ao Jin didn’t hand over the map fragment. How would the Blood Souls let it go? “Uncle Flirtatious, how are the Dragons right now? If there’s anything I can help with, I’ll do it!”

“Kill those bastards of the Blood Souls!” A few little white snakes on Er Lei’s body darted out vaguely, making crackling sounds. Ao Jin burst into laughter. “If those bastards of the Red Dragons have the courage to betray the Dragons, don’t blame me for not protecting them! Don’t worry. The Dragons aren’t seriously injured. Since I’m the Young Master of the Dragons, I certainly won’t let any of them be hurt!”

#### Chapter 1450 Ao Jin Appears (2)

Er Lei burst into laughter and was extremely happy. Yun Feng also smiled in relief. That’s right. With Uncle Flirtatious here, the Dragons wouldn’t be injured much. No matter how powerful the Blood Souls were, even if the Red Dragons betrayed them, the Black Dragons and a Golden Dragon weren’t easy to deal with. The defense of the Dragons was extremely terrifying. Their natural sharp claws and powerful strength were enough to make the Blood Souls suffer. According to Ao Jin’s memories, both parties were injured at that time, but the Dragons were full of vigor. There were giant dragons in the sky. Just the scene was already terrifying.

Originally, Ao Jin and the Black Dragons were on guard against the Red Dragons and didn’t trust them completely. It was expected that the Red Dragons would change sides. Ao Jin also prepared a lot against the Red Dragons. Ao Jin’s outbursts that day were unimaginable for the Red Dragons. The Blood Souls retreated from the Dragon Valley in panic and didn’t get any advantage.

“The Blood Souls have retreated for the time being. Where are those bastards of the Red Dragons? Do they still have the face to stay in Dragon Valley?” Er Lei frowned and asked.

“Those dragon bastards have already run away with the Blood Souls. If they still dare to appear in front of me, I’ll skin them alive!”

“The Dragon Valley isn’t safe anymore. The Blood Souls and the Red Dragons might make a comeback.” Yun Feng said in a deep voice. She knew the personality of the Blood Souls too well. One failure couldn’t make them give up. In order to get what they wanted, they would do everything they could! The temporary retreat was just to prepare for the next attack!

“I know that too. I wanted to transfer the Dragons to the Dragon Palace, but I didn’t expect...” Ao Jin sighed. “The Dragon Palace disappeared for no reason!”

Er Lei was shocked. Yun Feng was a bit embarrassed. When she started refining the Dragon Palace, it also meant that the Dragon Palace didn’t belong to the Dragons. Naturally, it wouldn’t be controlled by the Dragons anymore. She originally wanted to explain this situation to Ao Jin, but she didn’t have a chance by accident.

“I’ve tried many times, but there’s no response every time. In the end, I had no choice but to come out and find a place of refuge. The Endless Ocean is the best choice, but I didn’t expect to fall into such a dilapidated place by accident! I can’t get out!” Ao Jin looked around helplessly. Er Lei smiled awkwardly and didn’t know how to explain the disappearance of the Dragon Palace.

“Uncle Flirtatious, there’s something I want to tell you.” Yun Feng said as she looked at Ao Jin with her black eyes. Ao Jin looked over with a hint of warmth in his eyes. “Kid, do you have to hesitate when you talk to me?”

Yun Feng took a deep breath. She knew Ao Jin’s personality, but it didn’t mean that he would still be like this after knowing everything she said. After all, the Dragon Palace had always been with the Dragons. The Dragons certainly thought that the Dragon Palace belonged to the Dragons. Even Yun Feng thought so back then, until she met the real master of the Dragon Palace, Li Qingxuan, on the tenth level of the Dragon Palace.

Yun Feng told Ao Jin everything that happened in the Dragon Palace, starting from the moment she entered the Dragon Palace. Ao Jin became more and more serious. Er Lei was suddenly a bit anxious on the side. If Ao Jin flew into a rage in the end, should he protect Yun Feng? Yun Feng said everything in one breath and waited for Ao Jin to digest it. Ao Jin sat there solemnly for a long time. In the end, he said very solemnly, “I’ve always thought that it didn’t belong to the Dragons. I finally understand now. I was right in the past.”

Er Lei was dumbfounded. Yun Feng was shocked. Ao Jin burst into laughter after saying that. “Now that that thing is in your hands, I’m relieved. If it’s in someone else’s hands, I’ll definitely get it back!”

Er Lei smiled, and so did Yun Feng. Uncle Flirtatious was truly... such a cute dragon! Dragons were greedy by nature, especially when they thought it was something that belonged to them. They would never give it away to anyone else. Ao Jin was considered a weirdo of the Dragons. If it were another dragon, it would probably have already flown into a rage with Yun Feng and roared at her, asking her to return the Dragon Palace.

Thinking of the mysterious and huge dragon patterns on the ground of the fifth level of the Dragon Palace, Yun Feng wondered if that place was specially prepared for the Dragons. Otherwise, how could the fifth level be empty with only that huge pattern? Ao Jin originally wanted to transfer the Dragons to the Dragon Palace, but Yun Feng had the same thought now. If the Dragons were willing, she could provide them with the fifth level. Temporary shelters were still possible. It was more important to avoid the attacks of the Blood Souls and the Red Dragons.

Yun Feng told Ao Jin what she thought, but Ao Jin shook his head. Even Er Lei kept shaking his head. "Just forget about it, Yun Feng. Apart from Ao Jin, nobody else can accept the fact that the Dragon Palace doesn't belong to the Dragons. If the dragons know about this, they'll definitely clamor for you to return it. If you don't, they'll take it forcibly."

"That's right, girl. I know you have good intentions, but those dragon cubs don't understand your kindness. Forget it. The Endless Ocean is very vast. It's not difficult to find a place to live. Besides, the dragons are no stranger to this sea. We've finally returned to our roots."

Looking at Ao Jin's smile, Yun Feng felt that the handsome man in front of her had suddenly grown up. He didn't care about anything about the Dragons back then. He wouldn't ask anything even if the Dragons were in chaos. However, he came to the Endless Ocean with the fate of the Dragons on his back right now. Ao Jin had grown up. He wasn't the arrogant and irritable young man back then anymore, but the leader of a clan who knew how to take responsibility.

Yun Feng smiled. It turned out that she wasn't the only one who grew up along the way. There were many, many people who grew up together.

"It's not difficult to find a habitat in the Endless Ocean, but how do we bring the Dragons here?" Yun Feng asked with a smile and raised her brows. Ao Jin was startled. "That's easy... They can fly here..."

"A group of dragons flying in the sky?" Yun Feng raised her brows. She couldn't possibly give up helping Ao Jin because she was afraid that the Dragons would make things difficult for her. She didn't want to help the Dragons, but Ao Jin.

"Although most of the areas where the Blood Souls are active are on land, there are also traces of them in the Endless Ocean. I have confirmed that the Blood Souls have a branch base in the Endless Ocean." Yun Feng's face darkened when she said this. Ao Jin's eyes glittered fiercely after hearing that. "Did those bastards touch this place too?"
