Chapter 1451 Ao Jin Appears (3)

“Not really. There’s a base, but there aren’t many traces of their activities. Otherwise, how would these Sea Clan members be able to live so comfortably? We came here because of the news of the map fragment. The Blood Souls value the map fragment so much. If they were active, they would also come here.”

Ao Jin was surprised. “The map fragment? You’re interested in this thing too?”

Yun Feng nodded honestly. “There seems to be a deep secret hidden behind the map fragment. The Sea Clan wants it, and so do the human powerhouses. Now, even the Blood Souls have exposed their interest in this thing.”

Ao Jin flipped his hand and a small piece of the map appeared in his hand. “I really don’t see what’s so special about this thing. The Dragons also value this thing very much. This piece has always been kept by the Golden Dragons. When my father gave it to me, I wanted to throw it away.”

Both Er Lei and Yun Feng looked a bit embarrassed. This was indeed something that only Ao Jin would do. Yun Feng also took out the two fragments she had. Ao Jin was surprised. “Kid, you have two!” As he said that, he habitually touched Yun Feng’s head with his big hand. Meatball roared and Ao Jin finally retracted his hand.

One of the two pieces in Yun Feng’s hand belonged to the Yun family, and the other was obtained in the territory of the merfolk. They couldn’t connect to each other or the piece in Ao Jin’s hand at all. Yun Feng felt that it was a pity, but Ao Jin smiled indifferently and put his map piece in Yun Feng’s hand. “It’s for you. Keep it well, girl.”

Yun Feng was shocked! He gave it to her! Uncle Flirtatious gave her the map piece that the Dragons regarded as a treasure just like that! “I can’t take it!” Yun Feng wanted to return it to Ao Jin. She didn’t want anyone to give her favors. Besides, it indeed belonged to the Dragons. She couldn’t take it.

“Take it! This thing is useless to the Dragons, and even more useless to me!” Ao Jin roared. “I don’t care what’s behind this map at all. If it weren’t for this thing, the Dragons wouldn’t have encountered such a disaster. I don’t treat it as a treasure. I only treat it as trash! I only care about how the Dragons can continue to survive right now and how to move them without being discovered!”

Looking at the map fragment in her hand, Yun Feng was silent for a long time. In the end, she accepted it calmly. “It’s the best choice to use the Dragon Palace to transport the Dragons here. There’s no better way.” Yun Feng said. Ao Jin immediately denied it. “No!”

Er Lei frowned. “What do you mean? Do you have any other choice other than Yun Feng’s Dragon Palace? How long are you hesitating? The Blood Souls and the Red Dragons might already be ready to attack for the second time!”

“If I say no, then no!” Ao Jin roared as his voice kept echoing in this space. Meatball glared at him in dissatisfaction and turned its body around, pointing its butt at Ao Jin’s face. It was better not to look at him. Yun Feng chuckled and said, “I’ll accept the map piece of the Dragons. I can’t take it for nothing. If you don’t want me to do anything, I won’t give up.”

Ao Jin glanced at Yun Feng helplessly. He knew that she was stubborn. Once she set her mind on something, she wouldn't look back. If she insisted on doing something, she must do something. Ao Jin sighed. "Kid, I'm just afraid that they'll..."

"Bullshit! I don't believe you can't suppress those dragons!" Er Lei roared. "Are you going to let those dragons bully Yun Feng?"

"Of course not! If anyone dares to touch her, I'll skin them alive!"

Yun Feng smiled. The Dragons were truly pitiful. They were often at the risk of being skinned. "Isn't that enough?" Yun Feng said. "With you here, how would the other members of the Dragons dare to object?"

Ao Jin glanced at Yun Feng with a complicated look. He knew that the current situation didn't allow him to consider anymore. This was indeed the best and only feasible solution. A vicious glint flashed through his golden eyes. Whoever dared to say anything bad about the girl would definitely not be let go! However, a problem appeared right now. "I agree, but how exactly can we get out of this damn place?"

Yun Feng and Er Lei looked around. They had come in from the dark passage outside. It shouldn't be a problem for them to get out again, but Ao Jin shook his head. "I can't get out of this cave at all. That passage is right in front of me, but I can't get close at all. Something seems to be trapping me here!"

"Could it be your Golden Dragon Aura?" Yun Feng was puzzled. The cave was full of Ao Jin's Golden Dragon Aura and there was no aura of the Sanglong Canyon at all. Ao Jin's Golden Dragon Aura expelled all the primitive aura here! Golden Dragons were indeed powerful. No wonder they became the leaders of the Dragons.

"I've restrained my aura, but it's useless! I've tried too many methods. I transformed into my real body and thought I could break this place, but I was almost stuck to death!" Ao Jin was indignant when he said this. Er Lei burst into laughter. Imagine, the enormous true body of the Golden Dragon didn't break the surrounding mountain walls and was stuck in such a small space. That scene should be very funny.

Yun Feng pondered secretly. If that was the case, it would be easy. She could put Uncle Flirtatious into the Dragon Palace and get out. The Dragon Palace could transform into anything. A speck of dust wouldn't be blocked outside, right? "Don't think about that for now. Kid, you said you came here to find the map fragment. Do you have any clues?"

Ao Jin frowned. "What's strange is what I said just then. There's nothing else."

"The information I got said that the map fragment is in the canyon. There's no exact location. However, according to my speculation, the map fragment should be buried here where the dragon breath originated!" Yun Feng looked around. "However... the dragon breath is already gone here."

"A canyon? You mean this cave is in a canyon?" Ao Jin asked in confusion. Yun Feng was shocked. "You don't know?"

"There's a Teleportation Array that leads to the Endless Ocean among the Dragons. There was a problem with the Teleportation Array. I was forcibly pulled here. I don't know where I am at all." Ao Jin looked a bit sullen. The quality of the Teleportation Array in the Dragons didn't seem to be very good.

Yun Feng sympathized with what happened to Ao Jin. She had never encountered a faulty Teleportation Array. The most unstable time was when Ling Xiaoyun's father forcibly teleported them to the Central Continent. Some things of the ancient races should indeed be upgraded. Yun Feng briefly introduced the situation in Sanglong Canyon. After hearing that, Ao Jin said, "With the existence of the Dragon Breath, it's really possible that some Dragon died here. The Dragon Breath still hasn't dissipated after so long. It must be a very powerful old guy."

Chapter 1452 Ao Jin Appears (4)

"Uncle Flirtatious, do you have a way to sense that dragon breath?" Since it was a member of the Dragons, Ao Jin should be able to sense it. Speaking of powerful ancient dragons, the Golden Dragons should also be among them. Ao Jin nodded and tried to exclude his aura, feeling the different dragon breath. Yun Feng and Er Lei waited quietly, waiting for Ao Jin's result.

The golden eyes suddenly opened. Yun Feng and Er Lei were delighted. "Found it. It's here!" After Ao Jin said that, Er Lei roared, "Damn it, we know it's here. Where exactly is it?"

Ao Jin glared at Er Lei furiously. "Lei, it's been a long time. Your temper has grown a lot."

"Cut the crap!" Er Lei roared impatiently. Yun Feng was a bit shocked. It seemed that the two of them were extraordinarily close. Otherwise, who would dare to say that Ao Jin? He glanced at the ground with his golden eyes. "It's down here."

Down here? Yun Feng looked at the ground under her feet and touched it with her hand. It wasn't very hard and she didn't know if her strength could break it. She glanced around with her vertical pupils and Yun Feng's hand immediately transformed. The power of the Magic Beast gathered in her hand and she slapped the ground fiercely!

"Boom..." The ground shook a few times with this muffled sound, but there was no reaction. There weren't even any cracks.

Yun Feng was shocked. Ao Jin looked at Yun Feng's hand and said, "The aura in your body is also very powerful, but it's unstable. Let me do it."

Golden light flashed and Ao Jin's hands instantly transformed. The enormous claws of the Dragons showed astonishing power. He aimed at a certain spot on the ground and slapped hard with his dragon claws. The front of his sharp claws also instantly sank into the ground. "Whoosh." He raised his dragon claws, but he only grabbed some soil. The soil fell to the ground, but the ground still didn't move at all.

Ao Jin was shocked. Er Lei burst into laughter. "Get out of the way. I'll do it!"

Ao Jin glanced at Er Lei in disdain. Yun Feng waited. Er Lei had the bloodline of the ancient demon dragon in his body, so his power was certainly beyond words. Besides, the lightning element had extremely strong explosive power. He might really succeed. Er Lei clenched his fists and countless silver snakes appeared on his surface. The sound of lightning crackled. "Watch me!" Er Lei roared and punched the ground!

"Boom... Boom..." The ground shook twice in a row and there was nothing else!

Er Lei was stunned. Ao Jin burst into laughter. Er Lei punched continuously in embarrassment and anger. The ground shook continuously, but it was still tenacious and unmoved. Yun Feng touched the ground again. It felt like ordinary ground, but why couldn't the three of them break it? Even Uncle Flirtatious didn't succeed? Did it need any special conditions? The only special thing in the entire canyon was the existence of dragon breath. This was also the source of dragon breath. Dragon breath, dragon breath... dragon breath!

"Uncle Flirtatious, try using your dragon breath!" Yun Feng's suggestion made Ao Jin frown weirdly. In the end, he still nodded, but he reminded carefully, "Close your ears later. I don't want to hurt you."

Yun Feng nodded. Even though she didn't know why, Ao Jin turned to Er Lei. "You don't have to."

Er Lei said in disdain, "I know. I'm also a dragon. Of course I don't have to."

Ao Jin burst into laughter. Yun Feng quickly blocked her hearing and also blocked Meatball's little ears. Meatball was held in Yun Feng's hand. Its chubby body was also suppressed to a certain extent, as if it was squeezed into an oval. When everything was ready, Ao Jin took a deep breath and opened his thin lips. An ancient, distant moan with incomparable pressure and power came out of Ao Jin's mouth. Even though Yun Feng completely blocked her hearing, a small part of the sound still came in, making her eardrums hurt!

This was the first time Yun Feng heard the roar of a dragon. It made her eardrums hurt and also shocked her!

Accompanied by Ao Jin's roar, powerful Golden Dragon Breath surged out of Ao Jin's body and rushed to the ground that hadn't been broken at all! A strong wind rose from the ground, blowing away countless soil and stones on the ground. Immediately, sand and stones flew in the cave!

"Crack!" A crack suddenly appeared on the ground. Yun Feng was delighted. It was effective!

Ao Jin also realized that it was effective. He immediately roared even louder and the aura of the Golden Dragon hit the ground fiercely! Meatball's fair face was blown up. It stared at more and more cracks on the ground with its big eyes and its fluffy tail swayed, as if it was looking forward to what would be revealed after the ground broke.

She was about to fall! Yun Feng's body instantly slid down from the ground. Ao Jin was also shocked. He subconsciously reached out and grabbed Yun Feng, holding her to protect her. Er Lei roared, "Ao Jin, f*ck you! You directly collapsed the ground!"

Nobody expected the ground to collapse. It was still like an iron wall just then, but it completely shattered right now. Luckily, she didn't fall too far. After a while, Yun Feng stepped on the flat ground. As soon as she landed, she felt a familiar dragon breath surging towards her aggressively!

"Get out of my way!" Ao Jin shouted as the aura of the Golden Dragon instantly enveloped Yun Feng. The dragon breath that wanted to invade was quickly blocked by the aura of the Golden Dragon. Meatball struggled and jumped out of Yun Feng's hand. It sat back down on her shoulder and combed its messy fur with its little claws.

"Yun Feng, this should be the place of burial. Look!" Er Lei's voice came. Yun Feng and Ao Jin both looked up and ahead. They saw a pile of huge bones half buried and half exposed in a dark place ahead.

Some of the bones were exposed on the ground. They were all white bones without any flesh. The dragon breath in Sanglong Canyon should be coming from here. The dragon breath here was the densest, like the omnipresent air! Luckily, Ao Jin was here. Even if Er Lei was here, he couldn't protect Yun Feng in such a dense dragon breath.

Chapter 1453 Ao Jin Appears (5)

"It seems that he's indeed an old guy who's very powerful even after his death," said Ao Jin in a low voice. "The dragon breath is so dense. He must've been an important figure of the Dragons when he was alive."

The three of them moved forward and walked to the pile of exposed bones. Dragon breath kept emitting from the bones. Yun Feng exclaimed. It had already been so long and there was still so much dragon breath left. If it was alive, the three of them probably wouldn't be able to defeat it and could only run for their lives.

"Not only was this old guy powerful, but his original body can't even be underestimated." Ao Jin looked at the pile of bones in front of him and said in a low voice, "Kid, these bones are just a small part of this old man's body." After Ao Jin said that, Yun Feng widened her black eyes in shock. It was just a small part of his body! The pair of bones in front of her was almost as big as a few Lan Yi! It was just a small part!

"The real bodies of the Dragons are all very huge. I'm the largest among the Dragons right now, but I'm still a bit inferior to this old guy." Ao Jin looked a bit serious when he said this. Who exactly was buried here? They were all extraordinary. Could it be the king of a race in a certain era of the Dragons?

Only a king would still be strong after such a long time. Only a king would have a huge body that even Ao Jin couldn't compare to. If the king of a generation of the Dragons was really buried here, it meant that an ancient Golden Dragon was buried here!

"Let's go forward." Ao Jin said with a gloomy look. Yun Feng knew that he must be extremely complicated in his mind at this moment. If it was really an ancient Golden Dragon, why would it be buried in such a place? What earth-shattering event happened in the Dragons back then that made the king of a race die here?

The dragon breath had been very strong along the way. No member of the Sea Clan could reach this place. They would be tortured to death by the dragon breath before they arrived. The journey was longer than Yun Feng thought. She saw exposed bones from time to time, which meant that she hadn't reached the end yet. This dragon was too huge and long! After walking for a while, Yun Feng finally saw the skull not far away. The extremely huge skull was half-buried and she couldn't imagine how this dragon would look when it died.

Ao Jin walked to the skull and touched it with a complicated look in his eyes. Yun Feng saw a box lying quietly in the giant dragon's mouth. Ao Jin was about to reach his hand in, when Yun Feng suddenly stopped him. "Is it dangerous?"

Ao Jin's golden eyes glittered and he chuckled. "I'll be fine."

Yun Feng suddenly felt a bit embarrassed. She quickly let go of her hand, as if she realized something. She stepped back slightly and was a bit further away from Ao Jin. Ao Jin turned around and saw Yun Feng's movement. He reached out and took the box in his hand. Nothing happened. Everything was normal.

Ao Jin felt a bit heavy when he took the box. He examined it carefully with his golden eyes. "There's something in this box. It doesn't seem to be a map fragment."

"Open it and we'll know!" said Er Lei on the side. Ao Jin reached out and opened the box. There were two things inside the box. One was a huge round object, and the other was indeed a map fragment that was pressed under the round object.

Ao Jin took out the round object and examined the map piece before giving it to Yun Feng. Yun Feng looked at the map piece. This piece seemed to be connected to one of the pieces in her hand. She put away the map piece. Ao Jin was still studying the thing in his hand. "What exactly is this?"

Er Lei also studied it together. Ao Jin tried to open it with his dragon breath, but it didn't react at all. Ao Jin tried to crush it with his power, but he couldn't no matter how hard he tried. This thing looked soft, but it was actually very tough. Yun Feng walked over and stared at it carefully for a while before she said, "Is it... an egg?"

Ao Jin and Er Lei were stunned. Egg? Which dragon would put an egg in their mouths?

"No, the reproduction of the Dragons... Hm, they won't put the egg in their mouths," explained Ao Jin a bit awkwardly. Yun Feng nodded to show that she understood. If it wasn't an egg, what could it be? Could the round thing that appeared in the Dragons be a tooth? Yun Feng was focused on her thoughts and didn't notice that Meatball on her shoulder was almost drooling. Ever since the round thing appeared, Meatball's big eyes had never left. Ao Jin held it in his hand and studied it. Meatball couldn't wait to rush forward.

Extreme desire glittered in its big eyes. When Meatball's saliva was about to overflow, it really couldn't stand it anymore! A beam of white light jumped out of Yun Feng's shoulder and went straight to Ao Jin's hand! Nobody expected Meatball to do this. Yun Feng didn't, Er Lei didn't, and Ao Jin certainly didn't!

Seeing Meatball pounce on him, Ao Jin subconsciously thought that it was going to bite him again. He quickly retreated his hand. Meatball roared furiously when it saw that Ao Jin was about to put away the round thing. Its little body moved even faster. Ao Jin only felt that his hand was empty and the round thing had already been taken by Meatball!

Meatball's big eyes glittered with excitement when it got the round thing. It held it firmly with its little claws, fearing that it would drop it. Yun Feng couldn't help but feel shocked when she saw that. What was Meatball doing with this? Perhaps... Yun Feng's guess was immediately confirmed. Meatball loosened its little claws and opened its mouth wide. Yun Feng saw that its mouth was full of sharp teeth and the round thing was sent into Meatball's mouth!

Why did it eat everything? And it ate everything it saw! Yun Feng was shocked. She went forward and wanted to grab Meatball, hoping to make it spit out the thing in its mouth. As soon as Meatball stuffed the thing into its mouth, Yun Feng caught it. "Spit it out! We don't know anything about it. Spit it out

quickly!” Yun Feng was a bit anxious. How could things of the Dragons be eaten casually? Even if Meatball was very strong, it couldn’t eat it casually!

Yun Feng was anxious. If something really happened to Meatball after it ate the wrong thing, what should she do? Looking at Meatball’s bulging cheeks, Yun Feng reached out and slapped it without hesitation, hoping that Meatball would vomit. However, Meatball was even more tenacious. It didn’t open its mouth. Its little face was red from Yun Feng’s slap, but it still didn’t let go.

Chapter 1454 Ao Jin Appears (6)

“Gulp!” Meatball directly swallowed that thing with force. Yun Feng was dumbfounded! It swallowed it just like that!

“Fengfeng, Fengfeng, nana!” Meatball could finally speak after swallowing it. It covered its painful cheek with its little claws and looked at Yun Feng aggrievedly. Yun Feng, on the other hand, was a bit angry. It was fine for it to eat ultimate ores. Ultimate ores weren’t dangerous to begin with. It didn’t matter if it ate an extremely strange stone somewhere in the Endless Ocean, because it didn’t have any side effects. That was fine. However, this was something in the mouth of an ancient Golden Dragon. It swallowed it before she could figure out what it was! If the item from an ancient Golden Dragon was really dangerous, what if it accidentally exploded Meatball’s little body?

Yun Feng looked at Meatball with anger in her eyes. Thinking of how dangerous and uncertain the thing it swallowed was, Yun Feng became even angrier. In the end, she said coldly, “If you’re so disobedient, I can’t keep you here.”

Meatball was startled. It blinked its big eyes at Yun Feng. “Fengfeng...” Meatball called out, but Yun Feng said, “Don’t call me by my name! I’m incapable of controlling you to begin with. I overestimated myself.”

Ao Jin and Er Lei were a bit shocked to see this scene. Ao Jin could understand why Yun Feng was so angry. Even he didn’t dare to swallow that thing just like that. Meatball was too headstrong and ignored Yun Feng’s feelings. “Don’t worry about it. That’s Yun Feng’s business. Don’t interfere.” Er Lei stopped Ao Jin. He always felt that the connection between Meatball and Yun Feng wasn’t ordinary. Normal people couldn’t interfere.

Ao Jin pursed his lips. No matter how angry Yun Feng was, she wouldn’t do as she said. He looked around and his golden eyes darkened. There were some things he needed to figure out. Er Lei accompanied Ao Jin, while Yun Feng turned around in anger. Seeing that Yun Feng was really angry, Meatball immediately followed behind. “Fengfeng, Fengfeng...” It called out, sounding a bit pitiful.

Yun Feng knew that she was being angry just then. If something happened to Meatball, it was impossible for her not to care. She was just angry because she cared too much. Meatball’s unrepentant look made Yun Feng even angrier. She knew that Meatball was following her and could imagine its pitiful expression at this moment. Hearing its calls one after another, Yun Feng’s heart softened a bit. Then, she gritted her teeth fiercely. She must teach it a lesson this time!

Yun Feng didn’t look back no matter how Meatball shouted. Meatball was anxious and was afraid that Yun Feng really didn’t want it. Its big eyes glittered and its chubby body jumped up and directly sat on Yun Feng’s shoulder. Yun Feng was stunned. When she was about to speak, a voice flashed through her mind. “Yun Feng!”

Yun Feng was shocked. "Na Xie, why are you here?"

Yun Feng turned around slightly and saw Meatball sitting on her shoulder with its eyes closed. Na Xie's voice in her mind appeared again. "The thing I ate contains extremely dense energy. It's not harmful to me. I can only talk to you like this because of this energy."

Yun Feng was finally relieved in her mind, but the anger was still there. "Got it."

"Ahem, I know you're concerned about me..."

"I'm not concerned about you! I'm just concerned about Meatball's body!"

"Meatball is me. I'm Meatball."

Yun Feng was silent. That was indeed the case, but the difference between the two of them was a bit huge. "I promise you that I'll tell you if I encounter such a thing in the future."

Yun Feng sighed. Fine, as long as it was fine. Wasn't that what she cared about? "You're not angry with me anymore?" Hearing such a cautious voice, Yun Feng found it hard to imagine that it was Xie. Even though she couldn't see Na Xie's real body, she could still imagine how cool it was. It spoke so humbly, worried that she would be angry. No matter how angry she was, the fury was gone.

"As long as it's not harmful to you," said Yun Feng. She was very happy to be able to talk to Na Xie. After all, it was very difficult for her to communicate with Meatball.

"That's great. Also, can you give me another name..."

Yun Feng curled her lips. "You made this request last time."

"Can you call me by my real name, Na Xie?"

"I can already say something other than that."

"No, you only said 'Fengfeng' and 'like'. There's still 'na' at the end."

"Then, can you prepare more ultimate ores for me? I need more energy."

"We'll talk about it later. Eating too much isn't good for your health. It's better to take things step by step."

"Can I make any other request?"

"It depends on my mood. If I'm in a good mood, I might consider it."

"Then I should give up, but there's one more thing."

"Tell me."

"My cheeks are painful from your slap."

Yun Feng turned around and glanced at Meatball, who was still sitting on her shoulder with its eyes closed. She flicked its little head gently with her finger and looked at the slight redness on its little face. There was warmth in her black eyes. Yun Feng chuckled. "You deserved it."

The conversation between Na Xie and Yun Feng only lasted for a while. Every time Na Xie appeared, a large amount of energy would definitely be absorbed. After the conversation ended, Meatball also opened its big eyes and circled around, looking at Yun Feng very nervously, as if it was still worried that she would be angry with it.

Seeing Meatball's cute expression, Yun Feng smiled helplessly. It was fine if she had never heard Na Xie's voice, but once she heard Na Xie's voice, it was difficult for her to associate it with Meatball's. The two of them didn't match at all. Sometimes, Yun Feng thought that Na Xie and Meatball were two different individuals, but in fact, they were the same.

Yun Feng pressed Meatball's little head with her finger. Meatball's fluffy tail patted the back of Yun Feng's hand gently and its little body rubbed forward fawningly. Yun Feng's expression suddenly became a bit strange. She imagined Meatball's appearance after it returned to Na Xie. Yun Feng said, "If you return to your original form, will you still be like this?"

Chapter 1455 All Dragons, All Dragons (1)

Meatball's expression froze. If Yun Feng wasn't mistaken, there seemed to be a hint of embarrassment in its big eyes. Yun Feng burst into laughter and held Meatball's little body with both hands as she leaned over. She rubbed her face hard in the soft fur, looking extremely close. She didn't notice that its fair little face had already turned even redder.

"I prefer you to look like this right now. Just keep looking like this in the future." Yun Feng let go of Meatball. Meatball was stunned again. Then, its little head kept shaking. "Nana, Fengfeng, nana, nana!"

Yun Feng knew that Meatball would definitely protest. She chuckled. "I don't understand what you're saying. I'll take it that you agree. Hm, hm."

"Nana! Nana! Nana, Nana, Nana!" Meatball was anxious. It looked at Yun Feng anxiously with its big eyes and shook its little head constantly. However, Yun Feng ignored it and turned around to go back to find Ao Jin and Er Lei. Only Meatball was still insisting on rejecting and protesting, but nobody cared.

"What are you looking at?" After returning to the dragon skull, Yun Feng saw Ao Jin and Er Lei standing there, as if they were staring at something in a daze. Ao Jin and Er Lei both looked up when they heard Yun Feng's voice. Ao Jin glanced at Meatball. "Is it alright?"

Meatball gnashed its teeth at Ao Jin in dissatisfaction. Ao Jin knew in his mind that it would certainly be fine if it was so lively, but it was also very difficult for him to imagine what Meatball was. It was unbelievable that it could be safe after swallowing something from the Dragons.

"It's fine. It's more than fine." Yun Feng flicked Meatball's little head gently. Meatball grunted and finally sat down. Er Lei rolled his eyes. What could possibly happen to that Meatball? Even if something happened to the rest of them, it might be fine.

"It's great that you're fine. Don't eat anything random in the future." After saying that, Ao Jin pretended that he didn't see Meatball's angry expression and its sharp teeth. He pointed at the skull in front of him. "I've observed it carefully for a long time. The thing buried here is indeed a dragon, but it's not a Golden Dragon. It should be an important figure of the ancient Dragons. I can't rule out the possibility of a king."

“Haven’t the Dragons always respected the Golden Dragons as kings?” asked Yun Feng, but Ao Jin shook his head and chuckled. “There are many branches of the Dragons. There are also many different divisions of pure Dragon bloodlines. The Dragons right now have already shrunk a lot compared to before. The Golden Dragons weren’t the strongest in ancient times.”

“Branches of the Dragons?” Yun Feng was puzzled. Ao Jin nodded. “The Dragons are powerful, so they’re certainly respected and yearned for by other races. The bloodline of the Dragons gradually spread out. Many races have the bloodline of the Dragons, but in terms of the power of bloodline, the Dragons are the most powerful.”

Yun Feng looked at Er Lei. Er Lei had the bloodline of an ancient demonic dragon in his body. Was this the root of what Ao Jin said back then? Did Uncle Flirtatious know about the bloodline in Er Lei’s body? “Uncle Flirtatious, about Er Lei...”

Ao Jin burst into laughter after hearing this name. Er Lei was a bit embarrassed on the side. “Kid, did you come up with the name Er Lei?”

Yun Feng nodded. Er Lei’s face darkened even more. Ao Jin said with a smile, “I have to say that this name is too appropriate and reasonable. Hahahaha!”

“F*ck you! If you laugh again, I’ll blast you away!”

“Hahahaha! Lei, do you think you can break through my defense with your lightning elements? Come at me if you want. Hahahaha, Er Lei, hahaha!”

Ao Jin’s smile was a bit exaggerated, and Yun Feng was also a bit embarrassed. She didn’t care about this name at all, because Er Lei was indeed too stupid at that time. Seeing that Er Lei was really about to release lightning elements, Yun Feng immediately coughed and planned to change the topic. “Uncle Flirtatious! Er Lei has always believed that he’s a dragon. Did you tell him that back then?”

Ao Jin finally stopped laughing. He wiped the tears at the corners of his eyes with his hand. “Yes, I told him.”

“But he...” Yun Feng wanted to say something, but Ao Jin walked over with glittering eyes. “Lei, I need to talk to the girl. Don’t eavesdrop.”

“I won’t eavesdrop!” Er Lei roared unhappily. Ao Jin chuckled and walked to the side with Yun Feng. “Kid, since you’ve seen his real body, you should know that he’s not a member of the Dragons.”

Yun Feng was shocked. “If he’s not a dragon, why did you tell him back then...”

Ao Jin smiled awkwardly. “I had no choice back then. We’ve known each other since we were born and we’ve played together since we were young. He never knew what he was and I didn’t think too much about it. I told him that he was also a dragon, but he really believed me.”

Yun Feng was completely speechless. Ao Jin continued, “I couldn’t say anything when I saw that he became happier because he knew that he’s a dragon. Luckily, he didn’t live among the Dragons, or my words would have been exposed.”

Yun Feng sighed. She knew that Ao Jin meant well, but Er Lei was a bit pitiful. “Uncle Flirtatious, do you know which race Er Lei belongs to?” A Magic Beast didn’t know what its race was, just like a human

didn't know their biological parents. It didn't know who it was or where it came from. Why did it come to this world?

Ao Jin frowned. "How should I put it... Even though I don't know everything, I more or less know a bit. Even though Lei isn't a member of the Dragons, he has the bloodline of the Dragons in his body, but it's... different from ours."

Yun Feng's black eyes glittered. "The bloodline of an ancient demon dragon."

Ao Jin was shocked. "Kid, you even know this?"

"The prophet of the Chiwen Tribe told me. There was a purple mole under the corner of the eye of the king of the Chiwen Tribe and a golden mole at the corner of Er Lei's eye. I thought Er Lei might be related to the Chiwen Tribe, but that prophet said that the golden mole only appeared on the ancient demon dragon, so I knew a bit."

"The Chiwen Tribe..." Ao Jin mumbled. "I'm not familiar with the Endless Ocean. The Dragons have been away from this sea for a long time."

"Uncle Flirtatious, if there's the bloodline of the ancient demon dragon in Er Lei's body, why is his original body... so funny?" Yun Feng thought of Er Lei's original body and really couldn't figure out how the demon dragon bloodline worked. Ao Jin also frowned. "Well... maybe... maybe it has something to do with me."

"It's related to you?" Yun Feng raised her brows. She had an ominous feeling in her mind. With Uncle Flirtatious's personality when he was young, it was unknown what he could've done. He told Er Lei that he was a dragon. Was it possible that Er Lei's original form was also related to Uncle Flirtatious?

Chapter 1456 All Dragons, All Dragons (2)

"Ahem!" Ao Jin's fair face was a bit red. "Lei's original form was very similar to mine, or why would I call him a dragon? But then... there was once..." Ao Jin recounted the past in a low voice. Yun Feng's expression changed again and again after hearing that. After saying that, Ao Jin was very embarrassed, while Yun Feng glanced at him weirdly. Ao Jin chuckled and was very embarrassed.

"Er Lei, come here for a moment." Yun Feng called out. Ao Jin immediately walked aside sensibly. Er Lei walked over suspiciously. His messy hair and purple eyes could be vaguely seen. When he walked, the golden mole at the corners of his eyes carried a faint golden thread in the air.

"What's wrong?" Er Lei raised his brows. He saw Ao Jin and Yun Feng mumbling from afar. The two of them even glanced at him from time to time. Er Lei was inexplicably puzzled in his mind. Yun Feng coughed gently and considered not sending a message telepathically. It wouldn't be good for the other few beasts to hear this. She asked Er Lei to come close. Yun Feng roughly told him what Ao Jin told her just then in a low voice. After a while, Er Lei's furious roar came from this deep underground cave.

"Ao Jin! F*ck you! I'm going to blast you to death!"

Ao Jin whispered in Yun Feng's ear, "I didn't know that Lei was different from me when I was young. I also believed that he was a member of the Dragons, so I let him do everything I could."

"Everything you could? Like what?"

“Ahem, like... transformation.”

“Transformation?”

“When dragons are young, they have to transform with the help of external forces to be reborn and become giant dragons, especially Golden Dragons. They need great power to help them transform. There have always been secret medicines among the Dragons to help Golden Dragons transform. I certainly had to give this good thing to Lei.”

Yun Feng blinked. She could imagine how terrible Er Lei would be if he accepted all the secret medicines Ao Jin handed over and drank them. No wonder Er Lei’s original body looked like that. She had already guessed that something must have happened. The root of the accident was here.

“I was also shocked at that time. I didn’t dare to say that it was my fault, so I made up an excuse. Ahem.”

This was the entirety of Ao Jin and Yun Feng’s conversation. After Er Lei knew that, he kept hitting Ao Jin with the lightning element for a while. At that time, Yun Feng’s ears were full of thunder every day and Er Lei’s furious roar. Yun Feng’s doubts about Er Lei weren’t completely resolved. Er Lei had the bloodline of an ancient demon dragon inside his body, so what was the other half of the bloodline?

The three of them didn’t stay in the place where the giant skeleton was buried for long. They had already got the map fragment, so there was nothing else to explore. Ao Jin picked a bone from the skull. The bone was still round and smooth after such a long time, and the dragon breath inside was still endless. Ao Jin put away the dragon bone. What he needed to do next was to return to the Dragon Valley and transfer the dragons to the Dragon Palace, taking them back to the Endless Ocean for peace. Yun Feng must help him. After all, Ao Jin had treated her well. Yun Feng thought that she should return the favor.

However, the most important thing before that was to find the best habitat for the Dragons in the Endless Ocean. If they couldn’t find a habitat, even the Dragons wouldn’t be able to settle down here. Ao Jin decided to go with Yun Feng to find the habitat for the Dragons in the Endless Ocean, but Yun Feng said that the key was to move the Dragons to the Dragon Palace first.

“We can find a habitat anytime. The most important thing is to let the Dragons leave the Dragon Valley and go to a safe place. The space in the Dragon Palace is extremely vast. Before we find a habitat, it’s fine for the Dragons to stay inside.”

Ao Jin didn’t agree at first. What if those dragons caused a ruckus inside? Yun Feng, on the other hand, said that it was fine. The Dragon Palace was under her command and she could dismiss anyone. It didn’t matter even if the Dragons caused a ruckus. At most, she could seal the fifth level of the Dragon Palace completely and she could be at ease.

She wasn’t helping the Dragons, but Ao Jin.

As long as she could solve Ao Jin’s problem, what did the Dragons have to do with her? In the end, under Yun Feng’s persuasion, Ao Jin finally agreed. However, the problem came again. How could they return to Dragon Valley quickly from the bottom of the Endless Ocean? After all, there was no Teleportation Array here that connected to Dragon Valley.

Leave the Endless Ocean? That would waste more time. They had already entered deep the Endless Ocean. It was possible for them to leave, but it would be difficult for them to come back. Besides, the territory of the merfolk was at the edge of the South Sea near the human world. She didn't want to waste her effort.

It wasn't that Yun Feng had never thought of using the Teleportation Array in the Dragon Palace to go to the Foggy Forest and then set off for the Great Crack. This was also a feasible method, but it was very likely that the Blood Souls would be alerted. The Blood Souls would certainly send someone to monitor the entrance of the Dragon Valley in the Great Crack. If they did anything unusual, the Blood Souls would definitely invade the Dragon Valley again. By then, there would definitely be casualties among the remaining dragons. This was what Ao Jin didn't want to see the most.

Yun Feng suddenly thought of the huge dragon pattern on the fifth level of the Dragon Palace. She felt that the pattern must mean something. After bringing Ao Jin to the fifth level of the Dragon Palace, it confirmed Yun Feng's thoughts. After seeing the pattern, Ao Jin shouted in shock, "How can there be a passage to the Dragon Valley here?"

The passage into the Dragon Valley? Yun Feng was stunned. Ao Jin cut his hand without another word. Golden blood flowed on the huge dragon pattern. The moment the golden blood merged, the dragon seemed to be alive. A low dragon roar suddenly sounded and strong dazzling light burst out of the ground!

A familiar scene appeared in front of Yun Feng's eyes again, as if it was in the Great Crack. Ao Jin opened a passage with his Golden Dragon blood. This passage was connected to the Dragon Valley! Yun Feng suddenly felt that the huge patterns on the ground were familiar. She suddenly remembered that the patterns on the wall Ao Jin pressed with his hand back then were exactly the same as those here!

Chapter 1457 All Dragons, All Dragons (3)

The fifth level of the Dragon Palace was the entrance to the passage to the Dragon Valley!

Yun Feng curled her lips. The Dragon Palace should have something to do with the Dragons. As expected, their connection was deep. The light on the ground continued. Ao Jin's golden eyes were full of smiles. "Girl, let's go!" Yun Feng nodded. Ao Jin grabbed Yun Feng's arm with his big hand and jumped into the light with her, disappearing from the Dragon Palace!

A long and ancient voice sounded from the depths of the Dragon Palace, accompanied by the sound of a huge body slowly rubbing against the ground. "We've come this far."

The light was dazzling and she didn't feel uncomfortable at all. Yun Feng felt like her body had passed through an extremely soft layer of velvet. In a blink, she had already arrived in another world. Looking around, there was endless yellow sand. Countless tall pillars stood on the sand. Dragons of different postures climbed on the pillars. Looking around, it was as if thousands of giant dragons had broken out of the sand!

"I'm back! Get here!" Ao Jin roared. The yellow sand on the ground shook fiercely. A breeze slowly swept across the ground, stirring up some sand. "Swish, swish, swish, swish..." Many people rushed over from different directions and gathered in front of Ao Jin.

“Young Master! It’s really Young Master!”

“Young Master is back!”

The Red Dragons had already left the Dragon Valley with the Blood Souls. Only the members of the Black Dragons were left here right now. The members of the Black Dragons were all excited to see Ao Jin. Yun Feng didn’t miss the peace of mind that surged out of the depths of their eyes.

Ao Jin stood in the sky with a sullen face and waited patiently. Figures kept gathering and the members of the Dragons gradually gathered. Ao Jin was still waiting with a serious look on his face. He glanced at every member of the Dragons who arrived with his golden eyes. Yun Feng, who was standing behind him, could more or less understand how Ao Jin was feeling at this moment.

“Is that human Yun Feng?”

“That’s right, it’s her! Why did she come to Dragon Valley?”

The members of the Black Dragons immediately started discussing when they saw Yun Feng. The invasion of the Blood Souls made the members of the Dragons hate humans even more. The members of the Black Dragons, who were quite friendly to Yun Feng in the past, were all enraged and hateful at this moment. If it weren’t for Ao Jin, they would probably have attacked together.

“Brother Ao Jin!” A soft and longing call sounded. The gathered members of the Black Dragons immediately made way. A tall and beautiful woman with an enchanting figure was looking at Ao Jin with excitement on her face. In her hand was an old man with a withered face and a weak breath. Yun Feng looked over with her black eyes. That was Xiao Ling and the elder of the Black Dragons.

“Old Qi, how are your injuries?” Ao Jin’s face couldn’t help but darken when he saw Elder Qi of the Black Dragons. Elder Qi chuckled. “Young Master, don’t worry. My body can still hold on. Cough, cough, cough...”

Xiao Ling patted the old man a few times and finally helped him breathe steadily. She looked at Ao Jin with her beautiful eyes and was about to say something, when she saw Yun Feng standing behind Ao Jin. She immediately became like a hedgehog that had its hair pricked. “Yun Feng! Why are you here?”

Xiao Ling’s scream caused all members of the Black Dragons to glance over. Those who didn’t notice her at first also noticed her. Feeling the anger and resentment that rose in an instant, Yun Feng had some understanding of the Black Dragons in her mind. The Blood Souls were a group of humans after all. It was understandable that they rejected and hated humans even more this time. Yun Feng didn’t intend to argue with them.

“Shut up!” Ao Jin roared, and Xiao Ling didn’t give up. “Brother Ao Jin! Have you forgotten who invaded the Dragon Valley and caused the Dragons to be in such a miserable state right now? It’s those hateful humans! It’s all them! How can she still have the face to step in here right now? Yun Feng! If Brother Ao Jin weren’t here, I would definitely tear you apart!”

Yun Feng sneered. She could understand their anger, but she couldn’t understand why they blamed everything on her.

"I said, shut up!" The golden eyes emitted a burst of killing intent. Xiao Ling still wanted to say something, but Elder Qi quickly pulled her back. If his granddaughter still dared to speak, the Young Master would probably slit her throat. Didn't she see how much his Young Master valued Yun Feng?

"Grandpa!" Xiao Ling roared in dissatisfaction. Elder Qi gave her a look and looked at Ao Jin. "Young Master, please understand the resentment and anger of our clansmen towards humans right now. Xiao Ling isn't targeting Yun Feng." After saying that, Elder Qi even glanced at Yun Feng. Ao Jin's anger hadn't been eliminated, but Yun Feng walked forward with a chuckle. As she stepped forward gently, all the eyes full of anger and hatred followed her.

"What do you understand? Hypocritical!" Xiao Ling mumbled in dissatisfaction. Yun Feng pretended that she didn't hear anything. Elder Qi chuckled. "It's good that you understand, Yun Feng. Since you know the emotions of the Dragons, it's better to stay away from them in case anything happens. Yun Feng, what do you think?" Elder Qi's eyes glittered. Even though his words were calm, he wasn't calm in his mind. Even he, who was highly respected, couldn't suppress his anger towards humans. It was already his limit to speak so rationally.

Yun Feng curled her lips and didn't say anything. Ao Jin frowned unhappily. "Old Qi, are you so talkative? I haven't said anything yet. Who are you to make a decision for me?"

"Brother Ao Jin, grandpa is right. Now..."

"If you say another word, I'll skin you!" Ao Jin immediately roared as he released the pressure of the Golden Dragon at the same time. All the members of the Black Dragons were shocked in their minds and some fear surged in their minds. Xiao Ling immediately turned pale and didn't dare to say anything else.

"Listen up! The miseries of the Dragons right now were caused by those bastards of the Red Dragons and the Blood Souls! It has nothing to do with Yun Feng! You can hate humans, but if anyone dares to attack Yun Feng, don't blame me for punishing you!"

It was completely silent. The anger in their eyes that were like a tide just then immediately subsided a lot. The members of the Black Dragons didn't dare to look up at Yun Feng anymore. Everyone knew how protective Ao Jin was of Yun Feng a long time ago in their minds. If they really did anything to hurt Yun Feng, their Young Master wouldn't be joking.

Chapter 1458 All Dragons, All Dragons (4)

Ao Jin glanced at everyone with his golden eyes and said, "Did the Blood Souls and the Red Dragons do anything while I was away?"

"Nothing. They can't enter Dragon Valley for the time being," said Elder Qi. "However... Dragon Valley isn't safe anymore. Young Master, we should find another place to stay."

"We're leaving?" The members of the Black Dragons were a bit sad after hearing that. The Dragons had lived in the Dragon Valley for a long time. They really couldn't bear to leave now. Ao Jin was a bit frustrated after hearing that. "I've thought about it. I plan to choose the habitat of the Dragons in the Endless Ocean."

“The Endless Ocean?!” The members of the Black Dragons started discussing again. Elder Qi was silent for a while and nodded. “We’ll listen to Young Master’s arrangements, but... how should we go to the Endless Ocean? After all, there’s...”

“Leave that to me,” said Yun Feng. Elder Qi looked at Yun Feng in shock. “Yun Feng, what do you mean? Humans don’t need to interfere with the Dragons’ business!”

There was a kind of pride in the nature of the Dragons. Even when they were in a difficult situation, they didn’t want to lower their heads and beg for mercy from others. Elder Qi couldn’t help but feel proud when he said this. In his eyes, Yun Feng was just a slightly stronger human being. What ability did she have to transfer these dragons to the Endless Ocean safely?

Yun Feng raised the corners of her mouth and didn’t care about Elder Qi’s tone. She had a clear goal in her mind. This time, it was all for Ao Jin. In the end, the attitude of the others had nothing to do with her. She didn’t want to have any conflict with the Dragons. Ao Jin wasn’t the Ao Jin he used to be anymore. She didn’t want to cause trouble for Uncle Flirtatious and make things difficult for him.

“Old Qi!” Ao Jin roared unhappily. Elder Qi immediately coughed lightly. “What I meant is... We don’t need to trouble Yun Feng.”

Ao Jin raised his brows. “I knew you were proud and wouldn’t accept Yun Feng’s help. This time, I’ll tell you clearly that if you don’t accept Yun Feng’s help, you can forget about leaving Dragon Valley!”

“Brother Ao Jin will take us away safely! We don’t need her help! A human helping the Dragons? She’s just pretending to be merciful!” Xiao Ling said furiously. She wouldn’t have any good impression of Yun Feng just because of her closeness to Ao Jin, so she certainly didn’t want to accept any help from her. The other members of the Dragons also felt a bit angry. If they bowed down to a human at such a moment, wouldn’t the Dragons have to lower themselves?

“You dragons...” Ao Jin was extremely angry. Some deep-rooted beliefs and habits of the Dragons had always been hated by Ao Jin, such as the greed, selfishness and arrogance of the Dragons. In Ao Jin’s mind, if he weren’t a Golden Dragon, he would have already left this mess behind. These dragon could do whatever they wanted!

“You don’t have to do this.” Yun Feng said with coldness in her black eyes. “The Dragons aren’t related to me. I have no reason to help you.”

“Humph! You’re indeed hypocritical!” Xiao Ling said in disdain. Yun Feng smiled coldly and her tone became even colder. “I’m not helping you this time. I hope you know that clearly. I’m going to help Ao Jin this time. Since he’s the leader of the Dragons, he certainly can’t abandon you. When you were still thinking about your dignity, did you think about how he racked his brains to move you safely to the Endless Ocean?”

Xiao Ling looked at Ao Jin in shock. Many of the Black Dragons looked at Ao Jin, and Elder Qi also had the same expression. Ao Jin had often gone missing in the past. This time, they thought Ao Jin was the same as before. They didn’t expect him to go to the Endless Ocean. He went there for them!

“Young Master...” Elder Qi’s eyes turned red. After so many years, this young man, who had always been undisciplined in his mind, seemed to have grown up in an instant.

"I don't really want to help. After all, the grudge between us hasn't been settled yet." Yun Feng looked at Xiao Ling coldly. Xiao Ling bit her lips and lowered her head. The Black Dragons were completely silent. All the members of the Black Dragons were ashamed of what they did just then. When their Young Master was busy working for them in danger, they were still fussing about their dignity and face.

"Young Master, whatever you say." Elder Qi sighed and said slowly. Ao Jin was also relieved in his mind. It was a problem to make these dragon accept Yun Feng's help willingly. Elder Qi glanced at Yun Feng again. "You're right, but we're only compromising for you this time."

Yun Feng sneered and didn't say anything else. Ao Jin pushed his golden hair back impatiently. "Cut the crap! Is everyone here?"

Elder Qi looked at them and nodded. "They're all here, Young Master. None of them is missing."

Ao Jin nodded at Yun Feng. Yun Feng said, "I'll move you all to an absolutely safe place. I'll certainly let you out when we find a suitable place to live in the Endless Ocean."

The members of the Dragons were all confused. They didn't know where they were going to jump into, but they certainly didn't dare to disobey Ao Jin. Seeing that they were all ready, Ao Jin immediately cut his hand and slapped the space under Yun Feng's feet fiercely! Golden blood flowed slowly. Yun Feng also merged her aura into it in an instant and led the Dragon-Patterned Teleportation Array on the fifth level to open.

"Whoosh..." A beam of dazzling light shot out in front of Ao Jin. Ao Jin roared, "Jump!"

"Swish, swish, swish, swish..." Under the order, the members of the Dragons all jumped into the light without hesitation and were instantly swallowed by the light. Looking at the members who jumped inside, Xiao Ling whispered nervously, "Grandpa, will Yun Feng take this opportunity..." Elder Qi's heart was also in turmoil, but he also knew that there was no other way for the Dragons right now.

The members of the Dragons all jumped into the Teleportation Array that Yun Feng and Ao Jin opened together. Seeing that the members of the Dragons disappeared one by one, Ao Jin looked much more relaxed. After all the members of the Dragons jumped into the Teleportation Array, looking at the empty yellow sand in front of him, Ao Jin took a deep breath. "Are there any dragons who didn't come after hearing my voice?"

Chapter 1459 All Dragons, All Dragons (5)

His voice echoed in the Dragon Valley for a long time. Ao Jin and Yun Feng also waited quietly for a long time. "It seems that we didn't miss anyone." Yun Feng said. Ao Jin also nodded. He looked at Yun Feng's black eyes with his golden eyes. "Kid, thanks to you this time."

Yun Feng smiled. "You don't have to be so polite with me. Uncle Flirtatious helped me a lot."

"That's nothing. It's far inferior to the help you gave me this time. Kid, I..." Ao Jin was interrupted by Yun Feng who shook her head gently. Yun Feng chuckled. "You don't have to say anything. Really."

Ao Jin raised his brows and then burst into laughter. He patted Yun Feng's shoulder with both hands. "Alright! I won't say anything else!"

Ao Jin's body also jumped into the light. Yun Feng looked at Ao Jin's golden hair that seemed to be emitting golden light. With a smile on her red lips, Yun Feng looked around at the empty Dragon Valley at this moment and also jumped in. The light suddenly disappeared the moment it swallowed her. The Dragon Valley was dead silent. Apart from the subtle sound of the wind, there was only the sound of sand rolling.

Not long after, the Blood Souls and the traitorous Red Dragons rushed into the Dragon Valley again. They originally wanted to give the Dragons a serious blow to force Ao Jin to hand over the map fragment, but they didn't expect the Dragon Valley to become an empty shell without a dragon.

The Red Dragon was shocked and the Blood Souls were enraged.

The members of the Dragons who entered the fifth level of the Dragon Palace directly through the Teleportation Array didn't know where they were at all after coming in. They only knew that this was an extremely vast enclosed area. All the members of the Dragons didn't occupy much area after coming in. The fifth level was too vast. Even if these dragons transformed into their true forms, they could still fit inside.

"This is...!" The moment Xiao Ling stepped into this place, she felt a bit familiar. There were a lot of people who had stepped into the Dragon Palace among the Dragons, but not many of them could reach the fifth level. Xiao Ling of the Black Dragons was lucky enough to be one of them, so after arriving here, Xiao Ling's memories flooded back and she knew where she was after a while.

"The Dragon Palace... This is the Dragon Palace..." Xiao Ling looked at it in disbelief. Even though the appearance of the fifth level changed, the familiar things didn't. This was the Dragon Palace she had been to! But didn't Brother Ao Jin say... the Dragon Palace had already disappeared? Why could the Teleportation Array Yun Feng opened lead to the Dragon Palace?

"Xiao Ling, what's wrong with your expression?" Elder Qi looked at his granddaughter's pale face and asked. Xiao Ling widened her eyes and turned around. "Grandpa, this is the Dragon Palace! It's the fifth level of the Dragon Palace!"

"What did you say?" Elder Qi was shocked!

"This is the Dragon Palace! I've been here before! I remember clearly that I've been here before!" Xiao Ling searched for something anxiously and suddenly found something. "Grandpa! This used to be the stone slab I stepped on! That's right, this is absolutely the Dragon Palace!"

The members of the Black Dragons were stirred. The Dragon Palace! They arrived at the Dragon Palace through Yun Feng's Teleportation Array! What kind of logic was that? Elder Qi's face was completely twisted. The Young Master said that the Dragon Palace had disappeared, but they were in the Dragon Palace right now. But why was Yun Feng's Teleportation Array... Did Yun Feng steal the Dragon Palace?

"It must be Yun Feng's doing!" Xiao Ling suddenly had an idea in her mind. She quickly linked the cause and effect together and came to a conclusion. "Her Teleportation Array can lead directly to the Dragon Palace. Brother Ao Jin said that it's impossible for the Dragon Palace to disappear. It must be her! She used some despicable means to steal the Dragon Palace and take it for herself!"

The Dragons were completely enraged after hearing this. In their eyes, the Dragon Palace belonged to the Dragons! Yun Feng dared to take it away?! How bold of her! Elder Qi stood there with a complicated feeling in his mind. Xiao Ling said, "Grandpa, the Dragon Palace belongs to the Dragons to begin with. Yun Feng is a thief! She's using the item of the Dragons to help us right now. She doesn't have good intentions at all! Brother Ao Jin was also deceived by her! She might have blackmailed Brother Ao Jin for something. How despicable! How shameless!" Xiao Ling's angry insults immediately received the agreement of the clansmen and they immediately cursed furiously. Many members of the Dragons clamored to take revenge on Yun Feng and ask her to return the Dragon Palace. For a time, the fifth level was in chaos.

"Yun Feng! You despicable and shameless human! Give me back what belongs to the Dragons!" Xiao Ling raised her head and roared. The other members of the Dragons were the same. Everyone roared and scolded Yun Feng. At this moment...

"Dragons, is your skin itching?" Ao Jin's voice sounded and the Dragons immediately fell silent. Ao Jin walked over with a furious look. "What did you say just then?"

"Brother Ao Jin! This is the Dragon Palace. The Dragon Palace didn't disappear. It was because of that shameless Yun Feng..."

"Shut up!" Ao Jin glared at Xiao Ling fiercely and glanced at the clansmen in front of him with his golden eyes. He was thinking in his mind how to explain the problem of the Dragon Palace and how to let these dragons know that the Dragon Palace didn't belong to the Dragons.

"Listen carefully to what I'm going to say next! I don't want to say it again!" Ao Jin shouted furiously. The members of the Dragons all quieted down. Ao Jin said solemnly, "The Dragon Palace doesn't belong to the Dragons. The Dragon Palace has its own master. And right now, the master of the Dragon Palace is Yun Feng."

"What?" The Dragons immediately roared in dissatisfaction and anger. Every dragon couldn't remain calm anymore. The Dragon Palace belonged to Yun Feng? How was that possible?

When Ao Jin's roar came faintly, the second level where Mu Canghai was located shook slightly. Even though it was only a little, Mu Canghai opened his eyes in shock and thought something happened to the Dragon Palace. The next second, Yun Feng appeared in front of him.

"What's the noise? What happened?" Mu Canghai looked at Yun Feng quite nervously. Yun Feng coughed lightly and waved her hand. "It's nothing. I just let something into the Dragon Palace."

Chapter 1460 All Dragons, All Dragons (6)

"What's that? It's huge? Why did it make such a huge noise?" Mu Canghai looked at Yun Feng suspiciously. It was hard to imagine what she let in. This commotion could even be sensed on the second level.

Yun Feng thought for a moment and chuckled. "It's not a big deal. It'll be quiet sooner or later." Thinking of the situation on the fifth level of the Dragon Palace, Yun Feng yawned. Uncle Flirtatious was the only one who could calm those dragons down. He was like the teacher that was managing a group of kindergarten kids.

Mu Canghai still didn't understand. He was still guessing what Yun Feng let in. Yun Feng sat on the ground lazily on the side and her red lips curled up slightly. The things she put in weren't a big deal. They were just a group of dragons.

As it turned out, it was very difficult for Ao Jin to be the teacher. The Dragons were much more disobedient than the kindergarten kids. Ao Jin spent a long time trying to make these Dragons accept that the Dragon Palace never belonged to the Dragons, let alone the fact that the Dragon Palace already belonged to Yun Feng. Ao Jin wasn't patient in explaining this to begin with. After half threatening and half roaring, he found that the Dragons didn't buy it, especially with Xiao Ling stirring up trouble. Ao Jin was so angry that his veins were popping out. He really wanted to skin them alive and have some peace.

The constant noise on the fifth level of the Dragon Palace continued and Ao Jin's roars came from time to time. Yun Feng, who was on the second level of the Dragon Palace, was extremely relaxed, while Mu Canghai was even more suspicious. What exactly was let in that caused such a huge commotion? The continuous noise woke up someone who wanted to hold back but couldn't. The moment Yao Guang opened his eyes, his gray eyes were full of anger and killing intent. "Those people who came in want me to take their lives, don't they?"

"Yao Guang, they're just kids. Don't hold it against them." The sound of sliding came from the dark. The old voice sounded, but Yao Guang snorted coldly. "Old man, I'm different from you. If they continue to cause trouble, don't blame me for being rude!"

"Be quiet!" Ao Jin roared again. This time, he was obviously enraged. His gray eyes glittered and his body had already disappeared, going straight to the fifth level! "Hey, hey..." A sigh came from the dark with too much helplessness.

When Ao Jin was about to be driven crazy by these dragons, Yao Guang suddenly appeared. Covered in the black robe, he looked like a child and his face was very young, but astonishing pressure shot out of his gray eyes. The moment Yao Guang appeared, the space pressure on the fifth level of the Dragon Palace inexplicably increased a lot.

"Senior!" Xiao Ling immediately called out in shock when she saw Yao Guang. She immediately took a few steps back. She didn't forget that Yao Guang taught her an unforgettable lesson when she entered the Dragon Palace. Ao Jin couldn't help but heave a sigh of relief when he saw Yao Guang. The old guys here had to show up, or these dragons would definitely cause a ruckus.

Yao Guang floated in the air and looked at the Dragons unhappily. "If you make another sound, I'll tear you all apart!" The hoarse and unpleasant voice made the Dragons frown. However, Yao Guang's aura was too strong. The Dragons were still very quiet.

"Ao Jin, is that all you're capable of? You can't even control your own people?" Yao Guang glanced at Ao Jin. Ao Jin raised the corners of his mouth. It wasn't a matter of whether he could control them or not, but how they could accept the ownership of the Dragon Palace. "Senior, tell these dragon bastards about Yun Feng's relationship with the Dragon Palace."

Yao Guang raised his brows and then chuckled. "Do you really think the Dragon Palace belongs to the Dragons?"

Elder Qi cleared his throat. "Senior, the Dragon Palace has a lot of history in the Dragons. Even if it had an owner at first, it's been in the Dragons for so many years. It should belong to the Dragons."

"Humph, the members of the Dragons are indeed the same. They're all greedy from top to bottom." Yao Guang looked at Xiao Ling. Thinking of what happened in the Dragon Palace back then, Xiao Ling lowered her head in embarrassment. "Yun Feng already owns the Dragon Palace right now. You can give up."

"But Senior, even though Yun Feng is not bad, she... doesn't have the ability to own the entire Dragon Palace. Besides..."

"Old Qi, are you done?" Ao Jin roared unhappily. "As I said, the Dragon Palace belongs to Yun Feng right now!"

"Cut the crap, Ao Jin! If you think that little girl doesn't have the ability to own the Dragon Palace, you're even less worthy!" Yao Guang's words were a bit hurtful. The Dragons, who already had strong self-esteem, were immediately upset.

"Yao Guang, why do you have to do this?" An old and distant voice sounded. Ao Jin and the members of the Dragons were all startled! Yao Guang, on the other hand, glanced somewhere. "You've finally moved. You can explain. I have to go back and rest. If they still make a fuss, don't blame me for attacking."

"Got it, got it."

Yao Guang grunted coldly and flashed away. Ao Jin looked around with his golden eyes, because he felt a familiar aura. It was the same Golden Dragon aura as his!

"Haha, put everything else aside. I've been here the longest. You should understand some things."

The fifth level of the Dragon Palace was completely quiet. There was no sound anymore. Mu Canghai, who was sitting on the second level, twitched his eyebrows a few times and could finally be quiet again. Yun Feng, who was sitting on the side, raised the corners of her mouth. It seemed that Uncle Flirtatious still had some tricks up his sleeve to make those dragons obedient. After taking the remaining dragons into the Dragon Palace, Yun Feng controlled the Dragon Palace to turn into a speck of dust and started to go back the way she came. There must be a reason why Uncle Flirtatious couldn't leave this place. In order to ensure that everything went smoothly, it was better to travel inside the Dragon Palace.

In fact, as Yun Feng expected, while Ao Jin couldn't leave this strange cave, the Dragon Palace could. It turned into a speck of dust and slowly passed through the cave, returning to the deep tunnel where Yun Feng came from, moving forward constantly.
