Chapter 1481 How Could It Be Her (5)

The Transformation Potion was effortless for Yun Feng. When Yanran learned that the Transformation Potion had already been made in such a short period of time, she couldn't help but feel very grateful to Yun Feng in her mind and even admired her a bit. Yun Feng prepared a total of twenty bottles of Transformation Potion and gave them all to Yanran. After all, it wouldn't be a problem for her to enter the Chili Tribe as an outsider. In two months, even if she couldn't completely divide the Chili Tribe, she could still dig a gap.

Even though there were twenty bottles of potions, Yanran still felt that they were too few. These were only enough for her to explore the way. Two months was far from enough to truly divide them! However, she was too embarrassed to ask for too much. She could only try to do more meaningful things in two months. Yanran didn't know that she didn't have to worry at all. Yun Feng's goal was the same as hers. Even if she didn't have any effect, Yun Feng would help her deal with the things after that. The division didn't depend on Yanran. It was all on Yun Feng.

Yun Feng's trip surprised most of the Qitun Tribe members. This time, Yanran didn't bring any guards. The Transformation Potion was limited. If there were more guards, it would be a burden. The king of the Qitun Tribe members was very worried, fearing that something would happen to Yanran. He finally gave up under Yanran's insistence.

"The entire Qitun Tribe values you so much. Are you really not bringing any guards?" Yun Feng asked in a low voice. Yanran chuckled and swallowed the Transformation Potion. "I'll certainly be more careful. If anything really happens, I'll still have the ability to escape."

Yun Feng smiled gently and didn't say anything else. The two of them left the Qitun Tribe and walked towards the territory of the Chili Clan. The Qitun Tribe wasn't far away from the Chili Clan. After leaving the territory of the Qitun Tribe, they had already arrived at the edge of the territory of the Chili Clan not long after. Yanran took a deep breath. Yun Feng couldn't help but chuckle secretly when she saw how nervous she was. After the two of them stepped into the territory of the Chili Clan, they went straight to the capital!

The journey was quite smooth. The two of them didn't attract any attention and avoided the troublesome places. Three days passed. Yanran felt that it was a pity that she wasted a bottle of Transformation Potion and couldn't help but feel even more anxious. Three days later, the two of them arrived at the capital of the Chili Tribe. Looking around, it was extremely magnificent!

"After entering the city, let's part ways for now," said Yanran. Yun Feng agreed and the two of them walked forward together. They didn't know how difficult it was to enter the capital until they got close to the capital! With tight guards and meticulous inspection, the capital could be said to be protected flawlessly! Yun Feng raised her black eyes slightly and looked at the empty high wall. She noticed a few obscure auras hiding around.

While she was sizing it up, a pair of eyes in the dark also noticed her. A beam of light suddenly flashed through those eyes. "How can it be... her?"

“The inspection of the city gate is much stricter than I thought.” Yanran looked at the heavily guarded city gate and was a bit worried. “Will the Transformation Potion really be good? Won’t we be discovered?”

“So what if we’re discovered?” Yun Feng asked Yanran with a smile. The corners of Yanran’s mouth curled up bitterly. “Nothing can be done. If the Chili Tribe finds out, we’ll die here.”

Yun Feng was surprised. Yanran smiled at Yun Feng lightly. “The Chili Tribe hates the Qitun Tribe and the Chaoling Tribe. How would the Chili Tribe not know what the two families are thinking? It’s just that the Chili Tribe doesn’t have a good chance to attack us. The three races are all waiting for an opportunity to bite the enemy to death!”

Yun Feng was silent. The battles of the Sea Clan were usually common. It was either you die or I die. There was definitely no illusion of peace. “I think we should split up. This way, if I’m discovered, I won’t implicate you.” Yanran chuckled at Yun Feng as she said. “You’ve helped me too much. I just haven’t had a chance to repay you. If we succeed this time, just tell me what you want.”

Yun Feng chuckled. “Alright, I’ll remember what you said.”

Yanran nodded and walked towards the city gate first. Yun Feng looked at her young back and chuckled softly. She keenly noticed that someone had been staring at her for a long time at some point! She raised her black eyes and looked at the high city wall. There was a shadow on the city wall and she couldn’t see anything at all. However, Yun Feng was sure that someone was indeed spying on her there just then! Was it a coincidence... or... had that person seen her before? Who would recognize her in the Chili Tribe of the Endless Ocean?

She narrowed her black eyes. The gaze that focused on her just then had already disappeared, but Yun Feng’s heart was covered in a layer of dark clouds. It seemed that things wouldn’t be smooth sailing in the territory of the Chili Tribe.

Entering the capital of the Chili Tribe, they had to go through a rigorous inspection. When Yun Feng walked into the city gate, she found that there was a very tall and huge sign on the side of the city gate. There was a sentence written on it in a huge font. After reading it, everyone wouldn’t forget it. Those from the Qitun Tribe and Chaoling Tribes who trespassed the capital would die!

Yun Feng was quite shocked to see that. It seemed that Yanran wasn’t exaggerating at all just then. The Chili Tribe indeed hated the Qitun Tribe and the Chaoling Tribe to the bone, but they didn’t have a suitable opportunity to attack yet. Once they attacked, they would really fight to the death. The Qitun Tribe and the Chaoling Tribe probably knew this very well. If they didn’t take action, when the Chili Tribe attacked, the two races would be destroyed. It would depend on whose chance came first.

There were two passages into the capital. One was for the members of the Chili Tribe, and the other was for the members of those outside of the Chili Tribe. Either passage was heavily guarded. Yun Feng and Yanran walked on different passages and could see each other. Yanran looked very nervous. Yun Feng was also a bit worried in her mind. After all, the Transformation Potion couldn’t completely turn Yanran into a member of the Chili Tribe. It would be great if she passed, but if she couldn’t...

Yun Feng glanced at the word “die” on the sign. Yanran had an important position in the Qitun Tribe. If she died here, it would undoubtedly make things worse for the Qitun Tribe. Without their backbone, the

plans of these two clans could only be put on hold. Once the Chili Clan found an opportunity, these two clans would only be destroyed. The Chili Clan would be even stronger. Thinking of this, Yun Feng's black eyes darkened slightly. It seemed that she must ensure that Yanran entered the city safely!

"You're an outsider?" Yun Feng had already walked to the city gate. The guard of the Chili Clan immediately stopped her and sized Yun Feng up carefully. Yun Feng said, "I'm from the South Sea."

Yun Feng smiled gently. "I heard that the Chili Tribe is the closest to the Dragons. I'm here to take a look. After all, there are the Chiwen and the Chiyuan in the south..."

Chapter 1482 Ze Ran (1)

The guard of the Chili Clan immediately showed a disdainful look. "Those two clans aren't even close to the Dragons! And they're talking about being a branch of the Dragons? Bah! They're thick-skinned!"

"That's right. The Chiwen and the Chiyuan are quite domineering in the South Sea. They publicized their dragon bloodline in the South Sea and even said that the Chili in the north was just so-so..."

"How dare they say that about the Chili Tribe! Bastard!" The guard's emotions were aroused. Yun Feng chuckled secretly. "Although I live in the South Sea, I don't like how arrogant the Chiwen Tribe and the Chiyuan Tribe are! That's why I came thousands of miles to the north to see the Chili Tribe."

The guard was certainly very proud to be admired. "Take a good look! Those poor people in the south can't compare to one-tenth or one-hundredth of the Chili at all! Go over!" The guard shouted loudly. Yun Feng passed successfully. Yun Feng looked to the side. The passage used by the Chili clansmen was a bit looser than this one. Without being checked one by one, Yanran had already successfully walked to the end of the passage in the crowd. Seeing that she was about to enter the city, Yun Feng's heart was still in her throat.

"Stop right there!" The guard shouted loudly. The members of the Chili Tribe looked at each other and didn't know who he was calling. Yanran looked nervous and was afraid that she would expose herself, so she kept hiding in the crowd. The scene was immediately a bit chaotic. The few guards immediately stopped the crowd and let them pass one by one. Seeing such a scene, Yun Feng had a bad feeling in her mind.

"Why aren't you leaving?" The guard next to him looked at Yun Feng in surprise. "Why are you watching the drama here?"

Yun Feng chuckled. "I'm just curious. Is the Chili Tribe so strict about the inspection of your own people?"

The guard on the side burst into laughter. "This is something you outsiders don't understand. The inspection over there looks lax, but it's actually even stricter. Some members of the Sea Clan will pretend to be members of the Chili Clan. Because there's a precedent before, they're especially careful."

"Thump!" Yun Feng's heart raced. A precedent? Was there a member of the Sea Clan who wanted to sneak in with the Transformation Potion? If that was the case... wouldn't it be obvious at a glance that Yanran was in disguise?

"It's you. Stop!" The guard pulled Yanran out quickly with one hand. The force was so strong that Yanran couldn't help but cry out in pain. "What are you doing? You're not letting me go home?" Yanran glared at him angrily, but the guard looked at her coldly. "Go home?"

Yanran's heart suddenly pounded. She looked at the opposite side helplessly and happened to see Yun Feng standing there. "Of course. I'm going home. Where else can I go?"

"Alright! Then tell me, where do you live in the capital? I've lived in the capital since I was born. No matter where you live, I'll know if it's true after hearing it!"

Yanran's face turned pale. Yun Feng frowned slightly. She was really going to be exposed this time... How could she help Yanran out? If she didn't think of a good solution, Yanran might die here! How could she get the best of both worlds... How could she deal with it perfectly...

"Tell me!" The guard shouted loudly. Yanran stammered, "I... I live... I live..."

The guard's expression became colder and colder. "Tell me! Who exactly are you? Why are you pretending to be a member of the Chili Tribe? Are you from the Qitun Tribe and the Chaoling Tribe?"

Yanran's face turned even paler! Yun Feng made up her mind and shouted loudly, "Xiao Ran! Why did you run over there? I've been looking for you for a long time!"

The guard next to Yun Feng was stunned. Yun Feng immediately turned around. "I wasn't just watching the drama just then. My good friend was lost. She's a bit naughty... What I was afraid of really happened..."

The guard looked at Yun Feng suspiciously. It was obvious that he didn't believe her. Yanran was quite smart and immediately replied, "Feng Yun, I'm here!"

"What exactly is going on?" The guard next to Yanran shouted furiously. Yun Feng immediately rushed over from the passage there. Seeing Yanran's pale face, she reached out and pulled her behind her. "Are you alright?" Yun Feng asked in a low voice. She felt that Yanran's hand was a bit trembling. "I... I'm fine..."

"What's going on?" The guard looked at Yun Feng and Yanran suspiciously. Yun Feng raised her head. "Brother, we're outsiders from the South Sea."

"Outsiders? Why do you maliciously impersonate the Chili Tribe? Tell me, what's your purpose?"

Yun Feng smiled. "Brother, we don't have any purpose. We just wanted to come to the North Sea to see what the Chili Tribe is like. I've heard that the bloodline of the Chili Tribe is the closest to that of the Dragons. We all have a longing in our minds. My good friend is even more so. She said how great it would be if she could be born in the Chili Tribe. She's also very naughty. When she was in the south, she tried to transform herself into the appearance of the Chili Tribe. Along the way, we happened to find out about a Transformation Potion that can change her appearance to that of other members of the Sea Clan. She couldn't help but be intrigued. We finally got a bottle. She wants to become a member of the Chili Tribe no matter what."

Yanran stood aside and didn't say anything. She secretly admired Yun Feng's glib tongue. The guard looked at Yun Feng skeptically. "Really?"

“That’s true! We were still together just then. I didn’t expect her to take the potion secretly and run over there... I’ve been looking over from there just then. The guard over there can testify for me.”

The guard on this side glanced at the other side suspiciously and then turned his eyes around. “Alright, I’ll believe what you say for now.”

Yanran heaved a sigh of relief. Yun Feng was also relieved in her mind, but the next thing the guard said was, “Remove the effect of the Transformation Potion. I want to see if she’s as you said. If you’re lying... Do you see what’s written on that sign? You’ll end up like that!”

Yanran couldn’t help but hold Yun Feng’s hand tightly and looked at her guiltily. It didn’t matter if she died, but she couldn’t implicate her savior! She had always been helping her. She didn’t expect her to be involved. If Feng Yun didn’t care about her just then, she would have already entered the city...

Yun Feng’s face darkened. Once the effect of the Transformation Potion disappeared, the aura of Yanran’s Qitun Tribe would certainly appear. By then, she would really die! She thought these guards were easy to fool, but she didn’t expect them to be so meticulous. She had underestimated them!

Chapter 1483 Ze Ran (2)

Yanran gritted her teeth secretly and moved forward, about to say something. Yun Feng pulled her fiercely and pushed her behind her again. “Brother, the Transformation Potion won’t expire for another three days... I don’t know what to do if you want to remove its effect immediately...”

Yanran looked at the side of Yun Feng’s face and listened to her explanation. She was touched deeply in her mind. The guard looked at Yun Feng and sneered. “Then wait outside for three days until the effect of the potion disappears!”

Yun Feng heaved a sigh of relief. Luckily, she had bought three days. She might be able to think of a new countermeasure in these three days. In short, she was safe for now. Yun Feng held Yanran’s hand and was about to turn around to leave, when the guard said coldly, “Where are you going? You’re not allowed to go anywhere! Just stay here for three days!”

Yanran was stunned. Yun Feng’s face suddenly darkened! She couldn’t do anything under the guard’s watch for three days. Everything would certainly be exposed after three days! Yun Feng couldn’t help but feel enraged in her mind when she saw the guard’s cold smile. Was he really going to force her to use force?

Yanran lowered her head. What should she do... What should she do now... She couldn’t implicate Feng Yun no matter what!

“Feng Yun, I...”

“What do you mean?” Yun Feng said unhappily. Yanran was stunned. What was going on? “We’re not from the Chili Tribe. We haven’t entered the capital. What right do you have to control me?”

“What right? You’re standing in the territory of the Chili Tribe right now. I certainly have the right to supervise you! You can’t live even if I want you to die!” The guard was also enraged. He looked at Yun Feng viciously. Yun Feng sneered. “I’ll see how capable you are!”

“Feng Yun...” Yanran was dumbfounded. Why did she have to provoke this guard on purpose? What exactly was she doing?

“Outsider, are you provoking us on purpose?” The guard looked at Yun Feng and suddenly raised the weapon in his hand. The members of the Chili Tribe around made way for him one after another. Chaos immediately appeared in front of the city gate. The atmosphere between Yun Feng and the guard was immediately tense. The two of them would probably fight in a few seconds.

“Why are you so noisy?” A dignified voice penetrated his eardrums and reached his mind. The expression of the guard confronting Yun Feng immediately changed. He put away his weapon and suddenly lowered his head, turning around. “My lord!”

Yun Feng and Yanran both looked inside the city gate and saw a figure walking to the city gate and looking outside solemnly. He looked at the guard and Yun Feng with very sharp eyes. The guard stood there nervously, while Yun Feng looked back with interest.

“My lord!” The few guards at the city gate immediately turned around and shouted in unison. Yanran stuck her head out curiously and glanced at him. “Is he an important figure of the Chili Tribe?”

Yun Feng raised her brows. This important person came out at the right time. She deliberately wanted to cause chaos just then, but she didn’t expect this person to appear. Which direction should things develop in right now? Yun Feng thought to herself. If she really didn’t have a choice, she could only escape from the territory of the Chili Tribe with her life and go back to form a new plan.

“As a guard, you made the city gate so chaotic?” As soon as the person standing at the city gate said that, the guard who was arguing with Yun Feng immediately said, “No, my lord! I found these two suspicious! One of them pretended to be a member of the Chili Tribe. Didn’t such a thing happen a while ago? The king asked us to be extra careful. I dare not to be careless. Please understand, my lord!”

“I know about this. For the sake of safety, let me deal with it!”

“My lord? But you...”

“Hm? Are you questioning me?”

“I wouldn’t dare!” The guard lowered his head in panic. “My lord, if you want to interrogate these two people, I certainly won’t stop you!” After saying that, he even glanced at Yun Feng and Yanran secretly. Yun Feng and Yanran felt quite complicated in their minds. What should they do now? Should they run away or...

“Guards, bring those two people in!”

Yanran’s originally uneasy heart completely calmed down after hearing this. She nodded. “Feng Yun... Thank you.”

Yun Feng didn’t say anything. A soldier of the Chili Tribe had already walked over. Yun Feng and Yanran looked at each other. The two of them didn’t resist at all and were brought in by the soldier. After they were taken in, there was another commotion in front of the city gate. “Why aren’t you maintaining order? Watch carefully!” After shouting, this person of the Sea Clan turned around and slowly walked

back. The few guards at the door were a bit confused. They originally thought it was a small matter. Why did this lord take over it himself? Was there really something wrong with these two people?

“Alright, stop arguing!” The guards shouted loudly to maintain order at the city gate. The inspection was even stricter than before. Even though Yun Feng and Yanran were taken away, they somehow entered the capital. They had achieved their goal.

Yun Feng remained silent along the way. She observed the interior of the royal city of the Chili Tribe secretly with her black eyes. It was indeed extraordinary. The two of them were taken to a place along the way. Yun Feng looked up. She originally thought it was a cell or something, but she didn’t expect it to be a small independent yard. What was going on? Were they high-level prisoners with different treatment?

“Go in. Let me give you a piece of advice. Don’t go anywhere, or just blame yourselves if you die here.” This person left after saying that, but he left a few soldiers who escorted them here. Yun Feng and Yanran couldn’t figure out what was going on, so they could only go in. This small yard wasn’t big and was very remote, but it had everything inside. Rather than saying that Yun Feng and Yanran were prisoners imprisoned here, it was better to say that they were guests who were forcibly invited.

“What exactly is going on?” Yanran was confused, and so was Yun Feng. She couldn’t see through everything in front of her eyes. What was the Chili Tribe doing? She didn’t know that big shot of the Chili Tribe just then, and she didn’t have any relationship with the Chili Tribe at all. Who exactly did that big shot listen to? He helped her out and even brought them in?

“Feng Yun, are you friends with someone from the Chili Clan?” Yanran looked at Yun Feng in surprise. Yun Feng frowned, but finally smiled. “Maybe, but I forgot.”

Chapter 1484 Ze Ran (3)

“I think so. Otherwise, they wouldn’t be so polite to us.” Yanran was extremely happy. It was great that Feng Yun had a relationship with someone from the Chili Clan! In that case... Yanran glanced at Yun Feng secretly. She wondered if she was willing to help her anymore.

Yun Feng and Yanran stayed in this small yard alone just like that. Half a month had passed and neither of them left this place, which made Yanran very anxious. A lot of the Transformation Potion had been wasted in half a month, but she could only wander around this small room. It was impossible for her to get out at all. The few soldiers at the door were all quite strong. Yanran went from the initial joy to the anxiety later. Yun Feng was very calm. Back then, she still thought about who it was, but she didn’t think about it anymore. She would take things as they came. The person behind the scenes would show up sooner or later.

The only thing that made Yanran gratified during this period of time was that Yun Feng made a few more bottles of Transformation Potions, which more or less comforted her anxious heart. The lord who brought them here in the past half a month never came again. Nobody came to this small yard. They seemed to be isolated. Finally, Yanran exploded.

“No! I can’t be trapped here anymore. I want to get out!”

Yun Feng chuckled. "You're in such a hurry to go out. It seems that the person who's going to meet you isn't simple."

Yanran smiled in embarrassment. So far, she hadn't revealed any real information to Yun Feng. Even though she wanted Yun Feng's help, Yanran wasn't sure yet. After all, this plan was very important. If she was careless, all her efforts would be in vain. By then, it would be useless no matter how many powerhouses the two races recruited.

"If they don't let us out tomorrow, I'll think of a way to get out myself!"

After Yanran said that solemnly, things changed again that day. The lord who escorted Yun Feng and Yanran into the city that day came again and didn't say anything. He only said that an honored guest would come the next day and left. Even though Yanran and Yun Feng didn't know the identity of this honored guest, they could guess who it was. It seemed that the mysterious person who arranged for them to stay here was finally going to show up.

The next day, Yanran gave up the idea of going out. The honored guest, whom she had been curious about in her mind, was finally coming. She certainly couldn't miss it. Besides, she didn't have anyone important to meet at all. Everything was just a feint. Yanran waited curiously, while Yun Feng was even calmer. There wasn't any fluctuation of emotions on her face at all. More than half a day had passed, but the so-called honored guest still didn't come. In the end, Yanran gritted her teeth in anger. She had been tricked! If she had known earlier, she would have snuck out and secretly found out something. It was better than wasting time waiting for nothing!

"I'm going out. Feng Yun, what about you?" Yanran stood up angrily, while Yun Feng chuckled. "I'm not."

"Damn it. You wasted my day. If I had known, if I had known...!"

"I'm really sorry for making you wait. I'm busy and there's nothing I can do. Please forgive me." A voice came from outside. Yanran's eyes brightened. A distinguished guest had come? Yun Feng sat there thoughtfully. This voice... Why did it sound a bit familiar? Had she really someone of the Chili Tribe in the past?

The door had already been pushed open and a tall figure walked in. Yanran looked up and suddenly blushed for no reason, while Yun Feng was still immersed in her thoughts. The person who came in couldn't help but chuckle when he saw that Yun Feng wasn't looking at him. His smile made his facial features look even more charming and Yanran blushed even more.

"You... You're not a member of the Chili Tribe?" Yanran looked at the outstanding man in front of her. She blushed and was surprised to find that the aura on his body wasn't that of the Chili Tribe. The man chuckled. "I'm indeed not a member of the Chili Tribe. It's just a coincidence that I'm here."

For some reason, Yanran only felt like a huge rock had been lifted from her heart. She peeped a few times from time to time and felt that her heart was beating much faster. "This lay who's been thinking with her head lowered, aren't you curious about me?"

Yun Feng looked unhappy. Why did these words sound a bit flirtatious? Yun Feng raised her black eyes coldly, but she was immediately stunned when she saw the face in front of her! The elegant short hair, those clear eyes and a smile that was comparable to the bright sun appeared in front of her eyes just

like that. Memories flashed through her mind. Only one person could smile so brightly. Even though the facial features in front of her were even a bit unfamiliar, this smile didn't change at all.

Yun Feng stood up and sized up the person in front of her carefully with her black eyes, not letting go of anything. How could this be... How could he appear in such a place? He... She hadn't seen him since she left Chunfeng Town. She had only heard some news about him from her father. Didn't he embark on the road of training alone? Why... did he appear in the Endless Ocean?

"Feng Yun... Do you know each other?" Yanran looked at Yun Feng's expression and then at the smile on the man's face. She felt inexplicably uncomfortable in her mind, as if she wanted to break the curse between the two of them. Yanran asked loudly on purpose. Yun Feng came back to herself and suddenly smiled.

"Yes, how would I not know him... Even if he's changed a bit, I can still recognize him."

The smile on the man's face became wider and wider. The spots of light in his black eyes glittered like stars. "It's been so many years. You still remember me."

Yanran exclaimed. Yun Feng was also shocked! She immediately reached out and was about to push him away, when she heard a deep voice in her ear. "It's truly great... to see you again after so many years."

Memories flowed in her mind. The time when she was young in Chunfeng Town surged in her mind. The first friend she met when she first came to this world. His bright smile and the way he protected her. Yun Feng still remembered that. She met too many people along the way. But he was different. After he left at the beginning, they didn't meet again until now. How many years had it been...? It had been decades since she met him.

Chapter 1485 Ze Ran (4)

Yun Feng chuckled and patted the man's back. The man slowly let go of his arm and took a step back. "You haven't changed much, just like when I saw you back then."

Yun Feng chuckled and was about to say something, when Yanran rushed over and separated the two of them. "Feng Yun, aren't you going to introduce us?"

Yun Feng glanced at Yanran thoughtfully and chuckled. "Of course. This is my first friend, Ze Ran."

The bright young man, who had already grown up, couldn't help but chuckle softly after hearing Yun Feng's introduction. There was a hint of warmth in his eyes. Yanran chuckled and looked at Ze Ran with a smile in her eyes. "Ze Ran... Your name is really pleasant."

"You are..." Ze Ran looked at Yun Feng in confusion when he saw how familiar Yanran and Yun Feng were. Yun Feng was about to say something, but Yanran had already said, "I'm Feng Yun's friend. My name is..." Yun Feng glanced at Yanran and didn't say anything. Ze Ran, on the other hand, was deep in thought. If she was really Yun Feng's friend, how would she not know her real name? "Got it." Ze Ran quickly interrupted Yanran's self-introduction and looked at Yun Feng. Yun Feng certainly knew what Ze Ran meant. The two of them had not met here for so many years and they would definitely have a lot to talk about. However, it was too much of a hindrance with Yanran here.

!!

“Aren’t you in a hurry to meet someone?” Yun Feng said casually. Yanran was stunned. “Well... Didn’t you say that we shouldn’t leave this place... I’m not in a hurry...”

“You can walk around freely right now. It’s fine. My men will follow you,” said Ze Ran. “If you have something to do, it’s better to get it done first.”

Yanran stood there a bit awkwardly and was in a dilemma. She felt that they were trying to send her away on purpose. She didn’t want to leave right now, but since they had already said so, it would be a bit inappropriate for her to stay here. Yanran glanced at Ze Ran. She didn’t want Ze Ran to have bad feelings for her.

“Then I’ll go out first. I’ll be back soon.” Yanran smiled at Ze Ran lightly and turned around to walk out. After Yanran left, Ze Ran frowned. “Why is she following you? She seems to have a lot of things on her mind. Will she...”

Yun Feng chuckled. “It’s fine. We’ll just use each other at most. I won’t suffer a loss.”

Ze Ran looked at Yun Feng attentively. “It’s been so many years. Your strength has increased by leaps and bounds. I know I can’t compare to you, but reality still makes me a bit frustrated.”

Yun Feng smiled. “Why do you care about that? You’re strong enough right now.”

Not enough, far from enough! I can’t protect you yet! Ze Ran whispered in his mind. Yun Feng said, “You should tell me why you’re here. I heard from my father that you entered the Ten Thousand Beast Mountain Range for training a while ago. At this moment, your Magic Beast aura is obviously not that of a human being. Did you have a fortuitous encounter there?”

Ze Ran curled his lips. “It’ll take a long time.”

Yun Feng smiled. “I have plenty of time.”

Ze Ran smiled gently and briefly explained his experiences in the past few decades. He spoke very simply. He had already explained the experiences of the past few decades in a short period of time. Even though every sentence was simple, Yun Feng could tell how thrilling it would be behind this simpleness. Ze Ran probably experienced as much as she did.

“If it weren’t for my experience in the Ten Thousand Beast Mountain Range, I’m afraid I would only be at the Lord Level right now.” Ze Ran smiled wryly. He should actually be satisfied with his current God Level strength. He wouldn’t have been able to reach such a level with his original talent no matter what. It could be considered a gift from the heavens.

Regarding what caused Ze Ran’s strength to change so rapidly in the Ten Thousand Beast Mountain Range, Ze Ran didn’t seem to be willing to talk about it. Yun Feng didn’t ask anything else. She never forced him to. If Ze Ran was willing to say it, he would certainly say it. No matter what it was, at least it was beneficial and harmless to Ze Ran. It was just that his physique had also undergone a fundamental change, or rather, it was very similar to Yun Feng’s. There was a Magic Beast aura in Yun Feng’s body that could be transformed freely, while the Magic Beast aura in Ze Ran’s body was better fused. Ze Ran could control it at will and could switch with his human aura. Most importantly, he could also fuse with his human aura.

It was also because he could fuse the aura that Ze Ran's potential changed fundamentally and he reached the current God Level. When Yun Feng wanted to ask Ze Ran how he could fuse the two auras safely, Ze Ran smiled wryly repeatedly. "There are some things that you should not know." This was Ze Ran's answer. Yun Feng didn't ask again after hearing that.

"After you left the Ten Thousand Beast Mountain Range, you came straight to the Endless Ocean?"

Yun Feng was speechless. The bloodline of the Yun family was indeed very special. Their status in the past was certainly extraordinary, but this was nothing in Yun Feng's mind. "What princess? People are the same. Bloodline and status aren't important."

Ze Ran looked at Yun Feng in a daze for a while. "Yes, indeed. That's not important."

"Why did you want to come to the Endless Ocean?" Yun Feng raised her brows. Ze Ran was startled and his face suddenly darkened. "I'm only here for something... I originally wanted to go to the Inner Region to find you and see if I could help the Yun family."

Yun Feng's heart felt warm. She was truly lucky to have such a friend. "Thank you, Ze Ran."

Ze Ran chuckled. "You don't have to thank me. My childhood memories are always in my mind. I'm your first friend and you're also my first friend." The most important person.

"If I can help you, just tell me. Is there anything I can do to help you here in the Endless Ocean?" Yun Feng said. Ze Ran frowned. "No need. I can do these things myself."

"It's not a big deal! It's only right for me to help a friend! It's my duty!" Yun Feng still felt strange. There seemed to be a corner in Ze Ran's heart that he didn't want to be touched, especially about his experience in the Ten Thousand Beast Mountain Range. He didn't want to talk about it at all. Even though Yun Feng wouldn't ask again, she was more or less worried in her mind. Was Ze Ran in big trouble and didn't want to implicate her?

Chapter 1486 It's a Regret to Miss Her (1)

"There's really no need. It's just a small matter." Ze Ran said indifferently and immediately changed the topic. "I heard that there's something I need in Chili. I wanted to finish it quickly and find you. I didn't expect you to come here." Ze Ran smiled in relief. Yun Feng didn't expect to meet him here either.

"It seems that your status in the Chili Tribe is very high?"

Ze Ran smiled. "I just did a few things for the Chili Royal Family and got some attention."

"The Chili Royal Family values outsiders? The aura in your body is different from that of the Sea Clan. The Chili Royal Family put down their vigilance?"

Ze Ran chuckled. "The Endless Ocean rejects humans, but this is the territory of Magic Beasts after all. Even those who do not belong to the Sea Clan can survive here, but not many Magic Beasts on land want to come to the bottom of the sea."

Yun Feng understood that they were all Magic Beasts after all. They only ostracized humans. Even if the Sea Clan came to the land, they wouldn't be ostracized. "They certainly had their guard up, but perhaps because I performed well and didn't have any other thoughts, the Chili Royal Family is at ease."

“Did you find what you needed here?”

Ze Ran sighed. “Not yet. That thing isn’t in the capital. If I want to search carefully in the territory of the Chili Tribe, I need a good reason. That’s why I want to build a good relationship with the Chili Royal Family.”

“It seems that your results are not bad. The person who brought us here is quite respectful.”

Ze Ran smiled in embarrassment. “Why are you here? Can I help you?”

Yun Feng chuckled and told Ze Ran her plan without hiding anything. It included information about the Blood Souls and the map fragment. There was nothing to hide from Ze Ran. The relation between the two of them wasn’t just a day or two.

“So, Yanran is from the Qitun Tribe. No wonder you said that we were just using each other. She was indeed plotting against you.” Ze Ran’s face was gloomy, but Yun Feng chuckled. “It’s fine. I might be plotting against her too.”

“It’s great that my identity can help you now.” Ze Ran smiled comfortably. Yun Feng looked at him with her clear black eyes. “Ze Ran, do you really not need my help with your matter? Or is something bothering you?”

Ze Ran’s black eyes were startled. Then, he looked away. Yun Feng immediately knew that she was right. “You must’ve experienced a lot in the past few decades. Only you know what you encountered. I can’t help you much, but I’m your friend. I’ll be worried for you.”

Ze Ran’s black eyes darkened and he fiddled with his hair hard with his hand. “No, I’m not guarding against you. Yun Feng, I’ll never guard against you! It’s just... It’s just that this matter... I... I...”

This was the first time Yun Feng saw Ze Ran panic. He was a magnanimous man who was as warm as the sun. Yun Feng didn’t doubt what he said at all. “Alright, I understand. I won’t ask. However, I’ll still say the same thing. As long as you tell me, I’ll definitely help you to the end!”

Ze Ran was stunned for a moment and sighed helplessly. “It doesn’t matter what I want to do. Your business is the most important right now.” After adjusting his emotions, Ze Ran smiled brightly. “How can I help you? Tell me!”

Yun Feng smiled happily and didn’t refuse anymore. It couldn’t be better with Ze Ran’s help. She originally wanted to divide the Chili Tribe from the inside. Since Ze Ran had contact with the royal family and got a certain amount of trust from the royal family, she could carry out her plan more smoothly.

“If we want to divide the Chili Tribe from the inside, we must start with their conflict. How about this? I’ll go back and help you find out the inside information of the royal family. I didn’t have the intention to do such a thing in the past, so I didn’t pay attention. The royal family of the Chili Tribe looks harmonious on the surface, but it shouldn’t be like this in private.”

“Thank you, but you must prioritize your own safety. Don’t alert the Chili Clan.”

“Don’t worry.” Ze Ran stood up. “Yanran will probably be back soon. If she wants to take advantage of our relationship, you don’t have to care.”

Yun Feng nodded. Ze Ran said again, "I'll come back in a few days. By then, you'll tell me what to do next. Don't interact with Yanran too much. The Qitun Tribe members are very cunning. Sometimes, they even don't care about anything else except their own interests, even though you saved her life. You must be careful."

As Ze Ran said, not long after he left, Yanran ran back while panting. "Where's Ze Ran?" Yanran was very disappointed when she came back and didn't see Ze Ran. After sitting down, she quickly asked Yun Feng. Yun Feng glanced at him indifferently. "He just left."

"Is that so?" Yanran wanted to chase after him immediately after hearing that, but she bit her lips and forced herself to sit down. "What a pity... I thought we could meet..."

"Why do you want to meet him?" Yun Feng raised her brows. Yanran suddenly blushed. "No! I mean, he looks very outstanding. It's good to get to know such a person!"

"Oh, I see." Yun Feng said meaningfully. Looking at Yanran's distracted expression, she understood a bit. It was fine if Ze Ran liked her. She could arrange for them to meet. However, Ze Ran obviously had a resistance to her. If Yanran liked Ze Ran, she would have to give her some advice.

"His aura is different from that of the Sea Clan. Feng Yun, how exactly did you become friends with him?" Yanran asked curiously. Yun Feng smiled lightly. That girl couldn't wait to start investigating. This was good. Some things should be explained as soon as possible to prevent future trouble.

Chapter 1487 It's a Regret to Miss Her (2)

"He's not from the Sea Clan. I met him by chance when I was young and we've been good friends ever since. However, we didn't meet often after that. I didn't expect him to come here."

"Oh... I see..." Yanran's eyes said that it was a pity that he wasn't from the Sea Clan. "But his aura seems very domineering. He should be a member of a very strong race on the land." Yanran's cheeks were red and a sense of admiration rose in her heart. Thinking of Ze Ran's elegant appearance, Yanran only felt that her heart raced a bit faster.

"That's indeed the case. He's also extraordinarily strong and has a suitable partner in the clan."

"What? A partner?!" Yanran was extremely shocked as she stared at Yun Feng. "If he really has a partner, he wouldn't have come here alone. Feng Yun, did he say that himself?"

Yun Feng chuckled. "He said it himself. I talked to him a lot just then, but most of it was about the female he likes."

Yanran's face froze and she only felt a buzzing in her head. A partner, why did he have a partner... If that was the case, wouldn't she have no chance at all? Yun Feng looked at Yanran and continued, "Even though he's alone this time, he's here for the love in his heart. He's always been a person who values commitment. I'm happy for him to find the love in his heart."

Yanran listened in silence and didn't say anything else. Seeing that, Yun Feng knew that what she said worked. She asked, "What's wrong?"

Yanran raised her head and smiled a bit awkwardly. "N-Nothing... I... I'll go back and rest for a while first." Yun Feng nodded. Looking at Yanran's rather sad back, she couldn't help but sigh softly. This was

good. Yanran wasn't as innocent as she looked. Ze Ran was still a human being after all. She and Ze Ran couldn't be together.

Ze Ran moved very quickly. Before Yun Feng went out to find out for herself, he had already come again and brought back very important news. The internal rift in the royal family of the Chili Tribe was actually quite obvious. The royal family had already been divided into three factions and they didn't like each other. Even though Ze Ran found out a rough idea, it was very useful. This made Yun Feng confirm the target of her next operation. If she wanted to divide them, she must deepen the rift!

"I've also paid attention to the map fragment and the Blood Souls for you. The map fragment is definitely in the hands of the royal family of the Chili Tribe, but I'm not sure which of the three factions is in control of it for the time being. And the Blood Souls..." Ze Ran looked at Yun Feng deeply when he said this. "It seems that the Blood Souls have some contact with the royal family of the Chili Tribe."

Yun Feng's black eyes darkened! The Blood Souls had contact with the Chili Tribe? No wonder they appeared in the territory of the Chili Tribe. "Perfect. I'll kill three birds with one stone this time." Yun Feng sneered. Ze Ran looked at her worriedly. Even though he didn't know what the Blood Souls were and Yun Feng had only mentioned them slightly, Ze Ran knew that the Blood Souls were a huge threat to the Yun family. They had done a lot of secretive things and attacked the Yun family more than once!

"Yun Feng, promise me. Even if you know the location of the base of the Blood Souls here, you can't go there alone!"

Yun Feng was startled. Then, she smiled gently. "I won't go there recklessly. Once I go, I swear to uproot that place!"

The two of them didn't talk for long. Yanran had already come back from outside. Ever since what Yun Feng said that day, Yanran had already returned to normal. She went out early and returned late every day. Yun Feng knew that she would definitely be busy investigating the internal affairs of the Chili Tribe. After all, she couldn't afford to waste time. She couldn't have the Transformation Potion indefinitely. It seemed that it was the right thing to let Yanran leave this place as soon as possible, or her plan might go wrong.

"Ze Ran, you're here." Yanran looked up and saw Ze Ran. Ze Ran nodded at her and Yanran chuckled. "I heard from Feng Yun that you're here this time for the person you love. I really envy the person in your heart. She's truly lucky."

Ze Ran was a bit stunned. He glanced at Yun Feng in surprise, while Yun Feng coughed gently. "Don't blame me for talking too much."

Ze Ran's black eyes glittered and he roughly understood what Yun Feng meant. He chuckled softly. "You told her. It makes me rather embarrassed."

When Yanran heard this, she thought she had let go of it, but her heart still hurt a bit. However, it was good to hear it from him. She could get rid of the thought in her mind. Yanran took a deep breath. "Then I won't disturb you anymore. I'll go first." Yanran quickly turned around and left. Ze Ran glanced at her back. "Why did you tell her that?"

Yun Feng almost rolled her eyes. "Can't you see that?"

“What do I have to see?” Ze Ran looked confused. Yun Feng could only sigh helplessly. Fine, the matter was resolved anyway. It was good that he didn’t understand. “It’s fine. Am I right? Do you really have someone you love?”

“Who is it? Which family is she from? Do I know her? Right... I can’t possibly know her. That’s not very nice of you. You don’t want to tell me such a big thing?” Yun Feng was extremely happy, while Ze Ran’s face became redder and redder as he listened. “What nonsense are you talking about?”

“Everything is written on your face. Why don’t you tell me?” Yun Feng was extremely relaxed when she saw his shy look. It was certainly something worth celebrating that her friend could find true love. “If she doesn’t like you, I’ll help you!”

“Stop fooling around. I don’t have anyone I love!” Ze Ran raised his head with a red face and his black eyes were a bit embarrassed. Yun Feng burst into laughter when she saw that. “You’re still denying it? Forget it. I’ll meet that person sooner or later. There’s no rush.”

Ze Ran’s lips moved, but he didn’t say anything in the end. There was something complicated in his eyes, but Yun Feng didn’t see it. “Do you remember Ao Jin?” Ze Ran came back to himself. “Ao Jin... Was he the person who appeared in the Yun family to help you?”

Yun Feng nodded. “I should’ve let you meet him. There’s also Mu Canghai. I made a lot of friends along the way. I only got to where I am today with their help.”

Chapter 1488 It’s a Regret to Miss Her (3)

“Sure! I want to meet them too. Did they come with you?”

Yun Feng chuckled. “Yes. I’ll take you there.” As soon as she said that, a beam of light rose from Yun Feng’s palm and enveloped Ze Ran’s entire body. Ze Ran wasn’t very surprised. After all, he didn’t have to be vigilant against Yun Feng. He let her take him away and came to a completely unfamiliar place.

Mu Canghai, who had been resting on the second level of the Dragon Palace with his eyes closed, keenly felt an unfamiliar aura enter the Dragon Palace. He immediately opened his eyes and saw Yun Feng and an unfamiliar man standing next to her. Mu Canghai stood up and his strange eyes met Ze Ran’s in the air. The two of them instantly understood something.

“I hope I didn’t disturb your cultivation.”

Mu Canghai shook his head. Yun Feng introduced, “This is Ze Ran, the first friend I met in Chunfeng Town! This is Mu Canghai, my best friend. He’s helped me a lot along the way. You should know his sister, Mu Xiaojin. She’s my sister-in-law.”

Ze Ran chuckled after hearing that and cupped his fists at Mu Canghai. “Brother Canghai, I’ve already met your sister. Greetings.”

Mu Canghai only nodded at Ze Ran indifferently with a cold expression on his face. Yun Feng shouted loudly, “Uncle Flirtatious!” After a while, a beam of golden light appeared in front of Yun Feng’s eyes. Ao Jin burst into laughter. “What’s wrong, girl? Did you miss me?”

Ze Ran looked over and saw the golden-haired man with golden eyes he saw in the Yun family in Chunfeng Town. He wasn’t a young man who didn’t know anything anymore. After so many years, he

certainly understood what Ao Jin's golden hair and golden eyes represented. Yun Feng was already on good terms with the Golden Dragon at that time. Thinking about it now, the two of them were truly worlds apart back then.

"I met my childhood friend here. You've met him too. He's Ze Ran." Yun Feng was in a good mood. Ao Jin frowned and looked over. "Ze Ran... is that kid?"

Yun Feng nodded. Ao Jin stared at Ze Ran with his golden eyes for a long time. "Kid, I remember that kid used to be a human being, right?"

"Yes, something happened to him when he went to the Ten Thousand Beast Mountain Range and he became like this." Ao Jin nodded after Yun Feng explained to him. "It seems that what happened wasn't just a small thing. I remember that kid risked his life to protect the Yun family back then, right?"

Yun Feng chuckled as Ao Jin's golden eyes glittered. "Kid, since you're old friends with him, you don't have to introduce him anymore. Just let us talk in private."

Yun Feng was stunned. Talk to him alone? What could Uncle Flirtatious and Ze Ran talk about? What could they have in common? "Uncle Flirtatious, what can you talk to Ze Ran about?"

Ao Jin chuckled and rubbed the top of Yun Feng's head with his hand. "He and I can certainly talk about man stuff. Girl, don't listen."

Yun Feng's expression froze. Man stuff? She didn't really want to hear it... "Alright, you guys talk." Yun Feng shrugged. Ao Jin immediately strode over and patted Ze Ran's shoulder. "Kid, do you remember me?"

Ze Ran curled his lips. "Of course I do. I was ignorant when I was young. I didn't even know that I had seen a Golden Dragon."

Ao Jin chuckled as a glint of darkness flashed through his golden eyes. "There are some things that you can't hide from me even if you want to. You must know that the Golden Dragon knows too much..." Ze Ran's face darkened. He looked at Ao Jin deeply with his black eyes and then raised his voice. "Yun Feng, can I... talk to him alone?"

Yun Feng was stunned. What exactly could Ze Ran and Uncle Flirtatious talk about? "Alright, I'll go out then. You guys talk." Yun Feng glanced at them suspiciously and immediately left the Dragon Palace. She wasn't interested in talking about men at all. Mu Canghai looked at Ao Jin and Ze Ran suspiciously. He felt that there was too much weirdness between the two of them, especially with what Ao Jin said just then.

"Bang!" Mu Canghai was shocked. Ao Jin had already transformed his hand into a dragon's claw at this moment. He pressed Ze Ran to the ground with his sharp dragon claw and stuck him firmly on the ground!

"Ugh!" Ze Ran grunted. He pressed his hand on Ao Jin's sharp dragon claw, only to find that he couldn't move it no matter how hard he tried!

"Ao Jin, he's Yun Feng's best friend!" Mu Canghai said on the side, but Ao Jin turned a deaf ear to him. He looked at Ze Ran under his claw fiercely with his golden eyes. "Kid, I can understand what kind of

feelings you have for the girl in your eyes. Anyone can like the girl, except you! You're no longer qualified to like her. Stay away from her! Don't cause trouble for the girl!"

Ze Ran's expression instantly darkened to the extreme, as if it was covered with a layer of dark clouds. Ze Ran lay on the ground powerlessly and turned his head to the side, looking extremely messy. "I know. I know better than anyone else!"

The golden eyes narrowed slightly. Ao Jin snorted coldly and put away his dragon claw, flashing away. Mu Canghai walked over and looked at Ze Ran, who was smiling wryly on the ground, with his strange eyes. "Your body..."

"I don't want to talk about it." Ze Ran got up and clenched his fists tightly. Blue veins appeared on his arms. Some things would be a regret for life if they were missed.

Ze Ran didn't say anything to Yun Feng after he came out of the Dragon Palace. He only said, "Be careful when you do anything." Then, he turned around and left quickly. Yun Feng originally wanted to ask Ao Jin what exactly he said to him, but seeing Ze Ran's situation, she vaguely felt that something was wrong. Did something happen? Yun Feng entered the Dragon Palace and found that Mu Canghai was there but Ao Jin was gone. However, after she asked, Mu Canghai only said that he didn't know and Yun Feng couldn't do anything else.

Yun Feng thought for a long time and didn't know if there would be any grudge between Ao Jin and Ze Ran. In the end, she didn't think about it anymore. No matter how long she thought about it, there wouldn't be any result. Ze Ran had been gone for a long time this time. More than twenty days had passed and there was still no news. Yun Feng couldn't help but feel a bit worried. Did something happen to him because he was too anxious? Yanran had obviously been more diligent these days. She went out early and returned late, and became more and more mysterious. However, looking at her miserable face every day, Yun Feng knew that the information she got was still limited. There were a few times when Yanran even asked Yun Feng for information, but Yun Feng sent her away indifferently.

Chapter 1489 Ze Ran, Ze Ran (1)

She couldn't wait anymore. Twenty-five days had passed, but there was still no news from Ze Ran. Yun Feng decided to go outside and investigate. It was necessary to infiltrate the royal palace of the Chili Clan. "Feng Yun, where are you going?" Yanran saw that Yun Feng was going out. She hadn't been out as often as she used to these few days. Yun Feng guessed that she had already investigated everything she could and had reached a bottleneck. She didn't know how to proceed, or rather, she couldn't find a breakthrough.

"Are you going to see Ze Ran?" Yanran asked with anticipation. She really wanted to get close to Ze Ran, but Ze Ran had only come a few times. Yanran couldn't say anything at all. In addition, Yun Feng and she had always been neither close nor far, which made it difficult for Yanran to say anything. Now that she had a chance, she certainly wouldn't let it go.

Yun Feng chuckled. "He's very busy. I won't disturb him. I haven't gone out for a walk since I came here."

Yanran narrowed her eyes after hearing that with a smile on her face. "I've been busy with my own business these few days and didn't have time to see what the Chili Tribe is like. Why don't I go with you?"

Yun Feng raised her brows. "The Qitun Tribe members are also interested in Chili?"

Yanran smiled awkwardly. "Well... Even though we don't have a good relationship with each other, it doesn't affect these things, does it..."

Yun Feng smiled lightly. "Sure, as long as you don't cause trouble."

Yanran chuckled. "Of course not!" She was about to hold Yun Feng's arm. Yun Feng dodged gently and Yanran's hand flashed through the air. Yanran stood there awkwardly. Yun Feng said, "I'm not used to being close to others. Just walk next to me."

Yanran laughed dryly and kept a distance from Yun Feng. Yun Feng walked out of the house and went to a lively place along the way, observing the structure of the capital of the Chili Tribe carefully. It had to be said that the Chili Tribe was the most particular among the Sea Clan Yun Feng knew so far. Even though the living habits of the merfolk were quite similar to that of humans, they were far inferior to the Chili Tribe. If it weren't for the scales on the bodies of the Chili Tribe, it wouldn't be wrong to treat them as humans.

Construction, habits and way of talking. Most members of the Chili Tribe had obviously turned into humans. Even though the Sea Clan rejected humans extremely, they accepted the way of life of humans, which made Yun Feng feel very strange. It seemed very contradictory, but in fact, humans and Magic Beasts were affecting each other.

"Did Ze Ran tell you his status in the Chili Tribe?" Yanran followed Yun Feng and asked with a smile. Yun Feng shook her head. "We mostly talk about old things. We're just catching up. I've never asked about this."

"He's not a member of the Chili Tribe, but he's quite valued in the Chili Tribe. These days, I've come out and asked many members of the Chili Tribe. Almost everyone knows Ze Ran! Feng Yun, I'm truly envious that you have such a friend!"

Yun Feng raised her brows. Yanran was indeed the backbone of the two races, the Qitun Tribe and the Chaoling Tribe. She changed her mind quickly. "He's not only valued by the royal family, but also respected by those with a high status in the Chili Tribe!"

"You've found out a lot." Yun Feng turned her head and said. Yanran chuckled. "I was just curious, so I asked a few more questions. If only I had such a friend."

Yun Feng was silent. It wasn't a big deal for Yanran to use her. They were using each other anyway. However, don't even think about targeting Ze Ran!

"How many Transformation Potions do you have?" Yun Feng asked casually as she walked. Yanran's face suddenly darkened. "There are only five bottles left. I can hold on for another fifteen days at most..."

"Didn't you finish your business? It's better to go back as soon as possible."

Yanran raised her head. "Well, there are still a lot of details to discuss... Feng Yun, is it possible for you to make some more Transformation Potions? There's no need for much. Just a few more bottles!"

Yun Feng didn't say anything. Did that girl really think she was a free potion machine? The longer Yanran stayed here, the more it would hinder her own plan. She certainly couldn't give her the Transformation Potion right now! "Sure, sure. As long as you can help me get all the materials I need for the Transformation Potion. After making these twenty bottles for you, I don't have any of these materials left."

Yanran was speechless. She thought she could get a few more bottles, but this was already the end! She only had five bottles in her hand. Excluding the time she had to take to leave the Chili Tribe, there were only ten days! What else could she find out in ten days?

"Are there a lot of herbs? If not, I'll think of a way..."

Yun Feng certainly didn't stand on ceremony after hearing that. She told her all the herbs needed for the Transformation Potion. Even though most of the herbs wouldn't be difficult to find, it would certainly take a lot of time to gather them all. Yanran only felt a bit of a headache after hearing that. There were at least ten kinds of herbs. Where could she get them...

Yanran bit her lips and didn't say anything. At this moment, the two of them had already walked into the prosperous area of the Chili Tribe. There were quite a lot of members of the Chili Tribe coming and going here. There were also many interesting shops on both sides. Many members of the Chili Tribe were talking loudly here, and some members of the Chili Tribe, who looked like they had a high status, were wandering here.

"Have you heard? Lord Ze Ran is doing another great deed for the Chili Tribe!"

"I've heard! Lord Ze Ran pushed back the Chaoling Tribe's invaders again. The Chaoling Tribe is truly bold. Their opponent is Lord Ze Ran and they're still not surrendering. Hahahaha!"

A lively discussion came. Yun Feng moved closer. Was the reason why Ze Ran didn't come these few days because he went to fight for the Chili Tribe? Yanran's face darkened a lot after hearing that. The Chaoling Tribe was defeated again. Was Ze Ran still on the Chili's side? Yanran raised her head and glanced at Yun Feng. So, should Feng Yun be a friend or a foe?

"The Chaoling Tribe and the Qitun Tribe will be swallowed by us sooner or later. They're only struggling at death's door! How would they have the courage to resist? Now that we have Lord Ze Ran, Chili is like a tiger with wings!"

Yanran's face became darker and darker. Yun Feng couldn't help but admire her endurance because she didn't do anything. "It's just a pity that Lord Ze Ran is an outsider after all. I wonder if he'll stay in Chili forever. If he can stay forever, it's only a matter of time before we swallow those two races!"

Chapter 1490 Ze Ran, Ze Ran (2)

"Hahaha! You don't know this, do you? Our king wants to marry his daughter to Lord Ze Ran! He wants Lord Ze Ran to stay in the Chili Tribe!"

"Really? Haha, if it works out, it'll truly be a joyous occasion for the Chili Tribe!"

“Who knows? Lord Ze Ran must be interested!”

Yun Feng raised her brows. As expected, Ze Ran was indeed valued here. He was valued to the point that the king of the Chili Clan was willing to marry off his daughter. Yun Feng chuckled softly. Ze Ran would definitely be very troubled. Haha, being chased by the king should be quite difficult for him.

“Feng Yun, what are you laughing at?” Yanran sounded a bit unhappy. Yun Feng glanced at her. “I’m just laughing at Ze Ran.”

“Do you think the Qitun Tribe and the Chaoling Tribe are funny? These two races will be swallowed by the Chili Tribe sooner or later. Are you laughing at this?”

Yun Feng raised her brows high and her black eyes were full of coldness. “It seems that there’s no need for us to travel together anymore. Farewell.” Yun Feng looked at Yanran’s flushed face and turned around to leave, ignoring her. Yanran bit her lips and looked at Yun Feng’s back as she left. She knew that she had messed everything up. It wasn’t the first time she had asked around and heard this, but she held back. However, today, when she heard that the king of the Chili Clan was going to marry her daughter to Ze Ran, Yanran couldn’t live a peaceful life anymore. The anger hidden in her these few days burst out in an instant. Everything was completely destroyed in her uncontrollable anger.

Fortunately, Feng Yun didn’t take the remaining five bottles of Transformation Potion. Thinking of this, Yanran couldn’t help but heave a sigh of relief. Her relationship with Feng Yun had already broken down. She could only rely on herself for the rest of the journey. There was no other way out. She had to find out more information in ten days! Yanran suddenly clenched her fists and blamed herself for being too emotional. Ze Ran’s face flashed through her mind. Yanran bit herself fiercely until she tasted blood. She didn’t have the energy to think about anything else!

“Master, you should have done this a long time ago.” Lan Yi’s voice came in her mind. Yun Feng chuckled and talked to her contracted Magic Beasts. She hadn’t talked to them for a while.

“She gave me a chance this time. Not bad.”

“Xiao Feng, I miss you so much...” Yaoyao’s voice came. Yun Feng’s heart instantly softened. She could imagine that little girl looking at her with her watery blue eyes and pouting her little mouth, saying that she missed her. Yun Feng’s face was full of warmth. “I miss Yaoyao too.”

“Really? Then when can I see Xiao Feng?” Yaoyao’s excited voice came. Yun Feng chuckled and Lan Yi said, “Yaoyao, it’s not the right time to let you out. After all, this is the Endless Ocean. Even though this is the north, it’s hard to guarantee that you won’t cause any trouble if you come out.”

“Yes, just stay here obediently. We’re all like this.” Little Fire’s voice was obviously much happier. As a fire-element Magic Beast, even though he was fine to be released, Little Fire obviously didn’t like this place. Seeing that the other Magic Beasts were also staying in the Rings of Contract like him, he certainly felt much better in his mind.

“Brother Fire, you’re really...” Lan Yi’s helpless voice sounded. Yun Feng was also helpless. Er Lei didn’t participate in the discussion this time. Yun Feng directly sent him into the Dragon Palace to be with Ao Jin. There was already no sound on the fifth level. It seemed that the dragons had completely calmed down.

“Master, what do you plan to do next? Are you waiting for Ze Ran or...”

Yun Feng chuckled after hearing what Lan Yi said. “I’m already out, so I certainly don’t have to wait for him. I should walk around here too. Perhaps I should take some time today to go to the place where the royal family of the Chili Tribe is staying.”

“Even though the Dragon Palace exists, Master must be careful.”

“Xiao Feng, you must be careful. Don’t get hurt!”

“Are you done? How can Master be injured with her strength?”

Yun Feng chuckled as she listened to the voices of the three Magic Beasts. She glanced in the northernmost direction of the capital with her black eyes. That was the highest place in the city. On that terrain was her target tonight, the heavily guarded and dangerous royal palace.

Seeing that the color of the sky at the bottom of the sea was gradually dimming, Yun Feng went out and walked north casually. The darker the night, the fewer clansmen walking in the capital. Yun Feng sped up a lot. Finally, when the night completely fell, she arrived outside the door of the royal palace. There were several layers of city walls at the entrance of the royal palace. With the Dragon Palace’s slow movement, she was afraid that this night would be wasted and it was very likely that she would waste an important opportunity. Luckily, Yun Feng had already thought it through. She secretly observed during the day. There were extremely many soldiers guarding the royal palace and their density was quite high. They were replaced quite frequently. As long as Yun Feng attached the Dragon Palace to these guards and jump between them, she would certainly be able to enter the royal palace quickly and successfully.

Everything went very smoothly. None of the guards noticed that a speck of dust was moving slowly with each of their shifts. One after another, she got closer and closer to the core area of the royal palace. As she got to the core, Yun Feng could clearly feel that there were more obscure auras hidden inside other than these guards. Their strength was all above hers! These auras swept through every area densely like radar. If she used a space blockade, it would be very difficult for her to pass through these auras safely.

“There are quite a lot of masters here.” Mu Canghai stood aside with a serious look. Along the way, more than a dozen powerful auras had already swept through the Dragon Palace. They hadn’t reached the core area of the royal palace yet. There would probably be even more in the core area!

“The Chili Tribe is probably terrified and can’t sleep at night.” Yun Feng sneered. Even though the Qitun Tribe and the Chaoling Tribe couldn’t compare to the Chili Tribe, the two races certainly couldn’t be underestimated. Being surrounded by these two races that wanted to swallow them together, the Chili Tribe must be extremely careful. However, no matter how careful they were, there would always be loopholes. These powerful auras swept through the Dragon Palace countless times, but the Dragon Palace still wasn’t noticed. Yun Feng couldn’t help but sigh. It was indeed a good thing. With the Dragon Palace, she was almost invisible.
