Chapter 1491 Ze Ran, Ze Ran (3)

"We're close to the core area!" Yun Feng's black eyes brightened. She controlled the Dragon Palace to break away and a speck of dust slowly floated in the air. The guards couldn't enter the area further in.

The dust slowly moved forward in the sky. As expected, the probing of the aura of the powerhouses had never stopped. It was quite dense. Yun Feng couldn't help but click her tongue. If she didn't have special means, she really wouldn't be able to sneak in. The defense of the Chili Tribe was truly too tight.

The Dragon Palace was moving too slowly. Even though they had already entered the core area, it would still waste time if she moved at such a speed. "Someone should come..." Yun Feng mumbled. Any member of the royal family of the Chili Tribe would do!

A figure strode in from the main door outside. Yun Feng only heard the voice outside clearly coming into the Dragon Palace. "Master Ze Ran!"

Ze Ran?! Yun Feng was shocked, and so was Mu Canghai. Why was Ze Ran still in the palace at this moment? Yun Feng immediately controlled the Dragon Palace to approach him. Ze Ran strode over and a speck of dust stuck to his sleeve quietly.

"It's already so late and he's still in the royal palace. I think the royal family of the Chili Tribe might have something to say." Mu Canghai said on the side. He glanced at Yun Feng's expression and found that she was fine. Yun Feng frowned. "We'll know what it is soon. I've always felt that Ze Ran has something in his mind that he didn't say."

Mu Canghai's strange eyes glittered and he didn't say anything else. A beam of golden light suddenly appeared on the second level. Yun Feng was shocked. Why was Uncle Flirtatious here?

"I think I heard that kid's name just then?" Ao Jin looked at Yun Feng. Yun Feng nodded and told him about the current situation. Ao Jin smiled coldly after hearing that. "Alright, I also want to know why he came to the royal palace of the Chili Tribe at such a time!"

Yun Feng looked at Ao Jin's expression and said suspiciously, "I wanted to ask last time. Uncle Flirtatious seems to have a problem with Ze Ran?"

Ao Jin raised his brows. "A problem?"

Yun Feng thought for a moment. "Let's put it another way. Uncle Flirtatious, you always seem to have an inexplicable hostility after seeing Ze Ran? Perhaps Uncle Flirtatious has crossed paths with Ze Ran before?"

Ao Jin's golden eyes glittered. "How can I have any contact with that kid? Kid, you're thinking too much."

The question mark in Yun Feng's mind didn't diminish, but seeing that Ao Jin wasn't willing to continue talking, she didn't ask anymore. Ze Ran quickly walked all the way to the depths of the core area. He was very fast and seemed very anxious. Yun Feng was suspicious. Why was he in such a hurry?

“Is it Ze Ran?” A voice came with endless dignity and pressure. The expressions of Yun Feng, Ao Jin and Mu Canghai all changed! This was most likely the king of the Chili Clan!

“It’s me,” said Ze Ran in a neither servile nor overbearing tone. He wasn’t afraid of the pressure in this voice at all. A chuckle came from inside. “Come in.”

Ze Ran pushed the door open and entered. Yun Feng immediately felt the auras of several powerhouses in the dark flash through the Dragon Palace again. Ao Jin frowned. “He’s truly afraid of death. There are so many powerhouses around.”

Ze Ran pushed the door open and entered. He glanced inside with his black eyes and walked in casually. Ze Ran didn’t care about the auras that flashed past his body. The expression on his face didn’t change at all. “Come in quickly. It’s already so late. I hope I didn’t disturb you.” A middle-aged man with white hair smiled. Ze Ran’s expression didn’t change. He just walked over. “Your Majesty, why did you call me?”

The middle-aged man chuckled and put down what he was doing. “Sit down and talk. Standing while talking is tiresome.”

Ze Ran sat down as he was told. The middle-aged man glanced at Ze Ran indifferently. “I heard that you kicked Yula out again today?”

Ze Ran’s expression changed slightly. “She wasn’t chased away. She left on her own.”

The middle-aged man burst into laughter. “You didn’t kick her out? If you didn’t say or do anything, would she have come to me crying and making a fuss? Would she let me, her father, deal with you?”

The atmosphere was suddenly a bit cold, and Yun Feng, who was in the Dragon Palace, was even more surprised. Ze Ran kicked out the daughter of the king of the Chili Tribe? This Yula must be very favored, or her father wouldn’t have called Ze Ran over in the middle of the night to scold him.

“This kid has a lot of romantic partners.” Ao Jin sneered. Yun Feng couldn’t help but want to laugh. Speaking of romantic partners, Uncle Flirtatious should also have a lot of them. Didn’t the girls of the Dragons all yearn for him, especially Xiao Ling? But he never cared about her.

“Will there be trouble?” Mu Canghai said on the side. Even though Ze Ran didn’t kick her out himself, he must have said something that made the king’s daughter very embarrassed.

“I don’t know when he started to become cold.” Yun Feng whispered. In Yun Feng’s mind, Ze Ran had always been that sunny young man. He wouldn’t be too tough when he spoke. He would definitely have his own persistence. He shouldn’t be so cold to the opposite sex like he was right now. Even if he didn’t like the other party, he wouldn’t hurt her too much. It seemed that everybody changed over time after all.

“Your Majesty, I’ve already said that I won’t stay here for long,” said Ze Ran. The middle-aged man’s face suddenly darkened, and then he sighed slowly. “Ze Ran, are you really not considering anymore? Yula is my most beloved daughter. I married her to you to show my sincerity to you. Among the outsiders, you’re the only one I value the most.”

Ze Ran sat there and didn't say anything for a long time. He clenched his fists fiercely. If he didn't say something that could make the Chili Tribe give up, he couldn't get away. "She didn't tell you why she left me?"

The middle-aged man smiled after hearing that. "Yula only complained about you. She didn't say that. Why? Do you have a good reason to reject my daughter?"

Yun Feng was quite nervous after hearing that. It could be seen that the king of the Chili Tribe had already lowered his attitude and invited Ze Ran. If Ze Ran didn't give a good reason, it would be equivalent to despising the king of the Chili Tribe. By then, Ze Ran would definitely have to marry that Yula, or else...

Ao Jin narrowed his golden eyes slightly and his expression was surprisingly cold, as if he had expected what Ze Ran would say. Ze Ran's voice came into the Dragon Palace clearly from the outside world.

Chapter 1492 Ze Ran, Ze Ran (4)

"I already have a wife. I certainly can't marry the king's daughter again."

He's married? Yun Feng was surprised, and so was Mu Canghai. He subconsciously glanced at Yun Feng. There was viciousness in Ao Jin's golden eyes. If this kid dared to say the girl's name, he would definitely skin him alive!

"Marrying is nothing! This doesn't stop Yula from becoming your woman!" The middle-aged man burst into laughter and Ze Ran said again, "Not only that, but I also have an unborn child."

"What?" The middle-aged man looked furious, but he restrained himself in the end and asked with half-closed eyes, "I hope this isn't your excuse, Ze Ran."

Ze Ran chuckled. "If you don't believe me, you can ask the Magic Beasts in the Ten Thousand Beast Mountain Range on the land. You'll know."

When the middle-aged man heard this, there was a hint of viciousness in his eyes, but he completely suppressed it in the end. Ze Ran slowly got up. "I know that the Chili Tribe has a high requirement for the bloodline. It's already my honor that the king likes me, but I'm not worthy of Yula at all."

Silence.

"You can go back." The middle-aged man waved his hand. Ze Ran nodded slightly and turned around to leave, but when he left, his hands were clenched tightly. The moment he turned around, his sunny facial features were already covered with a layer of heavy dark clouds. Ze Ran strode away with frustration in his mind, but he didn't know that someone had heard what he said just then without holding back at all. It was someone that shouldn't know it.

"He has a child? With the Magic Beasts?" Yun Feng was shocked and couldn't accept this fact. Mu Canghai was also dumbfounded. The coldness on Ao Jin's face retreated slightly and he slowly said, "Kid, the aura of the Magic Beasts in his body can merge with the aura of humans freely. This only represents one thing."

Yun Feng turned around and looked at Ao Jin, her clear black eyes full of confusion. Ao Jin's eyes darkened. "He once... mated with a female in the Magic Beasts."

“W-What...?” Yun Feng was a bit dazed. Mating with a female Magic Beast? Ze Ran...

“Did you make a mistake?” Mu Canghai still hadn’t come back to himself. Ao Jin said coldly, “I’ve seen everything. How can I be wrong? The Magic Beast aura in that kid’s body is enough to prove this!”

Mu Canghai understood in his mind. No wonder Ao Jin was so angry when he saw Ze Ran. No wonder he said that... No wonder he said he wasn’t qualified...

“Ze Ran doesn’t like Magic Beasts.” Yun Feng’s face darkened. “He’s never wanted to talk about what happened in the Ten Thousand Beast Mountain Range. Every time he talks about his experience in the Ten Thousand Beast Mountain Range, he avoids it. If he was really with a Magic Beast he likes... he definitely wouldn’t have such an expression!”

“Kid, do you think a Magic Beast raped him?” Ao Jin roared loudly. Yun Feng looked at Ao Jin. “Uncle Flirtatious, do you think Ze Ran will take the initiative to befriend a Magic Beast?”

Ao Jin was stunned. That kid’s expression yesterday explained everything. He was also in pain. Ao Jin didn’t say anything. Yun Feng lowered her eyes. “This is Ze Ran’s own business. I certainly don’t have the right to care about anything. However, if anyone really bullies my friend, I, Yun Feng, won’t let them go!”

A few days after that night, Ze Ran came to visit. Even though Yun Feng looked normal on the surface, she was a bit uncomfortable in her mind. The reason why Ze Ran didn’t say anything about this was because he didn’t want her to know... Since he didn’t intend to mention it, she would pretend that she didn’t know. However, if he was in trouble, she would definitely step up!

“I had something to do these few days, so I didn’t come. Are you alright?” Ze Ran was a bit dusty when he came and his words were full of concern. Yun Feng nodded. “Everything is fine. I know what I’m doing.”

“That’s great. I didn’t see Yanran. Did she leave?”

“How should I put it? Our cooperation has completely broken down. I don’t know if she left the territory of the Chili Tribe, but with her personality, she shouldn’t leave until the last moment. After all, it’s very difficult to get the Transformation Potion again after losing me. It’s wishful thinking to enter the capital again.”

“It’s good that it’s broken. I keep feeling that Yanran will cause you trouble.” Ze Ran was relieved. Yun Feng chuckled. “You’re right. What have you been busy with these days? Did you attract the attention of the Chili Tribe? Don’t get yourself into trouble because of me.”

Ze Ran chuckled. “Don’t worry. I’m fine. The Chili Royal Family values me now, so they’ll certainly be polite to me.”

“Ze Ran, after the matter of the Endless Ocean is over, where are you going? Are you going home?” Yun Feng asked casually. Ze Ran’s expression was a bit stiff. “... I haven’t thought about it yet. What about you? Where are you going after dealing with the matters here?”

Yun Feng looked at Ze Ran with her clear black eyes. “After dealing with things here, I will go to the Ten Thousand Beast Mountain Range.”

Ze Ran's expression immediately froze. "Is... Is that so... Why are you going there?"

Yun Feng chuckled. "Of course I have something to do. What about you? If you want to go back to Chunfeng Town, we'll go the same way."

Ze Ran raised the corners of his mouth and turned his head to the side. "Yes, I should go home too."

Yun Feng didn't say anything else. She didn't mean to test him, but seeing Ze Ran's expression just then, she more or less understood how true what he said that night was. Something must have happened to Ze Ran. It didn't matter if he didn't say anything. She would certainly know everything when she arrived in the Ten Thousand Beast Mountain Range. If someone really bullied him, she wouldn't stand by and do nothing!

"I've finally found out something these days. Perhaps it's what you need." Ze Ran changed his expression and looked at Yun Feng solemnly. Yun Feng immediately said, "Tell me."

"The Chaoling Tribe has launched a few small-scale battles against the Chili Tribe during this period of time. Even though the scale isn't big, the Chaoling Tribe's attack is quite powerful and the number of powerhouses is increasing day by day. This time, I helped the Chili Tribe calm the chaos. The Third Prince of the Chili Tribe went with me."

Chapter 1493 Chaos (1)

"Is he the Third Prince, one of the leaders of the three factions you mentioned?"

"That's him. I don't have much contact with the members of the royal family of the Chili Tribe. I usually face the leader of the Chili Tribe directly. This time, the Third Prince came with me. I told him a lot and learned a lot. He seems to be trying to rope me in, so he's quite close to me."

Yun Feng frowned. She didn't want Ze Ran to be involved in the royal family's conflict. The reason why the leader of the Chili Royal Family valued him was because he was neutral. The leader of the Chili Royal Family was truly relieved. Once Ze Ran had a relationship with one of the factions, it would definitely make the leader of the Chili Royal Family vigilant. However, if he wanted to understand the conflicts between the factions of the royal family, he had to be close to one of them.

"Ze Ran, it's been hard on you. You're in danger because of me."

Ze Ran was stunned for a moment after hearing that. Then, he smiled. "What are you talking about? Are you treating me like an outsider? You're my... best friend, the person I care about the most! It's what I should do for my friend!"

Yun Feng chuckled. "I know. I know everything."

Ze Ran smiled. "It's fine. I know what I'm doing."

Yun Feng nodded and Ze Ran continued, "The Chili Tribe has a special rule. The person who can get the throne isn't determined by the leader of the Chili Tribe himself, but by who has the purest dragon bloodline in the royal family."

“Dragon bloodline? You can ascend to the throne with the most Dragon bloodline?” Yun Feng was quite surprised. The relationship between the Chili Tribe and the Dragons was so close. The succession of the throne depended on the Dragon bloodline in their bodies.

“Hm, it seems that since ancient times, the Chili has already been a branch of the Dragons. There’s indeed the bloodline of the Dragons in their bodies. It’s said that the bloodline of the Dragons in the body of the current Chili King takes up half of the total!”

Half... No wonder the Chili was different from the Chiwen and the Chiyuan. In comparison, the Chiwen and the Chiyuan were simply child’s play. No wonder the Chili Tribe was so proud. They indeed had the capital.

“Then there shouldn’t be any dispute. Wouldn’t whoever has the most dragon bloodline be able to inherit the throne?”

Ze Ran chuckled. “That’s the difficulty. Among the Chili Tribe, only the members of the royal family have the bloodline of the Dragons. The purity of the bloodline of the Dragons among the members of the royal family is different. The difficulty is that in the current royal family, there is not one but three people whose bloodline of the Dragons has the highest ratio!”

Yun Feng raised her brows. Three? In other words, there were three people with the same ratio of bloodline in the royal family, so they could be divided into three factions? “The Third Prince of the Chili Tribe is one of these three, right?”

Ze Ran nodded. “One of them is the Third Prince of the Chili Tribe, another is the brother of the current leader of the Chili Tribe, and the last one is the son of one of the relatives.”

After Yun Feng heard that, the kid among the three of them who had the least competitive power should be the son of the relatives. He wasn’t a direct descendant. Those relatives couldn’t beat the Third Prince and the brother of the King with their strength. There was probably a reason why this kid could become a faction.

“The Third Prince and the King’s brother were originally competing. The third person, whom nobody cared about, rose quietly. It seems that he rose powerfully in an instant with an unknown power behind him. I suspect that the power behind him is the Blood Souls you mentioned.”

Yun Feng raised her brows. Why would the Blood Souls participate in the contest for the throne of the Chili Tribe? Were they interested in the bloodline of the Chili Tribe, or were they interested in something else? The bloodline of the ancient Dragons should be inherited in the bodies of the Chili Tribe. The Red Dragons betrayed and became the dependents of the Blood Souls. The Blood Souls certainly noticed this. Among the Dragons, Ao Jin, the Golden Dragon, was probably the only one who could interest the Blood Souls, followed by the ancient Dragon bloodline in the bodies of the Chili Tribe.

“This son of the relatives who rose in an instant must have some means. It’s possible that he’s attached to the Blood Souls. However, the leader of the Chili Tribe allows others to interfere with the matters of his race?”

“Of course not. It’s fine to fight within the clan, but the Chili King won’t allow outsiders to interfere. The son of the relatives always does things in secret. Even the Third Prince and the brother of the King are just guessing. There’s no concrete evidence.”

“So, the Third Prince and the King’s brother seem to have a reason to work together.” Yun Feng smiled. Ze Ran raised the corners of his mouth. “I’ve seen the King’s brother. He’s too cunning and vicious. The Third Prince once suffered a huge loss from him. It’s impossible for the two of them to work together. Most of the power in the royal family is in the hands of the Third Prince and the King’s brother. The son of the relatives can only rely on the Blood Souls. After all, he’s not a direct descendant.”

Yun Feng finally had a thorough understanding of the situation of the Chili Royal Family. It was indeed extremely complicated. There were as many schemes among the Magic Beasts as there were among humans. It turned out that the world was the same everywhere.

“The proportion of the dragon bloodline is the same. How can they determine who will inherit the throne in the end?” Yun Feng was puzzled. Ze Ran said, “When the members of the royal family of the Chili Tribe are born, they measure the proportion of the dragon bloodline in their bodies. As time passes, for various complicated reasons, the proportion of the bloodline will change subtly until they become adults. After that, they’ll be measured again. Before the king ascends to the throne, they’ll take a third measurement to ensure the final value.”

“The key to everything is the third measurement, but the amount will be fixed at adulthood. It’s meaningless.”

“No, it’s different this time. The son of the relatives seems to have changed a bit. The dragon bloodline in his body changed after he became an adult!”

Yun Feng was surprised. It must be the Blood Souls! They must have used some special method. It seemed that they were determined to get this throne. “It seems that the Third Prince and the King’s brother are both very anxious.”

“That’s right. The change in the son of the relatives has completely stirred the other two factions. Once the third measurement of the son of the relatives is higher, the throne will definitely fall into his hands. The Third Prince and the brother of the king seem to be looking for a way to change the ratio of the dragon bloodline in their bodies.”

Chapter 1494 Chaos (2)

Yun Feng looked at Ze Ran. “Did the Third Prince ask you?”

Ze Ran nodded with a smile. “He probably took the risk to ask me because he couldn’t find a solution, but he was still disappointed.”

Yun Feng was silent. It was obvious that the way to change the ratio of dragon bloodline was a good way to get in. The three factions would certainly pay attention if she released the news. However, what Yun Feng wanted wasn’t just that. She also wanted to lure out the Blood Souls. As long as she could lure out the Blood Souls, she would certainly be able to confirm if they were colluding with that son of the relatives. Once they were colluding, she would be able to trace the Blood Souls’ stronghold in the Endless Ocean!

The news must be released by someone the Chili Tribe trusted. The best candidate was certainly Ze Ran. If Yun Feng added more information, the three factions of the Chili Tribe would definitely fight with each other. It wasn't impossible for them to fight to the death. By then, the Chili Tribe would be in chaos. If the Qitun Tribe and the Chaoling Tribe could work harder, they would certainly know when the best time was to attack together.

Even if Qitun Tribe and Chaoling Tribe missed this opportunity, there were still a group of real dragons on the fifth level of the Dragon Palace. After the internal division of the Chili Tribe, they certainly wouldn't be a match for a group of dragons when they were injured!

"You have an idea?" Ze Ran smiled. Yun Feng nodded and told Ze Ran her plan. Ze Ran agreed after listening carefully. "This is indeed a good idea, but... there must be some real evidence, or they won't believe it."

Yun Feng chuckled. Wasn't it easy to prove it? With a group of dragons here and a Golden Dragon, it wouldn't be a problem for them to make some dragon breath somewhere. Besides, there was also the ancient dragon breath absorbed in Er Lei's body. The Chili Tribe would definitely not be able to resist such temptation.

"Leave that to me. After I'm done, you just need to spread the news casually."

Ze Ran nodded after hearing that. "Do you need me to accompany you?"

"No need. I'm just leaving the capital. Without Yanran, I can move freely and conveniently. You don't have to worry."

Ze Ran nodded, but he was still a bit worried in his mind. "I'll give you my token. With this, it'll be much easier for you to enter and leave the capital." Ze Ran handed the token to Yun Feng. Yun Feng accepted it with a smile and glanced at Ze Ran's tired look with her black eyes. "Have you not rested well these days? You look very haggard."

Ze Ran chuckled and rubbed his temples. "Nothing... I'm just too busy."

"You still haven't found what you're looking for?" Yun Feng asked. Ze Ran was silent for a moment and slowly said, "No, I can't find it so easily. I'll look for it again."

"Ze Ran, I've been thinking that you've changed after all these years. Even though we're still best friends, you're more or less vigilant against me."

"Yun Feng, I am not!" Ze Ran's black eyes widened with waves of pain in them. Yun Feng didn't feel good in her mind, but she gritted her teeth fiercely. "If you're not vigilant against me, why don't you let me help you? I won't ask if you have any difficulties, but you never said anything. If you're not vigilant against me, what are you?"

Ze Ran was shocked and didn't know what to do. His eyes were a bit panicked. Yun Feng saw all this and knew what Ze Ran was thinking in his mind. She just wanted to help him, that was all.

After a long sigh, Ze Ran's face darkened and his voice sounded a bit deep. "I'm looking for a creature. Its whereabouts are strange and unpredictable. I searched for a long time but couldn't find any trace of

it. Even if I got any clues, I was still a step too late. I thought I would get everything in the North Sea, but it seems that this will still be a waste of time.”

Yun Feng frowned. A creature whose whereabouts were strange and unpredictable sounded very familiar... The thing she was looking for a few years ago seemed to be from this creature... Could it be...

“What’s the name of this creature?”

Ze Ran smiled wryly. “You Yan. Its name is You Yan. It’s said that very few people have seen it. I’ve searched in auction houses everywhere and offered a very high price, but I didn’t find anything in the end. Phew... It seems that I have to continue searching.”

“Really?!” Ze Ran looked at Yun Feng in surprise. Yun Feng nodded and closed her eyes to search carefully. She twisted her wrist and pulled a little thing out. Little You Yan seemed to be drowsy when it came out. It stuck to Yun Feng’s hand and wiggled slowly, as if it was acting cute. Its two translucent whiskers swayed slowly and its little body rubbed against Yun Feng’s hand.

“This is...!” Ze Ran was extremely shocked to see this! The thing he had been looking for for an unknown period of time was right in front of his eyes! This was indeed You Yan! However... it seemed a bit too small.

“It should be You Yan in its infancy. Is this what you need?” Yun Feng pushed Little You Yan, who was constantly wriggling in her hand, awake. Little You Yan looked at Yun Feng with its big watery eyes, as if it was a bit dissatisfied. When it keenly noticed that there were other people here, its body quickly swam and it had already hidden behind Yun Feng’s arm. It looked at Ze Ran vigilantly with its watery eyes. The color of its two whiskers also darkened with a hint of pink.

“It’s indeed what I need... But how did you...” Ze Ran was extremely surprised. How did Yun Feng have You Yan? This was a creature that was rumored to be elusive among the Magic Beasts. What kind of fortuitous encounter did Yun Feng... have?

“It’s a long story, but it’s just what you need. Do you want the thing on its body or...” Yun Feng looked at Ze Ran and was a bit worried that he wanted You Yan’s life. Even though this little thing accidentally fell into her hands, it was quite obedient and liked to stick to her. Yun Feng couldn’t bear to give its life away.

“I only need a few drops of its blood. I won’t hurt it.” Ze Ran quickly said. Yun Feng couldn’t help but heave a sigh of relief. Luckily, it was just a few drops of blood. It should be fine. She reached out and grabbed Little You Yan, who had been hiding behind her arm. Little You Yan seemed to have foreseen what Yun Feng would do to it. Its little slippery body rubbed Yun Feng’s hand hard. Its two whiskers had already turned completely pink. It opened and closed its mouth, making rapid and strange sounds.

Chapter 1495 Chaos (3)

“I just need a few drops of blood. I won’t hurt you.” Yun Feng grabbed Little You Yan’s slippery body with both hands and spoke to it patiently and gently. Little You Yan struggled very violently and the sound it made was very rapid. Its expression that said “I don’t want to die” made Yun Feng too helpless.

“Ze Ran, come and collect the blood yourself. Be quick.” Yun Feng grabbed Little You Yan’s body tightly. “It’s constantly secreting liquid. I can’t hold it anymore!”

Ze Ran didn't dare to delay any longer. His fighting energy immediately turned into an invisible blade and aimed at the side of Little You Yan's tail. He slashed gently and a shallow wound appeared. Little You Yan, who had a wound, shivered and twisted even more fiercely. It looked at Ze Ran with its big watery eyes and opened its mouth, as if it wanted to bite him.

Ze Ran quickly took out a small bottle and put a few drops of blood in it. After about a dozen drops, Ze Ran quickly put away the bottle and said, "That's enough!" Yun Feng originally wanted to let go, but Little You Yan in her hand turned around and bit her fiercely with its relatively sharp teeth. Yun Feng cried out in pain and loosened her hands. Little You Yan ran away and its body had already left the room quickly. Yun Feng looked up and saw that it was already gone.

"Is the wound alright? I'll go get it back for you right now!" Ze Ran turned around and was about to chase after it, but Yun Feng shook her head. "You don't have to chase after it. It's not mine to begin with. It's fine."

"But..." Ze Ran was a bit guilty. Yun Feng chuckled. "I'm telling the truth. It just came to me by chance."

Ze Ran looked at Yun Feng's hand with a hint of heartache in his black eyes. He quickly walked over. "Are you alright? Will its bite cause any trouble?"

Little You Yan bit a crescent-shaped mark on Yun Feng's hand. For Yun Feng, it was just a superficial wound. Seeing Ze Ran's worried look, Yun Feng burst into laughter. "I'm not some delicate princess who can't be hurt. It's just a superficial wound."

"But... you're a girl." Ze Ran said as he stared at the wound with his black eyes. "It's never good to have scars."

Yun Feng was helpless. "It's fine. It'll heal automatically. My body is already very different from before. You really don't have to worry."

Ze Ran looked up and finally compromised. "I'll believe you if you say it's fine."

Yun Feng smiled. "It's always good to help you out, or I'll feel bad as a friend."

Ze Ran's lips moved slightly, but he didn't say anything in the end. He only raised the corners of his mouth slightly with a complicated expression. "You're right. It's always good to be able to solve a burden. I can also focus on helping you."

Yun Feng patted Ze Ran's shoulder. "There are some things I'll wait for you to tell me. As long as you're willing to tell me, I'll be your listener."

Ze Ran was stunned. "Yun Feng, you..."

"Alright, your matter is settled. I can focus on preparing my plan next." Yun Feng took a step back with a faint smile. Seeing that she had already changed the topic, Ze Ran nodded. She said, "I'll go out of the city to prepare. I'll come to find you when I come back. Then, you can spread the news."

"It's better if I go with you. It'll be safer," said Ze Ran. Yun Feng shook her head helplessly. "You need to be in the capital. If you're discovered when you move with me, even if there are any clues, all our efforts will be in vain. Just wait for my news in the city. I need you to help me observe the movements of the

royal family of the Chili Tribe and see if there will be any changes, especially the son of the relatives and the power behind him. Also, don't let Yanran ruin anything."

Ze Ran completely understood after hearing this. "Alright, I'll help you do everything in the city. Be careful."

The next day, Yun Feng left the capital. After putting on the Thousand Shadows Mask, she showed Ze Ran's token and left the capital successfully and quickly. The guards at the gate were extremely respectful. Yun Feng counted the days. The Transformation Potion she gave Yanran could only last for four days at most. Yun Feng didn't know if she had left the capital. If she still hadn't left, she would be taking a risk.

A week later, Yun Feng prepared everything and returned to the capital. When she entered the capital again, she found that the inspection was obviously much stricter. The passage of the Chili clan was even more so. Luckily, Yun Feng had Ze Ran's token. Even though it wasn't too strict, she still didn't relax.

Yun Feng's black eyes glittered. She had already thought of who the intruder of the Qitun Tribe was. Yanran had indeed taken a risky move. Luckily, she was as good as she said back then. She still had the ability to escape if she couldn't beat them. Thinking of the layers of defense in the royal palace, Yun Feng smiled. Yanran would probably be discovered before she got far. Otherwise, even if she had the ability to escape, she wouldn't be able to withstand the encirclement of so many masters and powerhouses.

Yun Feng returned to the yard where she used to live. As expected, Ze Ran's people were waiting there. Seeing Yun Feng come back, the people waiting there were obviously relieved. Not long after she left, Ze Ran had already rushed over. Before Ze Ran said anything, Yun Feng said with a smile, "This trip went very smoothly. I've already arranged everything. Don't worry."

Ze Ran swallowed all the questions in his mind and smiled awkwardly. He knew that he was worrying too much. What could possibly happen to Yun Feng? Even if something happened, she had Mu Canghai and Ao Jin by her side and her contracted Magic Beasts. She would be fine.

"But something seems to have happened in the capital?"

Ze Ran nodded. "Yanran of the Qitun Tribe broke into the royal palace. Luckily, I took the initiative to chase after her at that time and deliberately slowed down so that she could escape. Will this disrupt your plan?" Yun Feng was very grateful when she heard this. "No, you did me a huge favor. If it were any other powerhouse, it would probably be a disaster. Yanran should be able to return to the Qitun Tribe safely. After she goes back, the Qitun Tribe and the Chaoling Tribe can only wait for the right time. Whether this situation can become chaotic or not depends on us."

"However, the Qitun Tribe members are much more vigilant against outsiders. They're even vigilant against me. Will it affect your plan?"

Chapter 1496 Chaos (4)

Yun Feng shook her head with a smile deep in her black eyes. "That's fine. This is like a moth flying to the fire. You know you'll die, but you still can't resist its temptation. Even if you die, you have to pounce on it."

Very soon, a piece of shocking news began to circulate in the Chili Royal Family. One day, when Ze Ran was talking to the leader of the Chili Royal Family, he inadvertently sighed that there seemed to be the fluctuation of dragon breath in a remote corner in the south of the Chili Region. Ze Ran didn't say much. He only said a few words. The leader of the Chili Royal Family didn't show anything at that time, but he was shocked in his mind.

The dragon breath fluctuation? Would there really be dragon breath fluctuations in the southern area of the Chili Clan?

This seemingly real news spread secretly in an instant. Soon, the leaders of the three factions all heard it. Even though nobody did anything on the surface, they all started paying attention to the southern area Ze Ran mentioned secretly and were ready to make a move. Soon, Ze Ran brought back a piece of news. The leaders of the three factions had already gone south secretly. The son of relatives they paid special attention to had someone suspected to be a Blood Soul with him. Yun Feng curled her lips and sneered. It seemed that she should set off too.

Yun Feng put on the Thousand Shadows Mask and turned into another person to follow Ze Ran out of the capital together. The people of the three factions had already gathered at the designated place secretly. She couldn't be any slower, or she would miss a good show.

"Actually, I only mentioned the information casually. I didn't expect the three factions to be so concerned." After leaving the gate of the capital, Ze Ran couldn't help but exclaim. Yun Feng chuckled from the side. She had spent a lot of effort to set up that place. The dragon bone that Ao Jin took away back then was put to use now. Also, the ancient dragon breath that Er Lei absorbed was all forced out, which made Er Lei very depressed. The dragon breath Yun Feng carefully set up wasn't very strong, but it would always linger. The Chili Tribe, especially the leaders of the three factions, definitely couldn't resist such a temptation.

"They want to change the ratio of their dragon bloodline even if they have to rack their brains. This is the greatest weakness of the Chili Tribe, right?" Yun Feng looked ahead with her black eyes. Ze Ran also smiled. "Indeed. For this, they'll definitely lose their original rationality. This time, you'll go with me. If that Blood Soul shows up, don't be impulsive."

Yun Feng's expression turned cold. "Don't worry. I want the location of their base in the Endless Ocean. I won't be hasty."

Ze Ran nodded. He knew how much Yun Feng cared about her family. It wasn't easy for her to be so calm in the face of the Blood Souls. The two of them quickly got closer and went straight to the place Yun Feng prepared back then. This place was near the southern border of the Chili Clan. It was very close to the Qitun Tribe and the Chaoling Tribe. If anything happened here, those two clans would certainly know.

This geographical location was a relatively dangerous and sensitive place for the Chili Tribe, especially when they had to take action here. The leaders of the three factions certainly understood the danger, but they still rushed here, which showed how successful Yun Feng's bait was.

When Ze Ran knew the location Yun Feng prepared, he couldn't help but feel very surprised. Yun Feng's boldness made the leaders of the three factions disregard everything. This was the best place for the

Qitun Tribe and the Chaoling Tribe to ambush. If Yun Feng had discussed with these two races in advance, even though she couldn't capture all three factions of the Chili Tribe in one go, it would be easy for her to severely injure them.

Yun Feng smiled after hearing that. Why should she help Qitun Tribe and the Chaoling Tribe? What she wanted was for the three factions to fight among themselves. She didn't want Qitun Tribe and the Chaoling Tribe to take advantage of the internal strife of the Chili Tribe. The Chili Tribe would be annihilated, but not swallowed. Everything of the Chili Tribe would be preserved, but they would have a new master.

The border in the south of the Chili Tribe was very winding. Some of the borders had even extended to the area around the territory of the Qitun Tribe and the Chaoling Tribe. The area in the south was also the area where the battle was the most intense. There were small conflicts from time to time, especially when the Qitun Tribe and the Chaoling Tribe were unhappy with the Chili Tribe. It could be said that none of the clansmen living around this twisted border had a day of peace.

There were many high and low underwater mountains on the southern border. The terrain was extremely complicated. The place Yun Feng found and prepared was very similar to Sanglong Canyon. It was a sealed valley with only one entrance. When Yun Feng and Ze Ran arrived, Ze Ran was very surprised that there was really faint dragon breath coming out of the entrance!

"It's really dragon breath!" Ze Ran was shocked. "Yun Feng, how exactly did you do it? Did you use Ao Jin..."

Yun Feng shook her head. "Even though Ao Jin is a Golden Dragon, his aura is still different from that of the ancient Dragons. This can't fool the Chili Tribe at all. I'm just taking out some things I got along the way."

"Have you met an ancient dragon before?" Ze Ran truly felt that there was nothing Yun Feng couldn't do right now. There was nothing she hadn't seen before!

Yun Feng smiled wryly. "I guess so."

Ze Ran's eyes glittered. He had known since he was young that Yun Feng would go far, far away from him and her status would also be a few levels higher than his. Even though he knew he couldn't catch up, this didn't stop him from following her. However, even today, when he was extraordinary, Yun Feng's knowledge was still thousands of times higher than his!

Yun Feng looked around and smiled in satisfaction after finding some traces. It seemed that her bait was very likable. Even though the people of the three factions were still puzzled in their minds, they couldn't resist the temptation and went in. "The people of the three factions should have already gone in. Let's go in too."

In order to ensure Yun Feng's safety, Ao Jin came out of the Dragon Palace and followed Yun Feng. Even though there was only a faint dragon breath, it was still damaging for Yun Feng. Ao Jin glanced at Ze Ran unhappily with his golden eyes, while Ze Ran only smiled.

Ao Jin silently walked to Yun Feng's side and pushed Ze Ran away. Ze Ran silently took a few steps back and followed Yun Feng. He had already lost the qualification to stand next to her. It was better to just watch her silently.

Chapter 1497 Chaotic Battle (1)

"This kid upsets me even more than Qu Lanyi does!" Ao Jin glanced at Ze Ran, who was following diagonally behind him, and said in a low voice. Yun Feng was startled for a moment, and then smiled. "Uncle Flirtatious seems to be a bit more bad-tempered."

"Humph!" Ao Jin grunted unhappily and kept walking forward with Yun Feng. Not long after the three of them entered the entrance, two groups of people stuck their heads out of the hidden place. "Ze Ran is here too..." One of them was a familiar figure. It was Yanran of the Qitun Tribe. There were about a dozen people around her. They were the people of the Qitun Tribe and the Chaoling Tribe who were lying in ambush here.

"We've waited for so long. They should be here today!"

"I can't help but want to fight with them!"

"That's right! If we can annihilate the members of the Chili Tribe here, the Chili Tribe will definitely be in chaos!"

The dozen people next to Yanran discussed excitedly in a low voice, while Yanran was a bit distracted. The person next to her pushed her. "Master Yanran, what are you thinking about?"

Everyone turned their eyes to Yanran, who was finally back to herself. "N-Nothing. Since they're already here, we should be prepared. Perhaps this is an excellent opportunity!"

"That's right. If we can kill all these people inside, it can be said to be a perfect achievement!"

The people around Yanran were all discussing enthusiastically, while Yanran looked at the entrance of the cave thoughtfully. She seemed to have seen a rather familiar figure just then. She couldn't see that figure clearly, but this inexplicable familiarity existed... Yanran frowned. Fine, she might know when she got inside.

"Prepare an ambush outside. Once they come out, kill them immediately!" Yanran ordered fiercely and quickly ran into the entrance with a dozen people. The people of the Qitun Tribe and the Chaoling Tribe were prepared to make the best defense here, waiting for their prey to come out.

"Humph, they're really all here." Ao Jin's golden eyes glittered as he looked at Yun Feng with a low laugh. Yun Feng chuckled softly on the side. She had set up such a huge commotion here back then because she wanted the two races to know. These two races were quite smart and didn't let her down. They knew what this represented for the Chili Tribe.

"Isn't it better if they all come in? Perhaps we can find out everything here at once." Yun Feng said meaningfully. Ze Ran keenly noticed two different auras breaking in. "The people of the Qitun Tribe and the Chaoling Tribe also followed us in!"

"We've known for a long time!" Ao Jin replied impatiently. When Yun Feng set up this place, she had already told Ao Jin what would happen. However, the harvest this time was better than Yun Feng

thought. The Qitun Tribes and the Chaoling Tribe just had to follow behind obediently and wait for the right time to act. If not... the faint dragon breath that covered these two races would be enough to make them suffer.

The passage to the valley soon came to the end. The three of them walked out and felt a few waves of different auras coming from different directions, glancing at them one after another. Ao Jin looked at a few places with coldness in his golden eyes and grunted in disdain. Ze Ran stood there quietly and let the auras size him up, while Yun Feng was even more relaxed and even had a smile on her face.

“Ze Ran? Why are you here?” A very young voice sounded. A few people suddenly appeared from somewhere. Ze Ran’s black eyes brightened. “Your Highness.”

“Tell me! Why are you here?” This was an even more dignified and heavy voice. It sounded a bit similar to the king of the Chili Clan, but its power was a bit weaker. A few figures jumped out of a corner and stood in the air. Yun Feng understood that they should be the king’s brother.

“Are you here because of the king?” An extremely ordinary voice sounded. Then, another group of figures darted out from the side. Yun Feng looked over. Their leader had an unremarkable appearance. He was extremely ordinary among the crowd and she couldn’t see anything special. Such a person was the leader of one of the three factions? Yun Feng glanced over. There were a few people following the son of the relatives, but she couldn’t see anything unusual. On the surface, Blood Souls didn’t seem to be around, but she didn’t know what was inside.

How many people would use some means to hide themselves like Yun Feng?

“Why did my brother ask him to come here?” The king’s brother was very unhappy. He looked at Ze Ran and the others with vigilance in his eyes and his every move was firmly locked.

“I’m indeed here with the intention of the king to investigate in secret. I didn’t expect to see the three of you. You can do whatever you want. You don’t have to worry about me.” Ze Ran said indifferently as he glanced at the people of the three factions. The Third Prince was deep in thought. Even though the king’s brother had disdain in his eyes, he didn’t show it on his face. As for that son of the relatives, he couldn’t attract attention at all.

“What did Father ask you to investigate?” asked the Third Prince softly. Ze Ran said indifferently, “I’m sorry, I can’t tell you.”

“Haha, that’s nothing.” The Third Prince smiled. The brother of the king said, “I’ve wanted to say for a long time that you’re an outsider. Why do you deserve the favor and trust of the king? My brother even wanted to marry his daughter to you, but you rejected him!”

The king’s brother chuckled. Yun Feng was observing the son of the relatives, who had never had a presence. Such a person who didn’t have a presence was very easy to ignore. Rather than saying that he didn’t have a presence, he was good at hiding himself. This son of the relatives knew how good he was, but he wasn’t arrogant at all and was still calm. It was obvious that he wasn’t easy to deal with.

Yun Feng paid special attention to the few people next to him. They all looked very ordinary, but Yun Feng only felt a faint uncomfortable feeling rising from the bottom of her heart. If the Blood Souls had any contact with this son of the relatives, it was very likely that they were here like her!

The son of the relatives suddenly turned around and happened to catch Yun Feng's probing gaze. The two of them looked at each other. The son of the relatives looked away indifferently, but Yun Feng felt an unprecedented pressure the moment they looked at each other just then!

"Girl, what's wrong?" Ao Jin asked in a low voice when he saw Yun Feng frown on the side. Yun Feng finally came back to herself and forced a smile. "Nothing... That son of the relatives might be more tricky than I thought."

Chapter 1498 Chaotic Battle (2)

Ao Jin glanced over with his golden eyes. "What's so tricky about him? He doesn't look like much."

Yun Feng shook her head. "Uncle Flirtatious, he might be the one who can't be underestimated."

Ao Jin didn't say anything else after hearing that, but he was a bit more vigilant in his mind. Ze Ran was dealing with the people of the three factions. Even though he came here abruptly, he was the one who told them the news after all, so he had a reason. Besides, these three factions must have something fishy in their minds, or they wouldn't be hiding here and doing nothing else.

"Wait!" The people of Qitun Tribe and Chaoling Tribe, who had been following behind quietly, stopped agilely. Yanran, who was walking in the front, saw the scene in front of her eyes and couldn't help but feel delighted. If they could really catch a turtle in a jar this time and capture the members of the three factions of the Chili Tribe, the Chili Tribe would definitely be in chaos!

Yanran's excitement didn't last long, because she saw an unusually familiar back. A memory from not long ago surged into her mind. Yanran's eyes suddenly widened. Wasn't this the person of the Chili Tribe who attacked her back then? Right, it couldn't be wrong! It was him!

Yanran's heart raced. That person was following Ze Ran. Was it Ze Ran's idea that he attacked her back then? Yanran's eyes glittered and she couldn't figure it out. If it was really Ze Ran's idea, Ze Ran must have already known about her and wanted to kill her. Then, why didn't he finish her off in the territory of the Chili Tribe and even let her leave on purpose?

No! Perhaps this person followed someone else's order to pursue her. Yanran immediately explained to herself. She was quite good at persuading herself. She was also very curious why Feng Yun didn't come with her. Ze Ran was already here. Was Feng Yun still in the capital? Staying in the capital would save her trouble... Yanran didn't know that Yun Feng had already come. She stood in front of Ze Ran.

The Qitun Tribe and the Chaoling Tribe stayed in the entrance passage secretly and paid close attention to the development of the situation in front of them. After figuring out Ze Ran's purpose for coming, the three factions of the Chili Tribe eliminated their doubts. Yun Feng saw that they seemed to be harmonious and didn't attack. She knew that the three factions could not have found anything important yet. Since they were all here for the same thing, they certainly had to fight for it, or even kill each other!

"Since the news came from your mouth, you must know what's going on here," said the king's brother. His eyes were full of schemes as he looked at Ze Ran. Ze Ran said helplessly, "When I passed by here back then, I only felt the existence of a strange dragon breath. I was curious about why there was dragon breath, but I didn't enter back then. This is also the first time I'm here."

The king's brother snorted coldly and didn't say anything else. The Third Prince couldn't help but feel a bit disappointed. They thought they could learn something from Ze Ran, but he didn't know any more than they did.

"Although the dragon breath here is thin, it's constantly lingering. There should be something here constantly releasing this dragon breath..." The Third Prince looked around anxiously with his eyes. Yun Feng chuckled in her mind. They were looking for the dragon bone that Ao Jin took away back then. The dragon bone was certainly hidden somewhere by her. It was certainly impossible to find it without her guidance.

"I think the source of the aura should be very hidden," said Yun Feng. The three of them all glanced at her. "Who are you?" asked the brother of the king. The Third Prince and the son of the relatives were also very curious. They had never seen Yun Feng at all.

"Oh, this is an outsider friend of mine. The king also cares a lot about this place. I specially invited her here to investigate."

"Is she confident that she can find the thing that emits dragon breath?" The brother of the king asked suspiciously. The Third Prince and the son of the relatives also looked at Yun Feng. Yun Feng chuckled. "Ze Ran is my friend. I'll certainly do my best for my friend."

"It'll be great if you can really find it!" The eyes of the Third Prince glittered. The other two people certainly had the same expression. Yun Feng smiled lightly. This was what she wanted to see. The more suppressed they were, the more explosive they could be. The three factions had always been looking for the dragon bone. Now, they were suppressing the desire in their hearts. When the dragon bone appeared, they would definitely explode.

"Do you have any clues?" asked Ze Ran. Yun Feng nodded. "The aura is weak and it's not spreading evenly. The concentration varies. The place where it is buried should be where it's most concentrated."

"You don't have to tell us that! We've searched the entire place. There's nothing at all!" The king's brother roared in dissatisfaction. Yun Feng smiled and pointed at the ground. "Have you seen this place?"

"We've searched this place too. We dug three feet into the ground. No matter how deep we dug, we didn't find anything." The Third Prince said on the side. Yun Feng frowned slightly and glanced at the son of the relatives who had never said anything. If she didn't know the desire in his heart, Yun Feng would really think that he had no desires.

"Master Yanran, what the Chili Tribe wants must be a treasure!"

"Wouldn't it be better if we snatch it by then?"

Yanran said coldly, "It's still unknown if we can take down these few people. Are you still thinking about anything else?"

They immediately fell silent. Yanran looked ahead. Perhaps the opportunity she was waiting for was about to come. The three factions of the Chili Tribe were all here to find something. When this thing appeared, the three factions would definitely fight crazily for it. By then, they would have an opportunity!

Yun Feng and Ao Jin walked to the place where the dragon bone was hidden. Ao Jin's eyes glittered and an aura quickly submerged into the ground. Seeing that Ao Jin was already prepared, Yun Feng walked around and knocked on the ground from time to time. Yun Feng busied herself. The leaders of the three factions watched very carefully. Could she find anything that emitted dragon breath?

"Alright, it should be here." Yun Feng pointed at the ground under her feet. The king's brother immediately said in disdain, "Humph! I've turned that place upside down. There's nothing there at all!"

"We'll know if there's anything after we dig up." Yun Feng smiled lightly. The Third Prince's eyes glittered. He immediately waved his hand and was about to ask someone to dig. The king's brother roared fiercely when he saw that, "What are you doing?"

Chapter 1499 Chaotic Battle (3)

"If you don't believe that there's anything here, Uncle, then I do. I'll dig it up!" The Third Prince smiled slowly. The king's brother immediately burst into laughter. "If you want to dig that place, my men will do it. It's not your turn!"

"Why don't you let me do it?" said Ze Ran. There was no reason for the three factions to reject him. It was perfect for Ze Ran to do the job. Ze Ran walked to Yun Feng, who pointed at a place. "It's there."

Ze Ran nodded. He took a deep breath and suddenly slapped the ground with his hand. The ground instantly shook slightly, accompanied by continuous clear and deep rumbling sounds! However, the ground under Ze Ran's hand wasn't damaged at all, but the tremors on the ground were still there. Yun Feng truly felt a powerful force pushing deeper through the ground!

"As expected of Ze Ran. There's a reason why my brother values you," said the king's brother. Yun Feng looked at Ze Ran. The aura of the Magic Beast in his body was very strong. It seemed that it wasn't an ordinary race, or it wouldn't have given Ze Ran such fierce power! It could go deep into the ground without breaking the ground!

"Found it!" Ze Ran's eyes brightened and his hand instantly left the ground. Yun Feng clearly saw the semi-transparent aura formed by fighting energy, like a moon-shaped scimitar. Ze Ran tightened his fingers and suddenly raised his hand. Everybody only heard the sound of rapid collisions from the ground!

"Crack!" The sound continued to break through the ground and stopped abruptly!

A crystal clear long dragon bone appeared from the ground. Half of it was still embedded underground and the other half was exposed to the air. Dragon breath kept seeping out of it!

"There's really one!" The king's brother's eyes immediately burned when he saw the appearance of the dragon bone and his tone became a bit more urgent. The Third Prince and the son of the relatives were the same when they saw it. The leaders of the three factions stared at the dragon bone that broke out of the ground with burning eyes and the blood in their bodies instantly boiled!

Ze Ran, Yun Feng and Ao Jin stepped aside silently. A good show was about to begin.

“Hahahaha! I’m really sorry. Since it’s from my area, it certainly belongs to me!” The king’s brother raised his head and laughed crazily. He was about to rush forward and take the dragon bone for himself, but the Third Prince and the son of the relatives certainly wouldn’t let it go.

“Uncle! Even though we got this thing from your territory, you didn’t find it back then, so it has nothing to do with you!”

“To get this thing, it certainly depends on your own ability.” The son of the relatives, who had the least presence, was the first to move after saying that. His body suddenly darted forward, going straight for the dragon bone!

“Don’t even think about it! That’s mine!” The king’s brother immediately jumped up when he saw that. Seeing that, the Third Prince certainly didn’t want to be outdone. He jumped down and joined the fight for the dragon bone! The leaders of the three factions all knew in their minds that the dragon breath was emitted by this bone. As long as they sent this bone into their bodies and absorbed it, the weight of the dragon blood in their bodies would definitely change greatly!

Whoever got this dragon bone would get the throne of the Chili Clan!

They fought crazily and the powerful auras kept colliding. Ze Ran and Ao Jin stood in front of Yun Feng and blocked the energy waves that came from the sky from time to time. The leaders of the three factions were truly ruthless. They didn’t suppress their strength at all and the three of them were also very strong!

The three of them fought with each other. None of them had a chance to touch the dragon bone. The dragon bone was still stuck on the ground quietly and kept emitting faint dragon breath.

“Swish...” A black shadow suddenly cut through the sky at an extremely weird speed, rushing towards the dragon bone!

“Roar...” A shocking roar sounded and the three people fighting in the sky suddenly separated. The king’s brother roared at this moment and had already transformed into the form of a Magic Beast in a burst of dazzling light! His slender body was covered in black scales and his facial features were very similar to those of the Dragons. However, he only had one dragon horn and didn’t have the four legs of the Dragons. He only had two feet. However, apart from these, he was exactly the same as the original body of the Dragons!

Ao Jin narrowed his eyes slightly. No wonder the Chili Tribe valued their relationship with the Dragons so much. Seeing their original forms, Ao Jin understood the reason. The Dragon bloodline in their bodies was indeed real!

As Chili’s original form appeared, he swung his slender tail fiercely and shook off the figure that was about to pounce on the dragon bone at an extremely high speed! His huge eyes, which were very similar to dragon eyes, were full of anger! “How bold!”

“Uncle, it seems that we have to cooperate for the time being to get rid of this most threatening person before we discuss who that thing belongs to. Uncle, what do you think?” The Third Prince said coldly. The brother of the king, who had transformed into his original form, let out a roar. “As you say!”

“Uncle, you’re indeed decisive.” The Third Prince burst into laughter as some kind of scorching light burst out of his body. After this light, the Third Prince also transformed into his original form as a Magic Beast! The two huge Chili circled in the air. After transforming into his original form as a Magic Beast, the ancient dragon bloodline hidden in his body also burst out in an instant!

“Be careful!” Ao Jin’s Golden Dragon aura burst out in an instant and protected Yun Feng carefully behind him. Ze Ran also released the aura in his body and enveloped Yun Feng heavily. After the two layers of aura, Yun Feng could still feel the aura pressure emitted by the Chili Tribe!

The son of the relatives, who was originally expressionless, burst into laughter unexpectedly when he faced the alliance of two factions!

“Hahahahaha, hahahahaha!”

The scene was very strange. Yun Feng looked at the son of the relatives, who didn’t have any presence at all, and felt that something was wrong. The Third Prince and the brother of the King were also shocked by this sudden change. “What are you laughing at?” The brother of the King roared. The Third Prince felt that things might have changed, so he said, “Get rid of him first, in case anything happens!”

“Alright!”

The two Chili suddenly attacked. After laughing crazily, the son of the clan shouted in a low voice, “You want to take my life? It’s still too early! Master, you can come out now!”

Master? A glint of light flashed through Yun Feng’s black eyes. A weird laugh suddenly came from behind the son of the relatives. One of them slowly walked out. His facial features were average, but he looked inexplicably scary with the weird expression on his face.

“Who are you?” The king’s brother stared at this master firmly with his huge eyes. “You’re not a member of the Chili Tribe!”

Chapter 1500 Chaotic Battle (4)

“You colluded with an outsider!” The Third Prince suddenly shouted. “I can’t let you live with such thoughts! And all of you!”

“You want to touch me? You’re too inexperienced!” Thick black elements surged out of his body. The Third Prince and the King’s brother were both shocked. “Dark elements!”

“Hahahahaha!” A weird crazy laugh was accompanied by the continuous release of dark elements. The dark elements wrapped him heavily and when they spread out densely, a black robe with red patterns that Yun Feng was extremely familiar with appeared!

The Blood Souls had finally appeared! The corners of Yun Feng’s mouth curled up coldly and her eyes were full of killing intent! Ao Jin’s golden eyes were the same. Dragon breath kept surging around him. “Blood Souls... I...!”

Yun Feng suddenly reached out and held Ao Jin down. “Uncle Flirtatious, don’t be impulsive. We don’t have to worry about not having a chance to attack!”

“That’s a person from the Blood Souls...” Ze Ran looked at the person wrapped in a black robe in the sky. His body was full of thick dark elements. He was a dark mage!

Yun Feng narrowed her eyes and looked at the person of the Blood Souls in the sky. He didn’t recognize Ao Jin. It seemed that he didn’t participate in the attack on Dragon Valley. This should be a member of the Blood Souls organization operating in the Endless Ocean. She should be able to get a lot of useful information from him!

“Who exactly is that?” The Qitun Tribe and the Chaoling Tribe clansmen, who were hiding in the dark, were also extremely shocked in their minds. What exactly was with those weird dark elements? A dark mage? They already felt inexplicably uncomfortable just looking at him!

Yanran turned slightly pale. Dark elements... Dark mages...!

“You deserve death for colluding with an outsider!” The brother of the king shouted as he opened his mouth and a powerful aura condensed in his mouth, bursting out instantly! Light turned into a straight line and shot out of his mouth, hitting the person of the Blood Souls!

“Boom...” The aura condensed exploded at a certain point and the energy fluctuation spread like a tide, shaking the entire space fiercely!

“Swish...” A black shadow swept past and dodged this attack. Seeing that, the Third Prince immediately opened his mouth and the aura in his mouth gathered and shot out fiercely!

“You won’t shed tears until you see the coffin!” The black robe stopped in the air. Dark elements surged out of the black robe endlessly like collapsing water, turning into countless thick black ribbons that shot towards the two Chili! “Get the dragon bone!” The person of the Blood Souls shouted. The son of the relatives darted out and extended his hand, about to pull the dragon bone out of the ground!

“Poof!” The sound of sharp claws digging into flesh came. The son of the relatives stepped back in a sorry state. Blood flowed out of his hand and landed on the ground. He looked at the three people who were slowly walking towards him with his black eyes. Even though the girl in the front was smiling, it was like cold winter!

“The son of the relatives of the Chili Royal Family has become a vassal of the Blood Souls. How sad.” His clear black eyes swept over with coldness. The son of the relatives took half a step back slightly and looked at Yun Feng. “Who are you?”

Yun Feng chuckled. Ao Jin grabbed it with his hand, and the dragon bone embedded in the ground instantly flew up and directly landed in Ao Jin’s hand. The son of the relatives narrowed his eyes slightly when he saw that. “Your target is also the dragon bone?”

“Hahaha! This belongs to us!” Ao Jin put away the dragon bone with a glint of killing intent in his golden eyes. The son finally noticed that the person holding the dragon bone had a pair of golden eyes! “Golden eyes... Are you... a dragon...”

“Kid, you just recognized me?” Ao Jin clenched his fists and the Golden Dragon Breath burst out at this moment! The son of the relatives suddenly took a step back and his heart raced! The Golden Dragon came to the Endless Ocean! Why did the Golden Dragon appear in the Endless Ocean? Ze Ran had interacted with the Dragons. Then, who was the woman in the middle?

“Useless thing!” An angry voice came from the sky. Two wild beasts roared and exploded in the sky with endless pain!

Yun Feng raised her black eyes. The two Chili in the sky had already been wrapped tightly by the dark elements. Strange black smoke came out of their bodies one after another! Painful roars came out of the mouths of the two Chili. Their bodies were wrapped by the dark elements. It was useless even if they had extraordinary abilities!

The person of the Blood Souls waved his black robe and turned into a black line, flashing across the sky. He had the same pale skin and the same skinny body! The black robe covered his entire body, leaving only his head exposed. There was a weird light in his evil eyes. When he saw Ao Jin’s golden eyes, he was slightly shocked. “A Golden Dragon?”

The aura of the Golden Dragon slowly oozed out of Ao Jin’s body, so dense that it was almost visible to the naked eye! Yun Feng knew how Ao Jin was feeling right now. The emotions in her heart were also rolling like waves! However, she had to calm down and restrain herself!

The person of the Blood Souls smiled weirdly after hearing that. “A Golden Dragon is here. It’s an unexpected gain.”

“You’re an unexpected gain for me too,” said Ao Jin. Beams of light flashed through his sharp teeth. The people of Qitun Tribe and Chaoling Tribe, who were hiding on the side, were completely dumbfounded. The Dragons! A Golden Dragon appeared in the Endless Ocean! Yanran looked at Ao Jin dumbfoundedly. The person who attacked her last time was a Golden Dragon! Then why did he have to say that he was a member of the Chili Tribe? When Yanran’s mind was in chaos, a person suddenly flashed through her mind. Feng Yun! Yanran quickly thought about the cause and effect and finally figured it out right now. Was this all Feng Yun’s plan?

Thinking of this, Yanran couldn’t help but break out in cold sweat. If that was the case, both the Qitun Tribe and the Chaoling Tribe had been schemed against by her. Even the Chili Tribe was the same! Then, had Ze Ran, who was close to Yun Feng, been her spy in the Chili Tribe?

Yanran looked at Ze Ran. If that was the case, what exactly did Feng Yun want to do?

“Hand over the dragon bone!” The person of the Blood Souls went straight to the point. Ao Jin burst into laughter. “As I said, this belongs to me!”

The member of the Blood Souls suddenly raised his brows after hearing that. In the end, his face was completely gloomy. “So, you planned all of this.”

“You’re quite smart.” Yun Feng sneered. “How can I not spend some effort to lure you out?”

“Who are you?” The person of the Blood Souls looked at Yun Feng with killing intent flashing through his eyes. Someone who could go with the Golden Dragons could not be a simple person. Who could she be?
