### Chapter 1501 The Dragon Appears (1)

“My name shouldn’t be unfamiliar to Blood Souls.” Yun Feng slowly took off the Thousand Shadows Mask on her face, revealing her original appearance. Yanran, who was hiding in the dark, suddenly gasped. It was Feng Yun! It was her!

The person of the Blood Souls narrowed his eyes fiercely. He didn’t have any impression of Yun Feng’s unfamiliar facial features at all. She was no stranger to the Blood Souls... At the moment, the Blood Souls were most interested in some people from the Yun family on land. Perhaps... she was from that Yun family...

“My name is Yun Feng!” Yun Feng put away her Thousand Shadows Mask and looked at the person of Blood Souls in front of her with a cold smile in her black eyes. After the expression of the Blood Soul became extremely distorted in an instant, he burst into crazy laughter! “Hahahaha! Yun Feng, I didn’t expect to meet you, Yun Feng!”

Ze Ran immediately became vigilant. It turned out that Yun Feng was one of the targets of the Blood Souls! Ze Ran glanced at Yun Feng. Why didn’t you tell me this?

“Do you know her, my lord?” asked the son of the relatives. The person of the Blood Souls licked his dry lips gently with his dry tongue. “Haha, we certainly know her.” His black robe suddenly swung. The son of relatives was hit by a beam of dark elements and was sent flying in the air!

“I’ll leave those two to you, just like you used to. Hahahaha!”

The body of the son of relatives stopped in the air, but there was a hint of viciousness on his originally not-outstanding facial features, which immediately made his facial features vicious. After letting out an excited roar, the original form of the son of relatives appeared, but it was completely different!

The scales on the bodies of the Chili Tribe were originally pure, especially those with a high proportion of the dragon bloodline in their bodies. But the body of the Chili that the son of relatives had transformed into was covered in black spots that were fast and dark!

“You...” The Third Prince and the King’s brother couldn’t help but feel surprised when they saw this. What happened next shocked everyone!

“Roar...” It roared with uncontrollable excitement as its body covered in black spots suddenly darted crazily. The Chili opened its mouth fiercely and its huge dragon-like eyes emitted strange red light!

“Poof!”

“Argh...”

A miserable howl tore through the sky, followed by even more excited low panting and bloody tearing!

The son of relatives tore the body of the king’s brother apart and chewed it into his stomach!

This scene shocked everyone! Yun Feng looked at the scene in the sky in shock. They were killing each other!

“Did you use this method to increase the ratio of the dragon bloodline in his body?!” Ze Ran was shocked. The son of relatives was a person who suddenly rose. He relied on killing his family! It was too cruel, too bloody! Too shocking!

The roars in the sky continued to resound in the sky, but the smile at the corners of the mouth of the Blood Soul who heard the roars became bigger and bigger. He enjoyed it extremely! “So what if they kill each other? It’s not too much as long as he can get power!”

“Uncle! No!” The Third Prince looked at the bloody scene and kept shouting with bloodshot eyes. Half of the body of the king’s brother had already been eaten and he was already dead. His body was torn and corroded like dead meat!

“It’ll be your turn soon, Third Prince! Hehe!”

The son of the royal family, who was eating the body of the king’s brother, suddenly raised his head and looked at the Third Prince with his blood-red eyes. Blood kept flowing out of the corners of his mouth. Seeing this scene, the Third Prince’s body twisted crazily. No! He didn’t want to be eaten alive like that!

“Argh...” A miserable roar suddenly sounded, making people’s hearts tremble fiercely!

“Haha, hahahahaha! That’s it!” The person of Blood Souls smiled as strange light flashed through his eyes. He enjoyed the scene in the sky extremely!

“It’s indeed the style of the Blood Souls. They’ll do anything to achieve their goal,” said Yun Feng coldly. She couldn’t bear the scene in the sky. The person of the Blood Souls looked at Yun Feng. “You should know how tempting power is!”

“I only know that my power is only for the people I value!”

“Hehe, anyone can say beautiful words! Since you’re here, I certainly can’t miss it!” The black robe swung fiercely and a dense stream of dark elements surged out like a tide! A huge black hand extended from the pile of darkness that was as thick as ink and went straight for Yun Feng!

“One against three, you think too highly of yourself!” Ao Jin shouted furiously as the aura of the Golden Dragon spread out and his hands instantly turned into a dragon’s claws!

A dragon’s roar came out of Ao Jin’s mouth. His sharp dragon claws collided fiercely with the black hand. He narrowed his golden eyes and retracted his claws fiercely. The black hand was instantly crushed!

“One against three? Hehe, I’m not that impulsive!” His attack was completely shattered, but the member of the Blood Souls smiled. The son of the Blood Souls who was eating in the sky suddenly raised his head. His huge body swam over with an indescribable heavy smell of blood!

“Roar...” The son of relatives opened his mouth with a pair of huge red eyes and a fishy smell pounced!

“I’ll finish you off first!” Killing intent flashed through Ao Jin’s golden eyes as golden dragon breath rose all over his body! Ao Jin extended his hand and directly picked Ze Ran up. “Kid, protect the girl well. If she’s injured, I won’t let you go no matter what!”

Ze Ran’s black eyes darkened. “I’ll definitely do my best to protect her!”

“Humph!” Ao Jin let go of Ze Ran. His body flashed and turned into golden light, rushing to the sky to fight with the completely irrational Chili!

“Uncle Flirtatious!” Yun Feng couldn’t help but feel a bit anxious when she saw Ao Jin leave. Ze Ran said on the side, “That Chili absorbed the power of two powerful Chilis. Only the Golden Dragon can control him. Our opponent right now is...”

Yun Feng’s black eyes darkened slightly. The dark elements had already arrived from afar!

“Hehe! I’m a bit confident now!”

“Bang!” The dark elements hit the ground and sand and stones instantly flew! After everything dispersed, Yun Feng was already gone!

“You ran quite quickly.” The person of the Blood Souls suddenly raised his head. Yun Feng and Ze Ran were already standing in the air. The two parties faced each other. One was extremely excited and the other was full of killing intent!

#### Chapter 1502 The Dragon Appears (2)

Yun Feng spun her hand and the wand appeared! The Magic Beast aura inside Ze Ran’s body completely fused with the human aura and his strength instantly increased! “I can finish you off without summoning anything,” said Yun Feng coldly. The member of the Blood Souls burst into laughter. “You’re quite bold!”

Ze Ran’s eyes darkened and his body had already flashed over. The member of the Blood Souls grunted coldly when he saw this. He swung his black robe and thick dark elements appeared again. His black hand rushed towards Ze Ran and the battle between the two of them began! There was a cold smile at the corners of Yun Feng’s mouth. She held the wand in her hand tightly and slowly said, “Water Chains!”

The ice blue water element quickly condensed around the wand, turning into a chain in Yun Feng’s hand. Yun Feng sneered with her black eyes and swung the chain in her hand forward fiercely. Green wind element strengthened her and she turned into a beam of green light, flying towards the person of the Blood Souls!

“Tsk! Multi-element creatures are indeed troublesome!” Seeing Yun Feng pounce on him, the person of the Blood Souls swung his black robe gently and his body agilely dodged the attack of the Water Chains. Even though his attack missed, the Water Chains were like agile snakes and quickly launched the second wave of attacks!

Yun Feng and Ze Ran attacked from both sides. One of them was a pure physical attack, while the other was a powerful magic interference. The person of the Blood Souls couldn’t have the upper hand at all! The Chili in the sky was entangled by Ao Jin and couldn’t split up at all!

If this continued, he would definitely be at a disadvantage. The person of the Blood Souls gritted his teeth and cursed in his mind. Yun Feng... couldn’t be underestimated indeed. He thought she was just so-so, but it seemed that this wasn’t the case at all! Even though he was a bit stronger than her, it couldn’t be the deciding factor of victory!

The faces of the person of the Blood Soul were completely gloomy. Yun Feng hadn't used her contracted Magic Beasts yet. If her contracted Magic Beasts appeared at the same time, he wouldn't be able to fight it head-on at all!

The person of the Blood Souls looked at the Chili in the sky that was being pestered by Ao Jin. Hm! After eating so much, it was still a loser in the end! It would be a bit better if he had its help, but it seemed that not only would it not be able to help, but it would also become a burden to him! The plan of the Chili Tribe had failed. It was all ruined in Yun Feng's hands! That guy had eaten so much of the flesh and blood of his race and his energy had reached the limit. He should be abandoned!

He should think of a way to get away and return to the base first, letting the few lords above take action! By then, they would be able to capture Yun Feng easily!

"Whoosh..." More and more dark elements surged out of the bodies of the person of the Blood Souls. Seeing this, Ze Ran knew that something was wrong. He wanted to run!

"Yun Feng!" Ze Ran called out as Yun Feng's body came from the sky. "I know. He can't get away!"

"Hehe! We'll meet again, Yun Feng!" The member of the Blood Souls looked at Yun Feng with bloodshot eyes. His body was wrapped in dense dark elements as he suddenly rushed out. Yun Feng waved the wand in her hand in the air. "Ice Barrier!"

"Crack! Crack! Crack! Crack!" An ice blue color appeared in the valley with a terrifying low temperature, blocking the escape route of the person of the Blood Souls!

"Ice Barrier?" The person of the Blood Souls saw the heavy ice blocking in front of them. The transformation of all kinds of elements required a lot of mental strength. Water turned into ice, soil turned into sand, and so on. Every tiny element had to be filtered for the transformation of mental strength. However, the Endless Ocean was a natural hotbed for the water element. The transformation was like a fish in water! This was also the first time Yun Feng tried the Ice Barrier. It consumed a lot of mental strength to make the Ice Barrier on land, but it was very easy here.

The barrier in front of her was crystal clear and glittering with blue light. The next second, the water elements around the barrier turned into arrows and surged out of the barrier, shooting everywhere inside the barrier!

Blue arrows that filled the sky kept appearing on the surface of the transparent barrier endlessly! Ze Ran came to Yun Feng's side and looked at the completely blue inside of the barrier below. "Will he take the opportunity to escape inside?"

Yun Feng sneered. "The inside of the barrier is my world. Even the Law of Space can't surpass it! If he wants to escape, he must break the barrier with all his strength. By then... it'll be time to reel in the net."

"Argh..." A roar came from inside the barrier. A large ball of black mist appeared inside the ice blue barrier and black mist surged out. Yun Feng had already felt the pressure of the barrier. She spun her wand and the barrier that was about to be opened was pressed back a bit!

More and more dark elements appeared and the barrier kept expanding. Layers of sweat appeared on Yun Feng's cheeks and she finally couldn't suppress it anymore. The Ice Barrier instantly exploded and the dark elements that came out immediately poured out. A black shadow suddenly rushed out!

“Don’t even think about trapping me!” The person of the Blood Souls laughed crazily and tore fiercely in the air with his hand, creating a spatial crack!

“Tsk!” The person of the Blood Souls smiled in disdain when he saw Yun Feng chasing after him. He would settle this score in the future! He jumped down from the space crack, only to find that the crack had already distorted instantly! “What’s going on?” The person of the Blood Souls was completely dumbfounded. He waved his hand and was about to restore the crack, only to find that an invisible force was above his power of space!

Perhaps... The person of the Blood Souls suddenly turned around and was shocked to see another slender figure appear next to Yun Feng. Those strange eyes were emitting a strange light!

What kind of spatial power was this? The person of the Blood Souls was shocked in his mind!

Mu Canghai’s gray eyes glittered a few times. He controlled the power of space with his hand and squeezed fiercely! The spatial crack completely shattered!

“This... This is...” The person of the Blood Souls was completely dumbfounded. Who was the guy next to Yun Feng that had such a strange ability? Did the lords above know? “Swish...” The person of the Blood Souls turned around and ran, but Yun Feng wouldn’t give him a chance to escape at all!

She spun her hand and the black jade pendant lay quietly in her palm. Ze Ran couldn’t help but feel puzzled when he saw this. This black jade pendant was...

“Swish...” Yun Feng exerted her strength and the jade pendant was thrown out just like that! Ze Ran and Mu Canghai were both a bit dumbfounded. What was going on? However, there was a smile in Yun Feng’s eyes. The black jade pendant changed after sensing such dense dark elements in this space!

### Chapter 1503 The Dragon Appears (3)

Rays of light flashed on the surface of the black jade pendant. The skeleton dragon on its back looked even more ferocious. A terrifying suction force appeared from the black jade pendant and all the dark elements around it were sucked in!

What was that? The person of the Blood Souls saw that the black jade pendant was absorbing the dark elements so fiercely and his heart turned cold. If his dark elements were sucked dry, he would end up... Thinking of this, the person of the Blood Souls immediately sped up and wanted to escape. The dark elements around his body surged again, but he didn’t know that he had attracted all the attention of the black jade pendant!

As if it was aiming, the suction force of the black jade pendant directly locked onto the person of the Blood Souls from the initial vast area. When he noticed this, the person of the Blood Souls ran even more desperately. There were more and more dark elements and the jade pendant absorbed them more and more fiercely!

“Yun Feng, what exactly is that jade pendant?” Ze Ran looked at it in shock. “That jade pendant seems to have its own consciousness...”

Yun Feng looked at it and slowly said, “Self-consciousness... If it really has self-consciousness, it seems that the dark elements are its best food.”

As Yun Feng said, the crazy suction force of the jade pendant became stronger and stronger! The person of the Blood Souls only felt a terrifying suction force aiming at him, as if he wouldn't stop until the dark elements inside his body were sucked dry! "No, no!" The person of the Blood Souls struggled and roared, but his body retreated more and more until a low moan came out of the black jade pendant. His black robe suddenly shook and the person of the Blood Souls was completely gone!

"Don't even think about running!" Ze Ran's face darkened. He jumped and the aura around him suddenly spread out. He aimed in one direction and grabbed!

"Let go, let go of me!" The translucent soul was held in Ze Ran's hand and kept struggling desperately. Ze Ran grabbed the chance and he couldn't escape at all. Yun Feng looked at the jade pendant that had already completely absorbed the dark elements with her black eyes. At this moment, the surface of the black jade pendant was even brighter. The only difference was that there seemed to be dark light flashing in the eyes of the skeleton dragon on the back of the black jade pendant!

Yun Feng cursed in her mind. There seemed to be something sealed in the jade pendant. The Array of Life back then seemed to be used to seal that thing. The light elements inside had already been gradually absorbed by her over the years. Later, they were suppressed with Qu Lanyi's light elements. After absorbing so many dark elements just then, would the light elements all be ostracized or even covered?

If that was the case... Would the things inside break through the restraints after being nourished by the dark elements?

No, she couldn't let such a thing happen! Yun Feng jumped and wanted to put away the black jade pendant without thinking. However, as soon as she approached the black jade pendant, a stream of dark elements appeared from the inside of the jade pendant and slapped Yun Feng's body fiercely! Yun Feng immediately turned around and narrowly dodged this attack!

"Ze Ran, Mu Canghai, don't let the girl get close to that thing!" Ao Jin's voice came from the sky. Mu Canghai looked up and his strange eyes glittered. He clenched his fist in the air fiercely and the Chili that was fighting with Ao Jin was firmly sealed in the space. The Chili twisted its body angrily and wanted to break free. Mu Canghai exerted more strength in his hand and the Chili was completely trapped by the invisible space lock.

"F\*ck, why didn't you attack earlier?" Ao Jin shook the thick blood on his hand and glanced at Mu Canghai. Mu Canghai's strange eyes glittered as he said indifferently, "I can only hold on for a while."

"That's good. We'll clean it up later!" Ao Jin jumped to Yun Feng's side and looked at the black jade pendant floating in the air with his golden eyes. "Kid, where exactly did you get this?"

Yun Feng dodged the attack of the dark elements and said, "I'm not sure. This thing has been with me for at least a few decades."

"How can the Yun family have such a thing?" Ao Jin widened his golden eyes. Yun Feng frowned. "It doesn't belong to the Yun family. I can only say that... it came to me by chance."

"Coincidence? If Qu was here, there might be some solutions, but now..." Ao Jin frowned and looked at the black jade pendant. "Let me try and see if my dragon breath can calm it down!" Dazzling light

flashed through his golden eyes as the aura of the Golden Dragon enveloped the black jade pendant. However, before it got close, black elements spread from the middle of the jade pendant and instantly broke the aura of the Golden Dragon!

“This thing can break through my aura like this. It’s not simple.” Ao Jin’s face couldn’t help but darken. The soul in Ze Ran’s hand let out an ear-piercing laugh. “Hehe! That thing uses the dark elements to perfection. If I get it...”

“You have no right to speak here!” Ze Ran clenched his fists and the soul was immediately squeezed and deformed. Yun Feng flew over and took out an empty bottle. Ze Ran quickly injected his soul into the empty bottle. The translucent soul flew away and wanted to escape. Yun Feng’s mental strength completely sealed the bottle!

“You’ll certainly have a chance to talk later.” Yun Feng put away the bottle and felt a bit of a headache. The black jade pendant helped her get the soul of the person of Blood Souls, but it also absorbed an excessive amount of dark elements... Would something happen? If the thing inside came out, what would it be like?

“What should we do now...” Ze Ran frowned. “We can’t get close to it at all...”

“Light elements. The only possibility for making the dark elements yield is... light elements.” Mu Canghai said indifferently and was silent. Where were they going to find light elements?

“Buzz, buzz, buzz...” The black jade pendant suddenly spun quickly and a faint sound appeared from the jade pendant. Yun Feng looked at the skeleton dragon engraved on the back of the black jade pendant with her black eyes. Under such a rapid spinning, the giant dragon seemed to be on the verge of resurrection, especially the dark light flashing in the eye sockets of the giant dragon, which made Yun Feng’s heart race abruptly. The thing inside was trying to escape!

“Master Yanran, are we still not going out at this moment? That black jade pendant seems to be something very powerful. If we take this opportunity to get it...” The eyes of the Qitun Tribe member who was lying in ambush couldn’t help but turn red when he saw the black jade pendant. There were so many terrifying dark elements inside. Once he got it, the Chili Tribe would be easily destroyed!

Yanran recalled the earth-shattering scenes just then and thought about the terrifying dark element energy absorbed by the black jade pendant. As long as she got this, the Qitun Tribe would definitely be able to dominate the North Sea quickly! However, Yanran finally had some rationality. Even Feng Yun couldn’t take down that black jade pendant, let alone her.

#### Chapter 1504 The Dragon Appears (4)

“Are you all crazy? The dark elements in that jade pendant will directly swallow you before you get close!” What Yanran said made these clansmen completely drop the idea. Nobody said anything else. Yanran looked at Yun Feng’s back and the anger in her heart was gradually rising. That woman had set her up, from the beginning to the end!

“I can’t let the thing inside escape!” Yun Feng thought of the scene when Qu Lanyi released the old guy in the white jade pendant. If the thing inside rushed out, she wouldn’t have the power to control it at all! She couldn’t get close? She had to get close!

“Kid, don’t mess around!” Ao Jin seemed to have guessed what Yun Feng was thinking and immediately stopped her. Yun Feng, on the other hand, chuckled and had already jumped towards the black jade pendant!

“F\*ck!” Ao Jin cursed in a low voice as a beam of golden light followed Yun Feng closely. Mu Canghai wanted to chase after her, but he had to restrain that Chili with the power of space at this moment. He could only watch Ze Ran and Ao Jin rush over.

“Swish, swish, swish!” The dark elements attacked the three of them fiercely like the claws of a giant dragon. Yun Feng was determined to rush forward. Ao Jin and Ze Ran watched from the back with fear! “Roar...” Ao Jin roared furiously as dragon breath pushed away the dark elements that kept circling and attacking, while Ze Ran on the side used the most direct force to send the dark elements rushing over flying!

“Girl, come back here!” Ao Jin roared and wanted to continue chasing forward, but dark elements surged out crazily and completely blocked Ao Jin outside. Ze Ran wanted to rush in with his powerful strength, but he was also blocked firmly.

“Kid! Yun Feng! Come out!” Ao Jin roared inside furiously, but Yun Feng had already disappeared into the dark elements!

“Yun Feng! Come back!” Ze Ran also roared loudly as he looked inside anxiously. Dark elements were constantly spreading out from the jade pendant. Layers of dark elements completely blocked them outside and the dark elements around the jade pendant were like silk, wrapping around the black jade pendant layer by layer, like a cocoon that was forming!

Facing the dark elements that were getting thicker and thicker in front of her eyes, Yun Feng gritted her teeth fiercely and suddenly put her hands together. A few beams of light of different colors came out of her palms! The fusion of three elements!

“Explode!” The fusion power of the elements in her hand suddenly rushed into the thick dark elements. Looking at the black jade pendant that was about to form a cocoon in front of her, Yun Feng’s black eyes darkened. “Boom!” A muffled sound came from the dark elements and a gap suddenly appeared in the thick dark elements. Yun Feng didn’t hesitate at all and rushed through the gap!

“Yun Feng...” Ao Jin, Ze Ran and Mu Canghai all shouted loudly when they saw this scene. The gap that was opened instantly closed after Yun Feng entered. Dark elements covered it layer by layer and a black cocoon formed!

The moment the black cocoon formed, the dark elements around it completely disappeared. Only the black cocoon stayed in the air quietly with a weird aura around it. Ao Jin and the others immediately approached. Ao Jin and Ze Ran punched the black cocoon fiercely without another word!

“It’s like hitting cotton. All the power has been absorbed.” Ze Ran frowned and looked at the huge black cocoon in front of him. It was already impossible to break it with strength.

“I don’t believe I can’t tear you apart!” Ao Jin slashed at the giant black cocoon fiercely with his dragon claws and tore it apart fiercely on both sides. However, the dark elements flowed through his claws like water and it wasn’t injured at all!

“It seems that this thing can only be opened from the inside,” said Mu Canghai casually as he looked at the dark elements that formed the black cocoon with his strange eyes. “I advise you not to do anything to it again. It seems to be able to absorb the power you send over for its own use.”

“What did you say?” Ze Ran was shocked, but Ao Jin roared in frustration, “I don’t care about that!”

“The more power you give it, the more dangerous Yun Feng will be.” Mu Canghai looked at Ao Jin coldly. Ao Jin was immediately speechless. “Then what should we do now?” Ze Ran said anxiously. They couldn’t do anything to the giant black cocoon. How could they help Yun Feng?

“What we can do is to wait... When this cocoon breaks open from the inside, Yun Feng might come out, or something in the jade pendant.”

“F\*ck, damn it!” Ao Jin roared furiously, frustrated at his powerlessness. Ze Ran also scolded himself for being useless in his mind. Mu Canghai glanced at the two of them. “Don’t you trust Yun Feng?”

Ze Ran raised his head and looked at Mu Canghai in a daze. Then, his expression changed. “I believe in her!”

Mu Canghai said again, “We’ve experienced a lot of things with her and encountered a lot of danger. When did something happen to her?”

Ze Ran took a deep breath. “I understand what you mean. Yun Feng will definitely be fine this time.”

Mu Canghai nodded. Ao Jin held his breath for a long time and jumped. He looked at a certain Chili that was restrained by the power of space in the sky. “I was worried that I had nowhere to vent my anger. It’s you! Release the space blockade!”

The three people outside decided to wait until Yun Feng came out safely. However, Yun Feng only had one choice in the black cocoon and kept moving forward.

“Master, let me out!” Little Fire’s voice sounded in her mind. “I can more or less help you with the dark elements!”

A fiery red light flashed out of the Ring of Contract. The moment the Fire Cloud Wolf appeared, a cluster of fire was ignited in this dark space. “Master, come up!” Little Fire said. Yun Feng got on the back of the Fire Cloud Wolf and immediately felt that the pressure of the dark elements around her was greatly reduced. Little Fire carried Yun Feng forward carefully. Yun Feng touched the fur on Little Fire’s neck with her hand.

“Will I burden you?”

“No! Even though I’m not a dark-element Magic Beast, my mutated bloodline isn’t fake! These dark elements won’t take the initiative to attack. It doesn’t burden me at all.”

Yun Feng chuckled and observed the pure black space around her carefully on Little Fire’s back. There were dark elements around, as thick as black threads. Luckily, these dark elements wouldn’t attack voluntarily. As long as she kept moving forward in one direction, there wouldn’t be any problem.

**Chapter 1505 The Dragon Appears (5)**

The man and the beast moved forward carefully. After walking for a long time, Little Fire's rather excited voice came. "Master, the center seems to be ahead!"

Yun Feng raised her body and looked forward. She saw some faint light far away. That should be where the jade pendant was. "The closer we get, the more careful we have to be." Yun Feng instructed. Little Fire followed Yun Feng's instructions and became more and more careful. Nothing happened along the way. The human and the beast arrived at the place where the light was shining safely.

As Yun Feng said, this seemed to be where the black jade pendant was. The black jade pendant was emitting a faint light in the darkness. The light was like a flickering candle that was sometimes weak and sometimes strong. Yun Feng walked over and Little Fire transformed into human form to grab Yun Feng. "Master, it's better to be careful."

Yun Feng nodded and approached the black jade pendant with Little Fire. Compared to the previous fury, the jade pendant now carried a kind of gentle light and looked extremely docile. Those circles of glimmering light seemed to be waiting for Yun Feng to touch them, so gentle and so warm.

Yun Feng looked at the gentle light as a name flashed through her mind. Was this weak light the light elements left in the black jade pendant by Qu Lanyi? If that wasn't the explanation, why could the black jade pendant still emit light after absorbing so many dark elements?

Yun Feng slowly extended her hand and wanted to touch that faint glimmer, even if it was an ethereal and illusory light. Wasn't this something he left with her?

"Master!" Little Fire was a bit worried when it saw Yun Feng reach out. Yun Feng chuckled and slowly closed her black eyes. A glint of light suddenly flashed through the eyes of the skeleton dragon on the black jade pendant and dark elements instantly surged out!

"Roar..." Little Fire suddenly roared and protected Yun Feng firmly behind it. Thick dark elements kept emerging from the black jade pendant, but they didn't attack Yun Feng at all. They just kept rolling and twisting in the air, gathering more and more dark elements in the air until a dragon head slowly stuck out of the dark elements!

"Roar..." Little Fire immediately transformed into a Fire Cloud Wolf and flapped its dark wings slowly. A nervous feeling rose from Little Fire's entire body and its muscles couldn't help but tighten quickly. The Magic Beast's sense of danger was instantly aroused!

"Haha, do you really think you can tempt me with this glimmer?" Yun Feng said as she slowly opened her black eyes. "You've underestimated me!"

The dark elements kept rolling in the air. The dragon head that stuck out was extremely ferocious, like the skeleton dragon engraved on the black jade pendant! The dragon narrowed its eyes slightly and a voice sounded in the air. "You're quite bold."

Yun Feng chuckled. "Thank you for your compliment, Senior."

"Senior?" A voice came, followed by a furious shout! "You contributed to keeping me sealed! I won't let you go!"

Yun Feng's expression turned cold. "I had no intention of letting you out."

"What an arrogant human! It's not up to you to decide if I'm going out or not!"

"Haha, is that so?" Yun Feng looked up at the black jade pendant in front of her eyes. She extended her arm and suddenly grabbed it fiercely!

"Master!" Seeing Yun Feng's action, Little Fire didn't have the time to stop her anymore. The moment Yun Feng held the black jade pendant, the dark elements twisted crazily and the voice from the void suddenly trembled excitedly! "Ignorant human, I'll use you as the first appetizer!"

The condensed dragon head instantly dissipated and the dark elements quickly entered Yun Feng's body. Yun Feng gritted her teeth and endured it. She closed her black eyes and held the black jade pendant tightly. She mobilized the mental strength in her spiritual space and directly sent the dark elements that rushed into her body into an equally dark space!

In the darkness, the sound of chains flashed across the ground. When Yun Feng's mental strength pulled the dark elements here, a pair of huge red eyes opened secretly. Scarlet blood flashed through the huge eyes and the rapid sound of chains kept flashing across the ground. Excitement ignited quietly.

Yun Feng closed her eyes tightly and put on a smile at the corners of her mouth. Appetizer? Haha, let's see who's stronger, you or the one locked in my body!

"I didn't expect you to give me such a good thing one day." The blood-red eyes stared at a corner in the darkness with inexplicable excitement. Dark elements were constantly accumulating there, becoming thicker and thicker. As the dark elements kept accumulating, the excitement in the blood-red eyes became more and more intense!

"Swish..." A beam of blood red light suddenly sprinkled down from the darkness, covering the dark elements that were getting thicker and thicker. An extremely ferocious dragon poked out of the black elements in the faint blood red color!

"Hahaha, hahahahaha!" The red light in the giant blood-red eyes twisted wantonly. An extremely wild and excited roar came from the dark. The sound of chains twisting quickly and almost breaking free!

"What is this place?" The dragon head looked at the scarlet blood light around and suddenly let out a deep roar. Dark elements spread quickly, but they were all absorbed when they hit the bloody light! The ferocious dragon head was extremely shocked. It didn't expect to face such a situation.

"Who are you?" Seeing that its dark elements were useless, the dragon head immediately shouted furiously!

The giant red eyes looked at the dense dark elements greedily. "It'll take some effort to swallow you."

"You know who I am!" The dark elements suddenly increased and the dragon head became even more ferocious in the surging dark elements. The giant red eyes suddenly burst into laughter after hearing that! "Haha, I certainly know who you are! However... in my eyes, you're still too inferior!"

The ferocious dragon eyes widened abruptly. A few names seemed to flash through its distant memories like a long river. The black dragon head narrowed its eyes fiercely! "You are...!"

The sound of chains sliding on the ground was getting closer and closer. Faint friction sounds appeared in this space. The red light in the huge red eyes became brighter and brighter. There was no way to wait

any longer! The black dragon head suddenly thought of something. Thick dark elements dragged the dragon head and retreated crazily. A strange dragon roar resounded in the sky and directly entered Yun Feng's mind!

"Yun Feng! Let me out! I'll return to the jade pendant immediately!"

### **Chapter 1506 The Dragon Appears (6)**

Yun Feng, who was observing the development of the matter on the side, had never thought that this guy would have already surrendered before she did anything! And he even took the initiative to ask to return to the jade pendant? Yun Feng frowned slightly. What exactly was the origin of the thing that was being controlled in her body?

"Yun Feng! Did you hear that?" The roar of the dragon head kept echoing and the red light shone brightly. The pupils in the huge red eyes had almost shrunk into a black dot! It was very excited!

"Humph, it's indeed useful to scare people." Yun Feng mumbled. She mobilized all the mental strength in her spiritual space again and directly penetrated the unknown space inside her body, pulling the dragon head wrapped in dark elements fiercely and directly pulling it out!

"Yun Feng!" The dragon head was suddenly pulled out. The giant red eyes immediately let out a dissatisfied roar. The chains made a huge pulling sound, showing that it was a huge creature that was anxious to break free from the chains! "Yun Feng, you tricked me!" The red-eyed creature's roar echoed in Yun Feng's mind, making her head a bit painful. She struggled to ignore the voice for the time being. Yun Feng looked at the ball of dark elements that couldn't wait to seep out of her body. It could be seen that it was really afraid.

"I'll remember you!" The ferocious dragon eyes glared at Yun Feng fiercely. "Don't give me a chance to absorb the dark elements, or... I'll definitely come out by hook or by crook!" After the dragon head said that, the dark elements quickly flowed into the black jade pendant like ink. The dragon head also shattered instantly and directly sank into the jade pendant. After the black jade pendant absorbed all the dark elements, the black color on the surface became even more perfect. A glint of light flashed through the eyes of the skeleton dragon on its back and it finally fell completely silent.

"Master, are you alright?" Little Fire couldn't help but heave a sigh of relief when it saw that the giant black dragon took the initiative to leave Yun Feng's body. Thinking that so many dark elements were inside Yun Feng's body, Little Fire was completely panicked. It even thought of absorbing all the dark elements inside Yun Feng's body just then. It was better to put them in its own body than in its master's body.

"I'm fine. There's just a guy who's very noisy." Yun Feng smiled at Little Fire helplessly. The red-eyed creature's roar of dissatisfaction in her mind never stopped. It seemed that she should explain to it herself, or she wouldn't have peace. "Wait for me first." After saying that, Yun Feng quickly closed her black eyes. Her aura had undergone a rather strange change. Little Fire was a bit shocked. What was Master doing?

She directly entered the space in her body. As soon as she entered, the red-eyed creature's roar with a huge wind came towards Yun Feng. "How dare you trick me, Yun Feng!"

Looking at the giant red eyes in front of her eyes that were mixed with fury, Yun Feng sighed. "Old man, I really didn't expect this. I didn't expect that the Black Dragon would retreat so quickly at all."

"If you've already sent him in, why do you still have to drag him out?"

The corners of Yun Feng's mouth curled up helplessly. "This is the first time I've seen the thing sealed in that black jade pendant. I can see that it has an extraordinary background. I still have use for that thing. Even though it's extremely dangerous, I can't deny that it's a good way to deal with the Blood Souls." The black jade pendant could absorb the dark elements endlessly. If the dark elements that the Blood Souls were proud of were all sucked away, what would they be like? When she met the people of the Blood Souls, the black jade pendant would definitely become a winning move until Qu Lanyi came back. For example, this time, if it weren't for the black jade pendant, the person of the Blood Souls wouldn't have been skinned alive and only had a soul left.

"Humph!" The giant red eyes laughed in disdain after hearing that. "Do you really think that black jade pendant is helpful to you? Do you know what's sealed inside?"

"You know?" Yun Feng raised her brows. A hint of malice flashed through the huge red eyes. "Of course I know, but I won't tell you!"

Yun Feng was speechless. This old guy didn't have a good personality, but she was indeed in the wrong this time. It was indeed a bit unkind to give him a delicacy and take it away before he could say anything. Yun Feng chuckled. "You don't have to be so petty."

"If you dare to fool me like this next time, Yun Feng, don't blame me for being rude!" the creature said fiercely with red eyes. Yun Feng smiled helplessly. "Got it. I did something wrong this time. Why don't I make it up to you?" This old guy was locked in her body. Even though she had a certain level of control over it, she wasn't completely confident that she could suppress it if it really came to blows, so it was better to coexist peacefully. It didn't matter if she took a step back. It would be very helpful for her to build a good relationship with this old guy in the future.

"How exactly are you going to make it up to me?"

Yun Feng was silent for three seconds and chuckled. "How about that Chili outside? He swallowed a lot of his clansmen. His Beast Soul must smell different."

Red light flashed in the giant red eyes. "Alright!"

Yun Feng heaved a sigh of relief. "The identity of the guy inside the jade pendant..."

"Not this time!" The giant red eyes asked her to leave. Yun Feng smiled helplessly. Fine, she would have a chance to know in the future. Perhaps she already had some clues in her mind. "Old man, I have to say that you have an unusually bad personality." Yun Feng left this sentence and flashed out of this space. The giant red eyes were slightly stunned. Then, it understood. The chains were pulled fiercely and it said rather reluctantly, "Mind your own business."

Yun Feng slowly opened her black eyes with a faint smile at the corners of her mouth. Seeing Little Fire's worried expression, she reached out and rubbed its short black hair. "These dark elements can already be broken from the inside. Let's get out!" She held the black jade pendant in her hand and a faint beat came from the jade pendant, followed by a clear coldness. Yun Feng put away the black jade pendant

and patted Little Fire's head. Little Fire raised the corners of its mouth a bit awkwardly. When could Master be more normal to him?

"Is the girl alright? Why isn't there any movement inside at all?" Ao Jin, who was waiting outside, almost collapsed. Even though Mu Canghai and Ze Ran were also anxious in their minds, they were more or less confident. Ao Jin, on the other hand, couldn't stand it at all. Facing this giant black cocoon that couldn't be broken with his dragon claws, Ao Jin even thought of biting it with his teeth.

"She'll be fine." Ze Ran stared at the giant black cocoon. His heart was beating rapidly in his chest and the blood in his body seemed to be frozen at this moment. He watched without blinking. His senses were countless times enhanced at this moment. Even the slightest movement couldn't escape Ze Ran's perception.

#### Chapter 1507 The Dragon Appears (7)

Mu Canghai was expressionless on the side. He held the power of space firmly with his hand and trapped the Chili, who was tortured by Ao Jin. While he was worried about Yun Feng, he didn't forget what he should do. He couldn't cause trouble for Yun Feng!

"F\*ck, is that all you can say? And you! Say something!" Ao Jin looked at Ze Ran and Mu Canghai unhappily with flames of anger in his golden eyes. "Yun Feng! Girl! Can you hear me?" Ao Jin roared into the giant cocoon. Even though his behavior was a bit childish, he couldn't care less anymore. As long as Yun Feng could come out, anything was fine!

"Stop shouting. She can't hear you," said Mu Canghai coldly. Ao Jin immediately roared, "It's none of your business what I do!"

Mu Canghai moved his lips and didn't say anything else. The three men guarded the black cocoon and weren't willing to leave for a moment, which gave the Qitun Tribe and the Chaoling Tribe, who had been lying in ambush at the entrance, enough time to analyze the situation in front of them.

Yanran had already understood the cause and effect of being used by Yun Feng. She was certainly ashamed and angry in her mind. Thinking that she was so grateful to Yun Feng back then and even took the initiative to bring her to the clan, Yanran was always enraged. She had forgotten that Yun Feng saved her life time and time again. If it weren't for Yun Feng, she wouldn't have had a chance to sneak into the Chili Royal City at all.

"Master Yanran, what should we do now? The members of the three factions of the Chili Tribe are all destroyed. The interior of the Chili Tribe will definitely be in chaos. This is a good opportunity for us to attack together!"

"That's right! This is a rare opportunity. Once the internal affairs of the Chili Tribe are in chaos, we'll have more loopholes to take advantage of! The three factions have lost their backbone. We can attack without restraint!"

Yanran listened to the suggestions of the people around her and certainly understood in her mind that this was a good opportunity that Qitun and Chaoling couldn't miss! However, right now, she needed to settle the score with Yun Feng, a score that had been used from the beginning to the end!

“We certainly can’t miss this opportunity, but don’t forget those few!” Yanran changed the topic. “That Feng Yun or Yun Feng will be the greatest threat to our two races!”

“Master Yanran, why do you say that... Didn’t Feng Yun help back then...”

“What help? She used me! She used our races to achieve her goal!” Yanran told them what happened back then angrily. Naturally, she exaggerated a lot because of her anger. “Although I don’t know her purpose, she can’t use us to achieve her goal!”

“Master Yanran is right. Yun Feng is truly detestable! How dare she tease Master Yanran like this!”

Both Qitun and Chaoling were indignant, and Yanran felt a bit better. “Now that she’s been swallowed into this inexplicable black cocoon, her fate is unknown. We can’t do anything yet. As long as there’s anything wrong with that giant cocoon, we’ll launch a surprise attack and catch them off guard!”

Qitun and Chaoling came to an agreement. Yanran stared at the black cocoon firmly. Feng Yun, you used me for so long and I didn’t notice it until now. I have to say that you’re indeed smart! I’ll return the favor for using me later!

“There’s a sound!” Ze Ran whispered as he looked at the black cocoon back and forth with his black eyes. Mu Canghai also felt that something was wrong in the giant cocoon slightly. His usually cold face finally had a different expression. Ao Jin suddenly frowned and the light in his golden eyes flashed. The aura in the black cocoon was gradually changing, getting bigger and more obvious!

“Girl!” Ao Jin shouted in surprise. Mu Canghai and Ze Ran also showed delighted smiles. The three of them weren’t happy for long. The energy fluctuation inside the black cocoon was unusually violent and seemed to explode in an instant!

“Get out of the way!” Yun Feng’s vague voice came from the giant cocoon. The joy on the faces of Ao Jin and the others had just appeared when they heard this. They immediately understood and retreated a hundred meters at their fastest speed. At the same time, the giant black cocoon expanded rapidly, as if there was a kind of gas constantly expanding inside. The giant black cocoon was also quickly expanded to the limit like a balloon!

“Boom!”

A loud explosion sounded in the valley. A heat wave with scorching heat surged out of the giant cocoon, like a volcano eruption. Hot lava surged everywhere! Ao Jin and the others narrowed their eyes slightly and saw that the redness and darkness in the sky intertwined. Hot lava with black color gushed out of the giant black cocoon. Then, a bright red line jumped out of the volcanic mountain pass. The huge body of the Fire Cloud Wolf drew a fiery red line in the air and stopped perfectly!

“Phew...” Little Fire heaved a sigh of relief, and so did Yun Feng. The master and pet looked at the red and black colors that quickly filled the sky and chuckled softly. Yun Feng touched Little Fire’s neck with her hand. “Not bad.” Little Fire’s ears leaned back slightly and it was quite enjoying it. Its little black wings flapped a few times happily.

Yanran, who had been hiding in the dark for a long time, suddenly stood up at this moment and waved her arm forward fiercely. She jumped and shouted at Yun Feng furiously! “Feng Yun! Everything isn’t over yet!”

“Roar...” A few red fireballs formed by fire elements with traces of darkness suddenly came out of Little Fire’s mouth. They directly faced Yanran, who was rushing over, with the anger of the Fire Cloud Wolf!

“F\*ck!” Ao Jin’s furious shout came. Ze Ran and Mu Canghai couldn’t help but feel shocked! Everything happened in an instant. The three of them had already retreated quite a distance and Yanran rushed over so quickly. It was obvious that she was already prepared. Yun Feng was like a lone flower. Yanran was aiming at her!

There wasn’t a trace of panic in her clear black eyes. Yun Feng only sneered as she looked at the Qitun and Chaoling. If Yanran thought she could take Yun Feng down with the surprise attack of these people, she had underestimated her!

Yun Feng stood on the Fire Cloud Wolf and jumped into the sky. Little Fire directly turned into a beam of red light and was put into Yun Feng’s Ring of Contract. The Endless Ocean wasn’t Little Fire’s territory. Here, its fire element attacks would be greatly reduced. If the fireball that burst out of its mouth just then was on land, Yanran wouldn’t be able to dodge at all. Instead, she would be directly burnt!

#### Chapter 1508 The Dragon Appears (8)

Yun Feng’s body turned into a black shadow and rushed into the sky. Nobody knew what she was going to do! Mu Canghai’s strange eyes suddenly glittered as he looked in the direction where Yun Feng ran. Was she going to...

“Mu Canghai, open the space blockade!” Yun Feng’s voice came from the sky. Ao Jin and Ze Ran were both shocked! Yanran, who wanted to chase after them, immediately stopped with the people of the two races and looked at Yun Feng in shock. Was she going to rush towards that Chili? What was she doing? That Chili seemed to be sealed. Once it was released... Thinking of that, Yanran couldn’t help but take a step back. Would she come out too early? Feng Yun’s movements were too unpredictable!

“Yun Feng, you...” Mu Canghai was completely dumbfounded. Open the space blockade? What exactly was she doing?

“Open it!” Yun Feng’s voice came again. Mu Canghai squeezed his hand hard. Ao Jin and Ze Ran looked at him in shock. “Mu Canghai!” Ze Ran roared loudly. Mu Canghai only smiled coldly. Without another word, he clenched his hand fiercely in the air. “Crack!” The space blockade completely shattered!

“Roar...” A roar that had been suppressed for a long time suddenly came. After the Chili that was sealed in the sky was freed, its long tail suddenly whipped towards Yun Feng!

“Hu...” A huge wind sound brushed past Yun Feng’s ears. Green wind elements supported her entire body. Yun Feng completely turned into a beam of green light and ran towards Chili’s head!

Both Qitun and Chaoling, led by Yanran, were dumbfounded. Many of them stepped back inexplicably, thinking that Yun Feng would do something earth-shattering. Ao Jin and the others couldn’t care about anything else. All their eyes were fixed on Yun Feng. Ao Jin was already in complete chaos. What exactly was this girl doing? Why was she messing around time after time?

The scarlet eyes of the Chili had already lost their original rationality. After swallowing so many bodies of its own kind, the Chili in front of it had indeed become different. The ratio of the dragon bloodline in its body had changed, but it was very easy for it to fall into such a crazy state!

Looking at the bloodstained but still ferocious Chili in front of her, Yun Feng sneered. "No race can forgive someone for swallowing the lives of their own kind. You killed so many of your own kind for your own sake. You should be prepared to die!"

"Roar..." Light flashed through Chili's red eyes. He suddenly extended his two front claws at Yun Feng. Chili opened his mouth and a dragon breath burst out!

She suddenly clasped her fair hands together. A few different elements emitted dazzling light in her palms! She spun her palms and the roar of the elements came out of them!

"Buzz..." Invisible elemental energy waves spread from Yun Feng's hand, causing the space around her to tremble slightly! Ao Jin and the others were all shocked in their minds. What kind of power was this?

Sweat appeared on Yun Feng's forehead. The bones in her hands shook slightly and pain came. She gritted her teeth and clasped her hands together tightly. She kept exerting strength, strength, and strength! The distortion of the elements spread in her hands. They weren't gentle because she was the master. Some tiny wounds immediately appeared in her hands, followed by dark red blood dripping from her hands!

"Master, don't force yourself!" The voices of the few contracted Magic Beasts sounded in her mind. Yun Feng burst into laughter and jumped, rushing towards Chili's open mouth!

"Girl!" "Yun Feng!" Seeing this scene, Ao Jin and the others immediately jumped without caring about their safety. However, Yun Feng wasn't as reckless as they thought. There was a faint smile on her red lips as she slowly separated her fair hands and dazzling light burst out of her palms!

The four different colors were forcibly and cleverly fused into one. The four different elemental forces kept intertwining and colliding. Just looking at them, one could feel what kind of power tide would explode inside! Ao Jin and the others couldn't help but feel shocked again when they felt such power waves!

Yun Feng licked the corners of her dry mouth, as if she could taste blood. She gently pushed the elemental fusion ball forward with her bloody hand, facing the aura mixed with the dragons that came out of the Chili's mouth!

When the two of them collided, life and death would definitely be decided!

Yun Feng didn't want anything else, but the Beast Soul of this Chili, its life!

"Dodge!" Ao Jin suddenly roared. Ze Ran and Mu Canghai immediately understood. The three of them turned around and retreated at an extremely high speed. After Yun Feng sent out the elemental ball, she also retreated quickly. After all, the moment the elemental fusion exploded, she would still be shot if she didn't dodge far away!

Even though Yanran didn't know what would happen, her sixth sense for danger made her understand that retreating immediately was the wisest choice! "Retreat quickly!" Yanran roared. The Qitun and Chaoling Tribes immediately ran back crazily. Yun Feng saw that the fusion of elements had already collided with the aura of the Chili. Even though she hadn't run to a safe area yet, she couldn't care so much!

“Explode!” Her red lips opened slightly and two huge energies were instantly ignited!

The power fluctuation that was like a tide suddenly spread out. Yun Feng gritted her teeth and prepared to take a few waves head-on. After all, she couldn't dodge anymore! “Crack!” A crack suddenly appeared in the space next to her. Yun Feng looked back and saw Mu Canghai's strange eyes and his outstretched hand!

Mu Canghai's face darkened. He clenched his fists fiercely and pulled again. Yun Feng's body was quickly pulled back by the invisible power of space!

“Swish...” A figure flew up and caught Yun Feng firmly. He fell quickly with her body in his arms and a dragon breath quickly covered the sky. Ao Jin roared furiously, “Get on the f\*cking ground!”

Ze Ran reached out a hand and pressed Yun Feng's head into his arms. Yun Feng heard his wild and restless heartbeat. Those sounds were like thunder drums. Ze Ran's body almost covered everything Yun Feng had. If anything happened, Yun Feng wouldn't be hurt at all!

“Boom... Boom...” The ground was shaking, the space was shaking, and the entire valley was shaking!

“Roar, roar, roar!” Pain and despair resounded in the sky, making people's hearts tighten!

“That's... That's...” Yanran watched the scene in the sky in the dark and couldn't believe her eyes!

“Boom...” The second wave of explosions came. Yanran immediately lay on the ground in a sorry state and didn't dare to look up again. She was afraid... afraid of that unknown power!

#### Chapter 1509 The Dragon Appears (9)

The continuous explosion of power lasted for an unknown period of time. When everything was about to end, everyone finally dared to raise their heads slightly. The moment they raised their heads, they were suddenly shocked!

How was this a valley? The original valley had already been completely flattened!

Yanran couldn't say anything. Looking at the empty ground in front of her, she could only fall on the ground with weak legs. That power could do this!

“Oh God... What kind of power is that... Who exactly is Feng Yun?” The people of the two races, Qitun and Chaoling, said in a daze, as if they were asking themselves and this blue ocean.

Yun Feng wasn't concerned about the valley. She was concerned about the Chili that had been torn into pieces. Under such a huge energy explosion, even a Grade 5 God might not be able to have a complete corpse if they didn't dodge. Not only had the Chili been shattered, but its parts were also scattered everywhere, looking extremely miserable.

There was a strange smell of blood in the air, which was very depressing. Yun Feng gently pushed Ze Ran away and stood up. Ze Ran looked at Yun Feng deeply with dark tides in his black eyes. Watching Yun Feng walk forward, Ze Ran didn't follow her immediately. Instead, he looked at his slightly trembling hand. He couldn't forget how painful his heart was at that moment just then. If he didn't pick her up and protect her... He clenched his fists fiercely. Ze Ran thought of Qu Lanyi and the man who was always calm next to Yun Feng. No matter what they encountered, he would smile and talk to Yun Feng happily even in a life-and-death situation. How strong was that man's heart...

Ze Ran smiled wryly and slowly loosened his clenched fists. No wonder Yun Feng liked him... He lost. He admitted defeat wholeheartedly.

Mu Canghai walked over and patted Ze Ran's shoulder gently. "I think you should more or less understand that we're indeed a bit inferior to that person."

The corners of Ze Ran's mouth curled up bitterly. "How would I not know..."

Mu Canghai patted his shoulder again and got up to follow Yun Feng. Ze Ran raised his head and looked at Yun Feng's slim but powerful back. He chuckled in his mind. Even if I can never catch up to you, there will always be someone standing next to you and walking side by side with you. That's enough.

"Kid..." Ao Jin was angry and worried. He couldn't bear to say anything to Yun Feng, but he was also angry at her recklessness. Yun Feng chuckled. "I know you're worried about me. I did attack a bit too hard just then, but there's a reason." He looked around the ground covered in minced meat silently with his black eyes. The corners of Yun Feng's mouth curled up in satisfaction as she walked towards what she wanted.

A heart that was still alive was lying on the ground quietly. The protruding blood vessels on it wrapped around it like a Dragon God. Even though its body was dead, the heart was still alive and there seemed to be signs of beating. Seeing that Yun Feng seemed to be very interested in this heart, Ao Jin couldn't help but snort. "Why are you interested in such a bloody thing..."

Yun Feng chuckled and reached out to hold the heart in her hand. A warm and slippery feeling came from her finger. Looking at the tiny wounds on her hand, Yun Feng couldn't help but exclaim. If it weren't for the aura that Meatball forcibly infused into her body, her body wouldn't have been modified like this. If the four elements fused just then, she probably wouldn't have just had hand injuries.

"Yun Feng, are you thinking..." Mu Canghai frowned and had a bad feeling when he looked at that heart. Yun Feng glanced at him strangely. "Of course, it's not what you think."

Mu Canghai was startled. Then, he smiled awkwardly. "What are you doing with this heart?" asked Ze Ran. Yun Feng tightened her fingers and the warm heart in her hand was instantly crushed. Scarlet blood splashed everywhere and some of it was even stuck to Yun Feng's body. A strong smell of blood assailed her nostrils and a translucent soul flew out of the heart quickly. It seemed that it was going to escape quickly!

"What I want is this!" Yun Feng's black eyes darkened. She grabbed the semi-transparent Beast Soul firmly with her hand that was covered in blood. The Beast Soul of the Chili was still in the form of that Chili. After being grabbed by Yun Feng, it let out an angry roar.

She had to do what she promised. The mental strength in her spiritual space was completely activated again. Yun Feng's red lips opened and she directly stuffed the translucent Beast Soul into her mouth, swallowing it!

"Girl!" Ao Jin suddenly exclaimed when he saw this scene. "Why are you eating this? Spit it out!" Ao Jin wanted to pat Yun Feng's back, but Mu Canghai suddenly pulled him back. "Don't worry. It's beneficial and harmless to her!"

“What do you mean beneficial and harmless? That’s the Beast Soul of a Magic Beast! Even if she has the aura of the Sea Clan in her body, Yun Feng is still...” Ze Ran’s words were interrupted by Mu Canghai. “As I said, it’s beneficial and harmless to her. It’s fatal to her if you disturb her right now!”

“F\*ck, what’s going on?” Ao Jin looked at Yun Feng’s closed black eyes at this moment and couldn’t stop feeling anxious in his mind. However, what Mu Canghai said made him dare not to do anything at all. He could only watch anxiously like this. Ze Ran was the same. However, Mu Canghai had been with Yun Feng for a long time. What he said probably wouldn’t be wrong.

“Of course!” A fierce glint flashed through his golden eyes. “Whoever disturbs the girl will be my punching bag!”

As soon as he said that, a bunch of punching bags couldn’t be suppressed anymore and came out one after another.

“She swallowed the Beast Soul.” Yanran’s face was pale as she led the members of the two races to appear again. They saw the scene just then extremely clearly. Feng Yun really swallowed the Beast Soul!

“So what?” said Ze Ran. Even though Yanran’s face was pale, there was killing intent in her eyes. “She’s an anomaly. If she can swallow the Beast Soul, she’ll certainly swallow us too! We won’t allow such an anomaly to exist in the Endless Ocean!”

“Anomaly? You won’t allow? Who the f\*ck do you think you are?” Ao Jin looked murderous. “Why don’t I get rid of you first?”

#### Chapter 1510 The Dragon Appears (10)

“Don’t be impulsive! Yun Feng can’t be disturbed.” Mu Canghai carefully protected Yun Feng behind him and looked at the lineup on Yanran’s side. There were more than twenty people. It wouldn’t be a problem for the three of them to deal with more than twenty people with their strength. However, the key was that the three of them couldn’t all focus on the twenty people. If a few of them took the opportunity to disturb Yun Feng... It was better to stall for time!

“Your name is Yanran, right?” Ze Ran looked at Yanran. Yanran’s black eyes glittered and Ze Ran said, “Have you forgotten how she helped you back then?”

Yanran blushed, but the people of the two races behind her were dissatisfied first. “What help? That’s using us! Feng Yun used us completely!”

“Feng Yun did use you, but did you not use her?” Ze Ran’s black eyes were fierce. “Without Feng Yun’s Transformation Potion, would you have been able to stay in the capital for long? Without her design back then, you would probably have died in the capital. Without her current plan, how would Qitun and Chaoling have the chance they have today? If I didn’t go easy on them, you probably wouldn’t have been able to return to the Qitun Tribe! Why? Do you really think you can reach this situation with your own ability?”

The people of Qitun and Chaoling were speechless and felt quite uncomfortable in their minds. It was as if they were complaining despite getting such an advantage, but in fact, that was indeed the case. If it weren’t for Yun Feng’s meticulous plan, Qitun and Chaoling wouldn’t have had such a great opportunity today until they were swallowed. To be honest, Yun Feng gave them this opportunity today.

“Alright! Even if she helped me, that’s for my own reasons! I can forgive her for using me, but she’s obviously an anomaly. For the long-term and stable development of the race, I can’t keep her!”

“How arrogant!” Ao Jin shouted furiously. “What are Qitun and Chaoling? The girl gave you a chance, so she certainly gave the Chili Tribe a chance! So what if the people of these three factions are dead? So what if you have a chance?”

“You...” Yanran was so angry that her face turned red. Ao Jin was right. So what if they had a chance? Even if Qitun and Chaoling attacked, how would the Chili Tribe be defeated so easily if nobody interfered from the inside?

“Master Yanran! Why are you still talking nonsense with them? Kill that anomaly directly!”

“Yes! Kill them!”

Ao Jin clenched his fists tightly and restrained himself from attacking easily. Ze Ran and Mu Canghai looked gloomy. Mu Canghai said coldly, “You’re just taking advantage of her. If you were so determined, why did you all hide like rats just then?”

“What did you say?” The people of the two races, Qitun and Chaoling, were immediately enraged. Yanran blushed and shouted in a low voice, “We’re not taking advantage of her! We’re just taking precautions. Let’s finish this quickly!” Yanran waved her hand. The twenty or so people behind her were already ready! Yanran looked at Yun Feng, who had been closing her black eyes tightly, and made up her mind! She couldn’t keep Feng Yun alive. Seeing how careful the three of them were, they were obviously afraid that an external force would disturb Feng Yun. In that case, she must take this opportunity to destroy her!

“Do it!” Yanran didn’t hesitate anymore. With an order, all the members of the two races rushed over. Mu Canghai immediately reached out and trapped Yun Feng in the space blockade. “Stop everyone!”

“You don’t have to tell me that!” Ao Jin and Ze Ran jumped up. In order to avoid disturbing Yun Feng, they didn’t use any aura and only used pure physical strength! Mu Canghai could only use the power of space to trap these people, as many as possible!

It was still difficult for the three of them to stop the twenty or so members of the Sea Clan. The three of them tried their best to stop the enemy, but Yanran took the opportunity to slip over and rush over, aiming at where Yun Feng was! “Feng Yun, I have no choice!” Yanran shouted in a low voice. She extended her hand and was about to put it behind Yun Feng’s back, going straight to her heart, but an invisible spatial barrier blocked her!

“Damn it!” She thought she could succeed in one try, but she didn’t expect there to be such protection! Yanran failed the first time, but it didn’t mean that she would give up just like that. It was just a space blockade. She just had to break it!

Her arm transformed and a fin that was like a sharp blade appeared on her elbow. The fins of the Qitun Tribe contained extremely sharp power. Even if it was a space blockade, it could still break in the end as long as the difference wasn’t huge!

“Buzz...” Yanran’s fin dug into the space blockade fiercely. Mu Canghai cursed when he saw that and reached out to drag Yanran away. Seeing Yanran’s movement, the people of the two races, Qitun and

Chaoling, instantly understood something. The twenty or so people counterattacked and held Ao Jin and the others back completely. They also knew that these three powerhouses couldn't attack casually in the battle just then, so they became more and more fearless. Ao Jin and the others were held back just like that!

Yanran watched Ao Jin and the others being entangled and knew that she didn't have much time left. She had to break the space blockade as soon as possible! Seeing Yun Feng with her eyes closed, Yanran gritted her teeth fiercely. She had to be fast! Before she woke up!

"Buzz, buzz, buzz..." The space kept shaking and sweat appeared on Yanran's face. She used her fin to dig dozens of times before the space blockade finally cracked a little, but this small crack was enough!

Yanran, who was overjoyed, was about to exert strength when she raised her smiling face. Her expression was completely frozen at this moment!

Her clear black eyes had already opened. The bone-piercing coldness rippling in them made Yanran feel like she had fallen into an endless ice cave. Feng Yun... was awake!

Yun Feng opened her black eyes and coldness flashed through them. Yanran felt as if she had fallen into an ice cave. Her body and limbs were completely stiff and she couldn't do anything at all. She could only watch blankly and feel it with all her heart!

"You..." Yanran could only say the first word. Her throat immediately shrank fiercely and her heart pounded violently in her chest. She felt that she couldn't breathe anymore!
