

Summoner 151

Chapter 151: Mysterious Man (2)

“The Fire Essence Origin Tree.” The ancestor finally made a conclusion after observing for a long time. “There’s only one Fire Essence Origin Tree every ten thousand years. Nobody knows the exact place where it grows. The fire element from the Fire Essence Origin Tree is the thickest and purest, and is a rare treasure for fire-element Magic Beasts and fire-element mages!”

Yun Feng looked at the Fire Essence Origin Tree. The fire element it released already made Yun Feng feel a bit terrified and she dared not get close to it easily. If a fire-element mage transferred the energy of the fire element into her body, how many benefits would it bring to her?

“Master, can I eat it?” Little Fire asked casually. Yun Feng looked to the side slightly and saw that some kind of transparent liquid was dripping out of Little Fire’s mouth. Was that... saliva?

“What do you think this tree is? You can eat it whenever you want?” Yun Feng squeezed Little Fire’s ear as Little Fire whined softly and repressed its excitement. Even though it knew its Master was right, it still couldn’t help drooling.

“Kid, this tree is a good thing, but you shouldn’t be greedy. It seems that the Fire Essence Origin Tree is already tens of thousands of years old. Its roots have already coiled and intertwined down into the ground. Look at the white mist outside. Its roots might have even spread all over the entire Great Crack!”

Yun Feng looked at the tree in front of her. She would be lying if she said she was unmoved. She certainly had to take away such a powerful tree if she could... The fire element released from this Fire Essence Origin Tree could even swallow fighting energy! It would be an ace in the hole even when she was dealing with a powerhouse!

However, it seemed that it was definitely impossible for her to take the whole tree away right now. It was her fate that she encountered something like this. If she was destined to not get so much, she shouldn’t push it too hard either.

Yun Feng soon adjusted her mindset. The ancestor was proud of Yun Feng for having such a mature mind. How would other people react when they were facing this rare Fire Essence Origin Tree that could only be found every thousands of years? It would be strange if they didn’t uproot it!

“But I can still get something more or less...” Yun Feng smiled. She wasn’t a Saint. How would she not do anything when she saw such a powerful thing? Wouldn’t she waste the opportunity God gave her if she didn’t take something?

“Haha, you kid, but this really seems to be prepared for you. Two elemental forces are needed to touch the Fire Essence Origin Tree.”

Yun Feng lifted the corners of her mouth after hearing that. She was a five-element mage. This was prepared for her!

Hearing the instructions of the ancestor, Yun Feng carefully mobilized her elemental forces. First, she enveloped her body with the water element. A light blue color appeared on the surface of Yun Feng’s

body. Then, a sword formed by the earth element was held in Yun Feng's hand. She moved her mind and a small bottle appeared in her hand. Everything was ready. Yun Feng abruptly stepped forward and came to the roots of the Fire Essence Origin Tree. An almost distorted heat instantly came at Yun Feng's body!

"Sizzle!" The sound of steam sounded from around Yun Feng's body. The extremely violent fire element made a powerful counterattack as Yun Feng got closer. If it weren't for the water element protecting Yun Feng's body, she would have instantly turned into a skeleton!

Feeling the fight between the steam and the water element, Yun Feng knew that she only had a little time. After all, the water element wasn't all-powerful!

The earth-element sword in her hand quickly slashed the bark of the Fire Essence Origin Tree. The bark that looked hard was easily cut open like a piece of tofu and an unusually viscous liquid, which was as red as blood, oozed out of the place where the bark was cut!

"Kid, take that!" The ancestor's words made Yun Feng act immediately and she put the small bottle in her hand against the bark right away. The viscous blood slowly flowed into the bottle from the slit on the bark. Yun Feng also felt the pure energy inside the thick red liquid in an instant.

"Boom!" A loud noise came. Yun Feng felt a tremor in the ground underneath her feet and the entire cave shook! The viscous liquid had already filled the bottle. Yun Feng didn't try to be greedy. She quickly sealed the bottle and jumped away from the tree. The cave was still shaking continuously, as if a giant beast sleeping deep inside this place had woken up!

Little Fire roared with its mouth and its sharp claws penetrated deeply into the ground. Its smooth fur also stood on end like spikes as its eyes glittered with vicious light and glanced around in vigilance. The cave was still shaking and seemed to be shaking even more violently. The sound of air currents could be heard by Yun Feng.

She knew that the fluffy touch on her cheek came from Meatball. She lifted Meatball up at the back of its neck and took it in front of her. As expected, Meatball's little claws were tightly holding the fist-sized stone!

"What do you need this for?" Yun Feng wanted to take that stone, but Meatball held it tight and didn't let go. The cave shook. Yun Feng didn't want to ask anything else. She just grabbed Meatball's chubby body and hopped onto Little Fire's back at once. Little Fire immediately understood what Yun Feng meant. Its elegant body abruptly jumped from the ground the next second, rushing towards the thick white mist at the entrance of the cave!

"You got my stuff and you want to run?" A furious shout echoed in the entire cave. Little Fire jumped into the air as its body flashed agilely and landed on the ground. Yun Feng, who was riding on Little Fire's back, saw a terrifying air current shooting through the white mist!

"Master, sit tight!" As Little Fire spoke, its body jumped up, leaped and landed continuously, avoiding those terrifying air currents. Deep traces that were a few meters long were left on places where Little Fire dodged!

Yun Feng narrowed her eyes and looked around the cave on Little Fire's back to see what was attacking them. Did her actions earlier cause any trouble?

Little Fire landed on the ground lightly as its body quickly turned around and was about to dash into the white mist in the cave. However, the sound of three explosions sounded in the air, blocking all of Little Fire's ways out!

"Little Fire, get down." Yun Feng shouted with a deep voice. Little Fire immediately crouched obediently and Yun Feng on its back faced those three terrifying air currents directly!

Chapter 152: Mysterious Man (3)

Yun Feng narrowed her black eyes slightly as her powerful mental strength surged out fiercely. Concentrated earth element appeared around Yun Feng, firmly blocking in front of her and Little Fire like a shield!

"Hm! You're biting off more than you can chew!" A voice came from somewhere as the three fierce air currents came towards Yun Feng with great momentum while Yun Feng stood still behind the earth element, not dodging and not running!

Distressing pressure came right at Yun Feng's face, as if the air on this side was sucked away in an instant. Yun Feng only felt breathless. Those three air currents flashed towards her with overwhelmingly strong power as Yun Feng clenched her fists tight!

This time, she was facing an attack that was more powerful than her strength!

"Nana!" Meatball yelled loudly and immediately cleared the suffocating pressure in the air. A shadow then jumped up from Yun Feng's hand as quickly as lightning. Meatball's body flashed through Yun Feng's earth-element shield and dashed outside!

What? It went through the shield! Yun Feng looked at the scene dumbfoundedly. Even Little Fire was extremely stunned and gazed at Meatball that had already flown out. Fuck, what exactly was that meatball?

Seeing Meatball rush out like that, Yun Feng immediately removed the earth-element shield, but she was only in time to watch that little creature gnash its teeth, clashing against somewhere in the air very viciously!

"Boom!" A muffled sound came in the air, as if something was completely smashed. "Who broke my space shield?" Following a furious shout, Yun Feng saw that Meatball created a crack on the originally smooth dimension wall on the upper part of the cave and someone abruptly flew out of the crack, looking like he was in a fluster!

"Nana, nanana!" Meatball's body was like a beam of light. It was so fast that nobody could believe the speed the chubby Meatball had!

"Stop! Fuck! Stop!" The person who flew out was a muscular, middle-aged man. There seemed to be a bruise on his face, which should have been caused by Meatball just now. Facing Meatball's quick attacks, the man dodged around in panic and waved his hand in the end, shooting out the hundred air currents he used to attack Yun Feng!

Yun Feng's pupils shrank abruptly. She was about to rush over, but she found that Meatball's body was flashing like a black shadow. It wasn't injured at all under the attack of a hundred air currents!

The man seemed to be dumbfounded as well. He only saw a little black dot moving around his air currents and his attack didn't seem to be threatening at all! After Meatball went through the air currents, its cute little face had turned completely ferocious!

"Nana!" It lifted its head and shouted fiercely. Meatball directly dashed onto the man's body, while the man dodged to the side in panic. However, Meatball's wave of attacks came right away. The man was about to avoid the attacks, but he had already been hit!

"Argh! Oh! Bang!" After a few consecutive clashes, the mysterious man, who had a strong momentum earlier, was already running away in panic as Meatball chased after him, looking extremely hilarious.

His air current attacks didn't work at all. Meatball didn't only avoid them all, it even made counterattacks at the man with ease. Yun Feng and Little Fire were like people who were watching a drama. They looked entertained as they watched the mysterious man jump up and down.

"Fuck, make this thing stop. I'll give you that stone. I don't want it!" The man ran in panic as he paid attention to the direction of Meatball's attacks and shouted at Yun Feng at the same time.

"Master, he's really interesting." Little Fire sat on the ground with a relaxed look and the tension from earlier had disappeared. It had never thought Meatball would be able to suppress this man completely.

Yun Feng smiled and watched Meatball running around in the air, moving so fast that she almost couldn't see it. She was also a bit stunned in her mind. "Meatball, come back. We took somebody's things after all."

"Did you hear that? She's already said so. Stop quickly. I'm exhausted!" The middle-aged man shouted loudly, but he only saw a black dot flashing towards him. "Bang!" After the severe clash, the man clutched his eye with one hand and knelt on the ground in pain.

Yun Feng saw the black dot dash towards her swiftly, landing on her shoulder. Meatball rubbed its fluffy body against Yun Feng's face, as if it was comforting Yun Feng, saying that she didn't have to be afraid with it here.

Yun Feng smiled and picked up Meatball's body. She didn't forget that even though it attacked the mysterious man, its little claws were still firmly holding onto the fist-sized stone. Yun Feng looked at that stone with her black eyes, while Meatball tried to hide it carefully. It even moved its mouth and was planning to swallow it.

"Is this an ultimate ore?" Yun Feng asked tentatively, while Meatball blinked several times.

"An ultimate ore? Are you insulting me?"

Yun Feng was startled. The mysterious man had already gotten up from the ground, but he looked hilarious right now. There was a dark circle around his eye on that originally fierce face.

Yun Feng vigilantly looked at the man. The attacks of the man gave her a kind of pressure that she couldn't resist. Even if she forced herself to withstand the attacks, she wouldn't end up well, not to

mention that man came out of a dimension wall... If he was able to build a dimension wall, he... should have already reached at least the Commander Level!

Wouldn't it be a piece of cake for the mysterious man, who had at least the Commander Level, to kill her? Those below the Commander Level were all ants. A warrior at the Commander Level could eliminate a level-9 master effortlessly!

The mysterious man looked at Yun Feng in dissatisfaction, but didn't make any reckless moves, as if he was worried about Meatball in her hand. When he saw Little Fire on the side, he couldn't help but show a hint of interest in his eyes when he gazed at Yun Feng. "Human, are you a summoner?"

Yun Feng frowned slightly. He called her human? Perhaps this mysterious man... was a Magic Beast?

When Magic Beasts reached level 7, they would be able to speak human languages, and when they reached the Commander Level, they would even turn into human form! Little Fire was an exception. As a Mutated Magic Beast, it was extremely talented and was a little better than the others in this respect.

Chapter 153: Mysterious Man (4)

"I didn't know you were so capable. You can even contract with a Mutated Magic Beast." The man glanced over the body of Little Fire. Little Fire was a bit nervous for no reason and its body immediately tightened.

The mysterious man sized Yun Feng up a few times and suddenly burst into laughter. "I'll give you that thing, but you have to stay here with me until I'm happy in exchange!"

Yun Feng narrowed her black eyes slightly as she looked at this cunning, arrogant middle-aged man in front of her and suddenly curled up her lips to give a smile. She swayed Meatball's body with her hand and smiled at that middle-aged man cunningly, which made the man seem a bit uncomfortable.

"What exactly is this stone?"

The middle-aged man burst into laughter. "Kid, are you agreeing to what I just requested?"

Yun Feng didn't say anything. She just remained silent for a while. "What if I have to leave?"

The middle-aged man's face, which still had a smile on it earlier, suddenly became gloomy like it was shrouded in a layer of thunderclouds. He changed the expression of his face faster than flipping over a book. "I won't let you leave. Kid, don't you think you can resist me with that little thing!" The middle-aged man shouted with a deep voice. A glint of golden light abruptly flashed in his fierce eyes, so quickly that nobody noticed it.

Meatball in Yun Feng's hands was holding the stone with its claws. After hearing what the middle-aged man said, its cute face became a bit ferocious. It gnashed its sharp, bright teeth that were flashing with glints of coldness.

Yun Feng slowly caressed Meatball's body with her finger to ask it to quiet down. She turned around and looked at the white mist that was so thick that it almost turned solid. It seemed that this man was truly not planning to let her go. If that was the case, she should stay here first. With the Fire Essence Origin Tree here, she didn't want to leave either. Wouldn't it be the same no matter where she trained? This

man didn't have any evil intentions against her and the environment here was pretty nice. She wouldn't be disturbed by anyone. If this man had such great kindness, why should she reject him?

She didn't believe that she wouldn't have the ability to beat this man after three years!

Yun Feng smiled as she sat on the ground, looking relaxed. The middle-aged man burst into laughter. "Kid, you're quite wise. If you dared to show a hint of unwillingness just then, I would have immediately killed you here!"

Yun Feng smiled and leaned against Little Fire's body as she sat there lazily. Her slim body, gorgeous face and eyes kept sizing up everything in the cave, without the panic and helplessness that a kid of her age should have at all.

The middle-aged man seemed more and more interested when he looked at Yun Feng. He leaped in front of Yun Feng, squatting down with a smile. "Kid, call me uncle."

Yun Feng's eyes couldn't help but twitch a few times. Was this some kind of deflected flirting?

Yun Feng turned her smiley face to the side gently. This middle-aged man seemed to have a weird personality. He was trying to kill her like thunder a moment ago, and now, he was being friendly to her. Yun Feng thought that this man might have personality dissociation.

Yun Feng's ignorance seemed to make the man even happier, as if he had found a very fun toy. He moved in front of Yun Feng's face. "Kid, call me uncle!"

"Nana!" Meatball shouted at this moment. When Yun Feng looked over, she found that Meatball seemed to want to swallow the stone, but it didn't know how.

"Hm, you want to eat it? Don't even think about it." The middle-aged man smiled coldly and looked at Meatball's movement in disdain. Yun Feng asked out of curiosity, "What exactly is that thing?"

The middle-aged man smiled again. "Call me uncle and I'll tell you."

Yun Feng couldn't help rolling her eyes. "Nana!" Meatball jumped onto Yun Feng's knee with the stone and looked at her with its watery eyes, as if it was begging her.

Yun Feng angrily lifted Meatball up by the back of its neck with her little hand, putting it in front of her as they looked at each other. "Are you trying to sacrifice me for the stone, hm?"

Meatball yelled flatteringly. Its fluffy tail touched the back of Yun Feng's hand and its cute little body wiggled slightly. That posture made Yun Feng unable to stay angry even if she wanted to.

"You... Great, Meatball!" Yun Feng said softly as she gritted her teeth. The middle-aged man waited there with a complacent look, as if he was certain that Yun Feng would compromise.

Yun Feng put Meatball down and turned her cold face to the middle-aged man. There was a teasing look on the middle-aged man's smiley face. Yun Feng repressed the anger in her mind slightly. "Uncle..."

"Kid, what did you say? Speak up." The middle-aged man had a smile on his face, as if he got a treasure. Yun Feng clenched her fists secretly. "Uncle!"

Little Fire couldn't hold back its laugh and burst into laughter. Yun Feng's little face flushed all of a sudden, looking awkward, while the middle-aged man laughed wildly and caressed Yun Feng's head with his big hand. He sat next to Yun Feng as his big hand slipped through Yun Feng's underarm and exerted his strength to lift her up.

This move that only family members would do made Yun Feng's face blush completely. "What are you doing? Put me down!"

The middle-aged man smiled even more happily as he shook Yun Feng a few times with his powerful arm. Yun Feng was just nine right now. The small body of a kid couldn't resist the strength of a middle-aged man at all, so she could only let him sway her.

"Kid, I quite like you. Call me uncle again, haha!"

Yun Feng glared at him fiercely. He was a psycho, undoubtedly a psycho! "Uncle Magic Beast, are you done yet? Put me down!"

The middle-aged man froze for a second and laughed happily again as he put Yun Feng down. Yun Feng immediately took a few steps away from the middle-aged man quickly. "You kid, you know I'm a Magic Beast?"

Yun Feng nodded. "You said it yourself just now."

The middle-aged man pondered for a while carefully and still didn't know when he slipped his tongue. Yun Feng was also a bit confused. Magic Beasts normally hated humans. Why did this so-called uncle like her? Yun Feng had no idea that she was fundamentally different from ordinary people.

Chapter 154: Some Secrets (1)

"Nana, nana!" Meatball yelled in discontent, as if it was dissatisfied that it was being forgotten. When seeing this, Yun Feng felt like Meatball forgot about her after it saw the stone. "Uncle, it's time for you to tell us about the stone."

The middle-aged man was delighted when he heard Yun Feng calling him uncle voluntarily. As he saw Meatball tightly holding that stone, unwilling to let go, his dignified face looked slightly joyful. He reached his big hand out and the stone that Meatball was holding came off at once, flying towards the man's palm!

"Nana!" Meatball became anxious. Its little body was about to rush forward immediately, but Yun Feng caught Meatball with her sharp eyes and agile hand, bringing it back. Meatball swung its little claws, while its huge eyes were teary like it was about to cry. It stared at that stone firmly and couldn't wait to pounce on it right away.

The middle-aged man held the stone in his palms and rubbed it carefully. There seemed to be a trace of sorrow in his eyes. "Stone? This isn't a stone."

Yun Feng held Meatball's constantly struggling body tightly as she waited for the middle-aged man to explain. The middle-aged man stood up with some vicissitudes of life on his dignified face.

"Kid, what's your name?"

Yun Feng remained silent for a few seconds. "Yun Feng."

"Yun Feng? Yun... You're the descendant of that Yun family?" The middle-aged man's eyes suddenly emitted light. He stared at Yun Feng and looked at her several times. Yun Feng nodded as she asked the ancestor in her mind, "Ancestor, do you know this uncle?"

The ancestor observed this middle-aged man carefully. "No, I don't know him. Kid, this man isn't simple."

Not simple, certainly not simple. How would a man who was at least at the Commander Level and was even a Magic Beast, be simple?

The middle-aged man looked at Yun Feng a few times carefully, especially her fingers. "Kid, where's your Ring of Contract?"

Yun Feng's identity as a summoner couldn't be hidden at all in front of this man, but she didn't mind. "I don't like to wear it, so I put it away."

The middle-aged man was obviously startled when he heard that. After that, his wild laugh seemed to shake the entire cave and echoed around constantly. "Kid, you're really alike, really alike..."

Alike? Who could she be like? Yun Feng frowned. "Uncle, you still haven't told me what species you are." The man saw through her completely, but she couldn't see through this man at all. This feeling gave Yun Feng an illusion of being suppressed. The man widened his mouth and smiled. "Species? Haha, this is the first time I've heard someone ask me this."

When the man spoke, a terrifying aura was gradually released around his body. The aura seemed to have a touch of ancient energy and fierceness that came from his blood!

Little Fire's body had already tightened and its claws scratched the ground nervously, whining softly with anxiousness. Meatball also stopped struggling and looked at the man in front of it quietly. The man's breath became heavier and a vague shape of a beast was formed behind him. A beast's roar that seemed to come from somewhere far away sounded abruptly!

Yun Feng felt like the uncle in front of her became extremely tall. More and more gold surged in his eyes, eventually covering his entire eyeballs, and a pair of shiny golden eyes appeared before Yun Feng!

"Kid, he's a... dragon! He's even a Golden Dragon with the purest bloodline among the Dragons!" The ancestor's voice sounded clearly in Yun Feng's mind. Yun Feng immediately widened her eyes. A dragon, a Golden Dragon with the purest bloodline!

The middle-aged man looked at Yun Feng's astonished expression with a smile. "Kid, do you know what my species is now? I want to transform to show you my original form, but this place is too small. It can't even fit one-tenth of my body."

The Dragons, one of the most powerful species in the entire world of Magic Beasts. They were mysterious and elegant. They didn't care about matters in the ordinary world and had always guarded their territories, repelled by humans. Even though there were also conflicts among them, they were extremely united when they met a mutual enemy. If the other races offended any of the Dragons, they would be hunted down by all the other Dragons until they were killed!

“Uncle, why would someone with such an identity be here?” Yun Feng also knew the man’s strength after knowing his identity. He was a Golden Dragon with the purest bloodline, so he should be above the Commander Level!

“Haha, speaking of this, it’s all our own business,” the middle-aged man answered Yun Feng with one sentence and she didn’t ask any more questions either. If this man wasn’t willing to talk about it, she better not ask.

“Kid, my name is Ao Jin.”

Yun Feng smiled slightly. “Uncle Jin.”

Ao Jin laughed again. “Humans repel Dragons, but I have a very good impression of you. You’re young, but don’t panic when something happens. You can still be so calm and mature in front of me. Wonderful! Even young members among the Dragons aren’t as outstanding as you are.” What Ao Jin said was right.

Yun Feng only smiled very humbly and didn’t say anything.

Meatball in Yun Feng’s hands struggled again and tried to rush to the stone. She caught Meatball. “Uncle Jin, this stone should be something that belongs to the Dragons?”

Ao Jin nodded and couldn’t help squeezing the stone in his hand. “Little thing, this isn’t something you want.” Meatball’s struggling body suddenly stopped moving and it blinked its huge eyes several times, as if it couldn’t believe it.

Ao Jin smiled. “This stone is a treasure of the Dragons. I’ll just tell you about it. The blood of the ancestor of the Dragons is sealed in this indifferent stone, and the blood is the key to the treasure vault of the Dragons.”

Yun Feng raised her eyebrows gently and remained silent for a long time. The middle-aged man fiddled the stone in his hand. “Kid, are you interested? If you have the treasure vault of the Dragons, the Yun family will very likely be able to dominate the East Continent.”

Yun Feng curled her lips slightly as she looked at Ao Jin with clear eyes. “Uncle Jin, the Yun family must climb to the top with our own strength!”

Ao Jin nodded with golden glitters flashing in his eyes. “Kid, you’re really like that person...”

Chapter 155: Some Secrets (2)

Yun Feng smiled. “Who? Is it your old friend, Uncle Jin?”

Ao Jin shook his head. When he looked up again, there was a hint of a trace of nostalgia and longing on his face. “No, I’m not qualified to know him, to know this summoner...”

Yun Feng held her breath. A summoner?

“The summoner who made a contract with our ancestor, the only human who can go in and out of the Dragons’ lands freely.”

What Ao Jin said split Yun Feng's world like a thunderbolt. The calm volcano in her mind seemed to have cracked and the boiling lava gushed out, spreading all over her body!

What level of summoner could contract with the ancestor of the Dragons? How powerful would the summoner be to be able to contract with a Dragon? Even the ancestor was stunned. Summoners were powerful and mysterious, but contracting with a Dragon was even more difficult than contracting with a Mutated Magic Beast. For summoners, contracting with Mutated Magic Beasts was a fantasy and contracting with Dragons was a dream!

The powerful Dragons had strong bodies and powerful magic. After contracting a Dragon, summoners would never have to be afraid of the other Magic Beasts of the same level anymore and could even kill them by waving their hand! However, how many people had contracted with a Dragon? There hadn't been anyone at all in the historical record of mankind! That was why the ancestor was also shocked. He didn't know there was such a summoner, a summoner that could contract with the Dragons!

"It's been at least a thousand years since a summoner appeared on the East Continent. Kid, you're a weirdo and a summoner who doesn't like to wear the Ring of Contract. You and that summoner are truly alike," Ao Jin said. Perhaps he liked Yun Feng so much because her personality was a bit similar to that of the summoner.

Yun Feng smiled speechlessly. She had never thought her habit would be the same as that of this legend. She just wanted to avoid trouble.

"Master, do we really have to stay here?" Little Fire said to Yun Feng in its mind, while Yun Feng smiled. "There must be a reason why Uncle Jin is here. I guess it's because of that key."

Although Ao Jin didn't explain why he was here, Yun Feng could already guess a little. She knew what the status of a Golden Dragon with the purest bloodline would be among the Dragons by just thinking about it. However, the treasure of the Dragons, the key to their treasure vault, came here with him. What did this mean? Were the Dragons divided? Yun Feng thought as Ao Jin patted Yun Feng's head with his big hand. "I seldom find humans that I like. Kid, don't even think about leaving."

Yun Feng lifted the corners of her mouth and didn't say anything. Should she be happy or sad being appreciated by a dragon?

Ever since Ao Jin confessed that the stone wasn't something Meatball wanted, Meatball had quickly given up its enthusiasm for the stone. It sat on Yun Feng's shoulder obediently as its fluffy body rubbed against Yun Feng's cheek from time to time.

Yun Feng, Little Fire and Meatball had already stayed in this cave for almost a week. Luckily, there were sufficient material reserves, otherwise Yun Feng would be starved to death.

In this week, Ao Jin had observed Meatball a few thousand times and he finally made a conclusion. He had never seen such a species. He wanted to try to study it, but he gave up the idea in the end under Meatball's insane speed.

After Yun Feng asked tentatively about Ao Jin's strength, she finally got an answer.

"Uncle Jin, have you reached the peak of the Commander Level already?"

Ao Jin grunted in disdain. "The peak of the Commander Level? Kid, you've underestimated me. My injury hasn't fully recovered right now. When it does, I can even compete with someone at the Lord Level."

Compete with someone at the Lord Level! Yun Feng's body trembled slightly. The Dragons were so powerful that their strength had reached a terrifying level. If they invaded the human world, humans wouldn't have any power to fight back at all!

"Kid, I know what you're thinking. The Dragons aren't interested in the human's territory. There are rules and even the Dragons can't break them."

"Rules? What are the rules on this continent?"

"Haha, I don't know about the rules in the human world, but those in the world of Magic Beasts are divided into levels. The most important rule among all of them that Magic Beasts must obey is that we can't invade the human world."

After hearing that, Yun Feng found it somewhat inconceivable. The overall strength of the powerhouses in the human world and the Magic Beasts differed by more than a level. If the Magic Beasts ran wild, humans wouldn't have the power to fight back at all. This rule completely restricted the Magic Beasts to protect humans. Who exactly set this rule to protect the human world?

"I'm also frustrated. Humans are so weak. One dragon can already level the East Continent, but rules exist. Whoever breaks the rules will be punished." There was disdain, then a hint of awe, on Ao Jin's face.

Yun Feng pondered for a while. Suddenly, she recalled that her ancestor told her about the existence on the top of the pyramid of Magic Beasts, the existence that was called legends in the human world, Fantastical Beasts!

"Uncle Jin, do Fantastical Beasts really exist?"

Ao Jin froze for a second, then burst into laughter. "Haha, why? Kid, do you want to contract with a Fantastical Beast?"

Yun Feng's eyebrows suddenly pulsed. She knew that she still didn't have this ability right now, but as long as Fantastical Beasts really existed, she might have the chance to contract with one!

"It's very likely that you can contract with them... That summoner also held such a belief, but he died in the hands of a Fantastical Beast."

"Died? Died in the hands of a Fantastical Beast?" So, Fantastical Beasts truly existed?

Ao Jin saw Yun Feng's surprised look and smiled happily. "Since you stayed to accompany me, I'll tell you something, something that humans will never know."

Yun Feng immediately breathed tensely. Something about the Fantastical Beasts in the world of Magic Beasts that humans would never know?

"Fantastical Beasts do exist. They existed in the past and they exist now." Ao Jin's eyes had already returned to their normal color. When he said this, a glint of golden light flashed through silently.

“Fantastical Beasts are existences like God in the world of Magic Beasts. They’re so powerful that even the Dragons can’t resist them!

Chapter 156: Some Secrets (3)

“The seven magic elements, the earth element, the wind element, the water element, the thunder element, the fire element, the light element and the darkness element, each of them has a corresponding Fantastical Beast. These seven Fantastical Beasts are the kings, the seven kings on the top of the world of Magic Beasts! Fantastical Beasts are existences that surpass everything. Even Magic Beasts don’t know where the Fantastical Beasts are. Every time a Fantastical Beast is born, it causes a great furor, just like the summoners among humans.”

Ao Jin looked at Yun Feng, while Yun Feng nodded. Summoners couldn’t resist the temptation of Fantastical Beasts, just like a junky couldn’t resist drugs. Even if they knew that they might die, even if they knew it was in vain, they still rushed forward without caring about anything, like a moth that darted into the fire.

“Uncle Jin, do you know which elemental group does the Fantastical Beast that killed the summoner belong to?”

Ao Jin’s face turned cold and contained a hint of fear. “Darkness. Rumor has it that the summoner died in the hands of a Darkness Fantastical Beast.”

Yun Feng’s heart suddenly pounded at this moment. She didn’t know why there was an inexplicable feeling rising in her mind, which made her blood boil in enthusiasm.

“What do Fantastical Beasts look like?”

Ao Jin smiled speechlessly. “Kid, only the few heavy hitters on the top can come into contact with the Fantastical Beasts. I don’t know what they look like and I can’t even imagine it.”

“Nana.” Meatball yelled at this moment. Ao Jin suddenly narrowed his eyes and gazed at Meatball’s chubby body with a judgemental gaze from his fierce eyes, as if he wanted to see through Meatball completely.

“It isn’t afraid of my dragon pressure.” Ao Jin said after a while as he pointed at Meatball on Yun Feng’s shoulder. Yun Feng poked Meatball’s body with her finger, while Meatball wiggled its body in discontent and rubbed its fur against Yun Feng’s face.

“Perhaps it’s a bit more obtuse. Apart from exhausting my resources and causing trouble, I really don’t know what else it can do.”

Ao Jin smiled a bit reluctantly. He released all of his dragon pressure to attack Meatball just then, all of his dragon pressure! Even though he was injured and still hadn’t recovered fully, he was already at the peak of the Monarch Level right now! Being attacked by dragon pressure at the peak of the Monarch Level, that thing didn’t have any reaction at all! This was totally impossible!

Ao Jin looked at Meatball and a few drops of sweat appeared on his forehead. The strength of that thing was above his!

The level above the peak of the Monarch Level was the Lord Level. Those at the Lord Level in the world of Magic Beasts were already figures that could control the world by waving their hands! Had that little thing reached such a level?

No wonder it could avoid his attacks so easily. No wonder it wasn't injured at all. No wonder it could attack him with ease. Although its appearance was a bit unexpected, the test just now had made Ao Jin realize the truth!

What exactly was this thing that the kid called Meatball? Ao Jin couldn't help but look at Yun Feng. Why would a Lord-Level Magic Beast stay with a human like this?

"Kid, Ao Jin has much stronger strength than you do. You can practice at ease here during this period of time. It'll be good for you too." The ancestor said with sincere words. Yun Feng also agreed. She took out the concentrated liquid she extracted from the Fire Essence Origin Tree and carefully gave Little Fire a few drops. Little Fire immediately burped in content. It seemed that it would take some time for it to digest. Yun Feng also took a few drops carefully and slowly digested the fire element inside, practicing slowly. Without her knowing, she broke through level 8 in a few months!

"Kid, you're something. You reached level 8 in a few months. You can be considered unmatched among humans." Ao Jin complimented Yun Feng generously as he closed his eyes and continued healing. He opened his eyes the moment Yun Feng broke through level 8, looking at her with a gaze full of admiration.

"Uncle Jin, how's your injury?" Yun Feng asked as Ao Jin smiled. "Why, kid? Do you want to leave?"

Yun Feng smiled speechlessly as she gave it a thought and the dark red Ring of Contract appeared in her hand. There was already another fire mark on the surface of the ring. Her strength had risen to level 8 at this moment. A level-8 summoner! Her fire-element magic had also reached level 8, while the other level-4 magic had advanced to level 7!

Yun Feng had already achieved so much at this age. She couldn't be described with the word "genius" anymore. She was the genius among the geniuses!

Level 8... If Yung Feng kept going at this speed, she would soon be able to reach the Commander Level...

Several months passed again. It had been a year and a half since Yun Feng left home for experience. A year and a half flew by. Yun Feng's small body also grew taller gradually, as if the growth of her body had also reached an extremely high speed. Her height increased slowly and her young, innocent face was also changing with a few gorgeous colors. Sometimes, when Ao Jin looked at Yun Feng's sweet facial features, he couldn't help but space out for a while.

The relationship between Yun Feng and Ao Jin became very interesting. As Yun Feng gradually grew, Uncle Jin had been gloriously promoted to Uncle Flirtatious.

Finally, one day after a month, an earth-shattering shout suddenly burst out in the cave surrounded by thick white mist deep in the Great Crack.

"I finally recovered. Hahahahaha!"

Yun Feng also opened her eyes. Her body that had already become taller stood up lightly as she looked at this burly man in front of her. Her red lips curled up slowly. Very well! She could finally leave!

“Hahaha, break!” As Ao Jin’s voice echoed in the entire cave, Yun Feng felt that the ground underneath her feet seemed to start shaking slightly. A powerful, endless fierceness surged out of Ao Jin’s body. Yun Feng felt breathless and her mental strength immediately gushed out, enveloping her body and Little Fire.

Ever since Ao Jin spoke, Little Fire’s body had been in an extremely tight state. Even with the protection from Yun Feng’s mental strength, Little Fire still felt uncomfortable. In the end, Yun Feng took out the Ring of Contract. Little Fire had never been so delighted and willing to be embraced by the Ring of Contract like he was at that moment.

Chapter 157: Dragon Valley (1)

A beam of dark red light disappeared in Yun Feng’s Ring of Contract. Little Fire’s voice then came again at this moment. “Master, this man is terrifying. I don’t want to be with him.”

Yun Feng raised the corners of her mouth and felt the stronger and stronger pressure surging out of Ao Jin’s body. Finally, she yelled, “Uncle Flirtatious, that’s enough!”

Ao Jin immediately burst into laughter, like a giant beast that had been trapped here for a thousand years suddenly broke free. He reached his arms out and pulled Yun Feng towards him. “Hahaha, I forgot you’re here, kid. My bad.”

Yun Feng stood behind Ao Jin and could finally breathe much smoother. And yet, she still used her mental strength to protect her whole body firmly. Yun Feng couldn’t help but look at Meatball on her shoulder, while Meatball also turned its head over at this moment. Its grape-like eyes blinked without any fluctuation of emotions at all. Ao Jin’s horrifying power didn’t seem to have any impact on Meatball.

“Break! Break! Break it all!” Ao Jin suddenly waved his large hand in a fierce manner with dominance and a bit of madness, like a psycho, who had been locked up for a long time, was finally released.

A thousand powerful air streams appeared in the place where Ao Jin waved his hand and they surprisingly turned into something vague but concrete. Yun Feng looked over and was startled. The top of the cave was already packed with a thousand arrows, which were formed by transparent air!

As Ao Jin shouted, a thousand arrows shot out at the same time, exploding on the top of the small cave like gorgeous fireworks!

“Swish! Swish, swish, swish!” The sound of air flow kept flashing through Yun Feng’s ears and her long black hair fluttered in the air. The arrows created beams of light in the air as they all shot into the thick white mist at the entrance of the cave!

The thousand arrows all vanished, as if they were swallowed into the mouth of a giant beast. However, Yun Feng felt the terrifying power gathering in the white mist!

As predicted, the corners of Ao Jin’s mouth curled up to give an arrogant smile and his eyes turned into glistening gold again. “Make way for me!”

“Whoosh!” Tiny cracks appeared on the surface of the thick white mist, spreading quickly. Dazzling light emitted through the cracks in the white mist, and after a muffled sound, the thick white mist exploded from inside. The shiny golden light made Yun Feng narrow her eyes.

“Let’s go!” Ao Jin looked up and smiled, as he carried Yun Feng with one hand and turned into a ray of golden light, flashing into the mist. Yun Feng narrowed her eyes and looked at Ao Jin’s hand, which was on her waist. Her body was almost grown and she wasn’t like a child anymore. Was he taking advantage of her by holding her like this?

However, she couldn’t care about so many things under the current situation. After Ao Jin dashed out as he held Yun Feng with one arm, the white mist outside wasn’t as thick as that at the entrance of the cave. There was just a layer of faint mist constantly floating around the two of them.

“Uncle Flirtatious, why did you stop?” Yun Feng asked. Ao Jin chuckled and looked around the white world around them. “Haha... I got lost...”

“...”

“Uncle Flirtatious, the exit is this way.” Yun Feng narrowed her eyes and had a look. She didn’t know why she knew the way out. Ao Jin looked in the direction where Yun Feng was pointing at and laughed.

“Alright, let’s go!” A golden light flashed. However, Yun Feng’s face darkened. “You’re going the wrong way.”

Ao Jin looked at Yun Feng, whom he was holding with one hand. The girl’s facial features had already become more and more perfect. He could be said to be someone who witnessed the transformation process. The almost perfect facial features inserted in her small heart-shaped face, her eyes that were always glistening so clearly that the bottom could be seen, her prominent nose, her red lips and her mature figure, Ao Jin couldn’t help but flush as he looked at her.

“Uncle Flirtatious?” Yun Feng asked as she felt a bit anxious in her mind. He kept going in the opposite direction. She wanted to get out, not going deeper in the Great Crack!

“Ahem... I’m going the right way. There’s an exit too.” Ao Jin slightly collected himself and rushed quickly towards the other direction in the white mist without hesitation. Yun Feng only thought that he was a bit weird, but she didn’t say anything.

The white mist around the two of them seemed to be a bit afraid of Ao Jin. Wherever Ao Jin went, the white mist would automatically make way for him. Ao Jin soon walked through the white mist with Yun Feng for a while and the mist around them became thinner and thinner.

Yun Feng narrowed her eyes and looked ahead. There was only a little bit of white mist at the end. She couldn’t help but feel delighted in her mind. Was this another exit of the Great Crack?

Ao Jin’s body flashed and they had already come to the end. There wasn’t any road at the end anymore, just an almost distorted wall. Ao Jin put Yun Feng down as he stood in front of the wall and slashed his palm gently. A wound immediately appeared and the liquid that oozed out was golden blood!

Yun Feng couldn’t help but feel extremely stunned when she saw the golden blood. “Kid, the blood of Golden Dragons is a medicine for immortality...” What the ancestor said made Yun Feng even more

astonished. A medicine for immortality? Powerhouses who had reached the Commander Level would automatically be able to live a few hundred years more, while the lives of those at the Monarch Level could be extended for a thousand years and the years that powerhouses at the Lord Level could live couldn't be measured with numbers anymore!

If people could get a drop of blood from a Golden Dragon, they would be immortal! This was the greatest temptation for people who couldn't reach such a high level, especially the royal members! They had an extremely strong desire in the pursuit of immortality! If the most superior royals could reach a very high level, that would be something that was worth celebrating. If their strength wasn't high enough, their imperial power would be handed over to someone else when they died!

All the royal members on this continent had a burning desire for immortality. Compared to their desire of having powerhouses, they fixated more on the idea of immortality and had even reached a distorted level!

Chapter 158: Dragon Valley (2)

Why were Dragons repelled by humans? This was also one of the most important reasons. Dragons had a greedy nature as well, but they were greedy for treasures without an owner. However, humans were different. Their continuously increasing desire and ambition made them become crazy eventually. In order to be immortal, the royal family did everything to hire all kinds of powerhouses to steal dragon blood!

However, how would they get dragon blood so easily, especially that of the Golden Dragons which had the purest blood among the Dragons? Not to mention the fact that the Dragons were powerful, the bloodline of the Golden Dragons was only joined by a single descendant! There was only one Golden Dragon in each generation. So, how would humans be able to get his blood?

And yet, such rare blood of a Golden Dragon appeared in front of Yun Feng. Ao Jin looked at the blood that oozed out of his palm and burst into laughter as he suddenly hit the giant rock with his hand!

Yun Feng felt that the air around her rippled violently and her body seemed to have passed through some unknown restriction. When she turned around and looked at the scene in front of her eyes again, there was already a completely different world!

Countless giant, towering rocks rose from the ground, reaching the clouds. The huge, bright sun was shining in the sky and a scorching breeze blew on her face dryly. The boundless land in front of her was covered with loess, looking so desolate and empty!

"Red Dragons, listen up! Your grandpa, Ao Jin, is back!" Ao Jin's eyes turned gold and his earth-shattering shout echoed in the sky with the sounds of a dragon, announcing arrogantly to this world, I'm back!

"Swish, swish, swish!" There seemed to be countless subtle sounds in the air far away. Yun Feng slightly narrowed her eyes, while Meatball on her shoulder also stood up a bit nervously and its fur also stuck up a little.

“Uncle Flirtatious, where are we?” Yun Feng felt several unusually powerful energies gathering from all directions, but she also calmed her mind. With Ao Jin, this Golden Dragon with the purest bloodline whose strength had already been restored, what did she have to be afraid of?

“Haha, I’ll answer your question later. Right now, let’s make some trouble.” Ao Jin looked at the sky far away with his golden eyes and dozens of powerful energies soon gathered there at this moment!

Yun Feng looked at the dragons in human form that showed up in the sky one by one. They all had wings of different colors. At a glance, they could roughly be divided into two groups, red and black. Based on what Uncle Flirtatious yelled just now, the Red Dragons must be his bitter foes.

Yun Feng sized up these people, while these people sized up Ao Jin. Those with black wings all looked surprised and gratified, while those with red wings were a bit gloomy and annoyed.

However, whether it was those with red wings or black wings, a bloodthirsty killing desire surged in all of their eyes at the same time when they saw Yun Feng!

“Human, give me your life!” An angry shout came. Yun Feng only saw a young man raise his arm as a thunderbolt twined around it and flashed towards her head!

“How rude! Get to the side!” Ao Jin shouted as he waved his big hand gently and the thunderbolt that had already struck down was easily split by Ao Jin, turning into cyan gray smoke.

The expressions of the Red Dragons all changed when they saw Ao Jin’s move. An elder in the front then chuckled at Ao Jin. “Young Master’s strength isn’t the same as before anymore. This is a joyous moment for the Dragons.”

Ao Jin looked at that elder with a false smile on his face. “Old thing, if any of the Red Dragons dares to lay a hand on her, I’ll tear his skin off!”

The elder who spoke immediately looked bad and he stood there in disgrace. “Young Master. we’ll certainly listen to you. We dare not to disobey you, but there’s a human in Dragon Valley...”

“Yan Ting, Young Master has already said so. What do you still want to say?” An elder walked out from the Black Dragons with a face that looked fierce even though he wasn’t angry.

“Hm!” The elder of the Red Dragons, who spoke just now, grunted and didn’t say another word, but his eyes kept glistening and gazed at Yun Feng to delve deeply into her.

“Old Qi, your words always please me.”

“Young Master, you haven’t returned for quite some time. There are a lot of things waiting for you to deal with.”

After hearing this, Ao Jin couldn’t help but show a trace of unwillingness on his face and he waved his hand a bit impatiently. “I should have stayed for a while longer. Then, I could even...” Ao Jin’s gaze fell on Yun Feng’s face and he suddenly smiled a bit uncomfortably.

Yun Feng turned around and looked at Ao Jin with silent doubt in her eyes. Where did you take me?

“Young Master, let’s go back.” The elder of the Black Dragons spoke as he smiled gently, while Ao Jin nodded. When he was about to hold Yun Feng up with one hand again, Yun Feng dodged and avoided him.

“Kid, why are you avoiding me? We should go.”

Yun Feng stood there and her eyes seemed to be rippling. She stared at Ao Jin just like that without saying anything. Ao Jin was very uncomfortable with such a gaze and he mumbled awkwardly in the end, “We’re in Dragon Valley...”

Yun Feng only felt gloomy like her head was covered with thunderclouds. She thought she could leave the Great Crack. She never expected that this Uncle Flirtatious would abduct her here. Dragon Valley, this must be where the Dragons lived! How uncomfortable would she be to show up here as a human? How did he come up with this idea?

“I want to go back!” Yun Feng stood there and said to Ao Jin so straightforwardly and loudly. Such a firm tone made both the members of the Red Dragons and Black Dragons widen their eyes in shock.

“Elder, how can this rude human...” A middle-aged man among the Black Dragons was so furious that his face flushed. Their Young Master was yelled at by a human and this human even talked like she was commanding him. The arrogant Dragons indeed couldn’t stand this.

The elder, whom Ao Jin called Old Qi, signalled them to stand down and not get angry, as he glanced over and saw that Ao Jin wasn’t enraged because of what Yun Feng said at all, making him a little confused. His Young Master had changed a lot when he came back this time.

“Go back? Kid, you didn’t forget what you once promised me, did you?” Ao Jin narrowed his golden eyes and gazed at Yun Feng with a vicious look. Yun Feng slowly curled up her lips and smiled. This smile made Ao Jin a bit dumbfounded again.

Chapter 159: Dragon Valley (3)

“I promised to stay with you until you’re happy. Uncle Flirtatious, the premise is that we have to keep staying in that cave.”

Ao Jin was startled and a bit speechless. He recalled what he said. Yun Feng indeed found a loophole. “How smart, kid. You already knew that I’d leave that cave a long time ago?”

Yun Feng nodded. “After knowing your identity, I knew that you’d leave as quickly as possible, but I’ve never thought you’d bring me here as well.”

“Hm! You’re already in Dragon Valley. Do you think you can get out so easily? You won’t be able to open the door without my blood!”

“What did you say?” Yun Feng was also a bit angry. Meatball on Yun Feng’s shoulder felt her anger and gnashed its sharp little teeth as well.

“Human! Don’t be rude!” Another elder among the Black Dragons shouted again. Yun Feng looked up immediately and stared at the talking old man fearlessly. That almost perfect face was covered with her suppressed anger!

“If the Dragons don’t welcome humans, then send me out!”

All the Dragons gasped. What an arrogant human! Was she not afraid that they would kill her right here?

“Kid, you’re not going anywhere before I feel happy!” Ao Jin’s dragon power pressed over and Yun Feng’s mental strength was like a young child, being crushed completely by his energy!

“Old Qi, let’s go!” Ao Jin reached one arm out and held Yun Qi as a pair of dazzling golden wings appeared behind him instantly!

“Swish!” Any resistance was invalid. A beam of bright golden light flashed and Ao Jin dashed to the other side of the sky, following his hearty laughter.

Those of the Black Dragons immediately followed him, but there were huge doubts in all of their minds. A middle-aged man among them leaned over to Elder Qi and asked with a low voice.

“Elder, Young Master seems to be different...”

Elder Qi frowned and pondered for a second, nodding in the end. Looking at the golden dot that had flown very far ahead, he finally sighed speechlessly.

“Ah, he’s the most handsome man with the purest blood among the Dragons. Why did he become like that...” The middle-aged man who talked just then looked sorrowful and kept shaking his head, as he gazed at the golden dot far away.

“Keep an eye on that human. Young Master has a pure mind. He wouldn’t know even when someone is using him, especially since that human already knows Young Master’s identity,” Elder Qi said seriously with frustration in his heart. This was the second human who came to the Dragons...

The Black Dragons all went after Ao Jin and left, while the Red Dragons weren’t moving at all and all just stood there. Without Yan Ting’s command, nobody dared to make any moves.

“Lord Yan, what should we do? I can’t believe he’s still alive...”

Yan Ting waved his hand and stopped that person from speaking. “Since Ao Jin is alive, it’s already very difficult for us to get the key. Ao Jin’s strength has returned to the original level and he’ll also be on guard against us.”

“So, we don’t have any chance? Are we really going to let the Black Dragons dominate?”

Yan Ting lifted the corners of his mouth after hearing that and there were glints of cunning in his eyes.

“We still have a chance... This human is our chance.”

“Lord Yan, you mean...”

The wings on Yan Ting’s back spread, emitting beams of light that looked like blood. “Take this human to our side. Ao Jin will definitely suffer a severe blow. Hahahaha!”

Yan Ting laughed several times as his body moved and had already flashed forward. A dozen people at the back also flapped their wings and sped wildly behind Yan Ting.

Ao Jin grinned as he held Yun Feng in his arms and flew across a vast land of loess. Yun Feng looked at the stone pillars on the ground, countless stone pillars, from above. She felt like Ao Jin's wings were like the second sun and their brightness was going to blind everyone else.

"Uncle Flirtatious, I can't stay here with you." Yun Feng said very calmly as Meatball nestled on her shoulder. The wind blew its fur up and it seemed to enjoy the feeling of flying very much.

Ao Jin's face darkened and didn't say anything. He only sped up even more. Yun Feng couldn't help sighing gently when she noticed this. "Uncle Flirtatious, I have a family, my sullen father, my big brother. I can't leave them behind, and the Yun family as well."

Ao Jin's eyebrows moved slightly and his lips wriggled a few times, but still wasn't talking. "If you can come out often, I welcome you to come find me."

"Are you serious?" Ao Jin looked at Yun Feng with his golden eyes as Yun Feng nodded. She suddenly felt like this middle-aged man had a child's mind and his personality was also a bit crazy.

"How long can you stay with me?" Ao Jin couldn't help but hold Yun Feng a bit tighter. Yun Feng smiled very happily after hearing Ao Jin stop insisting. "At most a year and a half."

Ao Jin's face was completely darkened again and the sound of teeth grinding seemed to come from his mouth. He abruptly flew low at a high speed and Yun Feng couldn't help but scream. She grabbed Ao Jin's collar with her little hands, worried that she would fall.

The wings on Ao Jin's back suddenly emitted dazzling golden light and Yun Feng felt that the air around her rippled like water again. She knew that this was another restriction field. As expected, a whole new scenery appeared in front of her eyes again. Dragon Valley truly gave her surprises one after the other.

There was a lush, dense, endless forest and there were clear streams, canyons and waterfalls. A few young dragons spread their wings and flew past from time to time. Ao Jin burst into laughter as he sped forward at a high speed with Yun Feng in his arms. Yun Feng then saw a magnificent, towering palace nearby.

"It's Brother Ao Jin. Brother Ao Jin!" Before they got near the palace, Yun Feng heard a shout, calling Uncle Flirtatious "brother." Was that a middle-aged lady? But that voice sounded very clear and young...

Someone with a slender figure flew over. There was a pair of pure black, lustrous wings on her back and her silver long hair hung in front of her chest. She looked at Ao Jin with her bright, enormous, misty eyes, as if she had thousands of things to say. However, when this gorgeous lady who flew over saw Ao Jin's appearance, she only screamed, "Argh!"

Chapter 160: Dragon Valley (4)

Yun Feng subconsciously covered her ears as her gaze moved between the silver-haired woman and Ao Jin. Such a woman should call him uncle. Why did she call him brother...

"Brother Ao Jin, what happened to you? How did you become like this?" The silver-haired beauty flew over anxiously. When she saw that Ao Jin was holding someone with his arm, she suddenly narrowed her gorgeous eyes. "A human?!"

Ao Jin looked at the beauty in front of his eyes a bit impatiently. "Get out of my way!" His rude words made the silver-haired beauty tremble and the wings on her back also flapped at a much lower speed. Yun Feng couldn't help but frown. Uncle Flirtatious truly had a bad temper.

Ao Jin directly went over the silver-haired beauty and rushed into the castle with Yun Feng in his arms. As the silver-haired beauty was about to go after him, someone stopped her.

"Xiao Ling!"

The silver-haired beauty turned around and saw Elder Qi. An affectionate look that only a child had immediately appeared on her face and she yelled softly, "Grandpa."

Elder Qi nodded and looked in the direction where Ao Jin left. "Young Master brought that human here himself. Don't ever provoke her."

Xiao Ling's jaw dropped slightly after hearing that. The Young Master of the Dragons took a human into Dragon Valley. This was too unbelievable!

"Why would Brother Ao Jin..."

Elder Qi shook his head. "Ao Jin has a weird personality. He may just be interested in that human... Just don't think about it for now. It'll be time to explore the Dragon Palace after a short while. Are you ready?"

Xiao Ling smiled. "Don't worry, grandpa. I'll definitely not embarrass you."

Elder Qi also nodded with satisfaction. "With your level-9 power, you're already an outstanding person among your peers. I believe in you."

Ao Jin flashed all the way into the palace with Yun Feng in his hands. And everyone gazed at Yun Feng at the same time. Yun Feng had already gotten used to it. She should be the only human being who could stay in the territory of the Dragons for a year and a half.

"Uncle Flirtatious, you can put me down." Yun Feng said. Ao Jin froze for a second, then gently put her down. The two of them came to a pavilion. The unknown flowers on the ground were exuding a strong scent.

Yun Feng walked over to the flower bush. Her body, which had already become slender, had a soft arc and enchantment and her fair white skin was covered with a bit of luster. Yun Feng was like a fairy who had been hiding in the flower bush, suddenly showing up at this moment.

When Ao Jin watched this scene, glints of light flashed through his golden eyes and he stared at Yun Feng's small body firmly, unwilling to look away even for a second.

"Brother Ao Jin." A voice sounded suddenly. Ao Jin turned around a bit furiously and the silver-haired beauty, Xiao Ling, appeared next to him, looking at him with a smile on her face.

"Can you not wander around me all the time?" Ao Jin looked annoyed and his face was also a bit distorted because of his anger.

“Haha, Brother Ao Jin, if you don’t like it, I’ll just come to you less often. I just came to give you some advice.”

Ao Jin raised his thick eyebrows. As Xiao Ling looked at Ao Jin’s face, she suppressed her urge to look away. “No matter what race you are, you should always pay attention to appearance...”

Ao Jin suddenly seemed to realize something. He gazed at Yun Feng with his golden eyes for a while and looked like he had made up his mind. Then, his body flashed and vanished right where he was.

Xiao Ling then narrowed her eyes slightly, looking at Yun Feng in the flower bush. The arrogance and dignity of the Dragons didn’t allow her to tolerate the appearance of humans in Dragon Valley, especially this little girl who was a bit more beautiful than she was!

Xiao Ling walked to Yun Feng slowly with the elegance and arrogance of the Dragons. Yun Feng didn’t even bother to turn around and look at her. She knew that this woman must be here to pick a quarrel.

“Human, don’t think the Dragons will accept you because Brother Ao Jin brought you here!”

Yun Feng slowly turned around and glanced at this woman, who was half a head taller than she was, in front of her lazily, as she showed a faint smile slowly. “So?”

Xiao Ling looked at the human in front of her, who was much shorter, but had comparable momentum to her, and she couldn’t help but feel furious. “Human, this is the Dragons territory, not somewhere you can act wildly!”

“Female dragon, I have a name.” Yun Feng glanced at Xiao Ling with her black eyes. In Yun Feng’s mind, the strength of the Dragons was indeed powerful. Like the woman in front of her, she also had a stronger strength than Yun Feng did. However, what did this mean? Even if she was powerful, it didn’t mean that she could put on airs. It didn’t mean that she could lift her arrogant head and despise everything!

“Aren’t you afraid that I would smack you to death with my claw?” Xiao Ling was also enraged. The dignity of the Dragons could never be provoked, not to mention by humans, who had always been regarded as weak creatures by the Dragons!

“Hahaha!” Yun Feng laughed loudly as she narrowed her black eyes and viciousness appeared on her gorgeous little face. She was still standing upright in front of a dragon. Even if she was a human, her pride in her bones didn’t allow her to yield to any other races!

“What are you laughing at?” Xiao Ling looked at Yun Feng and gritted her teeth, making a creaking sound. She wanted to smack this complacent girl to death with her hand. She ignored the dignity of the Dragons in their territory. A weak human like her dared to be so savage in the Dragons’ territory! If it weren’t for Brother Ao Jin, this human would have been dead without any intact corpse a long time ago!

“I’m laughing at your stupidity, your arrogance and your ridiculousness!” After laughing, Yun Feng grunted in disdain with a cold expression and a hint of ridicule at the corners of her mouth, looking at Xiao Ling’s pale and flushed face.

“What an arrogant human! I’ll give you a lesson and teach you what you should understand on behalf of all the Dragons!” Xiao Ling’s lips curled up and she sneered. Her hand then abruptly reached forward, going straight at Yun Feng’s chest!

Yun Feng’s black eyes turned cold and her body dangerously flashed past. Xiao Ling couldn’t help but feel startled when she saw how agile Yun Feng was. “I can’t believe a mage can avoid my attack. You’re quite capable, kid.”

Although Xiao Ling was curious about her after seeing this, her anger was more than everything! Her slender body dashed towards Yun Feng at a speed that made people dizzy. Yun Feng only felt like the aura exuding from this woman carried some kind of pressure. Her strength was now at the early stage of level 8. An opponent who could suppress her should be at level 9!
