### Chapter 1511 The Dragon Appears (11)

In these few seconds, Yanran only saw those clear black eyes flash slightly and her red lips curled up slightly. The next second, an invisible force exploded from the space barrier and directly broke through the space blockade, throwing Yanran's body away in an instant!

"Bang..." There was a muffled sound.

"Argh..." Yanran was thrown into the air. Her body spun a few times in the sky in a sorry state and she let out a panicked cry. After the momentum finally reduced, she could barely stop her body. As soon as she stopped, Yanran covered a certain part of her body with her hand in pain. That part was hit by the invisible air current, making her suffer!

"Master Yanran!" Seeing that Yanran was thrown off in such a sorry state, the people of the Qitun and Chaoling Tribes immediately leaned over with an anxious look. Even though Yanran was young, she had already become the backbone of these people. Yanran stood there with a painful look and bit her lips hard. Her face was pale and her body was even trembling slightly. The Qitun and Chaoling Tribes members all surrounded Yanran nervously. Yun Feng had already woken up, which meant that they didn't have any chance of winning. Now, it was time for them to consider how to leave this place.

"Master Yanran, should we retreat immediately?" The member of the Qitun Tribe asked carefully in a low voice as he looked at Ao Jin and the others nervously. They were only fearless just then because the other party had concerns. Now that the other party had nothing to worry about, it was time for them to escape!

Yanran gritted her teeth and resisted the pain inside her body. She looked at Yun Feng and the others with a pale face and managed a smile. "Do you think... we can escape?"

"Kid, do you feel uncomfortable?" Ao Jin suddenly rushed over and was about to touch Yun Feng with his hands. She immediately took half a step back and smiled lightly. "I'm fine..."

"Your aura... seems different." Ze Ran also walked over. After sensing carefully, he said with joy. Yun Feng curled her lips. "Thanks to that Beast Soul, I'm on the verge of increasing my strength."

"So, you're going to advance!" Mu Canghai was quite surprised. Yun Feng's strength was at Grade 3 of the God Level right now. She hadn't stayed in this stage of strength for long. Usually, the advancement of each grade of the God Level required a lot of time to accumulate. The advancement of each grade of the God Level required a lot of foundation as a prerequisite. If she only wanted to be fast and ignored the reliability of the foundation along the way, she would encounter quite a lot of difficulties in the later stages of the advancement, especially after Grade 5 of the God Level. She might stop at Grade 5 and never move forward.

Therefore, a God-Level powerhouse was even more careful about advancement. The powerhouses at this stage didn't covet speed, only quality. They wouldn't advance easily without absolute confidence. Therefore, very few God-Level powerhouses were superficial. They were usually top-notch.

Compared to the conservative approach of others, Yun Feng was obviously moving at the speed of light. She had touched the threshold of Grade 4 of the God Level in less than two years. The eyes of the other

God Level experts would probably turn red if they knew about this. Yun Feng was very different from others. The red-eye in her body saved her a lot of time from the accumulation of her strength. The characteristic of being able to swallow Beast Souls was unique to Yun Feng. It was no wonder that Yun Feng would become the center of attention.

“You can increase your level by swallowing that Beast Soul?” Ao Jin raised his brows. He finally understood something. Yun Feng nodded. “I know you have a lot of questions in your minds. I can’t explain them right now. Let’s deal with what’s in front of us first.”

“Do we still need to deal with it? I didn’t do anything just then because I was afraid of disturbing you. Now... I don’t have any scruples anymore. I certainly won’t show mercy! These ungrateful people!” The golden eyes were burning with anger. Ze Ran and Mu Canghai had the same thought, especially Ze Ran. He was extremely disappointed with what Yanran did. The Qitun Tribe was indeed like this. None of them was an exception. Yun Feng had helped her so many times and saved her so many times, but she didn’t feel grateful at all. She even took the opportunity to add insult to injury and take Yun Feng’s life!

“We can’t let such a group of people live at all. Even if we let them live, they’ll cause trouble for Yun Feng sooner or later!” Ze Ran said coldly. Mu Canghai nodded on the side. “We can’t let any of them live.”

Hearing this, Yanran’s face turned much paler again and her body trembled. The people of the two races, Qitun and Chaoling, were even more panicked. Did their lives end here today? “Master Yanran... What should we do? I don’t want to die!”

“That’s right, Master Yanran. Think of a way quickly. We don’t want to die here!”

Yanran looked at Yun Feng. The three men next to her said vicious words, but she didn’t say anything. Yanran bit her lips secretly. Did this mean that she could still get a glimmer of hope? Perhaps Feng Yun would show mercy and let them go?

“Feng Yun, we were wrong just then. It’s my fault. I was ungrateful. You’re a magnanimous person!” Yanran said loudly. Even though she took the initiative to explain everything, the feeling of being humiliated still rose in her heart, making her a bit ashamed.

“No matter how magnanimous she is, she won’t let you go,” said Ze Ran with coldness in his eyes.

Yun Feng still didn’t say anything. She looked at Yanran with her black eyes. The humiliation in Yanran’s heart became greater and greater. She could only grit her teeth and continue, “Feng Yun, you’ve indeed done me favors, but we used each other. The reason you saved me must be because of your own considerations. We’re even now! It’s my fault today, but I can’t help but feel shocked when you swallowed the Beast Soul just then. The Qitun and Chaoling Tribes aren’t strong to begin with, so we are naturally even more vigilant. I was confused just then!”

“There’s no need to deal with you. You’re not a threat to me at all,” said Yun Feng. What she said made Yanran’s self-esteem completely collapse. It turned out that in Yun Feng’s eyes, she wasn’t worthy of being her opponent at all. She wouldn’t cause her any threat!

## **Chapter 1512 The Dragon Appears (12)**

"You're letting them go just like that? Wouldn't that be letting them off too easily?" Mu Canghai said on the side as he glanced at Yun Feng. "Your devouring of the Beast Soul just then can be considered untraditional in their eyes. It's hard to guarantee that they won't cause trouble in the future."

"Haha." Yun Feng smiled. "Untraditional? I won't stay in the Endless Ocean. So what if I'm untraditional? It's good to make them afraid." If Chili left the throne, the Dragons would definitely rise. Qitun and Chaoling would only be two small races forever. By then, the Dragons would dominate the North Sea. What did it matter if Yun Feng was traditional or not? Even if Qitun and Chaoling wanted to cause trouble, they would have to see if the Dragons would let them!

"I can indeed swallow the Beast Soul." Yun Feng raised her voice. Yanran couldn't help but take a step back. If Feng Yun could swallow the Beast Soul, so could she. Whenever she thought that her soul would be swallowed, Yanran couldn't help but shiver.

"It doesn't matter if you think I'm an anomaly. I don't care." Yun Feng chuckled. "I've never been hungry, but I'll eat anything when I'm hungry." What she said casually made everyone in Qitun and Chaoling take a step back completely. Seeing the fear in the eyes of these Sea Clan members, Yun Feng had already achieved her goal.

The fear at the bottom of one's heart was the hardest to get rid of. It was like a nightmare that would jump out and haunt you from time to time. You couldn't get rid of it even if you wanted to.

"Haha, girl, you're right. If anyone is so ignorant, just treat them as an appetizer!" After saying that, the expression on Ao Jin's face became much gloomier. The faces of the people of the Qitun and the Chaoling Tribes tightened even more when they saw this. They felt like they were lambs that would be slaughtered. Whether they could die or live depended on Feng Yun.

Yanran swallowed and said with a dry tone, "Well... Is there anything we can help with..." It was certainly not enough that they survived. If they could help, they would certainly have their own value. They would be safe for the time being.

Yun Feng chuckled. "Of course, there will be a time for you to help."

Hearing this, Yanran was completely relieved in her mind. That was good... If they really couldn't help at all, Feng Yun wouldn't have let them live... Yanran glanced at Ze Ran and immediately looked away in embarrassment when she found his gaze. At this moment, Yanran completely understood that no matter how hard Qitun and Chaoling tried, it would still be like this in the end. The current situation could almost be said to be arranged by Feng Yun. The two races didn't do anything at all. Feng Yun, who exactly are you? You can play with the three Sea Clans in the North Sea!

The two races, Qitun and Chaoling, had already submitted. Now was the best time to deal with the Chili Tribe. Ze Ran hoped that Yun Feng would show mercy. After all, the royal family of the Chili Tribe treated him quite well. Yun Feng nodded. Her goal was only to make the Chili Tribe fall from power. She didn't mean to completely eliminate the Chili Tribe. If they wanted to, they could still live in this area, but they wouldn't be the kings of the North Sea anymore. After all, compared to the Dragons, the Chili Tribe didn't have the strength to dominate anymore.

Suddenly, the faction that belonged to the son of the relatives launched a surprise attack on the other two factions. The other two factions weren't prepared at all and suffered a lot of casualties. The internal

strife between the three factions officially began. Since the core members of the three factions were nowhere to be seen, the three factions could only choose temporary leaders in a hurry. The internal strife was chaotic. The conflict between the three factions became greater and greater and they completely fell out! The Chili King didn't have the power to suppress it. He sent someone out to search, but there was still no news!

The leader of the Chili Tribe felt that the internal strife this time was definitely not simple. The three factions had always had small conflicts, but they had never caused such a mess. If it weren't for someone adding fuel to the fire secretly, the internal strife of the Chili Tribe wouldn't have become like this! Soon, something that gave the leader of the Chili Tribe a headache came. The Qitun and Chaoling Tribes took this opportunity to attack the Chili Tribe together! With internal and external troubles, the Chili Tribe was already on the verge of collapse!

The leader of the Chili King mobilized all the masters and experts, but they were still powerless to reverse the situation. The battle between the three factions was fierce and miserable. Coupled with the interference of the two external tribes, Qitun and Chaoling, the leader of the Chili King couldn't even take care of himself! While everything was in chaos, a figure quietly returned to the Chili Royal City.

"Your Majesty! Your Majesty! Master Ze Ran is back!" The soldier's voice trembled inexplicably. The leader of the Chili Tribe, who was at a loss, was delighted to hear that. After seeing that it was really Ze Ran, the leader of the Chili Tribe was relieved. "Ze Ran, it's great that you're back!"

Ze Ran stood in front of the leader of the Chili Tribe with a complicated expression on his handsome face. This time, he was here on behalf of Yun Feng. If they wanted to end this internal strife, they must do something, such as giving up this territory. Ze Ran took a deep breath and said calmly, "Your Majesty, the internal strife in the Chili Tribe seems to be getting worse."

"That's right." The Chili King heaved a deep sigh. "Do you have any good ideas to calm them down? Qitun and Chaoling took advantage of the opportunity. When we recover, we'll definitely exterminate these two races!"

The Chili King's expression was vicious. Ze Ran continued, "If you want to make the current situation better, I can recommend someone."

"Oh?" The king looked at Ze Ran. He felt that he was a bit different today. Ze Ran nodded. "Her name is Yun Feng. Is the king willing to talk to her?"

The king looked at Ze Ran suspiciously. "If you're the one who recommended him, I can talk to her."

Ze Ran turned around and pushed the door open. After a while, Yun Feng walked in next to him. When the leader of the Chili Tribe saw Yun Feng, he narrowed his eyes slightly and looked at Yun Feng with a fierce gaze. Yun Feng knew that she was facing a real king. If she didn't use such a method to defeat the Chili Tribe, there wouldn't be any breakthrough at all.

"You're Yun Feng? Tell me what you can do." The Chili King went straight to the point. Yun Feng didn't intend to beat around the bush at all and said directly, "It's very simple. The Chili Clan will hand over the territory they occupy. I certainly have a way to calm this internal strife."

"What did you say? Hand over this area?!" The leader of the Chili Tribe glanced at Yun Feng with killing intent flashing in his eyes. Yun Feng chuckled. "It seems that you don't have any other choice in the current situation. The Qitun and Chaoling are watching covetously. If the internal strife of the three factions continues, the Chili Tribe will be swallowed by the other two races sooner or later. Rather than being completely swallowed, it's better to preserve more. What do you think, Your Majesty?"

#### Chapter 1513 The Dragon Appears (13)

"The Chili Tribe has been staying here for at least ten thousand years. You're too greedy to want this area!"

"Haha!" Yun Feng burst into laughter. "With all due respect, the Chili Tribe is most proud of the dragon bloodline in their bodies. No matter how long the Chili Tribe has been living here, the ancient Dragons are the real masters here."

The leader narrowed his eyes. "Who exactly are you?"

The corners of Yun Feng's mouth curled up indifferently. "I'm nobody. I'm just making a suggestion."

"What do you want this area for?" asked the leader of the Chili Tribe. "This is the land where we've lived for more than ten thousand years. Of course, I can't give it to outsiders!"

"So, you're determined not to agree?" Yun Feng raised her brows slightly. She hoped that this leader of the Chili Tribe wouldn't be stubborn. Was his honor more important or protecting his race more important right now? She didn't want to use too strong a method. Her goal was to protect the Dragons and make the Chili Tribe a bit give in.

"You're coveting my territory. You're up to no good!" The Chili King roared in a low voice as he extended his hand and attacked Yun Feng! Ze Ran immediately protected Yun Feng behind him and used his fighting energy to forcibly block the wind from the Chili King's hand!

"Let's not talk too much. Goodbye." Yun Feng looked at the Chili King coldly and was about to leave, when the Chili King burst into laughter. "You think you can leave if you want to. Where do you think this is?"

"Your Majesty!" Ze Ran couldn't help but growl when he saw that the leader of the Chili Tribe was targeting Yun Feng and had the intention to attack. The leader of the Chili Tribe looked at Ze Ran coldly. "It seems that we can't trust outsiders easily."

Ze Ran was startled and was a bit speechless. Yun Feng sneered. "You're wrong. The current situation is because of what you started. You can't blame anyone else. Besides, Ze Ran didn't scheme against you at all."

The leader smiled viciously. "It's unnecessary to say anything. It seems that this matter has something to do with you. It's impossible for you to leave!"

"Hahahaha! I want to leave. What can you do to me?" Yun Feng grabbed Ze Ran's arm. The Chili King roared like a wild beast. The strong aura inside the Chili King surged out. The power was so fierce that it seemed that it wanted to kill Yun Feng and Ze Ran!

“Swish...” A gust of wind blew and the eyes of the Chili King widened. He saw in disbelief that the two of them disappeared in front of his eyes without leaving a trace!

“Bang!” The aura that was shot out smashed into the back wall wildly and the entire wall collapsed. The Chili King immediately looked around. They were gone?! How could they be gone?

Ze Ran’s expression in the Dragon Palace was quite complicated. Yun Feng patted his shoulder. “You don’t have to show up again for this matter. You only did this back then to help me. After all, the current disaster of the Chili Tribe is related to them. The Chili Tribe won’t last long after all.”

Ze Ran replied gloomily. Yun Feng sighed softly and left Ze Ran on the second level alone. She flashed into the fifth level of the Dragon Palace. The moment she reached the fifth level, dragon breath came from all directions keenly. Yun Feng was already mentally prepared. After all, there were a lot of real dragons inside.

“Yun Feng!” Almost all the dragons blurted out Yun Feng’s name the moment they detected her. Ao Jin flashed over. “Back off!” Yun Feng saw that the other members of the Dragons all took half a step back silently and respected whatever Ao Jin said. Yun Feng couldn’t help but raise her brows. Even though the Dragons respected Uncle Flirtatious, there were still a few voices of opposition in the past. Why were they so obedient now? Even Elder Qi and Xiao Ling didn’t say anything?

Yun Feng glanced at the Dragons. Their expressions seemed to have changed a bit. They looked different from before. Yun Feng raised the corners of her mouth. It seemed that Uncle Flirtatious was very successful in disciplining them.

“Chili is in chaos. Qitun and Chaoling have also started attacking. This is the best opportunity for the Dragons to appear.”

Ao Jin heaved a sigh of relief after hearing that. “Kid, thank you for doing so much for the Dragons.”

Yun Feng chuckled. “I don’t think they want to be locked up here. Luckily, it’s finally time for them to get out.”

Ao Jin burst into laughter and turned around to face the remaining members of the Dragons. “Listen up! Nobody is allowed to take another step after we get out. Just wait outside obediently!”

“Yes, Young Master!” All the members of the Dragons replied very respectfully and there was no discord at all. Yun Feng looked at Xiao Ling in the crowd and their eyes met coincidentally. Xiao Ling seemed to want to say something, but in the end, she twisted her face and directly looked away. Thinking back to Xiao Ling’s provocative behavior back then, it seemed strange that she could be so obedient right now. It was truly strange. However, Yun Feng didn’t care what the members of the Dragons thought of her at all. It was certainly good to be quiet and stop causing trouble for her. Now that she could let these dragons out, Yun Feng was also relieved.

“Girl, are you done?”

Yun Feng nodded. Ao Jin took a deep breath and pricked his finger. Golden blood oozed out. Ao Jin clapped his hands hard in the air! A huge golden Teleportation Array appeared in front of everyone! “Jump!” Ao Jin gave an order. The Dragons immediately split up and jumped into the golden Teleportation Array without caring about their safety!

Yun Feng's mental strength quickly penetrated into Ao Jin's Teleportation Array and led these Dragons out of the Dragon Palace. As the dragons left, the fifth level of the Dragon Palace seemed even more empty. In the end, only Xiao Ling and Elder Qi were left. Elder Qi looked at Yun Feng deeply and directly jumped into the Teleportation Array without saying anything else. Xiao Ling walked over with an extremely conflicted look. Ao Jin glared fiercely. "Jump quickly!"

Xiao Ling suddenly shouted, "Yun Feng, you're good!" Then, she jumped into the Teleportation Array. Yun Feng was confused after hearing that. Ao Jin loosened his hands and chuckled at Yun Feng. "Kid, don't take it to heart."

Yun Feng nodded. She certainly wouldn't take it to heart. She didn't understand what Xiao Ling meant at all. "Let's go out too." Yun Feng closed her eyes and sent Ao Jin and herself out of the Dragon Palace. As soon as they came out of the Dragon Palace, she saw the members of the Dragons standing there in unison. As Ao Jin said, they didn't take another step!

#### Chapter 1514 The Dragon Appears (14)

They were too... obedient. Yun Feng couldn't help but exclaim in her mind. What exactly did Uncle Flirtatious do?

The Dragons who came out were certainly no strangers to this place. Many Dragons looked surprised. This was the Endless Ocean? "Young Master, is this the place you're talking about?" Elder Qi asked. Ao Jin didn't answer. Instead, he stood in front of these Dragons and roared!

"Listen up! The Endless Ocean is the original place where the Dragons lived. Release your dragon breath later! Let all the Sea Clan here know that the Dragons are back!"

"Yes!" The Dragons replied in unison. Dragon breath rushed out of their bodies and filled the entire space!

"Follow me closely!" Ao Jin jumped and directly turned into a beam of golden light, rushing forward. The members of the Dragons immediately followed closely behind. Accompanied by the dense and terrifying dragon breath, a hundred members of the Dragons followed Ao Jin straight to the capital of the Chili Tribe!

Yun Feng followed behind slowly and chuckled. The leader of the Chili King should be smarter... Otherwise... he would suffer.

The capital of the Chili Royal Family was already in chaos. The attacks from Qitun and Chaoling had already distracted the masters of the Chili Royal Family. There were only about five masters guarding the capital. When the hundred dragons arrived, these five masters were nothing but shocked.

"Your Majesty! Your Majesty!" The hurried arrival of the few masters made the king realize that something serious must have happened. "What's wrong with you? Did something happen again?"

"The Dragons... The Dragons are here!"

"What did you say?" The Chili King was dumbfounded. Why did the Dragons come to the Endless Ocean? What do they want in the Endless Ocean? The Chili King immediately flashed out. The few powerhouses followed him with rather awful expressions! What was the purpose of the Dragons coming

here, especially when so many Dragons were gathered together? The few powerhouses thought of the scene they saw just then and their hair couldn't help but stand on end! How many dragons were there?

"This... This is...!" Before the Chili King left the city gate, he saw that the dragon breath outside the city gate was spreading and extremely dense! There were a hundred of them! The pupils of the Chili King couldn't help but shrink fiercely. Why were so many dragons here?

The leader glanced around and saw the golden-haired man with golden eyes standing in front of him. His heart throbbed fiercely! Was that... the Golden Dragon?

"Why are the members of the Dragons here?" Although the leader was shocked, he still asked calmly. Ao Jin narrowed his golden eyes and a dragon roar flashed out of his mouth! "I'm here to take this area today from the Chili Tribe!"

The expressions of the Chili King and the few masters behind him immediately changed. The Dragons were coming to the Endless Ocean to settle down! The Chili King looked at the hundred dragons in front of him and felt his scalp tingle! The Chili Tribe wasn't a match for the Dragons to begin with, let alone with the Golden Dragon here. There were so many dragons gathered! Not to mention the internal strife of the Chili Tribe right now, even if they were as peaceful as before, they wouldn't be able to resist the powerful attacks of the Dragons at all!

The iron rule of the world of Magic Beasts was survival of the fittest! No area was born as the territory of a certain race. As long as you had the strength, you could occupy it! There was nothing else between Magic Beasts. There was only power! Power represented everything! The heart of the leader of the Chili Tribe ached fiercely. He finally understood that the era when the Chili Tribe dominated the North Sea would probably come to an end today.

The internal strife of the Chili Tribe alarmed the entire North Sea and spread to all parts of the Endless Ocean. The other three seas all knew about the accident of the Chili Tribe and were extremely surprised. Even though there were many incidents in the North Sea, the Chili Tribe was the overlord of the North Sea! It was truly unbelievable that they were removed from power in such a short period of time! What was even more astonishing was the appearance of the Dragons. The Dragons appeared in the North Sea. Needless to say, the Dragons naturally became the new overlords of the North Sea!

This matter spread like wildfire in the Endless Ocean. Many members of the Sea Clan found it unbelievable. How did the Dragons return to the Endless Ocean? Did the return of the Dragons represent the beginning of another revolution? What did the arrival of the Dragons mean for the future of the Endless Ocean? In particular, the few domineering members of the Sea Clan in the other seas were extremely sensitive to the stationing of the Dragons. The Dragons could seize the position of the Overlord of the North Sea in an instant. Would they continue to attack the other three seas?

The other three seas couldn't help but feel worried for a long time, but the Dragons weren't what they thought. After the Dragons settled down in the North Sea, they didn't do anything else and didn't show any interest in the other seas, which made the other three seas feel relieved for a long time.

After this major change in the northern sea area, the Chili Tribe suffered the most casualties. Most of the survivors were of a younger generation. The powerhouses of the three factions were all dead in the internal strife, including the king of the Chili Tribe. The Chili King didn't want to hand over his domain

just like that, so he was certainly prepared to die. The Dragons wouldn't hold back either. This was the rule between Magic Beasts.

The Chili Tribe had suffered a huge blow and couldn't make a comeback anymore. The Dragons completely took over the territory of the Chili Tribe, while the Qitun and Chaoling Tribes didn't have much advantage at all. The Dragons were even more domineering and powerful than the Chili Tribe. The two races were already a bit afraid of the Dragons, so they didn't dare to say anything. After the Chili Tribe left the stage, they also retreated to their territory quietly and lived their lives obediently.

After a short period of chaos in the North Sea, peace was restored. Even though there were only a hundred members of the Dragons, every one of them was powerful. Even though their numbers were too small, the other members of the Sea Clan didn't have the intention to invade at all, especially Qitun and Chaoling. They were very obedient.

After the Dragons occupied this area, Ao Jin clearly felt that the Endless Ocean was indeed the first place where the Dragons lived. They didn't feel unfamiliar at all when they came here. Everyone in the Dragons naturally accepted everything here, as if this was how it should be. This area of the Chili Tribe was vast and fertile, with a lot of resources. It provided huge help for the reproduction and development of the Dragons. Here, the Dragons would welcome a new development and their race would become stronger again.

As the Young Master of the Dragons, Ao Jin certainly had a lot of things to do. Yun Feng didn't want to disturb him, so she only stayed in the small yard where she lived alone back then. Ze Ran also came with her. Ze Ran would feel a bit guilty at the bottom of his heart after all. Yun Feng could only sigh at his integrity and couldn't say anything. Yun Feng didn't find the map fragment on the leaders of the three factions, or the Chili King. Ao Jin also helped Yun Feng search. After the destruction of the Chili King, he searched every corner and didn't find any trace of the map fragment. According to Ze Ran's previous investigation, the Chili Royal Family indeed had a map fragment in their hands, but the Chili King might have given the map fragment to someone he trusted the most for safekeeping, and this person went somewhere in this chaos.

#### Chapter 1515 The Dragon Appears (15)

The clue of the map fragment had been cut off at the moment. Yun Feng could only sigh. If it was fated, she would find it eventually. If not... searching blindly like this would only waste time.

The matter of the map fragment came to an end. Yun Feng had another important thing, which was the soul of the person who was from the Blood Souls!

Taking out the bottle containing the soul of the person, Yun Feng removed the layer of mental strength at the mouth of the bottle. A translucent thing struggled and wanted to come out of the bottle. Yun Feng grabbed the soul with her hand and held it very tightly. The soul let out an ear-piercing laugh. "Hehe! You can't do anything to me! I'm not afraid of you, Yun Feng!"

"Really?" Yun Feng raised her brows and looked at the soul that was baring its fangs and brandishing its claws in her hand. The soul burst into laughter. "I know you want to get information from me, but you can't do anything to me at all! Hahaha!"

Yun Feng frowned slightly and stuffed the soul into the bottle. Mockery continued coming from inside the bottle! "You can't do anything to me. I'll see how you torture me! Hahaha!"

Yun Feng chuckled secretly. It was truly easy to torture him. She flipped her hand and the black jade pendant that sucked him until only his soul was left appeared again, releasing the translucent soul again. The soul trembled when it saw the black jade pendant at first and then smiled. "I'm not afraid of this thing at all!"

Yun Feng smiled gently and didn't say anything. She held the black jade pendant gently in her hand. After a while, a faint glimmer slowly flashed from the black jade pendant. After seeing this glimmer, the soul immediately twitched! It wanted to hide in the bottle crazily! However, Yun Feng grabbed it firmly and pressed it against the glowing black jade pendant completely!

"Zi, zi, zi..." The sound of roasting came. White smoke came out of the soul, like meat being roasted! "Ahhh!" The soul let out an unusually miserable scream and twisted desperately in Yun Feng's palm. "Let go of me! Let go of me!"

Looking at the slowly rising smoke, the corners of Yun Feng's mouth curled up coldly. Who said that this black jade pendant could only absorb dark elements? There were also light elements left by Qu Lanyi inside!

"Zi, zi, zi..." The scorching sound kept coming and white smoke continued to come out slowly. After the soul twisted crazily, it didn't have the strength to resist anymore. It was on the verge of death. Even its roars became extremely hoarse. Yun Feng moved her hand away and the soul finally calmed down a bit. "Why... are there light elements inside..."

Yun Feng raised her brows. "Can you answer my question now?"

The soul glanced at Yun Feng and didn't dare to say no anymore. The corners of Yun Feng's mouth curled up in satisfaction. "Where's the base of the Blood Souls in the Endless Ocean?"

The soul trembled gently. "I don't know."

"You don't know?" Yun Feng's black eyes glittered. She quickly put the soul on the black jade pendant again with her hand and a scream immediately sounded. "I'll talk, I'll talk!"

She let go of her hand and the translucent soul became a bit weaker. "The base of the Blood Souls is in the West Sea."

The West Sea? It was in the West Sea! "Specific location!"

"In a hidden mountain range in the West Sea, that mountain range is called the Abyss!"

"Whether it's true or not, I'll know when I get to the West Ocean. If you're lying..."

The soul trembled fiercely. Did he have the courage to lie to her? How many times could he withstand soul torture?

"Is this the only base in the Endless Ocean?"

"There's only this one. Nothing else."

Yun Feng was silent for a few seconds and held the soul in her hand even tighter. "What's in the base of the Endless Ocean?"

The soul looked at Yun Feng in surprise and slowly said, "Before I left, the base seemed to have imprisoned a very important person, who was guarded by the senior members of the Blood Souls... After I left, I didn't know."

"Who's that important person?" Yun Feng tightened her grip and the soul immediately got a bit closer to the black jade pendant. The soul twisted crazily and wanted to get away from the jade pendant, shouting loudly, "I don't know... I only met that senior once. The senior seemed to have mentioned... the word Yun!"

The word "Yun"! Could it be her ancestor? The blood in her entire body instantly surged. Yun Feng couldn't wait to run to the West Sea immediately, to the Blood Soul Base hidden deep in the Abyss Mountain Range. Her ancestor's soul was imprisoned there! She suddenly took a deep breath and suppressed her anxiety. She kept reminding herself to calm down and not do anything impulsive. Even if she wanted to save her ancestor, she had to be completely prepared. She must succeed once!

In order to succeed, she had to know how many God-Level powerhouses there were in the base of the Endless Ocean and what grade of God they were! If there were powerhouses above Grade 5 of the God Level guarding it, it would be useless even if she rushed over right now!

"Tell me clearly how many God-Level powerhouses there are in the base!" A vicious glint flashed through Yun Feng's black eyes. The soul couldn't help but feel shocked by this sudden outburst of emotions and felt a bit terrified. "Before I left, there were a total of ten God-Level powerhouses... One Grade 5 God-Level powerhouse."

Her black eyes darkened. She knew that there would be God-Level powerhouses guarding the base. Ten God-Level powerhouses, and there was even a Grade 5 God-Level powerhouse among them! It seemed that the Blood Souls valued this base of the Endless Ocean very much, or there wouldn't be so many God-Level powerhouses here. Above Grade 5 of the God Level... Yun Feng pondered. Her current strength was on the verge of breaking through. If she reached Grade 4 of the God Level and with the help of four contracted Magic Beasts, she could take the risk and fight to a tie with that Grade-5 God.

Ze Ran and Mu Canghai, the other God-Level powerhouses, should be able to help her a bit. With their strength, they should be able to stop about five of them, and the remaining four God-Level powerhouses... Yun Feng frowned. It seemed that she had to borrow a few dragons from Uncle Flirtatious.

"Did you miss anything?" Yun Feng asked. The soul shook its head crazily. "I didn't miss anything!"

Yun Feng watched coldly. In the end, she returned the soul to the bottle and sealed it again. She put away the black jade pendant and thought about her next trip. The matter in the North Sea had already been finished. She didn't have to pay attention to the development of the dragons anymore. As for the map fragment... If there was any news, she would pay close attention. Next, she had to rush to the West Sea and find the Abyss Mountain Range! Yun Feng clenched her fists tightly. Destroy the Endless Ocean base of the Blood Souls and save her ancestor!

Chapter 1516 The Dragon Appears (16)

Rapid light flashed deep in her eyes and the blood inside her body roared!

Taking a deep breath, Yun Feng's black eyes were bright. Before she went to the West Sea, her strength must make a breakthrough! Grade 3 of the God Level was already not enough. Everything was ready for her to break through to Grade 4 of the God Level. Now, she must make some progress!

"Grade 4 of the God Level..." Yun Feng looked at her slowly opened hand as determination flashed through her eyes. She had to reach Grade 4 of the God Level in the shortest time possible and then... rush to the West Sea!

If Yun Feng wanted to reach Grade 4 of the God Level in the shortest time possible, she had to seize every minute and second to cultivate. She had to directly enter the tenth level of the Dragon Palace and prepare the Golden Cauldron Fluid. The effect of the Golden Cauldron Fluid and the tenth level of the Dragon Palace would complement each other and achieve an unexpected effect. It would also speed up Yun Feng's cultivation to the greatest extent. Even though the territory of the Chili Tribe had been taken over by the Dragons right now, nothing had been settled yet. Yun Feng certainly couldn't cultivate outside in peace. The Dragon Palace was the best choice.

Even though Yun Feng didn't say anything to Ze Ran, after she entered the Dragon Palace, Ze Ran didn't leave this small yard and quietly served as her guardian. Nobody came here during this period of time. After all, the yard here was in a remote corner of the capital. The Dragons were certainly busy with their own business. Even Ao Jin couldn't split himself up. Such a situation was rare. Ze Ran guarded her at ease while Yun Feng cultivated hard.

In the blink of an eye, a month had passed. Yun Feng's breakthrough from Grade 3 of the God Level to Grade 4 of the God Level had already reached an increasingly critical moment. Ze Ran felt the tiny energy coming from the room where Yun Feng was. He heaved a sigh of relief slightly and became more vigilant at the same time. Nothing must happen at this moment. If an accident happened at the critical moment of the breakthrough, there would be unexpected consequences. Some powerhouses even died because of this.

A strange sound suddenly came from outside. Ze Ran's body immediately flashed and he had already rushed out, blocking the figure who was about to rush into the small yard firmly. The person who was forcibly blocked was also stunned, as if she was a bit surprised to see Ze Ran here. She took a step back and looked up in a sorry state. Their eyes met in the air. Ze Ran narrowed his eyes slightly. "It's you?"

The person smiled awkwardly. "Ze Ran... Why are you here?"

Coincidentally, the person who came was none other than Yanran, who used to live here. She looked extremely embarrassed at this moment. Seeing Ze Ran's gloomy expression, she didn't know what to say. She felt like she was about to do something bad and was caught red-handed. Yanran's eyes drifted around and she didn't dare to look into Ze Ran's eyes.

"What are you doing here?" Ze Ran narrowed his eyes and looked at Yanran, who shouldn't be here, vigilantly. Didn't she go back to the Qitun Tribe? Why did she appear here for no reason? Was she here because she knew Yun Feng was here, or was there another reason?

"I didn't come here for anything else. I'm just here to see if Feng Yun is here." Yanran stuck her head out and glanced inside. Ze Ran didn't block her sight. At this moment, Yun Feng was in the Dragon Palace. It would be strange if Yanran could find the Dragon Palace.

"She's not here. Tell me if you need anything." Ze Ran stared at Yanran's expression, not planning to let go of anything. Yanran pursed her lips and chuckled. "That's not necessary. I'll wait for her here. If you see her, please tell her that I'll wait here." Yanran was about to step in as she spoke. Ze Ran crossed his arm and she looked at him in confusion.

"Do you think she'll still help you?" Ze Ran raised his brows. "After how ungrateful you were to her, what right do you have to come to her?"

Yanran blushed. "You can't say that. Back then..."

"I've already heard about the nature of the Qitun Tribe. Back then, she even told me that you're not such a person. It seems... you're no exception."

Yanran was startled. Then, her face turned even redder and she didn't know what to say... She had indeed thought of taking Feng Yun's life back then and she had indeed done it! But... but that was because the situation forced her! "The situation forced me to do that."

"Don't say such dignified words! Go back. You're not welcome here! Whether she's here or not, you're not qualified to step in! Don't forget that this is my territory!"

Yanran took half a step back in panic. Seeing the coldness in Ze Ran's eyes, her heart beat a few times in panic. Then, her eyes seemed to be full of tears. In the end, she turned around and ran away in panic. Ze Ran looked at Yanran's back as she left and sneered. It was already benevolent enough for Yun Feng to keep the two clans alive. She still had the face to come to Yun Feng again!

Ze Ran simply sat at the door. He believed that Yanran wouldn't give up so easily. Right now, everybody could enter and leave the capital at will. Otherwise, how would Yanran come to harass him casually? Thinking of this, Ze Ran couldn't help but complain. The Dragons were too inefficient! A month had passed and they still hadn't completely settled down. At this rate, when would everything be on the right track?

As Ze Ran expected, Yanran first came once a day, then came once every two days, and then came once every half a month. Every time she came, Ze Ran's cold eyes and constant rejection would greet her. Ze Ran was a bit annoyed, but Yanran didn't. Her persistence made Ze Ran depressed. How long would she last?

Another month passed, but the Dragons still couldn't deal with it. There were too many members of the Sea Clan living in the North Sea. Besides, there were only a hundred dragons. Even if every dragon was mobilized, it wouldn't be easy to deal with all of them. Ao Jin had been a bit angry recently. Many things gave him a headache. If someone could take over this mess right now, he would give it up!

Compared to Ao Jin's frustration, Yun Feng's side was very peaceful. Excluding Yanran that came from time to time and still didn't give up, everything was fine. Ze Ran thought she would give up after being rejected a few times, but it aroused her fighting spirit even more. She insisted on seeing Yun Feng and didn't want to give up. Ze Ran really couldn't think what she was planning to speak to Yun Feng.

## Chapter 1517 Emotions About to Explode (1)

“Yun Feng isn’t back yet?” Yanran came here and asked with a smile as she looked at Ze Ran’s cold face. Ze Ran’s ridicule had already turned into indifference. Yanran looked inside and was a bit disappointed. She turned around and left.

“What exactly is she doing? Is she still plotting against Yun Feng? Or is she trying to scheme against someone through Yun Feng?” Ze Ran pondered quietly. He felt strange about Yanran’s behavior these days. Nothing earth-shattering happened inside the Qitun Tribe. The reason why she came to find Yun Feng so frequently was that the Qitun Tribe was in some trouble and only Yun Feng could deal with it?

The question didn’t last long. On the third day two months later, an extremely obvious change came from the energy waves in Yun Feng’s room. Ze Ran, who was sitting on the ground, stood up excitedly and felt the shock of the energy emitted from the inside out. Ze Ran’s face, which had been tense and cold these days, finally had a smile. It seemed that she was going to break through just like that! This moment was finally coming!

On the tenth level of the Dragon Palace, the five-color light around Yun Feng spun and sped up. Under the crazy effect of the tenth level, the few short Golden Cauldron Trees in front of her went crazy and released the golden liquid in their bodies desperately, slowly flowing into the bottles Yun Feng had already prepared. Even though there was only one layer at the bottom of each bottle, these were still unexpected fruits.

Yun Feng’s breathing became deeper and longer. Her aura was like a valley that couldn’t be seen to the bottom at all. At this moment, Yun Feng was immersed in a very beautiful atmosphere. Even though she closed her eyes tightly, she could still clearly feel the dazzling light of the five-color discs around her. A part of the passage in her body seemed to have been forcibly opened. Her aura led to different places in her body through the place that was opened, making Yun Feng’s entire body merge into a harmonious and wonderful journey!

She vaguely felt that she had touched a step. Once she stepped on it, she would see a new world!

This should be the last hurdle to break through to Grade 4 of the God Level. As long as she crossed this place, she would certainly be able to successfully advance to Grade 4 of the God Level! Yun Feng immediately calmed down and focused. The mental strength inside her body wriggled slowly and gathered somewhere in her body under her mental command. Yun Feng wanted to rely on her strength to break through this obstacle in one go!

Ze Ran, who was outside, keenly noticed the change in Yun Feng’s aura. He obviously felt a faint force slowly gathering. It seemed that Yun Feng had reached the last step!

“Ze Ran.” The voice suddenly sounded in Ze Ran’s ears. Ze Ran turned around and the joy on his face just then immediately disappeared! How could he forget that someone like Yanran often appeared here?

“Why are you here again?” Ze Ran said unhappily. Yanran seemed to have already adapted to Ze Ran’s unfriendly attitude. She smiled lightly. “I won’t give up until I see Feng Yun. I don’t need her to help me much. This is just a small favor... It’s nothing for her!”

“How thick-skinned.” What Ze Ran said made Yanran blush. She calmed down after a while. Hadn’t she heard enough ridicule these days? It wouldn’t be a big deal to hear another word. “I know Feng Yun is inside. I know it’s her idea that you don’t let me see her. I’ll still wait. I’ll continue waiting! I know it’s best to see Feng Yun!”

Yanran’s tone was much higher in the end. Ze Ran shouted angrily, “Get lost!”

“You don’t have the right to ask me to get lost. I’m here to see Feng Yun. She’s the one who wants to kick me out, not you!” Yanran deliberately raised her voice. Ze Ran’s face darkened. He was considering if he should kill the person in front of him right now. It would be fine if Yun Feng didn’t hear her. If she did, wouldn’t she be distracted? That would be too dangerous!

“Buzz...” A hidden energy fluctuation came from inside. Yanran and Ze Ran both felt it clearly. Yanran’s eyes brightened and she immediately shouted, “Feng Yun! Is it you? I know you’re inside! Feng Yun!”

Ze Ran didn’t expect Yanran to shout so suddenly. He subconsciously wanted to punch Yanran away completely, but thinking of Yun Feng, who was cultivating inside calmly, Ze Ran suppressed his desire to do it and only said quickly, “Stay away from here! Do you think she’ll help you with your lowly personality? In your dream!”

“You...” Yanran had been mocked and ridiculed these days. She couldn’t accept it to begin with. She was immediately enraged in her mind and started shouting loudly like she disagreed with Ze Ran. “Feng Yun! I know you’re inside! Feng Yun! Why? Do you want to turn around and leave after using Qitun and Chaoling? Even though you started this situation, you can’t have gone so smoothly without the help of the two races, Feng Yun!”

The fire in Ze Ran’s heart suddenly rose! What a shameless person!

“If you shout again, I’ll cut off your throat!” Ze Ran suddenly extended his hand and grabbed Yanran’s throat tightly, while Yanran sneered. “Feng Yun inside seems to be resting in seclusion. I vaguely felt a fluctuation of power just then. She can’t be disturbed right now. If you dare to hurt me at all, I’ll make you regret it!”

Ze Ran’s pupils shrank fiercely. In the end, he suddenly let go. Yanran held her red neck and stepped back awkwardly, staring at Ze Ran firmly. “Is she worth you doing so much for her? I don’t think she likes you. You’re just unrequited.”

“It’s none of your business,” said Ze Ran coldly. Yanran smiled in disdain. “She has a lot of men with her. I don’t think she needs you.”

“Watch your mouth. I have the ability to take your life before you do anything!” Ze Ran’s pupils emitted a weird light. Yanran couldn’t help but feel a bit crept out when she saw this. She swallowed and only felt that her heart was beating a bit faster.

“Buzz, buzz, buzz...” Continuous energy fluctuations came from inside more and more violently. Even the space could be seen clearly with the naked eye. Yanran’s eyes couldn’t help but turn slightly red. Was she going to advance her strength again? She was too fast!

She was about to advance! Ze Ran looked delighted. Yanran didn’t feel good in her mind when she saw this. In terms of appearance, she wasn’t inferior to Feng Yun. In terms of strength, she was just a bit

weaker. In terms of status, she was much more noble than Feng Yun. Why was Feng Yun stronger than her in everything? That woman was stronger and more talented than her. There were so many men around Feng Yun. All of them could protect her so desperately for her!

#### Chapter 1518 Emotions About to Explode (2)

Thinking of this, Yanran's jealousy quickly fermented, especially the complicated feelings she had for Ze Ran in her mind. Why were all good men revolving around Feng Yun? Didn't they see other women? They only knew Feng Yun, Feng Yun, Feng Yun...

Yanran clenched her fists fiercely and her hands suddenly transformed by her side! The sharp fins that were unique to the Qitun Tribe appeared on her arm. Yanran turned her hand behind her back and pulled the fins a few times fiercely. Then, she quickly flipped her hand and let go secretly! Some tiny black spots floated forward quietly and quickly merged into the air. Even Ze Ran didn't notice them at all. The corners of Yanran's mouth slowly curled up. You can't walk on smoothly. How can I vent the hatred in my heart without letting you suffer a bit this time?

Yanran looked at the joy in Ze Ran's eyes and the smile at the corners of her mouth became even colder. She quickly clasped her hands behind her back and smiled even more coldly. She looked into the courtyard and a voice sounded in her mind. Feng Yun, it's time for you to suffer!

"Swish, swish, swish, swish..." The few inconspicuous black spots followed the fluctuation of power and quickly found the source. Even though the doors and windows were closed, the black spots still entered the room successfully. There was no one in the room, but the fluctuation of power was constantly spreading from here. Yanran's hand shape outside changed and the few black spots suddenly stopped in the air. Their bodies, which were originally as small as granules, quickly expanded! They expanded to the length of a finger and their tip was sharp!

The few black objects that had turned into sharp blades pointed at the center of the power and waited for a few seconds. Then, they shot out at the same time! The tips pointed at the center and stabbed down fiercely!

"Clang..."

The few black objects stabbed fiercely in the middle, but they were bounced away by an invisible force. The few black objects bounced around the room. The energy fluctuation wasn't affected at all and they were still moving slowly in an orderly manner. Yanran was very surprised, but she didn't dare to show it. She could only grit her teeth and carry out the second round of operation, but the second attack... was useless!

What exactly was going on? Yan Ran almost gritted her teeth to pieces. Even if she couldn't hurt Yun Feng, she should at least be able to interfere, right? Now that she was even blocked outside, was there another person next to Yun Feng?

Yanran gritted her teeth. She didn't believe it! If that was the case, Feng Yun would really be invulnerable. She would be protected wherever she went?!

The few black objects that were bounced away floated quietly again. The black fragments aimed at the center of the spreading power and stabbed down fiercely again! This time, Yanran used 100% of her strength. She didn't believe that this wouldn't cause any harm to Feng Yun at all!

"Buzz, buzz, buzz... Crack!" The spread of power was extremely fast. On the tenth level of the Dragon Palace, the five-color wheel around Yun Feng spun quickly. The five elements almost fused into one color and the aura around her surged more and more densely, like a flower slowly blooming. The fragrance of flowers kept coming out of the stamens, astonishingly dense!

"Swish..." The black eyes that had been closed suddenly opened. Dazzling five-color light flashed through his eyes. Her aura expanded to the maximum at this moment and then shrank quickly. It was all absorbed into Yun Feng's body again. The five-color wheel spinning around her disappeared. Yun Feng slowly exhaled. "Grade 4 of the God Level..."

"Swish..." Yun Feng's body flashed and she left the Dragon Palace from the tenth level. As soon as she left the Dragon Palace, Yun Feng saw the few black objects lying on the ground quietly. She narrowed her black eyes and took the things on the ground in her hand to look at them. A faint aura was attached to them. A fierce glint flashed through Yun Feng's black eyes. It was just a small trick. Did she think she could do anything to her?

Yun Feng's red lips curled up. She held the things in her hand tightly and slowly pushed the door open. Seeing her come out, a figure ran over impatiently. "You did it... That's great." Ze Ran sized Yun Feng up from head to toe. Seeing that she wasn't injured at all, he was slightly relieved in his mind. Yun Feng chuckled softly and glanced at Yanran, who was wearing a complicated expression outside the courtyard, from the corner of her eye.

Ze Ran raised his brows slightly and followed Yun Feng's gaze. "When you were in seclusion, she came to disturb you from time to time. She said she had something to tell you in person. She's truly thick-skinned."

Yun Feng smiled and slowly walked towards Yanran. Yanran unconsciously took half a step back. Looking at Yun Feng's completely fierce aura that was different from before, Yanran certainly knew that the tricks just then didn't hurt her at all and she couldn't help but feel a bit frustrated in her mind.

"Is that all you've got?" Yun Feng opened her hand. Those black things were lying there quietly. Yanran pursed her lips and stammered, "W-What are you talking about... I don't understand."

Yun Feng chuckled and looked at Yanran with her black eyes. "It's beneath my dignity to argue with you. You still want to hurt me with your current strength. Yanran, do you know that there's really a suitable conclusion to describe you?"

Yanran raised her head and Yun Feng slowly said, "You're overestimating yourself."

Yun Feng blushed and a look of embarrassment flashed across her face fiercely. She scattered the black substance under Yanran's feet and looked at Ze Ran, who was walking over from behind. She decided not to let Ze Ran know about this. "Why are you here?"

Yanran looked at Yun Feng, who was high and mighty in front of her. Even though she didn't put on an overbearing expression, the tone and posture of her made Yanran feel ashamed. Thinking of what she

was about to say, Yanran felt like she wanted to crawl into a crack in the ground, but she had to come. She had to say it. She had to beg!

Yanran lowered her head and told her why she came. She still didn't have the courage to look up. "You just need to say something for me. It's nothing! If this matter is successful, the Qitun Tribe will definitely reward you heavily!"

There was silence, a long silence. Yun Feng and Ze Ran both looked very stiff. Ze Ran was the first to smile. It was a disdainful and mocking smile. "Is that what you wanted to say? I really don't know how to describe your race... raising your status? Or are you looking down on others too much?"

Yanran stood there with a red face. She didn't care what others said. She just had to wait for Yun Feng's answer.

"Whose idea was it? Yours? Or the entire Qitun Tribe?" Yun Feng raised her brows and looked at Yanran. Yanran's face became even redder. "It was me... It was also the entire Qitun Tribe's idea."

Chapter 1519 Emotions About to Explode (3)

Yun Feng understood in her mind. It should be Yanran's idea, but the fact that she could think of this idea was truly... How should she describe it? Was she thinking too highly of herself?

"All you have to do is say a word!" Seeing that Yun Feng was silent, Yanran couldn't help but feel a bit anxious. Ze Ran mocked and ridiculed on the side, "You'd better not interfere with this matter. If she wants to, let her go there herself."

"Isn't this... Isn't this more guaranteed..." Yanran whispered. Yun Feng was silent for a long time as a glint of darkness flashed through her black eyes. "Sure. It's just a word. It's indeed not a troublesome matter for me."

"Really? You agreed?" Yanran was immediately excited when she heard what Yun Feng said. Yun Feng's cold gaze made Yanran happy, but she didn't dare to show it all. "Yanran, I found that I indeed misjudged you in the past."

Yanran bit her lips hard. "It doesn't matter what you think of me. I owe you a favor this time. But I don't think I can't compare to you!"

Yun Feng chuckled. "What does it have to do with me? I want to see how this matter develops. I'll wait for your good news."

Yanran was humiliated fiercely. She immediately turned around in embarrassment and left without looking back. Ze Ran frowned on the side. "Why did you get involved in this mess? If she can come up with this idea, what can't she do? Just let her do it herself. Why don't you watch a good show?"

Yun Feng shook her head. "It seems that I underestimated the Qitun Tribe. Even though the Dragons will definitely be the kings of the North Sea, there will always be someone restless under their noses. After all, it won't do."

"That's good. Let the Qitun Tribe dig their own grave this time."

Yun Feng smiled. "I don't know about digging their own grave. Perhaps things will really develop smoothly."

"That's impossible," said Ze Ran. Yun Feng looked at him in confusion. "Why are you so sure?"

Ze Ran didn't say anything. He only glanced at Yun Feng. "That's impossible. I know that better than anyone else. Grade-4 God, what are you planning to do right now? Are you going back to find him and send this message?"

Yun Feng burst into laughter. "The sooner, the better. I wonder if Uncle Flirtatious is so busy that he's dizzy."

Yun Feng walked out with a smile and Ze Ran followed behind her. He couldn't help but exclaim in his mind that the Qitun Tribe overestimated themselves. They could even think of a marriage alliance with the Dragons! Yanran wanted Yun Feng to tell Ao Jin about this. They hoped that Ao Jin could consider the possibility of a marriage alliance with Yanran!

The Qitun Tribe really couldn't see the situation clearly. The Dragons... The Qitun Tribe were nothing at all compared to them. Even though the Dragons came to the Endless Ocean, it didn't mean that they had to be on an equal footing with the Sea Clan! They even thought of marriage... Yanran thought too highly of herself. Would Ao Jin like her?

Ze Ran looked at Yun Feng's back and chuckled softly. What a farce. Yanran's wishful thinking was going to fail after all. He didn't know how Ao Jin would react when he heard what Yun Feng said. The Qitun Tribe's misfortune was certain. He didn't know how angry Ao Jin would be. The Qitun Tribe was dreaming of getting closer to the Dragons. They made such a request. But their nightmare officially began at this moment.

"Uncle Flirtatious seems to have never liked anyone. I've always been curious about his type." Yun Feng said with a smile. Ze Ran chuckled and remained silent. It turned out that Ao Jin was also like this. It seemed that only that man walked into Yun Feng's heart.

"No matter what type, it's definitely not Yanran," replied Ze Ran. Yun Feng burst into laughter. "That's hard to say. Uncle Flirtatious might like her. That's hard to say. After all, the Dragons have to settle down in the Endless Ocean. Even though the Dragons are strong right now, its population is still a bit small after all. If you want to truly live in peace for a long time, the size of your race is also a key factor. Uncle Flirtatious must know this." Yun Feng's serious tone wanted Ze Ran to laugh. Was Ao Jin even more miserable than him?

"However, the bloodline of the Qitun Tribe is indeed not worthy of the Dragons. If they want to expand their clan, they can only do it with the members of the Dragons..." Yun Feng thought of Xiao Ling and the corners of her mouth couldn't help but curl up. Seeing Yun Feng's serious expression of worry for Ao Jin, Ze Ran couldn't help but feel helpless and also a bit gloating. Ao Jin was so fierce to him back then. He certainly understood what he was thinking in his mind. After all, he had a lot of feelings for Yun Feng.

Ze Ran shook his head speechlessly. He really admired Yun Feng's one-track mind. She really didn't notice what men like him were thinking about. That was truly... Ze Ran couldn't help but admire Qu Lanyi a bit more. What exactly did he do to get to Yun Feng, this idiot, back then?

Ao Jin was so busy that he almost turned the sky upside down. Most of the things of the Dragons were on him, the Golden Dragon, and he had to show up often in the Endless Ocean. However, Ao Jin's already bad temper was even more explosive. It was already common for him to roar from time to time and he often smashed things. The members of the Dragons were used to it. After all, their Young Master had a bad temper since he was young.

Even though Ao Jin was so busy, he still took some time to pay attention to Yun Feng's condition. After learning from Ze Ran that Yun Feng was cultivating in seclusion, Ao Jin was also relieved. No matter how busy Ao Jin was, he wouldn't forget Yun Feng. It was good that he could focus on dealing with the matters of the Dragons when she was resting in seclusion.

"F\*ck, you're asking me about such a thing?" Ao Jin's furious roar came. The former palace of the Chili Tribe was now occupied by the Dragons. The door of a certain house opened and Xiao Ling walked out with dust all over her face. Ao Jin's roar was still going on. "Tell those dragon bastards that if they don't do something right, they'll get out of the Endless Ocean!"

Xiao Ling replied with a frown and quickly closed the door. When she looked up, she saw a figure slowly walking over. Xiao Ling pursed her lips. "Yun Feng, you're here."

Yun Feng nodded. When she was still a distance away, she heard Uncle Flirtatious' roar. It seemed that he was doing too much about the Dragons. It was already good enough that Ao Jin was willing to sit here obediently with his former personality and temper.

"Are there still a lot of things going on among the Dragons these days?"

Xiao Ling sighed. "Even though the Dragons used to live in the Endless Ocean, it's been so long since they left here. There will be conflicts with the Sea Clan and there are some problems left by the Chili Tribe. After all... the Dragons are still too few."

Chapter 1520 Emotions About to Explode (4)

Yun Feng chuckled. "Then can I go in?"

Xiao Ling glanced at Yun Feng. "You should be able to."

Yun Feng nodded and directly walked past Xiao Ling, walking inside. Xiao Ling gritted her teeth and said again, "Wait!"

Yun Feng turned around and looked at Xiao Ling. Xiao Ling looked conflicted for a while before she finally said, "Be... nice to Brother Ao Jin."

Yun Feng frowned. Nice? What was nice? "What do you mean?"

Xiao Ling blushed and there was some anger on her face. "Are you pretending to be ignorant, or do you really not understand?"

Yun Feng looked at Xiao Ling suspiciously. In the end, Xiao Ling had no choice but to say fiercely, "If you dare to make Brother Ao Jin sad, I won't let you go!" After saying that, Xiao Ling turned around and ran away. Yun Feng's mind was full of question marks. How could she make Ao Jin sad? Besides, what did Ao Jin being sad have to do with her?

Shaking off the doubts in her mind, Yun Feng slowly pushed the door open and entered. As expected, a furious roar mixed with the sound of the wind came out. "You're bothering me again! Go find Old Qi! Whoever bothers me again, I'll skin them alive!"

Yun Feng chuckled and stepped forward softly. "Elder Qi probably won't have it any easier than you. If you really push everything to him, Elder Qi will complain repeatedly."

"Girl!" A gust of wind came and Ao Jin appeared in front of Yun Feng. Yun Feng finally found that Ao Jin looked a bit haggard. She couldn't help but frown. It seemed that he had been extremely busy recently. Were there really so many trivial things?

"Why are you here? Didn't Ze Ran say that you're cultivating in seclusion?" Ao Jin sized Yun Feng up with his golden eyes and then caressed the top of Yun Feng's head with his big hand. "Kid, you've reached Grade 4 of the God Level!"

This time, Yun Feng didn't dodge Ao Jin's hand. Looking at Ao Jin's unshaven handsome face and the haggard look on his face from time to time, she knew that Uncle Flirtatious hadn't been having a good time during this period of time. Ao Jin found that Yun Feng was looking at him with a smile and was slightly stunned. His golden eyes just stared at Yun Feng, unwilling to look away.

The more he looked at the girl, the prettier she became...

Yun Feng withdrew slightly. This time, Ao Jin put down his hand belatedly and looked at his hand in a daze. Yun Feng chuckled. "I'm here today to talk to Uncle Flirtatious."

Ao Jin was stunned and couldn't react in time. "T-Talk? Alright! What do you want to do, girl? I'll certainly accompany you!"

Yun Feng raised the corners of her mouth and found a place to sit down. Ao Jin sat opposite Yun Feng and looked at Yun Feng very seriously. "Just tell me where you need my help."

Yun Feng was helpless. "It's not about that. You must be very busy these days."

Ao Jin smiled in embarrassment. He touched his face with his big hand and found that his face wasn't as smooth as before. Some stubble appeared. "Girl, you don't like it. I'll go tidy it up right now."

Ao Jin was about to get up, when Yun Feng quickly shook her head. "No need. This is good. There are a lot of trivial matters among the Dragons. Uncle Flirtatious, do you need someone to share your burden?"

"Old Qi shared the burden very well. That old man did a good job!"

Yun Feng raised the corners of her mouth. It seemed that she really couldn't beat around the bush when talking to Uncle Flirtatious, or who knew where she would go? "What I mean is that the Dragons are still too few after all. For the reproduction and development of the race in the future, it's time... to consider expanding."

Ao Jin was startled. Expanding the race... "Indeed. After those bastards of the Red Dragons betrayed us, the Dragons became too few. It seems that it's time to urge them to reproduce."

What Ao Jin said almost made Yun Feng laugh. "Other clansmen don't have to worry. What I mean is... Uncle Flirtatious, shouldn't you find someone to accompany you? You can continue the bloodline of the Golden Dragon and have someone to share the burden for you."

Ao Jin blinked and looked at Yun Feng steadily. He finally understood what Yun Feng meant. Suddenly, his handsome face flushed like an apple. Yun Feng looked at Ao Jin and suddenly blushed. She only felt that something was wrong.

"Girl, do you mean... do you mean... you..." Ao Jin's golden eyes glittered as he stared at Yun Feng. He didn't dare to believe that it was true. Did this girl want to be his partner? What about Qu Lanyi? She didn't like him anymore? Ao Jin's heart was in chaos. Yun Feng asked again, "Uncle Flirtatious, do you want to find a partner?"

"Yes," replied Ao Jin quickly. As long as it's you!

Yun Feng frowned slightly. It turned out that Uncle Flirtatious really had such a thought in his mind. Did Yanran really hit the nail on the head? Yun Feng was silent for a few seconds and slowly said what Yanran said to Ao Jin. Ao Jin's originally flushed handsome face immediately became gloomy. There was no longer a glimmer of joy in his golden eyes, but an even gloomier color.

Ao Jin's expression quickly turned cold and he remained silent. His heart, which was beating hotly just then, was still pounding crazily. However, he was panicking with joy just then, and now, he was brewing with anger!

Yun Feng only saw Ao Jin's expression after saying a few words. She knew at a glance that Yanran had obviously angered this Young Master of the Dragons. The wishful thinking of the Qitun Tribe could be destroyed. This was the result Yun Feng had already expected. The reason why she said this was to remind Ao Jin that the Qitun Tribe was quite ambitious.

"If the Qitun Tribe have such an idea, Uncle Flirtatious should pay more attention to them in the future, lest they..."

"Girl, did she beg you to tell me this, or did you take the initiative to tell me?" Ao Jin asked with a sullen face. Yun Feng was slightly startled. "Yanran came to beg me. I won't take the initiative to set you two up. After all, the bloodline of the Fin Swallower isn't worthy of you."

Ao Jin heaved a sigh of relief in his mind. Before he could say anything, what Yun Feng said completely infuriated him. "In terms of bloodline, the Dragons are better. If Uncle Flirtatious really wants to, you can choose someone from the Dragons who's worthy of you. In that case..."

"That's enough!" Ao Jin shouted furiously as his golden eyes burned with flames!
