Chapter 1521 Emotions About to Explode (5)

Yun Feng was confused. This was the first time Ao Jin was angry with her. Why exactly?

“Do you really want me to find a partner?” Ao Jin gritted his teeth and squeezed out a sentence. “Are you tired of me and want me to stay away from you as soon as possible?”

Yun Feng was shocked. “That’s not what I meant. I...”

“Then don’t say such a thing again!” His golden eyes looked at Yun Feng with complicated undercurrents surging in them. For the first time, Ao Jin experienced the feeling of being pushed out by the woman he loved. The heartache from last time came again. Ao Jin only felt his heart tighten and ache. Was this the feeling of liking someone?

“Alright, I won’t mention it again.” Yun Feng said with a hint of coldness on her face. Seeing that, Ao Jin regretted his tone just then. Would this girl misunderstand anything...

“Kid, I...”

“If there’s nothing else, I won’t disturb you anymore.” Yun Feng turned around and was about to leave after saying that. Ao Jin was anxious in his mind. He couldn’t let her go! He immediately waved his hand and the door closed with a bang. Yun Feng raised her brows. What was he doing? She shouldn’t have interfered this time.

“You’re not allowed to leave!” Ao Jin shouted furiously. Yun Feng raised her brows. Ao Jin looked at Yun Feng’s clear eyes and hoped that she would only see him and that he was the first person she met. However, he wasn’t the first person who walked into his heart... Thinking of this, Ao Jin clenched his fists tightly. “I already have a partner in my mind. Kid, you don’t have to worry about me.”

Yun Feng was surprised. He already had someone he liked? When did this happen? “Is she from the Dragons? Or... someone I don’t know?”

His golden eyes glittered. Ao Jin said in a low voice, “Kid, do you still not understand what I’m talking about?”

Yun Feng frowned. What exactly should she understand? What exactly did Ao Jin want to say to her? Seeing Yun Feng’s expression, Ao Jin knew that what he said just then was for nothing. His body flashed and he extended his arm to pick Yun Feng up, just like before. Yun Feng was stunned by this sudden movement. Her armpits were suddenly propped up and she was lifted up just like that. Such an action made Yun Feng angry out of embarrassment. She wasn’t the kid she used to be anymore!

“Put me down!” Yun Feng glared at Ao Jin furiously, but Ao Jin didn’t let go and lifted her steadily in the air. His golden eyes looked at the pretty face in front of him without blinking, as if he wanted to see her clearly in his heart.

“I won’t consider anyone else except you. Perhaps since a long time ago, my heart can only accommodate you and no one else. Kid, I like you. Yun Feng, I like you.”

This sentence was like a thunderclap that appeared in Yun Feng's world, making her dizzy and a bit confused. Ao Jin's golden eyes were glittering with a strange light. Yun Feng was a bit panicked when she saw that. After Ao Jin said that, it was as if a huge rock was removed in his heart. Perhaps he should have said this and done this a long time ago. Perhaps he would've been the first person to walk into her heart.

Yun Feng blinked. Seeing that Yun Feng was a bit dumbfounded, Ao Jin couldn't help but smile. He put her down gently and rubbed the top of Yun Feng's head with his big hand. "Why? Are you dumbfounded?"

Yun Feng's hair was slightly messed up by Ao Jin. She was still immersed in what he said just then. Ao Jin liked her? Ao Jin liked her? Yun Feng's emotional thread suddenly moved. This was the first man who expressed his love for her so clearly, except for Qu Lanyi. Yun Feng didn't know how to react for a moment. Ao Jin had always been a good friend she could trust in her mind. Yun Feng didn't say anything as a very complicated feeling surged in her mind.

"Kid, I didn't say that to get any response from you. I know who you love in your mind, and I won't ask you for anything. I just want you to know my feelings for you. I don't want you to say what you said to me before as if there was nothing between us."

Yun Feng suddenly raised her head. There was a bit of helpless pain in Ao Jin's expression at this moment. "I'm sorry." Yun Feng only said this. Ao Jin sighed helplessly after hearing that and touched the top of Yun Feng's head with his hand. "Don't apologize to me. Don't apologize to me ever."

Yun Feng nodded. Seeing that her expression was different from before, Ao Jin really didn't know if he should be happy or worried. If he vented his feelings like this, it would bring trouble and burden to the girl after all. Would the girl treat him differently in the future?

"Kid, I..." Ao Jin said, but he didn't know what to say. The floodgates of feelings had already been opened and they couldn't go back to the past anymore.

"I know." Yun Feng raised her head and looked at Ao Jin seriously. "I know what Uncle Flirtatious wants to say. This relationship is very precious to me no matter what. Even though I can't respond... I'll keep it in my heart."

Ao Jin's heart pounded hard. That was enough. What he got was enough.

"Alright!" Ao Jin's voice trembled slightly. "From now on, I won't say such things to you again. I'll still be your Uncle Flirtatious and you'll still be my girl."

Yun Feng nodded and her black eyes darkened slightly. "I won't say what I said just then again. Uncle Flirtatious, just forget everything I said. I'll reject Yanran."

Ao Jin chuckled. "You don't have to. If you didn't mention this to me, I really wouldn't have thought that the ambition and confidence of the Qitun Tribe would be so inflated. Marriage with the Dragons... And they're planning to set me up? How can I be so easily set up?"

Hearing this rude expression, Yun Feng felt much more relaxed in her mind. Ao Jin was still the same Ao Jin as before. He hadn't changed at all. This sincere love wasn't a burden for her, but a beautiful memory.

“I’ll pay more attention to the Qitun Tribe. It’s fine if they don’t do anything. If they do, I won’t let them go easily! And that Yanran, I’ll go to the Qitun Tribe myself to explain this matter, lest these Qitun Tribe really think I’m easy to bully!”

Yun Feng chuckled. It seemed that Yanran would embarrass herself in front of the entire clan again. If she could think of such a thought, she should have expected the current consequences. With Ao Jin’s personality, he would definitely skin her alive!

“It seems that you’re leaving the North Sea?” Ao Jin looked at Yun Feng and asked.

Chapter 1522 Emotions About to Explode (6)

Yun Feng told Ao Jin all the information that the person of the Blood Souls revealed to her. Ao Jin looked rather complicated after hearing that. “It’s safer if I go with you myself.”

“I don’t know how long I’ll be in the East Sea this time and I don’t know what will happen in the East Sea. Finding the map fragment and the Blood Soul Base in the Abyss Mountain Range aren’t things that can be resolved overnight. Uncle Flirtatious, you’re the Young Master of the Dragons. You’ll be away from the clan for so long. What should you do about the clan?”

“That’s not difficult. It’s all up to Old Qi!” said Ao Jin, but Yun Feng smiled. “Elder Qi is indeed capable, but he can’t take care of everything. The Dragons will still be busy in the coming days. How can you leave them?”

“No! I’m concerned for you!” Ao Jin roared. “I won’t feel safe even if I send a few dragons with you! Unless I follow you myself!”

Yun Feng smiled. “If something really happens to the Dragons, won’t the world be in chaos without you, as the Young Master? If you’re really so worried, you can send a few capable Dragons to follow me. I can contact you anytime through them. When I find the Blood Soul Base, I’ll certainly inform you.”

Hearing what Yun Feng said, Ao Jin was finally relieved in his mind. What he was most worried about was Yun Feng’s impulsiveness. He definitely couldn’t follow her himself. After all, there were indeed a lot of things that the Dragons needed him to do. He couldn’t leave at all. He could only wait for the Dragons to take root in the Endless Ocean before he could become the Ao Jin he used to be.

“I’ll send a few capable people to follow you. Once you find the Blood Soul Base, you can’t be impulsive. Tell them to reply to me and I’ll meet you!”

Warmth flowed through Yun Feng’s heart. She had already said thank you. Besides, such feelings couldn’t be offset by just a thank you. “Yes, I know.” Yun Feng nodded. “But not too many. Just one or two people.”

Ao Jin was silent for a while. “You’re right. It’s better to keep a low profile when you first enter the East Sea. If there are too many dragons, they’ll ruin your business.”

Yun Feng continued chatting with Ao Jin for a while longer before she said goodbye and left. In two days, she decided to set off for the East Sea. When she returned to the small yard, she met Ze Ran. Seeing Yun Feng come back, Ze Ran chuckled. “You’re back?”

Yun Feng replied and also smiled at Ze Ran. "I'm going to the East Sea in a couple of days. What about you? Are you going back to the Ten Thousand Beast Mountain Range?"

Ze Ran's expression changed slightly. "No, I'll go to the East Sea with you. You certainly need other help to deal with the Blood Souls. It's best if I can help you. I'll go back to the Ten Thousand Beast Mountain Range after you finish your business. My own business... isn't urgent."

"Are you really not in a hurry? Don't postpone anything for yourself or people who are important to you because of me."

Ze Ran was startled. Then, he smiled wryly. "Important people? How can there be important people to me?"

Yun Feng chuckled and sat on the ground. She looked up at the sky of the Endless Ocean, which was a clear blue color. Ze Ran looked at the side of Yun Feng's face silently. He wanted to ask what Ao Jin said to her, but he suppressed it in the end. The two of them looked at the sky quietly without saying anything. However, Ze Ran was smiling in his mind and at the corners of his mouth. Sometimes, it was a kind of happiness to accompany her quietly like this.

A lot of things happened in the next two days. Ao Jin went to the Qitun Tribe in person. Yanran was overjoyed. She thought Ao Jin agreed to her request, but what Ao Jin said made Yanran completely ashamed. She couldn't lift her head in front of the entire clan at all. The Qitun Tribe offended the Young Master of the Dragons because of this. The Qitun Tribe couldn't help but complain about Yanran, thinking that she did it out of her own desire and implicated the Qitun Tribe.

No matter how obedient the Qitun Tribe was in the future, it would be very difficult for them to win the trust of the Dragons. They could only operate carefully in their small territory. When the Chili Clan was the boss, the Qitun Tribe could still be a bit presumptuous. However, after they came under the command of the Dragons, the Qitun Tribe lived very carefully. After all, the Chili Clan was on a different level from the Dragons.

Yanran's status in the clan plummeted because of this matter. The Qitun Tribe infuriated the Dragons because of this matter, so they certainly blamed everything on Yanran. Yanran was no longer as energetic as before. Her status in the clan wasn't as high as before, so Yanran naturally blamed everything on Yun Feng. However, Yanran still retained her rationality. She wasn't Yun Feng's match, so she could only grit her teeth and swallow all her anger.

Yanran's life became worse and worse, as if she was walking on thin ice. After learning about this situation again, Yun Feng only smiled and didn't pay attention to Yanran anymore. After all, she was going to the East Sea soon. On the day she left, the helpers of the Dragons also arrived. They were two serious and silent young Dragons.

Yun Feng didn't notice them in the past. The two of them came to Yun Feng's side and almost didn't say anything. They just followed Yun Feng silently. Both of them were at Grade 4 of the God Level, which was a huge help for Yun Feng! The people sent by Ao Jin were indeed the elites of the Dragons!

Mu Canghai originally thought that nobody talked less than him, but after the two young men of the Dragons came, Mu Canghai was completely defeated. Yun Feng asked their names and the two of them replied quickly, "Long San, Long Wu." They didn't say anything else. No matter how Yun Feng tempted

them to talk, they didn't say anything. In the end, Yun Feng gave up. It was not bad to have these two people following her quietly.

After two days, Yun Feng officially said goodbye to the North Sea. Near the border between the North Sea and the East Sea, Ao Jin instructed the two young dragons again. Seeing Ao Jin's unusually serious expression, Yun Feng was a bit helpless. Perhaps she shouldn't have borrowed the two of them.

Mu Canghai came out of the Dragon Palace and stood next to Yun Feng with Ze Ran, watching Ao Jin instructing the two young Dragons. Mu Canghai and Ze Ran both raised the corners of their mouths and didn't comment.

"Kid, these two kids will protect you well. Don't worry!" Ao Jin and the two young Dragons walked over. Ao Jin chuckled at Yun Feng. Yun Feng obviously saw that the muscles of the two young Dragons were much tightened.

"Got it, Uncle Flirtatious. However... if they don't mind, can they enter the Dragon Palace first... After all, Mu Canghai and Ze Ran are both outside. There'll be too many people."

Chapter 1523 Emotions About to Explode (7)

"No problem! They'll do whatever you want them to do!" Ao Jin burst into laughter and patted the shoulders of the two young people with his big hand. "Protect the girl well." The muscles of the two young people immediately tightened again and they shouted in unison, "Yes, Young Master!"

Ao Jin nodded in satisfaction. The corners of Yun Feng's mouth twitched a few times. "Sorry for troubling you. I'll take you out if I need you." After saying that, Yun Feng put the two young Dragons into the fifth level of the Dragon Palace. Ao Jin looked at Ze Ran and Mu Canghai and didn't bother to talk to them anymore. He only looked at Yun Feng deeply. "Be careful when you go to the East Sea. Remember what I said. Don't act recklessly when you find the Blood Souls. Tell them to come back and tell me. I'll definitely come to help you!"

"Got it. I'll remember what you said." Yun Feng nodded solemnly. Ao Jin sighed. "Alright, kid. You should go first."

Yun Feng turned around and strode forward. Ze Ran and Mu Canghai turned around and cupped their fists at Ao Jin. Ao Jin was stunned for a moment, then cupped his fists too. The three men looked at each other and saw the expression in each other's eyes. They would do anything to protect her and not let her get hurt!

After Ze Ran and Mu Canghai cupped their fists, they quickly turned around and followed Yun Feng across the border of the sea, officially stepping into the East Sea. Ao Jin watched the three of them go further and further away with his golden eyes, gradually disappearing in the East Sea. Ao Jin finally looked away and left quickly without any reluctance.

The border was silent. Then, a black shadow suddenly darted towards the East Sea at an extremely high speed! The black shadow kept forward at a terrifying speed. Looking carefully, the black shadow was chasing in the direction where Yun Feng left!

"Swish, swish, swish..." The black shadow quickly disappeared into the vast East Sea. The seawater rippled slightly in this space, as if nobody had ever been here. Yun Feng had never thought that she

would meet this person again in the East Sea and this person would get her involved in something she had never expected.

The East Sea could be said to be the calmest and yet the most complicated sea area in the Endless Ocean. There were occasional conflicts in the South Sea, and the West Sea was very peaceful. The North Sea was full of endless violence. Even though the East Sea was also very calm, it gave people the feeling that it was like a deep pool that couldn't be seen at all.

Yun Feng had already been in the East Sea for more than ten days, so she certainly met some members of the Sea Clan in the East Sea. These members of the Sea Clan weren't curious at all when they saw Yun Feng and the others, as if they didn't care that the aura on Yun Feng's body was that of an outsider at all. On the surface, the East Sea seemed to be the most tolerant of outsiders.

Since Mu Canghai was already dead, the aura on his body was extremely unique. It could be said that he couldn't emit any aura at all. This was understandable. Some powerhouses liked to restrain their aura. Perhaps they hadn't reached the point where they didn't have any aura at all like Mu Canghai. There were powerhouses with all kinds of weird tempers and habits. Coupled with the tolerance of the East Sea towards the foreign races, Mu Canghai had already been automatically ignored and wouldn't become the center of attention.

Yun Feng and the others walked in the East Sea smoothly for more than ten days. Their goal was very clear, the Abyss Mountain Range

The captured Blood Soul was the best guide. Under his guidance, Yun Feng arrived near the Abyss Mountain Range successfully. Of course, some torture was inevitable along the way. The screams of the soul along the way and the sound of roasting kept coming.

"Is what he said trustworthy? Don't let him lead us into a trap on purpose." Mu Canghai looked at the soul in Yun Feng's hand suspiciously. At this moment, the soul was on the verge of death. Yun Feng put the soul back into the bottle and looked at the continuous underwater mountains not far away. That was the Abyss Mountain Range.

"If he dares to lie, he can imagine what will happen to him," said Ze Ran in a low voice as he thought of the screams that kept coming along the way. Sometimes, the torture on the soul would be stronger and more sensitive than what the body felt. If they had to torture someone for a confession, it would be more direct and effective on the soul. It was just that it was hard to accomplish that while the body was still alive. However, Gong Tianqing's Dead Fire was an exception. It could ignore the body and directly cause damage to the soul.

So, as long as they were burnt by Gong Tianqing's Dead Fire, nobody was willing to lie.

To enter the Abyss Mountain Range, they had to pass through a small village, because the entrance of the Abyss Mountain Range was on the other side of the small village. Yun Feng and the others immediately went to this small village. When they approached the village, Yun Feng suddenly turned around and looked back again.

"What's wrong?" Both Ze Ran and Mu Canghai asked with concern. Yun Feng narrowed her eyes and looked carefully. She said in a low voice, "I keep feeling that something is following us along the way."

Mu Canghai and Ze Ran immediately became vigilant after hearing that. The two of them looked at each other silently and their bodies flashed as they quickly carried out an inspection of the rear area. Soon, the two of them came back and didn't find anything useful. "Maybe I was too nervous." Yun Feng chuckled and turned around to continue traveling. After walking for a while, the feeling of being stared at rose again. Yun Feng quietly turned her head and suddenly looked back! However, there was nothing.

Was she really thinking too much? Yun Feng pondered secretly, but she couldn't get rid of the feeling of being watched. Even though Yun Feng didn't find anything, she had never let down the vigilance in her mind. She would know sooner or later if someone was following them.

The small village near the Abyss Mountain Range was even more lively than Yun Feng thought. When the three of them came to this small village, they were surprised to see a lot of strong people gathered here. There seemed to be a lot of them! When they walked into the town, they found that not only were these powerhouses gathered here, but there were also some soldiers of the Sea Clan wandering here. There were also a lot of them.

Yun Feng couldn't help but feel surprised when she saw this scene. So many masters and powerhouses were gathered here for some kind of treasure, but why were these soldiers gathered here? There seemed to be a lot of soldiers and they all looked vigilant. Even if this small village was under the jurisdiction of a certain Sea Clan, there was no need to send so many soldiers here to guard it. Was everything related to the Abyss Mountain Range?

Chapter 1524 Emotions About to Explode (8)

Yun Feng came here for the Blood Soul Base in the Abyss Mountain Range. The people gathered here certainly couldn't be here for the Blood Soul Base. Yun Feng got the answer after asking around. The masters and powerhouses gathered here were all here to enter the Abyss Mountain Range. She heard that they were here for some relics in the Abyss Mountain Range.

Relics? Yun Feng raised her brows. There would more or less be some tricks hidden in places with relics. There might be a fortuitous encounter in the relics. The mentality of these masters could be imagined. However, since they were here, why didn't they enter the Abyss Mountain Range? Instead, they assembled in this small village?

After asking around in detail, Yun Feng figured out the whole story. The relics that extended out of the Abyss Mountain Range had only been discovered recently. It was just vague information, but it attracted the interest of all the powerhouses in the East Sea. They immediately rushed to this small village. Everyone wanted to enter the mountain range first so that they could explore the relics. So, a very serious fight happened and countless people were killed or injured. The news about the Abyss Ruins quickly spread and was soon known by the few domineering members of the Sea Clan in the East Sea. This relics were automatically included in the official territory. In order to appease these powerhouses who came, the few famous members of the Sea Clan in the East Sea set a date. On this day, the Abyss Mountain Range would be completely opened and the powerhouses from all over would enter at the same time. This way, there would be a lot less conflict.

As the date approached, more and more powerhouses appeared here. The soldiers wandering here were all here to guard the entrance of the Abyss Mountain Range to prevent people from sneaking in.

With the strict supervision of the officials, this place finally returned to its peaceful state and nothing like before happened anymore.

Yun Feng also investigated secretly. The entrance of the Abyss Mountain Range was heavily guarded and surrounded. There were a lot of powerhouses. Even though most of these soldiers weren't as strong as Yun Feng, it wasn't easy to deal with them if they caused chaos. Besides, Yun Feng was here to explore the Blood Soul Base this time. Her purpose was completely different from these people. There was no conflict between them. She could go in together with them on the day of the opening.

There was still a week to go before the opening date. Yun Feng and the others found a place to settle down first and observed this small village quietly. In these seven days, more and more powerhouses came. There were more than a dozen God-Level powerhouses and a few of them were as strong as Yun Feng.

Once you stepped into this small village, countless auras would shoot at you to find your strength. This was already a way of greeting between powerhouses. Even though there were indeed powerful people here, Yun Feng thought that the real big shots hadn't shown up, because none of the big shots of the Sea Clan in the East Sea had yet to show up.

In these seven days, Yun Feng and the others wandered on the street and sat down to listen to other people's discussions from time to time. Those above the God Level wouldn't come out. Those who came out often were all below the God Level. These people talked more casually. Yun Feng could get a lot of information from listening.

There was only one race in the East Sea that could truly be considered a big shot, called Chao Xi. Then, there were some second-rate Sea Clans, a total of five. After that, there were some Sea Clans that were even smaller and weren't very strong. They weren't worth mentioning. These Sea Clan members of the East Sea were mostly talking about the Chao Xi Tribe.

After hearing a lot of discussions, Yun Feng remembered a name that was often discussed, Hao Tian, who was a genius that appeared out of nowhere in the Chao Xi Tribe. His strength and talent were unparalleled. Coupled with the fact that he was a direct descendant, everyone certainly knew what kind of prospect such a genius would have in the future. The discussion even said that Hao Tian had already broken through to Grade 5 of the God Level at the age of a hundred!

Yun Feng and the others were all silent after hearing these discussions. In the end, Ze Ran couldn't help but laugh. "A hundred years old, Grade 5 of the God Level, a top genius... Yun Feng, what should you be? The top of the top?"

There was also a smile in Mu Canghai's eyes. Hao Tian reached Grade 5 of the God Level at the age of 100, but Yun Feng was only in her early thirties right now and had already reached Grade 4 of the God Level. It was obvious who was more talented between the two of them.

Yun Feng chuckled. "My situation is different. He's reached Grade 5 of the God Level at the age of a hundred. He's indeed a genius. It's even more so in such a place in the Endless Ocean. In the human world, it'll probably take me more than a hundred years to reach Grade 5 of the God Level."

Ze Ran and Mu Canghai both raised the corners of their mouths. With Yun Feng here, no genius in this world would dare to call themselves a genius. Yun Feng's current strength was partly thanks to her luck, but her talent was also unparalleled.

"According to these people's discussion, Hao Tian will also come here?" said Ze Ran. Mu Canghai also said on the side, "The attraction of that Abyss Ruins is extraordinary. What exactly is inside that can attract so many powerhouses?"

Yun Feng chuckled. She had been to a lot of relics. The gods' relics, or the Yun Palace of the Yun family, and the Forsaken Maze. Every time she went to such a place, she would encounter some extraordinary things. The Abyss Ruins? must be the same. The experts certainly wouldn't miss this opportunity. They might rise to the sky in a single step after this fortuitous encounter!

"In any case, my path is different from theirs. They're looking for their Abyss Ruins, and I'm here for a different goal." Yun Feng whispered. Mu Canghai frowned slightly. "I'm just afraid. By then, those powerhouses whose eyes are already red will ruin your business."

Ze Ran also frowned. "That's indeed the case. They don't know that there's also a Blood Soul Base there. If they discover it, they might alert the enemy! With the personality of the Blood Souls, they'll definitely change the location quickly."

Yun Feng also frowned. "If that's the case... then we must do whatever it takes to beat them to it!"

It was already the fifth day of the seven days. On this day, a small commotion was caused in the small town. The people of the five second-rate tribes came and some small commotion happened among the powerhouses gathered in the town. On this day, Yun Feng and the others happened to be listening to the chatter of others on the street. They clearly felt that a few powerhouses with relatively magnificent strength came to the town. The few people who were chatting next to them immediately explained to Yun Feng.

Chapter 1525 Emotions About to Explode (9)

"The people of the second-rate tribes are finally here... They really don't want to miss any good opportunity."

A dozen figures came one after another from the sky. They landed from the sky in a very awe-inspiring manner. Not many people from the five tribes came, some old and some young. Those older people all had serious and silent expressions on their faces, but the young people were even more direct. Their expressions were full of arrogance.

They were indeed quite strong, but not too strong. The strongest members of these second-rate tribes were only on par with Yun Feng. There weren't many people at Grade 4 of the God Level. Those young people were all below the God Level.

"Everyone really dares to come out and join in the fun." These young people spoke arrogantly with the strength of their tribes and looked down on these powerhouses who came because they wanted to try their luck. "In my opinion, if these powerless people don't want to die, they should leave as soon as possible." The young people chatted and laughed, but every word was mocking. The second-rate tribes

seemed to have a good relationship. They walked forward together. Yun Feng sat there quietly and listened to these young people continue mocking her.

“In my opinion, our few tribes should share the Abyss Ruins with Chao Xi. These people aren’t qualified to enter at all. These people took advantage of the good stuff for nothing. I really don’t know what Hao Tian of Chao Xi is thinking!”

“Who knows what he’s thinking? I think he’s best at going against the five families!”

“It’s fine if you want to share the relics. But we have the right to enter first no matter what. It’s all his words. Why do we have to enter at the same time?”

The group of people from the second-rate tribes walked past where Yun Feng was standing on the street. The few young people talked even more enthusiastically and every word was sarcastic, mocking secretly that the people sitting here weren’t qualified to step into the Abyss Mountain Range and they were the only ones who were. The powerhouses sitting here all gritted their teeth and held their fists tightly. They wouldn’t be able to get into trouble with the second-rate tribes because of this.

“Don’t talk too much! Don’t talk about Hao Tian!” An elder said. These young people replied gloomily and finally shut their mouths. However, arrogance and disdain were still on their faces. The other powerhouses were extremely angry, but Yun Feng could still smile.

The members of the second-rate tribes slowly walked past this street. Seeing that they were gone, these powerhouses finally cursed angrily, “F*ck, do they really think they’re something? Look at yourselves in the mirror! You’re just second-rate goods. What’s there to be proud of?”

“That’s right. How dare they say anything bad about Chao Xi and Hao Tian? They don’t deserve to mention Hao Tian’s name!”

“They’re just jealous and envious. They don’t dare to say anything in front of him.” Yun Feng said with a faint smile, which immediately attracted voices of agreement.

“You’re right, little girl! Those people can only be awe-inspiring for a while when Chao Xi isn’t around. What second-rate tribes? I think they’re all snakes and rats!”

“They’re not ashamed at all! Just wait. They can only be arrogant in these few days. When Chao Xi’s Hao Tian comes, they’ll all be talking with their tails between their legs!”

“You’re all so defensive of Hao Tian. It’s truly not easy for a member of the Chao Xi Tribe to be recognized so widely,” Yun Feng said indifferently. The powerhouses around all burst into laughter.

“Little girl, you’re an outsider, so you certainly don’t know what kind of person Hao Tian of the Chao Xi Tribe is. He’s not just a genius. He’s also a person who can say anything in the East Sea!”

“Oh? He’s so powerful?” Yun Feng raised her brows. Ze Ran and Mu Canghai were also curious. The powerhouses around immediately opened their mouths. “The reason why the Chao Xi Tribe has its current status is because of this genius, Hao Tian. He’s extremely strong and has a noble status, but he doesn’t have any arrogance at all. He doesn’t show any disdain for those who are weaker than him.”

“Didn’t you hear what those second-rate people said? The reason why we have the chance to enter the Abyss Mountain Range this time is because of Hao Tian!”

“When the news of the Abyss Ruins spread, the Abyss Mountain Range was divided into their territory by those five second-rate tribes without permission! If it weren’t for what Hao Tian said, we wouldn’t have been able to enter at all!”

“There are too many things like this. Those second-rate tribes have already been dissatisfied with Hao Tian, but Hao Tian’s strength is outstanding and the status of the Chao Xi Tribe is there. No matter how much they hate him, they only dare to say it in private.”

Yun Feng raised her brows. So, she had to thank Hao Tian for allowing her to enter the Abyss Mountain Range. “It sounds like he’s indeed a good person.” Yun Feng chuckled. The powerhouses around also nodded. “The East Sea is truly lucky to have someone like Hao Tian!”

Yun Feng looked at the approval these people showed from the bottom of their hearts and couldn’t help but feel even more curious about Hao Tian. It was truly rare for such a talented young man to have such a broad mind and bearing. She really wanted to meet Hao Tian. Was he as they said?

That night, Yun Feng and the others returned to their accommodations to rest. Even though Yun Feng lay down, she wasn’t sleepy at all. The auras of countless powerhouses lingered in this town in the darkness, especially those at the God Level. Their auras often collided with each other back and forth. Yun Feng retracted her aura tightly. It wasn’t necessary for her to not test anyone. Thinking of Hao Tian that people talked about during the day, Yun Feng couldn’t help but think that if he was really as the rumors said, she could ask him for a favor. He clearly had the public support. Perhaps he could set a path and not hinder her...

“Who’s there?” Yun Feng suddenly turned around and jumped out of the window. Even though everything was black as far as the eye could see, Yun Feng could still see a black shadow swimming quickly in the darkness! Yun Feng was very sure that this was the person who had been spying on her along the way!

“You can’t escape!” Yun Feng looked at the extremely fast black shadow in front of her. She was chasing after it relentlessly, but she could only see a black tail. Its speed was too fast! She flipped her hand and the Finger Spiritual Jade had already appeared in her hand. As long as it recorded one’s aura, she’d see where they escaped to!

Yun Feng was about to record the aura in front of her, when she suddenly found that a certain light spot on the Finger Spiritual Jade had already lit up at this moment! Yun Feng looked at the constantly flashing light spot and suddenly stopped. The fast-moving black shadow instantly disappeared. Yun Feng stood there quietly and took a deep breath as she looked at the Finger Spiritual Jade. “Luo Teng, I know you’re nearby. Come out.”

Chapter 1526 Emotions About to Explode (10)

Yun Feng really couldn’t imagine that Luo Teng, whom she used a trick to shake off back then, could follow her here! He would never have noticed that she left with the Dragon Palace back then, but now... he followed her cleverly!

In the darkness, a figure slowly walked out of the shadows. Luo Teng’s young face was covered in dark clouds. Yun Feng looked at him speechlessly. “You’re chasing me so relentlessly. What exactly are you chasing? I really don’t have anything here.”

Luo Teng looked at Yun Feng quietly and asked after a while, "How did you get rid of me?"

Yun Feng was startled. "I certainly have my ways. Why? Do you still want to follow me forever?"

Luo Teng gritted his teeth. "Of course! You're the first person who can get rid of me!"

Yun Feng was completely helpless. This kid was too stubborn. Yun Feng looked carefully. Luo Teng's face was very dirty. Apparently, he had been chasing her all the way and made himself look miserable. Yun Feng smiled helplessly. "I have my own private matters. If you insist on following me, I'll still get rid of you."

Luo Teng suddenly narrowed his eyes after hearing this, as if he was considering Yun Feng's declaration. He had always believed that nobody could shake him off in the past, but now Yun Feng successfully shook him off! And unknowingly! Since she could succeed the first time, there would certainly be a second time, a third time, and many times!

"Tell me, what exactly do you want?" Yun Feng asked softly when she saw that Luo Teng seemed to be changing his mind. Luo Teng pursed his lips tightly and said in a low voice after a while, "What I want is... a map fragment."

A map fragment? Yun Feng raised her brows. Luo Teng was looking for a map fragment? Yun Feng indeed had a map fragment, but she couldn't give it to Luo Teng.

"Well, there's nothing I can do," whispered Yun Feng. Luo Teng looked at Yun Feng deeply. "I only learned about you after hearing about the North Sea. I didn't expect you to be related to the Dragons."

Yun Feng didn't say anything. It wasn't easy for this kid to chase her all the way here with this information, but she couldn't give him the few map fragments on her. "There was a young You Yan in the box that day. There weren't any map fragments like you said."

"You Yan? There's a You Yan inside? Take out that You Yan and I'll believe you and stop pestering you."

Yun Feng was stunned. That little thing had already run away a while ago! Where could she find the You Yan for him? "It ran away."

"It ran away?" Luo Teng looked at Yun Feng in amusement. "I won't believe that!"

Yun Feng frowned. It seemed that this kid was determined to follow her, but she didn't want him to know what she was going to do next at all! Was she going to use the Dragon Palace again? How troublesome! Yun Feng was quite frustrated in her mind. It would be great if someone could take this kid away...

"Hey! You're here... Are you also interested in that Abyss Ruins?" Luo Teng asked. Yun Feng raised her brows. "Why? I can't be interested in it?"

"There's nothing good here at all. You'll only regret and be disappointed if you go. What a waste of time!"

What Luo Teng said aroused Yun Feng's interest. "So, you've been there?"

Luo Teng was startled. "No, why would I go to such a godforsaken place?"

“If you’ve never been there, why are you urging me to leave? Is there... someone or something you’re afraid of here?”

Luo Teng’s expression changed abruptly. Yun Feng’s black eyes brightened. She was right! Children really couldn’t hide anything from their faces. “You... You’re talking nonsense!”

Seeing that Luo Teng was getting more and more panicked, Yun Feng was even more convinced. “I’ve been here for a long time. If you still want to pester me, just do it.”

“You...!” Luo Teng gritted his teeth and looked at Yun Feng. “You... You... Don’t be so proud! I’ll definitely follow you!”

Yun Feng burst into laughter and turned around to leave, but a powerful aura suddenly swept over. Yun Feng sensitively turned her body and the aura directly passed her and went straight to Luo Teng behind! Luo Teng had already run away smartly, but the aura locked him firmly. A voice came from the sky. “You’ve had enough fun. It’s time for you to come back.”

Luo Teng, who wanted to run away in panic, was caught by the master of the voice. Yun Feng stood aside and watched a figure descend from the sky. It almost became one with the darkness. Luo Teng was quickly lifted out. Like a chick that had been waiting to be slaughtered, he was grabbed by the collar and half lifted in the air. At this moment, Luo Teng’s face showed an expression that matched his age with a hint of panic and embarrassment. His eyes floated and he didn’t dare to look at the person next to him.

A figure walked out of the dark. He was wearing a light-colored robe and looked extremely refreshing. Shadows fell on his serious and expressionless face. Even though the combination of his facial features was perfect, the stiffness of his face made his handsome face lose some color. He was tall and had a strong aura. The strength of the person in front of her was above Yun Feng’s. Yun Feng couldn’t help but feel curious about this person.

“Xiao Luo, where do you want to go?” That person said. Luo Teng put on a wry smile and turned around to smile at that person helplessly. “Brother...”

Brother? Yun Feng raised her brows. The person in front of her was Luo Teng’s brother. No wonder Luo Teng was so obedient in his hands. It was useless even if he wanted to escape. The person holding Luo Teng seemed to have noticed Yun Feng’s existence. He looked at Yun Feng deeply with his dark eyes and turned around to leave with Luo Teng.

“Wait! We can’t leave yet! She has what I want!” Luo Teng shouted nervously as he shook the arm that was holding him. The cold young man raised his brows slightly and grabbed him even tighter. “What important things can you have? You can forget them.”

“You can’t abandon that thing! I worked hard to find out!” Luo Teng shouted. The young man finally stopped and looked at Luo Teng from above. “You mean... you ran out for so long for this thing?”

Luo Teng’s face froze. “I... I... Brother, she does have what you’re looking for!”

Yun Feng frowned. Luo Teng was looking for the map fragment. It seemed that it wasn’t his wish. It should be this young man’s goal. The young man turned around slightly and glanced at Yun Feng, as if he didn’t care. Luo Teng was anxious. “Really! I’m telling the truth! I found that it was in the East Sea and finally broke in. I met her!”

Chapter 1527 Abyss Mountain Range (1)

Yun Feng said in a low voice, "As I said, the thing in the box isn't the map fragment you want."

The young man raised his brows slightly. Luo Teng gritted his teeth. "I don't believe it! You have it!"

Yun Feng's face darkened a lot. The young man suddenly raised his hand and Luo Teng was completely picked up. "No matter who has this thing, don't embarrass me again." What the young man said coldly made Luo Teng's expression a bit stiff. After saying that, the young man looked at Yun Feng. "I don't care if this thing is in your hands. If it's really in your hands, I'll get it back sooner or later."

Yun Feng raised her brows. The young man flashed with Luo Teng in his hand and had already turned into a shadow, completely melting in the darkness. His aura soon disappeared. Yun Feng stood there thoughtfully. Who exactly was this person related to Luo Teng? He shouldn't be simple with his strength.

The young man's aura completely disappeared. Yun Feng stretched and chuckled. That was good. She would be much less worried if Luo Teng was taken away. At least, she wouldn't have a little tail following her anymore. However... there was another competitor for the map fragment.

The next day was already the sixth day of the seven days. The members of the second-rate tribes had already gathered in this town. Apart from the Chao Xi Tribe, who hadn't arrived yet, everyone else who should be here was here. Before the members of the Chao Xi Tribe came, the members of the second-rate tribes were arrogant and looked like they were the most respected. The other powerhouses could only swallow their anger. After all, they didn't have a powerful family to rely on. Everyone was looking forward to the arrival of Hao Tian of the Chao Xi Tribe in their minds.

Yun Feng and the others came to the street as usual and merged with these powerhouses. They listened to many people complain about the second-rate tribes. Yun Feng and the others only smiled and heard more people's anticipation for Hao Tian of the Chao Xi Tribe. The atmosphere in the town was quite depressing. Almost everyone was looking forward to the arrival of the same person, but on the sixth day, Hao Tian of the Chao Xi Tribe didn't come.

The seventh day was the day the Abyss Mountain Range opened. Many people were surprised and disappointed that Hao Tian still didn't come. Did the Chao Xi Tribe give up the opportunity to explore the Abyss Ruins? Many powerhouses made regretful sounds. If that was the case, it would be a pity and those second-rate tribes would benefit too much. The attitude of the second-rate tribes was even more arrogant. If the members of the Chao Xi Tribe didn't appear and Hao Tian didn't appear, this would certainly be their world.

The seventh day came. Today was the official opening of the Abyss Mountain Range. Many powerhouses rushed to the entrance of the Abyss Mountain Range early in the morning. When Yun Feng and the others arrived there, many powerhouses were gathered around the entrance of the Abyss Mountain Range, but most of them were only standing at the periphery of the entrance. The place closest to the entrance was empty. Yun Feng understood that it should be a space specially reserved by second-rate tribes.

Very soon, a dozen people from the second-rate tribes swaggered over. The crowd made way for them. There was indescribable pride in the eyes of the older generation, not to mention the arrogant look of

the younger generation. Many experts despised them in their minds, but nobody objected to such an arrangement.

“Is the Chao Xi Tribe really giving up this opportunity?” The powerhouse standing next to Yun Feng said angrily. “If Hao Tian doesn’t come, I don’t think anyone can suppress these arrogant guys!”

“Without Hao Tian, these second-rate tribes will definitely cause trouble!”

Hearing the whispers of the people next to her through gritted teeth, Yun Feng looked at the second-rate tribe standing closest to the entrance. Without Hao Tian of the Chao Xi Tribe here, the rules would probably have to be changed.

“Hao Tian of the Chao Xi Tribe won’t come. It’s good that he doesn’t come! He won’t get in our way!”

“Haha, what are we waiting for? Let’s go in first!”

The people of the second-rate tribes clamored to enter right now. The guards defending the mountain range all looked troubled. Many powerhouses gathered at the entrance of the Abyss Mountain Range also looked angry! However, these were second-rate tribes that couldn’t be provoked!

“Who are you stopping? The person who set the rule won’t come. We certainly don’t have to follow this rule!” A young man from a second-rate tribe shouted loudly.

“It’s fine to talk about rules, but you certainly have to follow our rules!”

The younger generation of the second-rate tribes all spoke arrogantly. The older generation didn’t support them, but they didn’t stop them either. It seemed that they thought so in their minds.

“You’re truly arrogant. You’re truly shameless to a certain level!” The powerhouses around Yun Feng all cursed furiously. Yun Feng smiled helplessly. She could go in anytime. It was fine as long as others didn’t interfere with her. Everything else didn’t matter.

“The rule is set by the Chao Xi Tribe. Who do you think you are? You think you can ignore it just because you say so!” Finally, a powerhouse exploded. Discontent immediately surged like a tide. The younger generation of the second-rate tribes all blushed and shouted loudly, “So what if it’s set by the Chao Xi Tribe? They didn’t come. You’ll certainly listen to us! Unless Hao Tian comes here, you’re not even qualified to enter this place if you say anything else!”

“The rules are right there. Everyone is qualified.” A calm and steady voice floated over from afar. The voice came before the person arrived. It was clear and extremely penetrating. Everyone had different expressions after hearing this voice. Those powerhouses all looked excited. “It’s Hao Tian! He’s here!”

The people of the second-rate tribes stood rooted to the ground with stiff faces and gritted their teeth fiercely. They didn’t expect Hao Tian of the Chao Xi Tribe to really come back, but the timing was too accurate.

“Hao Tian! Damn it, he’s finally here!” The powerhouses next to Yun Feng were extremely excited. Yun Feng looked into the distance with her black eyes. Such a highly respected person had finally appeared. She really wanted to see what kind of person he was.

“Swish!” The sound of the air breaking was powerful and carried the afterglow of power. A black shadow flashed in front of everyone’s eyes. Nobody could see his movement speed clearly. He was too fast! Yun Feng could only see a vague figure with an inexplicable sense of familiarity. She didn’t see his appearance clearly until this person called Hao Tian stood still.

Wasn’t this the person she met the night before? Yun Feng was surprised. The person who took Luo Teng away that night was this famous person, Hao Tian?!

“What’s wrong?” Ze Ran and Mu Canghai asked with concern when they saw Yun Feng’s expression. Yun Feng chuckled after being surprised. “Do you remember the person I told you who took Luo Teng away?”

Chapter 1528 Abyss Mountain Range (2)

Ze Ran and Mu Canghai were enlightened. “Could it be... him?”

Yun Feng nodded. She thought that Luo Teng called Hao Tian brother. The two of them were brothers. So, Luo Teng was a member of the Chao Xi Tribe. As Hao Tian’s brother, Luo Teng’s status wouldn’t be low. This also explained why Luo Teng wasn’t strong but his speed was extraordinary. This might be the characteristic of the Chao Xi Tribe.

“Swish...” Another voice came behind Hao Tian. Yun Feng raised her brows. It was Luo Teng? Why was he here too?

It was still the light-colored robe he saw that night. Under the sunlight, his facial features were a bit less cold and a bit more gentle. Hao Tian could be considered a handsome man. That night, he didn’t see it clearly in the dark. There were three special marks between Luo Teng’s eyebrows on his face. Looking from afar, they were like three short feathers on his forehead, making him a bit mysterious.

“Hao... Hao Tian, you’re here...” The elders of the second-rate tribes all came up to greet Hao Tian very politely when they saw him. The younger generation didn’t dare to say anything at this moment. They looked at Hao Tian, who was almost as old as them, with envy, jealousy and hatred. Their arrogance just then immediately extinguished.

Luo Teng arrived a step later next to Hao Tian. The second-rate tribes were all a bit surprised to see Luo Teng. Luo Teng stood next to Hao Tian, but he looked at the experts around with his eyes and kept searching. Seeing that, Yun Feng knew that Luo Teng was looking for her. It seemed that this kid still hadn’t given up.

Unless they entered the Dragon Palace, any tricks would be useless. However, they couldn’t use the Dragon Palace at all in such an occasion. Yun Feng and the others could only stand there and let Luo Teng see them. Luo Teng and Yun Feng looked at each other in the sky. Yun Feng immediately understood Luo Teng’s gaze. It was a gaze that meant he wouldn’t stop until they surrendered.

“Retract your gaze. If you’re coming with me, don’t even think about acting alone,” said Hao Tian. Luo Teng’s expression froze and he lowered his head a bit reluctantly. Hao Tian glanced at the group of people from the second-rate tribes indifferently. Then, he looked away and walked forward, ignoring them completely.

Luo Teng followed Hao Tian and glanced at the second-rate tribes gloatingly. The faces of the second-rate tribes were extremely ugly, as if they had been painted with green paint. Seeing the expression of the second-rate tribes, these powerhouses undoubtedly vented their anger and cheered in their minds.

“Open the entrance.” Luo Teng said to the guards. The guards immediately nodded and shouted, “Open the entrance!”

Everyone was a bit excited after hearing this and the scene also became chaotic. There were stars in everyone’s eyes. They all hoped to get something from this exploration. After all, this was the largest exploration operation in the East Sea since the beginning of time and the Abyss Ruins appeared in front of everyone for the first time.

Nobody knew what was inside. The first to arrive would certainly have the best treasure.

“Everyone has an equal opportunity to explore the Abyss Ruins. After entering, you’ll rely on your own ability!” Hao Tian said. Nobody refuted him on the spot. Even though the entrance to the Abyss Mountain Range had already been completely opened, nobody stepped in, which showed how powerful Hao Tian’s aura was!

Yun Feng looked at the scene in front of her eyes and couldn’t help but feel a trace of respect for Hao Tian. To be able to do this, he didn’t just subdue these people with his strength. His charisma was also a huge reason.

Hao Tian waved his arm and immediately took action. The bodies of the powerhouses moved almost at the same time. Black shadows quickly rushed to the entrance of the mountain range. The people of the second-rate tribes also rushed in immediately. Their figures entered quickly, but Hao Tian stood at the entrance of the mountain without moving at all. The powerhouses next to Yun Feng had already run over. Yun Feng followed them, but she was already in the last wave.

Before Yun Feng entered the Abyss Mountain Range, she glanced at Hao Tian. Hao Tian also turned his face slightly and glanced at Yun Feng at this moment. Their eyes met. Yun Feng saw that there wasn’t any kindness in Hao Tian’s eyes. The corners of her mouth twitched slightly and she jumped into the Abyss Mountain Range.

Seeing Yun Feng rush in, Luo Teng moved his body and was about to chase after her in a hurry. Hao Tian said coldly without looking back, “Stand here.”

“Brother!” Luo Teng shouted anxiously. Hao Tian didn’t say anything else. Luo Teng looked at the entrance helplessly. Yun Feng had already disappeared there. If he hadn’t chased after her just then, it would be very difficult for him to catch up with her!

Luo Teng stood next to Hao Tian unwillingly. After all the powerhouses entered, Hao Tian finally turned around and looked at Luo Teng with cold and calm eyes. “Don’t get involved in this matter.”

“But brother, you’ve been searching for this thing for God knows how long. I finally found out, but...”

Hao Tian’s face turned cold. “Xiao Luo, for the last time, you don’t have to interfere in this matter.”

Luo Teng gritted his teeth and finally lowered his head. “Got it.”

Hao Tian glanced at Luo Teng and his body swayed. “Let’s go. It’s time for us to go in.”

Luo Teng followed Hao Tian without saying a word. He couldn't figure out what his brother was thinking. They had searched for the map fragment for so long. Why was his brother so indifferent right now? He went out to find it after receiving the news to make his brother happy... However, who would have thought that he would be scolded in return? Luo Teng was very aggrieved in his mind. Thinking of Yun Feng, Luo Teng was even angrier. He didn't believe that Feng Yun didn't have the map fragment. That map fragment must be in Feng Yun's hands!

Yun Feng followed many powerhouses into the Abyss Mountain Range. The entrance of the Abyss Mountain Range was a straight road. After passing through this straight road, they would officially enter the interior of the Abyss Mountain Range, but there were also more routes they could choose. After the powerhouses took the straight road, they all split up and walked in every direction. However, Yun Feng stopped at this moment. Looking around, this mountain range was very vast. There was a layer of fine mist in the sky, which made the vision in front of them much shorter. The powerhouses directly entered the mist and soon disappeared.

Yun Feng didn't want to walk on the wrong path. If she wanted to find the base of the Blood Souls in the shortest time possible, she would definitely need that guide, or she would walk on too many wrong paths here. Right now, Yun Feng hoped that the base of the Blood Souls was a bit further away from the Abyss Ruins, so that she could avoid a lot of trouble.

Chapter 1529 Abyss Mountain Range (3)

The powerhouses who were anxious to enter the Abyss Mountain Range were all a bit surprised to see Yun Feng stop here. Other people were rushing forward anxiously, fearing that they would be left behind, but these three people stopped? Although they were puzzled, the powerhouses rushed forward without slowing down. Yun Feng waited here quietly and patiently. Soon, no powerhouses rushed out of the entrance again, but Yun Feng still didn't do anything. She didn't forget that Hao Tian and Luo Teng hadn't appeared yet.

"Swish, swish, swish!" Two figures soon rushed out of the straight road behind her. Yun Feng's black eyes glittered. Very good. After these two left, there should be no one behind.

"You're still here?" Hao Tian suddenly stopped and looked at Yun Feng in surprise. Yun Feng chuckled. "I'm looking at the scenery and determining a good direction. I don't like to take detours."

Hao Tian raised his brows high, while Luo Teng looked at Yun Feng thoughtfully. There must be something wrong with her!

"Brother, why don't we..." As soon as Luo Teng said that, Hao Tian glanced at him coldly. "Let's go."

Luo Teng was startled. Hao Tian had already rushed into the mist. Luo Teng gritted his teeth and could only follow him secretly. After seeing the two of them enter, Yun Feng suddenly spread her mental strength and explored the surrounding area carefully. After confirming that nobody was here, she flipped her hand and a bottle appeared in her hand, removing the blockade of mental strength. A translucent soul rushed out.

Yun Feng clenched her fists and held the soul tightly in her hand. "You should know very well where to go."

The soul looked at Yun Feng in fear and nodded timidly. He had almost gone crazy from Yun Feng's torture during this period of time. Only the soul knew the taste of being constantly roasted. Seeing Yun Feng's black jade pendant, the soul kept shivering. Yun Feng nodded in satisfaction. Under the direction of this guide, she also rushed into the mist quickly and started her own exploration.

"Don't underestimate the layers of mist here. If you keep flying at such a high altitude and absorb too much mist, you'll have a strong illusion and you'll be trapped here forever."

Yun Feng and the others immediately landed from the sky and looked at the layer of faint fog in the sky. So, it had such a function. Many powerhouses might die in it. "Is there any place like ruins in this mountain range?"

Yun Feng asked as she walked forward. The soul thought for a long time and finally said, "I don't think so, but I'm not sure about everything."

Yun Feng glanced at the soul and it immediately shivered. "I... I'm telling the truth..."

"There seems to be a battle ahead." Ze Ran frowned slightly. Mu Canghai also sensed carefully. "There are indeed sounds of fighting."

Yun Feng said in a deep voice, "Go around carefully. Try not to cause trouble along the way."

Ze Ran and Mu Canghai nodded. The three of them completely restrained their auras and moved forward carefully. As expected, a fierce battle was going on ahead. The two powerhouses were fighting hard. Yun Feng and the others passed by quietly and kept moving forward.

"It seems that there will be a lot of battles along the way," said Ze Ran in a low voice. Mu Canghai said on the side, "Of course. It's fine as long as we don't get involved."

Yun Feng had the same plan. It seemed that there were other people on the road they were taking. She had to speed up and catch up with these people. She had to reach the base before them. Under the guidance of the soul, Yun Feng sped all the way forward. She encountered a lot of battles along the way, some duels and some in chaos. Yun Feng avoided them when she could. As she kept going deeper, she encountered fewer and fewer powerhouses. After all, Yun Feng was the only one who had guidance. The others had to find their way forward on their own. Of course, she couldn't rule out the possibility that the route others took was different from hers.

"Go straight and you'll see the base, but there's a spatial barrier around the base. Once outsiders get close, the people inside will know."

After hearing that, Yun Feng stuffed the soul back into the bottle. After putting the bottle away, Yun Feng looked ahead. "Next, we have to slow down and find the exact location of the space barrier before we discuss."

"Leave it to me," said Mu Canghai casually. Yun Feng glanced at him gratefully. "Thank you."

Mu Canghai chuckled. "There's no need to thank me. Let's go."

Ze Ran glanced at Mu Canghai and followed Yun Feng silently. The three of them began to slow down and search the location of the space barrier carefully. The reason why they were careful was to avoid

alerting the enemy. They had to break through this base in one go. Strength was one thing, and timing was another.

“There’s someone ahead.” Ze Ran and Mu Canghai said almost at the same time. Yun Feng also frowned instantly. She also detected the presence of auras ahead, and there was more than one aura! There were differences in strength. There were other auras in such a place. Were they from the Blood Souls or these powerhouses in the East Sea? It was very tricky to meet them here...

“Let’s take a look first.” Yun Feng said in a low voice. The three of them immediately sped up and rushed forward. When they saw the auras they detected, Yun Feng cursed fiercely in her mind. She met those people from the second-rate tribes here!

“How can it be them?” Mu Canghai and Ze Ran were also very surprised. The group of people sitting in front of them complaining were the dozen members of the second-rate tribes. The five second-rate tribes were moving together. Right now, the older generation all looked a bit serious, while the younger generation kept complaining.

“If they go any further, they might touch that spatial barrier,” said Mu Canghai in a low voice. Yun Feng frowned. That was indeed the truth. If these second-rate tribes went straight forward, they would probably encounter the spatial barrier. By then, the people of the Blood Souls would definitely be alarmed. Once the people of the Blood Souls showed up, they would certainly attract the attention of the East Sea. By then, the Chao Xi Tribe would definitely interfere and attack the Blood Souls. The base of the Blood Souls here might be moved. Once they were moved, it wouldn’t be so easy to find them again.

Thinking of the ancestor’s soul that was very likely imprisoned here, Yun Feng was a bit anxious in her mind. She didn’t want her plan to be destroyed and messed up. Once it was messed up, she didn’t know when she would find it again.

Chapter 1530 Abyss Mountain Range (4)

So, these second-rate tribes must be chased away. They must leave this place and change their direction no matter what!

“We’ve been walking for so long and we haven’t seen any traces of the ruins. I think we should’ve followed Hao Tian back then and taken fewer detours.”

“You’re right. I wonder if anyone found the relics. If someone really did, we’ll suffer a huge loss.”

“It’s all because of Hao Tian! If it weren’t for him, this ruin would definitely be ours! How would those people have a chance to get it? They’re truly lucky!”

“Alright, stop talking.” The elders were a bit upset and scolded them. The younger generation immediately fell silent. The older generation also looked worried. “Why don’t we keep moving forward?” Hearing what the older generation said, Yun Feng gritted her teeth in the dark. When she was about to flash out, she felt a powerful aura coming from behind!

Why was he here too? Yun Feng frowned even more tightly. Ze Ran and Mu Canghai’s faces also darkened. Hao Tian was also joining in the fun at this moment!

The powerful aura rushed over from behind and kept moving forward without stopping at all. Even if Yun Feng wanted to stop it, it was already too late. Hao Tian and Luo Teng's speed were incomparable! "It's Hao Tian!" The second-rate tribes immediately discovered Hao Tian. Everyone chased after him without another word!

The situation became even more complicated right now. Hao Tian and Luo Teng rushed forward, and these people of the second-rate tribes chased after them. Yun Feng looked at the dozen figures rushing forward and could only grit her teeth secretly. No matter what, she could only follow them! At most, these people would be the vanguard in the front. If they really alarmed the Blood Souls, she might be able to gain something in the chaos.

After making up their minds, Yun Feng and the others also ran forward. The three groups went deeper together. Mu Canghai's strange eyes suddenly brightened. "It's just ahead. I've already felt that space barrier!"

Yun Feng looked ahead with her black eyes and slowly clenched her fists. Once the space barrier was touched, the Blood Souls would certainly be alarmed. Even though things happened too suddenly, there was nothing she could do. Yun Feng gritted her teeth fiercely. Even if they were facing each other, she could only accept it!

"Yun Feng, stop!" A voice suddenly sounded in her mind. Yun Feng was shocked in her mind. That was Na Xie!

"Get out of here!"

"Boom, boom, boom..." The ground shook violently and the space also shook violently at this moment!

Yun Feng looked ahead with her black eyes. Na Xie was alarmed and showed up. What exactly was behind that space barrier?

"Fengfeng." Meatball's voice sounded. A chubby body had already run out of Yun Feng's bracelet space. As soon as Meatball stood on Yun Feng's shoulder, Yun Feng felt an obvious increase in its weight and her shoulder sank.

Yun Feng grabbed Meatball's body without thinking. When her hand really touched this chubby body, Yun Feng squeezed it slightly and frowned. Had the warm creature in her hand grown too much?

"It... seems to have gained a lot of weight." Ze Ran's eyes widened and Mu Canghai also blinked a few times. Ever since he saw this little thing last time, it had obviously grown much bigger this time!

Meatball's round body was a bit deformed after Yun Feng squeezed it gently. Its fluffy tail patted the back of Yun Feng's hand a few times and Yun Feng finally let go slowly. Meatball was obviously much fatter than before. Yun Feng suspected that if this continued, its body would really become a ball completely. However, there was no time to think about this right now. "What did you sense?" Yun Feng grabbed Meatball with both hands and asked.

Meatball nodded quickly and extended its little claws from the soft fur, scratching the back of Yun Feng's hand gently. "Nana, Fengfengna." Meatball shook its little head and asked Yun Feng not to go any closer. Yun Feng frowned. The tremors on the ground had already stopped and everything was calm again.

None of the three of them felt anything unusual, but Meatball was different. Especially when it warned Yun Feng with Na Xie's voice just then, Yun Feng was a bit vigilant.

If Meatball said that there was danger ahead, there must be danger. However, Yun Feng couldn't stop just like that. The base of the Blood Souls in the Endless Ocean was ahead. It was very likely that the soul of her ancestor, Yun Lan, was imprisoned inside!

This time, even though she knew that there was danger ahead, she had no choice but to move forward and couldn't retreat!

"Why don't we enter the Dragon Palace? It'll be safer that way." Mu Canghai suggested. Yun Feng thought for a moment and shook her head. "The Dragon Palace is too slow. If we slow down, we won't be able to know what will happen ahead. More importantly... Once we fight with the Blood Souls, I have to seize the opportunity quickly."

"Then we can only move forward more carefully." Ze Ran narrowed his eyes and looked ahead. Yun Feng nodded. Seeing that Yun Feng had made up her mind, Meatball was a bit dejected. Its little claws were still scratching the back of Yun Feng's hand persistently. Yun Feng put Meatball on her shoulder and had already dashed forward!

"I know there's danger ahead. I believe in your intuition." Yun Feng said softly. Meatball stared at the side of Yun Feng's face with its big eyes. "But even so, I won't stop... I can only move forward!"

Meatball didn't say anything else. Yun Feng turned her head slightly and smiled at Meatball lightly. Meatball's big black eyes glittered and its chubby body stood straight. Its fluffy tail swept over Yun Feng's cheek gently and it looked straight ahead with its cute little face. Yun Feng couldn't help but smile. Meatball also understood her feelings. If she couldn't stop, it would move forward with her side by side!

Yun Feng and the others moved forward quickly and soon saw the two groups of people walking in the front. Strangely, these two groups of people both stopped and didn't intend to move forward. To be exact, Hao Tian didn't intend to move forward. Those second-rate tribes that followed him certainly stopped.
