Chapter 1531 The Real Bottomless Abyss (1)

“Why aren’t they moving?” The members of the second-rate tribes whispered. Seeing that Hao Tian and Luo Teng didn’t move for a long time, they couldn’t help but feel a bit frustrated. The younger generation couldn’t help but mutter. However, the older generation was very careful. If Hao Tian didn’t do anything, they wouldn’t do anything. As the saying went, the bird that sticks out gets shot. If anything happened, Hao Tian should be the first to go out and take it.

“Brother, what’s wrong?” Luo Teng couldn’t help but feel a bit strange when he saw that Hao Tian stopped moving. Hao Tian frowned and didn’t say anything. Luo Teng turned around and looked at the second-rate tribes that followed them not far away. “They’re really a bunch of parasites.”

Hao Tian glanced at Luo Teng indifferently. “You don’t have to care about those people. It doesn’t matter if they follow us or not.”

“Why are we stopping here?” Luo Teng was puzzled. Hao Tian frowned and said in a low voice, “The road ahead is completely blocked.”

“Blocked? How is that possible?” There was still the same straight road in front of Luo Teng’s eyes and he couldn’t see anything unusual at all. Luo Teng didn’t believe it and extended his hand forward. Before he got close, he was bounced back by a powerful force!

“This... This is...” Luo Teng widened his eyes in surprise. Then, delight flashed through his eyes! “Is this... the Abyss Ruins?”

Hao Tian couldn’t help but feel a bit excited in his eyes. With such a powerful protection, it certainly wouldn’t be a simple place. It was very likely that the Abyss Ruins was behind, but it was a problem how to break this barrier.

“If I’m not wrong, it should be very possible.” Hao Tian looked ahead with his black eyes, but when he thought of the violent tremor on the ground just then, he felt uneasy in his mind. “I’ll try later and see if I can break this barrier. Xiao Luo, stay away from me.”

“Brother, I’ll help you!” Luo Teng quickly said, but Hao Tian said coldly, “It’s best that you don’t. Stand aside.”

Luo Teng retreated with an embarrassed look. The second-rate tribes couldn’t help but pay attention when they saw that Hao Tian was about to do something. Yun Feng took out the soul of the person of Blood Souls in the Dragon Palace. As soon as the soul appeared, it begged for mercy. “I’ll tell you everything I know. Yun Feng, let me go!”

“Is this the entrance of the Blood Soul Base?” Yun Feng held the soul in her hand. The soul was about to nod, but it was suddenly startled. “This, this... Why... Why are you here?”

She narrowed her black eyes. “I came along the route you showed me.”

“No, that’s not right. The route I mentioned was indeed correct...”

She squeezed her hand hard. “Where exactly is this place?”

The soul trembled fiercely in Yun Feng's hand and its eyes dodged. Yun Feng immediately took out the black jade pendant. When the soul saw the jade pendant, it immediately struggled desperately and wanted to return to the bottle. "I don't know... I don't know anything!"

The black jade pendant stuck to the soul and white smoke rose. A scream resounded in this space. "I'll talk, I'll talk, I'll talk..."

Yun Feng was already enraged in her mind. The people of the Blood Souls were indeed cunning. There might not be any base of the Blood Souls in the Abyss Mountain Range at all. She was very likely tricked!

The soul was on the verge of death again under the torture of the light elements. After screaming, its voice became much weaker. "It's... It's said that there are ruins of an ancient Sea Clan here..."

"So, you lured me here, hoping that something would happen to me so that you could take the opportunity to escape?"

The soul trembled fiercely and narrowed its clear black eyes. "The base of the Blood Souls isn't in the Abyss Mountain Range at all."

Seeing that Yun Feng's expression was getting colder and colder, the soul tried its best to get into the bottle. Yun Feng curled her lips coldly and the black jade pendant stuck to the soul fiercely, causing a scream! "Ahhh! Yun Feng, I'll tell the truth. Let me go! Ahhh!"

After stuffing the screaming soul into the bottle, Yun Feng put away the black jade pendant with a cold expression. "What should we do now?" Ze Ran and Mu Canghai were both a bit angry. If it were them, they would have already turned that soul into ashes. Yun Feng still had the willpower to spare his life.

"There are no Blood Soul Bases in the Abyss Mountain Range. It seems that there's very likely the Abyss Ruins they mentioned behind this barrier. It's also very likely... that there's an ancient Sea Clan creature inside."

"That's impossible," said Ze Ran. "The ancient races among the Magic Beasts lived a long time ago. Very few of them survived until now. It's the same on land and in the sea. The bloodline of the ancient races will continue, but it's very difficult to preserve them."

"Are we retreating now?" Mu Canghai frowned. Yun Feng chuckled. They had already come this far, so they certainly couldn't retreat. Even though it wasn't the Blood Soul Base, the Abyss Ruins was right in front of their eyes. If they didn't go in and explore it, wouldn't they waste this opportunity?

"There must be something unusual in the ruins. We'll definitely find something if we go there," said Ze Ran. Yun Feng nodded. "It's good that it's not the Blood Soul Base this time. I need to make more thorough preparations. I hope we can find something this time."

Meatball sat on Yun Feng's shoulder with a complicated expression. Yun Feng held Meatball's chubby body in her hand and shook it slightly. She suddenly thought of something. Na Xie must have absorbed a lot of energy to be able to talk to her. Perhaps Meatball...

Yun Feng immediately searched her dimension container. Nothing, nothing, nothing...

"Meatball, you ate the Ultimate Crystal Beast!" Yun Feng looked at Meatball in shock. Meatball was also stunned. It looked at Yun Feng with its big black eyes and swayed its tail gently.

Thinking that the crystal clear little beast entered Meatball's stomach just like that, Yun Feng felt her heart ache. That was the source that could produce ultimate ores. It was... eaten just like that? Where exactly did Meatball find it?

"Nana!" Meatball suddenly shook its little head and resolutely protested what Yun Feng said. Yun Feng looked at Meatball suspiciously. Did it not eat it? Meatball felt Yun Feng's suspicious gaze and shook its body unhappily with grievance written all over its big eyes.

Yun Feng searched patiently again and finally found the Ultimate Crystal Beast that was curled up in a corner and trembling desperately. The smooth and transparent little beast immediately shivered when Yun Feng took it out. When it found Meatball again, it was even more frightened and crawled into Yun Feng's arms desperately.

Chapter 1532 The Real Bottomless Abyss (2)

Meatball couldn't move its eyes away after seeing the Ultimate Crystal Beast appear. It opened its mouth slightly and Yun Feng clearly saw a crystal clear liquid flowing out of Meatball's mouth. It was saliva! Meatball's body wanted to pounce forward, but Yun Feng grabbed it firmly. The Crystal Beast trembled even more fiercely. It raised its little head and looked at Yun Feng with its big watery eyes. Yun Feng immediately put the Crystal Beast back to the tenth level of the Dragon Palace and decided to keep it away from Meatball.

"Nana!" Meatball glanced at Yun Feng unhappily when it saw that the Crystal Beast was gone. Yun Feng flicked Meatball's little head without hesitation. If it really ate it, she would suffer a huge loss.

However, if Meatball didn't eat the Ultimate Crystal Beast, what exactly did it eat to be able to talk to her with Na Xie's voice? And what exactly did it find in her space to eat before obtaining this obviously heavier weight... Thinking of this, Yun Feng couldn't help but have a faint bad feeling.

"What exactly did you eat?" Meatball's body shook fiercely as she grabbed Meatball. Meatball glanced at Yun Feng pitifully. Yun Feng immediately entered her space to search again and finally found an obvious change. The ultimate ores that piled up like a small mountain back then were all gone now!

Oh God... Yun Feng saw that the place where the ultimate ores were originally piled up was now empty and she couldn't help but have a headache. There were at least a thousand of them! They were all eaten by Meatball! After eating so many ultimate ores, no wonder it became so fat. No wonder it could talk to her with Na Xie's voice! Yun Feng wasn't worried that the energy would cause harm to Meatball. Along the way, the things Meatball could eat were usually unpredictable. This chubby little body was extremely tolerant!

Yun Feng opened her eyes. She wanted to laugh, but she was also a bit angry. Meatball patted the back of Yun Feng's hand gently with its tail, as if it was telling her not to be angry. Looking at the cute little face in front of her, Yun Feng really couldn't get angry. She pulled her chubby cheeks to the sides with her fingers. Meatball's chubby little face became even rounder and its chubby body twisted a few times, letting Yun Feng do this.

After the incident, Ze Ran and Mu Canghai both smiled when they learned that Meatball had eaten some ultimate ores. It had just eaten too many ultimate ores. Yun Feng, on the other hand, smiled wryly in her mind. There were at least a thousand ultimate ores, not just some.

“Buzz, buzz, buzz...” Continuous tremors came. Mu Canghai frowned slightly. “It seems that Hao Tian is trying to break the space barrier.”

The space shook more and more violently. Mu Canghai’s expression became colder and colder. Yun Feng and Ze Ran could also feel how powerful the force Hao Tian wielded was. Even though everyone could naturally comprehend the power of space after reaching a certain level, there was a huge difference in their spatial ability. Hao Tian’s spatial power was precise and magnificent and extremely penetrative. Even though it wasn’t as powerful as Mu Canghai’s ability to control space, it wasn’t much worse.

It wasn’t the Blood Soul Base, so they certainly didn’t have to worry about anything before. Yun Feng and the others came out of the Dragon Palace and their auras naturally spread out. Hao Tian, who was still smashing the space barrier crazily, suddenly stopped. The members of the second-rate tribes turned around vigilantly. Everyone looked at the three figures walking slowly from behind in shock. Yun Feng approached and glanced at everyone with her black eyes. “You’re all here. What a coincidence.”

Luo Teng clenched his fists secretly. Hao Tian only looked at Yun Feng and didn’t say anything. The members of the second-rate tribes immediately shouted loudly when they saw Yun Feng, “Who are you?”

“I’m Feng Yun.” Yun Feng reported her name. The members of the second-rate tribes were all stunned. The younger generation looked at Yun Feng in shock. “Feng Yun? Is she that Feng Yun from the North Sea?”

Yun Feng raised her brows. The East Sea knew everything about the North Sea? Thinking about it, it made sense. The Dragons appeared in the Endless Ocean and quickly rose to power. It was certainly impossible for the other three seas not to know about such a huge change in the North Sea. However, her name could spread so far, which surprised Yun Feng.

Hao Tian’s eyes glittered. Yun Feng looked at these second-rate tribes who had complicated expressions and chuckled. She directly walked past them without saying anything. It was hard for the members of the second-rate tribes to imagine that such a person was so young when they looked at Feng Yun! Was she really as powerful as the rumors said? How could such a young person be related to the Dragons?

“Could she be an impostor?” The young man of the second-rate tribe mumbled softly. “I think she’s also an impostor. How old is she? She’s not even as old as us! How can she have any experience? How can she be on good terms with the Dragons?”

“She must be an impostor. If she’s on good terms with the Dragons, why isn’t there anyone from the Dragons with her? And she doesn’t seem to be very strong.”

The people of the second-rate tribes snorted. Yun Feng’s current strength was suppressed at the elementary grade of the God Level, so they certainly had to look down on her. Some young people thought that their strength was comparable to Yun Feng’s, so they couldn’t help but look down on her even more.

Yun Feng walked to the space barrier. Mu Canghai tested it and said helplessly that there was nothing he could do. The power of this space barrier was strong and Mu Canghai didn’t have the ability to create a gap. Yao Guang might have been able to give it a try.

Hao Tian's eyes glittered when he saw Yun Feng walk over. "The spatial power contained in this barrier is unusually strong. I used all of my strength just then, but I still couldn't shake it at all." Hao Tian had a straightforward personality. If he couldn't open it, so be it. He admitted it straightforwardly. He was completely different from the powerhouses Yun Feng had encountered in the past.

"You can try." Hao Tian stepped back slightly. Yun Feng raised her brows and looked at him. A member of the second-rate tribe immediately said, "Hao Tian, you don't even have the ability to open it, let alone her! You think too highly of her! With her strength, she might as well let us do it!"

Ze Ran and Mu Canghai looked back coldly. The people of the second-rate tribes swaggered over. Yun Feng made way indifferently. The people of the second-rate tribes stood in front of the spatial barrier and took turns to attack. Yun Feng stood aside leisurely and watched these second-rate tribes exert all their strength, but the spatial barrier still didn't move at all.

Meatball, who was sitting on Yun Feng's shoulder, yawned lazily. Yun Feng poked its chubby body with her finger. "Are you confident about that space barrier?"

Meatball grunted in disdain after hearing that. Yun Feng smiled lightly. Meatball had an incomparable advantage, as if all the power of space was invisible in its eyes!

Chapter 1533 The Real Bottomless Abyss (3)

"What kind of crappy place is this? We've already exerted so much strength, but it still doesn't move at all!" The members of the second-rate tribes all panted like cows. They looked at the space barrier in front of them that didn't give them any face with a flushed face. "If Hao Tian and we don't have the ability to open it, nobody can open it!"

Hao Tian and Luo Teng remained silent on the side. Hao Tian glanced at Yun Feng and found that there was a smile at the corners of her mouth. Hao Tian was surprised. She smiled? Could she break it?

Meatball stood on Yun Feng's shoulder and exerted strength in its chubby body. It had already rushed out quickly and hit the space barrier!

"Hahaha, what a joke! Do you think you can use this ball to..."

"Crack!" A clear cracking sounded. The person who was talking just then bit his tongue fiercely. Everyone looked at the scene in front of them in shock. Hao Tian also widened his eyes in shock. Luo Teng's jaw was completely opened!

A hole was directly created in the space barrier in front of him by Meatball!

"How... How is that possible?"

The members of the second-rate tribes were dumbfounded. Hao Tian looked at the hole Meatball made with glittering eyes! The barrier that he couldn't shake with all his strength just then was broken by that thing! What exactly was on Feng Yun's shoulder?

A hole was created in the space barrier by Meatball. Yun Feng smashed it fiercely with her hand. "Crack, crack, crack, crack!" An even larger hole appeared!

Yun Feng gave everyone a faint smile as her body flashed and she stepped inside. Ze Ran and Mu Canghai followed closely behind. Hao Tian also followed quickly after the initial surprise. Luo Teng followed behind. The members of the second-rate tribes looked at each other and rushed in.

As soon as they entered, everyone was stunned again! Meatball returned to Yun Feng's shoulder and sat down, looking around curiously with its big eyes. Yun Feng looked at the scene in front of her eyes that was completely different from the outside world with her black eyes. They were standing on a cliff right now, and below them was a real bottomless abyss!

The terrain in the sea was far more complicated and vast than on land. It was completely dark below the cliff and there was no other path to take!

Should they jump or not? This was a problem. What exactly was below the cliff? This was also a problem. Hao Tian and Yun Feng were both expressionless. The so-called Abyss Ruins was very likely in the Abyss. If they wanted to get something, they had to take action.

"Let's go." Yun Feng whispered. Ze Ran and Mu Canghai were already prepared. The three of them jumped down. Seeing that, Hao Tian immediately jumped down with Luo Teng. The few figures quickly disappeared in the darkness. The members of the second-rate tribes were afraid, but seeing that Luo Teng and Yun Feng both jumped down, they could only grit their teeth and jump down together.

A cold wind kept surging from below with the unique smell of seawater. Yun Feng and the others protected themselves and kept going deeper. There was nothing else in front of them except pure black.

"They're all following us," said Ze Ran. Mu Canghai frowned slightly on the side. "It doesn't matter if they follow us. We still have a long way to go."

A dozen figures ran down quickly and kept flashing through the darkness. A faint uneasiness spread from the darkness. "Argh..." A scream suddenly came, breaking the silence. Yun Feng's heart tightened. Something had indeed happened!

A scream sounded and situations happened one after another. Yun Feng and the others were at the bottom. Something happened from time to time, which made Yun Feng more vigilant. "It seems that the people of the second-rate tribes are under attack." Mu Canghai said in a deep voice as his expression suddenly changed!

"Dodge quickly!" As Mu Canghai roared, Yun Feng and Ze Ran quickly dodged. Mu Canghai's strange eyes emitted a strange light as he clenched his fists fiercely in the air!

"Poof!" There was the dull sound of bodies being crushed. Something warm brushed past Yun Feng and fell straight down. "Xiao Luo!" Hao Tian's voice came from the side. It seemed that they were also attacked. Looking at the bottomless abyss in front of her, Yun Feng gritted her teeth fiercely and twisted her wrist, holding the wand in her hand!

"Fireball!" With a shout, the fire elements gathered in the dark and the dazzling redness completely dispersed the darkness!

"This... This is..." Ze Ran and Mu Canghai were dumbfounded. Yun Feng was also surprised in her mind! The fire ball only illuminated the surroundings for a moment, but what she saw made her extremely surprised!

Some sea creatures, which were as slender as lizards, occupied the layers of walls on both sides. Their orange eyes emitted a strange light under the light of the fire! There were more than a dozen of them at a glance!

“Is this the territory of some Sea Clan?” Ze Ran roared as he dealt with one of the sea creatures that pounced on him.

“There are so many of them and their attacks are so fierce. They seem to be protecting something!” Yun Feng kept using the fireball to illuminate the road ahead. Even though it could only last for a few seconds, it was enough for them to see the road ahead clearly!

“More and more are down there!” Mu Canghai frowned. “We can’t deal with them at all. There are too many of them!”

“Fireball!” Yun Feng shouted. She must find a way out! Red light quickly illuminated the road ahead! Yun Feng’s black eyes brightened. “I see it! Follow me!”

Ze Ran and Mu Canghai followed Yun Feng forward without another word. Hao Tian, who wasn’t far away from them, also keenly noticed it and followed her quickly with Luo Teng! Yun Feng went all the way down. Ze Ran and Mu Canghai were responsible for getting rid of the Sea Clan that was attacking clearly! The deeper they went, the denser the attacks became! Ze Ran and Mu Canghai both gritted their teeth. There were more and more of them. They couldn’t finish killing these things!

“Hold on to me!” Yun Feng’s voice sounded in the dark. It was warm and powerful. She grabbed Ze Ran and Mu Canghai’s arms with both hands and followed them down quickly. Meatball on her shoulder sat steadily on Yun Feng’s shoulder. Yun Feng gritted her teeth and moved extremely quickly!

“There’s a space barrier ahead!” Mu Canghai suddenly shouted. Yun Feng felt her shoulders lighten. Meatball jumped up and rushed forward!

“Buzz...” A huge tremor sounded in this abyss. A terrifying suction force came from somewhere and pulled Yun Feng’s body inside. The unknown Sea Clan living here was completely enraged! They let out a rather ear-piercing roar and pounced on Yun Feng crazily!

Chapter 1534 The Real Bottomless Abyss (4)

The crazy suction force was tearing Yun Feng apart. Yun Feng grabbed Ze Ran and Mu Canghai tightly. This suction force dragged the bodies of the three of them completely. Seeing that Yun Feng and the others disappeared, the members of the Sea Clan roared at the sky!

“Break!” A thick aura surged over like a heat wave, opening a small passage in the densely packed sea creatures. A black shadow flashed in quickly, and flesh and blood flew everywhere it passed!

“Swish...” After Yun Feng, another figure was pulled in crazily by the suction force. The unknown sea races quickly gathered. At this moment, the terrifying suction force completely disappeared! The furious Sea Clan let out ear-piercing screams that resounded in the dark abyss of the Endless Ocean!

In the blinding darkness, the extremely distorted pain in the space began to spread throughout her body from her bones. Yun Feng felt that her body was almost falling apart. If she exerted more strength, her arms would be torn off her body fiercely!

“Yun Feng! Let go! Don’t force yourself!” Ze Ran’s furious roar came from the side. Yun Feng gritted her teeth and clenched her fists even tighter. An even sharper pain came from inside her body! The space around had already been completely distorted, like a spatial channel that had been temporarily opened. If she let go at this moment, Mu Canghai and Ze Ran would immediately be hanged by the distorted power of space!

“Let go! Don’t forget my ability! Ze Ran and I will be fine!” Mu Canghai’s cold temperature had risen a lot. Yun Feng gritted her teeth hard. “I’m not letting go!” She certainly didn’t forget what Mu Canghai’s ability was, but how could he possibly turn the situation around with his ability when the distorted space had already formed? Right now, she could only grab the two of them desperately and keep going deeper to avoid this danger!

“Fengfeng!” Meatball didn’t dare to move its chubby body and only dared to call Yun Feng like this. Its tail swayed back and forth a bit anxiously. Yun Feng almost tasted the blood in her mouth. How far was this space distortion?

“What’s that ahead?” Ze Ran mumbled. Yun Feng looked up ahead. The distorted space channel was full of countless spatial cracks. A color was slowly oozing out of the spatial cracks. This color appeared in front of Yun Feng’s eyes like thick ink!

“It’s the dark elements.” Mu Canghai said calmly. The coldness in his hand passed through his skin to Yun Feng’s palm at this moment. “I’ll use all my abilities to change the power of space. Take this opportunity to go back!”

Yun Feng sneered. “Dark elements... It’s fate that we meet here.”

“Yun Feng, if it’s really a trap they’ve already prepared, you can’t escape!” Mu Canghai roared anxiously. Ze Ran finally understood on the side. “Dark elements... Could the people on the other side of the passage be the Blood Souls you mentioned?”

Yun Feng didn’t say anything. She tasted the blood in her mouth and her heart raced! One of the reasons why she came to the Endless Ocean was to find them. She wanted to save the soul of her ancestor, Yun Lan! Wasn’t she prepared? No, she was already prepared!

“I’ll never step back. Never!”

Mu Canghai’s pupils shrank fiercely. The anger hidden in the bottom of Yun Feng’s heart burned fiercely. It wasn’t that he didn’t understand her mood at this moment, but everything happened too suddenly. Yun Feng was completely in a passive situation at this moment! Once she fought with the Blood Soul, she would be at a disadvantage!

Mu Canghai looked at the side of Yun Feng’s face quietly. Her facial lines were gentle and beautiful, but there was a hint of determination. Suddenly, Mu Canghai smiled. Since she had already chosen to walk forward bravely, why should he stop her... Mu Canghai’s expression turned serious as he looked ahead. If this was her choice, he would face it with her! All kinds of thoughts flashed through Mu Canghai’s mind as a deep emotion surged out of his heart. Qu Lanyi, this is how you look at Yun Feng, this is how you treat Yun Feng... Now, I finally understand.

“Brother, where are you going? Why do I feel that something is wrong?” Luo Teng was grabbed firmly by Hao Tian. The brothers followed Yun Feng closely. Hao Tian looked ahead solemnly and followed Yun Feng closely. If they lost her, they wouldn’t be able to get out.

“No matter what’s ahead, we can only go down.” Hao Tian whispered. Since he was here, he would take things as they came. He could only choose to go all the way!

“The distortion of the power of space ahead is the strongest. It seems that we’re at the end.” Mu Canghai turned his head and looked at Yun Feng with some worry in his eyes.

“The dark elements are also getting stronger. It seems that the most dangerous place is ahead.” Ze Ran turned around and looked at Yun Feng. Yun Feng nodded. More and more dark elements seeped out of the spatial crack ahead. Once they passed through it, the dark elements would definitely rush over crazily. Yun Feng narrowed her eyes slightly. She couldn’t even let go of her hands. How exactly could she keep Ze Ran and Mu Canghai safe?

“Nana!” Meatball cried as its chubby little body stood up from Yun Feng’s shoulder. Yun Feng was shocked. “Meatball, what are you doing?”

“Nana, Fengfeng!” Meatball rubbed its body against Yun Feng’s cheek and looked at the denser dark elements in front of it with its big eyes. Its chubby body exerted strength and jumped up from Yun Feng’s shoulder, rushing forward!

Even though Yun Feng was surprised in her mind, her mind was very different from before. She believed in Meatball’s ability. She believed in it!

“What’s it doing?” Ze Ran and Mu Canghai both cried out in shock. Yun Feng burst into laughter and held the two of them firmly while enduring the pain in her hand. She looked at Meatball in front of her with her black eyes and suddenly sped up! No matter what Meatball was going to do, it was opening a way for her to follow!

Hao Tian, who was behind Yun Feng, saw her suddenly speed up, as if she was about to rush out. Hao Tian also sped up instantly. Seeing more and more dark elements around him, he was full of question marks in his mind. He stared at Yun Feng’s body with his black eyes. He absolutely couldn’t lose Yun Feng!

“Nana!” Meatball’s voice suddenly came from ahead. Yun Feng only saw the dense black elements retreat abruptly, as if they had encountered an enemy. A short and narrow passage appeared in front of Yun Feng. Green wind elements suddenly enveloped Yun Feng’s entire body and a beam of green light rushed into this passage, moving forward quickly!

“We’ll reach the exit soon!” Mu Canghai said on the side. The heart in Yun Feng’s chest beat faster and faster. The dark elements that were accumulating more and more densely blocked everything in front of her like ink. Meatball’s voice came from time to time. Yun Feng moved forward in the passage that was just created. Soon, even Yun Feng clearly felt that the exit was not far ahead!

Chapter 1535 This Is the Highlights (1)

Taking a deep breath, all the mental strength in her spiritual space was restless. Feeling the distorted and strong power of space, Yun Feng’s mental strength instantly surged out of her body fiercely and her

speed reached the extreme. Her entire body instantly shot out like a torpedo, flying out of the passage quickly!

“Roar...” The roars of wild beasts instantly sounded. Four dazzling lights flew out of Yun Feng’s Rings of Contract in the sky and directly turned into four powerful and dazzling Magic Beasts standing next to Yun Feng. The moment they appeared, every Magic Beast let out an angry roar!

“Boom!”

After the fierce collision of forces, there was a shocking explosion. Ze Ran and Mu Canghai panted slightly. Yun Feng and the four contracted Magic Beasts were the same. In that moment just then, the clash of multiple forces burst out in an instant!

“It’s indeed them.” Mu Canghai looked at the circle of black-robed people who had been waiting around for a long time and narrowed his eyes fiercely. Ze Ran, on the other hand, looked at the strange black-robed people in shock. Were they the Blood Souls Yun Feng was talking about?

“Do it!” A hoarse voice sounded from the Blood Souls. The twenty black-robed men’s robes immediately fluttered and dark elements flew out of their robes, hitting Yun Feng!

“Swish...” Two figures appeared from the passage again. They were Hao Tian and Luo Teng. Seeing such a lineup as soon as they came in, the two of them were certainly petrified! Yun Feng glanced over with her black eyes. These two people followed her in!

Mu Canghai’s strange eyes glittered as he grabbed the air fiercely. “Space blockade!”

“Buzz...” The space around shook violently. The power of space closed towards Yun Feng and the others under the drive of an invisible hand. Hao Tian’s eyes glittered. He pulled Luo Teng and jumped to Yun Feng’s side. “Buzz...” Another tremor occurred. Mu Canghai completely opened his hand. The dark elements that attacked from all directions didn’t get close and were completely deflected by the invisible power of space!

“Who are these people? Why are they hiding here?” Hao Tian let go of Luo Teng. At this moment, the area around Yun Feng was completely sealed by the power of space controlled by Mu Canghai, forming an extremely powerful protective net. Yun Feng ignored Hao Tian and walked to Mu Canghai. “Is it very difficult?”

Mu Canghai shook his head, but his expression wasn’t relaxed. “They’re all weaker than me. Even though there are a lot of them, it won’t be a problem for me to resist.”

Yun Feng nodded. Meatball jumped back to Yun Feng’s shoulder. Yun Feng gently brushed Meatball’s back with her finger. “Thank you.”

The four contracted Magic Beasts came to Yun Feng’s side and looked outside solemnly. Yaoyao held Yun Feng’s hand tightly. “Xiao Feng, don’t be afraid. We’ll protect you!”

Hao Tian looked at the four Magic Beasts that suddenly appeared and only felt strange. Only one of these four people was from the Sea Clan, and she was even merfolk at the edge of the southern sea. When exactly did they appear? Who exactly was this Feng Yun?

After confirming that her companion was fine, Yun Feng finally turned around and looked at Hao Tian. Her black eyes were unusually calm and there was no fluctuation at all. "These people outside are from an organization called Blood Souls."

"Blood Souls?!" Hao Tian was shocked. Then, he said fiercely, "It seems that you've already had a relationship with them. They seem to be here for you this time?"

The corners of Yun Feng's mouth curled up coldly. "You can say that. I'm also curious why they're here."

"What's with those four Magic Beasts?" Hao Tian raised his brows and looked at the four Magic Beasts that had different appearances standing next to Yun Feng. His heart was full of question marks. Yun Feng sneered and was about to say something when a gloomy voice landed from the sky. "Let me tell you. Those are her contracted Magic Beasts."

Yun Feng turned around and the expressions of the four contracted Magic Beasts suddenly changed. A wolf howl came out of Little Fire's throat. Yaoyao's pupils suddenly shrank into a vertical line. Lan Yi's wings also spread out in an instant and directly turned into four wings. Er Lei was even more direct as silver snakes twisted out crazily!

"A Mutated Fire Cloud Wolf... a mermaid, a four-winged griffin and a Magic Beast whose bloodline I can't tell..." Hao Tian watched in shock as what he heard just then echoed in his mind. Contracted Magic Beast, contracted, contracted... Could she be...

"Brother! Feng Yun is... a summoner. She's a human being!" Luo Teng shouted as he looked at Yun Feng in disbelief. Human, she was a human being! The aura of a Magic Beast of the Sea Clan was clearly in her body. How could she be a human being?

Even though the cultivation method and type of Magic Beasts and humans were a bit different, they were generally the same. However, there was one thing that the two of them absolutely couldn't share, which was the existence of summoners! Summoners were a profession that humans and Magic Beasts couldn't share at all. They were also the only profession among humans that could restrain Magic Beasts!

"Human!" Hao Tian clenched his fists fiercely and the anger in his eyes suddenly rose! The Sea Clan in the Endless Ocean hated humans, especially the powerful Sea Clan living in the Endless Ocean!

Whoever trespassed on the Endless Ocean would be killed!

However, Hao Tian was an outstanding figure among geniuses after all. He also understood that the grudge was small in the current situation. The conflict right now wasn't between him and Feng Yun, but between this group of people who were called Blood Souls and Feng Yun.

"You've finally shown up," said Yun Feng coldly as she looked at the ten black-robed figures descending from the sky in front of her coldly with her black eyes. They were all wearing the same black, weird robe that had the same red mysterious patterns. The ten of them were all pale and bloodless. Their different eyes emitted the same strangeness and evilness.

"Hehehe, we're lucky to meet you here, Yun Feng." The Grade 5 God in the lead said as he looked at Yun Feng with interest in his eyes. His eyes were glittering with excitement and greed. He swung his black

robe and the dark elements that had been attacking just then all stopped. Mu Canghai still didn't dare to relax at all.

"You're quite capable to be able to sneak in and occupy this place."

"Hahahaha! I didn't expect you to survive the raid, or to have a few unexpected people by your side. You're quite capable." The Grade 5 God-Level Blood Soul glanced at Mu Canghai and Ze Ran, and finally landed on Hao Tian and Luo Teng. "Hasn't the Sea Clan always been irreconcilable with humans? How can you get along peacefully? How strange."

Chapter 1536 This Is the Highlights (2)

"You're the same as her. It's my negligence to let you sneak into the Endless Ocean." Hao Tian said coldly with a gloomy face. The Grade 5 God of the Blood Souls burst into laughter after hearing that. "The Sea Clan of the Endless Ocean is just so-so."

"What did you say?" Luo Teng was about to say something when Hao Tian covered his mouth and pulled him to his side. He didn't want to be involved in the conflict at this moment. If he wanted to settle the score with these humans, he certainly had to wait until everything was over! Right now, self-preservation was the most important!

A Grade 5 God, nine Grade 4 Gods! Yun Feng roared in her mind. The soul she captured didn't tell the truth after all! If she hadn't resisted the sudden attack, without Mu Canghai's space blockade, she would have suffered a lot. Luckily, she was prepared. Even though she had encountered them now, she wouldn't be passive and helpless. As long as Hao Tian didn't interfere, she was still confident. Including the two dragons in the Dragon Palace, it was nine against ten. It was a tie!

"I haven't found anything here. When I thought I was really going to return empty-handed, you broke in. Hehehe, Yun Feng, the entire organization is more interested in you than Yun Lan right now!"

"Ancestor!" Yun Feng narrowed her black eyes and clenched her fists. She was glad to hear this. If she could distract the attention of the Blood Souls and protect the other members of the Yun family, she was willing!

"Hehe, judging from your expression, do you think Yun Lan is here?" The Grade 5 God raised his brows. "Yun Lan is indeed imprisoned here, but it's a pity that you came a step late. However, don't be anxious. I'll let you two reunite soon. Hahahaha!"

Ze Ran's heart tightened as he listened on the side. In just a few words, the man had already shown how concerned Blood Soul was about the Yun family, and even more so about Yun Feng! Yun Feng was facing such a powerful enemy alone! Her journey was so difficult! What did he encounter? It wasn't worth mentioning at all when compared to Yun Feng's!

Ze Ran gritted his teeth and stepped in front of Yun Feng. "I don't care who you are. If you want to touch her, you'll have to go through me first!"

The Grade 5 God narrowed his eyes. "Kid, you're indeed strong, but it's too early to brag in front of me." He suddenly waved his black robe and the dozens of black-robed people moved. Dark elements surged from all directions and smashed fiercely on Mu Canghai's space barrier!

"I love to torture my opponents. One death isn't impressive at all. Hehe, Yun Feng, don't let me finish you off so soon, or I'll be greatly disappointed." The black robe waved again and the three Grade 4 God-Level Blood Souls attacked. Three waves of dark elements attacked fiercely and smashed on the space barrier!

"Ugh!" Mu Canghai grunted and shook his hand gently. Ze Ran looked at Mu Canghai's gritted teeth and said in a low voice, "There are too many of them. Even if we go all out, we won't have a chance of winning. Mu Canghai's space blockade can't last long. Yun Feng..."

Yun Feng looked solemn. "I know. We can't fight head-on this time."

"Master, we can only fight and retreat," said Lan Yi as he looked outside with his blue eyes. "Other than the ten people at the God Level, even though the remaining ones are all below the God Level, they have an absolute advantage in numbers. The longer we delay, the more advantageous they will be. It's very likely that reinforcements will come. By then..."

"You're right. Retreating while fighting is our only choice." Yun Feng frowned. She wasn't a reckless person who had to fight head-on. In such a situation, she had to protect the people around her! It didn't matter how dangerous it was if she was alone, but she couldn't let them get hurt because of her, especially in such a dangerous situation!

"Hehe!" Laughter sounded outside again. Another Grade 4 God joined. Mu Canghai's hand shook again, but he still persevered! The Grade 5 God looked at Mu Canghai with a smile. "Kid, your ability seems to be better than that of the Ling family."

"Just give up," said Mu Canghai coldly. The Grade 5 God frowned. "Let's see how long you can last!" Another Grade 4 God smashed over. Mu Canghai's body trembled fiercely and a drop of bright red blood flowed out of his eyes!

"The Sea Clan over there, I know you're not going the same way as Yun Feng. I'll give you a chance. As long as you help, I'll certainly give you benefits. Not just you, but also the Chao Xi Tribe."

Luo Teng frowned hard. Even a fool could see how untrustworthy this promise was! Hao Tian sneered back. "You're all humans. You're fundamentally the same. I won't accept any of your conditions. Rather than working with people like you who are unpredictable, it's better to choose her side."

What Hao Tian said made the Grade-5 God very unhappy. Yun Feng was also very surprised that Hao Tian chose to side with her temporarily. Yun Feng's combat strength would increase by a level after Hao Tian joined, but it also meant that the Blood Souls couldn't wait any longer.

The black robe of the Grade-5 God suddenly swung. Yun Feng's black eyes darkened. She knew that the battle was about to begin and Mu Canghai's space blockade would be broken!

"Mu Canghai, let go!" Yun Feng roared as a drop of bright red blood flowed out of Mu Canghai's eye socket and landed on the ground. He clenched and loosened his hand in the air! The space blockade was canceled! The Grade-5 God-Level Blood Soul powerhouse launched a full-scale attack at this moment!

"Capture Yun Feng. Kill the others!" A cold voice sounded. Ten fierce figures turned into ten black shadows and rushed towards Yun Feng and the others. The four contracted Magic Beasts roared and rushed forward. Ze Ran and Mu Canghai also attacked together to hold the two of them back!

Dark elements lingered around the body of a Grade-5 God. His facial features were distorted and ferocious. There were three Grade-4 Gods behind him! Yun Feng gritted her teeth and her wand appeared!

“Swish...” A figure suddenly flashed over from the side and stood firmly in front of Yun Feng. A strong Magic Beast aura bounced the dark elements of Grade 5 of the God Level back! Hao Tian turned around and looked at Yun Feng with his black eyes. “I’ll settle the score with you after this! Leave the Grade 5 of the God Level to me. I’ll give Luo Teng to you!”

“Roar...” A furious roar burst out of Hao Tian’s body. Yun Feng glanced at Luo Teng, who was hiding in the corner. The Grade 5 God had already been taken aside by Hao Tian forcefully. There were only three Grade 4 Gods left!

Chapter 1537 This Is the Highlights (3)

“Yun Feng, you’re not our match one against three!” Three Grade 4 Gods pounced on Yun Feng. Yun Feng sneered. One against three?

“Swish, swish, swish...” A faint light lit up in Yun Feng’s hand and two black figures appeared next to Yun Feng! The aura that belonged to the Dragons burst out in an instant! The eyes of the three Grade 4 Gods couldn’t help but widen when they saw this! The Dragons! There were members of the Dragons next to Yun Feng!

The two Black Dragons were expressionless. Yun Feng didn’t need to say anything else. Their bodies flashed forward. The three Grade 4 Gods didn’t expect dragons to appear at all and they immediately panicked. The three of them were immediately entangled by the two Dragons. The powerful strength of the Dragons wasn’t for show!

Yun Feng’s body flashed and she directly ran to Luo Teng’s side. Luo Teng was shocked to see Yun Feng. “You... You...”

“I’m on Hao Tian’s side right now. If you don’t want to cause trouble for your brother, follow me firmly!”

Luo Teng was startled and his face was a bit red. He was the weakest in this chaotic battle. The only thing he could do to help his brother was not to drag him down. Yun Feng suddenly reached out and pulled Luo Teng up. Her body rose into the air and a beam of dark elements suddenly hit the ground!

Luo Teng was shocked. He looked up and saw that a black-robed man had already arrived in front of the two of them!

“With your speed, is it a problem for you to keep up with me?” Yun Feng whispered softly. Luo Teng blushed. “Nobody can compare to the speed of the Chao Xi Tribe!”

Yun Feng chuckled and turned around slightly. “Very good. Don’t let me look down on you later!”

Luo Teng’s face flushed. Yun Feng had already moved and rushed up! Luo Teng immediately restrained his expression and followed Yun Feng closely like a dark line! Seeing Yun Feng move, the Grade 4 God of the Blood Souls swung its black robe and chased after her!

A chaotic battle began in the sky. Even though those lackeys below the God Level were nothing to be afraid of, there were dozens of them. It was impossible to ignore them! Dark elements appeared from

the darkness, making the battle in the sky even more complicated. Yun Feng narrowed her eyes fiercely and clasped her hands! Those below the God Level should be killed!

What was she doing? Luo Teng, who was following her, saw Yun Feng's strange movements and the different light in her hand. His heart suddenly raced! The elements of different colors became brighter and brighter in Yun Feng's hand and the fusion of the elements was also completed at an extremely high speed!

Luo Teng was dumbfounded. Crazy, crazy! Was she forcibly fusing a few different kinds of elements?! "You're crazy!" Luo Teng roared. Yun Feng chuckled and opened her hand. The light ball formed by the three elements glittered in her hand!

She looked at the dozens of lackeys below the God Level with her black eyes. One fusion of three elements was enough!

"Are... Are you going to throw it out and detonate it?!" Luo Teng immediately roared when he saw Yun Feng raise her hand. "You are truly a lunatic! Do you know the consequences of the fusion of elements? Crazy!"

Yun Feng burst into laughter and exerted strength in her hand. The fusion of the three elements in her hand had already flown out and landed on the ground!

"Crazy? Then I've already been crazy countless times." Yun Feng put on a faint smile, while Luo Teng gasped! Her red lips opened slightly. "Explode."

The Grade 4 God who was chasing her closely behind suddenly realized that something was wrong. He suddenly turned around and ran to the side. As Yun Feng whispered, the ball of the three elements exploded fiercely! The power of the fusion of elements completely exploded!

"Ahhhh!" Screams kept coming! Wherever the fusion of elements affected, the black robes were instantly torn apart! In an instant, nobody below the God Level was spared!

The strong explosion made the fierce battle in the sky pause for a moment. The Grade-5 God-Level powerhouse and Hao Tian were both stunned for a moment. Hao Tian looked at the situation on the ground in shock. He didn't have time to react. His aura surged out instinctively and a powerful energy fluctuation surged from the ground into the sky, creating a whirlwind!

The dry face of a Grade-5 God couldn't help but twitch a few times. Yun Feng... was indeed a person that couldn't be underestimated. It made sense for the organization to pay so much attention to her after ignoring her at first!

"Swish..." The Grade 4 God who had run elsewhere to take refuge just then returned to Yun Feng. The fluctuation of power was still there. The strong wind blew the black robe on his body. His dry and almost exhausted body could be vaguely seen under the black robe.

"Are you naive enough to think that you could eliminate me with that move just then?"

Yun Feng sneered and spun the wand in her hand gently. Luo Teng followed Yun Feng carefully and looked at the very strange black-robed man in front of him. Dark elements... This was the first time he

came into contact with them, especially so many people who used dark elements! What kind of person... did she provoke?

“That attack just then was just to clean up the battlefield.” Yun Feng’s black eyes were cold as she waved her wand fiercely! Ice blue water elements surged out of the wand and landed next to Yun Feng. The ice blue python appeared!

“Hiss, hiss...” The ice blue python stuck out its tongue. Its body was no longer smooth leather armor, but armor formed by the water element. Its entire body was covered in blue ice thorns! Luo Teng opened his mouth in shock. This was... magic simulation! Why was it so huge?

Killing intent flashed through her clear black eyes and the corners of her mouth curled up coldly. “Now is my highlight!”

“The highlight? You used a big move right after the battle started. Aren’t you a bit too confident?” There was a strange smile at the corners of the Grade 4 God’s mouth. The black robe slowly moved around his body. There seemed to be a hundred snakes crawling slowly inside and waves came from inside, looking terrifying!

“Hiss, hiss...” The pupils in the python’s eyes turned into a thin blue line. Blue tongues kept sticking out of its mouth and its eyes stared at Grade 4 God firmly. Its body moved slowly and the blue ice thorns collided with each other, making sharp friction sounds.

The pale and bloodless face of the Grade 4 God suddenly became ferocious and his facial features almost twisted together! The squirming in the black robe finally stopped. The black robe fluttered and countless black figures jumped out of the black robe at the same time!

Luo Teng’s pupils shrank fiercely! There were hundreds of long black snakes!

“Hahaha! Between my snakes and yours, who’s stronger?” The Grade-4 God laughed crazily. The hundred black snakes formed by the dark elements opened their mouths and their black sharp teeth glittered! The ice blue python opened its huge mouth. “Hiss...” Its blue and transparent teeth glittered. The huge python’s body teleported and collided fiercely with the hundred black snakes!

Chapter 1538 I’ll Protect You (1)

A battle of snakes against a giant snake, dark elements against water elements!

Luo Teng instinctively dodged backwards. The snakes danced crazily in front of his eyes. Such a crazy battle scene made him dumbfounded!

“Swish...” Yun Feng had already jumped up and turned into a beam of light, rushing straight up. Luo Teng turned around and saw that Yun Feng had already faced that Grade-4 God head-on! “Isn’t she a mage? Shouldn’t she fight from afar? Shouldn’t she keep the advantage by controlling distance? What’s wrong with her?” The common sense of a mage in Luo Teng’s mind was completely messed up by Yun Feng. She used magic simulation as soon as she attacked, followed by a close combat attack that shortened the distance. Was this what a mage should do?

“Bang!” Yun Feng’s instantly transformed fists smashed into the Grade 4 God fiercely. Yun Feng’s black eyes darkened and the Grade 4 God of the Blood Souls suddenly burst into laughter. She swung her black robe gently and Yun Feng quickly retreated, widening the distance between the two of them.

“Your power is useless against me!”

Yun Feng frowned. The punch just then was full of force. She indeed smashed into the black robe and touched that withered body, but all the force was cleverly removed the moment she hit it. It was like a sponge. No matter how much force you used, you couldn’t hurt it at all!

The focused attack had already lost its effect. Yun Feng had already come to a conclusion in her mind. Even though dark elements were used by all the Blood Souls, everyone had different characteristics. This was the first time Yun Feng encountered someone that was like sponge. The focused attack of power was useless. This was a nightmare for any profession.

“Watch out!” Luo Teng’s shout on the side made Yun Feng’s expression change. The dark elements that filled the sky still pounced. The black robe of a Grade 4 God danced crazily in the gaps between the dark elements. The dark elements that filled the sky turned into a hand that wanted to squeeze Yun Feng in it!

“Poof!” A beam of green light flashed out of the darkness and instantly cut off the dark elements that were about to envelop her!

Luo Teng heaved a sigh of relief. Yun Feng’s face was cold, while the Grade 4 God was a bit disappointed. He looked at Luo Teng viciously. “What a bad boy...” His black robe fluttered gently and he turned into a black line, pouncing towards Luo Teng!

The wand spun and dense purple lightning elements flashed out. “Thunder!” With a furious shout, a thunderbolt from the sky appeared and struck down fiercely! The Grade 4 God gritted his teeth and could only turn around forcefully to avoid the thunderbolt. He cursed in his mind. Multi-element creatures were indeed difficult to deal with!

Luo Teng flashed behind Yun Feng and finally understood why Yun Feng asked him to follow her closely. He couldn’t let himself be alone. He must follow Yun Feng in an absolutely safe area!

“Tsk!” The Grade 4 God suddenly stopped in the air and looked at the huge crack on the ground that was split by the lightning. He frowned slightly. This was the first time he had seen the explosive power of the lightning element. He had long heard that Yun Feng was a multi-element summoner and wasn’t easy to deal with. It seemed that it was indeed the case.

Luo Teng also looked at the huge crack on the ground in shock. Yun Feng’s way of fighting was truly unlike that of a woman. Her attacks were all so fierce and powerful!

The two of them faced each other again and fell into a temporary stalemate. The ice blue python and the snakes were still fighting. The hissing of the giant snake came. Luo Teng couldn’t help but feel a bit worried. Didn’t magic simulation require the support of powerful mental strength? Was Yun Feng pushing herself too hard?

“Are you...” Luo Teng had just opened his mouth when Yun Feng quickly interrupted him.

“Follow me closely. Don’t let me look down on you.” Luo Teng was startled and didn’t understand what Yun Feng said at all. The next second, Yun Feng had already moved. Luo Teng could only follow her in confusion. What earth-shattering thing was she going to do again?!

“You can’t wait to walk into a trap? Hahaha!” The robe on the body of the Grade 4 God twisted crazily and thick black elements appeared from the robe again! The black snake head, which was as thick as an arm, opened its mouth ferociously and the black teeth in its mouth glittered!

“Humph!” Yun Feng snorted coldly. The giant tail of the ice blue python swept across the sky and slashed hard. The black snake was cut off in the air! The black robe of the Grade 4 God shook again. Yun Feng jumped fiercely with the body of the blue python and clenched her fists tightly as a heavy punch came!

“As I said, this is useless to me!”

“Bang!” It was still a soft touch. All the power was instantly disintegrated. The withered arm of the Grade 4 God stuck out of his robe and his sharp fingers wanted to grab Yun Feng. Yun Feng’s body flashed and she quickly retreated.

Luo Teng had been following Yun Feng closely. He was dizzy in his mind. Such an attack was clearly ineffective. Why did she have to try again and again? Wasn’t this a waste of effort? Luo Teng stared at Yun Feng with his eyes and followed her, moving back and forth again and again. She swung her heavy fist and hit the black robe again and again, but it didn’t pose any threat at all! Luo Teng frowned. What was she doing? Luo Teng accidentally saw Yun Feng’s hand and his gaze suddenly froze!

Luo Teng looked at it carefully and seriously. He blinked his eyes hard. Something was spreading in her palm! If he didn’t look carefully, he wouldn’t be able to see that Yun Feng’s palm was emitting a faint color at all. A faint blue color spread out around her palm. Yun Feng’s rapid movement made such a light color invisible! Luo Teng was dumbfounded. Right now, in his eyes, Yun Feng’s meaningless way of attacking had a new interpretation!

Every heavy punch wasn’t useless anymore. Every heavy punch wasn’t useless! Another heavy punch was swung! “Bang...”

What Luo Teng saw was absolutely true. The light blue color that filled Yun Feng’s palm was sent into the black-robed man’s body with every powerful attack!

Yun Feng’s expression was cold. She pursed her lips and made one last direct attack. Her body turned around and she suddenly moved away. The Grade 4 God smiled ferociously. “I’ve always been told that you’re difficult to deal with. I’m a bit skeptical now.”

“Bang... Crash...”

The giant ice blue snake suddenly turned into a ball of blue mist, dying together with the thick black color! Yun Feng narrowed her eyes and looked at the blue and black colors intertwined in the sky. The corners of her mouth curled up coldly. Luo Teng stood aside with a nervous heartbeat.

“It’s time to end it. I don’t have time to play with you.” A smile appeared on that pale face, and excitement and greed surged in his ferocious eyes. Yun Feng chuckled softly as the darkness in her eyes surged. “The same to you.”

Chapter 1539 I'll Protect You (2)

Was it about to begin? Luo Teng couldn't help but clench his fists. Seeing the cold smile at the corners of Yun Feng's mouth, he only felt that his heart raced abruptly. What exactly... did she send into her opponent's body just then?

Thick black color kept surging out of the black robe endlessly. It seemed that the Grade 4 God was going to launch the final attack and take Yun Feng down! Looking at more and more dark elements, Yun Feng wasn't afraid at all. Instead, the smile in her eyes became deeper and deeper.

She was smiling! The Grade 4 God couldn't help but feel puzzled when he saw Yun Feng's expression. Thinking of the evaluation of Yun Feng from the higher-ups and Yun Feng's performance just then, he felt that the higher-ups had overestimated her. She was indeed strong and powerful, but the higher-ups' estimation of her was too exaggerated. When he captured her in one go, his status and identity would be greatly different!

The excitement in his heart burst out like a volcano. He seemed to have seen victory in his eyes. The black robe on his body suddenly lifted and dark elements surged out!

"Hahahahaha!" Loud laughter resounded in the sky. Luo Teng widened his eyes. So many dark elements!

Yun Feng waved the wand in her hand gently and the smile at the corners of her mouth kept expanding. A faint blue color appeared in the thick darkness, like the glittering stars in the night sky! More and more stars appeared and more light blue colors appeared. They were like complicated veins on the back of a leaf, deeply implanted in the man's body!

"What's this?" The Grade-4 God roared. He immediately felt a kind of coldness spreading constantly with the light blue color. His body was directly penetrated by the coldness and his eyes widened abruptly! It was the water element! When did the water element invade his body and even mix in with these dark elements? The Grade-4 God was extremely stunned. He looked around and saw the smile in Yun Feng's eyes. He was enlightened!

She sent water elements into her opponent's body just then! Luo Teng looked at the scene in front of him and was extremely surprised! Mages used elements to attack their enemies from the outside, but she sent elements into her opponent's body and controlled them from the inside! Luo Teng looked at Yun Feng's cold side profile and his heart shrank fiercely. Such an opponent... was terrifying!

"Even so, what can you do to me?" roared the Grade-4 God. The dark elements condensed into a huge hand and grabbed at Yun Feng! Yun Feng sneered and waved her wand fiercely!

"Crack, crack, crack!" The light blue color instantly turned into transparent ice crystals. Together with the dark elements, they all condensed into a physical body! The ice crystals went all the way up quickly. Not only did the dark elements form a hand, but they also quickly invaded the black robe!

"What?" The pupils of the Grade 4 God shrank fiercely. Feeling the changes inside his body, a trace of panic rose in his heart!

“For a sponge that can’t be broken no matter what, as long as you freeze it into ice, it will be shattered easily.” Yun Feng curled her lips and jumped, punching the black hand fiercely! The dark elements instantly shattered, all the way to the end!

The heart of the Grade 4 God trembled and he immediately retreated quickly, but the water elements inside his body froze from the inside. His speed was far slower than before! Yun Feng looked at the Grade 4 God who was running for his life in front of her with killing intent in her eyes!

“Buzz, buzz, buzz...” A huge force pounced straight at Yun Feng from the other side, shaking the space along the way fiercely. Yun Feng had no choice but to stop for the time being and retreat dozens of meters, dodging the sudden attack.

“My lord!” The Grade 4 God who was running for his life roared and scrambled over. A black figure flashed out from the side and looked at the messy Grade 4 God with gloomy eyes. “How stupid!”

The Grade 4 God immediately fell silent. He underestimated Yun Feng. He underestimated her!

“Didn’t I tell you not to let her get close?” The Grade-5 God-Level Blood Soul powerhouse shouted angrily with anger burning in his heart. If he hadn’t arrived in time, this guy’s life would probably have been ended in Yun Feng’s hands! He raised his furious eyes and narrowed them fiercely as he looked at Yun Feng.

Grade 5 God? Yun Feng raised her brows. Shouldn’t Hao Tian be fighting with him? Seeing that the Grade-5 God-Level powerhouse came here, Luo Teng was worried about Hao Tian in his mind. Did anything happen to his brother?

“I underestimated you.” The Grade-5 God stared at Yun Feng. “You seem immeasurable... No wonder the elders are so interested in you.”

The elders... Yun Feng narrowed her black eyes. It seemed that the powerhouses of the Blood Souls were even more tricky than she thought! “Swish...” A figure rushed over quickly. Luo Teng couldn’t help but feel delighted when he saw this. “Brother!” The person who came was Hao Tian. Yun Feng was also relieved to see that he was fine.

“It seems that the other party is at a complete disadvantage,” said Hao Tian. Yun Feng raised her brows. The combat strength on her side was indeed not weak. As long as she restrained this Grade-5 God, these Grade-4 Gods wouldn’t pose any threat.

“Hahaha! You think you can turn the tables like this? That’s too naive!” The expression of the Grade-5 God turned vicious. He grabbed the Grade-4 God on the side and flashed. Yun Feng and the others immediately followed closely!

In the chaotic battle in the sky, they were gradually being suppressed. The Grade-4 God-Level powerhouses couldn’t get any advantage at all. Some of them were even retreating step by step! The Grade-5 God-Level powerhouse held the Grade-4 God in his hand and came to the sky. He sneered. All the Grade-4 God-Level powerhouses took the initiative to withdraw from the battle and came to the side of the Grade-5 God.

“Master.” The four contracted Magic Beasts immediately approached when they saw that Yun Feng was fine. Ze Ran, Mu Canghai and the two young men of the Dragons also gathered. Yun Feng looked up at the Blood Souls. A strange glint flashed through the eyes of the Grade-5 God in the lead.

“I thought I wouldn’t use this move, but it seems that...” The Grade 5 God said coldly. His arm reached out of the black robe and a wound appeared on it. Red blood was gushing out of the wound! The nine Grade 4 Gods behind him also did the same. The hands of the ten of them were covered in blood and facing the sky. A thick smell of blood floated over!

“What are they doing?” Ze Ran was extremely surprised when he saw this scene. Yun Feng frowned more and more tightly as faint uneasiness rose from the bottom of her heart!

“Retreat!” Mu Canghai suddenly roared as light flashed crazily in his strange eyes. He blocked the air fiercely with his hand. “Boom...” The space seemed to be torn apart by the power coming at him, bringing with it a gust of wind that smashed fiercely at Mu Canghai’s power of space!

Chapter 1540 I’ll Protect You (3)

“Ugh!” His face turned pale and a drop of blood dripped from Mu Canghai’s eye socket. Nobody expected the sudden attack. If Mu Canghai didn’t move almost instinctively, Yun Feng and the others would definitely be injured!

The aura of the Magic Beast in Ze Ran’s body quickly surged. Even though his control of the power of space wasn’t as good as Mu Canghai’s, he could more or less help at this moment!

“Boom...” Another attack came quickly! “Earth Shield!” The earth element quickly stood in front of Mu Canghai and Ze Ran, but it was useless. The power easily penetrated Yun Feng’s Earth Shield, as simple as breaking an eggshell!

“Argh!” Mu Canghai staggered and his hands trembled fiercely. A stream of blood tears flowed out of his eyes and the power of space also completely collapsed in an instant! The power shattered the space blockade and was about to penetrate Mu Canghai’s body. Ze Ran gritted his teeth and jumped to the side with Mu Canghai. The aftermath of the power hit Ze Ran!

“Ugh!” Ze Ran grunted. Yun Feng rushed over in a flash. “Master, let’s go!” Lan Yi roared as his body immediately turned into a four-winged griffin and rushed towards Yun Feng. Yun Feng’s eyes glittered. She knew that another wave of attacks would immediately be launched!

“Let’s go!” Yun Feng shouted as she grabbed Ze Ran and Mu Canghai and jumped onto Lan Yi’s back. Three beams of light were put into the Rings of Contract and the two members of the Dragons were put into the Dragon Palace. Lan Yi ran forward quickly with Yun Feng, while Hao Tian followed Yun Feng all the way with Luo Teng!

“Yun Feng, you can’t escape!” A voice came from behind. It was the voice of the Grade-5 God of Blood Souls. Yun Feng flipped her hand with a gloomy face and a bottle of Life Potion appeared in her hand, quickly pouring into Ze Ran’s mouth. Taking the injured Mu Canghai and Ze Ran into the Dragon Palace, Yun Feng took a deep breath and her heart became even heavier at the same time.

One attack had already severely injured Ze Ran and Mu Canghai. Also, the power that easily broke the earth element just then had already exceeded the range they could withstand! It was much stronger than the power of a Grade 5 God!

“Buzz...” Another attack came. Lan Yi’s body turned around and his four wings flapped hard. The griffin’s speed was pushed to the limit, but it was still not as fast as the ferocious force chasing behind it!

The griffin’s huge body trembled violently. Yun Feng could even feel that the muscles all over Lan Yi’s body instantly tightened! The griffin’s body dived and almost fell to the ground. “Lan Yi!” Yun Feng called out anxiously. The griffin suddenly flapped its four wings and jumped into the sky again!

One of the griffin’s wings had already been penetrated! Yun Feng’s heart immediately ached when she saw that! “Master, I’m fine! As long as the wings aren’t cut off, they’ll heal automatically!” Lan Yi’s body moved forward with all his might and blood splashed in the air! Yun Feng jumped from the griffin’s back and Lan Yi directly turned into a beam of green light, entering the Ring of Contract.

“Master!” Lan Yi’s anxious shout sounded in Yun Feng’s mind. Yun Feng turned a deaf ear and her body turned into a beam of green light as she ran forward! Meatball on her shoulder looked at the side of Yun Feng’s face with its big eyes. Its fair face was blown away by the wind coming at it. It turned its little head back and a hint of frustration flashed deep in its big eyes.

“Why did you take back the Magic Beast? That griffin is faster than you.” Hao Tian approached with Luo Teng and looked ahead with his black eyes. He asked without looking back. Yun Feng chuckled. “I won’t risk his life.”

“Isn’t he your contracted Magic Beast? Don’t human summoners treat their contracted Magic Beasts as their possessions?” Hao Tian’s words were cold. Yun Feng chuckled and looked ahead. “I don’t care what others do. I’m just me.”

Hao Tian was slightly stunned. He pursed his lips and didn’t say anything else. Luo Teng looked at Yun Feng deeply. Hao Tian glanced behind with a cold expression. “Their attack this time far exceeds that of a Grade 5 God. I guess they’ve already reached Grade 7 of the God Level...”

“Grade 7 of the God Level!” Luo Teng exclaimed. Yun Feng’s face suddenly darkened. Grade 7 of the God Level...

“We have to find a place to hide as soon as possible, or it’s useless to run like this.” Hao Tian said as he sped up again. Yun Feng looked around. There was no place to hide at all! As Hao Tian said, running like this wasn’t a solution at all!

“Nana, Fengfeng!” Meatball’s chubby little body rubbed against Yun Feng’s cheek. Yun Feng quickly caressed Meatball’s body with her hand. “Meatball, don’t be afraid.” Meatball widened its eyes and looked at Yun Feng, not knowing whether to laugh or cry. Its body had already jumped in front of Yun Feng with force and its little claws slapped the air desperately. The fluffy tail behind its butt swirled anxiously. Yun Feng grabbed Meatball’s body in her hand. It was better not to cause trouble at this moment.

“Buzz, buzz, buzz...” The spatial fluctuation came again, even closer than last time! Hao Tian and Yun Feng’s faces both darkened. An even stronger attack was coming! This time, it might not be just one, but multiple forces!

“Boom, boom, boom...” A fierce force burst out from behind. Hao Tian flashed to the side with Luo Teng. Yun Feng grabbed Meatball and also dodged to the side. The invisible force in the space that the two of them created flashed and some tiny spatial cracks instantly appeared!

Yun Feng gritted her teeth and flew forward quickly. Meatball, which was in her hand, was extremely anxious. Its chubby little body struggled and was about to jump out. How would Yun Feng dare to let go at this moment? The attack speed, frequency and power behind her all increased. It was already difficult to dodge right now. If anything happened to Meatball again...

“Fengfeng, Fengfeng!” Meatball raised its little head and kept shouting. Yun Feng didn’t have the mood to listen right now. She could only grit her teeth and rush forward. She quickly glanced down with her black eyes. Where could she hide?

“Fengfeng!” Meatball raised its head and roared. Seeing that Yun Feng ignored it, Meatball puffed up its little face angrily and bit the back of Yun Feng’s hand without hesitation! Yun Feng cursed softly. Meatball wasn’t biting gently this time. It was really biting! There was a deep red mark on the back of Yun Feng’s hand, but she still didn’t let go!

“Buzz...” An invisible force came from the sky. Yun Feng turned around, but another one came immediately! Her body soared into the sky and flipped. She tapped the air with the tip of her foot and used the force to dodge to the side, narrowly avoiding it!
