

Summoner 1541

Chapter 1541 I'll Protect You (4)

Meatball looked at the dangerous scene and immediately twisted its body fiercely. However, Yun Feng clenched her fists and held Meatball's body tightly. Meatball didn't want to really bite Yun Feng's finger fiercely. It suddenly closed its big black eyes and Yun Feng only heard a voice in her mind!

"Yun Feng, it's me, Na Xie."

Yun Feng looked at Meatball in her hand in surprise as Na Xie's voice in her mind sounded again.

"There's a very special space power here. I think it should be an entrance."

"Entrance? This is already the Abyss Ruins. How can there be an entrance in the ruins?"

"Let go of me first. I'll take you there!"

Meatball suddenly opened its big eyes. Yun Feng's black eyes darkened. She let go of Meatball's body and it immediately jumped out. It flew in front of Yun Feng and quickly turned around, changing its direction and rushing away! Seeing Yun Feng suddenly change her direction, and Hao Tian immediately followed her without another word. No matter where she went, he would follow her!

"Boom—" The attacks behind them didn't stop. The people of the Blood Souls also kept chasing behind.

"Yun Feng! You can't escape! That's a dead end ahead. You have nowhere to run!" The leading Grade-5 God-Level Blood Soul said loudly. Hao Tian couldn't help but feel shocked after hearing that! Dead end!

Yun Feng followed Meatball firmly. Meatball ran faster and faster in the front. Even though Yun Feng tried her best to be faster, her speed had a limit after all! Coupled with the constant attacks behind her, it was too difficult to dodge and maintain her speed!

"Nana!" Meatball turned around and shouted. Yun Feng smiled wryly. "This is my maximum speed. I can't go any faster."

Meatball's black eyes glittered as it looked at the Blood Souls that were chasing after it relentlessly with its big eyes. Anxiety flashed through its eyes. Meatball's moving body suddenly emitted a strong light that became bigger and more dazzling! Yun Feng narrowed her eyes and looked at Meatball, which was completely surrounded by light, wondering what it was doing!

"What's going on?" Hao Tian was almost blinded by the light on the side. Not only that, but the light also expanded. It had already expanded from the small light ball to a huge ball at this moment! Yun Feng narrowed her eyes and looked at the dazzling huge light body in front of her. She vaguely knew what was behind the light. The blood in her body immediately flowed faster and she looked at the huge light body in front of her with her black eyes. Na Xie... Is that you?

"Come up!" A deep and powerful voice appeared from the body of light. Yun Feng was suffocating! That was Na Xie!

For a moment, Yun Feng didn't do anything because of excitement. The huge body of light immediately ran towards her and the increasingly dazzling light approached. Yun Feng wanted to open her eyes with all her might. She wanted to see the body behind the light. She wanted to see Na Xie's original appearance!

The dazzling light made Yun Feng unable to see anything except white. She only felt a warmth approaching her and a huge head approaching her. Yun Feng extended her hand and touched the fluffy and soft fur on it. Unlike Meatball, she only felt a head, but it gave her a rather huge and powerful feeling.

Yun Feng hugged forward fiercely and a warmth immediately enveloped her. Even though she couldn't see Na Xie, even though she could only touch it with her hand, even though everything in front of her eyes was bright and white... she felt an unprecedented peace of mind.

Yun Feng felt that her body rose into the sky and was taken to a flatter place. There was a smile at the corners of Yun Feng's mouth as she touched the soft fur under her body. "Na Xie, is that you?"

A chuckle came. The biting wind moved in Yun Feng's ears at an astonishing speed! The calm and powerful voice didn't pass through her mind anymore, but directly came to her ears!

"I originally wanted to accumulate energy to meet you, but... this is the only way right now. Yun Feng, I'm Na Xie. This time, I'll protect you."

Warmth surged in Yun Feng's heart. The white light surrounded her, as if all danger was no longer danger. A biting wind blew past her cheek. Yun Feng felt the huge body under her feet move forward quickly. Na Xie was flying forward with her!

Hao Tian gritted his teeth and followed behind at an extremely high speed! "Brother, what's that ball of light? It's moving so quickly!" Luo Teng looked at the light that enveloped Yun Feng's body with question marks in his eyes. The muscles on Hao Tian's cheek twitched fiercely. "Xiao Luo, don't say anything. I have to sprint with all my strength, or I'll be left behind!"

Luo Teng widened his eyes. The speed of the light ball forced Hao Tian to use all his strength! Luo Teng immediately shut his mouth. Hao Tian shouted furiously and his body instantly changed. He directly transformed into the original form of the Magic Beast of the Chao Xi Tribe and turned into a beam of light, chasing after it!

"Master, what's that?" The Blood Souls, who had been chasing behind, were puzzled. The light ball was moving so quickly that they couldn't keep up anymore!

"No matter what it is, that's a dead end ahead. They're walking into a trap! Chase after them!" The Grade-5 God-Level Blood Soul expert smiled viciously. The ten black figures chased after her quickly. Since it was a dead end, Yun Feng was in their hands! Even if she had extraordinary ability, she wouldn't be able to escape this time!

"Swish, swish, swish..." Energy attacks kept coming from behind, but they were all easily dodged by Na Xie. Yun Feng deeply felt how powerful Na Xie was. If it were her, she wouldn't have been able to dodge so easily. In fact, Yun Feng was already exhausted from dodging just then.

"Those tails behind really make me frustrated." Na Xie's voice came. Yun Feng chuckled and enveloped her body with her mental strength to resist the strong wind that was getting faster and faster. Na Xie's movement speed was truly peerless!

"Yun Feng! It's really a dead end ahead!" Hao Tian's voice came faintly from outside. The speed of the Chao Xi Tribe wasn't just for show. It wasn't easy for them to follow behind steadily right now. Was it a

dead end ahead? Yun Feng's mental strength surged out and directly probed forward. As expected, it was indeed a dead end ahead!

"Hahahaha! Yun Feng, let's see how you can escape from this dead end!" The voice of the Grade-5 God of Blood Souls came from behind. Yun Feng's black eyes darkened. Na Xie took her here. So what if it was a dead end?

"Yun Feng, do you trust me?" Na Xie's calm and powerful voice sounded. Yun Feng burst into laughter and stood straight on its warm and broad back as she shouted loudly!

Chapter 1542 Never Regret Meeting You (1)

"So what if it's a dead end? So what if it's a desperate situation?"

A deep laugh sounded and Na Xie suddenly soared into the sky. "Alright, I won't let you down!"

Hao Tian, who was following behind, watched the huge ball of light in front of him rush towards the dead end desperately. He hesitated for a moment. Should he really follow it? What if Yun Feng was trapped inside? Luo Teng's eyes brightened. "Brother! Follow her! We'll definitely have a chance of survival along the way with Yun Feng!"

Hao Tian gritted his teeth and chased after her without hesitation! If that was really a dead end, he could only accept it!

"My lord! Yun Feng is rushing towards the dead end with her life!" Seeing this situation, someone immediately burst into laughter. "Hahaha, she's already at her wit's end!"

"Master, we'll just wait!"

The Grade 5 God wasn't complacent. He didn't relax at all. He vaguely felt that something was wrong. Yun Feng was truly a reckless person? That was probably not the case! Also, there was something hidden in that strange light ball!

"Yun Feng isn't someone who doesn't care about the consequences. Even though this is the first time we've met her face-to-face, there are also a lot of people in the Blood Souls who have suffered at her hands!" The more he spoke, the more uneasy he became in his mind. "According to my past experience, she won't send herself to a dead end. There must be something wrong. Catch up with her and kill her!"

The Grade-5 God shouted. The other Grade-4 Gods immediately restrained their expressions. The chase-and-run battle had reached the climax. As the dead end ahead approached, everyone's heart raced even more crazily!

It was indeed a dead end! Yun Feng's mental strength found that there was no other way ahead. It was a real dead end. Even though she already had a conclusion, Na Xie was going in this direction and she believed in it!

"I'm going to break through this space barrier. Yun Feng, are you ready?"

Yun Feng was stunned! A space barrier? There was clearly a dead end ahead. How could there be a space barrier? However, she had to believe what Xie said. Xie's inexplicable ability of space was unparalleled!

"I'm ready." Yun Feng took a deep breath and mobilized her mental strength to the optimal state to deal with unexpected events. Na Xie's voice continued, "If I want to break through the space barrier, my energy will be exhausted. I can't maintain my original body anymore. I can only open a channel for you. Everything inside will depend on you!"

"I know!"

Na Xie's laughter sounded. "I was right about you, Yun Feng."

Her red lips curled up and the huge ball of light under her feet sped up again, hitting the dead end ahead fiercely!

"Brother! What are they doing?" Luo Teng and Hao Tian couldn't help but feel surprised! Were they going to commit suicide? Hao Tian's body stopped quickly. Would he be able to find an escape route?

"My lord, Yun Feng is moving... She's running to the end of the road!"

The Grade 5 God suddenly frowned. Yun Feng's sudden movement made him a bit confused. However, there was an obvious change very soon, which shocked everyone!

"Buzz..." The spatial ripples spread out crazily like huge waves! Hao Tian's pupils shrank fiercely! This was... a spatial barrier!

"Kill her!" The Grade-5 God immediately shouted. The other Grade-4 Gods immediately gathered their strength. The ten people of the Blood Souls were all very shocked in their minds! They had been running in circles since they entered this place and found nothing. They really didn't expect there to be... a space barrier here! The existence of a space barrier meant that this was another entrance!

"Boom, boom, boom..." Rapid attacks came like shooting stars! The speed of distortion of space had already expanded under the attacks of powerful forces! Tiny spatial cracks instantly appeared and intertwined. The entire space was already riddled with holes!

"Why is there a space barrier here? How exactly did she find it?" Luo Teng shouted in surprise. Hao Tian's face darkened. He grabbed Luo Teng and quickly approached Yun Feng!

"Buzz..." Another fierce collision occurred and the huge ball of light hit the end of the road on one side. The space shook fiercely and it was already cracking! The attack of the Blood Souls that was comparable to a Grade 7 God had already approached fiercely!

"Hurry up! You don't have much time left!" Hao Tian's voice came again. Yun Feng clenched her fists tightly. She knew what she was facing. An attack comparable to a Grade 7 God! Not one, but multiple such attacks!

"Don't leave me! I'm very impatient with these little insects!" Na Xie's slightly enraged voice sounded. Yun Feng felt the light ball under her feet spin, as if Na Xie had turned around. The white light in front of her eyes dissipated slightly and Yun Feng also saw the ten people of Blood Souls who were chasing her! Ten black robes came with a violent attack at a high speed!

"Boom, boom, boom..." A clear energy fluctuation came from the sky and hit Yun Feng!

The warm and huge body under her feet seemed to be raised slightly. Yun Feng's arm gently moved forward, as if she was wrapping it around Na Xie's neck. She slowly closed her black eyes. The mysterious connection between a summoner and a contracted Magic Beast was established quietly, as smooth as when she made potions. Their minds were connected!

"Boom..." A powerful pillar of light flew out of the huge light body and hit forward fiercely like a lightning cannon! The few attacks with power comparable to Grade 7 of the God Level were instantly penetrated and shattered!

"What?" The Grade-5 God in the lead couldn't help but widen his eyes. He suddenly swung his black robe and dark elements instantly surged out, forming a barrier in front of him! A huge white pillar of light then descended!

"Argh!" The dark elements were completely shattered. The huge white pillar of light directly penetrated the bodies of the four Grade-4 Gods and even their souls were instantly destroyed! The Grade-5 God of Blood Souls was sent flying to the side in a sorry state. It seemed that he was seriously injured. The other Grade-4 Gods who were still alive were also in a sorry state!

Hao Tian hid on the side with Luo Teng. Shock was written all over the brothers' faces again! "God... What kind of attack was that... It directly shattered the power of a Grade 7 God!" Luo Teng mumbled. However, Hao Tian rolled his eyes. This was his only chance to escape!

"Swish!" The huge light instantly shrank. Yun Feng felt the loss of weight, and Na Xie's original body had already disappeared, returning to the appearance of Meatball.

Chapter 1543 Never Regret Meeting You (2)

"Nana!" Meatball shouted loudly as its chubby little body bumped forward fiercely. The space barrier that Na Xie broke just then collapsed after Meatball's powerful collision!

Yun Feng certainly knew how precious this opportunity was. She grabbed Meatball's body firmly with one hand and rushed forward!

"Yun Feng! You can't escape!" The pale Grade-5 God chased after her fiercely. The black robe on his body surged crazily! It seemed that he wanted to stop Yun Feng from leaving at all costs!

"Swish, swish, swish!" Countless dark elements chased after her crazily from the black robe, turning into invisible hands that pounced at Yun Feng at the same time! Wind elements wrapped around her body and a beam of green light rushed forward crazily. However, no matter how fast Yun Feng, who was at Grade 4 of the God Level, was, she couldn't be faster than the crazy pursuit of a Grade 5 God!

Looking at the dark elements that were getting closer and closer to her, Yun Feng gritted her teeth fiercely. It seemed that she was going to fuse the elements! She looked forward slightly with her black eyes and was shocked in her mind! The space barrier that Na Xie painstakingly opened just then was automatically healing at a very fast speed!

Oh no! Yun Feng's heart tightened. She couldn't care less about the crazy attack behind her. She could only run desperately right now and rush in desperately before the space barrier healed!

"I can't let you escape!" The fierce voice of the Grade-5 God came from behind. Yun Feng turned around slightly and saw the eyes of the Grade-5 God! Was everything that Na Xie did going to be for naught?

"Fengfeng!" Meatball shouted fiercely and bared its sharp teeth ferociously. Its body tried its best to jump out of Yun Feng's hand. Yun Feng knew that Meatball wanted to rush out and deal with the Grade-5 God, but Yun Feng wouldn't let go! Most of the energy Meatball accumulated had probably been used up just then. She couldn't let it take the risk right now!

A hand grabbed Yun Feng's arm firmly at this moment and rushed forward with her. Yun Feng looked back and saw that it was Hao Tian!

Hao Tian's handsome face was expressionless. He grabbed Yun Feng with one hand and Luo Teng with the other as he rushed forward at an extremely high speed. The dark elements behind him, which were about to catch up to Yun Feng, were gradually left behind under Hao Tian's speed. The eyes of the Grade 5 God behind him became even redder and fiercer!

He couldn't let Yun Feng escape. Absolutely not!

"You opened the space barrier. It's natural for me to take you in," said Hao Tian with a sullen face. He looked at the space barrier that was healing quickly in front of him with his black eyes and clenched his fists. "I'm going to speed up. Grab what you're holding."

Yun Feng's black eyes glittered as she nodded and grabbed Meatball firmly. Her body was pulled forward by a force!

"I won't let you escape!" The roar of the Grade-5 God came from behind. Dark elements surged over crazily at an extremely high speed! Hao Tian cursed secretly and dodged narrowly!

"Brother! If we keep dodging like this, the space barrier will have already closed before we rush in!" Luo Teng shouted anxiously on the side. Hao Tian gritted his teeth secretly and moved forward with difficulty. Yun Feng's black eyes darkened slightly as she chuckled. "Hao Tian, let go first."

Hao Tian was startled. Luo Teng widened his eyes. "What did you say? My brother and I aren't the kind of people you think we are! Under such circumstances, we can't abandon you! Even if you're a human being, we..."

Hao Tian clenched his fists even tighter. "Little Luo is right. I, Hao Tian, don't have such a personality."

Yun Feng curled her lips. "I certainly won't let Meatball down."

Hao Tian raised his brows. "Once I let go, you won't be able to move faster than the healing of the space barrier at all." Hao Tian narrowed his eyes. "By then, you'll be locked outside!"

"In the current situation, we'll be locked out even with your speed."

Hao Tian frowned slightly. The Grade-5 God behind was chasing him relentlessly. He couldn't spare any time to attack at all and could only dodge. If they continued to maintain this state, they would only be doing nothing! "Swish... Boom!" The attack of the Grade-5 God came again. This time, it was extremely purposeful. Hao Tian dodged to the side forcefully and was even further away from the space!

“It seems that he’s already figured out our goal,” said Yun Feng in a deep voice. Hao Tian pursed his lips and didn’t say anything else. He moved towards the space barrier at a high speed. However, as long as he got closer, the Grade 5 God of the Blood Souls would attack. Hao Tian had to retreat from the space barrier every time!

“I won’t let you escape!” The Grade-5 God of Blood Souls roared. He had already figured out Yun Feng and Hao Tian’s goal completely. As long as he forced them away from the space barrier, they wouldn’t have a chance to escape! When the space barrier automatically healed, Yun Feng would certainly be in his hands!

“We don’t have time!” Hao Tian was forced back hundreds of meters. He grabbed Yun Feng and Luo Teng’s bodies and soared into the sky, directly turning into a straight line, flying towards the space barrier! This time, even if an attack came, he definitely couldn’t retreat! The crack in the space barrier was already getting smaller and smaller! He only had one chance! Hao Tian rushed forward expressionlessly. The Grade 5 God of the Blood Souls burst into laughter. Then, the black elements came down fiercely, but this time, Hao Tian didn’t dodge and still rushed forward!

“Brother! Dodge!” Luo Teng shouted crazily, but Hao Tian ignored him and rushed forward even faster! “Brother!” Luo Teng roared, but Hao Tian held his hand even tighter!

Yun Feng frowned. Seeing that Hao Tian didn’t care about Luo Teng’s shout at all, she knew that he was going to stake everything this time and rush in even if he had to die! Looking at the spatial crack that was getting smaller and smaller in front of her, Yun Feng’s black eyes glittered. She had never liked owing favors, especially to the Sea Clan, which was irreconcilable with humans!

Yun Feng flipped her wrist and a bottle appeared in her hand. Meatball rolled its big eyes, as if it knew what Yun Feng was going to do. The bottle’s seal was removed and a soul appeared crazily, held tightly in Yun Feng’s hand!

“Yun... Yun... Yun Feng...” The soul trembled. Yun Feng sneered as the water element in her hand instantly surged out and surrounded the soul. Powerful mental strength mixed with the water element. The adhesion of the water element was quite high. No matter how the soul struggled, there was no flaw at all.

“Yun Feng! Let me go! Yun Feng!” The soul ran back and forth in the ice blue water ball, as if it was thinking about its current fate. Its already translucent face was full of fear! “Yun Feng, I’ll definitely tell the truth this time. Yun Feng! Trust me!”

Chapter 1544 Never Regret Meeting You (3)

Yun Feng curled her lips coldly. “This is the price of lying to me.”

“Yun Feng! No, no!” The soul shouted crazily. Yun Feng threw her hand forward forcefully. The ice blue water ball wrapping the soul had already flown back and directly faced the dark element attack of the Grade-5 God!

“What did you do?” Hao Tian asked without looking back. Yun Feng chuckled. “Take the opportunity I created. You only have one chance.”

Hao Tian was stunned. Before he understood what was going on, he heard a loud bang not far behind him. Then, a heat wave rushed over, accompanied by a scream from the depths of his soul!

Hao Tian's muscles immediately tightened and the aftershock of the power behind spread. Hao Tian's body seemed to be on a stepping stone. Then, this power moved forward quickly and rushed into the space barrier with Luo Teng and Yun Feng!

"Swish..." The Grade-5 God arrived. He didn't expect Yun Feng to have the ability to counterattack at all! That attack just then also stopped his attack, which affected his speed of pursuit! Seeing the spatial crack that was about to heal, he rushed in without hesitation, but the spatial barrier had already healed completely at this moment! The Grade-5 God of Blood Souls was completely blocked outside!

"Yun Feng!" The Grade-5 God of Blood Souls looked at the completely healed space barrier in front of him and could only grit his teeth. He swung his black robe fiercely and the dark elements hit the space barrier, but there was no reaction at all. The Grade-5 God of Blood Souls knew in his mind that the pursuit this time would end here.

The black robe rolled in the space and some dissipating dark elements came to his eyes. The red eyes of the Grade-5 God looked carefully and a wave of anger surged in his mind! There was a soul in the middle. This soul was even one of his subordinates!

The face of the Grade-5 God was full of shock. Thinking of Yun Feng, he was even more furious! Looking at the messy battlefield, his side could be said to have suffered heavy casualties! Four of the nine Grade-4 Gods were dead and five were seriously injured. Even he was seriously injured! Not to mention that the person who ruined his business was one of his own! Thinking of how Yun Feng's companions didn't die even though a few of them were injured, he was immediately enraged in his mind!

"Yun Feng! I'll make sure you never return!" The Grade-5 God-Level Blood Soul powerhouse roared at the sky. His black robe flashed and his body had already flashed back. Since the higher-ups were so interested in Yun Feng, let the few elders come in person! By then... Yun Feng, you won't be able to escape even if you have wings!

After a short period of darkness, Yun Feng's body suddenly fell. Yun Feng immediately stood on the ground steadily. Meatball also darted out of Yun Feng's hand and jumped on Yun Feng's shoulder, looking at everything around curiously with its big eyes.

"Is this the real Abyss Ruins?" Luo Teng looked at the scene in front of him and mumbled. Hao Tian, on the other hand, looked serious and didn't say anything for a long time.

This was a vast and barren graveyard. Apart from the huge skeletons, there was nothing else in front of Yun Feng. This looked more like an ancient battlefield. Countless races died here and their bones were buried here. Yun Feng tried to fly into the sky to see the whole of this place, but she was shocked to find that their control of space was completely taken away here!

Hao Tian also frowned and found this characteristic. This space had a special restriction and all the Law of Space lost its effect! According to his current estimate, this place should be quite vast. The power of space was stripped away and everything had to be explored slowly with their legs.

Yun Feng and Hao Tian looked at each other. Neither of them forgot the hatred between the Sea Clan and humans in their minds.

Hao Tian's eyes glittered and he clenched his fists quietly. Meatball on Yun Feng's shoulder suddenly opened its mouth and bared its sharp teeth. Hao Tian's eyes glittered again and he opened his hand quietly. "Xiao Luo, let's go." Hao Tian whispered as he turned around and walked in one direction. Luo Teng was startled and looked at Hao Tian in shock. He thought his brother would fight with Yun Feng. He didn't expect him to turn around and leave just like that!

Luo Teng quickly followed him and looked back at Yun Feng from time to time with confusion in his eyes. Yun Feng watched Hao Tian leave and caressed Meatball's body gently with her finger. Hao Tian might want to return the favor just then. Yun Feng chuckled and stepped in another direction. She and Hao Tian were even. Even though she didn't have any conflict with Hao Tian, the grudge between the Endless Ocean and humans didn't disappear because of the reciprocity. If the two of them could meet again here, that would be the time of the real battle.

Hao Tian thought so, and so did Yun Feng.

Yun Feng looked around. How long would it take to walk with these legs? The support of the wind element couldn't last forever. A beam of red light flew out of Yun Feng's Ring of Contract and directly turned into a red Fire Cloud Wolf on the ground. Its small black wings flapped slightly and Meatball jumped over quickly. Its chubby butt sat on Little Fire's head. Little Fire couldn't help but roll its eyes.

Yun Feng walked over and touched the neck of the Fire Cloud Wolf with her hand. She jumped on it. "Little Fire, thank you for your hard work."

The Fire Cloud Wolf let out an excited roar and ran quickly on the ground with its four limbs. "Master, what are you talking about? I was almost suffocated in the Endless Ocean. I can come out for some air now."

Yun Feng curled her lips and touched the soft fur of the Fire Cloud Wolf with her hand. Meatball seemed to be enjoying itself very much. It sat there and moved its little butt left and right with a happy look on its little face. It cried out from time to time. Little Fire couldn't be bothered with it anymore. It observed its surroundings as it ran.

"Master, what exactly is this place? Why are there so many skeletons?"

Yun Feng looked around. This place was truly extremely quiet, as if everything was dead. Apart from these skeletons half buried in the ground, there was nothing else. It was as if these skeletons were the only ones who knew what exactly happened here in the past.

"Lan Yi, how are you?" Yun Feng sent a telepathic message. She was a bit worried about Lan Yi's situation. Would it really be fine if one of his wings was pierced? Perhaps it would be better if he drank the Life Potion?

"Master, don't worry. I can't say that griffins have strong healing abilities elsewhere, but their wings are the strongest. Most griffins' power is focused on their wings. They heal very quickly. I'll be fine."

Chapter 1545 Never Regret Meeting You (4)

“Xiao Feng, don’t worry. Brother Lan Yi is indeed fine.” Yaoyao’s voice came out. Yun Feng was finally slightly relieved. Thinking of Lan Yi’s wings that were forcibly torn off last time, she still felt a bit uncomfortable when she thought about it.

“Xiao Feng, can I go out?” asked Yaoyao. Yun Feng curled her lips and blue light immediately flew out of the Ring of Contract. Once Yaoyao came out, she immediately jumped into Yun Feng’s arms. The little girl held Yun Feng very tightly and buried her little face in Yun Feng’s arms. Yun Feng reached out and touched Yaoyao’s transparent blue ear fins. Yaoyao had barely been with her these days. The little girl seemed to be lonely.

“Xiao Feng still smells the best...” Yaoyao took a deep breath and raised her little face to smile sweetly at Yun Feng. This was a kind of complete trust. Yaoyao had been with Yun Feng since she was born. The person she wanted to protect the most in her mind was the person in front of her.

“So nauseating!” Er Lei’s voice came out. Yaoyao’s little face was immediately full of unhappiness. “What did you say?”

“You’re no longer a baby. Why are you like you’re still weaned?”

Yaoyao immediately bared her sharp teeth. “I like Xiao Feng. What do you think?”

“Er Lei, alright, stop talking. Master was the one who hatched Yaoyao back then. Yaoyao certainly has deep feelings for Master.” Lan Yi came out to smooth things over. Little Fire was also a bit angry. “Idiot, Yaoyao has always been like this for Master. If you don’t like her, don’t say anything!”

Yun Feng smiled helplessly. Yaoyao was indeed the most clingy to her. It was very likely because she hatched her.

“I just want to tell that girl that Yun Feng won’t keep the contract for the rest of her life. You certainly know this in your minds!”

Instantly, everyone fell silent.

Meatball turned around and glanced at Yun Feng, then turned its little head back. Little Fire ran like it was crazy. Lan Yi fell silent, while Yaoyao hugged Yun Feng tightly. “No! Xiao Feng won’t abandon us!”

Yun Feng was silent. Her heart was suddenly blocked by something. She touched Yaoyao’s ear fin gently with her hand and noticed that the little girl in her arms was trembling gently. Yun Feng wanted to say something, but didn’t in the end. At this moment, Little Fire slowly said, “I would rather have never met you.”

Yun Feng raised the corners of her mouth and slowly caressed the neck of the Fire Cloud Wolf with her hand. “Even so, I’ve never regretted meeting you.”

The atmosphere along the way was a bit oppressive. That topic just then made the atmosphere of the few contracted Magic Beasts a bit cold. Er Lei tried to say something else, but the other three were unwilling to talk to him. In the end, Er Lei didn’t say anything else and was completely silent. Along the way, Yaoyao held Yun Feng tightly and didn’t let go, as if she was afraid that Yun Feng would leave if she let go. Little Fire ran forward silently and didn’t say a word.

Yun Feng was only helpless. In the eyes of others, the relationship between summoners and contracted Magic Beasts was forever, but it wasn't the same in her eyes. The birth and growth of summoners depended on the existence of Magic Beasts. The two parties wasn't dependent on each other, but summoners solely depended on Magic Beasts. All along, the contracted Magic Beasts had always served summoners and lost their freedom, becoming a sharp weapon in the hands of summoners.

Among all the summoners, Yun Feng could be considered a weirdo. At the Summoners' Convention that time, almost 90% of the summoners were very cold to their contracted Magic Beasts. The few summoners who fought with Yun Feng before all didn't care about the life and death of their contracted Magic Beasts in order to defeat Yun Feng. When the contracted Magic Beast died, the summoner could contract with a new one without restriction. The death of one of them would give them new power, but Yun Feng thought that once she contracted a Magic Beast, she wouldn't change it.

Yun Feng had always thought that the contract between summoners and Magic Beasts wasn't just a kind of contract. What was deeper was a concept of treating the lives of different races as equals. The contracted Magic Beasts were combat partners and friends. After everything was settled, they should be set free, not tied up by humans for the rest of their lives.

Humans had their own lives, and so did Magic Beasts. If it weren't for Yun Feng's intrusion, Little Fire, Yaoyao, Lan Yi and Er Lei might have had different lives. The Fire Cloud Wolf would still live in the Foggy Forest. Yaoyao might have returned to the Endless Ocean because of an opportunity, while Lan Yi continued to sleep in the Dragon Palace. Er Lei would continue to wander in the forest that belonged to him.

Yun Feng's arrival disrupted their original lives. They gathered together and became the contracted Magic Beasts of the same summoner. This connection was extremely intimate and also difficult to cut off. In the end, everyone would have to face a farewell.

"Ahem." The heavy pressure made Yun Feng unable to stand it anymore. She coughed. Little Fire's wolf ears moved slightly and Meatball swept its tail a few times, indicating that they all heard Yun Feng. Yaoyao hugged her even tighter and raised her little face. There were tears in the little girl's big blue eyes.

Yun Feng raised the corners of her mouth and touched Yaoyao's ear fin. "What I said just then is too far away for me. After all, it hasn't happened yet."

"So, Xiao Feng won't abandon us!" Yaoyao's ear fins moved. Yun Feng chuckled and nodded softly. The little girl immediately let go of her arm and cheered. Then, she jumped into Yun Feng's arms and rubbed her head a few times. "Xiao Feng... I don't want to leave you."

Little Fire suddenly sped up and a wolf howl burst out of its mouth. "I've never thought about such nonsense!"

Lan Yi's soft laughter came. Er Lei sighed helplessly. "I won't say anything else in the future."

"Nana!" Meatball turned its little head and blinked its big eyes a few times. Yun Feng patted Little Fire's body with her hand and the Fire Cloud Wolf roared excitedly again. Yaoyao stuck her little head out and looked around. "Xiao Feng, where exactly is this place? So many Magic Beasts died."

“Master, I’ve already run more than ten thousand meters. There are only bones. Is this a huge burial pit?” Little Fire was also puzzled. The gloomy atmosphere just then was swept away. Yun Feng looked at the situation around solemnly with her black eyes. After a long time, the areas Little Fire passed along were full of bones and there was nothing else at all. Was this really just a burial ground?

Chapter 1546 The Elder Sister Appears (1)

“There’s the aura of the water element ahead.” Yaoyao slowly closed her big eyes and felt it with her heart. After mumbling, she opened her big eyes and pointed in a direction. “Xiao Feng, it’s there! The aura of the water element is coming from there!”

Water element? Yun Feng raised her brows curiously. There were only bones and dry land as far as her eyes could see. There was water element in that direction? It seemed that there was really another world!

“Little Fire, let’s go!” Yun Feng gave the order. The Fire Cloud Wolf immediately turned around and went straight to the place where the water element was emitted under Yaoyao’s perception! Yaoyao was a mermaid and was quite sensitive to the water element. Coupled with the ancient power absorbed in Yaoyao’s body, it was even more so! If she said that there was the existence of the water element, it was definitely there!

“Master, it seems to be ahead!” Little Fire also felt it clearly as it ran all the way in that direction. Yun Feng nodded. A faint water vapor assailed her nose and she could even hear the faint sound of water flowing...

“That’s it!” Yaoyao shouted excitedly. Little Fire ran forward quickly and felt that the soil under its feet was gradually wet. This proved that the water element had penetrated the ground! The Fire Cloud Wolf jumped and a different scene appeared in front of Yun Feng’s eyes!

A huge ancient tree stood in front of Yun Feng. Its branches were lush and the trunk was unusually thick. Even if there were twenty people surrounding the trunk, they wouldn’t be able to hold it! A breeze blew and the lush leaves were green and shiny, emitting a faint fragrance. This fragrance mixed in the air and filled this small space!

“What a huge tree...” Yaoyao raised her head and couldn’t see the top of the tree at all. Little Fire and Meatball were the same. Meatball stood up from Little Fire’s head and blinked its big eyes. Little Fire was also very surprised. “How can there be such a tall tree... How can there be a tree here?”

Yun Feng jumped off the back of the Fire Cloud Wolf and carried Yaoyao down. After landing, she wasn’t stepping on dry land anymore, but a lush grassland! Yun Feng looked down and saw that dense grass was growing in a certain radius of the tree, as if there was an invisible boundary. It was extremely dry outside the boundary, but green inside.

Yun Feng squatted down and touched the grass under her feet. An extremely dense water vapor spread on the grass. There were many tiny water drops on the tender green grass. Little Fire transformed into a little boy. It looked at the grass under its feet curiously with its black eyes and reached out to pull one out, putting it in its mouth. “It’s much better than the ones in the Foggy Forest.”

Yun Feng chuckled. Little Fire quickly blushed and threw the grass in its mouth aside. "I'm a meat eater. I've never eaten grass."

Yaoyao gently pressed her little hand on the ground and closed her black eyes slightly. When she opened them, surprise flashed through her black eyes. "Xiao Feng! There's the sound of water flowing below!"

Yun Feng nodded. Such a huge tree certainly had huge roots. The water and nutrients were certainly transmitted in the roots. Perhaps because the roots were too huge, the sound of the transmission of nutrients could be heard. Perhaps the green grass was covered by tree roots.

"It's very strange to have a tree here... The other places are extremely barren." Little Fire observed carefully with its black eyes and finally focused on the tree trunk. "Such a thick tree trunk... The old trees in the Foggy Forest probably aren't as thick."

Yun Feng was also observing her surroundings. It was certainly a bit unusual for such an ancient tree to be erected here. While observing, Yun Feng deeply felt that the environment here was too wonderful. It was different from the scenery along the way just then. She slowly approached the tree trunk and couldn't help but smile when she saw that Little Fire's hand was faintly red.

"We can burn the tree trunk with fire... It's so thick. There must be something inside!" Little Fire whispered. It was about to say something, but Yun Feng stopped it. "The fire element shouldn't be able to do anything to such heavy density of water."

"Tsk! I forgot that there's no lack of water here."

Yun Feng chuckled. "But such a thick tree trunk does look like it's hiding something."

"Then how do we open it..." Little Fire frowned. Yun Feng pondered and the aura of the Sea Clan in her body was activated. Her hand immediately turned into a sharp claw and slashed the tree trunk fiercely! Yun Feng's eyes were startled. She used a lot of strength. Besides, her strength was even greater after she transformed. Under such an attack, there were only shallow scratches on the tree trunk!

Little Fire was also dumbfounded. Yaoyao walked over and took a look. "Xiao Feng, do you want me to blast it open with my fishtail?"

Yun Feng smiled wryly. Little Fire didn't believe it. Red light flashed and the huge body of the Fire Cloud Wolf appeared. The little wings on its shoulder flapped and the sharp claws of the Fire Cloud Wolf pounced on it! However, the tree trunk still didn't move at all, leaving only a few shallow marks!

Was this tree invulnerable? Little Fire and her were both extremely strong, but they still couldn't shake it at all!

Meatball, who was originally sitting on Yun Feng's shoulder, moved its body at this moment and its chubby body pounced over. It opened its mouth and bit the tree trunk with its sharp teeth!

"Crash!" The giant tree finally reacted. Meatball's sharp teeth stabbed deeply into the inside of the tree trunk and the thick tree trunk instantly trembled fiercely! Meatball rolled its big eyes and exerted its strength. With a tearing sound, a very thick piece of bark was completely torn off by Meatball!

Meatball spat out the bark in its mouth and stuck out its little tongue in disdain. It didn't seem to like the taste in its mouth. Little Fire transformed into human form again and ran to the tree trunk to take a look. "Meatball, you're indeed carnivorous too..."

Yun Feng looked at the white scar left by Meatball when it forcibly tore off the bark on the tree trunk. She was deep in thought when the ground suddenly shook violently!

"Boom..." The ground shook so violently that Yun Feng almost couldn't stand straight!

"Xiao Feng, be careful!" Yaoyao immediately grabbed Yun Feng's hand tightly and walked out with Yun Feng. Little Fire followed closely behind. Yun Feng, the little girl and the little boy hadn't run far when the ground not far away in front of them suddenly cracked!

"Watch out!" Yun Feng pulled Yaoyao back to her arms forcefully, and Little Fire was also pulled over by Yun Feng. "Earth Shield!" With a furious shout, the earth element quickly formed a solid barrier in front of Yun Feng, blocking the three of them firmly behind! The huge stones that suddenly flew out of the cracked ground were completely blocked by the Earth Shield and scattered around.
