

Summoner 161

Chapter 161: Meatball's Bite (1)

A level 8 against a level-9, an outstanding one among the Dragons!

Yun Feng's body tightened. Power and speed comparable to those of Magic Beasts burst out of her body, which was transformed by the Array of Life. The few attacks from Xiao Ling didn't even touch Yun Feng. She couldn't help but narrow her eyes and bend her hands. Her slender arms, which were still in human form just now, suddenly changed!

Black dragon scales immediately covered Xiao Ling's arms and the shape and size of her arms also underwent weird changes. In a few seconds, her human arms had already transformed into dragon claws!

"Human, don't challenge the dignity of the Dragons. Accept your punishment!" Xiao Ling shouted with a low voice. Even though she looked like a beautiful, sweet girl, she also carried an aura that only beasts had. She seemed a bit ferocious and her transformed dragon claws were covered with black luster. Those shiny scales and the sharp claws that were like hooks scratched at Yun Feng's chest with power that pierced the air!

Yun Feng's heart tightened and her body immediately fell back. And yet, Xiao Ling was indeed faster. She couldn't scratch Yun Feng with one claw, but the other had already reached forward before Yun Feng moved back!

"Water Shield!" Yun Feng yelled with a deep voice as the blue water element instantly blocked in front of her, turning into a transparent blue ripple. Xiao Ling snickered when she saw the Water Shield in front of Yun Feng!

"You think you can get in my way with your level-7 magic?" A deep sound of a dragon came. Yun Feng only saw that the water element in front of her was crushed to pieces by Xiao Ling with her claw!

Using level-7 magic to fight against a level-9 dragon was like a kid fighting with an adult. There was no power to counterattack at all! Yun Feng frowned firmly. Even though the Water Shield was broken by the dragon claw, Yun Feng bought herself a few seconds and her body dodged again agilely, avoiding Xiao Ling's claw.

"Human, what else do you know other than running? Show me what you've really got!" Xiao Ling couldn't help but yell in disdain when she saw Yun Feng dodge to avoid her attack again. She went after Yun Feng and swore to teach her an unforgettable lesson!

Yun Feng avoided Xiao Ling's attacks and intentionally led Xiao Ling to run along a route. The corners of her red lips slowly curled up and she finally stopped somewhere abruptly!

"Why? Not running anymore?" Xiao Ling immediately looked at Yun Feng with contempt after seeing her stop. Apparently, Yun Feng's constant escape made the weakness of humans more obvious.

Yun Feng looked at Xiao Ling with a smile and suddenly shouted with a deep voice. "Fire Field!"

"What?" Xiao Ling didn't react in time. She only saw that her body seemed to be surrounded by a transparent cloche and the cloche was made of surging fire elements!

“A double-element mage!” Xiao Ling’s pupils shrank abruptly and her disdain towards Yun Feng in her mind immediately reduced quite a lot. This kid was a double-element mage! Her fire element had even reached level 8!

“Human, you really have a card up your sleeve.” Xiao Ling also stopped moving in the sea of fire. The Fire Field was an absolute field made of fire elements. Even though Xiao Ling was at level 9, she couldn’t break through level-8 advanced magic easily!

“Female dragon, I have a name.” As soon as Yun Feng finished talking, a raging fire suddenly appeared in the field formed by the fire element! Half of Xiao Ling’s body had completely turned into her dragon form when she saw that. She knew clearly that she wouldn’t be able to resist the level-8 fire element with her human body!

The fire element in the Fire Field kept deepening, and deepening, and deepening. Xiao Ling’s half-dragon body could barely resist the fire element. The fire element was unusually powerful and it would be overwhelming to stay in the Fire Field for a long time!

Yun Feng stood outside of the Fire Field. Strong mental strength was required to support the use of advanced magic. The Fire Field was an advanced fire magic and the price that a normal level-8 mage had to pay after using the Fire Field was that the mage wouldn’t be able to use any other magic anymore! However, this was totally different for Yun Feng.

Looking at Xiao Ling’s half-dragon body in the fire, Yun Feng gave it a thought as the dark red Ring of Contract appeared in her hand and she slowly put it on her index finger. A glint of light flashed through the eight fire marks on the surface of the ring!

“Little Fire, come out.” Yun Feng raised the corners of her lips and showed a smile on her beautiful face. Even the bright sun was overshadowed by this smile.

A beam of dark red light shot out of the Ring of Contract, landing next to Yun Feng. Little Fire shook its head and stared at Xiao Ling in the Fire Field with ridicule in its eyes. Although Little Fire was a bit afraid of Ao Jin, it was only because of Ao Jin’s strength and Golden Dragon blood. However, when facing Xiao Ling, this Mutated Magic Beast also had the pride and dignity compared to those of the Dragons!

Xiao Ling had been detained in the Fire Field and the powerful attacks that the Dragons were proud of were also not working, The Dragons were also categorized into warriors and mages similar to those of humans and Xiao Ling happened to be a warrior. She was at a bit of a loss as well when facing a level-8 mage. The other level-8 magic was fine, but this advanced magic, the Fire Field, could be said to be a warrior’s nightmare!

A normal level-8 mage wouldn’t use this magic easily. The amount of mental strength consumed by this magic wasn’t something ordinary mages could stand. However, everything would change when it happened in Yun Feng!

The fire element in the air suddenly disappeared, which shocked Xiao Ling a bit. The scorching temperature surrounding her was gone all of a sudden! And yet, when she collected herself and looked at Yun Feng again, she immediately gasped!

That was... a Magic Beast! She was... a summoner!

“You...” Xiao Ling’s half-dragon body transformed into a human body. She still had that gentle and gorgeous face, but it was full of astonishment.

“I what? It’s my turn now!” Yun Feng gently raised the corners of her mouth and Little Fire also sensed Yun Feng’s thoughts. Its wolf eyes were filled with excitement. A level-9 master. What a challenge, an interesting challenge!

“Roar!” Little Fire opened its mouth and its dark red body turned into a beam of black line, flashing towards Xiao Ling. It swung its sharp claws directly at Xiao Ling’s chest mercilessly, just like Xiao Ling did earlier!

Chapter 162: Meatball’s Bite (2)

Xiao Ling’s arms flashed and turned into black dragon claws, clashing against Little Fire’s wolf claws. A Mutated Magic Beast and a level-9 dragon, neither gave way to the other and they were equally matched!

“Fire Arrow!” Yun Feng stood aside and watched Xiao Ling block Little Fire’s attack. She immediately curled up her lips and smiled as she waved her hand. An arrow formed by the fire element then shot out of her palm!

“Damn it!” Xiao Ling had to block Little Fire’s attacks, but Yun Feng’s Fire Arrow was already flashing towards her at the same time. She felt like she was besieged in the front and at the back and she had no power to fight back at all!

This was the difference, the huge difference between a summoner and anyone else!

The Magic Beasts of summoners could be said to be the fundamental reason why summoners surpassed other professions. Just like Yun Feng’s Little Fire, before it showed up, Yun Feng was almost suppressed by Xiao Ling and she kept running. However, as soon as Little Fire came out, the perfect impediment from this Mutated Magic Beast and Yun Feng’s level-8 magic made Xiao Ling unable to fight back at all as she was fighting against the two of them alone!

The level-8 Fire Arrow sped towards Xiao Ling in the air. Xiao Ling wanted to avoid it at first, but Little Fire held on to her firmly, making her unable to move. She could only watch the Fire Arrow penetrate her body!

“Little friend, please show some mercy!” An old voice suddenly came and Yun Feng’s Fire Arrow clashed with a strong air current, vanishing in the air in an instant.

Yun Feng slightly narrowed her black eyes and looked at the elder flying over in the sky. That was the big cheese of the Black Dragons, an old man whom Uncle Flirtatious called Old Qi.

Little Fire got Yun Feng’s command and it immediately stopped its attack on Xiao Ling, returning to Yun Feng a bit sadly, like it hadn’t enjoyed itself to the full. Facing this elder who suddenly showed up, Little Fire was also a little nervous and its body tightened.

The elder flashed in the air and came next to the panicked Xiao Ling, glaring at her reproachfully. Xiao Ling didn’t say anything and just stood next to the elder obediently.

“Little friend, I’m Elder Qi of the Black Dragons. What’s your name?” The elder cupped his hand in front of the other and bowed to Yun Feng with a smile. Yun Feng also answered him politely.

“Elder Qi, I’m Yun Feng.”

The expressions of the elder and Xiao Ling changed after hearing what Yun Feng said. Yun Feng, the Yun family... The Yun family that once had a summoner! Although the Dragons had always been hidden from the outside world, it didn’t mean that they didn’t know anything. Everything that happened on the East Continent was captured in the eyes of the Dragons and the Dragons also paid attention to one type of human being, summoners.

Yun Feng felt a little pressured. She had never thought that the Yun family was well-known even among the Dragons. Elder Qi stared at Yun Feng and sized her up back and forth with his eyes that were full of the vicissitudes of life, turning into appreciation in the end.

“You’re indeed an early bloomer. Yun Feng, you changed my impression of humans.”

Xiao Ling pursed her lips gently. Although she was a bit dissatisfied that her grandpa complimented Yun Feng, it was true that Yun Feng was a talented genius and even Xiao Ling had to admit that she couldn’t compare to Yun Feng.

“Thank you, Elder Qi. I’m just an ordinary person.” Yun Feng smiled. She wasn’t proud or arrogant because of Elder Qi’s compliment, which made Elder Qi nod in satisfaction. He originally thought she was just a human being. He didn’t expect her to be a summoner. It seemed that their Young Master was much better than they were in seeing people.

“Elder Qi, why are you here?” A loud, bold voice sounded. Elder Qi turned around as he chuckled and looked at the person who was rushing over from afar with a smile on his face.

“Young Master.”

Xiao Ling looked at Ao Jin and immediately froze for a second. After that, she widened the corners of her mouth and showed an unusually sweet smile at Ao Jin. “Brother Ao Jin...”

Ao Jin didn’t look at Xiao Ling at all, which made her smile freeze completely on her face. She could only glared at him furiously as Ao Jin strode to Yun Feng. When he reached his hand out and was about to hold Yun Feng up, he heard Little Fire shout next to Yun Feng.

“You pervert, get away from my Master!”

Meatball, who hadn’t been making a move on Yun Feng’s shoulder, also gnashed its sharp, shiny teeth immediately when it saw Ao Jin and its poor little face also looked a bit ferocious.

“Flirtatious Jin, stay away from me from now on.” Yun Feng looked at the man in front of him coldly. His soft, shiny golden hair fluttered in the wind messily, making him look wild and unruly. The square face the original middle-aged man had had already disappeared. He now had delicate skin and a pair of shiny golden eyes. His long golden eyelashes even curled up a bit. His facial features were deeply outlined like they were carved with a knife, as if he was a statue of the God of War of ancient Greece. His chubby body was also gone and became a slender, shapely body with the combination of power and beauty.

Ao Jin froze for a second and touched his face as he glanced at Yun Feng in confusion, “Kid, do I not look nice like this?”

Yun Feng almost couldn't breathe. Looking at Ao Jin's appearance of a 100% handsome young man, she really couldn't call him uncle anymore... As Yun Feng thought about him holding her all the way and asking her to call him uncle, Yun Feng's face couldn't help but look disgusted. This man took advantage of her to the fullest!

“Anyway, stay away from my Master!” Even though Little Fire was afraid of the dragon power that Ao Jin released, it must step up before he took advantage of Yun Feng.

“Nana, nana!” Meatball swung its little claws and was very upset about Ao Jin. Its fluffy body moved slightly, as if it was about to pounce on Ao Jin.

“Get out of my way!” Ao Jin stared at Little Fire with his golden eyes. Little Fire's fur all over its body couldn't help but stand on end, but it still stood in front of Yun Feng, staring back at Ao Jin, refusing to give in.

“Kid, do you like my original appearance?” Ao Jin looked at Yun Feng and asked tentatively. The corners of Yun Feng's eyes suddenly twitched several times. She didn't know what she should say.

“Young Master.” Elder Qi didn't know how to react when he watched this scene. His Young Master finally restored his original appearance. When he came back to Dragon Valley at first, his look indeed scared them. He finally looked normal now and he wanted to change it back?

Chapter 163: Meatball's Bite (3)

“Old Qi, shut up!” Ao Jin shouted without looking back and Elder Qi closed his mouth embarrassedly, not saying a word again. Ao Jin looked back and gazed at Yun Feng with his golden eyes. “Kid, say something!”

Yun Feng lifted the corners of her mouth and looked at the man in front of her, who insisted on regarding himself as an uncle. “Uncle Flirtatious, I don't care much about your appearance.”

Ao Jin narrowed his eyes slightly, then raised his head and burst into laughter. He said very crazily, “It seems that you like this face more!”

Little Fire couldn't help but roll its eyes, and Meatball also turned around and pointed its butt at Ao Jin in disdain. Elder Qi stood there with an embarrassed look, while Xiao Ling's eyes were full of jealousy.

“Ahem, Young Master, we still have business to talk about...” Elder Qi coughed in embarrassment. Ao Jin finally put his attention on Elder Qi.

“I know. You're talking about the Dragon Palace, right?”

Elder Qi nodded and told Ao Jin that they should go back and talk about it, but Ao Jin showed a wide smile. “Just get to the point. I have limited patience!”

Yun Feng looked at Elder Qi and also knew what he meant. “Uncle Flirtatious, you should get to work first.” After saying that, Yun Feng was about to leave, but Ao Jin reached his hand out and picked her little body up. Yun Feng's face flushed a bit shyly. “Put me down!”

Ao Jin was very happy when he saw Yun Feng's shy face and he lifted her even higher. This move was more like a father holding his daughter up for the outsiders... but the bodies of the two of them didn't match.

"Why are you so embarrassed? Why does it matter for me to hold you up?"

Elder Qi's face flushed. "Young Master, Yun Feng is already a young lady..." Xiao Ling also said quickly, "Brother Ao Jin, put her down quickly!"

"A young lady? Can she be as old as I am? I'm already a few thousand years old!" Ao Jin shouted in discontent. Elder Qi was shocked and he chuckled wryly at Yun Feng. Yun Feng wrapped her arm around Ao Jin's shoulder and jumped up to get out of Ao Jin's arms agilely. After landing on the ground, she quickly stayed far away from Ao Jin.

"Uncle Flirtatious, men and women are different." Yun Feng said while her little face was still a bit red. Ao Jin spaced out a bit as he looked at the blush on Yun Feng's fair white cheeks, but he didn't like Yun Feng being so distant from him, so he mumbled in dissatisfaction, "Human rules are troublesome."

"Old Qi, just say what you want to say!" Ao Jin suddenly raged like a storm. Elder Qi had also gotten used to Ao Jin's personality, so he immediately spoke and didn't care if Yun Feng was there.

"The trials for the exploration of the Dragon Palace are about to begin. What are you planning to do this time, Young Master?"

Ao Jin's handsome face, which looked like it was carved with a knife, turned cold and there was the viciousness and cruelty of a beast in his glistening golden eyes. He rubbed his chin gently with his hand. "What am I planning to do? Those bastards of the Red Dragons aren't stopping this time and are still trying to eliminate me. Aren't they afraid that I will kill them?"

"Young Master, calm down..." Elder Qi smiled speechlessly. The Dragons were already sparsely populated and the population was slightly shrinking again in recent years. If the Red Dragons and the Black Dragons had another dispute, the Dragons would suffer a huge loss. Even though Ao Jin was conspired against by the Red Dragons this time, the Black Dragons couldn't suppress them on a large scale. They belonged to the same clan after all and they couldn't really do things like hurting their own kind.

"Same rules. The number of places that can be obtained will be based on our own ability!" Ao Jin said. After hearing that, Elder Qi couldn't help but turn to Yun Feng. Yun Feng glanced at Elder Qi and didn't understand why he was looking at her.

"I'm not interested in the Dragon Palace." Yun Feng said as Elder Qi smiled and Ao Jin burst into laughter. He wanted to reach his big hand out to touch Yun Feng again, but Yun Feng avoided him agilely. Meatball made a deep sound, as if it was warning Ao Jin.

Ao Jin retracted his hand and said with a deep voice. "Kid, you must visit the Dragon Palace once."

"I must visit the palace? Are the Dragons going to share their treasures with an outsider?"

Elder Qi shook his head with a smile on his face. "Yun Feng, you don't know that the summoner left a message back then."

Yun Feng raised her eyebrows as Ao Jin burst into laughter again. His hand was about to reach out, but he retracted it once again. "The message left by that summoner is: The second summoner who enters the Dragon Palace, I left something nice for you in the Dragon Palace. Kid, are you still not going?"

Yun Feng's heart became hot out of excitement! The inheritance left by the summoner, who contracted the ancestors of the Dragons, was inside the Dragon Palace! She looked at Ao Jin and then Elder Qi again. "You also want to know what he left here, right?"

Elder Qi nodded. "I'll be honest with you, Yun Feng. This Dragon Palace is where the ancestors of the Dragons are buried and there's also the inheritance from our ancestors. That summoner also left some things here. And yet, we've never found anything after our exploration all these years. The summoner has left, and these things became unowned things and they're even in the Dragon Palace, so..."

Yun Feng nodded. The Dragons were born greedy and they were greedy for unowned things. Before she showed up, the Dragons certainly treated these things as theirs. However, after she appeared, they would belong to her!

"Won't this cause trouble?" Yun Feng asked. Her identity was already awkward, and now, she suddenly became the owner of these unowned things. She thought that the Dragons wouldn't be able to accept it.

"What are you afraid of? With me here, you don't have to worry about those bastards!" Ao Jin shouted with charming glitters in his golden eyes. Yun Feng looked at Elder Qi. "Elder Qi, I think we shouldn't tell anyone about this."

Elder Qi also nodded. "Don't worry, little friend. Since you're the inheritor designated by the summoner. Those things he left here certainly belong to you no matter what they are."

Yun Feng smiled, but she didn't really believe what Elder Qi said. The Black Dragons were easy, but what about the Red Dragons? She would be entering the Dragon Palace with members of the Dragons. Nobody could be sure what kind of danger there would be. Would the Dragons play dirty? Even with the Young Master of the Dragons, Ao Jin, with her, she wouldn't be able to prevent all the hidden dangers!

Chapter 164: Meatball's Bite (4)

However, even so, she must go to the Dragon Palace herself. She was also quite excited to be able to see what this powerful summoner, who contracted with the Dragons, left for her!

After everything was finished, Elder Qi also left. Xiao Ling wanted to stay to say something, but her grandpa dragged her away forcibly. Yun Feng was also about to leave when she saw the others did. However, she felt like there was a wall blocking in front of her. She looked up and saw Ao Jin's handsome face before her eyes.

"Uncle Flirtatious, excuse me." Yun Feng said, but Ao Jin wasn't making way for her at all. Yun Feng was speechless. She raised her head and looked at Ao Jin, as if she was asking silently, "What are you doing?"

Ao Jin's face suddenly turned red when Yun Feng's clear black eyes gazed at him. "Kid... Do you really not like how I look?"

Yun Feng sighed speechlessly. "You look quite good, uncle, really."

Ao Jin laughed joyfully after hearing that. "I've always thought that I look like a sissy, but I'm glad you like it!" The shiny golden wings on Ao Jin's back suddenly spread, glittering with bright golden light like an angel who had just come to the mortal world!

"Let me show you a good view!" Ao Jin was apparently in a good mood. He reached his big hand out regardless of Yun Feng's rejection and held her up. Little Fire then shouted, "Give me back my Master!"

The golden wings on Ao Jin's back flapped and made wind sounds. He looked at Little Fire on the ground as he burst into laughter. "Fly to me if you can!"

Meatball on Yun Feng's shoulder immediately gnashed its sharp teeth and bit the back of Ao Jin's hand fiercely! Ao Jin felt a heart-piercing pain and he screamed as Yun Feng fell from his arms. When Little Fire saw this, it jumped up and caught Yun Feng steadily, while Meatball did a perfect flip in the air, landing on Yun Feng's shoulder as it joyfully wiggled its butt at Ao Jin.

"Uncle Flirtatious, I want to be alone for a while!" Little Fire gave Ao Jin a disdainful look and quickly rushed forward while carrying Yun Feng, disappearing very soon. Ao Jin flapped his golden bone wings and stayed in the air dumbfoundedly. He looked at the back of his hand with his golden eyes. There was a tooth print and golden blood was slowly oozing out of it!

Ao Jin's eyes darkened as he stared at the back of his hands. With his strength and identity as a Golden Dragon, a Magic Beast like Meatball could surprisingly bite through his dragon scales at once! A few drops of sweat suddenly appeared on Ao Jin's forehead. The powerful body of a Golden Dragon turned out to be nothing in front of that Magic Beast!

Yun Feng sat on Little Fire's back comfortably. Little Fire's fur was soft and was shining with dark red luster. Yun Feng couldn't help but squeeze Little Fire's ears. When Little Fire was running, its ears always bent backwards, looking really cute. Even Meatball also jumped on Little Fire's head and rubbed its fluffy body against its head.

Little Fire was a bit speechless and angry when it felt Yun Feng's movements. She apparently treated it as her pet as she did this, but there was nothing it could do because Yun Feng was its Master. However, what Meatball did made Little Fire discontented.

"Meatball, if you don't get off, I'll eat you with one bite!" Little Fire said as it ran. Meatball wiggled its butt happily several times after hearing that, as if it despised what Little Fire said. Yun Feng also chuckled when she saw this. Suddenly, her face froze and her smile immediately turned cold. She patted Little Fire's body and Little Fire instantly stopped.

Meatball hopped onto Yun Feng's shoulder at once and stared at the man, who was standing in their way, with its huge eyes as those grape-like eyes rolled a few times.

"Little friend, are you the human friend who came with Young Master?"

Yun Feng came down from Little Fire's body and looked at the man in front of her. There was a glint of cunning in the man's eyes. Even his smile was extremely fake. Yun Feng didn't say much. She nodded.

The man glanced at Little Fire next to Yun Feng and Meatball on her shoulder. When he saw the dark red fire-element Ring of Contract on Yun Feng's index finger, he was breathless for a second.

"Little friend, you're a summoner. Young Master indeed has a good taste," the man said with a flattering smile and Yun Feng also smiled. "How can I help you?"

"Haha, you're quite straightforward, little friend. I wonder if you're interested in our Dragon Palace."

Yun Feng looked at the man's face and slowly gave a smile. "The Dragon Palace?"

The man looked happy when he heard that. "Yes, the Dragon Palace. There are treasures left by the ancestors of our clan inside. I wonder if you're interested, little friend."

Yun Feng smiled and didn't say anything. This man should be someone from the Red Dragons. He invited her to the Dragon Palace so passionately, but didn't talk about the summoner at all. It seemed that they wanted her to look for the treasures for them. This idea was quite good.

"I'm not interested in the things of the Dragons." Yun Feng said as she saw that the man's face became a bit stiff. "Little friend, you don't understand. Human heritage isn't comparable to that of the Dragons. Besides, this Dragon Palace..."

"Aren't you worried that I'll take the treasures away after getting them?" Yun Feng said coldly, while the man burst into laughter. "Little friend, have you underestimated the Dragons? The Dragons don't have just one treasure! Little friend, if you see anything you like, just take it!"

This man was really good at bluffing, as if he could decide everything for the Dragons. Yun Feng put up a smile at the corners of her mouth. "It's truly a rare thing that the Dragons are giving away their treasures."

"Little friend, you're someone who came with Young Master, so you certainly are a friend of the Dragons. It's reasonable for us to give our friend a couple presents."

Yun Feng smiled and remained silent. The man thought she was interested after seeing her face and he tried even harder to persuade her. "If you're interested, the Red Dragons can help you with that."

Yun Feng sneered in her mind. Help her? This man came to her to beg her to go to the Dragon Palace at first. And now, he wanted her to beg him for help instead. The switch of positions was really fast and cunning enough.

"Help me with what?" Yun Feng asked by following the man's will and the man was immediately delighted after hearing that. "Of course, to get you a spot."

Chapter 165: Cut the Crap, Begin (1)

"Oh? Doesn't the Dragon Palace belong to the Dragons? Shouldn't it be easy to get in there?"

The man smiled wryly. "Little friend, you indeed have no idea about it. Dragon Palace is the place where the ancestors of the Dragons are buried and it's a purely enclosed space. Due to thousands of years of changes, that space has undergone subtle changes. Nobody knows how dangerous it is inside. The Dragons have always had very few descendants. It's not worthwhile to send all of us there to die. Besides, not everyone can open that space. Only Young Masters can."

Yun Feng nodded. No wonder. "You can get this spot whenever you ask for it?"

The man burst into laughter after hearing that. "You don't have to worry about this, little friend. The exploration spots of the Dragon Palace are openly contested. If you can join the Red Dragons and represent us in the battle, how would you have to worry about not getting the spot with your strength?"

Yun Feng was unmoved. "If I need to fight for the spot, I can also join the Black Dragons, can't I?"

The man turned cold. Apparently, he had never thought that Yun Feng would have a response that wasn't slower than his at all. "Well... If you're willing to join the Red Dragons, you'll certainly get some benefits, little friend."

"Benefits?" Yun Feng raised her eyebrows. Would the Dragons really be willing to take out their treasures to rope someone in?

"Yes, benefits. For humans, this thing should be something that you'd also want." The man smiled as he flipped his hand and showed a shiny stone. Meatball's body immediately wanted to move when it saw that. Yun Feng turned her head and glared at Meatball coldly, so Meatball unwillingly gave up pouncing on the stone.

"What do you think, human friend? This ultimate ore is the treasure that you've always dreamed of, isn't it?" The man narrowed his eyes and looked at Yun Feng. He found that there wasn't even a hint of excitement on Yun Feng's face, so he felt a bit embarrassed.

"Hm, indeed. However, as far as I know, Magic Beasts and humans are the same. Are the Dragons the same as well?" Yun Feng raised her eyebrows and looked at the man with a mile in her eyes. A Red Dragon that could take out an ultimate ore apparently had an ultimate mineral vein! Otherwise, it would be too much of a sacrifice to use an ultimate ore to rope a human in, given that ultimate ores were so precious.

"That's true, but you're already a friend of the Dragons, so it doesn't matter." The man said as he gave the ultimate ore in his hands to Yun Feng. Yun Feng took it without hesitation and put it away under Meatball's covetous gaze.

"Little friend, are you happy with the gift?" The man asked with a beaming smile after seeing Yun Feng take it. Yun Feng chuckled. "Thank you, Red Dragons. Since it's a gift for me, how can I not accept it?"

"Haha, in that case, then..."

"But I don't remember promising the Red Dragons anything."

The man's face immediately darkened when he heard this. "What did you say?"

"Isn't this the gift you gave me? Besides, I've never agreed with your suggestion, haven't I?" Yun Feng looked at the man with a smile in her clear eyes. Her slender body stood there lightly and a momentum that was as strong as a woman gradually spread from this body. The man narrowed his eyes and stared at Yun Feng for a long time.

"So, little friend, you mean you're joining the Black Dragons?"

"I didn't say that I'm joining any party."

“Hm! Little friend, if you’ve already made up your mind, I guess the Red Dragons have flattered ourselves. However, you must think thoroughly. The Black Dragons aren’t as powerful as the Red Dragons. If you want to change your mind, it’s not too late yet!”

Yun Feng burst into laughter as she caressed Meatball’s body gently with her fingers. “Thank you for the kindness of the Red Dragons. I, Yun Feng, won’t forget this.”

“Yun...” When the man heard Yun Feng’s name, his body couldn’t help but tighten. “You’re from the Yun family. No wonder... Hm! We’ll wait and see!” The man grunted coldly as the wings on his back spread instantly and he flew into the sky swiftly. Yun Feng narrowed her eyes and watched the man leave. Her lips curled up in disdain. The Red Dragons made quite a clever plan. If Uncle Flirtatious didn’t tell her the reason, she might have really been persuaded to go to Dragon Palace. They wanted to use her to look for the things that the summoner left behind and then stab her on the back. Now that she had declared her stance, the trip to Dragon Palace would definitely not be peaceful.

“Nana, nanana!” Meatball kept rubbing its body against Yun Feng’s face flatteringly. Yun Feng glanced at Meatball speechlessly as she flipped her hand and that ultimate ore appeared in her palm. Meatball’s eyes immediately brightened and its body pounced forward precisely onto that ultimate ore.

It picked up the ultimate ore with its little claws as its huge grape-like eyes glittered, as if it was a hungry wild beast that saw meat, and it opened its mouth. Yun Feng only saw those sharp teeth before the entire ultimate ore had already been swallowed by Meatball.

Little Fire was a bit dumbfounded as it watched from the side and it couldn’t help but swallow. “It can eat something else. Why does it have to eat this...”

Meatball’s mouth was bulged because of the ore. Some “crack” sounds came from its mouth, which was probably the sound of the ore being cut and ground. Meatball was really happy when it ate. After a while, its bulged mouth had already shrunk back down. It seemed that it had swollen the ore.

Yun Feng flicked Meatball’s head with her fingers. At this moment, there was a contented look on its little face, as if it had just had a feast. Yun Feng smiled speechlessly. This ore was kind of a swag. She didn’t want to use it anyway, so it was better for Meatball to eat it.

The man, who spread his wings and flew high in the sky, flapped his wings as he gritted his teeth furiously at the same time. “What a human who doesn’t take both soft and hard approaches!” he mumbled quietly and took out his Sound Transmission Jade. The man spoke with a deep voice into the Sound Transmission Jade, “My Lord, I couldn’t persuade her, neither by soft approaches nor by force. What do we do?”

The Sound Transmission Jade flashed a few times after a while and a slightly hoarse voice sounded. “Neither by soft approaches nor by force? In that case, just make her disappear in the Dragon Palace!”

“Got it!” The man put away the Sound Transmission Jade and laughed wickedly. Human girl, since you’ve chosen to go against the Red Dragons, I’ll not let you get out of the Dragon Palace!

The competition for fighting for the spots to explore the Dragon Palace soon began. The rules were very simple. There were a total of ten spots. With the Young Master, Ao Jin, and also Yun Feng right now, the

number of spots was changed to eight. The Red Dragons and the Black Dragons would fight for these eight spots, relying on their own strength. Even if one party got all the spots, the other party could only stare at them and concede defeat. Strength determined everything!

Chapter 166: Cut the Crap, Begin (2)

On a large square in the Dragon's land, several giant dragon statues towered so high that they reached the sky, showing the domineerance and dignity of the Dragons. The Black Dragons and the Red Dragons had already arrived and had been waiting there. The form of the competition was very simple. Each party sent out an elite team of four. They first drew lots to choose their opponents. When one party lost, the other would directly get the spot!

There was only one battle for the spots this time. Whether you made a mistake or underestimated the opponents, your spot would be taken by the other party once you lost. This was a competition that decided the final result!

Yun Feng didn't want to be involved in this at first. She could just enter the Dragon Palace when it opened and she didn't have to watch the competition. However, Ao Jin didn't think so. He directly dragged Yun Feng there early in the morning. Meanwhile, Yun Feng was sitting next to Ao Jin in frustration, looking at the few hundred members of the Dragons on the square.

She could see that the Dragons seemed united on the outside, but weren't peaceful on the inside. The Red Dragons and the Black Dragons disliked one another and the Young Master of the Dragons, Ao Jin, was apparently closer to the Black Dragons, which certainly made the Red Dragons even more furious. Some energetic young people had already started fighting.

It was very lively and there were arguments everywhere. Ao Jin frowned and suddenly yelled, "Shut up! If anyone talks nonsense again, I'll tear his muscles apart!"

Everyone immediately went silent. Those young people who were arguing with each other stopped in an instant. Ao Jin's identity as a Golden Dragon and his strength could be said to astonish everyone. Who would dare to provoke a Lord-Level Golden Dragon?

"Hm! Listen up! There are eight spots and you'll fight with your own strength! If I find out someone's cheating, I'll never let him go easily!" Ao Jin glanced around with his golden eyes. Some young men, whose strength was much weaker than that of Ao Jin, turned pale and stood there obediently, not saying a word.

"Alright, let's draw lots!" Seeing that the situation had already been controlled, Ao Jin shouted. Yun Feng couldn't help feeling a bit awkward when she watched this. A handsome man shouting his head off, could anyone imagine that?

The Red Dragons and the Black Dragons each sent out an elite team of four. Yun Feng glanced over them and saw that there was someone she knew in the team of the Black Dragons, Xiao Ling who fought with her that day. Xiao Ling looked over, as if she had sensed Yun Feng's gaze, and immediately grunted, turning her head to the side.

When they finished drawing lots and everyone was waiting for this exciting battle for spots to start, the young man that led the team of the Red Dragons suddenly walked out and shouted at Ao Jin.

“Young Master, why is there one spot less this year?”

The members of the Dragons, who didn't know what was going on, started whispering to each other. Not everyone knew Yun Feng's identity, so many people were confused when they learnt that there was suddenly a spot less and they certainly needed an explanation. Yun Feng looked at the young man from the Red Dragons and saw anger and disdain gushing out of his eyes.

The Dragons had one spot less for exploring the Dragon Palace. This was indeed something confusing. Ao Jin glared at the young man who spoke. “It's up to me. Why are you talking crap? Get back in line!”

The young man who spoke was startled and the members of the Dragons also made some deep noises. The elders of the Red Dragons seemed to be watching this situation with a smile of content, as if this scene was all they needed.

Elder Qi of the Black Dragons came out as Yun Feng also stood up. Other than Ao Jin's bloodline, there might not be other reasons why he could become the Young Master, with his personality. It truly wasn't easy that he didn't flip the Dragons around with such a personality.

“That spot was given to me.” Yun Feng said ahead of them. As expected, she received countless vicious gazes from the Dragons and she took them calmly. She looked straight at the young man who spoke in front of her without gazing sideways and could feel the endless anger in his mind.

“Young Master, give us an explanation! Giving the spot to explore the Dragon Palace to a human is too much of a joke!” The young man shouted. This shout aroused the emotions of countless dragons and the anger in their minds were ignited. The Dragon Palace, the place where the ancestors of the Dragons were buried, the sacred ground of the Dragons. How could he give a human the right to enter so casually?

“F**k! Shut the f**k up!” Ao Jin yelled. A dragon roar resounded around the square and the young man who spoke directly turned pale due to the shock. A bit of blood oozed out of the corners of his mouth. It looked like he was injured quite seriously.

“Young Master!” Elder Qi immediately shouted when he saw that Ao Jin was enraged. Ao Jin then slowly retracted his dragon power with viciousness and cruelty in his golden pupils. He was a Golden Dragon, the Young Master of the Dragons. Why did he need to explain to the others when he did things?

“The human Young Master brought back this time isn't just anyone, but a summoner!” Elder Qi said loudly. All the members of the Dragons looked startled after hearing the news and a clamor of discussing voices immediately burst again!

“A summoner? The human who came back with Young Master is a summoner?”

“A... summoner is here in Dragon Valley again!”

“This is the first time I've seen a summoner. Where's her Ring of Contract?”

“That Fire Cloud Wolf must be her contracted Magic Beast...”

The young man among the Red Dragons was also startled after hearing that and he glanced at Yun Feng. “Elder Qi, I have a question. If she's a summoner, where's her Ring of Contract?”

Elder Qi turned around to look at Yun Feng and was a bit embarrassed when he found that there was no ring on her hand. Yun Feng smiled as a dark red ring appeared on her palm. The eight fire marks on the surface of the ring were so eye-catching!

After seeing the Ring of Contract, all the members of the Dragons held their breath and focused on it. Yun Feng shook her head speechlessly. "Do you see the ring now?"

The young man subconsciously nodded. Yun Feng didn't put on the ring, but directly put it back. "Now that you've seen it, what other questions do you have?"

The young man was shocked when he saw what Yun Feng did, while the other members of the Dragons were extremely surprised as well, but some people had already started discussing with a soft voice. "Did you see that? She put the Ring of Contract back!"

"Our forefather said that that summoner was also like this!"

Chapter 167: Cut the Crap, Begin (3)

"She and that summoner share the same habit. Do you think..."

Ao Jin listened to his people's discussion on Yun Feng and gave a smile on his handsome face. He didn't ask them to keep quiet anymore, but sat there happily and let them talk.

"If you're really a summoner, I certainly won't doubt it. However... what I want to ask is, does her strength deserve this spot?"

The young man seemed to be addicted to picking a fight. Yun Feng couldn't help narrowing her eyes slightly. The young man's strength was comparable to that of Xiao Ling. As soon as the young man said that, Ao Jin frowned and his face turned dark, covered with a layer of thunderclouds. Yun Feng smiled when she saw this. "Uncle Flirtatious, this is something I indeed need to prove. It's time for them to know if I'm powerful enough to get this spot or not."

Ao Jin was startled. "Hahaha, kid. Alright! Don't show him mercy! Kick his ass!"

The young man's face darkened after hearing this and his gaze became even more unfriendly when he stared at Yun Feng. Xiao Ling couldn't help but laugh with a "pfft" sound as she heard what the young man said. The other three teammates of the Black Dragons asked curiously when they noticed this, "Sister Ling, why are you laughing?"

The corners of Xiao Ling's mouth curled up as she watched Yun Feng and Little Fire next to her walk down from the platform, gazing at the young man of the Red Dragons with a gloating look. "Just wait and see. Yan Yu will regret what he said."

"Huh? Regret? Yan Yu's strength is similar to yours!"

"Yeah, that summoner should be at level 6 only, right..."

Xiao Ling didn't say anything as she listened to her teammates' discussion. Level 6? That kid had already reached level 8 and she was a double-element mage! She also had a creepy dodging speed. Even a mage with the wind element would never be able to avoid Xiao Ling's level-9 dragon claw attacks!

Although the other three members of the Black Dragons didn't quite understand what Xiao Ling meant, they still looked at Yun Feng with anticipation, while the Red Dragons despised Yun Feng completely. Yan Yu gazed at the gorgeous little girl and snickered coldly, "Do you think you can defeat me with a wolf?"

Little Fire immediately howled after hearing these obviously insulting words and it really wanted to smash this man in front of it to pieces with its claw! Yan Yu's gaze then fell on Yun Feng's shoulder and he froze for a second when he saw Meatball, bursting into laughter right after that. The Red Dragons also laughed loudly, as if they were waiting to see Yun Feng embarrass herself. Meatball on Yun Feng's shoulder seemed to be enraged. Yun Feng caressed its little body with her finger. "We'll only know if I can defeat you after we fight."

Yan Yu suddenly took a few steps forward. "Human, tell me your name."

The corners of Yun Feng's mouth curved up coldly and she slightly looked up at Yan Yu's face. "If you want to know my name, tell me yours first."

Yan Yu startled and he grunted. "Yan Yu of the Red Dragons!"

Yun Feng smiled slightly, while Meatball wiggled its butt at Yan Yu in disdain and Little Fire also grunted with contempt. Yan Yu felt a bit stripped of his dignity. "Yun Feng of mankind."

Glints of fierceness flashed through Yan Yu's eyes as he twisted his wrist and a spear appeared in his hand! Six Magic Beast Crystals were inserted in that spear! A weapon with six holes and six crystals!

"Yun Feng, there's life and death on the battlefield. Do you understand this?"

Yun Feng twisted her wrist and that short, powerful, wand with six holes and six crystals appeared in her hand. Yan Yu's face darkened when he saw the wand. Yun Feng held the wand tight as Little Fire next to her had already growled with a deep voice.

"Don't talk nonsense. If you want to fight, just begin."

Members of the Dragons watching around all became a bit nervous and the Black Dragons were curious about Yun Feng's strength. "Do you think Yan Yu will win?"

"I think so. Yan Yu is a talent of the Red Dragons. He's never lost before..."

"Hm, Yan Yu's strength has already surpassed that of some of the older generations. That human summoner looks just like a child. How powerful can a child be?"

"Isn't she digging her own grave?"

"Haha, who knows what that human is thinking about..."

The Red Dragons weren't worried at all when they saw the two of them pull out their weapons. Yan Yu was an outstanding member among the Red Dragons, a talented young man who had never lost before! How would he lose to a human? Even if this human was a summoner, so what?

Yan Ting looked at Yan Yu calmly and wasn't worried at all. Seeing how anxious the Black Dragons were, Yan Ting was a bit pleased. It would be great if Yan Yu could take the opportunity to eliminate this

human. Then, there would be one spot more. As for the things left by that summoner? Hm! Since this human didn't accept their kindness, he didn't believe that the Red Dragons couldn't find them!

"That human is digging her own grave... Battling with Yan Yu?"

"Hahaha, I guess she's just an arrogant, ignorant little girl. She wants to get into the Dragon Palace? She's not qualified!"

"I agree. How would a human being like her be able to enter the Dragon Palace of the Dragons? That's wishful thinking!"

"Yan Yu, don't show her mercy!"

The Red Dragons started to feel excited. Looking at this scene, Elder Qi was at a loss. The Red Dragons had always gone against their Young Master. Even though they were afraid of his identity, they only obeyed him on the outside but were reluctant to on the inside.

Ao Jin sat in the main seat and narrowed his golden eyes to look at the Red Dragons. Anger had already risen at the bottom of his heart. However, when he saw how calm Yun Feng was, Ao Jin smiled again.

Elder Qi glanced at Ao Jin speechlessly. This is supposed to be a competition for the Dragons to get their spots to explore the Dragon Palace. Why did it suddenly become like this right now? Judging from Young Master's expression, he's clearly looking forward to it. Ah...

"Young Master, this..." Elder Qi wanted to say something, but Ao Jin waved his big hand. "Don't keep harping on! If those bastards of the Red Dragons want themselves to suffer, don't blame me for not reminding them."

Elder Qi also understood that their Young Master was ready to watch the show after hearing that. He couldn't help but look at Yan Yu with a pitiful gaze. Even though he wasn't very clear about this girl's strength, she had the power to force his granddaughter, Xiao Ling, to turn into half-dragon and even pushed her on the verge of danger. Yan Yu wouldn't be able to win.

Chapter 168: Cut the Crap, Begin (4)

Yan Ting kept observing the expressions of Ao Jin and Elder Qi secretly. When he saw Elder Qi's eyes, he inexplicably felt something was wrong, but he didn't know what exactly.

As Xiao Ling listened to her teammates whisper, she looked at the Red Dragons with her big eyes and saw that their faces were full of disdain, as expected. She couldn't help but feel delighted. "Tut-tut, just wait and see. Yan Yu of the Red Dragons, who has never lost before, is going down this time..."

Yan Yu held his spear with six holes and six crystals in his hand and saw that the body of the spear suddenly shook. "Buzz..." It let out a deep buzzing sound and the six crystals also emitted beams of bright light!

Yun Feng also infused her mental strength slowly into the wand after seeing that. The six crystals on the wand also released a dazzling luster. These two weapons with six holes and six crystals made many people jealous and they were even more curious and excited about Yun Feng's strength.

“Whoosh!” The spear spun in Yan Yu’s hand stood on the side of his body. Yan Yu’s black eyes darkened. “Show me how powerful a summoner is!”

Yun Feng’s lips curved up and she smiled, while Little Fire next to her growled with a deep voice and Meatball on her shoulder shook its body, jumping next to Ao Jin perfectly. Ao Jin looked at Meatball with a trace of nervousness in his golden eyes. Meatball seemed to feel Ao Jin’s emotions. It turned its head back slightly and showed an extremely ferocious smile at Ao Jin, gnashing its sharp teeth. Ao Jin smiled wryly when he saw that and was worried that Meatball would pounce on him after opening its mouth. After all, it broke his dragon scales, his most powerful defense that he was most proud of, with one bite!

Yan Yu was furious when he saw Yun Feng’s calm and relaxed smile. A shout burst out of his throat and he abruptly swung the spear in his hand, piercing towards Yun Feng with the sound of whistling wind!

“Take my attack!” Yan Yu yelled angrily as Yun Feng’s body dodged and avoided the attack agilely, and so did Little Fire. The body of this level-8 Mutated Magic Beast flashed like a thunderbolt and Yan Yu’s spear missed the target!

“You’re quite something!” Yan Yu said with a deep voice, while Yun Feng chuckled. Reciprocity was a must. She waved the short and powerful wand in her hand and the pure fire element instantly gathered around it, forming a giant fireball that was burning with many heat waves quickly!

“What a large fireball!

“It’s the fire element... Oh God...”

The Dragons watching the battle around felt the temperature of the heat waves in the air and they all mobilized their fighting energy or mental strength to resist the changes caused by Yun Feng’s level-8 magic. Yan Yu only smiled in disdain as he looked at the enormous fireball in Yun Feng’s hand. Yun Feng didn’t care about it at all. The fireball in her hand became larger and larger, and it was already as huge as the height of a person!

“Fireball, go!” Yun Feng shouted with a deep voice as the fireball formed at the tip of the wand sped towards Yan Yu, creating a red trace in the sky like a meteorite that shot through the atmosphere!

“You’ve underestimated me!” Yan Yu shouted. There was immediately a burst of light from the spear in his hand and the “swish” sound of air splitting kept coming continuously. Yun Feng’s fireball was completely blocked outside by Yan Yu’s spear and it couldn’t get any closer to Yan Yu!

“Hm!” Yan Ting grunted after seeing this scene. Even if that human is a summoner, so what? That’s what this little girl has got. How ridiculous!

The Red Dragons couldn’t help but cheer when they saw this. Who was Yan Yu? He was the talent of the Red Dragons, someone who had never lost. He wouldn’t possibly lose today!

Yun Feng looked at Yan Yu’s defense that he thought was perfect, as she raised her little hand and waved the wand. “Explode!”

“What?” Hearing what Yun Feng said, Yan Yu immediately swung the spear in his hand around his body and he saw that the giant fireball that he blocked exploded vigorously in an instant. Every member of the

Dragons felt a threatening heat wave coming right at their faces and that giant fireball also disappeared immediately, turning into countless little fireballs, shooting towards Yan Yu like gravel!

The spear kept swinging and the fireballs were all destroyed. Yan Yu felt like he had indeed underestimated her. The attack this kid made just then focused on quality but not quantity. And now, it seemed that this girl had quite a quick response! However, she would be dreaming if she thought she could hurt him like this!

“Roar...” A beast’s roar sounded. Yan Yu’s pupils shrunk as the spear in his hand immediately spun and blocked behind him. “Clang!” Yan Yu felt the vibration from the body of the spear. He saw through the fireballs that a giant, dark red beast was gradually approaching. Little Fire’s sharp claws were blocked by Yan Yu’s spear. The power of this level-8 Mutated Magic Beast didn’t give Yan Yu too much pressure, but it wasn’t easy to push it away either. A glint of light flashed through Little Fire’s eyes and it opened its wolf mouth. Yan Yu felt that the air around was even distorted a bit!

Oh no! Yan Yu was shocked for a second in his mind and he immediately gave up resisting Little Fire. He jumped up gently with the spear in his hand and his body had already fallen back a dozen meters, but the high-temperature fire that spouted out of Little Fire’s mouth had already arrived as expected!

“Whoosh...” The dark red fire element with a trace of darkness came towards Yan Yu’s body. Yan Yu’s black eyes darkened and he stuck the tip of his spear in the ground as he spun his body hard, avoiding Little Fire’s fire attack. And yet, the corners of his clothes were still burnt and his face also became a bit black, making him look a little messy.

People watching the fight couldn’t see it very clearly. They only saw that something seemed to have happened inside the fire element. As the thick smoke lifted, Yan Yu showed up, but he didn’t look as relaxed and calm as before anymore. Yan Yu’s robe was burnt by the fire and his face was covered with black stains. The Black Dragons couldn’t help but laugh softly when they saw Yan Yu.

The Red Dragons felt a little embarrassed. Yan Yu didn’t lose, but he seemed to be in a difficult position. When had this talent of the Red Dragons been so messy before?

“Hey, Yan Yu! If you can’t beat her, just surrender!” Those of the Black Dragons started to cause a commotion. Yan Yu immediately looked enraged after hearing that. A summoner... was indeed extraordinary!

Chapter 169: Well-Deserved (1)

“Try to talk bullshit again! When has Yan Yu ever lost before?” The Red Dragons didn’t hold back anymore. They couldn’t stand the provocation of the Black Dragons and felt stripped of their dignity, so they raised their voices and shouted.

“I’m just speaking facts! Everyone sees that. If Yan Yu doesn’t surrender, what should he do?”

“Right, Yan Yu, if you can’t beat her, just concede defeat!” The Black Dragons burst into laughter. Xiao Ling also gazed at Yan Yu with an interested look, feeling delighted. Yan Yu, you’re so stubborn. You should know how powerful a summoner is, right? It’s not too late to surrender now. It’s not too embarrassing.

The faces of the Red Dragons all flushed after hearing this and they kept yelling at the top of their lungs. Yan Ting sat there and also looked bad. Seeing Yan Yu like that, he was a bit embarrassed as well.

Ao Jin sat in the main seat and watched the two parties shout their heads off, but he wasn't planning to stop them. His eyes looked more like he was gloating at them and was enjoying the drama.

Yan Yu stood there and looked at Yun Feng and Little Fire with a glint of viciousness flashing through the bottom of his eyes, while the spear in his hand buzzed again. Little Fire had already jumped up and was about to pounce on him again!

"I'll deal with you animal first!" Yan Yu yelled viciously as he swung his spear fiercely in the air. Yun Feng's heart immediately tightened when she saw this and she quickly waved her wand. "Earth Shield!"

Little Fire also noticed how vicious Yan Yu was, but it seemed impossible for it to step back anymore. It felt the spear coming right at it with suffocating pressure!

"Total Annihilation!" Yan Yu shouted. His spear let out a deep humming sound like a dragon and his level-9 fighting energy flashed towards Little Fire's body fiercely!

Little Fire's body tightened and it watched that spear swing at it. However, before the spear reached Little Fire's body, it saw the Earth Shield blocking in front of it firmly.

"Master!" Little Fire yelled as it swiftly fell back the next second. The Earth Shield was immediately crushed to pieces by the fighting energy that rushed over like thousands of troops!

Little Fire retreated to the side dangerously and still had a lingering fear in its mind as it looked at Yan Yu. A level-9 powerhouse was indeed quite capable. Under the attacks from it and its Master, he still wasn't injured at all, even though he seemed a bit like he was at a disadvantage when he dodged. And that spear he threw out just now even had the power to tear everything apart!

Yun Feng narrowed her eyes and looked at Yan Yu. He used a combat technique! Combat techniques, a major factor in the powerful strength of warriors. The use of combat techniques could help a warrior kill his enemy in a blink! Just like the technique, Total Annihilation. Little Fire would probably have already died right there without Yun Feng's Earth Shield!

The anger in Yun Feng's mind was gradually ignited. Although she didn't really like the Red Dragons, she had never thought about killing them when she attacked. And yet, he unexpectedly had the thought of killing her. If you're unkind to me, why do I have to be friendly to you?

After using Total Annihilation, Yan Yu was a bit weak. Even though combat techniques were powerful, they also required a strong fighting energy's support, just like the advanced magic of mages. The more powerful the magic, the larger the amount of mental strength that would be consumed. Yan Yu put a bitter look on his face and stared at Yun Feng and Little Fire, who were totally fine. He was truly enraged. This combat technique didn't affect the two of them at all. How irritating! How hateful!

Yan Ting had been watching. When he saw that Yan Yu's combat technique didn't hurt the opponent at all, he was also a bit shocked. His gaze fell on Yun Feng and he looked at her for a long, long time.

The Black Dragons and the Red Dragons couldn't help feeling a little dumbfounded. Yan Yu was a genius! However, under the combat technique of a genius, this summoner wasn't injured at all? She was too... powerful!

Xiao Ling was even more surprised and stunned! She stared at Yun Feng firmly with her beautiful eyes and the wave in her heart kept rolling and rolling! What did she see? Was that the Earth Shield? Was that earth-element magic? Was this little girl not a double-element mage? When did she learn the third type of magic?

Xiao Ling's eyes kept glancing over Yun Feng. She felt like her heart was about to shake. Three elements... God, she's a three-element mage!

Xiao Ling couldn't describe her feeling as shocked anymore. Yun Feng was a monster in her eyes. The rarity of three-element mages was comparable to that of ultimate ores in this world!

Three elements... A three-element mage appeared among humans on the East Continent. Even the Dragons coveted such a talent! If there was a talent like her among the Dragons, that would be the pride and glory of the whole clan!

Looking at Yan Yu, Yun Feng also knew that the combat technique just then consumed a huge amount of his energy and a trace of piercing coldness was hung on her beautiful facial features. She then waved the wand in her hand gently at Yan Yu!

"Fire Arrow!" Giant flaming red arrows shot out of the wand with a loud bang and sped towards Yan Yu from all directions. Yan Yu cursed softly as his body dodged agilely. The spear in his hand also changed from attacking to defending, blocking Yun Feng's fire-element arrows one by one!

"Howl..." Little Fire's howl also came right away, followed by the attacks from its sharp claws. Yan Yu dodged again messily. He was fighting against two opponents by himself when facing a summoner. If there wasn't a huge gap in their strength, how would Yan Yu's level-9 power be able to deal with a level-8 summoner? It was even Yun Feng, who could make attacks of multiple elements!

The Fire Arrows were accompanied by Little Fire's attacks and Yan Yu could only dodge around. The Black Dragons couldn't help but feel a bit anxious after seeing this scene. Why are you still attacking him like this? Just take him down with one strike.

The Red Dragons all seemed extremely anxious as well. Even though Yan Yu looked like he was in a difficult position, he wasn't actually injured. He only needed to restore the consumed fighting energy. Yan Yu was buying himself some time. Once his fighting energy was restored, there wouldn't be such an embarrassing, passive situation!

Yan Ting watched the battle coldly. Once Yan Yu's fighting energy was restored, Yun Feng's attacks would no longer be worth mentioning. Human kid, you lack combat experience and you want to show off your strength in front of the Dragons. How would we let you do as you wish?

Nobody understood why Yun Feng was doing this. Some of them were confused and some were enjoying the show, but there was one person who saw through Yun Feng's mind, and that was Xiao Ling!

Chapter 170: Well-Deserved (2)

Xiao Ling looked at the positions where Yun Feng's Fire Arrows attacked and the spots she forced Yan Yu to go to. She couldn't help but smile wryly. That human was going to use that trick...

As expected, after Yan Yu avoided another one of Yun Feng's Fire Arrows that whizzed by, he laughed wildly all of a sudden. "Human, you should have had enough!"

The eyes of the Red Dragons all brightened. Yan Yu's fighting energy was restored! It seemed that the human was out of luck!

The Black Dragons couldn't help but boo a few times, while Xiao Ling shook her head and looked at Yan Yu in pity. "Yan Yu, you'll regret this. You'll definitely regret this..."

Yun Feng stopped waving her wand and Little Fire also stopped attacking and stood next to Yun Feng obediently. This human and beast both gazed at Yan Yu a bit weirdly, as if Yan Yu was a trapped animal and that anything he shouted wouldn't help at all.

"What are you laughing at? I'll make you pay!" Yan Yu was frightened by Yun Feng and Little Fire's gaze. The embarrassment and anger he had when he avoided their attacks earlier burst out all at once and the spear in his hand buzzed again!

"Yes, that's enough. I'm done playing." Yun Feng's red lips slowly curved up. The smile on that little face made Ao Jin space out again. He only saw Yun Feng gently raise her wand, pointing it at Yan Yu. Yan Yu grunted and snickered.

"Why? You still want to play?"

Yun Feng didn't answer him. She just opened her lips gently. "Fire Field."

Yan Yu's body was completely frozen. There was no time for him to react at all before his entire body had already been surrounded by the red, raging fire element!

"See? What did I say..." Xiao Ling crossed her arms in front of her chest and curled her mouth in disdain, looking at Yan Yu who was completely trapped by the Fire Field. She had also been in that position before. She wouldn't have been able to resist the raging fire element inside even for a second if she didn't turn into half-dragon! She hoped Yan Yu wouldn't try to save face, otherwise...

The moment the Fire Field appeared, everyone was astonished! Yan Ting stood up from his chair immediately and his old face darkened. The Fire Field, this human could use such high-level magic. Was her mental strength endless? She could still use the Fire Field after performing so much magic. What was this about?

Yan Yu was trapped in the Fire Field and had no way out at all. The raging fire element surrounded and rolled around his entire body and many heat waves came right at him, as if they were going to devour every part of him!

"Argh!" Yan Yu let out a furious shout as he waved the spear in his hand abruptly. However, all of his moves in the Fire Field were useless! He wouldn't be able to break through this elemental space unless he reached the Commander Level!

“Xiao Yu, don’t overexert yourself!” Yan Ting immediately yelled. Yan Yu was a talent among the Red Dragons and also their greatest hope. He thought he could give humans and the Black Dragons a lesson this time and wanted to embarrass Ao Jin. Who would have thought things would turn out this way?

Yan Yu found that it was useless no matter what he did inside. He bit his lips hard as blue veins appeared on the back of his hands. Yun Feng’s behavior seriously provoked his dignity and pride! He, who was known as the talent of the Red Dragons, was forced to dodge a human’s attacks and was trapped in such a space. His pride and dignity didn’t allow him to yield. He would never yield!

Yan Ting saw that Yan Yu wasn’t moving at all and knew that Yan Yu was stubborn. His old face turned even darker. That boy could be stubborn and disobedient, but not Yan Yu!

Yan Ting turned around and looked at Ao Jin as he cupped his hand in front of the other gently. “Young Master, we’ve all seen the strength of this little friend up till now. We won’t have any other questions again. This battle can stop, can it not?”

Ao Jin glanced at Yan Ting lazily. “That kid picked a fight himself. I didn’t make him. If you want to beg for mercy, you should go to that little girl. I can’t make a decision!”

Yan Ting’s face twitched a few times after hearing that. He couldn’t make a decision? Who would believe that the Young Master of the Dragons couldn’t make a decision for this matter? What Ao Jin meant was very obvious. Didn’t the Red Dragons want to provoke Yun Feng? Didn’t they want to pick a quarrel? So, he let them. And when things ended up like this, they wanted him to stop everything with his words? No way! He wouldn’t be Ao Jin if he didn’t tear their skin off!

Yan Ting froze there. The faces of the members of the Red Dragons darkened a little, while the Black Dragons looked like they were enjoying the drama completely and they were provoking the Red Dragons with their eyes. Beg for mercy! If you don’t, Yan Yu may die inside.

Yan Ting looked at the stubborn Yan Yu in the Fire Field and he finally gritted his teeth secretly as he bowed to Yun Feng with his hand cupped in front of the other. “Little friend, things have come to this point. Can you let him go? The Red Dragons will be extremely grateful.”

Yun Feng smiled. It was already quite good that this old man was willing to yield and apologize. She believed that today’s battle had given the Red Dragons an unforgettable lesson. Even the person whom they thought was a genius was tortured in every way in Yun Feng’s hands. Then, this genius wasn’t really a genius.

“Well, then, I’ll just put this behind me.” Yun Feng smiled. She knew that she couldn’t go too far no matter what and she had to leave some room. After all, she was in the territory of the Dragons. She should be a bit more careful.

She waved her wand and the Fire Field disappeared immediately. If it weren’t that there were still some heat waves remaining in the air, the Dragons would have doubted if the space formed by the fire element really appeared just then.

Yan Yu stood there messily and suddenly took a few deep breaths. When Yan Ting saw Yun Feng take down the Fire Field, he was also relieved. He glanced at Yan Yu with an exasperated look. “Why are you still standing there? Get back here!”

Yan Yu gritted his teeth tight and gazed at Yun Feng deeply. When he walked past Xiao Ling, Xiao Ling chuckled and whispered, "Yan Yu, it must be nice to experience the Fire Field."

Yan Yu stopped walking and slowly turned around. "Don't you be too cocky."

Xiao Ling pursed her lips indifferently, while Yan Yu walked back to the Red Dragons, looking bad. The Red Dragons couldn't say a word anymore. They all stood there a bit uncomfortably. When Ao Jin saw this scene, he finally burst into laughter. After that, he glanced at every one of them with fierceness in his golden eyes.

"Now, do you still have other questions about this spot?"
