

Summoner 171

Chapter 171: Well-Deserved (3)

The whole venue was in complete silence and nobody dared to ask any questions. Everything that happened just then was already enough to prove it! Yan Yu, a genius among the Red Dragons, a top figure in the entire Dragons, was backed into a corner like that by Yun Feng. If it weren't for Yan Ting, he might really have been killed in that Fire Field! Yun Feng was worthy of the spot. It was well-deserved!

She put away her wand and slowly walked back. Little Fire followed Yun Feng next to her as it completely ignored the curious gazes from the members of the Dragons along the way.

Yun Feng walked to Ao Jin and sat down. Meatball then made a sound as it jumped onto Yun Feng's shoulder and rubbed its little body against Yun Feng's face joyfully, looking very happy. Ao Jin couldn't help but heave a sigh of relief when he saw that Meatball was far away from him. Seeing Yun Feng come back, his hand wanted to caress Yun Feng's head happily, but he saw Meatball stick out its little face and gnash its sharp teeth.

"Ahem, kid, well done. You gained face for me." Ao Jin slowly retracted his hand as he put a relatively exaggerated smile on his handsome, sculpture-like face. Yun Feng was a bit fearful when she saw this. It was truly a waste to make such an expression with this perfect face.

Yun Feng smiled wryly and ignored Ao Jin. Ao Jin looked at Meatball. He wanted to touch Yun Feng, but dared not to. He was afraid that Meatball would bite him. The Dragons had very strong recovering ability. The wounds Meatball caused on the back of Ao Jin's hand had already recovered completely, but he couldn't let it bite him at every turn. If Meatball became vicious one day and injured a dragon's heart, that dragon would die eventually even with strong abilities.

Ao Jin was so afraid that he dared not touch Yun Feng and anger rose abruptly in his mind. "Continue the competition! Fight well!" Ao Jin's sudden shout made the Red Dragons and the Black Dragons a bit shocked. Although their Young Master's temper was a little strange, he was rarely this unreasonable.

Ao Jin sat there furiously, while Yun Feng was wondering why his temper changed so suddenly. She didn't notice the smug smile in Meatball's big pair of eyes.

The competition for the spots to the Dragon Palace continued. However, after the fight between Yun Feng and Yan Yu just now, everyone was a bit shocked and they didn't show much passion for the following battles. Xiao Ling and Yan Yu didn't get to fight and the others couldn't see this exciting battle. The results soon came out. The Red Dragons and the Black Dragons each got four spots, which was quite fair.

Ao Jin nodded as he looked at the four qualified members of the Red Dragons and the Black Dragons respectively. "It'll be time for the Dragon Palace to open in three days. All of you, listen up. Don't make me look down on you!"

The expressions of the eight members of the Red Dragons and the Black Dragons couldn't help but change and they all answered "yes" with a deep voice. Ao Jin then waved his hand. "Alright, dismissed."

Elder Qi shook his head, and sighed again and again, by the side. Yun Feng also smiled a bit speechlessly. There was truly an unspeakable sadness that the Dragons had such a Young Master...

When everyone left, Ao Jin stretched his body lazily. “Kid, I’ll take you around to have some fun after arriving in the Dragon Palace. There are quite a lot of treasures inside.”

Elder Qi sighed on the side. “Young Master, the Dragon Palace is dangerous. You better not run around.”

“You’re really naggy. Isn’t the Dragon Palace left by the ancestors? How could it hurt me no matter how dangerous it is?”

Elder Qi was startled. What he said was right. His Young Master’s strength had already reached the peak, but... “Young Master, don’t forget that... you can’t get into the Dragon Palace.”

Yun Feng was also shocked when she heard this. Wasn’t Uncle Flirtatious coming with her? Hearing this, Ao Jin finally reacted and he scratched the back of his neck in embarrassment. “Oh, this... I forgot about it...”

“Why isn’t Uncle Flirtatious going in?”

Elder Qi explained, “Young Master needs to open the Dragon Palace and has to continue keeping it open, so he certainly can’t enter.”

Yun Feng understood now. Ao Jin occupied one of the ten spots only to open the Dragon Palace and keep it open, while the other nine people went inside. If Ao Jin could get in, he would probably be able to take all the treasures in there in a heartbeat.

“Don’t worry, kid. Whoever dares to lay a hand on you, I’ll kill him first.” Ao Jin said furiously as Yun Feng shook her head. Elder Qi watched the two of them from the side with his gaze bouncing back and forth. Xiao Ling came up at this moment and gently pulled her grandpa’s sleeve. Elder Qi understood what she meant, so they walked aside together.

“Why, Xiao Ling?” Elder Qi saw that his granddaughter seemed to have something to say, so he asked.

“Grandpa...” Xiao Ling looked at Yun Feng and took a deep breath. “Yun Feng is a multi-element mage!”

“What did you say? A multi-element mage?” Elder Qi’s eyes widened as he subconsciously turned around and glanced at Yun Feng with shock and pressure surging in his eyes that were full of vicissitudes. It was already astonishing that she had such strength at this age, and now, she turned out to be a multi-element mage?

Xiao Ling nodded. “Water element, fire element, earth element. I saw her use the magic of these three elements with my own eyes! I think... I think that there are more than three...”

Elder Qi’s pupils shrank abruptly and his face twitched. “More than three... How is that possible?” Elder Qi’s eyes stared at Yun Feng firmly. Who was she? Who exactly was she?

There was still a day until the Dragon Palace opened. The Dragons that could get into the Dragon Palace had already been chosen and the eight of them were all preparing for it. Yun Feng was the most relaxed one. She didn’t care about the treasures of the ancestors of the Dragons at all. What she cared about was the things that the summoner left behind.

“Yun Feng, haha.” Elder Qi came all the way over. Yun Feng was sitting in a small garden in relaxation, thinking about something, when she saw Elder Qi come up with a smile.

“Elder Qi.” Yun Feng stood up as Elder Qi glanced at her. “It’ll be time to enter the Dragon Palace tomorrow. Young Master asked me to come by. Yun Feng, just ask me if you have any questions.”

Yun Feng raised her eyebrows. Ao Jin surprisingly wasn’t free today. He probably had to prepare for the opening of the Dragon Palace. Yun Feng smiled. “I’m not interested in the things in the Dragon Palace. Elder Qi, you should know that.”

Chapter 172: Dragon Palace (1)

Elder Qi smiled and replied, “Of course, of course. I certainly know your heart clearly, but I must remind you that you have to be careful after entering the Dragon Palace.”

“Elder Qi, you mean there will be danger inside the Dragon Palace?”

Elder Qi put a smile on his wrinkled face. “Yun Feng, the Dragon Palace is a forbidden ground of the Dragons, the place where our ancestors are buried. That space has already undergone thousands of years of changes and the number of times the Dragon Palace has been opened is very limited. Since the death of our ancestors, the Dragon Palace has only opened less than a hundred times and the time of opening each time is very short, just one month.”

“One month? Is the space in the Dragon Palace really vast?” Ao Jin occupied one spot, while the other nine of them would go into the Dragon Palace. Could they not explore the whole place within a month? If that was the case, how enormous was the space in the Dragon Palace?

“Haha, you have no idea. The space in the Dragon Palace is extremely large and it’s also quite exquisite.”

Yun Feng’s eyebrows moved slightly. Elder Qi spoke with a smile and didn’t mind telling a human being all the information about the Dragon Palace at all, or perhaps Ao Jin asked him to. It didn’t help at all even if Yun Feng knew about these things. She only kind of knew about it beforehand. It was already a problem for humans to get into Dragon Valley. Besides, only Ao Jin could open the Dragon Palace. With Ao Jin’s current strength, how would any human being be able to threaten Ao Jin to open the Dragon Palace?

So, it wasn’t a big deal to reveal the unimportant information. Elder Qi also said without worrying about anything, “There are nine levels in the Dragon Palace. Each level is an individual space. The higher the level, the more precious and rare treasures there are. However, no one knows what will happen inside the Dragon Palace. According to the Dragons who have been there, you’ll be attacked by some Magic Beasts, seemingly the Magic Beasts that guard the Dragon Palace.”

Yun Feng’s heart couldn’t help but become hot out of excitement after hearing this. Magic Beasts? Magic Beasts were something she needed the most... The Magic Beasts that could guard the Dragon Palace should be quite powerful. If she could contract with one of them... Yun Feng stopped thinking about it. She forgot that her current level was only level 8. A summoner couldn’t contract with Magic Beasts of a higher level. It seemed that she and these Magic Beasts weren’t meant to be...

“Logically, shouldn’t the Magic Beasts that guard the Dragon Palace be friendly to the Dragons?”

Elder Qi shook his head. “Thousands of years of evolution has made these Magic Beasts lose some of their emotions and they eventually began to just attack and repel the Dragons, or I should say, they want to take possession of everything in the Dragon Palace.”

Yun Feng slightly frowned when she heard this. “Are the things left by that summoner in the Dragon Palace too?”

Elder Qi smiled wryly. “Nobody knows about it. We’re unable to find out which level of the Dragon Palace they’re on or if they were even in the Dragon Palace. Perhaps you’ll need to find them yourself, little friend.”

One month. If that space was truly extremely vast, how long would she need if she searched around by herself? How snobbish exactly were the Dragons? If she couldn’t find those things, she would certainly have to stay behind. She couldn’t be sure when the Dragon Palace would open again next time. Besides, she couldn’t keep staying here. She must go back to Park City to take the admission exam of Masang School of Magic a year and a half later!

Her brother was still waiting for her at Masang School of Magic and she carried the responsibilities of the Yun family on her shoulders. As Yun Feng thought about this, her little face became more and more serious.

“Yun Feng, you don’t need to hurry. Please don’t act recklessly when you get in there.” Elder Qi exhorted Yun Feng.

Yun Feng nodded, but she had another thought in her mind. What would the summoner who contracted with the Dragons leave behind? He must be someone who had never gone out into the world as well. Then, the heritage left by such a figure would certainly make everyone so jealous that their eyes turned red. The Dragons were no exception. If they knew how to find the heritage left by the summoner, they wouldn’t have given her the chance to enter the Dragon Palace.

Yun Feng believed that Ao Jin didn’t have such a thought, but whether it was the Black Dragons or the Red Dragons, they were all thinking the same thing and they all put their hopes on her!

She also rejected the Red Dragons firmly when they tried to rope her in and cracked the whip during the competition for the spots. It seemed that she really had to be cautious on this trip to the Dragon Palace to avoid being stabbed in the back.

Early in the morning, the entire Dragon Valley was already a bit busy. Ao Jin held Yun Feng and flew all the way into the sky. The golden wings on his back emitted beams of bright light. There were more than a few hundred people flying in the sky, going outside in densely packed groups. The sound of wings sliding across the air came. Yun Feng looked back slightly. The opening of the Dragon Palace was a huge event for the Dragons, otherwise everyone wouldn’t rush out from their homes.

The sight in front of her eyes was blurred and the space vibrated slightly. Yun Feng only saw that the vast land of loess appeared before her again as gusts of chilly wind blew, stirring up clouds of dust.

There were countless huge stone pillars on the land of loess and many dragons with different postures twined around the surface of the stone pillars. Some of them looked ferocious, some closed their eyes and some roared furiously...

Ao Jin stood on a stone pillar with Yun Feng as those who got the eight spots showed up one after another, while the remaining members of the Black Dragons and Red Dragons stood on the other stone pillars.

“Yun Feng, stay close to us after entering the Dragon Palace.” Xiao Ling came to Yun Feng and whispered as she glanced at the four members of the Red Dragons on the other side.

Yun Feng nodded and didn't say anything. She must accept people's kindness, whether it was real or fake. It wouldn't cause any harm to her anyway.

Among the four members of the Red Dragons, Yan Yu stood there with a cold look, while two men and one woman followed behind him. When Yun Feng glanced over, Yan Yu felt her gaze sensitively and he immediately looked back at her. The lesson Yan Yu got after being defeated by Yun Feng last time was a wound that could never be healed and it left the Red Dragons unable to hold their heads up high.

Yun Feng smiled, while Yan Yu grunted and turned his head aside. The other three members of the Red Dragons also looked bad and looked away. Yun Feng shrugged as Xiao Ling grunted in disdain, “Hm, the Red Dragons are really good at pretending. They're deathly determined to save face.”

Chapter 173: Dragon Palace (2)

Yun Feng didn't say anything. She wasn't interested in participating in the dispute between the Red Dragons and the Black Dragons. However, Yan Yu's provocation towards her and her fighting with him also pushed her to the side of the Black Dragons. There was nothing else she could do. Who asked Yan Yu to take the initiative to hit the muzzle? She was wary of both the Red Dragons and the Black Dragons.

“Alright, those who are going inside are all here. Take this!” After glancing around and confirming that everyone was here, Ao Jin handed each one of them something.

Yun Feng took it with her hands. It was a white jade pendant with a lifelike dragon head engraved on the surface. The eyes of the dragon were entirely gold, like those of Ao Jin.

Yun Feng suddenly thought about the black jade pendant on her neck for some reason. There was also a dragon on the back of it, but that dragon was much more ferocious and horrifying. It had no flesh on its body at all and had just a skeleton.

The black jade pendant, which hadn't had any movement for a long time, suddenly became slightly warm at this moment. Yun Feng only felt that the warm current that made her body comfortable flowed inside her body again and the cells all over her body were cleansed once more.

“There's my dragon in this jade pendant. If you encounter any danger, crush it! It'll lead you out!”

The few of them nodded and put the jade pendant away carefully. This was a life-saving amulet. Ao Jin glanced at Yun Feng a few times. In fact, he wanted to give her several jade pendants, but doing such a move on this occasion would make all the other Dragons dissatisfied, so Ao Jin didn't do so in the end.

“Alright, keep quiet and watch!” Ao Jin shouted. All the Dragons standing on top of the other pillars immediately gazed at Ao Jin with a yearning look. Ao Jin's golden eyes glittered as the strange stone that Yun Feng had seen before appeared in Ao Jin's hand.

Meatball on Yun Feng's shoulder moved its body when it saw the stone. However, in the end, it obediently sat back on Yun Feng's shoulder again. Ao Jin slashed his palm gently with his other hand and a tiny cut appeared. He held that stone in the center of his palm as the golden blood that oozed out covered a surface on the side of the stone.

"Open..." Ao Jin yelled loudly. The stone covered with golden blood suddenly let out beams of harsh light. Something in the stone seemed to be unsealed and a powerful aura was released abruptly from the stone, spinning in the air like a storm. In the end, it formed a vague shape of a dragon as a deep dragon roar burst out from afar and echoed around the entire Dragon Valley!

All of the Dragons widened their eyes and watched this scene. They were in awe from the bottom of their hearts. Even Yun Feng, as a human, felt an ancient aura at this moment. There was the blood of the ancestor of the Dragons in that stone. The sound of the dragon that appeared just then must also be that of the ancestor of the Dragons!

However, one drop of blood could already release such a wild and arrogant aura. If the ancestor of the Dragons was still alive, how domineering would it be? And how powerful would the summoner who contracted with the ancestor of the Dragons be?

Yun Feng thought as the enthusiasm in her bones started surging silently. This time, she would definitely get something!

As the sound of the dragon came, a deep, loud noise also sounded in the air. In front of everyone's eyes, the dimension was slowly torn apart by a pair of invisible hands, showing an extremely dark black hole. The air around the black hole seemed to be distorted. Ao Jin's golden eyes flashed as his fighting energy also burst out in a heartbeat. The Dragon Palace that had been closed for a thousand years was opened again in front of the eyes of the Dragons and that door that had been covered with dust for thousands of years also opened slowly!

Golden stairs extended constantly from the black hole. The members of the Black Dragons and the Red Dragons all waited eagerly with excitement on their faces. As for the eight members who got the spots, even the outstanding ones, Yan Yu and Xiao Ling, couldn't suppress their excitement. They looked at the golden stairs and the giant black hole on the other side with enthusiasm in their eyes.

"Get up there." Ao Jin said as the eight of them quickly stepped on the stairs and Yun Feng also walked up. "Kid!" Ao Jin yelled. Yun Feng turned around.

"Don't push yourself too hard. If you can't find them, I'll open the palace again!" There was uncontrollable worry in Ao Jin's eyes. Yun Feng looked at him and gave a smile on her little face. "Uncle Flirtatious, don't worry. I'll be fine."

Ao Jin didn't say anything else. He just waved his big hand as the golden stairs kept shrinking and shrinking, and the nine people on the stairs all went into the black hole. A passage formed by a stream of faint golden light remained in the middle of the black hole. This passage was connected to the stone on Ao Jin's palm.

Ao Jin watched Yun Feng go in and cursed with a soft voice. Elder Qi came over. "Don't worry, Young Master. With Yun Feng's strength, she'll definitely be fine. Besides, Xiao Ling will keep an eye on her."

Ao Jin pursed his lips. Even though he didn't know how dangerous it was inside, they lost several members of the Dragons every time they entered, which showed that it wasn't easy to survive there. If something happened to this girl... A hint of ferociousness flashed across Ao Jin's handsome, sculpture-like face. After that, something came to his mind again and he couldn't help but chuckle with a self-mocking look. Elder Qi was a bit frustrated when he saw that from the side, but Ao Jin wiped off the worried expression he had just then.

Why did he forget about it? With the Magic Beast that looked like a meatball, how many Magic Beasts inside could hurt that kid? He really worried too much.

The nine people stood on the stairs. When the stairs got closer to the hole, the powerful distorted space around the hole made them instantly become serious. Their level-8 and level-9 fighting energy gushed out to envelop their bodies immediately and Yun Feng's mental strength also spread quickly, wrapping around herself and Meatball firmly. After a slight shock, Yun Feng saw that everything in front of her turned dark and she had already been sucked into the black hole.

When the nine of them opened their eyes again, they were in a barren land, which was desolated and had gravel scattered everywhere. There were a lot of animal bones, large and small, on the land. Some of them remained on the ground and some were buried into the soil. Anyway, this was a dead world without any living creatures, except for them.

Chapter 174: Dragon Palace (3)

Yun Feng looked at this barren land. This was the place where the ancestors of the Dragons were buried? The area was indeed vast. She couldn't see the boundary at all and it looked like it was endless.

"Xiao Ling, let's set some rules." The Red Dragons didn't start searching first, instead Yan Yu spoke to Xiao Ling, while Xiao Ling curled up her lips and smiled.

"What rules? Tell us." The members of the Black Dragons and the Red Dragons all disliked one another and just kept provoking and demonstrating against the other party with their eyes. Yun Feng stood aside in relaxation and took out her Ring of Contract, summoning Little Fire out. She didn't belong to any side, so she certainly had to bring a helper out.

When Yan Yu and Xiao Ling saw Little Fire, they both became anxious. After that, the two of them turned their gazes away at the same time and looked at each other. "My rule is to divide the area."

"Divide the area?" Xiao Ling raised her eyebrows and asked as Yan Yu nodded. "This area is wide and vast. Even though a month isn't a short time, we can't possibly finish searching the entire area. Besides, the location of the Dragon Palace isn't fixed. It's really hard to find it. We should just divide the area into different parts to explore, so we won't waste our time this time."

After hearing that, Xiao Ling thought this suggestion was quite reasonable. Seeing that Xiao Ling didn't disagree with him, Yan Yu continued, "Whoever finds the Dragon Palace must inform everyone else and have to wait until everyone arrives before entering the Dragon Palace to explore."

Xiao Ling couldn't help but frown when she heard this. This suggestion didn't seem to have any problem at first, but after thinking about it carefully, Xiao Ling felt like she would get the short end of the stick. "What if one party goes inside without telling the other?"

Yan Yu sneered a few times. "I'll take care of the Red Dragons, and you the Black Dragons. The responsibility lies solely with the two of us. The others have nothing to do with that."

Xiao Ling frowned and wanted to say something. Yun Feng then came over at this moment. "Guys, I'll go first."

Yan Yu was startled. "Human, what did you say?"

"What don't you understand? Your negotiation is your business. What does it have to do with me? You set your rules and I'll go my own way. Understand? Also... Let me say this again. I have a name." Yun Feng glanced at Yan Yu with coldness in her eyes. Yan Yu felt his throat tighten.

"Alright, take your time. I'll go first!" Yun Feng hopped onto Little Fire's body with a perfect jump as Little Fire glanced over the eight people with a teasing look. Its body sped forward at a high speed and had already disappeared!

"Human... Yun Feng! Damn it! How dare you!" Yan Yu was enraged as he watched Yun Feng leave. He shouted with his face flushing, but Yun Feng didn't even look at him.

"Why are you still yelling? She's right." Xiao Ling watched Yun Feng leave and said with a low voice. Although her grandpa asked her to keep an eye on that little girl's safety, Yun Feng ran away by herself. So she had nothing to do with it.

Xiao Ling didn't have a bad heart, but when she was involved with Ao Jin, her not-bad heart became very little. She intentionally let Yun Feng go out of anger. Besides, after witnessing Yun Feng's strength, Xiao Ling also thought that she wouldn't have any problem. Even if something happened, didn't she have the jade pendant as well?

"Hm! Of course, you'd say that. Yun Feng and the Black Dragons stand on the same side!" Yan Yu glanced at Xiao Ling furiously, while Xiao Ling laughed in disdain.

"Yan Yu, are you jealous? The Black Dragons have never asked Yun Feng to stand on our side. I wonder if the Red Dragons have done so?"

Yan Yu looked a bit embarrassed, and so were the other three members. Xiao Ling also understood after seeing this. "What Yun Feng does has nothing to do with the Black Dragons. We can't restrain her. I can accept your rules. If that's the case, we'll go this way and you'll go that way."

Xiao Ling showed Yan Yu the directions and Yan Yu's face immediately flushed. A suffocating anger suddenly burst out from the bottom of his heart. He was so enraged that he couldn't say a word. Xiao Ling smiled charmingly as she flipped her silver hair, running in the direction that Yun Feng went with the other three members of the Black Dragons.

"Yan Yu, what should we do?" The Red Dragons were so furious that they couldn't speak as they watched Xiao Ling and the others leave. "The Black Dragons are too cunning! They're chasing after Yun Feng. Doesn't it mean that they're together? They even denied their relationship with her repeatedly. Hypocrites!" The woman among the Red Dragons shouted with anger on her face. Yan Yu stared at the direction where Xiao Ling and others went fiercely and turned around in the end.

“Cut the crap. Find the Dragon Palace in the shortest amount of time!” The others looked at each other and didn’t say anything else. They all sped in the opposite direction.

Yun Feng rode Little Fire and kept running on this empty plain. There were skeletons of different shapes everywhere and she could even see what these beasts had gone through before they died.

After coming to this place, Meatball, who had been crouching on Yun Feng’s shoulder obediently, suddenly got up. It stood on Yun Feng’s shoulder and glanced around this barren land with its huge eyes, looking a bit excited.

“Why? Is there something you like to eat here?” Yun Feng asked Meatball as Meatball nodded its little head hard. Yun Feng was startled. She couldn’t help but glance around the plain again. Meatball liked ores. Perhaps there were advanced mineral veins or even ultimate mineral veins here?

Yun Feng used her hand to lift Meatball up by its neck and put it in front of her, looking at its cute little face. “I’ll be straight with you first. We came here for proper business. If you get lost, don’t blame me for not being able to get out.”

Hearing that, there seemed to be a glint of struggle flashing in Meatball’s eyes. After struggling in its mind for a while, it finally nodded its little head. Yun Feng smiled and let Meatball go. Meatball returned to Yun Feng’s shoulder again, not looking as energetic as it was earlier. After all, it was useless even if it was energetic. If Meatball really got lost, Meatball would lose Yun Feng.

Little Fire kept running without stopping and asked with slight frustration, “Master, where are we going? Where am I running to? The place is so vast that it’s endless and there’s nothing here at all. Really...”

Chapter 175: Dragon Palace (4)

Yun Feng smiled. “Someone will show us the way very soon.”

Little Fire thought for a while in confusion and suddenly stopped, because it sensitively felt that a few auras were getting close to them from behind. Yun Feng jumped off Little Fire’s body relaxedly and smiled as she looked at the few people flying at a low altitude in the distance.

Xiao Ling retracted her wings and walked over. “Your Magic Beast runs pretty fast. It took me such a long time to fly and chase after you.”

Little Fire grunted with a smug look and Yun Feng smiled speechlessly. “Why did you come after me?”

Xiao Ling glanced at Yun Feng. “You think I want to? If my grandpa didn’t ask you to take care of you, for fear that something may happen to you, how would I waste my energy to come and find you?”

Yun Feng didn’t say anything else after hearing that. Xiao Ling looked around. “It’s impossible to fly up high in the sky in this place.”

“Why? Aren’t you able to explore a wider area when you fly up into the sky?” Yun Feng looked at the sky above her head in confusion. Although it was a bit suffocating, the area they could search wouldn’t just double after they flew up!

“No, when we fly to a certain height above the ground, there’ll only be a layer of thick fog and we’ll not be able to see anything!” Xiao Ling gritted her teeth and said with many complaints and discontent in her tone.

Yun Feng looked at the sky above her head. It was very clear, but Xiao Ling said there was thick fog when she flew up there. Perhaps it was a restriction? Someone set a restriction in this vast space. What level of strength was that? Would it be... that summoner?

“In that case, just search on the ground. Do you have any idea about the location of the Dragon Palace?” Yun Feng asked Xiao Ling. Xiao Ling looked at Yun Feng and suddenly grinned. “Of course, I have some ideas. Yun Feng, does it mean that you’re joining us?”

Yun Feng was startled and she finally realized something. “Fine, it doesn’t matter if you don’t tell me. There are Magic Beasts guarding around the Dragon Palace and this place is so empty. It’s actually quite easy to find. I’ll see traces of the Dragon Palace wherever there are Magic Beasts. Am I right?”

Xiao Ling raised the corners of her mouth. “Why are you so smart...”

Yun Feng smiled gently as she sat on Little Fire’s body. Who could find places where Magic Beasts lived faster than Little Fire? Even though the Dragons were also Magic Beasts, their sensitivity to Magic Beasts was greatly reduced after they transformed into humans.

“I’ll go first.” Yun Feng said loudly as Little Fire immediately dashed forward. After seeing this, a hint of astonishment surged in Xiao Ling’s eyes and she waved at the other three members. “Follow her!”

Yun Feng sat on Little Fire’s body and couldn’t help shaking her head in frustration as she looked at the four people following behind her. “Master, should we get rid of them?”

Yun Feng pondered for a while. “It’s fine, the Black Dragons have been nice to me. For the sake of Uncle Flirtatious, we’ll show them the way this time.”

Little Fire howled excitedly as its running speed suddenly increased again. “In this case, I must let them understand that it’s not easy to keep up!”

Yun Feng burst into laughter. “Little Fire, you’ve become bad.”

Little Fire shook its head and shouted quite proudly, “I’ve always been this bad.”

A beam of dark red light flashed across the vast, desolate plain. Yun Feng didn’t know how long Little Fire had been running. She only knew that she was going deeper into this area constantly. They had already been running for ten days, but they hadn’t even seen one Magic Beast. Yun Feng couldn’t help but feel a bit frustrated. Perhaps the Dragon Palace would run around according to their locations?

In these ten days, Xiao Ling had been following Yun Feng. There hadn’t been any news from the Red Dragons either and the eight members of both parties were all a bit anxious. It had been ten days, but they still hadn’t found the Dragon Palace. Perhaps they were going to return with empty hands this time?

“Nana!” Meatball suddenly yelled. Yun Feng patted Little Fire’s body and Little Fire stopped immediately. Xiao Ling, who followed them behind, also stopped. “What’s wrong?”

Yun Feng didn't say anything. She only narrowed her eyes and looked at the environment around her carefully. Suddenly, she saw something, which made her face darken immediately.

"I think we're trapped." Yun Feng stared at something on the ground as some pointed at it to show Xiao Ling. "That's the mark I made. We ran for ten days and returned to the original place."

Xiao Ling and the others stopped and couldn't help but look ghastly. They had been running around in circles for ten days. This really dampened their enthusiasm. Xiao Ling looked at the empty land around sorrowfully and really wanted to crush her teeth to pieces.

"Na, nana, nanana!" Meatball stood on Yun Feng's shoulder and kept waving its little claws. Yun Feng picked Meatball up and put it in front of her. She looked at its movements carefully, but couldn't understand what it was trying to say.

"What is it saying?" Xiao Ling looked at Meatball and asked very curiously. Yun Feng turned around and glanced at her. "If even you don't understand what it says, how would I know?"

"Master, it said we have to tear it off." Little Fire said at this moment. Yun Feng was startled. Little Fire could understand what Meatball said? "Little Fire, you understand what it says?"

Little Fire nodded. "Even though I can only understand a few words, I can guess what it says."

Meatball glanced at Little Fire and made a few "na" sounds. Everyone's gaze landed on Little Fire. Little Fire then spoke after listening to Meatball slowly, "Meatball said this is a barrier. We'll be able to enter once we tear it off."

Xiao Ling asked curiously, "How do we tear it off?"

Meatball shook its head, and so did Little Fire. Yun Feng looked at the scene around and thought about what Ao Jin did to open the Dragon Palace. Golden blood, blood, dragon blood!

"Maybe try to use dragon blood." Yun Feng said gently. Xiao Ling glanced at Yun Feng in doubt, but there was no other way right now. She made a cut as her dark red blood oozed out, waving her hand in the air. The red blood then drew a deep stroke in this space!

Xiao Ling's dark red blood was like the sharpest scissors, creating a sharp cut on this psychedelic cloth. They only saw that there were some tiny movements in the space around the blood like a rippling lake. After that, the desolate scenery was slowly pulled open like a curtain. Yun Feng and Xiao Ling looked at the entrance in front of them. The entrance came out, but nobody knew what was inside. To be blunt, the first person to go in would be the one who died!

Chapter 176: Dragon Palace (5)

"Wait, let me get those idiots of the Red Dragons here."

Yun Feng also nodded. Xiao Ling called Yan Yu and the others over with the Sound Transmission Jade. When Yan Yu and the three Red Dragons saw the entrance that suddenly appeared, they couldn't help being a little stunned.

"This is the entrance of the Dragon Palace..." Yan Yu looked at this deep, endless tunnel dumbfoundedly with slight excitement and in deep awe.

“This should be it.” Xiao Ling glanced at that deep tunnel and said as she gazed at Yan Yu. Yan Yu also understood what Xiao Ling was thinking in her mind.

“Xiao Ling, the Black Dragons indeed deserve praise for finding the entrance, but we’d also be able to think of it if you give us some more time.”

Xiao Ling pursed her lips. She knew clearly how thick-skinned the Red Dragons were, so she didn’t say anything. Yun Feng glanced at Yan Yu. This was the first time she had seen someone this thick-skinned.

“Yan Yu, the entrance is here now. Why don’t you go inside with me?” Xiao Ling suggested. Yan Yu pondered for a while after hearing that and then looked at Yun Feng.

“What about her?”

Yun Feng smiled slightly. She knew this would happen. She patted Little Fire with her little hand and Little Fire immediately understood her. It turned into a beam of light and returned to the Ring of Contract, while Meatball on her shoulder stared at Yan Yu in disdain.

“You should continue with your discussion. I’ll go first.” Yun Feng said as she turned around and walked towards the tunnel. Xiao Ling couldn’t help but feel anxious after seeing this. “Yun Feng, wait!”

However, Yun Feng’s body had already disappeared in the tunnel. Xiao Ling gritted her teeth. “Follow her!” The four members of the Black Dragons also walked inside along the tunnel, while Yan Yu waited outside for a while. When he found that nothing strange happened, he finally followed them. After they entered, the tunnel that was pulled out like a curtain also closed quietly, turning back to the same vast space, the same desolate scenery, as if the scene just then had never existed.

Yun Feng took the lead and walked in the front. Even though she was going at a slow pace, she was also very cautious. Yun Feng wasn’t a reckless person. There was certainly a reason why she came in here first. Little Fire had sent her a thought with its mind just then. According to Meatball, there wasn’t any danger inside, which was why Yun Feng entered first before the others.

After exploring for a while, there was finally a little bit of light ahead. Yun Feng’s steps didn’t become anxious. Instead, she went forward steadily and was even more careful with every step. After getting out of the tunnel, a ray of harsh light shone. Yun Feng slightly narrowed her black eyes, adapting to the strong light.

Xiao Ling and the others behind her also walked out and were adapting to the light. Yan Yu and the others followed. When everyone slowly opened their eyes, they were all a bit stunned.

“The Dragon... Dragon Palace...” Yan Yu looked at everything in front of him dumbfoundedly with glassy eyes. Xiao Ling also couldn’t believe what she saw.

Yun Feng looked at the towering building in front of her eyes calmly. The top of the building had been completely submerged into the sky and she couldn’t see the end of it at all. She had no idea how tall this building was.

Nine giant dragons intertwined on the surface of the building, as if they were climbing up along the building. Everyone stood there and seemed like they could hear the sounds of the dragons. The mouths

and sharp claws of the nine giant dragons were all lifelike and a kind of almost disastrous pressure came right at everyone's face!

Yun Feng looked at the imposing building in front of her. It was just a building, but it released inviolable majesty. "The Dragon Palace, this is the Dragon Palace..."

"That's the Dragons. They're indeed generous." Yun Feng whispered after looking at the entire Dragon Palace. She glanced over the vast area where the Dragon Palace was located. It looked a bit similar to the scene outside, but the skeletons buried in this place seemed much more intact and much larger.

If she was right, this should be the place where the ancestor of the Dragons was buried and this building must be the treasure of his life. In order to protect this property, the ancestor of the Dragons spent quite a lot of effort.

Yan Yu and Xiao Ling froze for a while when they saw the building. The two of them finally came to their senses and they looked at each other, seeing a trace of vigilance and fear in each other's eyes.

"Xiao Ling, how about we set some rules?" Yan Yu spoke first. The other three members of the Red Dragons were already prepared to fight. If Xiao Ling didn't agree, they would fight with her fiercely.

Xiao Ling crossed her arms in front of her chest and stood there lightly with her figure looking gorgeous. "What rules do you want to set again? Yan Yu, you're quite clever."

A trace of anger rose at the bottom of Yan Yu's eyes after he heard this, but he slowly suppressed it. He wouldn't be able to get the slightest benefit if he went head-to-head with the Black Dragons here. Even though he wasn't sure if Yun Feng was on the side of the Black Dragons, he didn't want to take the risk.

"Our teams both have four members respectively, so we should all have equal opportunities. If we find something, we'll certainly have to split it equally." Yan Yu said as the corners of Xiao Ling's mouth curved up coldly. Yun Feng didn't want to get involved in their business, but it sounded quite interesting. She wasn't in a hurry to get into the Dragon Palace. The Dragon Palace was carefully protected. She didn't believe that they could just swagger inside.

Little Fire next to her had been very vigilant since earlier and even Meatball looked around constantly. Yun Feng stood aside, raising her guard against the surrounding sensitively. The outside of this Dragon Palace was strange.

"Split everything equally? I don't mind if those things can be split in half, but what about those that can't be divided?"

Yan Yu went silent for a few seconds. "For things that can't be divided, the person who finds them first can have them. This is quite fair, isn't it?" After all, it was all about their own ability!

Xiao Ling put a smile on her gorgeous face and her silver hair swayed slowly behind her back. "Alright, deal."

Yan Yu subconsciously looked at Yun Feng. "What about her? Do we have to give her a portion of the things that belong to the Dragons as well?" Hearing this, Xiao Ling also frowned. Although her grandpa asked her to look after Yun Feng, he didn't say that she could give the things of the Dragons to an outsider!

Chapter 177: Sudden Change of the Situation (1)

Yun Feng chuckled. Little Fire next to her also looked at Yan Yu in disdain. "My Master doesn't want your things. She doesn't care about that!"

Meatball on Yun Feng's shoulder wiggled its butt a few times to express how disdainful it was. "She doesn't care? If she doesn't care, she'll just wait here!" Yan Yu shouted loudly as he looked at Xiao Ling. Xiao Ling struggled at the bottom of her heart and slowly came over.

"Yun Feng, why don't you wait here? Things inside the Dragon Palace belong to the Dragons and the treasures left by that summoner don't seem to be here either..."

Yun Feng smiled like she didn't care. The nature of the Dragons wasn't only greedy, but also selfish. They were afraid that their things would fall into other people's hands. Yun Feng glanced at the Black Dragons and the Red Dragons as she smiled. "Since I'm here, I certainly have the right to enter the Dragon Palace as well. Believe it or not, I'm not interested in the treasures of the Dragons at all."

Yan Yu was immediately a bit furious after hearing that. Yun Feng's attitude towards the Dragons wasn't respectful at all. She put the Dragons on an equal position as herself, but for most of the Dragons, the weak humans didn't have the right to be on an equal footing with them. Perhaps Yun Feng was an exception. However, it was impossible for Yun Feng to reverse the contempt of the Dragons for the other weak races alone.

Although Yan Yu was defeated by Yun Feng, he still couldn't resign himself to the result at the bottom of his heart. The pride and dignity of the Dragons were provoked continuously. Yan Yu couldn't really repress his anger and Xiao Ling also felt relatively complicated. The relationship between Yun Feng and Ao Jin, and the job her grandpa entrusted her with, it was indeed very hard to choose between all these things and the treasure of the Dragons.

"Yun Feng, are you really going in?" Xiao Ling asked as Yun Feng smiled. "It's not your decision to make if I'm going in or not."

Xiao Ling looked ghastly when she heard this. She selfishly didn't want a human to enter the Dragon Palace either. Would Yun Feng have the confidence that she would remain calm when she saw a good treasure? Even though there were eight members of the Dragons here and it should be enough to deal with Yun Feng alone, Xiao Ling was uncertain about it when she thought about Yun Feng's unpredictable strength.

Who knew if this little girl had a card up in her sleeve? It would be fine if they didn't fight. Once they did, Yun Feng wouldn't show mercy and the eight of them would lose more than they gained if they accidentally died here.

Xiao Ling pondered for a while. "Yan Yu, Yun Feng was right. You should just mind your own business." Xiao Ling secretly gave Yan Yu a signal with her eyes. Although Yan Yu still felt furious, he also swallowed his anger. The Dragons might not be united on the inside, but they stuck together as one when facing an outsider of a different race.

So, the current situation was that, as a human being, someone from another race, the Red Dragons and the Black Dragons were on guard against Yun Feng. Yun Feng certainly understood this as well, so she declared at the beginning that she would stand on neither side.

“Hm!” Yan Yu grunted. Yun Feng sneered in her mind after seeing this. It seemed that these eight dragons united secretly. Fine, she was indeed an outsider after all. Besides, she really wasn’t interested in the treasures in the Dragon Palace at all. These selfish, greedy dragons thought too much.

“Alright, let’s go!” Yan Yu shouted as he dashed towards the Dragon Palace with the three members behind him. Xiao Ling also went after them after seeing this. Something suddenly came to her mind and she whispered to Yun Feng, “You should follow us. The Dragon Palace is dangerous. Grandpa asked me to take care of you.”

Yun Feng smiled and nodded to show that she agreed. Although most parts of what Xiao Ling said were hypocritical, it was a reminder. Xiao Ling was also relieved when Yun Feng agreed with her. If Yun Feng was at the back, everything they found would belong to the Dragons.

The Black Dragons and the Red Dragons certainly shared the same thoughts, so their pace seemed like they were in a hurry. Yun Feng followed behind them slowly. She found it interesting to watch the eight of them go so quickly.

“What a hypocrite!” Little Fire scolded secretly with ridicule in its eyes. Even though Magic Beasts were very greedy, they weren’t as hypocritical as the Dragons. They were greedy, but they wanted to hide it. Hiding their greed would only make it more conspicuous! As a Magic Beast, Little Fire also looked down on them!

Yun Feng smiled and squeezed Little Fire’s ear with one hand as she caressed Meatball’s little body with the other, asking the two of them not to be so angry. “Just let them go. How would it be so easy to enter the Dragon Palace?”

As expected, Yun Feng followed behind slowly and everyone was already a distance away. Meanwhile, Yan Yu, Xiao Ling and the others, who had arrived, were standing there helplessly, all pulling a long face.

“What’s going on? Why can’t we get inside?” Yan Yu stared at the entrance of the Dragon Palace that was dozens of meters away. When he stepped forward, his body was bounced back gently by an invisible barrier. The same happened to Xiao Ling as well. No matter how hard they tried, the result was the same. The Dragon Palace was right in front of them, but they couldn’t get closer at all!

Yan Yu was so anxious that his eyes turned a bit red and he was restless and frustrated. “Xiao Ling, do something! If that human comes and has a way to open this barrier, wouldn’t we have to give her the things that belong to the Dragons?”

Xiao Ling stood there and frowned. Looking at the invisible barrier in the air, something suddenly came to her mind! “We’ve been using dragon blood to open the restrictions. Will it be the same here…”

“That must be it!” Yan Yu tumbled to it. He immediately made a cut in the middle of his palm as his dragon blood oozed out. Xiao Ling couldn’t help but look at Yan Yu in disdain. Yan Yu then smacked the invisible space in front of him fiercely with blood on his big hand!

“Buzz...” There was suddenly a sound that made people’s hearts tremble in the invisible air. Yan Yu and Xiao Ling felt their vital energy and blood surged, and they immediately mobilized their fighting energy to envelop their bodies to barely survive the invisible attack of the sound wave. Two of the other six people didn’t crush the life-saving jade pendant in time. Following a scream, their bodies were torn and they died right away.

“What?” Yan Yu and Xiao Ling were extremely astonished when they saw this scene. What... What exactly happened? “Yan Yu, you’re in great trouble!” Xiao Ling’s pupils shrank after seeing this. Among the two people who died, one was from the Red Dragons and the other was from the Black Dragons. The population of the Dragons was already small, and now, they lost two of them again for no reason!

Chapter 178: Sudden Change of the Situation (2)

Yan Yu’s face darkened. “I’m in big trouble? Aren’t you the one who came up with this idea? You’re also in trouble!”

Xiao Ling widened her eyes furiously. She felt that Yan Yu was very shameless, but she couldn’t do anything about it. Even though she didn’t do anything dumb, she did mislead Yan Yu verbally. No matter what, Yan Yu and her were both in the same boat now.

“Shut up!” Xiao Ling yelled with a deep voice. Yan Yu glanced at her a few times indignantly. The invisible sound wave attack kept going continuously. Yan Yu and Xiao Ling were both protecting themselves with their level-9 fighting energy, so they weren’t injured at all, while the remaining four members, who apparently only had the strength of level 7 and level 8, had already started to become overwhelmed.

“Argh! Argh!” Another two screams came, and another two people fell on the ground one after another. Seeing this scene, Xiao Ling and Yan Yu both turned pale.

“Crush the jade pendant. Crush the jade pendant now!” Xiao Ling shouted. The two people lying on the ground immediately smashed their jade pendants and they quickly disappeared from where they were after their bodies were enveloped in golden light.

What exactly were those sound waves? How long would it last? Yan Yu and Xiao Ling immediately took the remaining two members away from the entrance of the Dragon Palace, but they sadly discovered that the sound wave attack was flooding the entire space. Apart from the Dragon Palace, these sound waves existed in every inch of this dimension!

Yan Yu and Xiao Ling were extremely anxious as they looked at the two people, who became more and more overwhelmed. Eight of them came here together. Right now, apart from the two of them and the two members who apparently wouldn’t be able to make it, two of the remaining four members were dead and two escaped. Did all of them have to return without anything?

“Xiao Ling, think of a way quickly!” Yan Yu yelled with a deep voice. He was in a panic as he felt the invisible sound waves constantly floating in the air. Xiao Ling didn’t have any idea either. What exactly were these fucking sound waves? Right, Yun Feng, find Yun Feng!

Xiao Ling suddenly rushed in Yun Feng's direction, as if she was looking at a savior. Yan Yu also dashed forward right after he saw that, while the other two people couldn't stand it anymore and fell on the ground. Yan Yu shouted when he saw this, "Crush the jade pendant quickly."

The two people who fell on the ground immediately did as he said. Their bodies were enveloped by a cloud of golden light and they vanished from the ground.

After seeing the two of them disappear, Yan Yu also sped up and chased after Xiao Ling. The two of them ran towards Yun Feng together. "Why are you going to find that human? She probably can't stand the attacks and has returned."

Xiao Ling didn't say anything and she kept running towards Yun Feng. She felt that the sound wave attacks were obviously getting more and more powerful. Her level-9 fighting energy was already a bit overwhelmed!

"Yan Yu, the sound waves are getting stronger and strong, and we also need to make strenuous efforts to resist them." Xiao Ling said coldly, while Yan Yu's face also darkened. If they couldn't resist the attack, did they also have to shatter the jade pendant and get out? They wouldn't only have to return without finding anything this time, but would also lose all the dignity of the Dragons in front of a human!

The two of them walked a distance and finally saw Yun Feng. Yun Feng was going forward slowly, as if she had no idea what happened ahead of her.

"Yun Feng, are you alright?" Xiao Ling ran to Yun Feng. Seeing how relaxed she was and that she wasn't affected by the sound waves at all, Xiao Ling couldn't help but feel a little shocked.

Yan Yu was also startled when he saw this. It was already difficult for them to resist the sound waves with their level-9 fighting energy, but this human wasn't injured at all?

"Why? Where are the others?" Yun Feng looked at Xiao Ling and Yan Yu in confusion. She found it a bit strange that she didn't see the other six members of the Dragons. She only saw that these two people were gazing at her with a very complicated look. Yun Feng was doubtful and puzzled. "Did something happen?"

Xiao Ling and Yan Yu both gasped. "Didn't you feel it? There was some kind of invisible attack in this space!" Xiao Ling stared at Yun Feng firmly with her beautiful eyes. Was she lying? Or did she really not feel it?

Yun Feng frowned slightly as she slowly spread her mental strength. There was nothing. Little Fire didn't feel anything either and Meatball also made a soft sound with a doubtful tone.

"Xiao Ling, what exactly happened?" Yun Feng was a bit impatient when she saw that Xiao Ling and Yan Yu looked like they saw a ghost, so she asked. Xiao Ling glanced at Yan Yu before she spoke, "When we arrived at the main entrance of the Dragon Palace, we were blocked by an invisible barrier. I thought we could break through the barrier with dragon blood, so Yan Yu slapped his blood on it. We never thought that we would cause such a big trouble..."

"A big trouble?" Yun Feng raised her eyebrows. Xiao Ling nodded. "When Yan Yu's blood touched the barrier, the entire space was filled with a kind of invisible sound wave attack. Two of the other four members we brought here have already died, while the rest luckily escaped."

Yun Feng nodded and kept walking forward slowly. "What are you afraid of? Such attacks shouldn't be a big deal."

Yan Yu looked a little embarrassed while Xiao Ling smiled wryly. "Yun Feng, the power of the sound wave attacks is getting stronger continuously. After a while, Yan Yu and I won't be able to resist the attacks anymore, but you don't feel anything at all. I can't really believe this."

Yun Feng didn't say anything. She really couldn't feel the sound wave attacks Xiao Ling talked about... So, did the sound waves only have an effect on the Dragons? If that was really the case, the Dragons were truly unfortunate.

"Think of a way quickly. I'm already a bit overwhelmed!" There was envy, jealousy and hate in Yan Yu's heart when he looked at Yun Feng, but there was nothing he could do. Xiao Ling also frowned. What other ways did she have?

"Haha, if that's the case, you should just get out." Little Fire laughed as it looked at Yan Yu and Xiao Ling with a provocative gaze. Their faces immediately darkened after hearing that.

If they got out, didn't it mean that everything in the Dragon Palace would belong to this human? How was that possible? Xiao Ling and Yan Yu looked at each other and both felt a bit uncomfortable. However, what else could they do under such a situation right now? Yun Feng wasn't injured by the sound wave attack at all, but they almost couldn't stand it anymore!

Chapter 179: Sudden Change of the Situation (3)

"Hahahaha, hahahahahaha!" A strange laugh resounded throughout the dimension. The three of them immediately looked nervous. Little Fire's body had already tightened immediately, while Meatball on Yun Feng's shoulder also turned its body to one direction as its grape-like eyes rolled around.

"Who's that? Come out here!" Yan Yu shouted. There was no more sound in the air again. Yan Yu felt that the invisible sound waves suddenly turned into a lifelike fist, directly punching his body through his fighting energy defense!

"Hm!" Luckily, the bodies of the Dragons were strong. This attack made Yan Yu bend his body in a bit of pain. If the attack hit a human, it would probably penetrate the body.

"Yan Yu, are you alright?" Xiao Ling immediately ran over anxiously after seeing that. Although the Red Dragons and the Black Dragons disliked one another, they were both from the Dragons, so they would certainly be on the same battlefield when they were facing the same enemy.

"Why are you yelling?" The abrupt sound that came just now sounded again and the invisible sound waves in the dimension suddenly rose a level. Yun Feng finally felt something slightly. She only heard the sound of the air distorting in her ears. Even though it was very subtle she could hear it very clearly. Xiao Ling and Yan Yu both knelt on the ground in pain, struggling to hold on with a pale face.

"Hm? I never thought there would be a human here." A voice sounded, but it was directed at Yun Feng this time. Yun Feng saw something moving in the space nearby ahead of her. A human figure suddenly appeared in the place that didn't have anything at all!

Yun Feng narrowed her eyes and looked over. Her body then flashed, standing in front of Xiao Ling and Yan Yu. "Senior, both of them are from the Dragons and this is the territory of the Dragons. Why are you attacking and hurting them?"

Even though she didn't really have a good impression of the Dragons, the Dragons had been nice to her after all. If you respect me, I'll give you ten times more respect! This was the rule in the minds of the members of the Yun family!

"Tut-tut, the Dragons have fallen to the point where they need a human to intercede on behalf of them." The human figure was standing far away, but his voice came extremely clearly. Yan Yu and Xiao Ling, who were kneeling on the ground, wanted to speak, but they felt the obvious waves in the air coming right at them again fiercely. The two of them only tasted sweetness in their throats as blood gushed out!

Yun Feng stood in front of Yan Yu and Xiao Ling, as she continued to speak loudly to the indistinct figure far away, "If Senior is here, you must have something to do with the Dragons. Please stop attacking for the sake of the Dragons!"

"Swish..." It was the sound of the air breaking. Yun Feng felt that the space ahead of her directly shook. In just a breath, that human figure nearby had already flashed right in front of her!

That person was wearing a black robe, so his body shape couldn't be seen. His face looked surprisingly young and he seemed like he was about the same age as Yun Feng! Yun Feng glanced over in shock. He had thick eyebrows, big eyes, a straight, upturned nose and thin lips. He was a handsome young man. When he grew up, he might be able to attract thousands of women. His black short hair glowed with glittering luster. Yun Feng looked at the young man's eyes. His gray pupils were distinct, shining with strange light.

"Senior, you..." Yun Feng looked at the young man in front of her, who seemed to be of similar age as her, and was a bit speechless.

"Let me give you some options, okay?" The young man said. His voice didn't sound innocent at all. It had a mature tone, but was also very lively.

Yun Feng frowned slightly, while Yan Yu and Xiao Ling also looked up with difficulty. When they saw that it was a young man standing in front of them, their jaws couldn't help dropping. However, although the two of them were shocked, they didn't have a hint of power to fight back in front of the young man's terrifying attacks, which showed that they weren't on the same level as this young man at all.

"Please, Senior." Yun Feng looked at the young man in front of her and found him very weird, including his appearance and his voice. Was he a member of the Dragons if he showed up here? Elder Qi said that there were some Magic Beasts bred in the dimension of the Dragon Palace. Was he one of them?

If the Magic Beasts bred here were so powerful, no wonder the Dragons only got a miserably small amount of treasures after so many times of exploration and suffered casualties every time they came to search the Dragon Palace.

The young man looked at Yun Feng, and Yan Yu and Xiao Ling behind her, with that creepy smile at the corners of his mouth as he waved his hand gently. Yan Yu and Xiao Ling, who were firmly restrained just

then, felt their bodies become lighter. The invisible sound waves that had been suppressing the two of them seemed to have disappeared. Both of them immediately took a deep breath as they got up and stood on the ground.

“Thank you, Senior.” Xiao Ling and Yan Yu took a deep breath abruptly. The two of them finally felt like they survived. Facing this young man, they also acted respectful.

The young man laughed weirdly after hearing this. His eyes with gray pupils looked like he was enjoying the drama. “Don’t thank me yet. I haven’t finished. My attacks don’t work on humans, but they’re indeed deadly to the Dragons. You three must listen carefully.”

The young man’s black robe fluttered gently and he put up a smile on his handsome face, which made people feel a bit chilly in their hearts. “I’ll give you two options. One, the human enters the Dragon Palace and you get out. Two, you get into the Dragon Palace and this human dies right here.”

Yun Feng’s face completely darkened after the young man finished talking. These two options were two totally different paths. If she entered the Dragon Palace, the Dragons would have a chance to survive, but if the Dragons entered the Dragon Palace, she would have to die here!

“Tut-tut, don’t think about running away with the jade pendant. Jin Boy’s dragon breath isn’t enough.” The young man shook his head slightly. He looked at the three of them with his gray eyes, as if he could see through everything.

“I’ll give you ten seconds to think about it. By then, you’ll have to give me an answer. Hahahaha!” The young man laughed into the air, looking a bit crazy. He floated into the sky and gazed at the different expressions of the three of them from above.

Yan Yu and Xiao Ling couldn’t help but feel a pull in their hearts after hearing this. Which option should they choose? Should they let Yun Feng enter the Dragon Palace? What if there were treasures in the Dragon Palace? Wouldn’t they be taken by a human? If they chose to enter, she would die here, but Yun Feng even stepped up and protected them just then...

Chapter 180: Sudden Change of the Situation (4)

“Yan Yu, what do you think?” Xiao Ling asked Yan Yu softly. Yan Yu looked serious and didn’t say anything. “What’s your decision? You still have five seconds. Hahahaha!”

Yan Yu frowned tight as he glanced at Yun Feng and gritted his teeth fiercely. “She indeed stood before you and me just then, but I don’t think she had a pure intention. Besides, how would Yun Feng possibly resist the Senior’s attacks, considering his strength? She might just want a favor from us! Xiao Ling, we can’t let an outsider take away the things that belonged to the Dragons!”

Xiao Ling was still struggling and was a bit indecisive. Yun Feng was certainly nothing to the Red Dragons. They couldn’t even wait to hate her. So, Yan Yu would definitely choose the second option. And yet, she was different. The Black Dragons were closer to Yun Feng and Ao Jin cared so much about Yun Feng. If something happened to Yun Feng here, wouldn’t their Young Master be enraged? If she couldn’t explain to their Young Master, his anger would affect all the Black Dragons!

“What are you still thinking about? How would the Young Master kill his own kind for a human?” What Yan Yu said seemed like a wake-up call to Xiao Ling. Right, how would their Young Master kill his own

kind for a human? No matter how close Yun Feng and their Young Master were, they came from two different races. In their Young Master's heart, his own race was certainly closer to him. After all, they were related by blood!

Thinking of this, Xiao Ling immediately felt much more relaxed and Yan Yu also heaved a sigh after seeing that. "Tut-tut, time's up!" The young man yelled weirdly. Yan Yu opened his mouth and was about to speak, but the young man's gray eyes glanced over directly. "Shut up!"

Yan Yu's heart tightened. He subconsciously shut his mouth and dared not speak again. Xiao Ling stood there and couldn't help sweating as she watched the young man walk to Yun Feng. This Senior was capricious and things he did were never predictable. What if... Yan Yu and Xiao Ling both looked at Yun Feng anxiously as their hearts pounded.

"Human, tell me, which one do you want to choose?" The young man floated in front of Yun Feng and gazed into Yun Feng's eyes with his gray eyes. Yun Feng looked him in the eyes calmly. "Senior, why do you have to drive a wedge between us?"

The young man was startled when he heard what she said. After that, he burst into laughter. "Human, you please me. Tell me quickly. What's your choice?"

Yan Yu and Xiao Ling became nervous. Yun Feng pleased that Senior? If she chose the first option and the Senior agreed. What should they do? Would they be sent out just like that? How could it be like this?

"Senior!" Xiao Ling yelled loudly. The young man was upset about being interrupted. He turned around and looked at Xiao Ling. This gaze gave Xiao Ling a chill down her spine and she subconsciously wanted to run away. Luckily, she pretended to be calm and the corners of her mouth curved up to give a smile, which looked extremely reluctant.

"Senior, if you gave us some options, you should be fair."

The young man couldn't help but frown slightly after hearing that. Little Fire next to Yun Feng then shouted at Xiao Ling, "The despicable, shameless and ungrateful Dragons!"

"Little Fire!" Yun Feng shouted with a deep voice. Little Fire shut its mouth furiously and stayed next to Yun Feng quietly, but its eyes kept staring at Xiao Ling and Yan Yu.

"We're not despicable, shameless and ungrateful. Those things have always belonged to the Dragons. Yun Feng is an outsider after all, so we must defend our treasures!" Yan Yu said as Xiao Ling next to him cupped her hand in the other in front of the young man. "Senior, we choose the second option. We believe that you won't be cruel."

Yun Feng raised her eyebrows gently and glanced at the two of them with a faint smile without saying a word. The young man turned around. "Human, it's your turn now."

"Senior, since they've already made a decision, I think I don't need to say anything else. I'll leave everything for you to decide." Yun Feng stood there with a smile at the corners of her mouth, neither humble nor arrogant.

Yan Yu and Xiao Ling were both relieved when they heard what Yun Feng said. "Senior, since Yun Feng has already said so, we'll also let you decide everything." Xiao Ling smiled gently and charmingly, but the young man glanced at her coldly with quite a disdainful look. Xiao Ling stood there in embarrassment. Even though she was a bit angry, she dared not to show a hint of displeasure on her face.

The young man stood in the air and looked at the three of them with his gray eyes. "Hahaha, now that you've already made your choices, don't change it."

"Senior, we won't change our mind." Yan Yu shouted loudly as the young man gave a weird laugh. "I like to do everything the other way around. Since you chose the second option, I'll send you home!"

"Senior!" Yan Yu and Xiao Ling both yelled. Xiao Ling looked at Yun Feng. "Yun Feng, we..." Xiao Ling wanted to say something, but she suddenly didn't know what she should say. That smile at the corners of Yun Feng's mouth didn't change. However, Little Fire next to her said softly, "You had it coming!"

Meatball also wiggled its body and yelled softly. The young man abruptly gazed at Meatball with his gray eyes, as if he had found something interesting. Yun Feng's smile at the corners of her mouth disappeared. Looking at the young man's gaze, she inexplicably felt a little flustered.

"Tut-tut, I've changed my mind again. If you can hand this thing over to me, I'll let you enter." The young man said to Yan Yu and Xiao Ling. The two of them were startled and their gaze then landed on Meatball on Yun Feng's shoulder.

Yun Feng cursed secretly in her heart. What an old monster! How cunning!

The young man stood in the air and glanced at the three people below him. The expression of enjoying the show he had earlier appeared again. Yan Yu and Xiao Ling looked at each other and Xiao Ling came forward. "Yun Feng, please help us this time for Young Master's sake."

Yun Feng didn't say anything and she looked really bad. She felt that these members of the Dragons were truly thick-skinned! "Help you? Do you want me to sacrifice myself to help you?"

Xiao Ling pressed her lips. "That Senior is only interested in this little thing. He won't hurt it easily. There are many precious treasures inside the Dragon Palace and there may even be Magic Beasts..."

Yun Feng stood there with a cold face, while Meatball on her shoulder gnashed its sharp teeth and its little face became extremely ferocious in an instant. Yan Yu immediately came up after seeing this. "Why are you talking nonsense to her? If she doesn't listen to us, we'll just snatch it from her directly!"
