### Chapter 181: Sudden Change of the Situation (5)

Little Fire howled and stood in front of Yun Feng, while the soft fur all over Meatball's body also began to stand on end, but Yun Feng didn't seem angry. She only said in a deep tone with coldness on her face, "Is this how the Dragons treat people?"

Xiao Ling wanted to say something, but Yan Yu had already taken out his weapon. "Yun Feng, for everything that belongs to the Dragons, we won't show you mercy anymore!" Yan Yu shouted as he swung his weapon that was filled with fighting energy at Yun Feng. "Roar!" Little Fire jumped forward after a roar and waved its claw to knock Yan Yu's weapon to the side!

"Bastard, give me your life!" Yan Yu moved his spear to the side when he saw Little Fire and he immediately swung the spear to attack. Little Fire also rushed forward to greet his attack without showing weakness. This fight between a level-8 Mutated Magic Beast and a level-9 warrior was in a dead heat for a moment.

Xiao Ling looked at Yun Feng as she also took out her weapon slowly. It was a scimitar! There were also six holes and six crystals on the blade!

Yun Feng also realized that this fight was inevitable when she saw this. Xiao Ling glanced at Yun Feng and finally suppressed a little bit of guilt at the bottom of her heart. "Yun Feng, don't make me attack you."

Yun Feng suddenly burst into laughter after hearing this. "Why? Do you think you can beat me?"

Xiao Ling's face flushed. She was immediately angered out of embarrassment. "Yun Feng, don't you provoke the dignity of the Dragons again and again!"

Yun Feng sneered as she took out her wand slowly. The eyes of the young man in the sky brightened abruptly when he saw Yun Feng's wand. He swung his black robe and a few small waves appeared in the air. An invisible confined space enveloped Yun Feng, the two Dragons and Little Fire firmly!

Yun Feng looked at the young man in the sky. There was a smile in the young man's gray eyes. What did he do exactly?

"Watch my scimitar!" Xiao Ling shouted furiously and the crystals on the scimitar emitted beams of light. Yun Feng quickly infused her mental strength into the wand. When she was about to use magic to resist Xiao Ling's attack, she surprisingly found that she couldn't sense the elemental force at all!

"Kid, this is a dimension blockade. The space has already been controlled completely by that person and he has also taken the elemental force inside!" What the ancestor said made Yun Feng understand everything. She quickly dodged and dangerously avoided the slash from Xiao Ling's scimitar. If the elemental force was taken away, this meant that... she couldn't use her magic!

If a mage couldn't mobilize the magic elements during a fight, she would be no different from a normal person. In this aspect, summoners were much more powerful than mages. Summoners didn't only rely on magic to fight, they also had an even stronger companion, their contracted Magic Beast!

When facing a strong enemy and if the summoners couldn't use magic for some reason, their contracted Magic Beasts could be considered a powerful combat force. However, Yun Feng's current situation was another thing. Even though she had Little Fire, she was facing two opponents. Little Fire was fighting with Yan Yu, so its hands were already full. And since she couldn't mobilize any elemental force right now, she would have to fight with a level-9 Dragon with her body!

Yun Feng was put in an obviously unequal balance. If she was careless, she might just die here!

"Ha!" Xiao Ling made an attack and Yun Feng dodged again. She knew clearly that if she resisted the attacks with her strength, she wouldn't possibly be a match for Xiao Ling with her level-6 body! She could only avoid the attack again in panic as her brain started to move quickly to think about how she could solve this situation!

Xiao Ling couldn't help but heave a sigh of relief when she saw Yun Feng avoid her attacks. She didn't mean to hurt Yun Feng, but she was also in a dilemma right now. If she didn't give that little thing to the Senior, she and Yan Yu would return with empty hands, while a human stayed here! They couldn't give those treasures in the Dragon Palace away to someone else. This was the common idea that all members of the Dragons had!

So, Xiao Ling must get Meatball no matter what she said, but she didn't want to hurt Yun Feng either. Xiao Ling was also a bit angry. She should just hand Meatball over. Why did she have to fight like this? What an unpleasant personality!

Xiao Ling saw Yan Yu, who was entangled with Little Fire, and was very relieved. Luckily, Yun Feng was fighting against her. If this was Yan Yu, he would definitely kill Yun Feng cruelly.

"Yun Feng, why are you always hiding? Where's your magic?" Xiao Ling couldn't help but yell when she saw Yun Feng keep dodging, as if she wanted to remind Yun Feng. Yun Feng's expression changed slightly. Her black eyes gazed at the young man, who had been smiling creepily in the air.

"Tut-tut, the girl from the Dragons, you should just fight quietly." The young man said in a cold tone as he gently swung his sleeve. Xiao Ling only felt that the familiar sound waves came again, hitting her body fiercely.

"Hm!" Xiao Ling clutched her chest in pain with a pale face. "Little girl, if you hold back, you'll be the one who dies!" The young man's mature voice resounded in this space. The expressions of Xiao Ling and Yun Feng changed. Yun Feng gritted her teeth so hard that they chattered. What an old monster! He forced her to exert herself like this!

"Nana, nanana!" Meatball rubbed its little body against Yun Feng's cheek. Yun Feng's face darkened and she picked up Meatball at once. "I won't give you to that old monster!" Meatball's big eyes looked shocked and a shining light then burst out. It looked at Yun Feng with its glittering eyes and its chubby body wanted to struggle to pounce on Yun Feng's face. Yun Feng flushed as she swung her hand and threw Meatball into her bracelet.

Xiao Ling couldn't help widening her eyes when she saw Yun Feng's move and ghat Meatball disappeared in a blink. "A dimension container? You have a dimension container!"

Yun Feng's lips curled up and she snickered, "This isn't the only thing I have."

Xiao Ling bit her lips and stood there a bit embarrassedly. A dimension container was something very precious. Even among the Dragons, only a dozen of them had a dimension container. However, Xiao Ling had no idea that things, which people thought were extremely precious and difficult to get, were as common as cabbages for Yun Feng, holding one in each hand.

A weapon with six crystals, high-level ores, ultimate ores, Magic Beasts, and even a dimension container right now, these things that Yun Feng had were enough to make her as rich as a country.

### **Chapter 182: Digging Her Own Grave (1)**

“Little girl, why are you not attacking? Do you want to die?” The young man’s mature voice sounded again. Xiao Ling’s expression changed slightly and she held the scimitar in her hand even tighter. If she didn’t exert herself and attack, she would be the one who died!

“Clang, clang, clang...” The blade of the scimitar in Xiao Ling’s hand vibrated constantly and the Magic Beast Crystals on it were also emitting dazzling light. The corners of the young man’s mouth raised slowly when he saw this scene and there was strong excitement in his eyes. Yun Feng’s body tightened after seeing this. She was already prepared to dodge at the highest speed anytime. Apart from dodging, she didn’t have anything else she could do right now!

“Yun Feng, I’m sorry. Argh! Ha!” Xiao Ling said softly, while her body had already gotten near to Yun Feng as quickly as the wind and the scimitar in her hand even slashed at Yun Feng’s body with a perfect arc. Yun Feng kept dodging with a cold look and Xiao Ling’s attacks also kept coming continuously. The positions of the two of them changed constantly. Xiao Ling’s eyes darkened as the scimitar suddenly flew out of her hand!

“Swish, swish, swish!” The scimitar kept spinning in the air with a terrifying force that could split a body, as if it had its own consciousness. Yun Feng’s body flashed in panic and avoided the attack dangerously, but the scimitar that didn’t hit her immediately changed its direction and attacked Yun Feng again!

“Damn it!” Yun Feng cursed softly. Her body that was about to land on the ground flashed again swiftly. She supported herself with one hand on the ground and exerted her force, jumping into the air to avoid the second attack from the scimitar. When her body landed on the ground, the third attack from the scimitar came as expected!

Yun Feng didn’t have time to think at all. Relying on the instinctive reaction of her body, she leaned back. Her body almost touched the ground completely, as the blade of the scimitar with glitters of coldness flashed right above the tip of Yun Feng’s nose!

Yun Feng immediately jumped right up and fell back a few steps again. At this moment, a fierce force suddenly came from behind her. Yun Feng turned her face slightly and saw Yan Yu wielding the spear in his hand, while that vicious force came at her from his direction!

“Master!” Little Fire shouted like crazy as its dark red body rushed over desperately. Yun Feng seemed to understand something, but it was too quick, really too quick!

Yun Feng was attacked so sneakily and viciously by Yan Yu while she wasn’t on guard at all. She knew that she would be severely injured even if she survived. Feeling the force that got closer and closer to her, time seemed to be slowly lengthened in this second. Yun Feng looked at Little Fire, which was

running towards her without caring about its life, with her black eyes as she gave it a thought and the Ring of Contract appeared in her hand. Little Fire seemed to realize something. Its wolf eyes were full of anger, while Yun Feng chuckled. The next second, Little Fire's body immediately turned into a beam of red light and was sucked into the Ring of Contract, leaving Little Fire's unwilling cry!

At the same time, that fierce force hit the side of Yun Feng's body hard. Yun Feng felt that there was a violent shock inside her body and her organs were completely torn at this moment! Pain that pierced into her heart immediately appeared, even spreading into the bones. "Kid!" The ancestor's anxious yell also sounded in her mind, but Yun Feng didn't have the power to answer him anymore. The pain in her body became more and more severe, her breath got tighter and her eyelids also became heavier gradually. Before Yun Feng closed her eyes, she only saw Yan Yu's complacent look and heard his crazy laughter.

"Hahaha!"

"Plop!" Yun Feng's slender body fell on the ground with a deep long mark on her elegant and soft back. Blood was oozing out from the mark and spread around the ground where Yun Feng fell, forming a bright red ocean.

"Yan Yu, you..." Xiao Ling was a bit at a loss when she saw this. Looking at Yun Feng's body on the ground, which wasn't moving anymore, and the blood that was oozing out like crazy, she was a bit dumbfounded.

The young man, who had been watching this scene, finally let out a weird laugh. He waved his hand as the invisible dimension that surrounded the few of them disappeared. The young man then floated to Yun Feng and looked at her body on the ground, glancing at her a few times with interest.

"Senior, Yun Feng is already dead. That meatball should be still on her body. Let me search for you!" Yan Yu put away his spear and strode to Yun Feng with some of her blood stained on his feet. Yan Yu's eyes were releasing a strong greed. He certainly understood what Xiao Ling said just then. A dimension container! He truly had never thought that this human would have such a good thing on her!

The greed in Yan Yu's eyes was so obvious. If he could get this dimension container, the things inside should be extremely abundant. Hahaha, the human is so arrogant, but she still died in his hands in the end!

Yan Yu thought as the expression on his face became even more contented. When he was about to reach his hand out to search Yun Feng's body, the young man glanced over with a cold gaze, which made Yan Yu hold his breath immediately and take a few steps back right away.

"Senior..." Yan Yu yelled fearfully, while Xiao Ling stood there, constantly looking at Yun Feng's body that was lying on the ground. She despised Yan Yu in her heart when she saw what he did. What she was thinking about right now was how she should explain to her Young Master...

"This is the first time I've seen the Dragons' greed with my own eyes. Now, go in." The young man stared at Yan Yu with his gray eyes, which made Yan Yu's body tighten. He couldn't even walk a step. The young man waved his hand as the invisible barrier outside of the entrance of the Dragon Palace disappeared. Xiao Ling and Yan Yu looked at each other, cupping their hands in the other in front of the young man together. "Thank you, Senior."

The young man laughed weirdly. "You're thanking me? Hm, get in there now."

Yan Yu looked embarrassed and he glanced at Yun Feng a bit reluctantly. This kid must have quite a lot of good things. The Senior didn't seem like he was someone who needed a dimension container. Why couldn't he take it away?

"Kid, did you not hear what I said?" The young man looked at Yan Yu. Yan Yu immediately collected himself as Xiao Ling went up and dragged him away. "Control yourself. What doesn't the Dragon Palace have?"

After hearing this, Yan Yu forcefully suppressed his greedy thoughts and said goodbye to the young man respectfully again with Xiao Ling. Their bodies then flashed, disappearing from the entrance of the Dragon Palace.

### **Chapter 183: Digging Her Own Grave (2)**

After the two of them got inside, the young man waved his sleeve again and the air in the dimension shook slightly, as if the invisible barrier appeared once again.

When everything returned to how it was at the beginning, the young man looked at Yun Feng with an intent stare for quite a while. He couldn't help feeling a bit disappointed when he found that she still wasn't moving at all.

The young man waited for a bit patiently and finally lost all his interest. He stood up while glancing at Yun Feng. "Human, that's what you've got? How disappointing..." The young man said as his body suddenly flashed and slowly vanished in the air like a phantom.

There wasn't anyone else in this space, except for Yun Feng, who was lying on the ground and not moving at all. The blood underneath her had already coagulated and there seemed to be a blood lotus blooming completely around her body. That hideous wound on her back was healing at a visible speed. Her muscles that had been slashed were also growing automatically and even her damaged skin was recovering slowly as well.

That wound on Yun Feng's back finally disappeared completely. Although her clothes were torn, the skin on her back was still fair and smooth without any scars at all. Yun Feng lay on the ground as her chest suddenly emitted a beam of dazzling light, slowly enveloping her entire body.

An invisible force pulled Yun Feng's entire body up and made it float into the air slowly. It was also flipped over. Her little face was pale and had no flush of blood at all, while her eyes were closed. She was breathing faintly through her nose. The black jade pendant Yun Feng wore around her neck was stuck on her skin and was constantly emitting dazzling light at this moment. The light enveloped Yun Feng's body firmly, as if she was undergoing a silent recovery.

This amazing scene was going on silently. Yun Feng had no idea about it and was just lying there quietly. Her pale little face seemed to start becoming a bit rosy gradually, but was still pale overall.

The dimension shook slightly again and the young man, who had already disappeared just then, showed up once more, watching this scene in front of him with curiosity and relief in his gray eyes. "Haha, interesting, really interesting..."

“Kid, are you alright? Kid!” Yun Feng only felt like her soul was wandering, as if it would leave her body anytime. She tried to open her eyes, but had no power at all. The ancestor’s voice seemed to be floating to her from far far away, sounding unrealistic.

“Kid, wake up. Wake up now!” The ancestor’s voice slowly got closer. Yun Feng listened to it carefully, as if it was really in her ears. There was only one thought in her mind: Wake up!

Her heavy eyelids finally opened barely. Light rushed in abruptly and Yun Feng closed her eyes again. She slowly opened them after adapting to the light.

This was an unusually spacious room. Yun Feng sat up gently and subconsciously touched her back. She didn’t forget the slash Yan Yu gave her on her back. As she touched her back with her little hand, she surprisingly found that the wound there had already healed! Yun Feng looked at the black jade pendant on her chest. It wasn’t moving at all right now, but Yun Feng knew that her injuries must have been healed completely by the Array of Life inside, or it would indeed be a bit unbelievable for her to restore such a perfect appearance in her state.

“Kid, you’re awake.”

A voice came. Yun Feng’s body immediately tightened and hopped up easily, standing on the ground. When Yun Feng felt the power in her body right now, she was slightly shocked. This body seemed to be transformed again. The energy each cell carried was different from that before and was much more powerful!

“Tut-tut, you’re truly lucky.” The voice sounded again. Yun Feng’s black eyes immediately looked in a certain direction in the sky. There wasn’t anyone in this space. However, after a while, she saw that the air vibrated slightly and that creepy young man showed up in front of Yun Feng’s eyes again.

“Where is this place?” Yun Feng asked with a deep voice, being extra vigilant against the young man in front of her. This was a perverted old monster. He made that kind of a request and forced her into a desperate situation. If she didn’t have an Array of Life in the black jade pendant, she would probably have died here.

The young man didn’t say anything. He only looked at Yun Feng silently for a while, then finally grunted in disdain, “Little girl, you’re too weak now, so weak that I can crush you with one finger.”

Yun Feng remained silent and stood there quietly. This old monster was right. She was too weak. A sneak attack from her back by Yan Yu had already sent her into this situation. She truly wasn’t worth mentioning in front of this old monster.

“You’re right, Senior. I’m indeed too weak.” Yun Feng admitted this fact very honestly. The young man burst into laughter. “You’re a person with self-knowledge. You’re much stronger than those two people.” The young man said as he gently waved the sleeve of his black robe again. The wall in the spacious room changed gradually. Yun Feng looked over and surprisingly found the image of Yan Yu and Xiao Ling on it.

“Those two fools are quite lucky. They got some treasures.” The young man looked at Xiao Ling and Yan Yu with coldness in his eyes. Yun Feng also looked over and found that the two of them seemed a bit delighted. They must have found a lot of treasures. However, judging from the tone of this Senior, it

seemed that he felt disdain for the two of them and detested them very much. Perhaps there was a feud between this Senior and the Dragons, which was why he was trapped in the Dragon Palace? Yun Feng thought as she denied the idea again afterwards. It was probably a piece of cake for him to get out with his strength. Yun Feng didn't forget that when this Senior talked about the life-saving jade pendants Ao Jin gave them, he said, "Jin Boy's dragon breath isn't enough."

The Golden Dragons, who had the purest bloodline, the dragon breath of Ao Jin, who had already reached the Lord Level, wasn't enough in front of him. Perhaps his strength had gone beyond the Lord Level?

Thinking of this, Yun Feng's heart suddenly tightened. Beyond the Lord Level... No human beings had ever reached such a level. If this Senior could stay here, he should be a Magic Beast. Had the strength of Magic Beasts surpassed that of humans so much already? What was the level above the Lord Level like? She could imagine it by thinking about the strength of this creepy young man. He could seal off a dimension by waving his hand and could control everything in this space, even taking away all the elemental force! She wouldn't have the power to fight back at all when battling with such a person. Weak, she was indeed too weak!

In the footage shown on the wall, Yan Yu and Xiao Ling were walking forward with excitement. The young man looked at the two of them with a glint of light flashing through his gray pupils. "I can't believe they're already on the fourth level."

Yun Feng remained silent. There were a total of nine levels in the Dragon Palace. It was already not bad for Xiao Ling and Yan Yu to reach the fourth level. They should have found quite a lot of treasures along the way. The young man laughed weirdly again and sounds suddenly came from the footage that was still soundless just then.

"We can finally fulfil the expectations of the Dragons when we go back this time." Yan Yu said to Xiao Ling as he raised the corners of his mouth. Suddenly, something came to his mind and his face darkened a bit again. "We must get Yun Feng's dimension container no matter what!"

"Yan Yu, why are you still unwilling to give up? Things have come to this point already. How can we explain to Young Master when we get back?" Xiao Ling yelled. Thinking of Yun Feng, Xiao Ling was a bit annoyed, but Yan Yu still hadn't gotten rid of this greedy idea, which was really...

"Don't act like you're moral. I don't believe that you've never been tempted by her dimension container!" Yan Yu glanced at Xiao Ling as Xiao Ling flushed. "This... This is different..." "Why is it different? You and I have the same thought. What about this? I take that container and we'll share the things inside equally!"

Xiao Ling's face even flushed. "How can you do that?"

Yan Yu rolled his eyes. "What are you afraid of? This thing was found by the two of us, so the stuff inside will certainly belong to you and me. We don't have to tell anyone in the Dragons. Are you happy now?"

There must be a lot of good stuff in that dimension container. Whoever sees it can have a share. That's interesting enough, right?"

Xiao Ling's lips moved slightly after hearing that. Yan Yu continued when he saw that, "The Dragons are only greedy for unowned things. Now that the human is dead, her things certainly aren't owned by anyone. It's not a big deal for us to take them away. If you don't want them, I'll have them all to myself."

"I didn't mean that!" Xiao Ling immediately said after hearing what he said. Yan Yu burst into laughter. "If that's the case, we should search quickly and try to get to higher levels, lest we can't find the human's dead body. If that Senior didn't stop me, I would have already taken it. Let's move faster!"

Xiao Ling nodded. In front of morality and sentiment, selfishness and greed had the upper hand. Yun Feng watched this with coldness in her eyes and didn't make any sound. The young man waved his hand as the footage on the wall disappeared. He looked at Yun Feng with his gray eyes. "Kid, do you want revenge? If you're willing to beg me, I'll think about it."

Yun Feng didn't say a word. She glanced at the young man coldly and sat on the ground. "Senior, I must thank you for allowing me to see the faces of these people clearly, but there's no way to talk about revenge. Didn't you start the fight between them and me? If I really have to take revenge, I should take revenge on you."

The young man was shocked after hearing that and his body spinned in the air abruptly, floating next to Yun Feng. "Little girl, you're quite good at talking. Hm! You almost got me."

Yun Feng smiled back at the young man. "You too, Senior. You almost got me too. You don't really have to do this if you want to use my hands to kill those two people. With your strength, why do you need someone else's hands to kill them for you?"

The young man narrowed his eyes slightly as he looked at Yun Feng and said with a weird smile, "Kid, you're indeed not an ordinary person. You're the first one who can bargain with me."

Yun Feng smiled. She sat there without saying anything as she looked around this place. Where exactly was this? Perhaps it was the old monster's home?

"Tut-tut, since you're the first one, I'll tell you something. This is the Dragon Palace. As for the exact location..."

The young man was halfway through the sentence and suddenly stopped talking, looking like he was gloating. Yun Feng immediately stood up. "Senior, there is a limit to teasing people."

The young man burst into laughter again and half of his body had already disappeared. "Kid, you're finally here. Just let me tease you. If you make me happy, you'll certainly get your benefits."

Yun Feng's face abruptly darkened. Before she could say anything, the young man had completely disappeared. At the same time, a wall of the room suddenly opened.

"We're finally on the fifth level!" Yan Yu's excited voice came from behind. Yun Feng stood right where she was with a cold look as she cursed that young man thousands of times in her mind. Playing once wasn't enough for him and he even wanted the second time? Perhaps there were really some problems with his brain after being stuck here?

The wall slowly opened. The excited and emotional faces of Yan Yu and Xiao Ling completely froze when they saw Yun Feng inside the room. Yan Yu was like he saw a ghost, while Xiao Ling trembled and reached her finger out, pointing at Yun Feng with a surprised look.

“You... You...”

Yun Feng looked at them face to face as her red lips curved up. “What about me? I’m alive. Are you feeling a bit sad about it?” Yun Feng still had a trace of good impression of Xiao Ling at first, but facts proved again and again that the Black Dragons were the same as the Red Dragons in nature. Even though the Black Dragons treated her quite well, the trip to the Dragon Palace this time also completely cut off Yun Feng’s thought of getting close to any dragon.

“You’re alive! How is that possible? I...” Yan Yu let out a weird cry. Seeing Yun Feng unscathed, Xiao Ling felt shocked and ashamed in her mind. It was pretty good that Yun Feng didn’t die, but the relationship between them was a little embarrassing right now.

Yan Yu’s eyes rolled around and quickly searched the entire space. He suddenly shouted, “Yun Feng, hand over the things that belong to the Dragons!”

Yun Feng burst into laughter after hearing that. “Yan Yu, have you no shame? When did I take the things of the Dragons? Why don’t you ask if I even want them or not?”

The faces of Yan Yu and Xiao Ling darkened. Yan Yu burst into laughter as the spear appeared in his hand again and he pointed the sharp tip straight at Yun Feng. “You didn’t take anything? If you didn’t take the things of the Dragons, why is this place empty? You were injured like that before. Why are you standing here again unscathed? How can you explain this if you didn’t take the treasures here? Hand them over obediently, or don’t blame me for not showing you mercy!”

#### **Chapter 185: Digging Her Own Grave (4)**

Yun Feng thought that Yan Yu must be thick-skinned to a certain degree. He made stories out of nothing like they were real. She looked at Yan Yu sarcastically with her black eyes. “You just want to steal my dimension container and share the things inside equally after all. Why do you have to wear a tall hat to pretend to be moral?”

Yan Yu and Xiao Ling both flushed. How did she know about it? That was a conversation they had in private. How would someone else possibly hear it?

“Cut the crap! If you don’t hand over the treasures, you’ll have to give us your life!” After attacking Yun Feng cruelly once, Yan Yu wasn’t afraid this time. How would he be scared of doing it again?

Xiao Ling was a bit hesitant at first, but since Yun Feng knew what she decided privately with Yan Yu just then, Xiao Ling also took out her scimitar. Yun Feng sneered when she saw that as she slowly took out her wand. The space here wasn’t sealed off. That old monster must be planning to watch a real show.

She looked at Yan Yu and Xiao Ling with her black eyes. If this was the case, she could take the opportunity to see how powerful the strength of her body, which had been transformed again, could get!

Yan Yu and Xiao Ling looked at the wand Yun Feng took out. Their weapons all had six holes and six crystals, so strictly speaking, their strength should be comparable. Yan Yu and Xiao Ling gazed at each other and understood what the other person was thinking. Restricting Yun Feng from using magic was the fastest way to suppress a mage!

Yan Yu swung his spear abruptly and made an attack, while Yun Feng put a smile at the corners of her mouth. She was fighting against two people by herself. In a situation where the elemental force in the dimension was normal, even the two of them together should be no match for her, even though they were level-9 masters. Yun Feng's body flashed gently like wind and she dodged easily when Yan Yu's spear came at her. Her strength had clearly improved compared to the last few battles!

Yan Yu was startled. Seeing Yun Feng avoid the attack from his spear without being injured, he couldn't help but feel amazed. That's impossible. She barely avoided the attacks last time and she has already reached this level in such a short period of time? She must have taken the treasures of the Dragons. That must be it!

Xiao Ling's heart also tightened when she saw Yun Feng avoided Yan Yu's attack and she threw the scimitar in her hand at Yun Feng. Yun Feng felt the trajectory of the scimitar that flashed through. Her body was as agile as a swallow and Xiao Ling's scimitar didn't leave a trace on Yun Feng's body!

"Ha! Look at my spear!" While Xiao Ling was attacking with her scimitar, Yan Yu swung the spear in his hand again. Yun Feng kept dodging, feeling the strength of her body after it was transformed. The smile at the corners of her mouth didn't change at all when facing the attacks from the two of them.

The shadow of the spear in Yan Yu's hand fell like raindrops as it let out a buzzing sound. Yan Yu then shouted, "Flourishing Spear Rain!" The head of the spear was like raindrops that fell from the sky. Yan Yu wielded the spear in his hand at an extremely high speed. Yun Feng only saw countless shadows of the spear strike right in front of her, so quickly that nobody could see it clearly!

Yun Feng's body fell back all of a sudden. The raindrop-like attacks from the head of the spear came right at her. Yun Feng's feet stepped in-between the raindrops creepily and she was surprisingly not injured at all. Yan Yu couldn't help but feel a bit shocked after seeing this!

"Yun Feng, what treasures of the Dragons did you take? Hand them over quickly!" Seeing that his attack didn't work at all, Yan Yu couldn't help but flush. He swept the spear in his hand from the air, while Yun Feng jumped high and landed on the ground lightly, looking at Yan Yu in disdain.

"I didn't take anything that belongs to the Dragons and I don't want anything that belongs to the Dragons!" As soon as she spoke, she flipped her arm and reached her hand to the back of her side abruptly!

"Clang!" The sound of a weapon came and Yun Feng grabbed Xiao Ling's scimitar with her hand abruptly. After seeing this, Xiao Ling's expression immediately changed!

When did she become so strong? The body strength of a mage was similar to that of a warrior? What was this about? If someone told her in the past that a mage could compete with a warrior in terms of speed and strength, Xiao Ling would definitely snort with contempt. However, facts were in front of her! Yun Feng before her eyes competed with them, two level-9 warriors, in speed and strength as a mage, and they were equally matched!

Xiao Ling's body froze right where she was as she examined Yun Feng again. Suddenly, she felt stunned. Yun Feng still hadn't used any magic and hadn't made any attacks, but the attacks from the two of them were already invisible to her. Besides, she hadn't even let out her Magic Beast!

Such... Such a person... wasn't someone she and Yan Yu could handle. They wouldn't be able to win at all!

"Bastard, you dare not to admit it after taking people's things?" There was a glint of anger on Yan Yu's face. His enthusiasm had rushed to his brain right now and he couldn't see clearly that the gap between him and Yun Feng was becoming larger constantly!

"Yan Yu!" Xiao Ling's body flashed and came next to Yan Yu, pulling Yan Yu's body back with great force. Yan Yu turned around and glanced at Xiao Ling with dissatisfaction. "What are you doing? Teach her a lesson with me!"

Xiao Ling stared at Yan Yu fiercely. "You fool! My weapon is in her hand. Can't you see that?"

Yan Yu was startled. He looked at Yun Feng again and found that Xiao Ling's scimitar was really in Yun Feng's hand, being fiddled constantly by her. "When did your weapon..."

"It seems that Yun Feng's strength has improved a lot again. Does your stupid brain have no IQ? She's a summoner and also a mage. She isn't using any magic right now and didn't summon a Magic Beast. She's just playing around with us with her body. Do you know what this means?"

Xiao Ling whispered quickly in Yan Yu's ears. Yan Yu looked extremely pale after hearing that and the enthusiasm in his brain also reduced slightly. "So, what should we do? Do we really have to let her take the treasures of the Dragons?"

Xiao Ling rolled her eyes. "If she really took the treasures of the Dragons, we'll just tell the elders about it after we get out. Will she still be unwilling to hand them over by then? If she wants to take possession of the treasures, she won't be able to walk out of Dragon Valley! Her strength is helpful for us right now. We've only come to the fifth level of the Dragon Palace. Who knows what dangers will be up there? With her here, we'll have an extra guarantee!"

Yan Yu's brain had completely calmed down now. What Xiao Ling said was right. They wouldn't have the chance to win at all if they fought with her right now. Even though they hadn't encountered any danger on the first to the fourth level, they had some trouble after all. The higher the level, the more dangerous. If she was here, she could help them resist the danger!

### **Chapter 186: The Rule (1)**

Yan Yu's fighting energy slowly became weaker. Xiao Ling smiled at Yun Feng after seeing that. "Yun Feng, we might have misunderstood you just then. Please forgive us."

Yun Feng stood there as she held Xiao Ling's scimitar in one hand and spun it a few times. She looked at those two people, who had already finished their discussion, finding them funny. They changed their expressions even faster than flipping over a book. How interesting.

"Since you already know that it's a misunderstanding, apologize to me quickly."

“What did you say...” Yan Yu’s face immediately flushed and the anger all over his body burst out in an instant. Xiao Ling pulled on him right after seeing that as Yan Yu repressed his anger indignantly.

“I’m sorry, Yun Feng.” Xiao Ling apologized first. She knew Yan Yu’s personality. This talented young man of the Red Dragons had never yielded to anyone before.

Yun Feng looked at Yan Yu. “And him?”

Xiao Ling couldn’t help but turn a bit pale. She also knew that Yun Feng was deliberately making things difficult, because the two of them couldn’t fight with her right now. Her weapon was still in Yun Feng’s hands and she had no choice but to humble herself.

“Yan Yu, apologize.” Xiao Ling said softly. Yan Yu looked at Xiao Ling with anger bursting out of his eyes. Xiao Ling signalled him that the lack of forbearance would spoil their great plan. Then, Yan Yu finally moved his lips and murmured something.

“Speak up. I can’t hear you.” Yun Feng said while looking somewhere else. Yan Yu clenched his fists firmly as he stared at Yun Feng with anger in his eyes. “I... am... sorry.”

Yun Feng didn’t even look at Yan Yu. At this moment, Xiao Ling stepped forward. “Yun Feng, we’ve already apologized to you. Can you give me back my weapon now?”

Yun Feng looked at the scimitar in her hands, then pressed her lips and smiled. “Xiao Ling, an apology is only verbal. Since you misunderstood me and even attacked me more than once, I must have some compensation. I’ve already taken this scimitar, so I’ll just make it mine.”

Yun Feng said as she waved her hand and the scimitar vanished. Xiao Ling couldn’t help but widen her eyes when she saw this and the anger in her mind kept rushing up. If it weren’t that there was still sanity in her mind, Xiao Ling would have been like Yan Yu as well.

“Alright, according to what you said, is there really nothing on the fifth level?”

Yun Feng shrugged and put away her wand as well. “Nothing.”

Yan Yu looked at Yun Feng furiously with an unresigned expression, as if Yun Feng stole treasures from him. He only swallowed the anger in his mind because of Xiao Ling’s suggestion. Nothing? Fine, nothing it is! When we get out of the Dragon Palace, I’ll definitely take everything on your body away!

“How did you get in here? And has the injury on your back recovered?” Xiao Ling asked very caringly.

Yun Feng only smiled and started dodging the questions. “I was already here after I woke up. As for the injury on my back, I don’t know why it’s already recovered. Perhaps some old monster carried me inside. Perhaps I’ll be his delicious meal.”

While Yun Feng was talking, she widened her lips and showed her white teeth as she looked somewhere. The young man, who was hiding in this dimension, couldn’t help but spread the corners of his mouth. What a little girl with a sharp tongue. She still ridiculed him once in the end. Old monster? The young man’s gray eyes glittered. This name suited him quite well.

“What did you say? There’s...” Yan Yu and Xiao Ling both looked at this empty space nervously after hearing that. Apart from the walls around them, there was nothing here.

Yan Yu and Xiao Ling dared not underestimate the majesty of the Dragon Palace. After all, that weird Senior they met outside of the Dragon Palace had already given the two of them an unforgettable lesson. Even though they hadn't encountered any serious danger until this point, they were still very cautious.

"There's nothing here. Let's go!" Xiao Ling said to Yan Yu and Yun Feng. Yan Yu nodded, while Yun Feng glanced at Xiao Ling. Xiao Ling smiled. "Yun Feng, even though it's been peaceful when Yan Yu and I came all the way up here, it can't be considered as smooth. There are a lot of Magic Beasts in the Dragon Palace. They may not be powerful, but we can't guarantee that we won't encounter a strong one. It's better for us three to stay together rather than going alone."

Yun Feng smiled and didn't say a word. These two people were treating her as a talisman. Haha, they know how to analyze the situation. If Yan Yu came in alone, he may have died somewhere.

"Sure, I have no problem with that." Yun Feng smiled. She stayed with them so that they wouldn't stab her in the back.

Xiao Ling was relieved after seeing that Yun Feng didn't reject them. She looked at the enclosed walls around, feeling that the fifth level was very strange. "Yun Feng, do you know where the exit of the fifth level is?"

Yun Feng shook her head. Yan Yu thought Yun Feng was fooling around with them and was about to lose his temper again. Xiao Ling immediately glanced over. "If you don't know either, let's look for it together."

Yan Yu nodded. Yun Feng wasn't moving at all, while Xiao Ling and Yan Yu started searching, but they still couldn't find anything after a long time. The young man, who was hidden in the dimension, gave a disdainful smile. He looked at Yun Feng with a beaming smile. What would this little girl do?

"Where's the exit?" Yan Yu still hadn't found anything after searching for half a day. He got a bit annoyed and he shouted with a deep voice. Xiao Ling was a little impatient. She glanced at Yun Feng. "Yun Feng, come and help us find it."

Yun Feng smiled and moved her hand, taking Meatball out. Meatball immediately pounced on Yun Feng's face right after it came out and it rubbed its fluffy body against her. Yun Feng lifted it in front of her and signalled it to calm down a little. Meatball blinked its huge eyes. Yun Feng then released it as it went back to her shoulder.

Yan Yu and Xiao Ling were a bit confused when they saw Yun Feng's behavior. When Meatball saw the two of them, the fur all over its body immediately stuck up and it gnashed its shiny sharp teeth at them. Yan Yu and Xiao Ling couldn't help but feel terrified after seeing Meatball's suddenly ferocious face. It looked like a harmless Magic Beast on the outside. Why would it be able to make them feel a bit frightened? What the heck!

Yun Feng caressed Meatball's body with her finger and signalled it to be quiet. "Meatball, do you know someone's hiding here?" Yun Feng said to Meatball as Meatball looked startled and its little head nodded.

Yun Feng put on a cunning smile like a little fox. This smile made the young man, who had been hiding, feel very interesting. "You kid, what are you planning to do?"

### **Chapter 187: The Rule (2)**

Yun Feng pointed in a certain direction in the sky. "Knock him out!"

Meatball's chubby body immediately got up after hearing Yun Feng's command. "Nana!" It yelled loudly as its little body abruptly shot somewhere in the dimension fiercely like a bomb!

"What is she doing?" Yan Yu watched Yun Feng command Meatball and he couldn't really understand it, while Xiao Ling pondered about it for a while. "There's someone hiding in this dimension. Didn't you hear her?"

Yan Yu's expression changed. Hiding in this dimension? Such a master had already gone way beyond their level! The two of them couldn't help but get closer to each other and were a bit more vigilant.

Meatball's body dashed towards a certain spot in the dimension and clashed against it fiercely, as if that chubby little body wasn't afraid of the impregnable walls. This clash made the entire space shake violently all of a sudden!

The expression of the young man, who had been hiding somewhere, suddenly changed. This thing saw through his dimension! How was it possible? He thought the clash wouldn't cause any impact on him, but the dimension in which he was hiding shook violently!

The young man narrowed his eyes slightly and stared at Meatball. Seeing that its little body was rushing at him again fiercely, he immediately waved his black robe!

"Kid, are you trying to embarrass me on purpose?" The young man appeared in front of everyone, looking bad. Meatball immediately gnashed its teeth and wanted to pounce on him as soon as it saw him. Yun Feng couldn't help feeling shocked when she saw that and her mental strength instantly burst out to drag Meatball back quickly.

"Meatball, where are you going?" Yun Feng lifted Meatball up with her hand as Meatball swung its body with an unresigned look and it hit Yun Feng's hand with its tail a few times to make her let it go, but Yun Feng dared not. If this young man acted ruthlessly, his strength would be unpredictable, even though Meatball's speed was so creepily fast!

Meatball struggled constantly in Yun Feng's hand, while the young man narrowed his eyes and stared at Meatball for a while. Yan Yu and Xiao Ling were even dumbfounded as they gazed at the young man who suddenly showed up there. "Senior..."

The young man didn't even look at the two of them. He gazed at Yun Feng with his gray eyes as Yun Feng chuckled. "Senior, you're intentionally making things hard for us. I certainly have to invite you out."

"Hm!" The young man grunted as he glanced at Meatball again. "Fine, little girl, you suit my taste quite well. I'll let you out."

The young man's black sleeves fluttered even without wind and two arrays suddenly appeared on the ground. There were many complicated patterns in the arrays, which made Yan Yu and Xiao Ling's eyes pop out when they saw them.

“Go.” The young man looked at Yun Feng and jumped into the sky. “One of the two arrays is connected to the sixth level, while the other is connected to the eighth level. Choose one yourself.” The young man said as his body disappeared again, as if he had left this dimension. Yun Feng looked at the two arrays. She didn’t believe that the Senior with a weird personality would be so kind.

Yan Yu ran over right away after seeing the arrays. Looking at the two identical arrays, Yan Yu frowned. Which one of these two arrays was connected to the sixth level and which one was connected to the eighth level?

“Yun Feng, is the Senior still here?” Yan Yu asked without looking back. Yun Feng shook her head. “I don’t know.” Yan Yu instantly shouted loudly when he heard what she said, “Ask that Magic Beast to hit him again! We must ask him which array is connected to the eighth level!”

Yun Feng’s expression changed and Meatball also gnashed its sharp teeth at Yan Yu. Xiao Ling immediately glared at Yan Yu after seeing that. “It’s okay. It doesn’t matter which one we go through.”

“Yun Feng, come here and pick one.” Yan Yu turned around and glanced at Yun Feng, as if he was certain that Yun Feng knew which array was connected to the eighth level. Yun Feng didn’t say anything. She randomly picked one and stood inside, as light burst out of the array and enveloped Yun Feng’s body completely. In a blink, she was gone.

“Go! Let’s follow her!” Xiao Ling said to Yan Yu as he nodded. The two of them also stood in the array. The array shone and they disappeared.

A ray of warm light dragged Yun Feng forward. When she opened her eyes, she was already in an unfamiliar place. There were a few doors in front of her eyes. Apart from the doors, there was nothing else.

Xiao Ling and Yan Yu also came afterwards. When the two of them arrived, they looked at the doors and were confused. Xiao Ling glanced around, then yelled happily, “The eighth level, this is the eighth level!”

Yun Feng followed Xiao Ling’s voice and looked over, seeing eight dragons engraved somewhere on the ground. The eighth level, she was really lucky. Yun Feng looked at the few doors in front of her and counted. There were nine of them.

Yan Yu stepped forward and was about to open a door. When he put his hand on it, he only felt a burst of momentum coming at his body. Yan Yu quickly dodged to the side and avoided this attack in panic.

“People who came to the Dragon Palace, are you members of the Dragons?” An old voice resounded in this space. Yan Yu and Xiao Ling were thrilled, while Yun Feng’s expression didn’t change at all and she stood there quietly.

“Senior, we’re indeed members of the Dragons!” Xiao Ling replied loudly, while Yan Yu glanced at Yun Feng and added afterwards, “Senior, only two of us among all three are members of the Dragons. The other is a human!”

“A human?” The old voice asked in confusion. Yun Feng stood there and looked at Yan Yu with coldness in her eyes. Xiao Ling also glanced at Yan Yu a bit embarrassedly. Yan Yu stood there without caring about them. He didn’t think he said something wrong at all.

“Very well. Members of the Dragons certainly have their own rules.” The old voice sounded. Yan Yu and Xiao Ling only felt an invisible suction force coming right at them. Before the two of them had their guard up, they saw some things flying out of their bodies constantly, floating in the air.

Yan Yu and Xiao Ling couldn’t help but panic after seeing that. Those were the treasures of the Dragons they got. Why did they fly out? The two of them quickly used their hands to grab the treasures back, but it was useless. The things taken from them that were floating in the air automatically stayed away from Yan Yu and Xiao Ling once they got closer.

Yun Feng chuckled when she saw this scene and Meatball on her shoulder also smiled so beamingly that its eyes curved. Xiao Ling and Yan Yu still didn’t give up trying to get them, but everything was in vain.

### **Chapter 188: The Rule (3)**

“Senior, what do you mean?” Xiao Ling couldn’t help yelling as she looked at the things in front of her, but couldn’t take them. Yan Yu was trying to grab one desperately on the side. However, he could only watch that thing slip away from his hand with envy in his eyes.

“This is the rule. Members of the Dragons can only take one thing away from here. There are ten doors. Choose one to get out.” The old voice sounded. Xiao Ling and Yan Yu’s expressions both changed. They could only take one thing out!

They spent so much effort to get in here and finally reached the eighth level, but they could only take on treasure out? Wasn’t this the Dragon Palace? Weren’t these the treasures of the Dragons? Why could they only take one thing out?

“Senior, this is a bit unfair to the Dragons!” Xiao Ling shouted loudly, while the old voice grunted coldly, “If you don’t even want one treasure, you can directly get out of here!”

Xiao Ling’s expression changed abruptly. She knew that the owner of the voice might be angry, so she immediately ignored everything else and grabbed one thing that she could! “Yan Yu, take the most important one! We still have a chance in the future!”

Yan Yu’s anger was stuck in his throat and his face was so flushed that it became entirely red. He looked at the treasures floating in the sky around him and finally gritted his teeth, taking one of the relatively important things. “Have you already picked one?” The old voice sounded again. Xiao Ling and Yan Yu both yelled out the things they wanted loudly. The air then vibrated and everything else vanished immediately, except for those two treasures.

“Damn it!” Yan Yu and Xiao Ling felt anxious and furious in their minds as they watched the other treasures they found disappear in front of their eyes. Yan Yu cursed softly, but there was nothing else they could do!

“Alright, choose a door and get out.” The old voice came again. Yan Yu and Xiao Ling subconsciously glanced at Yun Feng. If they went out, what about her?

“Senior, this human is a friend of the Dragons. I wonder...” Xiao Ling said loudly as she thought of bringing Yun Feng out together. She could never let Yun Feng stay in the Dragon Palace alone!

“Cut the crap!” The old voice suddenly shouted. Xiao Ling’s face turned pale and she dared not say anything else. Yun Feng stood aside, watching this silently. How would she not understand what Xiao Ling was thinking? These two people must be unwilling to resign themselves to leave, so they wanted to drag her out as well.

Xiao Ling bit her lips as she looked at the ten doors before her and picked one randomly, standing in front of it. Yan Yu was also the same. With the lesson he got just then, he dared not put his hand on it easily again.

“Among these ten doors, one of them is connected to the ninth level, while the remaining nine doors are connected to the outside of the Dragon Palace. After going out, you’ll not be allowed to enter the Dragon Palace again.”

The faces of Xiao Ling and Yan Yu turned pale again after hearing that. Why didn’t he tell them earlier? Then, the two of them could discuss it! “Open!” The old voice resounded in the space, while Xiao Ling and Yan Yu’s doors also opened slowly in front of them. They both held a belief in their minds, hoping that one of the two doors was connected to the path to the ninth level!

A burst of white light sucked both of their bodies in and the doors were immediately closed. The space returned to silence again. Yun Feng stood right there quietly without doing anything. As a human that entered the Dragon Palace, she really didn’t know the attitude of the owner of the old voice towards her. He didn’t seem friendly to the members of the Dragons just then, but this didn’t mean that he would be nice to humans.

“This is the first time I’ve seen a human.” The old voice sounded again, sounding like he was interested in Yun Feng. “Humans certainly have their rules as well.”

As soon as the old voice finished talking, Yun Feng saw a door open quietly and a handsome teenage boy walked out of it. The teenage boy had no expression on his face. His facial features were gorgeous and one side of his face was covered with a weird painting. Looking carefully, it seemed to be a blue wing, but only half of it.

Yun Feng couldn’t help but become vigilant when she saw the teenage boy come out. The strength of that teenage boy was similar to hers. They were both at level 8. The old voice came again, “Human, if you can beat this opponent that has the same level as you, you’ll be qualified to enter the ninth level.”

To enter the ninth level? She would be qualified to enter the ninth level once she beat the teenage boy in front of her? That was it?

“Tut-tut, kid, don’t underestimate Lan Yi. You’ll suffer when meeting him.” The young man’s mature voice sounded again. The dimension shook and the young man’s body appeared.

Yun Feng looked at the expressionless teenage boy with a painted face in front of her eyes carefully, then looked up at the young man floating in the air. What kind of weird rule was this? Members of the Dragons could choose a door and go through it themselves, but she had to fight? However, this wasn’t too bad either.

Yun Feng smiled and gave it a thought as the Ring of Contract appeared on her index finger. “A summoner?” The old voice sounded with a bit of astonishment. A young man laughed weirdly. “Why? Didn’t I tell you about that?”

The old voice paused for a while and finally said, “Are you going to watch the drama, Yao Guang?”

The young man burst into laughter and his body suddenly flashed somewhere in the space. “Of course, I want to watch the drama. We’ve been locked up for so long. It’s time for us to entertain ourselves. Why? Do you feel bad for Lan Yi?”

“No, that boy chose it himself.” The old voice echoed in the space again. The young man was startled after hearing that as he looked at the expressionless teenage boy, seeing a hint of anticipation and excitement in his black eyes.

“I see... Haha, looks like Lan Yi, this kid, has stayed here long enough... Just let the young people exercise a bit!”

The young man swung his sleeve and an enclosed invisible space surrounded him. People outside couldn’t see him and couldn’t hear his voice.

“Old man, do you think she’s the person we’ve been waiting for?”

After a long time, the old voice sounded slowly, “Why don’t you make a bet? If she can’t even beat Lan Yi, we’ll only have to wait for the next one.”

The young man pondered, then laughed weirdly again. “If she isn’t the one, I’m really going to be bored.”

The teenage man called Lan Yi was one head taller than Yun Feng. His body was slim but strong. As Yun Feng glanced over, she could roughly see that there was a blue wing-like pattern on one side of Lan Yi’s face. Looking carefully right now, that pattern seemed to have already extended inside his body. She couldn’t see it clearly because it was covered by his clothes, but there was also a similar blue wing on one side of his neck.

### **Chapter 189: Wind Magic Beast, Lan Yi (1)**

While Yun Feng quietly sized up Lan Yi, Lan Yi also looked at Yun Feng silently. However, a long-lost passion burst out of his blue eyes, like fire hidden in an iceberg, cold on the outside and scorching on the inside!

Lan Yi’s arm stretched forward slowly and he pointed at Yun Feng with his finger. “Human, let’s fight!”

Yun Feng curled her lips and smiled when she heard this. The young man on the side also smiled abruptly. “Old man, Lan Yi seemed to be having fun. When have you seen him so excited before? He spoke voluntarily. Tut-tut.”

The old voice also chuckled. “Human, this will be a one-on-one battle. Do you understand?”

Yun Feng’s smile at the corners of her mouth became even wider. “Of course!” She wasn’t planning to let Little Fire out at all. That short and powerful wand appeared in Yun Feng’s hand again. She infused her mental strength inside the wand as the six crystals on the wand emitted beams of dazzling light!

Lan Yi looked at Yun Feng's weapon and there was even stronger excitement in his blue eyes. His body flashed and had already started attacking!

"Haha, Lan Yi is so anxious. I was planning to enjoy the show." The young man with gray eyes laughed weirdly as he saw Lan Yi rush forward.

Yun Feng only felt that her vision was blurred. Her body sensitively turned to the side as a gust of wind flashed right next to her dangerously. Looking at Lan Yi who had already turned into blue light, Yun Feng decisively waved the wand in her hand!

"Fire Arrow!" An arrow formed by the fire element immediately gathered around Yun Feng's wand and shot out, aiming at Lan Yi's body!

Lan Yi's eyes didn't even blink. He stood there without moving at all, while Yun Feng watched her Fire Arrow hit Lan Yi's body quickly!

The moment the Fire Arrow touched Lan Yi's body, it pierced through it! Yun Feng's black eyes popped out and she was terrified in her mind. A shadow!

After the Fire Arrow touched the shadow, it immediately vanished and Yun Feng only felt a gust of blade-like wind appear behind her abruptly, attacking her back very fiercely!

"Earth Shield!" Yun Feng shouted. The blade-like wind was attacking too quickly and her body couldn't dodge in time at all. She could only use the Earth Shield to block in front of her. The blade-like wind clashed against the Earth Shield, as the wind dissipated and the Earth Shield immediately shattered as well!

What speed was this? Yun Feng stood right where she was. She dared not make any excessive moves right now. Lan Yi's body kept flashing in the sky continuously, but those bodies were all shadows!

Being able to leave behind afterimages, how fast was he? The shadows were left in this space one after another, as if there were countless Lan Yi attacking her!

Yun Feng suddenly felt like she was trapped, trapped by countless shadows. She could only withstand the attacks from the blade-like wind from all directions passively. If she was careless, the blade-like wind would penetrate her body!

Many Earth Shields rose in front of Yun Feng and they all shattered one after another under the clashes of the blade-like wind. The speed of the appearance of the Earth Shields and blade-like wind was almost the same. Apart from defense, Yun Feng couldn't do anything else at all!

"Tut-tut, this girl is a double-element mage. That's quite rare." The young man with gray eyes looked at Yun Feng's Earth Shields and whispered. The old voice only chuckled. "Lan Yi has only used half of his strength. If that's what the human has got, I'll have to send her out later."

The young man stood in the air with an upset look. Seeing that Yun Feng was in a situation where she could only defend, he couldn't help feeling a bit unhappy. He had a lot of hope for this little girl. Was he really wrong about her?

"Damn it!" Yun Feng kept using the Earth Shields to block Lan Yi's attacks. The constant passivity made Yun Feng feel annoyed. Meatball on Yun Feng's shoulder only stood on her body and looked at Yun Feng

worriedly. If Meatball made a move, its speed would probably not lose to Lan Yi, but there was already a rule. Yun Feng could only fight with him by herself!

“Human, is this all you’ve got?” Lan Yi’s voice came again. Yun Feng saw four Lan Yi standing around her. The next second, four gusts of blade-like wind slashed at Yun Feng from different angles!

“This is certainly not all I’ve got!” Yun Feng shouted with a deep voice as the wand in her hand suddenly emitted dazzling light. “Earth Shield!” An Earth Shield that was completely different from the ones before rose. This Earth Shield surrounded Yun Feng’s body firmly on all sides, making the four blade-like wind disappear completely!

This change made Lan Yi’s attack pause all of a sudden. Yun Feng’s body flashed gently and she waved the wand in her hand abruptly. “Earth Field, appear!”

Lan Yi’s shadows were all gone. His original body stopped in the air and he gazed at Yun Feng without blinking. The young man looked at the earth element surrounding Yun Feng’s wand in shock and suddenly burst into laughter. “Old man, we still don’t know if Lan Yi will win or not.”

As Yun Feng yelled “Earth Field,” the earth element in the space suddenly surged and clouds of dust stirred up. A radius of dozens of meters in the dimension had already become an enclosed space formed by the earth element completely, with Yun Feng as the center!

Yun Feng gazed at Lan Yi, who was locked up in the space, with her black eyes with a smile. Since your speed is your greatest weapon, all I need to do is to restrain your speed completely!

As Lan Yi felt the rich earth element that filled the entire space, his body flashed once again. However, different from before, even though there was still a shadow, it disappeared the next second and Yun Feng could see Lan Yi’s movements clearly!

“Fire Arrow!” Yun Feng waved the wand in her hand abruptly. The Fire Arrow quickly shot towards a spot in the space swiftly. Lan Yi looked at the fire element dashing towards him in shock as his body turned quickly and avoided the arrow barely. Yun Feng smiled after seeing this scene. Very Well! She couldn’t even touch his side earlier. Right now, she could finally touch him!

“Interesting...” Lan Yi whispered. Yun Feng stood there and replied to him, “You too.”

### **Chapter 190: Wind Magic Beast, Lan Yi (2)**

“Hahaha!” Lan Yi raised his head and laughed as pale green light gradually emitted from his body. Yun Feng narrowed her black eyes. That was... the wind element, and it was... getting stronger!

The young man with gray eyes looked at Lan Yi’s changes and then laughed weirdly again. “This kid is getting serious. Not bad, not bad.”

“Yao Guang, why are you still like this?” The old voice came. The young man rolled his eyes at a certain spot. “Aren’t you the same? You’re even worse than me. You dare not come out to meet anyone.”

The old voice was speechless. After a while, the old man chuckled softly and didn’t say anything else. Both of them focused on Yun Feng and Lan Yi.

“You’re the first person I’ve ever met who can make me use 80% of my strength.” Lan Yi looked at Yun Feng with his blue eyes. His eyes glittered with more excitement and the wind element let out around his body also got stronger.

Yun Feng’s red lips curved up slightly. Being able to be regarded as a match by the others was also a form of recognition. If that was the case, she should also be a bit more serious, shouldn’t she?

Yun Feng’s wand emitted light again and the wind element, which was the same as that of Lan Yi, also appeared around the wand, enveloping Yun Feng’s entire body!

“You...” Lan Yi couldn’t help but widen his eyes in shock after seeing this scene. Yun Feng chuckled softly. “Since you’re treating me as a match, I certainly have to be more serious as well!”

Lan Yi suddenly burst into laughter, looking like he was in a pretty good mood. “Human, you’re really funny. If that’s the case, we should exert ourselves to fight!” Lan Yi said as the wind element around his body immediately surged to the point that the pale green halo had already turned almost dark green in color!

As Yun Feng felt the wind element around Lan Yi’s body that got crazier, the enthusiasm in her mind started burning completely. Being able to fight with a well-matched opponent and let go of everything to fight was also a happy thing!

The wind element around Yun Feng’s wand was the strongest and it slowly enveloped her body again, but Yun Feng’s wind element couldn’t compare to that of Lan Yi. There was a certain difference between the concentration of the two after all.

The young man, who had been watching the battle, put a smile on his face when he saw this scene. “This girl wants to use the wind element to fight against Lan Yi? This is too naive...”

Naive? Yun Feng certainly wasn’t a naive person. She knew that she wouldn’t be able to beat Lan Yi’s speed using the wind element to fight with him, especially when Lan Yi exerted 100% of his strength. The reason why she used the wind element was to increase her sensitivity to Lan Yi’s wind element, so she could sense him better. Yun Feng wasn’t dumb enough to use the wind element to fight against the wind element when she was at a disadvantage.

Lan Yi looked at the wind element around Yun Feng’s body joyfully. A faint smile suddenly appeared on his handsome face, which made the young man startled. “Old man, did you see that? The boy smiled! The stone that hasn’t changed forever has blossomed!”

“Yao Guang, you can be considered an old person, really...” The old voice sounded, but also with a bit of shock. That boy smiled. This was the first time ever and it was earth-shattering.

“Human, take this attack!” Lan Yi shouted loudly as the wind element around his body shone fiercely. The entire space was shining with pale green light!

Yun Feng felt the crazily surging wind element, but her body didn’t move at all. Meatball on her shoulder seemed to be a bit anxious and it made a few soft sounds. Yun Feng put a smile at the corners of her mouth and slowly closed her eyes!

“That little girl closed her eyes!” The young man’s body couldn’t help moving after seeing Yun Feng close her eyes. The owner of the old voice also went silent, as if he was also in shock.

“That girl doesn’t want to live anymore? Lan Yi won’t care about anything when he starts attacking like crazy and this kid still closes her eyes. She’s digging her own grave!”

The young man with gray eyes looked at Yun Feng, who was standing there with her eyes closed. The wind element surged around her body violently and a tiny whirlwind appeared in the air gradually!

“This kid...” The young man couldn’t help gritting his teeth and he looked at Yun Feng a bit furiously. After a while, the owner of the old voice laughed softly. “Yao Guang, calm down...”

“Of course, you’re not anxious! But...” The young man still wanted to say something, but he suddenly widened his eyes and his gray pupils shrank fiercely! “That little girl...”

“Yao Guang, where exactly did you find this girl?” The owner of the old voice spoke. He suddenly sounded very serious. The young man remained silent and burst into laughter abruptly. “Old man, she may be the one we’ve been waiting for!”

Yun Feng stood there with her eyes closed tight, feeling the wind element in the Earth Field that had slowed down but was still moving so rapidly that there wasn’t even a shadow. Lan Yi’s body was completely hidden in this space. Yun Feng couldn’t see any of his movements at all. She closed her eyes as her wind element slowly penetrated into the space. As she felt the tiny movements in the air, she couldn’t help frowning.

Fast, too fast, so fast that she couldn’t capture his whereabouts at all, so fast that almost no trace was left!

“Kid, calm your mind.” The ancestor’s voice sounded slowly and Yun Feng’s irritated mind gradually calmed down again. Her mind was so calm that she looked empty.

This tangible space seemed to become intangible when Yun Feng closed her eyes. Everything was immersed in the darkness, but Yun Feng felt those tiny and rapid fluctuations. She knew that those were traces of Lan Yi’s movements!

“Earth Shield!” Yun Feng suddenly shouted as she raised the wand with her eyes closed. The Earth Shield quickly appeared in front of her. Following the sound of explosion, the Earth Shield and the blade-like wind clashed against each other and shattered.

This wasn’t the way out. She couldn’t be passive again. If not, even her defense would be broken through slowly! A thought suddenly flashed through Yun Feng’s mind. Even though she couldn’t keep up with Lan Yi’s speed, it didn’t mean that other things couldn’t either!

“Kid, your thought is right. Then, he will lose in speed that he’s most proud of!” The ancestor said with a smile and Yun Feng was even more confident. Alright, Lan Yi, let’s see how you take this attack next!
