### Chapter 201: Bastard, Go to Hell (1)

Yun Feng seemed to remember something. She flipped her hand and an unusually crystal clear ore appeared. Meatball's eyes immediately brightened when it saw the ore. Its fluffy, chubby body struggled and wanted to pounce on it, but Yun Feng was lifting it up at its neck.

"Do you want it?" Yun Feng slowly spread the corners of her mouth and showed an evil, fox-like smile. Meatball quickly nodded as it gazed at Yun Feng with its huge eyes pitifully.

"If you want it, say something other than 'na.'" Yun Feng couldn't help but feel happy after saying that. As expected, she saw that Meatball was startled and its huge eyes were full of complaints afterwards!

"Nana, na, nanana!" Meatball made some soft noises as its small body struggled anxiously. Yun Feng found it interesting when she saw Meatball like this, and she also stopped teasing it. If she pissed it off, it would be difficult for her to comfort it.

When she put the ultimate ore in her hand in Meatball's claws, Meatball directly opened its mouth wide and swallowed the ultimate ore. It even closed its huge eyes with a look of enjoyment and satisfaction on its face.

Yun Feng put Meatball back on her shoulder again. "Are you happy now?" If people knew Yun Feng fed a Magic Beast with ultimate ores, countless of them would rebuke her for wasting the ores!

Meatball made a content sound as it rubbed its little body against Yun Feng's cheek flatteringly. Yun Feng pressed her lips and smiled, then started walking through this wilderness forest.

After walking for a while, there seemed to be the sound of fierce fighting coming from afar. Yun Feng's heart shook and her body quickly jumped up. With her strength of the Commander Level, it was almost impossible for her to be discovered by someone, unless she met a master of the same level.

Yun Feng's slender body was completely hidden in the dense shades of the tree. There used to be a few Magic Beasts on this tree, but when Yun Feng got closer, these Magic Beasts all slipped away quietly at the same time. Yun Feng certainly saw it and she didn't mind at all. Humans or Magic Beasts, their respect and fear of the powerhouses came from the bottom of their hearts.

"Bastard, you're digging your own grave!" A quick, loud voice with a beautiful tone that only a teenage boy could have, came. Yun Feng looked over and saw what was happening not far ahead.

A two-meter tall Magic Beast was fighting fiercely with a young boy. The Magic Beast was a baboon, but its tail was like that of a lion. The ancestor's voice then sounded in Yun Feng's mind. "Kid, this is a Lion-Tailed Baboon, an Earth Magic Beast. A Lion-Tailed Baboon can't be angered or severely injured. A severely injured Lion-Tailed Baboon can exert power that's two to three times stronger. More importantly, Lion-Tailed Baboons are gregarious!"

Yun Feng looked over with her black eyes when she heard this. The Lion-Tailed Baboon and the young boy were both bleeding. They seemed to have already fought brutally for a very long time, but the boy still couldn't kill the Lion-Tailed Baboon. Yun Feng watched the Lion-Tailed Baboon and the young boy

deal with each other constantly and understood the situation. It looked like the baboon was just buying time, waiting for the others to come!

“If he doesn’t kill this Magic Beast, he may face the attack of a group of Lion-Tailed Baboons.” Yun Feng whispered. Suddenly, she saw another person somewhere near to the young boy, a petite little girl. At this moment, the little girl’s dress was stained with a lot of blood, but Yun Feng had no idea if the blood belonged to the boy or the Magic Beast. The little girl’s face was pale. Apparently, she was petrified and her body was constantly trembling.

“Hm? There’s still a little girl?” Yun Feng looked over and forgot she wasn’t even twelve yet. Yun Feng’s body was quite mature and it had a lot to do with her speed of advancement. She looked like a 17-year-old teenage girl right now. Judging from her appearance, it was impossible for other people to imagine that she was just twelve at the moment.

“Ook ook, ah ah!” The Lion-Tailed Baboon was hit by the weapon in the boy’s hand and it let out a furious sound. A bloodthirsty viciousness also surged in its scarlet eyes. It didn’t seem to want to continue fighting with the boy anymore!

Its giant lion tail swept the lower body of the boy fiercely. The boy, who had been injured, apparently had no power to avoid this attack anymore and was thrown aside by the force of the lion tail, falling on the ground in panic.

“Brother!” The little girl cowering on the side couldn’t help but shout in fear when she saw the boy fall and she crawled over quickly, using her little hands to check the wounds on the boy’s body anxiously. Yun Feng saw clearly that the young girl’s hands were shining with light blue glitters and she was treating the injuries on the young boy’s body. Was that the water element? Was the girl a water-element mage?

Yun Feng’s heart suddenly moved. Her brother was also a water-element mage... For some reason, Yun Feng abruptly felt a cordial relation with this girl in front of her. They were also brother and sister and there were also two of them alone...

Yun Feng didn’t want to be nosy at first. Even if she could save one of them, she might not be able to save everyone. This world was cruel and the fittest survived. The strong would prey upon the weak. This was the rule of nature that everyone understood in their minds. If you died because of your weakness, there was no ground for blame. Nobody would pity you and you could only blame that your skills weren’t as good as others.

Facing this brother and sister, the softest part of Yun Feng’s heart was completely stirred. Her slim body flashed like light and shadow, and she stood in front of the two of them in a blink.

The brother and sister couldn’t help feeling a bit shocked when they saw Yun Feng suddenly show up here and there was a glimmer of hope in their hearts. This girl should be here to help them.

The Lion-Tailed Baboon looked at Yun Feng, who suddenly appeared in front of it, as a glint of light flashed through its scarlet eyes and its body took a few steps back slightly. Yun Feng stood there with a relaxed look and calmly gazed at the Magic Beast in front of her. It was just at level 6. With her current strength, it would be dead as soon as she waved her hand.

The Lion-Tailed Baboon gnashed its teeth, which made its slightly ferocious baboon face look a bit more ferocious. It only dared to gnash its teeth at Yun Feng, as if it was warning her. Meatball on Yun Feng's shoulder also changed its cute little face and showed its sharp teeth when it saw the Lion-Tailed Baboon gnash its teeth. The Lion-Tailed Baboon immediately ran away quickly.

## **Chapter 202: Bastard, Go to Hell (2)**

Yun Feng looked at the Lion-Tailed Baboon that was running away. She wasn't planning to take its life. She turned around and came to the brother and sister. Yun Feng had a look at the injuries on the young boy's body. The claws of the Lion-Tailed Baboon left quite a lot of marks on him. And even though the girl was trying her best to heal the boy's injuries, she was apparently unable to do as much as she would like to.

Yun Feng sensed it slightly. The girl's strength had already reached level 4! Yun Feng couldn't help but exclaim a little in her mind. If there was only a small number of geniuses in this world, almost everyone she met could be considered one...

Murong Ran, Murong Yuntian, Kasa and the little girl in front of her right now. Although Uncle Flirtatious was also astonishing, it was hard to say if he was a genius or not with his age.

The Lion-Tailed Baboon made a deep scratch. The little girl cried as she tried her best to treat the wound on her brother's body with the water element. Yun Feng didn't want to interfere either. She didn't want to expose too much of her strength in front of a stranger. Speaking of treating the wound, even though the water element would also work, it was far inferior to the light element, which was called the God of Healing in magic. If a level-4 light-element mage was here to deal with the injury, it would be healed completely in a while.

There were indeed too few mages of the light element and darkness element. It could even be said to be rare. There were already just a small number of mages on the East Continent and not many of them had high attainments. The light element and the darkness element were the most special elemental forces. There were rarely people who could control them. Up till now, Yun Feng still hadn't met a mage of the light element or the darkness element. She wondered if there would be one at Masang School of Magic.

"Brother, you'll be fine. You'll be fine..." The little girl's face was full of tears. She had a small face, but very delicately outlined and bright facial features, which made her even cuter. Her eyes were both red and swollen right now, looking like she was in a fluster.

"Thank... Thank you..." The young man looked up in difficulty and said thank you to Yun Feng. Yun Feng frowned slightly and shook her head gently. Her mental strength had been spreading around the few of them keenly. Yun Feng had no idea whether the Lion-Tailed Baboon that ran away suddenly would come back or not, but if it returned and brought a whole group of Lion-Tailed Baboons...

"Oh no!" Yun Feng whispered secretly as the young boy and the little girl looked startled. A dozen seconds after Yun Feng whispered, thunderous sounds suddenly came around the forest, as if there were many Magic Beasts hidden in the bushes. As expected, dozens of Lion-Tailed Baboons stuck their heads out in all directions in the forest. Pairs of blood red eyes gazed at the three people they surrounded and they all gnashed their teeth, besieging the three of them with their ferocious baboon faces.

The little girl's face became even paler when she saw the surrounding scene. Her body couldn't help trembling violently and her lips had lost all color, but her hands didn't stop her healing work.

"You... You should... Go quickly..." The young boy said with difficulty as his body struggled and wanted to get up from the ground. There was a painful look on his face. Seeing her brother in such a difficult position, the little girl burst into tears and Yun Feng couldn't help but feel heartbroken when she saw this.

She wiped the tears off the little girl's face gently with her hand and patted the girl's head as he looked at the young boy. "Just lie down here at ease. Since I let that bastard go, I'll certainly deal with it."

The boy still wanted to say something, but looking at the back of Yun Feng who was standing in front of them, he suddenly felt at ease...

"Bastard, I let you go so that you can live. Since you chose to come back and even brought your family with you, I'll send you all to Heaven together!"

"Haha, human, you're so confident!" A voice came as the Lion-Tailed Baboons couldn't help gnashing their teeth and waving their hands excitedly after hearing that!

Yun Feng narrowed her black eyes slightly. A Magic Beast that could speak?

As this voice sounded, the Lion-Tailed Baboons slowly made way to a Lion-Tailed Baboon with white fur all over its body and a head that was double the size of that of the others. Yun Feng immediately became much smaller in front of it. The eyes of this white Lion-Tailed Baboon were even redder, and didn't have other colors at all. Its eyes were shining with scarlet glitters like two pieces of pure bloodstones.

Yun Feng couldn't help but sneered. It was just a level-7 Magic Beast and it dared to talk wildly to her? If she wasn't worried that she would expose her strength, she really didn't want to say any nonsense to it!

Yun Feng's original level was infinitely suppressed to level 5 by herself. With her current age, she wouldn't be considered too genius if she was at level 5. It was better to keep a low profile, but laying low became the reason for people to despise her?

Yun Feng looked at this Lion-Tailed Baboon that was obviously the leader, but she wasn't hesitant at all. "You'll know if I'm too confident or not! I'll give you two choices. Get out of here with your baboons immediately and go as far as you can, or don't even think about running away. All of you will stay here!"

The leader of the Lion-Tailed Baboons burst into laughter without restraint again after hearing what Yun Feng said, while the other Lion-Tailed Baboons also let out a harsh laugh. A glint of light flashed through their pure red eyes and the vicious aura that belonged to Magic Beasts instantly surged out.

"What an ignorant and arrogant human being. Kill all three of them!"

As the white Lion-Tailed Baboon issued the order, all the Lion-Tailed Baboons looked up and screeched, attacking Yun Feng and the brother and sister!

"Brother!" The little girl immediately fell on the young boy's body. Even if her body was trembling, she still held the boy in her arms firmly. Seeing this scene, Yun Feng's eyes couldn't help but turn a bit red.

She suddenly flipped her little hand as the wand with six holes and six stars appeared on her palm! If that was the case, she would just kill them all. These animals all had to stay here!

“Earth Shield!” Yun Feng immediately shouted as the Earth Shield surrounded the brother and sister firmly, blocking their sight.

The young boy and girl protected by the Earth Shield were both shocked. The girl looked at the Earth Shield surrounding them with coldness in her huge eyes. “She’s a mage. She’s a mage...”

### **Chapter 203: Bastard, Go to Hell (3)**

The boy also looked shocked and was relieved. No matter what, his sister wasn’t injured after all.

The two of them were protected by the Earth Shield firmly. Yun Feng also had nothing to worry about at all. The Earth Shield that surrounded them also blocked their sight. No matter what she did right now, the brother and sister wouldn’t see it.

There was fierceness on Yun Feng’s gorgeous little face and her black eyes were flashing with anger and viciousness. When the entirely white Lion-Tailed Baboon saw the wand in Yun Feng’s hand, the black pupils in its pure red eyes suddenly shrank, as if it realized something. Its body leaned forward abruptly and it opened its mouth to make a harsh, bright howl. All the Lion-Tailed Baboons immediately tried to run back into the forest one after another when they heard this shout.

The corners of Yun Feng’s mouth curved up slightly as she waved the wand in her hand! “You want to run away? It’s too late! Earth Field!” As Yun Feng yelled, all the running baboons were blocked by an invisible shield. The space on this side had already been covered by Yun Feng’s Earth Field. None of the baboons could escape. All of the Lion-Tailed Baboons must die here!

“Who are you?” The leader of the Lion-Tailed Baboons narrowed its eyes and looked at Yun Feng, sizing her up constantly. This human was just at level 5. How would a level-5 mage be able to use such advanced magic? The leader of the Lion-Tailed Baboon was extremely shocked and also confused. All the Lion-Tailed Baboons that couldn’t escape quickly gathered and surrounded the entirely white Lion-Tailed Baboon at this moment.

Dozens of Lion-Tailed Baboons seemed pretty magnificent. If a level-7 warrior was facing so many Lion-Tailed Baboons alone, he would rather run away than fight with them.

Facing Magic Beasts, especially gregarious Magic Beasts, it was better not to provoke them and go another way if possible. One Magic Beast was still easy to deal with, but it would be hard if there was a group of them.

However, all this was under the premise that both parties had similar strength. If a human, who could absolutely suppress them, showed up, like Yun Feng right now, even gregarious Magic Beasts would be eliminated by just a wave of a hand!

“Who am I? I just spared that bastard’s life, but it still didn’t give up. If you want us dead, why should I show you mercy? Since your whole clan is here, just stay!” A dazzling light suddenly burst out of the wand in Yun Feng’s hand. She still hadn’t changed the crystals on this wand because she didn’t have time to do so. Although the power of six level-6 crystals was a bit weaker, it was more than enough for dealing with this group of baboons!

“Human! We didn’t hurt them at all. Why do you have to be so ruthless? We’ll just leave!” The leader saw that Yun Feng was really enraged and it knew that the human in front of it wasn’t someone easy to deal with, so it immediately humbled itself. If all the baboons died here, it would suffer huge losses!

Yun Feng’s black eyes looked into the Lion-Tailed Baboon’s entirely red eyes. The ancestor’s voice then came, “Kid, the baboons are extremely cunning and they’re known to be cruel. Don’t believe what they say!”

Yun Feng didn’t say anything. She suddenly smiled. “Sure, just go! Go as far as you can!”

The white-furred Lion-Tailed Baboon rolled its eyes after hearing that. This human being was obviously a little girl who had no experience in life. She thought she had the ability to save someone, but wasn’t she still being fooled around by it right now?

The other Lion-Tailed Baboons also let out a few deep sounds. It turned out this was a tactic they always used. When facing a strong enemy, they would first act like they surrendered to reduce the vigilance of the other party and then make a move together again when their enemy let down his guard!

This group of baboons killed some level-7 powerhouses with such a tactic. Seeing that Yun Feng agreed to let them go, they thought Yun Feng fell into their trap again.

Yun Feng waved her wand as the Earth Field was removed. She turned around and walked towards the brother and sister protected by the Earth Shield with biting coldness in the corners of her mouth and her eyes.

Seeing Yun Feng turn around, the leader of the Lion-Tailed Baboons showed an extremely ferocious smile. It scratched the ground fiercely with its big claw as its lion tail lashed the ground hard. Its entire body dashed behind Yun Feng like a rapid bullet and it opened its enormous mouth while swinging its sharp claws abruptly!

“Human, go to Hell!” The Lion-Tailed Baboon with white fur all over its body suddenly shouted and its claw had already smacked Yun Feng’s back! There was shock in the eyes of the Lion-Tailed Baboon, which were still full of excitement just then. Nothing was there! Its claw penetrated this human’s body! A shadow, it was a shadow of Yun Feng!

After contracting with Lan Yi, Yun Feng’s wind element had also risen to the Commander Level like the fire element! With the wind element of the Commander Level inside her body, how would this level-7 Magic Beast see through Yun Feng’s speed?

All it could see was this empty shadow!

The white Lion-Tailed Baboon immediately retracted its claw, but its huge body couldn’t do any dodging movement in the air in time. As soon as it landed on the ground, it felt a strong wind coming from behind him!

The Lion-Tailed Baboon only had time to look back. Yun Feng’s beautiful smiling face was reflected in its red eyes, as if a gorgeous killer descended from the sky!

“Who’s the one who’s going to Hell?” Yun Feng mumbled softly as she waved the short and powerful wand in her hand abruptly. The Lion-Tailed Baboon didn’t even have the chance to dodge and the wand had already pierced through its body, penetrating its entire heart!

“Argh!” An extremely miserable cry resounded through the woods, which made the other Magic Beasts tremble fiercely. This sound was familiar to them. It was the voice of the Lion-Tailed Baboon that had already reached level 7. And now, it was crying so miserably. What exactly was happening? All the other Magic Beasts instantly stayed in their dens and dared not come out. Someone who could make a level-7 Lion-Tailed Baboon make such a miserable cry must be a person that couldn’t be trifled with!

“What... What happened...” The brother and sister protected by the Earth Shield couldn’t help but shudder after hearing this miserable cry. The young boy looked outside, but the Earth Shield was still blocking his sight. The little girl shook her head and kept treating her brother’s wounds continuously. Seeing that her brother’s injuries seemed to be better, a joyful smile was shown on her little face.

### **Chapter 204: Meatball, Don’t Be Mad (1)**

The white-furred Lion-Tailed Baboon had already been sent to Heaven after Yun Feng stabbed it with her wand. After letting out an extremely miserable cry, its huge body shuddered weakly and fell to the ground, making a muffled, thunderous sound. All the other Lion-Tailed Baboons seemed to be stunned by the scene in front of them. Watching their leader being killed at once by this human, all of the Lion-Tailed Baboons roared into the sky when they figured out what happened.

Dozens of Lion-Tailed Baboons pounced on Yun Feng fiercely like black shadows and the sharp, harsh baboon sounds echoed in the space!

Yun Feng watched the baboons dash towards herself, risking their lives. Her red lips showed a cold smile and she flipped her hand as the wand flew out of the body of the white-furred Lion-Tailed Baboon. A plume of fire element quickly burnt the blood stain on it. Yun Feng waved her wand abruptly and an enormous fireball appeared at the tip of the wand!

The fireball grew larger and larger. Looking at it, the baboons were a bit frightened, but the anger in their heart made them neglect everything else completely. They just wanted to attack and take revenge on Yun Feng!

“If you want to die, then go die with it! Fireballs, go!” Yun Feng looked at the baboons that were rushing towards her without caring about their lives. She immediately waved her wand as the fireball at the tip of the wand quickly enlarged to a certain size. Suddenly, it exploded. Countless small fireballs formed by the fire element shot towards the baboons to attack them!

The raging fire elements were like some tiny beasts and they clashed with the Lion-Tailed Baboons that were dashing over. The Lion-Tailed Baboons that had contact with the fire elements immediately let out a painful cry as the fur on their bodies started burning rapidly. Their bodies fell and rolled on the ground, trying to put out the fire.

There were many more little balls of the fire element than the Lion-Tailed Baboons. None of the Lion-Tailed Baboons could get close to Yun Feng. The moment they pounced on her, the fire elements immediately surrounded their bodies. Under the attack of the fire elements, these weak Lion-Tailed Baboons had no power to fight back at all. Even the level-7 white Lion-Tailed Baboon died in Yun Feng’s

hands so easily. These Lion-Tailed Baboons coming at her would undoubtedly end up like the white Lion-Tailed Baboon.

Screams came one after another. The baboons all rolled on the ground in pain with fire all over their bodies. Yun Feng watched this tragic scene in front of her with coldness in her eyes. Some baboons couldn't stand the torture of the fire and they directly hit their heads against a tree, committing suicide.

In a blink, the Lion-Tailed Baboons, who were still arrogant just then, had now turned into dead bodies! Except for the corpse of that white Lion-Tailed Baboon that was still intact, the other Lion-Tailed Baboons had become charcoal. Although there wasn't much smell of blood, the scene looked a bit unbearable.

Yun Feng waved her wand again and the defense of the Earth Shield immediately disappeared. The brother and sister, who had no idea of what was happening, instantly saw such a tragic sight.

"Argh!" Thinking of the miserable cries just then, the little girl, who seemed timid, screamed in fear as she saw the scene in front of her eyes, of those dead bodies that were burnt into charcoal and were exuding a disgusting smell, and the body of that white Lion-Tailed Baboon that had fallen down and its ferocious face. She immediately closed her eyes and her body started trembling again slightly.

Meatball on Yun Feng's shoulder grunted gently with a disdainful look after seeing the little girl's reaction.

The young boy looked at the scene in front of him and was also stunned by such a tragic sight. He was so dumbfounded that he didn't know what to say. After seeing Meatball on Yun Feng's shoulder, the young boy even turned into a stone statue directly. Yun Feng took out a small knife and ignored the reaction of the brother and sister for now, taking out the Magic Beast Crystals in the bodies of the Lion-Tailed Baboons on the ground. The mud yellow crystals were mostly between level 4 to level 6. Yun Feng put all of these crystals in front of the brother and sister, while the young boy looked at her in huge shock.

"What... are you doing?" Yun Feng smiled and didn't say anything. She kept walking to the white Lion-Tailed Baboon with a knife, slit its chest open and took out the shiny crystal in its heart.

"Here, these are all yours." Yun Feng put this level-7 crystal on those crystals. The little girl opened her eyes slightly and peeked at Yun Feng. When she saw the dozens of crystals, especially when her gaze landed on Meatball on Yun Feng's shoulder, she couldn't help widening her eyes. Those big eyes stared at Meatball's fluffy body and still hadn't looked away after a long time.

"These are yours. We don't want them." The injuries on the young boy's body were finally stabilized. The little girl sat aside with sweat all over her face as she kept panting. The boy sat up in difficulty. Those scratch marks on his body weren't bleeding anymore, but he still felt a bit painful.

"If it weren't for you, we would have died already. We won't accept these things." The young boy glanced at those crystals with his clear black eyes. Yun Feng smiled. This young boy was quite upright.

"Take them. I just happened to pass by and helped you. These animals would be wiped out sooner or later. Just consider yourselves getting a great bargain." Yun Feng put away the knife and smiled at the brother and sister very nicely. The young boy couldn't help but feel dumbfounded when he saw the smile at the corners of Yun Feng's mouth and his face suddenly flushed.

“We said we wouldn’t take anything from you!”

Yun Feng shook her head speechlessly. These crystals were like a pile of trash for her. What level of crystal didn’t she have? The lowest level of crystal she had was level 7 and there were over a thousand of them. She didn’t even bother to look at these crystals here.

“If you don’t want them, just throw them all away. They’re not really useful for me.” Yun Feng blurted out when she saw how determined the young boy was. The boy looked up and gazed at Yun Feng in shock. “You don’t want these Magic Beast Crystals? Haha, I get it now. You must be the descendant of some rich family. No wonder you have such a distinguished bearing and you even have a Magic Beast on your shoulder...”

The young boy said as his face suddenly became cold, while the little girl also couldn’t help glancing at Yun Feng several times with vigilance on her face. Yun Feng smiled. “I’m the descendant of a rich family? My family is just a normal one in a small town. Me, my father and my brother rely on each other. It’s not what you think. Besides, this Magic Beast... To be honest, I have no idea why it’s following me. If you insist on not accepting them, I’ll throw them away.” Yun Feng said as she pretended like she was about to throw the crystals away. The young boy watched this with his eyes. He pressed his lips tight and didn’t say a word.

#### **Chapter 205: Meatball, Don’t Be Mad (2)**

Yun Feng smiled speechlessly. What a stubborn person... “I’ll take a few. You should have the rest of them. If you still insist you don’t want them, I’ll throw them away immediately.” Yun Feng said in a serious tone as she reached out to get a few crystals. The young boy also gritted his teeth secretly and reached his hand out to grab those crystals after seeing that.

“This... This is for you...” A fair hand reached over and put the level-7 crystal in Yun Feng’s hand. Yun Feng looked up as the little girl, who looked like a doll, gazed at her shyly.

Yun Feng smiled. “Alright, I’ll take it.”

The little girl gave a very cute smile after hearing that and the young boy was also completely relieved when he saw Yun Feng’s attitude. “If that’s the case, we won’t reject either. To be honest, we really need these.” The young boy said in a slightly sorrowful tone with a little bit of embarrassment. Yun Feng didn’t ask in detail. This pile of Magic Beast Crystals was quite a huge amount for them already.

“How did you come here?” Yun Feng helped the young boy put away the crystals before sitting on the side. The young boy coughed, while the little girl immediately went over and patted his back. “Brother, are you alright?”

The young boy shook his head. “My sister is going to participate in the exam of the Masang School of Magic in Park City this year. I’m taking her there this time, but we were too careless when we walked past here, giving that Magic Beast a chance.”

Yun Feng raised her eyebrows. “Where are your parents? You also came far away from other places. Why are there any adults with you?”

The young boy smiled wryly at this moment, while the expression on the little girl’s face became gloomy. “Our family...”

"They're all dead." The young boy said coldly with coldness and repulsion in his black eyes, while the little girl remained silent and didn't say a word.

Yun Feng understood what he said and she didn't ask anything else. "If that's the case, let's stay together. I'm going to Park City for the exam as well. We're going the same way."

The young boy and the little girl couldn't hold back their joy after hearing this. The young boy was worrying about how they could get out of this forest and this teenage girl that suddenly came along helped them a lot. He thought she only rescued them for righteousness. He never expected her to be someone going the same way as they were. This was wonderful!

"Really?" The little girl looked at Yun Feng with her big eyes, which were shining with cute glitters. Yun Feng felt warm in her mind and nodded. "Of course."

"Great! My name is Mu Canghai. This is my sister, Mu Xiaojin. Thank you very much!" The young boy thanked Yun Feng sincerely and Yun Feng smiled.

"My name is Yun Feng. Let's take care of each other along the way."

"Yun... Are you... Yun Feng from that Yun family?" The young boy glanced at Yun Feng with suspicion after hearing the surname. When he saw Meatball on Yun Feng's shoulder, a glint of light flashed through his eyes abruptly. Yun Feng smiled. "Right, I'm Yun Feng from the Yun family in Chunfeng Town."

The young boy's eyes popped out instantly as Yun Feng chuckled. "I'm just an ordinary person. Don't think too much." She then said to Mu Xiaojin, "Xiaojin, take care of your brother here. I'll go find some firewood and food. Looks like we won't be able to get going today."

Mu Xiaojin nodded dumbfounded. Yun Feng got up and patted her clothes, disappearing in the forest after a few steps. The brother and sister looked at each other.

"Xiaojin, that person is from the Yun family. Did we meet our life changer?" The young boy mumbled dumbfoundedly as Mu Xiaojin on the side chuckled.

"I like her a lot, brother. Can she be my sister-in-law?"

This random question made the young boy blush completely. "You kid, what are you talking about? What sister-in-law?"

Mu Xiaojin suddenly covered her mouth happily. "Brother, you're blushing. I've never seen you blush..."

The young boy didn't have the energy to scold his sister. He could only sit there embarrassedly. The slight blush on his handsome face didn't disappear no matter what. Suddenly, something came to Mu Xiaojin's mind and she whispered slowly, "It'll be great if she can help us. Then..."

"Xiaojin! We should deal with our own business! We can't ask someone else for help all the time!" The young boy suddenly interrupted his sister with an upset look. It could be seen that he had a very strong personality.

"I know..." Mu Xiaojin lowered her head and said softly. The brother and sister sat there speechlessly as they thought about something.

“What’s wrong? Why the long face?” After a while, Yun Feng came back with some wild fruits and firewood. Even though there were all kinds of food in her dimension belt, Yun Feng dared not show anyone easily. The brother and sister might seem nice, but she must be vigilant so as not to be harmed.

“Xiao Feng, brother bullied me...” Mu Xiaojin pouted and pulled Yun Feng’s arm, feeling wronged. Mu Xiaojin was only as tall as Yun Feng’s shoulder, which made her look very petite. Her little face was also cute, so it was very difficult for people to not dote on her.

“You stinky girl, when did I bully you?” Mu Canghai really didn’t know how to react when he heard his sister’s complaint. However, Mu Xiaojin seemed to have found support. The two of them started arguing just like that. Yun Feng watched them with a smile. How was her brother, Yun Sheng, doing? She would be able to meet him in less than one month!

After staying in the forest for several days, Mu Canghai’s condition finally got better. Mu Xiaojin helped her brother heal hardworkingly every day, while Yun Feng only sat quietly next to them, teasing Meatball for a while from time to time.

Mu Xiaojin and Mu Canghai were both very interested in Meatball. Mu Canghai only looked at it with his eyes, but Mu Xiaojin was a girl. She couldn’t resist creatures that had a very cute appearance like Meatball at all. Seeing how happy Yun Feng and Meatball were, Mu Xiaojin also yearned for this.

“Xiao Feng, can I... touch it?” Mu Xiaojin stared at Meatball for a long time and finally made a request with her face flushed. Yun Feng certainly didn’t mind. She lifted Meatball up at its neck and threw it into Mu Xiaojin’s arms. Mu Xiaojin quickly caught it in panic, worrying that Meatball would fall.

### **Chapter 206: Meatball, Don’t Be Mad (3)**

“Nana!” Meatball screamed with dissatisfaction, as if it was complaining about Yun Feng throwing it to someone else. Yun Feng looked at Meatball with a smile as Mu Xiaojin gazed at Meatball’s fluffy, chubby body with her big eyes carefully. There was desire in her eyes and she reached her hand out carefully, trying to touch it. However, Meatball suddenly turned around as its cute little face turned ferocious immediately and it gnashed its sharp teeth all of a sudden!

“Meatball!” Yun Feng immediately lifted it up with one hand after seeing that. She didn’t understand why it hated getting close with other people. Xiaojin wasn’t a bad person. Did it really have to be like this?

Meatball looked at Yun Feng accusingly with deep grievance inside its huge eyes, which made Yun Feng a bit confused. Meatball also gnashed its teeth at Yun Feng and its little body flashed, disappearing in Yun Feng’s bracelet in an instant. Yun Feng was shocked!

It... went into the bracelet itself? She didn’t summon the bracelet at all. How did it get in?

Meatball’s sudden disappearance made the three of them dumbfounded. Yun Feng was shocked that Meatball could go in and out of her storage container freely, while the brother and sister thought they lost Meatball.

“Xiao Feng, it’s gone! Did it run away because it’s mad? It’s all my fault... I’ll never get close to it from now on...” Mu Xiaojin immediately took the blame for herself. Yun Feng was a bit dumbfounded. She had indeed never given Meatball to anyone else up till now. Meatball had always been close to her. She

had never thought that it would truly be pissed this time, so pissed that it gnashed its teeth at her and went into the bracelet. Meatball was probably facing her with its butt at this moment.

“Yun Feng, I’m really sorry...” Mu Canghai apologized softly, while thinking how he could make it up for Yun Feng in his mind. He wondered if he could buy a new Magic Beast with these Magic Beast Crystals...

“Um, it’s alright, it’s alright. It’s not gone. It just went to play...” Yun Feng smiled embarrassedly and made an unconvincing explanation. Mu Canghai and Mu Xiaojin both looked at Yun Feng with guilt and their gaze made Yun Feng smile constantly. The two of them were really naive...

“Alright, it’s really not lost. Perhaps it’s angry. When it calms down, it’ll certainly be back.” Yun Feng said. Thinking of how Meatball was repelled by the others, Yun Feng was also guilty in her mind. Ah... It seemed that she had to find an opportunity to comfort this little thing.

The three of them also went on the road together. There were only less than twenty days before the magic exam of Masang School of Magic. Through the brother and sister, Yun Feng also knew that this was somewhere west of Park City. The home of the brother and sister was in a remote town west of Park City. Children in the towns around Park City all had to come here if they wanted to enter Masang School of Magic. Yun Feng also understood why there were so many people when she went to the exam with her brother three years ago.

Kids from countless towns were flooding into Park City. It would be strange if there weren’t many people. As for why the brother and sister were walking all the way, Yun Feng didn’t ask about it. The three of them walked for about four days and finally reached the next town. Passing through this town and walking for about five more days, they should be there.

Yun Feng calculated the time secretly. If they carried on their journey like this, she would still have ten days of spare time after arriving in Park City. She should have enough time to go back to Chunfeng Town! She missed her sullen father so much. They hadn’t met for three years already and she wondered how far the business of the Yun family had developed!

Even though her sullen father had never contacted her in the last three years, she knew that with her father’s personality, he must have put his worry and longing at the bottom of his heart... Thinking of her sullen father, Yun Feng couldn’t help but give a sweet smile. Mu Canghai next to her saw this and his heart suddenly pounded.

The few of them rushed to the next town and found a hotel to stay. After walking for four days, they were exhausted. The brother and sister said they only needed one room, so Yun Feng just let them be. Yun Feng got one for herself and the three of them went back for a rest.

After closing the door, Yun Feng’s mental strength slowly covered the entire house and froze abruptly, creating a space that belonged to her. This was the obvious sign of the Commander Level, creating space!

She gave it a thought and the bracelet appeared in her hand. Her mind delved into the space in the bracelet. As expected, Meatball was facing Yun Feng with its back. Its fluffy tail was raised high and it only showed its butt. This meant that it was pissed, really pissed!

Yun Feng smiled speechlessly. She gave it a thought in her mind and took Meatball out of the bracelet. Meatball didn't resist at all. It let Yun Feng carry it, but it turned its body around and pointed its butt at Yun Feng's face, which made Yun Feng a bit dumbfounded.

"Why? Are you mad? Alright, it's my fault this time. I shouldn't throw you to someone else so casually. I won't do that again next time." Yun Feng apologized to Meatball flatteringly and Meatball turned its little head around slightly. Seeing its sorrowful expression, Yun Feng couldn't hold back and she burst into laughter. Meatball's fur all over its body stood on end and it turned its head back furiously, still facing Yun Feng with its butt.

Yun Feng shook her head and flipped her hand as an ultimate ore appeared in her palm. She put the ultimate ore near Meatball. Meatball's body shook slightly, but it still didn't turn around very determinedly.

"You don't want it? This is an ultimate ore... You really don't want it?" Yun Feng continued to coax it. She didn't believe that Meatball, who would flip its body when seeing ultimate ores, could resist such a temptation.

Meatball wiggled its little body and really disappointed Yun Feng. The ultimate ore was right before its eyes, but Meatball truly didn't move at all and was still pointing its small butt at Yun Feng firmly, looking like it wasn't planning to forgive her no matter what she did.

"Meatball, I really didn't mean it... My apology just then was very sincere. I just couldn't repress my desire to laugh when I saw your expression..." Yun Feng said softly as Meatball yelled and still ignored Yun Feng.

"Ah... I won't let other people get close to you again, okay?"

Meatball wiggled its little body and suddenly started making a long series of "na" sounds, as if it was venting its anger. Yun Feng felt a bit dizzy when she heard that. Apart from the "na" sounds, she didn't understand what Meatball was saying at all.

#### **Chapter 207: Meatball, Don't Be Mad (4)**

Yun Feng gave it a thought as two Rings of Contract flew out. Meatball was still yelling constantly, which gave Yun Feng a bit of a headache, and she immediately whispered, "Little Fire, Lan Yi, come out quickly."

As soon as she spoke, a beam of red light and a beam of green light flew out of the Rings of Contract and a giant Fire Cloud Wolf showed up in front of Yun Feng. Ever since it reached the Commander Level with Yun Feng, Little Fire's appearance seemed to have changed a little. The color of the fur on its body changed gradually. Some pure black marks surprisingly appeared on its originally dark red body, looking a bit strange but very beautiful at the same time.

Lan Yi still had that handsome, young face, but the blue pattern on one side of his face seemed even brighter and the color was even clearer.

"Master." Both of them said softly. Little Fire glanced at Lan Yi and realized that Yun Feng contracted with another Magic Beast. "Are you a Wind Magic Beast? Welcome."

Yun Feng was a bit shocked when she heard this, while Lan Yi replied seriously, “My pleasure.”

“You two, quickly translate this for me...” Yun Feng lifted Meatball up. Meatball was still making “na” sounds continuously, as if it was going to talk for a long time. Yun Feng put her hand on her forehead. This was truly frustrating. She had never thought that Meatball would be a chatterbox. Oh God...

“Master, I don’t understand what it’s talking about.” Lan Yi said speechlessly. Yun Feng was a bit startled. Little Fire could understand Meatball, but Lan Yi couldn’t?

“Speak slower!” Little Fire shouted deeply at Meatball with dissatisfaction. Meatball was also a bit enraged and it yelled a few times at Little Fire. Little Fire obviously understood what Meatball said, so it growled with discontent. “Why are you yelling at me? Master doesn’t understand what you’re saying at all. Why are you talking by yourself there?”

“Nanananananananananananana!” Meatball suddenly raised its little head and yelled without restraints. Luckily, Yun Feng had sealed off this space, or this loud noise would alarm many people.

“Little Fire, what is it saying?” Yun Feng whispered to Little Fire as Meatball shouted loudly. Little Fire couldn’t help but growl, “It’s speaking too quickly. Who knows what it’s talking about?”

Yun Feng had a headache. The only one who could understand Meatball here was Little Fire, but it also didn’t understand Meatball right now. Why was this little thing so difficult to please?

Lan Yi had been standing aside quietly as he sized Little Fire up with his blue eyes. After a long time, he finally said softly, “Brother Fire, you’ve already reached the Commander Level. Why are you still in the form of a Magic Beast? Why don’t you transform?”

After hearing this, all the voices stopped. Meatball, which was still shouting like crazy just then, immediately went silent and gazed at Little Fire with its grape-like eyes. Yun Feng also realized this all of a sudden. That was indeed the case. Logically, Little Fire should have already been able to transform after reaching level 7, but it was still in the form of a Magic Beast!

Little Fire froze right there for a second and found that everyone was gazing at him, which made him a bit uncomfortable. “It’s none of your business. I just don’t want to transform. What’s wrong with that?”

After shouting this out, those three pairs of eyes were still looking at Little Fire together. Little Fire wiggled its body and its dark red wolf tail swept a few times. “What are you looking at? I’m not transforming!”

Lan Yi looked at Little Fire closely for a while, then pondered deeply and finally said, “Brother Fire, you...”

“No! Can you shut up, fucking bird!” Little Fire shouted at Lan Yi. If this bird didn’t bring this up, who would notice if it was transformed or not? It was this bird, this fucking gob!

“Nana...” There was a mischievous smile in Meatball’s big eyes as it whispered. Little Fire seemed to be pissed. It immediately growled again, “I’m not disabled! I can transform!”

“Then, do it.” Yun Feng stared at Little Fire with her black eyes. To be honest, she really looked forward to seeing what Little Fire would look like after it transformed. Lan Yi was a handsome man after he transformed, so Little Fire shouldn’t be too bad as well.

“Master, I...” Little Fire looked at Yun Feng with a hint of frustration flashing through its pure black wolf eyes. Yun Feng suddenly burst into laughter and Meatball also showed a smile. These two cunning foxes both smiled, while Lan Yi stood aside silently and didn’t say a word.

“Little Fire, transform for a second. Let me see what you look like.” Yun Feng said softly as Little Fire swung its body speechlessly. “Master, I don’t think you should look at it. Do I not look good right now?”

Yun Feng shook her head. “It’s not that you don’t look good, but I’m really curious. Quickly, show me your transformation. There’s no one else here. What are you worried about?”

Little Fire glanced at Yun Feng, while Meatball made a soft voice again at this moment. Little Fire’s body shook and a glint of viciousness flashed through its wolf eyes. “Meatball, I’ll definitely eat you when I have the chance!”

Meatball wiggled its body. Its anger just then seemed to have passed. Little Fire was speechless. How could it possibly disobey Yun Feng’s order?

Little Fire closed its wolf eyes slowly as a dark red aura enveloped its entire body. Yun Feng only saw a dark red giant light cocoon. After a while, the cocoon cracked and the transformed Little Fire appeared in front of three pairs of eyes.

Yun Feng’s black eyes blinked, and blinked, and blinked again, for dozens of times. She was so shocked that she couldn’t even say a word. Lan Yi watched on the side for a while and finally made a conclusion. “Brother Fire... is indeed unusual...”

Meatball suddenly let out a laugh when it saw this and its little body kept shaking, as if it was laughing very happily. A beam of dark red light flashed through and Little Fire showed up in the form of a Magic Beast again. “Are you happy now?”

Yun Feng smiled and nodded. She had truly never thought that after Little Fire transformed, it would be... It was indeed a Mutated Magic Beast. It was truly extraordinary!

Seeing Meatball’s happy face, Yun Feng lifted it up and turned it around, facing herself. “Don’t be mad, okay? I promise I won’t give you to other people again next time.”

Meatball’s big eyes spun a few times and it finally nodded. “Nana...” It whispered. Little Fire said speechlessly on the side, “This big eater said it needs to eat.”

Meatball turned its head in dissatisfaction and shouted at Little Fire, while Little Fire also growled. Two Magic Beasts, one was speaking human language and the other was speaking a language that nobody understood. The two of them took turns to speak, while Lan Yi stood aside, looking very speechless.

After seeing that, Yun Feng immediately took out an ultimate ore and put it into Meatball’s mouth as swiftly as a thunderbolt. Everything then became quiet again.

After being fed an ultimate ore, Meatball looked content and comfortable, and it didn’t have time to argue with Little Fire anymore. It slowly felt how delicious the ultimate ore was by itself and its little

body even wiggled complacently. Little Fire glanced at Meatball in disdain, showing that it despised how Meatball was acting.

This night was also lively. Before going to sleep, Yun Feng was still thinking about what Little Fire looked like after it transformed. She thought that she really couldn't just look at the outside of this Magic Beast... Who would have thought that Little Fire's appearance after it transformed would be so different from its Magic Beast original body... But it was really cute.

The next morning, Mu Canghai and Mu Xiaojin woke up early. Mu Xiaojin knocked on Yun Feng's door and Yun Feng also woke up early in the morning. The three of them rented a carriage and continued with their journey after having breakfast. If they kept walking for the rest of the trip, they would suffer.

The three of them sat in the carriage and Mu Xiaojin suddenly had a feeling. "It'll be great if we can ride on a Magic Beast that can fly..." Mu Canghai glared at Mu Xiaojin and smiled embarrassedly at Yun Feng. Yun Feng also smiled as she squeezed Mu Xiaojin's cute face. Mu Xiaojin's cheeks bulged. "Xiao Feng, you're squeezing my face again."

Yun Feng smiled. The brother and sister were innocent and very sincere. Yun Feng was very happy when she was with them, especially when Mu Xiaojin was going to enter Masang School of Magic together with her. Mu Xiaojin was a water-element mage, so was her brother. This time, she was also going towards the water element. By then, she would be able to introduce the pure and cute Mu Xiaojin to her brother.

Meatball on Yun Feng's shoulder had been very quiet. Even though Mu Xiaojin really wanted to touch Meatball, she had been regretful for a while ever since Meatball suddenly disappeared. When Meatball showed up again, Mu Xiaojin was extremely delighted, but she didn't request to get close to Meatball, but watched it quietly.

"After arriving in Park City, you should find somewhere to stay first. I'm going home." Yun Feng let go out Mu Xiaojin's cute face. Meatball rubbed its body against her cheek, looking delighted.

"Xiao Feng, you're going home? When will you be back?" Mu Xiaojin looked at Yun Feng with her huge and glittering eyes, looking reluctant to part with Yun Feng. Mu Canghai couldn't help but rebuke her softly, "Xiaojin, don't talk too much!"

Mu Xiaojin pouted as she gazed at Yun Feng reluctantly. Even though she had only stayed with Yun Feng for several days, she had a good impression of Yun Feng. Both of them liked each other a lot and their relationship was also close.

"I'm just going home to have a look. Of course, I'll be here for the exam of Masang School of Magic!" Hearing this, Mu Xiaojin smiled happily and Mu Canghai was slightly relieved. Even though he didn't know why he was relieved, he was subconsciously much more relaxed.

It had been four days since the carriage went on the road. Many carriages along the way were going in the direction of Park City. After reaching the city gate of Park City, Yun Feng saw the scene that she saw when she came with her brother three years ago again. It was flooded with people and the number of people who rushed there this year seemed to be more than that three years ago. A lot of carriages and people were flooding into Park City. Yun Feng couldn't help smiling when she saw this scene. It looked like the competition this year would be spectacular again.

“You two go first. I’ll go home to have a look.” Yun Feng said to the brother and sister of the Mu family. Mu Canghai nodded. “Be careful.” Mu Xiaojin looked at Yun Feng like she was reluctant to part with her. “Xiao Feng, come back faster!”

Yun Feng nodded with a smile as she opened the curtain and got out of the carriage. Her body flashed away from the crowd, disappearing in the forest outside of Park City. A black shadow flashed through and Yun Feng had already vanished completely.

Park City wasn’t very far from Chunfeng Town. If she took the carriage, she would arrive in half a day. Yun Feng was desperate to go home and she already had no time to look for a carriage. However, even with the help of the wind element, walking home would waste Yun Feng’s mental strength, with her speed. Such a long journey would require a long time to rest. Yun Feng pondered for a while as she gave it a thought and the green Ring of Contract appeared in her hand. The Ring of Contract had already changed when Yun Feng reached the Commander Level. The original eight green leaves were already gone and directly turned into a small tree, inlaid on the surface of the Ring of Contract, as if it would continue to grow.

“Lan Yi.” Yun Feng said softly as a beam of green light flashed and the handsome Lan Yi showed up in front of Yun Feng. “Master.”

Yun Feng smiled. “I’m in a rush to go home. Please be my coolie for a bit.”

Lan Yi smiled and didn’t say anything. A beam of green light flashed as Lan Yi’s original Griffin body appeared. The fur on the eagle body was white, while those wings had blue and white stripes, looking extraordinarily gorgeous. Yun Feng looked at Lan Yi’s original body. “Don’t you have four wings?”

Lan Yi’s lion head chuckled and he explained to Yun Feng while gazing at her with his blue eyes. “The form with four wings is my complete form. If I’m not facing a strong enemy, I won’t show all four of my wings.”

Yun Feng nodded. Seeing Lan Yi’s clean white fur that had no stains at all, she couldn’t bear to step on it. Lan Yi smiled. “Master, come on up. Aren’t you in a hurry to go home?”

Yun Feng nodded as she hopped gently, sitting on Lan Yi’s body. Lan Yi’s huge wings flapped slowly, creating a violent wind. Even the trees seemed to be a bit overwhelmed.

Lan Yi’s feet kicked off the ground abruptly and its giant Griffin body soared into the sky. Its wings flapped with gusts of strong wind and he had already risen ten thousand meters in the sky after a short while!

Yun Feng finally felt Lan Yi’s speed when she sat on his body. She looked at the forest on the ground that became smaller and smaller. Even Park City was as tiny as a toy. Feeling the breeze blowing right at her face, Yun Feng wanted to yell loudly, “Wonderful!”

## **Chapter 209: Going Home (2)**

“Master, sit tight!” Lan Yi said as its giant wings flapped fiercely. Yun Feng felt like she was on a plane. The surrounding scenery changed instantly. Lan Yi was originally a Griffin that was known for his speed. After entering the Commander Level, his speed even reached an astonishing level!

“Whoosh...” The sound of wind passed by Yun Feng’s ears as her black hair fluttered like crazy. That beautiful little face was exposed in the air. Yun Feng narrowed her black eyes and looked at the scenery that rapidly flashed through in front of her. In a blink, Park City was already a thousand miles away. Lan Yi’s giant wings flapped several times, while his body kept flying in the most stable state. Yun Feng, who was sitting on Lan Yi’s back, didn’t feel bumpy at all. No wonder people in the world all wanted a Magic Beast to ride. Even though a Magic Beast mount couldn’t be used to attack, such speed and the cool appearance were already enough to make people’s hearts warm out of excitement.

“Whoosh, whoosh...” Lan Yi’s wings flapped a few times again. After about a dozen minutes, Yun Feng could already see the familiar forest, the Foggy Forest!

She was back. She was home!

“Lan Yi, go down there!” Yun Feng shouted as Lan Yi dived down and descended rapidly. Yun Feng sat on Lan Yi’s back, feeling the excitement. Lan Yi’s body abruptly stopped. He circled a few times above the Foggy Forest, which frightened the Magic Beasts in the forest.

All the high-level Magic Beasts were so terrified that their hearts pounded and they all looked up at the figure wandering in the sky. Fuck, a big shot is here! This was the thought in the minds of all high-level Magic Beasts. Those who were hunting didn’t hunt anymore and those who were eating didn’t eat anymore. They all hid in their dens and were unwilling to come out no matter what.

“Friend from afar, what are you doing here?” A voice sounded. After a while, someone came from the sky and stood next to Lan Yi. Lan Yi looked at the person in front of him with his blue eyes and knew that the man’s strength was above his.

“I mean no harm. My Master only wants to go home.” Lan Yi flapped his wings and stopped in the air, talking to the person in front of him politely. Hearing this, the man couldn’t help but widen his eyes and there was a tremor in his voice.

“What... What did you say?”

Lan Yi found it funny and he looked at the man that was obviously a bit frightened in front of him. “I said my Master is only going home.”

The man suddenly rose up rapidly and finally saw a teenage girl sitting steadily on Lan Yi’s back. The girl was looking at him with a smile at this moment, which made him gasp abruptly.

“This human is... a summoner?”

Yun Feng smiled as she patted Lan Yi’s body with her hand. Lan Yi immediately understood what she meant and he flapped his wings again, dashing in the direction of Chunfeng Town rapidly.

The man who rushed over stood in the sky, looking in the direction where Lan Yi left dumbfoundedly with astonishment in his mind. Chunfeng Town... The Yun family... Perhaps the teenage girl was a member of the Yun family? Another summoner was born...

Yun Feng sat on Lan Yi’s back. She had never thought that she would be so disturbing that even the old guy in the Foggy Forest came out. She truly felt that the strength of the man was above hers during the

short while just then and she shook her head speechlessly. Lan Yi rose up high in the sky again suddenly and sped up, turning into a long blue line that flashed through the air.

“Look, what is that?” One of the mercenaries outside of Chunfeng Town looked up and saw the long blue line in the sky, and he couldn’t help but ask. The other mercenaries also looked up. A long blue line was flashing rapidly in front of their eyes.

“Is that a shooting star?” Someone said in frustration and the others immediately laughed. “Are you mad? How would there be a shooting star during the day? Besides, are there blue shooting stars?”

“Then, what would it be? A Magic Beast flying in the sky?” Someone said disapprovingly, while the others burst into laughter. “Are you nuts? A Magic Beast flying in the sky?”

“Perhaps a peerless master is here in Chunfeng Town?” Someone made a guess. The others thought this conclusion was also quite right and they started discussing as well. The area of Chunfeng Town near the Foggy Forest was where the mercenaries gathered. There was still an extremely lively crowd of mercenaries who came to try their luck like it used to be.

The beam of blue light that caused them to make countless guesses in their minds stopped above Chunfeng Town. Yun Feng asked Lan Yi to fly to the outermost area of Chunfeng Town. How would people not be terrified if a Griffin landed just like this?

Lan Yi flew to somewhere in the outermost area of Chunfeng Town. When he was still some distance away from the ground, Yun Feng just jumped off Lan Yi’s body and Lan Yi directly turned into a beam of green light, flashing back into the Ring of Contract. Everything happened so quickly. Yun Feng landed on the ground steadily and looked at the familiar town nearby as a feeling of homecoming surged out suddenly.

She wondered if her sullen father was doing well and what the Yun family had developed to... Yun Feng sped up and rushed to the gate of Chunfeng Town. Once she arrived at the gate, she saw a scene that was different from that three years ago in Chunfeng Town.

Everything seemed to be half-refurbished. The town was still that town, but the development of Chunfeng Town right now was comparable to a small city already. Yun Feng walked on the street slowly as a lot of passersby stopped to look at her. Her little face had become extraordinarily gorgeous over time after her body grew. She had a heart-shaped face, fair skin, and her black hair fluttered gently in the breeze. Her slim waist, elegant body figure, those huge eyes and tempting red lips attracted many people’s attention.

Many young people were a bit eager to make a move and they were all guessing which family this young lady was from. Yun Feng didn’t care about them at all. She looked at the buildings around Chunfeng Town, all the hotels and restaurants. Yun Feng observantly found that all these places had a unique sign on them, Yun.

The smile at the corners of Yun Feng’s mouth became wider. It seemed that the Yun family had indeed grown much stronger under her sullen father’s management. The current scale was even more magnificent than when the Lin family was here! Her sullen father was really something!

### **Chapter 210: Going Home (3)**

**Translator:** Henyee Translations **Editor:** Henyee Translations

Yun Feng found the door of her family, according to her memory from three years ago and discovered that there was a long long line outside the door. People lining up all looked anxious, as if they were worried that they would miss something.

Yun Feng walked over curiously. She didn't understand why these people were lining up at the door of her family. While she was about to enter, someone in the line yelled, "Little girl, you have to line up! You can't skip the line even if you look beautiful!"

"Right, right! First come first served. You need to line up!"

Yun Feng smiled. She just wanted to go home. Why did she have to line up? Yun Feng walked over with a smile. "Sir, why are you lining up here?"

A stout man was startled when he heard this. "You don't even know this? So, why are you here?"

Yun Feng smiled. "Please tell me about it, sir."

Seeing the sweet smile on Yun Feng's little face, the man widened her mouth and burst into laughter. "You must be new here. The Yun family in Chunfeng Town has become rich! People like us are here to turn to the Yun family for a living! It's an honor for anyone to work for the Yun family right now!"

"Right, the Yun family isn't like before now. Many people can't fawn over the Yun family right now even if they want to! It's our honor if we can work for the Yun family for a living! Am I right?"

People lining up all burst into laughter and yelled "yes" one after another. Seeing that these people wanted to work for the Yun family, a kind of pride rose from the bottom of her heart. The Yun family had developed to this point under her father's management. That was truly... amazing!

"Alright, alright, today's recruitment spots are filled. Please come back after some time!" A man walked out of the door with a humble smile. Yun Feng stood there and immediately recognized that this man was the old butler of the Yun family.

"Fuck, seriously? Full again? I've already lined up a few times. Ah..."

"How unlucky! Let's come again next time..." People lining up all sighed and looked very frustrated. Yun Feng smiled and said, "Guys, please come again next time!"

People, who were lining up, were shocked. Wasn't this little girl here to line up as well? Why was she acting like she lived here? Yun Feng glanced over everyone with a smile, then turned around and walked towards the door.

"Ah, little girl! The spots are filled! You can't do anything even if you go there!" One person shouted kindly when he saw what Yun Feng was doing. Yun Feng didn't say anything. She walked straight to the door.

"Miss, today's spots are filled. Maybe next time..." The old butler glanced at Yun Feng and said with a smile. Yun Feng pressed her lips, then smiled and said, "What? You don't recognize me anymore after just three years?"

After hearing this, the old butler couldn't help but blink several times, glancing over Yun Feng's little face a few rounds. His body then trembled abruptly. "Young... Young Lady... Young Lady is back..."

Yun Feng chuckled. "Yeah, I'm back. Did I really change that much?"

The old butler nodded hard as his body trembled gently. "Look how old and dim-sighted I am! I can't believe I didn't recognize our Young Lady. Come in quickly. Master misses you very much!"

The old butler said as he dragged Yun Feng inside with one hand and closed the door, leaving the group of obvious astonished people outside. "Did you hear that? The butler of the Yun family called that little girl... Young Lady?"

One of them nodded dumbfoundedly, "Yes... You're right. He called her Young Lady. The Yun family has only one Young Lady..."

"The Young Lady... who stole the limelight at the Mercenary Union and made the Karan Empire see the Yun family in a new light?"

The others also nodded with different expressions. "Hahaha, I spoke to the Young Lady of the Yun family just now!"

"That's nothing! She took the initiative to talk to me just then!"

The group of muscular guys lining up were all showing off to others what they said to Yun Feng just then, like children. One of them suddenly clenched his fists fiercely and growled, "Fuck! I'll fight it next time. Even if I have to break my head, I must squeeze into the Yun family's door!"

Yun Feng was led into the house. This house was still the same as it was three years ago. The small courtyard was still the same size. The door of the ancestral hall where the tablets of the Yun family were enshrined was still closed. Her house and her brother's house were still there. The old butler led Yun Feng all the way to the main hall as he sized Yun Feng up with excitement in his eyes.

After walking a few steps, Yun Feng heard her sullen father's familiar voice. Her body shook and warmth immediately surged in her heart. The old butler said gently outside, "Master!"

"What's wrong?"

Yun Jing's voice came from the main hall through the closed door. Yun Feng stood outside quietly and listened to her father's voice. He was still sounding as serious and rigid as he was before she left three years ago, but his voice was so damn kind and extremely pleasant!

"Master, Young Lady is back." The old butler said with a tremor in his voice. Yun Feng heard that it went silent for a few seconds inside. "Really? Let her in." The voice of her sullen father didn't have any intonation at all, but Yun Feng could hear the excitement in the voice. Her sullen father was still concerned that much about his dignity. A smile slowly appeared at the corners of Yun Feng's mouth as she gently pushed open the door.

"Screech." The old door made a tiny sound, as if the ring of time was rolling. Three years had passed after one roll. Three years ago, Yun Feng was still so small. And three years later, she had already become a slim teenage girl and her strength had also undergone a fundamental change!

The door was opened slowly in front of Yun Feng. Yun Feng then saw the extremely serious face of her sullen father, Yun Jing. His facial features seemed to have frozen on his face completely. A warm smile appeared in Yun Feng's heart. It looked like her father was so nervous that one side of his face kept twitching constantly.

Yun Jing looked at the slim teenage girl who walked inside, her tall body, well-balanced figure, gorgeous facial features and her strength that he couldn't detect at all. After three years, his daughter had already become a young lady, becoming so beautiful, as if she was more mature.
