Chapter 231: Acting Pretentious (1)

Yun Feng went to see Zheng Ran. The two of them talked for a while and Zheng Ran also urged her about a lot of things. Yun Feng felt Zheng Ran's care for her. Regardless of the relationship of many levels of interest, Zheng Ran also adored Yun Feng, this almost monstrous genius, from the bottom of his heart.

Even though Zheng Ran wasn't willing to let such a genius go to Masang School of Magic, he didn't want to force Yun Feng either. After all, asking a mage to stay in the Mercenary Union would be a waste of her talent. Even if Masang School of Magic had no obvious help for her anymore, she would get some benefits after all.

Early in the morning, a hundred mercenaries gathered at the entrance of the Red Maple Mercenary Team. The mercenaries, who stayed in the base camp of the Red Maple Mercenary Team, also flooded out. There was reluctance on each of their faces. After all, their Young Lady, who was known as the legend, was about to leave again after returning for a few days. To be precise, these mercenaries of the Red Maple Mercenary Team had only bragged several days and this center figure had to leave again. However, the deal she made for the Red Maple Mercenary Team before she left made their mercenaries delighted.

Even the Commanders of the five-star mercenary groups were nothing. Weren't they still fooled around by their Young Lady? Their Young Lady was God!

Yun Feng looked at the large group of people who were sending her off, and had no idea how she should react. People kept joining them along the way from the Red Maple Mercenary Team to the entrance of the Mercenary Union and there were a lot of mercenaries from other mercenary groups who were watching the fun. Yun Feng, Zhao Mingqi, Zhao Yan and Wang Ming were in the front. Zhao Mingqi was like a kind father, telling Yun Feng to do this and that constantly. Yun Feng also nodded. And yet, the mercenaries walking her out behind them were discontent!

"Commander Zhao, our Young Lady isn't a kid anymore! Urging her like this really stripped her of her dignity!"

"Right, Commander Zhao, don't say too much! Our Young Lady must be well aware of these things!"

Yun Feng smiled and Zhao Mingqi couldn't help but shout a bit embarrassedly, "What do you know about it? My Lady is just 12. She's a kid!"

"Fuck, 12? Seriously?"

"Fuck! Our Young Lady is just 12 this year. Haha, I need to tell other people. This is another thing we can brag about! Which twelve-year-old kid can keep up with our Young Lady? Our Young Lady is God!"

The mercenaries were stirred again, because Yun Feng was at such a young age. Her appearance right now didn't match her age. If she didn't tell people about it, she was no different than a girl of seventeen, eighteen years old, whether it was her appearance, height, manners and thinking. This always made it easy for people to overlook that she was only 12.

“These bastards...” Wang Ming said speechlessly while feeling slightly proud in his heart, as Zhao Yan walked on the side silently. His gaze was fixed on Yun Feng along the way, thinking about something.

They finally came to the entrance of the Mercenary Union. The two soldiers guarding the entrance were startled when they saw a crowd of people coming over. Looking carefully, they were all people with the badge of the Red Maple Mercenary Team on their chests so the anxiousness in their minds was slowly suppressed.

“My Lady, we’ll go up till here.” Zhao Mingqi said softly and gazed at Yun Feng, looking a bit unwilling to part with her. “My Lady, don’t be late for the registration. Go.”

Wang Ming chuckled. “My Lady, come back to visit us when you have time!”

Yun Feng smiled and nodded. “I will. I’ll definitely come to see you when I have time!”

Zhao Yan kept quiet and didn’t say a word. Yun Feng looked at the awkward Zhao Yan and smiled gently. “Zhao Yan, I hope you’ll be at a higher level the next time we meet.”

Zhao Yan’s face flushed as he nodded and still wasn’t saying anything. Zhao Mingqi glanced at his son and also knew what he was thinking. He could only sighed in frustration. Wang Ming burst into laughter and hit Zhao Yan’s shoulder with his hand.

“My Lady, don’t worry. Xiao Yan certainly won’t let you down!”

Yun Feng nodded and glanced at the mercenaries of the Red Maple Mercenary Team again. Seeing those sad and awkward faces, warmth ran through the bottom of Yun Feng’s heart. She calmed her emotions and shouted with a clear voice, “Don’t let me down the next time we meet!”

The hearts of all the mercenaries became hot out of excitement. All of them shouted their heads out. “Don’t worry, my Lady! We’ll definitely not let you down!” The shouts from a hundred people turned into claps of thunder, resounding in the sky above Ge Yuan. People in Ge Yuan heard them and felt shocked. Who was this Young Lady?

The two mercenaries guarding the entrance also trembled after hearing that and they became emotional without knowing. Yun Feng nodded. She believed that this group of enthusiastic men of the Red Maple Mercenary Team wouldn’t let her down. Even though she wasn’t here, the Red Maple Mercenary Team would keep on standing and succeeding endlessly with them here!

“I’m going.” Yun Feng waved her hand, then turned around and stepped out of the Mercenary Union without looking back. Her little body disappeared in the crowd outside. The eyes of the mercenaries of the Red Maple Mercenary Team stared at Yun Feng’s back until they couldn’t see her anymore and they finally looked away one by one.

“Alright, we should also go back.” Zhao Mingqi said as the mercenaries of the Red Maple Mercenary Team slowly walked back. After returning to the Red Maple Mercenary Team, Zhao Mingqi also went back into his house and he saw the storage belt put on the table. Zhao Mingqi shook his head. His Young Lady! He prepared so many things for her, but she only used a bit of them. Was she really that good in these three years?

Yun Feng left the belt that the Red Maple Mercenary Team gave her back then. She didn't really need the things inside anymore. Even if she did, she wouldn't take them all away. The mid-level ores inside were quite a huge part of the property of the Red Maple Mercenary Team. Although they exchanged the mid-level mineral veins for the high-level mineral veins and the level of the ores was increased, the yield would naturally decrease as well. High-level ores could create individual masters, but not a batch of masters.

Yun Feng left the belt, but Zhao Mingqi didn't refuse either. He should just accept the kindness of his Young Lady. Zhao Mingqi chuckled softly. It was indeed the luckiest thing for the Red Maple Mercenary Team to be able to have such a Young Lady. They were truly lucky to be able to meet their Young Lady!

Chapter 232: Acting Pretentious (2)

Yun Feng didn't slow down along the way. Leaving the Mercenary Union today, her time was actually a bit tight. There was only one day left until the registration for Masang School of Magic closed, which meant that today was the last day of registration for the school.

Other people would have to go through the Shiny Plains when going from Ge Yuan to Park City and it was impossible to reach Park City in a day. However, for Yun Feng, this summoner who contracted a Wind Magic Beast that had a crazy high speed like Lan Yi, it was a piece of cake.

After rushing a distance, she arrived in the border area of the Shiny Plains. Yun Feng suppressed the energy in her and tried her best to lay low as she walked towards the boundary of the Shiny Plains. She had to find a place without anyone.

Yun Feng only stopped when she finally walked to a place with very few people. Once she stopped walking, she felt that there seemed to be a faint commotion around her. A lot of things underneath the sand seemed to be getting closer to her. Yun Feng turned cold. "Don't come near me. I don't have time to play with you!"

The things underneath the sand seemed to be startled. After that, they even sped up and got closer to Yun Feng. Yun Feng ignored them completely as she gave a thought and the green Ring of Contract appeared. "Lan Yi, come out."

Following Yun Feng's gentle call, Lan Yi appeared in the green light. Once Lan Yi showed up, the things underneath the sand all went backwards, and backwards, and backwards rapidly!

"Master, do we need to clean them up?" Lan Yi glanced at the bare sand around them with his blue eyes and asked coldly. Yun Feng shook her head. "Leave them. We're in a bit of a hurry."

Lan Yi nodded and ignored these little things that caused a commotion directly. Blue light flashed. He turned straight into a giant Griffin. His white feathers fluttered gently in the wind and the blue and white stripes on those huge gorgeous wings looked extraordinarily beautiful.

When Lan Yi showed his original form, the things underneath the sand immediately changed their direction. "Swish, swish, swish." They all ran away and disappeared. Yun Feng hopped gently and directly jumped onto Lan Yi's back. Lan Yi's wings shook abruptly and created a gust of strong wind, blowing away the fine white sand on the ground completely. He suddenly spread his giant wings and

turned into a beam of blue light that flashed into the sky, while the sand in the area where the two of them were located was swept away by the wind.

Dozens of grey stone-skinned lizards of different lengths lay low on the ground as they trembled. Even though the sand that covered their bodies was blown away completely, they dared not move even a bit. When Lan Yi's terrifying aura had completely left, these lizards finally raised their heads. They looked at the sky and that beam of blue light with deep fear in their eyes.

In just a while, Lan Yi had crossed the entire Shiny Plains and soon arrived in Park City. Yun Feng landed safely in a remote area in the suburbs of Park City and Lan Yi turned into a beam of green light, disappearing in the Ring of Contract.

Since today was the last day of registration for the exam of Masang School of Magic in Park City, some families from far away also rushed here in a hurry. However, Yun Feng looked relaxed. If she knew that Lan Yi only needed less than half an hour to reach Park City, she would have stayed with the Red Maple Mercenary Team for a little longer.

Yun Feng walked towards the entrance of Park City slowly. There were a bit fewer people coming to Park City compared to several days ago. As soon as Yun Feng arrived at the entrance of Park City, she saw two familiar people and one of them looked around in all directions. When that person saw Yun Feng, she waved her hand happily and ran over with an excited look.

Another person shouted and carefully followed behind her. Yun Feng saw Mu Xiaojin, who was running towards her. There was a red blush on her cute little face and joy burst out of her huge eyes when she saw Yun Feng. Yun Feng quickly greeted her. This pure cute girl was truly endearing.

"Move!" A furious shout came. Some loud clattering sounds of horse hoofs sounded inside Park City and a group of horses dashed out quickly. The crowd of people at the entrance of Park City immediately scattered. Some of them were knocked to the ground in panic. The few people riding the horses didn't stop when they saw that, but raised their horse whips high instead. "Slap, slap!" They urged the carriage to move forward more fiercely and an unrestrained laughter came from these people's mouths!

"Hahaha, hahahaha!"

Listening to the laughter of these people, Yun Feng narrowed her black eyes abruptly. Xiaojin was running towards her, but these people had already lashed their horse whips and came behind Xiaojin in a blink.

"Get out of my way, kid!" The person on the horse in the front yelled furiously as he raised the horse whip in his hand high and was about to lash the back of the horse. It seemed that he wanted to step on Xiaojin!

Xiaojin was so scared that her little face immediately turned pale when she saw the hoofs flying near her and she couldn't use magic at all. Mu Canghai behind her shouted as he ran over, but he was slow, too slow!

"Argh!" Xiaojin screamed in panic. She only saw the hoofs that were raised high and the ferocious smile on the face of the person on the horse!

The person on the horse grinned, as if he wanted to see Xiaojin being stepped on by the horse. His companions also burst into laughter crazily and presumptuously!

The raised hoofs didn't come down. The person on the horse felt the body of the horse incline to the side and was about to fall on the ground awkwardly. His face tightened as he kicked off his feet, bouncing off the horse that was leaning to the side and landing steadily on the ground.

Looking at his movements, he reacted pretty agilely and his moves were considered neat. He also looked quite handsome. However, the expression on his face couldn't make people like him no matter what.

The horse neighed and fell on the ground. After struggling a few times with its hoofs, it didn't get up again. The young man, who landed on the ground steadily from the back of the horse, looked furious. Cruelty surged in his black eyes and the four young men who were with him also got off their horses.

"What happened?" The other few people asked in confusion. The furious young man raised the horse whip abruptly and was about to lash Mu Xiaojin, who survived miraculously!

Chapter 233: Acting Pretentious (3)

"You fucking kid, how dare you stand in my way!"

Mu Xiaojin closed her eyes abruptly and heard her brother yelling loudly. Her small body fell on the ground as she trembled. She was a little panicked at this moment.

"Aren't you a bit too fiery?" A gentle voice came. The horse whip that the young man raised stopped in the air and he immediately looked at the person who talked. When he saw Yun Feng's face, he couldn't help but feel startled and fierceness flashed in his eyes again afterwards.

"It's none of your business. If you piss me off, I'll beat you up as well!" The young man said as he lashed the horse whip in his hand abruptly, but he found that his whip seemed to hit a transparent shield. That girl and this bitch who suddenly came out weren't injured at all!

"How dare you bully my sister!" Mu Canghai pounced over with anger in his eyes like fire was spouting out of them. He reached his fist out abruptly and punched the young man on his face firmly. The young man staggered backwards as he clutched his face in a daze. "You beat me. How dare you beat me!"

"I'm beating you!" Mu Canghai shouted with his eyes red and he swung his fist again. The young man, who had been punched once, suddenly became clever. His body dodged to the side agilely and also gave a punch rapidly, hitting Mu Canghai's face.

"Bastard! How dare you hurt me! I'll kill you first, then rape that bitch and kill her too!"

Mu Canghai's face was swollen after being punched hard. Hearing the young man's arrogant words, the anger in his mind started burning. The young man's companions also joined immediately after seeing that and the one-on-one situation instantly turned into a gang fight, with them besieging Mu Canghai.

There were many onlookers at the entrance of Park City, but none of them stepped up to mediate between both sides. People only looked at Mu Canghai, his sister and Yun Feng a bit worriedly and started discussing with a low voice.

"Those people offended the Young Master of the Huangzu family. Looks like they're already dead..."

“Right, ah...”

Yun Feng heard all these whispers in her ears. For Yun Feng who had reached the Commander Level, no movement could get away from her senses, even though she was very far away. The Huangzu family? Haha, those five dumbasses on the Shiny Plains were from the Royal Mercenary Group. It seemed that this young man was also someone of the same quality. He was as dumb as they were!

Yun Feng looked at the young man and the four men next to him with her black eyes. Among these five people, the young man who spoke aggressively was a level-5 warrior, while the other four were just level-3 warriors. They were nothing at all. However, it was still a bit difficult for Mu Canghai to fight against so many of them.

Yun Feng carefully took Mu Xiaojin to the side and quietly formed an enclosed space around Mu Xiaojin with her mental strength. As long as it wasn't a threat of the Commander Level, nobody could hurt Mu Xiaojin!

After doing this, Yun Feng's body swayed suddenly and directly disappeared in the air. Among the few people who were fighting chaotically, the young man, who was the leader, only felt that there were several invisible fists hitting him. Each punch really hit on his body. No matter how he dodged, the fists still chased after him and didn't let him go; it was like they had eyes!

The other few companions were also treated like this. Unlike the young man, the few of them immediately groaned and fell on the ground after taking several punches, looking like they were seriously injured. Their noses were bruised and their faces were swollen.

The young man suddenly moved his body backwards after seeing this scene and stayed a distance away from Mu Canghai. There were bruises all over Mu Canghai's face right now. Clearly, he suffered quite a lot during the gang fight just then. The young man stayed away from Mu Canghai and was thinking to see who played dirty clearly, but as soon as he moved half a step away, he felt that his knee was swept by someone. His legs became weak like jelly and he knelt in front of Mu Canghai with a “plop” sound.

Mu Canghai burst into laughter after seeing that. “Why? Are you kneeling to apologize?”

The young man made a “bah” sound and immediately got up from the ground. Before he stood steady, someone kicked his knee again. He staggered once again and knelt in front of Mu Canghai.

“You're still kneeling? Knock your head on the ground three times and I'll think about it.”

Mu Xiaojin watched this scene on the side and couldn't help widening her eyes curiously. Looking around again, Yun Feng, who was still next to her just then, was gone. “Xiao Feng...” Mu Xiaojin yelled, but Yun Feng was nowhere to be seen.

The young man only felt a fire burning in his heart and he scolded as soon as he opened his mouth, “Fuck you! Just wait, bastard! If I don't kill you and that bitch, I'll not call myself Huangzu Yelian!”

Mu Canghai turned cold. Before he did anything, he only heard Huangzu Yelian, who was still shouting just then, scream miserably, “Bah! Which bastard did this? Come out if you have the guts. Don't play tricks!”

Both cheeks of Huangzu Yelian had already become swollen completely. In that moment, he was slapped in the face continuously, which made his originally handsome face swell like a pig and he couldn't speak clearly as well.

As soon as Huangzu Yelian finished scolding, he felt like his nose was being punched fiercely. Warm blood flowed down from his nose and those onlookers at the entrance of Park City couldn't help chuckling softly.

Huangzu Yelian knelt there in panic. He quickly wiped off the blood on his nose with one hand and put the other on the ground to jump up. However, before Huangzu Yelian's body landed on the ground, he felt like his thighs were swept again. "Crack!" Huangzu Yelian groaned as he knelt on the ground again and couldn't get up anymore.

When Mu Canghai saw how embarrassed Huangzu Yelian was, the anger in his mind also reduced slightly. This was how such a jerk should end up! Even though he didn't know which master helped him again, it was pleasing to see this jerk suffer!

Huangzu Yelian felt like his kneecaps were broken. The three consecutive kicks hit on the same position with a very fierce force. After these three kicks, it would be weird if his kneecaps didn't break! Drops of sweat as large as beans appeared on his forehead. Huangzu Yelian's face turned pale, but this hadn't ended yet!

"Argh!" Huangzu Yelian didn't only feel the scorching pain from his kneecaps, his spine was also hit hard! Huangzu Yelian lay on the ground messily with a pale face. His head knocked on the ground fiercely and his clothes were torn, exposing a huge part of his body.

"You!" Mu Canghai suddenly flushed. The young man who was talking arrogantly just then turned out to be a woman! The huge part on her chest and the obvious curve of her body showed that the person in front of him was surprisingly a woman!

"Just wait, bastard, bitch, and you son of a bitch who played dirty! Remember, don't leave Park City if you can. I'll make you die while suffering!"

Mu Canghai suddenly couldn't say anything cruel and he couldn't attack her anymore. Facing such a woman, he still upheld the idea of ??not hitting women, as a half-grown man. Even though what this woman said was snarky and mean, he could only stare at her and couldn't do anything.

"Oh? It turns out you're a tomboy?" Yun Feng suddenly appeared on the side. Mu Canghai wasn't paying attention. He thought Yun Feng had always been standing there, but Mu Xiaojin blinked a few times.

"Xiao Feng..." She whispered. Mu Xiaojin was very confused. Why did Xiao Feng show up all of a sudden?

Yun Feng smiled at Mu Xiaojin and winked. She didn't know if Mu Xiaojin understood or not. Mu Xiaojin gave a sweet smile and didn't talk anymore. Yun Feng walked over and came to the person, who was kneeling with her head knocking on the ground at this moment. Seeing how embarrassed she was right now, there was coldness in Yun Feng's eyes.

“As a woman, you speak without any morals at all. You only deserve to be a tomboy.” Yun Feng said coldly. Mu Canghai couldn’t help but glance at Yun Feng. He had never thought Yun Feng would have such a sharp tongue!

“Bitch! Don’t be so nosy! Are you with them? Haha, kill me if you have the guts, or just wait!” Huangzu Yelian barely supported her body and her face was covered in dirt. She was smiling ferociously. This person’s mind had already been distorted severely. The blood flowing in her was also black vicious blood. There was no humanity in her anymore!

“Kill you? I’m afraid I’ll get my hands dirty.” Yun Feng laughed contemptuously. “Canghai, you don’t need to talk much to such a person, or you’ll lower your worth. Let’s go back.”

Mu Canghai nodded. In an argument, he wouldn’t be able to be at an advantage no matter how hard he tried, but Yun Feng was different. What she said hurt people like an invisible blade!

“Just wait! Just wait!” Huangzu Yelian, who was kneeling on the ground, shouted reluctantly. However, since her kneecaps had already broken, she could only kneel there embarrassedly and watched Yun Feng and the others leave.

The onlookers at the entrance of Park City automatically gave way. Many people looked at Yun Feng worriedly. Then, someone suddenly grabbed Yun Feng. “Young lady, you should leave Park City as soon as possible.”

Yun Feng and the others stopped. “Why?”

The speaker carefully glanced at Huangzu Yelian, who was kneeling nearby, and said softly, “Huangzu Yelian is the most arrogant one among the younger generation of the Huangzu family. The Royal Mercenary Group in the Mercenary Union is even under the command of the Huangzu family!”

The others also nodded one after another. “Right, I heard that it’s a two-star mercenary group!”

“Young lady, the three of you should go quickly!”

Yun Feng knew that these people only said this out of good intention, but what did she have to be scared of? A two-star mercenary group was nothing! How could they be compared to the Red Maple Mercenary Team? And this Huangzu family. She had never heard of such a family. They must have just risen in these three years. Otherwise, why didn’t she see this arrogant Huangzu Yelian three years ago? If the Murong family didn’t decline, how would they be able to climb up? Do they really think that they were truly invincible in the world and nobody could offend them just because they were the top family in this small Park City?

“Thank you for your concern. I’ve never heard of the Huangzu family and we won’t care about them.” Yun Feng smiled and said as she walked into Park City with Mu Xiaojin. Mu Canghai also followed them inside. Some people who spoke just then shook their heads and sighed directly.

“Ah, this young lady is a bit too arrogant...”

“Yeah, indeed. Why doesn’t she listen to other people? Fine, just let her be. When she suffers, she’ll know if we’re right or not.”

What these people said certainly went into Yun Feng's ears without missing a word. Yun Feng smiled. She really had nothing to be afraid of. As for now, even the Karan Royal Family couldn't make her yield, let alone the Huangzu family that abused their power in the small Park City.

It would be fine if the Huangzu family knew their limitations. Once they pissed her off, the Red Maple Mercenary Team might not be able to do anything, but how would the Yun Army of the Yun family let anyone provoke their Young Lady?

Yun Feng quickly put this episode behind her. The three of them walked on the street of Park City and also forgot about those few flies from earlier. Mu Xiaojin's face soon became ruddy again. "Xiao Feng, you haven't signed up yet, have you? Sign up quickly!"

Yun Feng nodded as Mu Xiaojin grabbed Yun Feng and ran towards the place for the registration for Masang School of Magic. Mu Canghai looked at his sister's delightful back as relief gradually appeared in his eyes. Xiaojin hadn't been so happy for a long time. Ever since what happened to their family, she barely smiled. And now, she was smiling so joyfully. This was truly wonderful...

Mu Canghai calmed his emotions and followed them. Coming to the registration counter set up by Masang School of Magic, there were still a dozen people in the registration queue. Yun Feng and Mu Xiaojin stood at the back hand-in-hand. The two of them whispered softly and laughed very happily from time to time, looking extremely delighted.

"Can you be quiet?" The girl in front of Yun Feng suddenly turned around and muttered a few words to Yun Feng in dissatisfaction. Mu Xiaojin quickly replied, "Sorry."

The girl glanced at Mu Xiaojin, then looked at Yun Feng. She turned around and mumbled, "Two bumpkins, like someone from the countryside going into the city."

Mu Xiaojin's face flushed. She bit her lips and didn't say anything else, standing next to Yun Feng quietly. Yun Feng looked at the teenage girl in front of her with coldness in her eyes. The girl was wearing luxurious clothes. It seemed that she was the daughter of a rich family. However, after what happened just then, it looked like she was the kind of arrogant person who had her nose in the air. Yun Feng didn't bother to waste her energy on such a person.. Since they were all going to Masang School of Magic, she would have a chance to get back at the girl.

Chapter 235: Acting Pretentious (5)

Mu Canghai also flushed on the side and was too shameful to say anything, looking a bit embarrassed. Mu Xiaojin immediately went silent, as if something unhappy came to her mind. The delightful atmosphere from earlier was completely destroyed by what the girl said.

People in the queue decreased slowly. It would be Yun Feng's turn after four to five people. Then, someone came out. Yun Feng looked up and she showed a smile. It was the Discipline Head she met three years ago, Mr. Ted.

Ted glanced over the line for registration. When he saw Yun Feng, his eyes suddenly brightened. His gloomy expression from the past few days also became clear abruptly. The teachers responsible for the registration were all shocked when they saw Ted's change. What did Mr. Ted see? How did his gloomy face change so quickly?

Ted turned around with a smile and went back, confusing this group of teachers. The girl in front of Yun Feng turned around abruptly and asked arrogantly, "Do you know who he is?"

Mu Xiaojin shook her head innocently, while Yun Feng was a bit speechless. Why did Xiaojin answer whenever someone asked her a question? Yun Feng remained silent so the girl thought she didn't know either. "Hm! Of course you don't know. He's the Discipline Head of Masang School of Magic, Mr. Ted!"

Mu Xiaojin's big eyes widened after hearing that, but Yun Feng's expression didn't change at all. "Hm! Forcing yourself to look calm will only make you look even worse!"

Yun Feng raised her black eyes and suddenly let out a cold gaze, looking directly at the pretentious girl in front of her. "Are you talking to me?"

The girl, who was still arrogant just then, immediately felt breathless. She grunted again and turned around, feeling a little flustered. What was wrong with that girl just now? That gaze inexplicably made her scared...

Mu Xiaojin squeezed Yun Feng's hand and Yun Feng smiled at Mu Xiaojin. It was still that gentle smile. Mu Xiaojin also gave Yun Feng a beaming smile.

Soon, it was the turn of that girl in front of Yun Feng. The first assessment was a test for elemental force. The girl gently put her hand on the crystal used for testing. After a while, the teacher who was responsible for the assessment suddenly shouted loudly, "You're a double-element mage of the water element and the earth element!"

This shout attracted everyone's attention. All the teachers responsible for the exam registration couldn't help but gaze over enviously. The teenage girl who took the test smiled gently as she turned around and smiled at Yun Feng provocatively. Yun Feng didn't even bother to look at her. A girl, who acted pretentiously in front of her again and again, would be treated pretentiously by her sooner or later.

The teenage girl couldn't help feeling frustrated when she saw that Yun Feng wasn't surprised at all. However, the expression of Mu Xiaojin next to Yun Feng somehow saved her shaky self-esteem.

"A double-element mage. Oh God! How many years has it been? There's finally a double-element mage! Mr. Ted, Mr. Ted!" the teacher who was responsible for the registration shouted. Ted slowly walked out. "Mr. Ted, she's a double-element mage. She's a rare genius!"

Ted couldn't help widening his eyes after hearing that. A double-element mage? This was great news for Masang School of Magic! It had been a few centuries since Masang School of Magic had a double-element mage!

Ted looked at the teenage girl in front of him carefully. There was a trace of inconcealable pride and arrogance on the girl's face, which was the kind of attribute that geniuses usually had. Ted glanced at the girl with a smile, then nodded gently and didn't say anything. The girl couldn't help feeling a bit shocked when she saw how calm Ted was. Logically, shouldn't he be delighted? He should be the same as these teachers!

"Miss Mi, you must work hard! As a double-element mage, you'll receive some good treatment!" The other teachers showed kindness and diligence to the girl. The girl smiled gently, pretending to be humble, which looked really fake. Ted's reaction disillusioned her slightly.

It was Yun Feng's turn. Ted's eyes suddenly brightened and he looked at Yun Feng with interest in his eyes. Yun Feng shook her head speechlessly. His passionate gaze would cause trouble for her.

As expected, the teenage girl glared at Yun Feng fiercely. Ted's yearning gaze should land on her. How could he look at such a bumpkin?

Yun Feng's clothes were very simple and the fabric was neither good nor bad, just the ordinary kind. She had no idea why this teenage girl would think that she was a bumpkin.

Yun Feng glanced at the girl's name with her black eyes. Mi Lingli, this name sounded pretty good, but the owner of this name was too arrogant and took herself too seriously.

Yun Feng slowly used her hand to cover the crystal, while Ted also stared at the crystal firmly. Colors gradually appeared inside the crystal and finally turned into a rich sky blue color.

Mu Canghai widened his eyes slightly after seeing that. The water element? Wasn't... Wasn't... Wasn't she an earth-element mage? Mu Xiaojin blinked and exclaimed in her mind when she saw the gorgeous blue inside the crystal. Great! She and Xiao Feng had the same element!

Ted was apparently a bit disappointed when he saw that and Mi Lingli on the side also grunted in disdain, as if she was blaming Ted for not paying much attention to her.

Yun Feng smiled and didn't say anything else. After the test, she held Mu Xiaojin's hand, then turned around and left. Mu Canghai also followed them.

Mi Lingli couldn't help feeling a bit enraged when she saw that. She should be in the limelight today. She should show off her strength in front of this Discipline Head. And yet, even though she got the attention, her limelight was inexplicably stolen for some reason. Mi Lingli also turned around and left furiously. She didn't have to be anxious. There was still the admission exam to be held the day after tomorrow. She would be the top student no matter what. This was what made her worthy of the identity as a double-element mage!

"Mr. Ted, do you think the Vice Principal will be happy this time? We have a double-element mage!" After the registration ended, the teachers walked over and said with an excited look.

Ted smiled. He turned around and left without saying anything. He was in fact very confused. That kid shouldn't be like this. He was never wrong about someone. Was she really just a single-element mage? Or did this kid hide her strength again?

Seeing Ted walk inside without saying a word, the teacher who spoke couldn't help but feel shocked. What was wrong with Mr. Ted? He hadn't been looking well ever since he came to Park City and his temper had been a bit fiery as well. At that moment earlier, he suddenly looked bright again. He didn't even blink and wasn't excited at all when he saw the double-element mage, and now, he even frowned slightly?

The teacher who spoke had no idea what was going on. Perhaps a double-element mage wasn't valuable in the eyes of Mr. Ted?

Yun Feng held Mu Xiaojin's hand and returned to the hotel where they stayed. When the three of them went into the room, Mu Canghai stared at Yun Feng firmly. Yun Feng smiled. "Why are you staring at me?"

Mu Canghai looked at her for a while and said softly, "You're a double-element mage."

Yun Feng smiled gently and didn't answer him. Double-element? No, she wasn't a double-element mage, but if he thought so, just consider that she was. Mu Xiaojin dragged her brother to the side and used the healing power of the water element to treat the bruises on Mu Canghai's face slowly. Mu Canghai couldn't help asking when he saw that Yun Feng didn't deny, "Why didn't you show your strength?"

Yun Feng's lips curved up and she smiled. "I'll let other people play to the gallery. I won't bother."

Thinking of the extremely arrogant Mi Lingli, Mu Canghai suddenly laughed. Laying low like this matched Yun Feng's personality. It really wasn't like her to be so high-profile.

Yun Feng wouldn't always keep a low profile. When she should lay low, she would never be high-profile, and when she should be high-profile, nobody could make her lay low!

"Xiao Feng, you must take first place in the exam the day after tomorrow!" Mu Xiaojin turned around and said to Yun Feng. Yun Feng nodded. Mi Lingli's arrogant look was truly annoying. She must want to show off during the exam as well. Mu Canghai immediately said after hearing that, "You don't have to hold back. Just steal that girl's limelight fiercely!"

There was a smile deep in Yun Feng's black eyes. "Alright, I must steal her limelight!"

Park City welcomed another admission exam of Masang School of Magic in an era that could be considered prosperous. People in Park City were excited about this exam every year and they hoped that a mage or two that could make Park City proud would be born here.

Early in the morning of the exam, many residents in Park City flooded to the central square of Park City like they did every year. The crowd that appeared every year appeared once again and more and more people were looking forward to the start of the exam this year.

Yun Feng, Mu Canghai and Mu Xiaojin had arrived at the exam venue very early. Yun Feng still hadn't had enough sleep, but Mu Xiaojin woke her up and said she wanted to come earlier. Yun Feng couldn't reject her, so the three of them came over early in the morning. When they arrived here, there were only several other candidates.

They were all very calm. Yun Feng looked at the few candidates waiting at the registry. Together with the three of them, there were only a total of five or six candidates. The others still hadn't shown up yet. Since they were here already, they registered their names first. The teachers responsible for grading were all smiling beamingly, as if they were very happy. Yun Feng thought that it must be because of that double-element mage. The appearance of a double-element mage was enough to make these teachers delighted for a few years.

The three of them stood there and gazed at the huge crowd outside. Mu Xiaojin's big eyes were glittering as she looked outside curiously while holding Yun Feng's hand. "Xiao Feng, there are a lot of people..."

Yun Feng smiled. Thinking of the scene when she came with her brother for the exam three years ago, there were also a lot of people and things were also this noisy. Park City's enthusiasm for the admission exam of Masang School of Magic didn't seem to reduce at all every year, but rose higher instead. There seemed to be even more onlookers this year, compared to three years ago.

Three years ago, her brother was a candidate for the exam. Three years later, she turned from an audience to a participant. Yun Feng smiled and looked at the people that were causing a commotion outside. They were all talking loudly about what sleepers would rise and who would get the first place in the exam this year. Yun Feng didn't know how the news leaked out, but they even knew that there was a double-element mage.

"Park City is going to win glory this year. A double-element mage! Have you heard?"

"You think we're bumpkins who have no common sense? This double-element mage has gained a lot of face for Park City!"

"The top student this year will definitely be this double-element mage!"

"Wait, have you heard about it? Yun Feng from the Yun family is also participating in the admission exam!"

"What did you say? That Yun family?"

"Yes! Who do you think will be the top student this year? Even though a double-element mage is very rare and impressive, the girl from the Yun family is also something!"

A group of people discussed loudly. The topic of discussion was basically around the double-element mage and Yun Feng. Eventually, everyone was talking about only one topic. Which one of them would get first place in the admission exam this time?

Even though Yun Feng was very far from the crowd, she heard all the discussions between these people and she couldn't help smiling speechlessly. If it weren't that she had to take that pretentious girl down a peg, she wouldn't be interested in the first place of the admission exam this time.

What was the use of this bubble reputation? Her real strength determined everything. This extra thing was only icing on the cake. She wouldn't suffer any losses no matter if she had it or not.

"Xiao Feng, what are they talking about? A few of them even started arguing." Mu Xiaojin looked over with her huge eyes. With her level-4 strength, she couldn't hear what these people were talking about. Yun Feng smiled. "They're talking about what they should eat this morning."

Mu Canghai glanced at Yun Feng, while Mu Xiaojin blinked her big eyes. Yun Feng didn't say anything either. The candidates arrived one after another gradually. The time for the exam was getting closer and the few teachers from the school, who were going to supervise the exam, had already arrived. Ted was also here. When he saw Yun Feng, he couldn't help but smile at her gently.. There was a deeper meaning in this smile: Kid, don't let me down.

Chapter 237: What Is So Special About a Double-Element Mage (1)

Yun Feng also smiled slightly at Ted. Ted then walked into the exam venue joyfully after seeing that and started setting up. Almost all of the candidates had arrived. Yun Feng looked at the people waiting here.

Apart from the dozens of candidates, there were only people who came with them. That pretentious double-element mage still hadn't come yet.

The teacher at the registry couldn't help but become a bit anxious and started whispering to the few teachers from Masang School of Magic. All of them seemed nervous. At this moment, a person walked over slowly, looking like she wasn't in a hurry at all. Even though she was the last one to arrive, even though the registration time was almost over, she still looked calm. She looked at people with unfounded arrogance in her eyes.

Those candidates around were also envious of her identity. They all gazed at her with envy and jealousy in their eyes. Mi Lingli enjoyed it very much. When she saw Yun Feng and the others, the corners of her mouth curved up in disdain.

"They indeed have no experience in life. Hm!"

After saying this softly, Mi Lingli walked to the registry. The few teachers couldn't help but feel relieved after seeing her. "You're finally here. It's great that you came. It's great that you came."

"Haha, Miss Mi, write down your name quickly."

Mi Lingli smiled and wrote down her name. The few people behind her, who seemed like her lackeys, also looked complacent, making people feel unpleasant.

The registration time had already passed after Mi Lingli wrote down her name. According to the rules, she should be excluded from the exam. However, due to her special identity as a double-element mage, the teachers of Masang School of Magic gave her special privileges secretly.

Yun Feng felt contempt for the fairness and justice that Masang School of Magic claimed to uphold when she saw this. This so-called fairness also varied from person to person!

After completing the registration, Mi Lingli walked towards Yun Feng. The crowd automatically gave way to her, which made Mi Lingli feel like she was a superior queen, looking insufferably arrogant.

Everyone looked at Yun Feng and the others curiously. Even blind people could see that these two people were enemies. They had already had grudges against each other before being accepted to the school. This was truly a good show to watch.

"Bumpkin, did you wake up early in the morning?" Mi Lingli asked Yun Feng with a smile. The few people next to her also chuckled.

Yun Feng glanced at Mi Lingli impatiently. She was thinking if this woman had nothing else to do. Why did she like provoking people around? Would she die if she didn't anger people?

"Mi Lingli, just get your bullshit off your chest." Yun Feng made a coarse remark. It was useless to be polite with such a person. So, she would rather act vulgar. She would just let Mi Lingli despise her completely!

Mi Lingli's face flushed. She wanted to say something right away, but held back again abruptly. "It's your honor that our Young Lady talks to you, bumpkin!" A person next to Mi Lingli said as she glared at Yun Feng.

"You cats and dogs, stop barking. I only understand human languages." Yun Feng didn't even look at them and she directly ignored them. These people immediately flushed out of anger. "Bumpkin, you want to die, do you? Our Young Lady is a double-element mage. What are you? If you piss our Young Lady off, you'll suffer in the future!"

"Xiao Feng isn't a bumpkin!" Mu Xiaojin shouted loudly as she widened her huge eyes and held Yun Feng's hand firmly. She was so enraged that her little face flushed.

"You bitch, it's not your place to speak!" Someone yelled loudly. Yun Feng's face immediately turned cold and she glanced over with her black eyes. The person who spoke felt cold and subconsciously shivered as her legs suddenly took a step back uncontrollably.

"Alright, don't talk nonsense with them. They only know how to talk a good game." Mi Lingli gave Yun Feng and Mu Xiaojin an unusually arrogant gaze, like a peacock. Mu Canghai stood on the side and smiled coldly.

"I wonder who's so shameless to talk so glibly."

Mi Lingli immediately glared at Mu Canghai and Yun Feng also glanced at him curiously. She couldn't see that this boy had quite an extraordinarily sharp tongue as well!

"Say that again if you have the guts!" The person next to Mi Lingli yelled again furiously. Mu Canghai gave a beaming smile. "If you want to hear it, I'll say it again! I wonder who's so shameless to talk so glibly."

The person next to Mi Lingli wanted to start a fight, but Mi Lingli also knew what kind of an occasion they were in right now. How could she let this person run wild? She immediately stopped her lackey and grunted coldly, "If you're capable enough, fight with me for the first place. Whoever loses will have to slap her own mouth!"

The corners of Yun Feng's mouth raised slowly. What was that saying? You're digging your own grave! "Xiao Feng won't lose to you!" Mu Xiaojin said again as she smiled at Yun Feng. Mu Canghai also nodded. "The loser has to slap her own mouth. That's truly a good idea."

When Mi Lingli saw that the three of them weren't afraid at all, she couldn't help but fly into rage. However, she had to maintain her graceful, elegant manners and demeanor. After all, she was a double-element mage. So many pairs of eyes were watching her. How could she act the same as these vulgar people?

In the end, Mi Lingli didn't even say a word and left with a sullen expression. She said so many things, but didn't take the slightest advantage. She was indeed a bit enraged when she thought about it. The confrontation between the two of them made the onlookers enthusiastic. There were endless heated discussions and everyone was stirred.

"Did you see that? The two people who had a conflict just then are that double-element mage and Yun Feng from the Yun family!"

"Huh? That girl, who's as arrogant as a peacock, is the double-element mage?"

“Oh, it seems that the girl from the Yun family is much better. After all, that double-element mage is the one who took the initiative to pick a fight.”

“What do you know about it? She’s a double-element mage. They have the right to be arrogant!”

Chapter 238: What Is So Special About a Double-Element Mage (2)

“You’re right. She indeed has the right to be arrogant...”

The sound of discussion came into Yun Feng’s ears clearly again. Yun Feng only smiled. She had already discovered Mi Lingli’s strength a long time ago. It was definitely impossible for her to get the first place, no matter how hard she tried!

Ted had finished setting up the exam venue. Yun Feng glanced over with her black eyes. Even though Mr. Ted’s strength hadn’t improved significantly in the last three years, it had become much stabler and the transparent level-6 magic shield was also stronger.

After Ted came out, the candidates flooded into the prepared exam venue one after another. However, Yun Feng and the others weren’t in a hurry. They followed behind slowly. The pretentious Mi Lingli had already entered. The group of lackeys behind her were all smiling flatteringly. “Our Young Lady will definitely get first place!”

“That’s right. It really won’t make sense if my Lady doesn’t get first place!”

Mi Lingli’s face, which looked a bit sullen earlier because of Yun Feng, was also relieved a bit. She gazed in Yun Feng’s direction with endless provocation in her black eyes, then finally raised her chin and walked inside arrogantly.

“It’ll definitely be fine,” Mu Canghai said to Mu Xiaojin. Mu Xiaojin nodded. If she was alone, she might be a bit nervous, but with Yun Feng here right now, Mu Xiaojin didn’t seem nervous at all.

“Yun Feng, you must get first place. I’m waiting to see that girl slap her own mouth!” Mu Canghai whispered and couldn’t help chuckling. Yun Feng nodded. She would definitely not miss this good show either!

“Xiao Feng will surely be fine! Don’t worry, Brother!” Mu Xiaojin said happily. She held Yun Feng’s hand and walked inside. Mu Canghai looked at the two of them from outside and felt gratified in his heart, especially when he saw how delighted his sister was.

Mu Canghai turned around and saw the group of people who were following Mi Lingli earlier. These people immediately flinched and took a few steps back when they saw Mu Canghai’s eyes. Mu Canghai was now at level 5, while these people were just ordinary people who had no strength at all! They were arrogant just because of Mi Lingli’s identity as a double-element mage. However, Mi Lingli was now inside for the exam, so they became fearful and dared not say even half a word.

Mu Canghai grunted coldly as he looked over. A group of people who bullied others with the power of another person!

The candidates had already entered the exam venue. Yun Feng stood in front of her table and saw that the testing stones on the table were of level 1 to level 4. Mu Xiaojin wasn’t far from her. What Yun Feng

didn't expect was that the pretentious Mi Lingli was right next to her. The positions of the two of them were adjacent.

Mi Lingli grunted gently with a look of disgust, but Yun Feng didn't bother to even glance at her. She sensed the stones on Mu Xiaojin's table with her mental strength. They hadn't been touched by anyone. She didn't care about other people, as long as Mu Xiaojin's stones were normal and the situation her brother encountered back then didn't happen.

Speaking of which, if someone swapped the stones again, there would only be one way to describe it, a wild goose chase. With Yun Feng here, unless they offered a magic stone of the early stage of the Commander Level or above, or it would still be a wild goose chase!

Being able to reach the Commander Level at this age, Yun Feng was already a genius among geniuses. Nobody would believe that she would have such an achievement. Once she showed all of her trump cards, such a genius who showed up out of nowhere would either be praised to the sky or be hunted down until she died.

The arrangement of having Yun Feng and Mi Lingli next to each other also made the crowd watching the exam excited. The two candidates that people thought could get the first place in the admission exam this year happened to be arranged together! How exciting was this? Enemies were bound to meet. They indeed bumped into each other!

People had no idea if the teachers from Masang School of Magic did this deliberately to create a bigger gimmick. Yun Feng didn't bother to think about it either. It was good that she was next to this pretentious girl. It would be a bit more convenient then.

Ted went forward and announced the exam rules of Masang to the audience loudly with a long speech, the same as before. Unlike the past years, the audience who came to watch the exam today seemed like they couldn't wait anymore. Before Ted finished talking, the crowd around had already caused a commotion.

A smile appeared in Ted's eyes when he saw that. His intention was to create such an atmosphere, an anxious mood that made people unable to wait! Ted also listened to the wishes of the crowd and finished explaining the rules briefly with several sentences. Following Ted's announcement, the admission exam this year, which made people even more enthusiastic than the past, began!

"Which one of them do you think will be the champion this year, the double-element mage or Yun Feng from the Yun family?"

"Let's bet! I bet the double-element mage wins!"

"I bet Yun Feng from the Yun family wins!"

The audience around started betting excitedly. Ted looked at these delighted people a bit speechlessly as his gaze landed on Mi Lingli and Yun Feng standing together. These two kids were the pride of Masang School of Magic. No matter which one it was, one of them would definitely shine in the admission exam today and become famous in Park City!

The other students had already started right after Mr. Ted's announcement. However, Yun Feng and Mi Lingli weren't anxious at all. Mi Lingli slightly gazed to the side and glanced at Yun Feng, while Yun Feng directly smiled gently at her. "Don't forget that whoever loses will have to slap her own mouth."

Mi Lingli widened her eyes. "Hm! Bumpkin, it turns out that you want to slap your own mouth. Do you want to thank me for fulfilling your wish?"

Yun Feng curled up her lips and smiled with coldness in her black eyes. "You really talk a lot of nonsense." Yun Feng stopped looking at Mi Lingli as she lifted the level-1 stone easily with her mental strength. Mi Lingli grunted in disdain when she saw that and she also lifted the level-1 stone successfully.

Yun Feng smiled and didn't rush to make any move. Mi Lingli also refused to yield an inch when she saw that and lifted the level-2 stone right away, gazing at Yun Feng provocatively. Yun Feng also lifted the level-2 stone.

The two of them lifted the stones one after another and started competing. Mu Xiaojin was very happy while watching on the side. In fact, she had already passed after lifting the level-1 stone successfully. During the last few days with Yun Feng, Mu Xiaojin also learnt to be low-profile. After lifting the level-1 stone successfully, she didn't do anything anymore, and instead focused on watching Yun Feng and Mi Lingli.

Chapter 239: What Is So Special About a Double-Element Mage (3)

Many candidates in the exam venue had already reached their limits. Without anyone noticing, most people were already focusing on these two girls, whether it was the audience outside, the students taking the exam or the few teachers from Masang School of Magic!

"Teachers, what do you think?" Ted came over and looked at the two competing candidates with a smile in his eyes. The other few teachers smiled and looked a bit confused.

"Miss Mi, who's a double-element mage, is at around level 4, but the girl from the Yun family..."

"You can't detect her strength, can you?" Ted said indifferently. The other teachers all nodded. They were all at level 5. If they couldn't detect Yun Feng's strength, did it mean that she had already surpassed them?

"These two girls are the new stars of Masang School of Magic this year." A teacher exclaimed. Either one of them could be named a genius. Mi Lingli was a rare double-element mage, while Yun Feng was an impressive talent to have such strength at this age!

Ted smiled and didn't say anything.. He only stared at Yun Feng with his black eyes, which were full of exploration and anticipation deep inside. Kid, it's been three years. How much has your strength grown? I'm really looking forward to it...

All eyes were on Yun Feng and Mi Lingli. The two of them had already lifted the level-3 stone successfully right now. Mi Lingli looked at Yun Feng with a smile and used her mental strength to lift the level-4 stone slowly!

There was a sudden burst of enthusiastic cheers from the crowd. A level-4 double-element mage! Hearing people's cheers, Mi Lingli turned her head slightly. "Bumpkin, it's not too late to admit defeat right now."

Yun Feng looked down slightly and chuckled. Admit defeat? This phrase hasn't been in her dictionary so far! She used her mental strength to envelop the level-4 stone gently and lifted it up without putting any effort. Even more enthusiastic cheers burst out of the crowd again!

"Yun Feng, bravo!"

Mu Canghai, watching from outside, also smiled gently. He knew in his heart that level 4 was far from reaching Yun Feng's standard. After all, she was a person who could deal with a group of Lion-Tailed Baboons alone!

Mi Lingli's expression changed after seeing Yun Feng lift the level-4 stone successfully! She had reached level 4? Mi Lingli bit her lips. No, she must get first place no matter what!

There were only stones of level 1 to level 4 in the admission exam, but the two of them tied right now. According to the rules in past years, they would be the top students together. However, this year was destined to be different from the past. Who was going to win? There must be only one person in first place!

"Mr. Ted!" Mi Lingli yelled loudly.

This shout immediately attracted everyone's attention. The two of them tied. What else did she want?

The candidates all looked at Mi Lingli curiously as Ted walked over. "Miss Mi, what's wrong?"

Mi Lingli smiled. "Mr. Ted, even though the first place can be shared, I have a strong self-esteem. I don't like being the first with other people. It's either me or her!"

After hearing that, Ted asked Yun Feng on the side with a smile. In fact, he also agreed in his mind! Done after lifting the level-4 stone? How boring was that?

"Yun Feng, what do you think?"

Yun Feng smiled. "Whatever."

Ted smiled even happier. Yun Feng looked at Ted's smile as a thought flashed through her mind. Even if she refused, Ted wouldn't let her go easily.

Ted waved as the four stones that both of them lifted in the air went into his hand. Ted waved again and four other stones were put on the table. Yun Feng sensed that these four stones all had level-5 energy, but they corresponded to the early stage, mid-stage, final stage and peak stage respectively.

Yun Feng raised the corners of her mouth. As expected, Ted had already prepared everything... No wonder...

Ted faced the crowd around and said with a smile on his face, "Mi Lingli and Yun Feng are both students that Masang School of Magic is very proud of this year. Both of them are outstanding and have strong

self-esteem. They certainly have to finish the competition. So, I decided to increase the difficulty for them and continue the exam!”

What Ted said caused another wave of crazier discussions. People only thought that the admission exam this year made them even more excited than the ones before and they couldn't calm their emotions!

Apart from having these two geniuses, the difficulty of the exam was also increased right now! This should be the first time the exam difficulty of the admission exam of Masang School of Magic had been increased!

The few magic teachers were a bit dumbfounded. They looked at Ted's smug smile. “Mr. Ted, this...” Do you want them to finish the fight?

Ted smiled. “Don't you want to know which one of them is stronger?”

The few teachers blushed a little after hearing that. As teachers, their enthusiasm was aroused by these two kids who still hadn't been admitted yet. This was truly a bit...

The other candidates had already completed their exam. Only Yun Feng and Mi Lingli were having an additional test. The two of them continued competing for the first place of the admission exam this year. Who would win the crown?

Mi Lingli looked at the four stones in front of her and smiled complacently. She slowly lifted the stone of the early stage of level 5 with her mental strength. The few magic teachers couldn't help but exclaim, “It turns out that she has hidden her strength!”

Mi Lingli looked at Yun Feng. “Bumpkin, continue! Come on!”

Yun Feng smiled and she still took no effort to use her mental strength. This level-5 stone was only a normal stone for Yun Feng. It wouldn't cause any burden for her.

Mi Lingli gritted her teeth after seeing that. “Didn't know you were quite impressive.” Mi Lingli focused again and wrapped her mental strength around the stone of the mid-stage of level 5 slowly. She looked serious. The stone of the mid-stage of level 5 was successfully lifted!

Cheers burst out of the crowd. A mid-level 5 double-element mage! This was a greater surprise than the one before! Mi Lingli turned her head slightly. “Bumpkin, carry on.”

Chapter 240: What Is So Special About a Double-Element Mage (4)

Yun Feng raised the corners of her mouth and glanced at the stone of mid-level 5 very indifferently as she lifted it up effortlessly as well. The audience around was truly thrilled when they saw that!

The cheers were even louder than before. The battle between two geniuses made the audience extremely excited. They could no longer predict who would be the champion anymore right now!

“Alright, you got balls!” Mi Lingli gritted her teeth and blurted out. Yun Feng only glanced at her indifferently. Mi Lingli closed her eyes again as the stone of the final stage of level 5 slowly floated, stopping in front of Mi Lingli steadily in the end!

The final stage of level 5!

“She has already reached the final stage of level 5?” The few magic teachers mumbled with more joy in their eyes, looking like the audiences who were watching the show. Excitement was truly difficult to control! The jaws of the other candidates watching the battle between the two of them in the exam venue also dropped!

Let alone being a double-element mage, her strength had also reached the final stage of level 5! Many envious, jealous and resentful eyes instantly gazed at Mi Lingli, while Mu Xiaojin looked at Yun Feng with a smile. In her heart, Yun Feng would definitely get first place no matter how strong Mi Lingli was!

Mi Lingli glanced over with a provocative and sarcastic gaze. Bumpkin, I don’t believe that you can lift the stone of the final stage of level 5! However, Yun Feng was destined to let Mi Lingli down!

The stone of the final stage of level 5 slowly stopped before Yun Feng in front of everyone’s extremely surprised looks. It was so stable without stopping at all. Yun Feng also lifted the stone of the final stage of level 5 successfully!

The smile in Mu Xiaojin’s eyes became deeper, while Mu Canghai also had a beaming smile on his face. Mu Xiaojin’s face immediately turned pale. How was that possible? She lifted the stone of the final stage of level 5!

“Bumpkin, did you play any tricks?” Mi Lingli gritted her teeth and said. Yun Feng only answered her coldly, “Pretentious girl, when exactly are you going to cut the crap?”

Mi Lingli’s face turned green and pale. She thought carefully about what tricks she could play under the supervision of so many mages. Was Yun Feng’s strength truly at the same level as hers? She couldn’t believe it!

Mi Lingli gritted her teeth and stared at Yun Feng like her black eyes were burning. Yun Feng was still smiling calmly. Comparing the manners of the two of them, Yun Feng had the kind of real elegance that belonged to geniuses. On the contrary, Mi Lingli was too petty. Using her own words, she herself was at the level of a bumpkin.

Mi Lingli closed her eyes again as her mental strength slowly explored the stone of the peak of level 5. She originally thought that she would be able to humiliate the bumpkin after reaching the mid-level 5. Unexpectedly, she had underestimated her! And yet, it didn’t matter. Her real strength was at the peak of level 5! She didn’t believe that this bumpkin could surpass her!

When the stone of the peak of level 5 slowly stopped in front of Mi Lingli, even Ted couldn’t help feeling shocked. He had never thought that this double-element mage had already reached the peak stage of level 5. The thing was, he was only at the peak of level 6 at this age!

With the identity as a double-element mage and having such an astonishing level at this age, these glorious things of Mi Lingli were indeed amazing, despite all of her hateful factors!

Mi Lingli listened to the crazy cheers of the crowd around as she felt the envy that burst out of their eyes and the gasping sound that came from the candidates next to her. She smiled. She smiled very proudly and very arrogantly.

Mi Lingli slowly turned around. Before she spoke complacently, before this complacent smile lasted longer, the scene in front of her made her arrogance freeze completely on her face!

There was a small smile at the corners of Yun Feng's mouth. The stone of the peak stage of level 5 slowly floated in front of her. Mi Lingli widened her black eyes abruptly and watched the scene before her in disbelief. Everyone was completely stunned at this moment!

Ted couldn't help but swallow as well. For some reason, Yun Feng was like a bottomless pit to him. How powerful exactly was this kid? This test probably wouldn't be able to find the limit!

The crowd was stirred, truly stirred. The battle with four level-5 stones still hadn't got a result. Both of them successfully lifted all four stones. Two geniuses at the peak of level 5! This exam was fucking exciting!

Mu Xiaojin couldn't help but shout with a deep voice, "Xiao Feng, good job!" The other candidates only felt completely breathless. The faces of some kids, who thought they were talented, darkened at this moment. What were they in front of these two people?

However, things hadn't ended yet. The two of them are still tied right now. The exam had to continue!

Mi Lingli gritted her teeth in her mind. She knew the level of her strength clearly. The peak of level 5 was already her limit! However, Yun Feng successfully lifted the stone up like she did. The two of them were comparably strong!

Yun Feng smiled and looked at Mi Lingli with her black eyes. "Pretentious girl, do you still want to increase the difficulty?"

She said this casually, but it made Mi Lingli so furious that she gritted her teeth! Her face flushed. What else could she say? If she pushed herself too hard and continued increasing the difficulty, she wouldn't be able to lift the level-6 stone at all. Wouldn't she be laughed at by everyone else by then? She originally thought that she could shine and steal the limelight during the admission exam. And yet, this bumpkin who came out of nowhere took the advantage!

"If you don't increase the difficulty, I'll not wait for you." Yun Feng's voice came again. Mi Lingli only felt like she was so enraged that her lungs almost exploded!

"Bumpkin, I don't believe that you can have reached level 6!" Mi Lingli was also betting right now. She had always thought that Yun Feng was actually pretending to be calm. She had always thought that Yun Feng had already reached her limit after lifting the stone of the peak of level 5 successfully. She had always thought that Yun Feng was only doing something beyond her abilities to look impressive.

"Haha, don't forget that whoever loses will have to slap her own mouth," Yun Feng said as she suddenly turned around and looked at Ted, who was already a bit shocked. "Mr. Ted, have you prepared a level-6 stone?"
