

## Summoner 261

### Chapter 261: Have a Fight First (1)

"Indeed. I'm so hungry," the student who was on the same bat added, and touched his belly. Nobody expected the flight to take so long, so they didn't prepare any food. That was a lapse in judgment.

Yun Feng wasn't too hungry. She didn't need food or water as badly as ordinary people did. Her body wouldn't be affected at all by not eating food. Hearing the complaints, Mi Lingli put on a gloating smile and took out a piece of bread. The students on nearby bats all exclaimed, "Storage container!"

Mi Lingli smiled cockily. "What about my storage container? You've never seen one?" After that, she ate the bread proudly, as if she was trying to anger them. The students on nearby bats were all angry at seeing that. While Yun Feng just shook her head helplessly. "How childish."

Hearing Yun Feng's whisper, Mi Lingli snapped, "What did you say?"

Yun Feng slowly turned her head and glanced at Mi Lingli. "You heard me. Do you want me to repeat myself?"

"You..." Mi Lingli squeezed her bread hard, and the nearby students couldn't help but laugh. She snorted and continued chewing her bread. The hungry students were even hungrier at watching her eat.

"Please hang in there, guys. We're arriving." Ted's voice excited the students. They were arriving? Fantastic!

After Ted said that, the bats seemed to be crossing a certain barrier. Yun Feng detected the obvious waves in the air, which indicated the presence of a barrier. Then, she saw a dark forest, and a tower that had a pointy top at the other end of the forest.

"Teachers, be careful!" Ted suddenly roared, making all the students nervous. At this moment, the bats were flying above the dark forest. The students were all frightened as they looked down at the forest, as if it were a huge mouth that would swallow them instantly.

Yun Feng narrowed her black eyes, and keenly detected a few immeasurable beings inside the forest! When the bats crossed the forest, there was obviously a riot in the forest. Ted and the other teachers were serious and releasing their mental strength, ready to fight!

Yun Feng's Commander Level aura pushed towards the forest down below and fell on top of the forest like a thick cover. The creatures that were seething a moment earlier all lost their momentum!

The bats kept flying, and soon came to the edge of the forest. Ted and the teachers were rather baffled, but didn't dare to relax at all. It was not until the bats safely crossed the forest that Ted mumbled in confusion, "What happened? This forest is unusually peaceful this time."

Yun Feng unhurriedly withdrew her mental strength and stood on the bat's back casually. The other students were relieved to see that nothing happened. Mi Lingli snorted and said, "Humph. Nothing happened! Did someone frighten them?"

The students on nearby bats all turned their eyes, but they were looking at Yun Feng instead of Mi Lingli. Mi Lingli was quite embarrassed. "Why are you looking at her? I was talking about Mr. Ted, not her!"

Although the students didn't think it was Yun Feng, they all looked at her. Yun Feng smiled, but didn't say anything. She simply kept the forest in her mind. There were Magic Beasts that were as strong as herself in the forest!

The bats that crossed the forest raised a heated discussion somewhere in the forest. "Brother, are you sure that the aura just now was Commander Level?"

A middle-aged man sat gloomily and considered for a long time, before he nodded, "Yes. The aura is Commander Level, just as mine."

"Has any mages in the Masang School of Magic reached the Commander Level?" asked a young man in confusion. The middle-aged man shook his head and replied, "Unlikely... It's possible that they've admitted a genius student."

"What? Another genius? They're causing too much trouble for us!" cried the young man, who felt like crying. The middle-aged man was rather amused too. "You think I want this? One genius was more than enough. If another genius is coming, I'll have to die!"

"Big brother, our life won't be easy at all. Why don't we move?" The young man made a proposal to relocate, and the middle-aged man snapped, "I would've moved if I could, but we can't, can we?"

The young man heaved a sigh with great regret, and so did the middle-aged man. They had already been tortured by one genius for years. If a new genius came, the life of the Magic Beasts such as them would be even more miserable!

\*\*\*

The bats finally landed. Yun Feng jumped off of the bat's back, and saw a pointy tower standing in front of her. There were also some other buildings around the tower. They were probably the Masang School of Magic's facilities, but they were not nearly as eye-catching as the tower.

Mu Xiaojin walked to Yun Feng, whereas Mi Lingli kept a distance from her as if she were a plague bringer. Yun Feng wasn't bothered at all. The other students all got off their bats, and found that they weren't the only new students here. There were a bunch of other people who were waiting and didn't seem very friendly. One of them, who was a tall guy, opened his mouth and said, "People from small places are always burdens! Do you have any idea how much time we've wasted because we had to wait for you?"

None of the students who had come from Park City were glad to hear that. Ted smiled and said to the other teachers who had been waiting for him. "It's true that we're late." Those teachers smiled too, and gathered the students.

There were altogether a hundred students. The Masang School of Magic had five admission offices in the Karan Empire, and each office had admitted twenty students, numbering up to a hundred students in total. Still, it was not nearly as big as the number of students that the School of God of War admitted in one place.

## **Chapter 262: Have a Fight First (2)**

“We’ve probably admitted more students this year than we ever did,” said Ted with a smile. “Alright, dear students, you’ll be official students of the Masang School of Magic from today on. As students of the Masang School of Magic, you must obey the school rules. Don’t blame me for mercilessly expelling you if you violate the rules!”

What Ted said made the students rather uneasy. It was very hard to be admitted by the Masang School of Magic, but one could always apply for another test if one wasn’t admitted. However, if one was expelled, it would be impossible to return.

“The best student of each place, please step forward,” declared one of the teachers. Hearing that, Yun Feng stepped forward, and so did another four students. They all looked at each other competitively, not planning to admit that the others were stronger.

Mi Lingli stood in the crowd, gnashing her teeth and staring at Yun Feng’s back. She was supposed to be the best student. She was!

The teachers observed the five students and nodded in satisfaction. “Other students may leave with the teachers, but these five students will stay.”

Yun Feng smiled at Mu Xiaojin, and mouthed to her that she would go find her later. Mu Xiaojin nodded and left with the teachers. The five students who were asked to stay secretly observed each other. Yun Feng didn’t observe anyone. She simply stood aside and let others examine her.

At this moment, Ted came close and said with a smile, “I’ve seen your grades. Yun Feng is the most distinguished one. She’s already a level-6 mage. Even more astonishingly, she’s a double-element mage!”

The other four students all looked at Yun Feng, and she smiled and didn’t say anything. The tall guy, who had spoken earlier, was one of the five best students, and remarked, “While double-element mages are rare, not all of them make great achievements. Single-element mages are much more likely to become successful.”

The other three students nodded. Yun Feng smiled again, and remained silent. Seeing that, Ted chuckled and opened his mouth again, “Dear students, as the best students from your place, you have privileges in the Masang School of Magic. Keep them.”

Ted took out a few crystal ores, which surprised the students and made them breathe heavily. Yun Feng pretended to be shocked too. She didn’t want to appear too special.

“This mid-level ore is our reward for the best students. Keep it.” Ted handed over the mid-level ores to them. The other four students all seemed passionate when they accepted the ores. Yun Feng weighed hers in her hand, and found that it was of quite a high quality. The Masang School of Magic was truly generous to the best students.

“Okay. I hope that you’ll all have distinguished performances. I think very highly of you!” Ted encouraged them with a smile, and Yun Feng sighed in her heart. It was just a mid-level ore, but never mind. It was better than nothing.

After giving the gifts away, Ted led the five students away. The other students were discussing something together, and Yun Feng didn’t interject. She simply observed the Masang School of Magic

quietly. It had all the necessary infrastructures, and had obviously existed for a long time. When Yun Feng saw the pointy tower, she couldn't help but ask, "Mr. Ted, what's that tower for?"

Ted chuckled. "You'll know the answer sooner or later. Go eat something right now. This is your dormitory badge. Keep it."

Accepting her dormitory badge, Yun Feng was dazed. So, they had been assigned to a dormitory? She had planned to live together with Mu Xiaojin, but it didn't seem likely now. Yun Feng wasn't hungry, so she simply went to the dormitory building. On the first floor, she saw a huge poster on the wall, on which the floors and room numbers of the hundred new students were listed.

Yun Feng searched and soon found Mu Xiaojin's floor and room number. Mu Xiaojin was on the third floor, whereas she was on the fifth. They were rather far away. She didn't know if Mu Xiaojin had returned, but she decided to visit her.

The dormitory was like an ancient castle and contained many floors. Yun Feng had met a lot of people by the time she reached the third floor. There were mages everywhere of different classes and strengths. The strongest of them was a level 7 one, but he seemed to be an old student. The others were mostly level 3 and level 4. Yun Feng met dozens of them. None of them majored in light or darkness. As she expected, the two elements were very special, and few mages had mastered them even in the Masang School of Magic that had plenty of mages.

Yun Feng came to the third floor and knocked. Soon, someone answered the door and asked Yun Feng politely, "Who are you looking for?"

"Is Mu Xiaojin inside?"

The person who answered the door thought for a moment and opened the door. "Yes. Come on in."

Yun Feng nodded. The person who answered the door was a level 4 mage, and unlikely a new student. Yun Feng walked in with a smile, and saw Mu Xiaojin seated on her bed in a daze. She stood up and jumped at her the moment she saw her.

"Xiao Feng!"

Mu Xiaojin and the girl who answered the door were the only students in the room. Yun Feng checked the room, and found that it had four beds. Every resident had a comfortable bed and a huge table, and the room wasn't crowded at all. Her own dormitory would probably be similar.

Yun Feng touched Mu Xiaojin's face and sat down with her. Mu Xiaojin had taken little luggage with her. There was nothing except some clothes.

"Are you hungry? Let's grab some food now," said Yun Feng softly. Mu Xiaojin nodded. She was indeed rather hungry, but she stayed in her dormitory, fearing that Yun Feng wouldn't be able to find her. She saw Yun Feng's badge and asked, "Where is your dormitory?"

Yun Feng looked at her badge. "I'm on the fifth floor. Room 573."

"What? You're in Room 573?" The girl who answered the door suddenly turned around and looked at Yun Feng in shock, dropping what she was doing. Yun Feng nodded. "Yes. Is there something wrong?"

The girl shook her head after a long time. “No, nothing is wrong. Aren’t you going to grab a bite? You should go now, or there won’t be any delicious food left.”

### **Chapter 263: Have a Fight First (3)**

Yun Feng looked at her suspiciously and then took Mu Xiaojin out. When the door was closed, the girl inside the dormitory patted her chest and said, “Oh my god. She has to live with that monster. Tsk, tsk. She’s going to suffer a lot...”

Yun Feng dragged Mu Xiaojin all the way to the cafeteria. There were still a lot of people in the cafeteria when they arrived. Freedom was honored in the Masang School of Magic, and the students seemed quite unrestrained. They had some food in the cafeteria, and then headed back. When they came to the dormitory building, Yun Feng saw a slim and tall man standing in front of it!

Yun Feng suddenly released Mu Xiaojin’s hand, and jumped forward at an astonishing speed! “Big brother!” cried Yun Feng excitedly. The slim and tall man suddenly turned back, and was slightly puzzled to see Yun Feng, but very soon, he recognized her.

He opened his arms and held the girl between them, before he easily raised her up with his big hands.

“Big brother, put me down!” Yun Feng blushed. Many people around her looked at her and her brother. Seeing that she was rather embarrassed, Yun Sheng put her down. He examined and observed her face again and again.

“It’s been three years. You’ve grown a lot, Feng. I almost didn’t recognize you!”

Yun Feng grinned. “That’s impossible! No matter how I change, you will always be able to recognize me, big brother!”

Yun Sheng smiled affectionately, with the same handsome face that he had three years earlier. Yun Feng detected Yun Sheng’s current strength, and frowned hard. “Big brother, you...”

Yun Sheng interrupted her, and looked at Mu Xiaojin, who stood uneasily in the distance, before he asked, “Feng, do you know her? She’s been staring at us.”

Yun Feng looked back and saw Mu Xiaojin. She had almost forgotten her. She quickly went to Mu Xiaojin and pulled her close. Standing in front of Yun Sheng, Mu Xiaojin blushed so hard that her cheeks were like red apples.

“Big brother, this is my best friend, Mu Xiaojin. A lot has happened to her. I’ll tell you later. All in all, she’s a sister to me, so she’s your sister too, big brother!”

Yun Sheng was stunned for a moment, and then gazed at Mu Xiaojin. It was obvious that his sister had found him another sister over the past three years. Looking at Mu Xiaojin’s cute face that was red and awkward, Yun Sheng smiled gently. “Xiaojin, you may call me big brother if you don’t mind.”

Mu Xiaojin blushed again, and looked at Yun Sheng shyly. “Brother Yun Sheng...”

Yun Feng chuckled. “Xiaojin is being shy.”

Mu Xiaojin glared at Yun Feng, and Yun Sheng smiled gently too and petted Yun Feng's head. "Go take a good rest. I'll come back for you tomorrow."

Yun Feng looked at Yun Sheng worriedly. There were many questions that she was dying to ask, but it wasn't the right moment. She'd wait until the next day. She nodded and then said goodbye to Yun Sheng. Mu Xiaojin stared at Yun Sheng's back for a long time as he left.

"Xiaojin, let's go," said Yun Feng. Mu Xiaojin came back to herself and blushed even harder. She followed Yun Feng into the dormitory building. Yun Feng sent Mu Xiaojin back to her room, only to find that Mi Lingli was there too.

Seeing Yun Feng enter the room, Mi Lingli thought that Yun Feng was her roommate too, and murmured, "How unfortunate!" Yun Feng, however, sneered and said to Mu Xiaojin, "Xiaojin, if anyone is mean to you, do tell me. I will make them regret it."

Mu Xiaojin nodded hard, and Mi Lingli's face turned red. She went away and minded her own business. It was not until Mu Xiaojin settled down that Yun Feng finally left for the fifth floor. It was rather upsetting that Xiaojin lived with Mi Lingli. Yun Feng felt a headache starting and hoped that Mi Lingli would be smart. If that woman bullied Xiaojin, she would teach her a good lesson!

On the fifth floor, Yun Feng continued walking forward. Many people on her way looked at her with uncanny expressions, making her rather uncomfortable. As she went deeper and deeper, the people on her way even seemed ready to enjoy a good drama. She finally reached Room 573, which was at the end of the corridor. She discovered that there were no rooms next to it. Even the nearest room was a long distance away, as if it was a forbidden area.

Yun Feng frowned. Remembering how those students looked at her on her way here, she felt that something was wrong. However, she was ready to deal with anything. Could there be snakes or tigers in the room? What's there to be scared of? Yun Feng fearlessly turned the doorknob, opened Room 573, and walked into it. When the door was closed again, the students in other rooms all peeped at the room.

"A new student has been assigned to Room 573? Why do the teachers hate her?"

"Who knows? It's truly unlucky of her to be sent to Room 573."

"I wonder what that monster will do to her. The last student who left Room 573 was diagnosed with schizophrenia, right?"

The students whispered to each other, and then closed their doors. Room 573's door was embedded alone on the wall, with no other rooms on either side of it. It was rather creepy.

After Yun Feng opened the door and walked in, she found that Room 573 was unlike any of the other rooms, or at least Mu Xiaojin's. There weren't four beds, only two. There was no light in the room either. In the darkness, Yun Feng treaded carefully, and suddenly heard a voice from the dark. "Are you the double-element mage named Yun Feng?"

Yun Feng paused and looked at a corner in the darkness, where a candle glittered and illuminated the entire room. She was finally able to see the complete picture of the room. There was a lot of open space in the room. It was much bigger than she expected...

## Chapter 264: Have a Fight First (4)

"If you're going to live with me, let's have a fight first!"

Before Yun Feng even figured out who the person was, and when her eyes were just accustomed to the dazzling rays, she keenly noticed the subtle change in the flow of air. She instinctively jumped away, and saw a girl who was even taller than her standing where she was a moment earlier.

That girl was very young, seeming to be around eighteen years old. She had an enjoyable face, and her big eyes carried an alluring vibe. There was a red mole between her eyebrows, which added an eccentric aura to her beautiful face.

The girl observed Yun Feng for a while before chuckling in a low voice. "Your prettiness has passed my test. That dodge was quite fast too. I wonder about your expertise in magic."

The girl's gaze was rather rude, and made Yun Feng uncomfortable, as if her everything had been seen through. The girl extended her finger and slowly touched her chin. Her finger was narrow and long, just like herself. She was a gorgeous lady that was no less attractive than Yun Feng.

"What are you doing? If you want to fight, let's go to a better place!" said Yun Feng. The girl chuckled when she heard that, and nodded. "Considering the circumstances before you do anything. You're not a reckless person."

Yun Feng furrowed her brows. She had only said one sentence. Why did she feel like she had been seen through? The girl then spoke again, "Frowning means that your heart is troubled. You have many concerns."

Yun Feng expressionlessly stared at the girl, infuriated. "Do not peep into other people's hearts without a good reason!"

The girl giggled and slowly extended her hand, where a glowing ball suddenly appeared. The light from the ball emitted a warm and comfortable feeling. The girl's lips curved. "Here's my warm welcome, roomie!"

After the girl said that, the glowing ball in her hand suddenly darted towards Yun Feng's face like an atomic bomb. It smashed heavily like an iron ball, with a glittering streak of light behind it!

The girl narrowed her eyes due to the dazzling light, and when she opened her eyes again, she saw Yun Feng still standing where she had been, with her arm straightened. Inside her hand was the light ball that the girl just threw!

Yun Feng was rather angry. Being provoked again and again by a person who analyzed her based on her every small movement didn't feel good. It didn't feel good at all!

Yun Feng coldly grasped the glittering ball. Seeing that, the girl wasn't infuriated at all. She simply chuckled. "You didn't fight back immediately. It seems that you have a kind heart."

Yun Feng felt like she had been seen through again. She squeezed and detonated the light ball in her hand. It glowed and then turned into nothingness. Yun Feng gazed at her coldly, "Are you done?"

The girl lowered her eyes. "You remain so calm after being provoked, which suggests that you're a calm and steady person who's not easily overwhelmed by anger."

Yun Feng was rather gloomy. She felt that she had become naked and defenseless in front of the girl, who had completely seen through her. The girl chuckled again, "You've resisted a level-8 spell so easily. It seems that my welcome wasn't warm enough!"

Yun Feng instantly felt that the magic elements were surging crazily in the air. The girl raised her head again, with another light ball in her hand. Its elemental density was ten times higher than that of the previous ball! Yun Feng stared at the light ball coldly, realizing that the girl was a Commander Level mage just like herself!

"Then let me welcome you again. This time, I'm absolutely sincere!" The girl put on a charming smile, and the mole between her eyebrows seemed to be glittering too. She tossed another light ball, which flew towards Yun Feng like a cannonball!

Yun Feng felt like the light ball was going to consume her with its dazzling brilliance. She took a dozen steps back quickly, and didn't dare to hold herself back at all. That woman was a lunatic! Absolutely!

"Earth Shield!" Yun Feng roared, establishing a shield of earth elements in front of herself. However, the light ball transformed when it was a dozen meters away! Yun Feng widened her eyes, and stepped several meters back when the Earth Shield appeared. At the same time, the Earth Shield was penetrated by a glittering long spear!

"Chi!" The center of the Earth Shield was impaled by the glittering spear, whose tip darted into the ground!

"Bam!" The Earth Shield and the glittering spear vanished at the same time, turning into yellow and white mist. Yun Feng stood not far from the girl and gazed at her expressionlessly. The girl finally put on a friendly smile, and then walked forward to Yun Feng.

The girl extended her hand with a smile of appreciation on her face. "I am Qu Lanyi, majoring in the light element in the Masang School of Magic. Welcome, Yun Feng."

Yun Feng was stunned for a moment. Qu Lanyi chuckled at her again. "Are you surprised that I'm a light majored mage?"

Yun Feng extended her hand and held the girl's hand. Immediately, she detected a stream of powerful vitality energy transmitting from the girl's hand into her body. She chuckled, "I'm Yun Feng, a rookie student."

Qu Lanyi chuckled. "You're being too modest, aren't you, Fengfeng?"

Yun Feng almost had goosebumps because of the way that Qu Lanyi called her. Qu Lanyi was a rare mage who majored in light, and she was as strong as herself. Although Qu Lanyi seemed older, she was still unbelievably gifted.

"You're very good at making friends, right?" Yun Feng teased her. She went to her bed and unpacked her stuff. Qu Lanyi followed her and helped her. Yun Feng didn't really want her to help, but it seemed very hard to refuse her enthusiasm.

## Chapter 265: Rules of Studying (1)

“Hey, is this your favorite color, Fengfeng?” asked Qu Lanyi, holding Yun Feng’s underwear. Yun Feng blushed and took it from her. “Let me take care of my own stuff. Thank you for your help.”

Qu Lanyi chuckled and stepped aside as instructed. “You get shy very easily, don’t you?”

Yun Feng didn’t reply. She didn’t have a lot of stuff, and soon unpacked all of it. When she looked back, she saw Qu Lanyi staring at her while leaning against a table. She looked around and asked, “Why are there only two students in this dorm?”

Qu Lanyi raised her brows and gazed at Yun Feng. The mole between her brows seemed to be getting brighter. She approached Yun Feng and didn’t speak in a low voice until she came to Yun Feng’s side, “Do you really not know?”

Yun Feng raised her brows suspiciously. What should she know?

Qu Lanyi giggled and pointed at herself. “Because of me. Nobody dares to share a room with me except for you.”

Yun Feng felt that a dark cloud was growing right above her head. She looked at Qu Lanyi and asked, “What else have you done except for the craziness just now?”

Qu Lanyi curled her lips and put on a smile. “I’ve done plenty of things. You’ll know about them sooner or later, Fengfeng.”

Yun Feng chuckled. She had seen all sorts of people. While Qu Lanyi’s behavior was rather perplexing, she didn’t seem to be a bad person, and her way of greeting was very special. Yun Feng believed that she would learn a lot if she lived with a genius who was as gifted as herself. Besides, her roommate majored in light, and might know mages who majored in darkness.

Yun Feng shook her head and lay on her bed, which was soft and elastic. She slowly closed her eyes. The next day, her life as a student would officially begin. She wasn’t sure what she could acquire from the Masang School of Magic yet.

Qu Lanyi was surprised to see Yun Feng laying on the bed. After a long time, she finally asked in confusion, “Are you not going to move out?”

Yun Feng unhurriedly opened her eyes and glanced at Qu Lanyi. For some reason, her red mole always caught Yun Feng’s attention. “Why would I? You’re not a ferocious beast. I’m not scared of you.”

Qu Lanyi stood there, astonished, as if it was hard for her to understand what Yun Feng said. Yun Feng then closed her eyes and rested again. Qu Lanyi stood there for a long time, before finally smiling. She gazed at Yun Feng’s closed eyes for a long time, and found her new roommate rather interesting.

The night went by just like that. Yun Feng had a good sleep, only opening her eyes when sunlight embraced her. She rose and looked around, only to see that Qu Lanyi was completely embedded in the sunlight as if she were a glowing cocoon. She was rather astonished. She had never seen a light element mage before. Was that girl a glowing entity?

Qu Lanyi opened her eyes with laziness all over her face. She was like an elf that had just woken up from a gigantic cocoon. Her mole seemed redder and more appealing than ever. Yun Feng casually moved her eyes away, and Qu Lanyi smiled at her. "Fengfeng, good morning."

Yun Feng said good morning back, and immediately freshened herself up. After she was done, she found that Qu Lanyi was still on her bed. "Why are you not getting up?" asked Yun Feng.

Qu Lanyi lay on her arm unhurriedly. Her clothes didn't fully cover her, and revealed her naked shoulder.

"Fengfeng, you're unaware of the Masang School of Magic's rules, right? They're rather complicated. Let the old guys tell them to you. I'm going to sleep for a while longer. Talk to you later." After that, Qu Lanyi lay on her bed again. Yun Feng thought for a moment and decided to ignore her. She opened the door and walked out.

Hardly had Yun Feng opened the door when she saw Mu Xiaojin standing in the corridor. She was quite surprised to see her. Mu Xiaojin happily walked to Yun Feng. Yun Feng smiled. She was about to hold Mu Xiaojin's hand and leave, when a voice came from behind her.

"Fengfeng has abandoned me for a new girlfriend."

Mu Xiaojin immediately looked at the source of the voice, only to see Qu Lanyi, whose clothes were still sloppy, at the door. She blushed, and found it awkward even though she was a girl too. Yun Feng suddenly turned back, and looked at Qu Lanyi in the eyes.

"What nonsense are you talking about?" Yun Feng couldn't help but roar. Why did that woman have to make everything so weird?

"I'm not talking nonsense; it's the truth." Qu Lanyi looked at Yun Feng with a smile, her red lips curved. Yun Feng would rather not talk to her. She pulled Mu Xiaojin away, and Mu Xiaojin couldn't help asking curiously in a low voice, "Xiao Feng, who is she? She's so pretty..."

Yun Feng's eyes twitched. "She's a pervert. Just ignore her."

Mu Xiaojin was slightly surprised, and couldn't help but look back. Qu Lanyi was still gazing at Yun Feng from the door. There was no telling what she saw. Mu Xiaojin turned around and said in a low voice, "Xiao Feng, she's still looking at you..."

Yun Feng snorted and quickly took Mu Xiaojin downstairs. What an uncanny roommate! They quickly left the dormitory building, and saw the new female students gathered together. Seeing Yun Feng and Mu Xiaojin, one of the girls shouted, "Yun Feng, gather here!"

Yun Feng joined them with Mu Xiaojin. When they saw Mi Lingli, Yun Feng asked in a low voice, "Did she bully you?"

Mu Xiaojin shook her head with a smile. Yun Feng smiled too. Soon, the boys walked there too. When the hundred students were gathered, they waited and chatted with each other in smaller groups.

"I heard that there are a couple of celebrities in the Masang School of Magic!"

"I've heard that too! I also learned that there's a rank in the Masang School of Magic. A contest is held twice a year to renew the rank, but the top students on the rank have never changed!"

“Where did you learn that? Is it true? Then are you aware of the current rank?”

## **Chapter 266: Rules of Studying (2)**

“Tsk! How can you not know? My roommate, who’s a senior student, told me that!”

What they said attracted more and more attention. More and more students became interested in the rank. “Just keep talking! Stop teasing us!” Some guys were urging the girl to talk too.

“I’m not sure if this rank is correct. I don’t know the name of the top. She’s nicknamed Monster.”

The others all frowned when they heard that. Monster? Yun Feng chuckled too. That woman was not just a monster, but a perverted one! It wouldn’t make sense if she didn’t rank the top with her Commander Level strength!

“What about the second?” asked someone.

“The second is a famous fire mage. She comes from a powerful background. She’s the princess of a royal family! Her name is unknown too, but everybody calls her the Princess!”

Everybody else became excited. A princess... Some guys were even fantasizing. Yun Feng raised her brows. She was quite familiar with the second too. Was that person Kasa from the level assessment meeting? She ranked second in the Masang School of Magic? Had she already reached level 9?

“Then the Princess must be very strong!”

“Yes, she must be!”

“Well... I’m not sure about that. Now, about the third...” The student went on for a long time, describing the high-ranked students. The top ten of them were rather famous. Yun Feng listened and caught another familiar name, Murong Ran. She didn’t expect her to rank tenth.

Yun Feng remembered her big brother, and frowned again. Her big brother should’ve been stronger. He had studied for three years in the Masang School of Magic. How could he have been improved by only one level? Yun Sheng was only level 3 at this moment!

Something must’ve happened... Yun Feng was very confident in her big brother. If it was truly her big brother’s own problem, her ultimate ores were still able to improve him by several levels. While she was thinking about that, Mu Xiaojin pulled her arm, and she raised her head, only to see a teacher walking closer gravely.

“Silence!” roared the teacher, stopping the discussion of all the students. He glanced at the hundred students that stood in front of him. His graveness scared the students and stopped them from saying anything.

“The Masang School of Magic isn’t really a typical school that you know. It only provides a platform for you to grow up. It’s up to you what level you may grow into! Do you see the high tower over there?” The teacher pointed at the high tower in the distance, which had attracted Yun Feng’s attention the moment she arrived at the Masang School of Magic.

“That’s the Trial Tower, a place that can accelerate your cultivation. The tower contains multiple layers. One layer is for level 1 to level 3, one is for level 4 to level 6, one is for level 7 to level 9, and one is for above level 9. You should know your capabilities very well. Here’s a piece of advance: the elements on each layer in the tower are denser than the last one. If you overestimate yourself and try to reach the top with one step, be prepared for the consequences!”

What he said cleared the heads of all the students, who had planned to study on layers that were above their level, so that their training would be more effective! However, the teacher’s warning rumbled in their head like thunder.

They must be prepared for the consequences if they wanted to reach the top in one step!

“Humph! What an alarmist!” snorted Mi Lingli in disdain. Hearing that, the teacher simply sneered, “I don’t mind if any of you wants to try the risk. There’s a couple of idiots in the Masang School of Magic every year. I wonder if there’s any among you!”

Mi Lingli blushed and pursed her lips. The other students of Park City chuckled after they heard that, making Mi Lingli’s face even redder. Yun Feng glanced at the tower. Was it the Trial Tower? According to that teacher, the elemental density there was much higher than outside, and the higher layers were even better. So, those in higher levels could cultivate faster?

“Kid, that’s not the case,” remarked the ancestor at this moment. “Although the density on lower layers is the lowest, training there is multiple times as effective as training outside. It’s very easy to improve on lower levels. The stronger you are, the harder it will be to improve your levels.”

Yun Feng nodded in agreement, and then suddenly remembered her big brother. “Ancestor, my big brother only improved one level in the past three years. Is there something wrong with his talent?”

The ancestor thought for a moment and then said slowly, “Yun Sheng’s talent is fine. He should’ve improved two levels in three years if he had cultivated normally, especially in such a tower. His level shouldn’t be so low.”

Hearing that, Yun Feng was even more bothered. Something must’ve happened that stopped her big brother from leveling up!

“The Trial Tower is not accessible to everyone. There are only limited resources inside the tower, so you have to pay a price to enter it,” continued the teacher. Some students seemed rather upset, and some were relieved. Yun Feng frowned. Did she have to pay a ticket fee?

Seeing the students’ different expressions, the teacher chuckled. “Money? The Masang School of Magic doesn’t need such garbage. Each of you will have one of these cards.” The teacher took out a pile of cards and distributed them. Yun Feng accepted her card, which was quite simple. It had thirty green dots on it.

“This is called the Trial Card, in which the energy of a low-level ore has been filled. The energy has been divided into thirty parts. It’s the cost that you must pay in order to enter the Trial Tower! This card is the Masang School of Magic’s gift for you. As to what you can do after the energy is used up, it’s up to you!”

Hearing that, the students couldn't help but hold their card tightly. Yun Feng, however, was amused after hearing that. So, she had to pay with the energy of ores in order to cultivate in the Trial Tower? If so, she could already enter the tower unlimitedly...

### **Chapter 267: Rules of Studying (3)**

"The Trial Cards are divided into three levels, namely low, middle and high. The low-level Trial Cards can only be paid with the energy of low-level ores. The mid-level cards can be paid with low-level and mid-level ores. The high-level ones can be paid with ores of all levels. The energy points can be exchanged. One mid-level equals five low-level energy points, and so on. To study in the Trial Tower, you need to pay five energy points to enter the low floors, where you can stay for three days. The mid floors cost five energy points too, and you can stay for four days. The high floors cost the same, but you can stay for five days."

As the teacher introduced, the students all mumbled and wrote them down. Yun Feng looked at the trial card in her hand, which only contained thirty points. If she didn't do anything, she could only study for thirty days, which wasn't nearly enough even for a low-level mage to upgrade by one level.

"Sir, what can we do after we use up the energy points?" asked a student timidly. The teacher smiled and then put on a solemn expression. "You have to count on yourselves! In the Masang School of Magic, you have to rely on yourselves to do anything! As students, you have a few options. Firstly, you may join a society. Competitions among societies are held every year in Masang School of Magic, and the top five societies are rewarded with ores. Secondly, you may participate in the personal ranking contests. As long as you make it to the top ten and stay there, you will be rewarded with ores depending on your ranking every week. Thirdly, you may challenge those who rank in the top ten! Once you beat them, you will receive rewards that depend on the ranking of the person you've beaten!"

The students looked quite upset after hearing that. All those options included fighting and killing. They were mages! Couldn't they just study magic in peace?

"There's one thing that you need to remember: only the fittest survive! If you would rather be left behind by others without doing anything, the Masang School of Magic won't intervene. You're free to abandon everything!"

All the students became solemn. Nobody wanted to be left behind. Nobody wanted to see others get ahead. Nobody was willing to rank last! All the students felt the determination to work hard. In order to walk further on the path of a mage, the only thing they could do was to strive and move onward!

Seeing the students' expressions, the teacher nodded in satisfaction. "Alright. I've said what I must say. You must already know the class that you belong to. If any of you intends to join a society, you'd better join one that's from your own class. Oh right," the teacher smiled weirdly and added, "Fair duels aren't forbidden in the Masang School of Magic. However, anyone who maliciously robs others of their Trial Cards will be kicked out!"

Hearing that, the students who were relatively weak were all relieved. Yun Feng glanced at Mi Lingli, and saw discontent in her eyes. As she expected, Mi Lingli had been planning to loot the others' Trial Cards.

"Alright. If you want to study in the Trial Tower, just go there. If you want to join a society, go that way. If you want to watch a contest or participate in one, go in that direction." The teacher left after saying

that. The students whispered to each other in groups, then dispersed. Some went to the Trial Tower, some walked to the building for the societies, and some watched the contests with great interest.

Mu Xiaojin was standing behind Yun Feng. "Xiao Feng, what are we going to do?"

Yun Feng replied with a smile, "I'm going to talk to my big brother. If you want to go to the Trial Tower, Xiaojin, just go there. I'll join you later."

Mu Xiaojin thought for a moment and shook her head. "I... I want to go with you, Xiao Feng."

Yun Feng smiled happily after hearing that. She nodded and took Mu Xiaojin to the society building. The water element students' union in that building must know what her big brother was doing! She considered how to contact her big brother, and thought of the Sound Transmission Jade that Mr. Zheng Ran gave her. It seemed that she had to get a Sound Transmission Jade for her big brother, her father and Xiaojin when she had time, or it would be too hard for her to reach out to them.

Yun Feng grabbed Mu Xiaojin's hand and walked to the society building, which was where many societies were based. The building had a lot of floors, and there seemed to be plenty of societies. Quite a lot of students were entering and exiting the building. Mu Xiaojin looked at the building curiously and whispered, "Xiao Feng, there are so many people here..."

Yun Feng nodded. In just a short while, dozens of people had passed by the gate with different expressions. As they approached the building, Yun Feng saw a lot of people standing at the gate distributing fliers to the passers-by. She even saw her big brother among them!

"Big brother!" Yun Feng called out to him and dragged Mu Xiaojin to him. Yun Sheng, who was distributing the fliers, raised his head and saw his sister walking to him. He smiled and said, "What brings you here, Feng?"

Mu Xiaojin blushed and said, "We're here for you, Brother Yun Sheng."

Yun Sheng was dazed for a moment, and then smiled. Yun Feng saw the fliers in Yun Sheng's hand and grabbed one of them, which said "Constellation Society". She smiled at him. "Why didn't you tell me that you had a society? I'd like to join it!"

Yun Sheng looked rather awkward when he heard that. Mu Xiaojin nodded quickly too. "I—I want to join it too."

"You want to join the Constellation Society? You're new students, aren't you? I suggest you keep your distance from such societies!" interjected someone. Yun Feng saw that her big brother put on an awful expression. She looked back, only to see a guy in fashionable clothes walking closer. He seemed a few years younger than her big brother.

"Chu Kuangren, this is none of your business!" said Yun Sheng in a low voice. Yet, the stranger simply laughed at him, and so did the companions that followed him. They all seemed disdainful when Chu Kuangren walked closer gracefully and put on a hypocritical smile at Yun Feng.

Yun Feng looked at him so coldly that he was almost scared, but he managed to open his mouth calmly, "Junior sisters, choosing the right society is very important for your studies in the Masang School of

Magic. If you choose the wrong one, you will regret it for the rest of your life! The Constellation Society was founded by the useless water element students. Your future will be ruined if you join it!”

### **Chapter 268: Fair (1)**

Yun Sheng looked even more awful after hearing that. He was going to argue with the man, when Yun Feng said in advance, “Oh? Then which society are you from?”

Hearing that, Chu Kuangren thought that Yun Feng believed what he said. He couldn’t help but smile proudly. “Our society is much more renowned! It was founded by fire element students, who are the strongest in the Masang School of Magic, and is currently headed by the princess of the Karan Empire!”

Yun Feng raised her brows. Was Kasa the leader of the society? The Karan Empire must be trying its best to attract as many mages to it as possible in the Masang School of Magic. Kasa, as the society’s leader, ranked second in the school, and must be very appealing. Plus, she was the princess from a royal family. No wonder her society was so arrogant.

“The name of our society is the Fire Society. What an awesome name, isn’t it? It will be the smartest decision if you join us! All new members of our society receive a low-level ore as reward. How does that sound?”

Chu Kuangren had been speaking aloud, attracting the attention of many new students who were hesitating about which society to join. The other societies were angry that he attracted all the new students, but didn’t say anything. The reward of one low-level ore was indeed tempting. Very soon, a dozen new students joined the Fire Society.

Chu Kuangren stood there proudly and looked at the other societies in disdain. He said with mockery when he caught sight of Yun Sheng’s fliers, “You think you can attract anyone with your worthless paper? You’re just garbage!”

Yun Sheng clenched his fist so hard that he almost squeezed the fliers into pieces. Mu Xiaojin looked at him worriedly, and slowly got rid of Yun Feng’s hand and walked to Yun Sheng. “Brother Yun Sheng, I’d like to join...”

Yun Sheng put on a gentle smile at Mu Xiaojin, and petted her. Mu Xiaojin blushed again. Seeing that, Chu Kuangren snorted coldly, “You should have known better!”

Yun Feng laughed and looked at Chu Kuangren in the face. The Fire Society? Headed by Kasa? “If I may ask, is everybody in the Fire Society as arrogant and shameless as you?”

Chu Kuangren’s eyes widened when he heard that. “I beg your pardon? How dare you speak to me like that? You...”

“Cut the crap. I know you’re from Kasa’s society, but so what? In the Masang School of Magic, the princess is nothing but a student, just like everybody else is!”

Yun Feng’s declaration raised the cheers of the other societies. The Fire Society had been taking advantage of them because of Kasa, but they never dared to complain because they feared her identity as a royal princess!

“Good! Another reckless person! I’ll relay your exact words to Her Highness. What’s your name? Tell me right now!”

Yun Feng smiled coldly. “You don’t deserve to know my name. Get the hell out of here with your lackeys!”

Chu Kuangren flushed in fury. He suddenly plucked his wand and aimed it at Yun Feng. Seeing that, Yun Sheng immediately pulled her behind him. Chu Kuangren shouted with a reddened face, “Fire Arrow!”

Yun Feng waved her hand abruptly, and her copious mental strength destroyed the fire elements, dumbfounding Chu Kuangren and his lackeys. Where was the Fire Arrow? Why was it gone before it was released?

“Are you still not leaving?” said Yun Feng coldly in a low voice. Chu Kuangren shivered. The more he looked at the girl behind Yun Sheng, the more panicked he became. Without another word, he ran off with his followers, although he mumbled to himself that he would report the incident to the princess. He didn’t believe that the girl could remain so cocky when the princess came!

After Chu Kuangren and his lackeys left, Yun Sheng finally turned around and looked at Yun Feng worriedly. “Feng, you shouldn’t have argued with that kind of person. It wasn’t worth it.”

Yun Feng didn’t seem relaxed yet. She looked at her big brother stubbornly. “He was mean to you, big brother. There was no way that I would let him walk away!”

Yun Sheng smiled helplessly and petted Yun Feng. Pursing her lips, Yun Feng stared at Yun Sheng’s face for a long time, before she suddenly asked, “Big brother, is there anything that you’ve been hiding from me?”

Yun Sheng shivered when he heard that. “No. Why would I hide anything from you?”

“Yes, there is. If you don’t tell me, big brother, I will investigate! Whoever hurt you in the slightest way will answer for it a hundred times more harshly!” What Yun Feng said made Yun Sheng frown. He took her to a corner, and Mu Xiaojin stood at a distance, knowing that she should give the brother and sister some privacy.

“Feng, as I said, I’m not hiding anything from you. You...”

“Why have you only improved by one level?”

Yun Sheng was dazed for a moment. Then, he explained, “Maybe because I didn’t work hard enough...”

“You’re not that kind of person, big brother! If you think of me as your dear sister, why would you keep it a secret from me? Just tell me!” Yun Sheng looked at Yun Feng’s anxious and nervous face, and felt a headache. As the big brother, he should take care of his little sister. Yet, his little sister was worried for him at this moment...

“Feng, I’m really okay,” Yun Sheng blinked his eyes and said. Yun Feng was quite angry to hear that. Something must’ve happened to her big brother, but why did he refuse to tell her? What was he concerned about?

“Since he’s unwilling to tell, let me,” said a voice unexpectedly. Stunned, Yun Sheng looked around, but Yun Feng simply fixed her eyes in one direction. Very soon, Qu Lanyi appeared in front of them. Yun Sheng was confused, wondering where she came from.

“Is your hobby to pry into other people’s privacy?” Yun Feng looked at the alluring woman coldly. The red mole between her eyes was like blood, and her fair face was glimmering like jade. Her tall body was covered in blue clothes. She looked like a gorgeous lady from a distance.

## **Chapter 269: Fair (2)**

“I’m trying to help you. Do you want to know the answer or not, Fengfeng?” Qu Lanyi chuckled and walked to Yun Feng. Yun Feng’s lips curled. “This is the Yun family’s business. We don’t need an outsider’s help.”

Qu Lanyi wasn’t upset at all. Instead, she chuckled and smiled again, as if nothing that Yun Feng said could possibly infuriate her. “Fengfeng, that’s too outrageous. Your brother doesn’t want to tell you, so I offered to help. You should accept my kindness. Don’t you agree, Yun Sheng?”

Qu Lanyi looked at Yun Sheng with her alluring eyes. Yun Sheng became pale, and hesitated, as if he had thought of something. She said, “If you don’t want to hear it from me, so be it. Here’s a friendly reminder. Your brother doesn’t want to tell you because he’s afraid that you might do something reckless.”

Yun Sheng became even paler, and slightly shivered. “H-How could you...” Yun Sheng looked at Qu Lanyi in surprise, and Qu Lanyi chuckled, with her eyes glittering. “Fengfeng, you owe me a favor. I’m leaving.” Qu Lanyi turned around and walked away casually, leaving Yun Sheng and Yun Feng alone. Yun Feng turned around and looked at her brother’s pale face.

“Did Kasa, or rather, the royal family of Karan, do anything?” Yun Feng gnashed her teeth, and even roared towards the end. Hearing that, Yun Sheng grabbed her shoulder, his eyes filled with gentleness and worries. “Feng, it’s not what happened...”

“Big brother! If I’m bullied yet there’s nothing you can do, how would you feel? Do you understand what I’m feeling right now!” Yun Feng screamed in pain. Yun Sheng bit his lips and didn’t say anything. He knew his sister’s feelings. However...

Seeing that her big brother remained silent, Yun Feng suddenly burst into fury. She threw off her big brother’s hands and stormed off. Seeing that, Yun Sheng shouted, “Yun Feng, if you do anything reckless, don’t ever call me big brother again!”

Yun Feng’s body was stiffened, and Yun Sheng seemed to be miserable too. Dazed for a long time, Yun Feng finally replied in a low voice, “Okay, I won’t do anything reckless...” Then, as if she had lost all her strength, she walked away like a ghost. Mu Xiaojin, who was waiting in the distance, greeted her worriedly, “Xiao Feng, what’s wrong?”

Yun Feng managed a smile at Mu Xiaojin. “Xiaojin, go help my big brother. I’d like some alone time.”

Mu Xiaojin was going to say something more, when Yun Feng had passed her and disappeared into the crowd. Mu Xiaojin gazed in her direction worriedly for a long time, before finally walking to Yun Sheng. Seeing that Yun Sheng was unhappy too, she whispered, “Brother Yun Sheng, Xiao Feng has been

concerned about you, and talked about you all the time before we came to the Masang School of Magic. She was so happy to meet you again...”

Yun Sheng was miserable to hear that. His eyes were rather hot, but he didn't say anything. He struggled to put on a smile. He knew that her sister was as protective of him as he was of her! That was exactly the reason why he didn't tell her the answer. He didn't want Yun Feng to take risks or get hurt because of him!

...

Behind the Masang School of Magic was a spacious forest. The land there was rather flat, and the green forest was very beautiful. However, few visitors had been to the forest except for the love birds. Most students preferred to spend their time in the Trial Tower to improve their level.

Yun Feng walked into the forest and sat down on an enormous rock. She stared at the trees, with countless thoughts rolling in her heart. Why did her big brother refuse to tell her? If it was because of her, then something big must've happened. There could've only been two people who had hurt her big brother: Murong Ran and Kasa.

Yun Feng thought again and again and believed that the Karan Royal Family was the culprit, as his big brother was concerned about it more than anything else. The Karan Royal Family had asked their father to move the Yun family back to the capital, only to be declined. After that, the Yun family must've become the Karan Royal Family's enemy. Although it didn't attack the Yun family directly, it could still suppress Yun Sheng through Kasa. If you don't want the carrot, all you get will be the stick.

Seated on the rock, Yun Feng thought quietly. The only explanation she could come up with was that the Karan Royal Family had been imposing pressure on Yun Sheng through Kasa, so he was too prudent to level up too fast. The Yun family was already an eyesore to the Karan Royal Family. If Yun Feng became too strong, the Karan Royal Family would be even more scared of the Yun family. Once it ran out of patience, it might even attack the Yun family.

Yun Feng thought of herself. The only reason that the Karan Royal Family was using these dirty methods instead of dealing with the Yun family openly was that the Yun family still had a chance of presenting a summoner. She might be the hope of her family.

Thinking of that, Yun Feng couldn't help but put on a cold smile. Whether or not she was a summoner, the Yun family's development was unstoppable, so it would inevitably pose a threat to the Karan Royal Family. She slowly raised her head and looked at the blue sky. It was time that the Yun family became independent.

“Are you enjoying the wonderful landscape here, Fengfeng?”

Without looking back, Yun Feng said in a low voice, “Why do you keep following me? Do you have nothing better to do?”

Qu Lanyi slowly sat down next to Yun Feng. She raised her head too, like Yun Feng did. Her black hair fluttered behind her head like a bright black waterfall. Holding her head with her arms, she turned around and said, “The best thing I want to do is to come for you. After all, you're the only person that's as strong as myself.”

Yun Feng sat straight, and Qu Lanyi simply lay on the rock. Her blue clothes flapped along with the breeze, and she narrowed her beautiful eyes comfortably. Yun Feng remained silent, so Qu Lanyi opened her eyes and looked at her profile.

### **Chapter 270: Fair (3)**

“Fengfeng, have you thought it through?”

Yun Feng didn’t say anything. After a long time, she replied, “Yes. The answer is simple. I came up with it a long time ago.”

Qu Lanyi sat straight with a smile and curled her red lips. “Then what are you going to do? Destroy the Karan Royal Family to avoid any future trouble?”

Yun Feng sneered, “You would love to see that, wouldn’t you? I won’t go so far as to destroy it; we simply won’t let them control us anymore.”

Hearing that, Qu Lanyi chuckled and slowly rolled her black hair among her fingers. “Fengfeng, are you not afraid of me reporting you for treason?”

Yun Feng’s lips curled. “That would be a great favor for me. The Karan Royal Family can’t live without the Yun family. It won’t do anything until it confirms my potential.”

“You know the situation very well,” said Qu Lanyi in a low voice. Yun Feng looked back at her. “So do you. I want to know what Kasa did to my big brother over the last three years.”

Hearing that, Qu Lanyi smiled. “Do you really want to know?”

Yun Feng turned her head around. “If you don’t want to tell, so be it. I have other ways to find the answer.”

Qu Lanyi chuckled and leaned against Yun Feng’s body. Yun Feng was slightly astonished, but didn’t dodge. Qu Lanyi wasn’t heavy at all. She actually seemed weightless. “Kasa didn’t really do anything. She simply humiliated him with the Fire Society now and then, and isolated him with rumors now and then.”

Yun Feng nodded. Fine. She would make Kasa pay for everything she did. Her big brother must’ve felt miserable when his society was humiliated by the Fire Society. Looking at the woman who was leaning against her, Yun Feng asked, “Are you in any society?”

On Yun Feng’s back, Qu Lanyi said lazily, “I’m not. I find all societies annoying. However... if you invite me, Fengfeng, then it’ll be different.”

Yun Feng felt rather weird. She somehow had the feeling that Qu Lanyi was flirting with her all the time, which made her uncomfortable. However, if she attracted this top-ranking genius into her big brother’s society, it would be huge news, and the society would astonish everybody in the ranking contests!

“I’m inviting you now. Are you coming or not?” asked Yun Feng straightforwardly. Qu Lanyi chuckled and moved. Yun Feng felt that a gentle breeze just brushed past her cheeks. She quickly turned around, only to see Qu Lanyi’s smiling eyes.

“Don’t you think your invitation should be more sincere?”

Yun Feng raised her brows. "Sincere? How should it be more sincere?"

A wind rose, raising the corners of their clothes and making the leaves sing in the woods. Yun Feng saw that Qu Lanyi's beautiful face coming closer and closer to hers, until their noses were only a dozen millimeters from each other.

"For example, by giving me your kiss?"

Yun Feng narrowed her eyes and looked at Qu Lanyi. "Qu Lanyi, I don't like women."

Qu Lanyi's face stayed this dozen millimeters away, as her lips curved. "I know. I don't like women, either. You are the only exception."

Yun Feng's face darkened. She felt that Qu Lanyi, who was nicknamed Monster, probably should have been called lunatic. She suddenly moved back, withdrawing her head from Qu Lanyi's. Qu Lanyi chuckled and rolled her hair again. "I was just kidding. I'm certainly going now that you've invited me, Fengfeng."

Maybe, Qu Lanyi was too lonely in the Masang School of Magic. She had been alone at the height where nobody else could reach except for Yun Feng. The two of them saw and knew similar things. Two people who were equal to each other wouldn't feel lonely if they stayed together.

It was like a warrior who kept winning battles would feel that part of his life was missing if he didn't have a worthy opponent.

Yun Feng couldn't help but roll her eyes. She had no doubt that Qu Lanyi's participation would make the Constellation Society famous. She thought of something else and asked, "If I need anything, where can I buy them? Do I have to go out of campus every time?"

Qu Lanyi shook her head. "There are internal fairs within the Masang School of Magic every once in a while, where the students may barter with each other. Of course, most people exchange for only one thing: ores."

Yun Feng nodded. "Everything is available at the fairs?"

Qu Lanyi smiled. "How should I put it? They're not the same. I've been to the fairs several times. Most stuff is useless garbage, but there may be good items. You may try your luck there. You could find things you need."

Yun Feng nodded. "Thanks." She turned around and was about to leave, when Qu Lanyi spoke on the rock without looking back, "If you need ores, Fengfeng, just tell me. However, I would love to watch you challenge others."

Yun Feng curled her lips. By others, did she mean herself? Hehe. The day would come. It would be exciting to fight a Commander Level mage!

"Don't worry. The day will come. Just wait for it," said Yun Feng. Then, she strode off. Qu Lanyi sat quietly on the rock, her slim body covered in blue clothes. She rolled her hair with her fingers with a vague smile on her face. Her life in the Masang School of Magic was finally no longer boring.

Yun Feng returned to the square on the campus and saw a sign, on which many things to note had been written down. She read all the notes, and found the place and time of the fairs at the bottom of the sign.

Yun Feng realized that this day happened to be the first day of the fair, so she immediately came to the place where the fair was held. It was a spacious square at a remote corner of the campus. The school had specially cleared it for the fairs. Yun Feng went to the registration center. The buyers and sellers alike had to register, so that it would be easier for them to make deals with each other.
