

## Summoner 271

### Chapter 271: Fair (4)

If a seller happened to be selling what a buyer was hoping to buy, they could make a deal with each other directly, saving both of them a lot of time and effort. When Yun Feng arrived at the registration office, a lot of people were already waiting in line. She skimmed through the registration book when it was her turn, and discovered that there were truly assorted items available like Qu Lanyi said.

“Miss, are you a seller or a buyer?” asked a senior student in the office. Yun Feng replied that she was a buyer, and he immediately took out a book. “What do you intend to buy?”

After thinking for a few seconds, Yun Feng eventually said, “Sound Transmission Jade.”

The student who was responsible for registration was stunned for a moment. Sound Transmission Jade? He glanced at Yun Feng. She smiled, but didn't really think she could buy it. Which student could possibly own that? She was about to leave, when the student opened his mouth.

“There's indeed a Sound Transmission Jade here. However... you must consider carefully. They're very expensive.”

Yun Feng was rather stunned. Even the Sound Transmission Jade was available here? That was indeed priceless. How could anyone in the Masang School of Magic be selling them? Yun Feng nodded.

The student responsible for registration was even more surprised. He told her the location and number of the Sound Transmission Jade's seller. Then, she went in with a badge. He stared at her back and mumbled, “That crazy man's long wait turns out to be worth it...”

Yun Feng entered the fair, and saw countless stands where a myriad of things, including food, weapons and weird items, were being sold. However, she wasn't interested in any of those things.

Following the student's instruction, Yun Feng went straight to a stand without wasting her time. This stand was quite unpopular compared to others. The seller at the stand was a young man who had a lot of stubble. He was leaning against his chair, as if he had fallen asleep.

Nothing was exhibited at all on the table ahead of him. No wonder he had no customers.

Someone called out to him when Yun Feng stopped at the stand. “Hey, Crazy Ling, you've got a customer!”

Crazy Ling? Yun Feng glanced at the young man who was napping next to the stand. He was quite tall and strong, and seemed intimidating even though he was just sitting. Yet, his unshaved face suggested that he hadn't taken care of personal hygiene for days. His black hair was absolutely unkempt too.

Hearing the call, the drowsy young man slowly opened his eyes and rubbed them hard. Then, he combed his hair with one hand, and scratched his back with the other. Then, he stretched his arms and yawned hard.

“Ah...” After the yawn, the young man finally looked at Yun Feng, with vague bloody streaks in his eyes. “Do you want anything?”

Yun Feng nodded. "I'd like to buy your item."

The young man chuckled, and touched his chin. He seemed to feel itchy, so he scratched it. Leaning back against his chair, he said lazily, "Young lady, have you brought enough ores for my item? It's very expensive!"

Yun Feng put on a smile. "Expensive? I can afford it no matter how expensive it is as long as it's what I need."

Hearing that, the young man jumped from his chair excitedly. "Are you serious?"

Yun Feng smiled. "Take out your item. I mean it."

The young man laughed and waved his finger at Yun Feng. "My item is a treasure. I won't take it out easily, unless..."

Yun Feng understood what he implied. She waved her hand, and took out a mid-level ore, which was one of the hundred mid-level ores that Zhao Mingqi offered her when she returned the storage belt to the Red Maple Mercenary Team. She didn't really want them back then, as she had a hill of high-level ores and a hundred ultimate ores. However, as it turned out, ores were the main currency in the Masang School of Magic. She didn't take out high-level ores because they would cause her unnecessary trouble. She wasn't scared of anyone robbing her, but it was never a good habit to show how rich one was.

Yun Feng had always kept a low profile.

At this moment, the mid-level ores turned out to be useful. She never had a chance to use them until this moment. They showed her sincerity without causing much attention. When she presented one of the mid-level ores, the young man's eyes glittered, knowing that she could truly afford the item.

"Alright, you've proved yourself, young lady. I'm not carrying the item right now. Please wait a moment." The young man jumped away. He patted his clothes, scratched his hair, and yawned again. He was about to leave, when he turned around and asked, "Right, what's your name?"

Yun Feng replied casually, "Yun Feng."

The young man grinned, showing his white teeth. "My name is Ling Xiaoyun. Be right back."

Yun Feng nodded. She was not afraid that Ling Xiaoyun was bluffing, as he clearly had the items available. There was just no telling how many Sound Transmission Jades he had, or how much he would charge her.

Yun Feng waited patiently for a while. The sellers nearby all glanced at her curiously, but she wasn't bothered at all and simply ignored them. She observed the other buyers in this place, and discovered that they were buying assorted items. They were mostly paying with low-level ores.

"Yun Feng!" Very soon, Ling Xiaoyun's roar came closer. Yun Feng smiled casually. "I can hear you. There's no need to shout so loudly."

Ling Xiaoyun laughed and scratched his head again. "Come with me."

Yun Feng looked at him in confusion. See Yun Feng's expression, Ling Xiaoyun instantly smiles. "Make no mistake. You know the item is too precise to be traded here. There are special rooms here for such transactions. Come on."

### **Chapter 272: Duty (1)**

Yun Feng nodded. Even if Ling Xiaoyun owned any Sound Transmission Jade, he would never carry them with him, or he would've lost a fortune if anyone who was greedy robbed him. If he sold them to her here, she might become a target of such robbers too.

Yun Feng followed Ling Xiaoyun to a small building beside the fair. Outside of the building, there was a sign that said "Field of Important Transactions". The teacher at the door didn't let them in until Ling Xiaoyun showed him the permission. Yun Feng walked inside with Ling Xiaoyun and entered a room. There was a box on the table in the room. Ling Xiaoyun sat down with a smile, and so did Yun Feng.

"The Sound Transmission Jades are inside the box. I can show them to you." After saying that, Ling Xiaoyun took out a key and inserted it into the keyhole on the box, opening it. Yun Feng looked into the box, only to see three Sound Transmission Jades in it!

"How about it? I'm not a liar, am I? I do have Sound Transmission Jades." Ling Xiaoyun chuckled and locked the box again. Yun Feng nodded. Three was the exact number of Sound Transmission Jades she needed. She could get them once and for all!

"Now that you've seen the goods, let's talk about the price." Ling Xiaoyun smiled. His face would've been much more attractive if it weren't full of stubble.

Yun Feng nodded. "Give me a price. I want all of them."

Ling Xiaoyun was stunned for a moment. "What did you say? You want all of them?"

"Yes, I do. What's the matter? You've been keeping them for such a long time. I assume that it's either because your price is too high, or because nobody wants them. In other words, I may be your only chance," said Yun Feng with a smile, tapping the table with her finger and staring at Ling Xiaoyun, who was rendered speechless for a while. Then, he chuckled.

"You're right. Their price is indeed unbelievably high. Many people have been scared off. I wonder if you have the courage to hear it."

"Enough. Make your offer." Yun Feng nodded and glanced at Ling Xiaoyun, imposing vague pressure on him. Ling Xiaoyun laughed. "Alright, you are a straightforward girl, so I'll be straightforward too! The Sound Transmission Jades are rare. Nobody who is poor can afford them. My offer... Hehe, fifty high-level ores for one Sound Transmission Jade, and 150 for all of them."

Yun Feng tapped the table hard, and Ling Xiaoyun rubbed his hands, looking at her. She suddenly smiled. "Ling Xiaoyun, do you take me for an ignorant kid? Fifty high-level ores for one Sound Transmission Jade? That's outrageous."

Ling Xiaoyun chuckled. "Then never mind. They're very rare anyway. If you don't want to buy, that's fine. I'll just keep them."

Yun Feng raised her brows. It seemed that the man was certain that she would buy them. She chuckled and said, "Since I'm buying and you're selling, you'd better show me your sincerity. If you stubbornly insist on your offer, then I'll have to say goodbye. I think it's safe to predict that you'll have to keep them for a long time until you find the next buyer."

Ling Xiaoyun's face darkened for a moment. Seeing Yun Feng's lack of interest, Ling Xiaoyun wondered if he had charged too much. "Then what's the price you expect?"

Yun Feng's lips curled. She put ten high-level ores on the table, which glittered and made Ling Xiaoyun breathe heavily. "Ten high-level ores for all of them. That's the best offer I can make. If you can't accept it, so be it."

Ling Xiaoyun stared at the ten high-level ores on the table. High-level ores! Ling Xiaoyun felt that his heart was pounding. Ten high-level ores for one Sound Transmission Jade was a fair deal, but he would suffer huge losses if he sold all three of them for that!

"Well... I can sell one of the Sound Transmission Jades to you for that price. But as for three..."

Yun Feng put on a helpless expression. "If so, there's nothing I can say. Goodbye." She was about to collect the ten high-level ores on the table, when Ling Xiaoyun roared, "Wait a moment! Let's talk, let's talk!"

With a hidden smile on her face, Yun Feng sat down again, and Ling Xiaoyun chuckled. "Well, give me another five. I'll sell them to you if you pay another five high-level ores!"

Yun Feng, however, shook her head casually. "No, I don't have any more high-level ores. This is my offer."

Ling Xiaoyun frowned hard. It was indeed a tough choice. He had been selling the Sound Transmission Jades for at least three years, but those who wanted to buy them couldn't afford them. It wasn't easy for him to encounter a customer who could afford them. Ling Xiaoyun thought that it would be worth it as long as he could get rid of them even if he had to suffer a loss! That was ten high-level ores!

"Alright, I'll just give you a discount!" Ling Xiaoyun eventually gritted his teeth and accepted the offer. He gave his key to Yun Feng. Yun Feng smiled. Ten high-level ores were indeed too low a price for the jades, but she decided to return the favor later. She pushed the ten high-level ores on the table to Ling Xiaoyun, who accepted them happily. She then picked up the box.

"Tsk, ts. They'll be enough for me to use for a long time..." Ling Xiaoyun looked at the high-level ores affectionately. "I can do a lot of cultivation with them. Hahahaha!"

Yun Feng looked at him suspiciously. "Are you not in a society? Have you been waiting for this deal all the time?"

Ling Xiaoyun was stunned. "Society? What's that?"

Yun Feng was dumbfounded. So, were there really students in the Masang School of Magic who didn't even know what a society was?

"If I may ask, how many years have you been in the Masang School of Magic?"

Ling Xiaoyun thought carefully for a moment. "Well... Four years, I think..."

### **Chapter 273: Duty (2)**

Four years? Yun Feng frowned. So, the man was only sixteen years old. Why did he look so old and mature? "What have you been doing during these years?"

Ling Xiaoyun laughed and scratched the back of his head. "Sleeping, eating, and studying in the Trial Tower. But I've never been there since I ran out of energy points."

Yun Feng found the man rather unbelievable. He didn't know what a society was after four years in the Masang School of Magic. Maybe he had been waiting for someone to buy his Sound Transmission Jades for four years? Yun Feng shook her head helplessly, and watched Ling Xiaoyun pack the high-level ores into his pocket. She examined him slightly, only to find that he was a level 4 mage!

"Yun Feng, be careful. A lot of people may be greedy about the jades," Ling Xiaoyun reminded her. Yun Feng nodded. That man wasn't a bad person. She thought of something and asked, "Are you willing to join a society? You've never been in one anyway. Just give it a try."

Ling Xiaoyun frowned and thought for a moment. Then he waved his hand. "I'm fine either way. I'm going!" He walked out with a smile, and so did Yun Feng, after she transferred the three Sound Transmission Jades from the box into her bracelet. She didn't see Ling Xiaoyun in the corridor, so she assumed that he had already left to save energy points in his Trial Card.

Ten high-level ores should be enough for him to cultivate for years...

Yun Feng was about to leave the fair, when she thought that she should get a storage container for her big brother and Xiaojin. It wasn't safe to carry the Sound Transmission Jade. A storage container would be much safer and more convenient. Yun Feng had a lot of storage containers, including the bracelet that the ancestor gave her, and three rings, but she couldn't give them away so easily, so she checked the stands, hoping to see if any of them were selling storage containers.

After searching for a while, Yun Feng regretfully found that storage containers weren't available in the fair. She could only heave a helpless sigh and leave. She decided to give away the Sound Transmission Jades later, as they would cause trouble if anyone saw them. Besides, her big brother was only level 3 at this moment. He'd be like a kid running around with a golden brick in his hand if he was given the Sound Transmission Jade. Xiaojin was only level 4 too. Maybe, she should give the jades to them when they were stronger.

All of them were in the Masang School of Magic, and it wasn't too hard to track them down. Yun Feng thought for a moment and decided to keep the Sound Transmission Jades for them for now.

Leaving the fair, Yun Feng went straight to the society building. Her big brother and Mu Xiaojin were no longer at its door, but there were other students distributing fliers. Yun Feng walked into the building, and found that it was quite lively inside. Countless students were waiting in line excitedly for registration.

Yun Feng glanced around, and saw plenty of rooms on each floor. There was a sign on the door of each of the rooms, indicating which society it belonged to. There were a lot of floors in the building, and

many more societies. Yun Feng squeezed through the crowd, and saw the people whom she was looking for.

“Big brother, Xiaojin!” Yun Feng called out to them. Both of them turned around and looked at her. Mu Xiaojin ran to her delightedly, while Yun Sheng seemed awkward. Yun Feng walked to her and smiled at him. “Big brother, I’m done asking.”

Yun Sheng nodded and petted Yun Feng with great comfort. Yun Feng smiled. Just because she had stopped asking didn’t mean she was unaware of the answer, or that she wouldn’t do anything about it. She wouldn’t spare anyone who bullied a member of the Yun family, no matter the cost!

“Where should we register? I’ve got another two members for your society, big brother,” Yun Feng said with a smile. Yun Sheng smiled too and led Yun Feng to a desk in the front.

“Are you here to register a society or to participate in a society?” asked a student in a friendly way.

“To participate in a society,” replied Yun Feng. The student took out a book and handed it over to Yun Feng. “This is a list of all societies and their introductions. Pick one that you like. I recommend the Fire Society, which has been the champion many times!”

Yun Feng sneered and pushed the book back to him. “No, thank you. I’d like to join the Constellation Society.”

“The Constellation Society?” The student thought for a long time, as if the name had eluded him. At this moment, someone else whispered to him, “It’s the one founded by the water element students. It ranks among the last every year.”

The receptionist got it, and smiled awkwardly. “Alright, let me see.” He then searched for a long time, before he finally found a thin book that was covered in dust and gave it to Yun Feng.

“Just sign your name here.”

Yun Feng accepted the book. Yun Sheng chuckled next to her. Yun Feng opened the book, only to see no more than ten names on it. She grabbed a pen and wrote down her own name. Then, she raised her head and asked, “Can I sign up on behalf of other people?”

The receptionist nodded. “Of course. But you have to ask for their permission first. Your signature will be nullified if they refuse to admit it.”

Yun Sheng nodded, and then wrote down Qu Lanyi and Ling Xiaoyun’s names. She gave the book back to the student, and he smiled at her and put it back in a corner. Then, he went back to his own work. Yun Feng looked rather awful, and Yun Sheng quickly grabbed her hand and took her out.

“What a bunch of condescending guys!” snapped Yun Feng. Mu Xiaojin nodded quickly in agreement. Yun Sheng, on the other hand, smiled bitterly. Yun Feng thought of something and asked, “Big brother, what’s the matter with the Constellation Society? Why does it have no more than ten members?”

With a bitter smile, Yun Sheng pulled Yun Feng aside and heaved a sigh helplessly. “The Constellation Society was founded by the strongest water element students, and it had a lot of members, and received the attention of many students of other classes. It had been developing well, until an internal

conflict burst out and someone took most of its former members away. The Constellation Society has been in a tailspin ever since then.”

### **Chapter 274: Duty (3)**

Yun Feng frowned. “Where did that person take the former members?”

Yun Sheng’s face darkened, as if he didn’t want to talk about it, but Yun Feng understood everything even if he was not telling her. “It’s because of the Fire Society, right? After the Constellation Society was divided, the Fire Society was founded. The Fire Society has been thriving thanks to that traitor.”

“How shameless!” remarked Mu Xiaojin, whose big eyes were ablaze with fury. Yun Sheng touched her head, and she blushed. He said, “That’s fine. It’s all the past.”

Yun Feng raised her brows. The past. “Big brother, who’s the current leader of the Constellation Society right now?”

Yun Sheng’s face turned red. He stuttered for quite a long time. Yun Feng was rather stunned. “Big brother, is it you?”

Mu Xiaojin couldn’t help but look at Yun Sheng curiously, and his face became even redder. “Well... The Constellation Society nearly fell apart. The founder of the society was my friend and I didn’t want it to be destroyed. So...”

Yun Feng chuckled when she heard that. “Big brother, since you’re its leader, we cannot let it go just like this! I don’t really care about the grudges in the past, but I cannot turn a blind eye to those people who provoke you again and again, big brother!”

“Feng, are you going to...” Yun Sheng glanced at Yun Feng. Seeing how worried he was, Yun Feng chuckled. “Big brother, don’t worry. I’m no longer a kid. I won’t do anything unacceptable. We’ll strike them openly and legally. The ranking contests of societies will be a great chance for the Constellation Society to distinguish itself!”

“Hey, you sound rather confident!” Yun Feng heard the voice, and saw the boy who had provoked her big brother at the door of the building earlier. He looked snobbish and made her want to punch him in the face.

“What can I do for you?” Yun Sheng stood in front of Yun Feng, and looked at the person who came at him. The person laughed and looked at Yun Sheng in disdain. “You’re just in level 3. Do you think you deserve to talk to me equally?”

Yun Sheng’s face turned pale, and his body shivered. Yun Feng suddenly walked forward from behind her big brother’s back, and looked at the person with a vague smile. “You’re barking so loudly even though you’re only level 4? Did your master forget to leash you?”

“You...” The boy who talked earlier blushed and pointed his finger at Yun Feng, lost for words for a long time. It was true that he was weaker than Yun Feng. He was humiliated in the same way he humiliated Yun Sheng!

“Chu Kuangren, why do you always act like this? You embarrass me!” said a female. Chu Kuangren’s face turned red, and he made room for her. “I’m sorry, Your Highness.”

The crowd made a way for her, and Yun Feng saw the woman who reached the front from the rear. After three years, Kasa had become even more mature and more attractive. Although her face wasn't as pretty as Yun Feng's, she was much more appealing as a mature lady.

"Yun Feng, you've been here for a long time, yet I haven't greeted you yet. You aren't angry with me, are you?"

Yun Feng's lips curled. "Of course not. We were never friends."

What she said startled everybody. Kasa was the princess of the Karan Royal Family, yet Yun Feng spoke to her with such derision? Kasa looked quite awful, but she managed to gain control of herself.

"Humph. Your tongue is a lot sharper. The Yun family is getting arrogant these days, isn't it?"

Yun Sheng was rather anxious to hear that. Yun Feng, however, laughed aloud. "What's wrong? Is the Karan Royal Family done waiting? Are you speaking on behalf of the Karan Royal Family?"

Kasa blushed. "I'm only speaking on behalf of myself, not the royal family. Don't spout nonsense!"

Yun Feng's eyes turned cold as she listened. "If you don't represent it, think before you talk, or I may misunderstand you and you won't have a chance to explain yourself."

Kasa turned pale. She looked at Yun Feng, somewhat overwhelmed. Everybody else gasped hard. Good lord. That woman was so aggressive in front of a royal princess. How tough of her!

Yun Sheng pulled Yun Feng's hands, hinting that she should stop. Yun Feng, however, held Yun Sheng's big hands to soothe him. Sometimes, if a person conceded again and again to an opponent, the opponent would only become more shameless and demand more!

"Are you trying to get yourself killed? How dare you provoke Her Highness?" Chu Kuangren roared.

Seeing that, Yun Feng chuckled and said, "Kasa, this dog of yours turns out to be quite loyal."

"What did you say? Yun Feng, don't presume that I don't dare to do anything to you because you're a double-element mage!" Chu Kuangren screamed, as if he had been enraged. His face was red and his neck was swollen. "The Fire Society can easily destroy the Constellation Society!"

Kasa didn't feel comfortable when she heard that, but she didn't stop him. Yun Feng's lack of respect made her, who always regarded herself as a princess in the Masang School of Magic, feel humiliated. Nobody in the Masang School of Magic had been so disrespectful to her before. Even that genius only turned a blind eye to her and never had conflict with her! Ever since she met Yun Feng, Kasa had felt that she was dwarfed by her, as if her title as a royal princess didn't mean anything!

That made her angry, yet she was unable to vent her fury. Now that someone had stepped up for her, why would she stop him?

"You want to destroy the Constellation Society? Great! Do that already?" another voice joined. The students who watched the drama were surprised at the number of participants in the fuss. Were they angry that the show wasn't spectacular enough?

Yun Feng turned around and saw Qu Lanyi walking closer in blue clothes. Her alluring face and her tall body were so enticing that all the students stared at her. Yun Feng, however, frowned, knowing that nothing good would happen now that the woman had arrived.

“W-Who the hell are you? You think you’re worthy enough to talk here?” Chu Kuangren’s face turned red when he saw Qu Lanyi. Then, he held back his inappropriate thoughts and roared. Kasa became sullen when she heard that.

#### **Chapter 275: Duty (4)**

“Get the hell out of here!” Kasa’s roar dumbfounded Chu Kuangren. She ignored her and smiled at Qu Lanyi. “Why did you bother to intervene?”

All the students whispered to each other. Who was this gorgeous lady? Why did the princess speak to her so courteously? Qu Lanyi, on the other hand, smiled and walked to Yun Feng. Then, she leaned against Yun Feng as if she didn’t have any bones. Kasa’s face turned gloomy when she saw that.

“Intervene? This is my own business. Don’t you agree, Fengfeng?”

Qu Lanyi’s arrival complicated the supposedly simple matter. The students who were watching the drama didn’t know who this super pretty woman was. Nobody except Yun Feng and Kasa knew that Qu Lanyi was the famous Monster in the Masang School of Magic, who had always ranked first.

Qu Lanyi leaned against Yun Feng lazily. She was a lot taller than Yun Feng, yet she was like a cute little bird that perched on her. And although they were two girls and not a typical couple, they both had stunning cheeks. The men and women who were watching the drama all gazed at them with hearts in their eyes, feeling that they were perfect fits for each other!

Kasa became completely sullen when she heard what Qu Lanyi said. Unlike others, she knew who the woman was! Having studied in the Masang School of Magic for years, she had never ranked first! She was always the second best! Although it was also something to be proud of, Kasa, who had been a proud princess, considered it an embarrassment. Her family had never said anything about the matter, but they were rather angry about Kasa’s second place too.

It would’ve been fine if nobody from the Karan Royal Family were studying in the Masang School of Magic. However, Kasa was there and yet someone else was above her, which suggested that the Karan Royal Family’s descendant wasn’t the best. Everything Kasa did and said was associated with the Karan Royal Family. Although the students admired and even worshiped her, Kasa was never okay with her inferiority.

She had angrily worked hard for a long time, only to find that no matter how hard she tried, she could never win the personal ranking contests. She was already a level-6 mage, yet she was still absolutely suppressed by Qu Lanyi.

Kasa had tried to approach Qu Lanyi, but neither carrots nor sticks worked on her. If she were a man, she would’ve seduced her, but she was a woman! It’s said that every woman is unpredictable. Kasa agreed with that, and thought that it was easier to find a needle at the bottom of an ocean than to figure out what Qu Lanyi liked. No matter how friendly Kasa behaved, Qu Lanyi was always indifferent to

her. Kasa finally gave up after being declined again and again, because Qu Lanyi treated everybody else in the same way. As a result, nobody except the top three of the rank knew her very well!

Kasa, however, didn't expect to see this infuriating scene. Qu Lanyi, who had despised everybody including her, was standing next to Yun Feng so closely! Yun Feng was a new student! How long had she been here? When did they meet each other? Why was Qu Lanyi defending her?

Kasa looked at Qu Lanyi gloomily, and gritted her teeth so hard that they clattered. Kasa felt that her life was never smooth ever since Yun Feng showed up. At first, Murong Yuntian lost interest in her, and even became absentminded while talking to her. Then, there was Qu Lanyi, who was indifferent to everybody else except Yun Feng. All of her misfortunes boiled down to one person: Yun Feng!

Kasa's black eyes were ablaze with fury. There was no telling the reason, but she was more and more exasperated to see how close Qu Lanyi and Yun Feng were!

Qu Lanyi leaned against Yun Feng's back lazily, and Yun Feng glanced back at her. She didn't know why that woman became so close to her. They had only known each other for one day. If she was defending her just because they were roommates, that didn't seem to be a decision that an adult would make.

Although Yun Feng didn't know what was on Qu Lanyi's mind, she was standing on her side at this moment, and it was best to accept the favor. "Yes, you've joined the Constellation Society. Of course you have to help."

Hearing that, Qu Lanyi giggled and brushed Yun Feng's cheeks with her fingers. "Fengfeng, why do you talk as if we're total strangers?"

Yun Sheng stood aside, frowning. He didn't feel comfortable to see the woman lean against his sister. Mu Xiaojin watched how Yun Sheng looked at Qu Lanyi, and somehow became frustrated. She lowered her head and seemed upset.

"Joined the Constellation Society? You've joined the Constellation Society?" cried Kasa in disbelief, raising the whispers of the students who were watching. If Qu Lanyi weren't a woman, they would make a perfect love triangle!

"Yes. What's the matter?" replied Qu Lanyi lazily. She then glanced at Kasa. Her tone indicated that Kasa was an unimportant person to her. Yun Feng raised her brows curiously. Why was this crazy woman talking in a different tone?

"Y-Y-You really don't know what's best for yourself!" Kasa flushed with fury. That woman, the best on the personal rank, had joined the Constellation Society? When did it happen? If she did, what could the Fire Society do? Who could possibly beat Qu Lanyi? The Constellation Society would surely rise on the rank of societies next time!

After Kasa let out the cry in fury, Qu Lanyi's face became a lot colder. She continued leaning against Yun Feng, and rolled Yun Feng's black hair around her fingers. The mole between her eyebrows seemed even redder.

"I don't know what's best for myself? That sounds rather interesting." Qu Lanyi curled her red lips, releasing an inviting vibe again. The men and women around her all blushed. She was too beautiful, so beautiful that nobody could refuse her smile...

## Chapter 276: Asking To Be Beaten Up (1)

“Your Highness, if she wanted to join it, she certainly could. Why do you care about such an unimportant person?” Chu Kuangren, who had been scolded, stepped up, unwilling to give in. He mumbled angrily.

Hearing that, Kasa slapped him right in his face. Chu Kuangren was quite stunned. He gazed at Kasa, wondering what he had said wrong.

“Shut up! Do you not know the trouble that you’ve caused? Get the hell out of here!” Unable to maintain her usual etiquette any longer, Kasa realized that what she had done was rather outrageous, but it was impossible to turn things around. She was almost infuriated to death by Qu Lanyi!

“Please reconsider the matter. I’ll talk to you later. Don’t jump to any decision!” Kasa stared at Qu Lanyi with a softer tone. She suddenly remembered that if Qu Lanyi regretted, then her participation would be nullified. All she needed to do was to change Qu Lanyi’s mind and dissuade her from joining the Constellation Society!

Qu Lanyi raised her brows. She didn’t even bother to look at Kasa. Seeing that, Kasa blushed and walked away in fury. The students who were watching the drama left too after seeing that the princess had left. Soon, everybody dispersed.

Pursing his lips, Yun Sheng strode to Yun Feng and pulled her away from Qu Lanyi who had bound herself to her. Qu Lanyi glanced at Yun Sheng and didn’t resist at all. She smiled and was about to fall into Yun Sheng’s arms.

“Keep your distance from my big brother.” Seeing that, Yun Feng grabbed Qu Lanyi’s arm and dragged her back. Yun Sheng was stunned for a moment. Then, he realized that Qu Lanyi was trying to throw herself at him. He couldn’t help but blush. When he saw that Yun Feng was still holding Qu Lanyi’s hand, he frowned.

He was happy that his sister had friends such as Mu Xiaojin. However, this woman was extremely weird. Her behavior was very casual, and she didn’t care about other people’s opinions at all. She was sort of a... slut. Was it really appropriate for his sister to make friends with such a person?

“Xiaojin, what’s the matter?” Yun Feng saw Mu Xiaojin, who had been silent, and quickly walked to her. Yun Sheng looked at her too, and was surprised to see the frustration in her eyes, wondering what was wrong with her.

Qu Lanyi hopped after them. Mu Xiaojin raised her head and saw Qu Lanyi. Then, she lowered her eyes and seemed even more upset. Yun Feng immediately dropped a hint at Qu Lanyi, implying that she should go.

“Fengfeng, I’ve just defended you, yet you’re already driving me away. How brutal!”

Yun Feng was of a mind to roar aloud. How could there be such a woman as Qu Lanyi?

“You said it was your duty. You only did what you should,” snapped Yun Feng. With a smile, Qu Lanyi patted the hem of her dress. “Never mind. You’re truly a brutal woman. I’m leaving. Don’t come back too late!”

Qu Lanyi turned around and disappeared quickly after saying that. What she said in the end made Yun Feng shiver. Yun Sheng was chilled too. He asked, “Feng, is—is she your roommate?”

Yun Feng nodded, and Yun Sheng seemed rather anxious. “Do you want to apply for another room?”

Dazed for a moment, Yun Feng shook her head with a smile. “It’s alright, big brother. She’s indeed weird, but she’s not a bad person.”

Yun Sheng raised his brows suspiciously. Not a bad person? He didn’t really see that quality. He was worried, wondering if she was already a bad influence to his dear sister. Meanwhile, Yun Feng grabbed Mu Xiaojin’s hand. “What’s the matter, Xiaojin? Why are you so upset? Did anyone bully you?”

Mu Xiaojin shook her head hard, and somehow blushed. Realizing that she wouldn’t confess, Yun Feng stopped asking.

“Feng, you and Xiaojin can go to the Trial Tower for cultivation first. I have some other things to attend to.”

Yun Sheng petted Yun Feng and Mu Xiaojin with his big hands, making Mu Xiaojin’s face even redder. Yun Feng nodded. “Okay then. I’ll go to the Trial Tower with Xiaojin first.”

“I’ll wait for you at the entrance of the Trial Tower tonight.” Yun Sheng left with a smile, and Yun Feng stared at her back. Why wasn’t her big brother going to the Trial Tower?

She shook her head and decided to talk to her brother that night. If he wasn’t entering the Trial Tower, she could offer him enough ores for him to turn into a level 7 expert! Thinking about that, Yun Feng was relieved, and went to the Trial Tower with Mu Xiaojin.

In a remote corner on the mountain in the rear of the Masang School of Magic, Qu Lanyi walked lazily and looked at the woman who had been waiting for her. She asked coldly, “You want to talk to me?”

The woman turned around. She was none other than Kasa. Sizing Qu Lanyi up and down, she finally said, “Qu Lanyi, aren’t you never intimate with anyone? Why were you so close to Yun Feng? Were you trying to embarrass me?”

With her expression unchanged, Qu Lanyi combed her black hair and looked in another direction. “You’re not as important as you think, you know?”

“You...” Kasa blushed with fury, and stood so awkwardly that she didn’t know what to do. Qu Lanyi waited quietly for a few seconds and said, “Don’t waste my time if you have nothing to do.” After saying that, she was about to leave, when Kasa ran forward and grasped her sleeves. Qu Lanyi suddenly became cold, and threw Kasa’s hand off without thinking.

“Don’t touch me!”

Kasa blushed again, and held back the sense of humiliation that filled her heart. She stood there and whispered, “What can I do to change your mind? What do you want? Money? Power? The Karan Royal Family can give you anything you need! What can Yun Feng offer? Does she have anything that the Karan Royal Family doesn’t? The Yun family will be eliminated by the Karan Royal Family sooner or later. Why do you have to push yourself into a fire pit? If... If you like women, the Karan Royal Family can give you the most beautiful woman possible! You can get anything you want!”

## Chapter 277: Asking To Be Beaten Up (2)

Qu Lanyi stood there quietly, with her expression absolutely unchanged. When Kasa said the sentence, she suddenly chuckled coldly and walked toward Kasa. Kasa was one of the taller girls, but not as tall as Qu Lanyi. Qu Lanyi lowered her head, her alluring face becoming bigger and bigger in Kasa's eyes. Kasa's face turned red and her heart raced uncontrollably.

"I can get anything I want?" asked Qu Lanyi softly while staring at Kasa in her eyes.

Blushing, Kasa nodded and said with a lower and lower voice, "As long as the Karan Royal Family can offer it..."

Qu Lanyi suddenly smiled. "What if I want you?"

Panic flashed in Kasa's black eyes, and her head pounded. She was facing a woman, but why was she feeling shy? How was it possible? Kasa bit her lips, as if she was in a dilemma. Qu Lanyi seemed to be running out of patience, and stormed off.

"Wait!" Kasa suddenly called out and stopped Qu Lanyi, who turned back and looked at her with a vague smile. Biting her lips, Kasa whispered with a reddened face, "Y-You can have me."

Qu Lanyi suddenly burst into laughter. She laughed so hard that she almost sounded like a man. Kasa was dumbfounded by the laughter. "W-Why are you laughing?"

Qu Lanyi laughed for another while and finally stopped. She stood straight and wiped the tears at the corner of her eyes. "Who told you that I like women? As I said, don't consider yourself such a big deal, alright?"

Kasa's face was half red and half pale. So, she had misunderstood everything? Qu Lanyi didn't like women? Then why was she so nice to Yun Feng? "What did Yun Feng give you?"

Qu Lanyi smiled. "I asked for something from her. Unfortunately, she didn't give it to me..."

Hearing that, Kasa immediately said, "What do you want? The Karan Royal Family will give it to you!"

Qu Lanyi blinked her eyes and glanced at Kasa in amusement. With a teasing smile, she said, "I asked for Fengfeng's kiss. Can the Karan Royal Family offer that?"

"You..." Kasa blushed again. Qu Lanyi laughed and walked away, not talking to Kasa anymore. Kasa finally understood that she had just been made fun of!

"Damn it!" Kasa stomped on the grass heavily. Yun Feng's kiss? How could she possibly offer that? Kasa was infuriated, but there was nothing she could do. She had the idea of forcing Qu Lanyi to give up, but it was disapproved the moment she told it to her father!

The emperor of the Karan Empire yelled at her and commanded her to dismiss the idea, which confused her. Was Qu Lanyi from a family that even the Karan Royal Family must respect?

Either way, there was nothing Kasa could do about Qu Lanyi. When Qu Lanyi messed with her, she could only hold herself back!

“Ha...” Furious fire elements erupted from Kasa’s palm and burnt up the lawn where Kasa was standing. Smelling the burning grass, Kasa gritted her teeth regretfully and walked away. It seemed that the next ranking contest of societies would be interesting!

\*\*\*

On Yun Feng’s side, she came to the Trial Tower with Mu Xiaojin. The tower was at the center of the Masang School of Magic. A lot of students were coming to or leaving the building with different expressions. When Yun Feng and Mu Xiaojin arrived, two teachers stopped them. After they showed their Trial Cards, one of the teachers asked, “Which floor are you going to?”

Yun Feng pulled Mu Xiaojin’s wrist, and Mu Xiaojin said in a low voice, “I’m going to the floor that’s for level 4...”

“Me too.”

The teacher looked at Yun Feng suspiciously, but didn’t say anything. He simply wiped their cards on a machine, and five of the thirty green dots on the cards turned red, indicating that five energy points had been paid.

“Get in there. Come back in four days, or be prepared to bear the consequences.”

Mu Xiaojin was rather nervous to hear that. Yun Feng, however, smiled at her and walked in with her. After they entered the Trial Tower, they saw a sign on which the floors as well as their corresponding levels and the important notes had been written down. It was meant to warn the students who thought too highly of themselves. In short, the students must be responsible for whatever they did inside the tower.

Yun Feng looked at the stairs. The first floor was for level 1 to level 3. The two of them had to go to the second floor. She went to the second floor with Mu Xiaojin. They met a lot of students on the way, who seemed rather hasty. After all, they all wanted to make the best use of the four days that they had paid for, so that they could grow stronger.

Yun Feng and Mu Xiaojin’s unhurried pace was quite unfitted for the scene. Some anxious students mumbled in dissatisfaction, “Excuse me! I’m in a rush!” Yun Feng made way for them with a good temper. She wasn’t in a rush at all, as she had an astronomical amount of ores. Besides, this Trial Tower wouldn’t be too useful to her.

The two of them came to the second floor, and found that very few people were going to the third floor. Most students were gathered on the second floor. Yun Feng discovered another directive sign on the second floor. Apparently, the second floor was divided into three minor floors, for level 4, 5, and 6 respectively, so that the students could go to areas that were most suitable for them. Yun Feng took Mu Xiaojin to the level 4 area. The way was rather crowded.

On their way, they met few students in level 6, some level 5 students, and a lot of level 4 students. People of different ages were cramming the place. Looking at the crowded level 4 area, Yun Feng frowned. It seemed that most mages in the Masang School of Magic had been stuck at level 4, or there wouldn’t have been so many people here.

The level 4 area was in the shape of a sector, where there were plenty of doors. A sign was hanging on each of the doors. Yun Feng saw names on the signs, and counted more than a hundred such doors in the area...

### **Chapter 278: Asking To Be Beaten Up (3)**

Inside the sector area, there was a round desk where a teacher was working busily and a huge number of students were waiting anxiously. Yun Feng and Mu Xiaojin were both curious. They obediently went to the end of the line. Yun Feng nudged the boy in front of her, and he looked back. He smiled friendly when she saw Yun Feng's pretty face.

"You must be a new student, right?"

Yun Feng nodded with a friendly smile. "We both are. We aren't familiar with the rules here. What are they doing?"

The boy laughed. "Just as I expected! I've never seen anyone as beautiful as you on the campus before! Haha! To answer your question, do you see the hundred doors there? That's where you'll cultivate. Behind each door is an independent space that can accommodate five people. We're waiting in line to claim our badge. Do you see the badges hanging on the doors? You need to put your badge on the door after you go in, or someone else will replace you! So, you must keep your badge properly when you cultivate! This is where you get your badge."

"So in short, we only need to get the badge one time?"

The boy chuckled. "How is it possible? Don't you see how many people are in this area? This place would be a mess if the badges were permanently effective! Your badge is only effective while you're inside the Trial Tower. Next time you come in, you have to apply for a new badge."

Yun Feng nodded. It was just a way to queue the students. "You can only enter the rooms without enough badges. The rooms that are full will be automatically locked. So, you must observe keenly. Don't let other people beat you to open rooms."

Yun Feng glanced at the rooms. Although she couldn't see all of them, she found that their doors were mostly laden with five badges. The students who were waiting to get their badge would have to try their luck. If anyone happened to be ending their cultivation, they would be lucky.

After learning the rules in the Trial Tower, Yun Feng glanced at the area. There were truly too many students. Even if she and Mu Xiaojin got badges, there might be no rooms available. Besides, she had to meet with her big brother tonight. So, she decided to end the visit prematurely.

"Xiaojin, there are too many people here. Let's come again next time, shall we?" said Yun Feng to Mu Xiaojin in a low voice. Mu Xiaojin was sorry for the five energy points she spent, but still nodded obediently. Seeing how regretful Mu Xiaojin was, Yun Feng chuckled and pulled her away.

"Hey, where are you going?" asked the boy in confusion. Yun Feng looked back and smiled. "There are too many people here. We'll come back next time."

While the boy was stunned, Yun Feng had already taken Mu Xiaojin away. The boy turned around, befuddled, and murmured, "This new student must be rich. She doesn't care about the loss of five energy points at all..."

Yun Feng walked out of the level 4 area with Mu Xiaojin. The level 5 and 6 areas weren't as crowded as the level 4 area. Everything was in order. The students who entered or left these areas all seemed proud, as everybody else was looking at them with admiration.

Yun Feng, on the other hand, simply watched coldly. Mu Xiaojin didn't hide her envy at all. Yun Feng shook her head helplessly and looked at the stairs to the third floor. Yun Feng was interested in a trip up there. She heard that there were cultivation areas for students above level 9? But maybe she should go there alone.

"Hey, look who's here. Why are you looking at the third floor? Do you want to go up there? Do you not know yourself at all?" Yun Feng withdrew her gaze, and Mu Xiaojin stared at the woman who had come out of the level 5 area. "Xiao Feng is just looking."

"Am I talking to you?" The woman who walked out of the level 5 area glanced at Mu Xiaojin coldly. The two girls that followed her were both in level 5. Yun Feng grabbed Mu Xiaojin's hand and raised her head, before she put on a mocking smile.

"Murong Ran, it's been a long time."

Murong Ran laughed and pointed at Yun Feng, before she said to the two female students next to her, "Do you know her?"

Both of the students shook their heads. Murong Ran put on a wicked smile and continued, "Her big brother is much more famous. You must know Yun Sheng, the water element student!"

"Oh! That piece of garbage! I know him!"

"Everybody knows that loser!"

Yun Feng's face instantly turned gloomy. Murong Ran chuckled and said, "Fundamentally speaking, a loser's sister must be a loser too, right?"

"Brother Yun Sheng is not a loser, and neither is Xiao Feng!" Mu Xiaojin roared with a reddened face. Despite her usual docility, she seemed to be infuriated, like a kitten that was baring its fangs. She reminded Yun Feng of Meatball, which she had thrown into her bracelet. That little creature usually looked cute too, but would become ferocious when infuriated.

Yun Feng only threw Meatball into the bracelet because she had to. Although Meatball wasn't happy about it, it didn't really resist and had been staying inside the bracelet peacefully. Yun Feng was rather curious. Could it really spend such a long time in peace there?

Murong Ran glanced at Murong Ran. "Who might you be? Another loser of the Yun family? Great! Losers love hanging around with each other! Hahaha!" Murong Ran burst into laughter. The Masang School of Magic was completely enclosed, and little news from the outside world was delivered here. Murong Ran knew something about what happened to the Murong family. She knew that the Evil Wolf Mercenary Group was gone, and the Red Maple Mercenary Team was rising. She also knew that her

family was in an awkward position at this moment. However, she didn't know that Yun Feng was the person that caused all of those things.

Maybe, the Murong Ran didn't tell her anything because of pride, or maybe it didn't have the time to do that. All in all, Murong Ran was so arrogant in front of Yun Feng mainly because she was aware of everything, but didn't know the extent of anything.

### **Chapter 279: Weaker Than a Loser (1)**

Yun Feng held Mu Xiaojin's hand, and listened to the laughter of Murong Ran and the other two female students. She suddenly put on a smile. "Murong Ran, do you dare to fight me here? If everybody in the Yun family is a loser, surely you aren't scared of fighting me, are you?"

Murong Ran felt that something was wrong when she first heard it. Then, she realized that those two people had just come out of the level 4 area and Yun Feng must be level 4 too. Since she had risen to the mid-stage of level 5, it should be easy for her to teach Yun Feng a good lesson!

Murong Ran had been frustrated many times in the Masang School of Magic. It all began when Murong Shuli grounded her for no good reason. Not only did she fail to get back at Yun Sheng, but she was also punished by her grandfather. After she came to the Masang School of Magic, Murong Ran had always tried to cause trouble to Yun Sheng, but the trouble was always somehow resolved. She finally understood that someone was protecting Yun Sheng in secret in the Masang School of Magic!

Murong Ran was infuriated, but there was nothing she could do except to hold back her fury. However, to her surprise, Yun Sheng had been growing really slowly. He was 15, yet he was still level 3, which made him one of the worst students in the Masang School of Magic.

Murong Ran was delighted whenever she thought that. Although she never set up any traps against him anymore, Yun Sheng had turned into a laughing stock to most students because of someone's slander. Murong Ran was quite happy. So, she wasn't the only person who hated Yun Sheng in the Masang School of Magic. That other person was smarter than her. Murong Ran stopped causing trouble to Yun Sheng, but joined the people who mocked him. She was one of the accomplices.

"You think I'm scared of you? If you feel too good about yourself, don't blame me for waking you up!" Murong Ran laughed brutally. She obviously intended to teach Yun Feng a lesson that she would never forget. The hallway where they were standing had a lot of passers-by. Many of them stopped as they noticed that a fight was about to begin.

Fights between students were rare in the Masang School of Magic. All of them were mages, and knew that the cultivation of mages was hard. They had better things to do than fight. They would rather spend the time on strengthening themselves, unless conflicts were inevitable. However, the vibe between Yun Feng and Murong Ran suggested that they had been enemies for a long time. They must've truly hated each other.

In other words, their fight would be splendid!

Diligence didn't necessarily lead to astonishing achievements on the path of cultivation. One had to apply what they had learned to reality, and the easiest way was to fight. Learn and grow by fighting. Although seclusion and hard work were compulsory, fighting was the fastest way to improve oneself!

The students weren't stupid. They didn't have much experience in fighting, but they could still understand something if they watched other people's fights. What they could learn depended on their intelligence. The private duel between Murong Ran and Yun Feng attracted a huge number of watchers.

Looking as more and more students gathered around her, Yun Feng continued smiling, and so did Murong Ran, who hoped that all the students would gather around her. If so, Yun Feng's humiliation would be spread out far and wide!

"A fight is happening! A fight is happening!" Someone rushed into the level 4 area and shouted at the crowd there. Many asked curiously, craning their head, "Who's fighting? Do they have nothing better to do?"

"Murong Ran, who personally ranks tenth, and a new student! They seem to have known each other for a long time! If you don't watch, you'll miss a great opportunity!" the person cried and quickly ran out. The crowd in the level 4 area was a mess. Many people were already leaving. Someone who had claimed their badge but didn't find a spare room hesitated for a moment, and then decided that they might as well watch the drama!

Just like that, more and more students were gathered in the channel, making it rather crowded.

Yun Feng glanced at the crowd, and felt their observing eyes. The more watchers, the better. In such a way, Murong Ran would never forget the humiliation for the rest of her life!

Murong Ran stood there proudly. Neither of them was launching an attack, as if they were waiting for the watchers to gather. After another while, Murong Ran glanced at Yun Feng. "How about it? Shall we begin?"

Yun Feng chuckled. "So many people are watching. I don't want to hurt anyone by accident."

"Haha, what's the matter? Are you scared? You don't want to be humiliated in front of so many people?" Excitement surged in Murong Ran's eyes. She already envisioned Yun Feng's defeat and humiliation, which thrilled her!

Yun Feng shook her head. She was already strong enough to kill Murong Ran with one finger. Naturally, she was much more open-minded than her. That was how one's strength could decide one's attitude.

Yun Feng was looking down at Murong Ran from the heights as if she were a clown and listening to her provocations. In Yun Feng's opinion, it would be demeaning if she was infuriated by such words.

"One round. Let's finish this battle in one round," said Yun Feng casually, which raised a round of exclamations. One round? It was quite rare in the battles between mages? They weren't warriors. About that...

"One round?" Murong Ran mumbled suspiciously and glanced at Yun Feng, wondering if she had any hidden trump cards, or things that were unimaginable. That woman was confronting a level 5 mage when she was only level 4. Was there something wrong with her head for her to make such a proposal?

## **Chapter 280: Weaker Than a Loser (2)**

"One round it is then. Come on!" declared Murong Ran proudly and confidently. Some students who had keen eyes recognized her. "She ranks tenth on the individual rank! I've seen her matches!"

The students who were watching all became excited. Hearing the comments, Murong Ran was even more proud of herself. In terms of strength, she was stronger than Yun Feng; in terms of popularity, she was tenth on the individual rank, whereas Yun Feng was just a rookie student!

Hearing all the discussions, Yun Feng curled her red lips and put a stunning smile on her beautiful face. Some male students blushed and their hearts raced. She held Mu Xiaojin with one hand, and extended the other in front of her, gathering a glittering ball of blue elements.

The students all held their breath. It seemed that the battle was starting, and it would be finished in one round!

Seeing what Yun Feng was doing, Murong Ran didn't want to be eclipsed. She extended her arm and declared, "Earth Sword!" Heavy earth elements appeared in Murong Ran's hand and gathered into a sharp sword, which spun in front of Murong Ran and emitted yellow brilliance.

The students who were watching all exclaimed. The water elements in Yun Feng's hand were flowing too, but they didn't seem aggressive at all. Murong Ran smiled and waved her hand abruptly!

"Go!"

As she roared, the Earth Sword dashed towards Yun Feng. The two of them were very close to each other. Murong Ran didn't consider the safety of the watchers at all when she attacked. When the Earth Sword flew forward, all the watchers unconsciously stepped back. Mu Xiaojin, however, stood by Yun Feng's side while holding her hand without retreating. She didn't even close her eyes. She wasn't scared at all, because she trusted Yun Feng!

Yun Feng smiled. The flowing water elements in her hand emanated gentle light. Everybody fixed their eyes upon her, wondering how she would resist the attack and counterattack for the victory!

Besides the passing students, there were also teachers who were on patrol in the Trial Tower. They were all level 6 magic experts. They patrolled on every floor of the Trial Tower every day to make sure that there were no accidents. After all, every mage was a precious treasure. On the East Continent where mages were rare, the population of mages decided the power of a country.

Although the Masang School of Magic always advocated freedom and asked the students to be responsible for themselves, there were teachers looking after them all the time. Three teachers, who were on patrol, just returned to the second floor from the third floor, when they all changed their expressions suddenly!

The overwhelming pressure was spreading out of the corridor in the front of the second floor like ripples, which shocked all three teachers!

"Oh no. Something is wrong!" cried the teacher in the lead. All of them ran forward hastily and anxiously!

They had only felt such a vibe and such pressure from one person, yet that person couldn't possibly be in the Trial Tower. Had someone snuck into the Trial Tower and ambushed the students? There were so many students in the Trial Tower. If anything happened to them, the Masang School of Magic would surely be blamed!

All three teachers moved in a hurry. When they finally arrived at the battlefield, they saw a huge number of people gathered around, and the pressure was slowly spreading out from the center of the crowd, as if some sort of ultimate energy was being accumulated!

“Stop!” roared the teacher in the lead, but it was too late! The teachers saw that gentle blue slowly spread out from the center and enshroud the incoming Earth Sword like an invisible web. After tying up the Earth Sword, the web continued moving towards Murong Ran!

“What?!” Murong Ran looked at the blue that was coming at her. The water elements were most harmless and known for their recovery feature, yet they panicked Murong Ran at this moment. Her level 5 Earth Sword had been completely blocked. Was she weaker than Yun Feng!

However, it was too late for her to come to such a realization. Murong Ran stepped back awkwardly, and almost fell on the ground. Watching the huge blue web lunging at herself, Murong Ran cried with a palpitating heart, “No!” She screamed, devastated. If she was tied up, she might... She would...

Yun Feng looked aside, as three streams of level 6 mental strength had suddenly covered Murong Ran’s body. She saw three middle-aged men who looked like teachers and seemed relieved. Yun Feng became cold. Level 6 mental strength? Humph!

The blue web wreathed Murong Ran in the end, and disappeared suddenly. Murong Ran couldn’t mock anyone any longer, as if she had been hit by a frost! The students who were watching didn’t know what happened. They only saw that Murong Ran fell on her knees and shivered nonstop. Her lips had turned purple, and her previous red face was turning blue. They were all signs that she was being frozen!

Murong Ran trembled on her knees, feeling that her blood was flowing more and more slowly. She could almost feel that her blood was consolidating. Coldness arose from the depths of her bones and spread to her every cell and every pore!

Murong Ran felt that she was in the middle of an ice cave at this moment, and her body was filled with overwhelming cold. She wanted to say something, yet her lips were trembling and she could not utter a syllable. She wanted to move her limbs, yet they were so heavy that they were almost laden with rocks!

The students all breathed heavily when they saw that, and gazed at Yun Feng. The two female students behind Murong Ran became pale too. They wanted to help Murong Ran get back to her feet, but they pulled back their hands and looked at Yun Feng with fright the moment they touched her!
