Chapter 281: Weaker Than a Loser (3)

Cold. So cold. If they hadn't seen Murong Ran alive, they would've thought that they just touched ice. The cold spread throughout their body the moment they touched her!

Yun Feng coldly looked at Murong Ran who was on her knees. "If everybody in the Yun family is a loser, what are you? You can't even beat a loser?"

All the students changed their expressions! Loser? Could a loser have attacked like that? She had won the battle in one round and almost frozen the tenth on the individual rank? She was from the Yun family. Could she be...

Everybody thought of the same name: Yun Sheng! This girl must be related to Yun Sheng. Damn it! If she was from the Yun family, then why was Yun Sheng so weak? Had he only been pretending to be so?

"What's going on here?" The three teachers squeezed through the students, and all changed their expressions when they saw Murong Ran trembling on her knees. One of them immediately examined her pulse, and found that she was still alive despite all the water elements that surged into her body.

"Who attacked her? What do you want?" yelled the teacher in the lead. This conflict between students had obviously crossed the line. The two girls who followed Murong Ran both pointed at Yun Feng. "It was her! She attacked Xiao Ran!"

Yun Feng stood there quietly, and all three teachers glanced at her. The students who were watching the drama whispered again. Now that the teachers had intervened, Yun Feng was probably going to suffer!

"You attacked her?" The teacher looked at Yun Feng angrily, and Yun Feng nodded. "Yes, I did. But she attacked me first and I was only fighting back. Sir, if someone attacks you, will you just stand there and let them beat you?"

The teacher was rendered speechless by what Yun Feng said. The students were all shocked at her attitude when she talked to the teacher!

"How many years have you studied here as a water element student?" asked the teacher furiously. He was obviously angry that his dignity as a teacher was challenged. Yun Feng smiled casually, "I'm just a new student."

"You are a new student, yet you dare to argue with the teacher. How audacious!" said the teacher sarcastically as he thought about Murong Ran's condition. He knew that Murong Ran ranked tenth on the individual rank and was an important student to Masang, yet she had been beaten so heavily by a new student... Although this new student was delightfully strong, she was too arrogant!

"I wasn't arguing with anyone. Just speaking the truth," said Yun Feng casually. She had always been neutral towards the teachers of the Masang School of Magic except Mr. Ted. She wasn't as respectful to them as the other students were, but she was indeed speaking the truth, despite her tone lacking respect.

"Tell me your name! You're banned from the Trial Tower for a month!" roared the teacher.

Yun Feng frowned when she heard that. "You're punishing me? What have I done wrong?"

"You don't know the reason? You're banned for two months!" The teacher seemed to be exasperated by Yun Feng. Mu Xiaojin was quite anxious when she heard that, and was going to say something, when Yun Feng pulled her back and put on a mocking smile.

"You randomly punish students without a reason? Is this how the Masang School of Magic manages things here?"

The teacher flushed in fury upon hearing that. He would've let the girl go if she had given in, yet she provoked him again and again. "If you say another word, you won't be able to come in here in half a year!"

Hearing that, Yun Feng burst into laughter. Was the Trial Tower really something? The elemental density here was not even one tenth of that in the Dragon Palace! She might have not come here even if they begged her to!

"Be my guest. Do whatever you want. I only know I didn't do anything wrong," said Yun Feng lazily. Then she walked away with Mu Xiaojin. The teacher stood there in fury, and all the students quickly dispersed, fearing that he would vent his anger on them.

"Take her to the infirmary." The teacher looked at Murong Ran and commanded the other two teachers. He was quite uncomfortable when he thought of the disrespectful student. The two girls by Murong Ran's side quickly added, "Sir, that girl is Yun Sheng's sister."

Yun Sheng? The teacher read the name in his heart, and suddenly realized something. The two teachers who were going to carry Murong Ran away were stunned too. Then, they unconsciously looked at each other. Yun... Wasn't one of the double-element students this year named Yun Feng?

"Old Song, this is..." One of the teachers who was carrying Murong Ran looked at the teacher in the lead, hesitating. The leading teacher stiffened for a few seconds. A double-element mage... Was that disrespectful girl Yun Feng? No wonder she had such a temper. No wonder...

"What's the matter? That girl should work on her attitude!" said the teacher in the lead. He looked rather awful. He was only venting his fury when he imposed a half-year ban from the Trial Tower on her. That was too outrageous a punishment. If she really didn't come in half a year, he would be to blame when the double-element student didn't make progress at all...

"Sir, you should've punished her more heavily! Xiao Feng didn't start any of this. She attacked first..." The two girls embellished what happened a moment earlier and described it in a way that Yun Feng was at fault and Murong Ran was innocent. Murong Ran, on the other hand, did look like a victim at this moment.

"Alright. We're done on the matter. Just take her to the infirmary," the leading teacher interrupted the two girls who were adding inflammatory details. They shut their mouths regretfully, and left the Trial Tower with the three teachers. Murong Ran wasn't in a good condition, so the priority was to treat her.

Chapter 282: Weaker Than a Loser (4)

The battle in the Trial Tower was soon disseminated. Murong Ran was still on the sickbed in the infirmary. It was said that she wouldn't recover in another one and a half months. During the one and a half months, many students of the Masang School of Magic visited her in the infirmary, and saw her misery. Some of them weren't there to watch the battle, but after checking Murong Ran's condition, they could totally imagine how brutal Yun Feng's attack was.

A layer of ice formed inside Murong Ran's body every day. The doctors helplessly commented that she wouldn't be healed until the water elements were gone from her body. When they examined Murong Ran, they mumbled, "It turns out the water elements can be so ferocious..."

Murong Ran had become famous, and so had Yun Feng, who was the first new student to have been banned from the Trial Tower. Yet, as a central figure of the event, she wasn't bothered at all. After getting even with Murong Ran, they sat on the rear mountain for a while. Mu Xiaojin wasn't afraid that she might be punished too for being too close to Yun Feng. She would always stand on her side no matter what Yun Feng did!

In the evening, they came back to the Trial Tower, and saw Yun Sheng who seemed anxious in the distance. Yun Feng rushed to him. "Big brother!"

Yun Sheng quickly turned around, and saw Yun Feng. Gloom flashed on his face as he quickly walked back and grabbed her arm. He said angrily, "Come with me. Xiaojin, you can go back first."

Mu Xiaojin blinked her big eyes, nodded, and walked away. Seeing how sullen her big brother looked, Yun Feng knew that he must've heard the news that was spreading all over the campus. Yun Sheng pulled her to a corner, and looked her in the eyes. "Feng, apologize to the teacher!"

Dazed for a moment, Yun Feng looked angry. "No, I won't."

"You..." Yun Sheng was rather infuriated. How could his sister be so stubborn?

"I didn't do anything wrong. Why should I apologize? Murong Ran provoked me and attacked me first. Should I have just waited to be hit by her?"

"Feng, if you can't enter the Trial Tower, how can you improve yourself? Let's go. You'll apologize to the teacher. Be a good girl..." Yun Sheng held Yun Feng's hand and dragged her forward, but she then threw his hand off.

"I only know that the Yun family won't be insulted ever again. I won't allow anyone to take advantage of you or our father! If I did anything wrong, I would apologize. But this time, I didn't do anything wrong!"

Yun Sheng looked at Yun Feng's face and heaved a helpless sigh. He cared so much about his dear sister that whenever anything happened to her, he would be as anxious as an ant on a hot pan.

Yun Feng slowly grabbed Yun Sheng's big hand and took him to a quiet corner. Yun Sheng became solemn. Tonight, they should talk to each other candidly as brother and sister, without hiding anything that happened in the past three years!

In a corner of the Masang School of Magic, there was a tall tree. Nobody was around. Occasionally, several students passed by, talking and laughing. The night had already fallen. Most students of the

Masang School of Magic had gathered in the cafeteria. Some had returned to their dorms, and some were still working hard in the Trial Tower. Few were wandering around.

Yet, this empty corner wasn't as empty as it seemed. Yun Feng had already secluded this space from the outside world with her mental power. Unless Commander Level experts came, they couldn't see her and her big brother or hear their conversation at all. Yun Feng didn't want Qu Lanyi to eavesdrop on her again like she did earlier. After all, this was the Yun family's internal business. She wouldn't be comfortable if an outsider overheard it.

Yun Sheng keenly realized that something was wrong with the space around him. After doing all the preparations, Yun Feng said to her big brother, "Big brother, I've made significant progress in the past three years. What we're about to say to each other won't be heard or seen by anyone else, unless they're as strong as myself."

Yun Sheng looked at her sister. "Have you reached level 9, Feng?" Yun Sheng's heart palpitated fast. If his sister had grown so strong, she would be a great support for the Yun family!

Yun Feng shook his head with a smile. "I'm not in level 9. Right now, I'm in the early stage of the Commander Level. I've been there for three months."

Yun Sheng's pupils contracted quickly, and he held Yun Feng's shoulders with excitement. "Commander Level... Feng, you..." Yun Sheng was so excited that he was unable to speak a whole sentence.

Yun Feng grabbed her brother's hand softly and said, "Big brother, I've been through a lot of fortuitous incidents during the last three years. I'll tell you all about them. But before that, you must tell me what happened to you in the last three years with every detail!"

Yun Sheng's face darkened. Seeing that, Yun Feng shook his arm. "Big brother, are you reluctant to tell me because our enemy is stronger than me?"

Yun Sheng seemed gloomy, and eventually heaved a heavy sigh. Yun Feng realized that her big brother had finally given up resistance! Yun Sheng petted her, with worries in his eyes. "Feng, I didn't want to tell you because I didn't want to impose all of the Yun family's burden on you. After all, I'm the oldest son of the Yun family, and you're my sister. I should protect you as your older brother. However, it seems that I'm the one who needs protection."

Yun Feng put on a smile and grabbed her big brother's hand more tightly. "I'll protect you and everyone else in the Yun family, because you've been taking care of me!"

Yun Sheng nodded, and finally confessed the important reason why Yun Sheng had been stuck in level 3 for three years. Back then, when Yun Sheng was successfully admitted by the Masang School of Magic, Yun Jing was very happy. When he went to the school, Yun Feng had already left home to travel, so Yun Sheng came to the Masang School of Magic alone.

Chapter 283: Yun Sheng's Transformation (1)

Everything should've been wonderful and bright. Yun Sheng planned to work hard and improve his level. He hoped that he could grow strong fast. He reached level 3 three months after he entered the Trial Tower. He was faster than most of his peers.

Yun Sheng was quite satisfied with his speed. Everything had been going well, until an accident happened in an excursion that was prepared for students in groups of five. As an excellent student, Yun Sheng was assigned to an excellent group. His team overcame a lot of difficulties on the way, and eventually encountered a powerful Magic Beast, which heavily wounded him. After he recovered, he was weirdly stuck in level 3. No matter how he cultivated later, he never made progress anymore.

Yun Feng listened quietly and stared at her big brother in the eyes. Her scorching eyes made Yun Sheng avert his eyes. Holding his hand, Yun Feng asked in a low voice, "Was Kasa in your group?"

After a long time, Yun Sheng finally nodded, and Yun Feng turned cold. "Did she push you out when the Magic Beast attacked?"

Yun Sheng shivered and stayed silent. Yun Feng became gloomy, emitting appalling killing intent. Kasa, well done! As the renowned princess of the Karan Empire, she fled in the disaster and used Yun Sheng as a shield! He was wounded because of her. Yet, instead of compensating for him, she caused even more trouble to him! She was shameless and disgusting!

An idea occurred to Yun Feng. The Karan Royal Family must've truly hated the Yun family. Once the Yun family grew stronger, the Karan Royal Family would definitely strike it. At this moment, the Yun family was protected by the Yun Army, and her big brother was alone. Otherwise, he wouldn't have been so miserable for three years. If she hadn't come to the Masang School of Magic, her big brother would have suffered even more humiliation!

"Feng, forget revenge. Maybe it's just my fate..." Yun Sheng smiled bitterly. Yun Feng, however, shook her head quickly. "Fate? I don't believe in fate! I'm the master of my own fate. If you want to let the heavens take control of yours, then I'll destroy the heavens!"

Yun Sheng almost wept when he heard what Yun Feng said. That was exactly what she was like. She never admitted defeat, and always persevered in whatever she believed in. She never flinched no matter how many thorns lay in her way!

Yun Feng's mental strength invaded Yun Sheng's body, trying to figure out her big brother's problem. Was it because of the Magic Beast's attack? What kind of attack could've suppressed a man's strength and prevented him from advancing?

Her mental strength wandered in Yun Sheng's body. When she touched Yun Sheng's spiritual space, Yun Feng was quite shocked at the abundance of mental strength in it. It was much more than what a level 3 person should've had. Yun Feng examined it carefully, and found that his mental strength was level 6! Yet, his mental strength was completely confined in his spiritual space and couldn't be unleashed. Yun Feng slowly withdrew her mental strength, and was greatly puzzled.

"You never gave up cultivation in the past three years, big brother, did you?"

Yun Sheng nodded. Although he knew he was stuck in level 3, he didn't want to give up just like that. Yun Sheng was a stubborn person too. He had been insulted many times in the Masang School of Magic. Some even called him a loser right to his face. He had endured all the sneers and mockeries, but he never gave up hope. He had been cultivating nonstop during the three years. Thanks to Mr. Ted's help, he was never short of energy points in his Trial Card either.

After learning of that, Yun Feng appreciated Ted even more. He had truly taken good care of her big brother, and given him a lot of help during the three years. Yun Sheng was quite grateful, yet he was still stuck in level 3 and never made any progress.

He never informed his family of his condition. He was a disgrace to the Yun family that was on the rise... Yun Sheng had been living a depressing life stubbornly. However, after his sister arrived, it was impossible to keep the matter a secret anymore. He didn't want to cause trouble to Yun Feng. After all, Kasa might not be to blame for what happened to him. He was afraid that Yun Feng would challenge the Karan Royal Family in fury, which could be very dangerous. It wouldn't be worth it at all for a brother who was only in level 3.

However, he was touched by his sister's genuineness, and stopped worrying after learning that Yun Sheng was already in the Commander Level. He was afraid that Yun Feng was too weak to challenge the Karan Royal Family. However, his sister gave him a big surprise. There were no more than five Commander Level experts in the Karan Royal Family!

He was even more touched by her saying "I'm the master of my own fate". His sister brought honor to the Yun family, their father, and him!

"Brother, I've just examined your spiritual space. You're actually not in level 3 at all, but level 6!" Yun Sheng was quite shocked to hear that. Level 6? He was actually in level 6 rather than level 3? What was going on?

"I have no idea what's going on, but it's absolutely true that you're in level 6. What should I do..." Yun Feng frowned. The anomaly in her brother's spiritual space made her realize that the world was more complicated than she thought.

"Ancestor, what do you think caused my brother's condition?" Yun Feng asked in her heart. Yun Lan, who had been living in Yun Feng's spiritual space, frowned for a long time and finally said, "His condition is very rare, but not unknown. It has nothing whatsoever to do with the Magic Beast's attack. He is the cause of the problem. If my guess is correct, Yun Sheng must have a special phase body."

Chapter 284: Yun Sheng's Transformation (2)

"A phase body?"

"Kid, most people have normal bodies. However, there are people who have special bodies. There are a couple types of special bodies, but I only know two. One is Yun Sheng's phase body, and the other one is the absolute body."

Yun Feng was rather stunned at the explanation. This world was truly full of wonders. It was just like how there were different blood types in her original world. There were special bodies here too!

"Judging from what has happened, the phase body hasn't benefited my big brother at all," Yun Sheng concluded. Her ancestor, however, chuckled. "Haha. Kid, you're too pessimistic. I haven't finished yet. It's quite unusual. You're the first unusual genius of the Yun family. Then there's Yun Sheng. Yun Jing does have a lot of distinguished heirs!"

"Ancestor, please finish!" Yun Feng mumbled angrily. Her ancestor finally explained, "The phase body is exactly what the name signifies. The people with such bodies cultivate in different phases. Yun Sheng is

a good example. When he reached level 3 and hit the ceiling of the intermediate level, his phase body was activated, and he's been stuck in level 3. However, his mental strength has been growing. He will be stuck between two levels until he meets the requirements for the next major level. Then, he will change significantly!"

Yun Feng nodded and understood. "So, when my big brother's mental strength reaches the peak of level 6, he'll jump to level 7 from level 3?"

The ancestor nodded in delight. "Exactly. It's very easy for such people to hide their strength, and they often cause misunderstanding. Of course, they may astonish others too."

Yun Feng grinned. Yun Sheng had been watching her frown and considered. Seeing her grin, he asked in confusion, "Feng, why are you so happy?"

Yun Feng laughed and she held Yun Sheng's hand tightly. "I should be happy! My brother is an amazing man! How can I not feel happy?"

Yun Sheng was rather bewildered. Holding back her excitement, Yun Feng relayed what her ancestor said to him. The more Yun Sheng listened, the wider his eyes became. In the end, he looked at Yun Feng with disbelief and delight!

"Feng, are you sure that's the reason? Not anything else?"

Yun Feng nodded quickly. "Yes, I'm very positive! Big brother, you're not garbage or a loser; you are an unusual genius that nobody else can compare to! Even I envy you, big brother!"

How could she not envy him? He was the type of person that could easily startle others. He had been stuck in level 3 for three years, and when his mental strength reached the peak of level 6, he would jump to level 7. A lot of people's eyes would pop out by then!

The Magic Beast's assault was an accident, and Yun Sheng had naturally ascribed his misfortune to it. He never considered that it was because of his special body. His body was so rare! The Yun family was truly fortunate!

Yun Sheng's lips shivered, and his eyes were filled with excitement too. Although he had never abandoned himself and had been working as hard as always during the three years, he never thought that he was not really hopeless at all. All of his misfortune was just an inevitable process that he must complete.

His greatest concern was resolved. Although Yun Sheng wasn't stuck because of the Magic Beast, Yun Feng remembered Kasa who caused trouble for him. She would get back at her in good time, but not yet. The Yun family wasn't strong enough to challenge the Karan Royal Family yet, but she could deal with Kasa. The individual ranking contests would be the best opportunity!

The brother and sister's moods turned from gloomy to sunny. Yun Sheng was no longer frustrated. Although he was still uneasy and couldn't fully believe what he just heard, the new theory did rid him of his depression. Yun Feng told her brother the amazing things that happened to her during the last three years, making him exclaim. She skipped the details, as her brother would've worried sick for her if she had told him every detail of the adventures.

She told her brother that she had contracted a new Magic Beast. Hearing that, Yun Sheng raised his thumb at her. When she told him about her master and the Dragon Palace, Yun Sheng said exactly what their father said. When Yun Feng became strong enough, she had to rescue that strange senior to return his favor!

When they talked about the Dragon Palace, Yun Feng suddenly remembered the elemental density on the tenth floor. The phase body was very special, and her brother could only cultivate on the ground floor for now. To reach the peak of level 6 on the ground floor, it would take a lot of time.

I wonder if outsiders are allowed to enter the Dragon Palace... An idea occurred to Yun Feng. She had already refined the channel to the Dragon Palace, and it shouldn't be a problem to send her brother into it... Accessibility to the palace was no longer a problem now that its channel had been refined. With a thought, Yun Feng summoned the dragon-shaped pendant. "Big brother, this is the channel to the Dragon Palace that I've refined. Hold onto the pendant. I'll try to send you there. The elemental density there is multiple times higher than that in the Trial Tower. It's the perfect place for your cultivation."

Yun Sheng nodded, and laid his hand on the dragon-shaped pendant, which trembled softly. He was immediately enshrouded in light and disappeared. On the secret tenth floor of the Dragon Palace, Yun Sheng reappeared. When he saw the items on the tenth floor, Yun Sheng couldn't help but click his tongue. It was true that Feng's master was an extraordinary person! Besides the surprisingly copious ores and magic crystals, Yun Sheng had sensed that the elemental energy in the air here was much greater than that in the Trial Tower! The senior who owned this place must be a great expert!

Chapter 285: Yun Sheng's Transformation (3)

It was truly lucky for Feng to find such a strong master!

"Big brother? Big brother!" Yun Feng's voice echoed on the tenth floor, and he instantly replied with a smile, "Feng, don't worry. Everything is fine. The elemental density here is indeed multiple times greater than that in the Trial Tower. Your master is truly extraordinary!"

Yun Feng chuckled in the outside world. "Brother, just focus on cultivation there. In half a month, you'll probably jump to level 7. It'll be time to sign up for society ranking contests. You'll astonish those who have always despised you!"

Yun Sheng chuckled and sat cross-legged, closing his eyes and devoting himself to cultivation. He would find out whether or not he had a special phase body and could jump to level 7 as long as he cultivated here!

In a corner of the Dragon Palace, a pair of gray eyes slowly widened with confusion. A level 3 man had entered the Dragon Palace? Did the girl let him in? What was she up to? The young man moved his body. Thinking for a moment, he closed his eyes again. He was too sleepy to care about what the girl was doing.

Now that her big brother started cultivating in the Dragon Palace, Yun Feng was finally relieved. She threw the dragon-shaped pendant into her bracelet and was about to withdraw her mental strength, when the fuzzy creature inside the bracelet stopped her. Was it... Meatball?

She took Meatball out with a thought. After it appeared in her hand, it slowly opened its eyes first, as if it had been sleeping for a long time. When it saw Yun Feng, it suddenly became energized, and extended and waved its paws at Yun Feng, with obvious fury in its big eyes.

Was it angry? Yun Feng looked at Meatball in confusion. Meatball's cheeks were puffing because of fury. Yun Feng found it adorable and couldn't help but flick at Meatball's forehead. Meatball cried pitifully, and patted Yun Feng's hand with its tail, as if it were protesting.

"What's the matter?" With a teasing smile, Yun Feng grabbed Meatball and shook it. She had been missing the little creature. There were too many students in the Masang School of Magic, and Meatball might cause trouble if it was released. So, she had to keep it a secret. She finally had the time to play with it at this moment. Her life would be boring if she couldn't "torture" Meatball!

Meatball's plump body shivered nonstop, and it kept patting Yun Feng's hand with its tail. It was obviously unhappy, but it didn't bite her. It seemed to be indulging Yun Feng. If anyone else had done that to her, it would've bitten them already.

"Nana... Nana..." Meatball cried in a low voice lethargically. Yun Feng examined it carefully, and finally reached a conclusion. "Are you hungry?"

Meatball's black eyes glittered, and it nodded its little head and wriggled its body nonstop. It even waved its claws excitedly. Yun Feng's thought was confirmed. It was truly hungry.

She took out an ultimate ore, and Meatball almost lunged towards it. It gazed at the ultimate ore with its grape-like eyes without blinking at all. Yun Feng heaved a long sigh. "Take it easy. I only have limited ultimate ores."

Hearing that, Meatball cried pitifully. Yun Feng's lips curled. Just keep playing cute... She loosened the ultimate ore from her hand, and Meatball immediately caught it with its claws and put it in its mouth, chewing with great satisfaction while wagging its tails. It seemed ecstatic.

Yun Feng watched for a long time. Meatball's mouth that was filled up by the ultimate ore finally became empty again. It burped with great satisfaction, and patted its tail on the back of Yun Feng's hand. Yun Feng smiled and let it go. Meatball jumped to her shoulder and nuzzled her cheek to please her.

"Tsk. How obsequious..." Yun Feng mocked Meatball with a smile, and Meatball chirped happily. She suddenly thought of something, and grabbed Meatball again. Meatball made a sound obediently, and looked completely innocent and cute.

Yun Feng narrowed her eyes. If she remembered correctly, this little creature could enter or exit the space in her bracelet. So, could it enter her master's ring? Considering how gluttonous it was, it was completely unreasonable that none of the ultimate or high-level ores were missing!

"Did you consider entering that ring?" Yun Feng narrowed her eyes and observed Meatball questioningly. Meatball shook its head, but gave in to Yun Feng's determined eyes. It nodded in the end.

Yun Feng's lips cramped. Just as she expected. Fortunately, it was her master's ring. If it were someone else's, this little thing would've emptied it already! Yun Feng glared at it and dragged it close to her face. They looked each other in the eyes.

"If you dare to eat the ores, I will never talk to you again."

Meatball seemed dazed. Then, it seemed to be struggling against itself. Finally, after a fierce inward debate, it finally made a sound and patted Yun Feng's hand with its tail. Yun Feng heaved a sigh of relief. Fortunately, between the ores and her, she was the winner.

"Please hang in there for another while. I'll remind myself of the time and won't starve you again," said Yun Feng softly. Meatball brushed Yun Feng's arm with its tail. Yun Feng loosened her hand, and Meatball flashed into Yun Feng's bracelet. Yun Feng shook her head helplessly. That creature was fundamentally a gourmet. She might go bankrupt because of it someday...

Canceling the mental strength that blocked the space, she saw that there were few people at the periphery of the Masang School of Magic, and that the many lights in the dormitory building had been turned on. Yun Feng touched her belly, and decided to go straight back since she wasn't hungry. She would also check up on Xiaojin along the way.

Chapter 286: Yun Sheng's Transformation (4)

When Yun Feng came to Mu Xiaojin's room on the third floor, she was rather ill at ease, and was relieved to see Yun Feng. Although she meant to ask if Yun Feng had made peace with Yun Sheng, she didn't ask as there were other people in her room. Yun Feng glanced at Mi Lingli's spot, only to find that it was vacant. Yun Feng and Mu Xiaojin talked for a while. Then, as Yun Feng was going to leave, the door was opened and she ran into Mi Lingli.

"Get out of the way," Mi Lingli said to Yun Feng. Yun Feng looked at her side. There was enough space for her to pass, yet she demanded that Yun Feng get out of the way. Yun Feng smiled, unwilling to argue with her. She made way for her, and Mi Lingli said when she passed her, "I've heard about your loser brother. If I were you, I would rather not have such a big brother."

Yun Feng's eyes turned cold. She quickly extended her leg, and Mi Lingli, who didn't really notice it, was tripped, falling to the ground. Mi Lingli rose from the ground furiously and roared, "You should know what's best for yourself. It was a piece of good advice!"

Raising her brows, Yun Feng suddenly asked, "Are you in the Fire Society?"

Mi Lingli was stunned by Yun Feng's question that was completely irrelevant. She nodded, and Yun Feng suddenly smiled. "Tell Kasa that the Fire Society will no longer be the top-ranking society!"

Mi Lingli gazed at Yun Feng for a long time, and eventually burst into laughter. "Hahaha. It won't be? Why will the Fire Society no longer be the top? I heard that you joined the Constellation Society, which is one of the bottom-ranking societies. You think you can change it by yourself? Yun Feng, aren't you too confident in yourself?" Mi Lingli was quite blunt. She admitted that Yun Feng was quite strong and stole all of her thunder. Still, that woman's declaration was hilarious! Did she think she was an omnipotent goddess?

The other two girls in the same dormitory all opened their mouths when they heard Yun Feng's declaration. Then, they realized their lack of manners and covered their mouths. They simply peeped at Yun Feng dozens of times.

They merely felt that the girl was confident, not arrogant. If someone else had said that, then they would be downright stupid. However, when Yun Feng said that with her casual and confident smile, she gave everybody the feeling that it was not empty talk, and that the Fire Society's position would be challenged this year!

"Xiao Feng, go for it!" Mu Xiaojin grabbed Yun Feng's hand and said in a low voice. Mi Lingli looked quite awful when she heard that. Yun Feng smiled. "Just relay my words to her. There's nothing you can really do to help her, is there?"

Mi Lingli burst into fury when she heard that. "Why do I have to follow your instructions? You can speak to her on your own. Don't ever try to turn me into your errand girl!" she announced with anger. Then, she went to her bed and stopped talking to them.

Yun Feng chuckled. Fine. It was true that Mi Lingli was too unimportant a figure to cause panic in the Fire Society. She might as well go to the Fire Society and declare war on it by herself.

Yun Feng nodded and left after saying a few words to Mu Xiaojin. After she left, the two girls who had been watching the drama rose quickly. "Well, excuse us..." they said in a low voice, before they went straight to the neighboring dormitory. After they opened the door and entered the dormitory, both of them gasped hard. "Oh my goodness. The Fire Society will be challenged! Someone declared war on the Fire Society!"

The girls in that dormitory were excited too, and all asked what happened. The visitors vividly described what they had seen. Yun Feng's casual yet intimidating words left a deep impression on all the girls. Some thought she was simply stupid, and some thought she was awesome. They spread the news to their friends. By the time Yun Feng returned to her dormitory, the news had already been spread to the fifth floor, where Kasa lived.

Kasa had been taking care of her facial skin in her room. Although she was still young, she always took good care of her skin. Every woman wanted to be more beautiful. Kasa was sticking something to her face, when someone pushed the door and walked in hastily. She asked, "What's the matter? Everybody seems excited."

The newcomer chuckled. "How can they not be excited? Kasa, your Fire Society has been challenged."

Kasa laughed and wasn't bothered at all. "Oh? Who's so courageous as to challenge the Fire Society? Are they not afraid of death?"

The girl smiled again. "Trust me. You don't want to know who she is."

Kasa, who had been sitting comfortably, stiffened. A name flashed in her head, and her facial muscles twitched. "Who is she?"

The girl walked to Kasa and said to her, one word after another, "It's been confirmed. Yun Feng challenged you."

Kasa suddenly rose to her feet from the chair. Her facial masks all fell to the ground. Her eyes widened with fury. Yun Feng again! She seemed to be her nemesis. Her first invitation was declined by that woman. Murong Yuntian became increasingly cold to her. Qu Lanyi's attitude to her was uncanny too. And at this moment, Yun Feng even publicly challenged her!

Kasa clenched her fist so hard that sparks of fire elements erupted from her palm, scaring the girl next to her. She suddenly chuckled. "Inform all the members of the Fire Society to gather tomorrow!"

Hearing that, the girl nodded quickly and walked away in a hurry. Kasa stood there with glittering eyes. She gritted her teeth so hard that they were clattering. "Yun Feng, you dare to challenge the Fire Society? If you do, then I certainly dare to accept the challenge!"

Yun Feng returned to Room 753, whose door was as annoying as before because a perverted monster lived in it. She heaved a soft sigh and turned the doorknob to open the door. Hardly had she stepped inside when she saw a blue person moving quickly and straight at her body. She tried to dodge, only to find that the person was following her and couldn't be gotten rid of, like a sticky candy.

Chapter 287: War Declaration (1)

"Wow!" The person stuck herself to Yun Feng. Fortunately, Yun Feng's body had been modified, or she would've been pressed to the ground. She gloomily locked the door, and was going to throw the person who was unwilling to let her go.

"Qu Lanyi, get off of me!" roared Yun Feng. She grabbed Qu Lanyi's arm and tried to push her away. Yet, Qu Lanyi was still bound to her. She was much taller than Yun Feng, yet she was stuck to her at this moment. It was a rather hilarious picture.

"Fengfeng, I've been waiting for you for a long time. What took you so long?"

Qu Lanyi laid her head on Yun Feng's nape, giving Yun Feng goosebumps all over her body. She had never been so intimate with anyone. She had only hugged her father and brother. She barely shook hands with strangers regardless of their gender. She was quite uncomfortable now that Qu Lanyi embraced her.

"Stand straight if you want to talk to me! Get off!" yelled Yun Feng angrily. How could that woman's body be so slippery? When she pulled part of it off, another part would be stuck to her again. Qu Lanyi nuzzled her with her big head. Yun Feng couldn't stand it any longer. If the woman refused to go, she would definitely punch her away!

"You're so mean. I shouldn't have wasted my time preparing a surprise for you." Qu Lanyi quickly left Yun Feng and kept a subtle difference from her. She wore a smile, as if the sticky candy a moment earlier weren't her.

Yun Feng righted her clothes and stepped back. Seeing that, Qu Lanyi chuckled. "I was just kidding. We're both girls. What's the big deal?"

Yun Feng was very gloomy. Vague thunder could even be heard from above her head. If Qu Lanyi were a man, then she would've been killed already...

“Fengfeng, look!” As if nothing had happened, Qu Lanyi walked to her table and picked up a card. Yun Feng saw many pens in different colors on the table. She must’ve been working on the card for a long time. Yun Feng was a lot less angry. Although that woman was sticky, she was not a bad person...

Yun Feng accepted the card. “What’s this?”

Qu Lanyi blinked her beautiful eyes. “Why don’t you open it and find out?”

Yun Feng glanced at the card in her hand. There was a flower on the surface of the card. Yun Feng had never seen such a flower before, but it was exceptionally beautiful and dazzling. Nobody could move their eyes away after seeing it.

Seeing that Yun Feng’s eyes were fixed upon the flower, Qu Lanyi asked, “Isn’t it beautiful?”

Yun Feng nodded. She softly touched every stroke on the petals of the flower, knowing that Qu Lanyi must’ve just drawn it, because some of the paint was left on her fingers. “It is. I’ve never seen such a flower before.”

Qu Lanyi chuckled. “This flower is from my hometown. You can’t find it here.”

Yun Feng raised her head. “Your hometown?”

Qu Lanyi nodded, and there was some sorrow on her smiling face. “The flowers in my hometown are more beautiful than this. I’ve been away for many years. I don’t remember what the flowers looked like exactly, but luckily, I haven’t forgotten all about them. That’s worth celebrating.”

Yun Feng nodded. From this tiny card, she could tell that Qu Lanyi loved her hometown. “Where is your hometown?”

Qu Lanyi chuckled again and shook her head. “A very small place. Fengfeng, you won’t be interested in it. However, I’m very interested in your hometown. Why don’t you take me there sometime?”

Yun Feng was stunned. How come she became the inviter instead of the invited? How could she refuse Qu Lanyi now that she had put it that way? Yun Feng managed a smile and nodded. She nodded and opened the card, only to see a big red heart pop up and beat in front of her eyes. Yun Feng controlled her facial expression very well and simply gazed at it, but she was quite lost for words.

Above the red heart was a big smiling face. On one side of the smiling face, there was a sentence: Fengfeng, let’s be a couple of lovely roommates! Then, there were two hearts that leaned against each other. Yun Feng narrowed her eyes. Did her eyes deceive her? She saw “Qu” and “Feng” on the two hearts.

Yun Feng slowly raised her head, and Qu Lanyi was looking at her hopefully. “Fengfeng, do you like it? I knew you would like it. I spent the entire afternoon working on it, and I waited for such a long time to give it to you in person. You like it, don’t you?”

Qu Lanyi gazed at Yun Feng. Yun Feng held the card, and the heart on it was still beating... She managed a smile. “Well, hehe...”

Qu Lanyi smiled happily. “Fengfeng, you’ve also promised me that you’ll take me to your home. You must honor your promise.”

Yun Feng's lips twitched again. She found the woman rather unreasonable. Now that she had said that, what could she possibly say? For the first time, Yun Feng felt like she had been completely suppressed.

Yun Feng put the card on her table. Seeing that, Qu Lanyi immediately put on a sweet smile. "Fengfeng, you'll keep this card forever, won't you?"

Yun Feng completely stiffened. She focused her eyes on the card, where the red heart was still beating. "Yes, of course," she gnashed. Qu Lanyi stood there delightedly, and suddenly pointed at Yun Feng. "Fengfeng, the pendant you're wearing is so beautiful."

Yun Feng suddenly became cold, and unconsciously reached for her neck. She didn't know when it happened, but the black jade pendant that she had been hiding underneath her clothes fell out and was hanging in front of her chest. Luckily, the dragon-shaped side was against her chest, which made her relieved.

"It's no big deal. I'm wearing it because I like it very much." Yun Feng smiled and was about to put the black jade pendant back into her clothes, when Qu Lanyi came close and grabbed Yun Feng's wrist. She stared at the pendant carefully.

Chapter 288: War Declaration (2)

"Fengfeng, I think I've seen your jade pendant before..." Qu Lanyi mumbled. Yun Feng, however, became anxious. She had seen it? Yun Feng never knew to whom this mysterious black jade pendant belonged. The Array of Life inside the pendant suggested that its owner was in the Lord Level! Yet, Qu Lanyi claimed that she had seen it before. Had she met this Lord Level expert?

Yun Feng didn't say anything. Where exactly did Qu Lanyi see it? In her hometown, or somewhere else? It required a lot of luck to meet a Lord Level expert! Yun Feng stared at Qu Lanyi, yet Qu Lanyi extended her finger and turned her black jade pendant around!

"Don't touch it!" When the other side of the black jade pendant, where a scary dragon head was engraved, was revealed, Yun Feng knocked Qu Lanyi's arm away and backed off. She quickly put the jade pendant back into her clothes, while she looked at Qu Lanyi vigilantly. Qu Lanyi, however, smiled. "It looks so familiar that I thought there was the same thing on its back. But they're different..."

While talking, Qu Lanyi reached for her clothes and took out a jade pendant too. Her jade pendant was entirely white, and had been penetrated by an invisible thread for her to wear. The moment the jade pendant appeared, Yun Feng realized that it was having significant reactions with her black jade pendant!

"Fengfeng, I have a jade pendant too. Yours is very similar to mine..." Qu Lanyi walked close and handed over the white jade pendant in her hand. Yun Feng vividly saw that there was a strange bird on one side of this white jade pendant. The bird was flapping its wings and seemed about to fly away from the pendant.

"You..." Yun Feng mumbled in confusion. This black jade pendant had appeared inside her ancestor's bracelet for no good reason. It didn't belong to her ancestor. Why was there an Array of Life in it? Who was its previous owner? At this moment, Qu Lanyi turned out to wear a jade pendant in the same style,

except that the two jade pendants were in different colors and their engravings depicted two different creatures.

“The jade pendant is rather strange...” said Qu Lanyi causally. Yun Feng didn’t say anything. Strange? She naturally felt it too. When the white jade pendant approached her, the black jade pendant seemed to be seething, as if something inside the jade pendant was reverberating with the approaching white jade pendant.

Qu Lanyi put on a smile and grabbed Yun Feng’s hand. “Fengfeng, maybe we were meant to meet each other. Don’t you agree?”

Yun Feng’s throat was dry. Were they really meant to meet each other? How could there possibly be such a thing?

“How romantic. If I was destined to meet Fengfeng, then I’m grateful for my fate,” said Qu Lanyi with a smile. She put back the white jade pendant, returned to her bed, and took off her clothes. She seemed ready to sleep.

“Fengfeng, are you still not going to bed?”

Dazed for a moment, Yun Feng nodded. She didn’t take off any of her clothes, and simply lay down on the bed. Her heart had been pounding because of what Qu Lanyi said. Were she and Qu Lanyi meant to meet each other?

The next morning, Qu Lanyi was already gone when Yun Feng woke up. She had thought that Qu Lanyi would sleep late again, but that woman had got up earlier than she expected. Yun Feng freshed herself up. She didn’t sleep well the previous night, as her mind was stirred by Qu Lanyi’s white jade pendant. She didn’t fall asleep until she decided to drop the matter.

Refreshing herself, Yun Feng didn’t forget what she needed to do on this day. She was going to the Fire Society to declare war on it.

Opening the door, Yun Feng walked downstairs. A lot of people looked at her on the way. All the girls were whispering to each other. Some even pointed their fingers at her. Yun Feng expressionlessly walked to the third floor, and saw Mu Xiaojin waiting for her.

Yun Feng walked to her, and they went out of the building side by side. More and more people gossiped about them on the way. Yun Feng simply ignored them. While Mu Xiaojin was slightly uncomfortable, she gradually became accustomed to their eyes thanks to Yun Feng’s influence.

Many students were following Yun Feng. Some asked why they were following her, and a person replied, “This will be a great drama. You’ll be a fool if you miss it! Besides, the one who’s going to challenge the Fire Society is Yun Feng!”

Everybody’s eyes glittered, and they immediately followed Yun Feng, mostly to watch the drama. The Fire Society had dominated the Masang School of Magic for more than two years, and ranked top every year. No challengers had ever defeated it. The Fire Society was the unquestionable boss! Besides, Princess Kasa was its leader. In other words, the Fire Society was backed by the Karan Empire!

Nobody would challenge the Fire Society for no good reason. If they infuriated the Karan Empire, then there would be dire consequences! Ever since Kasa became the Fire Society's leader, it had seen no challengers at all, and it had been steadily on the top. Nobody dared to challenge it except for Yun Feng!

In a high tower not far from the society building of the Masang School of Magic, two people could be vaguely seen from an opened window. Ted smiled and watched everything that was happening on the ground. He turned around and said to the old man who was seated in a comfortable chair, "Vice Principal, she is the kid I mentioned."

The old man opened his eyes abruptly, and they were as clear as those of a young man. He rose and quickly walked to the window, before he looked at the mass of students down below. He easily saw the beautiful girl, whose long hair fluttered behind her head softly. Her face that was half mature was quite adorable. There was no weakness of a girl inside her black eyes at all; just unstoppable confidence!

The old man nodded. Seeing that, Ted chuckled again. The old man examined the situation again and asked, "Ted, is she having a conflict with Kasa?"

Chapter 289: War Declaration (3)

Ted laughed aloud. "It's rumored that Yun Feng is going to challenge the Fire Society. Kasa has finally got herself a worthy opponent."

Light glittered in the old man's eyes. He didn't say anything and simply stared at Yun Feng with a smile. A worthy opponent? Hehe. Kasa wasn't worthy enough to be her opponent!

While walking, Yun Feng suddenly raised her head and looked up. She sensed that someone was examining her from the window in the tower... She frowned suspicious. Her reactions were all seen by the smiling old man, who unhurriedly left the window and sat down on the comfortable chair. Ted stood in silence, and felt that the Vice Principal seemed to be in a good mood.

The old man was quite delighted. He was caught by the girl... Hehe. That was the first time...

Yun Feng slowly withdrew her gaze. A lot of people had gathered in front of the society building. When Yun Feng walked closer, they looked at her with various different expressions, and she accepted their gazes with a smile. It seemed that her challenge had been spread. Not bad. It was exactly what she hoped for.

The people in front of the society building were all members of the Fire Society, who had gathered under Kasa's instruction. They were all wearing the same badge, which allowed Yun Feng to recognize their identity easily. The crowd slowly dispersed, and Yun Feng saw a few familiar people, including Chu Kuangren, who looked at Yun Feng condescendingly again and snorted, but this time, he kept his mouth shut.

In the end, the person who emerged from the back of the crowd was the high and mighty princess. After Kasa showed up, all members of the Fire Society said respectfully, "Your Highness."

Kasa slowly strutted closer with undisguised pride, as if she was inspecting an army. Seeing that, Yun Feng simply put on a mocking smile as she watched Kasa come close.

“The news has spread quickly. Now that you’re here today, it’s probably real. You want to challenge the Fire Society? Yun Feng, you’re rather bold. Isn’t it embarrassing to make a war declaration with such a girl? Where are the other members of the Constellation Society? And where is your brother Yun Sheng?”

Some members of the Fire Society were already chuckling when Kasa said that. Some looked at Yun Feng, ready to make fun of her. Yun Feng smiled casually. It was just a war declaration. She could’ve done it again.

“I’m just here to declare war on you. There won’t be any contest today. I don’t have time for all this panache,” said Yun Feng casually. The members of the Fire Society didn’t look great, and Kasa seemed even gloomier. Yun Feng chuckled. “Today, I’m here on behalf of the Constellation Society. Although the Fire Society has been at the top for a long time, it’s going to be different this year!”

Her powerful declaration wasn’t weakened because she was outnumbered. Rather, it accentuated her courage and confidence because she was alone. She was almost shrouded in a halo, making all the students that were watching the drama admire her.

She was confronting the members of the Fire Society and its princess leader by herself, yet she challenged them in such an intimidating way. It was truly exciting!

Kasa’s lips curled. “The Fire Society accepts your challenge. Let’s find out which of us is stronger in this year’s ranking contests!”

Kasa didn’t flinch at all, and accepted Yun Feng’s challenge promptly. All the members of the Fire Society exclaimed in joy. Chu Kuangren said mockingly, “The losers should run around the campus naked.”

Yun Feng smiled and looked at Chu Kuangren. “Okay. It’s a deal. If the Constellation Society doesn’t win the ranking contest, all of us will take off our clothes and run around the campus. Similarly, if the Fire Society loses its position, all of you will do the same.”

“Wait!” Kasa glared at Chu Kuangren, who knew that he had caused trouble again and immediately shut up. “The contest is for the people who participate in it. It has nothing to do with other members!” Hearing that, the members of the Fire Society were all glad that they had such a leader who defended them at this critical moment!

Yun Feng smiled. “Okay. It has nothing to do with other members. So, the deal is between you and me. How does it sound?”

Kasa changed her expression, and seemed rather awkward. She only defended the members of her society because she wanted their support, but it seemed that she had fallen for Yun Feng’s trap. Yun Feng smiled and waited for Kasa’s reply. Kasa was caught in a dilemma. Hundreds of people were watching her! If she were to refuse, they would all know that she was scared!

“Alright! It’s a deal!” Kasa gnashed her teeth. Yun Feng laughed, as if she wasn’t done yet. “Haha. As expected of a princess. I like it! I trust that you won’t go back on your word. There are so many witnesses today. Whoever goes back on her words will be mocked by everyone and punished by her opponent.” Yun Feng put on an exceptionally sweet smile at Kasa and slowly walked away.

Kasa stood there, clenching her fists and biting her lips. Yun Feng was so cunning! The matter had been spread out. It concerned not just Kasa herself but also the entire Karan Royal Family!

Yun Feng challenged the Fire Society on behalf of the Constellation Society. However, the contest between the two societies somehow evolved into a fight between her and Kasa. The news changed a lot during the dissemination. The contest between the two societies was described to be a personal duel. The news spread so quickly inside the Masang School of Magic that there was not a single person who was unaware of it.

The very first thing that the students of the Masang School of Magic said to each other when they met was, "Did you hear about Yun Feng and Kasa?" It had almost become a catchphrase.

Everybody was shocked for a good reason. The Fire Society had been challenged before, so why was Yun Feng's challenge so surprising? Because Kasa was the princess of the Karan Royal Family. Although there was no telling her position in the royal family, she was a member of the royal family anyway. Kasa being challenged meant that the Karan Royal Family was being challenged. Yun Feng must be the first person who dared to challenge the Karan Royal Family in a hundred years!

Chapter 290: Yun Feng's Decision (1)

Who was Yun Feng? She was a member of the Yun family. Through various sources, the students had learned how fast the Yun family had been rising. Although they didn't know the details, they did know that the Yun family was powerful. Besides, a summoner had emerged in the Yun family before. Yun Feng was also a double-element mage, who was not to be underestimated!

In addition, they had made the deal that whoever lost must run around the campus naked. No matter which one of them lost, it would be shocking news! Therefore, the Masang School of Magic was seething with excitement. The society ranking contest this year was much more attractive than previous years. Almost all the students were looking forward to the contest and waiting for the thrilling moment!

The students had been discussing passionately every day, and gradually formed two factions: those who supported Kasa and those who supported Yun Feng. The two factions attracted more and more students, and even had conflicts with each other. The hot blood in the students seemed to have been ignited. As mages who were supposed to be poised, they fought as easily as the headstrong warriors!

Although there were no big fights and the teachers remained optimistic, they were still worried that the Masang School of Magic was divided, which wouldn't be good for its future development!

In the Vice Principal's office in the Masang School of Magic, an old man was taking a nap in his comfortable chair, when someone broke into the room. The old man said lazily without opening his eyes. "Ted. You forgot to knock on the door. What happened?"

Ted walked in anxiously and then closed the door. "Vice Principal, have you heard the big news that's been spreading all over Masang?"

The old man on the comfortable chair crossed his arms comfortably with a smile. "As you said, it's been spreading all over the school. How can I not know?"

Hearing that, Ted immediately asked, "Yun Feng and Kasa's deal is that the loser between them will run around the campus naked. That's unacceptable!"

The old man chuckled again comfortably. "Young people are always competitive. It doesn't matter..."

Ted's eyes widened. "Vice Principal! Kasa belongs to the royal family. If she runs naked, then the Karan Royal Family..."

The old man on the chair slowly opened his eyes and looked at Ted keenly. "So, in your opinion, Yun Feng will surely win."

Ted didn't know what to say. "I'm not saying that. I just want to be safe. If Kasa loses, it will be too late for us to do anything." Ted frowned after saying that. Was the princess going to run naked if she lost? That would humiliate the Karan Royal Family in front of everyone! How would it react? It couldn't do anything to the Masang School of Magic, so it would vent all its fury on Yun Feng!

If the Karan Royal Family was going to punish Yun Feng, could she resist? The royal family definitely had trump cards. If Yun Feng suffered any destructive strikes, her great potential would be wasted!

Truth be told, Ted wasn't worried about Kasa. He was more concerned about Yun Feng. Kasa, supported by the Karan Royal Family, could try to regain her honor even if she lost. However, Yun Feng had nothing behind her back except the Yun family. Where could she hide if the royal family took action against her?

The old man on the chair chuckled and closed his eyes again. "What happened has happened. It cannot be stopped. Since the two kids voluntarily made the deal, let them be responsible for all the consequences."

Hearing that, Ted became even more solemn. The Vice Principal was clearly implying that the Masang School of Magic would remain neutral, and wouldn't offer any help if anything happened to Yun Feng!

"Vice Principal. About that..." Ted was going to continue, when the old man suddenly interrupted Ted. "Ted, I know you always cherish students who have great potential. But don't forget that you're the Head of Student Affairs in the Masang School of Magic. Should you really be so biased?"

Ted blushed. The Vice Principal had noticed how he took care of Yun Sheng in the past three years, although he never said anything about it. Ted's lips moved, but he didn't come up with anything. He heaved a long sigh after he left the office. Kids shouldn't make deals whose consequences were too severe. She would feel great after insulting Kasa, but was she prepared for the consequences?

Ted's concern was well grounded. Although the Yun family had risen, it wasn't strong enough to make the Karan Royal Family concede yet. It had the Yun Army, but the Karan Royal Family had troops too, and a School of God of War under its control. Their armed forces weren't to be underestimated!

Although Yun Feng was also backed by the Red Maple Mercenary Team, the Mercenary Union had its own rules and wouldn't intervene with the affairs in the empire. If it did, there would be nothing that Mr. Zheng Ran could do. Red Maple would be sanctioned by the General Mercenary Union on the East Continent!

So in conclusion, Yun Feng had nothing to rely on except the underdeveloped Yun family and her own strength. If she infuriated the Karan Royal Family, could she really keep herself safe and turn things around?

In Room 753 of the Masang School of Magic, Yun Feng quietly sat on her bed and considered the deal that she made with Kasa. The more she thought about it, the gloomier she became. She had considered all factors, and concluded that the deal was indeed rather outrageous.

The door was opened at this moment. Yun Feng raised her head and saw Qu Lanyi's alluring face. Her tall body was accentuated by her blue clothes. She came in and glanced at Yun Feng. Seeing Yun Feng's gloom, she chuckled. "What's the matter? Do you regret your recklessness?"

Yun Feng was dazed for a moment. Qu Lanyi walked in and sat down next to Yun Feng. Yun Feng snorted, "I should've let Kasa talk first. If so, I would've been the person who accepted the challenge, and the situation would've been more favorable."
