

Summoner 311

Chapter 311: Absolutely Strong (3)

After the matches on the first day, the students all looked forward to the upcoming matches on the next day. Everybody discussed the matches enthusiastically afterwards. The Fire Society and the Constellation Society, naturally, attracted the most attention, since the Fire Society and the Constellation Society were the most heated topics. The Fire Society was as dominating as always, and the Constellation Society, as a dark horse, caught even more attention.

The three instant victories, and especially Yun Sheng's performance, shocked a lot of people. The mocking titles that had been given to Yun Sheng were all shattered. He was no longer a useless loser!

The people who had mocked Yun Sheng in the past were so shocked that their jaws almost hit the ground. Those who had scorned Yun Sheng before all shut up. Yun Sheng had shown part of his strength in the matches, and it was enough to shut everybody up!

He didn't explain himself, or laugh back at those people. He didn't say or do anything. He simply proved what kind of person he was with his own strength!

Yun Sheng became a popular figure very quickly. He attracted the curiosity of many girls too. Yun Sheng was very handsome. He was only mocked because of his weakness. So now that he had shown his strength, it was only natural that girls swarmed to him. It would be weird if a man who was handsome, strong and gentle wasn't liked!

After the first day of the society ranking contest, Yun Sheng became a popular name among the girls. Many of them had even become his supporters! The Constellation Society caught enough attention with their instant victories on the first day, and gained more reputation, even though Qu Lanyi hadn't even fought yet. It inevitably became popular in the Masang School of Magic. Anyone who didn't know about the Constellation Society would be mocked in the Masang School of Magic.

The society ranking contest on the first day was over. In the evening, Yun Feng lay down quietly in her dormitory and focused her attention on cultivation. There was no telling where Qu Lanyi was. Yun Feng didn't ask. She would rather not know her roommate's secrets, of which her roommate obviously had many.

In the dark forest at the edge of the Masang School of Magic, there were three people seated on stumps. The brawny man among them looked at the person next to him with an adulating smile, "Ma'am, are you feeling good?"

The person chuckled. "Yes. That's why I've come to you."

The brawny man managed an awkward smile, with beads of sweat on his forehead. The slim young man on the brawny guy's opposite side also smiled awkwardly. "Well... Has everything been going well?"

"Of course it is." The person chuckled again. The two guys looked at each other, and saw the panic in each other's eyes. Why was this lady here? She usually came several times a year. Yet, she had visited them twice in a month!

“Right, where are the things I asked for?” asked the person. The brawny man managed a hideous smile. “Ma’am, it’s really difficult to get those things. We...”

“Oh? It’s really difficult?” The person raised her brows and glanced around at the woods. “Huh, let’s see. Those woods are too precious to be kept here. I think it’s best to chop them and turn them into firewood.”

Both of the men were panicked. “Ma’am! We’re telling you the truth! It’s really hard to acquire what you asked for. If we could get them, we would’ve offered them!”

The slim young man quickly nodded. “My big brother is right. We dare not lie to you.”

The person glanced at them, and didn’t say anything. It seemed that she had dropped the idea of chopping the woods. Right then, the two brothers who talked both shivered coldly.

“What’s wrong?”

They looked at each other with unusual coldness. The brawny man unconsciously looked up at the sky, only to see nothing except the glittering stars.

“What’s wrong?” asked the person, frowning and staring at the brothers. The brawny man tried to smile, and so did his brother. However, both of them seemed rather awkward.

“N-Nothing...” replied the brawny man, shivering. The visitor quickly narrowed her eyes. “You’re not telling the truth?” A powerful aura erupted from her. The brothers didn’t know what to say. It was truly impossible to disobey her!

“No. We just sensed a great power...”

“A great power?” asked the visitor in confusion, before she examined the environment, only to find nothing. “You should know that I don’t have a good temper.”

The brawny young man almost cried. “It’s true. As Magic Beasts, we’re naturally sensitive to great powers. It’s sort of a sixth sense you can say. Just now, it was just our feeling. There’s no telling if it is valid. Maybe it was just our illusion. After all, you didn’t feel a thing...”

“Where did you feel the power go?” asked the visitor. The brawny man looked at her and replied, “The Masang School of Magic.”

“Swoosh...” A breeze blew at the brothers. They blinked their eyes, and the person who just stood in front of them was gone. They looked at each other and quickly hid themselves in the depths of the woods.

The Masang School of Magic this year was so strange. There was not just one ma’am, but two ma’ams. To make things worse, an even greater expert had arrived. If what they sensed was right, the stranger must be unimaginably strong. They had cold sweat even when they just recalled the feeling!

Something would definitely happen to the Masang School of Magic! Both of the brothers held the same opinion. They should probably just keep a low profile here.

Chapter 312: Absolutely Strong (4)

The two Magic Beasts' senses were right. They were naturally keen about danger, otherwise they couldn't have survived in the cruel world of Magic Beasts. In the sky above the Magic Beast, an air current crossed and broke through the Masang School of Magic's barrier as if it didn't exist. The transparent barrier seemed nonexistent for the stranger.

Randal stood in the sky and looked down at the Masang School of Magic with his hawk eyes. He slowly closed his eyes, and a great perceptive power spread out of Randal like billows, covering a radius of a dozen kilometers. The next second, he opened his eyes, and stared at a certain window in the girls' dormitory building. Then, he flashed towards the window. At the same time, Yun Feng, who was lying on her bed, suddenly opened her eyes and became tense. She looked out of the window. Before she established any defense, the window had already been opened, and a stranger appeared in front of her like a ghost.

"Who are you?" Yun Feng narrowed his eyes and looked at the man, who had hawk eyes and a protruding nose. There were wrinkles on his face. He seemed middle-aged, but his skin was still tight, and he was quite muscular too. His complicated and thick clothes couldn't eclipse his muscles.

Yun Feng looked at the hem of the man's clothes, where there was an obvious pattern. She couldn't be more familiar with the pattern. It was the Karan Royal Family's emblem!

"Kid, he's much stronger than you. Don't act tough!" The ancestor's anxious voice echoed in her head, assuring Yun Feng of her speculation. She couldn't tell how strong the man was at all, but seeing how he broke into the Masang School of Magic without causing any alarm, he must be much stronger than her!

"You only need to answer one question," said the stranger slowly while staring at Yun Feng. "Are you Yun Feng?"

The middle-aged man stared at Yun Feng, as if he would kill her the moment she lied. An aura that felt like a gloomy cloud slowly pressed Yun Feng, but Yun Feng stood straight and unleashed her Commander Level mental strength to drive away the aura. The man seemed surprised, and Yun Feng replied casually, "I am Yun Feng. I wonder who you might be, the senior who has snuck here in the middle of the night?"

The middle-aged man's lips curled. "Little girl, you aren't qualified to know my name yet. I'm here only to warn the Yun family that a subject should behave like a subject. The Karan Royal Family gave the Yun family everything, yet the Yun family turns out to be a disloyal dog. That won't be good, will it?"

Yun Feng clenched her fists, and fury gradually spread in her head. However, she contained herself and didn't burst into fury. She said with an awful expression, "Senior, it's not your place to tell the Yun family what to do. I actually know who you are. Another loyal dog of the Karan Royal Family, aren't you?"

"Girl, what did you just say?" Veins protruded on the middle-aged man's forehead. He was obviously infuriated by what Yun Feng said.

Yun Feng sneered, "You didn't hear what I said? A loyal dog of the Karan Royal Family. Although you're not wearing a badge, it's very obvious."

The middle-aged man's temples throbbed quickly. "The young people nowadays are too arrogant. I'm going to teach you a lesson on behalf of your worthless father!"

Yun Feng unleashed her Commander Level mental strength, which collided with the aura that the man burst out. The man slightly narrowed his eyes, and Yun Feng became grim too. "You aren't qualified to be my father. I don't have a father who's a loyal dog."

"You're asking to be killed!" The middle-aged man waved his arm, releasing a stream of fighting energy that looked like a weapon in the shape of a fan. It darted towards Yun Feng quickly. She jumped and narrowly dodged the man's attack. Seeing that, the man put on a mocking smile.

"You really think you can keep up with my speed? In your dreams!" The man laughed and opened his hand, waving his arm again, only this time releasing five streams of fighting energy instead of one. The five streams of fighting energy combined and pressed close to Yun Feng. Yun Feng felt that the air was twisted. She instinctively dodged. Yet, the five streams of fighting energy suddenly separated and attacked her from five different perspectives!

"Tsk!" Hardly had Yun Feng landed when she jumped again. "Bam!" A stream of fighting energy hit the ground and caused a deep pit! Fortunately, this dormitory was quite spacious, otherwise Yun Feng would've been hit!

"Earth Shield!" Yun Feng waved her hand and took out the short wand that had accompanied her for a long time. The wand suddenly glittered, invoking a torrent of earth elements that were gathered as a shield around Yun Feng.

Four streams of the man's fighting energy were left. They continued surging towards Yun Feng, while the middle-aged man gazed at Yun Feng's Earth Shield coldly. "You aren't weak, but you are a level lower than me. Yun Feng, I'm only here to teach you a lesson. The Karan Royal Family is not to be provoked by the Yun family! If the Yun family is willing to do so, I wouldn't mind annihilating every member of the Yun family!"

Yun Feng's eyes turned bloodshot. Annihilate the Yun family? Not a chance! She wouldn't let anybody hurt the Yun family even if she had to shed the last drop of her blood!

"Come on and try." Yun Feng's voice came from behind the Earth Shield. The middle-aged man fell silent, and brutality flashed in his eyes. "Girl, you should know what's best for yourself."

Four air currents lunged towards Yun Feng in every direction, causing subtle noises as they flew. Instantly, they hit the Earth Shield heavily. A deafening noise that sounded like an explosion burst out. The Earth Shield was entirely shattered by the attack of the fighting energy. All its earth elements fell apart. The air was filled up by the yellow earth elements for a moment.

Chapter 313: Duel: First Round (1)

"Boom! Boom! Boom! Boom!" Four noises burst out around Yun Feng. The earth elements fell apart under the man's fighting energy attack, but they did successfully weaken the attack. Yun Feng saw that the four streams of fighting energy continued moving towards her after the earth elements were shattered! It was already impossible to dodge anymore!

Yun Feng tightened her body and stood straight. As she expected, she felt excruciating pain on four parts of her body where the air currents hit her. She trembled hard, and became a lot paler. She

clenched her fists and simply stood there with her head held high, even though sweat was appearing on her forehead.

“Ugh!” Yun Feng suddenly laid her hand on her chest, where an excruciating pain was surging. Her body would’ve been shattered by the four attacks if it had been modified into a harder version!

The middle-aged man narrowed his eyes and looked at Yun Feng. She had endured his fighting energy attack! How was it possible?

The black pendant on Yun Feng’s neck unleashed a warm current that Yun Feng was familiar with. Incessant vitality spread from the pendant into Yun Feng’s body. The vitality, like diligent workers, fixed Yun Feng’s body that had already been damaged. Although there were no obvious wounds on her skin, the air currents had caused several internal injuries inside her body. If Yun Feng were less tough, she would’ve passed out already.

Biting the tip of her tongue, Yun Feng felt sweat dripping from her forehead. Excruciating pain was spreading throughout her body. She believed that it would be very easy for the man to kill her. Besides, his previous attack was fatal, and not just a simple lesson!

If he wanted to kill her, she wouldn’t let him get away easily! Even if she was much weaker than the man, she wouldn’t let him leave in one piece!

The recovery of the vitality eased Yun Feng’s pain. There was no telling the amount of vitality, but it seemed to be flowing into Yun Feng’s body infinitely. Yun Feng felt like her painful parts were reborn. The agony was gradually gone too.

“The Yun family is the Karan Empire’s subject. As a member of the Yun family, you insulted a princess of the royal family. How bold of you.”

Yun Feng smiled coldly. So that was the case. Kasa was truly a bi*ch, and so were the other members of the royal family! Yun Feng immediately realized Kasa’s plan. It seemed that the woman wanted this man to teach her a lesson, so that she would know that offending the royal family was costly.

“Let me say again. The Yun family is its own master. The Karan Royal Family doesn’t have any right to ask the Yun family to do anything!”

“Yun Feng! Do you know what your words mean? You must know the consequences of your words!”

Yun Feng laughed, her pain completely gone. “Consequences? If there are any consequences, just let me bear them.”

Brutality flashed on the middle-aged man’s face. He was considering what to do too. Obviously, this girl was not a person to be intimidated. It would be very easy for him to kill her, but it might cause problems as he was in the Masang School of Magic. Besides, the Yun family’s two kids were both mages’ descendants. The Karan Empire would rather confirm if either of them could grow into a summoner. If they couldn’t, then the Yun family would have no value at all.

The middle-aged man rolled his eyes and hesitated. If he did anything without asking for the emperor’s permission, he might be blamed if something went wrong later. Besides, he was only here to teach the girl a lesson. The girl simply almost drove him mad and made him lose his rationality.

The middle-aged man calmed down. "In any case, the Karan Royal Family dominates the Karan Empire. It's pointless to challenge the Karan Royal Family. There are plenty of experts who are as strong as me in the Karan Royal Family. How many of us do you think you can resist? Girl, don't overestimate yourself."

Yun Feng smiled and didn't say anything. She certainly wouldn't be so silly as to clash with the royal family just yet, not until the Yun family became as strong as the Karan Royal Family!

"Kasa is a royal princess anyway. You must take her dignity into consideration. Do you not care about the other members of the Yun family?" The middle-aged man's tone wasn't as harsh as before.

Yun Feng sneered, "That's my concern, senior."

"You..." The middle-aged man almost burst into fury again. "Yun Feng, if Kasa loses her face, the Karan Royal Family won't let you go easily. Make sure you know the consequences!"

"If Kasa is really so important to the royal family."

The middle-aged man looked grim. He finally understood a lot of things. It was pointless for him to talk here. He could not attack the Yun family just yet. The Karan Royal Family should confirm the possibility of a summoner faster. Once it confirmed that neither of them were growing into a summoner, then the Yun family would be wiped from the Karan Empire!

The middle-aged man waved his hand, freeing the space that he had just blocked. The air shivered too. "I hope that the Yun family knows what's best for itself." He flashed to the window and was about to leave, when Yun Feng suddenly raised her hand, gathering exuberant fire elements around her wand. Then, she aimed the wand in the middle-aged man's direction, invoking a particularly enormous fireball towards him through the window!

"Humph!" The middle-aged man snorted. Although Yun Feng had already reached the Commander Level, her attack couldn't possibly hurt him! The middle-aged man easily dodged the fireball. When it passed him, Yun Feng's smile became bigger and bigger.

"Explode," she said softly. Then, the enormous fire element burst out with such scorching heat that the air was twisted. The middle-aged man narrowed his eyes, but there was already no time for him to dodge!

Chapter 314: Duel: First Round (2)

"Boom..." A deafening explosion echoed throughout the Masang School of Magic. It was so loud that it could be heard even in the forest outside of the school. All of the students and teachers were woken up by the noise. The moment the Vice Principal heard the noise, he became gloomy and rushed out of his room. Someone had broken into the Masang School of Magic!

The middle-aged man in midair emerged unscathed. The fireball failed to hurt him, but it did successfully ignite his robe and blackened his face. He stared at Yun Feng furiously, and almost wanted to go back and kill her. However, he couldn't afford to wait any longer.

"Swoosh..." The man quickly vanished from the sky of the Masang School of Magic in his ruined clothes.

The next second, the Vice Principal looked up at the direction where he left, and narrowed his eyes.

Yun Feng stood inside her room and looked out of the window. She had launched the fireball on purpose. She knew it couldn't hurt him, but she would rather not let him get away just like that. She had caused some noise.

"What happened just now?"

"I don't know. That was one deafening noise..."

All the students craned their heads out of the windows and looked out, only to see nothing. The Vice Principal shouted at the curious students from the ground, "It's fine! Go back to bed."

The students reluctantly retreated their heads. They were certain that something must've happened, and regretted that they weren't there to see it. Mu Xiaojin heard the noise too. She didn't know what it was about, but she was slightly uneasy. Yun Sheng, however, guessed what happened, and took the Sound Transmission Jade out of the room. The jade glittered, and Yun Sheng immediately said, "Feng, what happened?"

Yun Feng was in her room. Feeling the buzz of the Sound Transmission Jade in her bracelet, she took it out and heard her big brother's voice. She said with a smile, "It's fine. A huge rat just came and then escaped."

Yun Sheng was still frowning worriedly. However, it was inappropriate for him to meet Yun Feng at this hour. So he had to let it go.

Standing in front of the building, the Vice Principal examined the remaining fire elements in the air, deep in thought. He stared at Yun Feng's room for a long time, until Ted finally arrived. He seemed rather anxious as he didn't properly wear his clothes.

"Vice Principal, about that noise..."

The Vice Principal chuckled and shook his head at Ted. "Everything is fine. Just go back to bed."

Ted was stunned. Everything was fine? Including that deafening noise? "Vice Principal..."

The Vice Principal smiled again. "Our students are not easy to deal with at all..."

Ted was dazed again. What was that about? How were students involved in this? Did one of the Masang School of Magic's students cause the noise? He suddenly raised his head and looked at Yun Feng's dormitory. However, it was completely quiet, as if nothing happened. The conflict in the room had been blocked and couldn't be perceived from the outside world.

"Okay, it's time for us to go back to bed." The Vice Principal chuckled. Ted nodded. Was it possible that the kid caused that noise? Very likely, very likely...

Unlike others, Kasa knew exactly what happened when she heard the deafening noise. She also knew how strong Randal was. The deafening noise must be a lesson he taught Yun Feng that she would never forget. Kasa smiled delightedly on her bed and fell asleep.

Randal, with a demeaning appearance, came to the dark forest at the edge of the Masang School of Magic. Looking at his robe which had been burnt by fire elements, and knowing that his face didn't look any better, he was quite uncomfortable. As a strong expert, he had never fled in panic before. After all, it was rather embarrassing for Randal to teach Yun Feng a lesson when he was so much stronger than her.

Randal would rather not be identified, or he would've been humiliated. "Yun Feng, good for you. Yun Feng..." Randal mumbled angrily. Yun Feng had caused the deafening noise on purpose, so that he had to flee like a rat! He could've marched back, but he didn't, for the sake of his face.

"Never mind. I should just report the matter to the Royal family. It's time we removed this thorn," Randal whispered, ready to return. However, the moment he turned around, he saw a person standing in midair. He was shocked and vigilant!

When did this person come? Why did he not feel a thing?

The person gradually approached without saying anything, yet Randal felt an unknown pressure that made it hard for him to breathe. He was suddenly terrified, and couldn't help but step back.

"Who are you?!" Randal shouted loudly, but the stranger didn't say anything and just opened their eyes. The golden light from those eyes made Randal's heart palpitate!

"Ah!" Randal screamed and spurted a mouthful of blood. His face was pale, and he covered his wound with his hand, panicked. Who was this person that was much stronger than him?

"Tell the Karan Royal Family that they should be more obedient," said the stranger coldly. Randal breathed heavily again, as if someone had grabbed him by his neck. He nodded in panic, until the stranger said, "Get lost."

Randal immediately followed the instruction and disappeared, leaving blurry shadows behind him. As an absolute expert, he didn't burst into fury at all even though the stranger told him to get lost. While urging himself to be faster, he uneasily thought that it was a gigantic mistake to come to this place!

At this moment, Randal was truly like a rat that was fleeing in panic. He ran away from the Masang School of Magic crazily. In a certain place in the dark forest, the brawny man and his brother both looked up at the sky with a mischievous smile.

Chapter 315: Duel: First Round (3)

"Did you see that? The ma'am took action." The brawny man chuckled, and so did his slim brother. "Indeed. Why didn't the ma'am kill him?"

Brutality flashed in the brawny man's eyes. Every Magic Beast was born for killing. "Who knows? The ma'am is never predictable."

The brothers mumbled something else, and were relieved. A moment earlier, they had been terrified by the sullen ma'am, and thought that she might kill them. Fortunately, someone came here for the ma'am to vent her fury on.

The brothers looked up at the sky again, but there was already nobody to be seen. "Ah... I'm so sleepy. Let's go to bed."

This night seemed mysterious in the Masang School of Magic. Many students were still puzzled about the deafening explosion. The next morning, when Yun Feng opened her eyes, she saw Qu Lanyi on the other bed in the room. When did she come back?

Yun Feng rubbed her eyes and sat up. She looked at the destroyed floor in the spacious room and smiled helplessly. Hardly had she got up when Qu Lanyi turned around and put on an alluring smile. "Fengfeng, good morning."

Yun Feng smiled awkwardly and said good morning back to her. Then, she freshened herself up as quickly as possible, and rushed out. Qu Lanyi sat up and stared at the destroyed floor, narrowing her eyes.

The second day of the society ranking contest began. The ten advanced teams would fight each other. Every team would receive a number by drawing lots. The teams with numbers 1 to 5 were in Group 1, and those with numbers 6 to 10 were in Group 2. The five teams in each group would fight each other, until there were two winners. Then, the four winners would fight again, to decide the top three teams.

As the previous day, only four representatives of the Constellation Society came. Ling Xiaoyun was still nowhere to be seen. Some ignorant students thought that the missing contestant of the Constellation Society was its trump card. Yun Feng was quite amused by that theory.

Yun Sheng stepped up to draw lots. Soon, the result came out. The Constellation Society got No. 5, and the Fire Society got No. 8. One of them was in Group 1 and the other in Group 2. They didn't have an opportunity to fight yet. However, the students thought it would be better, as the most wonderful match should come last.

Five teams fought in different regions. Kasa was rather satisfied with the result. Heated matches were going on in both groups, with cheers bursting out. The Constellation Society was No. 5, so it wasn't their turn yet.

Yun Feng and her companions watched the other societies' matches. None of the top ten societies were easy to deal with. Their matches weren't really spectacular, but they were definitely worth watching. Finally, it was the Constellation Society's turn. Yun Feng finally realized that their opponent was the team who voluntarily admitted defeat in the first round!

Seeing that, the students all burst into laughter. The captain who admitted defeat blushed, but stood with his head held high. "This time, we won't admit defeat again. We will try our best to defeat you!"

Yun Feng smiled. She admired this opponent for their valiant declaration. "If so, we will try our best to fight too!"

A round of cheers burst out. While everybody cheered for them, the Constellation Society defeated its opponent with dominating advantages. Its opponent was clearly not strong enough, but it had tried its best. They probably wouldn't feel bad about the failure.

Very soon, the winners of both groups emerged. Naturally, the Constellation Society and the Fire Society advanced. When the captains of the four teams stood together, ready to draw lots, Kasa smiled at Yun Sheng and said, "Don't disappoint me."

Yun Sheng smiled at Kasa gently, which raised the exclamations of many girls. "Don't worry. You won't be disappointed."

Kasa pursed her lips and turned her head around. The other two captains, seeing their vibes, knew that it was impossible to beat them. They might as well try their best to become the third best team.

"Draw lots!" At the teacher's instruction, the four captains extended their hand into a big box and fetched a note. They unfolded the notes at the audience at the same time.

One, two!

Seeing Yun Sheng's and Kasa's numbers, the students all shrieked. Yun Sheng and Kasa looked at each other, and Kasa tossed the note away. "Good. This is exactly what I want."

Yun Sheng folded the note and put it back in the box. He ignored Kasa and simply left the stage. Kasa stood there awkwardly, and eventually snorted and walked away. The Fire Society and the Constellation Society finally encountered each other in this round!

"It's finally on! We've waited for a long time!"

"Exactly. Their battle will surely be splendid. There will be so much we can learn!"

"Haha. You haven't forgotten the deal between Yun Feng and the princess, right?" asked a student, and many gave a positive reply. Everybody knew the deal. The loser between them would run around the campus naked.

Naturally, Kasa heard the students' discussion, and blushed angrily. She roared at the teammates behind her. "Whoever loses will be automatically removed from the Fire Society!"

Mi Lingli wasn't anxious at all. She always felt good about herself. Murong Ran was gloomy. She was still scared of Yun Feng's previous attack, and would rather not endure that terrible experience again...

"The match begins now!" The referee gave an order. Both societies would send their first representative. All the students couldn't help but widen their eyes and watch, with insuppressible excitement on their faces. It's on! It's finally on!

Yun Feng rose and was about to walk to the arena, when someone pulled her with a tiny gentle hand. Yun Feng looked back, only to find that it was Mu Xiaojin, who winked at Yun Feng with her lovely big eyes and said, "Xiao Feng, let me do it this time."

Chapter 316: Duel: First Round (4)

Yun Feng was dazed. In the previous competitions, she had always been the first representative to fight, yet Mu Xiaojin proposed to fight first this time. Yun Feng looked at her big brother, who was about to say something, but Qu Lanyi said, "Fengfeng, it's not right to quench other people's enthusiasm. Just let her fight first."

Yun Feng didn't quite understand what she said, but Mu Xiaojin blushed and stood up. "Let me fight first. I can do it."

Yun Sheng smiled and didn't insist. Yun Sheng petted Mu Xiaojin with his big hand and said, "Xiaojin, go for it."

Mu Xiaojin's face was even redder. She walked to the arena. Seeing her, Kasa put on a smile and pointed at a boy behind her. "Beast, your favorite type. She's yours." Kasa suddenly put on a creepy smile. "As the first person to fight, you must savage her!"

After Mu Xiaojin walked to the arena, a guy emerged from behind Kasa. He was very tall, like a piece of rubber that had been lengthened. His face was so long that it looked like a horse's. His eyes could hardly be seen on the long face, and were just like a few dots on a piece of paper.

What Kasa said made a lot of people rather scared. He was asked to savage her? Also, she was the favorite type to the guy whose nickname was Beast? What could this Beast do?

The guy who was called Beast stepped up and sized up Mu Xiaojin with his tiny eyes as if she were delicious food. His eyes made Mu Xiaojin rather anxious, and gave her the urge to run off. Despite the nausea, Mu Xiaojin managed to calm herself down and stood where she was. She simply let the disgusting man observe her.

After the Beast observed her for a long time, he unhurriedly stuck out his tongue, which was much longer than normal people's too. He licked his lips and even swallowed, before he chuckled. "Little girl, let me caress you."

All the students who were watching the game had goosebumps all over their body. This man was truly sickening... "Ah! I know who he is!" A student suddenly thought of something, and cried out aloud as he stared at the tall slender man.

"Who is he? Do you know this disgusting fellow?"

"Do you remember the individual ranking contest a few years back? He's the guy who challenged the twelfth on the rank!"

The other students were all deep in thought, and searched their memories for the last individual ranking contest, which was held once every two years in the Masang School of Magic. It was a long time ago and they had to think very carefully.

Kasa sat down proudly, and glanced at the Beast on the stage. That man was truly rather disgusting, and she didn't want to get in touch with him either. The man's appearance and behavior were flabbergasting. Kasa didn't understand the stuff he liked either, but in any case, he was a brutal and strong man even though he was disgusting. Kasa liked this type of person. Only those who were brutal could make great achievements without causing trouble to her.

"I remember him now!" cried a student, who pointed at the Beast and shouted, "He challenged the twelfth on the rank, and eventually..."

The other students all found the memory of the bloody and brutal scene too. "In the end, the guy who ranked twelfth was deranged because of this guy... His way of attack is truly disgusting!"

All the audience looked rather awful. They could accept brutality, but disgust was a whole different matter. Besides, it was said that this man had some special quirks. Was it possible that Mu Xiaojin, who was in the arena, happened to be something he liked!

“Bring it on!” Mu Xiaojin shouted, and gathered water elements in her hand. Seeing that, the Beast let out nasty laughter and seemed excited. His tiny eyes were curled.

“Alright, little girl. Let’s begin.” The monster cackled, and then flashed, approaching Mu Xiaojin at an amazing speed. He seemed to be touching Mu Xiaojin with his hand. Mu Xiaojin changed her expression and jumped away, before she launched the water elements to him. The Beast, on the other hand, dodged them, and presented a green blade!

Wind element! Yun Feng looked at the green blade in the Beast’s hand, which was made of wind elements. The Beast was a wind element mage, who was famous for their speed. As a water element mage, Mu Xiaojin had a great disadvantage in terms of speed!

Mu Xiaojin quickly stepped back, and saw the weird laughter on the man’s face. She quickly laid her hand on her chest. None of the other students knew what was going on, but the next moment, while everybody was watching, Mu Xiaojin’s clothes fell apart from her shoulder, revealing a large part of her skin.

“Xiaojin!” Yun Feng changed her expression, and was about to rush forward. However, Qu Lanyi pulled her back, with an unhappy expression. “Don’t go there. If you go there, Mu Xiaojin will automatically fail.”

Yun Feng gritted her teeth and clenched her fists. Eventually, she held back her fury and sat down. Seeing Mu Xiaojin’s skin, the Beast laughed hard and then licked the green blade in his hand. His tongue, which was twice as long as a normal one, disgusted all the students who were watching the game.

Mu Xiaojin’s face turned pale too. The Beast chuckled. “Your skin tastes great. I like it...” His tiny eyes were twisted as he put on an extremely hideous smile. While holding her clothes with one hand, Mu Xiaojin gathered water elements into an arrow in her other hand. She roared palely, “Water Arrow!”

Chapter 317: Fight (1)

The Water Arrow darted towards the Beast, who laughed and dodged easily. Mu Xiaojin was too weak to keep up with the Beast’s speed. The wind element was famous for its speed and among the most popular elements. Once a wind element mage controlled the pace and speed in a battle, then their victory wouldn’t be far away.

The Beast easily dodged Mu Xiaojin’s Water Arrow, and then flashed again. Mu Xiaojin held her breath, as she felt that her back was cold. She quickly stepped back. Then, the Beast returned to where he had been a moment earlier. He licked his blade with the most salacious expression on his face.

While everybody was watching, Mu Xiaojin’s clothes cracked again on her back, which made her even paler. Yun Feng was infuriated. If she had known that such a pervert would be sent to the arena, she would’ve definitely fought and beat that guy up without letting Mu Xiaojin replace her!

Seeing how humiliated Mu Xiaojin was in the arena, Yun Sheng couldn’t have looked more awful. There were more and more tears in Mu Xiaojin’s clothes. Although she tried to catch up, she was too slow for

the Beast. There were so many openings in her clothes that they were just some rags that barely covered her.

“Little girl, you’ll be prettier without your clothes. Let me help you take them off!” The Beast stared at Mu Xiaojin’s half-naked body, and her fair skin that had been exposed. He put on a twisted and crazy expression again, and swallowed with bloodshot eyes.

Mu Xiaojin stood there and didn’t bother to cover herself anymore. She actually calmed down at this moment. To be attacked by her opponent in such a way in the arena was definitely an insult to a girl. Seeing how embarrassed Mu Xiaojin was, Kasa burst into laughter. “It seems that the first naked running member of the Constellation Society is here.”

Her voice wasn’t too loud, yet everybody at the arena could hear her. The members of the Fire Society all burst into laughter, and those of the Constellation Society were silent. They thought even more poorly of the Fire Society, which apparently would just take in any kind of person. No society would’ve possibly accepted such a disgusting man as the Beast except the Fire Society!

Hearing that, Qu Lanyi smiled and combed her hair with her hand. “Don’t jump to any conclusion yet, or it may be a slap in your own face later.”

Kasa changed her expression and glanced at Qu Lanyi, who didn’t even bother to look back at her. She bit her lips angrily and shouted at the Beast, “Finish her off already!”

The Beast nodded, and seemed about to launch the final attack. Was Mu Xiaojin really going to be humiliatingly reduced to nakedness in the arena? Yun Feng stared at Mu Xiaojin. If the Beast dared to do that, she would definitely beat him into smithereens even though it violated the rules!

Mu Xiaojin suddenly smiled. Her red lips curled upwards, and she didn’t appear as submissive as she did a moment earlier. Although she didn’t do anything, her vibe was changing and she seemed unstoppable!

Xiaojin... Yun Feng mumbled to herself. Qu Lanyi chuckled. “It seems that the situation will change.”

“Little girl, are you picturing the scene where I caress you? Haha. Don’t be hasty. I’m coming!” shouted the Beast, while opening his mouth and extending his long tongue from which drool was dripping. He dashed towards Mu Xiaojin, only to be stiffened the next second.

The Beast’s eyes widened. He raised his head and looked at Mu Xiaojin in disbelief. Mu Xiaojin smiled. Feeling the coldness that was spreading from the arena, Yun Feng knew exactly what she had done.

When faced with an opponent who was too fast, the first thing to do was to suppress their speed! Yun Feng recalled her battle against Lan Yi. As a wind element Magic Beast, Lan Yi was much faster than this person. She came up with the idea of disrupting Lan Yi’s pace with the thunder element, so that it would have to protect itself. Unlike the Beast, Lan Yi flew in the sky and was more challenging. However, they were both wind element opponents. Mu Xiaojin was doing exactly the same thing as Yun Feng did earlier.

They were suppressing their opponents’ speed!

Once their opponents’ speed was lowered, their greatest advantage would be gone, and they would only get beaten up!

“What’s going on?” Kasa looked at the Beast, whose speed had dropped significantly and whose limbs seemed stiffened, puzzled. Murong Ran, who was standing behind Kasa, was frightened, and instinctively shivered. Mi Lingli narrowed her eyes and gazed at the Beast in the arena. Mu Xiaojin simply stood there without moving. Mi Lingli stepped up and reached the arena. Hardly had she touched the floor of the arena when a swallowing stream of coldness spread along her finger like electricity!

“Tsk!” Mi Lingli suddenly retreated her hand, and covered her frozen finger with her other hand. She was quite shocked. Seeing that, Kasa realized what happened too. She gazed at Mu Xiaojin, who had been humiliated, but was smart enough to find a way to suppress her opponent’s advantage.

Seeing Mi Lingli’s reaction, Murong Ran suddenly crossed her arms. When the coldness surrounded her, she remembered her days back in the hospital. That experience was a nightmare.

“Do you feel cold?” asked one of the students who were watching the game. He couldn’t help but rub his arms.

“Now that you mentioned it, it’s truly getting colder and colder...” The other students all echoed with him. It was still the warm season. Where was this uncanny coldness from?

Yun Feng looked at Mu Xiaojin who was on the stage and put on a smile. Xiaojin had grown a lot. Despite the humiliations, she was able to think calmly and act decisively. Battles could truly facilitate growth! Also, Mu Xiaojin was making use of the water element in another form. Yun Feng was very proud of her. Xiaojin was so smart!

The Beast’s limbs were numb. His speed that he had always been proud of had been sealed by the cold air. He even felt that his blood was flowing at a lower and lower speed. He could almost hear it freezing. “Damn you, bi*ch, what have you done?”

Chapter 318: Fight (2)

Mu Xiaojin chuckled. Staring at the ice on the floor, she said casually, “I’ve only counterattacked, disgusting man.”

The Beast felt that the arena was getting colder and colder. His limbs were fully stiffened. At this moment, he was even slower than anyone who was incapable of using magic. Mu Xiaojin condensed water elements in her other hand. The water elements, which were always considered warm and gentle, were freezing cold in her hand, making the audience shiver.

Looking at the Water Arrow in Mu Xiaojin’s hand, the Beast knew that it was impossible for him to dodge this strike. He suddenly fell on his knees, which stunned Mu Xiaojin. Kasa was so angry that she almost gritted her teeth into pieces.

“Please stop. I was wrong. I shouldn’t have done that...” On his knees, the Beast trembled constantly, which was a result of the cold air. Mu Xiaojin stared at the Beast, and the water elements in her hand were gone. The freezing coldness faded away too. The audience finally felt better, and couldn’t help but heave a sigh of relief.

Mu Xiaojin stared at the man who was kneeling before her. Disgust flashed in her eyes, but she didn’t say anything. She turned around and walked out of the arena. Right then, the Beast, who had been on his knees, suddenly raised his head with a twisted expression on his long face. While the coldness on the

stage was disappearing, the Beast leaped and stabbed at Mu Xiaojin's back with the blade that he had been holding in his hand all the time!

"Little girl, did no one teach you that you shouldn't let your back face your enemy?" roared the Beast. The blade in his hand that was made of wind elements darted towards Mu Xiaojin quickly. Mu Xiaojin turned around, but didn't have any time to react. She stared at the blade that was flying towards her at a high speed. All the audience palpitated!

Mu Xiaojin closed her eyes in fear. She knew that it was impossible for her to survive. Maybe, like her brother, she would lose her life very shortly. Thinking about that, Mu Xiaojin was somewhat relieved. Would she come to the world her brother was in?

Nothing happened. Someone laid their hands on Mu Xiaojin's shoulder and then pulled her behind their back. Feeling the warmth on her shoulders, Mu Xiaojin opened her eyes, and saw Yun Sheng's handsome face that had turned sullen. Yun Sheng had jumped into the arena and protected Mu Xiaojin. The wind element blade that had been darting at her was frozen into ice in midair and dropped to the ground with a crisp sound.

Looking at Yun Sheng who had appeared out of nowhere, the Beast cried out at the referee, "Violation! It's a violation! I'm the winner! I won!"

The audience all cursed out aloud, "F*ck you. What do you mean by you're the winner?"

"Damn it! What a shameless scoundrel! How can the Fire Society have such a member?"

"Luckily I'm not in the Fire Society, or I'd be so ashamed that I'd have to kill myself!"

The audience all cursed and scolded the Beast for his lack of honor. While listening to their remarks on her seat, Kasa couldn't help but stand up. "Why are you yelling? In a real battle, keeping yourself alive is what matters most! To lower your enemy's vigilance by fake surrender is one of the strategies! A person like her who has too much mercy and shows her back to her enemy is destined to be the loser."

The audience lowered their voices, as Kasa did have a point. In a real life-and-death battle, to stay alive was the key. While what the Beast did was demeaning, it also indicated Mu Xiaojin's shortcomings. Mercy and benevolence weren't allowed in a battle against an enemy. Showing mercy to one's enemy would mean one's own death.

Mu Xiaojin stood behind Yun Sheng. What happened just now was so close. Hearing what Kasa said, Mu Xiaojin reflected on herself. She was born innocent and kind hearted, and always assumed the best in other people. If she remained like that, she would be useless in this cruel world no matter how strong she was. Without a mature personality, she would always be a weakling!

Yun Feng also jumped to the arena, and covered Mu Xiaojin with her coat. She gazed at Kasa and said, "You do have a point. However, don't forget that this is the society ranking contest in the Masang School of Magic, which isn't the life-and-death battle that you described at all! Yet, you resorted to such a trick in this contest. It seems that the Fire Society is really trying."

What Yun Feng said rendered Kasa's speech pointless. The students finally thought it through and yelled, "This is not a f*cking life-and-death battle, its just a contest! Did you have to be so unscrupulous? The Fire Society is no good!"

“Indeed. To think that she’s a princess of the Royal family! Does everybody in the royal family use such a move?”

“If the Karan Royal Family is like that, I think we should immigrate as soon as possible!”

Kasa stood there palely and listened to the audience’s remarks that were crossing the line. She waved her arm and pointed at Yun Feng, “Yun Feng, are you only good with your tongue?”

Yun Feng smiled, and hinted that Mu Xiaojin should leave. Mu Xiaojin nodded. Without replying to Kasa’s question, Yun Feng simply asked the referee, “Did the Constellation Society violate the rule?”

The referee nodded. Then, Yun Feng nodded too. “Very good.” Hardly had she said that when she drifted to the Beast at a weird speed. The Beast, as a wind element mage, clicked his tongue, feeling shocked at Yun Feng’s speed. He was about to speak, when his neck was clutched.

Yun Feng clutched the Beast’s neck and exerted strength with her fingers. Immediately, the Beast’s long face became red and scary. Seeing that, the referee cried in surprise, “Yun Feng, what are you doing? Stop!”

Yun Feng smiled. Yun Sheng stepped forward, with blue water elements popping out of his hand. He waved at the Beast, whose neck had been clutched. The water elements darted at him in a beautiful pattern. Yun Feng, on the other hand, stuck her finger into the Beast’s jaw and forced him to open his mouth, so that the water elements darted into his body precisely.

Chapter 319: Fight (3)

“Ugh!” The Beast shivered the moment he swallowed the water elements. Murong Ran unconsciously shivered too, and knew exactly what the Beast felt when she saw the ice on his face. She stood there palely in silence.

“Y-Y-You...” The Beast trembled and couldn’t say anything. The coldness inside his body was covering his internal organs and quenching the heat. There was a thin layer of ice on the surface of his body too.

“Carry him away!” Seeing that, the referee shouted aloud. Kasa finally reacted and had someone take the Beast away. She stared at Yun Feng and Yun Sheng and asked, “Sir, the Constellation Society violated the rule, so the Fire Society won, right?”

The referee nodded, and glanced at Yun Sheng and Yun Feng. He felt a headache too, as these two students were bold enough to avenge that girl. Although the Fire Society’s representative was immoral and the referee didn’t think their victory was fair, that was the rule.

Fake surrender was not forbidden in contests in the Masang School of Magic. More importantly, the Beast never admitted defeat. If he had, then it would be the Fire Society that had lost.

“The first game is over. We’ll start the second game now. Only one of you may stay here,” said the referee to Yun Sheng and Yun Feng. Yun Sheng looked at Yun Feng, who had cooperated with him well just now. “Feng, let me do it this time.”

Yun Feng nodded and leaped off the arena. Qu Lanyi was still sitting lazily, and Mu Xiaojin was also seated there wearing Yun Feng’s coat. She looked at Yun Feng guiltily, “Xiao Feng, I’m sorry...”

Yun Feng smiled. "That's alright. In my heart, you didn't lose."

Hearing that, Mu Xiaojin smiled in delight. Qu Lanyi was still combing her hair with her finger, and the mole between her eyebrows was exceptionally red. "Fengfeng, it seems that I have to play this time."

In this best-of-five contest, Mu Xiaojin had lost the first game. The Constellation Society only had four representatives, so the other three would all have to fight and win! Yun Feng smiled and didn't say anything. Qu Lanyi slowly leaned close and laid her hand on Yun Feng's shoulder.

"Fengfeng, are you not going to bribe me? If I lose, you'll have to run naked."

Yun Feng's lips cramped, and her face turned completely cold. Looking at Qu Lanyi's eyes, Yun Feng replied with a fake smile, "If I have to run naked, you will too. You can't get away with it."

Qu Lanyi's expression was frozen. The next second, she relaxed and brushed Yun Feng's cheeks with her finger. "What a petty woman. I was just kidding. I could never bear watching you run naked!"

Yun Feng shivered, and unconsciously moved a bit away from Qu Lanyi, but to be honest, she actually looked forward to Qu Lanyi's performance. In the entire Masang School of Magic, Yun Feng had never seen any dark element mage, and only one light element mage, who was Qu Lanyi. Qu Lanyi was as precious as double-element and even multi-element mages. She could even compare to a summoner.

Yun Sheng stood alone on the arena. He wasn't a problem for the Fire Society, whose members knew that he had become stronger. However, he couldn't have been strengthened by more than one level in such a short amount of time. He used to be level 3, and even if he had worked hard, he could only have reached level 4. Even the weakest of the Fire Society's representatives, who was the disgusting Beast, was in the advanced stage of level 4. Among the other representatives, Kasa was level 6, and the other three were level 5.

Seeing that Yun Sheng was there, Kasa smiled casually and said to the people behind her. "Any of you, just step up and finish him off as quickly as possible."

Murong Ran glanced at the remaining two opponents, namely Yun Feng and Qu Lanyi. She didn't know Qu Lanyi, but she knew Yun Feng and certainly didn't want to fight her again, not after what happened in their last encounter. Mi Lingli, on the other hand, stood proudly. She found it demeaning for her to fight this water element loser as a double-element mage.

Seeing that her two companions weren't saying anything, Murong Ran immediately stepped up, "Let me."

Kasa nodded. Murong Ran glanced at Yun Sheng. There had been some grievances between her and Yun Sheng, and even greater ones between her and his sister. She had set Yun Sheng up earlier and failed, which frustrated her. She was no match for Yun Feng anymore, but as for Yun Sheng...

Murong Ran jumped to the arena. Seeing her, Yun Sheng put on a smile. Murong Ran snorted coldly. "I know you've become stronger, but the guy whom you beat with one attack was just another loser. Yun Sheng, don't presume that you'll be lucky."

Hearing that, Yun Feng was amused. After Murong Ran's bold declaration, she said casually from her seat, "I wonder, who was so weak that she couldn't even beat a loser?"

Murong Ran blushed, and bit her lips hard without saying anything. Yun Sheng put on a helpless smile. There was no way that he could control his sister's sharp tongue. However, considering the relation between the Murong family and the Yun family, and since Murong Ran had taken actions against him before, Yun Sheng didn't think it was necessary to go easy on her.

"I won't presume that I'll be lucky." Yun Sheng smiled at Murong Ran casually, which made her feel cold. An uncanny idea occurred to her. Was it a mistake that she voluntarily chose to fight Yun Sheng?

In the second battle of the Constellation Society versus the Fire Society, Yun Sheng and Murong Ran were on the stage. As the referee gave the order, Murong Ran dropped her usual arrogance because of the strange sense of anxiety in her heart. Although she was confident of defeating Yun Sheng, she didn't dare to underestimate him. Murong Ran immediately activated the Earth Shield, protecting herself flawlessly. Of the seven magical elements, the earth element was best known for its hardness. A high-level earth element mage was able to perfect their defense, which could prevent them from being defeated in most cases. However, that was only possible if the mage and their opponent was equally as strong as each other, and the mage was very familiar with the earth element.

Chapter 320: It's Our Turn (1)

The moment Murong Ran's Earth Shield appeared, Yun Sheng smiled. His smile hurt Murong Ran's pride again. Although the Murong family was not exactly a big family, Murong Yuntian had added a brilliant halo to it. As one of the best students in the School of God of War affiliated to the Karan Empire, Murong Yuntian was young and gifted. He had distinguished himself from his peers, and received the attention of the Karan Royal Family. His future was nothing but promising.

Although he was Murong Ran's brother, he had been away from home since he was little, and was not deeply bonded with his family. He was almost a stranger to Murong Ran. However, people knew that she was his sister, and often compared them. If Murong Ran didn't try hard enough, she would forever be eclipsed by her brother.

Ever since she was born, Murong Ran had been much more talented at magic than others. Also, because of Murong Yuntian's glorious feat, she thought that she would be a glowing star too. Since she was admitted by the Masang School of Magic, Murong Ran's grades had always been great. She left the mediocre students far behind her.

Yun Sheng's condition made her even happier. She was happy whenever she saw that someone from the Yun family was unhappy. She simply enjoyed it.

Now that she heard Yun Sheng's laughter, Murong Ran couldn't hold any longer. "Why are you laughing? You think you can defeat me? Yun Sheng, even if you have become stronger, how strong can you possibly be? I don't believe that you can rise to the sky in one step!"

Yun Sheng stood there and stared at Murong Ran with a smile on his handsome face. The audience couldn't help but whisper to each other. Yun Sheng was quite a popular figure too, in a negative way. All the students knew him to be the bottom-ranking student whose strength didn't improve at all. He was stuck in level 3 when he was already 15. That wasn't too embarrassing in the Masang School of Magic, but zero progress in three years was.

The students who were watching the game all pointed their fingers at Yun Sheng and whispered. Seeing that, Murong Ran smiled in disdain. "See? You are a celebrity in Masang."

Yun Sheng nodded. He always knew his image in the other students' eyes. Although he was uncomfortable, he never thought little of himself. The Yun family never knew how to bend. Even if Yun Sheng was truly untalented, he had never given up.

"Earth Arrow!" roared Murong Ran, launching a bright yellow Earth Arrow towards Yun Sheng. Yun Sheng simply stood there without dodging. Even the students couldn't help but shout, "Are you a fool? Why are you not dodging?"

Yun Feng watched her brother's back from her seat with a smile. The level 5 Earth Arrow couldn't possibly hurt her brother. Murong Ran, on the other hand, would suffer when her brother counterattacked.

Yun Sheng curled his lips, and extended his hand slowly. Now that he had reached level 7, Yun Sheng felt that the level 5 Earth Arrow was nothing but a joke. Coldness spread out of his hand, slowing down the Earth Arrow while it was flying, until it was almost in slow motion by the time it approached Yun Sheng. Then, Yun Sheng seized it in his hand.

"Bam!" Yun Sheng clenched the Earth Arrow and crumbled it into smithereens. Standing behind the Earth Shield, Murong Ran was too dumbfounded to talk. The audience were lost for words too, and all gazed at Yun Sheng. They had seen him attack before, but all his opponents until this day were level 3, so they didn't know his strength precisely. However, it was different this time. His opponent was Murong Ran, who was in a high position on the individual rank. Yet, her attack had been crushed so easily?

"Damn, what's with Yun Sheng? Isn't he one of the weakest?"

"Beats me! Is it really possible for someone to become so strong so fast?"

Everybody fixed their eyes upon Yun Sheng. Envy, jealousy, agitation, suspicion and disbelief. Everybody looked at him with a different expression. Even the referee was astounded too, and didn't know what to say.

Yun Sheng shook his hands, and the earth elements were already gone. He coldly stared at Murong Ran and said, "You can't win. Just admit defeat."

Murong Ran's face was pale at first. Then, it turned completely red. She didn't need him to tell her whether or not she could win. She knew that it was impossible for her to beat him!

"Don't be too outrageous!" Murong Ran canceled the Earth Shield that had been protecting her, and seemed about to attack with all her strength. Yun Sheng smiled gently. He looked much more casual and at ease than Murong Ran did.

Kasa watched the game gloomily from her seat. Yun Sheng's performance astonished her too. The man had crushed a level 5 Earth Arrow. Was it possible that he had risen to level 6? Thinking of that possibility, Kasa clenched her fists, knowing that she had failed this game in the most humiliating way!

Murong Ran stood there, overwhelmed with embarrassment. She waved her hand and gathered earth elements in her hands again. However, Kasa rose abruptly and yelled, "Are you not done embarrassing yourself yet?"

Murong Ran blushed, and looked back reluctantly. Kasa coldly stared at Murong Ran. Murong Ran finally gave up. She looked back at Yun Sheng angrily, as if she were saying that she would defeat him next time they met.

Yun Sheng put on a helpless smile. Seeing that, the referee asked Murong Ran, "Do you admit defeat?"

Murong Ran's expression and body were stiffened. Her lips moved. She obviously found it embarrassing to admit defeat, but she was clearly no match for Yun Sheng in a real battle, as evident from their previous collision.

"I do," said Murong Ran in a low voice, before she jumped off the arena. The referee was stunned. He didn't hear her clearly and wanted to ask again, but Murong Ran was already outside of the arena. He then realized that it was unnecessary to confirm with her. "The Constellation Society won the second round."
