

## Summoner 341

### Chapter 341: Revelation (4)

“Keep your distance!” Little Fire howled at the kids who were trying to approach. Its wolf face, which was not cute to begin with, as well as its scary expressions, prevented the kids from getting close. Some even flinched and cried on the spot. Yun Feng smiled helplessly. A summoner’s Magic Beasts only obeyed the summoner. They were proud. Not to mention that Little Fire was a mutated Magic Beast. It wouldn’t show mercy to anyone except Yun Feng.

If Yun Feng weren’t here, Little Fire wouldn’t mind slapping away the people who were trying to approach it. Did they consider it a harmless rabbit? It was certainly not!

The three people and the beast disappeared from everyone’s sight while they watched. Everybody hadn’t recovered from the shock of an unexpected summoner yet. That mysterious Fire Cloud Wolf, in particular, had breathtaking eyes. The interaction between the summoner and her Magic Beast made people look forward to the mysterious and powerful profession.

“I wish I could be a summoner...” mumbled a boy, while he gazed at Yun Feng’s back in fascination. Nobody else said anything, but they seemed to be thinking the same. A summoner... How wonderful it would be if they could become a summoner?

Yun Feng didn’t hide at all on her way back. Little Fire walked lazily next to her, and emitted a strong pressure. Lan Yi wouldn’t have been as scary. After all, it had transformed into a human being every time, because its true form was too big to be assumed. On the other hand, Little Fire didn’t like to transform even though it could. It always showed up as a Magic Beast, which puzzled Yun Feng.

It was fine even if Little Fire didn’t transform. Yun Feng didn’t want to hide her identity as a summoner anymore. The Magic Beast was a great help for her to amaze everyone!

On their way, the three members of the Yun family were accompanied by exclamations and screams. Little Fire had no time to bother the easily-surprised human beings, who were just weaklings that it could smash away easily. It wasn’t interested in anybody unless they were as strong as itself, so that it could whet its fangs and claws on them. Getting to the bottom of it, Little Fire was a battle maniac.

They returned to the territory of the rich and the powerful in the south. The guards were completely dumbfounded to see Little Fire with them. The people who had been tailing Yun Feng all stopped, as they weren’t allowed to trespass. They could only watch the Yuns disappear into the territory, and heave a helpless sigh. Someone suddenly said, “The summoner belongs to the Yun family. She’s the second summoner in her family! I wish I could join the Yun family!”

Everybody nodded in agreement. To enter the Yun family meant to get in touch with the summoner and to see the Magic Beast she contracted all the time!

The soldiers of the Yun Army didn’t expect that their young lady and young master would return with not just their lord, but also a Magic Beast!

The soldiers were all dumbfounded, with eyes widened as those of bulls. One of them asked ignorantly, “Young Lady, did you just buy this? Is it your mount or your pet?” The soldier couldn’t help but glance at Meatball on Yun Feng’s shoulder. That thing must be a pet, so this one should be a mount.

“Boy, shut up if you don’t want to die!” roared Little Fire impatiently. The soldier gasped so hard that he almost choked. Another soldier had to hit his back hard so that he could breathe again. He whispered to the soldier, “It was truly bold of you to ask that.”

Little Fire narrowed its black eyes, and sent out such a dangerous signal that all the soldiers of the Yun Army couldn’t help but step back. Some of the soldiers keenly noticed the dark red ring on Yun Feng’s finger. Their eyes were widened, and they suddenly pointed at their own fingers. The other soldiers realized their implication, and all glanced at her finger. Then, they were so startled that they had goosebumps all over their body.

Seriously? Their Young Lady was already shockingly strong. Yet, she was also a summoner?

One of the soldiers wanted to say something, but another soldier immediately covered his mouth. Seeing their hilarious behavior, Yun Feng smiled. “What’s the matter? Is it strange that I’m a summoner?”

All soldiers of the Yun Army shook their heads at the same time. Yun Feng was quite amused. “I’m just the same person as I used to be even though I’ve become a summoner.”

Hearing that, the soldiers of the Yun Army were all touched. Yun Feng was still wearing the same gentle smile. She was as beautiful as before. Nothing about their young lady had changed, except that she had a new remarkable title, and... a rather ferocious-looking Magic Beast.

“Yes, ma’am!” The soldiers of the Yun family all stood straight and shouted. Yun Feng smiled. Yun Jing and Yun Sheng also smiled in delight. Yun Feng was already a pillar of the family. Although Yun Jing was the patriarch, Yun Feng was the person that the soldiers of the Yun Army admired, and the person in which Yun Jing and Yun Sheng’s hope lay. If the Yun family could be compared to a growing tree, then Yun Jing would be its root and Yun Feng would be the nutrition that the tree depended on!

“It seems that Yun Feng, our summoner, is back, right?” The gate of the Yun family was opened, and a person walked in slowly. The old butler followed him nervously, and said to Yun Jing, “My lord...”

The newcomer waved his hand. The three members of the Yun family looked at the stranger who had come uninvited. The man was young, but seemed reliable and mature. His eyes seemed clever too. He also evinced a natural pressure when he was not talking. Yun Feng considered for a moment and easily realized who he was.

### **Chapter 342: Revelation (5)**

“This house is honored by your presence, Your Majesty.” Yun Jing bowed at the man respectfully, and the man laughed. Yun Sheng was dazed, and Yun Feng gazed at him curiously. The emperor didn’t look at Yun Jing, but just stared at Yun Feng. He was stunned for a moment when he saw Yun Feng’s face.

“The Yun family is truly a family of geniuses. A second summoner has emerged in your family. It’s truly fortuitous for the Karan Empire...” The emperor chuckled. None of the three members of the Yun family said anything. The emperor chuckled again and said, “Why are we still standing here? Come on in.”

He was speaking as if he were the host. As an emperor, he did carry a unique vibe. Yun Jing, Yun Feng and Yun Sheng looked at each other, and all walked in. Little Fire followed them into the yard too. The soldiers of the Yun Army were finally relieved. They were anxious with a racing heart until just now.

The emperor walked in the yard as comfortably as if he were wandering the royal palace. They all entered a room and sat down. The butler withdrew respectfully. Little Fire, on the other hand, stood next to Yun Feng and gazed at the emperor. It instinctively felt that this man had a plot against its master.

After they all sat down, the emperor smiled. "The Yun family has truly been thriving. Your guards are quite astonishing. They're almost stronger than the Royal Army, right?"

Yun Jing frowned. "Thank you for your compliment, Your Majesty. The Yun family is honored to have those soldiers."

While Yun Jing replied, Yun Feng scanned the environment carefully, and detected a powerful yet inconspicuous vibe in a corner of the room. The emperor was indeed not easy to deal with. He was not completely candid with the Yun family. Yun Feng sneered. Would the Yun family do anything sneaky? Only the sneaky people of the Karan Royal Family would think that.

Little Fire detected something too, and somehow became anxious. The emperor smiled again. During this visit, he had been quite friendly and approachable, and didn't really look like an emperor. "Life hasn't been easy for the Yun family for years. But I'm sure that you understand the royal family, Leader Yun."

Yun Jing managed a smile, and the emperor continued. "I'm very glad to see the rise of the Yun family. The better the Yun family develops, the more promising the Karan Empire's future will be. After all, every summoner is a great treasure of the Karan Empire. Don't you agree, Leader Yun?"

Yun Jing's face was stiffened. He glanced at his daughter, and suddenly wished that Yun Feng weren't a summoner. His daughter deserved a better life than working for the royal family for her entire life! Yun Feng smiled. "Your Majesty, summoners are free. Everybody on this continent knows that."

Summoners were free, because they were special. They could go wherever they wanted to. That was a universal rule on this continent. The emperor seemed gloomy for a moment, and then became sunny again. "Alright, let's talk about that later. Your daughter is so young and yet so talented that the kids of the royal family should feel ashamed. I think she should visit the royal family more often and help me teach those worthless kids, what do you think?"

Yun Jing smiled. Teach the royal family's kids? That's truly a subtle way of saying things... "Yun Feng, what do you think?"

Yun Feng chuckled. "Your wish is my command, Your Majesty. But some members of the royal family are actually quite excellent. For example, Princess Kasa."

The emperor immediately looked rather embarrassed. Yun Sheng coughed. His dear sister spoke so bluntly to the emperor. She was truly... The emperor smiled and said, "Yun Feng is not wrong. As part of the Karan Empire, the Yun family should get closer with the royal family. Yun Feng should come tomorrow. You can bond with the kids of the royal family."

The emperor stood, and didn't seem to be staying. He glanced at Little Fire and asked, "Oh? Is this the Magic Beast you've contracted? It's truly extraordinary."

Yun Feng smiled. The emperor then looked at Meatball on Yun Feng's shoulder. "Is this one a pet? Yun Feng is just a kid anyway, right?"

Meatball turned around in disdain, and aimed its butt at the emperor's face. The emperor laughed and walked away. At the door, he suddenly turned around and asked mysteriously, "Yun Feng, do you know about Fantastical Beasts?"

Yun Feng was dazed. The emperor chuckled, and left without saying anything else. Little Fire stood straight and asked Yun Feng telepathically, "Does that human know about Fantastical Beasts?"

Yun Feng pursed her lips. She remembered what Uncle Jin told her about the existence of Fantastical Beasts, even though most humans were uncertain of that. Since the emperor mentioned them a moment earlier, did he know something about the Fantastical Beasts?

The Fantastical Beasts were absolutely useless to warriors and mages, but they were lethally intriguing to the summoners. It was just like doing drugs. People often couldn't get rid of it even though they knew it was dangerous. Even her master had tried to capture one of such beasts, only to get heavily wounded.

Fantastical Beasts... Yun Feng mumbled and suddenly thought of a possibility. Was the emperor implying that a Fantastical Beast had appeared on this continent?

"Master, he's plotting against you," Little Fire's voice came. Yun Feng smiled. How could she not be aware of the emperor's scheme? As she expected, the Karan Royal Family would try to let the Yun family connect to it, or to make sure that she needed something from the royal family. Now that she had revealed herself as a summoner, how could the royal family let her go easily? If Yun Feng declined the offer, she would face the Karan Empire's relentless hunting.

"Yes, I know, but if he does have information regarding the Fantastical Beasts, it doesn't matter even if he's plotting. I won't suffer any loss anyway."

### **Chapter 343: Revelation (6)**

Little Fire shook its head and pricked its ears backwards, which made it look rather cute. Yun Feng couldn't help but squeeze its ears again, making them jerk. "You don't need to worry too much, master. Lan Yi and I are here for you."

Yun Feng smiled and petted Little Fire. "You're my partners and friends. I won't let you die in vain. I don't want to lose you."

Little Fire's eyes glittered. Yun Feng smiled. Maybe, the contract between a summoner and a Magic Beast was ruthless, but there would be feelings between them as they spent more time together. Some summoners would cancel the contract to get more powerful Magic Beasts, but for Yun Feng, she would never abandon Little Fire even if she met other high-level fire element Magic Beasts.

Little Fire pricked its ears again, and Yun Feng squeezed them. "Little Fire, I really want to see you transform into a human being..."

Little Fire gazed at Yun Feng, startled. Yun Feng grinned naughtily, and Little Fire grimaced helplessly. "Master, just spare me..."

Yun Feng laughed and patted Little Fire's head. She remembered what the emperor said. The emperor was truly good at ensnaring people. It seemed that she had to visit the royal palace and deal with the emperor who was as cunning as a fox.

\*\*\*

The capital was where the royal family was based. It was the center of the royal family members' activities, and the place where most members of the family lived. The royal palace was where the members of the royal family studied and gathered.

Yun Feng came to the royal palace in the morning. The royal palace wasn't far from the neighborhood of the rich in the south. The journey was basically a ten-minute walk. The royal palace seemed to have been connected with the neighborhood of the rich, and separated with other places. It was clearly isolated from the places of the civilians.

Naturally, Yun Feng had come to the royal palace by herself. Qu Lanyi, Mu Xiaojin and Yun Sheng had already left to wander the capital. Yun Jing had things to do too. Ever since the Yun family moved to the capital, Yun Jing had been invited to countless social occasions. Yun Feng was quite angry about that. She almost wanted to send those old farts a letter and tell them to keep a distance from her father.

Yun Feng was accompanied by a handsome young man who had mysterious tattoos on his cheek, and Little Fire who had grown famous overnight. This dark red Fire Cloud Wolf was already known throughout the capital. Everybody knew that it was the summoner's Magic Beast!

Since Little Fire was already freed, Lan Yi was naturally freed too. The two Magic Beasts that had only been summoned when they were needed finally had a chance to see the world. Lan Yi seemed quite happy too. However, Meatball, who stayed on Yun Feng's shoulder, was the most delighted of all. It had been excited and curious about the capital since the previous day.

When Yun Feng arrived at the gate, someone who wore luxurious clothes received her. He seemed to be from the high class. When he saw Little Fire, he smiled awkwardly, and quietly stood on Yun Feng's other side next to Lan Yi. In his eyes, Little Fire was most dangerous.

"Lord Summoner, you're here... His Majesty is waiting for you. Please follow me..." said the man respectfully and uneasily, as if he feared that Little Fire would impatiently lunge at him. Little Fire didn't even bother to look at him. Seeing that Little Fire wasn't interested in him, the man was greatly relieved.

Yun Feng followed him into the palace. Nobody else could've guessed that neither of Yun Feng's companions was a human being!

The royal palace was just as big as Yun Feng expected. She was led on a special path, where she encountered few people. As she walked in silence, her two Magic Beasts were already observing the palace in secret, and making their own remarks.

"Master, there are several people whose vibes are more powerful than ours," said Lan Yi solemnly. Yun Feng nodded. The royal family definitely had its trump cards. It would've been razed to the ground if it didn't have strong protectors.

"I wonder if it would be fun to fight them." What Little Fire said made Yun Feng shake her head helplessly. The fire element Magic Beasts were really bad-tempered, just as unstable and aggressive as

fire elements. Little Fire was no exception. It always wanted to fight. If it were a human being, it probably would solve any problem by violence.

"I'm here today to negotiate with the old cunning box. I won't suffer any loss even if he plots against me. It remains to be seen whether or not he'll give in," Yun Feng said telepathically. Both Lan Yi and Little Fire chuckled. Yun Feng knew what was on their mind, and said solemnly, "The commanders of the four five-star groups are just innocent children compared to this old cunning box. I was able to rip them off, but I don't think I can outsmart this one."

Hardly had she sent that message when Yun Feng saw an enormous gate into which jewels and diamonds had been embedded. The person who received her bowed at her respectfully, "Lord Summoner, His Majesty is in there. Please go inside."

Yun Feng nodded, pushed the gate, and walked in. Lan Yi and Little Fire followed her. The gate automatically closed behind her. The person who received her suddenly took out a handkerchief and wiped his sweat. "Oh my god, I was almost terrified to death..."

Yun Feng walked into the room, which was exceptionally spacious. The emperor was looking at Yun Feng with a smile from the host's seat. He seemed to be the only person in the room, but Yun Feng knew that it wasn't true. There were four Commander Level experts hiding in the corners of the room. They were all monitoring her closely from their independent spaces. If Yun Feng behaved abnormally, she would suffer Commander Level attacks from four directions simultaneously.

Meatball suddenly stood straight, and looked at the corners of the room, as if it were eager to take action. Yun Feng extended her hand and petted Meatball. This time, it calmed down and lay down on Yun Feng's shoulder, no longer moving.

"Great summoner of the Karan Empire, please have a seat," said the emperor with a smile. Yun Feng expressionlessly sat down, and casually glanced at the corners of the room. An emperor was expected to stay vigilant all the time. Hehe. If she was truly going to attack, perhaps those four people would make great targets.

#### **Chapter 344: International Competition (1)**

Yun Feng held back the violent thought. She was here to negotiate, not to declare war. She would discuss with the old cunning fox and see what they could get from each other.

"Allow me to be frank. You must know the purpose of my visit, Your Majesty," Yun Feng went straight to the topic. It would be a waste of time to beat around the bush with an emperor.

"Hehe. The news of Fantastical Beasts is truly alluring... Only the emperors of the four empires are aware of the news. It's sort of a deal among us. I'm taking risks to tell you."

Yun Feng smiled. "Your Majesty, you must know what the risks are, and since you already told me, you must be capable of bearing the risks."

The emperor slightly narrowed his eyes. He was only talking to a kid, but why did she give him such a pressure that his gravitas as an emperor had been resolved? He had never seen anyone who could speak to him so equally except the other three emperors.

“Alright, people of the Yun family are truly straightforward. I can tell you the information, on one condition.”

Yun Feng raised her brows. This old cunning fox was getting to the topic too. Great! “What’s your condition?”

“Hehe. The international contest of the four empires on the East Continent is about to begin. The individual ranking contest of the Masang School of Magic was canceled. You must be aware of that.” The emperor crossed his hands on his knee and behaved rather casually.

“The international contest has been brought forward. I don’t know what they’re up to, but it barely affects Karan. I don’t think you know about this international contest. It’s held among the four empires on the East Continent every five years. Each of the four empires hosts the contest in turns. It consists of two parts: warriors and mages. Naturally, summoners are classified as mages. Every empire will send five representatives in each domain, forming a team of ten, for the contest. The international contest is a game that all the four empires look forward to. They all want to become the champion.”

Yun Feng smiled, and didn’t comment. The emperor glanced at her and continued, “The top two countries will be qualified to explore a place of relics that’s known as the Relics of Gods. It’s said that the place contains countless treasures, weapons and unimaginable items.” The emperor sounded rather earnest and hopeful. It seemed that the Relics of Gods were quite special even for the emperor.

“As to why the relics weren’t discovered earlier, and other relevant stuff, I’m not very clear. All in all, it’s an agreement of the four empires. If any of them violates the agreement and explores it secretly, the other three empires will attack it together. You must earn the qualification of exploration through the international contest.”

“You want to win the qualification of exploration, Your Majesty? Did the Karan Empire never win the contest before?”

The emperor looked rather awkward. “Karan is not weak, but the other three empires all have their own geniuses. In every contest, the other three empires have been sending their trump cards and ultimate champions. Karan doesn’t have as many prodigies as they do, especially those which are considered exceptional.” The emperor glanced at Yun Feng and chuckled. “But it’ll be different this year. They can’t possibly expect your presence.”

Seeing the passion in the emperor’s eyes, Yun Feng already knew what he was up to. “Is your condition that I win the qualification of exploration in the contest?”

The emperor smiled. “The qualification of exploration? Not just that. You have to become the champion!”

Yun Feng slightly frowned. Why did she have to become the champion? The top two were already qualified to explore the relics. Why did the emperor want her to be the champion? Because of his pride? The emperor chuckled. “Yun Feng, that’s my condition. If you accept, you must become the champion. If you don’t, so be it. I won’t force you to do anything.”

Various thoughts rolled in Yun Feng’s heart. She thought that this fox was even more cunning than she thought. The Relics of Gods were obviously a place that everybody was greedy about, as evident from

the emperor's tone. Many marvelous items must've been hidden there. That was why the four empires had to set up an agreement to prevent each other from claiming all of them.

Yun Feng concluded that she would definitely find many useful things there. She had never heard about the relics before. The information about the place must've been blocked, or the independent cultivators would've explored it. The four empires had truly protected it well.

Claiming all the good stuff for themselves? How could it be so great? She would definitely be one of the representatives. By telling her about the Relics of Gods, the empire had shown his sincerity. Likely not all the representatives knew what was behind the international contest.

If she declined the offer after learning the secret, it would be another reason for the emperor to hate the Yun family. He would also prevent her from participating. She wouldn't suffer any loss even if she accepted the request. She could become the champion, on her own conditions!

Yun Feng's lips curled, which informed the emperor of her reply. "Your Majesty, it won't be a problem for me to become the champion. But I'll have to set a few more conditions."

The emperor chuckled and patted the back of his hand with his finger. "Alright. What are your conditions? What do you want besides information on the Fantastical Beast?"

Yun Feng's smile became bigger and bigger. She gazed at the emperor, with shrewdness hidden in her eyes. "I want three openings in the team that explores the relics."

What Yun Feng said changed the emperor's expression. She smiled and continued, "Naturally, the royal family will explore the relics on its own. I'm fully aware of that. Otherwise, the contest for the qualification of exploration wouldn't have been given a fake name. I believe that you won't mention anything about the relics to the representatives in the contest either."

## **Chapter 345: International Competition (2)**

The emperor looked even more sullen as Yun Feng talked. Sitting in the host's seat, he tapped the back of his hand now and then in silence.

Yun Feng was right. This international contest was just a disguise. The royal families of the four empires had all kept the relics a secret, because the ten representatives they sent out weren't all from the royal families. Some of them might be from other famous families, which would demand a share in the relics once they learned about it. How could the royal families possibly refuse them? In such a case, the royal families would gain much less loot from the relics, and suffer a direct loss!

Getting to the bottom of it, the contest was all about letting others fight for the interests of the royal families. The exchange was quite blatant.

"Your eyes are quite keen, aren't they?" The emperor coldly glanced at Yun Feng, and Yun Feng wore the same smile. "I've made my offer. In fact, I have nothing to lose. The worst I can expect is that I don't get to participate in the exploration. However, I dare not promise that other families won't learn the matter."

The emperor suddenly realized that it might have been a mistake to negotiate with Yun Feng all along. He was the emperor of a great country, yet he had been cornered by a little girl. The emperor was

rather infuriated, and gnashed his teeth due to Yun Feng's threat of telling the other families. If other families learned of the relics, they would definitely make a fuss!

If the Karan Royal Family did win the qualification of exploration, it certainly wouldn't share with other families! Three openings in the team weren't too much. If other families learned of the matter, more than three openings would have to be given away!

The emperor weighed the pros and cons and finally made a decision. The Karan Empire depended on Yun Feng if it wanted to become the champion. For hundreds of years, only one of the four empires had had a summoner, until Yun Feng emerged at this critical moment!

The Karan Empire would surely become the champion! The emperor was determined to win!

"Alright, I'll give you three openings!" The emperor relaxed and finally spoke. Yun Feng smiled, knowing that the emperor couldn't go back on his word easily. "You're truly generous, Your Majesty. In that case, we have a deal."

The emperor was greatly relieved. Now that Yun Feng had accepted the request, the Karan Empire would almost surely win. "Alright, I'll wait for your good news."

Yun Feng chuckled. That fox didn't want to suffer any loss? Hehe. How could anyone who negotiated with Yun Feng not suffer loss?

Yun Feng chatted with the emperor for a while longer. The emperor asked her to take a tour in the royal palace, and Yun Feng accepted. She roamed along the path. Little Fire asked telepathically, "Why didn't you ask for more openings? You could've asked for ten!"

Yun Feng chuckled. "I couldn't be too outrageous. The royal family has boundaries. I must gain maximal benefit within their toleration. Three openings are enough for me."

"Master, if Brother Fire and I each take up an opening, won't it be an unfair deal for you?" asked Lan Yi, frowning. Yun Feng smiled. "I didn't say that Magic Beasts count as members of the team..."

Both Little Fire and Lan Yi chuckled. It seemed that their master was truly clever, and she wouldn't suffer any loss from the deal. Yun Feng was in a better mood. Her ancestor must know about the Relics of Gods. She could ask him after she returned. If she could pick up any useful items from there, it would be very important to her.

Yun Feng found herself in what seemed to be a garden after she took a turn down the path. This place was more crowded. Servants could be seen passing by. However, they all screamed and ran off when they saw Little Fire. Some even accidentally bumped into walls.

"Stupid human beings. Bumpers," Little Fire couldn't help but mumble, while scornfully staring at the cowardly servants. Yun Feng smiled. Their reaction was understandable. Little Fire's unexpected presence was a major test for their heart. Besides, they were just ordinary folk, and truly weak.

The weaklings were inevitably awed and scared in the presence of strong experts. In particular, Little Fire was so strong that it was evincing a panicking pressure. No wonder the servants were running off.

“Yuntian, where are you going? Wait for me!” Yun Feng heard a familiar voice drawing close. She glanced in a certain direction, and saw a person emerging from the corner over there. Yun Feng nodded at him as a greeting, while the man seemed to be dumbfounded. He simply gazed at Yun Feng earnestly.

“Yuntian, what are you doing here? You...” Kasa’s voice chased him. Soon, she appeared too. After she saw Yun Feng, she suddenly changed her expression. “Y-Yun Feng, you—you’re here...”

Kasa’s voice shivered, perhaps because she saw Lan Yi and Little Fire next to Yun Feng. She would never forget what she went through with that winged man and the particularly brutal Fire Cloud Wolf... She suddenly held Murong Yuntian’s hand, hoping to absorb courage from him, but he threw her hand off quickly.

Kasa raised her head. When she saw how attentively Murong Yuntian was staring at Yun Feng, flames of jealousy were burning in her heart. That man had never looked at her in such a way! She had chased him for years, but he never even bothered to look back at her! Yet, he was staring at another woman with so much concentration at this moment!

Kasa glared at Yun Feng, but withdrew her gaze after seeing Little Fire and Lan Yi. She found herself a coward, but she was haunted by her fear, and didn’t have her usual arrogance when she faced Yun Feng. However, she still hated Yun Feng for stealing the attention of the man she had devoted herself to.

### **Chapter 346: International Competition (3)**

Murong Yuntian stood there, slightly stunned. He seemed to be taller, and even more handsome than before. His facial features were in perfect distribution. Yun Feng examined him remotely, and found that he had risen to level 9. He was only level 8 last time they fought, yet he had risen to level 9 in such a short amount of time. He was indeed a genius.

After nodding, Yun Feng turned around and was about to leave. She didn’t have time for this love drama. However, before she walked away, Murong Yuntian had called out to her, “Yun Feng!”

Yun Feng stopped and turned around. Kasa gnashed her teeth, but didn’t dare to say anything. She could only stand aside in frustration, while watching the man she loved staring at another woman affectionately. “Anything I can help you with?” asked Yun Feng casually.

Murong Yuntian noticed Lan Yi, who was by Yun Feng’s side, and was obviously unhappy. He turned solemn. Lan Yi raised its brows, and detected the pressure from Murong Yuntian. It looked back at him.

“Who is he?” Murong Yuntian stared at Lan Yi, who was as handsome as himself. More importantly, Lan Yi was standing intimately with Yun Feng, which provoked Murong Yuntian. He didn’t know what was wrong with him, but he was somehow enraged when he saw a male by Yun Feng’s side.

“A friend of mine. What’s the matter?” said Yun Feng briefly. Lan Yi glanced at Yun Feng, and felt happy that its master called it a friend even though it was just a Magic Beast.

Murong Yuntian frowned. Seeing the impatience on Yun Feng’s face, he knew that he overstepped the border.

“Congratulations, summoner,” said Murong Yuntian. Yun Feng smiled and said, “Thank you. Congratulations on your promotion too.”

Murong Yuntian gazed at Yun Feng, dazed. Yun Feng turned around and left without saying another word. Looking at her slim body and her hair that fluttered behind her, Murong Yuntian suddenly thought that if possible, he should go back to the Murong family and discuss the matter with his father.

Kasa had been standing aside in silence and staring at Yun Feng with the eyes of a viper. She glanced at Murong Yuntian's expression, and lowered her head bitterly. The man she had pursued for a long time was stolen so easily. Why was she not as attractive as Yun Feng? Damn it! Damn it!

Hardly had Yun Feng left the garden when she felt that the Sound Transmission Jade was buzzing inside the bracelet. She looked around and saw that nobody was around, so she simply took out the jade, which glittered and sent out Mu Xiaojin's voice, "Xiao Feng..."

Yun Feng's heart somehow raced. "Xiaojin, did something happen?"

The Sound Transmission Jade glittered again, but this time, it wasn't Mu Xiaojin's voice, but Yun Sheng's. "Feng, we're in the street of grocery stores in the north. You'd better come."

Yun Sheng sounded rather reluctant. The Sound Transmission Jade glittered again. "Qu Lanyi... Something is wrong about her."

Yun Feng was rather shocked, wondering what was wrong with Qu Lanyi. Did she do something appalling again? Yun Feng had a strong headache when she thought of the things that Qu Lanyi could've possibly done. She looked at the north. The street was quite far away. The fastest way to get there was...

Lan Yi extended his arms and held Yun Feng carefully between them. His wings suddenly appeared, unfolded and flapped! The blue patterns on the white wings were very bright and beautiful. Lan Yi soon rose to the sky. The handsome man who flew in the sky with his wings looked like an angel.

Little Fire snorted and simply flashed into Yun Feng's Ring of Contract. If it were to run out of the royal palace alone, many people in the royal palace would've been horrified to death.

Lan Yi flapped its wings and took Yun Feng to the north of the capital in a blue streak of light. After they were gone, two people slowly walked out. The girl gazed in the direction where Lan Yi disappeared in fascination. "Is that a summoner and her contracted Magic Beast? It's so pretty..."

The middle-aged man behind the girl also looked at the direction where Yun Feng left. "If you like it, princess, you can have a Magic Beast too. However..."

The girl suddenly became cold. "You think I'm as stupid as others? Humph. A mount? What's the point of a mount? It's just useless!"

The middle-aged man stopped talking, and the girl suddenly curled her lips. "If I can get the summoner's Ring of Contract..."

The middle-aged man's face was stiffened. He glanced at the girl, and then quickly withdrew his gaze. The girl seemed to have thought of something delightful, as she was wearing an obvious smile. Yet, the middle-aged man felt coldness spreading in his heart.

The north of the capital was where the civilians lived. There were grocery stores that were prepared for the civilians. Although the items in those stores were nothing remarkable, their prices were affordable

for civilians, who bought most of the stuff they needed here. So the street of grocery stores was busy every day.

There was a famous section on the street that sold bizarre items. Although most of the items were fake, it was still rather popular among civilians. Unlike the nobles who could play with rare treasures, the civilians could only appreciate and enjoy the items here. The door of the store was opened, and Yun Sheng and Mu Xiaojin walked out. They caught a lot of attention as they seemed like an attractive couple. Qu Lanyi followed them. However, she looked quite weird at this moment. Her face was cold as if everybody else were her enemy. And she emitted a pressure that prevented anyone else from approaching her.

### **Chapter 347: The Yun Family's Boundaries (1)**

"Brother Yun Sheng, is she alright?" Mu Xiaojin glanced at Qu Lanyi worriedly, and then turned her head. Qu Lanyi had been fine, until she suddenly turned into a different person. Mu Xiaojin didn't know her very well and didn't dare to approach her at this moment.

Yun Sheng frowned. He had just spoken to Yun Feng, who must be on her way. Even he didn't dare to approach Qu Lanyi at this moment. He felt like she would go on a rampage if he did. She carried a suppressed vibe, and if something was brewing and waiting for a point of breakthrough.

"Hey, I didn't expect to see a pretty girl here! Tsk, tsk. Not just one, but two!" A flirtatious voice came close, making Yun Sheng frown.

A couple of mobsters drew near. All the other passers-by kept their distance. Some looked at Yun Sheng's team, especially Mu Xiaojin and Qu Lanyi, worriedly. "Those mobsters are here. These two girls are really..."

"I hope that the boy is strong... Can't anyone teach those mobsters a lesson?"

Yun Sheng heard their whispers loud and clear. As it turned out, those mobsters had been active on this street for a long time, and often took advantage of the folk. It wasn't rare for them to flirt with girls in public.

"Little beauty, you seem preoccupied. How about a smile?" said one of the mobsters teasingly, while staring at Qu Lanyi and drooling. Qu Lanyi didn't react at all, as if she didn't hear anything.

"Is this one deaf? Haha. Then how about a smile from the other beauty?" The mobsters then put on a dirty smile at Mu Xiaojin, who was nauseated. "Villains!" she shouted, but it only made the mobsters laugh loudly.

"Hahaha. Hahaha! You're not wrong, little beauty. We're villains!" The mobsters stepped up, and were about to push Yun Sheng aside. However, they retreated their hands, shivering, with twisted expressions. "What did you do to us, bastard?"

Blueness glowed in Yun Sheng's hand. The crowd who were watching the scene were all amazed. A mage! So this guy was a mage!

“Damn! You think mages are something! Go and beat him up!” The mobsters who were hit by Yun Sheng roared. They all unleashed their vibes, which made Yun Sheng anxious, as those mobsters were all level-5 warriors. No wonder they had dominated the street!

Yun Sheng sneered and pulled Mu Xiaojin behind her. He then shouted at Qu Lanyi, “Qu Lanyi, what are you waiting for? Come here!”

Qu Lanyi didn’t listen. She simply stood there in silence. The mobsters all laughed aloud. “Do you see? This one doesn’t listen to you. She listens to us!” One of the mobsters approached Qu Lanyi with an obscene smile, and reached for her cheeks, only to cry out in the next second. “Ouch! It hurts!”

His hand that was trying to touch her had been grabbed tightly. Qu Lanyi stared at the mobster and curled her red lips, speaking in a hellish low voice. “You dare to touch me? You want to die today, don’t you?”

The mobster’s hairs all stood up. He struggled and tried to move away from Qu Lanyi. Qu Lanyi snorted with disdain on her face. However, she then quickly changed her facial expression, which shocked the mobster. “You molested me! Fengfeng, help!”

The mobster trembled. Before he had the chance to defend himself, he had been smashed to the ground. So were his partners, who had been knocked down before they could attack. They all lay on the ground in frustration.

“Damn it, who’s ruining my business? I...” The mobster raised his head and roared, but his face became as pale as pale the next second. The other mobsters were the same. They all gazed in the same direction in the sky. What was the winged man in the sky? Did human beings have wings?

“A-Angel...” The crowd were shocked at everything they saw, and finally came up with a word. Everybody agreed on the conclusion, and watched the winged man slowly descend. The girl in his arms dazzled everybody too!

“Is she the angel’s... master?” someone suddenly proposed. The crowd were rather surprised too. Did angels have masters? Yun Feng simply ignored the surprised crowd. After Lan Yi landed, its wings vanished. Hardly had Yun Feng regained her balance when she noticed that a wind was moving towards her. She quickly dodged, and Lan Yi even stood in front of her. However, the wind circumvented Lan Yi and continued moving towards Yun Feng.

“Fengfeng, you’re finally here. They just molested me...” Qu Lanyi stuck herself to Yun Feng, and held Yun Feng in her arms intimately, even though she was significantly taller than Yun Feng. The crowd were shocked again. While the two girls holding each other was quite an enjoyable picture, they did seem inappropriately close...

“Qu Lanyi, get off me!” Yun Feng ran out of patience and roared. She tried to drag Qu Lanyi off her body, but Qu Lanyi was surprisingly sticky. No matter how hard Yun Feng tried, she simply wouldn’t let go. Yun Feng became sullen. She would’ve forcefully pulled her down if she weren’t worried that it might hurt her!

“Nana!” Meatball shouted in dissatisfaction too, and patted the back of Qu Lanyi’s hand with its furry tail. Qu Lanyi suddenly raised her head and glanced at Meatball. Then, Meatball somehow paused, and

withdraw its tail. It simply lay on Yun Feng's shoulder and kept gazing at Qu Lanyi with its grape-like eyes.

### **Chapter 348: c**

"Get off! Get off now!" Yun Feng blushed. Lying on Yun Feng's body, Qu Lanyi watched her earlobes turn red and chuckled. She then slowly let go of her. After that, she pushed Lan Yi away from Yun Feng and stood right next to her. "Fengfeng, you must make things right! Those people..."

Qu Lanyi pointed in one direction, and Yun Feng looked there. Where were the mobsters that had been lying on the ground? Qu Lanyi blinked her eyes, and so did Yun Feng. Yun Sheng and Mu Xiaojin were both amused. Those mobsters were truly great runners. They had disappeared already!

"Alright, keep your distance!" Yun Feng pushed Qu Lanyi away with her elbow, and moved further away from her. Qu Lanyi snorted, and didn't say anything. She simply glanced at Lan Yi unhappily. Lan Yi's eyes were filled with vigilance.

"Big brother, what did those people do?" Yun Feng approached Yun Sheng and asked. Yun Sheng shook his head. "Nothing. They're just some worthless young men."

At this moment, Qu Lanyi snuck up upon Yun Feng and whispered to her, "Fengfeng, what did the emperor say to you?"

Yun Feng's eyes glittered, and Qu Lanyi put on a smile. Yun Feng asked her brother silently with the movement of her lips, "What exactly did you mean when you said something is wrong with her?"

Yun Sheng read his sister's question, and was puzzled too. There was indeed a moment when Qu Lanyi wore an unusual expression, but she became normal when Yun Feng arrived... Yun Sheng glanced at Qu Lanyi and didn't say anything else. "Let's head back. Certain things shouldn't be discussed here."

Yun Feng, however, smiled. "Big brother, you can go back first. I need to go somewhere else."

"Xiao Feng, where are you going?" asked Mu Xiaojin curiously, and Mu Xiaojin was rather cold. "Did someone invite our father again?"

Hearing that, Yun Sheng smiled bitterly and nodded. Yun Feng's smile became even colder. "Nobody can force the Yun family to do anything!" After that, she dashed forward and disappeared. "Lan Yi, keep up!" Her voice came from the distance. Lan Yi immediately followed her and disappeared.

"Fengfeng is truly unique. Haha." Qu Lanyi looked at Yun Feng's back and chuckled, and Yun Sheng agreed with her. He then asked curiously, "What happened to you just now?"

Qu Lanyi turned around. "Just now? What happened?"

Mu Xiaojin opened her mouth. "Just now, your facial expression..."

Yun Sheng pulled Mu Xiaojin's arm. Mu Xiaojin was puzzled, but didn't ask further. Qu Lanyi smiled and asked, "What's the matter?"

Yun Sheng stared at her carefully for a moment, but eventually shook his head. "Nothing. Let's go back."

Qu Lanyi chuckled and didn't say anything. In the weird atmosphere, they left the street. It was not until this moment that the folk who had been watching finally had the courage to talk. "Did you hear it? They were talking about the Yun family, right?"

"They're all saying that a new summoner has emerged in the Yun family. Is the winged angel a Magic Beast?"

"If so, then isn't that little girl..."

The folk looked at each other. All of them thought of the same soul-stirring name: summoner!

\*\*\*

Yun Feng and Lan Yi went to the prosperous area in the capital, and entered a club for the upper classes. The receptionist recognized Yun Feng the moment she appeared in the lobby. "L-Lord Summoner!" The receptionist seemed quite excited, and shouted so loudly that everybody else in the lobby heard him. They all looked at Yun Feng passionately. "The summoner? Really?"

"Indeed, she is the summoner!"

At first, Yun Feng wasn't used to such attention. However, as a summoner, she was destined to be a center of attention wherever she went. Gradually, she became accustomed to such attention.

"Has my father been here?" Yun Feng went straight to the topic. The receptionist seemed to be so stunned by Yun Feng's presence that he didn't hear her question at all. Yun Feng waited for a long time, but didn't get a reply. She glanced at the receptionist impatiently, only to feel embarrassed at the fascination on his face.

"I asked..." Yun Feng was going to ask again, when a man in decent clothes came close and kicked aside the stunned receptionist. "It's our honor to receive you, Lord Summoner. What can I do for you?"

"Has my father been here?" asked Yun Feng solemnly again. The man pondered for a few seconds, and then said with an adulating smile, "Well, your father is indeed here. However..."

"Which room is he in?" Yun Feng interjected. Dazed, the man smiled awkwardly, "Lord Summoner, I don't dare to lie to you. You see, here's the problem. It's several bigshots who have invited your father. About that..."

"Human, my master asked you a question, and you will answer it!" said Lan Yi coldly. Shocked, the man observed Lan Yi for a long time. Then, his teeth clattered. "Y-You are the Magic Beast!"

"If you don't tell me, I'll just look for him by myself." Yun Feng didn't intend to waste any more of her time. She had already put on the red Ring of Contract. "Little Fire, come out!" At her command, dark red flames erupted from the Ring of Contract, and the gigantic Fire Cloud Wolf appeared in front of everybody with scorching heat!

"If I set a fire and burn this place to the ground, I'll definitely be able to find the person I'm looking for!" Yun Feng put on a wicked smile. The man in decent clothes immediately turned pale. "Lord Summoner, please wait! Your father is in the private room on the top floor! He's there!"

Yun Feng glanced at the man, and the man's forehead was immediately covered in cold sweat. "A-Allow me to lead the way. This way, please, Lord Summoner..."

### **Chapter 349: The Yun Family's Boundaries (3)**

**Translator:** Henyee Translations **Editor:** Henyee Translations

Yun Feng, Lan Yi and Little Fire, led by the man, disappeared from everybody's sight. Everybody in the lobby inhaled deeply. Then, a young receptionist couldn't help but shout, "Damn, she's so awesome! She said that she would burn this place to the ground and find her father!"

The others all glanced at him. The receptionist blushed and resumed his own business. However, the others did agree with what he just said. Yun Feng was truly awesome.

The man in decent clothes was covered in cold sweat as he led Yun Feng all the way to the top floor. Lan Yi and Little Fire, who were walking with him, made his legs rather unsteady. How could this handsome guy be a Magic Beast? He looked no different from a human... The top floor was rather spacious, and there was only one door. It seemed that the room behind the door must've been extravagantly decorated. The man knocked the door in fear, and someone said impatiently, "Didn't I say no disturbance? Why are you here?"

The man turned around and smiled at Yun Feng awkwardly. His cold sweat was dripping down his neck. "My lord, it's an emergency..."

"Get out of the way," said Yun Feng coldly. The man in decent clothes quickly and unconsciously hopped aside. Yun Feng looked at the door in front of her, and clenched her fists hard. She then took a deep breath. Under the man's watch, she simply punched and broke the door!

The man in decent clothes became completely pale. He had spent a fortune on that door... Yet it had been smashed into smithereens!

After the huge noise, the people in the room and Yun Feng who was at the door saw each other. Yun Feng also saw what was going on in the room, and became even more sullen. Inside the room were a few bigshots who seemed powerful. Her father was among them, and he was seated next to a woman who seemed to be in her thirties and was staring at him alluringly. She was leaning close to him too. Yun Jing looked awkward and was trying to dodge, when the door was shattered.

Everybody in the room was astonished. They could've never thought that the door would be shattered, and certainly not by the girl who was standing behind the door. When the dust spread out, the people in the room didn't see Yun Feng's companions. Someone scolded her loudly.

"How bold of you! You think you can do anything here? Do you know who we are?"

"I don't care in the slightest who you are!" said Yun Feng coldly. Yun Jing, who had been seated on the couch, suddenly sat straight, which surprised the woman next to him. She said lazily, "Why bother talking to this stupid girl? Just take her to prison."

Yun Jing's temples protruded, and he emitted such a cold vibe that the woman was startled. "Yun Jing, what's wrong?"

“You think you can call my father by his name?” Yun Feng’s voice came from the dust. Immediately, the woman was thrown aside by a violent force, and fell on the ground in frustration. The men in the room all changed their expression when they saw the scene.

“Sister, are you alright?” A middle-aged man quickly walked to her and helped the woman on the floor back to her feet. She stood up with his help. The fall had messed up her makeup and her hair. Trying to remain calm, the woman smiled at Yun Feng. “I didn’t know you’re Yun Jing’s daughter.”

The dust at the door had gradually disappeared, and Lan Yi and Little Fire stepped in unhurriedly. The moment they entered, the atmosphere in the room changed entirely. Everybody gazed at them, especially Little Fire, whose Magic Beast appearance was a major shock to them. Little Fire purposefully howled, making all of them tremble.

Lan Yi and Little Fire approached Yun Feng and stood by her side. Yun Feng glanced around at the people in the room, and fixed her eyes upon the woman. “Father, if you want to get a stepmother for me and my brother, please at least find a decent woman.”

The woman’s face was twisted because of fury, and the man next to him looked sullen too. Yun Jing smiled awkwardly, “Feng, that’s not it...”

Yun Feng waved her hand, hinting that her father needn’t say anything else. She was deeply infuriated by everybody in this room. “Yun Feng, even though you are a summoner, it doesn’t mean that the Yun family can be so arrogant!” said the man who was supporting his sister. “Everyone here is much more powerful and respected than the Yun family!”

Yun Feng sneered, and rushed to the man who talked at an amazing speed. Seeing her speed, the man couldn’t help but exclaim, “W-What are you doing...”

Yun Feng stared at the anxious man with mockery all over her eyes. “Powerful? Respected? The Yun family doesn’t want to have anything to do with you people who look dignified but are actually filthy! None of you will pull the Yun family into your circle, or try to sneak into the Yun family! Not a chance!”

The woman’s face was red and pale. The other bigshots looked awful too. They were all the most renowned figures of the Karan Empire, yet they had been suppressed by a little girl in this place.

“Guys, allow me to make myself clear. Please don’t come to me for similar matters again. The Yun family won’t make friends with anyone, or join the circle of the so-called nobles. The Yun family is always independent,” said Yun Jing solemnly. Yun Feng smiled in comfort. She knew that her father would never be corrupted by them!

“Yun Jing, you must think carefully! Have you not learned anything from what happened to the Yun family?”

Yun Jing smiled. “The Yun family will always persist in what it has been persisting in.. We won’t give up because of what happened. The Yun family has never changed, and will not change under my watch!”

#### **Chapter 350: The Yun Family’s Boundaries (4)**

“If you’re so pigheaded, you’ll be kicked out of the capital sooner or later just like you were!”

Yun Feng chuckled in a low voice. "Whoever thinks they can kick the Yun family out, feel free to try. I'm glad to have you prove whether or not I'm a sharp sword."

"You... You are threatening us. You dare to threaten us..."

"Yes, you're right! I am threatening you!" Yun Feng wore a smile, which made her look like the most beautiful devil. "As I said, whoever harms the Yun family will answer for it a hundred times more gravely!"

All the bigshots in the room gasped hard. Good, very good. They had spent their entire life threatening others, but they were being threatened at this moment! Also, this woman's threat was so freaking effective. She was a summoner! Nobody was stupid enough to offend a summoner, unless they wanted to have their family destroyed overnight!

"Father, we should head back. My brother is waiting," Yun Feng said to Yun Jing. Yun Jing nodded. After today's incident, he believed that nobody would disturb him again. The Yun family had always rejected this circle of nobles ever since it was founded.

The father and daughter left the room, and Little Fire's whisper came close. "Master, you should've at least let me eat one of them..."

"Eat whom? You would've spat them out even if you did..."

"Haha. You're right, master. All of them are smelly and nauseating..."

The bigshots in the room, hearing their conversation, had complicated feelings. Fear, helplessness, hate and fury. Different expressions replaced each other on their faces. The only woman in the room collapsed on the floor with anger on her face, but she could not utter a word.

"I truly don't understand what His Majesty is thinking. Isn't it better to just destroy the Yun family?"

The others all curled their lips. One of them slowly walked to the window and looked out. "Destroy the Yun family? If the Karan Royal Family takes action, it remains unknown which party will be destroyed... Let's just stay out of this. The conflict between the Yun family and the Karan Royal Family is inevitable. It's just not the time yet. Let's just stand by and watch."

"Lord De, what will you tell His Majesty?"

The man by the window smiled. "The Yun family has drawn a line. I should reconsider which side I should take now..."

"Lord De, are you suggesting..."

The man by the window slowly turned around, with coldness in his eyes. "I'm not suggesting anything."

\*\*\*

After the father and daughter left the club, Yun Jing was greatly relieved. Yun Feng had been keeping her head lowered in silence. Yun Jing patted her head and said, "Feng, I was too weak. When we just returned to the capital, I felt so glorified that I hoped to keep our family's position forever and didn't want to lose it. I forgot that as long as you're here, the Yun family will stay glorified."

Yun Feng slowly raised her head, and looked at her father's solemn face. "Father..."

Yun Jing retreated his hand and looked at Yun Feng solemnly, before he whispered, "Feng, the Yun family's dream of reclaiming its former glory and having another summoner has been achieved, all because of you. I won't feel ashamed when I meet the former leaders of the Yun family in the other world!"

Yun Feng felt warmth that was flowing to every part of her body. She must get stronger to protect those who need her! She quietly clenched her fists. She had been stuck in the early stage of the Commander Level for a while. It was time she made a breakthrough.

After Yun Feng returned home, she simply told her father and brother that she would train in seclusion for a month and she was not to be disturbed. Yun Sheng and Yun Jing nodded. After learning of her plan, Qu Lanyi and Mu Xiaojin both expressed their support. Qu Lanyi yawned. "I hoped to enjoy this vacation with Fengfeng, but she's more boring than I expected. Never mind. I should train in seclusion too..." Qu Lanyi waved her hands and left. Yun Jing found what he heard rather weird.

"Sheng, who is this girl?"

Yun Sheng smiled bitterly. "She's Feng's roommate. However, she has a weird personality, and is very sticky to Feng. She's also... very strong," he concluded.

Yun Jing nodded and looked at Qu Lanyi's back. His daughter was strong, so it was natural for her to make friends with other strong people. Yun Feng had explained Yun Sheng's condition to her father when they had time. Yun Jing was naturally thrilled to hear the news, and felt that despite all the suffering that the Yun family went through, it did receive unexpected fortunes.

Yun Jing was quite satisfied. "Sheng, you should train in seclusion too," said Yun Jing solemnly. Yun Sheng nodded. His sister had already risen to a new height. He certainly didn't want to be left behind! Mu Xiaojin also smiled and said, "Uncle Yun, I'll go train myself too."

Yun Jing nodded. He glanced at Yun Sheng and Mu Xiaojin, and quite liked Mu Xiaojin. They left one after the other. Yun Jing thought carefully for a while. The Yun family had few members at this moment. Although Sheng was too young to be married yet, it wouldn't be outrageous to set up an engagement for him. Mu Xiaojin seemed like a good and kindhearted girl. Sheng seemed to care about her too. Thinking for a moment, Yun Jing decided to ask their opinion first. He was certainly not a bossy father.

The important members of the Yun family all started to train for a month, which was exactly the length of the Masang School of Magic's holiday.
