

Summoner 351

Chapter 351: Unforgettable Lesson (1)

The soldiers of the Yun Army had thought that they would often meet their young lady during the holiday, and might even have the privilege of receiving her teaching. However, they never saw her or her brother again after their last return. Those soldiers were quite frustrated, and sighed every day. Yun Feng was their idol. They were bummed that they couldn't see their idol even though she was right there.

The residents in the capital were no less frustrated than the soldiers of the Yun Army. They looked forward to seeing Yun Feng every day. They wished that they could see the legendary summoner and the Magic Beasts she contracted. Other people's descriptions sounded exaggerated and surreal, but they piqued everybody else's interest. Fortunately, the Yun family was in the neighborhood of the rich where the civilians didn't dare to trespass. If it were elsewhere, they might have already broken in.

As for those nobles, they never came to meet Yun Jing again. The Yun family was finally at peace. Yun Jing minded his own business, and the young people trained themselves.

The royal family sent representatives to check up on Yun Feng several times, and Yun Jing simply said that she was training in seclusion. The emperor was quite glad to hear the news, as the stronger she was, the more likely she could become the champion.

The emperor then ordered that nobody should disturb Yun Feng, or they would be severely punished! Thanks to that command, the Yun family enjoyed peace for quite a while.

After returning to her room, Yun Feng checked her strength first. She was still in the early stage of the Commander Level. It had been almost half a year since her promotion. She had been training hard since then, and had consolidated her strength in this level. So the next breakthrough was just a matter of time.

The strength of the Commander Level was significantly greater than that below the Commander Level. The Commander Level experts had mastered some of the laws of space, which allowed them to block space and even stay airborne briefly. Nobody below the Commander Level could possibly do that. The gap between an expert at the peak of level 9 and one in the early stage of the Commander Level was enormous.

It required an opportunity to rise to the Commander Level. If one couldn't find the opportunity, one might be stuck at the peak of level 9 for their entire life. On the East Continent, there were a tremendous number of warriors, and quite a lot of Commander Level ones, thanks to their huge population. However, very few mages had ever risen to the Commander Level.

As far as Yun Feng knew, most mages of the Karan Empire were gathered in the Masang School of Magic, except for those who were cultivating independently. In the Masang School of Magic, only she and Qu Lanyi had risen to the Commander Level. Except for the Vice Principal, the Principal who had never appeared, and her brother, nobody else could possibly ever reach that level.

Once her brother successfully advanced into the Commander Level, the Yun family would be significantly strengthened, and Yun Feng would be completely reassured. By then, under the call of herself and her brother, a lot of experts would come! Then, the Yun family's influence would reach a new height!

Inside Yun Feng's spiritual space, her mental strength that had been gathered into colorless water drops drifted slowly. Each of the water drops glittered in a different color, making her spiritual space look rather splendid. Her ancestor dashed among the water drops in comfort. "Kid, you've consolidated yourself well. It's time for a breakthrough. There's a long way ahead of you."

Yun Feng nodded. Her breakthrough was necessary. She needed it for the upcoming international contest, and the mysterious Relics of Gods. Thinking of the Relics of Gods, Yun Feng realized that she hadn't asked about it yet. "Ancestor, do you know about the Relics of Gods?"

The ancestor chuckled. "How can I not know? I even explored it on behalf of the Karan Royal Family!"

Yun Feng held her breath. "What are the Relics of Gods? What's in there?"

Considering for a while, the ancestor finally said, "I don't know how the Relics of Gods appeared in the human world. It had already existed for a long time in the age I lived in. Counting from right now, it must've existed for hundreds of millions of years."

Yun Feng was dazed. Hundreds of millions of years! What was buried in the relics that had existed for so long?

"There are a lot of theories about the Relics of Gods. Some claim that ancient legacies are buried there, some say that unimaginable Magic Beasts are lurking there, some say it's a treasury from the past, and some say..." The ancestor paused for a moment. "...that a Fantastical Beast was spotted there."

A Fantastical Beast! Yun Feng exhaled hot air. A Fantastical Beast had been spotted in the Relics of Gods? Yun Feng thought carefully and realized that it was a possibility. If the mysterious relics had existed for hundreds of millions of years, it was possible that there was a Fantastical Beast in there...

"Did you go there because of the last guess?"

"Hehe, naturally. The Fantastical Beast was too attractive for the summoners. Even though it was just a guess, and even though the chance was slim, I had to go for it..."

Yun Feng nodded. If she were in that situation, she would've explored it too. It seemed that she had to win the international contest!

"What's the result of your exploration, ancestor?"

The ancestor suddenly chuckled and put on a naughty smile that was rather unfit for his actual age. "Kid, if I tell you the truth, don't be disappointed."

Yun Feng was rather puzzled. Disappointed? Was there actually nothing in the Relics of Gods, and everything was just people's imagination?

"Hahaha. What are you thinking? I did enter the Relics of Gods, but let me tell you, we quit soon after the exploration began."

He quit? Yun Feng's eyes widened, and her ancestor's voice came again. "After you enter the Relics of Gods, you will find yourself in a gigantic maze. We encountered countless problems when we just started our journey. We lost a lot of men. In the end, only I and a few Monarch Level warriors continued the exploration. But we failed in the end."

"How did you fail? You were a... summoner!"

The ancestor smiled rather helplessly. "Kid, the Relics of Gods aren't as simple as you think. Everything there is immeasurable. My guts told me that there must've been one or more unknown beings deep inside the Relics of Gods. My only feeling after I entered the Relics of Gods was that I was too insignificant. I was no better than a grain of dust in the relics."

The Relics of Gods. Judging from the name, was the vibe that awed human beings really from gods? Were there really gods deep inside the relics?

"I know you're determined to join the exploration, and I support you. However, you must know your strength. You're not strong enough yet. When I explored the place, I was already in the Monarch Level, yet I had to retreat in frustration. However, your condition is different from mine. After all, you are a rarely-seen genius, and you're quite lucky. I have no doubt that you will get something from there."

Yun Feng became solemn. The Monarch Level summoner had felt insignificant when he entered the Relics of Gods. She was only in the early stage of the Commander Level at this moment. If she were to enter the place, wouldn't she simply be pressed to the ground?

She triggered a thought and took out a dragon-shaped jade pendant. The element density in the outside world was not nearly enough for her cultivation. If she cultivated in the outside world, it would take years for her to rise to a higher level no matter how hard she tried. But the Dragon Palace was different. The element density on its tenth floor was dozens of times greater!

Yun Feng made up her mind. She disappeared into the dragon-shaped pendant. Before she entered the Dragon Palace, she had blocked the space around her. Besides, nobody would be so stupid as to disturb her at this moment! Entering the tenth floor of the Dragon Palace, Yun Feng immediately sat cross-legged. The dense elements in the air made Yun Feng feel exhilarated. Her mind and body were surrounded by a delightful atmosphere.

"Master, Brother Fire and I will cultivate together. It will help your improvement!" Lan Yi's voice came close. Yun Feng nodded, and immediately summoned Little Fire and Lan Yi, who sat down next to her. All three of them entered a state of absolute concentration. Little Fire was emitting a red halo, and Lan Yi was emitting a green one. Yun Feng, on the other hand, was reflecting light in five different colors. Immediately, the mysterious tenth floor was glowing with various colors.

Time was flying by. Yun Feng and her Magic Beasts trained quietly on the tenth floor and even forgot the passage of time. The water drops that floated in Yun Feng's spiritual space were growing bigger and bigger. The colors in the water drops were getting deeper and deeper too. Energy was gathering inside the water drops.

Detecting the changes inside Yun Feng's spiritual space, the ancestor put on a bigger and bigger smile. This girl was truly extraordinary. If she were to unleash all the power inside the water drops, she'd be able to confront even the Monarch Level opponents. It wouldn't be a problem for her to keep herself alive.

A month passed by quickly, and Yun Feng grew stronger and stronger on the mysterious tenth floor. Her mental strength communicated and melded with the elements. The water drops in her spiritual space were getting bigger and more powerful. During the cultivation, Yun Feng obviously felt the increase of strength inside her body. And as she cultivated, the black jade pendant she wore was taking effect too, sending the familiar warm current into Yun Feng's body. Although it was much smaller than before, Yun Feng could still feel that her body cells were being modified and improved by the Array of Life again.

"Phew..." Yun Feng took a deep breath and opened her eyes. So did Little Fire and Lan Yi. All of them looked at each other with a smile. "Master, congratulations on rising to the final stage of the Commander Level," Lan Yi smiled. Because of Yun Feng's advancement, her contracted Magic Beasts had advanced too. Lan Yi and Little Fire felt their strength and were extremely delighted.

It was truly lucky for them to be contracted by such a master. Yun Feng's talent and speed of cultivation were truly incomparable. Having been contracted by such a talented summoner, they didn't have to worry about their advancement at all. Little Fire shook its body in comfort, and the red light in it gradually disappeared. Lan Yi stood up too and stretched its arms, the green light on it ebbing too.

"Master, you're not considering contracting a new Magic Beast?" asked Lan Yi. Yun Feng had approached the final stage of the Commander Level in terms of wind and fire elements. As for the other three classes, she was still in the early stage. It seemed that the requirements for magic cultivation were more rigorous now that she had reached the Commander Level. She had to work hard to improve her expertise on magic elements.

"A new Magic Beast? Hehe. That's an idea." Yun Feng smiled. Should she contract a new Magic Beast? It depended on luck. She didn't think that she should contract any random Magic Beast, or replace the Magic Beasts she had already contracted. She would only contract the best ones, such as Little Fire, which was a mutated Magic Beast, and Lan Yi, which was a precious four-winged griffin.

"I look forward to contracting another Magic Beast too." Yun Feng stood up and glanced at the things that her master had left on the tenth floor. She was too weak to use any of those things yet. Hehe. That couldn't be helped. She couldn't really make use of the treasures that her master left for her until she reached the Monarch Level.

"Alright, let's go out. It's already been one month," said Yun Feng. Little Fire and Lan Yi then turned into two streaks of light, one red and the other green, and entered the Rings of Contract. Yun Feng looked at the changed patterns on the two Rings of Contract with curled lips. A third contracted Magic Beast? She dashed from the tenth floor of the Dragon Palace to the outside world.. Hardly had she returned when she furrowed her brows. Did someone come in?

Chapter 353: Unforgettable Lesson (3)

There were several men in the Yun family's living room. Yun Jing was at the host's seat, and Yun Sheng sat next to him. On Yun Sheng's opposite side was a man who seemed honorable and intimidating. Next to the man was a cute little girl. Judging from her clothes, she should be from the royal family.

"Leader Yun, where is my young friend, Yun Feng?" asked the man, chuckling. He seemed rather intimidating, yet he didn't seem to be trying to scare anyone at all. He was quite peaceful.

"Well, my daughter is training in seclusion," replied Yun Jing with a smile. "What brings you here, Prince Kai?" Yun Jing wondered why the royal family had sent another person here for Feng again after such a long time. What else did the Karan Royal Family want Feng to do? Thinking about that, Yun Jing looked rather gloomy.

Kai smiled. "I'm only here to chat with Yun Feng. We're no strangers anyway. We've met several times. Kaqi insisted on coming with me when she heard that I was going to meet her."

The cute little girl smiled at Yun Jing. "Leader Yun, just call me Qiqi. I've voluntarily come here mainly because I hope to see the great summoner, Yun Feng."

Yun Jing smiled and looked at the two members of the royal family. He was about to say something, when he heard his daughter's voice. "Father, Prince Kai? It's been a long time." Yun Feng came close from a corner of the living room. She amazed everyone when she appeared. Both Yun Sheng and Yun Jing felt that she was different. She seemed more reliable and mature than before.

As her level rose continuously, Yun Feng's eyes and knowledge had been expanding too. Seeing Kai, Yun Feng walked to him with a smile, and Kai greeted her with a smile. "Yun Feng, my young friend, it's truly been a long time."

Yun Feng nodded and walked to her brother's side, before she sat down unhurriedly. She didn't seem anxious at all in the presence of two members of the royal family, and she wore a peaceful smile the whole time. "Is she the summoner?" Kaqi observed Yun Feng carefully, and Yun Feng glanced at the girl who was opposite her. Another princess from the royal family? This one seemed smarter than Kasa.

"She is?..." asked Yun Feng. Kaqi immediately smiled and said, "I didn't know that the summoner would be my peer. I'm princess Kaqi of the Karan Royal Family. You may call me Qiqi. Can I call you Yun Feng?"

Yun Feng smiled. "Of course."

"Haha. It's truly easy for young people to bond with each other. Don't you agree, Master Yun?"

Yun Jing smiled and looked at his daughter. "How about this? Let's leave the two kids alone, so that they can talk to each other more freely. We can have a nice talk too!"

"If that's Prince Kai's wish, then it's fine with me. Father, you should entertain the prince," Yun Feng stood up with a smile and said to Yun Jing. Yun Jing nodded. Since his daughter had accepted the proposal, he might as well just follow. Kai laughed, and seemed to be in a good mood. Yun Feng turned back and said to her brother, "Brother, go take care of Xiaojin and Qu Lanyi. They're guests anyway. I'll accompany the princess."

Yun Sheng nodded, and felt like his sister was implying something. He didn't ask any further, but turned around and left. Yun Feng walked to Kaqi and smiled. "Princess Kaqi, let's go out and have a talk, shall we?"

Kaqi smiled. "Yun Feng's proposal shall be obeyed."

Yun Feng led Kaqi out of the lobby with a smile, to a garden nearby. While she walked in the front, Kaqi followed her in silence. After they walked for some distance, Yun Feng suddenly stopped and turned around. "Princess Kaqi, you've been staring at my hand. What is it that you want to see?"

Kaqi raised her head and smiled at Yun Feng with glittering eyes. "Your senses are very keen, Yun Feng. I'm just curious about the summoner's Ring of Contract. Oh, if it's inconvenient, there's no need to take it out."

With a smile, Yun Feng quickly took out the dark red Ring of Contract and held it in her hand. The moment she saw the Ring of Contract, Kaqi was so excited that she was about to dash towards it, but she regained control of herself. Yun Feng saw her reaction clearly, and handed over the Ring of Contract to her. "Princess Kaqi, do you want to take a closer look? I'm not a petty person. Just take it and have a look at it if you want to."

Kaqi breathed heavily, and gazed at the dark red Ring of Contract in Yun Feng's hand. She swallowed and extended her arm softly. She glanced at Yun Feng, as if she feared that Yun Feng would regret. Yun Feng smiled and didn't do anything. She simply kept her hand open, and allowed Kaqi to take the dark red Ring of Contract.

Kaqi picked up the Ring of Contract with her shivering hand. When she held the Ring of Contract in her own hand, she clearly felt scorching heat and energy from inside the Ring of Contract. Her body trembled, and she touched the surface of the Ring of Contract gently along the patterns on it, with fascination all over her eyes.

After touching the ring for a long time, Kaqi returned the Ring of Contract to Yun Feng, who smiled and then put on the ring. Seeing that, Kaqi's eyes glittered. Kai and Kaqi left after spending some time with the Yun family.

To Yun Jing's surprise, Princess Kaqi visited again several days later. She went straight to Yun Feng after she arrived. Just like last time, Yun Feng brought her to the garden where they met before.

"Yun Feng, would you mind if I take another look at the Ring of Contract?" asked Kaqi with a smile. Yun Feng took out the red Ring of Contract with a casual smile. Kaqi affectionately played with it in her hand. Then, she suddenly thought of something. "Right, your father asked for you just now. He seemed to be in a rush."

Chapter 354: Unforgettable Lesson (4)

Hearing that, Yun Feng immediately frowned. "Then please wait for a moment, Princess Kaqi. I'll be right back. Don't forget to give my Ring of Contract back to me." Yun Feng smiled at Kaqi and then left the garden. When she walked to the other side of the garden, she suddenly changed her direction and secretly returned. She casually leaned against the pillar. From her perspective, she could observe Kaqi's every movement clearly.

Yun Feng casually leaned against the pillar and gazed at Kaqi who was inside the garden. Her every movement couldn't escape Yun Feng's eyes. Standing in the garden, Kaqi looked around prudently. When she saw that nobody was around, she quickly hid Yun Feng's Ring of Contract in one of her storage containers. Then, she took out a ring that looked exactly the same as Yun Feng's.

Yun Feng narrowed her eyes and scratched her chin. "You want to claim it? This royal princess is truly greedy... Is she stupid or just too confident of herself?" Yun Feng mumbled and stood straight. She then patted her clothes and said, "Ah, never mind. I should teach those members of the royal family a lesson, so that they'll know that they can't have everything." Yun Feng flashed back to the entrance of the garden. Kaqi keenly noticed Yun Feng's return, and didn't seem panicked at all.

She immediately returned the fake Ring of Contract to Yun Feng, and left with an excuse after a few words. Yun Feng didn't stop her, and simply watched her get away. Yun Feng stroked the fake Ring of Contract on her finger, and Meatball suddenly cried and jumped to her shoulder. It seemed to be gloating with its big eyes too.

"Princess Kaqi, good luck. Little Fire doesn't have a good temper."

Kaqi returned to the royal palace in a rush. She ran into Kasa on her way, but when Kasa talked to her, she didn't have time to respond at all. Kasa was quite puzzled to see her in such a rush. "What's wrong with her? Why is she so hasty?"

Kaqi rushed back to her room and locked the door carefully. She investigated and ensured that nobody was around and everything was fine. She then finally closed her eyes and took out the Ring of Contract that was emitting heat.

"This is the summoner's Ring of Contract... How beautiful..." Kaqi touched it in fascination. She stroked the patterns on the surface of the dark red ring. The longer she touched it, the more desirable the ring seemed. She held the ring tightly, with greed in her eyes. She had the summoner's Ring of Contract. If she put it on her own finger, she should be able to summon a Magic Beast, right?

The idea burnt in Kaqi's heart like fire. She grabbed the ring in her hand and extended her shivering index finger. The alluring heat from the Ring of Contract made her heart race. As long as she put it on, she would be able to summon Magic Beasts too, and she would be a summoner!

She quickly put the ring on her finger. The moment her finger was about to penetrate the ring, Kaqi shrieked and withdrew her hand, and the Ring of Contract fell to the ground.

Kaqi's eyes widened. She held the hand with her other hand. In the previous moment, the Ring of Contract unleashed such scorching heat that her flesh and blood seemed to be consumed. She was panicked by the high temperature, so she retracted her hand. The Ring of Contract fell to the floor. Kaqi was about to pick it up, when she heard another explosive voice.

"Stupid human being, you think you can summon me just with the Ring of Contract? In your dream!"

Kaqi flinched and looked around in fright, only to see nobody. Where was the voice from? She searched in panic. When she noticed the Ring of Contract on the ground, she shivered and reached for it. However, dark red flames arose from the Ring of Contract.

“W-What’s going on?” Kaqi’s eyes widened. In a corner in the Yun family in the south of the capital, Yun Feng put on a lazy smile, and whispered, “Little Fire, come out.”

After Yun Feng’s whisper, dark red light burst out of the Ring of Contract. Kaqi was so shocked at the outburst that she staggered back and fell to the ground. The dark red light flashed for a while, and Little Fire appeared in front of Kaqi as a tall and huge wolf. Kaqi looked at it with such fascination that she forgot all her fear.

“This is... a Magic Beast. Did I summon it?” Kaqi mumbled. Little Fire was infuriated by this shameless human being! Brutality flashed in the wolf’s eyes. It dashed out and laid its claws on Kaqi’s shoulder. Its glittering claws pressed her skin so hard that they would pierce her body if it exerted more strength.

“W-What are you doing? I summoned you. I am your master!” Kaqi was rather astounded, and in great pain. She would die here as soon as this huge beast exerted strength! Didn’t she summon it! She should be its master! Wasn’t it how it worked?!

“Greedy and arrogant woman, you’re my master? You don’t even qualify as my food! You think a lesser human being such as yourself can keep a Ring of Contract? You’re truly bold to steal it from my master!” Little Fire spouted hot air at Kaqi’s face. Kaqi could hardly breathe under the hot waves.

“H-How disobedient...” Kaqi gritted her teeth and roared, but she was still stiffened. Perhaps, everybody from the Karan Royal Family was the same. They were all stubborn, and had to keep their royal dignity even when they were dying.

Chapter 355: You Are My Fiancée (1)

Little Fire laughed, with ferocity and brutality in its eyes. As a Magic Beast, it was famous for its bad temper. If it went on a rampage, half of the royal palace would probably be razed to the ground.

“You’re asking to be killed!” Little Fire roared and let out a threatening howl. Kaqi quickly changed her expression, and cried out in pain the next second. “Ah!” Kaqi cramped in agony. Her shoulders were already covered in blood. Little Fire’s sharp front claws had already entered her body and ripped apart the skin on her shoulders.

“Help... Help...” Enduring the unbearable pain, Kaqi was absolutely pale. Her body was cramping the entire time too. It was obvious that the wounds on her shoulders were causing a lot of agony. Little Fire laughed and moved its claws away, making Kaqi scream again. “Ah...” Little Fire’s claws were already very hot. The quick tearing had separated some of Kaqi’s flesh from her. The pain of losing her flesh made Kaqi shed tears. It was not until this moment that she finally realized how brutal and ferocious Magic Beasts were!

A few people suddenly appeared in the corners of the royal palace, and rushed towards Kaqi at an amazing speed. All of them were frowning hard with shock. How did a Magic Beast appear in the Karan Empire’s royal palace?

“Beast, die!” A roar burst out. Little Fire pricked its ears and immediately left Kaqi. It ran gracefully and rapidly, dodging all the attacks that were aimed at it.

“Princess Kaqi!” Another man quickly ran to Kaqi and saw her dying on the ground. He completely changed his expression.

“You dared to attack a member of the royal family? How bold! Now that you’ve come here, you cannot possibly get away alive!” The person who just attacked launched more vehement attacks, and fought Little Fire in head-on clashes. He was a strong warrior. While fighting him, Little Fire detected that the three men who just came were as strong as itself!

Agitation flashed in Little Fire’s eyes. It waved its claws quickly, causing a strong wind. The man jumped and dodged it. Little Fire then opened its mouth, where exceptional heat had been gathered. The dense fire elements in its mouth were like a cannonball. It was not hard to imagine how powerful their explosion would be!

“Get out of the way!” roared another man. The man who was by Kaqi’s side quickly picked her up and flashed away. The second man hurriedly dodged too. However, there was no time for the man who was fighting Little Fire to dodge!

“Human, die!” Little Fire’s ferocity that had been suppressed for a long time was completely released. It wasn’t easy for it to meet a few men who were as strong as itself. It would regret it if it didn’t kill any of them! The dark red fireball in the wolf’s mouth exploded. “Boom...” The man in front of Little Fire saw the most dazzling light and felt an overwhelming torrent of heat. He wanted to dodge, and had already started moving. However, the attack was so fast that he was stiffened during his escape!

“Brother Yuan!” The man who was holding Kaqi widened his eyes so hard that they almost popped out. He was about to dash forward to rescue his companion, when the other man stopped him. “It’s too late.” The man who stopped him looked quite grim. He stared at the explosion, knowing that none of them could’ve survived it! Magic Beasts were stronger than human beings to begin with, not to mention that this Magic Beast was of a higher level!

The shocking noises caused by the rapid and powerful shock wave alarmed everybody in the royal palace. What happened? Everybody in the royal palace was moving. All the hidden experts were showing up. Very soon, a dozen men had emerged in the sky. All of them seemed strong and intimidating. Randal, who had come for Yun Feng earlier, was among them.

They were all shocked at the scene of the explosion. Little Fire’s presence, the ruined palace, Kaqi’s miserable look, and the man who had been blown up into smithereens... The accident dumbfounded all those experts. A Magic Beast had broken into the royal palace? How?

“The Magic Beast has broken in and caused a disaster. Let’s destroy it together!” A few experts were enraged when they saw the miseries. They were the royal family’s protectors, yet they let the Magic Beast break in. They would be held responsible for that! They would definitely be punished if they didn’t annihilate this Magic Beast!

Randal looked at Little Fire and frowned. “Wait a moment!”

“Lord Randal, even though this Magic Beast is strong, it shouldn’t be a problem if we work together to kill it!”

“Human beings, you think you can kill me?” Little Fire raised its head and looked at the men standing in the sky, narrowing its eyes. They were all above the Commander Level. Some were even too strong for it to detect their level. Those human beings weren’t easy to deal with.

“What did you say?” A few men flushed in fury because of what Little Fire said. Magic Beasts had always been stronger than humans since ancient times. In the eyes of Magic Beasts, humans were just despicable weaklings. So, humans often wanted to prove themselves in front of Magic Beasts.

Those men all felt insulted. Some of them had even unleashed all of their fighting energy. They were going to work together and kill Little Fire in here!

“Take a closer look at this Magic Beast,” Randal gave an instruction that suppressed their fury. The other men couldn’t help but observe the Magic Beast more carefully. After a while, someone suddenly whispered, “Well... This creature looks similar to the summoner’s Magic Beast. It’s also a dark red Fire Cloud Wolf!”

Chapter 356: You Are My Fiancée (2)

Hearing that, everybody frowned hard. Randal furrowed his brows too. How did a summoner’s Magic Beast appear in the royal palace? Was it the summoner’s intention? Or did something else happen?

“I have to report the matter to His Majesty and listen to his decision. You stay here and keep an eye on it!” said Randal solemnly, before he flashed away. The other men all nodded and stared at Little Fire. Little Fire, on the other hand, snorted in disdain, and sent the updates to Yun Feng telepathically.

In one corner of the Yun house, Yun Feng stood up with a wicked smile. “Alright, Little Fire, just stay there and wait for me.” She cleaned her clothes and unhurriedly walked out of the house. Seeing that Yun Feng was going out, the butler asked curiously, “Young Lady, where are you going?”

Yun Feng smiled and waved her hands at the butler without looking back. “I’m just going to take back what’s mine.”

The butler was baffled, but didn’t ask further. Yun Jing saw that his daughter left the house too. He asked, “Where is Feng going?” The butler thought for a moment and replied, “The young lady has left to take back what’s hers. Who’s keeping her things without returning it?”

Yun Jing was puzzled, but he didn’t think further and just entered the room. The butler shook his head too, and thought that his young lady was rather mysterious. Whoever borrowed her stuff was just shameless.

Princess Kaqi’s room in the royal palace had already been reduced to debris, with a pool of blood on the floor. The miserable-looking Kaqi had been sent away, and the gigantic Fire Cloud Wolf stood there at ease. A dozen men stared at it from the sky, with suppressed fury on their faces.

Randal came to the emperor as quickly as possible, and reported the situation. The emperor, who was busy with national affairs, was so shocked that he rescheduled all his arrangements and arrived immediately. The other members of the royal family arrived too. Someone had informed them that a summoner’s Magic Beast had appeared right inside the royal palace!

There were a dozen strong men in the sky, surrounding Little Fire. Further away were the members of the royal family who had come to watch the drama. Kasa was among them. Her face was pale when she saw Little Fire. The intelligence was correct. That was definitely Yun Feng's Magic Beast!

The emperor rushed as quickly as possible. When he saw what happened, he breathed heavily. The pool of blood in the debris indicated that Kaqi must've been heavily wounded. The emperor thought of all possibilities and instructed Randal coldly, "Go find Yun Feng."

"No need to look for me. I'm right here." A voice came from the sky. Everybody on the ground raised their head and looked, and the strong men in the sky turned around warily. When they clearly saw the person who was drawing near, their jaws almost hit the ground. Was that... a winged man?

Lan Yi flapped its beautiful wings on its back, while holding Yun Feng in its arms. It was handsome yet expressionless. The mysterious tattoos on its face and wings made it quite eye-catching. Randal turned grim and whispered to the emperor, "Your Majesty, she is a double-element summoner."

The emperor trembled hard, not because of fear, but because of ecstasy! A double-element summoner! The summoner who hadn't appeared in hundreds of years was a double-element one? So to speak, this winged creature must be her contracted Magic Beast too!

Lan Yi flew closer unhurriedly. The members of the royal family who were watching from the ground were all so jealous. Many princesses were greedy, and wished that they could have such an awesome Magic Beast too! The experts all looked at Yun Feng, stunned. Yun Feng, on the other hand, smiled and asked Lan Yi to land. After Lan Yi landed, the wings on its back disappeared, and he looked like a handsome and mysterious young man.

"Master." Little Fire moved close to her. Yun Feng extended her hand and patted its head, implying that she got everything covered. The emperor approached excitedly and looked at Little Fire and Lan Yi in turns. He was about to open his mouth, when Yun Feng said, "Before we talk, please answer my question, Your Majesty." Yun Feng suddenly turned cold and approached a corner in the debris. She then picked up a ring and blew at it, revealing the redness on the Ring of Contract. The emperor's delighted face was instantly frozen.

"Your Majesty, why is my Ring of Contract here? Can you give me a satisfactory answer?"

Everybody fell quiet. Yun Feng put on the Ring of Contract, and gazed at the emperor coldly. The emperor didn't know what to say. The presence of the summoner's Ring of Contract in the royal palace suggested that someone tried to steal it!

While Yun Feng seemed cold, she was smiling inwardly. It was truly exhilarating for her to see the emperor's expression. Little Fire had already taught Kaqi a lesson that she could hardly forget. That greedy princess probably wouldn't try to steal again. It was hard for the Karan Royal Family to come up with an excuse.

"W-Well..." the emperor could hardly come up with anything. How should he explain? Should he defend the members of the royal family, or infuriate the summoner?

"What's the matter? Did my Ring of Contract just come here by itself?" Yun Feng raised her brows. She looked as intimidating as the emperor.

“Yun Feng, my young friend, someone must’ve done this on purpose to instigate hostility between you and the royal family,” said Randal. The emperor immediately agreed, “Indeed. Someone must’ve done this on purpose. I’ll definitely look into this matter and give you a satisfactory result.”

Yun Feng smiled. “After I lost my Ring of Contract, I spent a lot of time searching for it.”

Randal seemed angry, but the emperor smiled and said, “The royal family will satisfy you, Yun Feng.. There’s no need to worry about that.”

Chapter 357: You Are My Fiancée (3)

Yun Feng smiled and didn’t say anything else. “In such a case, I’ll just go back and wait for your investigation, Your Majesty. Little Fire, let’s go.” Yun Feng turned around and left. Little Fire looked at the dozen experts in the sky in disdain. All of them were gnashing their teeth, yet couldn’t do anything. The emperor invited Yun Feng to visit the royal family more often, and then said goodbye to her.

“Your Majesty, that’s blatant extortion,” whispered Randal. The emperor looked quite sullen. Extortion? It was certainly extortion! How could Yun Feng, as a summoner, not know where her Ring of Contract was? Although it remained a mystery how the ring entered the royal palace, she definitely did it on purpose when she showed up after Little Fire caused great trouble. Then, she forced the royal family to adulate her. It was definitely blatant extortion!

The emperor walked back awfully. “Warn everybody in the royal palace that they must not offend anyone from the Yun family!”

Randal nodded. “Your Majesty, about the three openings she asked for...”

The emperor gradually curled his lips. “Just give her what she wants. If we want to take advantage of her, we must offer her something first. She’ll be useless after I get what I want! By then...”

Randal smiled too. “As you wish, Your Majesty...”

The royal family delivered a lot of stuff to the Yun family, including a fairly large amount of mid-level ores, which puzzled Yun Jing. Yun Feng, however, smiled. She would gladly accept the ores that the royal family offered, and use them to strengthen the Yun Army again. The Yun family had only been doing business for money, and had no access to ores. Yun Feng wondered if it was time that she reached out to the Mercenary Union.

The holiday of the Masang School of Magic was about to be over. However, to Yun Feng’s surprise, the beginning of the new semester was postponed by a few days. During these days, the Vice Principal of the Masang School of Magic and Ted were both in the capital. Yun Feng learned of their arrival, and knew that the representatives for the international contest would be selected soon. She thought that the top figures of the School of God of War would likely participate too, and suddenly remembered Murong Yuntian. They were going to meet again.

“Fengfeng, what’s on your mind?” A voice echoed next to Yun Feng lazily, and a warm body leaned close to her. Meatball cried at her from Yun Feng’s shoulder, but that woman was not bothered at all, and shamelessly moved even closer.

“Nothing. You’ve grown stronger.” Yun Feng casually glanced at Qu Lanyi’s beautiful face while she stuck herself to Yun Feng. Yun Feng moved her eyes aside after the glance, and retreated her body. Unsurprisingly, that woman pressed close to her again, unwilling to let her go.

“Fengfeng, you’ve advanced even faster than I expected. You are truly a genius...” Qu Lanyi chuckled and extended her finger, gently touching Yun Feng’s cheeks. Yun Feng had goosebumps all over her body, and pushed Qu Lanyi aside. Qu Lanyi smiled alluringly, with her body in a graceful curve. She was an out-and-out gorgeous lady.

“Miss!” The butler came in at this moment and, seeing Qu Lanyi, nodded at her. Qu Lanyi smiled, but didn’t go. She simply sat down next to Yun Feng with a smile. “Young Lady, you have a visitor.” The butler thought for a moment and said, “He’s from the Murong family.”

Yun Feng narrowed her eyes. People of the Murong family had chased her all the way to the capital? They seemed determined to stay connected to the Yun family, but on what ground? The arranged marriage that had been abandoned a long time ago? Yun Feng put on a mocking smile, and Qu Lanyi chuckled and asked, “Fengfeng, is this Murong family related to you?”

Yun Feng smiled. “Not really.”

Qu Lanyi raised her brows. “If it’s not related to you, there’s no need to meet them.”

Yun Feng, however, stood up with a smile. “Butler, is it Murong Shuli who came?”

The butler shook his head, and glanced at his young lady. “It’s a young man. He said his name is Murong Yuntian.”

Yun Feng was stunned. Murong Yuntian was here? Qu Lanyi was unhappy to see Yun Feng’s expression. She stood up too and held Yun Feng’s hand. “Do you know this Murong Yuntian, Fengfeng?”

After a few seconds of silence, Yun Feng suddenly put on a smile. “Of course. He was my fiancée.”

Qu Lanyi suddenly became grim, and she held Yun Feng’s hand tightly. Yun Feng glanced at her, puzzled. “I’ll go meet him.” She then stepped forward and left. Qu Lanyi, however, followed her. Yun Feng looked at her in confusion. She simply put on a cute smile. “Although he is no longer your ‘fiancée’ right now, I’d like to find out what kind of person he is exactly.”

Yun Feng smiled. Whatever. The two of them went to the front hall. Before they arrived, Yun Feng had already seen Murong Yuntian from a distance. Murong Yuntian seemed to have noticed her gaze, and suddenly turned around and looked back at her. He immediately rose and strode to her, staring at her in the eyes. He seemed to be repressing strong feelings in his body.

Yun Feng glanced at Murong Yuntian with a smile. “Why are you here? Do you need something from me?”

Murong Yuntian pursed his lips, and his eyes glittered. He clenched his fists and said, “You are my fiancée, Yun Feng.”

Yun Feng was dazed for a moment. It seemed that the man was already aware of the matter. Before Yun Feng said anything, Qu Lanyi had stepped between them and smiled at Murong Yuntian. “She was your fiancée, handsome.”

Aggressiveness flashed in Murong Yuntian's eyes. "Who are you? I'm speaking to my fiancée. Please get out of my way." After that, Murong Yuntian gazed at Yun Feng, the girl who had stirred his heart again and again, past Qu Lanyi. "Nobody else can call off our marriage!"

Yun Feng suddenly smiled. She gently pulled Qu Lanyi aside and stared at Murong Yuntian. "Did Murong Shuli not tell you? I was the one who called off the marriage."

Chapter 358: This Opening Belongs to the Yun Family (1)

Murong Yuntian glanced at Yun Feng with repressed fury. He clenched his fists grimly. "Yun Feng, can I talk to you in private?"

"No." Qu Lanyi walked over and stood next to Yun Feng, gazing at Murong Yuntian coldly. Murong Yuntian looked back at her. "Miss, who might you be? You don't get to tell Yun Feng what to do, do you?" Murong Yuntian had been quite infuriated since he learned about the marriage deal between him and Yun Feng. He had returned to his family and planned to propose to the Yun family. However, Murong Shuli and Murong Ze told him that there was supposed to be an arranged marriage between him and Yun Feng, until it was canceled by them.

Seeing how sullen Murong Yuntian was, Murong Shuli and Murong Ze immediately blamed everything on the Yun family and claimed that the Yun family went back on their word. Murong Yuntian came back without another word. The Yun family went back on their word? Murong Yuntian didn't even need to think to know that the Murong family must've asked the Yun family to cancel the marriage. He gnashed his teeth in fury whenever he thought of that. The only girl that enamored him had finally shown up. They were supposed to live happily ever after, but his family destroyed that prospect!

Murong Yuntian left the Murong family in fury. He didn't intend to go back anytime soon. Murong Shuli and Murong Ze, who were both thrilled to see Murong Yuntian back, put on a bitter expression. Although they blamed everything on the Yun family, they knew deep down in their heart that it was their own fault.

Qu Lanyi chuckled and laid her arms on Yun Feng's shoulders. She was slim and much taller than Yun Feng, so she embraced Yun Feng in her arms easily. Yun Feng had goosebumps all over her body, and couldn't help but shiver. Qu Lanyi exerted strength on her arms and said, "I'm Fengfeng's bestie and roommate. Am I not, Fengfeng?"

Yun Feng turned her head aside and looked at Qu Lanyi in silence. Hearing that, Murong Yuntian heaved a sigh. "Yun Feng, if you canceled the marriage between us, that's fine. I won't force you to do anything. You're free. However..." Murong Yuntian paused for a moment and continued, "I like you. I want you to know that you're the only girl that I've ever fallen in love with. I won't give you up so easily!"

When Murong Yuntian talked, his face was slightly red. It was the first time he had ever confessed love to a girl so boldly. However, Yun Feng was the only girl who had made his heart race, and there was no way that he would let her go. The canceled marriage couldn't prevent him from pursuing her again!

Stunned, Yun Feng was unable to come up with anything. Qu Lanyi, however, sneered and said, "You'd better take care of Princess Kasa first. One girl at a time, handsome."

Murong Yuntian became anxious. "I've never liked Kasa or shown any affection towards her!"

“Oh? Then why are you two always together?” asked Qu Lanyi, raising her brows. Yun Feng looked at him thoughtfully too.

“Well... She’s a royal princess. I can’t...”

“Oh... That explains a lot. You’re so obedient, handsome. So you’d marry Kasa if the Karan Royal Family asks you to, right?” Qu Lanyi chuckled and looked at Murong Yuntian with her alluring eyes. Murong Yuntian replied solemnly, one word after another, “I will only marry the girl I love!”

“Haha!” Qu Lanyi burst into laughter, as if she had heard something amusing. “Then good luck, handsome. You may be stuck with Kasa for the rest of your life.”

Murong Yuntian looked rather grim. Kasa was indeed sticky, and he knew how she felt for him, but he already had his dream girl. Nevertheless, that woman had a point. He shouldn’t meet Kasa often. He had to prove his innocence even though he would suffer pressure from the royal family!

Yun Feng seemed to be uninvolved the whole time. After they were done, Yun Feng waited for a few seconds, and then said, “Are you done? Then I’m leaving.” She turned around and was about to leave. Murong Yuntian was rather awkward. After all, such a reply to his confession of love was quite embarrassing.

Qu Lanyi gloated wickedly when she saw Murong Yuntian’s reaction. At this moment, another person rushed close hastily. Then, Yun Feng heard a familiar and earnest voice. “Yun Feng! It’s truly you!”

Qu Lanyi narrowed her eyes and looked. Both Yun Feng and Murong Yuntian turned around. The newcomer was rather surprised to see Murong Yuntian. “Murong Yuntian? Why are you here?”

Murong Yuntian nodded at the newcomer. Yun Feng observed him carefully for a moment, and finally shouted after recognizing him, “Ze Ran? Are you Ze Ran?”

Murong Yuntian looked even more gloomy. Qu Lanyi looked cold too. The man who just arrived annoyed her even more than Murong Yuntian did. Yun Feng ran to the young man who just came and circled around him, before she punched his shoulder. “You’ve changed!”

The newcomer chuckled with a sunny smile. “So have you! You’ve turned into... a beautiful big girl. I heard that the Yun family moved to the capital, so I came as quickly as possible. I didn’t expect that I’ll meet you so easily!”

They were both happy about the reunion. After all, they hadn’t met in years. Yun Feng missed the days they spent together as kids. After talking for a while, Yun Feng delightedly discovered that Ze Ran’s personality hadn’t changed at all. He was just as sunny as he used to be, which comforted Yun Feng. It wasn’t easy to keep such a precious personality after all those years.

“You’ve already entered the School of God of War? How did it go? You didn’t embarrass me, did you?” said Yun Feng, chuckling. Ze Ran touched his hair awkwardly. “I certainly can’t embarrass you...”

Chapter 359: This Opening Belongs to the Yun Family (2)

Qu Lanyi narrowed her eyes and looked at the two people who were talking so happily that they had forgotten her and Murong Yuntian. “Cough!”

Hearing the loud cough, Yun Feng finally realized that she was too busy catching up with Ze Ran to remember others.

“Fengfeng, who is this Ze Ran? Why don’t you introduce us?” Qu Lanyi walked close with an alluring smile. Ze Ran blushed after seeing her, which made her smile even more delightedly.

“He is Ze Ran, my best friend when I was a kid. We grew up together and thought we would marry each other,” said Yun Feng with a smile. Ze Ran put on a shy smile, and looked at Yun Feng with complicated feelings in his eyes. Qu Lanyi raised her eyes. “You have a childhood boyfriend too? How I envy you.”

Yun Feng smiled. Although she and Ze Ran hadn’t seen each other for a long time, Ze Ran was her first friend as a kid. She thought of him even though they hadn’t met for years. It seemed that Ze Ran hadn’t forgotten her either.

“This is Qu Lanyi, my roommate. I think you must know Murong Yuntian,” Yun Feng introduced them briefly, which raised Qu Lanyi’s dissatisfaction. “Roommate? I’m Fengfeng’s bestie...”

Murong Yuntian stood in silence. At this moment, Yun Sheng walked out and was slightly surprised to see the visitors. “Are they your friends?” He pointed at Murong Yuntian and Ze Ran. They were her friends, in a way.

Both Ze Ran and Murong Yuntian stayed for the afternoon. Yun Feng chatted with Ze Ran for a long time, in the company of two third wheels. Yun Feng didn’t mind at all, but Ze Ran felt rather uncomfortable when Qu Lanyi and Murong Yuntian looked at him.

Yun Feng learned from Ze Ran that he was studying in the Karan Empire’s School of God of War with good grades. She could tell that he was in level 8 at this moment. He was a young genius just like Murong Yuntian. No wonder they weren’t strangers to each other.

The Yun family was quite lively that day. Yun Feng somehow found that the people around her were rather weird. She didn’t overthink. She was always inert when it came to romantic relationships. She simply ignored the undercurrents that flowed in front of her eyes. She suddenly remembered that Ze Ran must’ve come to the capital for the international contest.

She asked and learned that the team of warriors had been set up. Both Ze Ran and Murong Yuntian were in it. The team of mages hadn’t been fixed yet. Besides Yun Feng, Qu Lanyi would likely be on the team too. Yun Sheng could take up one of the openings too.

There were requirements on the contestants. The warriors and mages had to be students. The others weren’t qualified to participate in such a contest. The team of mages would probably be picked from the Masang School of Magic.

They waited for a couple of days. Then, the emperor summoned Yun Feng and Qu Lanyi to the royal palace. Yun Feng was slightly stunned, and then remembered that her brother never had a chance to show his strength yet. After all, the individual ranking contest was canceled. Kasa would surely be one of the other three members. She had to make sure that her brother was one of them too!

Mu Xiaojin was too weak to be included in the team. She was slightly regretful, and determined to cultivate more diligently to catch up with Yun Feng and Yun Sheng! Yun Feng smiled and went to the royal palace. It seemed that the two teams would finally meet each other.

The moment Yun Feng and Qu Lanyi entered the royal palace, someone led the way for them. Both of them seemed rather casual. They both held the same attitude towards the royal family, and didn't consider it a big deal. Yun Feng didn't summon Little Fire and Lan Yi. She didn't have to carry her Magic Beasts all the time, especially not after Little Fire traumatized everybody in the royal palace recently.

The two of them were led to a room. Then, the servant retreated respectfully. Yun Feng opened the door and walked in, only to see a lot of people waiting inside the room. The emperor and Kai were talking in their seats. When the emperor saw Yun Feng and Qu Lanyi, he smiled and said, "It seems that all our contestants are here."

The others in the room all glanced at them. Qu Lanyi snorted in disdain. After all, she was much stronger than any of the young men and women in the room who called themselves geniuses. She wouldn't have participated if Yun Feng hadn't.

Yun Feng examined them too. The weakest of the five members on the warrior team was in level 7, and the strongest, namely Murong Yuntian, was in level 9. On the East Continent, the warriors were generally stronger. Those young geniuses' levels were quite high.

In the mage team, besides Yun Feng and Qu Lanyi, Kasa was there too. She was in level 6. The other two teammates were both strangers. Yun Feng examined them and frowned. One of them was in level 5 and the other was in level 4! The level 4 girl was standing next to Kasa, and seemed very close to her. Yun Feng realized that there was nepotism everywhere.

"Now that all contestants are here, let me tell you more about the international contest," said Prince Kai with a smile. Yun Feng, however, raised her brows. "Wait a second, Prince Kai."

Everybody fixed their eyes on Yun Feng again. Yun Feng chuckled. "Now that we've all gathered here, we should introduce ourselves to each other, so that we won't be strangers. Don't you agree?"

Prince Kai nodded with a smile, and so did the emperor, who would probably agree with anything Yun Feng said as long as it didn't harm the royal family's interests. "Yun Feng is right. Although you're on two different teams, you're all representatives of the Karan Empire. It won't hurt if you get to know each other better."

Chapter 360: This Opening Belongs to the Yun Family (3)

After the emperor said that, the five warriors all introduced themselves. They were all the genius students from the Karan Empire's School of God of War. On the mages' side, Kasa introduced herself first. "I'm Kasa, a royal princess."

"I am Ximen Ying, the youngest daughter of the Ximen family," said the level 4 girl who was standing next to Kasa proudly. She didn't seem to respect Yun Feng even though she was a summoner. Yun Feng lowered her head and chuckled. She knew that the Ximen family was very rich. They must've paid a lot for this opening. However...

The other girl that Yun Feng didn't know said in a low voice, "I'm Siqi, a student of the Masang School of Magic." The girl named Siqi had freckles on her face. She wasn't very gorgeous, and looked rather timid.

When it was Qu Lanyi's turn, she said lazily, "I'm Qu Lanyi."

Yun Feng was the last. She said briefly, "I'm Yun Feng."

All ten contestants introduced themselves. Interestingly enough, those on the warrior team were all boys, and those on the mage team were exclusively girls who were not unattractive. The girl named Siqi was definitely not ugly despite the freckles on her face.

"Alright. The self-introduction is over. You know each other now. Next, I'll..."

"Wait a moment." Yun Feng interrupted Prince Kai again, making his eyes cramp. Kasa pursed her lips. The emperor looked at Yun Feng with a smile. "Yun Feng, is there anything else?"

Yun Feng smiled and fixed her eyes on Ximen Ying. "With all due respect, does the Karan Royal Family want to win, or just to participate for fun?"

Hearing that, the emperor finally changed his expression. The others were quite anxious too. Ze Ran looked at Yun Feng worriedly. Murong Yuntian didn't look well either, fearing that Yun Feng might infuriate the emperor. "What are you talking about, Yun Feng? We certainly want to win!" Kai hurriedly replied. Yun Feng, however, asked again, "If you want to win, tell me, what's this level 4 mage doing here?"

Both the emperor and Kai were stiffened. Ximen Ying blushed when Yun Feng talked about her with criticism and disdain. Kasa said in a low voice, "It's all my father's arrangement. Do you have a problem with that?"

Yun Feng immediately became cold. "Prince Kasa, are you even qualified to answer my question?"

Kasa immediately became pale and fell quiet. The five boys on the warrior team all looked at Yun Feng with widened eyes, awed by her aura.

"Yun Feng, is there anything inappropriate with the arrangement? The mages aren't very strong on average anyway..." Kai chuckled and said, trying to ease the tension. Yun Feng, however, snorted, "Not too strong on average? If so, then I won't be needed. I'm not interested in fighting and winning on my own while my teammates do nothing."

Ximen Ying's face was entirely red. Obviously, what Yun Feng said hurt her pride. She stepped up and said, "Who do you think will do nothing? You may be a summoner, but so what? You think you can beat the opponents on your own?"

Yun Feng chuckled. "It may be difficult for me to do that on my own, but Karan surely won't win without me. But what contributions can you make to Kara as a level 4 mage, Ximen Ying?"

Ximen Ying was lost for words. She was not strong at all as a level 4 mage, and was only slightly above average in the Masang School of Magic. Many students were stronger than her. If her family hadn't pulled strings and bribed, she wouldn't have had a chance to come here. Now that Yun Feng pointed it out, she felt insulted.

"We don't have a substitution for her even if she's removed from the team," said the emperor casually. But Yun Feng replied with a smile, "Yes, we do. I have the perfect substitution."

Everybody was slightly surprised. The emperor looked rather awful, and Kai was slightly awkward too. That woman was truly aggressive! Was she insisting that the royal family give away an opening? But the

Karan Royal Family couldn't afford offending her at this moment. Besides, she had a point. A level 4 mage would only embarrass herself in the contest.

"Who's your substitution, Yun Feng?" asked Kai in a low voice. "If they're not in the capital, I don't think there'll be enough time."

Yun Feng chuckled, and put a Ring of Contract on her finger. The five members on the warrior team all held their breath and looked at her. There was excitement all over Ze Ran's eyes. Yun Feng was truly a summoner! She was so awesome! Murong Yuntian seemed rather proud too, even though he didn't have a reason to be.

Kasa, whose attention had been focused on Murong Yuntian the whole time, was quite grim, because Murong Yuntian had been staring at someone else. She looked at Yun Feng's Ring of Contract jealously. She had learned that the trouble Kaqi caused was because she stole Yun Feng's Ring of Contract, which turned out to be a disaster for her. She hadn't recovered yet even to this day. Kasa mocked her for her stupidity earlier, but she felt that she was understanding Kaqi better and better.

If only I can claim the summoner's Ring of Contract... The idea occurred to Kasa, only to be suppressed very quickly. That was impossible. How could a summoner's Ring of Contract be claimed so easily?

"Lan Yi, come on out," Yun Feng summoned Lan Yi in front of the emperor. Everybody gasped when Lan Yi appeared, as it looked like an extremely handsome man! Murong Yuntian felt rather uncomfortable, as he was only plain-looking compared to Lan Yi. Ze Ran was rather bummed too, and rubbed his chest, for reasons he didn't know.
