

## Summoner 401

### Chapter 401: Accident (3)

“Little Fire, Lan Yi, come out!” As Yun Feng roared, a glittering red ball and a green one erupted from the Rings of Contract. When they appeared, greed flashed in Carl’s eyes. Neither of the Magic Beasts was ordinary! One of them was a mutant Fire Cloud Wolf, and the other was a rare griffin!

After the two Magic Beasts appeared, the Divine Essence Beast let out an even more furious roar, and extended its sharp claws. Seeing that, Little Fire opened its mouth, with brutality flashing in its dark eyes. After a howl, it lunged forward and collided with the Divine Essence Beast. Then, Little Fire’s eyes widened, and it was flung away. It finally came to a halt.

“Monarch Level?” Little Fire mumbled in shock. The Divine Essence Beast roared again, and charged like lightning. Lan Yi quickly unfolded its wings, and its eyes were filled with coldness. “Wind blade!” A sharp blade formed with wind flew towards the Divine Essence Beast, which opened its mouth with bloodshot eyes and spouted a stream of powerful air, blowing apart Lan Yi’s wind blade!

“Damn it!” Seeing that, Little Fire quickly jumped, and left a trace in midair. It opened its mouth and quickly gathered fire elements. Lan Yi carried Yun Feng to another direction, and Little Fire launched a cannonball of fire elements!

“Bam...”

“Hooooo...”

The highly-concentrated fire elements hit the Divine Essence Beast like a cannonball. Although the Divine Essence Beast narrowly dodged it, its abdomen was hit by some of the fire elements, which caused a big wound. The Divine Essence Beast roared furiously and smashed the ground, making the ground tremble hard!

After the smash, countless cracks appeared on the ground, like those on a broken eggshell. Lan Yi carried Yun Feng and flew into the sky. Little Fire stood on the ground. The next second, infinite green plants erupted from the cracked ground crazily, forming a shackle that confined Little Fire to the ground tightly.

“You want to confine me? Not a chance!” Dark red fire elements were burning around Little Fire, making the plants around it flinch. However, they still struggled and tied up its limbs. Little Fire roared furiously, and the Divine Essence Beast charged at it again. This time, Little Fire didn’t even have the chance to dodge!

“Brother Fire!” cried Lan Yi anxiously. Yun Feng quickly extended her other hand. “Earth Shield!” Immediately, an Earth Shield appeared in front of Little Fire, blocking the Divine Essence Beast’s attack. Little Fire was restricted by the plants, and couldn’t scare them off with fire elements. It was already caged.

Seeing the Earth Shield in front of Little Fire, Carl narrowed his eyes hard. Three kinds of elements. She was a three-element summoner! Carl gritted his teeth. The Cashya Empire’s position on the East Continent must not be surpassed, and neither should his! This girl must die! He couldn’t let her grow up!

“Little Fire, come back!” Yun Feng roared. Little Fire then turned into a streak of red light and came back to Yun Feng’s Ring of Contract. The plants that restrained Little Fire disappeared into the ground after Little Fire vanished. Seeing that, Yun Feng came up with a battle plan.

Yun Feng sent her battle plan to Lan Yi telepathically. Lan Yi instantly nodded and narrowed its eyes. Lan Yi had one pair of wings at first, but when he opened his eyes, he had two!

Carl, seeing that from the distance, was so greedy that his eyes turned bloodshot! A four-winged griffin! That was so rare! Carl was enthused and determined to get that Magic Beast!

All four of Lan Yi’s wings appeared, boosting it to the highest speed. It turned into a blue streak of light, and swooped towards the Divine Essence Beast. The Divine Essence Beast raised its head and roared furiously, and then flew towards it as quickly as lightning. Seeing that, Yun Feng invoked the wind elements in her body, and chased after the Divine Essence Beast.

While Lan Yi kept the Divine Essence Beast distracted, Yun Feng had caught up to it from the rear. She clenched her fist and smashed the Divine Essence Beast in the back!

“Bam!” A dull noise burst out. The Divine Essence Beast was badly wounded by her fist, and enraged! It turned around, with brutality flashing on its hideous face. It opened its mouth and spouted another powerful air current. Yun Feng jumped aside, and the Divine Essence Beast’s claws came at her!

“Ugh!” Yun Feng had no time to dodge, and was hit precisely. She staggered. Seeing that, Lan Yi unfolded its wings. The pattern of the griffin that was depicted on the four beautiful wings appeared, gathering wind elements quickly. Lan Yi solemnly flapped the wings, launching arrows of wind elements so overwhelmingly that it was impossible to dodge!

“Swoosh! Swoosh! Swoosh!” The Wind Arrows were darting so crazily that the Divine Essence Beast couldn’t dodge. It simply lunged, as if it didn’t care about its life. Lan Yi narrowed its eyes, and watched the Divine Essence Beast which was covered in blood but even more maddened. It only needed more time. Given a bit more time, the Divine Essence Beast would be killed by the barrage of arrows!

The Divine Essence Beast opened its mouth and launched air currents again. Lan Yi was hit and trembled hard. Its wings were shivering too. However, Lan Yi was still standing firmly and launching the dense Wind Arrows!

The Divine Essence Beast was completely infuriated. It charged with glittering claws, which were twice as long as before! Yun Feng was grave when she saw that. Considering the Divine Essence Beast’s speed and the length of its claws, it would pierce through Lan Yi the next second! Having no time to think, Yun Feng pushed Lan Yi’s body back quickly!

“Pu!”

“Master!” Lan Yi quickly moved back. It gathered a blue ball of light in its hand, and smashed it into the Divine Essence Beast’s body. The Divine Essence Beast, which had already been wounded, struggled and collapsed on the ground. It twitched for a moment before it stopped moving.

#### **Chapter 402: Accident (4)**

Yun Feng held her stomach that had almost been stabbed through. Blood was gushing out. The black jade pendant on her neck seemed to have detected her wound, and sent warm currents into her body again. The attack that could've killed her only caused a heavy wound.

"I'm fine," said Yun Feng palely. Lan Yi folded all of its wings, and looked at Yun Feng anxiously. "I was too useless. It's my fault," said Lan Yi guiltily. Yun Feng shook her head with a smile. She was about to open her mouth, when a man emerged from a dark corner and walked close.

"Since it's useless, why don't you let me keep it?" Carl licked his lips, with greed bursting out of his eyes. He sized up Lan Yi. As a wind element summoner, he found the four-winged griffin perfectly suitable!

"Little girl, it was lucky for you to contract the four-winged griffin, but you're incapable of reining it, or carrying out its maximal abilities. Why don't you give it to me? I'll make the best use of it."

Yun Feng chuckled palely. "Old fart, you are not qualified to make use of my contracted Magic Beast."

"Humph! Let's find out how capable you are!" Carl moved his hand. Yun Feng knew that he was going to activate the Array of Contract. Lan Yi immediately turned into a streak of green light and returned to Yun Feng's Ring of Contract. Seeing that, Carl put on a cold smile.

"If I kill you, the contract will be lifted! Little girl, your griffin and the Divine Essence Grass will both be mine!"

Holding the Divine Essence Grass in her hand, Yun Feng looked at the unscrupulous man who was trying to take advantage of her, and laughed. She held the Divine Essence Grass more tightly and smiled.

"They'll both be yours? Not a chance."

Carl's eyes widened. Yun Feng quickly inserted the Divine Essence Grass into her mouth with her other hand. The Divine Essence Beast instantly turned into liquid, and a tremendous amount of energy surged from the liquid into Yun Feng's spiritual space quickly!

"Asshole!" Carl had no time to stop Yun Feng at all. He could only watch the Divine Essence Grass that he had found arduously be eaten just like that!

The powerful energy surged into Yun Feng's spiritual space. She felt like she was a balloon that had been filled up and would explode very soon. In Yun Feng's spiritual space, the surging energy gathered into water drops that occupied Yun Feng's spiritual space, which had already been filled up. However, even more water drops were condensing and occupying!

"Kid, disperse the energy immediately! You will explode if you don't do something!" The ancestor's anxious voice echoed in Yun Feng's head. Yun Feng unconsciously tried to push away the energy that was about to make her explode. She stretched her arms and cried painfully, "Ahhhhh..."

Massive energy gushed out of Yun Feng's body. Seeing that, Carl changed his expression, and hurriedly fled. This was an easy death for that girl! Judging from the trend, she would explode sooner or later! He couldn't get the Divine Essence Grass anymore, but after the girl died, he might be able to pick up that griffin!

The painful scream spread out with a massive amount of energy. The four people who were fighting fiercely at the edge of the cave all stopped. Hearing the scream, Ao Jin and Qu Lanyi were shocked and

rushed into the cave without another word. At this moment, Carl just came out of the cave, but Ao Jin and Qu Lanyi had no time for him. They rushed in.

Carl said gravely the moment he came out, "That girl ate the Divine Essence Grass, but she'll explode sooner or later! Let's get out first!"

Both warriors were shocked to hear that, and ran out quickly along with Carl. Ao Jin and Qu Lanyi rushed into the cave and saw Yun Feng, whose skin was red and swollen. Although she had discharged a lot of her energy, even more was accumulating inside her. After the furious roar, Yun Feng collapsed on the ground.

"Yun Feng!" The two people immediately approached her. Seeing Yun Feng's misery, Qu Lanyi tried to heal her wounds with the light element, only to be shocked when she touched Yun Feng's body!

"Girl, what's wrong?" asked Ao Jin anxiously. Qu Lanyi furrowed her brows. At this moment, the cave suddenly trembled violently, with stones falling from the top. After the fierce battle, and because of the energy Yun Feng released, this cave would collapse soon.

Qu Lanyi held Yun Feng in her arms and said to Ao Jin, "Let's get out of here. This cave is about to collapse!" Ao Jin nodded. The two of them rushed out. When Carl sensed that the cave was falling, he put on a smile and waved his hand, invoking wind elements that sped up the collapse. Very soon, the exit of the cave had been entirely blocked.

Both Qu Lanyi and Ao Jin looked awful when the exit was blocked. Stones were constantly falling in the cave. Gritting his teeth, Ao Jin unleashed golden light! The cave was too small to accommodate Ao Jin who had assumed his original form. He penetrated from the rear of the cave! Qu Lanyi seized the opportunity to sit on Ao Jin's back. The Golden Dragon flew from the rear of the cave, and rose to the sky as a streak of golden light.

\*\*\*

The emperor of Karan wasn't entirely satisfied with the result of the international contest, but since he won the qualification of exploration, he could live with it. He didn't care whether or not Yun Feng was alive. Although Yun Feng was a summoner that the Karan Royal Family had looked forward to, the emperor was not a fool, and knew that Yun Feng disliked the royal family and the Yun family would not do anything for the royal family.

So, even if she was a summoner, she wouldn't help the Karan Royal Family at all. Since she wouldn't help the Karan Royal Family, the emperor certainly wouldn't allow her to help other countries. He was rather happy that Yun Feng didn't leave the Forsaken Maze. If she was removed just like that, then he would have one fewer problem to worry about. The Yun family would be easy to deal with now that Yun Feng was gone.

### **Chapter 403: Yun Feng Wakes Up (1)**

The emperor of Karan was always a cautious man. Although Yun Feng went missing, it didn't mean that she was dead. Until her death was confirmed, he didn't really dare to deal with and eliminate the Yun family. Otherwise, if Yun Feng were to suddenly pop up somewhere, the Karan Royal Family would suffer.

Getting to the bottom of it, the emperor was scared of Yun Feng's identity as a summoner. If she ended on bad terms with the Karan Royal Family, then none of the other three empires would idle by, and the Karan Royal Family would be caught in an awkward position. It was possible that the other empires would strike Karan with that excuse.

The emperor's prudence raised confusion within the Karan Royal Family. The Yun family was supposed to be the Karan Royal Family's mortal enemy. Wasn't this the best opportunity to remove it? Wasn't Yun Feng already gone? Naturally, the emperor thought differently. Just like that, the Yun family stayed in the capital safely, for now.

Ever since the collapse of the Forsaken Maze, Yun Sheng had been utterly depressed. How could Feng have survived that collapse? If she were safe, why didn't she send any messages?

After the Forsaken Maze's collapse, Yun Sheng, Murong Yuntian and Ze Ran were all deported by the Cashya Empire. Fortunately, Zheng Ran escorted the three frustrated kids back to Karan safely. Zheng Ran felt quite sad and pained too to see the Forsaken Maze collapse in front of his eyes. He was reluctant to admit that the talented kid had perished just like that.

Zheng Ran patted Yun Sheng's shoulder and said many times, "Yun Feng is fine. She will come back. Yun Sheng, you are now the pillar of the Yun family. You must live a good life and wait for her to come back."

Yun Sheng tried to pull himself together. Whatever was left of the hope in his heart was his only motivation. His dear sister couldn't have died so easily! She couldn't! She would suddenly appear and call him brother again in a couple of days! Yun Sheng cheered himself up. Murong Yuntian and Ze Ran were thinking the same. Nothing could've happened to Yun Feng. She would certainly come back!

Yun Sheng returned to the capital, and dutifully told everything to Yun Jing. After hearing him out, Yun Jing was stiffened on his chair, and silent for a long time. Yun Sheng sat in silence too. Yun Jing's eyes turned bloodshot. He rose and didn't say anything. Yun Sheng looked at his father's back, and felt that he was suffocating.

Yun Jing went to the ancestral hall of the Yun family. He fell on his knees and lowered his head. In front of him were the badges of previous leaders of the Yun family. The summoner ancestor's painting was on the top, with the same big smile and short hair.

Yun Jing was on his knees for a long time. "All previous leaders of the Yun family, I swear that I'm willing to sacrifice anything as long as you let Feng return safely!" declared Yun Jing. He clenched his fists. He was willing to exchange his own life for his daughter's safety!

After learning what happened to Yun Feng, Mu Xiaojin immediately burst into tears. She called out to Yun Feng with the Sound Transmission Jade, but there was no response from Yun Feng's end at all. Seeing that, Yun Sheng was even more grieved. He held Mu Xiaojin, who was crying, in his arms. Her tears gradually wet Yun Sheng's clothes. Both of them were calling the same name, and praying that she could come back.

\*\*\*

The dragons were just the same as before. Ever since Ao Jin left, the Black Dragons and the Red Maples had been competing again. Ao Jin rarely came back. When he came back last time, he left in depression

after learning what happened to Yun Feng, which gave the Black Dragons a headache, and made Xiao Ling feel terrible. She didn't know that Yun Feng was the only one that mattered to Ao Jin.

On this day, a fierce earthquake took place at the edge of the Dragon Valley. After the tremble of space, a dragon that was glittering in gold flew in. When Ao Jin arrived, everybody in the Dragon Valley was excited. They felt that their Young Master was back!

Just like last time, the Black Dragons and the Red Dragons all came. They were all astonished to see Ao Jin in his original form, and then changed their expression at seeing someone on his back. Ao Jin the Young Master was one of the most honorable Golden Dragons. Who dared to ride him? Wasn't it a disgrace to the dragons?

The chief elder of the Black Dragons, without a word, extended his hand that had turned into a dragon claw, and slapped at the offender. The head of the Red Dragons was going to attack too. Seeing that, fury burst out of Ao Jin's golden eyes. "F\*ck off! I'll kill whoever touches her!"

The chiefs of the Black Dragons and the Red Maples both saw Qu Lanyi on the dragon's back, and were astonished at her pretty face. Was their Young Master into this human being and carried her back? Then they noticed Yun Feng, who was bleeding in Qu Lanyi's arms. Although her skin had all cracked and she looked miserable, all of them recognized that she was Yun Feng!

Hadn't she already died in the Dragon Palace? Both Elder Qi and Yan Ting had the same question. How could a person who had died in the Dragon Palace appear here? They had an answer in only a few seconds, and looked more awful than ever. Xiao Ling and Yan Yu were truly bold enough to lie to the Young Master! Remembering Ao Jin's bad temper, they both panicked, and took a step back, making way for him. Ao Jin glanced at them, and then quickly flew onward.

#### **Chapter 404: Yun Feng Wakes Up (2)**

"That's Yun Feng," said Elder Qi in a low voice. Thinking how bold his granddaughter was, Elder Qi felt a strong headache.

"Humph, it's indeed her, but how exactly did she leave the Dragon Palace?" Yan Ting was puzzled by another question. How could she have gotten out of the Dragon Palace after the Young Master closed the channel?

"That's not important. Let's instead consider the consequence of lying to the Young Master." Elder Qi frowned. Yan Ting, however, laughed after hearing that. Elder Qi looked at him. "Why are you laughing? You think the Red Dragons will be fine?"

Yan Ting laughed and looked at Elder Qi with mockery. "Elder Qi, Xiao Ling is your only daughter, isn't she? It will be slightly regrettable if we lose Yan Yu, but we have other geniuses. Xiao Ling is much more important to you, isn't she?"

"You..." Elder Qi changed his expression. Yan Ting put on a smile, "Elder Qi, please come up with an excuse for them. Don't forget to share it with me, or Yan Yu will surely announce that it's Xiao Ling's idea. The Black Dragons cannot get away with this. I'm going back." Yan Yu left with the Red Dragons after saying that. Elder Qi was enraged, but unable to do anything. He waved his sleeves angrily. "Let's go!" The Black Dragons left too.

Ao Jin flew deep into the Dragon Valley in his original form. Qu Lanyi sat on his back with Yun Feng in her arms, sending light elements into her body. She was frowning. There was an obvious stream of vitality energy circulating in Yun Feng's body. She knew that Yun Feng probably wouldn't die, not with the support of the vitality energy. However, the expanding mental strength inside Yun Feng worried her too. If they didn't do anything and Yun Feng didn't absorb the strength, she would be either weakened or paralyzed! Then, she would be completely useless!

"Yun Feng..." Qu Lanyi lowered her head and looked at Yun Feng whose skin was red. Yun Feng looked like a person of blood at this moment. Qu Lanyi heaved a sigh. "How could you have been so reckless?" Qu Lanyi stuck her hand to Yun Feng's chest, feeling her heartbeat. Then, she held her more tightly, hoping that she would get well soon...

Ao Jin flew straight to his palace in the Dragon Valley. Many other dragons on his way were shocked and had to make way for him. When he arrived at the palace, Ao Jin turned back into a handsome young man. Qu Lanyi, on the other hand, landed gracefully with Yun Feng.

"How's she doing? Tell me what she needs!"

Qu Lanyi smiled. This young dragon was truly concerned for Yun Feng. If it weren't for him, they probably would've been buried in that cave. "Brother Ao Jin!" exclaimed Xiao Ling in surprise. She immediately ran to him. Her appearance triggered Ao Jin's fury that he had been holding back.

"F\*ck off!" roared Ao Jin towards Xiao Ling with the intimidation of a dragon. Xiao Ling failed to dodge and staggered palely. Ao Jin gazed at Xiao Ling. "You dared to lie to me. Are the Black Dragons going to rebel?"

Xiao Ling turned pale and shook her head quickly. "How is it possible! Grandpa is always loyal to you, and so are the other Black Dragons! Don't listen to their slander, Brother Ao Jin!"

Ao Jin sneered. Qu Lanyi was not interested in the dragons' business at all. She asked, "Where's the room?"

Xiao Feng glanced at Qu Lanyi, and was rather astonished. Who was this woman? She was even more beautiful than her! Did Brother Ao Jin like her? Yun Feng was gone, and her replacement was here?

Qu Lanyi raised her head and looked back at Xiao Ling in the eyes. Xiao Ling immediately withdrew her gaze. For a moment, she was slightly scared of that woman. Why was that?

"Follow me." Thinking of Yun Feng's situation, Ao Jin led Qu Lanyi onward. Xiao Feng glanced at them curiously again, and saw Yun Feng in Qu Lanyi's arms. Although Yun Feng had been heavily wounded, Xiao Feng recognized her immediately. Her heart palpitated. Yun Feng was still alive! How was it possible?

Ao Jin and Qu Lanyi left quickly. Xiao Ling was already panicking. She thought that the lie that she and Yan Yu had told would never be seen through, because Yun Feng would never come out of the Dragon Palace. However, she surprisingly escaped. Xiao Ling was dumbfounded. How could she get away with lying to the dragons' Young Master?

\*\*\*

The ancestor who resided in Yun Feng's spiritual space kept calling her name, but Yun Feng didn't respond at all. She was deep asleep. Feeling the great pressure in the spiritual space, the ancestor looked terrible. If things went on like this, her spiritual space would surely explode, and then she would be disabled! It would be such a shame!

"Kid, wake up, wake up!" The ancestor's voice echoed in Yun Feng's head. However, Yun Feng didn't open her eyes at all. Her skin was as red as fire, and her veins were clear. Her body temperature was shockingly high too. She looked like a piece of coal that was burning in the fire. She was almost turning transparent, but nothing except redness could be seen in her body.

The black jade pendant that Yun Feng wore on her neck continuously transmitted vitality energy. Gradually, a vague stream of black aura was sent into Yun Feng's body along with the vitality energy. The ancestor raised his head in shock, and examined the vague black aura. His eyes widened quickly. "That's..."

The spiritual space, which was about to explode, underwent tiny and gradual changes. The crazily surging mental strength, upon encountering the vague black aura, vanished!

The ancestor looked at what was happening in the spiritual space, shocked. That was Swallowing, the darkness element's ability! However, where was the darkness element from? The girl didn't have dark elements. What was going on?

### **Chapter 405: Yun Feng Wakes Up (3)**

The ancestor observed the black aura calmly. After swallowing some of the mental strength, the darkness elements were completely gone. Then, more darkness elements flowed in, and swallowed the mental strength that was about to make Yun Feng's spiritual space explode. The ancestor was relieved after a moment of observation. Was this a bliss in disguise? Although everybody feared and disliked the darkness element, it was a lifesaver for Yun Feng at this moment! Only the darkness element could resolve the mental strength that was about to cause an explosion!

Although the swallowing was slow and insignificant, it resolved the crisis inside Yun Feng's body. The ancestor heaved a sigh. "Kid, you're truly lucky. You will surely accomplish something great." After saying that, the ancestor smiled and closed his eyes. The girl was fine. It was only a matter of time before she woke up. He needed to take a rest too.

\*\*\*

Three years passed in the blink of an eye. Nothing changed on the East Continent. The Cashya Empire had been keeping a low profile since the international contest. What other people didn't know was that the Cashya Empire's summoner dropped by one level for the contest. Because Yun Feng took away the Divine Essence Grass, he hadn't fully recovered in three years. Also, the failure in the international contest deprived the Cashya Empire of its qualification of exploration, which angered its royal family.

The other three empires were much happier than the Cashya Empire. They were all delighted to win the qualification to explore the relics. There were five years until the relics reappeared. All three empires had been hiring as many experts as possible, hoping to be the biggest winner in the exploration.

The Karan Empire was the busiest of the empires. The Karan Royal Family made a lot of preparations for the exploration, and hired many experts. The Karan Royal Family had been devoted to that during the three years, and didn't do anything to the Yun family. After Yun Feng went missing, Yun Jing proposed to move back to Chunfeng Town from the capital. The emperor thought for a moment and accepted the proposal. To deal with the Yun family, it didn't matter where it was. It was even better if the Yun family wasn't in the capital, so that it wouldn't cause any trouble.

Yun Jing moved back to Chunfeng Town as fast as possible, raising a round of discussions in Chunfeng Town. What happened to the Yun family? Why did they move back from the capital? Did something happen to the girl in that family?

The news that Yun Feng went missing didn't spread out. Nobody knew what happened. Yun Jing never explained either. Yun Sheng and Mu Xiaojin went to the Masang School of Magic. It was the beginning of a new semester. They were both quiet on their way, and in the campus. It felt terrible to lose someone so important to them.

Yun Feng's disappearance was shocking news in the Masang School of Magic. She was already a legend in the school. Naturally, her disappearance raised a lot of curious discussions. Both Yun Sheng and Mu Xiaojin remained silent on the subject. They didn't really care about anything except for cultivation in the Trial Tower.

The members of the Constellation Society were most curious about Yun Feng's disappearance. Yun Sheng's only reply to them was that Yun Feng was temporarily occupied and would be away for now. That was not a convincing answer, but everybody could only accept. The first day Yun Sheng returned to the Masang School of Magic, he applied for suspension of schooling for Yun Feng. The Vice Principal of the Masang School of Magic didn't ask anything. He simply patted Yun Sheng's shoulder and accepted the proposal.

However, certain people would rather see miseries than happiness. What Kasa said raised discussions in the Masang School of Magic again. "She's away for now? Humph! She's buried in the Forsaken Maze. She's probably dead for a long time!"

Yun Feng was dead!

The news shocked most students of the Masang School of Magic. The members of the Constellation Society immediately surrounded Yun Sheng. "Leader, is it true that Yun Feng is dead?"

"I don't believe that Yun Feng is dead. How could anything happen to her?"

"That's right. Nothing will happen to Yun Feng!"

Yun Sheng couldn't say anything. In the end, Mu Xiaojin replied for him, "Xiao Feng is fine. As the leader says, Xiao Feng is away for now. She will come back soon."

Everybody of the Constellation Society fell quiet. They all knew how unconvincing the answer was. Then, one of the members suddenly smiled, "If the leader has put it that way, Yun Feng will surely come back! Do you not trust her?"

All the members of the Constellation Society nodded quickly. "Exactly. Yun Feng will come back!"

“I believe that she’ll come back too! How can anything happen to that genius?”

Yun Sheng raised his head, looking at the members of the Constellation Society and hearing their hopeful prayers. He then lowered his head. Feng, so many people are looking forward to your return. You’re coming back, aren’t you?

Since the Yun family moved back from the capital, it had become as unpopular as before. The families large and small in Chunfeng Town were unable to tell the current situation, and didn’t dare to adulate it like before. Yun Jing was happy to see that. He never liked socializing anyway. However, he received a bunch of surprising guests from the Mercenary Union.

The arrival of the Red Maple Mercenary Team surprised Yun Jing and made him feel warm. The Mercenary Union had extended its hand to Yun Jing, as Zheng Ran promised. It would help and protect the Yun family wherever the rules allowed.

During the three years, the Red Maple Mercenary Team had been dutifully protecting the Yun family. They had heard what happened to Yun Feng. However, every member of the Red Maple Mercenary Team believed that their Young Lady was fine and would make an epic return!

Naturally, the Karan Royal Family was aware of what the Yun family did. The arrival of the Red Maple Mercenary Team made the emperor vigilant. He was slightly scared when the Mercenary Union blatantly showed friendliness to the Yun family, and was determined to remove the Yun family. He had thought of postponing the matter, but if the Yun family got closer to the Mercenary Union, it would be more difficult to get rid of it in the future.

#### **Chapter 406: Yun Feng Wakes Up (4)**

The preparations for the exploration of the relics had been mostly done during the three years. The exploration of the relics wouldn’t begin in another two years. The emperor thought for a long time, and asked in a low voice, “Randal, is it time?”

Randal, who had been hiding next to the emperor as a bodyguard, revealed himself and smiled at the emperor. “If you give me an order, I’ll carry it out immediately.”

The emperor smiled. “It’s time we got rid of the fish bone that has been stuck in our esophagus. Do it fast. Don’t care about the Mercenary Union. I’ll deal with it.”

Randal smiled and then disappeared. The emperor gradually relaxed, and leaned against the back of his chair, tapping the red wood of the chair with a smile. “Yun Feng, and the Yun family... If you don’t work for me, what’s the point of keeping you alive?”

\*\*\*

All dragons had been living ill at ease during the three years, because their Young Master’s temper had gotten even worse. Xiao Ling and Yan Yu were punished. They weren’t sentenced to death, but they did suffer a lot. The dragons became more scared of their Young Master.

There was a girl who had been asleep during the three years in one of the rooms in the dragons’ main palace. She had never opened her eyes or moved in the three years. Like a doll, she simply lay peacefully. She seemed to be entirely frozen, except that she was still breathing steadily.

Qu Lanyi had been staying with the dragons and looking after Yun Feng during the three years. She seemed to have become even prettier in the three years. Yun Feng looked maturer too. The shocking redness on her skin was already gone. She became as fair as before, but she was still not waking up.

Gently stroking Yun Feng's cheeks with her fingers, Qu Lanyi sat next to the bed and stared at Yun Feng. "Fengfeng, you're still not waking up? How selfish..." Qu Lanyi put on a smile of affection, and put her hand on Yun Feng's chest. The sleeping girl's body remained as attractive as before. Her graceful curve was underneath Qu Lanyi's hands. "Fengfeng, you're truly sexy. If you still don't wake up, I'll touch all of you." Qu Lanyi put on an alluring smile, and sent light elements into her body. That was what she had been doing every day in the three years.

After transmitting the light elements, she stared at Yun Feng for another while, and then walked away, leaving the room. Ao Jin was out for business. During the three years, Yun Feng's condition had been stable. Besides, Qu Lanyi was there to look after her, so he left for business without worries. Soon, the sound of flowing water came out. It seemed that a girl was taking a shower.

The girl, who had been asleep on her bed, suddenly moved her fingers. Then, a powerful aura suddenly burst out of her body. The sound of the shower was gone, and someone crashed the door and broke into the room, with her body still wet. "Yun Feng!" she called. The girl on the bed opened her eyes that had been closed for three years, with dazzling light!

Hardly had Yun Feng opened her eyes when she detected the abundant energy inside her body that was completely different from that of the Commander Level. The energy was a lot purer, and made her agile. She examined her spiritual space. The water drops in her spiritual space had transformed again! The colorful water drops that floated in her spiritual space were consolidated and turning into real entities. They were still glittering, but they were no longer illusionary. Rather, they looked like gems.

"Kid, congratulations! You're now a Monarch Level summoner!" The ancestor's voice echoed in her head. Yun Feng was dazed for a moment. Then, she realized that her ability had surpassed the Commander Level and reached the Monarch Level!

After Yun Feng woke up, her ancestor woke up too, and saw the changes in Yun Feng's spiritual space. He couldn't be more comforted and delighted. The girl wouldn't have advanced beyond the Commander Level without the accident. She was like a phoenix that was reborn after enduring the most excruciating pain!

The ancestor examined her carefully, and found that Yun Feng's spiritual space had completely stabilized. The dark elements that swallowed Yun Feng's mental strength were gone too. After the examination, the ancestor was relieved. If the dark elements hadn't swallowed Yun Feng's expanding mental strength, she would've exploded, but if they lingered in her body, they would cause fatal damage to her too.

Fortunately, the darkness elements were completely gone. The ancestor had been quite suspicious about the source of the dark elements. How did they enter the girl's body?

Feeling the abundant energy in her body, Yun Feng couldn't help but smile. She raised her head, and saw a gorgeous person with wet hair standing in front of her. She blinked her eyes, and waved her hand, smashing the person in the chest.

“Who are you?” Yun Feng found that she was not wearing the clothes she knew, and was greatly shocked. She quickly examined the environment, and frowned suspiciously. Wasn’t she in a cave? What was this place? Also, she was looking at a man who was wearing nothing but a bath towel! Although the man was quite stunning, why was he here?

“Fengfeng, is this how you repay your lifesaver?” After being hit by Yun Feng, Qu Lanyi staggered back and held his chest, rubbing it. Yun Feng was already as strong as a warrior. Qu Lanyi felt agony in his chest.

Fengfeng... Hearing that, Yun Feng turned around and gazed at the... man who wore nothing but a bath towel. There was only one person who called her Fengfeng, and that was Qu Lanyi! Yun Feng squinted and stared at the man’s face. He looked familiar, and a bit maturer and more attractive than Qu Lanyi. However, when she observed more carefully, she found that he was indeed Qu Lanyi.

### **Chapter 407: I’m Back (1)**

Yun Feng looked at Qu Lanyi’s flat chest, which didn’t carry any female characteristics. She immediately turned gloomy. “Qu Lanyi, you are a man?”

Holding his chest, Qu Lanyi looked at Yun Feng sorrowfully. “I never said I was a woman.”

Yun Feng was almost lost for words. “But you... you lived in a girl’s dormitory!”

“I’ve always been alone. They simply assigned me to a girl’s dormitory. There was nothing I could do.” Qu Lanyi shrugged, and leaned close to her, holding his chest. Seeing that, Yun Feng tried to dodge, but Qu Lanyi extended his arm and grabbed Yun Feng’s wrist.

“Fengfeng, I’ve been looking after you for three years while you were asleep. I changed your clothes, helped you shower, fed you food, and treated your wounds. I’ve seen and touched everything I should and shouldn’t have. It’s impossible for me to undo any of that.” Qu Lanyi held Yun Feng by her wrist and spoke. Yun Feng’s face became redder and redder, until it almost looked like a red apple.

Qu Lanyi chuckled and bent forward, putting his stunning face right in front of Yun Feng. Before Yun Feng could do anything, he had laid his lips on hers. Yun Feng shivered, with anger and awkwardness in her eyes. Qu Lanyi put on a smile. “Naturally, I didn’t forget to kiss here.”

“QU LANYI!” Yun Feng gnashed her teeth, with fury glowing in her eyes. She withdrew her hand from Qu Lanyi’s, and pushed him away heavily. With a smile, Qu Lanyi moved back cooperatively, but the towel on his waist fell to the ground at some point.

Yun Feng was completely dumbfounded.

Qu Lanyi stood in front of Yun Feng at ease, not feeling awkward at all. His attractive body was fully exposed. There was no flaw on his body at all. Qu Lanyi was very beautiful when he pretended to be a woman, and when he was a man.

Qu Lanyi was wearing a smile the whole time, and didn’t care at all that he was naked. He even shook what was between his legs and winked. “Fengfeng, are you satisfied with your husband’s body?”

Yun Feng's face was like boiling water. She was reddened from her forehead to her neck. There even seemed to be steam popping up on her head. She quickly closed her eyes, but she couldn't forget the man's perfect body anymore.

That goddamn b\*stard! What did he do to her? If they had lived the past three years like that... Qu Lanyi chuckled, and picked up the towel that he had "accidentally" dropped. He then opened the door to the bathroom. Yun Feng was still sitting tightly, with her eyes closed and her teeth gritted. Qu Lanyi put on a smile. "Fengfeng, you must keep your husband's identity a secret, otherwise..."

Qu Lanyi chuckled. Yun Feng didn't open her eyes until the door was closed. The sound of flowing water came from inside the bathroom again, mixed with someone's whistle. Yun Feng blushed again, and remembered how Qu Lanyi called himself. Your husband... What a jerk!

Yun Feng looked at her new clothes. She was quite positive that what Qu Lanyi said did happen. She opened the door angrily, and saw many familiar buildings outside. She thought for a long time, and then realized that they were the dragons' palaces!

Did Uncle Flirtatious save her? Yun Feng wondered. She had already left the room. There was nobody near Yun Feng's room. Ao Jin had announced that whoever disturbed Yun Feng would be skinned. Thanks to his warning, none of the dragons dared to approach this place. They didn't dare to examine what was going on here except when they were delivering food.

Yun Feng walked for a long time and didn't see anyone. She intended to ask where Uncle Flirtatious was, but couldn't find anyone. She sat down. She had been walking much faster than before, and her body was a lot lighter. There was a significant improvement from the Commander Level to the Monarch Level. She could stay airborne for a long time at this moment.

With a thought, Yun Feng took out two Rings of Contract. While Yun Feng was unconscious, Little Fire and Lan Yi were unconscious too. Once a summoner contracted a Magic Beast, they would be linked. The two Rings of Contract had changed again. Half of the dark red Ring of Contract had been covered in fiery patterns, and the other half was smooth. The green Ring of Contract was the same. Half of it was covered in tree leaves, and the other half didn't have any patterns.

Little Fire and Lan Yi woke up too after Yun Feng did. She smiled and touched the two Rings of Contract, feeling their warmth.

"Master, you've woken up!" Little Fire's voice came over. Yun Feng chuckled. Lan Yi's voice came again. "Congratulations, master. You've risen again to the Monarch Level."

Without another word, Yun Feng summoned them. Lan Yi was still as handsome as before, and its blue face was glimmering. It looked much more intimidating than before. Little Fire was still unwilling to transform into a human being. It revealed its gigantic wolf body, and its fur color had changed significantly.

Little Fire, which had been dark red, looked different after reaching the Monarch Level. The dark red was split up into pure black and bright redness, which were mixed on Little Fire's fur, making it even more mysterious and beautiful.

Little Fire shook its head and almost wanted to howl excitedly, but then it decided to hold back. "Master, where's that meatball?" asked Little Fire. Yun Feng finally remembered that she had thrown Meatball back into her bracelet. How was it doing? Had it starved during the three years?

## **Chapter 408: I'm Back (2)**

She searched her bracelet, and noticed a round white ball. The next moment, Meatball had dashed out of the space. Its fur glistened under the sunlight. After it came out, it jerked and raised its little head dizzily. It opened its big eyes, and there was nothing but sleepiness in them.

Yun Feng smiled. So, Meatball had taken a good sleep in the past three years too! She flicked Meatball's forehead. Meatball shivered, and was about to bite her finger, but after recognizing that it was Yun Feng who flicked it, it jumped to Yun Feng's shoulder. "Nana, nana..." It kept murmuring. It must've been worrying for Yun Feng for a long time.

Yun Feng rubbed Meatball's furry body, and it kept nuzzling against her face, making her itchy. Little Fire looked at Meatball in disdain. "What a sycophant," It said in a low voice, but Meatball widened its eyes and nuzzled again.

Right, she needed to contact her father and brother and inform them that she was fine. They must be very anxious during the three years! She immediately took out the Sound Transmission Jade, only to find that it was not working. After trying a few times, Yun Feng finally confirmed that the Sound Transmission Jade was useless in the Dragon Valley. It seemed that she must leave the Dragon Valley and return to the human world as soon as possible.

She patted her clothes and stood up. Taking a deep breath, she filled her body with the air of lightness, and rose into the sky. She looked around at the palaces, and found the meeting hall based on her memories. Little Fire and Lan Yi both rose and accompanied her. All three of them flew towards the meeting room.

Inside the meeting hall, the Black Dragons and the Red Dragons were discussing something. When Ao Jin was out, these two factions managed the clan as usual. Elder Qi and Yan Ting had been arguing, when they suddenly changed their expression. They rose and shouted, "Who dares to break into the Dragon Valley?" Both of them ran out, only to be astonished to see Yun Feng.

"Are you... Yun Feng?" asked Elder Qi uncertainly.

Yun Feng landed from the sky and smiled at Elder Qi. "Elder Qi, I am. I must thank the dragons for looking after me."

Leaving aside what Xiao Ling and Yan Yu did to her, the dragons had indeed protected her during the three years, and she must express her gratitude. Both Elder Qi and Yan Ting detected that Yun Feng was releasing an aura that was even more powerful than theirs! Both of them had complicated feelings. This girl was obviously much more mature and strong than the last time they met. Even Ao Jin, the most talented Young Master of the dragons, couldn't keep up with her...

With envy and jealousy, Elder Qi and Yan Ting both smiled. They wanted to have such a talented descendant too, but unfortunately... "It's great that you're fine. You must be here for the Young Master, right?" asked Elder Qi. He was quite friendly to Yun Feng.

Yun Feng nodded. "I'm here to tell Uncle Flirtatious... Uncle Ao Jin that I'm going back."

Elder Qi's cheeks cramped. The most handsome Young Master of the dragons was called uncle. That was true... "Miss Yun Feng, Young Master is on a business trip. I'm afraid you'll have to wait for him to return. Only he can open the barriers of the Dragon Valley."

Yun Feng furrowed her brows. So, Uncle Flirtatious had already left. No wonder she didn't see him. She had planned to say goodbye to him and then leave, but it seemed that she had to wait. She smiled. "Okay then. Then I'll just go back."

It was actually easy for Yun Feng to go. She could leave via the Teleportation Array in the Dragon Palace. However, she wasn't the only one with the dragons; there was also Qu Lanyi. Remembering the man who had been pretending to be a woman, Yun Feng blushed again. She couldn't leave him here. The dragons always disliked humans, and only tolerated her because of Uncle Flirtatious. If she left, Qu Lanyi would be in danger.

Yun Feng frowned. She was eager to tell her father and brother that she was safe, yet she couldn't leave just yet. That was truly...

"Is there anything that bothers you, Miss Yun Feng?" asked Elder Qi, seeing that Yun Feng was frowning. Yun Feng came back to herself and smiled. "Nothing. I wanted to tell my family that I'm fine, but it seems that the Sound Transmission Jade doesn't work in the Dragon Valley."

"Naturally, human beings' items do not work in the Dragon Valley," said Yan Ting. He glanced at Yun Feng. "If you need, the dragons can send a message for you."

Yun Feng was quite surprised. Back then, Yan Ting was quite condescending. Why had his attitude changed so much? Yun Feng didn't know that it was because of her own change. She left a deep impression on the two old dragons, who knew that she wasn't simple. Yun Feng was even stronger than them. How could they remain condescending?

"Elder Yan is right. Whatever you need, Miss Yun, the dragons can help you."

"Isn't Uncle Ao Jin the only one who can open the barriers?"

Elder Qi smiled. "Don't worry about that, Miss Yun Feng. The barriers are meant to prevent outsiders from breaking in. The dragons have our own passages, but they're not accessible for you, because only the dragons may pass through."

Yun Feng nodded. She couldn't leave just yet, but she was worried for her brother and father. Since the dragons were willing to help, she might as well ask them to give a hand. "Thank you, Elder Qi. Please tell my father, Yun Jing, and my brother, Yun Sheng, that I'm safe."

"Is that all?" asked Yan Ting. Yun Feng smiled. "Yes. My father and my brother must've been worried for me while I was missing in the past three years. I want to tell them I'm safe. I wouldn't have asked for your help if the Sound Transmission Jade was usable here."

### **Chapter 409: I'm Back (3)**

"You're most welcome," said Elder Qi in a hurry. "I wonder, where are your brother and your father, Miss Yun Feng?"

Yun Feng thought for a moment. "My brother is probably in the Masang School of Magic. My father should be in Chunfeng Town." Yun Feng knew her family quite well. Yun Jing had indeed returned to Chunfeng Town.

"Alright. The dragons will take care of everything. Don't worry, Miss Yun Feng."

The dragons were quite efficient. Soon, they reported that both Yun Sheng and Yun Jing had been informed of her safety. Yun Feng was greatly relieved. She could imagine how happy her brother and father were when they learned that she was still alive. She stayed with the dragons, less worried, but there was one other thing that she was concerned about, which was the Karan Empire.

The Karan Empire didn't do anything to the Yun family in the past three years, maybe because it was still waiting to confirm her death. Yun Feng knew that her brother and father wouldn't tell everybody that she was still alive. The Karan Empire would surely do something to the Yun family. It may be a chance for the Yun family to break free from the Karan Empire!

"Fengfeng, what's on your mind?" Qu Lanyi spouted hot air on Yun Feng's cheeks and leaned closer to her. Ever since Yun Feng recognized Qu Lanyi's gender, he seemed to have become even stickier, and approached her intimately now and then. Yun Feng gloomily dodged. However, just like every time, Qu Lanyi followed her and held her in his arms.

"Qu Lanyi, let go of me!" Yun Feng roared. Qu Lanyi, however, simply chuckled and stroked Yun Feng's cheeks. "Fengfeng, we've known each other for a long time. Why are you so shy? I've seen everything I should and shouldn't."

Yun Feng blushed again. Qu Lanyi seemed to love teasing her, and wouldn't stop until she was like a little hedgehog that was pricking its spines. Meatball bared its fangs on Yun Feng's shoulder. Seeing that, Qu Lanyi immediately released Yun Feng. "Meatball, what are you doing? I'm Fengfeng's."

Yun Feng turned gloomy again. "Qu Lanyi, you're not mine!"

Qu Lanyi chuckled, with an attractive expression on his face. "Then you're mine."

Yun Feng didn't know what to do with Qu Lanyi. She would rather not say anything, as he would find a way to take advantage of her anyway. After making fun of Yun Feng, Qu Lanyi suddenly put on a solemn expression and sat straight, "When do you plan to go, Fengfeng?"

Yun Feng glanced at him. "When Uncle Flirtatious comes back. He's the only one who can open the barriers of the Dragon Valley." I would've already left if it weren't for you.

"Do you want to see him?" said Qu Lanyi sullenly in a male voice, lowering his head. Yun Feng was dazed for a moment. "I want to go too, but we cannot leave just yet."

"If we can leave, do you want to?" asked Qu Lanyi again. Yun Feng looked at him. "Of course. I'll certainly go."

Qu Lanyi suddenly smiled delightedly. His handsome and alluring features became even more tempting with the smile. Yun Feng's heart raced as she watched, and moved her eyes aside in a hurry.

"Girl!" Ao Jin's voice came from far away. Then, the room's door was pushed open. The man emerged with glittering golden hair.

“Girl, you want to go?” Ao Jin walked to Yun Feng. The dust on his clothes indicated that he had just returned. Yun Feng nodded. “I’m concerned for my brother and father. The Karan Empire might do something too.”

Ao Jin considered for a few seconds and nodded. “Alright, I’ll go back with you.”

“Uncle Flirtatious, there must be a lot of things here that you need to attend to. You should...”

“Cut the nonsense! When I say I’m going with you, I will. Let’s go. Aren’t you worried for them? Let’s go now!” Ao Jin grinned. His handsome face was truly unfit for his bad temper. He should’ve had a rougher face.

Qu Lanyi chuckled, and Yun Feng somehow felt cold. “If so, let’s go.” Qu Lanyi came to Yun Feng and smiled at her while holding her hand. Looking at their hands, Ao Jin somehow felt comfortable.

\*\*\*

It had been three years since the Yun family moved back to Chunfeng Town from the capital. It had been keeping an even lower profile. Yun Jing was sitting in the meeting hall, with Wang Ming of the Red Maple Mercenary Team next to him. Ever since the Red Maple Mercenary Team and the Yun family became close, Wang Ming had been freed from the duties on Shiny Plains and was responsible for protecting the Yun family. Many of the ores that the Red Maple Mercenary Team earned every month was given to the Yun family, making the Yun Army stronger.

“Leader Yun, the Karan Royal Family seems to be taking action,” said Wang Ming to Yun Jing solemnly. The Red Maple Mercenary Team had been spying on the Karan Royal Family. Recently, the Karan Royal Family seemed to be doing something. Randal and some men had gone missing.

Yun Jing remained silent at the host’s seat. It was only a matter of time for the Karan Royal Family to deal with the Yun family. Despite knowing that it was inevitable, Yun Jing still felt sad. After all, the Yun family had been loyal to the royal family for hundreds of years. Such an ending was truly tragic.

“Red Maple will send more men to ensure the Yun family’s safety. As for Young Master Yun Sheng, it won’t be easy for us to intervene.”

Yun Jing nodded. Sheng was still in the Masang School of Magic. It was time to summon him back. After all, the Masang School of Magic was the Karan Royal Family’s territory. “Thank you for your efforts, Captain Wang.”

Wang Ming laughed. “You’re too kind, Leader Yun! Red Maple will surely protect Young Lady’s family well!”

#### **Chapter 410: I’m Back (4)**

Wang Ming soon left. The Karan Royal Family was all set to attack. Naturally, he needed to prepare for defense. Yun Jing held the Sound Transmission Jade in his hand tightly. He had just sent Yun Sheng a message, asking him to come back as soon as possible. Yun Jing heaved a sigh. It seemed that the storm was unavoidable.

\*\*\*

The thick forest near the Masang School of Magic was just like before, and the Magic Beasts inside were living the same life. In a corner deep inside the forest, two Magic Beasts who had been living a happy life during the three years were enjoying drinks.

“Brother, the madam hasn’t shown up in three years,” said the tall and slim young man with a smile. The rough-looking man on his opposite side laughed too. Obviously, they were very happy about the madam’s disappearance.

“I wish our life could continue like this.” The rough-looking man had a mouthful of the drink, and looked up at the sky. The tall one laughed. “The madam is gone for three years. She won’t come again. Our life is finally at peace!”

They were about to click their cups, but their wrists shivered, and they changed their expression significantly. They quickly raised their heads, only to see a few shadows passing through the forest in the Masang School of Magic’s direction.

“Brother, the people who just passed...”

The rough-looking man frowned, and laid down his cup. “Brother, I think our good life may have come to an end.”

The tall and slim young man furrowed his brows so hard that his facial features were twisted. Was he a jinx? He just said that the madam wouldn’t come back, yet one of the people who just flew by carried the distinctive aura of the madam...

The Masang School of Magic was just like before. Most students were cultivating in the Trial Tower wholeheartedly. Although Yun Feng hadn’t shown up in a long time, she was not forgotten. The freshmen every year would hear the legendary name.

The Constellation Society had been expanding ever since the social ranking contest. Although Yun Feng went missing, Yun Sheng had revealed exceptional strength. In the latest individual ranking contest, he crushed everybody with overwhelming advantages, even including Kasa who aimed for the championship. Everybody was shocked, and thought that Yun Sheng had been keeping a low profile.

Yun Sheng won the championship of the individual ranking contest, not to be defeated. Although Yun Feng was gone, Yun Sheng made up for her disappearance. The Constellation Society had been expanding. Most freshmen had joined the Constellation Society because of Yun Sheng. After they entered the Constellation Society, they were informed that there was an even greater legend named Yun Feng.

No natives of the Karan Empire were unaware of the name Yun Feng, who was the summoner born and raised in the Karan Empire! The news had spread throughout the continent! Everybody wanted to meet her, but she had gone missing. There were many theories about her disappearance. Some said that she went traveling, some claimed that she was lurking in another country for the Karan Royal Family, and some said that she had been killed for unknown reasons. All in all, even though Yun Feng had gone missing, everybody was curious about her identity as a summoner. Many freshmen even regarded Yun Feng as their idol.

“Is she THE Yun Feng, the summoner? They aren’t two people who happen to have the same name, right?” That was the question that every member of the Constellation Society asked when they heard that there was a Yun Feng in the society. Then, the old members of the Constellation Society would reply,

“There’s only one Yun family in the Karan Empire. Do you think they’re the same person?”

Then new students of the Constellation Society would ask, “Then where is she? Has she really gone missing? Did she go to another country?”

The old members of the Constellation Society would then add, “Stop asking so many questions! How can we know where Yun Feng is?”

As time went by, people were still discussing Yun Feng heatedly. The Constellation Society’s popularity made the Fire Society, and especially Kasa, extremely jealous. The Fire Society had significantly dwindled, turning from the biggest society to one that nobody was interested in.

Kasa had come up with a lot of ways to cause problems for the Constellation Society, but Yun Sheng resolved all her tricks smartly. Ever since Yun Sheng defeated her in the individual ranking contest, she had lost the courage to fight Yun Sheng head-on. Her fury with the Yun family rose to a new height, partly due to Murong Yuntian. The Karan Royal Family had proposed the marriage to the Murong family, and the Murong family seemed flattered to accept it. Although it was good to marry Yun Feng, it was better to get closer to the royal family.

Then, Kasa waited for Murong Yuntian to marry her. However, Murong Yuntian firmly refused, which was a great humiliation for her as a princess! The Murong family couldn’t convince him. Murong Yuntian even declared that he would break away from the Murong family if they forced them to do anything, which terrified the Murong family.

After weighing the pros and cons, the Karan Royal Family canceled the marriage. After all, Murong Yuntian was more important than a self-willed princess. However, the Karan Royal Family didn’t know that Murong Yuntian was already greatly disappointed in the Karan Royal Family.

As the Constellation Society expanded, most of its members became fond of the Yun family. They even gathered into a major force in the Masang School of Magic with Yun Sheng as the center. Yun Sheng had grown a lot during the three years. He managed the Constellation Society well and became stronger. He was even more diligent in those three years than before. Thanks to his phase body, he attached more importance to accumulation than others did. Mu Xiaojin grew up into Yun Sheng’s assistant in the three years. For Mu Xiaojin, the Yun family was her family too, and she would live and die with it! Yun Sheng didn’t tell anyone that Yun Feng was alive, and neither did Yun Jing. They didn’t tell anything to Mu Xiaojin or the Red Maple Mercenary Team. At such a moment, there were too many enemies that the Yun family must face. Although they felt guilty, they had to keep it a secret until Yun Feng returned.
