

## Summoner 421

### Chapter 421: Repay a Hundred Times More (5)

After the shocking outburst of energy, everybody in the Yun family was surprised. Both Yun Jing and Yun Sheng rushed out, fearing that anything might happen to Yun Feng. Both of them were relieved to see Yun Feng land on the ground tiredly. Yun Feng smiled at her brother and father and nearly fell on the ground.

“Feng!” Yun Sheng ran to her and held her in his arms tightly. Yun Feng smiled. “Brother, the Yun family is fine. Great!”

Yun Sheng nodded. He looked at Yun Feng’s pale face regretfully. If it weren’t for Yun Feng, the Yun family would’ve been destroyed! His sister had done much more for their family than he did! He felt ashamed as her brother!

Yun Jing stood there and looked at Yun Feng in delight. He had never been so proud of his daughter. In a corner of the broken ground, a stone moved, and someone crawled out awkwardly with wounds all over his body. He breathed heavily and stared in the Yun family’s direction. With a sordid smile, Randal suddenly released the longsword in his hand. “Yun Feng, I’m tougher than you think! You need to practice another few hundred years before you are able to kill me!” Hardly had Randal said that when his longsword unleashed a stream of fighting energy that stabbed towards Yun Feng in the shape of a sword!

“Watch out!” Qu Lanyi saw that the sword of fighting energy was aimed at Yun Sheng and Yun Feng. If they were hit, Yun Feng probably would be heavily wounded, but Yun Sheng would likely be killed instantly!

Yun Sheng turned back and saw the raging fighting energy. Without thinking, Yun Sheng held Yun Feng in his arms, trying to protect her with his body! “Brother!” Yun Feng roared. It wouldn’t matter even if she was wounded. She wouldn’t die anyway, but her brother might!

Yun Sheng held Yun Feng tightly and stared at her gently. This was the least he could do for Feng. Everything was fine as long as his dear sister was safe!

Mu Xiaojin was completely dumbfounded at the scene. Qu Lanyi and Ao Jin reacted quite fast. Both of them dashed forward. “Pu!” There was the sound of something being penetrated. Yun Feng was held in Yun Sheng’s arms, and couldn’t see what happened. However, the sound made her realize that the sword aura had indeed hit someone!

“Brother! Brother!” Yun Feng looked at Yun Sheng who was holding her tightly, her eyes bloodshot, fearing that the sword aura had pierced him. Qu Lanyi and Ao Jin both looked at the man who had outrun them, shocked.

Yun Jing was firmly standing in front of Yun Sheng. The sword of fighting energy had penetrated Yun Jing, but he stood absolutely still without moving at all, because behind him were his kids that he swore to protect with his life!

Yun Jing was as grim as before. Blood spread on his lips. Qu Lanyi grabbed him when he was about to fall. He suddenly smiled and stood straight again. He said slowly, with his kids behind him, “It’s alright...”

Hearing that, Yun Sheng quickly looked back. When he saw that his father had taken the hit for him, he cried painfully, "Father!"

Yun Feng struggled to stand straight in her brother's arms. Her father's back was expanding in her eyes even though he wasn't very tall. He stood in front of them like a mountain. Despite the excruciating pain, Yun Jing didn't fall. He stood steadily and protected his children.

"Father..." mumbled Yun Feng. She felt excruciating pain in her heart that made her eyes bloodshot. Hot tears flowed out. "Father!" Yun Feng shouted loudly. Yun Jing turned his head back, and there was a warm and gentle smile on his solemn face.

"Feng, it's alright..." Yun Jing said softly. He couldn't hold any longer, and collapsed slowly. Yun Feng's pupils narrowed. Something was broken in her heart. Something was quickly fading away. She wanted to catch it, but failed!

"Hahahaha! It's a shame that you didn't die! But this trip is totally worth it!" Randal appeared in the sky and then left like a storm. With bloodshot eyes, Yun Feng struggled to stand up, but Yun Sheng grabbed her tightly!

"Karan Royal Family, Randal... You dared to hurt my beloved father! I will let you repay for what you did! I'll let you repay a hundred times more!" Yun Feng roared with bloodshot eyes. Her voice spread with infinite grief and desperation. Yun Sheng held Yun Feng in his arms, and hot tears flowed out of his eyes too.

"Yun Feng, calm down." Qu Lanyi's voice came close. After Randal disappeared, Ao Jin left to catch him. Qu Lanyi stared at Yun Jing, who had collapsed on the ground, and laid his hand on Yun Jing's chest. A stream of shimmering light entered Yun Jing's body from Qu Lanyi's hand.

"He won't die as long as I'm here!" Qu Lanyi narrowed his eyes. What he said brought Yun Feng's dead heart back to life. Yun Sheng quickly wiped her tears. Qu Lanyi smiled at Yun Feng. "How can I let someone so important to you be wounded? I certainly don't want you to be heartbroken."

Yun Feng's heart was filled with warmth, and Mu Xiaojin was sobbing quietly with tears on her face. Ze Ran wiped the tears in the corner of his eyes excitedly. Yun Feng stared at Qu Lanyi, the weird man who had been wearing female clothes, and slowly lowered her head. Yes, he's here for me. Everything will be fine.

"Feng!" Yun Sheng found that Yun Feng passed out in his arms, and was at a loss. Qu Lanyi put on a smile. "She's only unconscious because she overused her mental strength." Yun Sheng was greatly relieved to hear that. A streak of golden light flashed back, and Ao Jin whispered gloomily, "He got away."

#### **Chapter 422: Repay a Hundred Times More (6)**

"Humph. He's no good. Just let him live a couple of more days," said Qu Lanyi in a low voice with a smile. However, his smile seemed rather scary in a way. "How is uncle's situation? I can donate my blood if it's needed." Ao Jin frowned. Qu Lanyi glanced at him. "Don't worry. Your blood will not be necessary."

Hearing that his father was fine and Yun Feng was only unconscious, Yun Sheng was finally relieved. Then, he was more determined to kill his enemies than ever. For all the time, his heart had been as smooth as water, but after this night, the water had been frozen into the sharpest ice!

The Karan Royal Family would answer for what it did to the Yun family a hundred times more harshly!

\*\*\*

Randal didn't return to the royal palace immediately. Under Yun Feng's surprising attack of fused elements, although he was able to run away, he was still badly wounded. He was greatly humiliated in the battle against Yun Feng. Ever since he reached his current level, he had encountered few worthy enemies. None of them had ever defeated and wounded him so embarrassingly! Yet, the kid who was only a dozen years old did it!

Randal held his chest. He was having trouble breathing, and he was running out of fighting energy. He used all of his fighting energy to block Yun Feng's attack and launch a counterattack afterwards. He could only escape after that. After all, he was already incapable of using another skill.

After escaping from Ao Jin's chase, Randal finally stopped and caught his breath. He took out the Sound Transmission Jade and reported the matter to the emperor. Naturally, the emperor was infuriated. He had sent two Commander Level experts and five Monarch Level ones. He didn't expect that all of them would be killed overnight and Randal would be the only survivor!

The Karan Empire had a lot of Commander Level experts, but not so many Monarch Level experts! Even the royal family might not have many Monarch Level experts who were willing to serve them. The Karan Empire was famous for its warriors, and had a dozen Monarch Level guards. Yet, four of them had been lost at once, which almost made the emperor vomit blood.

However, fortunately Randal was fine. His life wasn't at risk. If anything had happened to Randal, the emperor would've thrown his head into the wall. Randal told the emperor that he had to treat his wounds for now, and that the emperor shouldn't touch the Yun family until he recovered.

The emperor immediately agreed with the plan. Without Randal's protection, the emperor didn't have the courage to provoke the Yun family. Having lost four Monarch Level experts overnight, the emperor regretted and wondered if he should have attacked the Yun family at all. However, there was no looking back! Considering the tension between them, only one party between them could live. However helpful the Yun family might be, it must be destroyed if it didn't help Karan!

The emperor stopped doing anything. However, the royal palace became more heavily guarded than before. Members of the royal family realized it too, because the experts who had never shown up all revealed themselves.

Randal found a hideout to treat his wounds. He needed time to heal the damage that Yun Feng caused in her attack. He wasn't truly worried. After all, Yun Feng was just as badly wounded as he was. As long as he recovered and ambushed the Yun family again, the Yun family would be destroyed all the same.

Randal had everything planned out. He immediately sat cross-legged and closed his eyes, hoping to recuperate as quickly as possible and make the Yun family suffer.

\*\*\*

In the Yun family, Yun Feng's mental strength was almost exhausted after she launched the attack of fused elements. She had been unconscious for a long time. The recovery of mental strength depended on time and a mage's communication with elemental force. Other people couldn't help, so Yun Feng had been lying on her bed unconscious. That ultimate technique had drained her. It was powerful, but had terrible consequences too.

Yun Jing's conditions were improving. Randal's attack of fighting energy could've killed him. However, lucky for the Yun family, Qu Lanyi gave a hand in time and narrowly saved his life. Yun Jing had returned from the verge of death.

Although Yun Jing's conditions were stabilized, it was not enough to heal him. After all, Randal's attack of fighting energy, which was at the peak of the Monarch Level, could've annihilated Yun Jing. Qu Lanyi was able to save his life, but couldn't completely heal him. Without a word, Ao Jin offered the golden blood, which was most precious for the Golden Dragons. Seeing how generous Ao Jin was, Qu Lanyi chuckled.

"The Golden Dragons' blood can make human beings live forever. It's extremely noble and precious. Ao Jin, if you give the blood to Uncle, the Yun family will probably be hunted by the dragons when they find out about this."

Ao Jin glared at Qu Lanyi. "Cut the crap! I'm the boss. Whichever dragon dares to attack the Yun family, I'll skin him!"

Ao Jin's identity as a Golden Dragon was only known to Qu Lanyi and Yun Feng. Naturally, they avoided everybody when they talked. After all, his identity was too special. Qu Lanyi chuckled and took a lot of Ao Jin's golden blood.

"Hey! Does Uncle really need so much?" Ao Jin narrowed his eyes and stared at the bottle of golden blood Qu Lanyi took. One drop of his blood should've sufficed!

"Just in case. It's better to take more." Qu Lanyi shook the bottle in her hand. Ao Jin became cold.

"Woman, if you dare to apply the blood anywhere else or give it to anyone, you'll be on the top of the dragons' wanted list."

### **Chapter 423: The Coup Begins (1)**

Ao Jin was only protective of the Yun family, and wasn't so courteous with Qu Lanyi. Qu Lanyi giggled with a smile on his charming face. It was quite remarkable that he could smile so femininely as a man.

"The Golden Dragon's blood is nothing remarkable. Don't worry. It's not really a treasure for me." Qu Lanyi walked out, and Ao Jin stood there, stunned. He considered what Qu Lanyi said, and wondered if it was sarcasm. What would be a treasure if the Golden Dragon's blood wasn't? What would she consider as treasure if not the blood?

Ao Jin's blood was transfused into Yun Jing's body and immediately worked. The heavy wound caused by the penetrating fighting energy was healing at a visible speed. Yun Sheng and the others were all amazed, not knowing what exactly was going on. Qu Lanyi simply explained that it was the effect of light element spells, claiming all of Ao Jin's credit.

Ao Jin watched angrily. It was his blood that worked and helped, yet the woman claimed that her light element was the sky. He looked quite grim. When Yun Sheng thanked Qu Lanyi, he seemed even angrier. Qu Lanyi, on the other hand, had been smiling the whole time.

The Golden Dragons' blood circulated inside Yun Jing's body and healed him as quickly as possible. It also caused internal changes inside Yun Jing's body.

There had been no reaction from the Karan Royal Family ever since the battle that night. Yun Sheng was greatly relieved. Feng and their father were both resting. Although Qu Lanyi and Ao Jin were still here to help, the Yun family would surely suffer a great loss if the same number of experts were sent here.

Just like that, the two parties spent a month in worry and vigilance. Both parties were anxious about each other, but neither of them took any action. Yun Feng had been lying on her bed for over a month. The exhausted mental strength in her body was recovering slowly. The ancestor who resided in her spiritual space felt helpless and sorry for her. He thought that Yun Feng was truly stubborn and bold. He didn't expect that she would be bold enough to fuse elements!

Fortunately, nothing worse had happened. The ancestor was truly worried when he thought that she was going to die. Looking at her mental strength that was regenerating in the spiritual space, the ancestor heaved a sigh. "You almost scared me out of my wits."

"I apologize for making you so worried about me," said Yun Feng. The ancestor raised his head and asked excitedly. "Kid, you're awake? How do you feel?"

Yun Feng, who had been lying on her bed with her eyes closed for a month, slowly opened her black and clear eyes. She moved her body and sat straight. "Nothing serious. I'm only having a backache, probably because I've been lying down for too long."

The ancestor chuckled. The kid had recovered much faster than he expected. Thanks to the modification of the vitality energy, Yun Feng was much sturdier than normal mages, and her recovery was much faster. It would've taken months for a normal mage to recover their exhausted mental strength. Warriors always recovered much faster.

Yun Feng massaged her back with her hands, and felt pain in her hands. She opened her hands in front of her eyes, and saw the tiny wounds on them. She finally remembered how she got the wounds.

"I wonder what's going on with father." Yun Feng got off her bed. Remembering Yun Jing who was badly wounded, she was about to push the door and walk out, when someone came into the room. He was delighted to see Yun Feng standing on her feet, and pushed her back to her bed.

"Qu Lanyi, what are you doing? I need to see my father!" Yun Feng tried to get off her bed, but Qu Lanyi laid his hands on her shoulder. "Why the haste? Your father is safe as long as I'm here. Don't worry. Your father is fine."

While talking, Qu Lanyi held Yun Feng's hand, and frowned at the tiny wounds on it. Warm light elements came from Qu Lanyi's hand, and Yun Feng felt a lot more comfortable. After hearing what Qu Lanyi said, Yun Feng was finally more reassured. If he said her father was fine, her father probably was. He was a light element mage anyway, who was best at healing.

The vitality energy from Yun Feng's black jade pendant was based on light elements too. It was a vitality life array that Lord Level light element mages used. It could change the physical attributes of a human. So, the light elements were definitely most suitable for healing.

"How did you dare to fuse elements? Were you not worried that you would be blown up?" asked Qu Lanyi in a low voice. Yun Feng merely chuckled after hearing that. "I couldn't defeat him with any single element. Should I just wait to be defeated? The fusion of elements isn't as terrifying as you think. I think I've learned something." Yun Feng remembered how the wind elements and lightning elements rejected each other and how they were fused in the end. She had reached many conclusions, and figured out a path.

"Many mages have tried to fuse elements, but none succeeded. A lot of double-element and multi-element mages were blown up in their attempts. Fengfeng, should I be mad or happy?" Qu Lanyi raised his head and stared at Yun Feng with complicated feelings in his beautiful eyes, which stunned Yun Feng.

"Don't forget that I need you to take care of me." Qu Lanyi smiled and winked at Yun Feng, which made her quiver and gave her goosebumps. Seeing that, Qu Lanyi laughed and then asked solemnly, "What do you plan to do about the Karan Royal Family?"

Yun Feng suddenly turned cold. The picture of her father being penetrated by fighting energy still pained her when she thought of it. She didn't forget the desperation, affliction, and desire to kill. With coldness in her eyes, she said, "As I said, the Karan Royal Family and Randal will answer for hurting my beloved family members a hundred times more harshly!"

#### **Chapter 424: The Coup Begins (2)**

Qu Lanyi put on a smile. "So to speak, the Karan Royal Family's good life has come to an end."

Yun Feng got off her bed. Her hand had already become as flawless as before. She patted her clothes and said coldly, "Their good life should've ended a long time ago." Yun Feng walked out of the room. After confirming that her father was safe, it was time she taught someone a lesson that they would never forget.

When Yun Feng arrived at Yun Jing's room, Yun Sheng couldn't help but widen his eyes. Yun Feng smiled. "Brother, I'm fine now."

Mu Xiaojin jumped into Yun Feng's arms and examined her from head to toe. After confirming that she had indeed recovered, she couldn't help shedding tears of joy. Yun Feng stroked her back and walked to her father's sickbed. Yun Jing was leaning against the wall on his bed. He stared at his daughter thoughtfully without leaving out any detail.

"Father." Seeing that Yun Jing was safe and sound, and that his face was a healthy red, Yun Feng finally felt that the heavy stone on her heart had been removed. Yun Jing laid his hand on Yun Feng's head and petted her. His gentle stroking almost made Yun Feng sob. She contained herself, not wanting to show her sentimentality to so many people.

"It's great that you're fine, Feng," said Yun Jing. Yun Feng nodded, and added in her heart, it's also great that you're fine, father.

They had a moment of warmth. Thinking about what she was going to do, Yun Feng put on a solemn expression, and Yun Sheng and Yun Jing seemed to be thinking the same. As family members connected by blood, they knew what was on each other's mind.

"Feng, if possible, take me with you," said Yun Sheng more coldly than ever. Yun Feng was rather startled. She had never seen her brother so cold before. Her brother was usually gentle and caring.

"After what the Karan Royal Family did to the Yun family, there's nothing that holds the Yun family back anymore. Feng, do what you must!" Yun Jing was also grave. He had lost his last hope about the Karan Royal Family. The Yun family was not a subject that was blindly loyal. Even if it was loyal, it should still stand up against the emperor under such circumstances.

Yun Feng nodded. She was quite happy that the three leaders of the Yun family were thinking the same. Now that her father and brother had recognized the nature of the Karan Royal Family, she wouldn't hold back anymore!

"Brother, you should stay here. Ze Ran, Xiaojin, you should stay too," said Yun Feng in a low voice. Yun Sheng, Mu Xiaojin and Ze Ran all nodded. Although they were not weak, they couldn't really help Yun Feng much in the battle against the Karan Royal Family.

"I'll stay," said Ao Jin. Yun Feng nodded, and looked at Ao Jin gratefully. Ao Jin laughed and stroked Yun Feng's hair. "Girl, no need to be so courteous with me."

The Karan Royal Family was so shameless that it might attack the Yun family and threaten Yun Feng with her family members. Ao Jin would be a great guard to ensure their safety. Yun Feng had planned to let Qu Lanyi and Ao Jin both stay, and she would go to the capital alone, but Qu Lanyi disapproved of it.

"Although the Karan Royal Family has lost a few Monarch Level experts, it's still not to be underestimated. It will be too dangerous if you go there alone, even if you have your contracted Magic Beasts. I'll go with you. I can give you a hand if anything happens."

Everybody agreed with Qu Lanyi's proposal and disapproved of Yun Feng's plan of going to the capital alone. Qu Lanyi and Yun Feng would go to the capital together. Putting on the red and the green Rings of Contract, Yun Feng summoned Lan Yi and Little Fire. Meatball was going to come out, but Yun Feng stopped it. This was not an ordinary battle. Meatball was aware of the importance too, and obediently stayed inside the bracelet.

Ao Jin waved his hand, covering the Yun house with a powerful barrier that protected everybody inside. Yun Feng stomped on the ground and rose to the sky. Lan Yi and Little Fire stood on her sides, and Qu Lanyi followed her. All four of them disappeared from the sky of Chunfeng Town and went straight to the capital of Karan!

"Master, are we going on a killing spree?" asked Little Fire excitedly. Lan Yi put on a helpless smile. Every time Brother Fire is released, it wants a killing spree, but it will probably have a real one this time.

"Of course. Today, the royal palace will see a river of blood!" Yun Feng gnashed her teeth and accelerated. Little Fire howled excitedly again, and followed her. Lan Yi sniffed and kept up with them.

\*\*\*

The emperor had been feeling uneasy, partly because Randal had never been back. He should feel reassured, as the royal palace was much more heavily guarded than before. However, his eyelid had been twitching for an entire day. He could hardly sit down, and he paced back and forth anxiously. His unusual behavior puzzled Kai, who just came in.

“Brother, what’s the matter?” Kai saw the emperor’s anxiety the moment he came in. The emperor had always been calm and poised, and never seemed so worried no matter what he faced, so his behavior startled Kai.

“Kai, I’ve been feeling uneasy,” said the emperor in a low voice, and he furrowed his brows even more tightly. Kai chuckled after hearing that. “Are you worried because Randal isn’t back?”

The emperor thought for a moment, without giving approval or disapproval. However, the uneasiness in his heart was expanding and making him more and more panicked! “Maybe, maybe not...” the emperor whispered. Kai couldn’t help but frown too. Precisely at this moment, a shocking noise burst out inside the royal palace!

“Boom!”

Both the emperor and Kai were shocked. Then, they heard screams of fear from outside. Both of them became grave, and thought of the same possibility!

### **Chapter 425: The Coup Begins (3)**

“Everybody of the Karan Royal Family, listen up!” A girl’s voice echoed clearly throughout the sky, making both Kai and the emperor grim. It was Yun Feng! At this moment, Yun Feng was standing in the sky above the royal palace. The huge noise a moment earlier was caused by a big fireball that she threw into the royal palace. The fireball left a huge pit on the floor, and had burnt many people in the royal palace. A lot of people were screaming, but Yun Feng simply watched expressionlessly. Then, Yun Feng opened her mouth and spoke loudly. Her voice was not just audible in the royal palace, but also spread across the entire capital!

“What’s going on?” The citizens of the capital, upon hearing the voice, all craned their heads. They dropped whatever they were doing and came out. Soon, the streets were crowded with people who looked up at the sky curiously. When they saw Yun Feng, they shouted loudly, “Isn’t she the summoner?”

Hearing that voice, all the citizens looked in that direction. Little Fire and Lan Yi were standing on Yun Feng’s sides. The citizens of the capital were no strangers to the two Magic Beasts. They instantly cried, “She’s truly the summoner!”

“But what’s she doing here? Has she really betrayed her motherland?”

The whispers of the people rose like a tide. Thanks to her keen ears, Yun Feng heard everything. She had betrayed her motherland? What a great accusation! “Karan Royal Family! The Yun family has been loyal to Karan for hundreds of years. All the summoners of the Yun family have spent their entire life serving Karan. Were any of them disloyal?” demanded Yun Feng loudly. She was not just letting the Karan Royal Family hear, but also letting everybody in the capital hear!

“Indeed. How could the Yun family possibly betray? It’s always so loyal!”

“Is the royal family mistaken? Or did someone set up the Yun family?”

The people whispered again. Hiding inside the royal palace, both Kai and the emperor felt grim when they heard Yun Feng’s speech. Then, her voice came loudly again.

“And how did Karan repay the Yun family’s loyalty? We’ve served you loyally our entire life, and for that, you said, ‘you are just servants!’. Do you dare to reveal the truth of the international contest? Do you dare to tell everyone what exactly the contestants were fighting for? You were only hoping to win the privilege of exploring the gods’ relics!”

Many people didn’t really understand what Yun Feng said. However, some of the big families became grim when they heard that. The Karan Royal Family had never told anyone anything about that. They didn’t know the secret at all!

Kai and the emperor looked more awful than ever. The secret that they couldn’t let anyone else know had been revealed. They didn’t dare to go out, fearing that Yun Feng would kill them. The emperor simply wanted Randal to send a word back. At this moment, Randal was the only one who could deal with Yun Feng!

“When I was stranded in the maze, you left without caring whether or not I was alive. I didn’t count on the royal family either. I narrowly escaped, yet you accused me of committing treason. Is that how Karan treats the Yun family for its loyalty? You execute us when we’re no longer valuable!” What Yun Feng said made everybody feel cold.

“Randal and the experts of the Karan Royal Family went to slaughter the Yun family! Karan Royal Family, is that how you should treat the Yun family, your loyal subjects?”

All the people were excited to hear that. “How can they do that? It’s outrageous!”

“I’m so disappointed at what the Karan Royal Family did!”

“Member of the Yun family, stop spouting nonsense!” Four Monarch Level experts rose to the sky from the royal palace, and stood on Yun Feng’s opposite side. They were more or less scared of Yun Feng’s identity as a summoner. They also knew that she was speaking the truth. After all, Lord Randal and the experts that left with him were gone, and the royal palace had been more heavily guarded. It must be because of what happened that night.

“Nonsense? If I’m spouting nonsense, why is the emperor not here to clarify everything? Why are you here? Why is the royal palace so heavily guarded? What is it that he’s so scared of?” demanded Yun Feng, making all the experts blush.

“Stop giving your long speech. What exactly do you want?” roared one of the experts. Yun Feng sneered when she heard that. “The Karan Royal Family doesn’t appreciate the Yun family’s loyalty. So why should we be loyal? You will be punished for what you did to the Yun family a hundred times more harshly!”

You will be punished for what you did to the Yun family a hundred times more harshly!

Her roar echoed in the sky above the capital. All the people who were watching the drama fell quiet. There was too much anger and grief in her roar. She was obviously disappointed at the Karan Royal Family, and she hated it!

Hearing that, the emperor and Kai both shivered. All of a sudden, the Sound Transmission Jade that the emperor was holding buzzed. Greatly relieved, the emperor instantly roared at the Sound Transmission Jade, "Randal, is that you?"

Randal's voice came from the other side. "Yes, it's me. What's the matter?"

"Come back to the capital right now! Yun Feng is here!" shouted the emperor in panic. The Sound Transmission Jade was silent for a few seconds, and then emitted Randal's voice. "Your Majesty, just relax. Yun Feng cannot kill all the experts of the royal family just yet. I'll go to the Yun house in Chunfeng Town."

The emperor immediately realized Randal's intention. Hostages! "Alright! Don't return empty-handed!"

There was no voice from the Sound Transmission Jade anymore. From a hideout, a man dashed out towards Chunfeng Town. Randal sneered, "I didn't expect you to recover faster than me. When I capture your blood relatives, Yun Feng, you will die a miserable death!"

In the sky above the royal palace, the experts didn't look too well. All of a sudden, their jade pendants glittered, and the emperor's voice came over. "Kill every one of the Yun family!" The emperor was no longer scared after receiving Randal's message. The experts realized his intention, and all showed their weapons. Seeing that, Yun Feng laughed!

#### **Chapter 426: The Coup Begins (4)**

"Your Majesty, how long do you think you can hide? Kill every one of the Yun family? Today, I will teach you what it means to kill everyone!"

Both Little Fire and Lan Yi unleashed their aura and darted towards the four experts as two streaks of light! Yun Feng opened her hand, revealing the Monarch Level wand that her master had left for her!

The Monarch Level experts couldn't help but widen their eyes, which were bloodshot when they saw Yun Feng's Monarch Level wand. That was a Monarch Level weapon! Only Randal had one of these weapons! Did the Yun family have so many treasures?

"Protect the royal family!" shouted one of the experts. Yun Feng laughed when she heard that. "Your Majesty, you think I cannot kill you because they're protecting you?"

Two Monarch Level experts confronted Lan Yi and Little Fire, and the other two quickly set up barriers outside of the royal palace. Yun Feng turned the wand in her hand and held it tightly, before she aimed its other end at the royal palace. "Fire Arrow!" As Yun Feng whispered, fire elements quickly gathered around the wand, forming a Fire Arrow that was multiple times bigger than usual. It darted right towards the royal palace!

"Go!" Under her instruction, the Fire Arrow flew forward quickly. Seeing that, the two experts showed their weapons and tried to stop the Fire Arrow. Yun Feng's eyes turned cold, and the enormous Fire Arrow split up into dozens of Fire Arrows in front of the two experts, who were both shocked when the Fire Arrows smashed the royal palace like a meteor shower!

"Ahhhhhhhh!" The royal palace was already an utter mess. The members of the royal family wanted to run, but they feared that they would be killed too if they went out. Everybody was frightened. Looking

up at Yun Feng who looked like a goddess and the red meteor shower she launched, they had never felt that death was so close.

“Bam! Bam! Bam!” The Fire Arrows, which had turned into a meteor shower, all hit the barriers that had been set up by the experts. The members of the Karan Royal Family were greatly relieved to see that the Fire Arrows were blocked. Yun Feng was not frustrated at all to see the Fire Arrows blocked. She simply wore a cold smile.

“Girl from the Yun family, for your service and contribution to Karan, we won’t punish you for what you did this time. Just go back home!” Members of the Karan Royal Family were a lot bolder to see that they were unhurt. They shouted at Yun Feng, with the pride of the royal family again.

The emperor and Kai had been hiding inside the royal palace and listening to the sounds. They were also relieved to confirm that Yun Feng’s attack didn’t cause any damage. They slowly walked out. Yun Feng fixed her eyes upon them the moment they appeared.

“Cowards, you’re finally out?” asked Yun Feng to the emperor mockingly.

The emperor replied ominously, “Yun Feng, for the Yun family’s loyalty so far, I’ll forgive you this time.”

Yun Feng raised her eyes, as if she had heard a hilarious joke. “Hahaha! You’ll forgive me? Your Majesty, it doesn’t matter whether or not you forgive me, but the Yun family won’t forgive you!”

“Yun Feng! You are a young genius, why do you have to do this? You’re ruining your own future! Let me say it again. We’ll forgive you!” shouted Kai loudly.

Yun Feng sneered, “For everything the Karan Royal Family has done to the Yun family, you will be punished accordingly!”

“In that case, go to hell!” said the emperor angrily. Instantly, another few men dashed out of the royal palace. Yun Feng saw that there were another four Monarch Level experts. They were all the royal family’s trump cards, not counting Randal.

Qu Lanyi, who had been silent the whole time, smiled when he saw the four experts. “Fengfeng, it seems that we may begin now.”

Yun Feng sneered. She couldn’t resolve the trouble once and for all until she lured all her enemies out. “Little Fire, Lan Yi, show them no mercy!” said Yun Feng telepathically. Both of her contracted Magic Beasts became ferocious. Little Fire roared excitedly and opened its mouth. The expert who was confronting it felt scared, and saw flames darting towards him like a cannonball. If it approached him, he would be consumed in fire!

The man dodged quickly. However, when he just regained his balance, there was a flash of light in the sky, and Little Fire’s claws fell like a mountain. It was too strong and fast as a Monarch Level Magic Beast for the human to dodge!

“Pu!”

Under Little Fire’s claw, the Monarch Level expert had been reduced to a pulp of meat! Little Fire was emitting a brutal and bloodthirsty vibe! It had been waiting for this day for a long time!

Lan Yi didn't show any mercy either. The wings it unfolded dumbfounded the man who was fighting it. Revealing the mysterious patterns on its wings, Lan Yi coldly waved its wings and showed the enormous griffin that was depicted on the wings!

"Human, die!"

Lan Yi's wings shivered, and a storm of Wind Arrows darted towards the man in front of him. The man's pupils contracted. What Magic Beast had the summoner of the Yun family contracted? How could it be... Before the man could figure it out, he had been riddled with holes and fell on the ground. The other men all held their breath.

"Focus, or you'll die." Yun Feng's casual voice came close. The remaining six experts all had cold sweat. When they came back to themselves, they could only see the smile on Yun Feng's face. "Water Arrows!" The water elements around Yun Feng's wand were quickly summoned, and dozens of them floated around Yun Feng, who waved her wand again!

"Condense!"

The blue elements that had been flowing as fluid suddenly changed into the hardest ice, making the arrowheads a lot colder and sharper! Seeing that, Qu Lanyi couldn't help but nod. Fengfeng's utilization of the water element showed that she had truly grown a lot. Qu Lanyi didn't seem to be helping at all at this moment. He was best at healing with his light element. It wasn't time for him to play his part yet.

#### **Chapter 427: The Coup Begins (5)**

Little Fire and Lan Yi had each finished off one of the enemies. They immediately changed their direction and lunged at the other experts. At this moment, members of the Karan Royal Family all gathered in the courtyard and looked up at the fierce battle. The emperor furrowed his brows. Why was Randal still not back?

Qu Lanyi couldn't help yawning. He turned around and shouted at the citizens who were watching the drama. "Get out of the city if you don't want to die!"

The citizens were slightly stunned to hear that. The next second, the arrows that had been condensed into crystals around Yun Feng all darted out while glittering. The experts immediately drew their weapons and established defenses in front of themselves. Although Yun Feng's Water Arrows didn't hit them, they were deviated and fell on the streets!

"Boom! Boom! Boom!"

The arrows hit houses, streets and even people! The houses couldn't endure such an attack at all, and instantly collapsed, causing a huge sound. The people, who had been watching the drama, realized that their lives were at risk too. They had to go out of the town if they didn't want to die! That was not a joke!

"Go! Go! Go!" There was no telling who shouted in the crowd, but everybody rushed out of the capital crazily. Some of them didn't even have the time to pack their belongings. They simply ran off with their families. The capital was instantly a mess!

Qu Lanyi had been observing the crowd. When most people had left the capital, Qu Lanyi flashed and appeared above the royal palace. Everybody of the Karan Empire looked at Qu Lanyi who had been blocked by the barriers. The emperor narrowed his eyes, not expecting to see Qu Lanyi!

“Wait!” cried the emperor. If he had known that Qu Lanyi was on the Yun family’s side, he wouldn’t have had the courage to touch the Yun family at all!

Seeing the fear on the emperor’s face, Qu Lanyi put his index finger in the middle of his lips, and then laid his hand on the barriers softly. Then, he roared, “Break now!”

“Crack! Crack!” The invisible protective barriers cracked like an eggshell. Like broken mirrors, they could not be restored anymore!

What? All the experts were greatly shocked that their barriers had been neutralized! Qu Lanyi smiled. “Fengfeng, you may begin.”

Yun Feng put on a smile. Everybody looked at her in confusion. Begin? Begin to do what?

Little Fire and Lan Yi all gloated at them, knowing that their master would use her ultimate trick. Withdrawing her wand, Yun Feng invoked green wind elements and purple lightning elements in her hand. Then, under everybody’s watch, she pressed them into each other!

Elemental fusion!

A daunting pressure was spreading out of Yun Feng’s hand, making the experts change their expression quickly. What was she doing? How could the two types of elements be fused so forcefully? In Yun Feng’s palm, the wind elements and the lightning elements were unleashing rejective energy again, like two self-willed kids that couldn’t tolerate each other. They mauled and roared at each other!

Yun Feng exerted more strength. Magnificent mental strength surged from inside her body and covered the two types of elements that were rejecting each other. Finally, the elements were soothed and became obedient under the boost of Yun Feng’s mental strength. Yun Feng was finally able to fuse them!

The energy waves caused by element fusion were quite aggressive. Yun Feng’s hand was as bloody as it had been last time. She felt the pain vividly throughout her body, but she was smiling more and more delightedly, as if she were enjoying the infinite pain, and the battle that she was going to win!

Her blood was dripping to the ground. All the members of the Karan Royal Family, looking at Yun Feng and the unknown thing in her hand, were frightened. They had a feeling that something terrible was about to happen!

“Stop her! Stop the thing in her hand!” All the experts came back to themselves. The pressure of the item in Yun Feng’s hand made all of them uneasy. When it took shape, it was easy to predict that everybody here would die without a complete body!

All of them realized the situation, and attacked Yun Feng simultaneously. They couldn’t let her finish. They could never let it happen!

“Do not stop my master!” Little Fire rose and stopped them in a dark red streak of light. They changed their expression, and left one of them to deal with Little Fire. The others circumvented Little Fire and

continued attacking Yun Feng. "Stop!" Lan Yi stood in their way too. Immediately, another two men bypassed it and ran towards Yun Feng again.

At this moment, Yun Feng had no time to care about anything else. She had to be completely focused on the fusion of elements, or she might trigger a self-explosion!

It was the second time that Yun Feng had conducted element fusion. She was not familiar with it yet. After the fusions, Yun Feng had realized that she had to practice many more times before she grasped all the tricks. Otherwise, she would have to be fully concentrated every time she used this ultimate technique, and she might explode when the enemy disrupted her.

Fortunately, Little Fire, Lan Yi and Qu Lanyi were with her. If Yun Feng were alone, she wouldn't have dared to use element fusion that she wasn't familiar with. She trusted them and knew that they wouldn't let her be hurt!

The two men flew close to Yun Feng, causing a strong wind. Looking at Yun Feng who was not far away, and feeling the horrifying energy waves in her hand, they further accelerated and had already shown their weapons, ready to gather their fighting energy and give Yun Feng a strike!

#### **Chapter 428: Annihilation (1)**

"Do you not see that it's inappropriate to interrupt her right now?" Qu Lanyi spoke in a lazy voice. Instantly, the two experts were stopped by the slim man. They looked at each other. One of them was going to stall Qu Lanyi while the other attacked Yun Feng. They flew in two directions, but Qu Lanyi simply stood still with a smile.

"What a bunch of idiots."

Hardly had he said that when Qu Lanyi clenched his fist in midair. The man who was approaching Yun Feng suddenly felt that the space around him was distorted into a black vortex. The next second, the man was absorbed into the black vortex with his eyes widened with fear, disappearing from the night sky!

The other expert, seeing that, stopped and didn't dare to move anymore. He was completely stiff, and his heart raced. What exactly had happened? How could the man have manipulated the space directly?

Qu Lanyi walked casually in midair, and looked at the man who had stopped moving with a smile.

"You're the smarter one."

Cold sweat appeared on the man's forehead, and beads of sweat rolled down his cheek. His arm was stiffened on one side of his body, and he didn't even dare to wipe his sweat! At this moment, a stream of shocking energy waves came in Yun Feng's direction and spread out in circles of tides in all directions!

The experts who had been blocked unconsciously looked up at where Yun Feng was standing. The girl was floating in the high sky, with a colorful and dazzling elemental ball in her hand. On the surface of the ball, green and purple elements were circulating and shrieking with countless lightning snakes.

The element fusion had been completed!

All the experts were having the same thought... Run! They immediately put it into action. They all stopped fighting and ran out of the capital as fast as possible. Members of the Karan Royal Family were

all dumbfounded to see that. The emperor, in particular, was angry and anxious to see them fleeing in panic!

“Bastards! How can you run away?” Kai roared angrily in a low voice. The emperor looked quite gloomy, and the Sound Transmission Jade that he had been holding glittering. He hurriedly picked up the Sound Transmission Jade, and heard Randal’s voice.

“Your Majesty, how is it going?”

The emperor said solemnly, “All the guards have escaped. Yun Feng seems ready to use a strange move. Come back as quickly as possible!”

Randal immediately fell quiet. The emperor suddenly felt sorry for himself. He was the emperor, yet all his guards had escaped and abandoned him. Even if Randal made it back, so what? He couldn’t possibly deal with all the people here. Even if he could defeat Yun Feng, he couldn’t defeat that man.

The emperor put on a self-mocking smile, wondering why the situation had turned so bad. What exactly did he do wrong?

Yun Feng, standing in the high sky, looked down at the royal palace like a goddess. She gazed at the members of the Karan Royal Family, and the element energy ball in her hand was shrieking. Yun Feng raised her arm, and the element ball in her hand that was full of silver snakes became active, as if it felt Yun Feng’s mood.

“Yun Feng! If you dare to move, she’ll die!” Randal’s voice echoed in the sky. Everybody was surprised and looked in one direction of the sky, where Randal was approaching. There was also a girl who was struggling under his hands. She was none other than Mu Xiaojin.

“Xiaojin!” Yun family’s eyes widened as she stared at the girl whose neck and shoulder had been grabbed by Randal. Mu Xiaojin was struggling with a red face. Randal was holding her, but he wasn’t very confident! The girl was clearly not a member of the Yun family, but there was an expert back in Chunfeng Town and he would’ve returned empty-handed if he hadn’t played a trick!

Randal distracted Ao Jin and hoped to capture Yun Sheng or Yun Jing. However, Ao Jin returned too fast, and Randal could only catch a random person and run back. In the end, he saw that he had caught a girl.

Yun Feng was the only daughter of her family, so naturally, this one couldn’t be a member of the Yun family. Randal had no time to regret. He had to take Mu Xiaojin to the capital. If Yun Feng wasn’t concerned for her, he would have to run for his own life!

Even though Randal was the best expert that served the Karan Royal Family and the emperor’s personal bodyguard, he was essentially just an employee. The Karan Royal Family gave Randal the most honorable privileges, and Randal served them with his strength. However, in life-and-death moments, Randal wouldn’t be so stupid as to sacrifice himself. He was a smart person, and would consider his own safety as a priority all the time.

He could find another master if this one was gone, but if he died, there would be nothing left.

Randal was only holding Mu Xiaojin pretentiously. If Yun Feng abandoned Mu Xiaojin, Randal would run away immediately. He couldn’t care less about what might happen to the Karan Royal Family.

“Xiao Feng, don’t bother about me!” Mu Xiaojin shouted at the top of her voice, and stopped struggling. Randal made her feel quite painful, but she had been wearing a smile. “Xiao Feng! Whatever you do, I support you!”

Standing in the sky far away, Yun Feng looked at the girl who was shouting loudly. They hadn’t known each other for a long time, but they sincerely regarded each other as their best friend. Mu Xiaojin, and her brother Mu Canghai. Yun Feng lowered her head, and elemental energy was still shrieking in her hand. Was she really going to spare the Karan Royal Family? She really didn’t want to!

## **Chapter 429: Annihilation (2)**

Seeing that Yun Feng had slowed down, Randal was greatly delighted. “Yun Feng! Her life is in my hands. Surrender right now, or I’ll kill her!” Randal clutched Mu Xiaojin’s neck, making her moan. Her face was purple and red due to suffocation, but she was still smiling. She looked at Yun Feng with an encouraging smile on her face.

Yun Feng became solemn, and stared at Randal’s hands. Randal was rather scared under Yun Feng’s watch, and clutched Mu Xiaojin even more tightly. “Did you not hear what I said?” Randal roared. Watching everything from down below, the emperor sneered. “Yun Feng, it’s not too late to stop yet. Otherwise, your family and friends will all die because of your recklessness.”

Yun Feng pursed her lips. Qu Lanyi slowly walked to her and grabbed her other hand. “As I said, I won’t let anyone that you care about get hurt.”

Yun Feng slowly turned her head, stunned. Qu Lanyi put on a charming smile at Yun Feng. “Do you trust me?”

Yun Feng nodded and glanced at Mu Xiaojin. She asked silently, “Xiaojin, do you trust me? Do you trust that I won’t let you get hurt?”

Seeing Yun Feng’s expression, Mu Xiaojin suddenly wept and cried loudly with a reddened face, “Xiao Feng, I trust you! I do!”

Yun Feng smiled. Her red lips curled. Her friend trusted her so much and gave her everything so she wouldn’t let Mu Xiaojin get hurt even if Qu Lanyi weren’t here!

The elemental energy in Yun Feng’s hand roared, and the silver snakes on its surface danced quickly. Yun Feng waved her hand, transforming the elemental energy into a long snake that slithered towards the royal palace with daunting pressure!

“You...” Seeing the attack, Randal released Mu Xiaojin without thinking, and ran out of the capital as quickly as lightning. Yun Feng became anxious, and rushed towards the royal palace along with the crazy energy. Mu Xiaojin was falling from the sky, but there was no sign of fear on her face at all. All of a sudden, someone grabbed her tightly with arms. She was surrounded by warmth. Mu Xiaojin raised her head, and saw Yun Feng’s smiling face.

“Xiaojin, hold on to me,” said Yun Feng in a low voice. Mu Xiaojin clutched Yun Feng’s clothes tightly, and felt warm and soothed. She felt so comfortable as if she were in the arms of her brother who had come back to life. Yun Feng’s arms were so warm that she didn’t feel scared at all anymore.

Yun Feng held Mu Xiaojin in her arms, and came to a rapid stop in midair. Then, she ran out of the capital again. At this moment, the raging elemental energy had hit the royal palace precisely. The members of the Karan Royal Family were fleeing in panic. Kai grabbed the emperor, and was about to go. "Big brother, let's go!" cried Kai. The emperor, however, shook his head and burst into laughter!

"I'm the emperor of Karan, and yet my ending is quite unexpected. Hahahahaha!" The emperor's crazy laughter was soon drowned in noises. The speed and power carried by the elemental energy in the fused wind and lightning elements were too great for anyone of the Karan Royal Family to escape.

Seeing that the emperor was losing his mind, Kai immediately threw his hand away. The emperor might be his brother, but he had to save his own life in this critical moment! Kai rushed out, shoving everybody in his way. Those people were all members of the Karan Royal Family, and his blood relatives! However, in such a moment, he couldn't care less about them. It didn't matter even if someone had fallen to the ground.

Kai ran as fast as possible, trying to survive. The terrifying energy that was raging above his head made him anxious. He ran desperately as quickly as he could, but there was not enough time. Looking at the light above his head, he roared angrily, "No...."

"Boom..."

In a deafening explosion, the elemental energy burst out inside the royal palace, causing a huge blast. Screams were echoing everywhere. Then, they were eclipsed by the noise! The outburst of elemental energy spread out like waves. Nothing that it touched survived. Houses collapsed, and trees were broken. The capital, which was intact a moment earlier, had been riddled with holes, as if a great army had just passed through it!

The elemental energy affected almost three fourths of the capital, where all houses, streets and buildings were ruined. Fortunately, most of the residents had run out, or a river of blood would've been flowing in this place!

The people who had evacuated out of the capital, hearing the deafening noise, shivered and looked up at the sky. They saw a dazzling ball exploding in the royal palace. "What's that?" someone asked in confusion. Another person shivered and replied, "The light of death!"

Indeed, the light of death for the Karan Royal Family.

The energy waves finally died away, and the royal palace, or whatever left of it, was revealed after the explosion. The royal palace had completely collapsed in the explosion, with broken pillars and wood everywhere. There was blood and gore all over the floor. In the middle of the dilapidated walls, human limbs could be seen here and there. None of the members of the Karan Royal Family survived. In the place where the emperor had been standing, nothing but a pool of blood, and a glamorous ring, could be seen.

Holding Mu Xiaojin in her arms, Yun Feng floated in the sky. Both of them were covered in shimmering light, which was Qu Lanyi's light element. Even though Yun Feng was fast, she would've been affected in the explosion without Qu Lanyi's protection. Both of them were safe. All three of them stood quietly in the sky and looked down at the gore. The Karan Royal Family would be forever gone starting from this moment.

### Chapter 430: Annihilation (3)

Mu Xiaojin turned her head away because of all the dead people, but Yun Feng didn't. She stared at the gore coldly. If anyone of the Karan Royal Family had survived, then the same misery would surely happen to the Yun family. Thinking about that possibility, Yun Feng became even colder. In this world, mercy was the most unimportant virtue. Suddenly, she remembered a person that she almost forgot: Kasa. Kasa must be in the Masang School of Magic. Even though Kasa was still alive, she was barely a threat to her, but that woman would surely come to her for revenge.

Yun Feng gave Mu Xiaojin to Qu Lanyi. Then, she was about to jump away.

"Xiao Feng, where are you going?"

Yun Feng quickly dashed forward, and her voice drifted over slowly. "There's another rat that is on the run. It needs to be eliminated."

Qu Lanyi smiled, and held Mu Xiaojin's arm, taking her to Chunfeng Town. The grudge between the Yun family and the Karan Royal Family had finally been resolved! The Yun family, which had always been loyal, turned out to be the direct cause of the Karan Royal Family's death. That was quite ironic.

Randal ran all the way to the north of the capital as quickly as possible. Very soon, he heard a gigantic explosion behind his back. Energy spread out like ripples. Randal unleashed all his fighting energy to resist the attack. Even he was rather scared. This attack was even more powerful than the previous one! It seemed that he had only narrowly escaped last time because the girl had never fused elements, but this time, her outburst was much more powerful...

Randal was shocked, and ran even faster. It seemed that he couldn't stay in the Karan Empire any longer. After the fall of the Karan Empire, he needed to find a new master. It shouldn't be difficult for a man as strong as him to find a new decent job. Randal didn't feel sad for the Karan Royal Family's fall at all. After running crazily for a while, he slowly stopped.

"Old bastard, are you done running?" The voice shocked Randal, who turned around and saw a pair of mocking wolf eyes. Randal became quite anxious. Wasn't that thing the girl's contracted Magic Beast?

Randal wasted no time in talking. The contracted Magic Beasts that were chasing him suggested that the girl hadn't let go of him yet. He had to get rid of the two beasts! Randal turned around and fled in a streak of light. Both Little Fire and Lan Yi chuckled. Although Randal was at the peak of the Monarch Level, Little Fire and Lan Yi were in the mid stage of the Monarch Level. They weren't much slower than him.

Randal ran forward crazily, but no matter how fast he flew, Little Fire and Lan Yi kept a fixed distance from him. Randal couldn't get rid of them, but they couldn't catch up to him either. They were caught in an impasse.

"Little Fire, Lan Yi, have you caught up to the old bastard?" asked Yun Feng telepathically. Little Fire looked at Randal who was fleeing desperately and laughed. "Master, that old bastard is trying really hard to run."

“Force him to run eastwards. I’ll meet him there!” Yun Feng said. The two Magic Beasts immediately received her instruction and sped up. Randal, who was fleeing, cried inwardly, wondering why those Magic Beasts were so difficult to deal with.

Lan Yi unfolded its wings and quickly accelerated, shortening the distance between it and Randal! Randal was quite shocked. When Lan Yi swooped, Randal switched to a different direction and kept running. Lan Yi and Little Fire were greatly delighted to see the direction where Randal was going. Okay, just run. You cannot possibly get away from master anyway.

Randal ran faster than he had ever in his entire life. Gradually, he detected that the two Magic Beasts that had been chasing him slowed down. He was thrilled, and thought that they couldn’t keep up with the speed of the Monarch Level anyway. However, Randal hadn’t worn the smile for long when he saw the person in front of him who seemed to be waiting for him. His smile was entirely gone.

Randal stopped and stood in the high sky, gazing at the cute girl in front of him. “Yun Feng, I was only running errands for the Karan Royal Family, which you’ve destroyed. There’s no grudge between us.”

Yun Feng stood there in silence. She knew very well whether or not there was any grudge between them, and he couldn’t get away so easily! Yun Feng smiled, and Little Fire and Lan Yi blocked him from the back. Randal narrowed his eyes. The situation truly didn’t look good for him.

Yun Feng stared at Randal, considering how she could kill him with one attack. She had just used element fusion and consumed a lot of her mental strength. She passed out last time because she used the ultimate technique after fighting fiercely for a long time. This time, although Yun Feng’s mental strength was mostly consumed, some of it was still supporting her. Although she was fatigued, she hadn’t really passed out yet.

It was impossible to use element fusion anymore. Yun Feng thought quickly. After Randal was wounded, he couldn’t have recovered to his peak status in only one month. His situation probably wasn’t any better than hers, or he wouldn’t have been running so desperately.

Yun Feng’s guess was correct. Randal’s body was gravely ravaged by Yun Feng’s attack. After a month of treatment, Randal had only regained fifty percent of his strength, or he wouldn’t have been running so desperately.

“Old bastard, leaving aside the history between the Yun family and the Karan Royal Family, a lot has happened between you and me.”

Randal’s pupils contracted. “The incident back in the Masang School of Magic was because of Kasa’s request. It was not my intention. You should go after her.”
