

## Summoner 451

### Chapter 451: Robbery (2)

“Right, are you here for that too?” asked Xiaoxiao. Yun Feng frowned. That? What was she referring to?

Seeing Yun Feng’s confusion, Xiaoxiao realized she didn’t know anything. “You don’t know? Hehe. It’s surprising that there are things you don’t know,” she joked. At this moment, someone opened the door of the inconspicuous room. He was dazed to see Yun Feng too.

“It’s you?” came a gentle voice. Yun Feng smiled. If Muqing of the Ovey Empire was here, whatever Xiaoxiao was referring to must be interesting. Muqing glanced at Xiaoxiao and bit her lips, “It’s your turn.”

Xiaoxiao was slightly astonished. “What’s the matter? You didn’t succeed?”

Muqing blushed, and stepped aside without saying a word. Xiaoxiao was apparently gloating at him. He snorted in disdain, “No need to laugh at me. Your result will be the same.”

Xiaoxiao giggled and laid her hand on the door. “Why don’t you wait here to see my result?”

Muqing became grim, and Xiaoxiao walked into the room without waiting for his reply. Yun Feng stared at the big ordinary house, deep in thought. What were they talking about? What was hidden in it?

After Xiaoxiao went in, Muqing waited as she suggested. He seemed as vulnerable as he was last time they met. Nobody said anything. Qu Lanyi and Ao Jin looked at Ao Jin, and considered what could be in the house too.

“Yun Feng, you’re not going in?” Mu Yinghua, who followed them, suddenly suggested. Muqing glanced at him. Yun Feng didn’t say anything. Mu Yinghua then added anxiously, “Wouldn’t it be a loss if she gets any treasure?”

Both Qu Lanyi and Ao Jin frowned. It was true that people on different levels had different attitudes. Yun Feng smiled. “You can only get treasures that are destined for you. If Xiaoxiao gets anything, then she’s lucky.”

Mu Yinghua was going to say something else, but Ao Jin’s eyes made him shut his mouth. He glanced at the house regretfully, and mumbled to himself. In his opinion, they should all just break into the house and get the good stuff in it!

Muqing looked at Yun Feng thoughtfully. “Your level is quite high.”

Yun Feng smiled. “It has nothing to do with my level. Just my opinion.”

“Humph! Let’s hope she’s as lucky as you think,” said Muqing with obvious disdain and sarcasm. He was sure that Xiaoxiao couldn’t get it. That woman just mocked him. He would get back at her in the same way when she came out.

A long time later, the door was opened, and Xiaoxiao walked out grimly. Obviously, she didn’t get anything. Muqing sneered, “What’s the matter? You didn’t succeed?”

Xiaoxiao unhappily glanced at Muqing, knowing that he was mocking her on purpose. “You didn’t succeed either. It’s natural that I didn’t.”

Muqing’s face was even colder. “If you know that you’re no good, don’t mock other people, or you will only embarrass yourself!”

Xiaoxiao blushed. “Muqing! Do you love being mean?”

Muqing turned his head and ignored her. Xiaoxiao blushed and looked at Yun Feng. “Are you going in or not?”

Yun Feng smiled. Although she didn’t know what was in the room, she certainly wouldn’t let go of the opportunity to find out. She would go in if she could. Maybe what they wanted was what she needed. She nodded. Xiaoxiao said, “You must go in alone without your Magic Beasts, or they’ll be angry.”

Yun Feng raised her brows. They’ll be angry? It sounds like there’s someone else in the room. Muqing said coldly again, “Why are you so talkative?”

Yun Feng’s lips curled. “Thank you for your reminder, Xiaoxiao.” She then climbed the stairs and walked in. Mu Yinghua was about to follow her, when Ao Jin roared, “What are you doing?”

Mu Yinghua smiled. “I don’t think anything will happen if I go with her. It’ll be fine as long as I keep silent, right?”

That man was truly hopeless if he couldn’t recognize his value. Mu Yinghua’s shameless proposal almost made Ao Jin vomit blood. He had never known that a human could be so shameless! Yun Feng turned around and glanced at Mu Yinghua coldly. “Can you step aside?”

Mu Yinghua was quite frightened by Yun Feng’s watch. Brazen as he was, he didn’t dare to follow her any longer. He had to retreat awkwardly, and Yun Feng finally walked in. Both Xiaoxiao and Muqing mumbled, “What a shameless guy.”

Mu Yinghua didn’t hear it, or at least he pretended that he didn’t. He seemed to be worrying for Yun Feng. “Will Yun Feng be alright?” he asked. Nobody replied to him. It was impossible for anything to happen to Yun Feng.

“Hey, do you think Yun Feng will succeed?” asked Xiaoxiao in a low voice. Muqing frowned and thought for a long time, before he finally said, “It’s hard to say. That old guy’s temper is hard to predict. Maybe he likes her, and maybe he hates her.”

Xiaoxiao seemed slightly embarrassed. She and Muqing were exactly the people that the old guy hated. She didn’t say anything. Neither she nor Muqing left. They were too eager to find out Yun Feng’s result.

\*\*\*

When Yun Feng opened the door and entered the room, the door automatically closed behind her. She unconsciously thought that she couldn’t open the door from inside. In front of her eyes was boundless darkness, as if there were another universe in the room that didn’t contain anything, not even the slightest light.

“Another one?” a voice came from a corner in the darkness. Yun Feng stood quietly, and clearly felt that someone was observing her like an X-ray machine. Even the bottom of her heart seemed to be scrutinized.

Yun Feng didn't say anything, and simply waited for the person to examine her. Then, the voice sounded again. “You're different from others. Little girl, tell me your name!”

### **Chapter 452: Robbery (3)**

Yun Feng looked at the boundless darkness around her and replied softly, “Yun Feng.”

All of a sudden, the darkness in the room was gone. After Yun Feng reported her name, all the facilities in the room appeared as if it were a magic trick. There was a big desk, on which a lot of paper and tools were scattered. There were pieces and rolls of paper too on the ground. All in all, the room seemed quite untidy at first look.

Next to the desk was an enormous chair where an old man was seated, in the middle of all the paper. The old man was wearing a pair of glasses, and drawing something wholeheartedly on the paper in his hand.

Yun Feng was dazed for a moment. She then calmed down and observed everything. Was the old man the person who talked just now? Yun Feng didn't say anything, but simply waited in silence. The old man minded his own business without even looking at Yun Feng, as if he didn't see her at all.

Time went by. Yun Feng didn't know how long she had been standing, or how much longer she had to stand, but she didn't show any impatience or restlessness. She simply stood quietly, and watched the old man move. As she waited, the old man seemed to have completed his work. He raised his head and looked at Yun Feng. Then, he lowered his head and continued working. “You have remarkable patience.”

Yun Feng smiled. It was truly uncomfortable for her to stand here. The space here was completely different from that outside. The pressure had been increasing as time went by. If she hadn't advanced into the Monarch Level, she would've been worn out already!

The old man ignored Yun Feng again, and focused on his business. Yun Feng continued waiting in silence, and enduring the increasing pressure. A bead of sweat appeared on her forehead. She suddenly clenched her fist, and told herself to carry on!

Time was infinitely lengthened at this moment. Yun Feng felt that days had passed, but the old man was still doing his own business without saying anything. Finally, after she didn't know how long, when she was soaked in sweat, the old man stopped working and looked at the paper he just drew on with satisfaction. “Not bad. It's done.”

After the old man said that, all the pressure that Yun Feng felt was gone. She almost collapsed on the floor, but she regained balance and stood steadily. The old man glanced at her and took off his glasses. He asked thoughtfully, “My gift for you is ready. Do you want it?” The old man waved the paper, and Yun Feng narrowed her eyes.

“Tsk, tsk. The two previous visitors both begged me for this, but I'm giving it to you.” The old man waved his hand, and the paper gradually fell on Yun Feng's hand. The paper was the finest kraft paper. When Yun Feng saw what the painting was, her eyes widened.

In the corner of the kraft paper, the words “Gods’ Relics” had been written. It was a map of the gods’ relics!

Yun Feng read it again in shock. The old man chuckled. “What about it? Not bad, huh?” Yes, it’s indeed not bad, but it’s hard to say whether or not the map is true... Yun Feng raised her head and chuckled at the old man. “Thank you for your generosity, senior. I wonder, what do you want from me in return?” There’s no free lunch. Yun Feng was well aware of that. The old man was clearly a weirdo. He certainly was not giving away the map for nothing. When Yun Feng read the map, she realized that she couldn’t remember anything on the map, which seemed to contain magic power. What she remembered would be forgotten the next second. This map couldn’t be memorized!

The old man was satisfied with Yun Feng’s offer. He nodded and observed her again. Then, light flashed in his eyes. “How about your Ring of Contract?”

Yun Feng narrowed her eyes. The old man wanted her Ring of Contract? He didn’t look like a good guy. She smiled. “If you know that I’m a summoner, you must know how important my Ring of Contract is to me. Between a questionable map and my Ring of Contract, which do you think I will choose?”

The old man smiled. “If you believe in the map, it will be true; if you don’t, then it’s false. There are a lot of good stuff in the gods’ relics. They’ll be enough to make up for the loss of your Ring of Contract. If you miss the opportunity, you’ll never have another one.”

Yun Feng narrowed her eyes. The old man moved his hand, and the map in her hand returned to him. “Senior, you cannot claim a Ring of Contract that has an owner.”

The old man chuckled. “That’s for me to worry about. Do you want to exchange with me or not?”

Yun Feng stood quietly. The map of the gods’ relics was truly important. It would surely help her greatly in the exploration. The old man didn’t look like a liar. He had shown that he was quite strong. However, she had to pay her Ring of Contract for the map. She suddenly smiled. She could abandon fortune or power, but she could never abandon her family or friends! Even though Little Fire and Lan Yi were her contracted Magic Beasts, they were friends to her! If someone could abandon their friends, they wouldn’t get anything even if they had the map!

“Goodbye.” Yun Feng said that, and was about to turn around. The old man burst into laughter. “You’re going? If you don’t give it to me, then I’ll just take it from you.”

After saying that, the old man raised his hand, restoring the darkness in the room. The familiar pressure fell on the top of Yun Feng’s shoulders again. Her knees were bent, and she felt that she was going to be smashed to the ground. She bit her tongue and stood straight with her head held high, not giving in to the pressure at all!

### **Chapter 453: Acquiring What Should Be Acquired (1)**

“Tsk, tsk. I didn’t know that you’re so stubborn.” The old man’s voice came from the darkness, and he further increased the pressure. Yun Feng smiled palely. “Senior, why are you so obsessed with something that doesn’t belong to you?”

The voice came to an abrupt halt. Then, the old man laughed. “Everybody is curious about the summoner’s Ring of Contract, which contains all the secrets about the contract, right? You’re not

wearing the Ring of Contract on your hand. That's unusual. Are you giving it to me or not?" The old man seemed to have just slid past Yun Feng, but Yun Feng could see nothing but the darkness. As time went by, the pressure was even greater than before!

"No!" Yun Feng gnashed her teeth. She clenched her fists and stood stubbornly without giving in. The old man sounded quite infuriated. "What a stubborn girl. Let's see how much longer you can remain stubborn!"

"Ugh!" A destructive pressure was imposed on Yun Feng, who could even hear the sound of her bones being squeezed. At this moment, her ancestor who resided in the spiritual space raised his head worriedly. "Kid, don't be too stubborn!" He hadn't known Yun Feng for long, but he knew that Yun Feng was as determined as everybody else in the Yun family! She would never change or waver easily! The ancestor feared that she would be hurt because of her personality in this place. This mysterious old man seemed truly aggressive!

"I'm fine." Yun Feng smiled, with sweat on her forehead. Her back was gradually bent, but Yun Feng gritted her teeth and carried on. There was no way that she would give away her Ring of Contract!

Yun Sheng and Mu Xiaojin, who had been cultivating on the tenth floor of the Dragon Palace, suddenly opened their eyes. They didn't know what was going on outside, but they were somehow panicked. "Brother Yun Sheng, did something happen to Xiao Feng?" asked Mu Xiaojin worriedly. Yun Sheng frowned too. As a brother who was connected to Yun Feng by blood, he was too anxious to cultivate at this moment. He stood up and wanted to leave.

Then, it occurred to him that he couldn't leave even if he wanted to. They came in via the dragon-shaped jade pendant, so they had to leave with Yun Feng's help too. Yun Sheng frowned and shouted loudly, "Feng! Feng!" His voice echoed on the tenth floor of the Dragon Palace countless times, but Yun Feng didn't reply.

"Feng!" Unwilling to give in, Yun Sheng shouted again. Yun Feng would've heard him and replied if it were before, but she was silent this time. Something must've happened to her! Mu Xiaojin shouted too. For a moment, this floor was filled with their voices. Then, a certain someone who was sound asleep in a corner of the Dragon Palace opened his eyes with fury and agitation in his gray eyes. He rose midair with gloom all over his face.

"Stop shouting, or I will kill you both!" His hoarse voice came to the tenth floor of the Dragon Palace. Both Yun Sheng and Mu Xiaojin were dazed, and unconsciously looked around. They didn't know they were in the Dragon Palace, and thought that there was only this floor. They didn't know the other floors that were hidden.

"Sorry to wake you up, senior, but please forgive me. I fear that something might have happened to my sister," said Yun Sheng tentatively. A moment later, the hoarse voice came again. "What are you worried about? Nothing can possibly happen to her!"

Yun Sheng was thrilled to hear that. "Do you know Feng, senior?"

"How can I not know her?" the voice came lazily and drowsily. "Just calm down, or I will throw both of you out!"

“Senior! Senior!” Yun Sheng cried anxiously. The guy who was going to resume his sleep was completely infuriated. “Human! I only allowed you to come here because of that girl’s relatives! Don’t press too far!”

“Yao Guang, why are you so angry?” another old man’s voice spread out. Yun Sheng and Mu Xiaojin were surprised. Another person? What was this place? Was there more space here?

“Old man, leave me alone!” Yao Guang, who had been woken up by the noises, was very angry, and fury could be seen on his face. He could do nothing about Yun Sheng or Mu Xiaojin who were on the tenth floor. He was only trying to scare them into silence. After all, he needed far more sleep.

“Senior...” Yun Sheng opened his mouth again, and the old man replied. “What happened to Yun Feng?”

“Old man, what can possibly happen to her?” Yao Guang, who had a baby’s face, had nothing but wrath in his gray eyes. He was so exasperated that he wanted to destroy both of the humans who woke him up!

“It’s not like that, senior! Feng usually can hear us and will reply to us. However, I felt panicked just now, and tried to call out to her, but I didn’t receive her reply! Didn’t you want to throw us out, senior? Please do!”

What Yun Sheng said made Yao Guang’s face twisted. “F\*ck! You think I don’t want to throw you out? You think I don’t want to?” Yao Guang was so infuriated that he was already cursing. The old man suddenly chuckled. “Yao Guang, calm down.”

Yao Guang was quite embarrassed by what Yun Sheng said. He wanted to throw them out, but he couldn’t! He couldn’t enter the tenth floor at all. If Yun Sheng and Mu Xiaojin were elsewhere in the Dragon Palace, he would’ve thrown them out already without a word!

“Senior...” Yun Sheng thought that they were going to be thrown out, but nobody replied to him. He called out to the guy again, but it was the old man’s voice that responded. “Guys, this is truly an unusual situation. Yun Feng seemed to be in some sort of trouble, but don’t worry. She’ll be fine. Just stay here.” The old man never spoke again. Yun Sheng and Mu Xiaojin were both anxious, but they couldn’t come out. They could only pray that Yun Feng was safe.

#### **Chapter 454: Acquiring What Should Be Acquired (2)**

“Old man, what did you say?” Yao Guang roared furiously in a corner of the Dragon Palace. His hoarse voice became even more hoarse, which didn’t fit for his childish face at all.

“Yao Guang, go out and see what’s going on,” said the old man unhurriedly, and then yawned. “If Yun Feng is in trouble, help her take care of it. It shouldn’t be a problem for you. I’m going to go to bed. I’m so sleepy...” The old man’s voice was gone, replaced by the sound of snoring.

Yao Guang stood in midair, and gradually became sullen. There was nothing but coldness in his gray eyes. Who was bold enough to disturb his sleep? Did they want to get killed?

The short man rose to the sky in the black robe. His gray eyes emitted light, and a weird array appeared underneath his body. Yun Feng, who was resisting the unknown pressure, was already covered in sweat.

She knew she was approaching her limits. Who was this old man? He didn't seem very strong, yet he gave her such a heavy pressure!

"Yun Feng, you're still not giving in? If you give me your ring, I will offer you my map in exchange. You will benefit from the deal!" The old man's teasing voice came into Yun Feng's ears. Her lips curled coldly. "Just like I said, I won't give you anything!"

"Good! You do have a backbone!" His angry voice came, and the pressure was increased again. Yun Feng grunted and nearly fell on her knees. She gritted her teeth. Her legs were shaking, but she kept standing!

The old man, who had been observing Yun Feng in secret, was surprised. The pressure he imposed had even lowered the heads of those at the peak of the Monarch Level. Yet, Yun Feng was still standing, even though her back was slightly bent. She was struggling, but her resolve was truly remarkable!

"Kid!" Yun Feng suddenly heard a voice. At first, she thought it was her ancestor's voice, but the voice was too hoarse and unpleasant. Soon, Yun Feng recognized that it was the voice of the perverted senior in the Dragon Palace!

"Perverted senior!" Yun Feng blurted in her heart. Yao Guang, who was inside the Dragon Palace, almost vomited blood because of fury. "What did you just call me?"

Yun Feng smiled awkwardly. "Nothing... Is there anything I can do for you, senior? I don't have time for chit chat right now." Yun Feng sounded quite exhausted. It wasn't easy for her to endure the pressure for so long.

"Humph! The two noisy human beings woke me up! I wouldn't have talked to you if it weren't for them!"

Yun Feng smiled. Was it her brother and Mu Xiaojin? They must've realized something was wrong, and called out to her, but she didn't hear anything. "Please forgive them, senior..." Yun Feng struggled to say, breathing heavily. Yao Guang frowned after hearing that. "Kid, what happened to you?"

Yun Feng was going to say that she was fine, but she only let out a grunt. Yao Guang stood straight abruptly, with worry on his face. "What's going on? Tell me!"

Yun Feng's voice didn't come back until a long time later. "There's a... minor problem."

Yao Guang furrowed his brows. "You're breathing so heavily, yet you call it a minor problem? Are you too proud to give in?" Yun Feng's laughter came back, and she was not surrendering at all. Yao Guang put on a helpless smile. "If I don't help you, the two noisy humans will just keep shouting! Now, focus and summon me. Remember, my name is Yao Guang."

Yun Feng's lips curled in the dark. She closed her eyes and opened her lips, reciting the name, "Yao Guang." One of the arrays in the Dragon Palace glowed brilliantly under the summoning, and a person disappeared into the light. Then, everything was back to peace. The old man's voice echoed again. "Don't get back late..."

After reciting the name, Yun Feng suddenly felt that the pressure on her was eased, and the old man who had been observing her was shocked! The pressure he imposed in the space had been neutralized! How was it possible? That was impossible!

Light erupted in the darkness like the sun that was rising on the horizon. The dazzling brilliance drove away the darkness, allowing Yun Feng to see the things in the room again. The old man was still sitting in front of his desk, with a marvelous expression on his face.

“W-What’s this...” The old man mumbled, and stared at the glowing light. When the glowing light disappeared, the weird senior Yun Feng had met in the Dragon Palace was floating in midair. He had the same childish face, strange black robe, a short body, and a pair of gray eyes, which seemed to be filled with fury at this moment.

“It’s you?” Yao Guang fixed his eyes upon the old man the moment he came out. The pressure from his gray eyes made the old man shiver. His hoarse voice echoed in the space, and the pressure of the darkness was gone. Relieved, Yun Feng glanced at Yao Guang.

Yun Feng didn’t know who the guy was, or why he was inside the Dragon Palace. She didn’t know whether he was a guardian of the Dragon Palace, or if he was just a prisoner there. She only knew that the weird senior didn’t have a good temper. He was quite temperamental, and even a little bit bloodthirsty.

Yun Feng still remembered how he teased her back in the Dragon Palace, but she decided to forgive him now that he had appeared and given her a hand. The old man gazed at Yao Guang, and asked in a daze, “Is this... your Magic Beast?”

Hearing that, Yao Guang seemed to be greatly insulted. He flashed forward and approached the old man. “Say that again?” His voice was so hoarse and nasty that the old man had goosebumps all over his body. He opened his mouth, but was unable to make any sound.

### **Chapter 455: Acquiring What Should Be Acquired (3)**

“You’re the old fart who disrupted my sleep?” Yao Guang narrowed his gray eyes and suddenly sneered. “You really think you’re strong enough to show your strength in front of me?” Yao Guang’s black robe moved, and darkness arose in this space again. However, unlike the previous time, the darkness came with strong discomfort and pressure. The pressure was physical last time, and mental this time!

Darkness appeared and the old man suddenly widened his eyes. He knew he had encountered an expert, and instantly begged for mercy. “Senior! It was just a joke! A joke!” The old man’s voice echoed in the dark space, where Yun Feng felt uncanny pressure. Whoever spent a long time in this place would surely have a meltdown! She wondered who, or rather, what this senior Yao Guang was.

“Humph!” Yao Guang snorted, restoring light in the space. The old man was shivering palely on his chair, and seemed quite awkward. “Girl, what do you want to do with him?” asked Yao Guang hoarsely. The old man instantly panicked, and looked at Yun Feng, begging, “Yun Feng, I was only joking with you. Here’s the map!” The map on the old man’s table drifted towards Yun Feng, and she picked it up.

She decided to show him some mercy. Although the man was greedy, he wasn’t truly malicious, or he would’ve killed her with that pressure instead of letting her endure for so long.

“Senior, just let him go.” Yun Feng smiled. It was already quite rewarding that she found the map. Yao Guang raised his brows. “You’re letting him go?”

“Senior, I didn’t want to kill her at all, or I wouldn’t have let her endure for such a long time. As I said, it was just a joke! I’ve already given her my map. Please spare me this time!” The old man quickly explained and defended himself. Yao Guang’s lips curled, and he flew back to Yun Feng, floating inside the black robe. He looked as weird as before.

“I don’t have the time to kill you,” said Yao Guang in a low voice. Yun Feng smiled. “Senior, are you going back?” Yao Guang yawned and replied, “I don’t come out often. Although I’m rather sleepy, I want to see how the world looks like these days.”

Yun Feng nodded. She had a lot of questions that she wanted to ask Yao Guang. For example, what was the space pressure just now? And what was he exactly?

Yun Feng pushed the door and walked out. Yao Guang naturally hid around her. Nobody except Yun Feng could see him. After Yun Feng walked out, Muqing and Xiaoxiao, who had been waiting, instantly looked at her curiously. Yun Feng shrugged and put on a bitter smile at them. Muqing frowned in confusion, and Xiaoxiao sighed regretfully, “You failed too? That old man is really a handful, isn’t he?”

When Ao Jin and Qu Lanyi saw the expression on Yun Feng’s face, they smiled, but didn’t say anything. Mu Yinghua, on the other hand, said regretfully, “How could you have failed? You’re Yun Feng!”

Little Fire and Lan Yi glanced at him angrily, and Mu Yinghua instantly shut up. He glanced at Yun Feng regretfully, as if he thought she should’ve succeeded. Yao Guang, who was invisible, looked at the people around Yun Feng. “Those two aren’t bad, but you really made friends with that kind of person?” Yao Guang pointed at Mu Yinghua. Yun Feng smiled and replied telepathically, “I don’t know him.”

Yao Guang snorted in disdain. “He’s too worthless for me to examine.”

Yun Feng was relieved to hear Yao Guang compliment Qu Lanyi and Ao Jin. Experts should naturally make friends with other experts. Their circles were full of other experts. Yun Feng would rather not demean herself by making friends with someone like Mu Yinghua.

Xiaoxiao seemed quite regretful and frustrated. Muqing, on the other hand, looked at Yun Feng, deep in thought. There seemed to be a lot of emotions in his thoughtful eyes. “Guys, see you later,” Yun Feng said to Muqing and Xiaoxiao. Both of them nodded and watched Yun Feng go away. After Yun Feng left, Xiaoxiao looked at the door in frustration.

“Even Yun Feng failed to get it. That old man is truly not easy to deal with!”

Muqing suddenly stopped frowning. “Do you honestly believe what Yun Feng just said?”

Xiaoxiao was stunned. “What do you mean? Was she lying?”

“I don’t know whether or not she lied, but I simply don’t quite believe what she just said.”

Xiaoxiao furrowed her brows because of what Muqing said. “If what you said is true, she must’ve kept it a secret because she got something good.”

Muqing didn't say anything. It was just a speculation. After all, Yun Feng was too strong and stubborn to give up so easily. While Muqing continued considering, Xiaoxiao was already convinced that Yun Feng had gotten some good stuff.

"I didn't realize that she had a cunning side! What do we do? If she got anything good, wouldn't we be at a disadvantage?"

Muqing frowned in silence again. They didn't know what Yun Feng got, because the old man in the house had a weird personality. It wasn't easy for them to find out information about the old man, but both of them failed to get what they wanted. If Yun Feng truly got something good, then she would surely have an advantage in the exploration operation.

"It doesn't matter even if you think. If she has indeed gotten something good and hidden it, what can we do?" Muqing said lazily, stopping frowning. "I'm going back. Suit yourself." He then turned around and left. Xiaoxiao stood aside and thought for a moment. She didn't want to give up just like that. In the end, she gazed at the door for a moment and then cursed before she left too. "What a weird old man!"

\*\*\*

Yun Feng and her companions went back in silence. Mu Yinghua glanced at her now and then from the rear. Did she really not get anything? Really? Mu Yinghua thought that all the way back. He truly did not consider himself an outsider. Even if Yun Feng got anything, would he have a share in it at all?

#### **Chapter 456: Acquiring What Should Be Acquired (4)**

Returning to their residence, Yun Feng headed towards her room, but Mu Yinghua was still following. Seeing that, Qu Lanyi stopped and asked, "Mu Yinghua, how much longer do you intend to follow us? Are you going to sleep in our room too after we go to bed?"

Mu Yinghua suddenly blushed. What Qu Lanyi said invoked a lot of inappropriate pictures in his head. Qu Lanyi gazed at him coldly. Finally, Mu Yinghua came back to himself, and scratched his head awkwardly. "I'm leaving. Have a good rest..." He walked away, blushing.

Qu Lanyi looked at his back and gnashed his teeth, "What an idiot."

"Why are you gnashing your teeth? Come in." Yun Feng's voice finally quenched Qu Lanyi's fury. He followed Yun Feng into the room, and so did Ao Jin. After they all entered the room, Yun Feng waved her hand and locked the space. Yao Guang, who was hiding, curled his lips in disdain, obviously implying that he thought Yun Feng's move was too unrefined.

"Are you going to take it out?" said Qu Lanyi with a smile while sitting aside. Ao Jin laughed too. "You're more shrewd than I thought."

Yun Feng smiled. "I certainly had to keep silent in that special moment. If they knew what I got, we wouldn't have any advantage." After saying that, Yun Feng took out the map she received. Both Ao Jin and Qu Lanyi were astonished. It was a map of the gods' relics!

"Is it real?" asked Ao Jin. He stared at the complicated map with his golden eyes, finding it hard to trust. Qu Lanyi read it for a long time too, and finally nodded. "It should be real, because it cannot be memorized."

“Nana.” Meatball moved on Little Fire’s head, and Little Fire said, “This fat ball said that it’s real.”

Yun Feng glanced at it in surprise, wondering how Meatball could tell its authenticity. Little Fire said again, “Meatball, master just asked you how you could tell whether or not it’s real.”

Meatball rolled its big eyes for a long time, and finally called out again in the end, “Nana, na, nanana...” After hearing that, Little Fire nearly fell on the ground. “Are you serious?”

Meatball shouted unhappily, “Nana!”

All the others were confused. Lan Yi couldn’t help but cover its forehead. “Brother Little Fire, don’t just talk to it. Tell master what it said.”

Little Fire finally realized what it should do, and looked at Yun Feng. “Master, for the record, I’m just repeating what it said.”

Yun Feng’s heart raced when she heard that. What did Meatball say to make Little Fire so surprised?

Little Fire swallowed, and Meatball sat on its head quite proudly. Little Fire opened its mouth and said, “Well, it just said that it went there in the past, so it knows whether or not the map is real.”

Yun Feng grabbed Meatball and lifted it in front of her eyes. Meatball shivered uncomfortably, and patted the back of Yun Feng’s hand with its furry tail. Yun Feng ignored that and simply gazed at the little creature.

“You’ve been to the gods’ relics?” Yun Feng raised her brows in confusion and asked. Meatball nodded and looked at Yun Feng pitifully. Yun Feng’s heart suddenly raced. Yao Guang, who had been hiding, looked at Meatball and smiled.

“This little thing might be more capable than you think.”

Yun Feng agreed, and shook Meatball’s body mischievously. Meatball shouted in dissatisfaction. If anyone else had done that to it, it would’ve bitten them already, but it had always indulged Yun Feng even when she made fun of it. When she shook its body like that, it resisted for a moment, but simply let Yun Feng do what she wanted.

Yun Feng looked at Meatball’s cute little face, and remembered how it just threw itself at her in the Foggy Forest. It seemed very intimate with her the very first time they encountered, even though it was mean and ferocious to anyone else. She gently released Meatball, and Meatball jumped back to Little Fire’s head. Little Fire looked above its head helplessly.

“In any case, we have a great advantage.” Ao Jin smiled in a great mood. His girl had always been lucky. It was quite remarkable that she had obtained a map of relics.

“It will be great if we’re the only ones who have the advantage, but we’re carrying a lot of burdens.” Qu Lanyi lazily combed his hair, and looked at Ao Jin with a charming smile. Yun Feng agreed with him.

It wasn’t easy for her to acquire the map. She nearly lost her Ring of Contract to the old man because of it. She didn’t want to share it with the other people on her team. She wasn’t such a selfless person as to let her map benefit the others, who were clearly useless to her.

“Let’s not tell anyone anything about the map. We’ll get rid of them after we enter the gods’ relics. I don’t think Muqing and Xiaoxiao believed what I said. They are not easy to deal with.”

All the others nodded. At this moment, someone knocked on the door. Yun Feng frowned and asked, “Who is it?”

Mu Yinghua’s voice came from outside of the door. “Yun Feng, it’s time for dinner.”

Yun Feng replied in a low voice. There weren’t many days to go until the exploration of the relics. She might as well behave more friendly. She was the center of attention anyway. “Alright, got it.” Mu Yinghua’s footsteps moved away. Yun Feng smiled at Ao Jin and Qu Lanyi. “Let’s go grab a bite.”

Qu Lanyi rose and approached her again. Ao Jin, on the other hand, laughed. “Girl, I would rather not eat human food. It’s awful! I’m going back to my room. You can go with her.” He then opened the door and walked out. Yun Feng put on a helpless smile and looked back at Little Fire and Lan Yi. Naturally, they didn’t need food either. As for Meatball...

### **Chapter 457: What? (1)**

As if it had sensed Yun Feng’s watch, Meatball looked at Yun Feng with its big watery eyes. Yun Feng calculated and realized it had been a long time since she last fed Meatball. It was time to feed it an ultimate ore. Fortunately, Meatball didn’t need to eat every day like human beings. She had enough ultimate ores to feed it for now.

“Wait for me to come back,” Yun Feng said to Meatball. Meatball jumped and shouted in delight, making Little Fire roll its eyes in disdain. Yun Feng walked out with Qu Lanyi with a smile, and Qu Lanyi grabbed her hand. She was stunned for a moment, and then felt warm air by her ear. “This is what besties do.”

Yun Feng suddenly blushed. What a hermaphrodite pervert! She cursed Qu Lanyi inwardly in her heart, but simply let him drag her to the dining hall, where a lot of people had sat down around a big table. Seeing them, Mu Yinghua quickly stood up. “Yun Feng, Qu Lanyi, sit here!”

Yun Feng saw that there were two vacant seats next to Mu Yinghua. Qu Lanyi smiled, and led Yun Feng to him. He then sat down right next to Mu Yinghua, and put Yun Feng on the other seat. Seeing Qu Lanyi’s movement, Mu Yinghua thought that she was jealous. He couldn’t help but put on a smile and sat down in delight.

“Yun Feng, where is your other friend? Why isn’t he here?” asked the Commander Level man. Yun Feng replied with a smile, “He’s not hungry. Let’s not wait for him.” All the others smiled, but didn’t grab their chopsticks. Yun Feng looked at them, and knew that there was something they wanted to say. She intentionally kept quiet, and ate the food with Qu Lanyi.

“This dish is not bad. Try it,” said Qu Lanyi in a low voice, while picking food for Yun Feng. They seemed so close to each other that Mu Yinghua was truly jealous. Both of the women were unbelievably strong! If he could marry either of them, he would have nothing to worry about for the rest of his life.

“Cough, cough!” The two Commander Level experts coughed awkwardly, showing that there was something they wanted to say. Yun Feng and Qu Lanyi paused, and Yun Feng raised his head. “Is there anything you want to say?”

Both of the Commander Level men were secretly relieved. "We must stick together during the exploration of the gods' relics. We need a captain for our team. Now, let's have an election."

Hardly had they said that when everybody fixed their eyes on Yun Feng. Yun Feng knew exactly what they were up to. Instead of saying no directly, she put down her chopsticks and said, "The captain should be the person who makes decisions that will benefit the team most greatly. They don't have to be the strongest. It's shrewdness and diplomatic skills that matter."

After Yun Feng said that, everybody was deep in thought. Then, Yun Feng looked aside at Mu Yinghua. "Truth be told, I do not have talent in those aspects. This exploration is of critical importance, so we must choose the right captain. I recommend Mu Yinghua."

Everybody focused their eyes on Mu Yinghua, who was quite shocked, and looked at Yun Feng with widened eyes, as if she had said something incredible. Yun Feng's lips curled. "Although Mu Yinghua is not the strongest, I've noticed that he's very smart and good at making friends. Since we will inevitably run into teams of the other two countries, he is the best captain candidate."

"If you put it that way, the people of the Shang family and the De family are more suitable!" argued the four representatives of the two families. They would've accepted Yun Feng as their captain, but they certainly wouldn't accept Mu Yinghua! Could the Mu family be as shrewd and diplomatic as the Shang family or the De family?

Mu Yinghua sat there anxiously. He didn't expect that Yun Feng would nominate and endorse him. He was so thrilled. It seemed that Yun Feng truly liked the Mu family! That's great news!

Yun Feng smiled again. "I'm just proposing a candidate. Everyone can fight for the post fairly."

The representatives of the De family and the Shang family glared at Mu Yinghua. Yun Feng's proposal had subtly put Mu Yinghua on the opposite side of the two families. Yet, Mu Yinghua was so dumb that he thought Yun Feng was helping him.

"How about we have a vote? That's the only fair way," suggested Qu Lanyi, who grabbed Yun Feng's hand underneath the table with a charming smile. Yun Feng glared at him, asking him to let go, but instead of letting go of her hand, Qu Lanyi simply linked fingers with hers and held her hand even more tightly.

The others all silently accepted the proposal. The representatives of the other two families who sided with Mu Yinghua voted for him, and the Shang family and the De family took the same side. Yun Feng just nominated Mu Yinghua, so she naturally voted for him. Qu Lanyi was the only person who hadn't voted. His vote was of critical importance.

The atmosphere was full of tension. Qu Lanyi stared at nobody except Yun Feng, sending a telepathic message. Fengfeng, do you need my help?

Yun Feng smiled, and replied telepathically, whatever. She didn't really care who the captain would be. If Mu Yinghua became the captain, he would only fall more brutally later. Qu Lanyi smiled, and looked back at Mu Yinghua who was sitting by his side. Mu Yinghua was nervously looking at him. "Qu Lanyi, who are you going to vote for?" asked Mu Yinghua anxiously. Qu Lanyi smiled, making him blush.

"I certainly voted for you," said Qu Lanyi with a smile. Mu Yinghua was thrilled to hear that. Five against four! He won! He would be the captain of the exploration team!

"Congratulations, Brother Mu!" The other two representatives congratulated him, feeling that it was the right decision to make friends with him. The four people who voted against him didn't look well. After all, they were from the Shang family and the De family, and it would be demeaning if they listened to the command of someone from the Mu family.

## **Chapter 458: What? (2)**

"Thank you for your support, guys. I will try my best to make sure that the Fengyun Empire gains the most in the exploration!" Mu Yinghua stood up and gave an exciting speech. The people from the Shang family and the De family all snorted. "Do you really think you're capable?"

Mu Yinghua smiled awkwardly, and glanced at Yun Feng. "Of course. A captain is just part of the team. We'll all help each other, right?" Yun Feng moved her eyes aside, and picked some food. Of course she would help, but the help might not be what he expected.

"So, we have a captain now. Now, there's another question that's even more important," said the people from the Shang family and the De family. Yun Feng raised her brows. It seemed that they were getting to the point.

"We're all from different families. Our team is more complicated than that of other empires. If we find treasures during the exploration, how will we share them?" The question made Mu Yinghua blush. He wanted to propose to split up the treasures evenly, but the others surely wouldn't agree with him.

"Oh? What do you propose?" asked Yun Feng. The people of the Shang family and the De family looked at each other. "We must not split up the treasures evenly, or it won't be fair." They glanced at Mu Yinghua and his allies, who all seemed embarrassed. "We propose that whoever finds something gets to keep it. In such a way, nobody will complain."

Mu Yinghua blushed in silence for a long time. Finally, he said, "Is it really appropriate? We are a team anyway. We shouldn't act as individuals..."

"Mu Yinghua! Don't think you can tell us what to do just because you're the captain! Realize your identity! Don't try to take advantage of us!"

The representatives of the Shang family and the De family were not reluctant to yell at him. They would never lower their heads to the Mu family. Mu Yinghua, as the new captain, was quite embarrassed.

Yun Feng had another few mouthfuls of the food, and discussed with Qu Lanyi about which food was delicious. Mu Yinghua awkwardly looked at them, and thought that they should give him a hand after pushing him to this position.

"Yun Feng..." Mu Yinghua called out to her in a low voice, but Yun Feng didn't seem to hear it.

She said without even raising her head. "I think that proposal is great. It's fair and unbiased. You get what you're capable of getting. I support it."

Mu Yinghua instantly pulled a long face, but his allies both rolled their eyes. "That's good. Whoever finds something will have it. Yun Feng supports you. What are you afraid of, Brother Mu?"

Mu Yinghua was enlightened. Indeed! Yun Feng supported him! Otherwise she wouldn't have treated him so nicely! The dark cloud in his heart completely dispersed. Mu Yinghua chuckled and said, "Alright then. It does sound fair."

The people of the Shang family and the De family all looked at Mu Yinghua angrily, and eventually said, "We're full." They rose and left. Mu Yinghua and his allies continued enjoying the food, as if they had nothing to worry about. The four people of the Shang family and the De family left the dining hall, and gnashed their teeth.

"The Mu family is truly unbelievably lucky, isn't it?"

"Yun Feng chose to side with him. What's wrong with her?"

"I think there must be something wrong with her head!"

They were all angry, thinking that Yun Feng would let the Mu family claim all the treasures if she sided with him. Then, their families would be humiliated!

After they walked away, Yun Feng patted her hands and stood up too. "I'm full too. Goodbye." Qu Lanyi followed her and rose. Seeing that, Mu Yinghua reached for his arm without thinking. Qu Lanyi coldly moved his arm, dodging Mu Yinghua's hand.

"Hehe. Why don't you have some more? You haven't eaten much yet." Mu Yinghua's hand missed its target, and he knew that what he did was a bit outrageous, so he felt quite awkward.

Yun Feng smiled. "No, thank you. Just enjoy the food." She then left with Qu Lanyi.

Both of them left. So the remaining three guys ate the food in a good mood. Mu Yinghua's allies both chuckled. After Mu Yinghua finally came back to himself, both of them looked at him with a mischievous smile. "Brother Mu, you're truly attractive to the ladies!"

Mu Yinghua blushed. "Stop spouting nonsense! What are you talking about?"

The other two guys laughed. "Brother Mu, don't deny it! Not only is Yun Feng, the summoner, attracted to you, but even the other gorgeous beauty was totally sending signals to you too. We're so jealous!"

Mu Yinghua instantly felt happy because of their adulation. He had thought so too, and acknowledged their adulation without saying anything. His allies instantly asked again, "Brother Mu, have you decided on which of them you will take?"

Mu Yinghua frowned. Which of them... To be honest, both of them seemed great...

"Are you going to have both of them, Brother Mu?" asked one of the guys teasingly. Mu Yinghua laughed, and thought that if they both liked him, he might be able to have both of them.

While they daydreamed, Yun Feng and Qu Lanyi had left. Qu Lanyi then approached her. "Fengfeng, that disgusting man wanted to touch me!" Qu Lanyi's femininity gave Yun Feng chills. If she hadn't seen the man's naked body, she wouldn't have believed that any man could've behaved like that!

"Gross! Keep your distance from me!" Yun Feng moved slightly back, but Qu Lanyi stuck his exquisite face to Yun Feng's cheeks again. "Fengfeng, let's sleep together tonight, shall we?"

Yun Feng blushed. "Pervert, it's never going to happen!" she shouted angrily. Qu Lanyi, however, smiled in delight, as if he took pleasure in annoying Yun Feng. Rubbing Yun Feng's cheeks with his fingers, Qu Lanyi approached her again. "Why are you so shy? We've already seen each other naked. Which part of your body haven't I seen, huh?"

His sweet void jogged Yun Feng's memories. It was an undeniable fact that they had seen each other naked. Yun Feng pursed her lips, with lingering pinkness on her face. Qu Lanyi chuckled after seeing that, and kissed Yun Feng on her cheek. Yun Feng was so stunned that she forgot to dodge.

"Fengfeng, you're so cute. As expected of the girl that I'm attracted to. You must be responsible for me!" Qu Lanyi held Yun Feng's hand tightly, and almost stuck himself to her. "You saw my body and in my hometown, that means you're responsible for me for the rest of my life." Qu Lanyi wore a smile. Yun Feng looked at his face, and gloomily wondered if she was stuck with this pervert for the rest of her life.

"Yes, we're already stuck together." As if he saw the question in Yun Feng's heart, Qu Lanyi spoke softly. Her voice drifted away in the wind, but it smashed heavily into Yun Feng's heart.

\*\*\*

That night, Mu Yinghua and his allies, who had been in a great mood, drank a lot of wine and got high in their room. They all went to bed. The moon had risen to the sky, shining vague moonlight in the yard. All of a sudden, two half-drunk people opened a door, and returned to their respective rooms. Then, the door was opened again, and a man who was too drunk to walk steadily stumbled out. Mumbling something, he moved in a certain direction in the yard, and pushed the door of a room, going into it.

"Ah..." A miserable scream burst out under the night sky. Everybody in the house who had fallen asleep was woken up. They all came out, and thought it was an emergency. However, they didn't find anything wrong after observing for a long time. Seeing no reaction from Yun Feng's room, they all went back. Nothing serious could've happened, because the summoner didn't come out.

Neither Little Fire nor Lan Yi stayed in Yun Feng's room. Magic Beasts never liked to stay with humans, especially in small rooms. Little Fire and Lan Yi had already left, and so did Meatball. Yun Feng was alone in the room taking a bath behind a screen.

"Who is it?" Yun Feng suddenly opened her eyes, and launched her mental strength fiercely towards the intruder, but the next second, her mental strength was deviated. She changed her expression, and was about to put on her clothes, when she heard a cry. Then, a person approached her rather awkwardly.

"Fengfeng..." Qu Lanyi approached. Yun Feng happened to stand straight. Her smooth and glistening body was completely exposed to Qu Lanyi's eyes. Beads of water wandered on Yun Feng's skin along with her curves, made of her sexy collarbone, her reasonably-developed breasts, her slim waist and her smooth and long legs. Yun Feng suddenly felt that the man's eyes changed. There seemed to be a fire erupting from Qu Lanyi, so hot that the water on her body was instantly vaporized.

“Fengfeng...” Qu Lanyi mumbled hoarsely. There was desire in his masculine and magnetic voice. Yun Feng suddenly came back to herself, and covered her body with clothes. “Why did you come here?” she asked coldly. She wasn’t shy at all, as she had already been seen naked.

Leaving the bathtub, Yun Feng walked into her bedroom, followed by Qu Lanyi, who had been passionately gazing at Yun Feng’s body that was covered in clothes. The flames in his eyes seemed to be spreading out.

“Get out. I need to change,” said Yun Feng casually. Qu Lanyi snorted. He knew that it was best to just go out obediently at this moment. Yun Feng changed and came back. Her hair was still wet. Seeing that, Qu Lanyi frowned and grabbed a towel, drying her hair for her.

“Why didn’t you dry your hair?” asked Qu Lanyi in a low voice. Yun Feng didn’t reply, but simply sat there, enjoying the service. “You haven’t told me why you came. Also, what was the scream about?”

Qu Lanyi instantly spoke in a pitiful voice, “Fengfeng, Mu Yinghua wanted to take advantage of me while he was drunk!”

Yun Feng’s lips cramped. To take advantage of you? Will he ever be able to? “Then what? Did he succeed?”

“I’m your man, Fengfeng. I certainly couldn’t let him touch me!” Qu Lanyi dried Yun Feng’s hair, and suddenly embraced her. Stunned, Yun Feng blushed and struggled. “What are you doing? Let go of me!”

Qu Lanyi smiled. He was surprisingly strong when he held Yun Feng in his arms and carried her to the bed. Yun Feng’s heart raced. Was this pervert going to... “Qu Lanyi! You pervert! Let go of me!” Yun Feng blushed so hard that the redness spread to her neck. Qu Lanyi gently put her down on the bed with a smile in his eyes. Then, he jumped onto the bed as well.

“Off you go!” Yun Feng waved her fist fiercely, but Qu Lanyi agilely dodged and laid himself on Yun Feng. The intimate gesture almost made Yun Feng’s head explode. She felt hot all over. She suddenly panicked, and couldn’t use any of her power any longer.

“Fengfeng, I simply want to sleep with you. What are you thinking?” Qu Lanyi smiled, and moved to lay down on the bed from on top of her. He then held Yun Feng in his arms, and put her head next to his manly chest. She could hear his heartbeat clearly.

“QU LANYI!” she gnashed his name through her teeth. Qu Lanyi chuckled, and put his hands on her waist, dragging her body closer abruptly. Yun Feng was suddenly stiffened, because she felt the burning heat between her legs, which made her turn completely red..

#### **Chapter 460: What? (4)**

“Fengfeng, you sounded quite angry when you called me. It seems that there’s something else you want to do. I will certainly satisfy you.”

Yun Feng wondered if she could kick this man out with a minimal fusion of elements! “If you drive me out, I won’t mind letting other people know... what happened between us.” Yun Feng unconsciously raised her head, and saw the big smile on Qu Lanyi’s face.

“Shut up and go to sleep,” said Yun Feng coldly. She tried to keep her distance from Qu Lanyi, who noticed it and pulled her back again. Yun Feng was so angry and embarrassed that she wanted to teach him a lesson with elemental fusion, but she gave up in the end.

The night breeze was rather cold. Tranquility was restored after the scream. On the bed, the two people hugged each other and fell asleep.

\*\*\*

The next morning, Mu Yinghua walked out of his room, unable to stand straight. He felt that his head was dizzy and his back was painful, as if it had been hit badly. He thought that he might have bumped into something when he was drunk the previous night, and didn't consider it a big deal. Qu Lanyi walked out of Yun Feng's room without the slightest awkwardness.

Qu Lanyi appeared as a woman in other people's eyes, so they weren't surprised at all. They only thought that the two women were really close. Seeing Qu Lanyi, Mu Yinghua immediately walked to her and wanted to talk to her, but Qu Lanyi simply turned around and entered his room, leaving the man alone.

What's going on? Mu Yinghua looked at Qu Lanyi's back, confused. At this moment, a voice came from the distance. “Mu Yinghua, stop fantasizing about things you can't get,” said one of the four representatives of the De family and the Shang family. Two of them were Commander Level middle-aged men, and the other two were young descendants of the two families. They were happy to see Mu Yinghua being ignored.

Mu Yinghua didn't forget his identity, and simply left without a word. He heard their mockeries, and clenched his fists tightly. Just wait for it. Let's see if you dare to mock me again after I'm involved in a special relationship with them!

There were only three days to go until the exploration of the relics. The Fengyun Empire's team was making final preparations and confirming the items they had brought, but there was nothing they could do even if they forgot anything. After all, they couldn't buy anything in this small place. There was no news from Ovey's or Shengyao's teams either. It seemed that Muqing and Xiaoxiao believed what Yun Feng said. They didn't seize the opportunity to ask the Fengyun Empire for more information. During the three days, Yun Feng had studied the map of the gods' relics.

According to the map, the gods' relics were divided into several areas: the square, the living quarters, the arsenal, and the warehouse. Although all the areas seemed small on the map, they were probably very huge. The classification of the four areas made Yun Feng feel that the place was a home to a group of people.

The map was not exactly detailed. Only the main roads to the four areas were marked on the map. There was not anything that was more detailed.

Yun Feng speculated that the old man who drew the map had never been to the gods' relics. He must've obtained information on the gods' relics somewhere else, and inferred the map based on it. Fortunately, Meatball had been there, and would be a tour guide in the relics.

There was only one entrance in the gods' relics, and it was connected to four roads that led to different places. The square and the living quarters were probably not very valuable. The arsenal and the warehouse were much more precious. A lot of things must've been buried in those places. However, Yun Feng remembered her ancestor's warning. The gods' relics were extremely dangerous, and there was no telling what was awaiting her.

She had asked what existed most in gods' relics, but Little Fire didn't quite understand Meatball's answer, not even after Meatball repeated several times. She had to give up in the end.

After she put away the map carefully, Yao Guang, who had been hiding, yawned lazily, "Do you have any thoughts?"

Yun Feng smiled. Senior Yao Guang, having come out of the Dragon Palace, would indeed be a great help, but she didn't dare to command him randomly. That guy must be as old as her ancestor. He was surely experienced enough as a contestant.

"I do. We cannot only choose one of the four roads. I believe the other two empires will think the same."

Yao Guang floated in midair, and put on a cold smile as Yun Feng continued, "Whichever road I choose, someone will be following me, which will be a problem."

"What's the problem? Just get rid of them," remarked Yao Guang hoarsely and brutally. He had always been temperamental and unpredictable.

"It won't be easy to get rid of them, certainly not in the dangerous gods' relics," said Yun Feng, frowning. Yao Guang's crazy voice came out. "If we can't get rid of them, just kill them all!"

Yun Feng was stunned for a moment. Kill them all? That did sound great. Putting on a smile, Yun Feng said, "Thank you for your advice, senior, but no."

Yao Guang snorted in disagreement, as if he thought that Yun Feng should be more ruthless. He then thought of something else. "Right, get the two people out of the Dragon Palace after this. They're so noisy!"

Yun Feng was amused, knowing that her brother and Mu Xiaojin must've worried for her. She defended them with a joke. She would probably be able to further refine the Dragon Palace after the exploration.

Three days passed very quickly. The teams of the three empires were all gathered. The Fengyun Empire's team was clearly much weaker on average and more disorganized than the other teams.
