Chapter 471: Break (4)

Yun Feng's smile became bigger and bigger. "I'm laughing at this very memory. Even if it's replayed a million times, my heart will be the same. I will face the most painful memory with a smile. All the griefs and grievances belong to the past. I am Yun Feng! I always look ahead. I never look back. Once I start moving, I will never stop. This is my life!"

"Crack!" Cracks appeared in the scene in front of her eyes, as if it were a mirror. Then, Lin Meng and everybody else before her eyes fell apart into countless pieces. Seeing the dazzling light, Yun Feng suddenly opened her eyes.

"Master!" Both Little Fire and Lan Yi burst into tears of joy. Yun Feng was in a trance for a moment. She moved her body, and found that her mental entity had returned to her physical body. She then felt excruciating pain on her arm. Seeing the bite and the blood, she knew that it was probably Meatball's doing.

Having no time to care about that, Yun Feng looked at others and frowned. At this moment, she was the only one who had broken free. The others seemed to still be in danger. Yao Guang, floating in midair, smiled at Yun Feng. His eyes were not wrong. The girl had done a great job.

Yun Feng looked at other people who were still in a nightmare. At this moment, she was the only one who had freed herself from the repeating agonizing memories. She wiped off the sweat on her forehead. Meatball felt quite guilty to see the bite on Yun Feng's arm. Although it had tried to bite less hard, the bite still seemed quite serious.

Yun Feng stroked Meatball. "It's fine. I know you were only trying to wake me up." Meatball nodded quickly after that, with its big eyes filled with tears. Yun Feng smiled. "However, physical pain cannot wake me up."

"Master, what happened exactly?" Little Fire was greatly relieved to see Yun Feng out. She was truly close to being completely swallowed a moment earlier.

Yun Feng managed a smile. "This place is called Nightmare. You have to go through your most painful memory, which is constantly replayed."

After Yun Feng said that, Little Fire and Lan Yi both nodded, deep in thought. "Brother Fire and I weren't affected. Was it because we don't have painful memories?" asked Lan Yi. Yun Feng nodded.

"Maybe. Human beings have the most complicated emotions, and can easily dwell on a certain memory. I was almost..." Yun Feng raised her head and looked at Qu Lanyi and Ao Jin, both of them seemed in a lot of pain. Yun Feng fell silent. Everybody had painful memories. What was Qu Lanyi and Ao Jin going through?

"Hu... Hu... Hu... Hu..." While Yun Feng was thinking, Ao Jin suddenly opened his eyes, with agony deep inside his golden pupils. He breathed heavily. The mental entity that floated above his head suddenly entered his body. There was cold sweat all over his forehead.

“Uncle Flirtatious!” Seeing that Ao Jin had woken up, Yun Feng walked to her delightedly, but Yao Guang, who had hidden himself again, suddenly said, “I suggest you not approach him just yet.” Yun Feng stopped. Ao Jin was still breathing heavily, with a twisted expression. His breath gradually became steady, but he clenched his fists tightly, unleashing a powerful aura.

“You forced me to remember the things that I had tried so hard to forget. Who are you? Get out! I’m going to kill you!” Ao Jin roared like a dragon. His voice echoed in this spacious area.

Yun Feng stood and watched Ao Jin’s craziness. She wasn’t like this when she left the nightmare. It seemed that Uncle Flirtatious had broken free in a different way.

After roaring that, Ao Jin breathed heavily, with his chest moving up and down and his golden pupils full of fury. If someone had manipulated the nightmare, Ao Jin would surely kill him no matter the cost!

“Stop being so noisy...” Another voice sounded, and Yun Feng’s eyes glittered. Qu Lanyi had opened his eyes. He was so exhausted that he was almost falling to the ground. Yun Feng quickly gave him a hand.

“Fengfeng, you’re fine. That’s great.” Qu Lanyi sounded quite weak and tired. Yun Feng was quite worried to see him like that. “Are you alright?” Yun Feng held him steadily, and Qu Lanyi managed a smile with his pale lips.

“No, not really...” He then passed out and fell into Yun Feng’s arms. Shocked, Yun Feng quickly opened her arms and held him. Feeling Qu Lanyi’s low body temperature and his exhausted mental strength, Yun Feng frowned, wondering what had caused him so much pain in the nightmare.

She cautiously sat on the ground with Qu Lanyi, who had completely passed out. His pale face made the red mole between his brows even redder than before, as if it were blood. Seeing how terrible Qu Lanyi’s condition was, Yun Feng could only hold him carefully. The recovery of mental strength needed time. Now that he had survived the nightmare, he should be safe.

Ao Jin finally calmed down after venting his fury for a while. His eyes glittered when he saw Yun Feng, and he strode to her. “Girl, it’s so great to see you fine!” Yun Feng smiled. Seeing Qu Lanyi who was unconscious in Yun Feng’s arms, he frowned and asked, “What happened to her?”

“She passed out because of exhaustion of mental strength,” replied Yun Feng. Qu Lanyi was half lying between her arms without moving at all. Ao Jin furrowed his brows, and sat down next to them. “Let’s have a rest here. We’ll proceed when she wakes up.”

Yun Feng nodded. That was the only choice now. Meatball jumped back to Qu Lanyi angrily, and glared at him who was lying in Yun Feng’s arms. Its teeth seemed to be moving, but eventually, it gave up the thought of biting him, and jumped to Yun Feng’s shoulder, deciding to go easy on him just for this time..

Chapter 472: It’s Mine (1)

Carson, Muqing and Xiaoxiao were still fighting their own nightmare, but their condition wasn’t too terrible. A while later, Carson was the first to escape from his nightmare. He opened his eyes with sweat all over his forehead in a trance. Soon, Muqing and Xiaoxiao both opened their eyes.

"I don't want to go through that again..." Xiaoxiao held herself tightly, and couldn't have appeared more vulnerable as a girl. Tears were rolling in her eyes. Muqing stood palely in silence.

Carson soon calmed himself down. He was old and experienced anyway. After regaining control of himself, he saw Yun Feng and her companions, and were shocked that they were all alive!

All the other explorers of the Cashya Empire, the Ovey Empire and the Shengyao Empire who came in had died. Those who came earlier must've perished here too. They probably didn't send a message because they were already frozen. There was no telling what kind of dangerous nightmare they went through.

As for those who had dispersed in the wind, they probably died dwelling on their painful memories.

Carson had already evaluated the situation again when others were still caught in the nightmare. Seeing Muqing and Xiaoxiao, he gritted his teeth and walked to them.

Muqing and Xiaoxiao came back to themselves. Seeing that they were the only survivors of Ovey and Shengyao, they were both stunned at the heavy loss. When Carson walked close, Xiaoxiao yelled, "Cashya, you're truly shameless!"

Carson raised his brows, and his face was full of anger. He was too powerful to stand the yelling of such a little girl! If they were in a different time and place, he would've slapped her to death long before she opened her mouth!

Muqing frowned and pulled Xiaoxiao's elbow. "You'd better not talk just yet. This must be the summoner of the Cashya Empire." Muqing smiled at Carson, who managed a smile.

"Indeed, I'm Carson, the summoner of the Cashya Empire."

"Is there anything you want to discuss with us?" asked Muqing casually. Carson's eyes glittered. "Of course, there is..."

They had stayed in this empty space for so long that they completely lost track of time. They didn't know how long it had been, or whether it was day or night. Qu Lanyi was still unconscious in Yun Feng's arms. He should've recovered some of his mental strength and woken up. Why was he still unconscious? Yun Feng watched the three people in the distance, and realized something.

"It seems that they are a team now." Yun Feng looked at Carson, Muqing and Xiaoxiao. There were no eternal enemies or friends, only the eternal pursuit of interests, which could change one's side easily.

"They don't look like nice people," mumbled and remarked Ao Jin. Yun Feng smiled. They must've joined their forces because Carson promised the other two people something. Yun Feng sneered. Last time they met, that old fart tried to rob her of Lan Yi. She would surely let him pay for that.

Feeling heat on her chest, Yun Feng was stunned. Her face turned red as she lowered her head, looking down at the man, who was supposed to be unconscious, moving closer to her breasts.

"QU LANYI!" Yun Feng gnashed her teeth. The man's head that was moving between her arms craned, showing a charming face. He smiled at Yun Feng. "Fengfeng, I've woken up."

She slapped him without a word, and the man who had been unconscious for days leaped agilely and dodged it. He seemed to have fully recovered. Ao Jin's lips twitched. He somehow found that woman extremely weird...

"Don't be upset. You should feel happy that I'm awake." Qu Lanyi approached Yun Feng with a smile. Meatball opened its mouth on her shoulder, and he instantly stepped back and cleaned his clothes. "I did nothing more than pretend to be asleep in your comfortable arms..."

Yun Feng blushed, and Ao Jin was confused. "Girl, why is your face so red?" When he asked, Yun Feng's face became even redder, which stunned him. After all, Yun Feng had rarely appeared so shy.

Qu Lanyi stepped up and blocked Ao Jin's eyesight. "Now that I've woken up, let's proceed." Ao Jin was rather angry, but Qu Lanyi kept smiling.

The other three people noticed it, and walked closer. Yun Feng resumed her normal expression. The redness on her face quickly fading.

Seeing them as a team, Yun Feng raised her brows. Carson opened his mouth. "They've agreed to take me in."

"Oh?" Yun Feng glanced at Muqing and Xiaoxiao, and eventually fixed her eyes upon Carson. "You should know that Cashya wasn't qualified to explore this place. They have no right to get anything from here. You're sharing your treasures with him."

"Stop sowing chaos! I'm only giving them a hand. I should be paid for that!" roared Carson, who looked at Yun Feng angrily.

"You're giving them a hand? I can do that too. How about it? I'm much more reliable than he is," said Yun Feng with a smile. That was good instigation. Carson would probably burst into fury soon.

Seeing that Muqing and Xiaoxiao were deep in thought, Carson's eyes were bloodshot. "Don't be too outrageous!"

Yun Feng simply ignored him. "I was just kidding. Now that you've reached your decision, I won't ask you to change it. I simply want to warn you that this dog bites."

Muqing and Xiaoxiao were both stunned. Carson was so exasperated that veins protruded on his forehead. Yet, there was nothing he could do about Yun Feng. At this moment, the ground underneath everybody's feet changed, and the most spacious road was paved up ahead, leading to an entrance at its end.

Yun Feng looked at the entrance. What awaited them there? "Let's go." Qu Lanyi grabbed Yun Feng's hand and Ao Jin petted her and said, "Girl, let's go.."

Chapter 473: It's Mine (2)

Little Fire and Lan Yi both followed Yun Feng. Yun Feng smiled. All of them moved forward.

Muqing and Xiaoxiao glanced at each other, and followed. Carson, blushing, also followed them, gnashing his teeth. All of them passed the entrance.

Soon after they passed the entrance, Yun Feng saw light that was even more dazzling than the sunlight. She slightly narrowed her eyes, and realized that Meatball was restless on her shoulder. It had already stood up, as if it was excited. Yun Feng moved towards the light, only to find it even more dazzling. She had to close her eyes, and Meatball had already dashed forward from her shoulder!

Shocked, Yun Feng reached for Meatball, but she couldn't keep her eyes open under the dazzling light. She only saw something jumping forward. When she was finally accustomed to the light and opened her eyes again, she was shocked.

"This is... This is..." Carson sounded quite excited in the rear. He staggered forward, with greed all over his face. What he was seeing was so tempting that he couldn't hold himself back any longer even though he was a summoner.

"Oh my god!" Xiaoxiao covered her mouth, and couldn't believe what she was seeing. "These are... These are all..."

"Ores. They're all high-level ores, and might even include ultimate ores," added Muqing calmly. He sounded calm, but his tone was shaking too.

In front of everybody was a small area where a lot of high-levels were glittering on the ground. They were the source of the dazzling light. Although this area wasn't very big, there were still an astonishing number of ores. Besides, they all contained shocking energy. All of them were at least high-level ores!

"Rare high-level ores in the outside world are like worthless grasses here," said Qu Lanyi in a low voice. Yun Feng was shocked too. If anyone were to take all of the high-level ores away, they would surely become the richest on the entire continent!

"We'll divide this area evenly!" roared Carson with bloodshot eyes. Never had he ever dreamed of seeing so many high-level ores in one place! It was impossible! Also, there might be ultimate ores here! Since there were so many high-level ores, it was possible that some of them were ultimate!

Yun Feng sneered. "Evenly? That's a sound plan. However, the three countries have agreed that whoever gets anything will keep it."

Carson held his breath, and rushed forward without hesitation. Muqing and Xiaoxiao took action quickly as well. Qu Lanyi couldn't help but put on a smile of disdain. Seeing that Yun Feng was not in a hurry at all, Ao Jin couldn't help but ask, "Girl, are we not going to do something?"

Yun Feng smiled and walked into the area unhurriedly. There were glittering high-level ores everywhere as she walked. They looked very attractive, but Yun Feng didn't stop at all. Muqing and the others were too busy collecting the ores to care about what Yun Feng was doing.

"That's fine. It's not high-level ores that I'm looking for." Yun Feng smiled and walked further inside. Both Little Fire and Lan Yi smiled. Indeed, there was another creature here. That was what their master wanted.

Reaching the central part of the area, Yun Feng looked around and called, "Meatball!" Meatball responded to her delightedly from the distance. Yun Feng smiled and walked to it. Meatball was the best radar to search for ultimate ores, so she certainly wasn't interested in the high-level ones.

They moved towards the source of Meatball's sound, not even bothering to look at the high-level ores. When they reached a section, Yun Feng clearly detected that some powerful energy was emitting from a place. After they walked a while, Yun Feng saw Meatball enjoying the food.

It was throwing ultimate ores into its mouth one after another and having a great time. Qu Lanyi couldn't help but feel regretful. It was such a shame that those ultimate ores were eaten by Meatball just like that!

Yun Feng realized that the reserve of ultimate ores was not nearly as large as that of high-level ores. They were only at the edge of this area. Also, this place seemed a little bit weird. She moved forward in the place of ultimate ores. The further she went, the fewer ultimate ores she saw, until they were gone.

"Is this it?" Yun Feng slightly frowned. Although she didn't see any ultimate ores, she could still feel the energy that ultimate ores contained. Their waves were quite powerful here.

There was nothing on the ground, but she could feel the waves clearly. Could it be... Yun Feng quickly lowered her head. Underground!

"Boom..." A gigantic explosion burst out, causing a huge earthquake on the ground. The entire area was trembling. Muqing and the others, who were digging high-level ores, were all shocked. Carson dug even faster! He had hoped to bring home more high-level ores, but it seemed that he had to stop because of the emergency. Seeing the high-level ores that he hadn't collected, his eyes turned bloodshot. He could've collected much more!

The earthquake continued. Crack! Crack! Crack! Yun Feng was shocked to see the cracks on the ground, which were already spreading out to her feet!

Someone suddenly erupted from the broken ground. Yun Feng hadn't quite figured out what it was, when that person had held her waist and taken her far away.

"Beauty, you might have been killed for your slow reaction."

Yun Feng heard a strange magnetic voice, and saw a pair of charming eyes that looked like peach blossoms. She grimly knocked her elbow backwards, and the man dodged her attack quickly.. "Beauty, is this how you repay the person who saved your life?"

Chapter 474: It's Mine (3)

Yun Feng was quite grim. She was no stranger to that face. She had seen the man outside of the auction house in Park City. He was here too! "Who are you? How did you come in?" The cracks on the ground were spreading. The man winked. His black short hair made him seem rather mysterious. He said with a smile, "This is not a forbidden place. I can come here just like everybody else."

"Boom..." An even more deafening noise echoed, causing yet another earthquake. Not far from Yun Feng, the ground suddenly fell apart, and countless stones and grains of sand flew towards them. "Earth

Shield!" Earth elements gathered in front of Yun Feng and blocked the stones. The man agilely jumped behind her Earth Shield. "Beauty, let me borrow your shield."

"You..." Yun Feng punched him without another word. At this moment, Qu Lanyi's anxious roar came. "Yun Feng, behind you!"

Yun Feng suddenly turned around. The Earth Shield in front of her had already been shattered. She narrowed her eyes and jumped back at an unbelievable speed. Then, an enormous glittering fist smashed into the ground where Yun Feng was standing!

There was a huge pit on the ground after the smash. Yun Feng dodged the attack, and had no time to care about the stranger anymore. Taking out the Monarch Level wand, Yun Feng roared, "Fire Arrow!"

Powerful fire elements were gathered into an arrow that darted to the gargantuan creature. Yun Feng seized the opportunity to move back and keep her distance from it.

"Hooooo..." There was a furious roar and a deafening noise. The Fire Arrow was shattered into smithereens and dispersed under the punch of the gargantuan creature!

Qu Lanyi quickly pulled Yun Feng to her. Little Fire and Lan Yi stepped up and protected Yun Feng behind their backs. Finally, Yun Feng was able to see what was in front of her. It was a mountainous creature that had glittering ultimate ores all over its body! It was a creature made of ultimate ores!

The ultimate ores in this area must've been gathered by this creature. The Divine Essence Grass had an associated beast, so it was not unusual that the ultimate ores had an associated beast when so many of them were gathered! No wonder no ultimate ores could be seen around here. It must've collected all of them!

"It's a rarely seen Ultimate Crystal Ore King," said Yao Guang in stealth as he sized up the Ultimate Crystal Ore King. "Its ultimate ore density is very high. Girl, if you subdue it, you will have an inexhaustible mother lode of ultimate ores."

"An inexhaustible mother lode of ultimate ores?"

Yao Guang cackled in a nasty voice. "Don't you know? The Ultimate Crystal Ore King not only attracts ultimate ores, but is also capable of producing them."

Yun Feng became excited. An inexhaustible mother lode of ultimate ores! If she had that, she would receive an infinite supply of ultimate ores, and the Yun family would rise to a higher level! She would have the Ultimate Crystal Ore King!

"It won't be so easy to be subdued. First of all, your magic attack is useless against it," said Yao Guang unhurriedly as he observed the Ultimate Crystal Ore King. "I can't help you. My attack is useless as well."

Yun Feng clenched her fists. So in conclusion, she could only finish it off with physical strength?

Yao Guang glanced at Yun Feng, and suddenly laughed with great amusement. "When did I tell you that physical attacks will work on it?"

Yun Feng was quite angry. The guy was just like before. He loved making fun of her, and adding to her trouble! Yun Feng clenched her fists and recalled her wand. Magic attacks were useless. Physical attacks...

She had to find out if they were effective! Yun Feng's eyes glittered and she made up her mind. "Little Fire, Lan Yi! Magic attacks don't work on it. Use physical attacks!"

At Yun Feng's order, Lan Yi had assumed its original form as a griffin. Although griffins' greatest advantage was their speed and wind element spells, they had sharp claws too!

"What an eye-opener." The man who had peach blossom eyes was rather surprised at the scene. "I thought it wasn't so hard to subdue this creature. It seems that I overestimated myself. Never mind. Beauty, I'll just give it away to you."

The three guys who were excavating high-level ores not far away were attracted too. They had already dug a lot of high-level ores, and had made a fortune, but when they saw the enormous creature, they were dumbfounded.

"Ultimate ores..." Carson's eyes turned bloodshot. His body shivered too. He almost wanted to dash forward and claim all the ultimate ores on the gargantuan creature! However, rationality soon got the better of him. He knew that it wouldn't be easy to fight that thing.

"How... is this possible?" Xiaoxiao couldn't quite believe what she saw. Muqing was quite excited too. They had just started exploring the gods' relics, but they already found it special and mysterious.

"Don't think about the ultimate ores. They're all Yun Feng's," said Muqing casually. Xiaoxiao nodded. They knew themselves very well. Carson silently put on a cold smile. Yun Feng's? They would be his sooner or later! He clenched his fists. Yun Feng could keep them for now, but he would get them.

"Bam..." A huge noise of collision burst out. Little Fire and Lan Yi had already launched an attack. They lunged forward, and showed their glittering claws!

"Hooooo..." The Ultimate Crystal Ore King let out a furious roar, and hit Little Fire's claw with power energy waves of the ultimate ores! A few ultimate ores dropped, and Little Fire's claw only left a shallow mark on the Ultimate Crystal Ore King's body!

Chapter 475: It's Mine (4)

"You've got a thick skin!" Little Fire roared. Lan Yi swooped and shrieked, attacking the monster in the head quickly with its sharp claw!

The monster furiously smashed back at the sky. Right at this moment, a tiny person rushed forward and soon reached the Ultimate Crystal Ore King. She stepped on the protruding ultimate ores on the monster, and quickly climbed to its chest!

Yun Feng clenched her fists, eager to find out whether or not her modified body could break the monster! "Try my punch!" Her fist smashed the monster's chest fiercely, causing a strong wind. "Bam..." A dull noise came from the monster's chest. Yun Feng felt that her arm was numb, and a stream of energy gushed from where her fist hit the monster. She narrowed her eyes and smashed her fist heavily!

“Bam! Bam! Bam! Bam! Bam!” Continuous noises of collision burst out on the monster’s chest. They were faster than anyone could imagine. Qu Lanyi looked at Yun Feng’s movement, shocked. She had dashed forward before he could hold her back. It was impossible for him to drag her back anymore. He bit his lips. “How reckless.”

Ao Jin watched Yun Feng punch consecutively, and felt that his blood was freezing. Hearing the dull noises, he could almost feel the force on Yun Feng’s fist. He was going to help her, but Yun Feng seemed to have a plan, and he feared that he might disrupt it. He could only be prepared to give her a hand if she needed it. He mumbled, “What’s she doing? Is she trying to punch through this thing?”

Carson and the others, who were hiding not far away, were stunned too. “Has Yun Feng lost her mind?” Xiaoxiao was completely stunned, and Muqing was in a daze too. However, the force of her fist was obviously not to be wielded by a summoner. It was as great as that of a warrior!

How is it possible? Muqing frowned and gazed at Yun Feng. Yun Feng, how are you capable of doing this? Is it possible that you...

Carson had the most awful expression. Clearly, there were a lot of things about Yun Feng that he didn’t know. He suddenly became greedy. That woman definitely had a lot more good stuff! She couldn’t possibly keep all of them!

Yao Guang, who had been hiding, had the most fun watching the battle. As Yun Feng punched, he laughed aloud. “Interesting. How interesting.” Everybody fixed their eyes upon Yun Feng. Her movement was indeed unbelievable, but it was truly happening right in front of their eyes!

Her consecutive punches obviously annoyed the monster, which smashed Yun Feng with both hands. Little Fire and Lan Yi both leaped and attacked, disrupting the monster’s attack.

“Good!” Yun Feng complimented them. The two Magic Beasts kept disrupting the monster’s attack. The monster only had two hands. When Little Fire and Lan Yi kept it occupied, it couldn’t counterattack when Yun Feng attacked it!

“I’ll continue!” Yun Feng waved her fist, and looked at the monster’s body that already had cracks. Her modified body was truly different. Other people’s physical attacks might be useless, but not hers!

“Bam! Bam! Bam! Bam!” Her fist collided with the monster again and again, and smashed the Ultimate Crystal Ore King’s chest as forcefully as a Magic Beast. Cracks appeared on the smooth surfaces of the ultimate ores, and were expanding. Yun Feng smiled. It seemed that she had chosen the right place to attack! That was the monster’s most vulnerable part!

“Ho...” The monster roared furiously. Ignoring Little Fire and Lan Yi’s attacks, it smashed Yun Feng with both fists. Seeing that, Little Fire and Lan Yi both shouted, “Master, dodge!”

Seeing that, Ao Jin soared as a golden streak of light, and Qu Lanyi quickly launched light elements towards her. However, the monster’s attack was too fast and would hit Yun Feng before their rescue arrived. Yun Feng was not dodging at all!

“Move away!” Qu Lanyi and Ao Jin both roared. Seeing Yun Feng’s stubbornness, both of them were anxious. If anything happened to her... Nothing could happen to her! Both of them were determined to protect her safety even if they had to be hit!

Both of them flew towards Yun Feng, trying to block the hit for Yun Feng. Xiaoxiao was quite anxious to see the scene. Carson simply cried in his heart, just go to hell!

The stranger who had been watching the drama clapped his hands. "The beauty has more pursuers. It seems that I have competitors. It won't be bad if some of them die here."

Both Qu Lanyi and Ao Jin were charging recklessly. Yun Feng had already detected the monster's heavy punch, but instead of dodging, she took a deep breath and clenched her fists again, smashing them down!

"Crack, crack..." The cracks on the ultimate ores on the Ultimate Crystal Ore King's chest expanded. Ignoring the wind behind her head, Yun Feng punched again. Suddenly, the ultimate ores on the Ultimate Crystal Ore King's chest fell, and inside the chest, there was something that was staring at Yun Feng with glittering eyes!

Putting on a smile, Yun Feng extended her arm through the broken chest fiercely, and snatched at the creature. "You're mine!"

The ultimate ores on the monster's chest had been completely shattered by Yun Feng's last punch. The monster's chest was not concrete, it was empty! Yun Feng's hand moved further inside, and the creature with glittering eyes suddenly flashed. Yun Feng felt that something brushed past the back of her hand. Then, it dashed out of the Ultimate Crystal Ore King, and wanted to run!

"You cannot get away!" Yun Feng roared.. Her mental strength surged out of her body, and caught the running creature quickly and precisely like an invisible hand!

Chapter 476: Yun (1)

The black shadow fled even faster. Yun Feng's mental strength hand also moved extremely quickly in the air. The Ultimate Crystal Ore King had already stopped moving and was standing there like a machine that had lost its heart. Qu Lanyi and Ao Jin couldn't help but heave a sigh of relief when they saw that. Seeing the figure that kept sliding in the sky, the two of them joined the hunting army.

All the dangers had been resolved. Little Fire and Lan Yi also joined the hunting team. They were all extremely fast, and several black shadows appeared in the sky. However, the thing that was running away was even faster than them, as if it was playing with them. Yun Feng could even hear faint laughter.

Yun Feng brushed past this thing several times and almost grabbed it with her big hand formed by her mental strength a few times, but the little thing escaped every time. Its body was unusually smooth and didn't feel rough at all. It was indeed difficult to grab it.

Yun Feng stopped and looked at the black shadows that were running around in the sky. She saw that it was moving freely and agilely. This little thing was obviously playing with them, using its incomparable speed.

As long as it was faster than this speed, she would be able to catch it! As soon as the thought flashed through Yun Feng's mind, a loud and clear cry quickly sounded. "Nana!" This loud voice made Yun Feng smile unconsciously. Meatball, which was even faster than her, had appeared!

Meatball's joyful cry resounded in the sky. A black shadow dashed towards the fleeing figure in the sky. Unexpectedly, the little thing, which was playing with everyone, seemed to have met its natural enemy and suddenly panicked. It sped up again, but its escape route was messy, as if it was running around randomly. After bumping around in the air for a while, it ran towards Yun Feng desperately and jumped into her arms!

Yun Feng was stunned. The little thing jumped straight into her arms. Yun Feng could only reach out and hug it immediately. She felt the coldness all over its body and a comfortable feeling came from her hand. There wasn't a trace of roughness at all. It was completely smooth and delicate. The little thing shivered and burrowed straight into Yun Feng's arms. It was obvious that it was terrified.

Yun Feng lowered her head and finally saw what it was. It didn't have any fur at all and its entire body was covered in a crystal clear luster. Yun Feng's hand gently slid over the little thing's head. The little thing immediately raised its head and looked at Yun Feng pitifully. It looked like a squirrel, but it was several times larger than a squirrel.

"Nana!" Meatball's voice had already arrived in front of Yun Feng's eyes. Yun Feng only saw that the little thing in her arms was so scared that it wanted to run away again. Yun Feng held it tightly. "Meatball! Stop!" After shouting, Meatball immediately stopped. Yun Feng looked at Meatball's drooling face and smiled helplessly. This little thing was the so-called Ultimate Crystal Ore King.

Meatball wanted to eat it. No wonder it was so scared.

Meatball's fluffy body jumped onto Yun Feng's shoulder. Yun Feng could feel a burning gaze coming from Meatball's eyes. However, this thing couldn't be eaten. It was equivalent to an inexhaustible mother lode of ultimate ores!

"You can't eat it. You can only have unlimited ultimate ores if it's alive," said Yun Feng. Meatball cried out in grievance. After all, it was a bit uncomfortable to be unable to eat when delicious food was around. Yun Feng smiled and turned around to look at the giant, motionless crystal creature.

"If you want to eat it, that's for you." Yun Feng pointed. Meatball's body immediately flew out. That mountain-like creature's surface was full of ultimate ores! It probably contained all the ultimate ores in this area!

After Meatball left, the little thing that was shivering in Yun Feng's arms finally calmed down. Qu Lanyi and Ao Jin walked over and looked at the little thing curiously. "What's this? An ore?" Ao Jin narrowed his eyes and stared at it for a while, then said.

"This must be the so-called spirit of ores." Qu Lanyi chuckled. "With it, Fengfeng will have a lot of help."

"Congratulations, beauty!" A lazy voice sounded. The few of them looked up and saw the man with peach-blossom eyes walking over. Those dark eyes seemed to be emitting infinite electric waves, but they were useless on Yun Feng.

"There's someone else here." Qu Lanyi narrowed his eyes and looked at the man with peach-blossom eyes. He didn't show any special hostility to the man who suddenly appeared.

"I didn't expect there to be another beauty." His peach-blossom eyes raised slightly as he sized up Qu Lanyi and smiled. "She's just a transvestite."

Yun Feng was stunned. Ao Jin suddenly glanced at Qu Lanyi, a bit startled. "What did he say you are?" Qu Lanyi chuckled and twisted her body gently. "Didn't you hear me? I said transvestite?"

The little thing in Yun Feng's arms moved. The man with peach-blossom eyes lifted his lips. "Aren't you going to put it away? This thing can turn a saint into a devil."

Yun Feng glanced at Carson and the others, and immediately put the little thing into her bracelet. The little thing didn't resist. Perhaps it had a good impression of Yun Feng, or it wouldn't have jumped into Yun Feng's arms when it was running for its life.

"Who are you?" A furious roar came. Carson's face darkened. He looked at the man with peach-blossom eyes, who was standing there, as if he was an intruder who had trespassed on his territory. In Carson's mind, the man with peach-blossom eyes was such an enemy.

The man with peach-blossom eyes raised his eyebrows, but didn't answer Carson. Muqing and Xiaoxiao didn't look friendly either. "Who are you? How did you get here? You're know the gods' relics well!" Carson roared at his eyes like an enraged leopard.

Yun Feng frowned. "You don't know where you are?"

"Yun Feng, you brought him in?" Carson glanced at Yun Feng and said in an unfriendly tone. Yun Feng looked cold. "What right do you have to question me? If he's a trespasser, what are you? Besides, this place doesn't belong to anyone. Everybody may come."

"What did you say? Of course it belongs to the four empires! Only the four empires can explore this place! Everything here belongs to the four empires!" Carson said with bloodshot eyes. Ao Jin snorted in disdain. "Greedy indeed.."

Chapter 477: Yun (2)

"Tsk, tsk. You sound so righteous. Is this place yours? Why are you yelling so loudly?" The man with peach-blossom eyes smiled. Carson blushed. Muqing and Xiaoxiao didn't say anything. In the end, Muqing said, "Never mind. It's useless to argue."

Carson was a bit reluctant after hearing that. One more person meant one more competitor. Did they not understand this? Carson was about to say something, when Muqing glanced at him coldly. "Xiaoxiao and I are not as dissatisfied as you are."

Carson wanted to say something, but he could only stand there with a red face. He deeply understood that he was only here because of Muqing and Xiaoxiao. If he pissed them off, he would probably be the next one to be expelled. Carson had obtained a lot of high-level ores, which weren't enough to satisfy his appetite. He believed that there would be even more precious treasures here. He couldn't be kicked out! Carson glared at Yun Feng angrily and didn't say anything else.

The man with peach-blossom eyes smiled and gave Yun Feng a standard gentleman's bow. "Thank you for your kindness, Beauty. I can't possibly repay you..."

Qu Lanyi's face darkened, and so did Yun Feng. She immediately interrupted him. "No, I didn't help you."

The man with peach-blossom eyes straightened his body and looked at Yun Feng with a smile. "I was just kidding."

Yun Feng turned around and looked at Meatball, who was eating happily next to the hill. When Carson and the other two saw that the ultimate ores were all in Meatball's mouth, their expressions were really indescribable. "That's... ultimate ores! How can it?" Carson's eyes were red. He wanted to rush over, but luckily, he stopped himself. Yun Feng looked at the creature made of ultimate ores, one third of which had already been eaten by Meatball!

A third of the ultimate ores entered Meatball's stomach!

"Aren't you afraid of exploding?" Yun Feng stepped forward and picked up Meatball's body with one hand. The little guy was eating happily with an ultimate ore in its claws and it was stuffing it into the mouth. Yun Feng glanced at Meatball's little body. Its body didn't change at all after eating so many ultimate ores. Was it the same as Yao Guang? Was its body like a bottomless pit?

Yao Guang once swallowed dozens of boars and Meatball swallowed so many ultimate ores. Although their food was fundamentally different, it was food anyway. Yun Feng glanced at the remaining ultimate ores. Meatball had probably eaten hundreds of ultimate ores.

"Are you that hungry?" asked Yun Feng. Meatball nodded again and again. Yun Feng shook her head helplessly. "Even if you want to eat more, you can't." She patted Meatball's body gently and picked up a ultimate ore to observe it carefully. Some ultimate ores were better than others. The purity of these ultimate ores was first-rate and they were the most precious.

Yun Feng smiled at Qu Lanyi and Ao Jin. "We found them."

Both of them put on a gratified smile. Qu Lanyi walked forward and picked up a few pieces. "It's useless to ask for more. It's better to be down-to-earth on the path of cultivation. These can be exchanged for a lot of money. Maybe we can get something good."

Ao Jin also walked forward and rubbed Yun Feng's head with his big hand. He bent down and took a few pieces too. "That's enough. Just these few pieces. I don't lack these."

Ao Jin wasn't unreasonable. He was the Young Master of the Dragons. How would the Dragons lack rare ores when they were so greedy for treasures? Perhaps the wealth they accumulated was unimaginable for humans.

Yun Feng smiled helplessly. The two of them only took a few pieces of the ultimate ores, but they left her an astronomical amount of money. Carson was so jealous that his eyes were bloodshot. Please give it to me if you don't need them! Although he thought so in his mind, he didn't dare to say it out loud. Xiaoxiao and Muqing didn't feel good either. They thought that the high-level ores they got were already very good and they were already satisfied. However, they felt very disappointed and dissatisfied right now. They only felt that it was a drop in the bucket. There would always be something better ahead.

Meatball's eyes glittered as it stared at the pile of ultimate ores. Yun Feng put some effort into collecting the ultimate ores on the ground. After a rough estimation, there were already two thousand ultimate ores. Two thousand ultimate ores... Perhaps Yun Feng was the only person on this continent who could be so rich.

The man with peach-blossom eyes looked at Yun Feng with a smile and didn't show any interest in the ultimate ores. After Yun Feng packed up, he approached her with a smile. "Beauty, it's fate that we meet. Why don't you take me with you?"

Yun Feng glanced over. This man was suspicious in the way he appeared and the place he appeared. His identity and intentions were unknown. However, she was certain that he was the one who lured the Crystal Ore King out.

"You can follow her, but stay away from her." Qu Lanyi walked over and stood in front of the man with peach-blossom eyes, separating him from Yun Feng completely. He glanced at Qu Lanyi and suddenly smiled. "Sure, no problem. I don't want to get too close to a transvestite either." He stepped back as he spoke.

Yun Feng's temples throbbed. "Let's go. If you want to stay here any longer, feel free to do so." After saying that, Yun Feng walked forward. There was no longer any value for her to explore this place, so the few of them kept moving forward. Carson and his companions glanced at the high-level ores on the ground reluctantly. However, they couldn't arouse any excitement at this moment. In the end, the three of them followed her in a hurry. As long as they saw the best, they would be unwilling even if they couldn't get it. They would also resent what they had.

"Beauty, it must be God's arrangement for us to meet again."

"Beauty, do you like transvestites? What's so good about them?"

"Beauty, don't you think I'm beautiful?"

"Beauty..."

"Shut up!" Yun Feng's voice came coldly, and her face was already covered in dark clouds. She closed her mouth obediently with a smile at the corners of her peach blossom eyes. Qu Lanyi was gloating on the side. Ao Jin didn't look happy either. This man was too talkative!

"I'm not a beauty. If you keep calling me that, you'll be gone!"

The man with peach-blossom eyes chuckled. "In that case, I'll call you Yun Feng.. How does that sound?"

Chapter 478: Yun (3)

Yun Feng glanced at him. "Whatever."

The corners of his peach-blossom eyes widened and he looked very happy. "Feng, you can call me Changge."

Yun Feng suddenly had goosebumps. Qu Lanyi and Ao Jin both became sullen. Both Little Fire and Lan Yi remained silent. Yun Feng pursed her lips. "Don't call me Feng. Only my family can call me that."

The man with peach-blossom eyes touched the corners of his lips with his slender and fair fingers. His red lips were full and shiny, as if he was tempting someone to taste them. "Only family? Then I'll be your family. Do you think I can be your husband?"

“Are you done talking?” Yun Feng’s face was already extremely ugly. She had already clenched her fists and had the urge to punch this face. The man with peach-blossom eyes smiled and stopped talking sensibly. He shrugged and closed his mouth. After a moment of silence, he suddenly said again, “Consider me. I’m serious.”

Yun Feng ignored him. She kept staring ahead with her black eyes. They had already reached the end of this ores area. A huge door appeared in front of her eyes. Yun Feng looked at the complicated patterns on the door with her eyes slightly darkened.

“It seems that we’ve finally reached the central area of the gods’ relics,” said Qu Lanyi softly. Yun Feng nodded as her mental strength surged out and turned into an invisible hand that slowly covered the giant door. With a push, the giant door that had been sealed for an unknown period of time was finally open. As the enormous hoarse voice came, the door slowly opened in front of everyone.

“Let’s go,” said Yun Feng as she walked inside. The group of people followed her. It was a dark road that seemed to be an endless corridor. The sound of footsteps echoed here and there. It was empty all around, and they couldn’t see what was on the road. There was only a dim yellow light shining on the road in front of them.

Yun Feng suddenly stopped, and so did the people behind her. This was a fork in the road. The four roads were separated and each led to a different direction. Yun Feng knew at a glance that these were the four areas marked on the map with different functions. The marks on the map were completely blurred. Yun Feng couldn’t remember which area the road led to. She had never had the chance to observe the map on this road.

“There are words.” Xiaoxiao’s voice came. Everybody looked at it. On the wall next to them, there was a line of words: Don’t go back.

Yun Feng frowned. It seemed that she would have to keep going if she chose a path. It was impossible for her to come back and change her route. “We’ll choose first!” Carson said. He mumbled to Xiaoxiao and Muqing for a while. There was a smile on Carson’s face. “Yun Feng, you didn’t forget the rule you set, did you?”

Yun Feng raised her brows. She already knew what Carson was planning. She sneered. “Of course not. The three empires can’t walk the same path.”

“Very good. If you haven’t forgotten, the three of us will each choose one, and you will go to the last one.”

Yun Feng chuckled. “Sure, but the three empires made the deal. You’re not included.”

Carson’s face darkened. “Do you have to steal it from me?”

Yun Feng burst into laughter. “You’re wrong. It’s not yours to begin with. Why should I steal it?”

Carson’s face darkened. He knew without thinking that he was completely at a disadvantage this time. Yun Feng glanced at the three of them indifferently. “Choose. I’ll wait.”

Xiaoxiao and Muqing both smiled in relief. The two of them quickly chose a path and walked in. Carson stood there with a pale face and gnashed his teeth. He looked at the remaining two paths and randomly chose one.

“What should we do?” Ao Jin looked at the other path and scratched his head in frustration. “Who cares about the rules? Just walk straight!”

“The Fengyun Empire has to look nice.” Qu Lanyi snorted in disdain and looked around. “Meatball, lead the way.”

Meatball on Yun Feng’s shoulder suddenly stood up and jumped on Little Fire’s head with its little body, barking a few times in a low voice. After hearing that, Little Fire said, “It says that all roads lead to the same place.”

They were all shocked when they heard that. Yun Feng took out the map. The man with peach-blossom eyes was very curious. “Do you have the map?”

Yun Feng didn’t answer. She looked at the area marked on the map carefully. The four regions were located in a semicircle. Yun Feng looked carefully again. The four regions were semi-circular, but the other half was empty!

“In that case, let’s choose whatever we want.” Yun Feng put away the map and chose one of the two remaining paths. “It’s up to you to choose which path you want.” Yun Feng said to the man with peach-blossom eyes. The man with peach-blossom eyes smiled. “I’ll follow the path you choose.”

Yun Feng ignored him and walked in first. Qu Lanyi and Ao Jin followed behind her, and the others all followed. This place was unusually quiet. After walking through the long passage, Yun Feng and the others finally arrived at the area they were looking for. It was a semi-circular area. Some buildings were scattered messily in this area. Some were intact and some were broken walls.

There should have been a group of people living here. Yun Feng looked at these buildings and the division of these areas. The group might have thrived here until it was completely destroyed. According to the crystal area they just passed, this group should be a rather rich one. If it still existed, it would undoubtedly be the strongest.

The few of them walked among the buildings and looked at the scale of the buildings. Even though it had been quite a long time, they could still detect the traces left behind by previous residents here. Yun Feng observed for a while and finally came to the conclusion that the area they entered should be a residential area, because most of the houses here were occupied and there was nothing else.

Along the way, some houses were broken and some were intact. Even the decorations inside were still there. Yun Feng couldn’t help but feel shocked. After so many years, this place was preserved to such a degree. She had to say that it was a miracle.

When they passed by a house, Yun Feng’s gaze stopped at a certain place. On the door of this house, there was a copper coin-like mark on the upper right side of the door. It was very blurry and she couldn’t see what exactly was engraved. This should be the badge of this family..

Chapter 479: Yun (4)

She didn't stop for long and continued moving forward. After seeing the badge, Yun Feng subconsciously found that there was this mark on almost every door that was perfectly preserved. Had this group really disappeared completely? Or were they wiped out here?

"It seems that we've come to the end." Qu Lanyi's voice came softly. The houses on both sides of the street had already reached the end. It seemed that the four regions did lead to the same place, because Yun Feng had already seen Carson, Xiaoxiao and Muqing. When they met again, the three of them were all shocked. Carson was not only shocked, but also exasperated.

"Did you find anything?" Carson looked at them gloomily. Xiaoxiao and Muqing both shook their heads. "No, nothing."

Carson glanced at Yun Feng. Yun Feng smiled. "You think I did?"

Carson pursed his lips. "Fuck, this is just an empty shell! Nothing!"

Xiaoxiao and Muqing also looked awful. They didn't find anything at all. They searched all the corners, and it was exactly as Carson said. This place was indeed like an empty shell. Did they come here risking their lives just for some high-level ores? High-level ores weren't very rare. They weren't worth it at all!

"Someone must've come first and looted everything." Carson looked at the man with peach-blossom eyes, who sneered. "Am I that lucky?"

"It's none of your business whether you're lucky or not. You get what you deserve to get," said Yun Feng. Carson's face suddenly darkened. Xiaoxiao and Muqing were the same. They didn't have the ability and certainly didn't get anything. Even if that man took everything away, they couldn't interfere.

"I knew you would help me." The man with peach-blossom eyes chuckled. Qu Lanyi replied coldly, "Fengfeng wasn't helping you. She just didn't want trouble."

"Nana!" Meatball cried. Little Fire's voice came from Yun Feng's mind. "Master, Meatball said there's a road ahead."

Yun Feng glanced over with her black eyes. They were in a small square. One side of the square faced the four regions and the other side was full of stone walls. It was a dead end. Yun Feng knew clearly that the empty area on the map was where the value of exploration lay!

Under Meatball's guidance, Little Fire kept walking around the wall. Nobody knew what it was doing. Xiaoxiao and Muqing were already considering how to go back. Carson was silent. Apparently, he wasn't willing to leave just like that. However, he couldn't stay here if they left.

Little Fire finally stopped. Meatball cried again and Little Fire nodded. It suddenly swung its wolf claws forward and hit the stone wall in front of it. Tiny cracks appeared on the surface of the stone wall. Little Fire slapped it a few more times. Finally, a door appeared with the sound of stones cracking.

"Master..." Little Fire's startled voice sounded. Yun Feng walked over with a frown. Little Fire's banging on the stone wall had already attracted everyone's attention. They all came close. When they saw that a hidden door suddenly appeared, Carson and his companions suddenly felt passionate. It seemed that the exploration wasn't over yet!

Qu Lanyi, Ao Jin, and the man with peach-blossom eyes all came close. Carson and his companions could only stand a little further away. They were all a bit shocked when they saw the door. Yun Feng walked over and glanced at the door. The door was perfectly preserved, as if it were new. There was even a faint luster. In the upper right corner of the door, countless marks that Yun Feng had seen appeared again, and this time, they were completely clear.

“Ancestor...” Yun Feng’s voice echoed in the bottom of her heart as she called the ancestor of the Yun family who lived in her spiritual space. The ancestor’s voice was silent for a while before it finally sounded. “I see it...”

In the middle of the upper right corner of the door was an extremely familiar word: Yun!

Yun.

Yun Feng looked at the engraving on the top right of the door in front of her. There was a complicated symbol there. Even though the multiple strokes and structures were complicated, Yun Feng recognized that word. It was Yun, as in the Yun family!

“Ancestor, do you know something?” Yun Feng asked softly in her mind. She was a bit dazed for a moment. Why was there a mark of the Yun family in the gods’ relics? Was this place related to the Yun family? Hadn’t the Yun family been based in Chunfeng Town? Why did they leave their footprints here?

“Kid, I’ll have to disappoint you. I’ve been to the gods’ relics before, but I didn’t come here. I don’t know anything about it.” The ancestor’s voice trembled slightly. As one of the oldest members of the Yun family, he was also confused. Why was there a mark of the Yun family here? What exactly was the connection between them? Or maybe, the ancestors of the Yun family had been hiding something for countless years?

“The word ‘Yun’ doesn’t mean that it has anything to do with the Yun family.” Qu Lanyi said casually. The man with peach-blossom eyes raised his eyebrows and rubbed his chin with his finger. “A family that can give birth to a summoner is never simple.”

The few of them looked at the man with peach-blossom eyes one after another. He smiled and explained generously, “It has been proven that the families that give birth to summoners will more or less achieve something, or have a shocking background.” He looked around. “This might be the place where the ‘Yun’ family lived.”

Yun Feng’s heart tightened. How enormous and powerful must the family that lived in such a place have been? If it were really such a family, how could it have disappeared without a trace? Shouldn’t it be thriving?

“Don’t make wild guesses. You’ll know when you go in.” Ao Jin looked at Yun Feng, and Yun Feng looked at the door in front of her. She also wanted to know what exactly was in the blank area, especially after seeing this mark! Was it really related to the Yun family? Or was it just a coincidence?

Yun Feng slowly put her hand on the door. All of a sudden, a strange feeling spread all over her body through her hand, as if it was a mysterious test.. It kept running all over Yun Feng’s body, not letting go of any place, not even the blood flowing in her veins.

Chapter 480: The Yun Family’s Roots (1)

The ancestor who lived in the spiritual space clearly felt this kind of fluctuation. It was an invasive energy fluctuation, but it carried an irresistible seriousness and solemnity. It was like a ritual and also a kind of certification.

“Crack.” Something moved and a clear voice sounded in everyone’s ears. Yun Feng exerted a little force and the door in front of her was already pushed open slowly. What was hidden behind the door? Was it about the Yun family?

A dazzling white light burst out of the door. Before Yun Feng could react, it had already engulfed her body. Seeing that, Qu Lanyi, Ao Jin and the man with peach-blossom eyes all reached out their hands to grab Yun Feng at the same time. However, the dazzling white light avoided everyone and bit Yun Feng’s body like a giant beast. In the next second, she was already dragged inside!

“Master!” Little Fire and Lan Yi moved. They turned into two beams of light and chased after Yun Feng quickly, entering the Rings of Contract. The moment Yun Feng, Little Fire and Lan Yi disappeared, the door that was opened suddenly closed again with a loud noise.

“Boom!”

Meatball’s little body fell on the ground in a mess. Little Fire had gone in, but it was completely isolated. Meatball yelled fiercely at the door and opened its mouth to bite it, but the door wasn’t damaged at all.

“Stop biting. You won’t be able to break it.” Qu Lanyi stepped forward and lifted Meatball up with one hand. Meatball’s fur immediately stood up like thorns and it became a little hedgehog. It yelled at Qu Lanyi fiercely. It didn’t like anyone except Yun Feng, so it could only be touched by her.

Qu Lanyi put on a cold face and threw Meatball aside. “You think I want to touch you? Behave yourself.”

Meatball’s body flipped in the air. Yun Feng was no longer here, so Meatball was no longer cute. Its fierce expression made the others a bit shocked. It was as if Meatball had changed into something else. In front of Yun Feng, it was was an angel, but behind Yun Feng, it was was a demon, even fiercer than a demon.

“She’s in! Open the door, or she’ll take everything inside!” Carson dashed forward. Qu Lanyi, Ao Jin, and the others all looked at him coldly. None of them stopped him, as there was no way that he could open the door.

As soon as Carson’s hand touched the door, his body suddenly twitched as if he had been electrocuted. The veins on his neck all bulged, as if he was enduring some unknown pain. His face turned red and his eyes almost popped out. Xiaoxiao and Muqing were a bit shocked to see that. Carson pulled his hand back with difficulty and his body had already collapsed on the ground. He was sweating and his lips were pale.

“What... What’s going on... Why... Why...” Carson stared at the door. Why was that little girl the only one who could get in? He was as much a summoner as she was! If she could get in, he should be able to!

Carson didn't believe it. He rushed forward again and deliberately showed the Ring of Contract on his hand. However, the door still didn't acknowledge him. Carson fell on the ground again in a sorry state with an expression of disbelief.

"Didn't you see the mark on the door?" Qu Lanyi said coldly. Carson, Xiaoxiao and Muqing finally looked up. When they saw the mark, their hearts shrank. How was that possible?

Ao Jin stared at the door with his golden eyes and said casually, "Nobody can open this door except Yun Feng. This door may belong to the Yun family. Or maybe, everything here belongs to the Yun family."

Carson, Xiaoxiao and Muqing all shivered. This place belonged to the Yun family? What did that mean? What was the Yun family hiding? The three of them stood there with pale faces. They didn't know what they were thinking. They were probably too shocked. Even Carson, who had seen the world, couldn't help but be dumbfounded.

"Is there really no way to open it?" Qu Lanyi looked at the door. Even though the mark on the door was Yun, it wasn't necessarily harmless to Yun Feng. What if there was danger inside?

Ao Jin shook his head. "Can't you feel it? That door rejects everything except the girl, be it humans or Magic Beasts."

The man with peach-blossom eyes glanced at Ao Jin. "Tsk, tsk. I didn't know that you weren't a human being."

Ao Jin glanced at the man with peach-blossom eyes with his golden pupils with an inexplicable pressure. This human who suddenly appeared here made him very uncomfortable, especially with his casual attitude towards Yun Feng, which made Ao Jin even more furious in his heart. However, the current situation didn't allow him to lose his temper. He had to wait until Yun Feng came out safely.

"We... We should get out of here as soon as possible." Xiaoxiao stood there with a pale face and her voice was a bit shaky. She looked at Muqing for help, and when she glanced at Qu Lanyi and the others. There was inexplicable fear in her eyes.

Xiaoxiao couldn't be blamed for losing her composure. With Yun Feng here, Xiaoxiao still felt a bit safe. However, after Yun Feng was swept into this door, the three people in front of her always emitted a weird aura, which made Xiaoxiao feel inexplicably uncomfortable.

Muqing also nodded, but his brows were tightly furrowed. Get out? He wanted to get out too, but there was no way out right now!

"Get out? You're leaving? The real good stuff is behind that door!" Carson couldn't help but feel anxious after hearing what the two of them said! They were indeed unreliable brats. They were all scared out of their minds!

"Carson! If you want to stay, just stay! We've already got quite a lot of things. We can go back and report!" Muqing roared. He also understood the current situation. If this place was truly the Yun family's territory, they wouldn't be able to take anything away until Yun Feng came out! Even though there were only some high-level ores, it was better than returning empty-handed!

“What do you two brats know?” Carson roared with bloodshot eyes. Xiaoxiao and Muqing’s faces changed abruptly. “Don’t forget that the Cashya Empire violated the agreement. I think you didn’t report your decision to your emperor!” said Xiaoxiao. Right then, a teleportation array suddenly appeared next to the door.. Muqing and Xiaoxiao were thrilled to see it.
