

Summoner 481

Chapter 481: The Yun Family's Roots (2)

"We'll be leaving. We didn't take anything. It's just some ores." Xiaoxiao said a few words to Muqing and quickly walked into the array. Qu Lanyi looked at the two of them and smiled coldly. "Don't worry. I'll relay your message."

The two of them didn't dare to stay any longer. They stood in the array and instantly disappeared. It was hard to say if this array was a way out or not. Seeing that the two of them abandoned him just like that, Carson couldn't help but feel like a volcano was erupting in his mind. However, the few people in front of him made him less willing to stay.

Carson got up from the ground and dashed into the array. Qu Lanyi raised his eyebrows. "You're leaving too? You're not staying any longer?"

Carson wished he could gnash his teeth. In the end, he didn't get anything except some ores! That was nothing! He had also made the position of the Cashya Empire rather dangerous. Thinking of this, Carson felt that his face turned green and red.

"It's good to go back. Go home and make preparations, or nobody would know if you get killed." Qu Lanyi put on a cold smile. Carson's scalp suddenly became numb, and he disappeared in the array the next moment. Ao Jin and Qu Lanyi both looked at the man with peach-blossom eyes and laughed.

"I'm not leaving. I fell in love with the little beauty at first sight. We'll live and die together."

Ao Jin narrowed his golden glasses, emitting dangerous glitters. A layer of coldness also covered Qu Lanyi's charming facial features. Seeing the expressions of the two of them, he curled his lips. "It's hard not to fall in love with someone like that, especially for people like us."

Qu Lanyi raised his eyebrows. "People like us?"

There was a smile in his narrow eyes. "That's right. People like us."

Golden light flashed and Ao Jin's hands had already changed under this golden light. A glittering object with golden light appeared. It was the golden scales that were unique to Golden Dragons! Partial Dragon Transformation!

The teasing look on the man with peach-blossom eyes' face was gone, and his casual attitude was gone too. Apparently, his provocations had made Ao Jin lose his patience. "Hey, hey, hey! Are you serious? The little beauty is still inside. Aren't you worried that she'll fight here?"

The man with peach-blossom eyes flashed and he had already moved a long distance away. He looked at Ao Jin's hand that had completely transformed into a dragon and frowned hard. Damn it, it was a dragon! And judging from the color of the scales, it was a Golden Dragon!

"I'm not worried about her at all. Since I have nothing to do here, I'll just take you for fun!" Ao Jin flashed and rushed over after saying that. The man with peach-blossom eyes immediately dodged quickly, and his speed was comparable to Ao Jin's!

“Transvestite! Say something!” the man with peach-blossom eyes shouted as he ran, looking very embarrassed. Qu Lanyi crossed his arms and gave him a charming look. “Since I’m a transvestite, I’ll certainly watch you fight.”

Ao Jin and the man with peach-blossom eyes chased after each other. It was unknown if Ao Jin deliberately went easy on him or if the man with peach-blossom eyes was strong, but the two of them didn’t have a clear winner. Qu Lanyi stood outside the door and stared at the door. He touched his chest with his hand and the jade pendant on his skin was under his palm.

“Yun... Yun...” Qu Lanyi mumbled as a glint of darkness flashed through his eyes.

Yun Feng was pulled into the door forcefully by a dazzling light. When the sound of the door closing came from behind her, the mental strength in Yun Feng’s entire body surged out violently and formed a dense protection net around her. There was only darkness in front of her eyes, but after a while, the darkness slowly faded, like the rising sun. Warm light scattered down and dispersed the darkness.

After the darkness was completely dispelled, Yun Feng also saw where she was clearly. This was a small room with a door on one side of Yun Feng. Yun Feng turned around and saw that the door she entered just then had completely disappeared. There was nothing in this room except two two two-meter tall statues holding weapons.

Yun Feng stood where she was and didn’t move at all. The disappearance of the door meant that she had no way out. Looking at the door in front of her and the two weapons at the door, she only had one choice. She pushed the door open.

Yun Feng took a deep breath. She had just moved her feet when the statues on both sides of the door suddenly opened their eyes. “Whoosh...” A clear sound of wind flashed and Yun Feng’s body spun agilely. “Whoosh...” Another sound of wind came. Yun Feng’s toes suddenly tapped on the ground and her body suddenly left the ground!

“Bang...” “Bang...”

Two loud sounds echoed in this space. Yun Feng’s body had already fallen from the sky, and there were two giant swords where she was standing just then. The wielder of these two giant swords was a statue that suddenly came to life!

The arms of the two statues suddenly lifted and the giant swords were already pulled out of the ground. Their bodies and appearances were the same as humans, especially after they could move. The dust and mud on their bodies kept falling off. Yun Feng narrowed her eyes. If it weren’t for their stiff movements and posture, if it weren’t for their lifeless eyes, Yun Feng would’ve thought they were alive!

The statues couldn’t talk. They only had one purpose. Attack, attack, attack!

“Fire...” Yun Feng flipped her hand, but her black eyes widened. The attack of the statue came like the wind, showing no mercy at all! “Bang!” Another vicious attack left another crack on the ground. Yun Feng’s body flashed keenly and she clenched her fists tightly. There were still traces of the battle with the Crystal King.

“Ha!” Yun Feng shouted angrily as she faced one of the statues. The statue had already slashed at Yun Feng’s head with its giant sword in its hand. Its cold eyes and expressionless face were all suffocating with death!

“Crack.”

Yun Feng’s fist had already hit the statue’s elbow hard. There were obvious cracks on the statue’s arm, as if the stone had shattered, but not completely. The statue’s body shook a few times. Yun Feng took the opportunity to jump aside, while the other one had already attacked!

Space was sealed. All the magic elements in the space here had been sealed! Yun Feng quickly dodged the attacks of the two statues and frowned.. She wanted to use magic just then, but there was no elemental energy in the air at all! To be clear, this was a world of pure physics. If she didn’t shatter these two statues, she would die here sooner or later!

Chapter 482: The Yun Family’s Roots (3)

“Clang!” The sword of the statue cut into the wall and the stones shattered everywhere. The attack of the two statues undoubtedly reduced Yun Feng’s chance of counterattacking by half! Yun Feng gritted her teeth. Although she liked to use her fists to deal with her enemies, it was obvious that the hardness of their bodies was beyond her imagination!

Perhaps Little Fire and Lan Yi could help her!

“Little Fire, Lan Yi, come out!” Yun Feng’s call echoed in this space, but there was no movement at all. The Rings of Contract were quietly worn on her hand and there was no movement at all! Yun Feng’s face darkened. Even her contracts had been blocked!

Little Fire and Lan Yi played a huge part in breaking the protection on the Crystal Ore King’s chest. Yun Feng was fighting against two enemies at this moment. In this unfair situation, losing the help of the Magic Beasts would undoubtedly make things worse!

Dodge, spin, and counterattack! That was the only thing Yun Feng could do at the moment. She constantly moved body in this space, and the loud noise of the swords in the hands of the sculptor constantly echoed when they hit the ground and the walls!

Yun Feng’s breathing was already a bit chaotic. She was a human being. Even if her body had already been modified, she wasn’t omnipotent, and certainly not someone who would never run out of energy! If she couldn’t finish them off, she would die here sooner or later because she had exhausted her strength!

In a battle of strength against strength, weapons were necessary. She couldn’t always fight barehanded!

Yun Feng turned around and dodged the sword, quickly choosing a weapon inside the bracelet. When she held it in her hand, Yun Feng finally saw that it was the longsword Randal used to have!

“Enemies are bound to meet on a narrow road.” After mocking herself, Yun Feng held the longsword tightly. The longsword seemed to be very dissatisfied with Yun Feng. It trembled and struggled slightly,

making tiny sounds. Yun Feng gritted her teeth fiercely and held the disobedient longsword tightly with her hand.

“Be obedient! I need you right now, and you must be used by me!” Yun Feng shouted loudly. She had never truly used a warrior’s weapon before. After all, she wasn’t a warrior. However, right now, even though she wasn’t a warrior, she had no choice but to lift her sword to receive the attack of her opponent!

In this space, the sound of swords and swords rubbing against each other could be heard everywhere. Two statues that didn’t have any feelings and didn’t know what exhaustion was. They kept fighting Yun Feng! Yun Feng’s dodging was already a bit slow. Even a simple slash of a Monarch Level sword required a lot of strength, let alone this disobedient sword!

The sweat on her forehead fell on the ground. Even if she was exhausted, even if her hands were about to be worn out by the disobedient sword, even if the two statues in front of her still showed no signs of falling, there was never any fear in Yun Feng’s eyes. Her crystal clear black eyes were always full of faith. As long as she was still standing here, as long as she was standing here, she would never surrender, never!

Her backbone straightened again as sweat dripped down her still young face slowly. If someone stood behind Yun Feng, they would find that the back of this fifteen-year-old girl was already strong enough.

Yun Feng clenched her fists and her black eyes turned cold. She rushed out with the longsword in her hand. The longsword made a buzzing sound in Yun Feng’s hand. Even though it had been unwilling to cooperate, it finally obeyed. It let Yun Feng’s force invade its body, penetrate its body, and hit the two sculptures hard!

“Crack, crack, crack...” The sound of cracks echoed clearly in this space. Yun Feng’s body had already passed the two statues with her back facing them. The two statues behind her, which had never shown any signs of collapsing, stood there quietly. After the sound of cracks, the bodies that had never collapsed suddenly collapsed!

“Clang!” With two loud noises, Yun Feng turned around slightly and looked at the two collapsed statues on the ground with her black eyes. She glanced at their ankles, where their legs had already been completely broken by Yun Feng’s attack just then!

Her red lips curled up. No matter what it was, even if it was a statue, all their weight would be focused on their feet. The way to put them down would naturally make them lose balance completely and have no power to fight back at all!

The longsword in her hand let out a faint buzzing sound. Yun Feng glanced at it. “I’m not a warrior. I can’t use you.” After saying that, she put away the longsword in her hand and looked at her messy hand. Yun Feng smiled. She was almost drenched in sweat right now. The encounter just then had wasted a lot of her strength. She didn’t know what she would encounter if she opened the door. If she had to fight like this again, she really wouldn’t be able to take it.

Time was tight. If these two sculptures had the ability to repair themselves, it would be an endless battle. Yun Feng pushed open the door fiercely, only to be greeted by another completely dark world.

The door behind her was completely closed and disappeared again. Light gradually appeared in this dark world. Light spots lit up around Yun Feng. Yun Feng narrowed her eyes slightly as her mental strength slowly oozed out of her body. The moment she reached out, Yun Feng's black eyes darkened. That was a space of pure power just then, but now, it was a world filled with elemental energy!

Were they two extremes? Yun Feng didn't do anything else. She only used her mental strength to sense her surroundings. More and more light spots appeared like clusters of glowing fireflies. They jumped around Yun Feng joyfully, more and more closely!

"Kid, leave quickly!" The ancestor's anxious voice sounded in Yun Feng's mind. The voice was very weak and Yun Feng couldn't hear it clearly. The ancestor's voice only appeared once and it was quiet again.

Leave? Yun Feng recalled her ancestor's anxious shout just then. When she moved her body, she found that she couldn't move at all!

More and more light spots gathered around Yun Feng. Yun Feng narrowed her eyes. A light spot had already moved to her eyes, allowing her to see it clearly!

It wasn't a dot of light, but it was emitting light. In the center of the light was a kind of sharp mouth that looked like a worm. That mouth was opening and closing constantly. Yun Feng could even see rows of tiny teeth inside!

Countless spots of light had already gathered around Yun Feng. Obviously, they were going to adhere to her body! She couldn't move her body at all.. These guys wanted to invade her body at this moment? Her territory? No, impossible!

Chapter 483: The Yun Family's Roots (4)

Mental strength surged out of Yun Feng's body quickly and covered every corner of Yun Feng's body like a thin film. These light spots weren't ordinary light spots. They were a group of mysterious creatures who were spying on her and treating her like a delicious meal!

"Kid, kid!" As if he had broken through some shackles, the ancestor's voice came weakly. Usually, she talked to the ancestor like they were facing each other, but right now, they seemed to be talking through a few layers of thick walls.

"Ancestor, I hear you!" Yun Feng kept releasing her mental strength to cover the original shield layer by layer. These creatures hadn't attacked yet. Perhaps they were waiting for an opportunity to enter her body and empty her!

"Kid, these are elemental insects!" The ancestor's voice was much clearer. The back wall seemed to be much weaker. Yun Feng listened carefully. Everything the ancestor said was very important to her right now!

"Elemental insects are made of elemental energy. The glowing things on their bodies are all elemental energy. After swallowing the elemental energy, they will reproduce. They are extremely dangerous insects. They only appear in places where certain elements gather, or places with high concentration of elements. They are almost extinct in the human world. Why are they here?"

Yun Feng smiled helplessly. Her mental strength still didn't stop as it covered her body layer by layer. She could already feel that these elemental insects were a bit impatient. They were already gathering slowly, as if they were merging.

"Is there any way to stop their invasion?"

"You're undoubtedly a feast in front of them right now. The elemental energy in your body has already reached a certain level and the elemental insects are already excited. There's only one way to prevent the elemental insects from devouring the elements: mental defense!"

Mental defense! It seemed that she had made the right choice to envelop her entire body with mental strength! "So, I'm going to fight with these little insects. Are their teeth more powerful or is my mental strength more so?"

"That's right. Elemental insects usually only attack three times. After three attacks, they will disperse. They're a kind of creature that knows their own limitations."

Yun Feng raised the corners of her mouth. She didn't have time to care if these insects were truly self-aware. She only knew that the first wave of attacks from the elemental insects was about to begin!

The light spots around Yun Feng's body suddenly gathered together and turned into a worm's mouth. That was the original appearance of the elemental insects! Mental strength surged out crazily and covered the surface of Yun Feng's body again. The elemental insects had already opened their mouths and were biting towards Yun Feng's body!

Cold sweat dripped down from Yun Feng's forehead. The attack this time wasn't an ordinary attack. It wasn't physical, but spiritual. The insects' bite tore off the mental defense covering Yun Feng. Yun Feng's face was already extremely pale.

"Kid, replenish it quickly!" The ancestor's anxious shout resounded in her mind. Yun Feng endured this strange and uncomfortable feeling and urged the dense mental strength solid in her mental space. The mental strength instantly melted and covered Yun Feng's body, turning into solid armor.

The attack just then tore Yun Feng's defense apart. Before the insects could feel proud, it found that Yun Feng's mental defense quickly filled up again, giving them no chance to escape!

The insect seemed to be enraged. Light flashed through its tiny eyes. That was the sign of the collective anger of countless elemental insects. It opened its mouth abruptly and launched a second attack!

"Ah!" A devastating pain came. Yun Feng couldn't help but scream in a low voice. The pain seemed to be spreading to every nerve in her body and stimulating her brain every moment!

"Hang in there!" The ancestor's voice came with trembling and pain. "Kid, you must hang in there! The elemental insects only attack three times. After three times, they will disperse on their own, kid!"

Red blood oozed out of Yun Feng's lips because of her own biting. It flowed into her mouth with a bitter and fishy taste. Yun Feng didn't know what expression she had right now, but it couldn't be good. When the insect's mouth bit her mental defense just then, it was obviously more aggressive than the last time. The force of the attack was also several times stronger. There was one more time, and this time, it would be fatal.

Her body was restrained by an unknown force and only her mental strength could move freely. This was a contest of mental strength. This was a contest of whether she could live or not.

"I won't lose. I definitely won't lose." Yun Feng said in her mind. The ancestor smiled with relief. All the remaining mental strength in Yun Feng's spiritual space had already surged out, and the elemental insect was already enraged to the peak. Its mouth opened again and fierce light burst out of its body!

Dazzle, and pain!

Those were the only feelings Yun Feng had left. This time, she clearly felt that the mouths of the elemental insects approached her skin. All of her mental strength defenses were broken again. She could even feel the waves of pain caused by the insects trying their best to burrow into her skin. All her senses were already blurred, except for hearing and touch.

Suddenly, everything disappeared. The darkness and the dense light spots in her eyes all disappeared. Yun Feng only felt that her body was lying on the cold ground and the darkness in front of her eyes disappeared. Yun Feng moved her body slightly and felt extremely uncomfortable. She glanced at her bare skin and saw a few tiny black spots on it. Yun Feng's black eyes darkened. The elemental insects did exist. They weren't illusions.

"Don't worry. They're all dead." A voice echoed in Yun Feng's ears. Yun Feng looked up in shock. This empty place was like a damaged palace. The ground was covered with collapsed stones and brick walls. On the stone steps, a man was standing with his back facing Yun Feng.

"Who are you?" Yun Feng stood up from the ground and staggered slightly. She turned her heel and stabilized herself. The man chuckled and slowly turned around. He had a tall and skinny body, messy short hair, a serious but smiling face, and the expression in his black eyes made Yun Feng gasp..

Chapter 484: The Yun Family's Roots (5)

She didn't know this person, but she somehow felt a sense of familiarity.

"Tell me, are you from the Yun family?" There was a smile at the corners of the man's mouth. He stood there and looked at Yun Feng with a hint of hope in his eyes. Yun Feng's throat tightened and she pursed her lips. She said her name extremely clearly, "Yun Feng!"

The man was stunned. The nervousness in his eyes completely disappeared, as if he had put down some burden. He heaved a long sigh. "I knew it. You're from the Yun family. How can you not be from the Yun family..."

The man mumbled to himself. Yun Feng glanced at the man in front of her. "Who are you? Why did you appear in the gods' relics? And... why is the word 'Yun' engraved on the door that leads to this place?" Yun Feng said loudly as her voice echoed. The man laughed and rubbed his hair.

"The gods' relics? This isn't some gods' relics. It's nothing! There's another name here, the Yun Palace! And my name is... Yun Zhan!"

Yun... Zhan?

The man stood there and didn't move at all. He looked at Yun Feng from a distance with a lot of admiration and approval in his eyes. "I don't have much time. I can't explain everything to you. You must hear everything I say clearly and remember every word I say!"

Yun Feng didn't say anything. The ancestor living in the spiritual space didn't say anything either. Yun Zhan. Yun Feng wondered if he was one of the ancestors of the Yun family. This was the Yun Palace. Did that mean that the Yun family lived here?

However, the history of the Yun family that her father told her wasn't like this. The Yun family was just an ordinary family. They had been glorious for a while, but they weren't as confusing as they were right now!

"I know you have a lot of questions and doubts. What I can tell you is that the Yun family is definitely not a simple and ordinary family. Even in the ancient times, in the era where humans can no longer trace back, the Yun family occupied an important position and honor!"

"The Yun family was severely damaged in a fatal disaster. In order to preserve their bloodline, the members of the Yun family fled and scattered in every corner of the road. They either lived in seclusion or struggled to survive. You must be a member of the Yun family of the East Continent's bloodline to be here."

"Is there anyone else of the East Continent's bloodline besides you?"

Yun Feng nodded. "The Yun family of Chunfeng Town contains three people."

The man's face was full of pain, and it was obvious that he was lost in his memories. "Three... There are only three members of the huge family left..."

The man suddenly raised his voice. "Yun Feng! As a member of the Yun family, what's your belief?"

A sense of boldness suddenly rose in Yun Feng's heart. She straightened her back and replied loudly, "Even if my teeth and my body are destroyed, I won't yield to anyone!"

The corners of the man's mouth curled up slightly and his body gradually became blurry. Yun Feng's heart suddenly ached and her eyes inexplicably turned red. She felt like she was about to lose something important.

"Remember, we're a branch of the Yun family on the East Continent. The real root of the Yun family isn't here. It's on the Central Continent! The main bloodline of the Yun family still exists. This jade pendant is the Yun family's badge. When you reach the Lord Level or above, you can activate the jade pendant to contact the main family."

Yun Feng's body trembled slightly. The Yun family's roots... were on the Central Continent! The continent that was extremely mysterious in the eyes of the world! Only those at the Lord Level could step on that continent. The Yun family's roots were once there. One could imagine how magnificent the Yun family once was!

"Of course I'll go back and do my best for the Yun family!"

"Alright... I'll leave everything of the Yun family to you juniors..."

Accompanied by an ancient and gratified sigh, the man's voice completely disappeared in the air. Everything just then was like a phantom. Yun Feng suddenly ran forward, wanting to hold onto something, but she couldn't.

The man just then was an afterimage. Perhaps it was the last thought that he had left with his ability when he was alive. He had been waiting for the descendant of the Yun family to come.

An inexplicable sorrow filled Yun Feng's heart, and the ancestor was completely silent. Yun Feng looked at the stone steps. There was a small platform on which there was an extremely exquisite jade pendant. The jade pendant was hollow, and there was a familiar word on it: Yun.

Yun Feng took the jade pendant and touched the hollowed patterns on the jade pendant carefully with her finger, drawing the word "Yun" again and again. Yun Feng clenched her fist hard. There were too many things about this surname. The information she got from the man just then made Yun Feng understand that the Yun family in Chunfeng Town was just one of the branches of the Yun family, and the people of the other branches were scattered in other corners of this continent!

I'll leave everything of the Yun family to you juniors.

The man's words resounded in Yun Feng's mind. What exactly did the Yun family go through? What happened to the other branches? What about the headquarters of the Yun family on the Central Continent? Questions after questions made Yun Feng frown. She clenched her hand hard and the word "Yun" was printed on her palm.

She would go back to the Central Continent where the Yun family's roots were located, and she would find the other branches of the Yun family that were lost on this continent! The Yun family didn't just have the three of them anymore. They had other family members and they weren't alone!

Light flashed in her eyes. Yun Feng put away the Yun family badge. It seemed that it was time for her to leave the East Continent.

After Yun Feng put away the Yun family badge, a magic circle appeared in front of the platform. Yun Feng looked around. This place was full of broken walls, but it was also the place where the ancestors of the Yun family used to live. The remnant soul of the ancestor of the Yun family had been waiting here for countless years.

After she stepped into the magic array, a burst of light arose and Yun Feng disappeared from this place. When she appeared again, she returned to the place where the door was. Ao Jin and the man with peach-blossom eyes were still horsing around. Ao Jin was running after the man with peach-blossom eyes. When the man with peach-blossom eyes saw Yun Feng, he immediately pounced on her.

"Little beauty, you're out!"

The man with peach-blossom eyes' arm missed Yun Feng, as Yun Feng had already been pulled away by a pair of hands. Qu Lanyi glanced at Yun Feng from head to toe, and only smiled after confirming that she wasn't hurt at all. Yun Feng also gave him a smile. The moment Meatball saw Yun Feng, it rushed over at the speed of a bullet and stood on Yun Feng's shoulder. Its fluffy body rubbed Yun Feng's cheek hard, making Yun Feng a bit itchy..

Chapter 485: Wishful Thinking (1)

Yun Feng pushed Meatball away slightly. "Don't dawdle. It's very itchy." Meatball obeyed and stopped moving. It looked at Yun Feng with its cute big eyes full of worry. It clicked its tongue as it watched from the side. That little thing changed so quickly.

"It's great to see you fine!" Ao Jin walked over and rubbed Yun Feng's head with his big hand. Yun Feng was a bit embarrassed, but she didn't avoid it.

"The three of them left?" Yun Feng looked at Carson and his companions, who had disappeared. Ao Jin nodded, and chuckled. "The three of them ran away in fear when they saw that you weren't here. They were probably afraid that they would be killed."

Yun Feng smiled. Qu Lanyi and Ao Jin didn't have a good temper. Ao Jin was open, but Qu Lanyi was hiding. If she were one of them, she would've made the same decision. "Let's go out too."

Ao Jin and Qu Lanyi didn't ask anything. The man with peach-blossom eyes, curious, wanted to say something, but thought for a moment and didn't say anything in the end. The three of them knew that Yun Feng must've experienced something. The Yun character engraved on it must be related to the Yun family. However, Yun Feng didn't say anything, which proved that she didn't want to.

Yun Feng stood in the array and looked at the four regions on the opposite side. This used to be the Yun family's home. Perhaps, it was just the Yun family's home on the East Continent. She didn't know what happened. They were the only branch of the Yun family left on the East Continent.

Thinking of the Yun family on the West Continent, Yun Feng slowly clenched her fists. I'll find you. I definitely will!

A beam of light flashed and the few of them disappeared from this place. The Teleportation Array also disappeared and this place became silent again, falling into endless loneliness again.

The Teleportation Array transported them to the entrance of the Yun Palace, or the gods' relics. When they appeared, Yun Feng heard a familiar voice. "Yun Feng! Qu Lanyi! I knew you would be fine!"

Yun Feng and Qu Lanyi both looked at the man who ran to them in shock. Ao Jin also frowned. "That brat is still alive?" A trace of astonishment flashed through Ao Jin's golden eyes. Mu Yinghua had already run to Yun Feng. He didn't look embarrassed at all. It was obvious that he hadn't experienced everything that Yun Feng had experienced. Perhaps, he had just passed it safely.

"How... did you get out?" Yun Feng glanced at Mu Yinghua and found it a bit unbelievable. Was this Mu Yinghua also someone who hid himself well?

"Me? After I went in, I came to a fork in the road. I didn't find anything along the way. I wanted to contact you with the Sound Transmission Jade, but it was already useless. So, I walked to a square. After a while, an array appeared and I came out. Right, not just me, but also them."

Mu Yinghua pointed at the two lackeys behind him. Yun Feng frowned. "Where are the people who went in earlier?"

"I don't know. We didn't see them when we went in. They weren't there when we came out."

The man with peach-blossom eyes glanced at Mu Yinghua. "He's only at level 7. He must be lucky."

The obvious sarcasm infuriated Mu Yinghua. The man was talking as if he shouldn't be here and he shouldn't be alive! "What did you say? Who are you? Why are you in the relics of the gods? You're not from the other three empires. Are you a spy from the West Continent?"

Mu Yinghua's shout was quite loud. His two lackeys also rushed to him, boosting his morale. The man with peach-blossom eyes smiled. "I don't have to answer your question."

"You're not answering? It seems that you're hiding something. It doesn't matter. I'll know who you are after I take you back!" Mu Yinghua's face darkened. He couldn't stand the humiliation and provocation he had suffered on the way here anymore. Now that he had met such a stranger, he certainly had to vent his anger!

Yun Feng raised her eyebrows. Looking at Mu Yinghua and his companions, she burst into laughter. "I can't believe that someone will say that to me one day." A gust of wind blew, and his body merged with the wind like a ghost. Yun Feng widened her eyes. The man's eyes were already close to her body, and his deep voice was already close to her ears!

"Little beauty, remember that my name is Mo Changge. I'll be waiting for you to come to the Western Continent." The man with the peach-blossom eyes left Yun Feng a second before Qu Lanyi and Ao Jin did anything. He bowed to everyone like a gentleman. His eyes were extremely charming. "Everybody, this trip is very interesting. I'll be going first. See you again."

"Don't run!" Mu Yinghua shouted and dashed forward. However, the man with peach-blossom eyes suddenly disappeared. "He's indeed a spy from the West Continent! Yun Feng, didn't you notice that?" Mu Yinghua was rather exasperated. If they could catch the spy of the West Continent, the Mu family would be able to rise to the top! The pie they had was gone!

Yun Feng's face turned cold, while Mu Yinghua's disappointment was still stuck in his throat. "You could've caught him just then, but now he's gone!"

"Are you done talking?" Qu Lanyi's voice was full of dissatisfaction. Mu Yinghua finally realized that he was too complacent. "The other empires have already left. The second batch of people who went in has also disappeared. Speaking of which, none of them got anything this time. The people of Shengyao and Ovey seem to have found something good after they came out. What did you find?"

Mu Yinghua and his lackeys looked rather excited. Yun Feng smiled coldly. "Good stuff? If they got good stuff, that means we didn't get anything."

"That's impossible!" Mu Yinghua shouted and coughed awkwardly. "I mean, how can you return empty-handed with your strength? We're not strangers. We won't ask for it!"

Ao Jin grunted coldly. "You're not going to ask for it? If you're not going to ask for it, why are you saying so? Do you just want to feast your eyes on it?"

"If you say so, I'll show it to you." What Yun Feng said made Mu Yinghua feel warm in his heart. It seemed that Yun Feng had taken his words to heart. He had a chance! Yun Feng flipped her hand and a ultimate ore appeared in her hand.. Mu Yinghua and the other two couldn't help but gasp.

Chapter 486: Wishful Thinking (2)

“This... This is an ultimate ore, right?”

Ultimate ores weren't very common on the market, because ultimate ores were rare. Even if there were ultimate ores, there wouldn't be many of them. It would be a miracle if there were a dozen of them in a year. Mu Yinghua and his companions had never seen ultimate ores before, but they knew it when they saw how crystal clear the ores were.

“Just... just this one?” Mu Yinghua swallowed and stared at the ultimate ore, with desire surging in his mind. Yun Feng put on a smile. “Of course, there's more than one.” Mu Yinghua suddenly raised his head and looked into Yun Feng's eyes. “With your personality, you'll surely make your friend lucky too?”

Yun Feng smiled deeply. “You're right. I certainly can't have the ultimate ores for myself. I certainly won't mistreat my friends.”

Mu Yinghua's eyes were bloodshot. “Then I...”

Yun Feng chuckled. “We should go back, Brother Mu.”

Mu Yinghua was dazed for a moment. Then, joy appeared on his face. “Great! Great! Let's go back! It's their fate that the members of the two families haven't come out yet! It's all God's will.” Mu Yinghua said as if it was a matter of course. They returned immediately. Yun Feng didn't just get the ores this time. Her brother was still practicing in the Dragon Palace. Yun Feng planned to tell her brother and father about the Yun family after she returned to Chunfeng Town.

Everybody found a bat mount in the town. Mu Yinghua and his companions each had a bat, which was much more impressive than when they first came here. Yun Feng and her companions were sitting on Lan Yi's back. Little Fire and Lan Yi were also relieved to see that Yun Feng was fine. On the way back, Lan Yi didn't care about the speed of Mu Yinghua and his companions. It kept moving forward, leaving them far behind, while Yun Feng sat there in silence.

Yun Feng had already told the ancestor about the Yun family's situation and told him about her next plan. After hearing that, the ancestor only heaved a long sigh. If it weren't for the exploration of the gods' relics this time, he wouldn't have known these secrets of the Yun family. The Yun family used to be such a powerful family, and he didn't know how the situation on the Central Continent was right now.

“It's good to go to the West Continent first. Find the other members of the Yun family and improve your strength. There must be unknown risks on the Central Continent,” said the ancestor earnestly. Yun Feng nodded. Her strength was at the mid-stage of the Monarch Level right now. She could only open the Yun family's token and contact the headquarters of the Yun family after she reached the Lord Level. With her current cultivation state, it would take a long time for her to reach the Lord Level. If she didn't have any special encounters in the later stage, the difficulty of practicing would increase exponentially. Even if she had ultimate ores, they wouldn't be very helpful to her.

In the West Continent, she not only had to find the Yun family, but also had to investigate Mu Canghai. Yun Feng had never forgotten about that Lord Level Dark Mage. She must find a way to bring Mu Canghai back to life!

“What are you thinking about?” Qu Lanyi’s voice sounded next to her ear. A warm body approached her. Yun Feng shook her head. “Nothing.”

Qu Lanyi chuckled. “You’re thinking about something. Let me guess.” Before Yun Feng replied, Qu Lanyi stuck his head out and faced Yun Feng. “Are you thinking about leaving?”

“Oh? You saw through that?” Yun Feng chuckled. She knew that there were more than three members of the Yun family. Even though she didn’t know where they were, she was very happy in her mind. An unprecedented sense of relief rose from the bottom of her heart, making her much happier.

“I can see what you’re thinking, Fengfeng. After all, we’re in that kind of relationship.” Qu Lanyi lifted a strand of Yun Feng’s black hair with her finger. He narrowed his eyes and watched the hair move between his fingers slowly, as if he was enjoying it.

Yun Feng blushed and snatched her hair back. “There’s no relationship between us!” Qu Lanyi chuckled and pounced on Yun Feng without hesitation, wrapping her arms around Yun Feng’s waist, not caring how fierce Meatball was on Yun Feng’s shoulder. He came close and held Yun Feng tightly.

“I’ll go anywhere you go.”

Yun Feng blushed and struggled for a while. The man just wouldn’t let go. In the end, she glared at him fiercely. “Let go, or I’ll throw you down!” Qu Lanyi’s lips curled up. Instead of letting go, he hugged her even tighter. “No, I won’t.”

Yun Feng smiled helplessly. She had never seen such a shameless man. Qu Lanyi’s soft laughter echoed in her ears, as if he was very satisfied with Yun Feng’s attitude. “It seems that Mu Yinghua is certain that you have special feelings for him. As expected, he’ll invite you to the Mu family next.”

Yun Feng’s eyes were slightly cold. “I’m certainly going to the Mu family, but I won’t be alone.”

“Oh? You’re going with Mu Xiaojin?”

Yun Feng smiled as she pushed Qu Lanyi’s arm away and stood up. She gazed in front of her with her black eyes. The wind messed up her hair and it fluttered in the wind. “Xiaojin has the blood of the Mu family flowing in her. Is it something that the Mu family can just abandon?”

Qu Lanyi leaned back lazily. “It seems that another unlucky family is about to be born.”

In less than three days, Lan Yi returned to the Fengyun Empire. The bats of Mu Yinghua and his companions wouldn’t be back until a few days later. Lan Yi came to the old capital, which was also the new capital now. However, there was no royal palace or the so-called emperor.

Ao Jin had already left in a hurry. Something big seemed to have happened to the Dragons, and he had to go back to deal with it himself. When Ao Jin left, he looked angry and even a bit exasperated. It was obvious that he didn’t want to part with Yun Feng, but there was nothing he could do. After he left, Ao Jin reminded Yun Feng repeatedly to contact him with the Sound Transmission Jade from time to time. Yun Feng could only nod and agree. Finally, this talkative Uncle Flirtatious Jin returned to the Dragons.

Of course, before Ao Jin left, he glanced at Qu Lanyi meaningfully. It was obvious that Mo Changge’s transvestite accusation aroused his suspicion.

Ao Jin left in a hurry. Qu Lanyi didn't want to meet the members of the two families, who were too hypocritical for him. Yun Feng didn't force him. She let the two Magic Beasts and Meatball go out freely, and went to the two families alone..

Chapter 487: Wishful Thinking (3)

De Lan and Shang Lian couldn't sleep and eat in peace during this period of time. The explorers never came back, and the two of them couldn't be at ease. They knew that they couldn't rush this matter, but they had no choice. They could only wait anxiously day after day, especially when the other two empires sent back news.

When someone said that Yun Feng was here for a visit, the two people, who were both of the highest status, almost jumped up from the ground and wanted to run to see Yun Feng. When Yun Feng walked in, she saw the two people's repressed and almost distorted faces.

"Yun Feng, you're back." De Lan greeted her. Yun Feng smiled and nodded. She picked a chair and sat down casually. "Have you been waiting for a long time?"

"Haha, not long. Just an exactly necessary amount of time." Shang Lian smiled so hard that his eyes almost narrowed. He quickly asked someone to serve Yun Feng tea. "How was the exploration? Did you get anything good? Anything else..."

"Alright, she just came back. You should let Yun Feng take a break." De Lan interrupted Shang Lian and smiled at Yun Feng. "There's no rush. It's the same if you tell her later. You should take a rest first."

There was a smile at the corners of Yun Feng's mouth. These two old guys were quite patient. If they could stay calm, she would be even more so. Yun Feng really went to rest and drank tea and ate slowly. She only talked about irrelevant topics. De Lan and Shang Lian were a bit out of patience.

"Yun Feng... You've had enough rest. It's time to talk about the situation," said Shang Lian reluctantly. De Lan also nodded. Yun Feng smiled and put down the things in her hand. She clapped her hands. "The three empires made the rule that whoever found anything could claim it for the exploration this time. The same rules apply in the Fengyun Empire. Everybody agrees."

When Shang Lian and De Lan heard this, their hearts couldn't help but sink. Yun Feng continued talking and briefly explained the situation of the exploration. She didn't hide the ultimate ores she got, but gave them a dozen percent of the total amount. Hearing that Yun Feng got the ultimate ores, the two of them obviously breathed a lot more heavily.

Yun Feng also told them that the members of the two families were unfortunately annihilated. Only Yun Feng, Mu Yinghua and his lackeys came back safely. Hearing that, De Lan and Shang Lian's faces darkened completely. This was a result they couldn't accept no matter what.

It was understandable that Mu Yinghua and the other two families were gone, but they were fine. However, the two families' members were gone! They shouldn't be dead!

"How can a small family like the Mu family possibly..." Shang Lian pounded the table hard. The two families didn't get anything yet, and they even lost two people for no reason. Those who should've lost were all safe and sound. If Mu Yinghua and his companions got anything else, De Lan and Shang Lian would probably be infuriated.

That was the fact. There was nothing they could do about it. Even if De Lan and Shang De didn't want to believe it or even thought that Yun Feng did it, they had no proof. Besides, if Yun Feng really did it, what could they do?

Yun Feng stayed for a while, then got up and said goodbye. De Lan asked, "Are you going back to Chunfeng Town next? Why don't you stay in the capital for a few more days?"

Yun Feng didn't look back. "Ah, I do need to stay for a few more days. After all, someone invited me to his house. I should wait for him to come back."

De Lan and Shang Lian's faces darkened. They looked at each other. "Who has the honor of inviting you?"

Yun Feng turned around slightly and chuckled at the two of them, with cunningness and gloating in her eyes. "Mu Yinghua, of course."

De Lan and Shang Lian were so nervous that they almost jumped. Yun Feng turned around and walked out. Shang Lian lowered his chair hard. "The Mu family is related to the Yun family? Why is Yun Feng so close to the Mu family?"

De Lan frowned and pondered for a long time. "If the Yun family is truly close to the Mu family, our families will be in danger."

"If that's the case, then we must eliminate the Mu family completely!" A trace of viciousness flashed through Shang Lian's eyes, but De Lan shook his head. "No! If the Yun family is truly close to the Mu family, how will the Yun family let us go after we destroy the Mu family?"

"Then what should we do? Do we have to watch the Mu family climb to the same position as us? Why should they?"

De Lan's face twitched. "Shang Lian, can't you see the situation clearly? If the Yun family wants us to go down, we have to go down. Whoever the Yun family likes will go up! Why should they? Because of the Yun family, of course."

Shang Lian suddenly relaxed his body and leaned against the back of the chair. "So, we're all pawns of the Yun family?"

De Lan smiled bitterly and slowly leaned against the back of the chair. "We're not the only ones."

Yun Feng stayed in the capital patiently for a few days. The two families tactfully didn't disturb her. Qu Lanyi stayed with Yun Feng too. Yun Sheng and Mu Xiaojin were still cultivating in the Dragon Palace. Both of them had already reached the critical point of the leap. Yun Feng believed that the improvement of their strength after they came out would definitely be a qualitative leap!

After seven days, Mu Yinghua and his companions finally returned to the capital. As soon as they returned, Mu Yinghua and his companions went to meet the two families. What puzzled Mu Yinghua was that the leaders of the two families looked at him as if they wanted to kill him. They even gnashed their teeth.

The three of them met the people sent by Yun Feng the moment they came out. Mu Yinghua explained the attitude of the leaders of the two families to them. Yun Feng smiled and didn't say anything. The

three of them rested for a day or two and Yun Feng suggested that they go back to Chunfeng Town. As expected, Mu Yinghua suggested, "Let's visit the Mu family!"

Mu Yinghua had been very attentive to Yun Feng and Qu Lanyi for the past two days. Everybody could tell what the man was thinking. Qu Lanyi only felt a bit disgusted, but Yun Feng didn't say anything so he simply let go. The two lackeys had already left, but they had already established a deep friendship with Mu Yinghua. Before they left, they called him brother.

After accepting Mu Yinghua's invitation, Yun Feng and Qu Lanyi prepared to set off for the Mu family together with Mu Yinghua. The Mu family was located in a second-rate town on the west side of the Fengyun Empire. According to Mu Yinghua's description, the Mu family was the most powerful family in that second-rate town..

Chapter 488: Wishful Thinking (4)

The three of them moved slowly. Little Fire and Lan Yi didn't follow Yun Feng, and Meatball stayed with them. However, they communicated with Yun Feng telepathically from time to time and weren't in a hurry to catch up with her. After all, it would only take them a few days to cross the entire Fengyun Empire with their speed.

Along the way, Mu Yinghua talked about everything about the Mu family, including how good they were and how powerful they were in that second-rate town. Mu Yinghua said proudly, as if it were the Mu family's territory.

Yun Feng listened carefully along the way and had an impression of all the main members of the Mu family. For example, the housewife of the Mu family was the concubine of the leader of the Mu family, who was Mu Yinghua's mother.

A concubine climbed to the position of the housewife. It seemed that this woman wasn't simple either. When Yun Feng mentioned the wife of the Mu family, Mu Yinghua was obviously trying to avoid her. Especially, after hearing the name Mu Xiaojin. Mu Yinghua seemed rather excited.

"How do you know this person?" Mu Yinghua asked with a stiff expression. Yun Feng raised her brows. "I just heard it from someone else."

Then, Mu Yinghua stopped talking and refused to talk about Mu Xiaojin. Under Yun Feng's clever pressure, Mu Yinghua finally said, "There's no such person in the Mu family. I'm sure of it!"

Yun Feng didn't say anything after hearing that, and didn't talk about it anymore. After a few days of traveling, the three of them finally arrived at the second-rate town, Mu City. No wonder Mu Yinghua said that the Mu family could control everything here. This town was even called Mu City, which showed how powerful the Mu family was here. It wouldn't be an exaggeration to say that they were the local tyrant.

"Yinghua, you're back! This must be the summoner!" An unusually enthusiastic voice sounded. The three of them had just arrived at the gate when they saw a few rows of magnificent welcome teams standing at the gate. Yun Feng sized them up slightly. They should all be members of the Mu family. And

the flirtatious woman who was walking towards them with a passionate look just then must be Mu Yinghua's mother.

"Mother!" Mu Yinghua greeted her. "This is Yun Feng. This is Qu Lanyi. I've told you about them! This is my mother."

Yun Feng and Qu Lanyi both smiled and greeted her in a low voice, "Auntie."

The woman was obviously flattered. She waved her hand quickly. "Don't call me that! How would I dare to let you call me auntie? Just call me by my name. I'm Zi Hua."

Yun Feng nodded. This woman knew better than her son. "Madam Zi."

Zi Hua's face stiffened slightly. Logically speaking, Yun Feng should've called her Lady Mu. "Hehe. The Mu family is honored to welcome you, Miss Summoner."

Yun Feng glanced at the few rows of people behind her. Many of them were young juniors. They looked at her with envy and yearning in their eyes, but they stood there obediently. It seemed that Madam Zi was indeed good at being a housewife.

"Madam Zi, just call me Yun Feng. It's fine. I have a good impression of the Mu family." Yun Feng said with a smile. Mu Yinghua secretly winked at his mother. Zi Hua raised his eyebrows and the corners of his mouth also had a complacent curve.

"If that's the case, I'll call you Yun Feng. I've heard Yinghua talk about you and this Miss Qu a lot. I only know that the two of you are extraordinary after seeing them with my own eyes. Aiya, I'm so busy talking. Come in quickly!"

Yun Feng and Qu Lanyi both sneered in their minds. It was true that like mother, like son. They were the same in their bones. Yun Feng nodded with a smile. "Alright, thank you, Madam Zi."

Yun Feng and Qu Lanyi followed Lady Zi into the city gate of Mu City. The others who came to greet them all followed them respectfully, but they couldn't help but whisper.

"Is she really a summoner? She looks even younger than me!"

"Yeah. I didn't see her ring on her finger. Is she a fake that Mu Yinghua found?"

"If she's really a liar, how can she possibly walk out of Mu City? With Lady Zi's temper, she would've eaten her alive!"

"Haha, that's right. If she's an imposter, Mu Yinghua will be humiliated."

"If that's true, judging from the relationship between those two beauties and Mu Yinghua, they seem to be on good terms. Then, won't the Mu family soar?"

"Bah! Mu Yinghua always gets the best of everything. Did God treat him better in this life because he was too unlucky in his previous life?"

The whispers of the few young people reached Yun Feng's ears word by word. Qu Lanyi approached her slightly and said in a low voice, "The Mu family seems very interesting." Yun Feng raised the corners of her mouth. Interesting? There must be a lot of things hidden in the Mu family.

The entire Mu City was a bit noisy today because the legendary summoner had come here, especially the Mu family's mansion, which occupied the widest area in the center of Mu City. It was extremely lively. Yun Feng estimated that there were more than a hundred members of the Mu family who lived here, including their in-laws. It was a rather large family.

Lady Zi talked a lot with Yun Feng and Qu Lanyi. Mu Yinghua was also there. Yun Feng didn't see anyone else, except for the two chatterboxes. It seemed that Lady Zi didn't allow anyone else to disturb her until dinner. There were only four people at the dinner table. Lady Zi and Mu Yinghua sat aside and explained to Yun Feng. Yun Feng and Qu Lanyi were honored guests, so they should be treated like honored guests. Not everyone could eat with Yun Feng.

The four of them ate in the main hall, while the other members of the Mu family sat around a few tables outside the main hall and peeped in from time to time. "Do you think she's really that summoner?"

"I can't tell. There's no ring or any Magic Beast. Is she really an imposter?"

"I think they're only lying for food."

"Haha, do you want us to tease her?"

The few young people gathered together and whispered. There were snickers from time to time. It seemed that they had a good plan. The few young people got off the table and walked around, not knowing what they were going to do..

Chapter 489: Wishful Thinking (5)

The four people in the main hall were chatting happily. At this moment, someone suddenly barged in and walked straight in without any greeting. His eyes also greeted Yun Feng and Qu Lanyi very impudently.

"Which between you is Yun Feng?" said the person who came in. Both Madam Zi and Mu Yinghua changed their expressions slightly. Madam Zi rose quickly. "This is my second son, Mu Yingyong. He's straightforward and a bit reckless. Please forgive him."

"Who's Yun Feng?" Again, Mu Yinghua shouted furiously with a flushed face. "Don't be rude! How can you be so insolent when our guest is here?"

Mu Yingyong stood there and looked at Qu Lanyi, and then at Yun Feng again, as if he was certain that this was Yun Feng. He immediately said, "Mother, do you believe her just because she said it's Yun Feng? She doesn't have a ring on her finger and she doesn't have any Magic Beasts with her. She's a summoner?" What Mu Yingyong said made Lady Zi's face change greatly. She looked at Mu Yinghua, who immediately stood up with a flushed face.

"I saw her Magic Beast with my own eyes. She just didn't bring it with her. There's only a ring... She does have it! She's simply not wearing it!"

"Brother, is this an impostor that you found somewhere?" Mu Yinghua's sarcastic tone almost made Mu Yinghua attack. Lady Zi was stuck in the middle and she looked around in confusion.

Yun Feng slowly stood up at this moment and raised her black eyes slightly. "I don't need anyone to judge who I am, and I don't need to cater to your likes. My name is Yun Feng. I'm Yun Feng."

Mu Yingyong raised his eyebrows. "You're quite good at pretending! If you're really a summoner, show me your Magic Beast! Otherwise, you're a thief and a liar who wants to get something from the Mu family!"

Yun Feng smiled, and so did Qu Lanyi. Qu Lanyi stood up lazily and put a hand on Yun Feng's shoulder lazily. "You have to consider the consequences when you talk. Don't you know that a loose tongue causes trouble?"

Mu Yinghua immediately turned pale. "Yun Feng, he's just young and ignorant. Don't mind him!"

"Humph! It's useless to threaten me! Take out the Magic Beasts if you can!" Yun Feng didn't know if Mu Yingyong was truly stupid or just pretending. She glanced at him. "You don't tell me what to do, but they should be here soon."

Hardly had she said that when a scream came from somewhere in the yard of the Mu family, shocking everyone in the Mu family. Mu Yingyong was stunned, and so were Mu Yinghua and Lady Zi. Then, someone ran to him with a pale face and fell on the ground. "A... a Magic Beast... a Magic Beast..."

Mu Yingyong's pupils shrank abruptly. Mu Yinghua and Lady Zi ran out in a hurry. The members of the Mu family, who were eating, also ran out. When everybody stuck their heads out, a beast slowly walked out of the shadows of the yard. It had long, strong limbs and sharp claws that glittered in the darkness. Someone was pressed under its claws, and he had apparently passed out.

"A Magic Beast!" The members of the Mu family all screamed. An unknown fear hit everyone. Standing there, Mu Yingyong was completely stiffened and his teeth were chattering. Yun Feng walked to him slowly and shook her head. "What happened?"

A huge wolf appeared from the black shadow. Its red and black fur made it look even more mysterious and fierce. Little Fire removed its claws and looked at it in disgust. "I ran into a few scumbags right after I came in. They said that they wanted to mess with my master. They immediately fainted and ran away when they saw me."

Everybody gasped. Mu Yingyong's body trembled. That Fire Cloud Wolf called her master! So, she was really a summoner! Yun Feng? The shock was still there. Wings flapped in the sky. The members of the Mu family looked up and were so shocked that their jaws almost dropped!

A pair of enormous wings cast a shadow in the sky. Then, a person fell from the sky. Those huge wings disappeared like magic in an instant. The person who landed was a handsome young man. The blue pattern on the side of his cheek made him look even better. He looked at Yun Feng with his blue eyes and called respectfully, "Master, we're late."

"Gasp..." Another gasp came. The faces of the members of the Mu family turned pale. Two Magic Beasts, oh my God, both of them called her master! How many of them had she contracted? Mu Yingyong's face was already indescribable. His eyes rolled around Lan Yi and Little Fire and almost popped out!

Madam Zi's mouth had completely turned into an O shape. Looking at Little Fire and Lan Yi, she couldn't say anything anymore. Yun Feng smiled and then shouted loudly, "Nana!" Meatball jumped out of nowhere and directly jumped onto Yun Feng's shoulder. Its little body rubbed against Yun Feng's cheek

hard. The members of the Mu family widened their eyes again, but they finally calmed down a bit after seeing Meatball's appearance. This must be a pet.

Yun Feng caressed Meatball's body with her finger. Little Fire and Lan Yi stood on both sides of Yun Feng. Yun Feng glanced at Mu Yingyong, who was standing there without moving, and asked with a smile, "Are you satisfied with my Magic Beasts?"

Madam Zi suddenly came back to herself and immediately grabbed Mu Yingyong. "Apologize! Apologize now!"

Mu Yingyong bit his lips and looked at Yun Feng. "S-Sorry..."

Mu Yinghua calmed himself down. The two Magic Beasts were always a bit shocking no matter who saw them. "Alright, let's continue eating." Mu Yinghua sat back with a smile. Mu Yingyong's face immediately turned pale. Yun Feng didn't care. She walked back and sat down again, with Little Fire and Lan Yi next to her. The atmosphere immediately changed.

Eating with people was one thing, but if there were two powerful and fierce Magic Beasts, it was another thing.

Mu Yingyong was forced to sit down. His movements were stiff and robotic. It was obvious that Lady Zi couldn't hold herself back anymore. She was also shivering as she picked up the food. Yun Feng and Qu Lanyi were both relaxed. Mu Yinghua was the most stable one. He could even talk to Yun Feng. Yun Feng looked at Lady Zi and Mu Yingyong's faces that were about to cry and slowly got up.

"Do you mind if we take a rest first, Madam Zi?"

Madam Zi immediately shook her head like a rattle. "I don't mind.. Of course I don't mind!"

Chapter 490: Wishful Thinking (6)

Yun Feng and Qu Lanyi walked out, followed by Little Fire and Lan Yi. When they passed by Mu Yingyong, Little Fire suddenly approached him mischievously. Mu Yingyong staggered and fell off the chair.

"Useless!" Little Fire gave an arrogant comment and glanced at Mu Yingyong mockingly. Then, it scratched its head and left. Mu Yingyong lay on the ground in a sorry state. His body was shaking hard and he still hadn't recovered.

"Yingyong! If it weren't for your brother, Yinghua, I'm afraid the entire Mu family would've been destroyed because of what you said!" Lady Zi shouted furiously. Mu Yingyong barely got up from the ground and sat there without saying anything.

"Yinghua, you must seize the opportunity! If Yun Feng can enter the Mu family, everything will be ours!" A scorching light burst out of Lady Zi's eyes as she looked at Mu Yinghua hopefully. Mu Yinghua chuckled. "Mother, leave it to me."

The Mu family had prepared a very comfortable guest room for Yun Feng. Thanks to Madam Zi, nobody dared to disturb her. After dinner, Yun Feng returned to her room. Qu Lanyi also went back. Their rooms were next to each other.

Yun Feng waved her hand and sealed the space. She took out the dragon-shaped jade pendant with a thought in her mind. Yao Guang, who had been hiding, looked exhausted. It seemed that the energy in his body had been exhausted ever since he came out of the Dragon Palace. A beam of dark light flashed and Yao Guang's body quickly entered the dragon-shaped jade pendant. Yun Feng was a bit startled when she saw that.

"I'm going back. I've already reached my limit. I need to go back and rest." Yao Guang's voice came, but there was no response. Yun Feng smiled. She was quite curious about Senior Yao Guang's original form. Since he said that she would see him sooner or later, she wasn't in a hurry.

When she held the dragon-shaped jade pendant, Yun Sheng and Mu Xiaojin, who were cultivating on the tenth floor of the Dragon Palace, heard Yun Feng's voice. "Brother, Xiaojin!"

Both of them were delighted and they stood up. "Xiao Feng, are you alright?" asked Mu Xiaojin worriedly. Yun Feng smiled. "I'm fine. We're already somewhere else. Come out first."

Both of them nodded. A beam of light flashed past them and they came out of the Dragon Palace. When they came out, Mu Xiaojin's face was slightly pale. She subconsciously looked around and moved her lips.

"What's wrong?" Yun Sheng noticed that something was wrong with Mu Xiaojin and asked. Mu Xiaojin shook her head and looked at Yun Feng with her big eyes. Yun Feng walked over. "Xiaojin, I think you know where we are."

Mu Xiaojin nodded and said, "The Mu family."

Yun Sheng was stunned. Yun Feng patted Mu Xiaojin's shoulder gently. "You'll come back to the Mu family sooner or later. After all, the blood of the Mu family runs in your body. Mu Canghai is the same. Running away won't solve any problem."

Mu Xiaojin's body swayed gently. Yun Sheng, on the other hand, didn't say anything. He knew that Mu Xiaojin had been hiding something in her mind. As long as she was willing to talk, they were willing to listen to her.

Mu Xiaojin bit her lips gently. Yun Feng smiled and held Mu Xiaojin's hand. "Xiaojin, we've got you."

Mu Xiaojin's eyes were slightly red. She subconsciously pressed her hand against her chest. That was where Mu Canghai's ashes were kept. Mu Xiaojin had always been keeping them close to her chest. She would bring her brother wherever she went.

A memory that had been sealed for a long time, a memory that couldn't bear to look back, finally began in Mu Xiaojin's slightly trembling voice.

The Mu family was the largest in Mu City. The entire town was under the management of the Mu family. The head of the Mu family, Mu Zhenhua, was a successful, rich man who had both power and money.

Besides, he was also very handsome. Many women wanted to enter the Mu family and get Mu Zhenhua's liking.

Mu Zhenhua was also a normal man. He certainly wouldn't reject beautiful women. The Mu family also gradually expanded. Mu Zhenhua alone had a few women and his main wife also acquiesced to this and had to accept it.

Mu Canghai and Mu Xiaojin were both born by the main wife of the Mu family. According to the rules, the two of them had the right to inherit Mu Zhenhua's family property. However, the main wife had a weak personality and didn't have the ability to manage anything. The two children had never had a good life ever since they were born.

The provocations and insults of the other women and children, as well as the fights that happened from time to time, caused the two children to be riddled with wounds. Mu Canghai took the role of a protector since he was young, protecting their mother and Mu Xiaojin who inherited their mother's weak personality.

Mu Zhenhua was too busy with his business to pay attention to what was going on in the mansion. His wife was supposed to be in charge of the power in the mansion, but a woman took it away by force. That woman was Mu Yinghua's mother, Madam Zi.

Mu Zhenhua's disregard for Mu Canghai and Mu Xiaojin made these people even worse. When Mu Zhenhua wasn't around, Madam Zi thought of all kinds of ways to torture the two children, and the scene Shang Rui saw happened at that time.

Life was tough. After taking over all the power, Madam Zi embezzled money and implemented cruel policies on Mu Zhenhua's wife and children. Even the three meals a day were reduced to one meal. The gentle good wife finally couldn't stand it anymore and wanted to argue with that woman for her child, only to be beaten to death by Madam Zi.

At that time, Mu Xiaojin was frightened and Mu Canghai was also completely shocked. Their mother was fine when she went out, but when she came back, she had become a cold corpse with a bloody rice bag in her hand.

When Mu Zhenhua learned that his first wife was dead, he didn't ask for the reason at all and simply buried her. The two children were directly handed to Madam Zi to watch over. At that time, Mu Canghai and Mu Xiaojin were already in their teens. How would they not know Madam Zi's evil eyes? In a few years, when Mu Zhenhua died, everything in the Mu family would be extremely sensitive.

The brother and sister escaped. The day before Mu Xiaojin could take the exam of Masang School of Magic, they escaped without caring about anything. Nobody in the Mu family knew that Mu Xiaojin was a mage, and Mu Canghai hid his strength very well. In order to survive in the cruel Mu family, the brother and sister hid everything.. Even if they were beaten up all over, they wouldn't reveal anything.
