

Summoner 491

Chapter 491: My Temper Has Never Been Good (1)

The two people who escaped met Yun Feng just like that. Perhaps this was the beginning of the change in their fate.

At first, Mu Xiaojin's narration was still intermittent and even slightly trembling. However, she had already returned to normal in the end. Her big eyes also looked at Yun Feng bravely, as she faced this unbearable memory of hers bravely.

After Mu Xiaojin said everything, Yun Sheng suddenly extended his arm and grabbed Mu Xiaojin's body with one hand. He then put his arms around her and hugged her. Mu Xiaojin blushed and didn't know what to do. It was her first time being held so tightly by Yun Sheng.

Mu Xiaojin, whose face was flushed, leaned in Yun Sheng's arms quietly like this. Feeling the warmth in Yun Sheng's arms, bubbles of joy rose in her heart. She slowly grabbed Yun Sheng's clothes with her little hand and held them firmly in her palm.

Yun Feng suppressed the anger that kept rising in her mind and touched Mu Xiaojin's head. She took a deep breath and pushed the door open and walked out.

The night breeze was slightly cold. The door behind Yun Feng closed gently. Inside was a pair of people who were embracing each other. Yun Feng looked up at the blue starry sky with stars glittering on it.

"It's already so late. What are you still looking at?"

Yun Feng turned around and saw Qu Lanyi leaning against the door lazily. She smiled casually and looked back at the room at the back.

"Hm? Are you inviting me to spend the night with you?" Qu Lanyi looked at Yun Feng and smiled. He glanced at Yun Feng's room, as if he knew that a relationship was growing inside.

Yun Feng didn't say anything. She walked to Qu Lanyi and asked, "Do you know what I want to do right now?"

Qu Lanyi raised her eyebrows. "A killing spree?"

Yun Feng sneered. "It will only take one night to burn down the Mu family's mansion."

Qu Lanyi was dazed for a moment after hearing that. Then, he chuckled and slid his finger over the side of Yun Feng's face slowly. "That will be too boring. I've heard some good news."

"Good news?"

Qu Lanyi nodded with a cunning look in his eyes. "However, you must pay me something."

Yun Feng's expression turned cold. Qu Lanyi chuckled and suddenly leaned forward. He quickly grabbed Yun Feng's arm and pulled her forward gently. Their faces had already shortened to only a few millimeters away in an instant. Their breaths sprayed on each other's skin, bringing slight heat.

Qu Lanyi's charming facial features suddenly became closer. Yun Feng only felt that her lips were touched by something warm and pressed against it fiercely. Then, their bodies separated abruptly.

Qu Lanyi gently wiped his lips with his finger. His tongue slipped out and he licked his lips seductively like a vixen. He winked at her. "I've received the reward. I'll tell you."

"Hah..." Yun Feng's fist came with the sound of wind. Qu Lanyi dodged it with a smile. Looking at this girl who had been angered by him, he couldn't help but smile.

"Alright, alright. It doesn't matter if I take advantage of you." Qu Lanyi held Yun Feng's fist with his hand and pulled her into his arms. Yun Feng's back fell into his warm arms, and the redness on her face became even redder.

"It's going to be a big day for the Mu family in a few days." What Qu Lanyi said made Yun Feng stop attacking. Qu Lanyi smiled and held her even tighter. "I heard that the next heir of the Mu family is Mu Yinghua."

Hearing that, Yun Feng put on a cold smile and pushed Qu Lanyi away. She took a few steps forward. "Heir? He's no longer one from now on."

Yun Sheng and Mu Xiaojin were sent to the Dragon Palace by Yun Feng again. The Mu family's succession convention in a few days was also announced to Mu Xiaojin. With the encouragement and support of Yun Feng and Yun Sheng, the Mu family was going to welcome the real successor at the convention!

Mu Yinghua had been very attentive to Yun Feng and Qu Lanyi over the last few days. Lady Zi came to visit them from time to time. Yun Feng didn't see anyone else from the Mu family except them.

After the breakfast incident that day, Mu Yinghua came with Madam Zi. Both of them seemed delighted, as if something good had happened.

"You look so happy. What's the good news?" Yun Feng and Qu Lanyi sat at the table and looked at the two of them, who looked delighted. Judging from the time, it should be the day of the succession. They were so happy because everything about the Mu family was about to be taken.

"You're right, Yun Feng. The Mu family's big day is in three days!" Lady Zi was beaming with joy. Mu Yinghua also said to Yun Feng and Qu Lanyi happily.

"Stay. You can't miss the big day of the Mu family." Mu Yinghua sounded very gentle. Yun Feng shivered and Qu Lanyi chuckled.

"If you invite us, we'll definitely stay. Don't you agree, Fengfeng?"

The corners of Yun Feng's mouth twitched. Seeing that Mu Yinghua's eyes suddenly glittered, she coughed and skipped the topic. "What exactly is the event? Can you tell me?"

Lady Zi saw Qu Lanyi's reaction from the side. What she said just then not only ignited the fire in Mu Yinghua's heart, but also ignited the fire in Lady Zi's heart.

"To be honest, I've been managing the Mu family for the past few years. I've been under a lot of pressure as a housewife. Fortunately, I've survived all these years. My husband died early and the two

kids of my sister's family suddenly disappeared. We've been looking for them for a year, but we still haven't found them. I'm afraid something has happened." Madam Zi looked sad. If Yun Feng didn't know the inside story, she would've been easily coaxed by this housewife.

"Luckily, Yinghua is already a grown-up. It's time for me to be relieved from my responsibilities." Lady Zi looked at Mu Yinghua comfortingly, and Mu Yinghua smiled.

"Mother, don't worry. I'll take good care of the Mu family." Mu Yinghua looked at Yun Feng and Qu Lanyi, who both ignored him..

Chapter 492: My Temper Has Never Been Good (2)

"Madam Zi, speaking of the two kids born by the main wife, how do you know they won't come back? If they come back, aren't you stepping over the line?"

Madam Zi's expression froze for a moment. "About that... We've been searching for a year and we still haven't found them. Those two kids have never come back either. There's nothing I can do."

"Then, why didn't you hold the succession meeting when they were still here?" Yun Feng asked again. Madam Zi's face was obviously much darker. "Those two kids are younger than Ying Hua. How could they take care of the Mu family at such a young age? My husband wouldn't be willing to hand the family business over to them!"

Yun Feng nodded thoughtfully. "What if they come back on the day of the succession?"

Madam Zi raised her head abruptly and couldn't hold her expression anymore. Seeing that, Mu Yinghua immediately said, "It'll be great if they can come back. Am I right, Mother?"

Madam Zi was stunned for a moment and immediately said, "That's right! After all, they're the main wife's child. If she can come back, it'll be a different story..."

Yun Feng didn't ask any more questions. She believed that these questions would make Lady Zi restless for several days. Seeing that the atmosphere was a bit awkward, Mu Yinghua quickly said, "Yun Feng, you can be the witness this time. What do you think?"

Madam Zi couldn't help but heave a sigh of relief after hearing that. Her expression eased again as she greeted Yun Feng with a smile. "Yes, Yun Feng. Be a witness for the Mu family in case anything happens in the future."

Yun Feng smiled with her red lips. "I'm very happy to. If anything happens in the future, you'll have to go through me first if anyone questions you."

Lady Zi and Mu Yinghua both smiled, and so did Qu Lanyi and Yun Feng. The four of them looked at each other and smiled, but they were thinking the opposite.

In the three days before the succession meeting, Mu City was very lively. The succession of the Mu family was a major event for the Mu City, perhaps even more important than the succession of the leader of the empire. In the eyes of the people of Mu City, the successor of the Mu family was the most important.

Mu Yinghua was already considered the heir of the Mu family. Naturally, some people in the city remembered the two children that the main wife gave birth to back then. However, the two children had disappeared in the past year and people in the city more or less understood what happened.

For the past few days, Yun Feng and Qu Lanyi had been walking around the town casually. They had shaken off the members of the Mu family, so they certainly received a lot of attention. Both of them were used to it and heard a lot of interesting things along the way.

For example, how did Madam Zi destroy the other concubines and children of the Mu family's master? Those who were younger than Mu Yinghua were safe and sound, but those who were older than Mu Yinghua were all dead or gone for no reason.

Along the way, Yun Feng also knew Madam Zi's cruel methods. She truly didn't show mercy and killed people without spilling blood. This woman's heart was ruthless, vicious and disgusting.

The administration of Mu City in the past few days had been much stricter. Many people who looked like soldiers were going in and out, as if they were searching for something. Yun Feng sneered. Lady Zi was indeed shocked by what she said. She was afraid that Mu Xiaojin and Mu Canghai would jump out from somewhere. Her search was going to be in vain.

The Mu family had been celebrating the past few days. Many juniors had been flattering Mu Yinghua and trying to rope in the future master of the Mu family. Mu Yinghua was surprisingly busy these days. He didn't have time to talk to Yun Feng and Qu Lanyi. Soon, it was the day of the succession.

Yun Feng woke up early in the morning and heard the busy noises outside. It was the Mu family's big day today. The succession convention would be held in the square in front of the Mu family. Most people in Mu City would come to watch and witness the coronation of the new leader.

After tidying up, Yun Feng opened the door and saw Qu Lanyi, who had been waiting for her. The two of them immediately stood in the sky and looked down at the Mu family's mansion below them. Yun Feng looked at the square in front of the Mu family's door. Even though there was still some time before the succession convention, there were already a lot of people from the Mu City gathered there.

Yun Feng's body suddenly slid across the sky and came to the city gate of Mu City at a speed that was almost invisible to the naked eye. The dragon-shaped jade pendant in her hand flashed and Yun Sheng and Mu Xiaojin came out of the Dragon Palace. After they came out, Yun Feng felt a different level of aura than before.

"Brother, congratulations." Yun Feng said to her brother with a smile. Yun Sheng smiled. "She's only at the Commander Level. She's still a long way from catching up to my sister."

Yun Feng burst into laughter and patted Mu Xiaojin's head. "Xiaojin, your strength is improving much faster than I thought."

Mu Xiaojin put on a sweet smile. She was already a level-8 mage and could be considered an expert.

"Are you ready?" Yun Feng suddenly became serious, and so did Mu Xiaojin. She took a deep breath and looked into Mu City. Her brother and her home used to be there, but they were wrong.

But no matter what, they had to take back what belonged to them!

“I’m ready. I’ll take back what belongs to me and my brother!” Mu Xiaojin’s eyes changed. There was a fierceness that she had never shown before, which made her gentle appearance much stronger. Yun Sheng smiled in relief. “Don’t worry. I’ll be with you.”

Mu Xiaojin nodded. Yun Feng coughed and interrupted their eyes. Mu Xiaojin blushed and looked at Yun Feng shyly.

“Ahem! Let’s not talk about when you became so intimate. Just let me stay with you! I’ll be waiting for you there, Xiaojin!” The corners of Yun Feng’s eyes curved up as she gave Mu Xiaojin a comforting smile and flew away with Qu Lanyi. Qu Lanyi approached Yun Feng and said in a low voice, “Is there an affair between your brother and Mu Xiaojin?”

Yun Feng’s temples throbbed. “That’s not an affair!”

Qu Lanyi took another step closer. “Got it, got it. Only Fengfeng and I are in an affair.”

Yun Feng didn’t say anything. She simply waved a fire element at Qu Lanyi fiercely and quickly. A beam of white light blocked Qu Lanyi’s way and blocked Yun Feng’s attack. “I’m done. I’m done..”

Chapter 493: My Temper Has Never Been Good (3)

A lot of residents of Mu City had already gathered in the square in front of the Mu family’s door. The entrance of the Mu family was already rather crowded early in the morning. The residents of Mu City were all waiting for the door of the Mu family to open and for the so-called succession convention.

When Yun Feng and Qu Lanyi returned, Lady Zi and Mu Yinghua happened to come to find them. Both Lady Zi and Mu Yinghua were wearing splendid clothes and couldn’t hide the pride on their faces. Yun Feng and Qu Lanyi smiled and walked out with them. On the way, someone whispered something in Lady Zi’s ear, which made her smile even more delighted. After they left, Lady Zi said, “Let’s go. The succession convention is about to begin. Don’t let the people of Mu City wait too long.”

Yun Feng nodded and asked Lan Yi and Little Fire to come back with Meatball. Then, Yun Feng and Qu Lanyi walked out of the gate of the Mu family with Lady Zi.

The moment the door was opened, a heated discussion burst out. The members of the Mu family were already in the small square in front of the Mu family and they were all dressed up. Seeing that Madam Zi came out, the members of the Mu family all stood up and looked very respectful. The people of Mu City were on the periphery, some distance away from the members of the Mu family.

“Look, that’s the summoner!”

“I’ve finally met her. I have no regrets in this life!”

“Where’s her Magic Beast? If I can still see the contracted Magic Beast, it’s also something I can brag about to others!”

The Mu family didn’t seem to be the highlight of the succession this time. Instead, it was Yun Feng, who was the guest. Lady Zi sat in the main seat, Mu Yinghua sat on one side, and Yun Feng and Qu Lanyi sat on the other. It was obvious that the Mu family valued them.

Little Fire and Lan Yi also came. The appearance of the two Magic Beasts made the scene a bit out of control. People were both scared and curious. They wanted to go up and take a closer look, but they were also afraid that the Magic Beasts would suddenly hurt them. Meatball jumped onto Yun Feng's shoulder and sat down quietly. Some kids looked at Meatball with longing eyes when they saw it.

Madam Zi was very satisfied to see the current situation. She immediately waved her hand and the discussion finally stopped. Little Fire and Lan Yi were standing behind Yun Feng. Madam Zi also spoke with an inexplicable pressure, fearing that the enormous Fire Cloud Wolf would slap her. She managed to calm herself down with great difficulty and said with a pale face, pretending to be calm.

"Today is the big day of the Mu family and Mu City! Everybody knows that I've been the only one to carry everything in the Mu family ever since the old master passed away! And today, the Mu family finally seen its heir. I can finally put down the heavy burden on my shoulders!"

Lady Zi was a bit excited when she said that. Mu Yingyong, who was sitting next to Mu Yinghua, had been staring at Little Fire with an uneasy look. Little Fire glanced at it lazily, and Mu Yingyong suddenly turned pale.

The residents of Mu City applauded and cheered. Lady Zi raised her hand, and Mu Yinghua stood up. "Today, the Mu family has won a distinguished guest! That's the summoner of the Fengyun Empire, Yun Feng! She'll be the witness for the Mu family!"

Yun Feng smiled and looked at Lady Zi and Mu Yinghua with her black eyes. Lady Zi took out a jade talisman and showed it to everybody. "This is the jade talisman that symbolizes the Mu family's power. Now, it's in the hands of the new master of the Mu family, Mu Yinghua!"

Mu Yinghua was about to take it, when a loud shout burst out of the crowd. "Wait!" Both Lady Zi and Mu Yinghua were stunned. Yun Feng and Qu Lanyi, on the other hand, looked at the girl who walked out of the crowd with a smile.

The crowd parted and the girl walked out slowly. Her young face was full of stubbornness and determination. She looked at Madam Zi and Mu Yinghua on the platform with her big eyes. Both of them were stunned and couldn't help but widen their eyes.

The girl walked to the front firmly and smiled at Madam Zi. "Aunt, you haven't forgotten who I am, have you?"

Madam Zi shivered. Mu Yinghua quickly held his mother and stared at the girl below the stage. "You are..."

Madam Zi suddenly grabbed Mu Yinghua's arm. Someone from Mu City, who was watching the drama, suddenly shouted, "Isn't she... Mu Xiaojin?"

"Yes, yes, it's her! Why is she back? Where's Mu Canghai?"

Madam Zi's lips trembled as she smiled at Mu Xiaojin below the stage. "Xiaojin, you haven't been back for more than a year. It's a good time for you to come back."

Mu Xiaojin smiled. Yun Sheng looked at her encouragingly. Mu Xiaojin took a deep breath and said solemnly, "I'm back to take back what belongs to me and my brother!"

Hearing that, Lady Zi suddenly smiled and pushed Mu Yinghua away slightly. She narrowed her eyes and looked at Mu Xiaojin and Yun Sheng next to her. "What belongs to you? Why? Do you think you can take the Mu family away just because you found a helper? Look at yourself! And what kind of man are you looking for? Don't embarrass yourself!"

Yun Feng, who was sitting in the back, slowly stood up with a completely gloomy expression. "Madam Zi." Yun Feng called out. Madam Zi quickly turned around and ignored Yun Feng's expression because she was too nervous. She continued, "Yun Feng, thank goodness you're here. That girl still wants to find a helper! That indecent man is definitely a pretty boy!"

Yun Feng's red lips curled up and she looked into Madam Zi's eyes. The coldness in them made Madam Zi instantly quiet down. "A pretty boy? An indecent man?" Yun Feng slowly repeated what Madam Zi said just then. Madam Zi was already shivering under Yun Feng's gaze. She didn't know how she offended this woman. She seemed very angry.

"Yun Feng, you... Mother is right..." said Mu Yinghua. Yun Feng waved her hand, and Mu Yinghua staggered and was thrown to the ground. The members of the Mu family were too scared to move. Lady Zi could only stand there in shock and didn't even have the strength to run.

"What a coincidence. The man you're talking about is my brother, Yun Sheng." What Yun Feng said made Lady Zi's body shake abruptly.. Her knees went soft and she fell on the ground. Her face was pale and she wanted to bite her tongue off!

Chapter 494: My Temper Has Never Been Good (4)

Yun Feng looked up and glanced at the members of the Mu family. "My temper has never been good, especially when my family is insulted like this!"

Madam Zi was dumbfounded, and so were the other members of the Mu family. Mu Yinghua, who had been knocked out by Yun Feng, got up awkwardly with dust all over his face. He touched the place where Yun Feng had hit him and his black eyes were full of shock.

"Yun Feng, that's your brother! Why is your brother with her?" Mu Yinghua walked to her, enduring the pain and standing next to Lady Zi. It was obvious that Lady Zi hadn't come back to herself yet. Mu Xiaojin had come back on such an important day! She had even brought someone back with her. It was Yun Feng's brother! She even scolded him without thinking!

Madam Zi wanted to bang her head against the wall right now. She wanted to redeem herself, but she didn't know what to say. Everything she said was wrong. So, she bit her lips and stood there. Now that Mu Xiaojin was back, Mu Yinghua's right of inheritance would certainly be canceled. After all, Mu Xiaojin was a child of the main wife and wasn't restricted by the age of inheritance. Thinking of this, Madam Zi felt indignant.

"My brother is certainly with her, because she's my future sister-in-law!" Yun Feng smiled. Mu Yinghua and Madam Zi both turned pale. The members of the Mu family all widened their eyes curiously. Mu Xiaojin and Yun Sheng both blushed and were a bit shy. However, Yun Sheng still held Mu Xiaojin's hand generously and admitted it indirectly.

Mu Xiaojin blushed and held Yun Sheng's hand hard. She looked up bravely. She knew that she must take back what belonged to her and her brother today. It couldn't be anyone else!

"Aunt, why am I here to take everything from the Mu family, you asked? Because I'm from the main family, because of the rules of the Mu family's ancestors! Nobody is more qualified than me!"

Madam Zi straightened her body slowly and forced a smile. "Do I have to give it to you just because you want to go back? How many years have I been taking care of the Mu family? More than half of my life! What have you done for the Mu family? What right do you have to come here and ask to go back to the Mu family?"

Mu Xiaojin bit her lips. Yun Sheng shook her hand encouragingly. Mu Xiaojin raised her head and said loudly, "Aunt, do you want me to tell you what you've done?"

Lady Zi turned pale and looked like she was about to collapse. Mu Yinghua quickly steadied her and yelled, "Mu Xiaojin, are you done? Everybody can see that my mother has been working for the Mu family all these years! You've made no contributions to the Mu family at all, but you dare to make a fuss here with your identity! Why? Do you think you're great with Yun Feng's support?"

After saying that, Mu Yinghua turned around and looked at Yun Feng. "Yun Feng, this is a family matter of the Mu family. You'd better stay out of it, or it'll ruin your reputation!" Mu Yinghua was finally awake at this moment. He knew that he had been dreaming the whole time. Yun Feng didn't have any feelings for him at all. Perhaps, she had been watching him make a fool of himself from the beginning.

"I certainly won't interfere with the Mu family's business, but Madam Zi must pay a price for what she said just then. The members of the Yun family aren't easy to deal with!"

Yun Feng was just like that. She could ignore other people's family affairs, but when anyone offended the Yun family, she certainly would care! Even the from the royal family of the country had been annihilated by her! Although Madam Zi of the Mu family didn't mean it, Yun Feng wasn't a kind person either. How would he let her go so easily?

"Yun Feng! You should spare people wherever possible! My mother doesn't know that he's your brother. Why are you so aggressive?" Mu Yingyong, who had been hiding on the side, stood up. Perhaps he saw that his mother was about to be punished, so he, as a son, should step forward and shout, ignoring the fear in his heart.

It had already become a farce. None of the residents of Mu City left. On the contrary, it seemed that the other members of the Mu family were all relatives and in-laws. Mu Yinghua and Mu Yingyong were the only ones who were related to Lady Zi by blood. Right now, only the two of them stood up for her. The others had all become mute.

"Spare her? You should've said that to your mother! As a concubine, you didn't abide by your duty and wanted things that you didn't deserve. You even used all kinds of means to force the main wife to death and tortured the children that she gave birth to. Why? Doesn't your mother understand the principle of letting people off when they can?" Yun Feng said coldly as she glanced at Madam Zi coldly. Madam Zi's body trembled abruptly and her lips turned even paler.

“What nonsense are you talking about? My mother didn’t do that! Mu Xiaojin left the Mu family on her own. My mother didn’t force her at all!” Mu Yinghua looked at Mu Xiaojin with fury in his eyes. “Mu Xiaojin, your surname is also Mu! Do you want people to laugh at the Mu family?”

Mu Xiaojin smiled sadly and her eyes turned cold. Her brother was already dead. If she hadn’t met Yun Feng, she wouldn’t have had the courage to come back. Her surname was indeed Mu, but the Mu family had never treated her as a member of the Mu family!

“My surname is Mu! If I had a choice, I would rather give up this surname! My mother was forced to die by you, Zi Hua! My mother only wanted the food that you had completely detained! She went to find you for my brother and me so that we wouldn’t starve to death! In the end, she brought back my mother’s body! Zi Hua, what you did was too outrageous. Even the heavens wouldn’t forgive you!”

Mu Xiaojin burst into fury. Her questions were so loud that Lady Zi didn’t even have the energy to refute them. Everybody was quite shocked. It was a serious crime to murder the main wife! If Lady Zi had really done that, she would’ve died under the Mu family’s punishment!

“You’re slandering me!” Mu Yinghua shouted back crazily. Mu Yinghua was so angry that he was shivering. “Mu Xiaojin! Stop talking nonsense!”

“She knows clearly whether she did it or not! Zi Hua, say something! If you really didn’t do it, say something!” Mu Xiaojin roared as her eyes turned a bit red. All her family members had already left her. How much courage did she need to stand here right now? Not only did she want everything that belonged to them, but she also wanted this woman to receive the punishment she deserved!

“I... I...” Madam Zi trembled and looked extremely pale. Mu Yinghua was very worried. “Mother, it’s fine. I know you didn’t do it.. I know!”

Chapter 495: If You Want It, Take It (1)

Madam Zi nodded and looked like she was about to cry. Mu Xiaojin suddenly smiled. “You didn’t do it? You don’t want to admit that you murdered the main wife and forced my brother and me to run off. How can you deny that?”

“Are you done?” Mu Yingyong dashed forward, as if he was going to teach Mu Xiaojin a lesson. Yun Sheng’s face suddenly turned cold. He waved his hand and sent the water element towards Mu Yinghua like a chain. Mu Yinghua was immediately restrained.

“Let go of me!” Mu Yingyong was completely tied up and he roared in frustration. Seeing that, Yun Sheng immediately squeezed his hand and the liquid chains of water turned into ice. Soon, a layer of glittering ice formed on Mu Yingyong’s body.

“Brave!” Mu Yinghua shouted anxiously when he saw that. Lady Zi also whimpered and fell into Mu Yinghua’s arms.

“Whoever dares to touch Xiaojin will end up like this!” Yun Sheng rarely had a cold face, but at this moment, his handsome face was covered with a layer of anger. Yun Feng looked at her brother with a smile. Let her brother be the hero who saved the beauty.

Mu Yingyong turned into an ice man and fell on the side. The other members of the Mu family didn't dare to make a sound. The faces of the people of Mu City, who were watching the drama, also changed. The summoner's brother wasn't someone to be trifled with!

Mu Yinghua gritted his teeth and stood straight. "Mu Xiaojin, if you want everything of the Mu family, fine! I'll give it to you!" What Mu Yinghua said woke Lady Zi up completely. She suddenly pushed her son away.

"Are you crazy? I've done so much for the Mu family. I don't want it to end up in someone else's hands!"

"Mother! Don't you see? If you don't give it to her, she won't let it go!"

"No!" Madam Zi roared. "Everything in the Mu family belongs to me! I can't give it to anyone! Nobody can take it away from me!" Holding the jade pendant in her hand, Madam Zi shouted crazily, as if she was a bit crazy.

Yun Sheng sneered. "Do you think you can refuse to hand it over just because you said so? I just don't want to use violence. Otherwise, do you think your family would still be sitting here safe and sound?"

What Yun Sheng said made all the members of the Mu family change their expression. Everybody's heart shrank fiercely. Yes, he was already so powerful just then. How would they have the chance to resist? Besides, Yun Feng, the summoner, could wipe out the Mu family with one of her Magic Beasts!

Qu Lanyi yawned lazily. He had been watching the drama for a long time. Although it was interesting, he was a bit tired after seeing this. "Just do it."

Hearing that, Mu Yinghua roared, "Mu Xiaojin! You can't kill us all. Consider the sake of the Mu family!"

Mu Xiaojin sneered. "Kill you all? Only your mother would do that. Don't worry. I won't kill anyone else in the Mu family. I only want her life!"

Madam Zi's body went limp again. Mu Yinghua held her and held her in his arms. Her face had already turned pale.

"Madam Zi, of course you can deny everything Xiaojin said. Do you think no one knows?" Yun Feng said softly. Mu Xiaojin was going back to the Mu family, so she had to be justified!

"W-What did you say?" Madam Zi managed to say with a trembling voice. Yun Feng curled her lips and smiled. "You should know what I'm talking about. You can deny the charge of murdering the main wife. After all, you've already dealt with everyone who knows about this. However, you have to admit that you killed Mu Xiaojin and Mu Canghai. Do you want me to invite the person who saw this process to confront you?"

Madam Zi shivered again and couldn't say anything at all. There was mockery in Yun Feng's eyes. "As your concubine, you've done such a heartless thing and you can still live to this day with a clear conscience. You're truly shameless. Now, you want to take something that doesn't belong to you for yourself. You're too greedy."

Mu Yinghua looked at his mother in shock and couldn't believe it. "Mother... Is she telling the truth?"

Looking at Mu Yinghua's face, Yun Feng also understood that he might be a tragedy. Madam Zi was quite particular. She didn't mention these things to her child at all, just to protect her good mother's image.

"I'm doing this for you and Yingyong... If I don't let that woman die, how can I take over the Mu family? If I don't kick those two kids out, you won't even be qualified to inherit!"

"What?" Mu Yinghua's eyes widened. "So... they're telling the truth?"

Madam Zi finally burst into tears. "I did it for you, for you..."

Mu Yinghua staggered and his arm that was holding Lady Zi also dropped. He fell on his butt, looking rather dazed. Lady Zi fell to the side and cried miserably.

"You've finally admitted it? Have you ever felt guilty after so many years?" Yun Feng narrowed her black eyes. She really wanted to burn this vicious woman clean with fire, but this wasn't something she should do on Xiaojin's behalf.

"Guilty? She was unable to beat me. She deserved it!" Madam Zi laughed and got up from the ground. She said loudly to Mu Xiaojin, "She deserved to end up like this! She was the first wife with such a cowardly personality. She couldn't even sit in that position. That position should be taken by someone like me!"

Mu Xiaojin's black eyes glittered. She let go of Yun Sheng's hand and moved forward. Water elements surged out and turned into sharp arrows. "It's not your place to decide my mother's fate! Water Arrow!"

Following Mu Xiaojin's furious shout, the Water Arrow whizzed past. Seeing that, Mu Yinghua immediately scrambled to protect his mother. Lady Zi burst into laughter when she saw the Water Arrow whizzing towards her. She was very crazy, as if she could finally stop being afraid after confessing everything.

"Swish!" Blue light appeared on the surface of the arrow with the energy of the water element. Mu Yinghua pulled his mother behind him and blocked it.

"Poof!" The sound of an arrow piercing into the body came. Lady Zi narrowed her eyes and looked at Mu Yinghua, who was standing in front of her.. In the end, she screamed, "Yinghua! Yinghua!"

Chapter 496: If You Want It, Take It (2)

Mu Yinghua's body fell slowly. The Water Arrow penetrated his chest completely. He blocked Mu Xiaojin's attack and saved Madam Zi's life.

"Yinghua!" Madam Zi's hands were covered in blood. She was at a loss of what to do. Why did he rush here? Damn it, was she in the wrong?

"Mother..." Mu Yinghua wanted to say something, but he could only utter one word. His body trembled and he was completely lifeless. Madam Zi sat there in a daze. After a few seconds, she finally lost her mind.

“You killed him! You killed my son! You murderer! I’m going to kill you!” Lady Zi shouted and wanted to rush down. Her facial features were all twisted. Mu Xiaojin retracted her hand, and the Water Arrow floated in the air as water elements. She asked Yun Feng and Yun Sheng not to stop that crazy woman. She stood there and watched Lady Zi run towards her so relentlessly as if she wanted to fight her to the death.

“Pa!”

A loud slap sounded. Mu Xiaojin’s raised hand slowly fell. There was a red and swollen finger mark on Lady Zi’s cheek. Her body also stopped because of the slap.

“You’re the one who killed him.” Mu Xiaojin looked at Madam Zi coldly with her black eyes. Madam Zi was dazed for a moment. Then, she burst into laughter and collapsed on the ground.

The scene finally came to an end. The other dozens of members of the Mu family watched everything, dumbfounded. The people of Mu City were also stunned. So, Madam Zi had done such a thing. It was only right that her son died.

Mu Xiaojin took out the jade pendant that Madam Zi held firmly in her hand and held it in her hand. There was still a trace of warmth on it. Mu Xiaojin was suddenly relieved. Then, an indescribable sorrow surged up. Yun Sheng came over at this moment and held her gently in his arms. Mu Xiaojin looked up at him and smiled.

“From now on, you should know who the master of the Mu family is!” Yun Feng stood on the stage and glanced at everyone. “Whoever is suspicious or dissatisfied, come to me!”

Everybody was shocked. The Mu family would be different from the others from now on, because after it got its new owner, the Mu family had an unprecedented supporter, Yun Feng, the summoner!

The handover of the Mu family went very smoothly. The other members of the Mu family didn’t even breathe loudly. Mu Xiaojin was qualified to inherit the Mu family. Who would be suspicious? Even if they were dissatisfied, who would dare to vent it? Mu Xiaojin was Yun Feng’s future sister-in-law right now. Whoever was dissatisfied would be seeking death!

Speaking of which, if the Mu family and the Yun family became in-laws, the Mu family would receive countless benefits! It was a dream for the Mu family to establish a relationship with the Yun family. The Mu family had gained a lot from the death of Madam Zi and her two sons.

The Mu family soon forgot about Madam Zi and her two sons. It was also beyond Mu Xiaojin’s expectation that she would become the head of the Mu family.

She stayed in Mu City for a few days to accompany Mu Xiaojin out of the Mu family. Mu Xiaojin still had a lot to learn. Yun Sheng was quite talented in this area and helped Mu Xiaojin a lot. Yun Feng once joked that she might as well marry into the family.

Although Yun Sheng and Mu Xiaojin didn’t know where their relationship started, they were both loyal people once they fell in love. Yun Feng was already certain that Mu Xiaojin would be her sister-in-law. She also discussed with Yun Sheng that she should tell her father about this so that she could propose to the Mu family.

The matter of the Mu family couldn't be settled until a while later. Yun Sheng slowly postponed the marriage proposal and focused on helping Mu Xiaojin deal with the Mu family. Now that the matter of the Mu family was over, Yun Sheng certainly stayed here. Yun Feng was about to go back to Chunfeng Town when her Sound Transmission Jade rang.

"Young Lady!" Yun Feng was shocked when she heard Wang Ming's voice, which sounded a bit anxious. Yun Feng was with Yun Sheng, Mu Xiaojin and Qu Lanyi right now. The four of them were talking about something. When the voice came, they all frowned.

"What's wrong?" Yun Feng started to feel uneasy for some reason. The Sound Transmission Jade flashed a few times and a voice came from the other side. "My Lady, something happened to the Yun family!"

Yun Feng and Yun Sheng's faces suddenly darkened. Yun Feng held the Sound Transmission Jade and couldn't help but shout, "Tell us! What happened?"

"A lot of unknown people attacked the Yun family! The Red Maple Mercenary Team just received the news and they're rushing to Chunfeng Town!" Yun Feng squeezed the Sound Transmission Jade fiercely and cut off the communication. She immediately walked out.

"Xiaojin, it seems that I can't keep you company anymore."

Mu Xiaojin immediately nodded and asked Yun Sheng to follow her. Yun Feng walked to the door and saw that her brother was following her. She turned around and stopped. "Brother, stay here."

"The Yun family is in trouble. How can I be here?" Yun Sheng frowned. It would be weird if he could stay here peacefully at this moment!

Yun Feng shook her head. "They attacked the Yun family with a group of people of unknown origin. They must be targeting me! Since their target is me, it's fine as long as I appear!"

Yun Sheng stepped forward and held Yun Feng's shoulder. "Even if they are targeting you, I'm not an outsider! If someone wants to bully my sister, I won't just sit back and watch!"

Qu Lanyi walked to her and said solemnly, "You're free to do whatever you want here. If they're targeting Fengfeng, this place will be attacked sooner or later. If you don't stay here, what will she do? If someone strong comes, the Mu family will be destroyed."

Yun Sheng was startled. He looked at Mu Xiaojin, who bit her lips and said guiltily, "Xiao Feng, I'm the one who implicated you..."

Yun Feng smiled. "What nonsense are you talking about? I'm the one who implicated you. I'm the one who implicated the Yun family." Yun Sheng clenched his fists and knocked Yun Feng's head. Yun Feng looked up in shock.

"What nonsense are you talking about? What do you mean you implicated the Yun family? You're the reason why the Yun family has its current achievements. Feng is the pillar of support for the Yun family! You're not the one who'll drag the Yun family down, understand?"

Yun Sheng looked at Yun Feng warmly with his black eyes full of trust and affection. Yun Feng touched the place where her brother hit her and chuckled. "Got it.."

Chapter 497: If You Want It, Take It (3)

Yun Sheng didn't insist on his opinion. "I'll stay here in case the Mu family is attacked. Even though my strength is average, I can still resist for a while."

"Don't worry, big brother. I'll send the people of the Red Maple Mercenary Team here right away. The Yun Army is protecting Dad. He should be fine! I'll go back right now!"

Yun Sheng caressed Yun Feng's head with his big hand. "Feng, you must be safe. Father will be fine. Don't be too stubborn."

Yun Feng flipped her hand and a black piece of iron appeared in her palm. Yun Sheng was stunned. Yun Feng put the piece of iron in Yun Sheng's hand. "This thing can resist attacks below the Monarch Level."

Yun Sheng's pupils shrank. Mu Xiaojin quickly shook her head. "Xiao Feng, keep this for yourself!"

Yun Feng smiled. "This thing is already useless to me right now. It can help you. If you don't need it, you can return it to me later."

Yun Sheng didn't say anything as he put the metal piece away. He reached out and pulled his precious sister into his arms, hugging her tightly. "Feng, promise me that you'll be safe."

Yun Feng patted Yun Sheng's back with determination in her eyes. "I promise you that the Yun family will be fine."

After she left the room, Little Fire, Lan Yi and Meatball were already waiting outside. Meatball let out a cry and jumped on Yun Feng's shoulder, as if it was comforting her. "Master, let's go," said Lan Yi. Yun Feng nodded and immediately flew to the sky. This time, she found that a tail was still following her.

"Why are you still here?" Yun Feng frowned slightly. Qu Lanyi smiled, as if he was determined to follow her. "Fengfeng's business is my business. We can't separate."

The corners of Yun Feng's mouth curled up. Without saying anything, she dashed forward. Qu Lanyi also chased after her with a smile on his face and didn't forget to shout, "Is that an indirect acknowledgment?"

Nobody answered him. A few streaks of light flashed across the sky of Mu City quickly and disappeared in a blink. Yun Sheng and Mu Xiaojin stood in the yard of the Mu family and looked up at the few traces in the sky. Both of them had a firm belief that the Yun family would be fine as long as Yun Feng was here!

There were a few shadows running crazily in the sky, passing countless towns and cities. Some people looked up and were also surprised to see the light that flashed past. Lan Yi and Little Fire followed Yun Feng on both sides, and Qu Lanyi followed Yun Feng closely. Meatball's fluffy hair was blown up by the wind, and its body became like a dandelion.

Yun Feng was expressionless along the way. Her black eyes were extremely cold and her speed was much faster than usual. The two Magic Beasts seemed to be struggling to keep up with her, but Qu Lanyi seemed to be following her unhurriedly.

It was supposed to be a long journey. But Yun Feng returned to Chunfeng Town in just a few hours. As soon as she saw Chunfeng Town in the distance, the space in front of her trembled slightly and a few weird noises appeared with the sudden attack.

“You’ve made us wait long enough, Yun Feng.”

“Swish! Swish! Swish! Swish!” A few powerful attacks came towards Yun Feng. The etiquette of meeting was quite straightforward. Yun Feng dodged all of them with a cold face. Her black eyes were already covered with a layer of ice. These few people were all at the peak of the Commander Level!

Seeing that Yun Feng dodged all of them without a trace of embarrassment, the three of them didn’t frown. “I didn’t expect you to be so tricky. You’re the summoner of two Magic Beasts, just like the rumors say.”

The old man with a face full of wrinkles laughed weirdly. His body that was almost a skeleton wearing clothes. The wide clothes swayed back and forth on his body and the facial features that were only skin on his face were very scary.

Yun Feng didn’t say anything. These three people were at the peak of the Commander Level, and it might be a bit difficult for her to deal with them alone. However, with Little Fire and Lan Yi here, the three of them couldn’t stop her.

“Kill them,” said Yun Feng coldly. Little Fire and Lan Yi immediately understood what their master meant. The three of them were all stunned. “You don’t know who we are, do you? That’s why you’re so arrogant! Let me tell you, the three of us are...”

“Shut up!” Yun Feng only said two words. Little Fire and Lan Yi had already launched an attack, rushing towards the three people who were still talking to themselves! The three of them immediately fought back in panic. They only realized the strength of these two Magic Beasts when they fought!

“You’re not qualified for me to do anything.” Yun Feng directly passed the three of them and sped towards Chunfeng Town. Chunfeng Town wasn’t far away. It was still so quiet and peaceful, but there was a trace of strangeness everywhere.

“They’re not from the Fengyun Empire.” Qu Lanyi followed Yun Feng as they walked. Yun Feng was silent for a few seconds. “It seems that someone wants my life.”

Qu Lanyi’s eyebrows jumped a few times. Which one of them dared to provoke Yun Feng?

The two of them arrived in the sky above Chunfeng Town. Before they entered Chunfeng Town, two more people appeared out of nowhere. They were twins with identical faces and held identical weapons. When they saw Yun Feng and Qu Lanyi, they both chuckled.

“I’ve been waiting for you for a long time.” The two of them said in unison. Yun Feng and Qu Lanyi looked at each other. Yun Feng chuckled. “Why are you waiting for me?”

The two twins laughed weirdly and pointed their weapons at Yun Feng at the same time, shouting, “Hand over the Ultimate Crystal Beast!”

Yun Feng and Qu Lanyi were both stunned. Ultimate Crystal Beast! How did they know? “You said I have one, but do I?” Yun Feng snorted coldly. Which of Carson, Muqing and Xiaoxiao told them?

“Hahaha, stop pretending! Everybody knows that you have a lot of good stuff on you right now. The Crystal Beast is just one of them!”

Yun Feng’s face darkened. Qu Lanyi said with an unpleasant look, “Where did this news come from? Do you believe it? If Yun Feng had these things, the Yun family would’ve already taken over the Fengyun Empire!”

The twins looked at each other with a hint of doubt in their eyes. Yun Feng and Qu Lanyi had already understood the current situation.. The Yun family wasn’t facing one or two enemies, but an endless stream of powerhouses from all over the world!

Chapter 498: If You Want It, Take It (4)

“Haha, you don’t know, do you? Right now, all the powerhouses of the individual cultivators in the four countries will probably swarm here. It’s better if you hand it over obediently. Nothing will happen to the Yun family.” The twins laughed weirdly. Even though they knew that they weren’t as strong as Yun Feng, they were still fearless. What they said indeed made Yun Feng a bit worried.

The powerhouses of independent cultivators were usually harder to deal with than the powerhouses with status. Independent cultivators who could reach a certain level worked hard by themselves. Without the support of their family, background, and all other external forces, these powerhouses of independent cultivators were more threatening!

And they were completely unreasonable! They didn’t have anything they cared about or feared. They had nothing except themselves! So, these freelance martial artists usually did things like killing and robbing people. Only these freelance martial artists dared to accept missions with high rewards and high risks! Now that the news that Yun Feng had a Crystal Beast had been deliberately exposed, these freelance martial artists certainly had to flock to her, whether it was true or not. People died for money and birds died for food!

Yun Feng frowned hard as her brain raced. It seemed that there was only one person who could set her up like this. Carson! That man who hated her to the bone. He had to make the first move!

“Is it from the Cashya Empire?” asked Yun Feng coldly. The twins burst into laughter. “You’re smart. It’s from the Cashya Empire, but it doesn’t matter anymore. Whoever gets the good stuff first will have it!”

Yun Feng smiled, and the corners of her mouth kept rising. She slowly raised her little face. “I do have a lot of good things, such as this one.” She flipped her hand, and the Monarch Level wand was already in her hand. Seeing this, the twins’ breathing immediately became a lot tighter. Their eyes glittered as they looked at the wand in Yun Feng’s hand.

“A Monarch Level weapon!” The twins cried out and licked their lips at the same time. Their greedy look was exactly the same. Yun Feng waved her wand gently a few times and a powerful energy fluctuation flashed faintly.

“Although you’re quite strong, it’s indeed inappropriate to bring so many good things with you. Let us share some of the burden for you!” The twins roared as they waved their weapons and attacked. Their

greedy eyes were the same. Although they were warriors and didn't need wands, it was a good thing to get them!

"Greedy looks are truly ugly." Yun Feng whispered softly. These two people were both at the peak of the Commander Level. Together, they were comparable to a Monarch Level powerhouse. Together with the twins, their teamwork was even better. Yun Feng, who was at the mid-stage of the Monarch Level, fought them to a draw.

"Fireball!" Yun Feng shouted as she quickly gathered fire elements with her wand. A huge fireball appeared on the tip of her wand. The twins looked at it directly and laughed weirdly, attacking Yun Feng from two directions!

Do you think I can only attack one of you? Yun Feng snorted and waved her wand fiercely. The fireball didn't attack anyone, but flew straight to the center of the twins. The twins immediately burst into laughter and attacked even more fiercely!

"Is there something wrong with your eyes? You can't even see where we are!" The twins laughed crazily as Qu Lanyi waved his hand. The three of them were immediately sealed in a barrier. Qu Lanyi looked at the elder who suddenly appeared with a smile at the corners of his mouth.

"Let the three of them fight. I'll entertain you."

Yun Feng keenly discovered that this space was locked by Qu Lanyi and knew that there were enemies outside. She didn't have time to care about anything else. She had to deal with these two first!

The enormous fireball flew to the middle of the twins. While the twins were laughing crazily, Yun Feng squeezed her hand hard as coldness flashed in her eyes. "Explode!"

"What?" The twins felt that something was wrong with the fireball at the same time. After Yun Feng said one word, the fireball in the middle suddenly expanded to a few times its original size. With a loud bang, a red meteor shower slid past the twins' eyes!

"Boom!"

Countless small fireballs burst out of the original fireball, falling in both directions of the twins. The twins' movement was immediately interrupted. Each of the countless small fireballs contained a rather strong fire element energy. They exploded every time they got close! This was a firestorm!

Yun Feng's body flashed through the explosions one after another. One of the twins was busy dodging the small fireballs that were flying in all directions. While he was busy, he saw that a person had already arrived in front of him!

"Wha..." Before he asked any questions, he didn't have a chance to ask anymore. Yun Feng's black eyes carried a cold smile as she clenched her fists tightly. There was the sound of muscles being hit hard. The eyes of one of the twins were cracked and almost popped out. His facial features showed extreme shock and disbelief, and his body was already falling from the sky!

"Boom!"

His body fell from the sky and landed on the ground with a loud sound. If anyone fell freely in such a high altitude, there would only be one consequence, a pool of meat pulp!

“Brother!” The other twin was already completely shocked when he saw this scene. He couldn’t care about the countless fireballs around him that might explode. He looked at the slim girl standing there with red eyes. They had underestimated her!

“Argh!” Without one of the twins, the strength of the twins would be greatly reduced. Yun Feng looked at the other one that was rushing towards her coldly. She waved her hand and countless small fireballs flew over. Endless explosions sounded continuously, mixed with screams of unwillingness.

After everything was over, a charred body that was emitting smoke fell from the sky and smashed into the ground. Yun Feng looked down from the sky. “Don’t worry. Neither of you is getting away.”

She clenched her fair hand and pulled hard. Coincidentally, an old man fell from the sky next to Qu Lanyi. Qu Lanyi turned around with some blood on his body.

“This one was a bit tricky, but he’s already taken care of.” Qu Lanyi looked at the red color on his body in disgust. Little Fire and Lan Yi also came, and those three people were all killed.

Yun Feng stood in the air and glanced around Chunfeng Town. The Yun family’s mansion was in the innermost area. “Little Fire, Lan Yi, go to the Yun family. Kill anyone who hurts the Yun family!” A vicious look flashed on Yun Feng’s little face. Little Fire and Lan Yi immediately rushed to the Yun family. Qu Lanyi stood next to Yun Feng, and both of them looked ahead. There were still experts rushing to Chunfeng Town..

Chapter 499: If You Want It, Take It (5)

“It seems that these bees have gone crazy. Even if they have to die, they must pounce on the flowers with all their might,” said Qu Lanyi softly. Yun Feng chuckled. “The best way to deal with the bees is to get rid of them once and for all.”

Qu Lanyi raised his eyebrows and looked at Yun Feng’s beautiful side profile and the curve of her red lips. “Swish, swish, swish!” A few figures appeared in front of them.

“Yun Feng, hand over the Crystal Beast!” Many pairs of greedy eyes looked at Yun Feng. Yun Feng put away the weapon in her hand. “If you want it, come and take it yourself!”

The group of people who came to ask for the Crystal Beast laughed when they heard this. “Of course we’ll get it ourselves! We suggest you don’t resist, or you’ll suffer a lot!”

Yun Feng looked at the five people standing in front of her. The weakest among them was at the peak of the Commander Level. The number of powerhouses she met today was rarely many. All the powerhouses of individual cultivators on the East Continent were probably here.

The temptation of the Ultimate Crystal Beast was obvious. More importantly, Yun Feng was a fat lamb waiting to be slaughtered in the eyes of these people! Even though the summoner was powerful, and even though she contracted two Magic Beasts, so what? The advantage in numbers was enough to beat this so-called summoner into a pulp!

“Bullying us with numbers,” said Qu Lanyi coldly. The five experts immediately snorted in disdain. “Don’t talk to us like that. Independent Cultivators don’t care about anything! We only take what we want!”

“We don’t want to force you either! Yun Feng, you should know that even though you’re quite strong, you have no chance of winning in front of the five of us! Do you want to hand it over or let us take it? You’d better think carefully!”

Yun Feng burst into laughter. Her laughter made these powerhouses a bit scared. She flipped her fair hand and two jumping elements appeared in Yun Feng’s palm. On one side was the green wind element and on the other was the thunder element that was emitting a buzzing sound!

Qu Lanyi immediately understood Yun Feng’s intention after seeing this. He looked at everyone gloatingly and suddenly raised his arm, throwing a powerful light ball at the five people!

The five of them immediately dispersed after seeing that. “Seems like you want to do this the hard way!” The five of them shouted and attacked Yun Feng and Qu Lanyi fiercely!

Yun Feng stood there and didn’t move at all. Her hands had already clasped together quickly. The moment the two elements combined, a huge energy wave swept out like a storm with her as the center. The entire space seemed to shake slightly!

“What... is this?” The five experts only felt fear rising from the depths of their bones when they saw this. The energy fluctuation that was faintly emitted was like a heartbeat, smashing heavily on their hearts again and again!

Thanks to her continuous training, Yun Feng’s fusion of elements was already quite proficient. In just a few seconds, the wind element and the thunder element had already fused perfectly. A ball of green and purple energy had already been born with silver snakes that kept flying around.

“She has fused the two elements!” Someone shouted. The other experts all changed their expressions and looked at each other in bewilderment. They all turned around and ran away at the same time!

Yun Feng laughed and threw the fused elemental ball in her hand towards the five of them like a perfect parabola. “Since you’re here, stay.”

The five of them gritted their teeth and ran away desperately. She was crazy. She had fused the two elements together! If they exploded, all of them would die here!

The fireball flew to the center of the five of them at an unstoppable speed. The eyes of the five of them widened abruptly with fear that couldn’t be concealed anymore in their eyes. Yun Feng stood far away and only said softly, “Explode.”

“Boom...” A towering energy storm spread out from the center of the explosion of the elemental ball. The hills around Chunfeng Town were all razed to the ground. The five powerhouses had already lost all their ability to resist after a series of explosions.

“No!” An unbearable roar sounded. The crazy energy storm swept everything around like a huge vortex, swallowing everything it could swallow!

“What’s going on up ahead?” Another group of experts who were rushing here suddenly stopped. They were still a long distance away from Chunfeng Town. Even though the huge energy fluctuation in front of them was far away, it still made them feel cold.

“Did something happen?” Someone asked. While these people were hesitating, energy waves came from Chunfeng Town thousands of miles away!

“What?” Everyone was shocked. In the next second, they instinctively ran crazily to avoid the terrifying energy spread. Everyone ran desperately, but a few of them were still swallowed by the terrifying energy.

“Boom, boom...” The ground and the space shook violently for a few times before they stopped moving. The experts who survived all turned pale. Looking at everything on the ground that was a mess and the broken limbs that were torn in an instant, they couldn’t say anything for a long time.

“I’m leaving,” said one of the experts with a pale face. Then, he ran away without looking back. The others looked at each other. The scene in front of their eyes indeed made them lose the courage to approach.

“Let’s all go back. If there’s anyone who’s not afraid of death, just go forward. Who exactly is it? What technique is this? It’s so terrifying!”

Some freelance martial artists left one after another. They weren’t so crazy that they didn’t know how to back down in the face of the fear of death. Some of them were unwilling to leave immediately, but after a long time, they still chose to leave. They would be sending themselves to their deaths if they tried to steal the crystal beasts. Even if the attack just then was done by another powerhouse that had already stolen the crystal beast, they didn’t have the ability to take it back!

Yun Feng stood in the air and breathed heavily. The fusion of elements just then consumed a lot of her mental strength. She wouldn’t mind doing it again if there were more people who were unafraid of death. She could do it once more, and once more only. With Yun Feng’s current strength, she could only use the fusion of elements twice. The prerequisite was that the energy couldn’t be too strong each time. She could only use the world-destroying energy once..

Chapter 500: Let’s Fight (1)

Yun Feng’s elemental fusion practice wasn’t just about controlling the speed of the fusion of elements, but also the energy released by the fusion of elements more precisely.

“Nobody will come here to die again. These independent cultivators are very smart.” Qu Lanyi walked over and examined Yun Feng with his mental strength. He was relieved when he found that she didn’t do anything reckless.

“That couldn’t be better.” Yun Feng looked at the remaining bodies on the ground with a cold expression. She looked back at the Yun family’s mansion. “Let’s go.”

Two figures flashed quickly in the sky, aiming for the sky above the Yun family’s mansion!

At this moment, the inside of the mansion of the Yun family was very tense. The sounds of fighting kept echoing in the sky. The other people in Chunfeng Town were all hiding in their homes and didn’t dare to go out. Today, Chunfeng Town was full of the smell of death and terror. It was even more so in the Yun family. Many bodies had collapsed in the mansion. They were the soldiers of the Yun Army!

“Don’t resist anymore. You’ll only die if you resist!” A feminine voice came out. Then, another soldier of the Yun Army fell on the ground. The person who spoke slowly took out the longsword that was stabbed into his body. He looked at Yun Jing, who was protected by the Yun Army and the Red Maple Mercenary Team, with a wicked smile.

“We only want Yun Jing. Yun Jing, would you rather watch someone else die for you than have the courage to come out?”

“Master Yun! Don’t listen to his nonsense. We’re protecting the Yun family. These warriors died for the Yun family and what they believed in!” Wang Ming waved his giant sword and fought with the invader. He protected Yun Jing firmly behind him and didn’t let anything happen to him.

“That’s right, Master! We’ll die a worthy death!” The soldiers of the Yun Army shouted loudly. Their voices carried the pride of fighting for the Yun family. They were willing to die for the Yun family!

Yun Jing waved his hand and fended off an enemy who was about to launch a sneak attack. He looked at the miserable scene in front of him with a deep gaze. Even though this person clearly wanted him, he knew the purpose behind his back clearly, to blackmail Feng!

“You talk too much. Just go to hell!” The man with arched eyes glared at Wang Ming fiercely as he swung his longsword. Wang Ming laughed. “You’re just in time!” The broadsword in his hand rushed forward and the two weapons clashed with a loud sound. Wang Ming’s face darkened. This guy was stronger than him!

The man with arched eyes smiled viciously as he exerted strength in his hand. Wang Ming’s wrist felt numb and the blade in his hand was already firmly suppressed. His body also staggered and knelt on the ground.

“You’re overestimating yourself!” The man with arched eyes said as he swung the longsword in his hand towards Wang Ming’s skull with a cold glint. It seemed that he wanted to kill Wang Ming with one strike!

“Damn it!” It was already too late for Wang Ming to dodge. He could only release all the fighting energy in his body, hoping that he could resist the power of this fatal attack.

“Die!” The man with arched eyes roared as his sword slashed down with the wind. Seeing that, Yun Jing roared, “Captain Wang!”

“Clang...” It was the sound of metal being broken. The man with arched eyes looked at the sword in his hand in shock. The sword that was still intact a second ago had lost most of its blade in the next second, leaving only a small part of the sword in his hand!

“Roar!” The roar of a wild beast sounded. Before the man with arched eyes could see what was going on, he saw a dark red figure flashing in front of his eyes, followed by a beam of light. Then, he was thrown to the other side.

“Argh!” A scream burst out of his mouth. He fell on the ground and his body kept twitching. He pressed his hand against the wound on his chest, and blood gushed out continuously, dyeing his clothes red in an instant. A claw mark of a wild beast cut his body. If the wound was any deeper, he would die on the spot!

“Brother Fire, leave him alive.” Lan Yi descended from the sky and put away the giant and beautiful wings, stopping Little Fire’s next attack. Looking at the man with arched eyes, who was twitching on the ground, Lan Yi’s eyes turned cold. “He can still live for a while longer. It’s enough for Master to ask something.”

Little Fire grunted in disdain. It stretched its body and raised its head to howl at the sky. “Roar... I’m going to kill!”

All the intruders who were still fighting were stunned. Seeing the two Magic Beasts that suddenly appeared here, everyone couldn’t help but shake. Then, seeing that their leader was sent flying by a claw and seemed to be seriously injured, all the intruders had the idea of retreating.

“Don’t even think about leaving!” Both Lan Yi and Little Fire roared. Green light and dark red light immediately flashed in the sky. Miserable noises came one after another. The invader fell on the ground without any resistance. There were even more corpses on the ground. Most of them were the invaders’ corpses. The two Magic Beasts followed Yun Feng’s order. Whoever hurt the Yun family would be killed!

The man with arched eyes, who was struggling on the ground, was also dumbfounded when he saw this scene. He rubbed his body backwards in a mess and didn’t care about his wounds anymore. The pain seemed to be completely paralyzed by death. He only wanted to leave this place with all his heart. He wouldn’t dare to come even if he had a hundred thousand guts!

“I think I’m a bit late.” A voice suddenly appeared in the air. The soldiers of the Yun Army and the members of the Red Maple Mercenary Team all looked up and everyone was surprised!

“My Lady!”

This shout completely drained the color out of the face of the man with arched eyes. He kept moving towards the corner, hoping that this Young Lady wouldn’t notice him. However, he failed. The slim girl fell from the sky and landed right in front of him. Her clear black eyes looked straight at him. They didn’t emit any killing intent at all, but they made the man with arched eyes feel terrified.

The screams continued and his body started to tremble. He was confident that he could bring Yun Jing back this time, but he didn’t expect such an outcome!

“Master!” Lan Yi and Little Fire walked to Yun Feng after cleaning up everyone. The two beasts were so enraged that the brutal aura on them had already surged out. Even Lan Yi, who had always been gentle, was the same.

Yun Feng glanced at the dead bodies on the ground and saw the soldiers of the Yun Army and the Red Maple Mercenary Team.. Her eyes darkened and she grabbed the man with arched eyes who was lying on the ground fiercely.
