

Summoner 501

Chapter 501: Let's Fight (2)

The man with arched eyes was grabbed by Yun Feng in the air and was extremely shocked. Yun Feng grabbed him with one hand and narrowed her black eyes slightly. "You'd better be aware of how I'll greet you."

"Feng." Yun Jing walked over. He was also a bit messy and had a few small wounds on his body. Yun Feng turned around slightly and smiled at her father. "It's my fault that the Yun family was attacked this time."

Yun Jing shook his head disapprovingly. Wang Ming also stood up from the ground. Seeing Yun Feng, he couldn't help but heave a sigh of relief. "My Lady, don't say that. Those dead warriors were all good men. They couldn't have felt regretful!"

"Alright, leave this person to me. Otherwise, he'll be dead soon." Qu Lanyi walked over and said to Yun Feng. Yun Feng glanced at the pale face of the man with arched eyes, who was almost not breathing, and handed him over to Qu Lanyi without saying anything. Looking at the fallen warriors on the ground, Yun Feng sighed slightly.

Yun Feng put the bodies of all the dead soldiers of the Yun Army and the Red Maple Mercenary Team together with her own hands and burnt the remaining bodies with fire. The thick smell of blood in the mansion also gradually dispersed. The blood on the ground evaporated under Yun Feng's fire element.

"Bury them in the ancestral grave of the Yun family," said Yun Jing softly. Yun Feng nodded. She wanted to make the same suggestion. The remaining soldiers of the Yun Army and the Red Maple Mercenary Team all gasped. Wang Ming quickly said, "My Lady, this..."

Yun Feng waved her hand and looked at the dead warriors on the ground gently. "You're all good men. The Yun family won't forget you no matter what."

The man with arched eyes was still in a half-dead state. He was cured by Qu Lanyi's light elements, but he didn't die or recover. Qu Lanyi kept his injuries in a half-dead state cleverly. He was in extreme pain.

"Please, give me a quick death." The man with arched eyes begged Qu Lanyi more than once. Qu Lanyi only smiled. "What's the rush?"

Qu Lanyi handed him to Yun Feng. At this moment, Yun Jing was sitting in the main seat in the main hall. Wang Ming was sitting on one side and Yun Feng on the other. After dropping the man with arched eyes on the ground, Qu Lanyi slowly sat on the other side of Yun Feng. The man with arched eyes was lying on the ground with his dying body, not daring to look up at the people in front of him at all.

"Carson sent you here?" Yun Feng asked coldly. The man with arched eyes shivered and bit his lips, refusing to speak. Yun Feng chuckled when she saw that. She stood up from the chair and slowly walked to him.

"It's fine if you don't tell me. You won't die before you say anything, but you won't be able to live either." Yun Feng's voice was like a gust of cold air that blew into his body. The man with arched eyes

trembled again. Yun Feng sneered. "There are many ways for you to die slowly. It's not a bad way to be eaten by my Magic Beasts."

The man with arched eyes only felt that his heart shrank and he felt like vomiting. He couldn't stand it anymore. "Yes, yes, Master Carson sent me here!"

"He also released the news about me?" Yun Feng continued to ask.

"That's right. It was released by Lord Carson," said the man with arched eyes. There was nothing to hide once he spoke.

"He's truly despicable to a certain level." Wang Ming said disdainfully on the side. "He's also a summoner, but the difference is really huge. He's not ashamed at all?"

"Why did he send you here? Tell me everything!"

The man with arched eyes swallowed and licked his dry lips. "Lord Carson sent me here to bring Yun Jing back. He didn't say anything else."

"He can't fight me head-on. That's the only thing he can do." Qu Lanyi ran his fingers through his hair and said lazily. He glanced at the man with arched eyes. "What else did Carson do?"

Yun Feng and Yun Jing both frowned. The man with arched eyes trembled again after hearing what Qu Lanyi said, as if Qu Lanyi's casual question had hit a corner of his mind. He didn't say anything else. Qu Lanyi chuckled and curled his hair with his fair fingers. He then continued casually, "You don't have to tell me. Of course."

The hair all over the man's stood on end. Compared to physical torture, mental torture was more painful. He said as if he was about to break down, "I'll tell you! Master Carson has been in contact with the people of Ovey and Shengyao, but I really don't know what they're talking about!"

Yun Feng's eyes darkened. That was enough. Carson was indeed an old fart. He wanted a lot of things. Should the Cashya Empire strike first and take over the Fengyun Empire with Ovey and Shengyao? Wasn't he too greedy?

After saying that, Arched-Eye passed out. Yun Feng sneered. Yun Jing frowned and shrank in the main seat. "Feng, it seems impossible for the Yun family to remain neutral in this situation."

"The Yun family wanted to live a peaceful life, but someone just had to provoke us. One or two times isn't enough. It's already the bottom line I can tolerate." Yun Feng clenched her fists slightly as she already had a plan in her mind.

"You're in charge of everything in the Yun family," said Yun Jing. Yun Feng looked at her father gratefully. This time, the Yun family would definitely be involved in this torrent.

"My Lady..." Wang Ming wanted to say something, but was stopped by Yun Feng. "The Red Maple Mercenary Team is already the biggest help for coming here at this time. The identity of the Mercenary Union is special. The Red Maple Mercenary Team can't be involved because of the Yun family. Don't worry, I'll take care of everything."

Wang Ming's eyes flashed a few times, but he didn't say anything in the end. With the Young Lady here, there was really nothing to worry about. Qu Lanyi looked at Yun Feng and said again casually, "Is a war about to begin?"

Yun Feng chuckled as a glint flashed through her black eyes. "That's right. It's time to fight!"

Yun Feng contacted her brother and Mu Xiaojin with the Sound Transmission Jade. The Mu family was indeed attacked. However, the two of them were strong enough to deal with the attackers, so the attackers quickly retreated and they weren't hurt. Yun Sheng was relieved to know that Yun Jing was fine. Yun Feng told Yun Sheng what she thought, and Yun Sheng supported her after a few seconds of silence. Although Mu Xiaojin wanted to help, Yun Feng stopped her..

Chapter 502: Let's Fight (3)

At the end of the day, the Mu family was just a second-rate family that didn't have much strength. When the Mu family grew up in the future, it would be a great help to Yun Feng. However, right now, she needed the other two families, the Shang family and the De family.

Qu Lanyi stayed in Chunfeng Town and didn't move with Yun Feng. Although the independent cultivators didn't attack again, some of them were still greedy. Seeing that Yun Feng was worried, Qu Lanyi stayed, which made Yun Feng feel gratified. They had to finish everything quickly. Carson had been in contact with the people of Ovey and Shengyao. If the three countries reached an agreement, the Fengyun Empire would be in a passive position.

The De family and the Shang family, who were frustrated after exploring the gods' relics in the capital, had been in low spirits these days, especially after knowing that the Mu family had changed their leader. They were even more shocked! Mu Xiaojin?! Shang Lian immediately knew who Mu Xiaojin was from his granddaughter. She was Yun Feng's best friend! Soon, shocking news spread that the Yun family and the Mu family might be connected through marriage!

Shang Lian and De Lan were both shocked. The marriage alliance between the Mu family and the Yun family? That would be terrible! With the support of the Yun family, the Mu family would rise to the status of the two families and then surpass them!

Even though De Lan and Shang Lian had a grudge against her, they didn't dare to make a move at all. If they did, their families wouldn't be able to live anymore. With Yun Feng's personality, she wouldn't let them go easily. The two families were annoyed, but they could only live with it.

Shang Lian and De Lan wanted to find an opportunity to talk to Yun Feng, but they couldn't find her or contact her in any way. Unexpectedly, the person they had been looking for came to the capital and asked to see them.

Shang Lian and De Lan immediately gathered. After hearing what Yun Feng said, the two of them fell silent for a long time. Yun Feng wasn't in a hurry. She sat aside calmly and waited for their reply.

"Yun Feng, isn't this too risky?" De Lan thought for a long time and finally broke the silence, asking tentatively.

“Yeah. Even though we’re in such a position right now, we’re still small families after all. We can’t compare to those royal families...” Shang Lian also frowned on the side. Wasn’t this matter a bit too crazy?

Yun Feng smiled and glanced at the two people in front of her. “That’s just my idea. You certainly have the right to refuse. I won’t force you. Goodbye.” She got up quickly and was about to leave. The two of them immediately said something when they saw her.

“Yun Feng! If we don’t do this, will anyone still be willing to do it?” De Lan quickly asked. Yun Feng smiled in her mind. They were indeed sly old foxes, but they couldn’t beat a hunter.

“Of course. Why?” Even though Yun Feng didn’t look back, she could guess the expressions of the two of them at this moment. She waited patiently for a while more. De Lan said, “Yun Feng spoke highly of our families. If our families don’t appreciate it, wouldn’t it be too...”

Yun Feng’s red lips curved slightly as she slowly turned around. “Please consider carefully. Once you’ve decided, there’s no turning back.”

De Lan and Shang smiled wryly. “You’ve already asked. What else can we say?”

Yun Feng chuckled and nodded. “If you agree, then listen to me.”

De Lan and Shang Lian nodded. “Is it really that easy to deal with Ovey and Shengyao?” De Lan was a bit worried. If he was asked to go, he wouldn’t have the confidence to negotiate with the two emperors.

“Whether they’re easy to deal with or not depends on the person we send.” What Yun Feng said made De Lan and Shang Lian smile wryly again. That’s right, that’s right. If Yun Feng went there, the emperors of the two countries would really have to consider carefully how they should choose.

The Fengyun Empire entered a level-1 state of vigilance and also started to use its armed forces. This news instantly spread to the four countries on the East Continent. The Fengyun Empire didn’t hide their purpose at all, even their blatant preparation for war.

The East Continent immediately fell into a state of anxiety. It seemed that the Fengyun Empire was going to attack! That was the only thought of the other three empires. All three empires were a bit scared. Even though the royal family of the Fengyun Empire had already collapsed and there were basically no pillars, only the two families, the Fengyun Empire had Yun Feng, a summoner who had reached a certain level!

Ovey and Shengyao were very nervous. Cashya was the furthest away from the Fengyun Empire. Ovey was the closest to the Fengyun Empire, followed by Shengyao. If the Fengyun Empire really attacked, Ovey would be the cannon fodder.

Over the past few days, the Emperor of Ovey had been on edge. The Fengyun Empire’s restlessness almost drove him crazy. “Has there been any news from the Mercenary Union?” The Emperor of Ovey had been asking the same question these days. The three empires had already reported the Fengyun Empire’s condition to the Mercenary Union, hoping that the Mercenary Union would step in to help. However, there was no news from the headquarters of the Mercenary Union at all.

“Your Majesty, no!” The Emperor of Ovey didn’t look good. His most trusted helper, who was also looking bad, said solemnly, “Your Majesty, why don’t we consider Carson’s proposal?”

Emperor Ovey was dazed for a moment. Then, a bright voice suddenly came from the space. “Emperor Ovey, what’s the proposal? Why don’t you tell me?”

The Emperor of Ovey suddenly turned around and glanced at every corner of the space. Suddenly, the space in front of him shook slightly and a slim and beautiful girl slowly walked out. The Emperor of Ovey’s breath suddenly tightened!

The girl smiled slowly. The aura that she exuded made the emperor unable to move!

“I, Yun Feng, hope you don’t mind my sudden visit, Your Majesty.”

The Emperor of Ovey looked at the girl who suddenly appeared in front of him with a calm smile on her face. She didn’t care about the crime of trespassing the royal palace. The Emperor of Ovey wanted to shout loudly, but he immediately shut his mouth when he heard the girl introduce herself.

Emperor Ovey’s assistant also changed his expression and moved his lips. At this moment, a guard’s voice came from outside the door. “Your Majesty, an envoy from the Cashya Empire is here..”

Chapter 503: My Patience is Limited (1)

Yun Feng raised her brows after hearing that. Emperor Ovey and his assistant both turned pale. They looked at Yun Feng anxiously. Emperor Ovey took a deep breath and shouted, “Ask him to wait outside!”

The guard hesitated for a moment and finally replied, “Yes.” Then, he left. After the guard left, Emperor Ovey put on a smile that was uglier than crying. Beads of sweat rolled down his forehead quietly.

“Yun Feng, I’ve heard a lot about you.”

Yun Feng smiled and sat down casually. She put her hands on her crossed knees and chuckled when she saw how anxious Emperor Ovey and his assistant were. “Your Majesty, you seem a bit nervous?”

The Emperor of Ovey smiled and sat down reluctantly. He rubbed his hand on the handle next to the throne. “I’m indeed a bit nervous about your sudden visit. I should’ve told you in advance. I’ll treat you well.”

“Your Majesty, there’s no need to worry. I’m here to talk to you about something.”

Emperor Ovey had already calmed himself down. After all, he was an emperor. Even if he was panicked, he could calm himself down in a short period of time. Hearing Yun Feng say that she had something to talk to him about, Emperor Ovey didn’t say anything else with a serious expression. His trusted aide smiled at Yun Feng and bowed respectfully.

“Master Yun Feng, just tell me what you want to discuss. If Ovey can do it, we definitely won’t decline.”

Yun Feng smiled. “Since Ovey is so straightforward, I don’t have to beat around the bush. So, which side do you want to stand on?”

The corners of Emperor Ovey's brows suddenly jumped a few times. The aide standing next to him laughed dryly. "What do you mean, Master Yun Feng?"

Yun Feng's red lips curled up. "It's not the first time that the envoy of the Cashya Empire has come here. Do you need me to tell you? If Ovey tries to deny it, I'll automatically consider you on my opposite side." Yun Feng said casually, but Emperor Ovey's heart was racing. His assistant's face had already turned pale, and he stood aside in panic.

"Yun Feng, there's a misunderstanding here. Nobody said that Ovey would be with Cashya," Emperor Ovey said as he looked at Yun Feng with a hint of urgency in his voice. Yun Feng smiled and moved slightly.

"I certainly know that. That's why I came here today."

The close aide heaved a sigh of relief, and the Emperor of Ovey's tensed body also relaxed. "Master Yun Feng, the messenger of the Cashya Empire visited Ovey a few times, but His Majesty has always been silent. No matter what Cashya suggested, His Majesty never agreed."

Yun Feng didn't reply. He didn't agree? Even if he didn't, it didn't mean that he disagreed. If she hadn't come here, Ovey would've already planned to work with Cashya.

Seeing that Yun Feng's expression didn't change, the aide smiled awkwardly. "Master Yun Feng, are you planning to do something about the current situation of the Fengyun Empire?"

Yun Feng burst into laughter. "I'll tell you the truth about that too. That's right. Your Majesty, you're right. The Fengyun Empire is preparing for war."

Emperor Ovey's breath tightened. "War... Against whom?"

Yun Feng looked at Emperor Ovey with deep meaning in her black eyes. "Cashya, of course. The Fengyun Empire's only target this time is Cashya." Yun Feng emphasized the word "only". Seeing that Emperor Ovey was obviously relieved, she chuckled. "Don't worry, Your Majesty. The Fengyun Empire is only targeting Cashya. Even so, Ovey should take a stand. Otherwise, don't blame me if you get involved."

Yun Feng had already made her intentions clear. It's fine if you don't stand on my side, but don't blame me if I hurt you. If you stand on my side, I'll certainly protect you.

"With the Fengyun Empire's current situation, what are the odds of winning a war?" Emperor Ovey asked solemnly. Yun Feng burst into laughter and stood up. "Your Majesty, do you think I'm useless as a summoner?"

The Emperor of Ovey's face suddenly twitched. Yun Feng stared at him with her black eyes. "Carson of the Cashya Empire is already at the end of his rope. When his advantage is no longer his advantage, what chance does he have?"

Emperor Ovey burst into laughter after hearing that. He also stood up from his throne with a smile on his face. "You're right. The Fengyun Empire should be invincible with a summoner like you! Ovey will be the Fengyun Empire's strongest ally. Yun Feng, don't worry."

Yun Feng nodded. "Your Majesty, that's a relief. I'll visit the Shengyao Empire with reassurance."

“Why don’t you stay for a few more days? Then I can entertain you.” Emperor Ovey came to her and asked her to stay. Yun Feng smiled gently. “No, I’m running out of patience. Goodbye.” After saying that, she disappeared from the room.

“Your Majesty...” His assistant, who had been silent the whole time, called out with a trembling voice. The Emperor of Ovey, who was still smiling just then, immediately stepped down. Beads of sweat on his forehead fell one after another, as if he had passed a life-and-death moment.

“Ovey doesn’t have a choice. If I say no, I’m afraid Ovey will suffer today.” The Emperor of Ovey said with a deep voice. His assistant on the side nodded abruptly and wiped the sweat on his forehead. A large part of his back was already drenched in sweat in a short time.

“Your Majesty, I really didn’t expect Master Yun Feng to be such a young person...”

The Emperor of Ovey put on a wry smile. “If Ovey had such a talent, Ovey would be the one laughing right now. It’s a shame that the Emperor of Karan didn’t know how to cherish her...”

“Your Majesty, what about that envoy of Cashya?”

The Emperor of Ovey frowned. “What else can we do? Ask him to go back! We’ll make our stance clear when the war starts!”

The close aide nodded and immediately bowed. The Emperor of the Ovey Empire was indeed a wise old fox. He was able to make a decision so calmly at such a sensitive time. The Ovey Empire had chosen its own front after Yun Feng’s visit. The Shengyao Empire certainly wasn’t a fool. Yun Feng didn’t tell them about Ovey’s situation, but the Emperor of the Shengyao Empire had a rough idea.

Without a doubt, Shengyao also chose to side with Feng Yun. For Ovey and Shengyao, this was a one-option question. They didn’t want to offend Feng Yun and couldn’t afford to offend her..

Chapter 504: My Patience is Limited (2)

Ovey and Shengyao both chose their sides after Yun Feng’s visit, and the envoys of Cashya, who were sent to the two countries, was sent back coldly. The Emperor of Cashya was angry, but didn’t know what to do.

Everything happened because of Carson. Carson was none other than the emperor’s brother, who had already told him everything. It was already too late when the emperor understood the situation. He scolded his brother, but he couldn’t change his tension with Yun Feng. The emperor had no choice but to take the risk and cooperate with the two countries to deal a fatal blow to the Fengyun Empire.

The Emperor of Cashya approved Carson’s dissemination of the secret. Both of them hoped that the independent cultivators could seriously injure the Yun family, even if it was just to teach Yun Feng a lesson. However, they didn’t expect the news to die down after a while.

Carson had planned to capture Yun Jing to threaten Yun Feng, but his plan failed in the end. The Cashya Empire was in an extremely awkward and sensitive situation right now. Whenever the Fengyun Empire made a move, Cashya would be frightened. They didn’t need to think to know who the Fengyun Empire was targeting.

Even though the emperor was related to Carson, the emperor would usually give up on the bond. In the emperor's eyes, nothing could compare to his throne.

After learning that the envoys sent to Ovey and Shengyao had been sent back, the emperor knew that he was going further and further down the wrong path. Everything happened because of Carson. It was his personal grudge. Was he going to drag the entire Cashya Empire down with him?

"Brother!" While the emperor was thinking, Carson rushed in anxiously. "I heard that the two envoys are back. What are Ovey and Shengyao's attitudes?"

The emperor glanced at Carson coldly with fury burning in his mind. He was the reason why Cashya was in such a situation! "Carson, why did you have to mess with Yun Feng?"

Carson's face darkened after hearing that. "What she has in her hand is what I want! If I don't take what she has, are you going to give it to me? I spent so much of my cultivation for the international contest, and you're blaming me now?"

The emperor moved his lips. If it weren't for the international contest, Carson wouldn't have been weakened so much. Carson, who used to be a Monarch, had dropped to the peak of the Commander Level. If he hadn't, he wouldn't be like this right now!

"What? You want to blame everything on me?" Carson's face turned cold. The emperor suddenly sighed. "That's not what I think. I'm just frustrated. The envoys sent to Ovey and Shengyao have been sent back. Those two countries still refuse to say anything."

"Do you want me to do something special?"

The emperor shook his head. "It won't do us any good to infuriate the two empires. They're sly old foxes. Your tricks won't work. Besides, the Fengyun Empire is doing more and more. We don't have time to worry about anything else."

"If she didn't steal the Divine Essence Grass, I would've returned to my original level a long time ago!" Carson gnashed his teeth and roared. He was still upset about Yun Feng stealing the Divine Essence Grass back then. He could've returned to the Monarch Level with the Divine Essence Grass, but in the end, someone else took advantage of him.

"There's nothing else we can do," said the emperor coldly. Things had already reached a point where they couldn't stop. It seemed that the war between Cashya and Fengyun couldn't be avoided anymore!

"Cashya, get ready for battle!" said the emperor in a deep voice. Carson nodded furiously and added another line to the wrongs Yun Feng had done him in his mind. Yun Feng, it's all because of you!

After Yun Feng returned from Ovey and Shengyao, all the preparations of the Fengyun Empire were done. The Shang family and the De family expressed that they would completely obey the Yun family's command, and all the mobilizing troops of the Fengyun Empire were ready to go. There was still no news from the headquarters of the Mercenary Union, which was beyond Yun Feng's expectation. The Mercenary Union secretly balanced the existence of the East Continent. Now that an empire was about to die, it was a bit strange that the Mercenary Union didn't care about it.

Zheng Ran was the Vice President of the Mercenary Union stationed in the Fengyun Empire. He only told Yun Feng to be careful. Yun Feng smiled. It was good that the Mercenary Union didn't interfere, otherwise she would have to deal with these difficult people.

Yun Feng had already informed Ovey and Shengyao that the Fengyun Empire was ready to attack. The emperors of the two empires immediately agreed and would provide the Fengyun Empire with all necessary supplies and evacuation. However, the emperors of the two empires said that they could provide supplies, but they didn't provide any force.

Yun Feng didn't really care. Both countries had to protect themselves, so she let them be. Perhaps the two countries were afraid that the Fengyun Empire would attack them after dealing with Cashya. Of course, that was just the two old foxes' imagination.

In the first year of the establishment of the Fengyun Empire, the reborn empire of the East Continent, which had a new name, finally declared war on the enemy!

A letter of war was quickly delivered to the emperor's hand. The emperor was so furious that he trembled and flushed. In the end, he couldn't hold back anymore and tore the letter into pieces.

The Fengyun Empire declared war on the Cashya Empire for no reason other than to fight!

There was only one line on the letter of challenge. It was arrogantly. No wonder the emperor was so angry that his face turned red. There was no reason for the declaration of war!

The war was completely stirred up. The battle between Fengyun and Cashya was about to begin. Ovey and Shengyao tried to protect themselves, but they secretly helped the Fengyun Empire. The battle on the East Continent was inevitable.

In the headquarters of the Mercenary Union, a lazy-looking middle-aged man was sitting on a chair, holding the letter of war that Yun Feng wrote. The man read it a few times and finally burst into laughter.

"Hahaha, this summoner is quite arrogant. There's no reason for the war? Interesting."

The middle-aged man read the letter a few more times with great interest. Someone on the side finally couldn't stand it anymore. "President, the Fengyun Empire has already launched an attack on the Cashya Empire.. Do you still have time to read the letter of war here?"

Chapter 505: My Patience is Limited (3)

The middle-aged man burst into laughter again and threw the letter of war aside. He leaned against the chair with his hands and crossed his fingers, looking as lazy as ever. "Why are you in such a hurry? The war hasn't reached the Cashya Royal Palace yet, has it?"

The person next to him heaved a long sigh. "President, it will, soon. It's said that the Fengyun Empire has already entered the territory of the Cashya Empire. They can attack the Cashya Royal Palace in a short time."

"Oh?" The middle-aged man raised his eyebrows and rubbed his chin. "Ovey and Shengyao are on the Fengyun Empire's side. Those two old foxes are quite smart. I would've done the same if I were them."

“President!” Someone called out with a troubled look. “If you don’t show up, the Cashya Empire will probably disappear. The balance of the East Continent will be broken soon.”

The middle-aged man waved his hand in frustration. “Got it. You’ve said this so many times that I can almost hear the problem. If you say it again, I’ll just abandon the matter!”

The person next to him immediately fell silent. The middle-aged man sat there and tapped his fingers on the back of the chair. “I’ve always disliked Carson of Cashya. I can use this opportunity to get rid of him.”

“President...” The person next to him couldn’t help but widen his eyes. The middle-aged man chuckled and touched his chin again. “Why? Do you think I’m very handsome and smart to use someone else to kill my enemy?”

The man’s face twitched. The middle-aged man burst into laughter. “Haha! Don’t worry. The Cashya Empire won’t be destroyed. Only one person will die.”

The person next to him kept shaking his head. In the end, he was just using his position to take revenge. “Are you thinking that I’m using my position to take revenge?” The middle-aged man raised his eyebrows. The person next to him quickly shook his head, and his heart couldn’t help but shrink.

“You’re not entirely wrong to think that. Putting that aside, Cashya has always surpassed the three empires on the East Continent. It’s a good opportunity for us to balance things out. The Yun family isn’t just any other family. Yun Feng isn’t an ordinary person either. The Yun family won’t become a subsidiary of any empire. That’s why I let the Yun family exist.”

The people on the side were enlightened after hearing that. The middle-aged man snorted in disdain. “Do you have any brains? Learn more from me!” The corners of the mouth of the person on the side suddenly twitched a few times and he didn’t say anything else. The middle-aged man picked up the letter of war he threw aside, and read it with great interest. Those few lines seemed to be infinitely interesting.

“Get out of here. Don’t bother me until they attack the Cashya Royal Palace.”

The person who stood with his hands by his side could only walk out helplessly after hearing that. He shook his head and sighed as he walked. The president was indeed not an ordinary person. He was indeed... not a normal person.

The Fengyun Empire’s attack was unstoppable. It was unstoppable on the land of the Cashya Empire. Although the Cashya Empire could resist the attacks for a while, it was still suppressed by the Fengyun Empire. The Cashya Empire’s defense line kept collapsing and retreating. The Fengyun Empire’s attack kept moving forward. Yun Feng was at the front.

The attack route of the Fengyun Empire was very obvious. It went straight to the royal palace and there was no invasion anywhere else. Even though the Cashya Empire was attacked, the civilians didn’t feel like they were fighting at all. Rather than a war, it was more like a personal feud.

The Cashya Royal Family was like a cat on a hot pan after encountering the great enemy. However, after realizing that the Fengyun Empire’s target was the royal family, the members of the Cashya Royal Family were even more terrified and they all ran away in panic.

Yun Feng smiled indifferently when she heard the news. As long as the key members were still here, the others didn't matter. The Fengyun Empire's attack was even faster. With Yun Feng as the vanguard, the soldiers of the Fengyun Empire were more like sidekicks. They watched Yun Feng attack domineeringly time and time again. Under the large-scale attacks of gorgeous magic, the army of the Cashya Empire only had ten to twenty percent of its power left. This was also the reason why the Fengyun Empire attacked so quickly. With a powerful summoner, it was like having an elite army that was brave and good at fighting!

As everyone expected, the army of the Fengyun Empire had already invaded the capital of the Cashya Empire in just a few days. After the army of the Fengyun Empire entered the capital, it meant that the Cashya Royal Family had reached the point where they couldn't resist.

After stopping all the attacks, Yun Feng took Little Fire and Lan Yi to the royal palace of the capital of the Cashya Empire. Standing in the sky above the royal palace, Yun Feng looked at the heavily guarded palace with a cold smile and shouted in a low voice, "Emperor Cashya, do you think you can stop me like this?"

"Swish, swish, swish..." A few figures rushed out and surrounded Yun Feng and Little Fire Lan Yi. The three of them glanced at them coldly and didn't care. The emperor of the Cashya Empire slowly came out of the palace. The citizens of the capital were already here. If he didn't show up at this moment, wouldn't it be too embarrassing?

"Yun Feng! There's no grudge between Cashya and Fengyun! How can you start a war over a personal grudge?"

Yun Feng burst into laughter. "There are personal grudges. I came here today to settle this personal grudge. Hand Carson over and I'll spare your life!"

"Yun Feng! Where do you think this is? Do you think this is a place where you can do whatever you want?" The emperor of the Cashya Empire had already been enraged after being forced to this point. He had been forced to his doorstep, and he was even forced to hand over his brother. How could he accept this? The dignity of an emperor was stomped on by Yun Feng at this moment!

"My patience is limited. Don't blame me for being merciless!" Yun Feng's face turned cold as she waved her hand fiercely. A scorching and bright fire element appeared instantly. The wand appeared in her hand and the fire element roared. The people surrounding her immediately avoided it in panic and were almost swallowed by the fire element.

"Roar..." The roar of a wild beast sounded. A green figure suddenly rose from a corner of the ground and dashed towards Yun Feng. Yun Feng turned her head slightly and Little Fire had already flashed out. It waved its wolf claws fiercely and the green figure retreated a few steps in panic.

"Green Cloud Wolf?" Little Fire looked at the enormous green wolf-shaped Magic Beast in front of it. The two of them looked extremely similar in size. If it weren't for the fact that the colors on their furs were completely different, Little Fire and this Green Cloud Wolf could be said to be brothers..

Chapter 506: My Patience is Limited (4)

The Green Cloud Wolf and the Fire Cloud Wolf were both branches of the Cloud Wolf. The Cloud Wolf was a branch of the Wolf Clan, and most of them were fire-element Cloud Wolves. Wind-element Cloud Wolves were considered rare. After all, if a wolf-type Magic Beast had a high speed, they would be even stronger with their sharp claws.

“I didn’t expect to meet someone from the same clan here.” The Green Cloud Wolf looked at Little Fire with its wolf eyes. After observing for a while, it suddenly smiled. “I thought we were from the same clan, but it seems that we’re a bit different.”

Little Fire’s wolf eyes suddenly burst out with bloodthirst. “I don’t want to kill you.”

The Green Cloud Wolf glanced at Yun Feng with a hint of envy in his eyes. “Your master looks pretty good.”

Little Fire burst into laughter with endless pride. Even though contracting was regarded as a humiliation, the contracted Magic Beasts understood the real taste. The freedom of the Magic Beasts was restricted, and even most of the dignity of the Magic Beasts would be trampled. However, Little Fire didn’t. He should feel lucky to have a master like Yun Feng.

“Of course. How can someone who can contract with me be bad?”

Yun Feng glanced at the Green Cloud Wolf on the side. Was that Carson’s contracted Magic Beast? This was the first time she saw it. He had been drooling over Lan Yi in that cave. It was indeed a wind-element Magic Beast.

The wolf’s body suddenly trembled, as if it had received Carson’s order. It suddenly jumped and launched an attack at Little Fire. Little Fire dodged keenly and roared at the Green Cloud Wolf, “You’re not my match!”

The Green Cloud Wolf smiled wryly. “I cannot control myself. You should know that.”

Little Fire roared in frustration. If it was another Magic Beast, it would be fine, but it was from the same clan. Besides, this Green Cloud Wolf clearly didn’t have the consciousness to attack. A contracted Magic Beast couldn’t disobey the summoner’s order. As long as Carson gave the order, the wolf would fight even if it couldn’t beat its enemy!

“Master, leave this guy to me!” Little Fire roared. Yun Feng nodded. She could tell from its body size that Little Fire was a bit similar to this Green Cloud Wolf. She didn’t mind letting Little Fire deal with it.

The Green Cloud Wolf’s attacks became fiercer and fiercer, but Little Fire only dodged and didn’t attack. Seeing this, the Green Cloud Wolf couldn’t help but smile wryly again. “You don’t have to do this. Even if we’re from the same clan, we’ll fight when we have to!”

“You’re not qualified to order me!” Little Fire roared in frustration and avoided the claws of the Green Cloud Wolf. Seeing that, the Green Cloud Wolf’s eyes glittered. “I can’t resist his order. I’ll attack until I die!”

Little Fire’s black wolf eyes glittered. “If you can hit me, just do it!”

Yun Feng and Lan Yi stood in the sky, while Green Cloud Wolf and Little Fire fought. Yun Feng narrowed her eyes and looked down. "Carson! Do you only have the courage to let your contracted Magic Beast out?"

The emperor's expression changed slightly. Slowly, Carson walked out from behind him. Yun Feng burst into laughter. "Coward, you're finally out?"

Carson's face changed. Yun Feng raised her voice and said, "Emperor Cashya, Carson is the only one I want."

The emperor's expression changed. Carson shouted, "Shut up! My brother won't believe you!"

"When the Fengyun Empire attacked the Cashya Empire, did it cause any casualties? Emperor Cashya, you should know my intention. I only have one target."

The emperor remained silent. Carson burst into laughter. "Yun Feng, it's useless to sow discord! My brother won't abandon me! He has no reason to abandon me after what I did for the Cashya Empire!"

"Emperor Cashya, my patience is limited." Yun Feng looked at the emperor coldly. If he still insisted on his opinion, she wouldn't show mercy either. Cashya might be eliminated today.

"Tut-tut, it seems that I came at the right time." A lazy voice sounded. Yun Feng was shocked. She didn't notice anyone approaching! Lan Yi spread his wings and stood in front of Yun Feng, looking at the man who suddenly appeared in the sky vigilantly.

"Don't worry about me. I'm just here to watch the fun and take care of some things at the same time." The man stood in the air lazily with an indifferent expression on his face, which couldn't be underestimated!

Yun Feng stopped caring about the man and said to the emperor coldly, "What do you think? Have you thought about it?"

The man chuckled after hearing that. "Emperor Cashya, I advise you not to make a big mistake because of a small matter. It's not that you don't understand this."

Carson was enraged. "Why do you have to talk so much? Where are you from? Are you with that girl?"

Hearing this, the corners of the man's mouth, which was still smiling just then, suddenly dropped. He looked at Carson with his black eyes, and the expression in his eyes made Yun Feng feel oppressed. The man waved his hand, and the towering palace of the Cashya Royal Palace suddenly collapsed under a fierce invisible force!

"Emperor Cashya, my patience is limited too."

The emperor's face darkened when he saw that the man in the sky had shattered a part of the palace. He had never been as humiliated since he became the emperor. He clenched his fists, and the veins on the back of his hands bulged.

Yun Feng also turned around and looked at the man who suddenly appeared. In that moment just then, she felt a distinct pressure. That momentum made her feel slightly oppressed. The strength of this man in front of her wasn't below hers! There were only a few experts who could reach the Monarch Level on

this East Continent. Yun Feng wasn't familiar with him, but she knew that this man must be of a high status.

"Who are you?" The emperor raised his head and shouted furiously. He was infuriated by the man whose identity was unknown, but he still kept his rationality. This man must have some capital to be so arrogant.

The middle-aged man burst into laughter. "Hahahaha! Do I have to answer your question? Emperor Cashya, are you going to hand Carson over or not?"

"Bullsh*t! Kid, is this the helper you found? It seems that you do have some skills. Do you think you can eliminate Cashya? The Mercenary Union won't just let you go!" Carson roared from the bottom.. He looked at the Green Cloud Wolf fighting Little Fire with his eyes and felt frustrated in his mind. What a useless Magic Beast!

Chapter 507: Godfather (1)

The middle-aged man raised his eyebrows and smiled meaningfully after hearing that. "Indeed. The Mercenary Union won't let it go."

Yun Feng frowned. "Carson, everything happened because of you. If it weren't for you, the Cashya Empire wouldn't be in such a situation! You're the only one who's at fault, and you're dragging the entire Cashya Empire down with you. You don't understand, do you? Emperor Cashya, I only want you to tell me whether or not you want to hand it over!"

The emperor gritted his teeth, and his face twitched again and again. Why was there no news from the Mercenary Union at this moment? Did the Mercenary Union just let Cashya go? Hand Carson over and he could protect Cashya. That might be his only choice!

"Brother!" Carson realized what the emperor was thinking. He couldn't help but shout. The emperor glared at him. "Shut up!"

Carson's lips moved, and the madness in his heart started to stir crazily. He had done so much for Cashya, but in the end, his brother was going to give him up for a moment of peace!

He couldn't accept it! He couldn't admit it!

"Carson, as the royal family of the Cashya Empire, we should prioritize the interests of the empire," said the emperor in a deep voice. He was a bit relieved. He could give up as many brothers for the entire Cashya Empire!

"Brother, you..." Carson stared at the emperor in disbelief. The emperor curled his lips. "Carson, forgive me for the Cashya Empire."

After hearing that, Carson was dazed for a long time before he burst into laughter. "Hahahaha! Hahahaha! The Cashya Empire? You're even giving up your brother for the throne?"

The emperor stood there, looking rather depressed. Yun Feng and the middle-aged man both heard Carson's laughter. They both knew what the emperor meant. The middle-aged man burst into laughter. "A wise man submits to circumstances. You should be smarter."

The emperor stood there and didn't say anything. Carson's expression changed drastically, and his face was full of killing intent! He flipped his hand, and green wind elements immediately gathered into a sharp cone that stabbed into the emperor's body!

"Poof!" It was the sound of his body being completely penetrated. The emperor looked at Carson, who was full of killing intent, and his body became numb because of the pain. He couldn't feel anything at all. He covered the wound with his hand. The emperor wanted to say something, but he fell back powerlessly.

Yun Feng and the middle-aged man were both shocked. The middle-aged man roared, "Carson, are you tired of living?"

Carson was holding the wind cone formed by the wind element. It was covered in the emperor's blood and dripping on the ground. Carson's eyes were slightly red. "He abandoned me. He doesn't have any brotherhood. If he wants me dead, I'll kill him first! The throne of Cashya? I'll destroy it first!"

"Don't be reckless!" Yun Feng roared as she flew forward quickly and went straight to Carson! Carson looked at Yun Feng's figure coming from the sky and laughed loudly. "Hahaha! Die with me! None of you can escape!"

Carson flipped his hand, and a bottle of glittering green potion appeared in his hand. Yun Feng's pupils shrank abruptly as the familiar scene flashed in her mind. In the battle between her and Kasa in the Masang School of Magic, Kasa had consumed similar fire potions!

That was a wind-element potion! Yun Feng's heart tightened. It was a potion that could forcibly increase one's level in a short period of time. If Carson drank that, he would reach the Monarch Level in a short time!

Carson opened the bottle and poured all the potions into his mouth. Then, he took out another bottle and drank it again, followed by another!

He's crazy! That was the only thought that flashed through Yun Feng's mind! The side effects of swallowing three bottles of potions were obvious. Carson was so crazy that he wanted to die with them. Take the Cashya Empire with him!

After Carson swallowed the last bottle of wind-element potion, a strong energy suddenly came out of his body. The Fengyun Wolf, which was fighting with Little Fire, suddenly let out a painful howl. Little Fire was shocked and quickly retreated.

"Master! What's wrong?" Little Fire listened to the painful screams of its kin and felt that its kin's strength had risen a few levels in a short time. This huge change also changed the shape of the wolf's body!

The wolf's body had undergone obvious mutation. Its black eyes, which were still clear just then, were completely covered in blood red. The ferocity of the Magic Beast was completely exposed. They didn't hold back at all!

“This is power! Hahaha, this is my power!” Carson’s voice echoed in the sky above the capital of Cashya Empire. Yun Feng suddenly moved back and avoided the energy waves that Carson suddenly emitted. Then, a person suddenly rose from the ground and stood in front of Yun Feng and the middle-aged man.

“He’s already mutated.” The middle-aged man looked at Carson’s appearance and said in a deep voice. Carson’s appearance had mutated because of the forcibly upgrade of his level, making half of his body unusually strong and developed. The other half of his body was a bit withered and he looked more like a monster!

“Roar...” A shocking roar sounded. Yun Feng’s heart tightened! That Green Cloud Wolf was probably in the same situation!

“Little Fire, Lan Yi, stop it!” Yun Feng shouted angrily. Little Fire and Lan Yi immediately rushed towards the Green Cloud Wolf at the same time. The two Magic Beasts were both at the Monarch Level, but in front of the Fengyun Wolf, which had forcibly increased its strength and mutated, Little Fire and Lan Yi actually felt slightly strained!

“Didn’t you want to kill me? Come on!” Carson stood in the air and laughed loudly. He flipped his hand, and a huge amount of wind element energy appeared in his hand. The wind element roared crazily!

“Hold him back!” The middle-aged man said as he rushed over. Yun Feng nodded and held Carson back. Once the time was up, he would be a spent force and a turtle in a jar!

“Water Chains!” The wand appeared. Yun Feng waved it fiercely, and the water element instantly condensed into a huge chain that roared towards Carson.

The middle-aged man was already in front of Carson. Carson laughed and waved his hand. The wind element in his hand roared and shot towards the man! The man frowned and dodged.. However, the wind element seemed to have eyes and chased after the man after missing him!

Chapter 508: Godfather (2)

“You won’t be able to get away!” Carson smiled with bloodshot eyes. The middle-aged man grunted in disdain and lunged at Carson. Carson’s expression changed. The middle-aged man flipped his hand and slashed at Carson with a longsword!

“Swish!” Carson’s body disappeared in an instant. The middle-aged man laughed and the longsword in his hand suddenly flew out, stabbing towards a certain place in the sky. Carson escaped again where the sword was pointed!

The wind element behind him came along with the sound of the wind. The middle-aged man slowly turned around and the long sword had already flown back to his hand. The blade of the sword spun and the wind element shattered under the slashing of the sharp swords!

The Water Chains in Yun Feng’s hand roared in Carson’s direction. Carson flipped his hand and the wind element turned into sharp blades that flew towards Yun Feng’s Water Chains. There was a sound of friction and breaking. Yun Feng’s Water Chains were broken!

The water element turned invisible in the air. “His strength has risen to such a level. Single-element magic is no longer effective on him.” Yun Feng looked at the two figures that kept colliding and separating in the sky and frowned slightly. If she used the fusion of elements, the capital of Cashya would be destroyed. The explosion of the elements would be extremely powerful!

Yun Feng put away the wand in her hand and her body turned into a beam of light as she flew towards the two figures that kept flying. She saw Carson’s trajectory and changed her direction abruptly. Her body stopped abruptly and she happened to meet Carson head-on!

“Bang!” Yun Feng punched him fiercely. She didn’t have any weapon or fancy posture. Yun Feng’s punch was fierce and fast. The strength that was comparable to a warrior of the same level came from Yun Feng’s fist into Carson’s body.

“Hm!” Carson staggered. It was obvious that he suffered a heavy blow. The middle-aged man was shocked to see that. Yun Feng rushed to the middle-aged man and whispered, “Take him out of the capital!”

The middle-aged man was stunned. When had he ever been commanded by someone? He didn’t expect to be commanded by a little girl at this moment! The middle-aged man’s facial features twisted for a moment, and then he burst into laughter. Without saying anything, he turned into a straight line and went straight towards Carson.

“Little Fire, Lan Yi, lure the wolf out of the capital! Let’s go!” Yun Feng sent a telepathic message to Little Fire and Lan Yi. Both of them immediately attacked the wolf and forced it to go to the outermost area of the capital. On Yun Feng’s side, the middle-aged man’s fierce and powerful attacks made Carson have no choice but to run away. Although the attacks he used also hit the middle-aged man, the middle-aged man’s attacks were still as fierce as before. Yun Feng didn’t use any magic attacks anymore, but used her pure body strength to force Carson to go out of the capital!

The fierce battle in the sky was unprecedented. Black shadows kept colliding and moving in the sky. The roars of the Magic Beasts echoed in the sky of the capital from time to time. Everyone in the capital of the Cashya Empire looked up at the sky and watched everything with their mouths agape. They couldn’t see what was happening on the sky at all, but they could feel the intensity of the battle.

The other experts of the Cashya Empire all looked at the sky with a solemn expression. They didn’t dare to move at all, let alone join the battle. This battle wasn’t something they could participate in.

“It makes my heart itch.” An expert mumbled to himself, but he only smiled helplessly. “Even if my heart is itchy, I don’t dare to attack. These few people are too strong.”

The fierce battle in the sky continued, but the battlefield was constantly changing. Carson and his contracted Magic Beasts were cleverly forced to a place outside of the capital in the constant fighting and were still moving out. Yun Feng had been estimating the distance. When they reached a certain distance, Yun Feng suddenly stood in the air with a glint in her black eyes.

What was that girl trying to do? A trace of doubt flashed through the middle-aged man’s mind when he saw Yun Feng’s condition. Carson had mostly dodged in the fierce battle and didn’t launch any real attacks. A fire had been burning in his heart all along, and it was finally about to erupt.

“Argh!” Carson roared. The energy waves that surged out of his body rose again. The middle-aged man’s expression changed after he noticed that!

“Not good!” The middle-aged man quickly moved back a large distance. Carson was like the center of the energy constantly emitting waves of unstable and violent energy. Between Carson’s hands was a ball of dazzling wind element energy. The purity of the energy and the momentum it emitted made people feel extremely oppressed!

“Get out of the way!” The middle-aged man shouted. Yun Feng had no intention of dodging at all. Instead, she burst into laughter and flipped her hand. Two balls of elements jumped out!

The lightning element and the wind element kept jumping in the center of Yun Feng’s palm. Yun Feng’s black eyes darkened and she suddenly clasped her hands together. The two elements were forcefully fused together!

What?! The middle-aged man was already a bit dumbfounded when he saw this scene. One lunatic wasn’t enough. Was this girl also a lunatic? The two elements were actually merging together. Was she going to self-destruct?

A huge wave of energy spread out from Yun Feng’s hand and resonated with Carson. The two waves of energy didn’t give way to each other and collided fiercely, causing deep craters on the ground!

The lightning element and the wind element had already fused quickly. Yun Feng looked at the fused elemental energy. The tiny silver snakes that kept flying on the surface were buzzing. The two elements that were fused together had a kind of ferociousness that was ready to attack!

“Let me see which one of us is stronger!” Yun Feng waved her hand and threw out the fused elements in her hand. Seeing that, Carson burst into laughter. “Hahahaha!” The huge wind element energy in his hand had already flown out and the two energies collided!

“Explode.” Yun Feng whispered as a deafening explosion instantly exploded!

“Boom! Boom!”

The ground shook violently and the entire capital of Cashya was greatly shocked. The experts in the capital all turned pale and were terrified! What was that? There was such a powerful energy fluctuation! Was this a battle between summoners? The hearts of the experts in the capital of Cashya were shaking and the middle-aged man, who witnessed everything, was also shaking.

The two types of energy that were so powerful had burst out. If Carson became so crazy because of the drug, Yun Feng was a born crazy person!

Chapter 509: Godfather (3)

Energy waves swept through the surrounding area like a tide. Cracks appeared on the ground due to the tremor of this huge force. Some small mountains were instantly razed to the ground. Sand and stones flew everywhere!

The middle-aged man narrowed his eyes in the flying sand. A black shadow suddenly appeared in his sight. The middle-aged man’s pupils shrank. That was...

Carson retreated a long distance in panic. The huge energy explosion just then had exhausted his body and the time of the potion was almost up. Carson's body was like an empty shell right now. The only thing he could think of right now was to run!

He turned around and fled in panic. Carson breathed heavily. Run, run. He had to run, or he would die!

Carson turned around slightly. Apart from the dust, there was nothing. He couldn't help but smile. "Even if Yun Feng isn't killed, she's still half crippled. You want to kill me? Hahaha!"

Carson's body quickly ran forward in the smoke. He hadn't been feeling proud for long when a figure suddenly appeared next to him. The beautiful face of the slim girl suddenly appeared. Her clear black eyes looked straight at Carson's eyes with an inexplicable smile.

"Are you looking for me?" Yun Feng said softly. Carson's eyes almost popped out of their sockets. "That's impossible!" He turned around and was about to escape again. Yun Feng sneered and flipped her hand. Her slightly cold hand had already grabbed Carson's shoulder and threw him down from the sky like a rag!

"Bam..." Carson couldn't resist at all. His body was thrown down by the violent force, creating a deep pit on the ground. Carson wasn't dead, but he had already vomited blood.

Trembling, Carson crawled up from the ground awkwardly. He tried his best to climb out of the deep pit. A deep fear of the unknown rose from the bottom of his heart. Looking at the smiling face of the girl in the sky, Carson's pupils shrank abruptly!

"No..." An unwilling roar suddenly sounded. It was hoarse with unwillingness and anger that couldn't be relieved. Yun Feng's fist smashed into Carson's chest fiercely. Carson's expression was forever fixed on his unwillingness and resentment. His body twitched a few times fiercely and he stopped moving.

After Carson died, the wolf that was contracted with him suddenly howled in pain. A beam of green light burst out around his body and his mutated body slowly returned to its original state. The summoner died and the contract was automatically canceled.

Yun Feng's body swayed slightly. Suddenly, her eyes darkened and she fell straight to the ground. Seeing that, Little Fire and Lan Yi rushed over abruptly, but a pair of arms held Yun Feng first.

The middle-aged man looked at Yun Feng, who had already passed out. His black eyes flashed a few times and he suddenly chuckled. "You're quite interesting. Would you like to be my daughter? If you don't say anything, I'll take it that you agree."

While the man was talking to himself, Little Fire and Lan Yi had already rushed over. "Let go of my master!" Little Fire roared fiercely. The middle-aged man looked up. "Why are you so angry? I'm her father. Isn't it normal to hold my daughter?"

Little Fire and Lan Yi were both stunned. When did Master have another father?

"Master has a father. His name is Yun Jing! Let go of my master!" said Lan Yi coldly. The middle-aged man pondered for a moment and then held Yun Feng in his arms. He burst into laughter. "That's easy. I'm going to Chunfeng Town. I'll have my daughter!" Ignoring Little Fire and Lan Yi, the man turned into a streak of light and left!

“Stop!” Lan Yi spread its wings and chased after her. Little Fire was about to catch up with her when it saw that the Green Cloud Wolf had already recovered. It stopped and asked, “Are you alright?”

The Green Cloud Wolf nodded. Although its body was very weak, it had already escaped the shackles and regained its freedom. “If possible, I hope to meet a summoner like your master.”

Little Fire chuckled. “You’re free. I’ll go first.” Little Fire turned around and its dark red body turned into a beam of light as it chased after her. The Green Cloud Wolf stood there and watched Little Fire leave. It suddenly raised its head and let out a loud roar that echoed in the sky.

When Yun Feng woke up, there was a comfortable coldness on her face that kept moving from her cheeks to her neck, as if it was going to continue moving down. Yun Feng’s black eyes suddenly opened and a face with alluring facial features enlarged in front of her eyes.

“Fengfeng, you’re awake?” Qu Lanyi put on a smile. He gently slid his finger from her neck to her cheeks and circled her red lips before he withdrew her finger.

Yun Feng wanted to sit up, but found that her body was very weak. Qu Lanyi stepped forward and helped Yun Feng up gently. He sat on the bed and let Yun Feng lean on him.

“You exhausted your mental strength and fainted.” Qu Lanyi held Yun Feng in his arms. His warm body heated up Yun Feng’s slightly cold body. Yun Feng moved slightly and Qu Lanyi tightened his arms.

“The Fengyun Empire retreated, and the Cashya Royal Family became peaceful. After Carson died, the four countries on the East Continent maintained a subtle balance.”

Yun Feng nodded. Her body had fainted again because of the overconsumption of her mental strength. It seemed that she could use her elemental fusion in a small area, but she would still have to face the problem of exhausting herself in a battle like the one with Carson.

“One more thing...” Qu Lanyi frowned and was about to say something, when the door was suddenly pushed open. A man appeared with a loud voice. “My daughter, are you awake?”

The corners of Yun Feng’s mouth twitched fiercely. “Who is he?”

Qu Lanyi slowly let go of her. “I also want to know. How did you find another father?”

Yun Feng’s temples throbbed fiercely. Wasn’t this the middle-aged man who suddenly appeared? When did she become his daughter and he became her father for no reason?

“I’ll tell Uncle that you’re awake.” Qu Lanyi smiled and walked out. The middle-aged man laughed and walked over. Yun Feng’s face turned cold. “I’m not your daughter. I only have one father, Yun Jing.”

“Haha, I knew you would say that! Your personality is very similar to mine! I asked you and you agreed to acknowledge me as your father.”

Yun Feng’s face darkened and she gritted her teeth.. “When did I promise you? Why don’t I remember?”

Chapter 510: Godfather (4)

The man chuckled and casually sat on a chair. He rubbed his chin with his hand. "When you passed out, I asked you. You didn't reject me. Of course, I took it that you agreed."

Yun Feng's temples pounded quickly again and she decided to ignore him completely. Seeing that Yun Feng didn't say anything, the middle-aged man raised his thick eyebrows. "I'm a great father. I'm handsome and have outstanding strength. I'm truly rare among people."

The corners of Yun Feng's mouth twitched again secretly. At this moment, Yun Jing walked in. "Feng, you're awake?" Yun Feng smiled when she saw Yun Jing. "Father, I'm fine."

Yun Jing's serious face didn't change much. He just nodded and glanced at the middle-aged man's helpless expression. "Brother Zhan, about Feng..."

The middle-aged man touched his chin and stared at Yun Feng with his black eyes. "Brother Yun Jing, Yun Feng doesn't lack a father, but I happen to lack a daughter. I certainly won't steal your father's position. I'll be her godfather!"

Yun Feng and Yun Jing's temples throbbed again. This man didn't seem to listen to them at all. How could he just take someone else's daughter so easily? It was useless even if they rejected him.

"Uncle, it's not a bad thing to have a godfather." Qu Lanyi chuckled. The middle-aged man nodded with a smile. "That's right! Why don't I take you as my daughter too?"

Qu Lanyi froze. "Forget what I said."

"Hahahaha, Brother Yun Jing, I truly like this girl. I haven't had a son or a daughter until now. It's not easy for me to find a kid I like."

Yun Jing's brows moved slightly. Yun Feng sighed helplessly. "There are plenty of likable kids apart from me."

The middle-aged man chuckled and walked over. He touched Yun Feng's head with his big hand. Yun Feng didn't dodge. The man's big hand messed up her hair.

"Girl, I like you and I want you to be my daughter. It's useless even if you refuse. I'm a stubborn old man!"

Yun Feng was about to say something when another figure rushed in hurriedly. "P-Presi..." The middle-aged man's face darkened when he heard that. He looked at the man who suddenly came in with an awful expression.

"You're bothering me again?" The middle-aged man suddenly changed into a different person. His fierce aura suddenly appeared, which was completely different from his friendly smile just then.

The person who rushed in bowed to Yun Jing. "Master Yun, I'm really sorry. Did my master cause any trouble?"

Yun Jing shook his head. "No, Brother Zhan has been very polite."

The person laughed awkwardly. The middle-aged man waved his hand, as if his good mood had been ruined. He looked at Yun Feng, then reached out and stuffed something into her hand forcefully. "My daughter, this is my gift for you. Take it. Right, remember my name, Zhan Li."

After saying that, the middle-aged man said goodbye to Yun Jing and left with the man who had been shocked ever since Zhan Li stuffed the things into Yun Feng's hands. After the two of them left, Yun Feng slowly opened her palm. Lying in the center of her palm was a small accessory with a unique shape engraved on the surface of the accessory. Yun Feng widened her black eyes and looked at the unique shape engraving. Her heart tightened slightly. She wasn't unfamiliar with this pattern at all. Every time she came to the Mercenary Union of Ge Yuan, this was the same pattern engraved on the Mercenary Union building of Ge Yuan!

Zhan Li, this middle-aged uncle who wanted to acknowledge her as his daughter for no reason, must be related to the Mercenary Union. Perhaps she could ask Mr. Zheng Ran if he was familiar with the name Zhan Li.

Everything on the East Continent had already been decided. The Yun family didn't join the Fengyun Empire. After that, the Cashya Empire picked a new emperor from the royal family. They didn't dare to have the thought of taking revenge on the Fengyun Empire at all. Even though the Yun family remained neutral, all the countries knew that the Yun family would take extreme measures if they provoked the Yun family.

After Carson died, Yun Feng was the only summoner on the surface of the East Continent. Ovey and Shengyao couldn't help but heave a sigh of relief. They were still grateful to Yun Feng in their minds. After all, Carson had always been superior to the other three countries. Sometimes, his actions and behavior were a bit too extreme and he crossed the line. The other three countries couldn't do anything about it either. It was great now. Everyone had returned to their initial level, and they were even more fanatical about the birth of summoners.

None of the four empires dared to persuade the Yun family, but the Fengyun Empire was lucky after all. Mu Xiaojin and the Mu family, who were close to Yun Sheng, were both citizens of the Fengyun Empire. The Shang family and the De family were sensible people. After learning about Yun Sheng and Mu Xiaojin, they invited the Mu family to the capital and took charge of the situation. The Shang family and the De family tried to please the Mu family. After all, the Fengyun Empire had an absolute advantage over the other three empires in the Fengyun Empire.

Facing the invitation of the two families, Mu Xiaojin chose to decline. Firstly, she wasn't mature or courageous enough to participate in the meeting. The Mu family would be completely controlled by the Shang and De families. Secondly, the Mu family was based in Mu City, which was a natural defense. Although the Mu family wanted to develop, they weren't that ambitious. Although the Mu family under Mu Xiaojin had Yun Sheng's help, it had just started. It was inappropriate to run before learning how to walk.

Yun Sheng also told Yun Feng about the situation. Yun Feng nodded and agreed. That was the right decision. She also asked about the Mu family. The other members of the Mu family all respected Mu Xiaojin and were very obedient. The members of the Mu family were also smart. Mu Xiaojin was the pillar of the Mu family right now. Without Mu Xiaojin, the Mu family would be nothing. They would at

most be the second-rate family they used to be. The two families wouldn't even bother to talk to them, nor would they send someone to the Mu family for an important decision like they did right now.

The Mu family was also honored. Even though the Mu family didn't move away, their status was different from before. In the past, the Mu family was a second-rate family, but now, they were one of the secret decision makers of the Fengyun Empire.

Yun Feng's body was recovering rapidly under the nourishment of time and there weren't any major problems. She only took over half a month to completely recover. Such a recovery speed was truly rare.

Zhan Li hadn't been here since he left that day. Even though he didn't come to Chunfeng Town, he was everywhere. Yun Feng's Sound Transmission Jade was left with his voice by force. The Sound Transmission Jade would ring a few times every day.. "My daughter, did you miss me?"
